

Yates Named General Manager Of Southern Bell In Florida

Realizing Florida's great potential as a market for telephone service, Southern Bell Telephone Company announced today the establishment of a new executive position of general manager for Florida.

To fill the new position, the company has appointed Claude J. Yates, of Atlanta, a telephone man of wide experience. He presently is general commercial manager, with headquarters in Atlanta, in this position he directs the Commercial operations of Southern Bell throughout the nine-state territory of the company.

As Florida's general manager, he will direct and coordinate all of Southern Bell's operations throughout Florida, including activities of the Commercial, Traffic, Engineering and Plant Departments. Headquarters will be in Jacksonville. The appointment is effective May 1.

Before his appointment as general commercial manager a year ago, Mr. Yates had served with distinction as state manager for Tennessee, directing commercial operations. Previously he had served in a similar capacity in Kentucky and Georgia. He came into the business nearly 33 years ago and through the years advanced steadily through the ranks to positions of increasing responsibility.

Mr. Yates, general manager of Southern Bell in Florida, is shown in a portrait.

In the years before he became State Manager, Mr. Yates has been active in civic and other public spirited endeavors wherever he has lived.

Telephone officials described the appointment of a Florida General

Manager as "Another step in the company's continuing efforts to provide Florida with the best telephone service possible at the time of its greatest growth and development." Steady growth in Florida has brought to Southern Bell a heavy volume of telephone demands that has broken all records, and the Telephone Company's response to these demands is reflected in its own record-breaking service improvement and expansion program, officials pointed out.

With 175,000 Southern Bell telephones in service at the end of 1946 and 235,000 at the end of 1948, there are approximately 580,000 in operation today. Telephone growth which Southern Bell has brought to Florida in seven years since the war has amounted to 145 per cent, compared with 78 per cent telephone growth in the nation as a whole. The approximately 580,000 telephones in service today are as many as were in operation in all nine Southern states in 1923.

Telephone expansion in Florida in the seven years has required \$105,400,000 in new facilities. Heavy construction is continuing in 1953, and with telephone requirements throughout the state still running heavy still more and new facilities will be needed in the state.

Southern Bell since the war has taken two earlier steps in expanding its administrative organization in Florida in keeping with tremendous telephone growth. Growing State Accounting Activities, previously all performed at Jacksonville, was separated with the setting up of a South Florida

BONANZA FOR BRITAIN

American Dollars Are Expected To Make Coronation Day Profitable

By SAM DAWSON
NEW YORK — Cheers for Queen Elizabeth on her coronation day June 2 will have a ringing echo in many a business till—chiefly in Britain but to some extent in America too.

Some 40,000 Americans are expected to be there. Britain hopes each will spend \$400 during his stay in the Isles—a total of 16 million dollars (not counting transportation).

Some 250,000 more from other lands will be spending for hotels, food, entertainment, sightseeing, and gifts.

British businessmen hope that the 130-million dollars (including transportation) left behind by visitors to the coronation of George VI will be topped by the splurge for his daughter's.

The British government is spending some 4½ million dollars on the pageantry. Seat rental in government stands along the meaning procession route should return it some 1½ million dollars. Individuals and business houses have twice that many vantage

points for sale for perhaps three million dollars more.

The coronation may be chalked up as the greatest business proposition of the year.

Americans are in on the act already, working the coronation theme—costume jewelry, a lip-stick shade, bed sheets with British names for the hues. High fashion stresses the "coronation look" in women's wear. A few give-away programs—on the radio and "25-words-or-less" contests—offer a coronation trip as top prize.

The British Commonwealth Chamber of Commerce has been working since December on pushing sale of British goods here. Stores in cities from coast to coast are urged to feature these goods, especially from May 23 to June 2. An estimated three million dollars worth of British goods is expected already sold to merchants. Steamship lines and overseas air carriers report almost solid bookings, with the tourist season off to an unusually early start. They, and travel agents and hotel managers, already love the new queen. London hotels are booked solid, with rates up for the big week. Some visitors will commute to the pageant from hotels 50 miles

away. Steamship lines will use docked ships as hotels. French, Belgians and Dutch urge visitors to stay with them and cross the channel by air or boat for the day. Scandinavians tout the coronation as a side-trip to a visit to their lands.

Insurance men estimate some 11 million dollars worth of insurance is involved. British businessmen lost money spent in preparation for the coronation of Edward VII, postponed by illness, and the crowning of Edward VIII, cancelled by abdication.

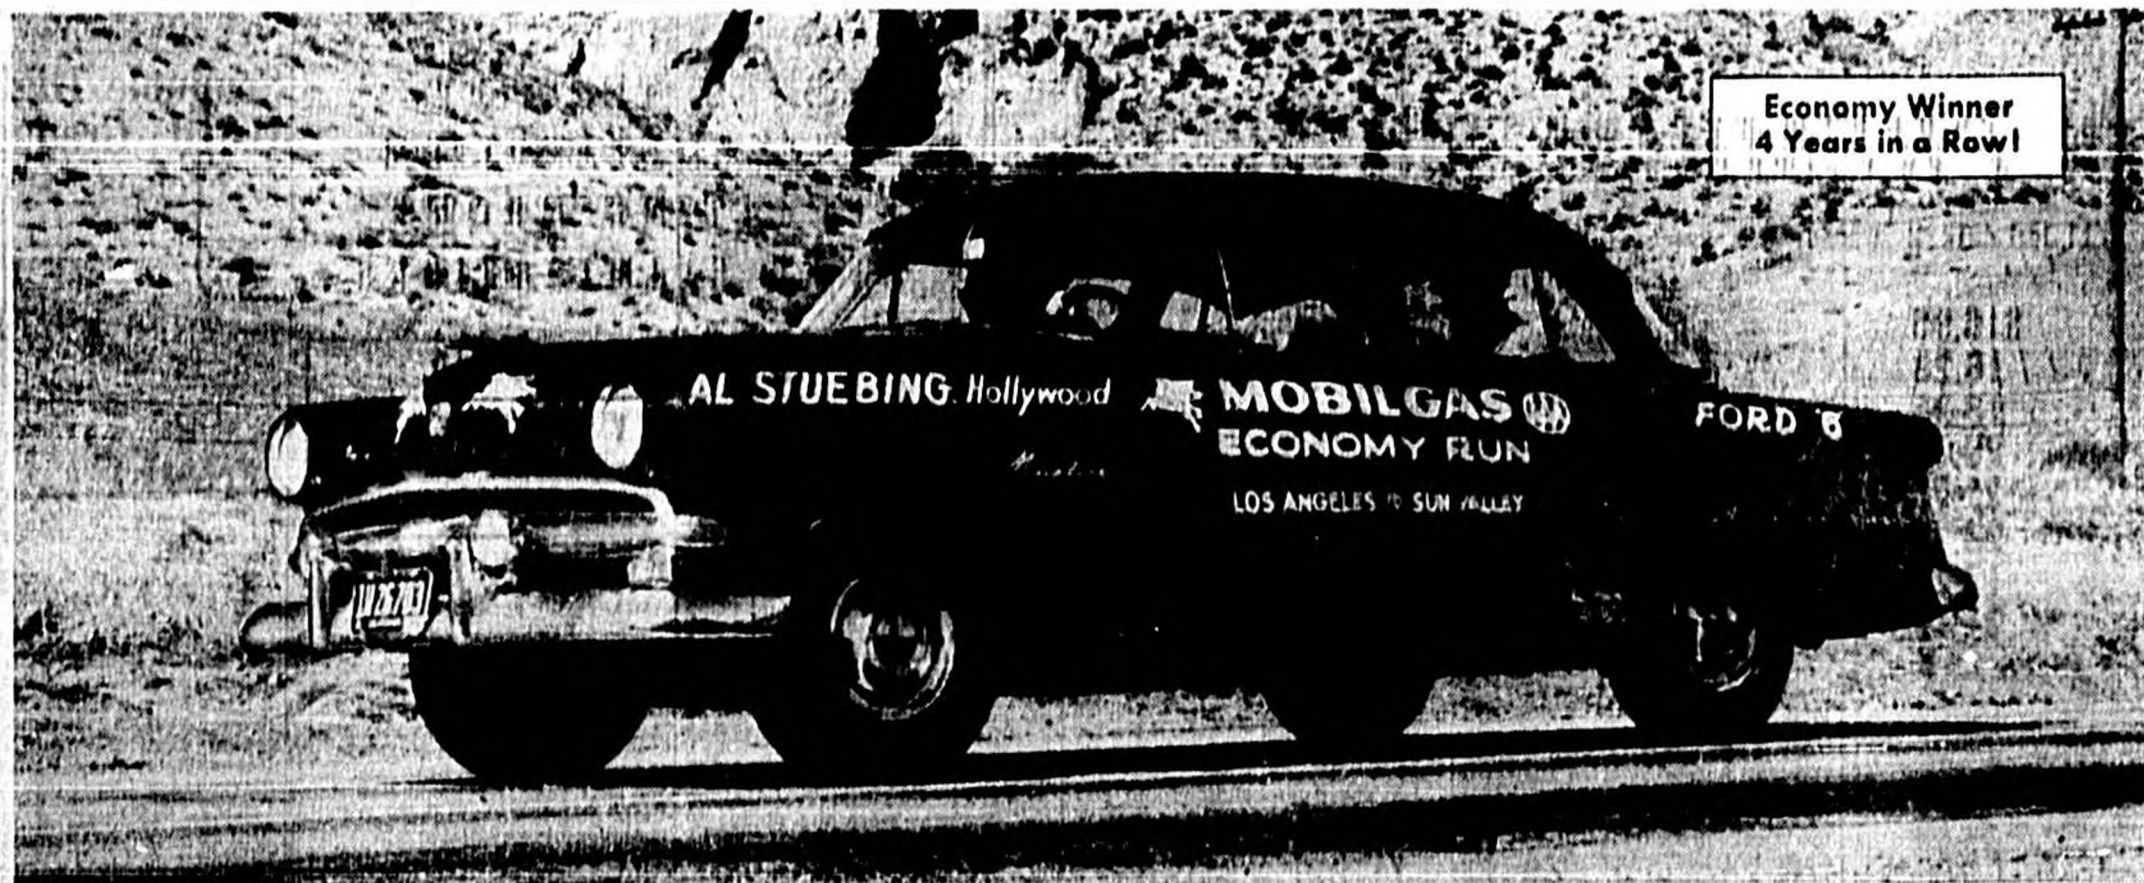

This time hotels, owners of stands and windows on the procession route, exporters of goods, ticket agencies with package tours and makers of souvenirs are taking out insurance against any and all kinds of upsets to their plans. Even some prospective visitors are doing the same. They don't want to be out for transportation and entertainment tickets if anything should prevent the show.

MOBILGAS ECONOMY RUN FLASH!

FORD BEATS ALL IN ECONOMY!

MILEAGE MAKER "6" WINS SWEEPSTAKES!

Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight, to sweep the sweepstakes! Ford's winning average was 56.70 ton-miles per gallon.* And Ford's high-compression 110-h.p. Strato-Star V-8 with Overdrive was right up there in economy, too, with a record of 48.65 ton-miles per gallon!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. This 1,206-mile trip from Los Angeles to Sun Valley covered all types of driving conditions. The route threaded through city traffic, where stop-and-go driving tests an engine's fuel economy under the toughest conditions... and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride, maintaining a speed above the required 44.25 m.p.h. minimum, to finish 1st in the sweepstakes! What better proof is there that Ford is the thirdest car of all? What better way to show why Ford is worth more when you buy it... worth more when you sell it!

See... Value Check... Test Drive the WINNER

'53 FORD *Economy* the New Standard of the American Road!

WITH OVERDRIVE

56.70
TON-MILES PER GALLON*

Ford is the first car in its weight class... In the history of the Economy Run... to win top honors in ton-miles per gallon over all other cars regardless of size or weight.

*The AAA Control Board determined the winner by a "ton-mile per gallon" formula to insure equal chance for all cars in each class regardless of size and weight. Ton-miles per gallon equals the car weight (including passengers) in tons, multiplied by number of miles traveled, divided by number of gallons of gasoline consumed.

Awards Are Made At Cub Scout Pack Meeting On Friday

Cub Scout Pack No. 34 of the First Methodist Church met on Friday at 7:30 p.m. at McKinley Hall with Charles V. Atkinson, Cubmaster, conducting the meeting. The flag salute was led by R. W. Williams and was followed with group singing led by Dick Aiken.

The meeting was based on a Hawaiian theme with members of Den No. 8 in costume. The Den court was won by Den No. 7 and later awards were made by Cubmaster Atkinson assisted by W. E. Tolson and Fred C. Murray.

The following awards were made: Den 3, Mrs. R. W. Williams; Den Mother: Giles Nihilack, Bear badge; Bob Williams, Silver Arrow under Wolf and Bear; Charles Lamb, Bobcat pin; Den 5, Mrs. F. D. Scott, Den Mother: Vi Earks, Lion badge, two-year star, one gold and two silver arrows, and Denner Stripes; Alan Ponder, Wolf badge; Roy Wright, Wolf badge; Frank Scott, Wolf badge; Hank Morgan, Silver Arrow under Bear; Assistant Denner Stripes: Douglas Gordon, Gold Arrow under Wolf and one year star; "Dusty" Crawford, Bobcat pin; Bedford Alken, Bobcat pin.

Those winning awards in Den No. 7 with Mrs. Charles Atkinson, Den Mother: Carl Atkinson, Wolf badge, gold arrow and Denner Stripes; Don Breckenridge, Wolf badge; Billy Johnson, Assistant Denner Stripes; J. C. Singletary, Bobcat pin; and Huelan Grier, Bobcat pin. Den No. 9, Mrs. William L. Kirk, Den Mother: David Wilson, Lion badge; Denner Stripes: Buddy Kirk, Bear badge, silver arrow and Wolf badge; Jimmy Terwilliger, gold and silver arrow under Wolf; Johnny Lake, gold arrow and two silver arrows under Wolf; Bobby Williams, one gold and two silver arrows under Bear.

Following the ceremony the

Crooms Academy Band In Festival

The Crooms Academy band consisting of 40 pieces participated in the seventh annual band festival staged at Jones High School in Orlando on Friday and Saturday.

According to Prof. J. N. Crooms, the local group achieved a good rating of three in both marching and concert playing.

Thirty-two bands with about 2,000 students took part in the activities.

Field Day Planned By Shorthorn Breeder

OCALA (Special) — Florida's Shorthorn cattle breeders are scheduling a field day here May 6 and all Florida cattlemen who are interested in the breed are invited to attend, according to Ed Rock, 1111 Rock Farm, where the tour will begin at 10:30 a. m.

During the remainder of the morning the visitors will go to Kerns Cattle Company's two farms — Highview and Hills of Home, to Charles and Helen Frey's farm, and finally to John P. Duane's Highland Acres farm, home of the pioneer Shorthorn herd in Marion County, where a noon-day barbecue and an afternoon speaking program are scheduled.

Allan C. Atkinson, secretary of the American Shorthorn Breeder's Association, will conduct a type demonstration, and Dr. W. G. Kirk of the Range Cattle Experiment Station at Ona will also speak, along with Dr. George Davis of the University of Florida, George Montague, University freshman studying animal husbandry, and Clyde

County Health Unit Inaugurates Annual Pre-School Roundup

The annual pre-school roundup program has been inaugurated in the Seminole County schools, Dr. Frank Quillman of the County Health Unit announced Saturday. Lyman school at Longwood was visited by Dr. Quillman Thursday morning.

In the case of some of the county schools, the health office will conduct the examination at the school, but in general schools will be assigned dates when students are to be sent to the health office, and the roundup will be conducted there.

Southside School children are scheduled for visits at the office on Thursday and Friday mornings in May, and Oviedo is assigned May 13th.

All children who are entering school for the first time next year should be examined. Records are turned over to the school principals and those children who do not have health records at the beginning of the fall term will be instructed to have a doctor's examination at that time.

Forms have been placed in the Greenway, agricultural consultant of Sears, Roebuck and Company.

Rotary Club

(Continued From Page One)

is a land of about 10 million persons, only 3 1/2 million of whom live in Buenos Aires, who because of the provincial system existing among the 14 provinces, control the entire country. The area of Argentina is about twice that of Italy and France and Switzerland combined.

Most of the people of Argentina speak Spanish, though most of them are not of Spanish descent. Many of them are Irish, Italian, and other south European nationalities. The capital is not unlike any metropolitan city in this country, with television, skyscrapers and subways, but the real wealth of the country lies in the pampas where the beef is raised.

There is no great anti-American sentiment in Argentina, she said, though the government itself appears to be hostile to most of the countries in the Western Hemisphere for political reasons. The schools and mothers who may wish to take the child to the family doctor may do so, Dr. Quillman stated.

The examinations given in the pre-school roundup are not complete physical check-ups but are confined to ears, eyes, throat, heart, immunizations are brought up to date.

great majority of the Argentinean citizens of this country, seek an educational know-how and want to send their children here for their education.

Argentina has a free school for everyone and anyone can get an education there if he wants to, she stated. The Peron government has done a great deal for the lower classes there in the construction of schools at a low cost and in restoring the labor market, but largely at the expense of the middle and upper classes.

The meeting was presided over by President Bob Harris. Charles Atkinson introduced the following guests: Charles Swohoda of Orlando, N. A. Fred Saylor of Orlando, O. J. C. Bradley of Orlando and David Evans of Orlando.

In a gallon of water there is 7.4 pounds of oxygen and 3.5 pounds of hydrogen.

MONDAY APR. 27, 1953
TODAY'S HIGHLIGHTS

A contrite heart is better than any mechanical device. When they fast I will not hear their cry.—Jo. 11:12.

Dade City is hosting completion of its new \$336,000 sewerage project.

We see where some scientist says that the correct name for shubbie pie is rheum thaptonicum. No wonder we have stomach aches.

The Tampa Tribune is opposed to a lieutenant governor for fear he would become "just a loafer on the public payroll". Why not put him to work?

Lakeland is having hospital trouble too. The Jaycees call the one they have "dangerously overcrowded", are advocating a new 100 bed hospital at a cost of \$1,200,000.

With some of Governor McCarty's friends in Seminole County favoring one candidate for hospital trustee, and some favoring another, the Governor did what any governor might have been expected to do. He reserved his decision.

Stock market averages dropped to the lowest point in months last week as news from Korea continued to make for unsettled conditions. It is known for sure which way the cat is going to jump stocks will go up again.

There is nothing quite so disheartening as a rained-out ball game with the score tied and three men on bases. And something is going to be done about this situation if the famous architect Norman Bel Geddes, who is an inveterate baseball fan himself, has his way. "There is no reason in the world," he says, "why we can't build a roof over the entire park". He thinks it could be done for about \$18,000.

It is Sir Winston now. Queen Elizabeth has made her Majesty's Minister, in recognition of his long and faithful service to the British Empire, a Knight of the Garter, an honor usually reserved for kings and dukes, the only commoner to hold that rank. This latest title, however, will probably not turn the old man's head. He already holds some 140 lesser honors, and as prime minister already outranked the other Knights of the Garter.

Sanford farmers are depressed over the local farm situation when with living costs at their highest peak they cannot sell their produce for enough to make ends meet. One of them told us the other day he lost \$40,000 this year. Fortunately for us, the citrus situation has improved over last year, and most of our growers have made money. Why it should be that when oranges are high, cabbages are low, and when cabbages are high, oranges are low, we do not know, but that's the way it seems to be.

A long shot gamble, a "calculated risk" he would probably call it, is proposed by General MacArthur when he says the whole global problem would be settled by bombing and destroying Chinese bases and supply lines. It would, of course, if Russia did not step in and bomb our own cities in retaliation. In such an exchange of bombing raids we would have a lot to lose, not much to gain. American cities are expensive to build. American lives are too precious to risk.

Federal taxes have reached a new all time high, \$68,500,000,000, or about \$425 for every man, woman and child in the United States. During 1952 the government took \$12,500,000,000 more from the people than it did the year before. No wonder there was a popular uprising in favor of a change. No wonder there is a great deal of talk about tax reduction.

If taxes could be reduced, the average family would have just that much more money to spend in the year and on which to enjoy the

Disasters Over The Air

An Omaha radio station had a bright idea. Last year the city had a serious flood. On its first anniversary the station thought it would be interesting to repeat the radio bulletins of the disaster, starting of course at the beginning and the end that this was past history, not something happening at the moment.

The result was exactly what might have been expected. Many people who had not heard the preliminary announcement jumped to the conclusion that another flood was imminent. Still others had heard the whole program, announcement and all, but paid no particular attention to it until the news of disaster shocked them into alarm. The result was a panic which affected a great many people, and probably injured the station reputation when it was learned that the program was a stunt.

This recalls the much more widespread panic in 1938 that followed Orson Welles' radio dramatization of H. G. Wells' novel, "The War of the Worlds," a story of an imagined invasion of the earth from Mars. Although at both beginning and end it was stated that this was purely imaginary, people who had heard only part of the program went into a frenzy. A later study of this example of crowd psychology put it: "People all over the United States were praying, crying, fleeing frantically to escape death from the Martians."

This broadcast was made more realistic because real place names in New Jersey and vicinity were mentioned, Welles having changed the locale of the story from the original Great Britain. Evidently radio reporters of fictional calamities would do well to avoid this extra bit of realism. The moral is not that "there ought to be a law," but that everyone concerned, from broadcaster to audience, should show more sense.

Maintaining Standards

If the implications resident in the statement of Dr. Wallace R. Brode, acting head of the Bureau of Standards, are true, there is grave danger that the United States Bureau of Standards may become nothing more than a rubber stamp used to OK products of those manufacturers whose influence in the Congress of the United States are strong and deeply rooted. Dr. Brode told the Senate Appropriations subcommittee that strong pressure had been put on the Bureau, by 21 United States senators, to report favorably on a commercial power designed to lengthen the life of storage batteries.

Business is now in a favorable position in Washington, D. C., probably in a better place than it has enjoyed since 1932. Business has this favorable environment because the majority of the voters voted it so. The people, afraid of socialism, wanted to affirm their faith in the principle of private enterprise. This they had a right to do.

But that is no excuse to subject the all-but-infallible Bureau of Standards to any pressure at all in order to assure the endorsement of a manufactured article. The Bureau of Standards is a custodian of values. If they fail, then the people cannot be sure of the length of their inch, of the weight of their ounce, of the purity of their metal. If the inch cannot be depended on, neither can the foot or mile, and no value can be assured to landmarks.

The Bureau of Standards is one of the most important factors in the life of Americans though few of them realize what it does. Standards must be protected.

Money Saver

An excellent way to save money for Uncle Sam is proposed by Representative Dwight L. Rodgers of Florida. He has introduced a bill requiring a ye-and-nay vote on every appropriation bill and its amendments. Now they are often passed by voice vote, which makes it impossible to tell how a particular congressman has voted. If he were put on record, he might hesitate before favoring a lavish appropriation, though if allowed to vote in secrecy, he would support it blithely.

So far Congressman Rodgers' bill is bottled up in the Rules Committee of the House. If the powerful House leaders favor economy as much as they say, they can prove it by letting the Rodgers bill come to a vote.

Congressman Herlong Reports

The House passed its first appropriation bill this week. It was the Independent Offices Appropriation Bill. There was a considerable cut in this bill over the original Truman request. The bulk of savings, however, came because the House Committee and the House itself refused to include any money for Public Housing. Last year appropriations were made for \$5,000 units.

Inasmuch as both President Eisenhower and Senator Taft favor Public Housing, it may be expected that this cut will not stick when the bill gets to the Senate. So while reports from Washington may say that the House has saved this money, we actually will not save it for the Senate acts as it has in the past. They will add the \$5,000 units and, if past history is any indication of what will happen this time, the bill will then go to conference. The House members of the conference committee will weaken and we will be right back about where we were last year with no appreciable savings to the taxpayer.

As frustrating as it sometimes is, we might, as well make up our minds that we are not going to be able to save much money over the original Truman estimates unless we completely eliminate some government services. The trouble is that the people who are the beneficiaries of these services scream loud and long when it appears that these services are going to be curtailed.

Unless the people rise up and demand that expenditures be cut, even when it affects them, we are not even going to balance the budget, much less reduce taxes. For the most part the people in our district have been cooperative in this, but there are 434 other districts in the United States, many of whom believe in the philosophy of "Let's get sure, never mind what happens to the country".

The National Geographic Society says a hippopotamus can stay under water as long as nine minutes. Cuba became an independent nation May 20, 1902.

Washington Letter

By Senator George Smathers

WASHINGTON: Election Reform. The long fight to force modernization of our national elections system will be resumed in the open next week, with hearings scheduled before the Senate Judiciary Committee by June 26.

Various proposals are before this committee, including my resolutions for constitutional amendments to (1) revivify the Electoral College system with the effect of giving the same weight to all voters' ballots (2) to provide for a national system of presidential nominating primaries to give the rank and file voters the right to choose their parties' tickets for president and vice president.

Ever since I have been in Congress I have been working for these changes which will strengthen our form of government. I am making no predictions as to what this Congress will do, but I am convinced that these proposals are nearer to enactment than ever before.

Butter for Orphans, Sick? Several weeks ago I wrote to the Secretary of Agriculture about the millions of pounds of butter being purchased under the price support program be distributed through the states and counties to various voluntary institutions. I told Undersecretary True D. Morse that "rather than permit the many millions of pounds to go to waste, it is much better, now that the butter is so good, to let it be put to some good use."

The department has purchased 143 million pounds under the 1952-53 program. Of this it has decided to distribute 21 million to the school lunch program and last week decided to distribute another 50 million to charitable institutions— orphanages, homes for the aged, mental hospitals.

Sherwood Smith, State Welfare Director, tells me that during the past eight months the Department has distributed 179,307 pounds of surplus commodities in Florida with a cash value of nearly \$1,500,000, mostly in canned, dried and processed foods. Quantities of these products and strong tonics are let at the various institutions.

EAST POLICE FLEE
BERLIN, 26.—Nearly four companies of East German military police force have fled to West Berlin this year. West Berlin police headquarters announced today.

Last week 93 people's policemen asked for asylum here, the highest weekly figure recorded this year. The total number of deserters from the Communist force registered as refugees since Jan. 1 now is 1,133.

Project For Southerners

Florida Times Union

The entire South can take pride in an honor has come to Dr. Douglas Southall Freeman, the former Richmond editor who has distinguished himself as an outstanding American man of letters.

The Civil War Round Table of the District of Columbia has taken note of the Southern author's standing in the literary world by awarding him a medal for his achievements as an historian.

Best known for his biographies of Robert E. Lee and George Washington and his trilogy, "Law's Lieutenants", Dr. Freeman has made a great contribution to the preservation of the ideals and traditions of the Southland.

The work done by the Richmond editor in his chosen field of writing has stimulated thinking throughout this section on the need for an educational center devoted to the culture, the mores and the manners which form such an essential part of our great Southern heritage.

A project of this kind has often been suggested, but it still awaits the backing of some person with the initiative and enterprise necessary to bring it into being. Once under way, a movement to undertake such a venture would surely attract the support of all loyal, educated Southerners.

A grant in the amount of \$11,500 for cancer research at the University of Florida was made by the American Cancer Society. At a recent ACS meeting in Tampa, Dr. Harry M. Nelson of Detroit, president of the American Cancer Society is reading the certificate to Dr. Francis C. Ray, Director of Cancer Research at the University, who is accepting the fund on behalf of the University, Nathan R. Graham, 1953 Cancer Crusade Chairman for Hillsborough County, and Dr. James Ingram, Hillsborough County ACS chairman (left and right) join in making the presentation to Dr. Ray.

Troubled Argentine

New York Herald Tribune

The train of events in Argentina that came to a climax Wednesday with two bombing attempts on the life of President Peron has caused a great many interested eyes to be cast toward the Argentine republic. The series includes an earlier bomb explosion in the Buenos Aires railroad station in early March; signs of unrest over the rising cost of living; a succession of labor protests; rumors of impending Cabinet changes; the suicide of Peron's brother-in-law Juan Duarte; the expulsion from the Peronist party of Peron's former right-hand man Domingo Mercante.

The principal cause of this troubled state of affairs is undoubtedly economic. Peron's second Five-Year Plan was inaugurated on Jan. 1, and the contrast between the Argentine financial position now and before the start of the first five years is distinctly embarrassing. In 1949 Argentine gold and foreign exchange holdings amounted to more than five and one-half billion pesos; by last October they had dropped to less than one billion. A drastic decline

in the nation's agricultural output, moreover, has sent food prices soaring and made most all but unobtainable. Peron announced on April 1 that if necessary he would use troops to storm the cattle ranches, but a week later these words had failed to an announcement of new price ceilings and a denunciation of domestic and foreign political enemies.

The political situation seems highly unstable. The consolidation of social justice, economic independence and the political sovereignty of the nation's Socialists, radicals and conservatives attacked the such as evidence of a shift toward Roosevelt's policies, and the three parties have remained sharply critical of the President. It was perhaps to be expected, therefore, that in the riots on Wednesday the Peronist mobs should take the headquarters of these opposition forces; indeed the riotous mob work not to Peron's advantage. If it results, as has been reported, in the silencing of his principal critics,

The confused situation in Argentina, rendered still more embarrassing by the shifting policies of the Communist party, bears close watching, for it is laden with grave possibilities. In an announcement on April 8, Peron attacked the Argentine people as "stupid and ignorant" who let themselves be ruled. It seems unlikely that such an indictment can stand against an entire people for an indefinite time.

Five states may be seen from the peak of Catalina Mountain in northeastern New Mexico.

The first use of the word "animal" included what are now known as plants as well as animals.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON—On Thursday President Eisenhower will have completed his first 100 days in the White House. There will be comparisons between his first 100 days and those of Presidents Franklin D. Roosevelt and Truman.

But these are comparisons without real significance since the circumstances under which the three men took over the presidency were different. A true judgment of Eisenhower's first 100 days may have to wait a year, perhaps years.

It will have to be pegged not so much on what he has done in these first 100 days but on the plans and decisions made in that period for the future.

Roosevelt took over when the country was broke and bewildered. He had to act fast to prevent collapse, and he did, with one emergency measure after another.

Truman's first 100 days were momentous—the surrender of Germany and the disintegration of Japan—but would have been the same no matter who sat in the White House. It was after the 100 days that Truman had to make his big decisions.

Eisenhower inherited, not a world war or an economic emergency, but situations which, while they contained critical elements, were mainly static. The country was amazingly prosperous; there was a cold war with Russia; there was a hot war in Korea.

All three situations had been in existence long before Eisenhower's election and none called for instant solution or emergency handling.

Less than 50 years after the landing of Columbus, the Spaniards had penetrated what is now New Mexico.

ROADMASTER

Custom built by Buick

JUST Anger—the pressure on the steering J wheel lets her park and slow-manuever with far less effort.

For Power Steering—standard equipment at no extra cost on every 1953 Buick ROADMASTER—give her easy turning of the front wheels, even when this two-ton automobile is standing still.

Just a toe-touch on the gas pedal gives her dazzling getaway, or gentle cruising pace, or soaring power to glide easily up the long, steep hills.

For Twin-Turbine Dynaflow and the world's newest V8 Engine give her a combination of quick, quiet getaway and infinite smoothness that no other car in the world can equal.

She can gentle this big, beautiful bundle of high-powered energy to a swift, sure halt with merely light pressure on the brake pedal—For Power Brakes[®] reduce needed pedal pressure by 50%.

She can replace summer's humid heat with refreshingly cool air by a flip of a switch—For Buick Airconditioning circulates up to 300 cubic feet of cooled, dustless, filtered, draft-free air per minute.

Actually, the wonders—and the thrills—never seem to cease as you drive this superb ROADMASTER—the greatest Buick in fifty great years.

We'd like both the Mr. and the Mrs. to see it, try it, judge it. Why not drop in this week?

[®]Optional at extra cost on Roadmaster and Super models only.

Barbara McNab Is Honored At Party At C.R. Jones Home

Miss Barbara McNab, whose engagement was recently announced to Herman Swagerty, was the guest of honor at a miscellaneous shower given on Thursday night by Mrs. C. R. Jones and her daughter Miss Joyce Mae Jones. The party was held at the Jones' home at 309 West Fifth Street, where the rooms were beautifully decorated with pink and white corsage flowers. On the buffet in the dining room were an original small table and groom under an arch of fern and flowers.

Mrs. Duval Westley Inge, the former Lurelle Yvonne Dutton, and her husband are now on a trip to Jamaica following their wedding on Saturday afternoon at 1:30 o'clock at the First Presbyterian Church. She is the daughter of Mr. and Mrs. S. P. Dutton of Sanford, and his parents, Mr. and Mrs. Allan Walker Inge, are residents of Baltimore, Md. Upon their return to Florida they plan to make their home in Miami at 5314 Southwest Eleventh Street.

M. R. Strickland Is Elected PTA Head

M. R. Strickland was elected president of the Seminole High School Parent-Teacher Association at a meeting held on Friday at 8:00 p. m. at the school. Officers elected include: Fred R. Gunas as vice president; Mrs. Phillip Marz, secretary; Mrs. J. N. Azarollo, treasurer; and Miss Edna Chittenden, historian. The next meeting of the PTA will be held on May 5 at which time the new officers will be installed. Parents of eighth grade students will be special guests for the occasion. The room of Miss Rebecca Stevens was the winner of the room coin.

Catheryn Joyce Lee Weds Lewis Dorton

Miss Catheryn Joyce Lee and Lewis C. Dorton were united in marriage in a quiet ceremony performed Apr. 19 at 2:30 o'clock at the home of the Rev. and Mrs. D. L. Brainard. The bride is the daughter of Mrs. H. E. Lee and the late H. E. Lee, and he is the son of Charles Dorton and the late Mary Ellen Dorton. The couple were attended by the bridegroom's father and stepmother, Mr. and Mrs. Dorton, are now making their home at 1317 Coley Avenue in Sanford.

Birthday Party Given In Longwood

LONGWOOD (Special) — Gull Hammond and George Milwee shared a birthday Thursday afternoon when their mothers, Mrs. R. T. Milwee and Mrs. Robert Hammond, entertained with a party at the Longwood Park celebrating their third birthday. Guests were: Glenda Payne, Lynn Bauman, Tom Milwee, Sandra Prosser, Margaret and Candy Crawford, Barbara Gullickson, Beckie Young, Karlin Merritt, Bill, John and Sandra Wharton, Crale Otto, Glenn and Keith Scott, Michael Shaw, Jonelle Farina, Walter Blittine, Carol Jean Hicks and Judy Hankins. Also the Mmes. J. G. Payne, Elizabeth Bauman, Fred Blittine, John Chalkin, Ralph Hammond, John Farina, Garland Shaw, George Otto Sr., Bob Merritt, Bob Carlson, Cory Hicks, George Otto Jr., Carl Gullickson, J. S. Crawford, Halilo LaVigne, Eula Scott, William Prosser and Lillian Hennessey.

Altamonte Legion Auxiliary Meets

ALTAMONTE SPRINGS (Special) — Mrs. George Otto of Longwood was elected president of the Altamonte Legion Auxiliary at a meeting Wednesday night. Others elected are Mrs. James A. McGrath, first vice-president; Mrs. William Prosser, second vice-president; Mrs. E. Warren, treasurer; Mrs. Walter Bonder, historian; Mrs. W. A. Forward, chaplain; and Mrs. Frank Russell, sergeant-at-arms. The secretary will be appointed by the new president. Officers will be installed in September. The president, Mrs. W. A. Forward, announced that Miss Barbara Goodwin who resides on Pennsylvania Avenue, and is a Junior at Lyman High School has been chosen to represent the auxiliary at Tallahassee while attending Girls' State in June. The president also announced that 20 essays on Blueprint for Freedom had been turned in from students at Lyman High School. Judging is incomplete at this time and winners will be announced later. Plans were completed for Poppy Day to be held on Saturday, May 23, at which time auxiliary workers will be stationed at the post offices in Longwood, Fern Park, Maitland and Altamonte Springs, with the popular flower sale. The popular are made by disabled veterans in hospitals in the state and the proceeds from the sale goes to rehabilitate veterans. Delegates and alternates who were elected to go to the Constitutional Conference in Cleveland today were Mrs. George Otto and Mrs. Fred Larkum, with Mrs. H. Warren as Mrs. James McGrath as alternates.

HOLLYWOOD BY BOB THOMAS

HOLLYWOOD (S) — The Cinderella story of the year stars husky 23-year-old Robert Francis, former star of Pasadena City College and the U. S. Army. Francis, whose father delivers mail in Pasadena, has been named to play Willie Keith, the piano playing green-eyed hero of "The Caine Mutiny." He will be surrounded by a cast that will include Jose Ferrer and possibly Humphrey Bogart and Richard Widmark. How does he feel? "Like a limp rag," he sighed "it's a little hard to believe that it's a little hard to believe." Francis has never appeared in a picture or a play. Furthermore, he never thought about being an actor until he was approached by him about three years ago. He told me the amazing story shortly after his prize role had been announced. "I went swimming at a beach club in Santa Monica," he recalled. "A faint scent from Hollywood happened to see me, and he traced me down by the beach on my car. I was invited to the studio for an interview." The lad still had no ambitions about being an actor, but he read some scripts for the late Sophie Rosenstein. She said he had possibilities, but needed seasoning. She told him the drama classes of Holman Schneider. Mrs. Schneider has coached such players as David Brian, Tony Curtis, Janet Leigh, John Agar, Diana Lynn, Lena Horne and Piper Laurie. Francis joined the night classes, reading scenes from plays and improvising dialogue along with the other students. The coach was impressed with his progress and referred him to her husband, Benno Schneider, talent man at Columbia. "I studied with Benno for a couple of months," Francis recalled. "I was about to sign a deal when I got that familiar envelope from Uncle Sam."

Personals

Mr. and Mrs. J. E. Baker spent Sunday in Deland with their son and daughter-in-law, Mr. and Mrs. Ernest Baker. Mr. and Mrs. Hollis Howard of Carlisle, Mo. were the week-end guests of Mr. and Mrs. A. L. Skinner. Mrs. Anna O'Neal of Tallahassee arrived today to be a guest of Mr. and Mrs. W. A. Keasler for the coming week. Mr. and Mrs. Robert Reedy had as their guests last week Mrs. Reedy's parents, Mr. and Mrs. Charles H. Steffan of Houma, La. Mr. and Mrs. F. E. Rommilt have had as their guest Mrs. Rommilt have had as their guest Mrs. Rommilt's aunt, Mrs. W. D. Caldwell of Tampa. Mrs. J. H. Ingey returned to her home in Jacksonville after visiting for several days with Mr. and Mrs. J. L. Frank at their home on Colery Avenue. The Rev. and Mrs. H. L. Zimmerman, Col. and Mrs. Paul J. Chesterson, Mrs. Randall Chase, Mrs. W. E. Kirchhoff, Mrs. Edward Kuhn and Mrs. Joseph Saunders have all returned from St. Petersburg where they attended a convention of the Diocese of South Florida Episcopal Churches held last week. The Rev. and Mrs. Frank Pulley visited for a short time on Friday with Mr. and Mrs. St. Clair Pulley. The Pulleys were en route north after a holiday in South Florida. The Rev. Pulley served as rector of Holy Cross Episcopal Church eight years ago and a now chaplain at West Point. Fred J. Holden has returned to his home in Akron, O. after spending the winter months with Mr. and Mrs. Albert Hardesty at 2417 Orange Avenue. The Hardestys have also had as their guests Mr. and Mrs. Ralph Johnson and son David of Columbus, O. who spent a vacation in Sanford.

Miss Dutton, Mr. Inge Married In Lovely Presbyterian Service

In a ceremony marked with unusual beauty which admitted Miss Lurelle Yvonne Dutton became the bride of Duval Westley Inge on Saturday afternoon at 1:30 o'clock at the First Presbyterian Church. The bride, who is the daughter of Mr. and Mrs. S. P. Dutton of Sanford, and his parents, Mr. and Mrs. Allan Walker Inge, are residents of Baltimore, Md. Upon their return to Florida they plan to make their home in Miami at 5314 Southwest Eleventh Street. The Rev. August C. Melius performed the marriage before the altar which was covered in white and flanked with palms, brained carnation holding tall white taper candles and arrangements of white chabod with greens. The pews were marked with sprays of the white flowers tied with satin ribbons. Prior to the ceremony Roger Hayes sang "I Love Thee" by George and "The Perfect Love" by Dean Fox. He was accompanied by Miss Mary Ann Mahan who also rendered "The Lord's Prayer" during the ceremony. The beautiful wedding march was "The Bride" by Mendelssohn. The bride was given in marriage by the Rev. Melius to Duval Westley Inge, son of Mr. and Mrs. Allan Walker Inge, of Baltimore, Md. The bride was accompanied by her father, Mr. S. P. Dutton, and her mother, Mrs. S. P. Dutton. The groom was accompanied by his father, Mr. Duval Westley Inge, and his mother, Mrs. Duval Westley Inge. The ceremony was held in the sanctuary of the church. A setting was Mrs. William Bradley, Sr., Mrs. Bill Fox, Mrs. J. V. Leonard, Mrs. C. G. Coyle, Mrs. I. M. Tyre, Mrs. W. R. Fox, Mrs. P. F. Dutton, Mrs. E. L. Woodruff Jr. and Mrs. Walker Steele. Later in the afternoon the couple left for a wedding trip to Jamaica. Miss Inge wore a long, light-colored dress with white accessories and her hair was styled in a simple, elegant fashion. The groom wore a dark suit with a white shirt and tie. The ceremony was attended by a large number of guests, including family and friends. The reception was held at the home of the bride's parents. The bride and groom were the center of attention throughout the evening. The ceremony was a beautiful and memorable occasion for all who attended.

These Women

By CYNTHIA LOWRY AP Newsfeatures Writer

"Men" said the lady who lives up the street, with a mixture of wrath and amusement. "I believe that if they do things in that office the way they do, they are doing it for a good reason. Their families are able to stand it. My neighbor, a good natured woman with vast practical abilities and a very reasonable husband, was enjoying her work very much. She was determined to get it out of her system. She talked: 'Men say they understand women. Well, I certainly don't understand men at all. The way they stand near me, the way they stand near me, I don't think there is any difference between men and women. That men's minds are so different. They can only think about one thing at a time, and they get upset and confused. They have to handle several things at once.'"

Truth Seekers Have Party For Families

The Truth Seekers last of the Central Florida Church entertained their families and friends at a party on Wednesday night at the home of Mrs. Henry Dutton. All present were entertained with a most enjoyable evening. The party was held at the home of Mrs. Henry Dutton. The evening was most enjoyable and the families of the church members were all present. The party was a success and the families were all entertained. The evening was most enjoyable and the families were all entertained. The party was a success and the families were all entertained.

BIRTH ANNOUNCEMENT

Edwin G. Kyle, S.K.C. and Mrs. Kyle of 2430 Yale Avenue announced today the birth of a son, Edwin Gilmore Kyle Jr., weighing 7 lbs., 9 ozs., at the Orlando Air Force Base Hospital on Apr. 16.
If it hadn't been for a freakish turn of California weather, Bob and his brother ran three shops catering to dunces of the sport in the San Bernardino Mountains. Their business was thriving until the winters of 1948 through 1949. No snow. The boys sold out. The older brother landed a job with a beer company, and Bob started on his way toward service of the old USS Caline.

THE SANFORD HERALD
Mon. Apr. 27, 1953
Plea Is Made For
Contributions To
Easter Sale Fund

With only three days remaining for Sanford residents to swell the badly lacking Easter Seal Fund, Mrs. Harold Appleby, Seminole County chairman for the Central Florida Chapter of the Crippled Children's Association, today appealed to area residents to mail in their contributions.

"We of the crippled children's society feel our cause devoted to aiding the handicapped child is equivalent to such American privileges as exercising the right to vote or donating blood to the Armed Forces—must on every citizen's list," Mrs. Appleby declared.

She added that "crippled children may face curtailment of important treatment and training unless our public spirited citizens who have not participated in the 1953 appeal contribute as generously as possible."

Mrs. Appleby was heartened to find that a \$50 check from a local businessman who previously had contributed \$10.

She also expressed appreciation to the Pep Squad of Seminole High School which will sponsor three tables in the downtown area on Saturday in an effort to raise additional funds. The students will be provided with tambourines by Capt. Bill White of the Salvation Army and not by the American Legion as previously stated.

Reward For Jet

(Continued from Page One)

Expenditures allowed by the 1951 Legislature for this biennium would leave a working capital of 14 to 21 million dollars in the general fund.

Efforts to boost tuberculosis sanitation operations, funds above Appropriations Committee recommendations were defeated after warnings that the working reserve already had been depleted too much.

Before the Capitol Center item was cut two million dollars, Rep. Moody, appropriations chairman, told the House the reserve stood at less than half the 25 million dollars Gov. McCarty says is necessary.

The House accepted without discussion a committee recommendation for a \$2,710,000 University of Florida appropriation.

Also approved without changes being proposed were committee recommendations for an appropriation of \$11,261,000 for Florida State University, \$473,000 for the State Department of Veterans Affairs and 30 million dollars for the welfare program.

The House voted to give Florida A. and M. College for Negroes the \$3,650,000 recommended for it for new buildings.

TALLAHASSEE (A) — The House today passed the bill appropriating five million dollars for a University of Florida medical school, 71 to 17.

The measure was amended to provide that counties must help pay the expenses of patients they send for treatment at the proposed medical center.

The Senate already has passed the bill but must concur in the House amendment before the bill goes to the governor.

Sen. Tappan's bill to consolidate the University of Florida and Florida State University was sent to the Senate floor for debate with approval of the Education Committee.

It would give the two white universities a single president in an effort to cut down what Tappan claims is extravagant duplication of instruction.

The committee rejected a bill by Sen. Hopley, Jacksonville, which would require school buses to pick up children within 3 1/2 miles of schools. They now can't haul children less than two miles.

City Gets Publicity Via Frances Moore

Sanford is receiving nationwide publicity in connection with Miss Frances Moore's candidacy for the Miss America title. A picture of Moore appeared in the Evening Bulletin of Xenia, Ohio along with the following comment: "Aiming at the Miss America title this summer, Frances Moore, 20, of Sanford, Fla., says she is the first entrant in this year's Miss Florida contest in vying for the crown, she will perform an under water ballet."

Williams Letter

(Continued from Page One)

10.1 points, using as a base, 100, the year, 1927 through 1932. The Bureau reports for the salary year 1951-52 an increase in the cost of living from the year 1917-18 to 187.9, which reflects a change of 21.2 points or an increase in the actual cost of living of 13.2.

"2. A 13% increase in a rank 3 salary would be \$311.50.

"3. The Department of Education, the Florida Educational Association, and the Parent-Teacher Association all recommend increases for current operating expenses and transportation. Neither the Florida Educational Association nor I am interested in supporting proposed amendments which will be offered from the floor when the education appropriation comes up for discussion.

"4. The Budget Commission has unanimously recommended that some monies anticipated for 1953 be not appropriated for the reason that good business practices require that the State be in a position to pay its obligations when due. I concur in the recommendation of the Governor and his cabinet and feel that the State should not appropriate every penny of anticipated income any more than an average citizen makes a deliberate effort to spend every penny that he makes.

"I would call this to your attention also, that the minimum foundation program itself is requesting the sum of \$12,500,000. The University of Florida is requesting over \$20,000,000. Florida State University is requesting over \$13,000,000. Florida A. & M. College is requesting over \$1,000,000. A \$150 raise per instructional unit will amount to over \$21,000,000. An increase of \$150.00 per transportation unit will approximate \$1,000,000. An increase of \$50.00 per instructional unit for current operating expenses will exceed \$2,500,000. The cost of this recommendation approximates \$5,000,000. An extension to the school free lunch program would cost an additional \$5,000,000.

"The above request, when totaled, will equal approximately two-thirds of the total amount of money available to be appropriated. I would suggest that we have it in mind the lines of your engaged in the profession of education examine carefully the budgets of the University system. I view with alarm the present system being used to maintain our universities far better than we are maintaining the minimum foundation program. In my opinion, it is imperative that the primary system of education, where children receive their basic training, and spend a disproportionate amount of money for higher education. To me, it is ridiculous to appropriate \$2,000,000 for the education of 9,000 students and only \$122,000,000 for the education of more than one-half million students.

"Neither you nor I care to see taxes increased. However, I know of no other way to grant all of the requests and demands which have been made of me for various appropriations other than by increasing taxes, which I am opposed to doing at this time.

"I would be happy to hear from you again with regard to this matter and would appreciate your thinking with regard to the problems which the State of Florida is facing, not only in the field of education, but of general government as well."

Congress

(Continued from Page One)

olution, Rep. Bender (R-Ohio), appealed to his colleagues to "end the sleepless nights of many historians who are getting hysterical about the matter."

Prospects of an open clash between the Eisenhower administration and the House Republicans on the tariff issue seemed sharply reduced today as a result of a move by Rep. Richard M. Simpson (R-Pa.).

Blues In The News

The office staffs from the Station Administrative Office, Personnel Office and Information and Education Office got together for a picnic Friday afternoon at Rock Springs and everyone seemed to thoroughly enjoy themselves. Swimming was enjoyed in the cool spring water and there was enough softball played to leave quite a few of the men with aching muscles.

One of the highlights of the afternoon was an egg throwing contest. Bill Brennan and Mrs. Don Taylor managed to stay in the race the longest and of all the eggs that were broken, "Red" Gallagher got the worst of it. His egg broke and splattered onto his leg and face.

Steaks were the main course for the picnic and they were grilled to perfection by George Powell and Lt. N. Bowman. Along with the steaks, there was potato salad, baked beans, potato chips, relishes and soft drinks.

Couples attending the affair were LCDR and Mrs. T. D. Putnam, Lt. and Mrs. C. L. Sullivan, Lt. and Mrs. L. N. Bowman and family, George and Lorraine Powell and family, Don and Mrs. Taylor, Floyd and Bernice Graham, Ken Jones and Miss Joan Herring, Red Gallagher and Miss Nellie Cole, my wife, Eddie's daughter Linda and Lt. Col. Taylor to the picnic were Bill Brennan, Jim Moore, "Eddie" Sexton, Tom Houkes and John Loveseque.

The 1950 hayride which was held Friday night was termed a huge success by those attending and everyone is now looking toward the next big event to be held at the USO. That is the talent show scheduled for 8:00 p.m. this Wednesday at the USO building on First Street. You still have time to enter this show but you better hurry. You can get an entry blank from the Chamber of Commerce, Touchton Drug Store, Faust's Drug Store or Touchton and Anderson Drug Store. There will be prizes and civilians as well as Navy personnel are welcome to be on the show.

Leo G. Pinhook, AN, and Elmer B. Ponder, AT-2, have both left NAAS and the City of Sanford for new duty stations. Leo was attached to the Security Department aboard the station and is now on his way to a long duty assignment. Elmer has departed for Lakehurst, N. J. where he will receive a five week course of instruction in the Radar Winkis Staff Operators School. After he completes his course, he will be assigned to duty with the fleet. While aboard NAAS, Elmer performed his duties with the Operations Department.

Joseph A. Calastro, Edward Allen, and John Sisko are all on their way to Yankeeland today to help at the home of the late Ed will be at his home in Johnson, N. J. for about ten days while Ed will be spending some time in Brooklyn, N. Y. John is hurrying to Philadelphia, Pa. where his father is reported, seriously ill in the hospital there.

Don't forget this is the week of the 1953 Anniversary Anniversary party. The Naval Air Station will be two years old Friday but the celebration is planned for Thursday. It will be held at the former's Aviation Club on Route 17-32 beginning at high noon and lasting until there's no one left to celebrate. There will be refreshments, games and lots of prizes, so bring your own party for an afternoon of fun and excitement. All Station personnel, their families and guests are invited. Don't miss it. It will be a great evening and better than last year's party. See you there!

Health program; the Rural Mailbox Turnouts and setting up an Action Program on Civil Defense. It was announced that Mrs. Cameron has recently been appointed by Governor Dan McCarty as a member of the Citizens Advisory Committee for Florida on Mental Health.

Mrs. May Pynchon of Jacksonville, International Relations chairman for Pilot International was presented with a scroll for her outstanding service during the four years she has served in that capacity. The attendance award was presented to the Quince Club for the sixth consecutive year. Daytona Beach won the "Scrapbook" award and the Winter Haven Club the membership award. The convention voted to send a

ted, with the machine tools and other needed equipment kept available for possible later need.

But Kyes also said "careful consideration would be given to preserving industries vital to defense which do not have full opportunity in civilian economy, noting that 'the aircraft industry is an example of this type.'

This major policy statement by Kyes primarily reflected the current views of Secretary of Defense Wilson, who has been in Europe. Both men are former top executives of General Motors.

wire to the legislature in Tallahassee requesting that the proposed mental hospital be placed in a more strategic location than the site the Lake Okechobee area now being considered. A wire was also sent to President Eisenhower commending him for his initiative in the "cold war."

Those from Sanford attending were Mrs. C. C. Stone, Mrs. V. C. Messenger, Mrs. G. A. Stine, delegates; Mrs. Al Hunt, Mrs. Sue Stevenson and Mrs. Nancy Brock, along with Mrs. E. B. Randall, a visitor.

Violators Of Forest Fire Laws Warned

In a stepped-up campaign against violators of Florida's forest fire laws, District Investigator J. D. Hland of the Florida Forest Service pointed out today that several rewards are available to citizens providing information leading to the arrest and conviction of willful fire law violators.

The Florida Bankers Association has set up a fund of \$10,000 to be offered as ten \$1,000 rewards, and the Florida Board of Forestry has a standing reward of \$250.

Hland explained that any person having information about a forest fire law violation should report the matter to his District Ranger, P. O. Box 621, Ocala, or call his County Ranger at 3-6218, Orlando.

"Bankers' rewards and the Board of Forestry rewards may be paid to any individual, except employees of the Florida Forest Service. Thus it is possible for any one individual to receive a total reward as high as \$2,250 for providing information needed by the State to convict a woods burner.

Investigator Hland pointed out that the State will not give information in a single case that leads to the arrest and conviction of the violator, the reward will be divided between the persons giving the information. Rewards will not be paid for arrest and conviction on careless violations.

Pfc. Wesley Wright Furloughs In Japan

WITH THE 2ND INFANTRY DIV. IN KOREA (Special)—Pfc. Wesley Wright Jr., whose wife, Hurdle, lives in the Castle Brewer Ct., Sanford, Fla., recently spent five days in Japan on a rest and recuperation leave from the 2nd Infantry Division in Korea.

The vacation was part of the Army's policy of giving periodic rests to soldiers in the combat zone. Luxurious "R and R" hotels are located throughout Japan to accommodate the veterans.

Wright, a dental technician in Headquarters Battery of the 2nd Division Artillery, entered the Army in February, 1952 and joined the 2nd in September.

He is a graduate of Crooms Academy in Sanford.

His mother, Mrs. Margaret L. Wright, lives at 1114 W. Eleventh Street.

Boy Scouts

(Continued from Page One)

France to the Central Florida Conference Camporee to be held in Alexander Springs, Lake County, on May 8 and 9 with seven counties comprising.

Troops competing in the week-end outing included Troop 243 of Ovida, Troop 311 of Casselberry, and Sanford Troops 34 and 345. Leaders for Troop 243 were Don Gray, chairman of the committee, and G. S. Beckman, scoutmaster. Troop 341 was in charge of Scoutmaster Wally Krohn. Scoutmaster W. W. Tyre and A. H. McFaney led Troop 311 while Scoutmaster Sidney Vibben led Troop 345.

Winners in the program participated in by 35 scouts were: Knot relay—Troop 341, first; and Troop 345, second.

Distance measuring—Troop 34, first; Troop 345, second.

Tent pitching—Troop 243, first; and Troop 34, second.

Fire making—Troop 243, first; and others disqualified.

Accident on hike—Troop 34, first; Troop 345, second.

Flapjack flipping—Troop 311, first; and Troop 243, second.

Stretcher carry—Troop 34, first; and Troop 243, second.

Sack relay—Troop 341, first; and Troop 345, second.

Four man 200 yard dash—Troop 345, first; and Troop 341, second.

If a gallon of water is separated into hydrogen and oxygen there is about 82 cubic feet of oxygen and 104 cubic feet of hydrogen.

BLAST ROCKS TRAIN

CALGARY, Alta. (A)—An explosion in a refrigerator car coaxed a passenger train just after it arrived in the station here last night. An 11-gallon passenger, Mrs. Charles J. Blake, was thrown 11 feet by the blast and killed. Her husband and three Canadian Pacific railway employees were hurt. The explosion destroyed the refrigerator car, on the Edmonton to Calgary train. It shattered hundreds of windows in the vicinity. Investigators expressed belief the blast occurred when a railway worker thrust a gas lamp into the car, igniting leaking gas.

oil, and diesel fuel.

Report on legislation.

Request from auditors for informal meetings with Commissioners Tuesday or Wednesday evening, Apr. 28 or 29.

Reference to offer of L. P. Payton to purchase the E. 2430 feet of Lots 26, 27 and 28 of Block 6, Marvinanna Second, for price of \$75,000, the remainder of these three lots are owned by W. E. Kirchoff, Jr. Mr. Payton claims he has an agreement with Mr. Kirchoff to purchase his portion of the lots contingent upon being able to acquire City's part. The prevailing selling price of lots in that area is \$30,000.

Mrs. Hancha Tackach obtained City license on Oct. 8, 1952, for sum of \$20.00 to operate her taxi-cab or fiscal year 1952-53 but was taken ill immediately thereafter and died recently without operating the taxi-cab. Her husband has made application for refund of the license since they are no longer in the taxi-cab business.

The trustees of State Improvement Fund acquired title to Lot 18 of Fla. Land and Cattle Company Add. in 1939 under the Murphy Act, which was sold recently by County at auction to Fred Williams, subject to City's tax liens for years 1931 through 1939. The City had it assessed with a dwelling tax for those years but he had secured an affidavit from a negro by name of Audio Lawrence that the house was torn down in 1939. He is requesting an adjustment of the taxes for years 1939 through 1939.

The Toyland Store that was located in store where Ivey's Shoe Store has recently moved, remitted for their 1952 Personal Taxes less deduction of \$25.00 representing one-half of amount paid for occupational taxes for 1952-53, not using the taxes for 1952-53, but from Sanford because of not being able to find another building, felt that they were entitled to refund of one-half of the license, also. Discussion and moving pictures of Muse, George Patterson, Monroe Pearce, Joe Pickens, Banks Register, Bert Rivera, Charles Rodenburg, Mike Rotundo, Thomas Sack, Jack Seaworth, Harry Sheffield, Cecil Sheppard, James Shivers, Tommy Speer, Frank Stafford, Bobby Till, Edwin Tison, Junior Todd, David VanDusen, Bob White, Gene Wilkinson, Harvey Wilkinson, Calvin Wright, Raymond Yates, Clinton Honney and Gordon Clark.

Evergreen Temple

The Daughters of Elks of Evergreen Temple No. 321 held a regular meeting on Monday night at the Elk Auditorium at 600 East Seventh Street at 7:30 p. m. Amanda Tucker, Cella M. Brown and Elythe F. Wright reported on the 25th annual convention of the Florida State Association which is affiliated with the Cuban and West Indies groups.

The convention was held in Jacksonville in April when the local group was commended for their fine work. Janice Walker was also a delegate but was unable to be present at the Monday meeting.

The organization voted to donate \$10.00 to the current Cancer Fund Drive and to the American Red Cross. All members were requested to be present at the next meeting on May 5.

Cardinals Seek Comeback Trail In Palatka Tonight

Ingram Will Try For 2nd Win; A's Rained Out Here Yesterday

BY W. V. CHETLAIN
Clarence Ingram, promising 10-year-old limited service pitcher with a phenomenal control record, will start on the mound in Palatka tonight in an effort to get the seventh place Sanford Cardinals back on the comeback trail.

Yesterday's scheduled Arizona opener in the Memorial Stadium was postponed at 2:30 p. m. because of wet grounds. The two clubs will play a doubleheader here the next time Palatka comes to town.

Ingram, who has lost three doubleheader games before winning in Leesburg last Wednesday night, has a remarkable record of only three no-hit games in 23 innings of pitching. With a 1.3 winning percentage, the husky young pitcher is being given a chance to win No. 2.

In his rookie year, playing in his hometown, Albany, Ga., Ingram posted a 4-0 record with a respectable 3.00 earned run mark. In losing the opener this year, the good natured chunker missed only one Orlando Senators' fielding on the part of his mates to this setback was in his other defeats.

The lack of adequate fielding support has led to more calls to the St. Louis chain for player help. Walter Shannon, lower minor league farm director of the St. Louis Cardinals, has promised to stock Palatka with players to make it a contender. The St. Louis chain has been handicapped in date, because most of its affiliates are just now beginning to open up their baseball camps.

Sanford is in line for player help when the larger clubs begin piling down their rosters. He far, the local Redbirds have resisted only one player—Ed Wagner an infielder—since the campaign opened. Wagner has played both second and first base displaying his fielding ability, but he has been far from adequate at the plate.

The Virginia-born infielder is batting only .011 for three games. With the lack of a long ball hitter, the locals cannot stand to have many punch hitters. The release of this week's average wages show Sanford's average salary is \$41.50 after 19 games. This is a far cry from last year's \$60.00 when the club was established as a new FSL member.

Several players have proved they can hit no far. One in particular looks like another Paul Wauer. He has reached the stage where he can just about choose when to hit. The Ithaca College graduate is now in the throes of a terrific hitting streak.

In the last six games all Leonard has done is blast out 16 hits in 32 trips for a lofty .500 batting mark. He began this spray hitting streak with a seven-for-seven string spread over three games to set some kind of Florida State League record.

The Cardinals' North Carolina led the Coastal Plains League with Goldsborough in his rookie year last season. He batted .375. Leonard is normally a left fielder now holding down center while Bob Folkert is recuperating from a laceration.

Cocoa's Indians Win 6th Straight By Rocking Hats

By The Associated Press
Manager Bama Rowell's home-run in the eighth with two aboard gave Cocoa its sixth straight victory Sunday, an 11-7 decision over Deland which fattened the Indians' Florida State League lead to two games.

With eight straight wins, a solid grip on first place and a long home stand against the West, the Phils are riding high. They can afford to relax today—an open date for all clubs.

Robert's of course, has had solid help from Curt Simmons, Karl Drews and Jim Konstanty, but he is Mr. Big.

The handsome college grad should be closing in on that 30-4 mark by September. With a 3-1 record, he is running ahead of his 1932 pace, when he wound up with a 28-7 record.

Steve O'Neill, a manager who has been handling pitchers since long before Roberts was born, won't be keeping the kid on the three-day diet when he gets his pitching routine straightened out. Roberts would just as soon keep it up. He thrives on work.

Roberts started last week without a win. He beat New York Monday, 2-1, whipped Brooklyn Tuesday night, 6-1, and stopped Pittsburgh yesterday in the first game of a double-header, 7-5. That's right, two days' rest and pitch 'em third day at Milwaukee.

Drews teamed up with him to sweep the pair from Pittsburgh yesterday, throwing a seven-inning second game for an 8-1 decision with the help of Willie Jones' two-run homer.

George Shuba and Carl Furr to each drove in three runs in Brooklyn's 8-1 victory over the New York Giants in the rubber game of their three-game series. Billy Egan scored 11 hits to top the circuit for the second time.

Bob Feller and Bob Lemon pitched Cleveland into first place in the American League by a margin of 28 victories over the New York Yankees. Although the Yanks are a half game ahead in the won-and-lost figures, the percentage which are the determining factor give the lead to the Indians.

"Whiz Kids" Win 8th Game In Row To Cement Lead

By JACK HAND
AP Sportswriter
The Robin Roberts three-day diet is doing wonders for the Philadelphia Phillies. No more tired, run-down feeling. No more blue Mondays.

With eight straight wins, a solid grip on first place and a long home stand against the West, the Phils are riding high. They can afford to relax today—an open date for all clubs.

Robert's of course, has had solid help from Curt Simmons, Karl Drews and Jim Konstanty, but he is Mr. Big.

Bob Feller and Bob Lemon pitched Cleveland into first place in the American League by a margin of 28 victories over the New York Yankees. Although the Yanks are a half game ahead in the won-and-lost figures, the percentage which are the determining factor give the lead to the Indians.

The Philadelphia A's and Boston Red Sox were washed out of two games at Fenway Park.

Rotary League's Sweep 2 Games In Pennant Bid

The second place Giants drew within 1 1/2 games of the front-running Cubs in the Rotary baseball league by registering victories over the Tigers, 5-3, and Pirates, 10-6, last Thursday and Friday at the Ninth Street Diamond.

Jimmy Hawkins hurled the Giants to their first win over Tigers on a road game.

Sanford's Bill Batty is leading the league in batting with a .333 percentage. The Class D Florida State League is off to one of its most spectacular starts, with Bama Rowell's hustling Cocoa Indians proving to be the sensations of the circuit.

Mixed in the cellar for two straight seasons, the Indians Thursday night were on top of the league with seven wins out of 10 decisions. Two of the seven were scored over the Orlando Senators, the Indians' bitterest rival, and nearly a thousand grateful Indian fans were in the stands Thursday night when Cocoa won its two straight over Don Ford's Rockies.

Official averages released at State League headquarters here today show an expected, the league's roster of 13 veterans found five of them in the Top Ten list of sluggers along with three limited service and two rookie players.

Longest and toughest of the lot was lanky left-handed batting Clyde Briggs of St. Joe, Beach Sea Birds. At midnight Thursday, and a lusty 500 average.

Dick Haller of Daytona Beach was second with a .500 produced in 7 games—15 hits in 30 trips, while a team-mate, Dick Zuccato, was playing the outfield, was the league's third place slugger and top rookie hitter with a fine .471 in 10 hits.

Offensively, Zuccato was leading in doubles with seven; Cade of Deland and Arndt of Palatka in triples with two each; Pirlo of Palatka and Floyd of Leesburg, in homers with three each; Busma of Cocoa, in RHP's with 15; Haller, with eight stolen bases; Trump, Jack Becher, in sacrifice hits with three.

The New Birds were club batting leaders with a fine .303 figure, but Leesburg and Cocoa had batted in the most runs, 85 and 91 respectively.

Jack Cade, Deland infielder who led the league in 1932 with a .382 average, was hitting .344 in 11 games, while Sanford's Leonard, the Coastal Plains League 1933 batting champion with a .415 mark, was hitting .411, both at midnight Thursday.

Cards Tie For Most Hits In FSL; Rank 2nd In Batting With .278

Those pesky hitting Sanford Cardinals rank in a tie with Jacksonville Beach for the most hits in the Florida State League while standing second in team average, the official FSL record revealed today. The Redbirds are dueling with the Jacksonville Beach Sea Birds with 105 total hits and the Cards rate second in Jax Beach in hitting with a .278 mark.

Meanwhile, two Sanford players are clasped in the Big Ten this week. Tommy Leonard, ransoming Card outfielder who is batting a phenomenal .410 in his last six games, standings fourth in the FSL through game played last Thursday night with a .411 average.

Sanford skipper J. C. Dunn, hitting .370 is the 10th ranking State League batsman. In the limited service bracket, Bob Skelton is the second highest with a .333 mark while in the rookie division Shortstop Bill Batty is carding a .333 percentage.

The Class D Florida State League is off to one of its most spectacular starts, with Bama Rowell's hustling Cocoa Indians proving to be the sensations of the circuit.

Mixed in the cellar for two straight seasons, the Indians Thursday night were on top of the league with seven wins out of 10 decisions. The New Birds were club batting leaders with a fine .303 figure, but Leesburg and Cocoa had batted in the most runs, 85 and 91 respectively.

Lowly Cardinals, Seminoles Score Lions Loop Wins

The two lowly Lions League Clubs—Cardinals and Seminoles—reared back and slugged their opponents last Thursday and Friday and let the rest of the loop know that they are in the circuit. The Cardinals took the starch out of the second place Giants' pennant drive with an 11-0 setback on Thursday.

On Friday afternoon the hapless Seminoles registered their second victory of the season with a 10-5 decision over the third place Red Sox. Billy Robinson lugged out two home runs for the Cardinals in their win. Robinson also played short and spelled winner Ken McMurray on the mound.

Today the Red Sox meet the loop leading Cubs at 4:00 o'clock on the Lakefront Diamond. Tomorrow the Cubs and Giants will meet at 4:00 p. m. at the stadium.

The Cardinals' batting average is .278, the Seminoles' is .278, the Red Sox is .278, the Cubs is .278, and the Giants is .278.

13 Bass Entries Bag 124 Pounds In Angling Meet

By FRED P. GREEN
PALATKA (Special)—The Palatka and Crescent City Jaycees sponsored Palatka County Fishing Tournament continued to break all records in its four year history.

The 13 entries this week totaled 124 pounds with a 10 pound 12 ounce bronzeback entered by K. F. Gordinier, Crescent City, the largest and winning the largest trophy in the 15 catch division. This bass was taken from the St. Johns River and weighed in at the Triple "B" large at Huntington.

The weekly trophy for the bait casting division was won by H. E. Short, Jr., Decatur, Ga., who used an all fish shrimp wiggler to entice a 10 1/2 pound bass to enter the lake George and entered the fish at the Heater Starling Camp at Georgetown.

Robert Short in a tie with Kenneth May of Huntington, the largest bass entered in this division for the grand prize at the end of the tournament Sept. 7.

The light tackle champion this week was Dr. Guy C. Brown of Hudson, Iowa, who used a fly rod and a popping bug to take a 6 pound 10 ounce bass from the St. Johns River out of the Oliver Fishing Camp. The 6 ounce bass captured by Leslie E. Reynolds, Jr.

For the first time during the 1935 rodeo, the most bass entered were taken on artificial lures. Eight entries were taken on a rod and reel with artificial lure, two on light tackle with artificial lure and 5 were caught on live bait.

In spite of bad weather which has haunted the fishing camps since the tournament started on February 10, the camps and other officials weighing in stations have turned in an excellent job in recording the fish. The A. F. Oliver Camp at Woloka has the most bass entered with 19 and the Palatka Fire Station is second with 18 entries. Magnolia Bluff, Salsuma, and St. Johns Fishing Lodge, Huntington, are tied for third with 17 entries each.

The Palatka Fire Station is second with 18 entries. Magnolia Bluff, Salsuma, and St. Johns Fishing Lodge, Huntington, are tied for third with 17 entries each.

The Palatka Fire Station is second with 18 entries. Magnolia Bluff, Salsuma, and St. Johns Fishing Lodge, Huntington, are tied for third with 17 entries each.

Legislative Diary

By VOLIE A. WILLIAMS JR.

TALLAHASSEE, MONDAY, APR. 27.—Time today for next morning, the House will finish the Appropriations Bill. The way it appears now, the House will exceed the appropriation recommended by the Appropriation Committee by nearly 4 million dollars, the Commission on the other hand recommended the expenditure for the next biennium of approximately \$1,242,500,000.

By raising teachers' salaries an additional \$1,000,000, the House will exceed the appropriation recommended by the Appropriation Committee by nearly 4 million dollars, the Commission on the other hand recommended the expenditure for the next biennium of approximately \$1,242,500,000.

It is unfortunate there are so many differing views evident in the Legislature as to what are the primary functions of state government. Were this not true, we would have ample money to provide for the Minimum Foundation Program, the correctional institutions, general government, the mental and tubercular hospitals and the Florida Farm Colony; but from the pockets of things, it appears that \$350,000,000 is absolutely needed to erect a carillon tower at the Stephen Foster Memorial, another \$250,000 is needed to provide free bus-cholera serum for the bus producers, another \$250,000 is absolutely needed to hire special attendants, still another \$178,000 is needed to pay 45 boys, who are right on the taxpayers' payroll as tag inspectors.

For example, the tag inspector employed right here in Leon county was defeated for the Leon County Commission last November. They also tell us it is imperative to have \$2,300,000 to build a library building for Florida State University and \$5,000,000 is needed to build a Medical Arts and Science Building at the University of Florida. Certainly, there is no argument that most requested appropriations are in good conscience, how could anyone vote for desirable services until the minimum needs of the State are first provided for?

The clear plan of your Legislature's inconsistency in 1947, it passes the Minimum Foundation Program. That law requires the appropriation of \$100,000,000 for the State for supervisory personnel. Rather than meet the issue head-on, last Friday the House simply did not provide the \$2 per pupil which by law is required to provide. However, in practically the same breath, it provided over \$5 million dollars for the maintenance of mental hospitals.

The larger counties of Florida—a completely new program, and one which perhaps has considerable merit; but, again, the question arises, should we embark on these programs and services before the minimum needs are met?

The problem which I face, as your representative, is determining how the majority of you would vote were you in my place and possessed of the same information on each of the appropriation requests. I should like to recognize the fact that no matter how a representative votes on any issue, he is bound to make some judgment.

Those who keep appearing time after time in Tallahassee tell me (Continued On Page Four)

Jury Is Selected In Murder Trial Of Randolph Miller

The trial of Randolph Miller, 28, a British subject from Nassau who is charged with murder in the first degree in connection with the fatal stabbing of a fellow Nassau man, Washington John Brown, last June 7, began today at the Court House.

A 12 man jury composed entirely of white males started hearing testimony of witnesses this morning. First on the stand was Richard Stone, colored, an embalmer, and P. A. Kern, who at the time of the murder took place in a cafe just outside of the City limits, was Seminole County sheriff.

The jury hearing the case is composed of the following members: Clifford A. Ingraham, Harvey A. Marshall, William B. Dunn, E. C. Nelson, Roland A. Wasson, Fred W. Turner, E. Harold McAlexander, Joseph M. Moore, Raymond D. Bass, John Paul McGee, James Clay Williams and Gordon W. Swain.

The alternate is Leo Frank Lampe. A request by Kurlye Housholder attorney for the defense that E. F. Housholder, his father and partner, be permitted to be associated with him in the case, was granted.

The trial was scheduled to start yesterday, but was put off for lack of a jury. Out of a venire of 40, only 21 also for a questioning and before a jury could be empaneled new had been challenged by the defense, one by the state and two were excused for cause. That left only 11 in the jury box.

Delay in the Miller trial has freed participants of other cases that were set for the remainder of the week.

City Fathers Argue Zoning Of French Ave.

Motion To Hold Public Hearing Killed

The first reading of an amendment to the Sanford Zoning Ordinance which would create a new type district touched off a lively discussion at last night's regular meeting of the City Commission at the City Hall.

During December the Sanford Planning Board recommended to the City Commission that a new designation entitled C-2 Transient Commercial District be added to the ordinance governing zoning. After City Attorney Ed Shinkler read the amendment for the first time, Commissioner John Ivey brought out the fact that restrictions contained therein would destroy business properties along French Avenue.

It was his belief, he said, that the new type of district under consideration was aimed directly at the truck route and he declared that a front yard 40 feet in depth along with certain parking restrictions would not make it possible to erect places of business of sufficient depth.

Then followed a motion by Commissioner J. D. Corbell that a public hearing be held in conjunction with the zoning of French Avenue which would make it commercial all the way from the boulevard on the north to the southern city limits.

At the suggestion of Mayor Randall Chase, Mr. Corbell modified his motion somewhat to make it only on the avenue, C-1 which is not already classified C-2.

Commissioner John Ivey seconded the motion, but when the matter came to a vote it was defeated by a three to two margin with Mayor Chase, Commissioners William Steimper and John Kehler voting against it.

The Planning Board had earlier submitted the following recommendation to the City Commission: "It is recommended that the following portions of French Avenue be rezoned to C-1—Commercial Retail District.

"The west side of French Avenue beginning at the north line of Lot 6, Block 2, Tier 9, thence going south to the middle of West Fourth Street in depth, and the east side of French Avenue beginning at the north line of Lot 3, Block 3, Tier 8 and going south to the middle of West Fifth Street, one lot in depth plus on the west side, Lots 46, 47, and 48 of First Addition to Pinehurst and on the east side, Lots 1, 2, and 3 of Twenty-Fourth Street, plus lot 100 of the unimproved property on the east side of French Avenue between Eighteenth and Nineteenth Streets, plus lot 100 of Sanford Heights Addition, and beginning on the north side of Lot 3 of Boyd's Subsection south to Twenty-Fourth Street, plus lot 100 of Block 8, and Lots 1 to 3, 8 and 9 of Block 9 of Highland Park plus Lots 1 to 12 of Block 4 Addition."

According to the Planning Board there were no objections raised at the public hearing regarding this rezoning which makes 120 properties on both sides of French Avenue from Seminole Boulevard south to Twenty-Fourth Street either C-2 (Commercial Industrial) or C-1 (Commercial Retail) except property owned by the Seminole County Board of Public Instruction.

George W. Simons Jr., research consultant from Jacksonville, in a report to the Planning Board which was published in its entirety in the Sanford Herald of April 17, wrote: "It would not be too inconsistent to rezoning all the property along French Avenue into Commercial. The section north of French Avenue to First Street could be made C-1; also the sections on both sides of the avenue (Continued on Page Four)

5 Bids Submitted To City Board For New Well Pumps

Five bids on new well pumps and an equal number on drilling of test wells were submitted to the City Commission at their regular meeting last night. And today Robert M. Angus, consultant engineer from Jacksonville, along with Jim Doyle, the assistant purchasing agent for Sanford and City Clerk H. N. Savelle, accompanied the bids.

The following companies submitted bids for eight pumps to be installed in the City's water supply system: Meredith Brothers of Orlando, Indiana; Philip J. Johnson of Orlando, Florida; Home Machinery Co. of Orlando, Florida; Atlantic Company of Orlando, Florida; and D. E. Fishback and Sons, Inc. of Orlando, Florida.

Bids for test wells were submitted by M. G. Hodges of Sanford, Liberty and Freeman of Orlando, Florida; and B. B. and Sons, Inc. of Orlando, Florida. Well Drilling of Orlando, and Meredith Brothers Well and Pump Co. of Orlando, Florida.

Mr. Angus reported that the sewer survey is coming along in good shape. He pointed out that in some instances sewer lines were located on private property. He said that the City will supply that two of them are now broken down and two others are in very bad shape.

The consulting engineer said he would consider the problem of whether or not the City could get along by repairing some of the existing pumps, and not ordering all new ones.

Representative of the Tourist Club appeared before the Commission and they had been requested to permit children to use the building this summer for a handicraft class. They reported damage two years ago to their building when used by children and asked that no requests be granted.

However, on the application of Marjorie Hartman, who asked that a Lutheran group be permitted to use the facilities Sunday mornings, the Tourist Club trustees made an exception. Mr. Hartman pointed out that the Lutherans have been endeavoring to establish a church in Sanford for two years and need a temporary meeting place. On Sunday morning worship. Mrs. Burdick's Son, P.D. McRae, Dies Suddenly

Phillip D. McRae, formerly of Sanford and recently of St. Augustine, died on Sunday afternoon in a St. Augustine hospital following a short illness. He was the son of Mrs. J. N. Burdick of Sanford and the brother of Mrs. George Maffett and Mrs. C. W. Hamill both of this city.

He was a native of Monticello, Ga., and had resided for the past 12 years in St. Augustine. He formerly lived in Sanford for about 12 years. He was active in St. Augustine's civic affairs and had worked tirelessly for the blood bank. He operated a refrigeration and air conditioning business. He was a member of the First Methodist Church of St. Augustine and was a life scout. He had served with the U. S. Coast Guard in World War II and was a member of the following organizations: Ashler Lodge No. 98, P and AM; St. Augustine Chapter No. 17, Royal Arch Masons; St. Augustine Commandery No. 10, Knight Templar; 32nd Degree, Southern Blue Masons; St. Augustine Shrine Club; Morocco Temple of Shrine; and Sanford Lodge No. 1211, B. P. O. Elks, having been a member of that organization for 23 years.

He is survived by his wife, Mrs. Gladys McRae; his mother, Mrs. Burdick of Sanford; two sons, Daniel and Edward McRae, both of St. Augustine; three sisters, Mrs. Maffett and Mrs. Hamill of Sanford, and Mrs. C. N. Ryerson of Hixsonville, N. J.; and a brother, W. Floyd McRae of Evansville, Ind.

Funeral services will be held at the First Methodist Church in St. Augustine on Wednesday at 10:00 a.m. and interment will be at the Sanford cemetery when graveside services will be held on Wednesday afternoon at 2:30 p.m.

State Welfare Rolls Opened To Inspection By Legislative Action

Smathers Plan Would Put End To Conventions

WASHINGTON (AP)—Sen. Smathers (R-Fla.) said today selection of presidential candidates should be taken out of the hands of the few battling ambitious back-room bosses.

He made the assertion in a statement prepared for a Judiciary subcommittee hearing on his proposed constitutional amendment to set up a national presidential nominating primary.

The amendment would eliminate the national convention system of choosing presidential nominees. Instead they would be selected by state primaries held on the same day throughout the nation.

There is no doubt but what the people of the U. S. did not like the way this year's Smathers campaign. They don't believe that a good democracy to have the election of presidential candidates in the hands of a few back-room politicians.

The President of the United States is too important to be left in the realm of politicians. The Smathers amendment has the two other provisions of the plan: changing what he called the archaic electoral college system into a national proportional election to provide proportional division of the electoral votes from each state.

Providing that a vice president who succeeded to the highest office on the death of a president could serve a maximum of two years and 90 days. A new president under this proposal would be chosen at the next congressional election if a president died in the first two years of his term.

Under the first provision a nomination for president would be held on the second Tuesday of the month of January in each year.

Commerce Head Is Bullish Over Business Future

WASHINGTON (AP)—Secretary of Commerce Sinclair Weeks said today there will be "no sudden nose dive in defense production."

Weeks told the U. S. Chamber of Commerce that the government's defense production program would not be cut back in any way.

He said that the government's defense production program would not be cut back in any way.

Senate Follows Lead Of House Decision

TALLAHASSEE (AP)—Florida's welfare rolls were opened to public inspection today when the Senate overrode former Gov. Warren's veto of a 1951 act.

With a two-thirds majority required, the Senate overrode a veto of 34 to 10.

The Senate also joined the House bill which would permit Hillsborough County to have and log tracks to operate an extra day of racing every year for the benefit of a University of Tampa scholarship fund.

As the Legislature went back to general matters after passage of differing \$10 million dollar appropriations bills, the House passed its investigation of state construction into a general inquiry and instructed its committee to seek beyond this session.

Two bills backed by Gov. McCarty got approval from committee. One would abolish the Livestock Sanitary Board, which has been found with internal dissension and create a new board to which the governor could make all appointments.

The other would appropriate \$1 million dollar a year to help eradicate mosquitoes and related insect pests.

Warren based his veto of the welfare bill principally on a contention that opening the rolls to public inspection would result in cutting off federal participating funds. However, sponsors at the time pointed to a clause which did not make the act effective until Oct. 1, 1951, and would permit the state to be in danger of losing federal money.

Passage of a similar act in Indiana resulted in cutting off federal money to that state and Congress immediately passed a law which would permit states to open their rolls.

Gov. McCarty does not get a chance to review the action of the Legislature. He has not expressed himself on the matter.

Only Sen. Rogella, Tapper and Johns voted to sustain Warren. Rogella, chairman of the Senate Welfare Committee, and most of elderly people on the rolls were there because they had to be and that opening the rolls could be an (Continued on Page Four)

Lions Entertained By Exhibitions Of Duxbury Dancers

A group of teenage amateurs from the Duxbury School of Dancing performed a short four act dancing routine before the Lions club at the hotel today.

The versatile team of six youths and Mrs. Duxbury director were clad in ballet costumes and bathing suits. They danced, did headstands, the split, backbends and other body gyrations to the rhythmic musical accompaniment furnished by Mrs. James Blankenship at the piano.

Mrs. Duxbury opened the program, dressed in her shiny silver tulle coat, blouse and shorts, with a tap dancing shoe with eight inch heel. Duxbury Nichols, card and Junior High School student, followed with an acrobatic stunt.

John Saunders of Seminole High School, gave a comedy act of a Spanish tap dance on her toes. Muscular Ray Davis and Gerald Behrens combined to assist Duxbury in the double stunts, an acrobatic routine of precision and strength.

In the absence of King Lon Ed McCall, first vice president Jack Morrison presided. District Governor Henry Witt Jr. reported that the largest state Lions convention is in the offing at Miami this month.

There have been over 1200 reservations to date," Mr. Witt explained, "with most of the delegates and Lions coming later on without reservations. His year's convalesce will undoubtedly be the biggest ever in Florida," he concluded.

NAVY BARBECUE PLANNED
The second annual birthday party for state personnel at the Sanford Naval Auxiliary Air Station will be held Thursday night at the Farmers Auction Market.

Dave Tomley, who is taking care of the eating part of the program, expects 450 persons for the barbecue. All types of games are also on the program.
