DISASTER SAID IN PATHWAY OF CITRUS OWNERS

Increased Acreage Is Described As Spelling Trouble Ahead In Grapefruit Field

WASHINGTON, Jan. 27.—(AP)—The opinion that the nation's grapefruit producers are facing certain disaster within the next few years due to increased acreage of groves was expressed yesterday by C. C. Tongue, fruit member of the farm board.

"Grapefruit producers are facing certain disaster," Tongue said, "by reason of planting without regard to the immediate possibilities of a market."

The farm board members made public figures showing that in 1929, 147,000 acres of land were planted to grapefruit groves. Of that acreage, he added, nearly 64,000 acres are now non-bearing, but will begin to bear later.

One of that, Tongue added, the producers are still planting rapidly.

At the present time, he estimated, producers are already encountering a surplus.

Stock Brokers See Market Quotations Come By Television

CHICAGO, Jan. 27.—(AP)—A few blocks from the financial hub of La Salle Street, men who make the wheels of Chicago's markets rotate, attentively watched an experiment yesterday to simplify things for those who dabble in stocks.

These brokers attended the press television broadcast of stock quotations on television. Although KXAP in a test conducted by the Chicago Daily News under direction of Clem F. Wade, president of the Western Television company.

An announcer was flashed on the slide, and he spoke to the audience, preparing them for the joy or sorrow to come.

The ticker tape was broadcast in silence by means of special apparatus rigged up in the control room. In its reception, the tape resembled that which runs across the top of bulletin boards of brokers' offices, and stock exchanges.

The words were black against a reddish-brown background, and could be seen from a distance of 25 feet.

Fred Hathaway, radio technician, in explaining the procedure, said he believed that yesterday's broadcast could be received within a radius of 150 miles by those having television reception sets.

At the present state of development, he said, a broker could almost comfortably in his office, smoke a pipe, and watch the tape flicker across a television set at his elbow. Broadcasts in ordinary dialect and music, at hotels could meet the questions in the same manner.

Mahatma Gandhi Gets Viceroy's Welcome

BOMBAY, Jan. 27.—(AP)—Television multitudes, surrounded Mahatma Gandhi upon his arrival from Yevda prison today and gave him one of the greatest ovations of his strange career.

Women gathered him with flowers and entwined his neck with thousands of yards of handkerchiefs and scarves whose emotion touched the hearts of religious devotees worshipped him as if he were a god.

Leaving the prison at Poona last night, Gandhi took private train to Bombay. The illustrated London News published a sensational report that Gandhi had been released from prison on a charge of sedition.

LIBERALIZING OF BANKING LAWS IS SEEN AS BENEFIT

Consolidation Of Rural Institutions, Is Urged As Panacea

WASHINGTON, Jan. 27.—(AP)—Liberalization of the banking laws to permit consolidation of rural banks, a former policy regarding operation of federal reserve discount rates, and higher rates on bond than on commercial borrowing, were recommended yesterday to the Senate banking investigating committee.

At the same time the full committee approved the Glass resolution declaring the state department should "assist from the danger practice of involving the United States government in any responsibility" by approving or (Continued on page four)

Two Miami Women Disclose Losses In Confidence Scheme

MIAMI, Jan. 27.—(AP)—Two Miami women reported to police yesterday they had paid a total of \$110 to hold bolts of goods for "prospective tenants," who left to obtain money and did not return. Police said the "game" had been worked here several times in the last few months.

Mrs. M. M. McKendry said two men appeared at her residence and asked to see a room she had for rent. While they were there, she said, a third man appeared and offered to sell a bolt of goods. The two prospective tenants agreed to buy, she said, but said they did not have sufficient money to pay for it. She told police she paid \$40 to hold the goods while the men left to obtain money. They did not return.

Less than an hour later Mrs. B. Kinlay reported she had paid \$70 to hold a bolt of goods under similar circumstances.

Police said the bolts were of an ordinary variety of goods worth considerably less than the amounts paid to hold them.

Mrs. Richard Shipley told police at Miami Beach she lost rings valued at \$900 in a restaurant wash room, where she had forgotten them. They were gone when she returned to look for them she said.

Two women visitors reported to police last night that jewelry valued at \$4300 was taken from their apartment. The women are Mrs. H. L. Hall of Chicago, and Mrs. J. C. Owens, Brooksville.

Supreme Court Will Decide Libel Point

TALLAHASSEE, Jan. 27.—(AP)—The Florida supreme court today was asked to decide if a newspaper publisher charged with libel can be tried in the county where the paper is published. The question was raised by Edgar Wagoner, Jacksonville Attorney, for Fred Starnard, former publisher of the Florida State News, who is scheduled for trial in Tallahassee on a charge of libel through Waylight.

LARGE OUTLAY SAID NEEDED IN VETERAN AID

More Than 3 Billion Dollars Would Be Required For Immediate Redemption

WASHINGTON, Jan. 27.—(AP)—An estimate that \$3,314,000,000 would be required for immediate cash redemption of adjusted service certificates at face value was given the Senate finance committee yesterday by Frank T. Hines, administrator of veteran's affairs.

Hines was the first witness as the committee opened hearings on the proposal, which was endorsed by the national executive committee of the American Legion, and is being demanded by some members of both Houses to afford relief to veterans in need because of the depression.

Without expressing his personal view on the legislation, Hines presented figures to show many veterans are hard pressed financially. Loans to them on their certificates have increased during the present month to a figure far in excess of any previous month, he said.

So far this month, he testified, (Continued on Page Three)

Witness For Grand Jury Vice Probe Is Shot By Attackers

DETROIT, Jan. 27.—(AP)—"Stuttering Harry" Sominski, key witness in the Wayne county grand jury's investigation of vice and graft conditions in Hamtramck, was shot and seriously wounded yesterday as he sat in a Linwood Avenue drug store talking with the man whom he had named as one of the leaders in the suburb's underworld.

Sominski's assailant entered the drug store and ordered a drink at the soda fountain. Before he was served he wheeled and shot Sominski and fled to a waiting automobile. Jason (Yosher) Kaplan, the man with whom Sominski was talking, escaped to his home where he was arrested soon after.

At a receiving hospital Sominski made a statement to prosecuting officials in which he accused Kaplan of plotting the attack and said he would recognize the gunman who shot him. Sominski said Kaplan had warned him against testifying before the jury.

The shooting marked the first attack on a grand jury witness since that body convened last August. The event struck back at other matters before the jury, and Prosecutor Toy ordered wholesale raids of Hamtramck bing clubs, disorderly houses, distilleries and breweries.

Explanation Is Asked Smedley Butler For Mussolini Remarks

WASHINGTON, Jan. 27.—(AP)—The navy department asked Major General Smedley Butler of the marine corps to explain the remarks he is said to have made about Premier Mussolini during his recent Philadelphia speech. Butler had not replied today to the inquiry, and Secretary Adams said the navy would take no action pending his answer.

The officer was asked if he made the statements attributed to him. Marine corps officials declined to comment. The Italian ambassador, Demario, protested to the state department when he heard that the marine officer had quoted Mussolini as saying "What is one life in the affairs of a state" after the premier's automobile had struck a child.

6 Men And Woman Are Indicted For Killing

DETROIT, Jan. 27.—(AP)—A blanket indictment charging six men and a woman with the slaying of Jerry Buckley, radio political commentator, was returned today by the county grand jury which has been investigating the killing and other crimes for five weeks.

The indictment in the indictment charged Joseph Bonmarino and Joseph L. Gervasi, who are in jail, with the slaying of Buckley, who was shot since Buckley was on the radio. Two men and a woman whose names were not disclosed in the indictment.

FURTHER BOOSTS GIVEN STATE BY BOND PERIODICAL

Magazine Says Florida Is Leading Emergence From Slump

JACKSONVILLE, Jan. 27.—(AP)—Jacksonville continues to bank in the spotlight of favorable publicity occasioned by its recent sale of \$2,000,000 worth of refunding bonds.

The latest publication to carry a story of the sale, which is regarded as highly successful from every point of view, is The Bond Buyer, New York magazine, which is considered an authority on municipal bonds.

The Bond Buyer, in a story appearing in a conspicuous position in its issue of Jan. 24, hails the sale as an indication "that confidence in Florida securities at last is being restored."

The magazine full is a 32-page issue, published weekly for \$2,000,000 Jacksonville, Fla., bonds on a 5 3/8 per cent basis calls attention to the fact that confidence in Florida securities at last is being restored. A few months ago it was the generally expressed opinion of dealers that the refunding issue would not attract a single bid from northern bankers.

"While no one questioned the financial condition or record of Jacksonville dealers, fear of the state's resistance, which may be lagged 'Florida' would have to overcome. Fortunately in having wise advisers in its local bankers, the city went ahead with its borrowing program. The issue was carefully set-up and advertised for sale on Tuesday of this week. Not one, but three, northern banks (Continued on Page 4)

ESCAPED CONVICT CAUGHT

MACON, Ga., Jan. 27.—(AP)—Wade Johnson, Milledgeville, serving a life sentence for an attack on an aged white woman, and Barney Haddock, who escaped early yesterday from the Bibb county chain gang, were recaptured at noon at the edge of River Swamp, South Macon.

Four Planes Will Be In Sanford For Three-Day Stay Beginning On Friday

Headed by Lowell Bayles, stunt pilot, and his tiny Gee-Bee sportster which he used to perform almost impossible stunts at the air meet here last Friday, a fleet of four planes will come to Sanford for a three-day stay next Friday afternoon, a visit which is in the nature of a gesture of appreciation by the pilots for the courtesy shown them during their stay here last week.

The planes are part of the equipment of the Brantlin-Bayles Flying Service, Inc., of Springfield, Mass., and for the past six weeks they have been touring Florida in connection with the annual all-Florida air tour. For the next few weeks they will make short stops at several Florida cities, where stunt flying, parachute jumping, passenger carrying, and a general increase in air-mindedness will be featured.

The ships will arrive here Friday afternoon and will remain at the Sanford Army airport until late Sunday. During their stay they will carry passengers about the city and surrounding towns. Lowell Bayles is scheduled to stage his show at each afternoon.

CREDIT LACK IN DROUTH AREAS ADDS TO GRIEF

Landlords Can't Borrow And Tenants Are Forced To Appeal To Red Cross

HARRISBURG, Ark., Jan. 27.—(AP)—A complete lack of credit is intensifying distress in the Arkansas drouth sections. Bank failures have swept the state—more than 100 closing in the past three months. Those still operating already have more farm paper than they want.

The result is: The landlords can't borrow and they take care of their tenants until another crop is produced, and the "share croppers" have to look to charity.

In some instances, owners of small farms have been driven to the Red Cross for food for their families.

Marvin Watkins, a lawyer here, told of one case of a farmer who last year bought a farm for \$1500 paying \$1000 in cash. Last Summer's sun wiped out his crop. He had nothing but a delapidated "flivver" and a little livestock. He could find no one interested in a second mortgage on his farm nor could he dispose of his car and live stock at any price. He offered to sell them for \$20 but could find no buyer. He's on the Red Cross list for weekly food rations.

Watkins told of another case (Continued on page six)

3 Men Wounded In Gun Fight Staged In Department Store

CHICAGO, Jan. 27.—(AP)—A gun battle in a crowded department store resulted yesterday in the wounding of three men as bandits made a successful foray to obtain \$10,000 in receipts.

Customers scattered in panic from bullet shells which whistled along the main floor corridors of a Woolworth department store on the North Side.

In the fusillade exchanged by two policemen and five bandits who commanded them to "hand over the money," Patrolman William Binder, Joseph Andruszewski, a customer running to shelter, and another man were wounded. But meanwhile another of the bandit quartet had seized the packet of money from a guard.

Binder, another patrolman and two guards had just alighted from a stalker when the holdup men stalked up to them.

"Hand over the money," they said. Binder whipped out his pistol and fired. The bandits returned the shots. Four of them were retreating, meanwhile, toward an outside doorway. A fifth snatched the money. They backed outside the door and escaped in a sedan.

The money was to have been taken across the street to the Citizens' State Bank.

Neither Binder nor Andruszewski were seriously injured.

DeLand Negro Slayer Electrocuted Today

RAIFORD, Jan. 27.—(AP)—Clayton Bell, 29, negro, died in the electric chair today for killing P. H. Edmunds, grounds superintendent of Stetson University, DeLand. Before the current was applied Bell confessed. He declared "I have made peace with God and am ready to go." Bell was pronounced dead at 11:00 A. M., three and one-half minutes after he entered the chair.

Edmunds was shot and killed early on the morning of Dec. 20 when he attempted to apprehend the negro who entered the girls' dormitory. The students were home for the Christmas holidays and Mr. and Mrs. G. L. Hord and Annie Holden, teacher, were the only occupants of the building. Mrs. Hord screamed when the negro entered her room. The negro ran and jumped through a window. When Edmunds reached the scene the negro fled. After his capture Bell was tried, convicted, and sentenced to death in six days.

PETER O. KNIGHT ANSWERS CRITICS OF HIS TAX STAND

Declares Economy Is Best Solution For State's Ailments

TAMPA, Jan. 27.—Peter O. Knight, who has been put on the spot during the recent wrangling about tax relief, took a crack yesterday at his critics in a formal statement to the press and declared that if city, county and state expenditures were reduced there would be little talk about the tax situation.

Mr. Knight described as "an amazing spectacle" the record which showed that while Florida had grown only 51 percent in the last 10 years, state expenditures had increased more than 300 percent. He wants more common sense put into and "frills and absurdities" (Continued on Page Three)

U.S. To Investigate Stories Of Hidden Ben Purnell Riches

BENTON HARBOR, Mich., Jan. 27.—(AP)—Official recognition of rumors concerning the hidden riches of the late "King" Benjamin Purnell, former ruler of the House of David here, was taken by the United States Government yesterday.

Fred L. Woodworth, collector of internal revenue for Michigan, announced that he had requested the intelligence unit of the Internal Revenue Department to investigate the stories about the hidden money and to determine whether any money is due the government as income tax.

The reputed treasure of Benjamin is said to amount to between \$600,000 and \$700,000 in jewels and \$1,000 bills. It is supposed to be hidden in secret vaults in the colony's "diamond house," which has been turned into a shrine centering about the mummified remains of the cult leader.

"Queen" Mary Purnell, Benjamin's widow, has been attempting to enlist official aid in the search for her husband's hidden wealth with the intention of filing a claim on behalf of herself and about 200 dissenters from the House of David, who followed her into exile from the colony two years ago.

H. T. Dewhirst, who is Benjamin's successor as ruler of the colony, has professed ignorance of the money's whereabouts. Last week Mrs. Ada Ross Schneider, who for 25 years was the colony's auditor and secretary, said she knew where the money was.

Meanwhile a group of the colony's bearded stalwarts nightly mount guard over the diamond house to prevent any unlawful attempts to search for the riches.

BOAT HITS SNAG

MIAMI, Jan. 27.—(AP)—Eight passengers were transferred from the excursion speed boat Miss Miami to an oil boat beside the causeway today after the speed boat struck a submerged snag in Biscayne Bay. Capt. Eugene Aitel of the Miss Miami, said the passengers were brought to the pier without mishap. He said the Miss Miami was towed into the Miami River to a boat yard repairs work was started.

REGULAR MEET OF CITY HEADS HELD MONDAY

Budget And Tax Roll Matters Occupy Attention Of Commissioners Last Night

Most of the resolutions and ordinances, adopted or repealed last night at the regular session of the City Commissioners, pertained to the budget and the tax rolls for the past three years. City Attorney Fred R. Wilson, who has recently returned from Jacksonville where he has been arranging legal details in connection with the 16-point plan agreed upon by the Commissioners and the Bondholders' Protective Committee, presented a report of his work, and advised the Commission as to action expected of them at a meeting with attorneys for the bondholders to be held today.

Resolution Number 398 relating to the acceptance of bonds in payment of delinquent taxes, was rescinded by a unanimous vote, and a new resolution, carrying an amendment which made the original resolution agree with the terms of Point No. 9 of the agreement, was passed by a four to one vote. This point allows delinquent taxes to be paid in either matured or unmatured bonds. Commissioner Lehman voted "nay" on the resolution. (Continued on Page Four)

19 Law Violators Face Judge Sharon In Municipal Court

Law violators numbering 19 faced Judge James G. Sharon yesterday afternoon as he presided over the regular weekly session of Municipal Court. Disorderly conduct charges were predominant while violations of the liquor and larceny laws were also heard and sentenced.

J. A. Summerlin, white laborer, was in court on two charges. He was found guilty of "Driving an automobile while under the influence of intoxicating liquor," and fined \$200, or the alternative of a jail sentence of 30 days. The second charge "Drunkenness" was dismissed.

Ira Smith, colored, was fined \$200, or 60 days in jail, after being found guilty of selling liquor. John Smith, who accompanied her to court, and was charged with the possession of liquor, was dismissed.

Fred Cooper, colored, found guilty of having stolen \$8 in cash and four chickens from a friend, was fined \$25 or 90 days in jail, and he was also fined \$5 for being drunk. P. J. Rucker, colored, charged with disorderly conduct, was fined \$15. Joe Brown, colored, charged with assault, had his case continued until next Monday. H. A. Steingraber, white, was fined \$5 for being drunk.

Rosa Belle Taylor, Jim Henderson, Nathaniel Johns, Jesse Mayo, Earl Powell, Willie Smith, Jesse Thomas, George Williams, Frank Williams, and Willie Ware, all colored persons, were fined \$5 for disorderly conduct over the week-end. Eddie Porter, colored, charged with disorderly conduct, was dismissed, while Glyn Thomas, colored laborer, estimated a \$10 bond on a similar charge.

Young Husband Kills His 15-Year-Old Wife

TERRE HAUTE, Ind., Jan. 27.—(AP)—Lawrence Johnson, 23, killed his 15-year-old wife, Mildred, an expectant mother, with an axe at the home of her mother here early today, then sat quietly talking to other members of the families until the crime was discovered and police arrived to arrest him. The body was discovered by Mrs. Anna Watts, mother of the girl. Police said Johnson told them he killed his wife because he didn't want her to have children.

NET LEAGUE UNDEFEATED

Georgia Continues To Lead Group With 8 Wins And No Losses

ATLANTA, Jan. 26.—(AP)—The Southern conference basketball race hardly three weeks into its fast play on all fronts has leaping into the list of unbeaten teams and tonight only four teams boast perfect records.

The last week saw the undefeated group reduced by half as Auburn, Sewanee, Virginia Polytechnic and North Carolina fell before the sharpshooters of other teams.

Georgia continued to lead the circuit tonight with eight victories and no defeats, but the Athens Bulldogs were hard pressed to hold their lead in the face of a determined spurt by Alabama's 1929 champions which netted them three victories during the six-day period.

The Georgians beat Clemson 34-16, but the 30-27 margin of victory over the Clemson Tigers was too close for comfort. Auburn's place in the championship was one of the outstanding contests in the race.

Two teams from the northern half of the conference, Maryland and Kentucky, were tied for third place with three victories, each. The College Park old liners were held from conference play during the week, but Kentucky beat Vanderbilt for its third win.

After its defeat by Georgia, Auburn moved into South Carolina and beat the university Gamecocks 36-16 to retain its position directly behind the quartet of leaders.

Both Vanderbilt and Georgia Tech beat Florida which has won but one game in six starts. Georgia Tech also beat Tennessee, a team that ranked high last year. The Vols, despite the presence of the all-southern forward, Corbitt, and the redoubtable Bobby Dodd, were unable to make their game click and have lost five of their six games.

Washington and Lee, 1930 Virginia champions, opened their 1931 state conference campaign with a 26-27 decision over the University of Virginia, which previously had beaten V. M. I. 23-21.

In other non-conference games, Maryland beat Johns Hopkins 33-20; North Carolina downed Wake Forest 30-13; Virginia won from Lynchburg 41-30; Furman beat South Carolina 26-17; Virginia Polytechnic lost to Wake Forest 20-17; and Howard to Davidson 20-17 and Tennessee beat Maryville 26-27.

CAMPBELL SAYS CAR SPEEDS ARE IN THEIR INFANCY

DAYTONA BEACH, Jan. 26.—(AP)—Given a properly designed car and an ideal course, land speed can be raised indefinitely, Capt. Malcolm Campbell of England, said yesterday as he began final preparations for his proposed assault upon the world's automobile speed record here.

The 46-year-old veteran of the roaring road believes, however, that there is no known course in the world today where a land speed of more than 230 or possibly 300 miles an hour can be attained.

"If it were possible to obtain a perfect course and a man had sufficient money to build a proper car, with tires made to stand the pace," he said, "I say there is no limit to the speed he could make."

"I do not believe, however, that there is a course today that will permit a speed of much more than 230 miles an hour. Of course, it might be possible, given ideal conditions, for man to make 300 miles an hour on known courses; but I doubt it."

The slender, soft spoken Englishman, who has held the world's automobile straightaway record three times, declined to make any estimate of the speed he hopes to attain during his trials starting Feb. 2. The present record is 221

Campbell's new car, the Bluebird II, similar in design, but more powerful than the machine with which he established a former record of 238.4 miles per hour here in 1929, is expected to arrive from New York next Thursday. It is equipped with 12-cylinder, 1,500-horsepower engine and has a 30-horsepower shaft, similar to that of an airplane, tapping off from the rear to assist in maintaining directional stability at a high speed.

"Captain Campbell spoke of the cost attached to the record trials and declared it was tremendous.

"Take the motor of my old Bluebird, for instance," he said. "It cost me \$50,000. During my trials with it I should say it had been run two or three hours. Now with the present record as high, it is obsolete as far as record trials are concerned, and I doubt if I could get \$100 for it."

Campbell arrived here late Saturday night from New York with six mechanics. He spent yesterday resting from the trip and selecting an automobile garage for his car. When the machine arrives, he will set a crew of mechanics to work making last minute adjustments in order to have it in perfect condition for the trials when his sanction begins Feb. 2 for 16 days.

"I Am Gratified to See You Openly Using the Word 'Spit'"

Says
DR. JAMES A. DUMAS
Commissioner of Public Health, Lynn, Mass.

...one of 56 health officials from 56 different points approving Creme's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Dumas' letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Dumas writes: "The ever-present possibility of infection from headless spitting habits is most vital in any consideration of health maintenance."

The war against spit is a crusade of decency, health, and common sense. Creme—a really wonderful smoke—mild—mellow—nutr—sweet! Every leaf of the clean, sunny Creme cigarette is individually inspected and recommended by the United States Department of Health.

DEPARTMENT OF PUBLIC HEALTH
JAMES A. DUMAS, M.D., Commissioner
July 8, 1930.

American Cigar Company,
111 Fifth Avenue,
New York City.

Gentlemen:

Spit is one of the words which we have learned to avoid in polite parlance. But in our discourses for the use of an unpleasant word, there is a likelihood of minimizing the dangers of contamination which this word connotes.

I am, therefore, gratified to see you openly using the word spit in your advertising of cigars.

The ever-present possibility of infection from headless spitting habits is most vital in any consideration of health maintenance. You may, of course, publish this letter if it will help.

Yours very truly,

For several years Sanford has been... unfortunate publicity on account of a... occurrence here.

Indications are that the long drawn-out negotiations between the city of Sanford and her bondholders will be brought to a satisfactory conclusion.

Happy will be the day for the American people when they once more come to a full realization of the value of economy, efficiency and honesty in public and private business.

Round And Round

One of the members of the jury which convicted Miss Daisy DeBoe of stealing \$226 from Clara Sew admitted to the jury that she thought the woman wanted to teach other girls a lesson.

Not long ago Pope Pius XI issued an encyclical on the subject of morals. The seriousness of the occasion is more readily understandable when one considers that this is the first time in over fifty years that the head of the Catholic Church has felt it necessary to issue such an encyclical.

But to what end? The court will decide in a few days the sentence for one of them. The other, too, is under sentence, but she does not know what it is.

Giving The Men A Chance

Whenever conditions are bad in this country, we can expect them to be considerably worse elsewhere. This is the land of opportunity, of wealth and plenty, of development and prosperity. Comparatively speaking, this is always true.

A dispatch from Italy, Mussolini's boot, says there has been an increase in unemployment of over one hundred thousand in the past few months. This in spite of the fact that the government has inaugurated government improvement works which are providing work for five hundred thousand men.

LARGE OUTLAY SAID NEEDED IN "VETERAN AID"

(Continued from Page One) Items amounting to \$11,000,000 have been made and they are being provided at the rate of about \$1,000,000 a day, whereas formerly they averaged between \$5,000,000 and \$7,000,000 a month.

This would allow veterans to borrow on the average \$200 each, he estimated, which would "meet the greatest need at this time."

Each veteran would sacrifice about 50 per cent of the face value of his certificate by surrendering it now, he added.
