

# GO "FOURTH" SAFELY

85 MET DEATH IN ACCIDENTS DURING THE LAST 3-DAY HOLIDAY WEEKEND ... DON'T LET THIS HAPPEN TO YOU!

Enjoy the Fourth—but be alive the Fifth. There will be hundreds of accidents during the coming three-day weekend! Holiday outings turned to tragedy, with far too many dead, far too many injured and crippled! Remember, if you're driving, IT'S BETTER TO BE SAFE THAN SORRY!

Take a few minutes more to get where you're going! Start early—drive slowly! Statistics prove the majority of fatal accidents occur during the first thirty hours of the holiday! So play it safe—take it easy! Be sure your car is safety-checked, then drive ten miles an hour slower than your usual rate of speed, to allow for heavier traffic, extra hazards, "amateur" holiday drivers!

BE SLOW! BE CAREFUL! BE COURTEOUS! BE ALIVE!

**DON'T GAMBLE! OBEY ALL SAFETY RULES! IT'S 'MURDER' IF YOU DON'T!**

1. Before starting . . . have your car checked! Blowouts, mechanical failures, can cause death!
2. If you're going to drive at leisure, use side roads.
3. Children and pets in the back seat, where they can't distract the driver.
4. Stop frequently for coffee and rest periods. Don't get overtired!
5. Don't drink and drive! Even "one for the road" can lead to accidents.
6. Don't speed! Don't "pass"! Don't swing out of traffic lanes!
7. Always yield the right of way.
8. Swim before eating, never after!
9. Don't "clown it up" in a boat, or around motors!

This ad is brought to you in the interest of public safety by the undersigned local establishments. Follow the rules — HAVE A HAPPY "FOURTH"!

Drive if you're tired!

Swim after eating, ever!

"Speed it up" on the road!

Drink if you drive!

Drive an unchecked car!

## Employment Office Is Now Independent

The Sanford office of the Florida Employment Service officially became an independent and permanent office on July 1.

That's the word received today from D. E. Hahn, manager of the local office located on West First St.

Hahn explained today that prior to the July 1 date the Sanford office was under the jurisdiction of the Orlando office of the Florida Employment Service.

"The work load here has been sufficient to justify an independent office," Hahn revealed this morning.

He explained that there have been enough job orders, placements and claims to meet the minimum qualifications for a separate state Employment Office.

"This very important move, said Hahn, is due to the wonderful cooperation of the community and I am very appreciative of the efforts local citizens have made toward making this office an independent one.

"However, Hahn emphasized, "in order to maintain the Sanford Office as an independent and permanent office we will have to continue to have the continued sup-

## Council Predicts 410 Will Die On Highways On Holiday Weekend

By United Press International

Flags, fireworks and fun seeking occupied a major portion of the nation on the eve of the July 4th holiday today while another large segment concentrated on plans to keep the vacationers alive through the weekend.

Virtually every state planned full force police patrols in attempts to hold down accident death rates.

The National Safety Council predicted highway accidents alone would kill 410 persons between 5 p. m. local time today and midnight Sunday.

The council forecast 12,000 disabling injuries.

Meanwhile, countless cities, towns, villages and even neighborhoods across the country put finishing touches on patriotic displays through the weekend.

Custodians of Philadelphia's historic Independence Hall expected thousands to visit the national shrine and its coveted Liberty Bell.

More than 1,500,000 persons visit the hall annually, but the July 4th weekend traditionally heralds the peak of pilgrimages.

Melroy O. Anderson, superintendent of Independence Hall Historical Park, said the bell and hall have developed "a real meaning to people not only in the United States but throughout the world."

Picnics, too, were expected to keynote countless holiday schedules.

The Weather Bureau said that at least through Friday picnic and party planners should keep a keen eye out for rain.

Warm and humid weather with thundershowers likely was predicted for the Middle West.

A second band of thundershowers stretched from southern New England through the Middle Atlantic coast states westward into the Central Plains and still more rain was forecast for the Gulf coast, especially Florida, and the northwestern Rockies.

Safety officials hoped to keep holiday carnivals safe from a rash of present accident dangers.

## 3 Small Children Drown In Pond

DADEVILLE, Ala. (UPI)—Three small children drowned in a pond here Wednesday, police officers said.

Gary Baker, Walter Middleton, and Wally Phillips Jr., following the noon luncheon of the local Kiwanis Club group gave a detailed description of the long days and completely filled week.

Introduced by Gordon Frederick, the Kiwanis Club's program chairman, the meeting also featured a report by the Campbell - Loring Post of the American Legion, said "The purpose of Boys State is to instill in the youth some ideas of government."

Gary Baker told the Kiwanians, as he covered the first two days of the event "We were assigned a room, to a city and a party."

"We met important people and heard speakers on Americanism," he said.

Walter Middleton, describing the

# Ramage Takes Over Hat Wing One Today

Captain R. Reedy, Commander Mack Wing One, held a command ceremony at the Air Station, Sanford, today when he relieved Lt. James D. Ramage.

Captain R. Reedy will depart for the west coast where he will take command of the USS Lexington (CV-16). It is expected that Ramage will leave his post in the Sanford area during the Western Pacific tour.

Captain R. Reedy will be replaced by Lt. James D. Ramage.

Captain R. Reedy will be replaced by Lt. James D. Ramage.

Members of the local unit, organized recently, were in their full uniform.

Dignitaries from the Sanford area were invited to attend, they included Robert J. Bauman, Robert S. Brown, W. Scott Burns, Andrew Caraway, Mack N. Cleveland Jr., Robert J. Cronley, Gordon Frederick, David G. Gatchel, Jack Hall, Earl Higginbotham, Karlisle Householder, Gen. J. C. Hutcheson, William C. Hutchison Jr., John D. Ivey, Harold Kasiner, and John Krider.

Also Al Lee, Homer Little, Tom McDonald, Clifford McKibbin, J. Bralley Odham, A. B. Peterson (Continued on Page 8)

## Sanford Stores, Offices To Close Doors On Fourth

Sanford stores, shops, and business houses will be closed for the July 4 holiday.

For some it will be a long weekend with stores and offices remaining closed through Monday.

Others will return to their stores and offices for a regular Saturday business day.

Banks close today at the end of the regular business day to open again on Monday morning.

The Sanford Herald erroneously said yesterday that the banks would close Thursday.

It will be a day of quiet rest in Sanford with one celebration taking place at the Sanford Farmers Auction Market when the Dusty Boots Riding Club stages an afternoon rodeo and the VFW a barbecue. Festivities will be going on from 2 until 6:30 p. m.

Military men get a "day off" except those who are standing watches and assigned in duty.

The lakes and streams will be teaming with boaters taking advantage of the holiday and some the long weekend.

Both the city hall and the county court house will be closed Friday and Saturday. The holiday gives municipal and county employees a long weekend.

However, law enforcement men will be on the job to keep in with the reckless and fast driving prevalent, at times, during holiday periods.

Seminole County's highway patrolmen will be on an "around the clock" basis.

(Continued on Page 8)

## Canadian Named To Head Kiwanis International

CHICAGO (UPI)—Kiwanis International has elected a Canadian, Kenneth B. Loheed, 60, Toronto, Ont., as president.

Loheed was named to head the organization of 4,500 community service clubs Wednesday at the close of its 43rd annual convention.

Loheed, a former vice president of Kiwanis, served two terms with the organization as a trustee. He is a former U. S. Marine and student at the University of Pennsylvania.

Albert J. Tully, 47, attorney, Mobile, Ala., and I. R. Wittuhn, 66, Milwaukee, operator of an air conditioning and industrial piping company, were elected vice presidents.

Joseph O. Tally Jr., Fayetteville, N. C., was named treasurer. About 1,000 club members, including David Gatchel, president of the Sanford Kiwanis Club, many wives and children, attended the convention which began Monday.

## No One Hurt As Driver Wrecks Car On SR-46

A passenger automobile went out of control at a high rate of speed late yesterday afternoon as it attempted to round a sharp curve on State Road 46 at Paola.

The automobile left the highway for more than 300 feet, plowing through the dirt shoulder, and then turned over on its side and a half mile landing on its top.

Two occupants of the car, the driver and passenger, came out of the crash with no injuries.

George Larkin Gooch, 28-year-old supervisor of Lake Mary, was driver of the 1958 Chevrolet.

Both Gooch and the unidentified passenger left the scene of the accident. Gooch was brought back to the wreck scene after being apprehended at the Wekiva River bridge. He had hitchhiked a ride and was traveling west toward Leesburg.

The passenger, who said he was asleep on the back seat of the car, stated "I went to Sanford and back."

Florida Highway Patrolman J. L. Sikes placed charges of reckless driving while drinking against Gooch.

Deputy Sheriff Marion Driggers, assisting at the accident scene, combed the woods surrounding the area attempting to find the driver.

The automobile was a total loss, Sikes said.

## Flames Leap Through Echols' Storeroom

Flames as they broke out on the first floor when gas leaked from a pipe in the Echols Bedding Company storeroom.

Fire Chief Mack N. Cleveland Sr. directed the fighting of the tough blaze that kept breaking out for nearly 25 minutes before it was brought under complete control.

Store manager Bud Banberger was in his office at the time the fire was discovered.

The presence of the fire department's aerial ladder and new pumping apparatus quickly drew an audience of hundreds of downtown shoppers who watched the blaze brought under control.

The Sanford Police Department blocked off the street to enable fire fighters to handle the blaze and protect the hundreds of feet of hose spread from the Second St. and Magnolia Ave. fire hydrant.

An estimate of damage was made this morning. It is expected that there will be some smoke damage throughout the store in addition to the fire and water damage in the rear of the building.

Water was poured onto the

## Rebels Hit Apartment Building In Tripoli

BEIRUT, Lebanon (UPI)—Rebels dynamited a three-story apartment house near U. N. headquarters in Tripoli today shortly before 11 N. observers left by jeep for their first tour of the Syrian-Lebanese frontier.

The terrific force of the blast shook the Hotel Makina headquarters of the observer teams 300 yards away, sent dust pouring through the open windows and awakened the U. N. officials.

The apartment building was reduced to a heap of rubble.

Immediately after the explosion one of the sharpest gun battles the city had seen in the past 48 hours broke out in the Nikme area around the U. N. headquarters. Fighting swirled through the tiny, cobblestoned back alleys on all sides of the hotel for more than two hours.

Government sources in Beirut said Lebanese air force jets and artillery pounded Druse tribesmen position on the hills just south of the city for six hours Wednesday night and early today.

Pro-government forces brought in truckloads of reinforcements during the night in an effort to dislodge the rebels from the hills near Ain Nab overlooking Beirut Airport. Rebel forces also were reported reinforced during the night.

Three teams of observers, driving white painted jeeps, set out for the north while gunfire rattled through the city, signaling the end of a truce called for Wednesday by hard-pressed rebels after five days of fighting.

## Tribute Paid To Reedy Through Resolutions

The City of Sanford, Seminole County, and the Seminole County Chamber of Commerce paid tribute to the community spirit displayed by Captain J. R. Reedy during his stay in Sanford as Commanding Officer of Heavy Attack Wing One at the Sanford Naval Station.

In resolutions adopted by each of the three bodies it was pointed out that Captain Reedy went beyond those normally expected of required of Naval personnel in entering the civic affairs of the community.

In a resolution read by Circuit Judge Volts A. Williams Jr. representing the Seminole County Chamber of Commerce at a morning of command ceremony this morning at 8:30, he said "We express our genuine appreciation to

Captain James R. Reedy for his personal efforts in maintaining the unequalled spirit of harmony and cooperation between the citizens of Seminole County and the officers and men of Hat Wing One."

Mack N. Cleveland Jr., representing Seminole County, reading a resolution adopted by the Board of Seminole County Commissioners commended for his interest and

Major W. Warner, reading from a resolution adopted by the Board of Seminole County Commissioners, "during the period of time which Captain Reedy was at the Sanford Naval Station, he worked tediously and untiringly in civic affairs of the community and in strengthening and improving relations between the Naval personnel under his command and the civilian population of the City of Sanford in the degree that influence has been constant and continuously felt to the benefit of the City of Sanford and personnel of Heavy Attack Wing One."

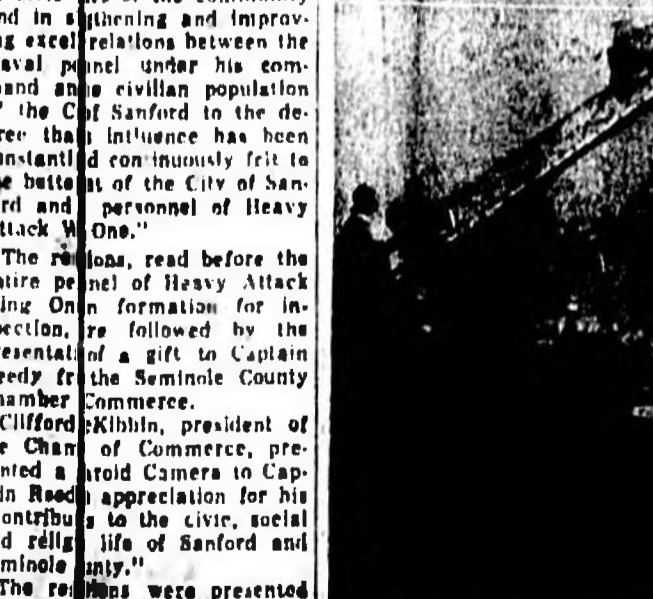

The resolutions, read before the entire panel of Heavy Attack Wing One in formation for inspection, were followed by the presentation of a gift to Captain Reedy from the Seminole County Chamber of Commerce.

Clifford McKibbin, president of the Chamber of Commerce, presented a Polaroid camera to Captain Reedy in appreciation for his contributions to the civic, social and religious life of Sanford and Seminole County.

The resolutions were presented to Captain Reedy with copies forwarded to the U. S. Navy and the Navy Department to be included in the service record of the Captain.

THIS CAR FAILED to make a curve on State Road 46 shortly after 6:30 yesterday afternoon. After skidding over 800 feet along the shoulder the automobile and its two passengers turned over twice. It was a total loss. (Staff Photo)

# THE LONE DEPUTY

**CHAPTER 25**  
**"AUSA" left you," Price** Ro-gan said, "and not because of my Barry. She's all the family you've got, but you drove her out of your home. Barry said she knows what you've done and what Cole Weston's done, and she likes Jean. Why did you do it?"  
 With the door closed, the interior of the jail was stilling. Barry Madden sat out at his desk, his hands behind his head, his face remained silent.  
 "What Cronin was lynched," Price said. "Maybe he was guilty. I think he was, but just the same he had a right to a fair trial, and fair a trial as Weston is going to get. I think you know all the same what Weston aimed to do, but you're not going to support him, why?"  
 Madden wiped his face again. Still he said nothing.  
 "I think you know Jean Foster would have been killed if they found her at home. They still hunt her if they could find her. They'll tear your house apart to get her if they think she's killed. That's the kind of man Cole Weston is, Barry, and you've known it all the time."  
 If Price lived, this man would be his father-in-law. A geyser swelled in him until it became fury, and he laid his tongue on the man as if it were a quirt.  
 "What are you, Barry? Do you think Laura has any right to be proud of you? Weston's sent the word out to kill the Jarvis boy, so he can't talk, but he failed. I've got him, Barry. I killed both the Mohawk boys because I had to keep Bruce Jarvis alive as a witness. Think of it. Cronin, Frank Evans, The Fotters, Red Sanders, The Mohawks. Seven people killed since Sunday morning for every one of them. That makes you responsible, too. Why, Barry?"  
 Madden started to get up and fall back. White-faced, he said, "All right, Price, I'll tell you. It's like Max Harker said a while ago. I had to be big."  
 Madden took a cigar out of his pocket and began to chew on it. "The only thing that really hurts is that I've lost Laura. I'll get her back if I have to crawl to do it. Even if she marries you, I'll get her back."  
 He took the cigar out of his mouth and laid it on the desk, then he tipped his head and stared at the cigar, a minute ticking before he went on. "This is something you can't understand because you don't want the things I want."  
 Madden paused, frowning, then he added, "No, that's wrong. You just naturally get what I want. You don't have to seem to be something you aren't. You don't have to scratch to get it. Call it power, or prestige, or respect from everybody who knows you. That's what I had to have and

A major handicap, he has been doing vital research on scours, a fatal disease, to prove deafness need not be a handicap.

## \$5 Million Used To Study American Spending Habits

By DOC QUINN  
 United Press International  
 NEW YORK (UPI)—The news from Washington says the Labor Department plans to ask Congress for five million bucks next year to survey in detail how Americans spend their money. This would be a study of "fast-changing buying habits."  
 For its consumer price index, it now checks prices of 300 items ranging from baby food to whisky. But it's concerned about possible buyer switcheroos from, say, beauty parlors to home furnishings, nylon to rayon, apartment-renting to home-buying. I'm ready. Let the survey begin.

Q—Mr. Quinn, you are an expert on how Americans spend?  
 A—I should say I'm an authority on how one American spends... and spends and...  
 Q—Now, to be specific...  
 A—You interrupted. I wasn't finished.

Q—Very well, go ahead.  
 A—Spends and spends and spends...  
 Q—That is your complete answer?  
 A—And sweat it out. Yes, that's it—sweat it out.

**Just the Facts**  
 Q—And that one American is?  
 A—Little old me. Suffering me.

Q—No opinions, please. Just the facts. Now, have you bought any baby food recently?  
 A—Well, yes, in a manner of speaking. My daughter is no longer a baby—she's a teen-ager. She asked me for some money for some teen-age food only yesterday.

Q—Teen-age food?  
 A—Yes. You get it at the soda fountain. All I had at the moment was a \$20 bill. She took it. When she returned, it was all gone.

Q—Twenty dollars? At a soda fountain?  
 A—She met a couple of friends and took them along. Big eaters.

Q—Tak tak. Now, how about beauty parlors versus home furnishings?  
 A—In my case, it's barber shops versus home haircuts. The way things are, I just can't afford barber shops anymore. I do it at home.

**Shaves Head**  
 Q—Your wife cuts your hair for you?  
 A—No, we can't afford scissors and clippers. Here, let me remove my hat and show you what I do.

Q—Shave your head?  
 A—Precisely. If Yul Brynner can do it, so can I. Every morning, when I shave, I go right on from my face to my scalp. The only cost for that kind of hair-do

**NUCLEAR CONFERENCE UNDER WAY**—Russia's Dr. Yevgeni K. Fyodorov (left) and Dr. James Fisk, of the United States, chiefs of their respective delegations to the East-West nuclear conference at Geneva, Switzerland, meet at the Soviet villa. The Soviet delegation stated it intends to take part in the talks, ending a fear that they might back out because the United States refused to agree in advance to a ban on nuclear tests. (UPI Telephoto)

## Try and Stop Me

By BENNETT CURT  
 IN A NIGHT CLUB, a beautiful blonde engaged up to her elbow and whispered, "How's for giving me a diamond bracelet?"  
 "My pet," replied her companion (Clarence Eberer suggests he may have been listening to John Daly too often on "What's My Line?"), "extenuating circumstances force me to preclude you from such a bubble of extravagance."  
 "I don't get it," confessed the blonde.  
 "That's just what I said," agreed her companion.

One of New York's most successful publicists was asked what he did for a living. "I spend my time," he answered, "building great big pedestals for tiny little men."

Walter Pidgeon believes in tipping barbers before they begin cutting his hair. "You might," suggests Pidgeon, "call it hush money."

Q—Look, I'll do the Q-ing here if you do the A-ing. Now, do you have any other thoughts on how the American spends?  
 A—No, just that he spends and spends and... stop running and come back here and listen toward.

Certain species of shell fish have from 14 thousand to 15 thousand lenses, or separate eyes, in each of their compound eyes.

There are nearly 60 million cattle on United States farms.

**MINER FOR A DAY**—Queen Elizabeth II of Great Britain is escorted by R. W. Parker, head of the Scottish Division, of the National Coal Board, after a first-hand look at a mine in Dunfermline, Scotland. The Queen descended about 1,800 feet in a mine's cage and walked three-quarters of a mile underground to observe the mining operations. She was accompanied by her husband, Prince Philip, the Duke of Edinburgh.

 Sales Office Cor. 27th St. & 17-Hwy.

**Rights Protected By Safe World's Largest**  
 Creators all over the United States will warn today that "eternal vigilance" is needed to protect our basic rights.  
 But they can rest secure in the knowledge that the charters which insure our rights—the Constitution, Bill of Rights, and Declaration of Independence—have been safeguarded.  
 They are protected in a huge 10-ton steel box in Washington, D. C., which has the distinction of being the "safest" safe in the United States—equally invulnerable to fire, flood, and theft. The largest safe in the world, it is located in the National Archives and was expressly built for the job it is doing.  
 Built by the Moleser Safe Company, the safe is a triumph of ingenuity. During the day, its priceless contents are on display in a glass showcase in the Exhibition Hall. At night—or at any moment of danger—the whole case is lowered at the press of a button into the safe 30 feet below the floor level. When closed, the great steel box, with walls 15-inches thick and 8-ton armored doors, is impervious to all known weapons of safecrackers—power drills, acetylene torches, or explosives.  
 Should an A-bomb land anywhere but right over the safe, the aged documents will survive, for the safe is protected on all sides by thick walls of masonry and overhead by five floors and a roof of reinforced concrete.  
 The 110-year-old Moleser Safe Company is perhaps the world's best authority on safe places. It built the vaults protecting the nation's gold supply at Fort Knox. Three-fourths of the major bank vaults in the United States bear the Moleser label, as do half the private safes.

## Giving Of Gifts To Politicians For Personal Gain Is Controlled

The giving of gifts to politicians in hope of personal gain crops up in innocent guises. It is to be found lurking, for example, in the respected custom of providing financial aid for congressional campaigns.

Many, perhaps a majority, of such contributions are made with no thought of personal advantage, partly for the very practical and obvious reason that small gifts cannot buy very much favor. Yet some contributions — and this becomes more and more likely as the amount rises — are made with an overt or implied claim to special treatment.

Two possible solutions to this problem have been advanced lately. One is the current drive to greatly increase the number of small individual contributions, thus making large gifts both less necessary and less influential. Another proposal is that the federal government pay the campaign expenses of all candidates for Congress.

Getting the job done through great numbers of voluntary contributions seems, off-hand, to be the better way. Yet there is in this some risk of increasing the tendency to elect congressmen on the basis of personal

appeal — the winning smile, the pleasant family, the golden voice uttering platitudes — rather than on the basis of ability and sound judgment. Assured federal campaign support might permit some able, though less personable, candidates to present their case to the people effectively.

If substantially greater numbers of individual voters contribute to the party or candidate of their choice in 1958 and 1960, perhaps the death knell of the big gift with strings attached will have been sounded. If not, a system of federal support for all qualified candidates might be the answer.

Certainly the problem is one, in these days of pyramiding campaign expenses, that calls for an early solution.

Now that we have put in our two cents worth, maybe you would like to express your opinion. A problem as big and as important as this one needs the voice of the voter behind it.

The Sanford Herald would like to hear from readers regarding this problem and the possible solution.

## Highway Accidents Out Of Hand

The problem of highway accidents is actually getting out of hand.

We've expressed opinion, described accidents, used pictures, and pointed out the dangers. We've done everything but lay the fatality right out before you to describe and point out what can happen.

As a matter of fact, several of the pictures we have used were so gruesome that one look could be a lesson that is "shoved home."

Nevertheless, accidents continue to happen. Hardly a week goes by but what there isn't an accident so bad that someone loses his or her life. We have had several, more than our share, of the fatal accidents in Seminole County.

Carelessness is one factor, and a big one. But wanton disregard of driving requirements and rules of the road account for the bigger percentage of fatalities and injuries.

There is no way to estimate the number of agonizing hours injured automobile passengers have spent this year. The suffering has been beyond description — and that is an on the scene statement.

This writer has seen hundreds of automobile accidents in Seminole County. He has heard the screams of agony, the cries of despair, the sobbing of the helpless, and the

wringing of the hands of those who stand by helpless to do anything but cry out "Oh God, help me in this moment!"

Doctors have worked feverishly, nurses have sped from one order to another in their attempt to save every life possible and ease the pain of all who are injured or maimed.

Law enforcement officers have cracked down on the traffic violator in an attempt to curb the recklessness, the drunkenness, the carelessness and the mechanically unfit from the highway.

But the death toll continues to go on and on, up and up!

The answer? Seemingly no one knows.

It has come to the point where every automobile driver must say to himself or herself . . . "I will be an example to those about me." But to do any good, every person, rich man, poor man, big car owner, little car owner, the drinker and the non-drinker, law enforcement officer and just plain citizen, must take that oath.

It's worth a try — that is if everyone is willing to try to save their own life from the ravages of speed and carelessness.

## Washington See-Saw

**By Win Friedman**

Settled At Last—Final boundaries of the Everglades National Park have been set by Congress. Now that it's over, Senator Holland and Congressman Paul Rogers get most of the credit. Total acreage of the park will stand at 1,200,000 acres. Uncle Sam already owns all but 197,000 acres. Some of this will be purchased—some will be swapped in an upcoming deal with the State. Most of the new land lies north and west of the present park lands. This will mean that the park can now have a western entrance through the town of Everglades.

**Silco Wants CCC**—One of the leaders in Congress for conservation is Congressman Bob Silco. He has introduced a bill calling for the establishment of an organization similar to the Civilian Conservation Corps which operated under President Roosevelt. "The magnitude of the contribution of the CCC to American forestry has been estimated at 750,000 man-years, valued at nearly a billion dollars," he said. Silco's bill would set up a Youth Conservation Organization to assist in the performance of useful work in connection with the conservation and development of the natural resources of the United States. Not more than 200,000 young men would be enrolled at any one time. All such enrollments would be unseasoned between 17 and 25, and

### Relaxed But Alert

Vigilance is the price of more than liberty. It is the price, more often than not, of safety from foreseeable harm. The thought strikes home particularly at this season, when summer's casual living makes children the prey of water accidents.

When children swim in a pool or at a public beach, lifeguards are generally on hand to be vigilant for their safety. But when swimming—or boating, for that matter—is done in unsupervised areas the burden of vigilance falls upon adults who are nearby.

Not all drownings could have been prevented. Still, incidents in the news almost daily now suggest that a relaxing of vigilance is often responsible for such accidents. It is good to relax at the beach, to let tension drain away. One can do that, and still be alert to forestall tragedy in the making.

### QUEENS VISIT FIRST LADY

When four lovely "Festival of the Americas" queens visited Washington, it was Florida's Senator Holland who arranged for them to visit Mrs. Mamie Eisenhower at the White House. Queen of the Festival was Miss Mercedes Baquero, of Bogota, Columbia; Miss Lola Roberts, now of Miami, represented Venezuela; Miss Annabelle Noble, Queen of Ecuador and Miss Lucia Burrell, of Panama. Mrs. Mary Holland entertained the visitors from Latin-America at a tea on the terrace of the Sheraton Park Hotel.

### MORE VETERANS' BEDS

The entire Florida Congressional Delegation last week followed the lead of Dante Passell and introduced bills calling for 2,000 additional beds for veterans hospitals in Florida. Already authorized is the rebuilding of the Veterans' Hospital at Coral Gables. This is a 450 bed job, but Passell hopes to raise it to 1,000 before construction begins. The other 1,450 beds would be added to other existing hospitals in Florida.

**U.S. SAVINGS BONDS**

## Herlong Reports

Killing a bill by refusing to even debate it is a rare occurrence in the House of Representatives. We did just that the other day on an omnibus farm bill which would have cost consumers and taxpayers an additional \$2 billion a year above what the present agricultural program is costing. I don't like to vote against even considering a bill, so I first voted to consider it. When it became apparent that the bill was going to be killed, I changed my vote because I didn't want my constituents to get the impression that I was for the bill even though I didn't mind giving the House an opportunity to debate it. Under the circumstances the only way the Congressional Record could show how I felt was to vote against consideration — so that is what I did.

As one member put it, the bill "seemed to represent the thought that if the Agricultural Christmas tree was loaded up with enough ornaments it would have sufficient appeal to purchase a majority vote" without regard to the effect of the bill's provisions.

As you know, the high price supports only apply to the six basic crops. None are produced in any quantity in our district. Farmers who have allotments and are permitted to plant those crops get "Cadillac" treatment; others have to walk. These "preferred" farmers have a tightly closed shop and other farmers who would like to "get in on" the guaranteed high price supports, not only cannot legally plant those particular crops but they can't even vote on the question of whether the sup-

## Try and Stop Me

**By BENNETT CERR**

A GROUP OF top-level scientists took time off from their study of interplanetary rockets and missiles for a vacation at Las Vegas. One of them spent so much time at the roulette tables that a colleague grumbled, "Jones there is throwing away his hard-earned savings as though there was no tomorrow." The man he addressed looked thoughtful. "Could he," he commented finally, "that Jones knows something!"

Thumbnail sketch of an all-too-common type by Sam Himmelfarb.

"When given a question, he's quick to reply. It's amazing to find one so mentally apt. His response is so ready, determined, and strong. But there's only one trouble. His answers are wrong!"

## Foreign News Commentary

**By Charles H. McCann**  
UPI Foreign News Analyst

Premier Charles de Gaulle is testing his authority over the extremists to whom he owes his leadership of France.

De Gaulle arrived in Algeria Monday for a three-day tour of inspection.

It is likely that his visit will bring a show-down with the army and civilian elements whose revolt on May 18 brought the overthrown Premier Pierre Pflimlin and the recall of the wartime free France leader to power.

De Gaulle has been in office one month. His moderation and his de-france as a world power have disintegrated to the rejuvenation of broad, that he might be dangerous. He might be dangerous.

**Improves French Relations**  
He has improved France's relations with Tunisia and Morocco, Algeria's neighbors to the east and west.

He has floated with success a 475 million dollar loan which has brought tons of hoarded gold into the market.

He has quietly started working out the new constitution, designed to end the year-long succession of cabinet crises, which he proposes to submit to a national vote this fall.

He has started, with the visit of British Prime Minister Harold Macmillan, a series of "summit" conferences with allied leaders on foreign policy. Secretary of State John Foster Dulles will visit him Sunday. Visits by West German Chancellor Konrad Adenauer and Italian Premier Amintore Fanfani will follow.

But the very qualities that have brought confidence in De Gaulle, in France and in allied countries, have antagonized the extremists who clamored for his assumption of leadership.

**Don't Like Cabinet**  
They do not like his cabinet, which includes three former premiers, among them Socialist Guy Mollet, at whom they threw rotten vegetables when he visited Algeria in 1958.

It is notable that De Gaulle has taken Mollet with him on his Algerian tour.

The extremists are angry because none of their leaders has been called to office.

They are angry because De Gaulle agreed to withdraw from the interior of Tunisia the French troops who had remained there after that country attained its independence.

They do not like his plan to give Algerians a big voice in their government.

They demand the complete junking of the Fourth Republic in favor of a dictatorial regime.

These extremists are strong in favor of a dictatorial regime.

These extremists are strong in Algeria. They claim to be strong also in France itself.

De Gaulle has paid no public attention to them, in Algeria, it is pretty certain that De Gaulle will tell them forcefully that he head man and that he does not intend to share his authority with them.

There is every likelihood that he will win.

MR. AND MRS. JAMES PATRICK COYNE (Photo by Bergstrom)

## Afternoon Wedding Unites Miss Brown And James Coyne

Miss Janie Ethel Brown and James Patrick Coyne were married Sunday, June 29, at the First Methodist Church of Sanford.

The Rev. T. C. O'Steen officiated at the double ring service which united in marriage the daughter of Mr. and Mrs. Robert Linton Brown and the son of Mr. and Mrs. Harry L. Rotstein, Baldwin Park, Calif.

Decorated with palms, fern trees, and tall white baskets filled with white gladioli and chrysanthemums, the church assumed the traditional atmosphere as Eugene Kronjaeger sang to organ accompaniment provided by the organist, Roger Harris. The soloist sang the very popular bridal selection, "Because," and the "Lord's Prayer."

The bride, entering the church on her father's arm, wore a waltz-length wedding gown of imported eyelite embroidered organza. The fitted bodice fashioned with a scalloped neckline and brief sleeves, ended in front with a pointed dropped waistline. The voluminous organza skirt was bordered with embroidered eyelite which matched the design on the bodice. Her finger tip veil of illusion was attached to a chapel cap of matching organza. For her only jewelry, the bride chose to wear a single pearl drop necklace which was a gift from her parents. The bride carried a satin prayer book topped with a bouquet of lilies-of-the-valley; a shower of ribbon and lace, streamers fell from the bouquet.

Miss Judy Brown, sister of the bride and maid-of-honor, wore a pink dress fashioned after the bride's. Wearing pink accessories, she carried a crescent of pink carnations. The bride's other attendants, Miss Linda Cannon, wore an ice-blue dress identical in style to that of the maid-of-honor. Her crescent of carnations was blue and complemented the color of her ensemble.

The bride's mother wore a beige lace and linen sheath dress with beige accessories. A corsage of coral roses tied with gold ribbon, she wore pinned to her shoulder. A. K. Shoemaker Jr. acted as the groom's best man, Jerry Haage of Orlando, and David Leonard, a cousin of the bride, were chosen to usher at the wedding.

Immediately following the afternoon ceremony a reception was held in McKinley Hall which was decorated with palms and white flowers.

The bride's table, overlaid with a cut-work linen cloth, was centered with a three-tiered wedding cake which was topped with a bride and groom beneath a cirelet of white roses. Around the base of the cake was a border of fern, carnations, and baby's breath. The crystal punch bowl and white candles set in crystal holders completed the table decorations.

Mrs. A. K. Shoemaker Jr. and Mrs. John Kadar cut the cake and Miss Noreen Chapman of Deland poured punch. Assisting at the reception were Mrs. J. M. Leonard, Mrs. J. C. Davis, Mrs. Grady Herman, Mrs. Roger Harris, Mrs. E. C. Williams, Mrs. Gene Kronjaeger, Miss Jo Ann Hughey and Miss Janice Luxon. Mrs. Frank Voltoline and Mrs. Jerry Haage kept the bride's book

which was placed on a table covered with a cut-work cloth and flanked with an unusual arrangement of white carnations and candelas.

For her going away outfit Mrs. James P. Coyne chose a blue tailored suit with which she wore red accessories. She wore also a corsage of white gardenias.

After a wedding trip to Daytona Beach the couple will make their home in Sanford at 410 W. 10 St. Out-of-town guests included: Mrs. Annabelle Sharp, Miss Sara Martin, Mrs. Noreen Chapman, and M. D. Brown, all of Deland. Others were Mr. and Mrs. Paul Shoemaker, Orlando, and Mr. and Mrs. Morris Spiwak and their children, Ronnie, Barry and Francis, from Jacksonville.

## Boat, Ski Club Plans Camp-Out

The Sanford Boat and Ski Club enjoyed two moon-light cruises to Frenchman's Landing recently. The first was on Saturday, June 28, the other was taken on the following Monday. Cook-outs were held on both occasions. The club would like to encourage those who have never taken such a cruise to do so as it is a most beautiful and enjoyable ride. Plans for the Fourth of July weekend include camping out at High Banks, with skiing and cook-outs during the day. Those who have not made plans to camp at High Banks with the club are invited to be the guests of the club for the three-day outing and the fun that is anticipated.

## Bluing Actually Dulls The White

CHICAGO—(UP)—Adding bluing to the family wash actually reduces its brightness, but the clothes still appear to be whiter. O. Harry Olson, a color specialist, said this happens because the bluing agent subtracts the light or reduces the reflecting quality of the fabric. The over-all effect then becomes more natural, Olson said. Olson is a physicist at the Armour Research Foundation of the Illinois Institute of Technology, Chicago.

## Personals

Miss Linda Penegar of Clearwater is a guest of Mr. and Mrs. J. M. Leonard of Holly Ave. Mrs. Al Hunt has just returned from visiting Mr. and Mrs. Frank B. MacNeil in Miami. They spent seven days upon the "Ann Lee" the MacNeil's yacht, taking a cruise around the Keys and southern coast of Florida. Oviedo—James Lawton, son of Mr. and Mrs. T. W. Lawton, who has been Dean of Pennington School for Boys this past year, arrived home Sunday to be with his parents for a vacation. Oviedo—Mr. and Mrs. James I. LaRoche have as their houseguests their son-in-law and daughter, Mr. and Mrs. Harry Conrad and granddaughter, Marge, of West Allis, Wisconsin. Oviedo—Mr. Robert L. Ragdale left Monday for Denver, Colorado, to attend a school for six weeks.

## Newly Organized W.S.C.S. Reveals Fund-Raising Plan

The newly organized Women's Society of Christian Service of the Grace Methodist Church met at the home of Mrs. Robert Bennett, Monday evening at 8 p.m. Mrs. John Dominey, president, opened the meeting with scripture and prayer. Mrs. Dominey made the following new appointments: Mrs. J. E. Crawford to assist Mrs. Wayne Thompson, membership chairman; Mrs. Ned Smith will assist Mrs. C. E. Williams, chairman of Missionary Education; Mrs. Malcolm Lodge Jr., publicity; Mrs. C. M. Walls, courtesy chairman; Mrs. Emory Spoor, flower chairman; and Mr. Earl Dossay will be in charge of the registration book.

Plans were made for a fund-raising supper to be held in July. Further details are to be announced later.

It was decided to obtain a regular baby sitter for the nursery during the church service. The next meeting will be held Thursday, July 17, at the home of Mrs. Roy H. Wall, 8 Sanford Ave.

Delicious homemade peach ice cream and cookies were served to the following: Mrs. John Dominey, Mrs. Roy Wall, Mrs. C. M. Walls, Mrs. Malcolm Lodge Jr., Mrs. Earl Dossay, Mrs. Emory Spoor, Mrs. J. E. Crawford, Mrs. Charles Clemmer, Mrs. C. E. Williams, Mrs. W. F. Putsch, Mrs. Clarence Wynn, Mrs. Ned Smith, and Mrs. Robert Bennett.

## Pinecrest W.M.U. Installs Officers

The Pinecrest W. M. U. met Tuesday, July 1 at 10 a. m. at the Pinecrest Baptist Church. The meeting was called to order by the president, Mrs. W. L. Gramkow, who called on Mrs. W. L. Dickerhoff to read the devotion.

Mrs. E. L. Masten, president of the Seminole Association of W. M. U. installed officers: Mrs. W. L. Gramkow, president; Mrs. G. H. Aykes, first vice-president; Mrs. W. L. Dickerhoff, second vice-president; Mrs. W. C. Piles, secretary-treasurer; and Mrs. J. S. Piggott, youth director.

Installed also were the following chairmen: mission study, Mrs. Hugh Patrick; community missions, Mrs. Jiraley Otham; prayer, Mrs. G. R. Dillon; stewardship, Mrs. F. W. Squires; publicity and publications, Mrs. R. D. Elmore; social, Mrs. Ethel Williams; day circle No. 1, Mrs. Harold Sherwood; day circle No. 2, Mrs. Charles Clark; and night circle, Mrs. Eve Kelly. Refreshments were served after which the circles met to organize.

**CORRECTION**  
In Tuesday's paper it was stated that the Wesley Sunday School Class of the First Baptist Church of Oviedo met Saturday with Mr. and Mrs. John Evans and Mr. and Mrs. W. H. Martin acting as hosts and hostesses. This should have read the Wesley Sunday School Class of the First Methodist Church of Oviedo met Saturday.

Wisconsin. Oviedo—Mr. Robert L. Ragdale left Monday for Denver, Colorado, to attend a school for six weeks.

## Wynell Butler Feted July 1 With Shower

The home of Mrs. G. C. Warrmack was the scene of a bridal shower honoring Wynell Butler, Tuesday, July 1. The hostesses for the evening were Mrs. G. C. Warrmack and her daughter, Claudia. Games were played and almost everyone won a prize. The predominate color scheme of pink and white was used in decorating the serving table which was covered with a white cloth which had pink rosebuds sprinkled over it.

Refreshments of cookies, mint, and punch which were served to the guests also followed the color scheme.

Those attending the shower were: Miss Wynell Butler, Mrs. Beatrice Moore, Miss Flora Mae Richardson, Mrs. Phyllis Davis, Mrs. Nellie Evans, Mrs. Mac Brauda, Miss Sue Smith, Mrs. Edna Yost, Mrs. Mac Loyd, Mrs. Margaret Loyd, Mrs. Margaret Johnson, Mrs. Louise Bowen, Mrs. Margaret Rust, and Mrs. Alice Katerling.

## Calendar

**THURSDAY**  
Sanford Duplicate Bridge Club to meet at the Community Center at 8 p. m. for individual play.

The Dusty Boots Riding Association will hold its monthly meeting at Mr. L. D. Roberts home at 8 p. m. Nominations for a slate of officers will be held so it is a very important meeting. All members are urged to attend. Practice meeting for the officers of the Order of Eastern Star to be held at the Masonic Temple. Meet is to begin at 8 p. m.

**ALL THE ROMANCE** of silk emerges in this new version of the beach pajama of the '50s. Designed by Robert Ricefield, the wide-sweeping pajamas are in rose-printed silk crepe, softened by a flurry of gossamer twin-printed silk chiffon in the voluminous floor-length coat.

## First Methodist W.S.C.S. Holds Regular Meeting

The Women's Society of Christian Service of the First Methodist Church held its regular monthly meeting Tuesday morning in McKinley Hall.

Mrs. Roy Tillis, president, presided over the meeting and called on Mrs. Arthur Beckwith to give the treasurer's report in the absence of Mrs. E. Williams.

Mrs. T. E. Wilson volunteered to serve as courtesy chairman for the W.S.C.S. and it was announced that Mrs. T. C. O'Steen will serve as spiritual life secretary.

The president announced that an appeal has been made for 50 million pounds of clothing to be sent to foreign countries.

The Rev. and Mrs. T. C. O'Steen were welcomed and each responded with appropriate remarks. Presented by Mrs. H. B. McCall, Mrs. J. R. Hawthorne, Mrs. N. R. Whitney, and Mrs. Arthur Beckwith, the program was followed with a brief discussion period conducted by Mrs. H. B. McCall. The program was concluded with a prayer.

LITTLE MARSHA RAGDALE, daughter of Mr. and Mrs. Robert L. Ragdale, models the costume she wore in her recent performance at the First Baptist Church of Oviedo.

## Church Calendar

**THURSDAY**  
The Chancel Choir of the First Methodist Church will have choir rehearsal at 7:30 p. m.

**FRIDAY**  
Vacation Bible School Commencement Program at Elder Springs Baptist Church at 8 p. m. Handcraft exhibit at 7:30 p. m.

A POETIC rustle accompanies this silk chiffon taffeta in black and pink flower print from Harvey Bern. The bodice is swathed to the side and clasped by a self-flower. The skirt bells out in great width.

**MONDAY**  
The deacons of the First Baptist Church will meet in the Chapel at 7 p. m.

The Associational Brotherhood of the First Baptist Church will meet in Lake Helen with a supper at 6:30 p. m.

The Ebenezer W.S.C.S. will meet at the home of Mrs. H. A. Simeon at 7:45 p. m.

The following W. S. C. S. Circles of the First Methodist Church will meet at 3 p. m. at the indicated places:

Circle No. 5 to meet with Mrs. Zeb. Ratliff, 1800 Park Ave.

Circle No. 6 to meet with Mrs. Joe Assarello, 400 Park Ave.

Circle No. 7 to meet with Mrs. Ross Adams, 118 Park Ave.

Circle No. 8 to meet at McKinley Hall.

Circle No. 9 to meet with Mrs. R. W. Turner, 815 Park Ave.

**TUESDAY**  
The following W. S. C. S. Circles of the First Methodist Church will meet at 9:45 a. m. at the indicated homes:

Circle No. 1 to meet with Mrs. J. Williamson, 204 W. 18 St.

Circle No. 2 to meet with Mrs. B. B. Crumley, Silver Lake.

Circle No. 3 to meet with Mrs. W. W. Tyre, 1108 Oak Ave.

Circle No. 4 to meet with Mrs. J. B. Crawford, Lake Mary Blvd.

**WEDNESDAY**  
Prayer meeting will be held at the First Baptist Church at 7:30 p. m. and the Sunday School Workers Conference at 8:15 p. m.

## '58-59 Hunting Rules, Regulations Adopted

**TALLAHASSEE (UPI)** — The Florida Game and Fresh Water Fish Commission has adopted hunting rules and regulations for the 1958-59 hunting season.

Among the rules adopted was a prohibition against Nassau County to Sunday hunting, but opening it for hunting on Monday.

Members have complained that too many in the county have stopped hunting on Sunday and Monday, and they preferred to officially close the day, but open Monday.

The Commission also extended the deer season in the third district in counties including Jackson and Bay counties. The end of the season was extended from Jan. 6 to Jan. 11.

The extension will be contingent on approval of the federal Fish and Wildlife Service.

The Commission also voted to delete the March 28 to April 5 spring turkey gobble hunt in District Three. The regulation will not, however, include the Eglin Air Force Base reservation.

There were no other changes in the deer, turkey, quail and squirrel seasons as they were discussed at 15 public hearings which took place around the state during the past two months.

Regulations for the migratory bird season were left as proposed, with the Commission voting to ask the federal Wildlife Service for 60 whole days of dove hunting.

## Player Of The Day

**By United Press International**

**HARRY ANDERSON**

The Philadelphia Phillies call Harry Anderson "miracle whip" and one look at the way he swings the bat explains why.

There are those, including Cincinnati Manager Birdie Tobetta, who claim the Philadelphia left fielder has the "quickest wrists" in the National League.

Whether he has or not may be a moot point, but he certainly swings pretty quick enough and hard enough to please the Phils.

The 25-year-old left-handed hitter from Rising Sun, Md., drove in three runs Tuesday night to help sink the Pittsburgh Pirates, 4-3.

Anderson slugged his 10th homer of the year with one on in the first inning and then singled home another run in the third. When he was finished with his night's work, his batting average was up to .304.

Not bad at all for a young fellow who is putting in only his fifth year in professional baseball and his only year for Schenectady of the Eastern League as recently as 1956.

## Bouchee Thanks Frick For Chance; Rejoins Phillies

**PHILADELPHIA (UPI)** — Ed Bouchee, packing his gear to rejoin the Phillies, thanked Baseball Commissioner Ford Frick for "another chance" and promised "I won't let him down."

The 28-year-old first baseman, back in baseball's good graces following his conviction on a morals charge, joined the Phillies yesterday and Manager Mayo Smith said he will be in the lineup against Milwaukee tonight.

"I want to thank Mr. Frick for the confidence he has put in me and I know I won't let him down," Bouchee said.

Frick said in New York that he spent "many sleepless nights" before reaching his decision on Bouchee. He examined numerous reports and had a long talk with the player before he made up his mind.

Bouchee, a married man with a child of his own, was arrested last January in Spokane, Wash., in a case of child molesting that subsequently was reduced to indictment exposure. He pleaded guilty and was placed on three years probation.

Since the date of his probation, Bouchee voluntarily underwent a series of treatments to restore him to full health.

## Brennan Wins 10th Straight Bout Tuesday

**MIAMI BEACH (UPI)** — Gomez Brennan of Miami, BVI, won a unanimous 10-round decision over Jimmy Archer of New York Tuesday night for his 10th straight victory.

Brennan, a 5-1 favorite, used jabbing and slugging tactics to defeat Archer. There were no knockdowns, but the 19-year-old Brennan staggered Archer in the second round and sent him into the ropes in the ninth.

Archer, 23, suffered a slight cut on his forehead in the late rounds but it did not appear to hamper his vision. Brennan weighed 104½ against 104½ for Archer.

Brennan was awarded all 10 rounds by one of the judges and the referee.

## Free CGA Courtesy Examinations Offered

For America's millions of boaters, every week should be safe boating week, and there can be no better way to observe safety on the water than by taking advantage of the Coast Guard Auxiliary's "courtesy examination" program.

A Coast Guard Auxiliary courtesy examination is made by expert members of that organization who make a thorough inspection of your craft and the equipment you carry. This is done only at your request and at no cost to you as a boatman.

If your boat meets all the requirements of the Auxiliary, you will be awarded the CGA decal, which identifies you as a skipper who has exercised the greatest of care and interest in making your craft as safe and sea-worthy as possible.

If your boat or its equipment fall short of the Coast Guard requirements, the inspector will make recommendations on how you can better equip your craft for safer boating. His suggestions will be made in your interest and you can rest assured that sooner or later you will thank him for helping you realize the need for certain items of equipment.

The work of the Auxiliary was recognized in 1957 by the Evinrude Boating Foundation by the presentation of the officers of and men of the Coast Guard of the Ole Evinrude Award for contributions to recreational boating. The award recognized that "at no time has the Coast Guard, in stressing safety, been anything less than a close, trusted and wholly reliable friend of the boat owner, regardless of the size of his craft."

Outboard craft fall into two classifications as defined by the Coast Guard. Boats less than 16 feet in length fall into Class "A" and boats more than 16 feet in length are in Class "B".

The only actual "law" involved in these classes is a United States Coast Guard regulation requiring boats over 16 feet in length to be

**UP IN THE AIR IN BOATS**—There's always something new under the Florida sun and the latest novelty to reach the Sunshine State was Igor Bensen's "flying boats" that made visitors at Cypress Gardens stop and stare . . . boats in the air . . . what will they think of next.

**Free CGA Courtesy Examinations Offered**

For America's millions of boaters, every week should be safe boating week, and there can be no better way to observe safety on the water than by taking advantage of the Coast Guard Auxiliary's "courtesy examination" program.

A Coast Guard Auxiliary courtesy examination is made by expert members of that organization who make a thorough inspection of your craft and the equipment you carry. This is done only at your request and at no cost to you as a boatman.

If your boat meets all the requirements of the Auxiliary, you will be awarded the CGA decal, which identifies you as a skipper who has exercised the greatest of care and interest in making your craft as safe and sea-worthy as possible.

If your boat or its equipment fall short of the Coast Guard requirements, the inspector will make recommendations on how you can better equip your craft for safer boating. His suggestions will be made in your interest and you can rest assured that sooner or later you will thank him for helping you realize the need for certain items of equipment.

The work of the Auxiliary was recognized in 1957 by the Evinrude Boating Foundation by the presentation of the officers of and men of the Coast Guard of the Ole Evinrude Award for contributions to recreational boating. The award recognized that "at no time has the Coast Guard, in stressing safety, been anything less than a close, trusted and wholly reliable friend of the boat owner, regardless of the size of his craft."

## Sports Parade

**By OSCAR FRALEY**

**United Press International**

**NEW YORK (UPI)** — The All-Star Game moves into the pitchers' paradise called Memorial Stadium at Baltimore next Tuesday and from here it looks like an American League triumph in what will provide the stingiest pitching contest has seen in 18 years.

Memorial Stadium with its vast acreage and distant fences is not a slugger's ball park. To top it off, the American League undoubtedly has the edge when it comes to pitching this time around.

And pitching, or the lack of it, is what decides ball games.

Magnanimously awarding the American League staff the accolade of superiority, a survey of the Baltimore records this season has to make the American League the decided favorite.

Baltimore, as example, has hosted 23 games this season as of Tuesday. Pitching was the key factor two-thirds of the time with a number of brilliant performances.

Of those 23 games at Memorial Stadium, 10 were decided by one run and 10 others were shutouts. Pitchers laboring on the Baltimore hill had pitched a one-hitter, a trio of two-hitters, a three-hitter, six four-hitters and six five-hitters.

Which means that outstanding pitching featured 17 of the 23 contests.

Both sides undoubtedly will now shower down with a record number of basehits come Tuesday. But, considering the record, this park should produce a tightly pitched affair with the accent on getting one run across. Maybe the tightest.

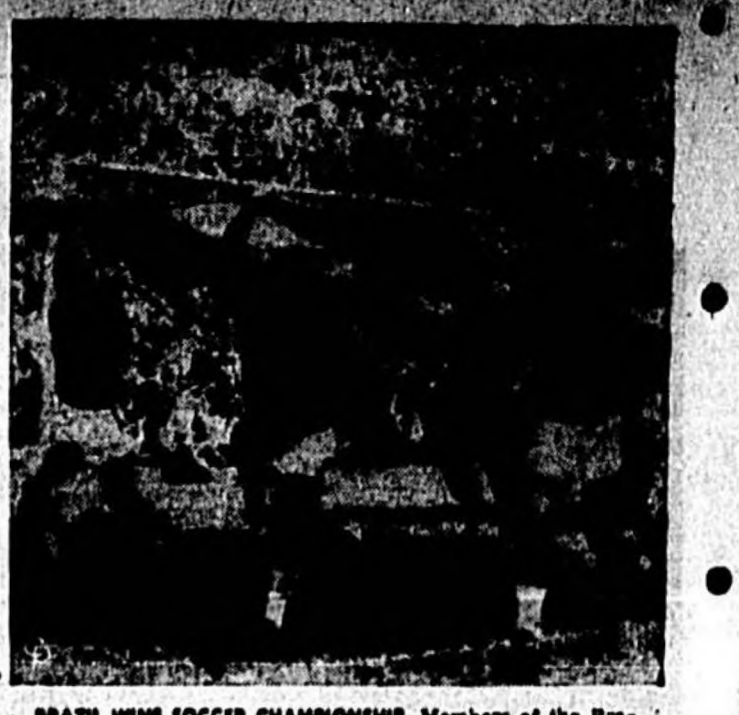

In recent years the club welders have had a field day. The closest thing to a pitching duel was in 1953 when both sides chalked up only eight hits as the National League won a 2 to 1 thriller. But you have to discount that somewhat because the game was called at the end of the fifth inning because of rain.

Thus, to get the piece de resistance of the classic in the matter of limiting the number of hits, you have to go all the way back to the 1940 tilt at St. Louis. Both teams managed a total of only 10 hits that day—low total for the series — as the National Leaguers won the game by a 4 to 0 count.

Casey Stengel, the American League manager by virtue of being the pennant winner, has won only two of the seven All-Star games in which he has managed. But this time around he looks to have the tools of victory.

Old K. C. is expected to open with either his own Bob Turley or Early Wynn of the White Sox. If there's a shift to left-handed batting power he can follow up with Whitley Ford, Digger O'Dell or Billy Pierce and his ace in the hole down the stretch is Ryne Duran.

Turley, in one Baltimore appearance this year, hurled a one-hitter. Wynn pitched a seven-hitter there but was clubbed in another Baltimore outing. Ford tossed a five-hitter at the stadium and O'Dell has a four-hitter to his credit there.

**BRASIL WINS SOCCER CHAMPIONSHIP**—Members of the Brazilian soccer team run around the stadium in Stockholm, Sweden, with a giant flag after they won the world championship. They beat Sweden by a score of 2-1 to capture the title.

**Whatever Happened To**

**Elwin Doc Romnes**

**By United Press International**

Doc Romnes, an American-born hockey player out of White Bear, Minn., was considered a mild-mannered puckster until the Stanley Cup playoffs against Toronto in 1938. There was bad blood between the Chicago Black Hawks, of which Romnes was a member, and the Maple Leafs, starring big Red Horner. They still call it the "shot heard round the hockey world" when Romnes, ignoring the puck at the start of the game, skated over and felled Horner by a blow with his stick. And only the season before Romnes had been voted the Lady Byng Trophy which, in effect, is awarded for being "gentlemanly." Romnes was a big factor in two Chicago Stanley Cup victories — 1934 and '38. He wound up his career with the New York Americans in 1940.

Whatever happened to Doc Romnes? Now 48, he coaches hockey at Houghton, Minn., School "shot heard round the hockey world" when Romnes, ignoring the puck at the start of the game, skated over and felled Horner by a blow with his stick. And only the season before Romnes had been voted the Lady Byng Trophy which, in effect, is awarded for being "gentlemanly." Romnes was a big factor in two Chicago Stanley Cup victories — 1934 and '38. He wound up his career with the New York Americans in 1940.

### THE CARD OF THANKS

Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. It is a gracious expression of gratitude to those who have sent Special tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed.  
Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.  
There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.  
**THE "IN MEMORIAM" NOTICE**  
It is the custom of many families in this country to commemorate a bereavement by an "In Memoriam" notice in newspaper classified columns. They find a real solace therein. Preservation of selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully expressed it:  
"How cruelly sweet are the echoes  
That start  
What memory plays an old tune  
On the heart."  
Most frequently an In Memoriam is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen.  
If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of The Herald's collection of original verses. These express in poetic beauty the emotions of the heart-strings. Among them are verses appropriate to any circumstance.  
**THE RATE**  
Cards of Thanks and In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column inch.

### Hurricane Research Project Will Be Moved To Miami

THE HURRICANE RESEARCH PROJECT will be moved to Miami from the current location at Fort Lauderdale.

H. B. Simpson, director of the center, said the project will be moved to Miami to help the new research center which will study hurricanes and other local disturbances as well as hurricanes.

Simpson said the new center will combine the research staff of Miami and Fort Lauderdale under the direction of Gordon E. Douglas, chief of the Miami warping center.

He added the new center will continue to operate research aircraft as long as necessary to obtain basic information.

### Smathers' Meet 'The Press' Guest

TAMPA—Senator George Smathers of Florida will be the guest on the nationwide telecast of NBC-TV's newsmaking Meet The Press on Sunday, July 4, at 9 p. m. on WFLA-TV. The program will be broadcast at 6:30 p. m. over WFLA Radio.

Senator Smathers is chairman of the Senatorial Campaign Committee and a key figure in Democratic party planning and strategy. An chairman of the Senate's Interstate and Foreign Commerce Committee, he played a major part in bringing about the repeal of the controversial freight transportation tax last week.

Participants on the program will be Jack Bell of the A. F.; May Craig, Portland (Me.); Press Herald; Richard Wilson, Press Publications; and Ned Brooks of NBC. The telecast will originate live from Washington, D. C.

### Training Union Plans To Be Made

OVIDO—Thursday evening at 7:30 p. m. the monthly meeting of the Training Union of Ovido will be held. All unions and workers are urged to be present for it is important to help with the planning.

### Outlook Not Always Bad If You Have Stroke

DESPITE widespread belief to the contrary, many strokes are not fatal. And the fact that a person has had one stroke does not necessarily cut his life expectancy, if he takes proper care of himself. Now a stroke can occur either while awake or asleep. Generally, if it occurs while a person is awake, he will fall to the floor, not necessarily on his legs because paralyzed.

### Delegates

(Continued From Page One) ... The Sanford Kiwanis Club, participating in the International Convention in Chicago, heard a letter from M. Park Arnold, president of the nationwide organization. Arnold, in his letter said "Today, we are living in a new era... call it what you will. You and I must have a vision equal to its task."

Soper, Mr. and Mrs. M. L. Richardson, Judge and Mrs. Velle A. Williams Jr., Helen Anderson, Dot Powell, Ellen Betts, Cecile Heard, Ann Alken and Mr. and Mrs. William Gray.

### VAH-11 Completes Qualifications Aboard Forrester

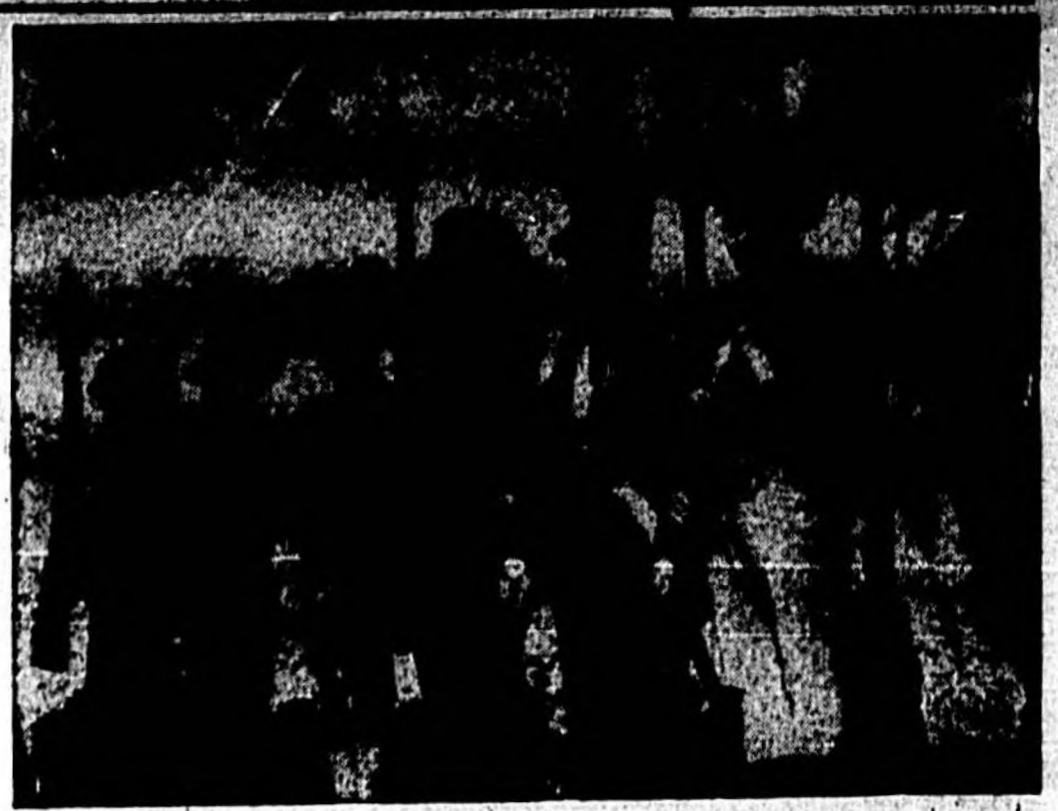

Heavy Attack Squadron Eleven, based at the Naval Air Station, Sanford, resumed Wednesday from carrier qualifications aboard the USS Forrester. "Checkpoints home from successful CarQuals X Carquals are complete. All operations essential to VAH-11 are completed. This is the message sent to Navy Attack Wing One from the commanding officer of the USS Forrester. Operating off the Virginia Capes, with the USS Forrester, VAH-11's crews completed their carrier qualifications in record time of 10 1/2 hours of flight operations. While operating with the carrier for a seven day period, 288 landings were accomplished.

Individual honors go to CDR. C. Fernandez and LT. Wm. B. Warwick, who had 16 arrested landings with no bolters and no wave offs; and to LCDR W. P. Carlin who made a record eight arrested landings in eight attempts within one hour and 18 minutes. "Special recognition to VAH-11's maintenance personnel," said Cdr. C. Fernandez, Commanding Officer of VAH-11, "whose around-the-clock labors made the maximum number of flights possible."

### Warm, Sticky 4th Predicted For Most Of Nation Friday

WASHINGTON (UPI)—Most of the nation will experience a warm, sticky Fourth of July, the Weather Bureau predicted. In many localities, temperatures in the upper 80's or above, will be accompanied by showers, the bureau said. In its special Independence Day forecast, the bureau said fair skies are expected west of the Rockies during the holidays except for showers in northern California, Arizona and Utah.

Cloudy skies are on tap for the Delaware. And elsewhere in the South to the Mississippi valley, there is a strong likelihood of scattered showers and thunderstorms. Showers are also expected to hit the Gulf Coast and most of the Atlantic Seaboard into New York State and Connecticut in the afternoon and evening.

SOLDIERS SHOW HISTORY OF THE COUNTRY—A unit of the U. S. Army, a chance to meet battle dress of the past. Shown (l. to r.): Sgt. Frederick M. Owens, Peoria, Ill., in Korean War, 1951; PFC Kenneth Moeba, Detroit, in World War I, 1918; Richard, Vincennes, Ind., the Revolutionary, 1776.

### 'Twirl Dance' For Jr. High Friday Night

The Sanford Recreation Department announced today that a "Twirl Dance" will be staged for Junior High School boys and girls tomorrow night at the Youth Wing of the Sanford Civic Center. The dance, said local recreation department officials, will give the boys an "official right to ask a girl to the dance or to take advantage of the girl break." However, they pointed out, boys may ask the girls to attend the dance. Tomorrow night's event will begin at 7:30 with "plenty of enjoyment and entertainment planned for everyone."

### IMI Declares 9c Quarterly Dividend

MINNEAPOLIS—The Board of Directors of Investors Mutual, Inc., largest mutual fund affiliate of Investors Diversified Services Inc., represented in Sanford by Harry C. Ebelberger, has declared a quarterly dividend of nine cents per share, payable July 10, 1958, to shareholders of record at the close of business June 26, 1958. The dividend will be distributed out of the Fund's undistributed net investment income, derived from dividend and interest income. This is the 71st consecutive dividend paid by the Fund.

### Joint Installation Of Officers Set By Post, Auxiliary

Campbell-Loring Post 53, The American Legion of Sanford, and its auxiliary unit will have dual installation of officers Monday night, at 7:30 p. m. at the Civic Center. The installation will be held at the civic center instead of the American Legion hut as usual so that the members can enjoy air conditioned comfort. George Maybury, past commander of the post, will serve as commander in the absence of the retiring commander Lynn Lyon, who is out of the city. The Auxiliary officers will be installed immediately following the installation of the legion officers. Department commander E. J. Cooper of Graceville will be the special guest of honor and the members of the legion said a local official, "feel highly honored as this is the first time the local post has had a department commander present at installation of officers since World War II."

### Capt. Reedy Praises Friendly Relations Of Community, Navy

Captain James R. Reedy was relieved as Commander of Heavy Attack Wing One yesterday by Captain James D. Ramage in a Change-of-Command ceremony at the U. S. Naval Air Station, Sanford.

In conjunction with the Change of Command ceremony, presentation of trophies were made for the Fifth Heavy Attack Bombing Derby which was held between June 6 and 8 and commendations were given to personnel for outstanding professional merit and contribution to the Navy. During the year that Captain Reedy commanded the

### Geneva Talks Face First Major Showdown

CHANGE OF COMMAND at the Sanford Naval Air Station! Capt. James R. Reedy inspect squadrons; Capt. James D. Ramage reads orders; Capt. Reedy looks on; Squadron leaders listen attentively; Admiral Switzer looks on with interest; Capt. Reedy reads order; Capt. Ramage, Mrs. Ramage and daughter; Capt. Reedy, Admiral Switzer and Capt. Ramage after ceremony; an award is made to Lawrence E. Leeper, ADC; Capt. and Mrs. Reedy open gift at BOQ coffee; Mrs. Ramage and daughter, Admiral Switzer, and Capt. Lionel A. Arthur in audience; and another bombing derby award is made. The event took place Thursday morning at 8:30. (Staff Photos-Composite by Bergstrom)

GENEVA (UPI)—The Geneva nuclear conference faced its first major showdown today that may show whether Russia is genuinely prepared to negotiate a workable scheme for policing nuclear test explosions.

Scientists of the Western and Soviet blocs meet again this afternoon after a 48-hour recess to resume work on a nuclear inspection scheme.

They do so in an atmosphere made tense by these developments:

—The Soviets Thursday renewed their demands for pledges by the U. S. to call off nuclear test explosions immediately.

—Russia hinted she may pull out of the Geneva conference altogether if the U. S. does not comply.

Both Western and Soviet delegations maintained tight secrecy over the talks, indicating that they were heading into a difficult, perhaps a crucial stage.

The conference opened Tuesday and then recessed for 48 hours without explanation after only two working sessions.

During the intervals the Western delegation were reported to have prepared a detailed plan for policing test explosions. They spent nearly four hours working on it and were expected to present it to the Russians this afternoon.

### Committees Are Set For Summer Jaycee Projects

Three members of the Sanford delegation to Boys State spoke to the Sanford-Seminole County Junior Chamber of Commerce at its noon luncheon meeting yesterday. Walter Middleton, Wally Phillips Jr., and Gary Baker told the Jaycees of their day-by-day activities during the week-long stay at FSU and the State Capitol.

"During the city elections," said Walter Middleton, "he gave a rundown of some of the activities that he had been so interested in and indicated that a third party was formed."

Gary Baker told the Jaycees that "We met the Governor and heard addresses by the Secretary of State and the State's Attorney General."

"Wally Phillips Jr. explained in that one week we crammed more than I would expect into a month at home."

The speakers were introduced by John Alexander, program chairman for the meeting.

Tom McDonald, Jaycee president, named committees for the Jaycee summer projects.

Committees have been formed for the School Bond Issue, Fishing Rodeo, Get Out The Vote, and the Jaycee Information Building and Park.

Chairmen said McDonald, are M. L. Raborn Jr. for the School Bond Issue committee; Everett Harper for the Fishing Rodeo; Bill Gramkow for the Get Out The Vote committee; and Art Harris for the Jaycee Information Building and Park.

McDonald urged Jaycees to take an active part in the committees regardless of the amount of time one could find to spend on one or more projects.

tion system which has been adopted by the Navy.

Capt. Reedy, addressing all of the squadrons of Heavy Attack Wing One and a huge audience of local civic leaders said:

"This is the seventh time in the course of my career I have been relieved of a command. Each time has been one of regret at leaving an organization, of which one becomes a part and of which one has grown fond through association with officers and men who as intelligent devoted naval personnel know that unless they do their fair part they penalize in some way the great organization in which we all belong."

"On each occasion, however, along with regret on leaving there is the expectation of the challenge of a new duty, and the excitement of stepping into new surroundings."

"This time, facing new duty, my emotions are more mixed than ever before. I am going to command USS Lexington, one of the Navy's most modern attack carriers since her recent overhaul. This assignment is certainly one to be proud of, but it will be difficult to surpass even at the end of a successful cruise the immediate feeling of pride and satisfaction I have for having been Commander, Heavy Attack Wing One."

"Superlatives are not easily come by in this Navy—the traditional accolade being 'well done'—but units of this way have earned them. I am continually impressed by the intelligent, aggressive pursuit of excellence in the primary mission of the squadrons that has been shown to me over the past year."

"I don't have to urge you to keep on with this way of doing business for Capt. Ramage. I know you will because you've demonstrated to me that it is your traditional way of doing things, and in turning over this fine command I congratulate him on receiving it and you on getting an outstanding naval officer as your wing commander. I look forward to hearing more wonderful things about Heavy Attack Wing One."

"Lastly, no change of command here in Sanford would be a satisfactory one if no mention were made of the wonderful relationship that exists between the citizens of the community, and the Navy. Whatever success we have, my friends, is due in no small measure to the wonderful support and reception we have from you. None of us will leave here without sincere pangs of regret, and a firm intention to return. I feel fortunate myself that I am able to leave my family in this city in which we have quickly come to feel at home, while I am out of the continental U. S."

"In parting, let me wish all of you, Naval personnel and civilians alike continued success and happiness."

During the presentation of awards, immediately prior to the Change of Command ceremony, Commander C. Fernandez, Commanding Officer of Heavy Attack Squadron Eleven, was presented the Conover Trophy, signifying victory in the 5th Heavy Attack Bombing Derby. Top crew trophies were awarded to Lt. L. D. Tennison, plane commander, Lt. (jg) B. B. Weber, bombardier, navigator, and M. T. Lewis, AOI, third crewman, VAH-11 for a 1st place finish in the Bombing Derby. Cdr. J. M. Tully, Commanding Officer of Heavy Attack Squadron Five, received a Top Squadron Plaque. VAH-5 was judged the best squadron in the Atlantic Heavy Attack Program during the last year.

Commendations were presented to two Sanford based personnel: Captain Reedy, Cdr. C. O. Donaud, VAH-5, received a commendation from the Commander Naval Air Force, U. S. Atlantic Fleet as the outstanding heavy attack pilot in the United States Navy for 1958. This award was based on Cdr. Donaud's superlative performance in the Fleet Gunnery Meet at El Centro, Calif.

Lawrence E. Leeper, ADC, received a commendation from the Commander of Heavy Attack Wing One for his outstanding effort in developing a radar prediction system which has been adopted by the Navy.

after ceremony; an award is made to Lawrence E. Leeper, ADC; Capt. and Mrs. Reedy open gift at BOQ coffee; Mrs. Ramage and daughter, Admiral Switzer, and Capt. Lionel A. Arthur in audience; and another bombing derby award is made. The event took place Thursday morning at 8:30. (Staff Photos-Composite by Bergstrom)

### Rains Slow Work On New Clubhouse

CASSELBERRY—Building operations on the new Casselberry Country Clubhouse, slowed down because of frequent rains, are proceeding at a satisfactory pace, according to publicity chairman Paul J. Smith.

The building, a 40x60 foot structure is expected to be under roof within the coming week. Cliff Overman, chairman of the building committee is supervising construction of the 330,000 clubhouse which will be completely air-conditioned and heated.

Ground breaking ceremonies, held two weeks ago were interrupted by a heavy downpour of rain, causing the crowd estimated at 125 people to scurry into the Women's Club Building for shelter at home, while I am out of the continental U. S."

"In parting, let me wish all of you, Naval personnel and civilians alike continued success and happiness."

### 4th Of July Should Be Celebrated Joyously

Let us begin with the words that set this day apart: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government..."

Those of us now living are six generations removed from the men who thus declared their independence from tyranny and pledged their lives, their fortunes and their sacred honor to uphold that declaration. This great document of human freedom was engrossed on parchment 182 years ago, momentous years that have been witness to the greatest changes in all the long history of mankind.

Yet the bitter truth is that though the American Declaration of Independence has been a beacon of hope to peoples throughout the world, uncounted millions are still trampled by the boots of tyranny. Vast numbers not enslaved by tyrannical governments are yet in bondage to privation. To half the human race, the unalienable rights of life, liberty and the pursuit of happiness are a dream far removed from reality.

This is a thing to occupy the minds of men of good will on Independence Day, 1958. It is good to celebrate that day joyously, for independence is a joyous thing. It is good, also, to remember that the Declaration of Independence will not have borne its richest fruits until all men are indeed equal in dignity and freedom.

### No Accidents So Far In County

Despite rain-soaked highways in Seminole County there were no traffic accidents, so far, in the beginning hours of the July 4th week-end.

The Seminole County Sheriff's office reported that "there were no accidents last night" and added "we hope that there aren't any accidents during the holiday week-end."

With prospects of rain and overcast skies for the holiday, Florida's long holiday weekend got underway with a grim start as four persons were killed and one injured in a two car collision in Central Florida.

The crash occurred on rain-soaked U. S. Highway 441 five miles south of Orlando, just minutes after the highway patrol began keeping count of highway deaths over the July Fourth week-end.

The victims were identified as Van C. Ivey, 65; his wife, Catherine; and William Felde, all of Spartanburg, S. C.; and William C. Burton, 32, of Eagle Lake, Fla.

The Ivey couple, Felde and his mother, Mrs. Lucia Manning, 68, were riding in the same car, police said. Mrs. Manning, the only survivor, was taken to a nearby hospital.

Burton was alone in the other car, according to patrolman R. G. Merry. Ivey died en route to the hospital.

The highway was slick from an all-day rain at the time of the crash.

Asher Frank, director of the Florida Safety Council, predicted some 20 persons would die in traffic accidents on Florida highways before the long weekend comes to a close Sunday night. The state highway patrol estimated 13 traffic deaths.

### Local Citizens Are Told To Keep Registration Cards

"In spite of repeated announcements, many local citizens of Seminole County are returning their registration and identification cards to my office," said Mrs. Camilla Bruce, Seminole County Supervisor of Registration.

"Please keep your registration card," Mrs. Bruce said late yesterday.

Printing out the cards, which may be detached along perforated lines from the postal card sent to each qualified voter, she said "these cards will serve as identification at precincts during elections."

Mrs. Bruce said that those who do not receive registration cards by Monday should check the list of names disqualified for the coming elections. "Possibly because some failed to send back their registration card early this year, they have become disqualified and must now appear at the Office of the Supervisor of Registration to qualify," she said.

### Rabies Shot Must Be Issued Before Dog License

City officials said yesterday that many people are applying at the Sanford City Hall for license tags for their dogs without first securing rabies shots for them.

The public has been officially notified for several successive weeks, the City Manager's office said, that rabies shots are necessary before a dog license will be issued.

Dog owners should first get the rabies shots for their dogs from a local veterinarian and bring a certificate that the shots have been given when applying for the license.

All dogs must be licensed, the City Manager said. If they are not, they will be picked up and impounded. If not claimed the dog will be destroyed in 10 days. When claimed, an impounding fee will be charged.

Stray dogs are creating a nuisance, it was reported yesterday, throughout the city. Any dog will be picked up if complaints are received that they are wearing a dog license tag or not.

Another complaint, at the Sanford City Hall, is that dogs are tied up and bawling at night and creating a public nuisance.

COMEDIAN DANNY THOMAS was greeted yesterday by Mayor Marie Warner when the TV star made a brief stopover here at First St. and Park Ave. Despite the heavy downpour of rain, Danny Thomas was besieged with fans for autographs. (Staff Photo)

### SNAS Gets Secretary Of Navy Safety Award

Rear Admiral W. G. Switzer, Commander Naval Air Base, Sixth Naval District, during ceremonies held aboard the Sanford Naval Air Station Thursday, presented the Secretary of Navy Award for Achievement in Safety for the calendar year 1957.

The Secretary of Navy Award was presented for the first time as a combined Industrial Safety and Motor Vehicle Safety Award. The Naval Air Station has won the Motor Vehicle Safety Award three times previously and the Industrial Safety Award four times previously.

Captain L. A. Arthur, Commanding Officer, NAS, Sanford, Florida, opened the formal ceremonies with the introduction of Rear Admiral Switzer at which time the admirals read the Secretary of the Navy's letter to the Commanding Officer, stating:

"This award covers all aspects of accident prevention except flight safety. In earning this award you have not only completed the year without having a disabling injury accident but have also achieved a motor vehicle accident rate which was lower than the Navy-wide average. This safety record is one in which you may well take pride."

In closing, Captain Arthur thanked the Admiral and stated: "It is indeed an honor and it gives me great pleasure to receive the Secretary of Navy Award for achievement in safety for NAS Sanford for the year, 1957. It is to you, the supervisors and operators, that the credit goes for achieving this high degree of safety so honored by the Secretary of Navy, and I want to thank you all for the fine spirit of cooperation and team work you have shown. Keep up the good work."

### Chuluota To Get Telephone Service

A project to furnish telephone service to Chuluota will get underway soon, said Sanford Area Manager Bob Shadden of Southern Bell Telephone Co.

Shadden said late yesterday that a large feeder cable, along with the distribution cable in the actual housing area will be installed.

The feeder cable, Shadden explained, will be underground.

The project will cost in the neighborhood of \$30,000, the local manager said, and will provide telephones for approximately 300 homes.

The Oviedo Central Office, Shadden stated, will handle this expansion. There are possibilities that additions to the Oviedo Central Office will be necessary if further growth warrants additional cable and service.

"Already one addition has been made to the Oviedo office and another one is slated for January," he said.
