

# JET "ROCKET" SPACE SHIP

## 7 ft. LONG—SEATS 2 KIDS

ONLY \$4.98

### LOOK AT ALL THESE SENSATIONAL FEATURES!

- Real Space Ship Design
- Sturdy interlocked construction
- Made of high strength 200 lb. test fibreboard
- Large size—over 7 feet long
- Large enough for 2 space cadets
- Complete instrument panel
- 2 Disintegrator guns
- Full visibility hinged control cockpit
- Astro-star map
- 2 Steering planes
- Elevator and rudder
- Aluminum jet exhaust tube

### Space Travel Now Possible!

New York, N. Y.

With the government's announcing of the launching of an earth satellite, the age of interplanetary travel is here. Now there has opened before man an almost limitless field for journeying through space. It may be only a matter of a few years before the first expedition to the moon is launched. Man's conquest of space is merely a matter of time. In two or three years the United States will, briefly and incompletely, conquer gravitational force by placing in the heavens a man-made earth satellite!

**ROCKETS PAVE WAY!**

The efforts to conquer space require the conquering of atmosphere and gravity. Rocket experts have been working on this field for years. They know that rockets are capable of enormous velocity and as such could punch its way out into the atmosphere. But the youngsters can conquer space right now. The toy makers have broken the monotony, and have a thrilling toy version of a real space ship. This gigantic toy rocket ship will delight any youngster with its tremendous authenticity, play value, and realistic instrument panel. Who knows if the key to future space travel is not to be found in this unique and wonderful toy. Any boy or girl owning this will be ready when the time comes for the real thing.

### It's Gigantic—Over 7' Long Exciting Moving Control Levers!

#### The Most Sensational Toy in America

For you—a real streamlined Space Ship big enough to hold you and a pal on imaginary trips through space. It's complete with all the newest scientific advances of flights of the future. There's no more make-believe, no more pretending with small models. This is reality! You are pilot, captain and gunner—your friend can be observer and navigator.

### Imagine All This!

#### More Fun than You've Ever Known!

There you are giving orders as captain of your own sleek, streamlined beauty. You check your radar antenna screen for all clear. You test all radio instruments and equipment. You climb the hinged cockpit over and check your Star Map of space. Then, with all your jet and rocket flying equipment in action you BLAST OFF! You set your course, steering with the directional jets at the stern which are controlled by separate throttles at your fingertips. Your forward disintegrator guns go into action. Your fully-equipped radar instrument panel shows the target. You release your load of powerful nuclear bombs and bullets! You return home victoriously, set your reversing mechanism and you're in for a quick landing. This is just an idea of all the wonderful things you can do with your sensational new Space Ship. Acclaimed for its educational value, stimulates the imagination. Meticulously constructed of 3-ply fibreboard, it will bring you more fun and adventure than you've ever known. You'll certainly be the most popular kid in the neighborhood.

### You Can Maneuver With

#### Complete Instrument Panel Control

Blaze off down the runway! Bank into a turn and zoom away in another direction! Get the money in your sights and drive towards him at full jet throttle! ... Imagine all the excitement of dodging and ducking and fighting in and out of tight spots. This of all the fun you'll have zooming down the neighborhood behind the controls of your Rocket Ship, having training dog fights with your friends. You'll get everyone open-mouthed in amazement when they see the way you handle your Space Ship. Comes in easy-to-assemble sections. But only a limited number of Space Ships can be produced this first year. Order yours at once! ONLY \$4.98.

"Hold Tight, Jimmy, We're Blasting Off!"

Instrument panel in the cockpit which is pictured above will give you hours and hours of fun.

### Instrument Panel Contains:

- Altimeter
- Jet steering levers
- Jet reversing lever
- Radar screen
- Radio instruments
- Bomb sight
- Disintegrator gun sight
- Bomb bay door control
- Head lock control
- Oxygen control
- Atomic fuel gauges
- Air speed indicator
- Blast off signal button

### EASILY SEATS 2 KIDS INSIDE THE CONTROL ROOM

Hinged Cockpit Opens and Closes—With View Ports

Imagine the thrill you'll feel as you climb into your Space Ship, get set behind the controls, and check all instruments in preparation for BLAST OFF! Then, when everything is set, you close your special hinged cockpit cover with its view ports and you're all ready for a make-believe mission into space. Think how proud you'll be as captain giving orders to your gunner's mate and co-pilot seated behind you. Everytime you enter your Rocket Ship it'll be a more thrilling experience than the time before. And just wait till you see your hinged cockpit cover. It's a real beauty! Boy, looking out into space through

your view ports while handling the controls is a thrill that can't be matched. Wait till the other kids get a look at your space beauty! You can bet that they'll all wish they were in your place. You'll be Mr. Popularly when they all gather around hoping for an invitation to be your co-pilot. It'll really make their eyes look like nothing in comparison to your Rocket Ship. And Mom and Dad will be real proud of you too, when they see the expert way you handle the controls. So don't miss out on the really exciting new space sensation. Order now in time for real holiday fun.

### 10 Day Free Trial

We're so sure you'll be delighted with your Space Ship that we offer it to you on 10 Day Free Trial! If, after playing with it 10 days you don't think it's the greatest toy you've ever had, then return it to us for a full refund of purchase price. See for yourself what great fun commanding your own Space Ship really is. Because of its large size we are forced to ask for 63c shipping charges. Shipped in easy-to-assemble sections. Don't delay! You must order at once since the supply of this amazing model is strictly limited this first year.

### MONEY BACK GUARANTEE

HONDA HOUSE PRODUCTS CORP., Dept. 678-1  
35 Wilbur Street, Lynbrook, N. Y.

Send my jet "Rocket" Space Ship and Earth Satellite on 10 Day Free Trial for only \$4.98. If I am not completely delighted I may return it for prompt refund of purchase price.

- I enclose \$4.98 plus 63c postage and shipping charges for my Space Ship. Some Money Back Guarantee.
- Send C.O.D. I'll pay postman \$4.98 plus postage.

## Speaker Confers Financial Query

### 2 White Men Given Sentences Of Hard Labor At Raiford

Two white men were given sentences of hard labor at Raiford State Prison when they pleaded guilty to charges brought against them before Judge Vassar Carlton Keady.

John Riley Shirley, 32-year-old escapee from the Jefferson Prison Farm at Louisville, Ga., was sentenced to two years for breaking and entering to commit a misdemeanor.

Shirley will be held for Georgia authorities following advice from J. Edgar Hoover, FBI Director, that the State Board of Corrections in Atlanta, Ga., requested his return for the Aug. 9, 1955 escape from the Georgia prison farm. Police Chief Roy Williams, of the Sanford Police Department, received tele notice from the FBI following fingerprint comparison from prints sent from the Sanford Police Department to Washington.

The 32-year-old white man was tracked from Blime Machine Shop on many forms of free front where he had broken into the front door to his rented room by three members of the Sanford Police Department and Constable Galloway. The breaking and entering charges were placed against Shirley when he admitted breaking into the filling station of Constable Galloway and taking four partial boxes of cigars and three partial boxes of candy valued at \$10. All of the loot was recovered.

Herman Lee Tyner, 31-year-old white man was sentenced to one year at Raiford State Prison for grand larceny. Tyner admitted the theft of saddles, blankets, and bridle on December 13. Constable J. Q. Galloway made the arrest of Tyner after following the theft of the stable equipment through sales of the articles to others not involved.

### Approval Granted To Pave Two Roads In Casselberry

CASSELBERRY—At a special meeting of the board of Aldermen Thursday night, approval was granted the Casselberry Gardens to pave Piney Ridge Rd. and Overbrook Dr., to conform to specifications presented by Hibbard Casselberry president.

Twenty-three property owners in the area affected were present and, with one exception, approval for the 26 foot mixed-in-place asphalt paving was signified. Absentee property owners had previously agreed to the program, according to Alderman Ben Ryan.

Property owners will pay a flat sum of \$200, of which a portion will be used to pay for paving of intersections.

Preliminary costs of surveying, topographical mapping and back-filling are to be paid by the development company.

Mayor Junius Allen, with approval of the board appointed Alderman Herman R. Joyce, local contractor, to be inspector of the paving project.

Alderman R. Joyce, local contractor, to be inspector of the paving project.

"One of the big questions in financial circles for 1956 is whether a ready supply of money will be available to satisfy the demand for loans by business and industry; builders of homes; and to finance consumer purchases," Carl F. Distelhorst, Executive Vice President of the Florida Savings and Loan League, told the Sanford Rotary Club today at its noon luncheon meeting held at the Yacht Club.

"This is a complete reversal of conditions which prevailed only two years earlier when money to loan was freely available and at somewhat lower interest rates than prevail today," Distelhorst said.

Distelhorst was introduced to the Sanford Rotary Club by George Touhy, Executive Vice President of the First Federal Savings and Loan Association of Sanford. William Bush, president of the Sanford Rotary Club presided at the meeting.

The text of Distelhorst's address to the Rotary Club is as follows:

"Why is money in short supply? To understand the answer to that question one needs to understand a bit more about how great the demand for credit is and where the money comes from. The housing industry, in which many families have an interest, will serve as a good illustration for providing some of the answers.

"At the end of 1953 the private home mortgage debt of the nation was \$88 billion. Where does the money come from? About 40% comes from savings accounts in savings and loan associations. The balance is supplied in almost equal amount by savings in commercial banks, savings banks and in the form of life insurance reserves. Thus, the supply of money available for home financing is primarily dependent upon the aggregate of small savings of the people.

"But in 1955, despite the fact that the people of the nation enjoyed more income than ever in history, they had less available money to save.

(Continued on Page Eight)

Administration Approves Building Of 30 New Units

Gordon Bradley, head of the Housing Authority here today announced that the Public Housing Administration has approved the building of 30 new units for white occupancy.

He estimated the total cost of construction at \$300,000. The present units total 250 with 155 in Castle Brewer and 85 in William Clark Court, both located at 40 in Edward Higgins Terrace. The additional 90 will make a total of 70 white units.

This low rent housing project is for low income families and the local authorities feel that the addition is needed in the white section.

WCSA Meet Held

CASSELBERRY — The Woman's Society of Christian Service of the Community Methodist Church held its February meeting at the church Tuesday with a covered dish luncheon being served at noon.

The business session was conducted by Mrs. M. C. Duggins, president, and a skit, "The Fine Spiritual Classics," was presented by the members.

OVIEDO FARM CAMP ESCAPEE Robert Jones, 24, is brought to the Seminole County Jail by Sheriff's Deputies after being chased four miles. Jones, minus trousers, was flushed from the camp of Attorney George A. Speer Jr., Friday afternoon. (Staff Photo)

### Escapee Is Seized, Taken Into Custody Saturday Afternoon

A 24-year-old negro escapee from the Oviedo Farm Camp was taken into custody shortly after 4 o'clock Saturday afternoon four miles from where he was flushed out of a camp on Lake Jessup near Mullet Lake Park.

Robert Jones, serving a sentence on various charges, left the camp on Saturday afternoon when members of the Seminole County Bar Association arrived for an afternoon meeting and outing. He was surprised to the extent that he left so quickly he forgot his pants and was attired in only a pair of shorts.

Sheriff Denver Cordell, along with Deputy Sheriffs Ed Pratt, Cotton Brown, Constables J. Q. "Slim" Galloway and George Kelsey, a dog and runner from the Oviedo camp, and many citizens of the county, chased the escaped prisoner through heavily wooded and overgrown areas into the open.

The negro prisoner, who escaped by jumping from a truck passing the Lake Charm Fruit Company in Oviedo, said that he arrived at the camp Wednesday morning at 11 o'clock. He said, "I knew it was 11 o'clock because I turned on the radio immediately and the announcer gave the time."

He was taken as he lay just off the road in the sand. Officers knew that he was in the area of State Road 46 when they were advised that the prisoner had tried to get a pair of pants from a negro resident.

Ironically, a trusty at the Seminole County Jail assisted in the capture of the escaped prisoner by carrying the "walkie talkie" outfit during the four mile run.

Sheriff Denver Cordell said that the 190 pound escapee, Robert Jones, will face charges in Seminole County for breaking and entering.

### Full Agenda Faces City Commissioners

The question which has drawn heated debate at meetings of the Board of Sanford City Commissioners will come up tonight at a regular meeting of the Board at 8 o'clock.

At the same time, recommendations of the Planning and Zoning Commission in reference to the rezoning of two areas in Sanford from residential to commercial will be discussed.

All told, the Board of City Commissioners has a full agenda before it this evening with eight items for discussion and possible action.

In the order of their appearance on the agenda, the following questions or requests are to be considered:

Discussion and vote on the motion to discontinue fire service to areas outside the city limits. Debate on the question has heretofore been based on the actual Charter of the City of Sanford which in essence does not allow the city fire equipment and personnel to go beyond the city limits in the carrying out of their duties and on the humanitarian point of view. Possibilities of charges being made for equipment of the City Fire Department to go outside of the city have also been discussed.

Second item on the agenda brings up a discussion of the recommendation to rezone an area south of 25th St. and an area on Laurel Ave. to commercial zones. The Laurel Ave. area extends from Sixth to 18th Streets from the alley between French and Laurel Aves. to the alley between Laurel and Elm Aves. The area south of 25th St. was recommended as an extension of a zone already commercial to allow a national food chain to buy property for a 20,000 foot store.

Other items, in their order, include a request for the transfer of a beer and wine license at 620 Locust Ave.; request for an alley between Yale and Princeton Aves., south of 25th St. to 25th Place; discussion of the use of the old hospital building; consideration of awarding bids on the street reurfacing program; an offer to purchase city property on the west side of French Ave. north of Commercial St.; and a discussion of the possible plan to set a portion of the police salaries as subsistence allowance.

Other matters to be discussed will come up in miscellaneous business from the floor and from members of the Board of City Commissioners.

### Rev. Schlessman Reports Contract Signed For Church

According to the latest word received by the Rev. Phillip Schlessman, pastor of the Lutheran Church of the Redeemer, "The contract is signed and will soon arrive here."

The Rev. Schlessman's refers to the contract to be signed by the Florida-Georgia District of the Lutheran Church, Missouri Synod for the building of a Chapel and Church building for the local Lutheran congregation.

The contract has been tentatively awarded to P. M. Campbell, local contractor and builder, who will get the construction of the building for the Lutheran Church of the Redeemer underway soon.

The proposed building is to be constructed on property recently purchased by the Lutheran Church of the Redeemer on Oak Ave. and 25th Place, just off 17-92 just east of the present location of the Dairy Maid ice cream establishment.

The Lutheran Church of the Redeemer has been holding its services since the beginning of the mission church, Mother's Day, 1953, in the Sanford Yacht Club. Services have been held there continuously with the exception of a brief period due to the high water in 1954.

According to the contract with P. M. Campbell, the construction period of the new church building which is of modern architecture will be 105 days.

A ground breaking ceremony is being planned by the local congregation. However, no date has been set for the event awaiting the arrival of the approved contract.

J. C. Jorgensen is chairman of the building committee for the Lutheran Church of the Redeemer.

## Bribery Charge Made On Kelsey

### Gates Swing Open At 7 p. m. Today For County Fair

The gates swing open this evening at 7 o'clock to mark the opening of the American Legion's 1956 Seminole County Fair.

Slade's Shows, of LaBelle, began arriving yesterday morning bringing a variety of rides for both children and adults as well as side shows and feature shows for the brightest, gayest midway in the history of the local fair.

The big new permanent fair building has been augmented with the use of a huge tent to house the many exhibits that are to be displayed this year.

Organizations displaying work and accomplishments of their group include the Boy Scouts, Cub Scouts, 4-H Clubs, Home Demonstration Clubs, Future Farmers of America, Crooms Academy and others.

Commercial exhibits will give the fair-going public an opportunity to see an array of home and farm appliances, automobiles, trucks, television, office equipment and other domestic and farm goods.

The American Legion Fair Association officials explain that there will not be a livestock exhibit this year due to unforeseen circumstances.

However, they describe this year's fair as the biggest and best of all that have been arranged for Seminole County citizens.

The fair opens tonight and will continue through the week until Saturday night with two afternoon matinees. Thursday afternoon the fair grounds will be thrown open to the Orphans from three Central Florida institutions. The youngsters will hold full sway and will get an opportunity to ride the many unusual amusement devices and see the gala array of sideshows.

Friday afternoon will be the annual Kid's Day with Seminole County Schools turning out at 1:30 to allow children to take in the midway and exhibits at reduced prices.

### Constable Arrested Friday

The chief witness and the one man around whom charges against suspended Sheriff Luther Hobby were centered was arrested Friday night, shortly before 10 o'clock and charged with taking bribes from Negro moonshine sellers in the Oviedo area.

Constable-Police Chief George A. Kelsey was arrested on two identical capias issued by Seminole County Clerk of Court O. P. Herndon as an outcome of indictments secretly returned by the Grand Jury shortly before 8 o'clock Friday afternoon. The indictments were kept secret until the arrest of Kelsey.

Kelsey, who staunchly denied knowing anything of the indictments, was released under \$5,000 bond, \$2,500 on each charge.

The Constable-Police Chief said, "I don't even know what the charges mean," as he waited in the Seminole County Jail pending the completion of his bond.

Both warrants are identical, reading "exacting and accepting unauthorized compensation and remuneration for non-performance of duty."

The trial of suspended Sheriff Luther Hobby will probably get underway tomorrow when the docket is sounded in Federal Court in Orlando before Judge William J. Barker. Government witnesses were subpoenaed today to appear at the Federal Court in the Oviedo Post Office Building. Witnesses answering subpoenas this morning at 10 o'clock included George Kelsey, constable and Oviedo Police Chief, Sanford Police Department Patrolman C. C. Dorson and Joe Hickson, former Police Department Sergeant Bill Horne, former Deputy Sheriff under Hobby, H. R. Cooper, Bill Duxkin, a former Sanford Ave. clothing store merchant and operator of a fish camp, and an unidentified negro.

Attorneys for Hobby include W. W. Judge of Daytona Beach and Mack N. Cleveland Jr., of Sanford. Hobby will appear before Federal Judge William J. Barker with Constable George Kelsey, who is the chief witness in the case.

George Kelsey refused to make any statement in reference to the charges brought against him Friday night pending the advice of his attorney whom he did not name.

Kelsey was taken into custody by Sheriff Denver Cordell and Deputy Sheriff James Singletary and brought to the Seminole County jail where he immediately posted bond and was released.

Charges returned in the indictments handed down by the Seminole County Board of Commissioners.

(Continued on Page Eight)

### Two True Bills Are Returned By Jury Friday Afternoon

Two true bills were returned in indictments by the Seminole County Grand Jury last Friday afternoon shortly before 5 o'clock when the 18-man grand jury completed its day-long investigations and hearings.

However, the minutes of the Grand Jury were impounded for a period of six months as a number of secret indictments were handed down by the investigative group.

The open indictments were against Gilbert Brookins, 33-year-old Winter Park poolroom operator who was taken into custody Tuesday night, Jan. 3 following an attempt to rape an Altamonte Springs single white woman.

Brookins is charged with the rape of a Longwood white nurse Oct. 6. He is identified by both the Longwood woman and the Altamonte Springs woman when he was placed in a six-man lineup at the Seminole County jail.

He is being held in the Seminole County jail without bond.

The second indictment charges Sam Sewell, 47-year-old negro with the first degree murder of Johnny Wade who died Wednesday morning, Feb. 1 at 4 a. m. from stab wounds inflicted by Sewell.

Sewell, whose address is given as 1504 W. 14th St., stabbed the 20-year-old Johnny Wade with a pocket knife inflicting numerous wounds one of which was fatal.

### Cake, Flowers Are Given Mrs. Schultz On 91st Birthday

Remembering her many years as Clerk in the office of the Seminole County Judge, friends of Mrs. Cassandra Schultz helped her celebrate her 91st birthday Saturday morning by presenting her with a huge cake and a bouquet of flowers.

Mrs. Schultz retired from her 25-years service in the County Court House July 18, 1943 after having the distinction of being the first Clerk in the Seminole County Judge's office having served under Judge Ernest Householder, Judge J. G. Sharon, and Judge R. W. Ware.

She also served for 16 years as the first secretary-treasurer of the local Hospital Association. Mrs. Schultz recalls vividly many of her experiences during the years she served in the Court House.

Her son, Carl Schultz and his family arrived yesterday to visit during the 91st birthday celebration.

Helping celebrate the birthday event Saturday morning were, W. B. Williams, Miss Nell Williams, Mr. and Mrs. Floyd Palmer, and Sanford Police Chief Roy G. Williams.

### Man's Wedding Band Lost Friday

A man's wedding band was lost possibly in the vicinity of the Seminole County Court House last Friday, according to Ollie G. Owens, former Chief Deputy in the Seminole County Sheriff's office.

The plain gold band is of immense sentimental value, said Owens, and "I would appreciate its return."

The band of yellow gold has the inscription inside of "June 12, 1939 OGO-GHO."

Owens, now a conductor for the Atlantic Coast Line, did not know where the band could have been lost.

Mrs. B. WILLIAMS PRESENTS a Birthday Cake to Mrs. Cassandra Schultz on her 91st birthday Saturday morning. Joining in for the celebration are Mrs. Nell Williams, Mrs. Floyd Palmer, daughter of Mr. Schultz, Floyd Palmer, and Chief Roy G. Williams. (Staff Photo)

AMERICAN LEGION SEMINOLE County Fair begins to take shape as Slade's Shows moved onto the fair grounds yesterday. The fair will open its gates tonight at 7 o'clock. (Staff Photo)

**BILL BAKER**  
Bill is just one of about 1,300 Southern Bell cable splicers. Seen with the Company almost 10 years. He's active in PTA work, likes to bowl, and is as handy with tools around the house as on the job. Was "optick" to his National Guard pals for years.

Meet Bill Baker, cable splicer for Southern Bell. In his day's work he "joins together" the hundreds of tiny wires in the telephone cables which carry your calls.

Cable splicing is just one of many jobs it takes to fill your telephone needs. And Bill is typical of some 65,000 Southern Bell people who work as a well-coached team. Keeping intricate equipment in top shape. Putting your calls through. Giving you the kind of service you want.

Because you can depend on the people behind the lines, you can depend on your telephone — 24 hours a day.

balming fluid, some experts believe.

Never before a Lincoln so long... and so longed-for

This longest, lowest of all Lincolns is total newness. In every distinctive line it says: this is the one and only completely new fine car of the year. There is a fresh newness here... of beauty, of power, of performance... that has won instant acclaim from those who instinctively recognize the finest.

Lincoln Beauty! Its essence is the clean line... the uncluttered sweep of Lincoln's breathtaking length. Here is good taste that speaks with quiet authority.

Lincoln Power! A mighty, new 285-horsepower engine... teamed with the incomparably smooth Turbo-Drive transmission... delivers more usable power than ever. Laze through traffic with incredible agility... leap around highway slow-pokes... float up the steepest mountain grade and you'll know at last how a fine car can step.

Lincoln Performance! Here's roadability you've never dared imagine. Unique ball-joint suspension, married to Lincoln's scant 5 feet of lowness, locks you sure-footed and safe to the sharpest of curves.

America's motoring trend-setters have taken Lincoln to their hearts... in truly marvelous numbers. Are you, perhaps, denying yourself an experience that should be yours... the adventure of Lincoln?

### Herlong Reports

The President has asked Congress to enact a bill which would appropriate \$1,250,000,000 over a five year period for a school construction program. When the suggestion was first made it sounded good, and I was all for it. I like to see the states do their own financing of school systems wherever possible, but we have so many newcomers to Florida that the impact on our classrooms is greater than that of most other states. We certainly would have to get assistance from somewhere.

The House, however, is not at this time considering the bill which the President asked us to pass. We will consider another bill which will raise the annual appropriation from 250 million dollars to 450 million dollars a year.

The first thing I looked into was how will Florida fare under this new bill? Briefly, we will get \$11.30 per school age child. It is estimated that this will bring Florida \$7,830,152 a year. As a matter of fact, each state gets the same grant of \$11.30 per school-age child, so there is nothing we can complain about there.

I have talked with Thomas D. Bailey, Florida Superintendent of Education, and E. P. Henderson, the executive head of the Florida Education Association. Both of them thought that this substitute for the President's bill would be good for Florida and urged me to vote for it. I told them that I would except for one consideration. I certainly couldn't bring myself to support any such bill if the so-called Powell amendment were included. This amendment says in effect that none of the funds may be used in any state in which the schools have not been integrated.

We have been brought up to a shocking halt in our support of this bill. Word has gotten around that whether or not the Powell amendment is included in the bill, we will not get any of the money for our schools in Florida unless and until we integrate our school system. That certainly required a second look.

A legal opinion was requested of the American Law Division of the Library of Congress. The sense of this opinion was that not only is it the right, but it is the duty of the Commissioner of Education to withhold aid from any state which is not making "satisfactory" progress toward integrating their school system. That is, too high a price to pay for less than 8 million dollars a year. Therefore, in order to do everything I can to preserve our traditions, I must vote against the bill. We can do a better job for less money on a state level.

The Florida Delegation brought the whole matter up recently at a meeting of the southeastern zone. While everyone was not present, those who were present were unanimous in their belief that all

### Grecian Silhouette Is Good Hair Style For 1956 Fashions

By VIVIAN BROWN  
AP Newfeatures Beauty Editor

When in doubt about a hairstyle choose a Grecian silhouette. That's the advice of James Caesar, New York hairdresser who explains:

"The classic hairdo is always in good taste. But this year especially with the long torso, the Grecian hair styles are important. Whenever styles are down in line, the hairdo must go up and back. The close to the head look helps minimize the size of the head, keeping it in tune with slim fashions."

Small hats, predicts Caesar, will be extremely popular because "women want to show off their hair and large hats hide their locks." The average woman, he says, takes more pride in her hair than ever before, realizing it is one of her most attractive features.

It isn't necessary to have long hair to achieve the backwash, chignon hairdo. The effect may be achieved with long or short hair. It isn't the length but the line you achieve with your hair that counts, he says.

Two variations of the same hairdo are suggested by Caesar using 1 1/2 inch hair length. Both hairdos are brushed straight back from the brow with no part. One is done in a high chignon in a loose mass of curls swept up from the nape of the neck, just below the crown. The other is a smooth chignon that is swept into place without the aid of barrette or comb.

The new tiny hats worn at the back of the head are ideally

Jack D. Petty, 20, son of Mr. and Mrs. Alvin J. Petty, Route 1, Box 138, Sanford, John "E." Smith, 19, son of Mr. and Mrs. Sonny Smith, Route 1, Box 138, Sanford, and Willie D. Petty, Jr., son of Mr. and Mrs. Willie D. Petty, Sr., 609 W. 8th St., Sanford, were enlisted in the U. S. Marine Corps on Feb. 1 for three years each.

The Sanford youths are currently undergoing recruit training at Parris Island, S.C.

sued to the chignon or you might prefer a rhinestone ribbon, or rhinestone butterflies fastened to the back of the chignon for special elegance.

There is no doubt that hairdos will be ladylike this season, whether you choose an Oriental or Grecian style. The idea to avoid apparently is the careless, fuzzy, stringy-haired effect that is so complement to this season's chic fashions.

### Legal Notice

NOTICE TO APPEAR  
STATE OF FLORIDA vs.  
LOUISA M. GAYNES, Defendant  
vs. A. N. M. Maintenance Support  
Trust Homeowners Wing (Magnum  
Apt. 111 City Place, New York  
City, New York)

This is to give you notice that on the 21st day of January, 1956, suit was commenced by Betty J. Cowden as plaintiff against you as defendant in the Circuit Court Ninth Judicial Circuit, Seminole County, State of Florida, in Cause No. 10,000, in which you are named as defendant. You are hereby required and directed to appear before the above court at Sanford, Florida, on the 23rd day of February, 1956, at 10 o'clock in the forenoon, to answer your written defenses, if any you have, to the said suit, and on or before said date deliver a copy thereof to the attorney for the plaintiff, Herman F. Mohr, 428 Conway Road, Orlando, Florida. If you do not, hence a decree will be entered and the said cause will proceed on the merits and as according to law. Witness my hand and the official seal of the above entitled Florida, this 21st day of January, A. D. 1956.  
(Court No. 10)  
H. F. Mohr  
Clerk Circuit Court.

## Beautifying Of French Avenue Is Project Worth Attention

We're hearing a lot about French Avenue. A grand celebration to be held on March 9 dedicating the thoroughfare to the benefit of the motoring, traveling, and shipping public.

There's no doubt in the world that this celebration will draw hundreds of people to the afternoon dedication that will be held at 4 p. m. in front of Seminole High School. Visitors will come from far and near to see and hear or to participate.

At night, there will be a Seminole County Chamber of Commerce Dedication Banquet at the Mayfair Inn, an event to which tickets were sold out, even over a week before the announcement was a week old.

Citizens of Sanford and Seminole County should be proud of this brand new Avenue—the first major paving project in Seminole County in 30 years. There is provided for the completion of the project, a wide, four-laned, paved street that will relieve all of the congestion over one of the most heavily traveled sections of road in the State.

We sincerely hope that every person in Sanford and Seminole County will avail themselves of the opportunity to show their appreciation for the completed French Avenue project by attending the dedication ceremonies.

However, we would like to bring out another phase of French Avenue that possibly has been overlooked up to the moment—at least, if it hasn't been overlooked nothing has been said of it.

That is this—French Avenue—now a wide, beautiful thoroughfare is practically

#### TODAY'S BIBLE VERSE

I will give thee thanks in the great congregation; I will praise thee among much people.—Psalms 35:18.

devoid of trees, shrubs, and other nice looking ornamentation. The blankness should be removed by the planting of oaks, palms, azaleas and other plants to give our new travel addition a touch of what Sanford really is—a beautiful place in which to live.

Someone should take hold and see this part of the project to the end. French Avenue can be an avenue of beauty and loveliness with its wide pavement and smooth contours. It could be a welcome note soon forgotten by the visitors who are traveling through.

There are portions of the street and highway already completed that could be beautified immediately. Believe it or not, this is an important project, next in importance to the paving itself, for it is this welcome that will attract visitors to stay with us now.

Yes, the beautifying of French Avenue is a project worthy of immediate as well as all out attention on the part of many Sanford citizens and organizations.

### Hats Off To Baseball!

Organized baseball's darkest moment is recalled by the death of Buck Weaver, who in 1920 was one of eight Chicago White Sox players barred from the game for taking money to lose the world series of 1919. Weaver always maintained he was innocent but never won reinstatement.

For a sport in which gamblers are interested baseball has managed to keep pretty free from scandal. Only a handful of players has ever been barred for dishonesty. When the Chicago scandal was revealed, it rocked the sporting world. To save the game, club owners agreed to name a high commissioner who should have power to take drastic action when necessary. The first occupant of the post was Federal Judge Kenesaw Mountain Landis, a forceful official who restored public confidence in the operation of the big leagues.

Today, baseball circles the globe. Wherever you see sports minded people gathering, there will always be baseball to form the nucleus of interest.

In hamlets and villages, towns, municipalities, and cities, there are baseball games for the young and the old. For schools, colleges and civil organizations, baseball provides the medium to bring together the youngsters with which they are taught the lessons of clean sport and true sportsmanship.

Our hats are off to baseball!

## Sen. Case Sets Off Time Bomb

By JAMES MARLOW  
 WASHINGTON (AP)—That was a time bomb Sen. Francis Case (R-Mo.) set off. It was only a matter of time before there was an explosion if the Senate battle over the gas bill lasted long enough. It lasted three weeks.

A handful of Democrats and Republicans had complained the oil and gas industry was using enormous pressure to get senators to vote for this bill—a majority did last night—to take direct federal control off natural gas producers' prices. On the other hand, backers said there was heavy pressure from distributing utilities.

None of them said he had been offered money—until Case got up. Sen. McNamara (D-Mich.) a week ago demanded a Senate investigation of the "giant oil companies." The rest of the Senate showed little interest.

Then Case, a South Dakota Republican, told the Senate Friday that a lawyer he had never met—but who he believed wanted the gas bill passed—gave a friend \$2,500 for Case's re-election campaign. Case said he ordered it returned.

Yesterday John M. Neff, a Nebraska lawyer who registered in his state last year as a lobbyist for the Superior Oil Co. of Austin, Tex., identified himself as the giver of the \$2,500. He said it was for Case's campaign, with no strings attached.

It seems certain there will be a Senate investigation. It isn't clear whether the investigation will be

limited to the Case matter or of the bill, said this wasn't a one-way street, that the utility companies—whose profits might suffer if the producers could charge more for their gas—had set up a well-financed lobby to defeat the bill.

Sen. Douglas (D-Ill.), leader of the bill's opponents, said the "big producers" had put such pressure on the Federal Power Commission (which was supposed to regulate producers' prices) that a "majority of the commission has chosen to play it safe."

Sen. McNamara (D-Mich.) said the "million dollar lobby of the oil industry" had pressured all his friends and "they use money... and techniques fair and foul... They... beamish individuals... who oppose this bill."

Sen. Potter (R-Mich.) said in his eight years in Congress he had never seen such pressure to vote for a bill. He told this writer: "Practically every personal and political friend I ever had was contacted to get me to vote for the bill. It's amazing."

Sen. Albright (D-Ark.), author

## Farewell To Theatre World

By HAL BOTLE  
 NEW YORK (AP)—This is one man's reluctant farewell to the Broadway theater world.

One of the main reasons I left a comfortable life in Kansas City 19 years ago to come to harried Manhattan was to see live actors in live plays.

The theater was my main magnet. It held an intoxicating glamour. The intoxication has departed. The hangover remains. I'll settle for television.

There are now about 30 plays on Broadway I have seen six of them, and some under protest. Fifteen years ago I would have seen at least 25.

What happened to me, a typical theater lover? Perhaps it is the ennuil of middle age that I see fewer plays. It may explain why I haven't been to an opening night in years.

But one who falls out of love usually manages to find a flaw in the object that once held him rapt. He doesn't like to admit that it is he alone who has changed.

And so I pick faults in the theater, which once I loved this side of idolatry. I prefer to think it has changed more than I have.

The musty excitement, the crowding together, the waiting thrill of a curtain going up on a new world. The secret stepping off from a faded rest into a bright adventure on the stage, the feeling produced by lights going down as a life situation comes up—these things I miss and miss them more as time goes by.

But going to the theater has simply become too darn much trouble. The emphasis on Broadway today is on hit shows. Those that aren't an immediate hit usually fold their tents and silently steal away.

To get to see a hit play you either have to write for the tickets weeks in advance, pay an exorbitant price for them, or cozy up to a guy of influence.

Contrary to popular belief, a newspaperman can't walk into a Broadway show by flashing his press card. The only time I ever tried to use a press card was to borrow money from a bank, and I was turned down. Since then I have borrowed heavily from a bank across the street, hoping to drive the other bank out of business. This didn't work. While it did stir up considerable interest, I had to pay the interest.

I don't like to buy in February

### PASSION PLAY

## Oil Industry Tackles Problem

By SAM DAWSON  
 NEW YORK (AP)—The price of coffee is on the rise. The cost of coal is going up in the spring.

Men face the chance of paying more for their clothing in the fall. Bottlers of soft drinks and beer will pay more for the glass containers soon.

The oil industry debates the wisdom of a hike in crude oil prices which could be reflected in petroleum products later on.

But those samples of "creeping inflation" today have one especially bright effect. Most prices are being cut at retail. Chances are good that next month will see lower prices on several other food items, even if the relief is mostly nominal.

Coffee roasters have listed higher wholesale prices twice in a week. They cite the recent sharp rise in the price of green coffee beans, especially from Central America and Colombia. They say the crops there have been damaged by too much rain at late harvest, frosts in Brazil were blamed for a tightening up of the hazy supply situation.

Numerous coal prices are expected to go up April 1. Operators say it will be due to higher wages and increases in their other expenses. Price hikes in various areas will range from 15 to 30 cents a ton. This will bring them back to about where they were in 1944.

Men's clothing prices seem likely to rise in the fall by at least 5 per cent. Wool prices have turned up.

The oil industry is pretty well split over the question of a hike in crude oil prices. Rising costs of

drilling for oil and of pumping and delivering it are pointed out as one reason. The recent general increase in wage scales in the industry is the big rush of livestock

to market. This has tumbled retail meat prices in many cases, and the season for stepped up production of milk and early fruits and vegetables lies just ahead.

On the bright side for the consumer is the big rush of livestock

to market. This has tumbled retail meat prices in many cases, and the season for stepped up production of milk and early fruits and vegetables lies just ahead.

Puts you in the Big Time

Why hold back from the fun and thrill and pride of owning a Buick—when you can boss such a big and strapping beauty for the price of a smaller car?

Hard to believe? Listen... If you can afford any new car, you can afford this brawny Buick Special Sedan—for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars—and actually costs less than some models of those very same cars. (The price we show here proves that.)

Want more proof? For two years in a row now, Buick has outsold every other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story—not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction—more snap and ginger and power thrill—more comfort and luxury—more ride stability and steadiness—and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price—if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own—what's holding you back?

Drop in on us right quick—tomorrow, maybe?—and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.

Best Buick yet

The Intermediate Choir rehearsal will be held at 7 p.m. in the First Baptist Church.

The Adult Choir rehearsal will be slated at 8 p.m. in the First Baptist Church.

The regular meeting of Seminole Chapter No. 2 OES will be held at the Masonic Temple at 8 p.m. All Past Matrons and Past Patrons will be honored at this time.

## SUNDAY DINNER Suggestions

FOR a delightful variation in a standard Sunday dinner fare, why not try a picnic shoulder with sprouts? This recipe, suggested by the A&P Service For Homemakers, makes eight servings.

Place a six-pound picnic shoulder in a kettle with water to cover. Add a small onion, sliced, six whole cloves, one bay leaf, two tablespoons butter and one tablespoon vinegar. Cover and simmer three hours. Allow meat to stand in the liquid for one hour. Trim off skin and score fat. Place on rack in open roasting pan. Drain contents of one No. 3 can apricot halves and pour half of juice over meat. Bake in moderate oven for one hour. Baste most frequently with remainder of juice. Arrange drained sprouts in a shallow greased baking pan and sprinkle with brown sugar. Bake in even with picnic shoulder for about ten minutes of baking time. Fill centers of sprouts with a little currant jelly and serve with a dash of ketchup.

FOR a hearty winter dessert, try this recipe for sweet potato pie: Combine two cups mashed, cooked sweet potatoes, three tablespoons melted butter or margarine, table-spoon cinnamon, half teaspoon nutmeg, half teaspoon ginger, one and one-fourth teaspoons salt, half cup mince, quarter cup orange juice, table-spoon grated orange rind, three well beaten eggs and one cup milk. Mix well and pour into unbaked nine-inch pie shell. Bake in hot oven ten minutes. Reduce heat to moderate oven and bake 18 minutes or until set. Cool, and serve with whipped cream flavored with a dash of cinnamon.

## Catholic Women Card Party Is Termed 'Success'

The Catholic Women's club held a Card Party in the Mayfair Inn recently with over 70 tables full of players.

Decorations carried out a Valentine motif along with lace cutouts. Dessert served during the evening consisted of delicious cherry tarts and coffee.

F. E. Roumillat Jr. served as master of ceremonies. Mrs. R. J. Ruman, president of the Catholic Women's Club welcomed the guests on behalf of the club members and the Rev. Father Richard Lyons gave a short talk.

Allyson Lee, talented daughter of Mr. and Mrs. John L. Lee furnished music for the guests throughout the afternoon.

The hostesses and several others who were assisting were authentic reproductions of Colonial gowns. The bride dress of Mrs. H. J. Lehman's mother was worn by Mrs. C. R. Dawson. She also wore the original small bonnet and carried a matching parasol.

Receiving donations were Miss Elizabeth Woodruff, Miss Dial Boyle, Mrs. Floyd Cooper and Mrs. C. Robert Jones.

The home was beautifully decorated with camellias, azaleas and red bud. The table was resplendent with silver appointments and camellias.

Pouring were Mrs. C. L. Park Sr., Mrs. Fred Williams, Mrs. R. W. True, Mrs. Raymond Ball, Mrs. George D. Bishop and Mrs. Margaret Regan received high in Hearts, E. Walke high in Pinochle and Fred Lefkowitz in Gin Rummy.

## Hemerocallis Group Is Given Quiz By Mrs. Household

The Hemerocallis Circle of the Garden Club met at the home of Mrs. Watson Reel on Lake Emma Thursday evening.

Mrs. C. H. Moss presided over the routine business discussion. The new officers were elected and are as follows: Mrs. Moss, chairman; Mrs. C. F. Lind, vice chairman; Mrs. S. J. Nix, secretary; and Mrs. Eric Vihlen, treasurer.

Guest speaker, Mrs. Karlyle Household, conducted a quiz on horticulture which "was very interesting." Winners of the quiz were Mrs. Vihlen, Mrs. Miriam Vinup, Mrs. R. T. Hunt, Mrs. M. E. Baker, Mrs. R. L. McKnight, and Mrs. Bea Newsome. Each was given a Rex begonia.

Refreshments carried out a Valentine motif. Hostesses were Mrs. D. E. Brubaker, Mrs. M. D. Bumgarner and Mrs. Vinup.

Those present were Mrs. F. J. Adams, Mrs. J. P. Hall, Mrs. M. B. Smith, Mrs. Eric Vihlen, Mr. R. T. Hunt, Mrs. M. E. Baker, Mrs. C. F. Lind, Mrs. Watson Reel, Mrs. D. E. Brubaker, Mrs. M. D. Bumgarner, Mrs. Miriam Vinup, Mrs. Bea Newsome, Mrs. C. H. Moss, Mrs. R. L. McKnight, Mrs. J. G. Haderer, and Miss Laura and Miss Edna Chittenden.

A little currant jelly leftover? Mix it with salad oil, lemon juice and a dash of salt; use it as dressing over a salad of romaine and fresh pear.

## D.A.R. Colonial Silver Tea Held In Hagan Home

In the interest of the General Sanford Memorial Library and Museum, Sallie Harrison Chapter N. S. D. A. R. gave a lovely Colonial Silver Tea Friday afternoon at the home of Mrs. L. P. Hagan, 1702 Park Ave.

The receiving line were Mrs. Hagan, Mrs. Sara Howard, Mrs. do Second vice Regent of the D. A. R. of Florida; Mrs. H. W. Bucker, Regent of Sallie Harrison Chapter; Mrs. Mary Sue Compton and Mrs. Robert Jennings.

Assisting hostesses were Mrs. A. C. Benson, Mrs. R. J. Holly, Mrs. Miriam Russell of Winter Park; Mrs. C. R. Dawson, Mrs. Al Lee, Mrs. F. E. Holt, Mrs. F. E. Roumillat, Mrs. A. R. Key, Mrs. M. S. Wiggins and Mrs. Wallon Hansen.

Approximately 200 guests called during the afternoon including interested friends from Orlando, Oviedo, Geneva and Lake Mary.

## Jacaranda Circle Views Sound Film On Plant Growth

The Jacaranda Circle of Sanford Garden Club met at 7:30 P. M. Feb. 1 at the Garden Club, with Mrs. F. L. Miller, Mrs. R. E. Peurifoy, and Mrs. Irving P. or hostesses.

Homer Osborne hewed a sound film on the miracle of plant growth, and explained proper fertilizers needed for certain plants.

Mrs. Nute Flanders showed colored slides of geranium beds in the park around Buckingham Palace, and flower gardens in other parts of England and Scotland, as well as the Garden Tour in Daytona Beach last year.

The meeting was presided over by Mrs. Metta Starke, chairman, who called to attention of the members various flower shows and garden meetings coming up throughout the state.

A note was read from Southside Primary School thanking the circle for an azalea the circle planted there on Arbor Day.

An election was held and officers for the coming year are: Mrs. Metta Starke, chairman; Mrs. J. C. Andrews, vice-chairman; Mrs. Irving I. Pryor, secretary; Mrs. Elton C. Bush, treasurer.

The room was decorated with a Valentine theme; cut-out valentines on the walls, and arrangements of red and white gladi, red and white nasturtiums, and Brazilian pepper.

The meeting adjourned with delightful refreshments being served by Mrs. Andrews, Mrs. Bush, Mrs. Joseph Terlap, Mrs. A. J. Walker, Mrs. E. C. Campbell, Mrs. R. L. White, Mrs. Beaula Thornton, Mrs. F. O. Smith, Mrs. Bertha Rhodes, Mrs. D. E. Walter, Mrs. H. E. McSwain, and visitors Mrs. Lola Peyton, Mrs. T. C. Pitchford, Mrs. Flanders, and a new member Mrs. Dorothy Anthony, and the hostesses.

## Legion Auxiliary To Sponsor Booth

The American Legion Auxiliary booth at the fair opened this afternoon on the Fair grounds.

Mrs. Estelle Russell is in charge and she announced that workers are badly needed. Members who will be able to help are asked to call her before 8 a.m. or come to the booth.

Pies and cakes will be donated by the group and delicious refreshments will be sold.

It's not necessary to remove the skin from eggplant unless it is tough. And soaking eggplant before cooking is out of date; just wash it.

Ceramics Class meets at Seminole High School at 7:00 p.m.

## Camellia Circle Selects Leaders At Recent Meet

The Camellia Circle of the Garden Club met Thursday evening at the Garden Center with Mrs. Duval Huntr, Mrs. Herbert Stenstrom and Mrs. E. C. Harper Jr. as hostesses.

The session opened with the reading of the "Lord's Prayer". Mrs. Ralph Betts gave a report on garden therapy and Mrs. John Dunn reported on horticulture.

A nominating committee presented a slate of officers for the next year. They are, chairman, Mrs. Ralph Betts, vice chairman, Mrs. John Dunn, secretary, Mrs. Robert Douglas, treasurer, Mrs. David Gatchel.

Members were reminded of the Annual Garden Club Luncheon to be held at the Mayfair Inn Feb. 16. Mrs. Vernon Hardin and Mrs. Ralph Betts will represent the circle at the State Convention in Tallahassee in March.

Refreshments were served by the hostesses to Mrs. Dunn, Mrs. J. L. Horton Jr., Mrs. George Speer, Mrs. James B. Gut, Mrs. Dan Batten, Mrs. Ralph Betts, Mrs. Sonny Lodge, Mrs. Alvin Penley, Mrs. Robert Douglass, Mrs. Jack Martin Jr., Mrs. Vernon Hardin and Mrs. Harold Chapman.

A very interesting program was given by those who attended the Flower Show School. Mrs. Ralph Betts spoke on flower show practice. Mrs. Hardin on flower arranging and Mrs. Batten on horticulture.

Want a good topping for coffee cake? Mix a quarter cup of flour with a half cup of sugar; cut in a couple of tablespoons of butter or margarine until the mixture is crumbly. Sprinkle over coffee-cake batter (made with baking powder) before baking.

## Seminole Hi

BY NAN CUSHING

Thursday night the musical enthusiasts of Sanford gathered at the H.S. auditorium to listen to the nationally famous University of Miami Symphonic Band conducted by Fred McCall. The music ranged from "Marche Poca" in "Comia' Around in' Mountain."

Dr. Henry Wilmore, guest conductor, delighted the high school students by staging a jam session. Uncle Henry, as he is sometimes called, had as much fun as we did. Upon his request Mr. Cowley led the symphonic band as they played "Klaxon." Our band requested that Uncle Henry play his interpretation of "Americans We." This will be very helpful to our band because they are going to play it as district.

The last number was a baton twirling exhibition given by "Miss Majorette of America," Janis Wadsworth Wyatt. In closing they played the "Star Spangled Banner."

Feb. 17 the Juniors will hold their prom for the class of 1936. We all know this is leap year but follows a prom just isn't that kind of a dance. Remember, it's still a man's world. Also, a thought for the gals: a corsage demands a boutonniere.

At last! They're here! What do you say? Why the last Junior class rings of course. We wish to express our thanks to Mrs. Park for her part in the ordering of the rings. It is another of the extra activities that our teachers are always doing for us.

## Miss Myrtie's Schedule

Schedule for Miss Myrtie Wilson, home demonstration agent, from Feb. 15 to 21 is as follows:

Feb. 15, visit the American Legion Fair on the American Legion grounds, sometime each day during the week, where the seven Home Demonstration Clubs and the twenty-four Girls' 4-H clubs have exhibits.

Lake Mary Girls 4-H Club will meet at the school at 1:00 p.m. Demonstration "Custard Variety" will be given by two members of the club.

Feb. 18 County Public Speaking Contest for 4-H Girls will be held at the office of the Agent in the Courthouse at 9:30 a.m. This is elimination contest and the winner to go to District contest later.

Feb. 20 Agent has been invited to assist with the judging of baked products exhibited by the Girls' 4-H Clubs at the Central Florida Fair, Orlando.

Feb. 21, County Chorus will meet at the Community Center in Sanford at 8:30 a.m. for practice. Elder Springs Home Demonstration Club will meet at 2:00 p.m. Demonstrations will be on "Slip Covers" and "Judging for Dress Revue."

Ceramics Class meets at Seminole High School at 7:00 p.m.

## Mrs. S. Dickerson Gives Landscaping Talk To Members

The February meeting of the Dirt Gardeners Circle was held at the home of Mrs. R. T. Cowan with Mrs. Clyde Ramsey and Mrs. W. A. Fitts assistant hostesses.

Previous to the session Mrs. S. C. Dickerson gave an interesting talk on landscaping. She reminded members that "landscaping is the watchword for Florida this year." She stressed the importance of trees being used as a background.

Mrs. Myron Smith, chairman, announced all coming calendar events. She also stated the hospital needed containers and needles, and asked members to donate these articles. Reservations were taken by Mrs. W. D. Gardner for the annual luncheon to be held at the Mayfair Inn on Feb. 16. Members were urged to attend.

Those present were Mrs. A. L. Lee, Mrs. Clyde Ramsey, Mrs. W. A. Fitts, Mrs. E. D. Rinehart, Mrs. W. D. Gardner, Mrs. Myron Smith, Mrs. George C. Harden, Mrs. Dog Perry, Mrs. Harry Heeren, Mrs. S. C. Dickerson, Mrs. Irvin Fleischer, Mrs. W. A. Yung, Dr. Doris Cline, Mrs. W. G. Fleming, Mrs. Pritchard, Mrs. R. T. Cowan and Mrs. R. F. Robinson.

### Real Mercedes' Be Shown Here

Hitler's personal armor-car, the "Great Mercedes," will be shown here at the annual tour of America, and will be presented in Sanford Thursday, Feb. 16 by Disabled American Veterans, Chapter No. 20.

Following the custom of dictating Hitler demanded the biggest and best for himself. The actual cost of building this car is incalculable, as the Mercedes-Benz plant in Stuttgart, Germany, at that time, used slave labor. In fact, it is a monstrously, but mechanically, a beauty. It is twenty feet long and weighs ten thousand pounds, which includes two thousand pounds of one-half inch armor plate, and one-fourth inch bullet proof glass windows and windshield. The doors weigh thousands each. Cruising speed is 30 miles per hour, and with the motor-charger it will do better than 100 mph. The capacity of the fuel tank is 55 gallons and the car gets three to four miles per gallon of gasoline.

Compared to styles in this country today, the car is in the freak class, and must be seen to be appreciated. It was the pride and joy of "Der Fuehrer" and was the official State car for special occasions, such as the entry into the conquered city. Since he seemed to receive the "helix," it was made with a convertible top, and with the right front seat, which he used, folding back out of the way. The floor boards on the right front side are higher than the boards in the rest of the car. This gave Hitler the appearance of a taller man.

Fate has deemed that the very object of Hitler's folly is now used by people he hoped to conquer, to raise funds for useful purposes, and not for conquest.

The exhibit will be located at Cornet 1st St. and Magnolia Ave. and open to the public from 10 a. m. to 8 p. m.

Teachers are invited to bring classes at any time during these hours. No admission is charged but voluntary donations are accepted.

Four Sanford youngsters did their part in helping the Central Florida Cerebral Palsy drive go over the top.

Al Goddard, who lives in the Wynwood Section, saw portions of the WDBO Television and watched children bring donations to Orlando's Municipal Auditorium. He decided that it was time that something be done here "for the wonderful cause."

Al, along with three of his friends, Kenneth Hamilton, Larry Singletary and Tom Brown got together and canvassed their neighborhood collecting a total of \$20 which will be turned over to officials of the drive.

### 4 Youths Do Part In Palsy Drive

### Legal Notice

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.

HEIR, EST. OF GERTRUDE H. LOCKE

Decedent: GERTRUDE H. LOCKE

ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE are hereby notified that they should present their claims and demands, which may or may not be in writing, to the County Judge of Seminole County, Florida, at his office in the Court House of said County at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be sworn to by the claimant, agent, or attorney, and any such claim or demand not so filed shall be void.

Helen Rosemarie, administrator of the Estate of Gertrude H. Locke, deceased.

Walter H. Haines, Attorney at Law, 1111 Park, Florida, First publication Feb. 6, 1956.

### DISTRIBUTOR WANTED

Tremendous Income yearly possible

National Company, the largest manufacturer of their particular food products affords opportunity to ambitious men for local business dealing in essential, nationally advertised products. Can be handled in spare hours at start if desired. Weekly applications and demonstration more important than past experience. Our liberal credit plan enables rapid expansion. This is a business opportunity on a high plane for high type men of character.

Applicants must have approximately \$3500.00 creditable, and references will be furnished by company and expected applicant. A car is necessary. Externally high weekly income immediately possible with rapid increase as business is expanded. Greater applicants aspiring a eventual earnings of \$12,000.00 yearly. All that is required is the willingness and a desire to follow simple field instructions. If you can do this, the necessary cash can be obtained. For C. W. Sanford Herald, Sanford, Florida, history and more numbers.

### Complaints Heard Of Rubbish Thrown Along 20th Street

Residents of the Country Club road area of Seminole County are beginning to complain about garbage and trash being thrown out along the highway causing unsightly appearances as well as unsanitary conditions.

The complaints reached a climax Saturday morning when several sacks of garbage were stacked up along the side of 20th St. Country Club Road with papers, cartons, and tin cans scattered in various places.

Unsanitary conditions have existed in several areas on occasions. In several instances, investigations were made and evidence of the persons throwing the trash onto the road sides unearthed.

Citizens were required, it was reported, to clean up the trash and garbage and dispose of it in dumps provided for the purpose.

### Speaker

(Continued from Page One)

\$7 or \$8 billion compared with \$12 billion in each of the four preceding years. In the same year home mortgage loans outstanding increased by \$12 billion, an unprecedented amount. While probably over simplifying the problem, there is the answer to the relative shortage of home mortgage funds in late 1955.

"Where did the balance of the money come from? There was some switching by insurance companies and savings banks out of government bonds and other investments. Into home mortgages. This provided a small portion of the balance. For the balance the principal home financing institutions arranged commercial bank credit on a wholesale basis.

"Meanwhile, however, business and industry was also expanding and also requiring bank credit in record proportions. Pressed for credit from all sides banks, too, approached the peak of their lending capacity unless the Federal Reserve System chose to exercise its power to create more money. This the Federal Reserve declined to do contending that the economy was already producing at the peak of its capacity and that to make more money and credit available would only result in pushing up prices. Undoubtedly, the Federal Reserve and other cooperating federal agencies in housing have saved potential home buyers millions of dollars in price increases by restricting credit terms. The Federal Reserve has not veered from this policy by early February.

"With money available for credit remain in relative short supply. The pendulum generally swings far in both directions and the worst is probably over. Future developments in the money market depend on: (1) continued overall demand for credit from all sources; (2) the trend of savings of the people; and (3) policy of the Federal Reserve System and other federal agencies related specifically to the field of housing.

"Even though home building and auto production may be down in 1955 this gap, it appears, will be more than filled by continued industrial expansion; increased public expenditures for highway, schools, hospitals, etc. The demand for credit in 1956 will probably exceed 1955. Savings of individuals appear to be increasing but will probably not equal the 1950-54 rate in 1956. Few expect the Federal Reserve to change its restrictive policy unless there is a noticeable reversal in the business trend. Many expect this to occur during the last half of 1956. Congressmen are pressing the various federal agencies in the housing field to relax credit terms. This is, of course, politics and not necessarily sound money policy.

"On balance, by mid-year the

### Resident's Father Dies In Georgia

Gurdon R. Foster, father of Mrs. Victor Greene of Sanford, died Saturday at 2 p. m. in the John Archibald Hospital in Thomasville, Ga. after a long illness.

Born in Chambers County, Ala. in 1865 he had made his home in Monticello since 1917. He was superintendent of the Presbyterian Orphanage of Synod of Alabama at Talladega for a number of years. Survivors include his widow, Mrs. G. R. Foster; one daughter, Mrs. Victor M. Greene; three sons, Henry B. Foster, Alfred Foster, Monticello; and Gurdon R. Foster Jr., of Louisville, Ky. Also seven grandchildren and two great grandchildren. He was the brother of the late Alfred Foster.

Mr. and Mrs. Victor Greene left Sunday and Mr. and Mrs. Alfred Greene left this morning to attend the funeral which was held at 3 p. m. in Monticello today.

When Hitler reached the climax of a speech, he would often crush his glasses in his hand, although he refused to wear the glasses in public.

### Three Hospitalized Following Accident

Three negro women were hospitalized Saturday night at midnight following a crash of a 1955 Ford car on the Markham-Longwood Road.

Sheriff Denver Cordell said that Willie B. Evans, driver of the car, lost control of his automobile on a curve, skidded 215 feet, hit a power pole and then crashed into a tree.

The car, said the Sheriff, was a total loss.

Three women, whose names were not immediately available, were carried to a hospital. One, Sheriff Cordell said, had a possible broken hip, one with broken ribs, and the other was injured but nature of the injuries not available.

Evans was charged with reckless driving willful and wanton driving while licensed revoked, and displaying a revoked license.

U. S. population at more than 165 million has increased more than 10 per cent since 1950.

### J. Galloway Says 8,470 Tags Sold

John L. Galloway, Tax Collector, who acts as Agent for the Motor Vehicle Commissioner, states that only 8,470 automobile license tags have been sold to date, which is far behind the total sold last year.

Galloway warned that the 1956 tags will expire midnight February 29 and any one with a 1956 tag on his car after that date will be violating the law.

He said a last minute rush is expected and in order to avoid standing in line during the last few days motorists are urged to get their tags now while they can do so in a matter of seconds.

Galloway further stated the tag office will be open noon hour on Saturday, February 18 and remain open during the noon hour on Monday, February 20.

All that is needed by a local resident who purchased a 1956 tag in Seminole County is the number of that tag, Mr. Galloway said. But he said those buying tags here for the first time must present their registration cards and out-of-state residents must present a title or other necessary documents of ownership and must personally inspect their vehicles and know the engine and serial numbers as an affidavit to that effect must be executed.

Mr. Galloway also said every person who works in Florida or has children in school in this State must have a Florida tag on their car.

### Four-Car Accident In Midway Reported

A four-car accident in Midway, on Church St., caused apparently by one car out of control caused property damage estimated at nearly a thousand dollars, Saturday night about 9:45 p. m.

Deputy Sheriff Ed Pratt, who investigated the accident, said that a car driven by 37-year-old Sylvester Randall smashed into three other cars before coming to a stop.

Randall, after crashing into the left front fender, bumper, grill and axle of the third car, jumped and ran from the scene. He later gave himself up at the Sheriff's office and admitted driving the car which caused the damage. He is a mail carrier at the guided missile base at Cocoa.

Randall first hit a car driven by Henry Allen Floyd of Sarasota, then crashed into a car owned by Willie Cummings, and finally smashed into a car owned by Albert Thompson.

Officers investigating the accident included Pratt, Sheriff Cordell, Deputy Sheriff Cotton Brown and Constable J. Q. Galloway.

### Gay Will Speak At Lions Club

Clarence M. Gay, former Comptroller of Florida, and President of The Citizens National Bank of Orlando, will be the guest speaker at the regular meeting of the Sanford Lions Club on Tuesday, Feb. 14. All Lions are urged to attend and visitors who wish to hear Mr. Gay are invited.

The hardy killwax is sometimes called the frost or winter gull because it is able to stand severe cold.

One woman lost \$2,000 to the film-flam artists who are apparently going from one settlement to the other.

### Women Involved In Film-Flam Game Are Being Sought

Two negro women involved in a film-flam game are being sought, said Seminole County Sheriff Denver Cordell, this morning.

Sheriff Cordell said that two negro women, one a stout woman and the other thin and dark, have been working in both the Georgetown and Lockhart areas, Saturday morning.

One of the women would alight from the car, a light green one, according to witnesses, and offer the "guaranteed cuba number" for one dollar. Locating money, hidden by those offering to buy the number from the woman, they would return and ransack the house.

CLYDE BEATTY, 55, famed animal trainer, gives a show before to circus, a four-year-old baby lion who clawed him during a performance of the Marine Circus in Denver. Beatty was sitting up his 20 lions and tigers for their act when Beatty leaped at him, knocking the chair from the trainer's hand. Scrambling off the scratches on his arm, Beatty commented: "I guess I must be getting real old."

### Four-Car Accident In Midway Reported

A four-car accident in Midway, on Church St., caused apparently by one car out of control caused property damage estimated at nearly a thousand dollars, Saturday night about 9:45 p. m.

Deputy Sheriff Ed Pratt, who investigated the accident, said that a car driven by 37-year-old Sylvester Randall smashed into three other cars before coming to a stop.

### Laboratory Fixed In Casselberry By Chemical Co.

CASSELBERRY—A research laboratory for the study of Nematodes in relation to the spreading decline of citrus and, to develop new and better ways of using soil fumigants has been established here by the Dow Chemical Co., of Midland, Mich.

The laboratory, under the direction of Dr. C. E. Dieter, assisted by Barrett L. Collier, R. M. A. has operational headquarters covering all of the Southeastern States.

Dr. Dieter, a specialist in Nematode problems received his doctorate in plant pathology at the University of Wisconsin in 1940 and, in that same year became associated with the Dow Chemical Co., in its agricultural research laboratory at Midland.

From 1946 to 1953 Dieter was stationed at Dow's Field Research Laboratory, in South Haven, Mich. from where he made several field trips to Virginia, the Carolinas, Georgia, Mississippi and Arkansas, and only recently Dieter returned from California, where he spent two weeks in field research.

Much of the work at present in the laboratory here is in the field of soil fumigants Dieter said but, it is planned to broaden the scope of operations to include a complete agricultural line.

Collier, formerly on the staff of the Agronomy Dept. of A. P. I. at Auburn, Ala., from where he received his Masters in 1948, specialized in soil fertility work in forage crops and agricultural liming problems. Collier joined Dow in 1949, as Agricultural Field Specialist, Department of Agricultural Chemical Development.

Collier, a link between the research and field departments spends much of his time in helping to develop new chemicals and, in field work in their application, as well as searching for new uses for established chemicals for agriculture.

### Directors Urged To Attend Meeting

The Board of Directors of the Seminole County Chamber of Commerce will meet tonight at 8 o'clock in the Educational Building of the Seminole County Board of Education on Commercial Ave. to hear five important committee reports.

George Touhy, president of the Seminole County Chamber of Commerce has urged the attendance of every director.

The agenda for tonight's meeting includes a Legislative and National Affairs Committee report on the Federal Highway Bill; an Industrial Committee report on the Sanford Manufacturing project; the French Ave. Dedication committee report; a Central Florida Exposition committee report; and a report from the County Coordinator.

### Nation's Weather Cold, Warm Today

The nation's weather blew cold and warm today.

Strong winds whipped cold air into the Northern Plains, blowing and drifting light falls of fresh snow. Temperatures dropped as much as 35 degrees and below zero readings prevailed in most of the storm belt.

At the same time, warm moist air from the Gulf of Mexico moved northward to the Ohio Valley and the southern Great Lakes region. Temperatures were more than 20 degrees higher in Texas and up to 15 degrees in Illinois and Indiana compared with 24 hours earlier.

Some thunderstorms were reported in the lower Mississippi valley and the Ohio Valley during the night and early morning.

Snowfall was light in most of Nebraska and South Dakota as the west-moving cold front moved northeast from the Rockies.

Fair and mild weather continued over most of the Gulf Coast and along the Atlantic seaboard.

The trial of suspended Sheriff Justin Luther Hobby got under way this morning at 9:30 o'clock in the Federal Court room in Orlando before Judge William J. Barker.

Only a slim crowd was in the court room to hear the proceedings. A jury of 12 men was chosen from the 30 prospective jurors who were selected for the petit jury returns at Orlando this morning.

Those hearing the trial of Hobby are, Charles P. Jerome, Orlando; Donald Lancaster, Pine Castle; Ernest S. Coats, Orlando; James R. Liles, Orlando; Clyde L. Leach, Orlando; Ford Gardner, Orlando; Louis Castor, Orlando; R. L. Rogers, Orlando; Edward J. Edwards, Orlando; J. E. Lupter Jr., Kissimmee; Robert O. Lochhart, Orlando; and Harry D. Loucks of Winter Park. John F. Daily of Winter Park is alternate juror.

Representing Hobby are attorneys, William W. Judge of Daytona Beach; George E. Adams of Orlando; and Mack M. Cleveland Jr., Sanford. Also charged and implicated by indictments handed down by a federal grand jury in Tampa are Dwight D. Valington, former beverage department agent; James Smith and Jerry Martin, Negro tavern operators; A. E. Evans, former deputy sheriff of Hobby; and Willis R. Brown former Negro deputy under Hobby.

Before the trial began this morning, Judge Barker read to the jury six separate recitations of the indictments charging Hobby and the others with conspiracy and accepting bribes. Also pointed out to the jury were 16 dates on which the alleged offenses were committed.

The first witness called by government attorneys, L. David Rosen and Joseph P. McNulty, was George A. Kelsey, chief of police in Orlando and suspended constable in that district. Kelsey stated at the beginning of his testimony, "Mr. Hobby asked me how much the City paid me, how much money I was making, how much I made as constable and would I consider going to work for him. Hobby told me that he would guarantee to double my salary if I would work for him. There's plenty of business here. We could line up the bootleggers and gamblers."

Kelsey denied taking part in an active political campaign for former Sheriff Percy Moro in 1952. He said, "I worked hard for Hobby." Kelsey also denied that there was mutual distrust between himself and Hobby. In cross examination Orlando police chief Kelsey admitted knowing the Long boys, Leland and Leroy. When asked whether he had personal association with the two brothers he replied, "Yes sir, I was born and raised with them."

In cross examination by defense attorney, William W. Judge, Kelsey said that he couldn't find moonshine stills in his district even though he worked night and day trying to locate them. When asked whether he was the present constable of his district, Kelsey replied, "I am," and on further questioning when asked if he had been suspended by the Governor, Kelsey's answer was "I have received no word."

The next witness to be called to the stand by government attorneys was Roland Thomas Long, who told the court that he is now in custody of the U. S. Marshall for having operated a moonshine still.

The court adjourned for lunch shortly after noon. The trial got under way again at 2 p. m. and it is expected it will continue for a period of three days.

### Lawyers' Views On Collins' Suit To Be Heard Soon

TALLAHASSEE (AP)—The Florida Supreme Court will hear lawyers' arguments in the Collins' eligibility suit Tuesday, Feb. 14.

This is seven days after the non-jury trial of the two-week period during which candidates for governor and other state offices must qualify with the secretary of state.

But it will give the court seven days before the March 8 deadline of the qualifying lists in which to determine whether Gov. Collins lawfully may seek re-election this year.

Collins is serving the last two years of the unexpired term of the late Gov. Dan McCarry.

AT FIRST GLANCE, one would think that the former fire truck is chained to the parking meter hitching post to keep it still should a fire alarm be sounded. The real reason for the chains, however, is that the old truck, used by the Sanford Fire Department for many years is used to straighten bent posts on which parking meters are placed. (Staff Photo)

### Board Authorizes Check For Planned Library, Museum

A program report was given the Board of Sanford City Commissioners last night on the General Sanford Memorial Library and Museum.

Randall Chase told the Board that "Specifications and plans for the proposed building are about ready to be advertised for bids." Cost of the building, said Chase, is estimated at between \$15,000 and \$18,000.

Speaking for Gen. Joseph C. Hutchison, Chase requested that the Board of Sanford City Commissioners provide the funds for construction of the building to house the valuable library and museum could get underway as soon as possible after the awarding of the contract.

A check for \$1,500 was authorized to be delivered to the General Sanford Memorial Library and Museum Committee with another check of the same amount to be turned over to the organization in about 90 days.

Chase asked that the City Commission pledge another \$2,000 to match the funds pledged by the Seminole County Board of Commissioners.

The request was referred to City Manager Warren E. Knowles for possible inclusion in the budget for the fiscal year 1956-57.

### Rockets Featured In Army Exhibit At Legion Fair

Among the interesting exhibits at the American Legion Seminole County Fair is the Third Army Mobile Recruiting Exhibit, currently featuring an Ordnance Corps exhibit, which recently left Fort McPherson for a tour of the Third Army Area.

Featured are scale-size models of various rockets which include the Nike, Hermes, Honest John, Corporal and V-2. The Nike launching ramp and trailer are also on display. A few of the other interesting devices are metal-working projects completed by Welding and Machinist students at the Ordnance Automotive School, Atlanta General Depot, Atlanta, Ga. Ringed photographs arranged throughout pictorially portray the various skills taught by that school. Plastic models of various automotive parts such as distributor, carburetor, and oil pump are also on show.

### Braudés' Happy Marriage Formula

PHILADELPHIA (AP)—A 33-year-old couple married on St. Valentine's Day 71 years ago today topped off a gay anniversary party by passing along this happy marriage formula which "costs" nothing.

"Always be kind and considerate, and never, never try to be the boss."

In the words of Abner and Rebecca Braudé, who confess they still have their romantic moments, that's about all the secret there is to domestic happiness.

"Of course," said Mrs. Braudé in an interview, "there are times when I seem to do all the talking, but I never give Abner the impression that I'm boss."

"You go ahead, Ma," Abner put in. "You've got the gift of gab better than I have. Just keep talking. As for your being bossy, let's say that you can be firm but never bossy."

### Democratic Women Gather In Nashville

"How to win friends and influence votes" might have been the slogan for the Regional Conference for Democratic Women at Nashville, Tenn. Feb. 10 and 11, said Mrs. Ralph Austin Smith, State Democratic Committee woman, of Sanford who attended the meeting.

Women from 11 states, said Mrs. Smith, were invited by Mrs. Katherine Louchheim, Director of Women's Activities, Democratic National Committee, to participate.

Florida had the largest number in attendance with 13 at the meeting including the wife of Congressman Haley, Sarasota, Mrs. Janet Thomas, Ft. Myers, Vice Chairman, State Democratic Executive Committee, and Margaret Blocker, National Vice Chairman of the Young Democrats.

Mrs. Smith said that they were met at the airport by a former Floridian now living in Tennessee. Each delegate was presented with a Florida souvenir. A hotel suite was arranged for the Florida delegation of women in which a caucus was held.

"The conference opened with a tea," said Mrs. Smith, "arranged by the Tennessee women with Mrs. Tom Ragland, National Committee woman, acting as hostess. Each delegate was presented with a souvenir donkey."

Reported Mrs. Smith, at the dinner Mrs. Alice Hostetter, President of the Woman's National Democratic Club, the "Principal State of the Union as a Democrat Sees It." She told her audience, "We're on the brink of winning an election." Adding fun to the evening was a brief singing of a parody on "16 Tons" with this theme: "You raise 16 hogs and what'd you get. Another day older and deeper in debt."

Saturday morning, said the State Democratic Committee woman from Sanford, was devoted to panel discussions. At noon Tennessee Governor Frank Clement, the youngest Governor in the United States, addressed the group, telling them, "the fate of the future is in women's hands."

Also heard on the program was Congressman Iris Blitch of Georgia, who said, "Republicans have consistently built their hope around one man - Eisenhower" and predicted that he would not be a candidate again.

Mrs. Dorothy Vredenburg, Alabama, Secretary, Democratic National Committee, said the Democratic Party was the first to recognize women in party councils and the (the Republicans are entering the campaign on the defensive."

The president of the Sanford Merchants Association appeared before the Board of Sanford City Commissioners last night appealing for help from the City to pay a \$900 obligation for the wiring of the overhead electrical system for Christmas lights.

R. J. Bauman told the Commissioners that the Merchants Association has already paid \$100 of a \$1,610 obligation and now needed help in paying the balance due.

Commissioner Jack Ratigan said Bauman "Any other year or any other time I would like to help out."

Commissioner Earl Higginbotham said, "The commission is financially embarrassed. If we go back in September there is a possibility that we can find the funds to help out."

The matter was referred to City Manager Warren E. Knowles to be included in the 1956-57 budget.

### Merchant's Assn. Appeals For Help To Pay Obligation

The president of the Sanford Merchants Association appeared before the Board of Sanford City Commissioners last night appealing for help from the City to pay a \$900 obligation for the wiring of the overhead electrical system for Christmas lights.

R. J. Bauman told the Commissioners that the Merchants Association has already paid \$100 of a \$1,610 obligation and now needed help in paying the balance due.

The matter was referred to City Manager Warren E. Knowles to be included in the 1956-57 budget.

### Vets May Receive Help From T. Deen

Veterans of this area who need assistance in obtaining benefits provided by law may receive guidance from Tom B. Deen, Assistant State Service Officer.

Veterans and their dependents may consult Deen while he is in this area and may receive assistance in filing applications for hospitalization, compensation, pensions, insurance problems, loan benefits, educational training, burial benefits and miscellaneous subjects, where legal entitlement is involved.

Deen has been invited to this area as a special consultant by Karlyle Housholder, County Service Officer, and may be contacted as follows: Post 21, 3 p. m., Orlando at the Post Office; and Feb. 22, 9 a. m., Sanford at the County Service Office, Brumley-Puleston Building.

### Membership Meet Called Tomorrow For Fund Campaign

ALTAMONTE SPRINGS—The Rev. Milton Wyatt, chairman, Seminole County Chapter, American Red Cross (has called an organizational membership meeting for the 1956 Fund Campaign to be held Wednesday at 10 a. m. in the Commissioner's room, City Hall, Sanford.

All board members and Fund Campaign workers are urged to be present. Members of the Board include the following officers: the Rev. Wyatt, chairman; Mrs. C. R. Dawson, first vice-chairman; A. B. Paterson Jr., second vice-chairman; Mrs. Philip Marx, secretary; Clyde Ramsey, treasurer. Also Professor and Mrs. Croums; James F. Benton, Col. S. C. Harriman, Floyd H. Palmer, Dr. H. V. Roberts, Herbert A. Rolles, Mrs. George Wells, Mrs. Nolan Fore, Mrs. A. Duda Jr., M. L. Gary, Mrs. J. R. Gilpin, Ralph Posold, Mrs. M. L. Nabors, Homer Sewell, Mrs. Volie Williams Sr.

Also R. J. Bauman, the Rev. George Carlin, B. C. Dodd, Mrs. John Fox, Mrs. Jack Hall, Mrs. Paul Harris, Mrs. J. M. Thompson, Miss Myrtle, Miss J. W. Yarbrough, and Mrs. Chesley.

## Fringe Residents Continue To Get Fire Protection

### J. W. Hall Offers Views On Purchase Of Electric System

J. W. Hall told the Board of Sanford City Commissioners last night "It is my understanding that there has been some discussion as to the feasibility of whether or not the City should purchase the electric distribution system."

Hall, a local realtor, said, "Gentlemen, this is a vital question. I have been approached by a number of people on the question and there is about a ten to one balance against the City entering into such an agreement."

"I realize that you can issue revenue certificates to be paid out of the light bills—but that is not all of it," he said, "where in the world would we get the money to continue the expense?"

Hall told the commissioners, "We are getting excellent service, I think, from the present company. And he explained, if we need to expand, they can furnish the money."

The Florida Power and Light Company has agreed, said Mr. Hall, that in consideration for a franchise, they, in turn, would rebate to the City six per cent of their gross income, less taxes, which amounts to an excess of \$30,000.

Hall, concluding his statement to the Board of Sanford City Commissioners last night, said, "There should be some serious consideration given this matter before taking any action."

The only comment from the City Commissioners came from Mayor F. D. Scott when he answered, "The matter you speak of affects the City of Sanford for the next 30 years. The City Commission would think seriously before taking any steps."

### Contract Awarded To Paving Company

A contract for the surfacing of a number of Sanford streets was awarded last night to the Orlando Paving Company.

The contract awarded last night by the Board of Sanford City Commissioners is to be a \$21,851 portion of the street paving program. Streets will be paved on a priority basis as set up in a schedule prepared by City Manager Warren E. Knowles. The priority is based on the immediate need for the paving of streets in the schedule.

The Orlando Paving Company, in receiving the contract would also have first refusal for the completion of the Sanford street paving program which is estimated in the neighborhood of \$41,000.

The contract was awarded at the bid price of \$7.22 per ton for 2,800 tons and the first refusal, for a period of one year, would be at the same price.

### Sen. E. Kefauver Begins 4 Day Tour Of Florida Today

GAINESVILLE (AP)—Sen. Estes Kefauver, Tennessee Democrat, arrives today for a visit to the University of Florida campus and the start of a four day tour of Florida.

The aspirant for the Democratic presidential nomination will attend a Lions Club luncheon in Ocala tomorrow, then go to Orlando for a reception.

Thursday he will address a noon luncheon at the Jacksonville Bar Assn., then fly to Hialeah where he will speak at a high school football banquet that night.

### Adequate Equipment Discussed

"We are going to continue to give fire protection outside of the Sanford City limits," Mayor F. D. Scott told a City Commission room audience last night as lengthy discussions revolved around a motion by Commissioner David Gathel at a previous meeting.

"There has been no change in policy," said Mayor Scott, as he referred to the fact that the Sanford Fire Department has not been instructed to discuss service and answer alarms outside of the Sanford corporate limits.

Commissioner John Krier opened the discussion by stating that "I favor continuing the service outside of the city limits if the City can be reimbursed for the service by way of insurance or other methods."

Commissioner Earl Higginbotham said that, "I think we can work out a fair and equitable program with the insurance companies so that we can be reimbursed. I would never say that we would go up to a certain line and then stop our fire department."

J. Bralley Odham told the commissioners "If we do anything in Sanford we're going to have growth—sound growth. But that type of action (discontinuing fire protection outside of the city limits) can do more to impede the growth of Sanford than anything else. If you give the citizens outside of the city limits of Sanford the machinery, they will serve themselves."

Commissioner Jack Hatigan, in requesting Commissioner Gathel to withdraw his original motion, proposed that the City Manager be instructed to submit a report to the Board of Commissioners, or a recommendation, for fire protection outside of the City limits based on the mileage a fire truck has to travel.

Hatigan said, "It was never the intent of the City Commission to withdraw fire protection from residents of the county."

Commissioner Krier referred to the equipment of the Sanford Fire Department and called attention to equipment with wood wheels. "Actually, I'm ashamed of it," he said.

Discussion centered, by each of the commissioners, on the need of new and adequate equipment for the fire protection of the City of Sanford, most of them terming the present equipment as obsolete and inadequate.

Fire Department Chief Mack N. Cleveland, Jr. explained that there are 20-million dollars worth of property and 18,000 people to protect in Sanford. "We don't have the equipment and according to standards we should have six to eight more men," he said.

"If we could arrange fires to suit ourselves," Chief Cleveland said, "there would be no problem."

Commissioner Gathel said, "I withdraw my motion—Instructing the City Manager to look into any plan that might taken into consideration within the next 90 days."

### Hospital Notes

Feb. 13 Admissions  
Mrs. Martha Payne, George H. Fiel, Charles May, Frank W. Curtis, James M. Moore, Paul J. Manross, Mrs. Martha Caldwell, Louis Johnson Jr., John A. Cranston and Delores Thompson.

Baby Roy Payne  
Feb. 14 Releases  
Sim Kemp, Charles May and Mrs. Florence Stanstrom.

### Recommendation Is Approved By Board For Rezoning Area

The Board of Sanford City Commissioners, last night, approved the recommendations of the Zoning and Planning Commission for the rezoning of an area south of 23rd Street proposed for the location of a 20,000 square foot national super market.

The recommendations from the Zoning and Planning Commission also included the rezoning of an area on Laurel Ave. from 8th to 13th Streets.

The Board of Sanford City Commissioners set a public hearing for the two areas for February 28 and authorized the advertising of the hearing.

Parties interested in the rezoning of the two areas appeared at the commission meeting last night; C. H. Robertson, of the Therm-O-Tane Gas and Appliances Company who proposes a modern display and showroom at the corner of 8th and Laurel, and Walter born Phillips, representing the national grocery chain.

### Christian Service Men's Center May Be Organized Here

The possibility of establishing a Christian Service Men's Center in Sanford will be explored when pastors and representatives of men's organizations of local churches meet Monday, 8 p. m. at the School Administration Bldg.

A preliminary meeting, with Dr. W. P. Brooks Jr., as moderator, was held Monday at the First Baptist Church at the request of SNAAS personnel approached him as a member of the Orlando Christian Business Men's Committee, seeking a sponsor for a center in Sanford. C. P. O. Jack R. Brooks related his experience in such centers near other Naval stations and spoke of the need and desire for one here.

It was explained that the sponsors usually provide a downtown room equipped with piano, music center, shuffleboard, tables, games and comfortable chairs. The center becomes a wholesome gathering place for service men in their off-hours. Local churches furnish coffee and doughnuts, while recreation is afforded, the main motivation is evangelistic to win service men to Christ and align them with the church of their choice. Laymen from the churches of the city assist Christian service men in personal evangelism among other service men who frequent the center.

At the meeting Monday Brooks, ADJ Joe Coggeshall, and other local Navy men interested in the project will be present.
