

Some More Thoughts On The Succession

By Holmes Alexander
 WASHINGTON — William Benton (D-Conn.), who served in the U.S. Senate and State Department, writes me in agreement with a column which upheld the Speaker of the House as the logical and democratic successor to a Vice President who has gone to the White House. But Mr. Benton, a serious and informed thinker — publisher of the Encyclopedia Britannica — goes further. He writes:

"I go so far as to think that the Vice Presidency ought to be abolished and that the Speaker of the House should always be the successor to the President. I know too much about the way the Vice Presidential candidates have been selected. The process of selection is too accidental and too haphazard. The Speaker of the House is always an experienced politician who has been tested in the crucible. Yes, let us abolish the Vice Presidency."

Well, a good many people back through history have agreed with Mr. Benton. John Adams, the first Vice President, thought it the most useless office ever devised by the brain of man. Theodore Roosevelt considered himself mousetrapped in the post by Mark Hanna, who wanted to take T.R. out of circulation. If you have an idle evening to review the standard histories of the Democratic and Republican parties, written by Frank R. Kent and William Starr Myers, respectively, you can refresh your memory on the Throbbottoms whom both parties have nominated as presidential stand-bys.

Yet only in one instance did a vice presidential successor bring disaster with him, and in no instance was a President-by-accident any sort of a personal disgrace. Andrew Johnson, a Southerner, did not have the genius to carry out Lincoln's program for the defeated Confederacy ("with malice toward none"), but he did no worse in an impossible fix than several duly elected Presidents have done in times of depression and party split. We only had one disgrace in the White House — Warren Harding — whose stand-in, Calvin Coolidge, proved the better man on the ticket.

It is hard to find much fault with the successors of this century — Roosevelt, Coolidge, Freeman, Johnson, Or, back in the 19th century, with Tyler, who was a better man than President Harrison, or with Fillmore, who had it all over President Taylor. Even the most obscure successor, Chester Arthur, who followed Garfield, did a creditable relief job, though his only national experience had been as Collector of the Port of New York, a political job he got under President Grant and lost under President Hayes. And yet, as Myers wrote, "Arthur really made a success as President." Another

historian, James Ford Rhodes, said: "Arthur was fundamentally a gentleman and was simply his better self during his occupancy of the presidency."

Abolition of the vice presidency, it appears to me, would not insure us against getting duds in the White House. We have had them there by election, as was said true in the case of William Howard Taft, to say nothing of Grant who, despite malodorous scandals in his two Administrations, came close to getting a third-term nomination. The democratic process is not foolproof, or we would never have chosen Harding over Cox. The responsibility goes back to the party system which ought to offer us two tickets of four estimable men. John F. Kennedy's insistence upon Johnson seems the best, most responsible example that history has yet recorded.

Mr. Benton further proposes that any successor to a vacant White House be required to face almost immediate confirmation at the polls. He writes:

"There's nothing sacred about having presidential elections in the present rhythm of every four years. . . Most of the European countries have their elections at what seems to them the most appropriate time — rather than on any fixed rhythm."

But, there is, I contend, something "sacred" and American about the four-year rhythm. It has served us well. Indeed, the mystique which attaches to the American presidency is demonstrably a better guaranty of excellence than many whoop-and-holler campaigns have been. The seven Vice Presidents who have succeeded by death are a long way from being the seven worst Presidents we ever had.

We need a lot of thinking on the succession subject, and Mr. Benton's contributions are welcome and cogent. But when it comes to "sober second thoughts," the existing system stands. It has stood the test of time.

Lyman Band Group Presents Program For Civic League

By Donna Estes
 Six members of the Lyman High School Band presented a program of entertainment for the regular monthly meeting of the Longwood Civic League which took place Tuesday.

The musical group played a variety of songs including "Bill Bailey," "High Society" and "When the Saints Go Marching In." Instrumentalists presenting the program were Richard Morgan, Pat McLaughlin, Dennis House, Roger Deppen, William Wharton and Jim Gerard, who also played a banjo solo.

Mrs. Elizabeth Hill, president, who conducted the meeting, announced that a Hobby Show will be held at the Civic League Building on Saturday, Jan. 25, from 2 until 4 p.m.

Mrs. Geneva Start will serve as chairman of the event and the displays will be open for viewing by the public.

Members of the League will be urged to submit hobby displays for judging. The best exhibits will be entered in the Federation of Women's Clubs Hobby Show scheduled for Jan. 28 at Sorosis House in Orlando.

In other business at Tuesday's meeting, the annual card party was planned for Friday, Jan. 24, at 8 p.m. at the Civic League Building. The public is invited and refreshments will be served. Tickets are available from any member. Mrs. Garland Shaw has been named chairman of the party.

Tables for the meeting were beautifully decorated with arrangements of carnations. Serving as hostesses were Mrs. Shaw, Mrs. W. E. Schellig, Mrs. J. O. Durning, Mrs. B. C. Greene, Mrs. Edgar Fawcett and Mrs. Ralph Hammond.

The next meeting will be on Feb. 4.

Wool is elastic enough to stretch about 30 per cent beyond its length, yet spring back to original measurements.

Demo Leaders Turn Heat On For Action

WASHINGTON (UPI) — Democratic leaders turned on the pressure today to shove through Congress major parts of President Johnson's program and to get them enacted by summer, as he bluntly suggested.

They set tentatively for February a House vote on Johnson's top priority measure, a broad anti-discrimination bill aimed at safe-guarding Negro rights in voting, schools, jobs and use of public accommodations.

Hearings started on the measure today in the rules committee.

In the Senate, leaders stepped up the timetable for final committee action on a House-passed \$11 billion tax cut—next on Johnson's legislative must list—and tentatively planned to put it to a floor vote in February, about the same time the House acts on civil rights.

Senate leaders also were acting on new moves to speed the lagging legislative machine for earlier-than-usual handling of other controversial chores, such as the dozen or more annual money bills Congress must pass.

In his first State of the Union message Wednesday Johnson put the civil rights and tax bills at the top of his list, but packaged them with an array of other welfare and economic requests.

Congressional leaders said privately some of these simply could not be handled this year.

There is an abundance of natural beauty in Seminole County—and a climate that calls one to the beautiful outdoors every month of the year.

COL. RAY CROMLEY, award-winning expert on military, foreign affairs, science and economics, will be writing The Herald's column entitled "Political Notebook" which appears daily on this newspaper's editorial page. Cromley will write several columns each week. Bruce Botsant also will be writing some of the articles. Cromley's first column will appear in Friday's edition of The Herald.

RFK Offers To Campaign For Democrats

WASHINGTON (UPI) — Atty. Gen. Robert F. Kennedy said today he would remain in his cabinet post until after the presidential election.

The brother of the late President Kennedy also said he would be available to play whatever role would be useful to the Democratic party in the election campaign.

Although he has been back at work for some time, Kennedy has avoided the public limelight as much as possible since the assassination of his brother on Nov. 22.

The attorney general previously had told personal friends only that he would remain in office "at least until Congress acts on the civil rights legislation and probably through the election."

He went one step further in an interview today in which he detailed his plans for the immediate future. He said he had thought about his personal outlook beyond the election but had made no firm decisions that far ahead.

"My one interest really is being attorney general," he said. "I just don't know what I will do in the future. I certainly will stay as attorney general through the election."

"I would be available to campaign," he said. "There hasn't been anything said about it but I'll do whatever anyone in the administration or Democratic party feels is helpful."

Changes Coming In America's Airlines

WASHINGTON — (NEA) — Small, fast airplanes likely will be buzzing into America's transportation picture like a swarm of busy bees.

The reason is that many large airlines may be cutting back service to smaller cities across the nation. The gap will be filled—and in some cases service will be broadened—by air taxis, planes defined by the Civil Aeronautics Board as weighing not over 12,500 pounds. They give scheduled, irregular or demand service.

More than 2,600 air taxi operators envision a rich harvest of business flowing from the decision of the Federal Aviation Agency and the CAB to trim government subsidies to airports and airlines. Because such subsidies can spell the difference between black and red ink, many airlines may have to eliminate service to many small communities. Taxis will zoom into the vacuum, carrying passengers into the scheduled airline network.

A side benefit to passengers may be that those in areas not now serviced by regular lines will find air taxis increasingly available.

Air taxi operators feel that their future is rosy for many reasons:

While there are over 6,000 airports in the United States, fewer than 600 have scheduled airline service. For the passenger traveling to or from one of the 5,400 off-airline cities, air taxis provide the means to go all the way by air.

The idea of having one airport serve all cities in a geographical region endorsed

by FAA and CAB will further reduce the number of airline-served airports in the years ahead.

CAB's use-it-or-lose-it program will wreak a steady attrition of smaller towns that will lose scheduled air service for lack of support.

Pressed by CAB and Congress to reduce their subsidy needs, airlines will gradually give up marginal traffic points or at least cut to a minimum number of daily landings.

With today's emphasis on speed, many passengers may become reluctant to spend almost as much time in surface travel at the end of a 1,300-mile plane trip as they spend in the air.

For example, without air taxi, a businessman traveling from Los Angeles to Fredericksburg, Va., could jet to Washington's Dulles Airport in less than four hours, but would then have to spend an additional two and a half hours getting to Fredericksburg via limousine and bus.

By air taxi, he can fly from Dulles to Fredericksburg in 20 minutes.

A major step in the air taxi breakthrough is creation of the National Air Taxi Service Guide, just issued as part of the Official Airline Guide. It lists the cities served by members of the National Air Taxi Conference (NATC), exact fares for single and twin-engine aircraft, the number of passengers who can be carried and estimated flying time.

The guide has been distributed to 23 major airlines which recognize NATC. These airlines will make air taxi reservations for passengers.

Geneva PTO To Sponsor Fish Fry

The Geneva PTO will sponsor a fish fry to be held at the Community Hall this Saturday with serving to begin at 5 p. m.

Takeout dinners and delivery services will be available. Prices have been set for adults, teenagers and children. All residents and friends of the Geneva Community are invited to attend.

Log Toters

Kruho Indians of Brazil run ceremonial relay races carrying palm logs weighing between 20 and 200 pounds. The curious, semi-religious sport is practiced on holidays and at the end of hunts.

Sunshine Circle Holds Meeting

By Jane Casselberry
 The Sunshine Circle of the Casselberry Community Methodist WSCS met Tuesday morning at the home of Mrs. John Birkheimer, 1490 Seminola Boulevard, Casselberry. Mrs. Phillip Caesbar led the devotions.

Circle Chairman Mrs. John Howard reported on the group's Christmas visit to elderly patients of the Shaner Nursing Home in Casselberry when small gifts, fruit, cookies and gay holiday decorations were taken to the home by circle members. Christmas carols were sung by a trio consisting of Mrs. Darwin Shea and her daughters, Darlene and Valerie.

The circle voted to again visit the home on Valentine's Day.

A study on Southeast Asia will begin at the next meeting to be held Feb. 4 at the home of Mrs. I. G. Reuter, 325 Piney Ridge Road, Casselberry. Refreshments of Danish pastry, coffee and tea were served by the hostess prior to the meeting.

Board Unable To Agree On University Site; Members Deadlocked On Lake Ada, Bluestone

Orange, Seminole Asked To Resubmit Proposals

BULLETIN

By Fred Van Felt

TALLAHASSEE — The State Board of Control here this afternoon split on a selection of the university site, being equally divided for Lake Ada and Bluestone. After a prolonged argument, the board voted 3-2 for Bluestone and the chairman, Baya Harrison, tied it up by voting for Lake Ada. Then they followed with a separate vote on each site. The results were 3-3 for Bluestone, 3-3 for Lake Ada and 2-2 against Ecom.

The board then opened the selection matter again by instructing Orange and Seminole Counties to resubmit bids last leaving in consideration.

Goldwater Stirs Up Demos With Blast At ICBM

WASHINGTON (UPI) — Sen. Barry Goldwater "caught hell" as he predicted he would for questioning the reliability of American missiles, but he may have opened up a major defense issue for this election year.

The issue is whether the Democratic administration is putting too much dependence on strategic missiles and letting the bomber forces run down in size without developing new types of manned strategic aircraft.

Defense Secretary Robert S. McNamara cut loose a message blast at Goldwater Thursday shortly after the Republican presidential aspirant ended a swing in New Hampshire with the claim that U. S. intercontinental rockets are "not dependable."

McNamara accused the senator, a reserve Air Force major general, of making a statement that was "completely misleading, politically irresponsible and damaging to the national security." There was no support for the "false implication" that the nation was unable to depend on its long range missiles to carry out their mission, the defense chief said.

The Democrats, who came to power claiming there was a "missile gap" and found there was none, have had to combat before now the contention that they are going too far too fast in relying on missiles and deemphasizing bombers. Concern has been voiced by congressional Democrats as well as Republicans.

The Air Force, in which Goldwater recently served two weeks on active duty, has pronounced feelings both that new bomber-type planes should be developed and that more missiles than now planned should be bought. It believes a "mix" of the two will continue to be needed for a proper deterrent force.

Cigarette Tax \$4 Million

The director of the State Beverage Department, Richard B. Keating, reported today that cigarette tax collections for the month of November, 1963, amounted to nearly \$4 million.

Of this amount almost \$850,000 will go to the state's general revenue fund and the remaining \$3 million plus will be distributed to qualified municipalities.

Those municipalities in Seminole participating in the distribution are as follows: Altamonte Springs \$1,918, Casselberry \$3,678, Longwood \$2,606, North Orlando \$236, Oviedo \$1,175, and Sanford \$14,482.

Lyman Caravan

A caravan sponsored by the Lyman Boosters Club will leave the Longwood school at 5:30 p.m. today to attend the Lyman High basketball game in Apopka.

Ecom, Bluestone, Lake Ada and Deseret.

Douglas Stenstrom of Sanford strongly protested against the Board of Control's lack of a decision, pointing out that both Orange and Seminole Counties devoted many hours of their time and spent thousands of dollars following the policies and regulations laid down by the board. He pointed out that they should have made a decision today.

TALLAHASSEE (UPI) — The Board of Control voted today to locate a graduate engineering and research center in the Cape Kennedy area but delayed until this afternoon a decision on a site for a new four-year university in east-central Florida.

news... BRIEFS

Connally To Run
AUSTIN, Tex. (UPI) — Wounded Texas Gov. John Connally casually announced Thursday he would seek reelection and predicted that President Johnson could carry Texas "60 to 40."

Ruby Asks Shift
DALLAS (UPI) — Jack Ruby's lawyers said Thursday they wanted his murder trial moved away from the "harsh and unreal" climate which they said was created by Dallas news media.

Medicare Foe
WASHINGTON (UPI) — An ardent foe of the administration's Medicare proposal, Rep. Broyhill, (R-Va.), is being considered to fill a Republican vacancy on the House Ways and Means Committee.

Murder, Suicide
LUDOWICI, Ga. (UPI) — Authorities said a migrant farm-worker, Strom Helminen, object of a national murder alert, shot and killed his wife and then himself Thursday as police closed in on them.

Debates Asked
WASHINGTON (UPI) — Republican National Chairman William E. Miller called on President Johnson today to honor John F. Kennedy's "commitment" for television debates between the presidential candidates in 1964.

Red Threatens

MIAMI (UPI) — A high Soviet official, Nikolai Podgorny, declared in Havana Thursday night that the United States will be devastated by nuclear war unless it accepts "peaceful coexistence" on Russia's terms.

The vote to establish the central facility of an extension of the University of Florida engineering college is of near the Cape was 3-2.

The board's recommendation for the engineering site now goes to the Cabinet Board of Education for final action. Members Chester White, Orlando, and Charles Forman, Fort Lauderdale, wanted the decision delayed another month.

But Dr. Wayne McCall, Ocala, said it was urgent that the board move now on locating this facility "even if we make a mistake."

The arguments on this engineering extension or GEN-ESYS program as it's been dubbed by the academicians, and other matters consumed so much time that the board adjourned for lunch without reaching the major business before it—selection of a site in the Orlando-Sanford area for the new university.

Chairman Baya Harrison of St. Petersburg has already indicated that if the board bogged down today in making a final choice, he would recommend starting all over again in the search for a site.

The board spent three months narrowing its proposed locations down to four. The members sat down today with the four choices facing them: The so-called Ecom site bordering the city limits of Oviedo in Seminole County, 2,500 acres; a 1,300-acre site on the edge of Sanford in Seminole County; the Bluestone site south of Orlando in Orange County; and a 2,625-acre site on the Bradford-Deerola County line close to Eau Gallie.

This last site was offered Thursday by backers of the Deseret site east of Orlando in Orange County as a last-minute alternate which might satisfy the wishes of Cape Kennedy officials for a university easily accessible to thousands of missile center workers and the growing general population in the area around the Cape.

The Deseret site had been taken informally out of consideration in a meeting at Orlando.

Missile Range Commander Gen. Leighton I. Davis and Dr. Kurt Debus, head of the Kennedy Space Center on the Cape, met with the governor earlier this week to relay the feelings of Cape-area leaders on locating the university.

Thursday, Bryant met privately with the governor's mansion with Harrison and three other board members. An associate said the governor passed on the arguments of the Cape Kennedy officials but did not attempt to influence the board's choice.

The governor will have his say when the recommendation of the board comes before the Cabinet Board of Education, which Bryant heads.

City To Buy Woodruff Building

The City of Sanford has completed negotiations and the purchase of the Woodruff Building situated on the northwest corner of First Street and Park Avenue in downtown Sanford.

The announcement was made at noon today by Mayor A. L. Wilson from Tallahassee where he is attending today's meeting of the State Board of Control.

The cost of the building was reported to be \$60,000. The city, according to reports, intended to raise the structure and utilize the land for a downtown parking facility.

City Commissioner James Crappo told The Herald this afternoon that the commission has not yet decided if it will place meters on the parking area.

The building, constructed in 1888, has been a longtime landmark in the Sanford area.

3 Girls Escape Through Tunnel

BERLIN (UPI) — Three girls escaped through the Berlin wall through a tunnel completed within 10 days. The Communists were permitting West Berliners to make Christmas-time visits, Western police disclosed Thursday.

The West Berlin builders of the tunnel were able to warn other would-be escapees in time to prevent their arrests when the Communists found the tunnel.

It was the first news of a tunnel this year. Western police revealed its existence only after the Communists discovered its mouth, flooded it with tear gas, and blasted it shut with dynamite to prevent further escapes.

The girls fled the Communist sector on Tuesday. Officials said a large group of East Berliners had planned to follow them, but some coal yard workers in East Berlin stumbled across the opening and informed Communist authorities.

Home Builders Meet Tuesday

The first 1964 meeting of the Seminole County Home Builders Association will be held Tuesday at 7 p.m., at the Capri Restaurant.

"Outlook, 1964," will be the subject of an address by John Krider, manager of the Seminole County Chamber of Commerce.

Now that it's about time to get new tags, this morning we heard about one fellow who said his car was so old it would have to have upper and lower plates.

SHERIFF J. L. HOBBY dons an apron as he prepares to join the "Marching Mothers" later this month on behalf of the Seminole County's March of Dimes campaign. "Helping to wage war against birth defects and arthritis," said Hobby, shown with General Chairman Bill Reck, "is cause enough for me to participate in this march." All Seminole County mothers says Reck, are urged to join with Sheriff Hobby in making this year's effort a success. (Herald Photo)

School Opening 6-12 Weeks Off, Board Says

The Seminole County Board of Public Instruction told a delegation of mothers representing parent-teacher groups of the English Estates and South Seminole elementary schools Thursday that it may be from six to 12 weeks before the English Estates plant is ready of occupancy.

The delegation, inquiring as to why the new school was not ready for use when sessions resumed after the holidays, was informed that the school has been completed except for the installation of a lift station necessary to finish work on the plant's sewage disposal.

The delegation also was told by Supt. R. T. Milwee, that "We are exploring every available avenue to enable us to begin classes at English Estates as quickly as we can."

Approach roads to the English Estates school, South Seminole Elementary and South Seminole Junior High also came in for inquiries by the delegation. County Engineer William Bush Jr., said that he had been authorized to complete only a clay stabilized road to the English Estates plant.

When questioned about the possibility of improving the Winter Park Drive approaches to South Seminole Elementary and South Seminole Junior High schools, Bush stated that the section of the road to which "Casselberry's" corporate limits and there is nothing the county can do about it.

Milwee said this morning that he and members of the school board appreciated the delegation coming to the meeting with their inquiries.

"Their questions," he stated, "led to an understanding of their problems and ours."

Asked if the county school officials knew before school sessions closed for his holidays that English Estates school would not be ready for occupancy, Milwee declared, "No, we expected to open the English Estates or we would not have announced it. If we had not expected the school to open we would have said so and would have explained the reasons why."

Milwee went on to explain, "We knew that the lift station required for the sewer system would not be ready. However, we expected Northeast Sewer Corporation, a privately owned company, would temporarily connect our system in its lines and utilize a special type of pumps. But the Northeast firm could not locate the kind of pumps required."

He concluded, "This is the problem we encountered. We regret the school was not opened as planned so that double sessions could be eliminated at South Seminole Elementary School. Aside from the sewer connections, the facility is complete, and we plan to open it at the earliest possible date."

Shot Fired Into Home

The Sanford Police Department reported this morning that a shot was fired into the home of Mrs. Muriel Hunt at 703 South Oak Ave. early Thursday evening. Investigating officers believe it was fired from a BB gun since no bullet of any kind was found.

The shot entered the front window of the Hunt residence where Mrs. Hunt had been sitting. The window was shattered and glass was scattered about the room.

State Ends '63 On Upsurge

TALLAHASSEE (UPI) — Florida ended 1963 on an upward economic surge, Revenue Commission Director J. Ed Straughn reported Thursday.

Straughn said sales tax collections, a good barometer of business in the state, totaled \$18.3 million in December, an increase of about 17 per cent over December of 1962.

Sloan Enters Race For Tax Collector

Study L. Sloan, an Atlantic Coast Line employee, today announced his candidacy for public office.

Sloan, a native Floridian and a resident of Seminole County for the past 22 years, declared for the office of county tax collector, the post currently held by John L. Gallows who previously stated that he would not be a candidate for re-election.

In addition to being associated with the Coast Line for the past 22 years, Sloan is also a registered real estate broker. He is a member of the Board of Deacons of the First Presbyterian Church, a veteran of World War II, a Mason, member of the Bahia Temple, Sanford Shrine Club, and B.L.F. and E. and the Seminole Numismatic Society. He attended Wake Forest College.

In 1961, Sloan was appointed to the Advisory Council of the Florida Industrial Commission by Gov. Bryant.

"I am confident," Sloan said today, "that I can manage the affairs of the tax collector's office. If I am elected I will endeavor to serve all of the people of Seminole County to the very best of my ability. I am highly interested in politics and in the field of public service, and I consider myself capable of carrying out the respective duties of the office to the satisfaction of all our citizens."

Heavy Fighting Flares Again In Panama

BALMORA, Pa. (UPI) — Heavy fighting broke out again today between rioting Panamanian mobs and U. S. Army troops at the border separating the Canal Zone from Panama City.

About 300 rock-throwing Panamanians gathered on the Panama City side of the border at mid-day to attack American soldiers on the other side. The soldiers used tear gas and rifle fire to keep the rioters in check.

Other street mobs attacked the U.S.-owned Tropical Radio office in downtown Panama City near the plush Hotel Panama.

All of the American casualties were on the zone side of the border and resulted from mob attacks, American authorities said.

The anti-American rioting resumed just before dawn with a mob attack on the U. S. embassy in Panama City.

Ministers To Install Tonight

Rev. Grover Sewell, pastor of the First Presbyterian Church of Sanford, will be installed as 1964 president of the Sanford Ministerial Association when the organization convenes tonight at the Tradewinds Cafeteria.

The association's outgoing president, Rev. John T. Adams Jr., pastor of the First Methodist Church of Sanford will install the new presiding officer.

State Ends '63 On Upsurge

TALLAHASSEE (UPI) — Florida ended 1963 on an upward economic surge, Revenue Commission Director J. Ed Straughn reported Thursday.

Straughn said sales tax collections, a good barometer of business in the state, totaled \$18.3 million in December, an increase of about 17 per cent over December of 1962.

JOHN ROBERT SCHOENFELD, 107 Country Club Circle, escaped serious injuries Thursday night when his late model convertible skidded on wet pavement into a gondola car which was part of a northbound Atlantic Coast Line freight train at Lake Mary Road and West 25th St. Schoenfeld, the driver, was charged with reckless driving by Sanford Police Capt. A. S. Williams. (Herald Photo)

Rev. Grover Sewell
A Way Out
3 Steps

More and more people seem to be aware of the fact that life appears to be a riddle. It is evident that the answer to the riddle needs to be given urgently. We are reminded of the fable of the sphinx which sat by the wayside and asked a riddle to those who passed by. If the one questioned could not solve the riddle, she destroyed them. Behind much of the fear, anxiety, and frustration of our time, seems to be the spirit of this fable.

OVIDO METHODISTS honored their pastor, Rev. Robert Soka, and his family at a recent family night gathering in celebration of his 42nd birthday on Dec. 29. Sharing the honors were daughters, Mary and Christina, left to right, and Mrs. Soka. Mrs. Soka and Christina also celebrated birthdays during the month of December.

Good Shepherd To Observe Rally Day

The Sunday School Department of Good Shepherd Lutheran Church of Sanford will observe Rally Day this Sunday with a program of songs, awards and fellowship to be presented at 9:15 a. m.

Lake Mary Nazarene Church Opens 'Dog House' Contest

The Lake Mary Church of the Nazarene last week began a "Dog House" contest in its Sunday School Department which will be continued through Feb. 9.

Methodist Class Schedule Announced

An Adult Membership Class met for the first time last Sunday at the First Methodist Church of Sanford with Rev. John T. Adams Jr., pastor of the church, as instructor.

HNS Installation Set Sunday

The Holy Name Society of the Church of the Nativity, Lake Mary, will conduct an installation of officers and hold a reception for new members at the 8 a. m. Mass this Sunday.

Casselberry Men To Sponsor Beef Dinner

The Men's Club of the Casselberry Community Methodist Church will sponsor a roast beef dinner on Saturday, Jan. 25, from 5-7:30 p. m. in Weaver Hall.

Mission Study Scheduled At Grace Church

Grace Methodist Church of Sanford will begin its annual mission study this Sunday evening on the book "Our Mission Today," by Tracy Jones.

Westminster Sets Annual Meeting

The annual meeting of the congregation of the Westminster Presbyterian Church will be held this Sunday beginning with a covered dish dinner at 8 p. m. in the temporary chapel located in the Heiler Home's office in Howell Park.

Christ Church To Elect New Vestrymen

Christ Episcopal Church of Longwood will hold a covered dish supper and parish meeting next Wednesday beginning at 6:30 p. m. Annual reports will be given and vestrymen will be elected.

Work Day Set

A Work Day will be held Saturday at 9 a. m., at the Church of the Nazarene in Lake Mary. All men, women and children of the church are invited to participate.

Conference Set

Rev. Jack Lindsay, pastor of the First Baptist Church of Longwood, will attend the Evangelistic Conference at Jacksonville, Jan. 14-16 when nationally known speakers from various parts of the nation will address the Baptist ministers of Florida. Theme of the conference will be "Evangelism in the 1964 Baptist Jubilee Year of Advancement."

MYF Begins New Study

The Junior High MYF of the First Methodist Church of Sanford is conducting a series of special studies based on the book "Teenager, Christ Is For You," by Walter Riess.

Methodist Class Schedule Announced

An Adult Membership Class met for the first time last Sunday at the First Methodist Church of Sanford with Rev. John T. Adams Jr., pastor of the church, as instructor.

Congregational Christian To Hold Annual Meeting

The Annual Meeting of the Congregational Christian Church, United Church of Christ, Park Avenue at 24th Street, Sanford, will be held this Sunday following a covered dish fellowship dinner sponsored by the Ethel Root Circle after the morning service of worship.

WCF Circle To Meet

The January meeting of the Women's Christian Fellowship (Frisella Circle) of the Chulota Community Church will be held at 7:30 p. m. next Tuesday at the home of Mrs. Ida Lampson on Second Street.

Prairie Lake WMU To Meet Monday

The W.M.U. of the Prairie Lake Baptist Church will meet Monday at the church with the business meeting starting at 6:45 p. m. and the program at 7:45 p. m. Mrs. Leonard Jones, president, will open the meeting.

Prairie Lake Baptists To Erect Educational Building

Unanimous approval was given Wednesday at a quarterly meeting of the Prairie Lake Baptist Church for plans to begin construction of a new two-story educational building valued at \$100,000. Plans for the building were reviewed at a joint meeting of the church deacons and trustees held recently and a recommendation was made that construction be started within the next 30 days.

The proposed building to pray for the success of the program. The executive board of the Church of the Nativity Catholic Women's Club will meet at 8 p. m. Monday at the social hall of the church. Mrs. John MacFarlane, president, will conduct the meeting.

Soviet Economy Falling Behind, CIA Reports

WASHINGTON (UPI) — The U. S. Central Intelligence Agency has emerged from its cloak of secrecy and stuck a dagger in the Kremlin-made image of the Soviet economy.

In an unprecedented news conference the agency, which traditionally never talks, told reporters Thursday that Russia is "falling behind in the economic race" and needs \$2 billion worth of machinery and equipment from the West to build promised new industries.

Russia's annual economic growth, CIA said, was 2 1/2 per cent in both 1962 and 1963, compared with 6 per cent a year in the 1950s and with the U. S. rate last year of 3.7 per cent. Russia says its "national income," a similar growth measurement, rose 6 per cent in 1962.

The Soviet agricultural output, CIA said, dropped 4 per cent in 1962 and probably more than that in 1963; the rate of expansion of fixed investment, on which growth depends, has been cut in half; and Russian gold reserves have dwindled from \$3 billion in 1956 to under \$2 billion.

Soviet Premier Nikita S. Khrushchev announced on Dec. 9 a major new program to expand Russia's chemical and fertilizer industries. CIA estimated this would require imports of machinery and equipment from the free world of "several hundred million dollars a year," perhaps \$2 billion for the seven-year program.

And because of the lowered gold reserves, the U. S. agency said, Russia has been angling for more credits and longer repayment terms from the West.

M. L. WRIGHT, (left), president of the Shuffleboard Club of Sanford, and Mayor Al Wilson shuffle off the initial shots as local officials and representatives from 12 other clubs throughout Central Florida re-dedicated 12 of the club's 16 courts. With Wright and Mayor Wilson, are left to right, Commissioners Earl Higginbotham and Sonny Raborn, Rev. Grover Sewell of the First Presbyterian Church, Charlie Morrison of the Seminole County Chamber of Commerce, and Sanford Recreational Director Jim Jernigan.

Cleaning Specialist To Speak

Mrs. Virginia Smith, executive secretary for the Florida Institute of Laundering and Cleaning, will be principal speaker at a program to be sponsored by Seminole County Home Demonstration Clubs at 10 a.m. next Thursday at the Home Demonstration Center, 401 E. 25th Street in Sanford.

As fabric care consultant, Mrs. Smith is well known throughout the state having appeared on Home Demonstration programs, in Home Economics classes, on Radio and TV and on any number of programs designed to bring consumers information on today's fibers and fabrics.

MRS. SMITH

For the past 15 years she has owned and operated a large laundry and dry cleaning plant in north central Florida. A number of her agencies were located at the University of Florida where she had ample opportunity to deal with young people and the many problems that arise in the day to day care of clothing.

A graduate of the American Institute of Laundering School of Fabric Care, plus a number of courses at the National Institute of Dry Cleaning, (both trade schools for the textile maintenance industry) Mrs. Smith is well qualified to bring a common sense approach to the care of clothes.

By Frances Wester
 Homecoming Day will be observed by the First Baptist Church of Lake Mary this Sunday in celebration of the seventh year of organization in the community.

Following the regular morning worship service, a Fellowship covered dish dinner will be held on the grounds. Beverage and bread will be furnished.

All former members and friends are extended a special invitation to attend by Rev. Ralph K. Taylor, pastor.

Barney Harris, Walter Simmons, Rebecca Felham, Sarah Walker, Ina D. Lackie, Addie Name Lodge, Joyce Speck, Elizabeth Turner, Liller Twigg, all of Sanford; Elsie Ogle, Orange City; Wallace Gabler, DeBarry; Marilynne Zufelt, Longwood.

maintain and care for the many costly items of clothing and household goods necessary to us every day living. To this end the Florida Institute of Laundering and Cleaning has developed an exchange of textile information between the leading developers of fibers, the manufacturers, the retailers and the research laboratories. As leaders in the textile maintenance field, this exchange of knowledge will make vital information available to every consumer in the state of Florida.

The public is invited to hear talk entitled "Taking Fuss Out of Fabrics" and to attend the program which is based on the theme, "Focus on Fashion."

Mackle To Show Delfona Home At Worlds Fair

MIAMI — Florida's famed Mackle brothers have completed details of the full-size home they plan to show at the New York World's Fair—a dwelling that will be seen by more people than any other model home exhibit in U. S. history.

More than 18 million persons are expected to visit the Florida State Exhibition, of which the Mackle home is a part, during the Fair's 1964 and 1965 runs.

"Figuring conservatively, a third of these people—five million or so—will visit our home," said Frank E. Mackle Jr., president of The Deltona Corporation.

"We'd like to bring all these people to Florida to see our complete line of 1964 model homes at Deltona, and retirement living at its best. But since we can't do that, we are taking one of our homes, complete with colorful Florida-made furnishings, to the Fair."

The Florida Colonial style two-bedroom, one-bath house with screen porch, carport and patio will be located in the main traffic pattern between the Florida State Building and the purpose show theater, virtually assuring history-making crowds for the Mackle home display.

"The home will embody the latest advances in construction methods and many luxury touches, but it will be no 'dream house of tomorrow,'" said Elliott J. Mackle, senior vice president of The Deltona Corporation, who has taken the World's Fair home under his supervision.

"In fact we built a prototype of the home at Deltona so we could be sure it is just what we want to show at the World's Fair. We built the prototype in secret, but a duplicate is now being added to the other 15 models comprising our 1964 line, and can be seen at Deltona."

At Deltona, the 15,000-acre planned community the Mackles are building in Florida's Golden Triangle, the World's Fair model is known as the Poinsettia and its price includes a 76 by 100-foot improved lot with city water sewer and gas utilities, on a paved street with sidewalks.

Like all Mackle homes, the Poinsettia is approved for FHA financing. It is available under a 35-year FHA-insured mortgage. Monthly payments include principal, interest, taxes and insurance.

MYF Attends District Meet

By Jane Casselberry
 Fourteen members of the Casselberry Community Methodist Church MYF group attended a meeting of the Christ The King Sub-district Tuesday evening at the Lockhart Methodist Church.

The Casselberry group formed the largest representation from any church in the district attending the meeting.

They were accompanied by Leonard Casselberry who drove the Sunday School bus.

THE MACKLE BROTHERS built this prototype of the retirement home they are going to exhibit at the New York World's Fair at their 15,000-acre Florida community, Deltona. The house was designed by James E. Vensel, AIA, the Mackles' vice president for architecture and engineering; interior design is by Dale E. Weidman, AID.

CTP President Entertains Board Members

By Jane Casselberry
 Members of the executive board of the South Seminole Elementary School CTP were entertained Tuesday night at a buffet dinner given by the president, Mrs. Herschal Sterling, at her home on Piney Ridge Road, Casselberry.

At the business meeting that followed Mrs. Stuart Culpepper, membership chairman, announced that there are now 378 members in the CTP. Mrs. Joseph Laird, beautification chairman, reported that 40 azaleas and two camellia plants have been purchased for the school grounds.

Mrs. Ralph Moore advised that an effort is being made to bring the Chandler Brothers Puppet Show to the school in February as a fund raising project. A spring festival is scheduled for March instead of the fashion show which originally was planned by the organization.

Those attending the buffet were Mrs. Lon Miller, Mrs. Ralph Moore, Mrs. T. J. Durance, Mrs. Richard Webber, Mrs. Gerald McGinnis, Mrs. W. B. Dunn, Mrs. Joseph Laird and her daughter, Mrs. Camilla Thomas, Mrs. Edwin R. Brown Jr., Mrs. H. A. Davidson, Mrs. George T. Casalov, Mrs. Bradford Lyons, Mrs. Stuart Culpepper, Mrs. Frank Leist and Mrs. John Birkheimer.

The next regular meeting of the CTP will be held Tuesday night at 8 p. m. in the school auditorium.

Farmers' Market Reports Sales

The December, 1963, commodity report issued by the Sanford State Farmers' Market shows that during the month 207,100 units of Florida products were sold with gross sales totaling \$705,797.05.

During the month of December, 1962, only 167,538 units were sold with gross sales amounting to \$577,655.45.

Almost 29,500 boxes of oranges were sold for \$258,608, an average of \$8.50 per box. Nearly 10,500 boxes of grapefruit were sold at an average of \$4 each. Averaging \$3.92 per half box, 40,408 units of langesines sold for \$158,407.50.

Other products included 8,043 bushel hampers of beans at \$3.82 per unit, 9,498 crates of pascal celery at \$2.21 per unit, 19,201 bushel hampers of escarole at \$1.50 per unit and 10,213 50-pound crates of cabbage at \$1.89 per unit.

St. Ann's Guild Plans Party

By Mrs. Adam Muller
 The St. Ann's Guild of the St. Ann's Catholic Church in DeBarry will sponsor a dessert card party on Jan. 18 beginning at 1 p. m.

The party will be held in the social hall of the church. There will be door and table prizes.

Club To Meet

The Lake Mary Home Demonstration Club will meet at 10:30 a. m. next Tuesday at the Fire Hall. Study and demonstrations will be on the topic "Snacks and Desserts for Me."

Most important fruit in the temperate zone is the apple; in the subtropical and tropical zones, it is the orange.

Post 8207 To Sponsor Barbecue

By Donna Baker
 South Seminole VFW Post 8207 will sponsor its monthly chicken-rib barbecue from 1 until 8 p. m. this Sunday at the Post Home on the old Dixie Highway near Longwood.

Proceeds will benefit the building fund.

The Post will hold its regular monthly meeting at 8 p. m. next Tuesday also at the Post Home. Commander Robert March will preside.

GETTING READY TO HOOT FOR HEART are these members of the committee of the Seminole-DeBarry Heart Council who are handling the mass details in preparation for the giant Hootenany to be held Feb. 2 at the Jai-Alai Fronton in Fern Park. The main show will feature the All Florida Minstrels, winners of the Florida Folk Festival, with a Central Florida

amateur competition for a \$50 prize, during the intermission. From left, committee members are Lee Samuel, commission chairman; Ed Simon, president of the Heart Association; Mrs. Jeanne Bodfish, Florida Heart field director; Mrs. Leonard Munson, special events chairman; Bob Dodd and Mrs. Dodd, publicity chairman. (Herald Photo)

City Needs Marina

Recently the Seminole County Chamber of Commerce joined with six other Florida trade bodies in running a series of three advertisements in the outdoor magazine, "Field and Stream."

The advertisements call to the attention of outdoor sportsmen where they may visit for some of the finest fresh and salt water fishing. It refers to the areas as a guide to a sportsman's dream.

The first of the advertisements appeared in the January edition of the publication. Already the local chamber office has received hundreds of requests from sportsmen inquiring about information on fishing in the Seminole area.

But in addition to asking about fishing they are also inquiring about adequate facilities and modern accommodations.

In fact, many of the inquiries contain a request for the names of nearby motels and restaurants, preferably right on the river, where they might make reservations. They are also asking for the names of marinas where they might obtain boats. Apparently, contends Chamber Manager John Krider, these sportsmen want to come here for a vacation, live right on the river in modern motels and dine nearby in the comfort of a good restaurant.

"We have been so busy answering these requests," declared Krider, "that some days we cannot get our regular work done. It requires all the time of our entire staff to address replies and mail them along with brochures and other information about this area."

Krider added, "It is quite obvious that these people need exactly what we have been talking about — a marina, motel, apartment and a cafeteria complex. If we can get this kind of response with what we now have to offer, imagine what we would have when the St. Johns-Indian River Canal becomes a reality and we have in Sanford a complete and modern complex of facilities to accommodate these people."

The Herald believes that Sanford's great natural asset, the St. Johns, ought to be developed to the highest possible degree. One phase of this development should be a city-owned marina with the most up-to-date facilities available. Whether the city operates the marina is not of major importance. But the Her-

ald does feel that the marina, at least, should be owned by the city even if it is leased to private operators. This would provide the City with a certain degree of control.

Of course, this newspaper agrees that the commercial aspect of the marina complex, namely the motel, apartment building and restaurant facilities should be owned and operated by private enterprise.

The response to this first advertisement should provide our city's leadership with sufficient evidence to look into the possibilities of establishing a marina and if the results are favorable to move full speed ahead toward the culmination of such a project.

The St. Johns — especially east of Sanford — is known throughout the fishing world as the shad capital. And in light of the need for a marina in Sanford and accommodations for visiting fishermen, we report this incident.

A vacationer from the north learned in Orlando of Sanford's famous shad fishing and decided to spend the final day of his holiday fishing for shad here in Sanford.

The story goes that the visitor inquired in Sanford for "the best shad fishing grounds" he had heard so much about and for accommodations. But he was advised to go to Astor, some 60 to 70 miles north of Sanford. At Astor he was told that if he wanted shad he should have stayed in Sanford.

Our visitor returned and got in an afternoon of fishing. But we wonder why the vacationer was sent to Astor.

A marina and adjacent facilities undoubtedly would be one of Sanford's greatest assets in developing its share of the St. Johns.

Thought For Today
Cast all your care upon him, for he careth for you.—5 Peter 5:7.

Would it not be a good thing from day to day to learn this great lesson? Why should we try to face the problems of life alone when we are told that we can cast our care upon Him? Jesus is the great bearer of our burdens.

—Rev. Hubert M. Wilder, Pastor
Pinecrest Assembly of God,
Sanford

Sanford and Seminole

Twenty-Five Years Ago

Sanford attorney George A. DeCottis was appointed to the Circuit Court Commission from Seminole County . . . A successful year's work was reported by S. O. Shinholser, president of the Sanford At-

lantic National Bank . . . Frank Evans of Lake Mary and C. E. Bradshaw of Altamonte Springs were named chairmen of the membership drive for the Seminole County Chamber of Commerce . . .

OUR BOARDING HOUSE

WHAT DO YOU FIGURE THE NEW BOARDER WILL BE LIKE? I SEE HIM AS THE MILDRED KIND THAT COMPLAINS OF A DRAFT WHEN YOU TURN THE PAGES OF A NEWSPAPER.

I HOPE HE'S NOT A GLOW HALL TIGER LIKE THAT I RETIRED BANK CLERK, RUSSELL GREEN, WE HAD LAST WINTER. HE ONLY WEIGHED 105 POUNDS BUT I GOT SIX STITCHES IN MY WIGEST WHEN I THIED TO BEAT HIM WITH MY FORKS TO 'IN LAST FORK CROPP'.

HERE HE COMES AND HE LOOKS MORE OUT OF PLACE THAN A TUNA FISH IN A NYLON FACTORY.

MOSCOW'S PROGRAM OF '64?

Dr. Crane's Worry Clinic

CASE R-453: Laura B., aged 36, is a very unhappy wife. "Dr. Crane," she began, "our marriage has become a stodgy affair.

"Indeed, my husband is no more romantic about me than if he were my brother.

"He just gives me a dutiful little peck on the cheek when he leaves for the office instead of a romantic kiss.

"So what can I do to revive his courtship ardor? He is only 39, and shouldn't become platonic at that early age, should he?"

Obesity Kills Cupid

Wives, when your husband loses his romantic interest in you, it is generally not due to his age!

For old goats can become kiddish again when they are dating slender, perfumed sirens!

Much of the blame for an unromantic marriage is thus due to the wife.

Her sins of omission either force her mate into the arms of a more aggressive female.

Or they drive him into his den or his workshop and a twin bed or separate bedroom!

Many of you women reek of stale tobacco halitosis, so your very breath asphyxiates his sexual ardor!

Few men grow erotic unless seductive perfume and sexy scents are involved.

But millions of wives also kill Cupid via their obesity. They grow fat and maternal looking.

Remember, husbands don't grow romantic about their mothers! They offer their mamma only a dutiful peck on the cheek.

So when a wife like Laura also receives a similar dutiful peck, it means she is catalogued as a "good old motherly soul."

Wives, you must shatter that wrong "image."

If you are considerably too fat, then lop off your excess blubber!

Many of you now waddle like a walrus as you jiggle down the street.

If your husband finally does try to revive his courtship emotions by holding you on his lap, you feel like a hippopotamus.

And when he tries to regain his former erotic thrills by steering you over the dance floor, it's like cavorting with an elephant!

Obviously, I am needing you fat females, for you can win your mate back again if you will fight fire with fire.

But 30 to 60 pounds of unsightly blubber dampens the ardor of the average husband.

Wives, when your waistline equals or exceeds your bustline, then you look like a good old motherly soul and will be treated as such.

So go on a diet! Start with my quick 10-day dehydration plan whereby you limit your liquid intake drastically.

You may have 800 calories per day in food (with at least half of that protein) since you have no surplus protein stored in your body.

The first day, however, you dry out your stomach by restricting yourself to just one glass (8 oz.) of total fluids. You move up to two glasses

the second day and three from the third through the tenth days. Then you should be down 10 pounds.

For the complete plan, plus a calorie chart, send for my booklet on "How to Lose 10 Pounds in 10 Days," enclosing a long stamped, return envelope, plus 20 cents. Watch tomorrow's follow-up.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you need for one of his booklets.)

Bruce Blossat — Ray Cromley

Political Notebook

WASHINGTON (NEA) — You get a different picture of President Johnson when you talk in private with those who have worked for him at one time or another.

Here are the very personal stories present or former colleagues tell:

"I had worked with him for years trying to deal with him on an intellectual level. Then a friend told me I was going about it in the wrong way.

"You've got to deal with him in a glandular way," he said. "You've got to work with him in a total relationship—brains, glands, the lowest and the highest levels."

pressed anger, a annoyance when I felt annoyed and enthusiasm when I felt enthusiastic.

"From that day on our relationship was very good."

"Lyndon stretches me. He thinks I'm smarter than I am. So I kill myself trying to live up to it.

"I have put in a week researching a problem, researching it as thoroughly as I could, reading, talking to a lot of people, thinking it through. Then I presented it to him. He asked the one question which I should have seen, that I didn't know the answer to."

"President Kennedy's staff members already have a feeling he wants them around. If they stay around, they'll be excited by him. His mind is as first-rate as any they will ever encounter. If they can adjust their esthetics to his Texas mannerisms and speech, I think they'll have quite a ride."

"He never sleeps. On a diplomatic trip, if the day went well, he keeps his staff members up to 4:30 a. m. telling them how wonderful they were. If the day went wrong, he keeps them up to 4:30 a. m. trying to analyze what went wrong and why. Then he'll be away by 8."

"A girl in his office was getting married. When it was time to take her young man

back to Texas to introduce him to the folks, Lyndon sent a telegram to her parents saying: "We've been so proud of this girl. We like this boy. He's done great things. He's from a different part of the country, but we know you'll like him." He wanted to pave the way at a time he knew the girl would be nervous. In some ways he's as sensitive as a woman."

"On one occasion when he was vice president, Mr. Johnson and some friends had been out hunting. As a surprise, he was going to have a party for them and present them with mounted trophies of what they had killed.

"But just before the party, he learned that one of the group had his boss visiting him. So Mr. Johnson packed the trophy in the back of his car, rushed out and delivered it in person while the man's boss was there. Lyndon thought it might help the man if his boss saw the vice president come personally to deliver something."

"You don't dare mention you're not feeling up to snuff. He'll have a battery of doctors at your door."

"When he came over to the State Department to talk to the staff, President Johnson mentioned with appreciation the top five men of the department. But then he went on, in front of the whole group, to single out three of us department junior men he had worked with."

"Just before leaving on his trip to northern Europe, Mr.

Johnson learned that one of his former office staff had lost her husband and would be lonely. He immediately signed her up as a secretary and took her along. She had to work, but she wasn't lonely."

"When Johnson has quarreled with you, if he has blown up or has done something else to make you unhappy, he finds it difficult or impossible to come around and apologize. Instead, he does something nice for you, sends you a little gift, something he thinks you would like."

Q's and A's

Q—In what area of the sky are there the most stars?
A—The region of the Milky Way in the upper part of the constellation of Cygnus, the Swan, is considered to be the most densely populated area of the sky.

Q—Why are the coal deposits of Nova Scotia especially interesting?
A—The coal beds in the Sidney field dip beneath the Atlantic Ocean and have been mined under the sea more than 3 1/2 miles from shore.

Q—Which is the only state which has lost in population?
A—West Virginia, which now has 43,000 fewer people than in April, 1960.

Q—What is meant by deciduous trees?
A—Deciduous means leaf-dropping, another word for hardwood. Coniferous means cone bearing, another word for softwood.

AT MACKLE-BUILT DELTONA
WHERE PROGRESS HAS BEEN SO FANTASTIC — YOU'VE GOT TO SEE IT — TO BELIEVE IT!

Mackle-Built homes are available in Deltona, Del Rio, Lake Wales, and various other Florida locations.

WEEK END TOUR of HOMES in the Sanford - Seminole Area

Wide Selection Available For Home - Seekers

The Sanford Herald Fri. Jan. 10, '64—Page 5

While you are out driving this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

There's a wide selection available for all you home-seekers this weekend. There are homes from two to four bedrooms, priced from around \$12,000 up.

In Deltona, the Mackle Brothers have on display a two bedroom, one bath retirement home identical to the one which will be built as part of the Florida State Exhibition at the New York World's Fair. It features a screen porch, patio, carport, and is on a 75 x 100 foot improved

lot on a paved street. Get on Interstate 4 and watch for the Deltona signs just across the St. Johns River.

Kingswood Builders have three luxury homes for sale in Greenbriar of Loch Arbor, adjoining the Mayfair Golf Course. One is pictured on this page. Among its features is a really beautiful kitchen, with built in electrical appliances and birch cabinets.

In Sanford's Grove Manor, a

home is almost complete at 2018 Elizabeth Court. This is one of the prettier and more desirable sections of the city.

See the other homes pictured on this page. Situated in well-planned Ravenna Park, they are fully complete, including sprigged lawns and landscaping. Both homes have 2 baths, one with three bedrooms, the other has four. Both are equipped with central duct heating systems, to which air conditioning can be

easily added.

And Cavalcade of Homes has twelve models to show in Country Club Heights. They are 3 and 4 bedroom, 2 bath homes with built in kitchen equipment and central heating and air conditioning. Sales representatives are on duty from ten to five.

So make it a long tour this weekend. There are many beautiful and imaginative homes. See them all.

Old World Atmosphere On Imaginary Flight To Med

Naval officers wives will board Flight 11 of the Checkmate Airlines for an imaginary trip to the Mediterranean Sea Jan. 15, when they meet to choose a new president of their club.

The flight will leave at 10 a.m. from the NAS ballroom. Organizing the flight and tour are the officers wives of VA-11 and Det. 8 who are the hostesses for the election and change of board coffee.

After taking off the plane will fly to Italy and land in old Venice, where a gondolier will be waiting to guide the tourists to a small cafe along the banks of the Grande Canal.

The gondola chorus of Santa Lucia will still be ringing in their ears as they sip Caffe or Capuccino and order any number of Italian sweets.

The second stop will be in the City of Lights. The wives will amble through the Champs Elysees and let "La Vie Parisienne" take them over. A sidewalk cafe with a bright awning beckons.

As the tourists all there in this old Paris tradition, they will be served espresso and beautiful French pastries. A life sized Paris policeman will guide the hectic traffic.

No trip to the Med would be complete without a stop in Spain with its castles. In old Barcelona a senorita will lead the wives along the Rambla de las Flores to a little cafe where they will taste the fare of that town.

To help the wives with their wardrobe problem on the extended trip, a fashion show featuring the basic black dress and how it can be used will be presented.

Before returning to the USA the wives will vote for either Mrs. W. E. Markley, Mrs. W. A. Yelinek or Mrs. C. B. Moore for president of the NOW club; Mrs. Jim Olsen or Mrs. Alan Weeks for first vice president.

Chairman of the decorating committee is Mrs. W. A. Yelinek who has done most of the designing, planning and drawing of the life sized figures, background scenes and table decorations.

Working on that committee are Mrs. J. F. Barlow, Mrs. K. Jamison, Mrs. Itamon Garcia, Mrs. J. R. Dennison, Mrs. Scott Beat, Mrs. A. G. Klein, Mrs. R. W. Kennedy, Mrs. I. A. Signorilli, Mrs. Harvey Aubuchon, Mrs. R. D. Fields, Mrs. Dale Purdy and Mrs. D. B. Mitchell.

Mrs. J. M. Runnels is in charge of the costumes for the various guides.

Deadline for reservations for the coffee is Monday, Jan. 13. They should be made with the wives club's NOW representatives. Retired military officers' wives can make their reservations with either Mrs. Joel Weissman or Mrs. Joe Colonna.

PUTTING THE FINAL touches on the Spanish costume of Mrs. Alec Blunden are Mrs. J. M. Runnels (kneeling) and Mrs. Jim Sandusky. Mrs. Sandusky and Mrs. Blunden will furnish part of the atmosphere of Barcelona and Venice at the NOW change of board coffee, Mrs. Runnels is in charge of the costumes.

Carl Lind Program Speaker At Woman's Club Luncheon

The Sanford Woman's Club met for the January business meeting and luncheon Wednesday at the clubhouse. Mrs. Francis Meriwether, Mrs. Albert Hardesty, Mrs. Frank

Party Honors Debrah Turner On Birthday

Debrah Turner celebrated her fifth birthday with a party at the home of her parents, Mr. and Mrs. R. J. Turner Jr., on Beviara Road.

Balloons, paper streamers and lanterns were used to decorate the home. Debrah and her guests played games and were served hamburgers, ice cream, punch and birthday cake.

Invited to share the fun with Debrah were Don Nichols, Mike Peacock, Alice Ann Gregory, David Wells, Jo Leah Gallet, Lisa Peacock, Bonnie Austin, Janet Kite, Steven Kite, Dale Austin, Ginny Kneeland, Danny Wells, Johnny Myers and Robert Gregory.

Debrah Turner

Ginderville Fire Auxiliary To See Film

The Ladies Auxiliary, Ginderville Volunteer Fire Department, will meet Jan. 13 at 7:30 p.m. at the home of Mrs. Louise Bridges, 2090 Orlando Drive.

This will be the regular monthly meeting of the auxiliary and a "March of Dimes" film will be shown. All ladies of the Ginderville area are urged to attend this meeting so the auxiliary can boost its membership.

Circle 8 with Mrs. Joe C. Chittenden, 2101 Cordova Dr., Miss Bess Jones co-hostess, 3 p.m.

Evening circle 9 with Mrs. Virginia Middleton, 423 W. 18th St., Mrs. Y. C. Bollinger co-hostess, 8 p.m.

Evening circle 10 Fellowship Hall with Mrs. Helen Johnson and Mrs. Miriam Vinup hostesses, 7:45 p.m.

New Pennies For Theta Epsilon Members

Members of Theta Epsilon chapter, Beta Sigma Phi Sorority, met at the lakefront home of Mrs. Arthur Lee in Longwood.

A brief business meeting was conducted by Mrs. Richard Walker, president.

Mrs. Wallace Peacock and Mrs. Jack Erickson presented a very interesting program on music. The title of the humorous program was "Name That Tune." Various song hits of past years were played and the person naming the correct title received a shiny new penny.

Mrs. Lee served delicious refreshments of cake and fruit punch to the members present: Mmes. Paul Lewis, Al Davis, Bob Dekle, Cameron Lawrence, Faye Stetson, Sterne Holte, Bob McKee, Jack Erickson, Richard Walker and Mrs. Wallace Peacock.

Church Calendar

MONDAY
W.M.U. Executive Board 9:30 a.m.

Philathea Class Gives Gift As Memorial

The Philathea Sunday School Class, First Presbyterian Church, met with Mrs. Clarence Snyder Monday evening.

Mrs. James Wallin, president, conducted the business meeting. A letter was read from the Thornwell Home thanking the class for Christmas gifts sent to the children, also from an orphan girl and a missionary the class aids with monetary gifts. Mrs. Margaret Greene reported on the Christmas party given for the members of Beardall Chapel. The class presented offering plates to the Beardall Chapel as a memorial to Mrs. Avalon Dague, a former member of the class.

Mrs. W. R. Anderson led the lesson on faith. The names of secret pals were revealed and names of secret pals drawn for the new year. Refreshments were served to those attending, Mmes. Wallin, Anderson, Green, Kirby Fite, Wilson Newman, Annie Mae Rumbley, R. F. Moule, John Wilson, J. S. Field, P. T. Plety, J. N. Gillon, Hazel Gilluly, C. C. Howard and two guests, Mrs. Eva Williams and Mrs. Mamie Roberts of Sylacauga, Ala.

David Jernigan Celebrates Birthday

David Jernigan celebrated his seventh birthday Monday with a party at the home of his parents, Mr. and Mrs. B. K. Jernigan, 119 Pinecrest Drive.

A wicker roast was enjoyed by the young guests and games were played. As the birthday gifts were opened by David, each child was given a surprise bag of his own to open.

The birthday cake was decorated with a rocket blasting off to the moon. The vapor trail spelled "Happy Birthday David," and seven candles were placed on stars near the rocket.

Guests invited to join the fun were: Kevin Gonzales, Jimmy Shepard, Elizabeth Moughton, Curtis Haws, Kevin, Glenn and Darren Harris, Steven LeRoy, Jim and Mike DallaRosa, Steve Buckner and Robert Jernigan.

David Jernigan

Entertainment for Everyone in the Sanford Area

Dear Abby: By Abigail Van Buren

DEAR ABBY: My English teacher said we had to write a friendly letter to some person who lives in another city as a homework assignment, so this is what I wrote:

"Dear Abby: You are solving my problem without even knowing it because I have to write a letter for my English assignment and I chose you to write to."

"I think your column is pretty good. I don't always agree with your answers but then nobody is perfect. I sure got to give you credit. It takes a lot of nerve to give those answers because you know what happens when you stick your nose in other people's business."

"Very truly yours, 'F' IN ENGLISH"

DEAR ABBY: Our 18-year-old daughter (whom I'll call Jane) is serious about a 24-year-old married man who is in the process of being divorced. They were married only five months. My problem is she spends every evening here with Jane because his lawyer told him he shouldn't be seen in public with another woman yet. Meanwhile, Jane and he are getting thicker and thicker and they are talking marriage. He is a gentleman and is well able to support Jane, and we like him, but I don't think it's right for them to be planning marriage until he is free to marry, do you? My husband says he is a lot better than most of the characters Jane has gone with and we should let them be. What do you think?

JANE'S MOTHER: DEAR MOTHER: No matter how you phrase it, he is a married man until he is divorced—and he may NEVER get a divorce. Your daughter should not be spending every evening with him. If he respects her, as a gentleman should respect a lady with whom he would like to spend the rest of his life, he will let HER be until he has the right to talk marriage.

DEAR ABBY: A neighbor who lives next door to us keeps all her blinds up except the one that is on the window which looks

Elvis At Drive-In

Elvis Presley is the star of the main attraction at the Movieland Drive-In Theatre Sunday through Tuesday, in color, "Fun in Acapulco" also features Ursula Andress and Elsa Cardenas.

The co-feature will be "The Delicate Delinquent," starring Jerry Lewis.

Two color movies are slated for Wednesday and Thursday, "Yellowstone Kelly," starring Clint Walker, and "Cash McCall," with James Garner.

The triple weekend feature, Jan. 17-19, includes "The Old Dark House," with Tom Poston; "Showdown," starring Audie Murphy, and "Come Blow Your Horn," starring Frank Sinatra.

Presley and his guitar go to Mexico for his latest musical, "Fun in Acapulco" in Technicolor. Making the trip with him are numerous musicians plus two foreign-born beauties: Ursula Andress, who has become a familiar and popular performer on the American movie scene; and Elsa Cardenas, one of Mexico's most famous young actresses.

The film begins with a beautiful aerial shot of Acapulco, and then narrows down to a yacht crossing the bay. Working on this yacht is Elvis Presley, an ex-trapeze artist who recently dropped his brother during their act, causing him to be injured. Because of this unpleasant incident, he is afraid of heights and has left the U. S. in hopes of finding himself and overcoming his fear.

Elvis gets fired because of a misunderstanding with his boss that involves his boss's flirtatious young daughter, and Elvis soon winds up as a singer in a nightclub. His popularity enables him to get a job in a large resort hotel where he sings at night in the club, and works afterwards as a life guard at the swimming pool. Here he meets Elsa Cardenas, who enacts the role of a famous lady bullfighter, and Ursula Andress, who plays the hotel's social director.

While trying to decide which girl he likes the most, Elvis sings ten new songs and one old favorite, "Guadalajara."

A THREESOME that's hard to beat — Elvis Presley is flanked by Ursula Andress and Elsa Cardenas in this scene from "Fun in Acapulco" showing Sunday through Tuesday at the Movieland Drive-In Theatre.

TABLE HOPPING

BY JUDY TURNER

Things are kind of quiet now that the holidays are over, and people are resuming their normal lives. Nevertheless there are plenty of things to do, and here are some of them.

For example, you might fall on out to Skate City Roller Rink tonight and try your luck at winning their jackpot. It's a complicated deal, but there is money in it for you if you have the lucky number. Lots of fun and good exercise too.

After spelling her name wrong for two weeks, we finally got it straightened out. The name of the new girl at the bar at the Caribe is Lou Morgenstern . . . This Illinois gal has been in Florida for about six months, working for four of them in another local dining spot. Working with her at the Caribe during the lunch rush is Norma Daffron, who dishes up that delicious food. The Caribe is a handy place to stop for lunch and you'll be well rewarded. Dinner is equally good, served by the competent Jack, who also does the evening duty behind the bar.

Other new people around include a piano player by the name of Carol Pettijohn who has taken over the musical entertainment at Freddie's Steak House. The word is that she's young, attractive and talented, and plays all sorts of music from the old favorites to the most modern.

On Friday and Saturday evenings the Capri offers dining and dancing entertainment in the form of the Shangri-La's, who play between 8 p.m. and midnight. The Capri's dance floor is one of the best sized around so you can stop in there for a few whirls. The popular businessman's lunch is getting more so and the lovely lunches for the ladies clubs are also being enjoyed.

Well, I did it again. After putting numerous tickets with my name on them into the little fish bowl, I failed to draw my own name as the winner of two free dinners at Spencer's. Now, I don't mind not winning, it is just the idea of being able to draw for the lucky ticket, and not picking out my own. There's just no justice. There's justice in the way Spencer's treats you though, with their fine food, drinks and atmosphere.

Received an unsolicited testimonial about the great chicken dinners at the What-a-Burger . . . the best they'd ever had from any place around. The take-out order included salad and scrumptious French fries too.

Don't forget on those busy Sundays that for an extremely low price you can get an excellent Sunday dinner right down town. Offering selections starting at 99 cents is Roumillat and Anderson's food division, run by Dave Remley. They serve from 11 'til 3. For dessert you won't be able to find anything better than that wonderful homemade pie.

There aren't many places around serving breakfast, but the Mar Lou is one of them . . . they open at 7 a.m. Lou Rotas says they can offer you fine food at reasonable prices . . . charcoal steaks

Jacoby On Bridge By Oswald Jacoby

As they say in Wall Street, "The Bull gets a little, the Bear gets a little, but the Hog goes broke."

East liked his double of the no-trump slam. He was certain that North would not have jumped right to six no-trump without a high card in his suit and he knew that his double would produce a diamond lead from his partner.

East and West were playing the convention originally invented by Teddy Lightner of New York in which the double of a slam calls for an unusual lead.

In this instance the only suit bid by North and South had been diamonds. Hence, a

NORTH (D)	10	West's disposal.
AK		West dutifully opened a diamond.
QJ2		The four was played from the dummy and East won with the jack.
K566		At this point East would have done well to settle for a 200 point profit but East became goggish. He wanted 800 points so he led back a spade whereupon South claimed the rest of the tricks.
AQJ		South had a real break because if he had made his proper response of two clubs to the diamond opening the chances are that North would have wound up playing the no-trump slam and there would have been no way to beat North.
WEST	EAST

Ritz: 'Wheeler Dealers'

The New York Stock Exchange has had its ups, downs and wall-to-wall periods, but when it recently "moved" to Hollywood it traded the bulls and bears for the birds and bees.

Something unique in movies takes place in Metro-Goldwyn-Mayer's new comedy, "The Wheeler Dealers," when for the first time film audiences will be able to see the newest electronic device, an "instant" stock market service.

"The Wheeler Dealers" will show Sunday through Wednesday at the Ritz Theatre.

This latest development in automation, rather than palpitation, gets star billing along with Lee Remick and James Garner for important sequences of the Martin Ranshoff production.

Called "Telegator," it is the only board of its kind in operation. MGM arranged to have it shipped directly from the corporation's headquarters in Stamford, Conn., to the studio sound stage. The Tele-

IT'S LOVE and laughs, plus a bit of larceny, with Lee Remick and James Garner in Metro-Goldwyn-Mayer's "The Wheeler Dealers," hilarious spoof of Wall Street, running Sunday through Wednesday at the Ritz Theatre.

We The Women: By Ruth Millett

"I need advice about a difficult problem," writes a male reader.

"My wife is pretty, bright and a wonderful companion. So it would be a pleasure to take her to a party. The trouble is that every so often she drinks more than she should and I am embarrassed by her behavior.

"She gets loud and talks about things she would ordinarily have better judgment than to discuss. She won't listen when I tell her she has had enough to drink. And if I try to take her home before things get any worse she refuses to go. I dread taking her to parties. Even though this only happens once in a while, I never know when she is going to take the drink that is one too many."

It seems to me you owe it both to your wife and to yourself to tell her frankly and exactly what she is like when she drinks too much. Don't spare her feelings. Let her know that you no longer like to take her to parties because you can't count on how she is going to behave.

About Sports Thinking Out Loud

BY JULIAN STENSTROM

Near Record Kill
Hunters in Central Florida have "harvested"—and we don't like that word, personally—a near record number of deer and turkey during the 1963-64 hunting season, says J. W. Bickertoff, central region manager for the Game and Fresh Water Fish Commission.

The Citrus and Guano River Wildlife Management Areas are the only areas in the Central Region where all game taken must be checked. Kill reports from the other areas are strictly estimates. Game taken outside of the management areas is not reported at all.

Hunters in the Ocala National Forest management area actually checked out 237 deer at the two hunt headquarters. Many deer were harvested and taken home by the hunters that did not have to be checked. Several turkeys were known to be taken also, but none were checked.

A total of 112 deer was harvested by archers on the Citrus Area and 117 by gun hunters. An estimated 21 turkey and 21 deer plus numerous squirrel and other small game was harvested on the Richeson Area.

An estimated 176 deer, 46 turkey, one bear and other small game was taken on the Tomoka Area. An estimated 110 deer, 54 turkey and other small game was taken on the Farmton Area.

The Guano River Area which has been primarily a waterfowl area also produced a good population of upland game this year. Hunters were reported taking 33 hogs, 23 turkey, 23 quail, 19 rabbits as well as 1418 ducks and 227 coots.

Special quail hunts will be held on the Citrus Area Jan. 11-12, 18-19 and 25-26. Archers will be allowed to hunt wild hogs on the Guano River Area Jan. 25-26, Feb. 1-2, 18-19 and 22-23. A spring gobbler hunt will be held on a portion of the Tomoka Area March 28 to April 12.

These hunts will close out the season for management areas in the central Florida region, Bickertoff stated.

Hounds Point For Powerful Apopka Five

Lyman's Greyhounds tangle with one of the top fives in Central Florida tonight when they go to Apopka and meet the Blue Darters who have posted a record of eight victories and one loss thus far this season.

Meanwhile, the 'Hounds have been one of the hottest quietests in these parts with recent victories over Orlando's Oak Ridge Pioneers and Edgewater Eagles. They will be gunning for their fifth decision of the cage year compared with two defeats.

Saturday night the Greyhounds will go right back into action when they host the strong Ocoee Cardinals. The Red Birds were flying high until they ran into the strong Oviedo Lions Tuesday night and dropped a decision to the Seminole County cagers.

Last year Lyman split their pair of tilts with Ocoee. Saturday night the 'Hounds plan to throw their best defensive strength at the Cardinals in an effort to halt the strong Red Bird offense.

Apopka's big guns are Sheppard and Godding who boast game averages in double figures. The Darters are also a top rebounding team.

Lyman's starters will probably be forwards Jim Goplen and Richard Grant, center Don Smith and guards Gene Winkelman and Bill Tolsen.

Lyman's little Greyhounds will meet the Baby Blue Darters tonight and Saturday evening they will tangle with Ocoee's JayVee five.

The Baby 'Hounds, seeking their seventh win, probably will start forwards John Burkhammer and Richard Moore, Dave Matis at center and Gary Gunter and Steve Simpkins at the guard slots.

Kroncke Top At Mid-Florida

Art Kroncke carried off top honors during Wednesday's low net tournament held by the Senior Men's Golf Association at the Mid-Florida Country Club near Sanlando Springs.

Kroncke came up with a low net of 67 while John Reams, with a 71, took second place honors.

Tied for third place with 73's were Eric Dallman and Lenny Bolhuis.

Cubs' Coach In Warning

CHICAGO (UPI)—The Chicago Cubs may not win the National League pennant in 1964, but head coach Bob Kennedy warned the rest of the circuit today that "We'll win more games than we did last year."

MARY SWIGONSKI AND JIMMY NORRIS, Seminole High students, are among those being coached by Wren Credland (extreme left) and John Spolaki (extreme right) as they attempt to win berths on the school's new inter-scholastic bowling conference being organized by 12 high schools in Central Florida. The loop is being sponsored by the Bowling Proprietors' Association. Each team will have a local bowling establishment as its home lanes. Seminole's team of seven bowlers will roll its home games at Jet Lanes. (Herald Photo)

Course Slated In Seamanship

Sponsored by Seminole County Sheriff Luther Hobby an eight lesson course in basic seamanship and small boat handling will be given by the U. S. Coast Guard Auxiliary, Sanford-Orlando flotilla.

Lessons and demonstrations in useful knots, anchoring, boat handling, rules of the road, the use of charts and compass and safety afloat will be offered. At the end of the course a certificate will be awarded attesting to the satisfactory completion of the lesson.

The course is free and open to the public. A small nominal charge for the text book and training material will be the only cost. It is not necessary that participants own a boat to join the class.

The first class will start Wednesday at 8 p. m. Registration will begin at 7 p. m. Classes will be held at the Seminole County Court House. For further information and advanced registration phone FA 2-7112 during business hours or FA 2-9305 or FA 2-7279 evenings and weekends.

Gator Cagers Stop Dampier

GAINESVILLE (UPI)—Florida's Gators held down Rick Barry's chief assistant and outplayed rival Miami under the boards and on the floor Thursday night for a 114-91 basketball victory that set a new point record for the home gymnasium.

John Dampier, Miami's other consistent high scorer, was held to seven points.

New Drag Racing Season To Open

The 1964 drag racing season opens Saturday with the Seminole Timing Association expecting more than 100 entries for its 7 p. m. program at the Osceola Air port drag strip.

An array of new 1964 automobiles will be rolled onto the starting line to vie for \$500 in prize money and trophies. Of the new models, a 1964 Corvette Sting Ray driven by Sanford's Henry Wight, is rated a favorite to win Little Eliminator competitions. Another Corvette, a 1963 model driven by Ray Hudson, dominated the '63 racing field and ABC Gets Rights.

Witt pointed to major improvements the Timing Association had made in the local drag strip, including a long restraining fence between the spectator and racing areas; improvements in the actual racing surfaces and clearing of the spectator area to provide more parking and viewing space.

Witt pointed to major improvements the Timing Association had made in the local drag strip, including a long restraining fence between the spectator and racing areas; improvements in the actual racing surfaces and clearing of the spectator area to provide more parking and viewing space.

Tribe Plays Evans High

"We're going to hike our percentage of baskets if I have to ret my boys a step-ladder," said Head Coach

Ralph Stumpf of his Seminole High cage squad as he prepared to put them into action tonight in Orlando against the number one team in the Metro Conference—the Maynard Evans High five.

Oviedo Gunning For Victory Over Howey

"I guess they had such rotten luck in their first couple of games that it began to get on their nerves and they have become so conscious of it they're too tense to make baskets out of their shooting attempts," Stumpf went on to say.

Stumpf will start Mike Glad and Mike Bowes at the forward slots, Ken Tyrn at center, and Barry Johnson and Dennis Brown at guard. "We need a little more scoring punch," Stumpf said, "and that's why I'm going to go with Tyrn at center. Barry Barks has suffered with his shooting and perhaps if we give him a brief rest it might help him. Barks is a fine athlete and we're confident he'll be a big help to us when he's back up to par."

But he declared with out any reservation, "I can say this for my boys: they haven't quit. I feel they have the ability to win and they believe they have the ability to win. I'm expecting a good game tonight."

The Tribe has a record of one win and three losses in conference play. Their seasonal record to date is one win and seven defeats. Coach John Colbert's Jay-Vees, with a record of three wins and four losses will make an effort to come up with a number four when they meet the Evans Jay-Vees in the preliminary contest tonight.

Oviedo has been preparing an attack against the man-to-man defense, a pattern which many schools utilize. Also the Lions have been concentrating on improving ball handling, shooting, and developing a balanced offense and defense.

Colbert's starters will include forwards Ronnie Hinson and Bob Spradlin, Mike Fordham at center, and guards Joe Purdy and Al Bonifacio. Ramos, who fights out of Mexico City, was rated a 2-1 favorite over Derado.

Also this week, the Lions have concentrated on developing their second unit.

Coach Milker remarked that "The team has good spirit. We played aggressive ball against Ocoee, which is a fine, well drilled team. It was a great win, and we hope to continue and build up a good winning streak."

Philadelphians will manage that team's Miami farm club in the Florida State League. He served as a player-manager for the Phils at Chattanooqua, Spartanburg and Miami during the 1963 season.

Tonight's action also pits Oviedo's Junior Varsity (2-4) against Howey's JayVees.

the strike ball

DIAGRAM of the number pins with direction of the strike ball.

BOWLING

How To Teach Youngsters

CONVERTING SPARES

(Fifth and Last of a Series) Make up a large card with removable numbered circles representing the 10 pins and arrange these in a ten-pin triangle.

Point out the strike zone to your youngsters (see diagram). Explain that a light hit, a Brooklyn (left side), and a full hit can result in a split. This can be demonstrated by removing the pins that may fall on each of these hits.

Teach your youngsters the three basic spare angles: right, left and center. The target pins, 5-7-10, are the key to successful spare-making.

To convert center line spares the target is the No. 5 pin and the bowler should assume his strike position on the approach. For all center line spares, such as the 5-8, 1-2-9, etc., approach the target pin on a straight line.

For right hand spares, the proper starting position is the left side of the approach facing the No. 10 target pin. This is the correct angle for right hand spares such as the 3-10, 6-10, 6-9-10, the 6 pin and 10 pin.

For left hand spares, take the opposite position on the right side of the approach facing the No. 7 pin. A straight line approach toward the No. 7 target pin is correct for these left hand spare combinations: 2-7, 4-7, 4-7-8, 7-8, 7 pin and 4 pin.

To convert center, left or

right hand spares the bowler should approach the target pin on a straight line, in exactly the same manner as rolling a strike ball. Only the angle changes, not the line of approach.

Show examples of various spares on your number board, the 2-4-7 for example. Then indicate the path the ball must follow to achieve a conversion. Set up other combinations and ask your youngsters to show you the correct angles.

ZOOOOOOOOOOOOOOO (What the '64 Plymouth has)

Plymouth has special engines for ZOOOOOOOOOOOOOOO (optional, of course). That's important to some people. Others don't feel they need that much Zoom. They stick with the high performance of our standard V-8 or the economy of our standard six.

your power... is a car that's designed to make the best possible use of it.

Power-hungry or not, test drive the new Plymouth. Consider the fact that Plymouth offers you a 5-year or 50,000-mile warranty* on the parts that keep you going. Then you'll know why we say, "Get up and go Plymouth!"

*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE WARRANTY PROTECTS YOU:
Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

U.S. Keeps Canal Zone, Rusk Informs Panama

WASHINGTON (UPI) — Secretary of State Dean Rusk says the United States will not withdraw from the Panama Canal Zone or give up its military base along the vital waterway.

Asked Sunday if the United States could afford to give up the zone or its military base, Rusk said: "The answer is no, and I have not heard any responsible person take any other viewpoint."

In a television interview Rusk said all parties involved in negotiations started after the bloody rioting in Panama are agreed that "the first order of business is the restoration of peace."

Panamanian President Roberto F. Chiari has demanded renegotiation of the 1903 treaty that give the United States perpetual control of the Canal Zone and Panamanian Ambassador Aquilino Boyd has told the United Nations that the United States must give up the canal.

Rusk indicated that Chiari is in agreement with U. S. representatives in Panama that peaceful negotiations could iron out the crisis started last Thursday over flying of the Panamanian flag in the Canal Zone.

Rusk said discussion was difficult under current tension in Panama. He reiterated that peace and security for U. S. citizens and property in the Canal Zone were the key matters to which "everyone is giving maximum attention."

He blamed "elements hostile both to Panama and the United States" for intensifying violence and fomenting friction between the two nations.

Rusk said Cuban Premier Fidel Castro "and Castro agents have been taking a hand in this one way or another." He added: "I think he has some responsibility for this."

RUDY L. SLOAN, an ACL engineer and local real estate broker, Friday formally announced his candidacy for the office of Tax Collector in the 1964 elections. Sloan will seek the office which will be vacated by John L. Galloway at the end of his current term. (Herald Photo)

Winter's Worst Storm Batters Eastern U. S.

By United Press International
The winter's worst storm raged throughout the eastern half of the nation today. Strong winds and heavy snow whipped up near blizzard conditions. Drifts piled up 10 feet high in Illinois.

Hundreds of schools were closed. Roads were blocked and snowplows were hard-pushed to keep others open. Transportation was generally snarled in what was one of the worst storms in years in some areas.

At least 22 deaths were blamed on bad weather.

The weather bureau posted heavy snow or hazardous driving warnings with near blizzard conditions for most of the Ohio Valley and Tennessee and from the Carolinas through most of the North Atlantic states.

Cold wave warnings stretched from the lower Mississippi Valley into Kentucky and Tennessee. The temperature dropped to 36 below in Blount, N. D., Sunday.

The cold pushed temperatures down to 18 as far south as Tucson, Ariz., and El Paso, Tex.

Slight citrus danger was possible in Texas' Rio Grande Valley where freezing temperatures were expected.

Coast Guardmen and firemen groped their way through heavy snowfall Sunday night to rescue 10 men stranded on ice offshore from Port Clinton, Ohio, near Catawba Island. The Coast Guard said the men, who were ice fishermen, fortunately were not on ice that broke off in choppy water and high winds.

Eight inches of snow fell in St. Louis. There were some school closings in St. Louis County. The St. Louis basketball team, en route home from playing at Cincinnati, was stranded in Chicago, unable to get to St. Louis. Schools were closed in the Kansas City area.

Big Dump Truck Bangs Way Into \$11,000 Crash

It is difficult enough to get a new highway built without tearing it up before it is opened. But that is what happened Thursday on a section of incomplete I-4 south of the Lake Mary overpass.

A giant, 10-wheel dump truck, operated by Tom Bobulinski of Leesburg, was proceeding south when his vehicle struck the blade on a road grader and crashed into the rear of another grader.

The second road grader, a 12-ton machine, was knocked some 50 feet. The impact demolished the front end and cab of the dump truck. Bobulinski was pinned in the wrecked cab. After being removed he was checked at Seminole Memorial Hospital. Other than minor bruises, he was not injured.

Highway troopers investigating said that Bobulinski was more hurt by getting a ticket for not having his vehicle under control than from the accident.

Trooper Bill Stringfield reported that the damage to the two road graders amounted to some \$300; the 10-wheel dump truck's damage was estimated at \$10,000, and the damage to the new and still unopened highway was tabbed at \$500.

Total estimated damage was \$11,000.

One Man 'Crime Wave' Keeps Police On Hop

A 24-year-old Sanford man, Oliver L. York Jr., reportedly residing at 610 West Ninth Street, kept Sanford police and other busy for a brief period Sunday afternoon... and in the city jail today on multiple charges.

Police Chief Roy Williams recounted the incidents this morning thusly:

York took an Air Force uniform from a car owned by Joseph W. Traylor, just passing through, at a local restaurant. Traylor protested and York punched him. York is charged with petty larceny and assault and battery in this instance.

Chief Williams said York then went to his boarding house and stole a .22 pistol. He is charged with carrying concealed weapons in this instance.

York, according to the police chief, forced Mrs. Laura Garrett at pistol point from her car at First Street and Magnolia Avenue, and drove off.

At First and French Avenue, York became involved in an accident with a truck. Chief Williams said York then proceeded to a car occupied by Tom Sayre and Sampson Harbert and demanded a ride. Chief Williams said Harbert took a gun from the glove compartment and held York until arrival of police.

Sheriff J. L. Hobbs said this morning his deputies are investigating the theft of several cases of whiskey from the Melody Bar, Alhambra Springs, over the weekend.

Sheriff's deputies were continuing their investigation of the \$200 heidup of the U-Toletm grocery on Lake Howell Road, near Tanglewood, Friday evening. A white man, wearing a stocking mask, threatened the manager, Bernice Baxley, with a revolver and escaped with \$200.

City-County Drafting New Site Proposals For Board Of Control

By Fred Van Pelt
Seminole and Sanford leaders will sit down at an informal meeting Tuesday to analyze the "split" thinking of the State Board of Control on a proposed university site and endeavor to agree on new proposals in an effort to bring the new undergraduate school to Seminole County.

Tuesday's meeting follows the 3-3 deadlock by the Board of Control Friday afternoon at Tallahassee, when the state officers reached an impasse in the choice between the Lake Ada site, south of Sanford

WOODRUFF BUILDING, at the northwest corner of First Street and Park Avenue, will be razed and the site used for a city parking lot when deed of transfer has been formally negotiated. The City has contracted to purchase the property for a reported \$60,000. Purchase price will be paid from parking meter revenues, although the City has not yet decided whether to place parking meters on this lot. (Herald Photo)

Army To Fly 4,000 Troops To Pacific

TOKYO (UPI) — The U. S. Army will fly 4,000 troops across the Pacific next month to test a new concept for stopping aggression within hours, it was disclosed today.

U. S. Army headquarters in Japan announced plans for air-lifting the 25th Infantry Division birgade task force from Hawaii to Okinawa.

Ships dispatched from a U. S. naval base in the Philippines will meet the soldiers on the beach with artillery, tanks and other heavy equipment needed in warfare.

The transpacific war games follows last autumn's airlift of a full army division from the United States to West Germany.

Washington is testing and refining methods for rapid development of combat troops and equipment in order to reduce American forces stationed overseas and to better meet sudden wars in remote corners of the globe.

The United States announced in December that it will withdraw some 3,500 Air Force men from Japan during 1964.

Other American troop reductions in the Far East may follow.

The Army said the February exercise will be the first of its kind ever staged in the Pacific.

United Fund Total Stands At \$31,911

The 1963 Seminole County United Fund has received \$31,911 as of Jan. 10, according to a report today from Paul D. Lewis, campaign chairman, and Mrs. B. F. Ganas, executive secretary.

This amount, raised without the assistance of a professional fund raising organization this year, was greater than the amount received last year with professional help, Mrs. Ganas said. She pointed out, however, that only 67 percent of the Fund's objective, \$48,425, has been realized.

"This is not," she stressed, "even three-fourths of the amount needed by the member agencies of the Fund to render adequate services to all of Seminole County."

Lewis and Mrs. Ganas said the organization was deeply appreciative of the time and effort given by numerous volunteers. "However," she added, "illness and bad weather hampered our drive tremendously. As a result, many business firms and residents of the county were not contacted."

Mrs. Ganas said that the Fund and its agencies are always grateful for contributions which can be mailed to P. O. Box 144, Sanford, at any time during the year.

Agencies associated with the Fund include the Boy Scouts, Girl Scouts, Children's Home Society of Florida, Family Counseling, Good Samaritan Home, Mental Health Association, Red Cross, Salvation Army and the USO.

General Commercial Chairman was E. E. Kirchhoff with Howard Hodges as commercial chairman for Sanford, Lake Mary, Lake Monroe, Longwood, Geneva and North Orlando. John O. Border Jr., was commercial chairman for Fern Park, Casselberry, Forest City, Bear Lake, Altamonte Springs and Chulucota, with Al Fiori, executive director of the Boy Scouts, as sub chairman.

General chairman for the Negro division was John Daniel with sub chairman, Mrs. Ruby Lee Wilson for north Seminole and Mrs. James Foster for south Seminole.

Mrs. Ganas also declared that no neighborhood solicitation was conducted in Sanford, "since it was felt that some 90 percent of the residents would prefer to contribute at their places of employment, perhaps using the payroll deduction plan. Also, we gave consideration to the fact that of the 23,000 residents of Sanford a large portion of them are Navy personnel and families, and—as usual—Navy participation was excellent."

Americans In Zanzibar Are Being Removed

ZANZIBAR (UPI) — A U. S. destroyer today began taking Americans off the newly independent island nation of Zanzibar, where a leftist rebellion overthrew the British-backed sultan and proclaimed a republic.

Observers in Nairobi, Kenya, on the African mainland opposite Zanzibar, said the new government was pro-Communist and some of its leaders were sympathizers with Communist China. There was speculation in Kenya that Zanzibar could become the Cuba of Africa—the first Communist foothold in the area.

Some sources in Washington said some of the rebels are largely financed by the Communists, including those headed by Abdul Rachman Mohammed Babu, leader of the outlawed Umma party, and new defense and foreign minister. He was described as pro-Peking.

First reports said three persons were killed and 26 injured in the fighting that toppled Sultan Seyyid Jamshid Bin Khalife Saturday night and Sunday.

The nation's new leader is Sheikh Abed Karume, who was named president of the rebel republic.

Karume also is considered a Chinese Communist sympathizer by many observers.

Seminole Demos Name Howell

By Jane Casselberry
Roy Howell Sr., of Lake Mary has been named vice-chairman of the Seminole County Democratic Executive Committee. Howell's appointment was made at a recent meeting of the committee at which time John McCloskey was named committeeman and Helen McCloskey was chosen committeewoman for precinct No. 1, Sanford.

W. O. Tanner Jr., was appointed for Precinct 3, Sanford and Jack Symes, Precinct 8, Goldenrod.

To fill the vacancies left by the resignation of Mr. and Mrs. Robert Wiggins of Fern Park's Precinct 23, Mrs. Lillian Severs and William Chambers were appointed.

County Commissioner John Alexander spoke before the group on the duties of his office and the progress made under the present administration.

Other commissioners who had been expected to attend were unable to do so as they were in Tallahassee.

Plans were discussed for political rallies to be held prior to the primaries.

Casselberry To Swear In Two

Newly elected officials of the Casselberry Board of Aldermen, Owen Antsey as mayor and Mrs. Mary Hawthorne as clerk, will take the oath of office at today's 7:30 p.m. meeting of the board to be held in the Casselberry Women's Club.

Officials returning to office are Aldermen George Howard and Cliff Overman and Marshal Gus Sawyer.

Other business on the agenda for today's meeting includes a report from outgoing mayor Fred Heath and discussion of the proposed comprehensive zoning ordinance and a garbage collection franchise.

Firemen To Install At Lake Mary

The annual installation of officers for the Lake Mary Volunteer Fire Department will be held at 8 p.m. Tuesday in the Fire Hall.

Installed will be E. Richard (Woody) Friend, president; Harvey Pugh, vice president; Roger Crocker, secretary, and Ralph Schweickert, treasurer.

Directors of the organization are Ed Zimmerman, Bob Willis, Charles Walker, Sidney Fowler and Randall Chase.

During the business meeting following the installation, final plans will be made for the firemen's annual barbecue supper to be held Feb. 8. Plans also will be made for celling the large area where the fire trucks are stored and workdays for this project will be scheduled.

All members of the department are urged to attend.

Snow Falls In Pensacola

PENSACOLA (UPI) — It snowed here today for the second time in five years.

Light snow flurries also were reported in Crestview and Milton in the Florida Panhandle.

Light snow was reported here New Year's Eve — the first snow since 1959.

With temperatures in the low 30's, the snow was expected to stay on the ground for a short time.

"It won't amount to much, though," said the Miami Weather Bureau.

Post Office Receipts Up

Sanford Post Office receipts were up \$24,000 in 1963 over 1962, it was reported today by Postmaster Cecile Heard.

Receipts in 1963 totaled \$297,993 as compared to \$241,967 in 1962, Miss Heard said.

Last quarter receipts in 1963, mostly Christmas mail, was up 20 per cent. Receipts for the last quarter of 1963 and 1962, respectively, were \$82,023 and \$67,817.

Highest annual volume of the Sanford Post Office was \$1.3 million prior to the reactivation of Sanford Naval Air Station when a woman's dress manufacturer operated at the air base.

County Board To Reorganize

County Commission will reorganize for the coming year with the election of a chairman and vice chairman and the naming of committees.

There will be no change in the Commission membership; Gen. J. C. Hutchinson, James P. Avery Jr., John Fitzpatrick, John Alexander and Leo Gary.

SNAS Asks Bids On 2 Contracts

Area small business concerns were invited today to submit bids for two contracts estimated to cost less than \$50,000 at Sanford Naval Air Station.

Bids will be open at 2 p.m. Jan. 29 for installation of toilet facilities in building 128, to cost less than \$25,000.

Bids will be opened at 2 p.m. Jan. 31 for replacement of automatic line transfer and engine controls for an emergency power system, estimated at less than \$23,000.

First Reading Of Annexation Ordinance Set

First reading of an ordinance annexing the southwest corner of 27th Street and Sanford Avenue will be given by City Commission tonight.

Commission also will consider an amendment to the occupational license ordinance to require nursing homes to be licensed by the state, a request for transfer of a beer and wine license at 805 West Third Street, and annexation of property on Roosevelt Avenue between 16th and 18th Streets.

LBJ To Meet With Bryant About Visit

MIAMI (UPI) — President Johnson will meet with Gov. Farris Bryant and other Florida Democrats in Washington on Thursday to settle details for Johnson's Feb. 27 Miami Beach appearance.

It will be his first political address since assuming office. The \$100-a-plate food raising dinner will be in the plush Fountainbleau Hotel.

A spokesman said indications are "several vice presidential hopefuls" will attend the Miami Beach meal.

Best Dressed

HOLLYWOOD (UPI) — Jack Benny and Henry Fonda today held claim to the title of "best dressed men of 1964" given by the California Men's Apparel Club.

Satellite Off

VANDENBERG AFB, Calif. (UPI) — The Air Force launched another secret satellite over the weekend from this West Coast missile base.

Aliens Reminded Of Registration

Aliens now in the Sanford area are required to register with the Immigration and Naturalization Department before Jan. 31, it was reported today by Postmaster Cecile Heard.

Aliens may obtain the proper information card at any postoffice. It must be filled in and handed to a postoffice clerk — it should NOT be mailed.

Art Meeting

The Sanford-Seminole Art Association will meet tonight at the Civic Center. The meeting will get underway at 7:30 p.m. There will be a demonstration of oil paintings of landscapes by E. H. Stowe.

By Julian Stenstrom
Friday was quite a day.
We didn't get the university. Neither did we lose it.

Some people were despondent. Others even said we might as well give up and let Orange County have it.

"No we won't!" said the majority of Seminole leaders. "We haven't come this far to lose."

We agreed. Tossing in the sponge now is the last thing Seminole ought to do. Seminole has three votes. It needs only one more. Let's go after that fourth vote.

"With what?" someone asked. With Lake Ada, of course. Bluestone was virtually eliminated. Because of its location we don't believe it could get another vote. Because of Lake Ada's location its accessibility and its built-in facilities there's all the chance in the world that it could get the one vote it needs.

We say that Bluestone was virtually eliminated because we understand that the Board of Control now has all but decided that the school must be located east of Orlando and north of SR 50. That means it must be northeast of Orlando. You can't get very far northeast of Orlando without finding yourself in Seminole. Right? Right!

Let's roll up our sleeves a little higher and apply just a little more elbow grease.

The Clock hears that the Lake Monroe Inn is being sold by Frank Durzo to Mr. and Mrs. Henry Pyle of Sanford.

The March of Dimes film, "At the Edge," was shown to the Sanford Fire Department and all firemen present immediately volunteered to participate in the county's 1964 campaign by taking the leadership in an area with which he is familiar. That's the way Chief Mack Cleveland and his firemen take the bull by the horns, so to speak. By the way, many more volunteers are needed, says Chairman Bill Heck.

The Herald's had numerous compliments on the special bowling series it ran on the sports pages last week. The articles were entitled "How To Teach Youngsters to Bowl." We're trying to make arrangements now to run another.

Cami Bruce, supervisor of voter registration, says that those who have not returned their postal cards to her office should do so at once. The deadline has passed for mailing them in but says her office will continue to accept them if you'll get them in quickly. If you don't you might not be entitled to vote in the coming primaries.

Campaign Chairman Paul Lewis and Mrs. B. F. Ganas, executive secretary of the United Fund of Seminole County, want to give an extra big word of "thanks" to John Daniels and his volunteers for the tremendous task they performed during the fund's most recent campaign.

Another Clock watcher's comment about trucks on First Street: "It is true," says the watcher, "that trucks can be an inconvenience to motorists and pedestrians, but only because we have become so impatient. How many of us stop to think these trucks bring merchandise we need or want? Perhaps we should consider what these truck drivers must contend with to make our shopping more pleasant." The watcher has been a resident of Sanford all her life. She adds, "I guess I was moved by thinking of people living too fast, myself included. But our gripes are only from our demands."

That wraps it up for today. Let's get that university!
