## Mortgage Is Filed For Altamonte Mall

A \$22 million mortgage, largest placed on record in Seminole County history, was filed Thursday at the county courthouse at Sanford, thereby assuring money for construction of the Altamonte Mall Shopping Center, touted for some time as the largest such center in the southeast United States.

Tom McDonald, president and manager of the Abstract Corp., said his firm through Lawyers Title Insurance of Richmond, Va., insured the \$22 million mortgage to Connecticut General Mortgage and Realty Trust for construction and permanent financing.

The 100-acre Altamonte Mall site, located at the corner of SR 436 and Palm Springs Road, was annexed into the City of Altamonte Springs earlier this year. The first building permit for a structure at the center was issued this week for a giant Jordan-Marsh outlet valued at \$951,948. The store to be two stories is to have 138,658 square feet.

Some 150 stores total including several national chains are to be located in the Mall including a Sears, Burdine's and Associated Dry Goods.

As soon as the foundation is stabilized for the Jordan-Marsh, construction is to begin. Meanwhile, developers, the DeBartolo Corp., are having built a lift station and pressure lines to be hooked to the city's sewer system.

The center is expected to open in the fall of 1973. Access to the Mall is to be from both SR 436 and Palm Springs Road as well as via an already constructed four-lane road, north of the property.

The multi-storied shopping center has been in the planning stages for the past four years. Parking facilities will include a double-decker arrangement.

## Three Charged On Drug Counts

Longwood and Altamonte Springs Police booked three suspects at county jail early today on drug charges.

Longwood patrolman J. H. Paddock II charged 19-year-old John Phillip Nielsen, 131 Alma Drive, Longwood, with misdemeanor possession of marijuana.

Paddock reported he arrested the suspect for petty larceny and then saw what appeared to be a "roach butt" in the youth's car.

"Upon further search I found a small amount of green leafy material," Paddock said.

Nielsen posted \$500 bond on the drug charge and was released from county jail.

Altamonte Springs patrolman Ray Ambrose charged 17-year-old Ariegre Mitchell Carter, 806 N. Lake Pleasant Road, Apopka, and a 13-year-old boy with possession of narcotics and narcotics paraphernalia. Bond for Carter was set at \$5,000. The juvenile was turned over to state authorities.

Ambrose reported he found the youths sitting in a car at the rear of a convenience store on Semoran Boulevard and Grace Boulevard at 1:45 a.m.

A quantity of marijuana and marijuana cigarettes reportedly were seized by police.

## NEWS DIGEST

"BAYOU BILL" Conners, chased out of several wilderness homes by encroaching civilization and even bombed out by the U. S. Navy, fights his last battle — to end his days on lonely Mangrove Point.

A 40-YEAR fence post experiment by the University of Florida forestry department is saved by recovery of 129 sticks last fall from a test plot in the nearby Austin Cary Memorial Forest.

U.S. BOMBERS keep up the attack on Hanoi and Haiphong.

THE FOUR Arab terrorists who occupied the Israeli Embassy in Bangkok are flown to Cairo after releasing their hostages and surrendering their weapons.

PROTESTANT EXTREMISTS are believed responsible for a bomb that kills three persons in the Irish Republic. Another death is recorded in Northern Ireland.

U.S. EXPORTS study the feasibility of rebuilding Mangua on its present site.

## If Authorities Approve Quake Injured May Come Here

By BILL SCOTT

Litter patients, victims of Managua's Christmas earthquake disaster, will be returning to Sanford tonight with the Sky Safari mercy mission if U.S. and Nicaraguan authorities will approve.

This was the word given today by Glenn Walls, president of Sky Safari, a Sanford Airport based private flying club that Thursday dispatched a plane load of medical supplies, blankets and food to thousands of homeless survivors of one of history's greatest quakes.

The plane is expected to land at Sanford tonight sometime between the hours of 7 p.m. and 9 p.m., and area hospitals and physicians have volunteered to provide free medical care for any returning injured.

Dr. Charles Hall, chairman of the Orange County Emergency Medical Services Council, said "We are prepared with Army, Navy and private ambulances to dispatch them to the hospitals as soon as they arrive."

Dr. Hall said eight hospitals volunteered to provide free care for anyone that is sent back.

Here at Sanford, Dr. C. F. Brooke Smith, Seminole Memorial Hospital chief of staff, said he was informed by Robert Besserer, Seminole Hospital administrator, that Dr. Hall had contacted him and the Sanford hospital had advised it was one of the eight hospitals agreeing to care for the patients which may be returned here tonight.

Dr. Smith added "all Dr. Hall has to do is contact us if they want to."

Walls said the DC8 Sky Safari plane would land at St. Andrews and pilot A. L. Davis was scheduled to call him to advise if there are injured on board the plane.

"After refueling at St. Andrews, the plane is scheduled to leave for West Palm Beach to clear customs before arriving back here later tonight," Walls added.

There was enough emergency supplies at various points around the Central Florida area to make seven more flights to Nicaragua, but he stressed the immediate need now was money to buy fuel, and pay landing fees for the aircraft to continue its missions.

"We only had \$2,000 in the till when we started, but Page Airways was kind enough to sell us the gasoline for the flight at cost," he added.

Meanwhile, the Sanford Civic Club today announced the formation of a Nicaraguan Relief Fund to aid the earthquake victims.

Co-organizers of the project are Ronald Urban, Civic Club president and Glenn Noell, personal pilot for William Turner. Turner has donated the use of his private 360 jet plane which is fueled and ready to go as soon as supplies can be obtained and loaded.

Urban continued that monetary donations may be made at the United States Bank of Seminole at the Sanford Plaza.

Other items such as cash, goods, tents, coats and medical supplies should be stored and sent to the main hangar at Sanford Airport or call 223-4300 for pickup.

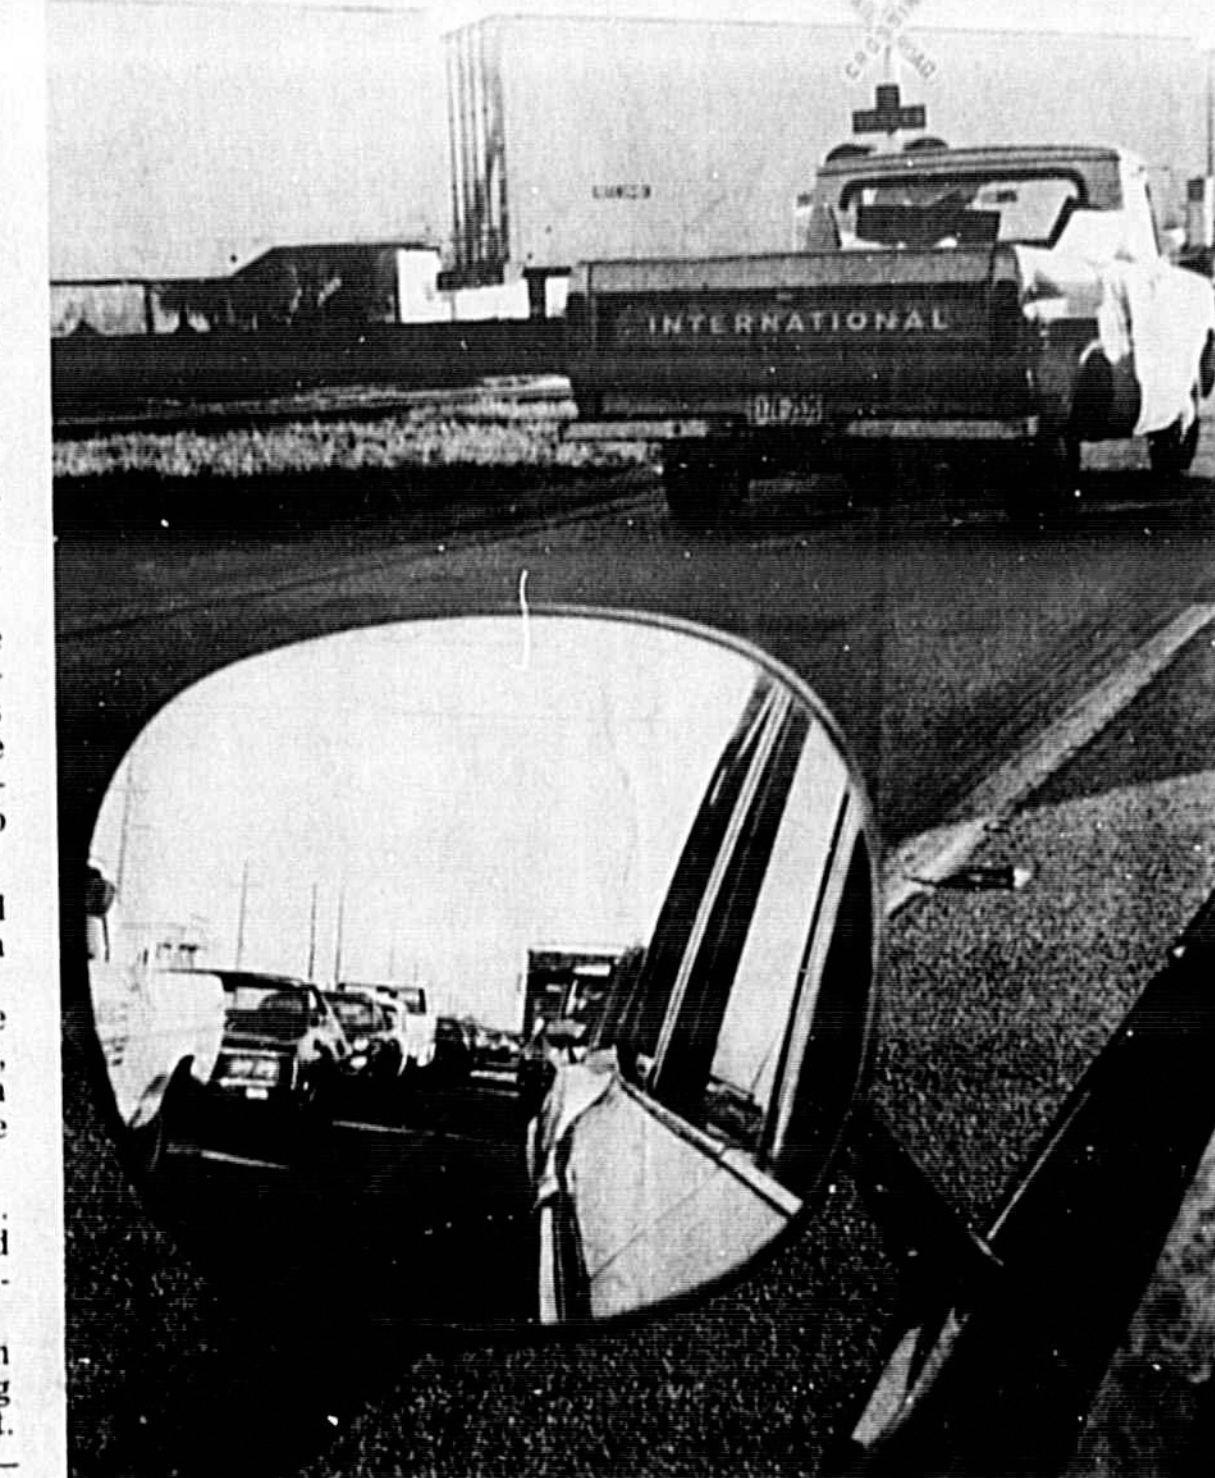

Sky Safari has requested terms be taken to Sanford Fire Department.

The Nicaraguan quake killed 3,000 to 5,000 persons and injured another 20,000.

Dr. Hall said he had made an appeal for Nicaraguan officials to send children back to Florida.

"The problem is that we don't have the money to pay for the flight," he added.

(Cont'd on Pg. 3A Col. 1)

TRAFFIC INCREASE REFLECTED

Increase in Sanford area traffic with population growth and construction boom is making railroad crossing on State Road 46 west of the city limits more apparent as future bottleneck. Above, long double line of stopped eastbound traffic is mirrored as freight train loaded with piggy-back trailers of merchandise and materials for central Florida economy slowly pass in review. Crossing time for the train was just over 15 minutes with caboose clearing crossing at 8:05 a.m. (Bob Lloyd Photo)

## Gunshot Kills Hunter; Two Men In Custody

By BOB LLOYD

Jacksville deer hunter on the Wekiva River was shot and killed today by a Seminole sheriff's investigator. The investigator was notified at 6:30 p.m. Thursday by Jim Blythe, Center Street, Paola, that his two sons found the dead hunter sprawled backward over the outboard motor of his boat on the west side of the Wekiva near a railroad trestle off the Longwood-Markham Road.

Capt. L. J. Kriz and Seminole deputies went to the scene and summoned Orange County authorities.

Capt. Kriz identified the dead man as William C. Hawkins, 67, of Jacksonville and said he had been shot one time, apparently by a high-powered rifle bullet that passed through the head.

Seminole officers towed the boat and body to the Seminole side of the river near the trestle where Orange County investigators including medical examiner Dr. Thomas Hegert took over the investigation.

An autopsy was scheduled by Major Leigh McEachern at the Memorial Hospital, Orlando.

Capt. Kriz said the dead man had been camping at a Wekiva River camp with Blythe and a group of men. Deputies said two men were reported seen on the river in a boat near the death scene about 5:10 p.m. and gunshots were heard.

Orange County Sheriff's Major Leigh McEachern confirmed just before noon today that his investigators, after working in the isolated river area at night, were returning to Orlando with two men in custody.

"The investigation is continuing," he said. McEachern said he couldn't immediately release the names of the men in custody. "There has been no ruling yet of homicide. It may turn out to be an accidental shooting."

McEachern said it reportedly was "foggy" on the river when the shooting occurred.

## State Farm Announces 11% Rate Cut

TALLAHASSEE, Fla. (AP) — The largest writer of automobile insurance in Florida—State Farm Mutual—today announced a reduction in no fault bodily injury rates of 11 per cent beginning Jan. 31.

State Farm said the reductions would mean a savings of \$1.5 million for its 610,000 Florida policyholders.

Florida Insurance Commissioner Tom O'Malley last month called for the 11 per cent reduction. But before today, Aetna Life and Casualty, which insures 100,000 Florida motorists, had been the only company of the so-called "Big Ten" to announce compliance.

O'Malley does not have the power to order rate reductions. State Farm's 11 per cent reduction is expected to mean savings of between \$4 and \$12 each year for the average policyholder, a spokesman said.

Under Florida's no-fault law, which is compulsory for all motorists, an accident victim can receive automatic benefits up to \$5,000 for bodily injuries regardless of who was at fault.

O'Malley had called for the rate reductions claiming insurance companies had saved substantial sums with no fault on reduced court costs.

But State Farm said it was "too early to determine the effects of the new Florida law on claim costs." It said it was only making the 11 per cent reduction because of O'Malley's request.

O'Malley was not immediately available for comment, but his administrative assistant, Ollie Evans, said "that's great" on learning of the State Farm rate reduction.

On Nov. 23, Aetna Life and Casualty announced a 14 per cent reduction in its no fault bodily injury insurance rates.

A total of 29 firms selling auto insurance in Florida were asked to reduce their rates by O'Malley.

These will be the first rate reductions since no fault took effect last Jan. 1 with an initial 15 per cent reduction.

Meanwhile, a spokesman for Allstate Insurance, second largest automobile insurance writer in Florida with 400,000 policyholders, said a decision on whether the firm would go along with O'Malley's request would be made "sometime within the next 10 days."

## Reagan Signs Bill Benefit Reporters

SACRAMENTO, Calif. (AP) — Gov. Ronald Reagan on Thursday signed a bill closing a major loophole in California's law protecting newsmen from being forced to disclose confidential news sources.

The bill blocks grand juries and other bodies having subpoena power from holding reporters in contempt for refusing to disclose news sources.

The new law, effective the first week in March, applies to editors, publishers, reporters and any other persons working for newspapers, news services and press agencies, and broadcast media members.

California already has a law protecting the confidentiality of news sources, but it does not specify that however, that they cannot be forced to testify in court trials.

## Meanwhile...

LOS ANGELES (AP) — Newsmen William Farr, spending his 32nd day in jail today, has been behind bars longer than any other American reporter imprisoned for refusing to reveal news sources, his defense attorney said.

Thursday said the longest such sentence served by any other newsmen was 30 days.

Farr, 38, now of the Los Angeles Times, was given an indeterminate sentence Nov. 27 by Superior Court Judge Charles H. Ober who presided at the Charles Manson murder trial. Ober wants Farr to identify the sources of a story the newsmen wrote for the Los Angeles Herald Examiner.

Farr has refused, saying that personal conscience and professional ethics forbid him from breaking a pledge to keep the sources secret.

Appeals of Farr's contempt of court conviction are pending in federal and state courts but there has been no indication of when a ruling might be forthcoming.

In a case this year, Newark, N.J., newsmen Peter Bridgeway served 30 days for refusing to answer questions of a grand jury. In 1961, newsmen V. Murphy, now of the San Diego Union, served 30 days in a Denver, Colo., jail for refusing to reveal confidential news sources of a story she did on corruption in government.

Postor's Corner

Is New Year Really New?

REV. KENNETH MILLER, Community United Methodist

Every one of us wants 1973 to be the most successful and happiest year of our life. But how do we make it a really NEW YEAR and not just a return of last year?

The key to a better new year hinges on GROWTH. In order to grow we must have a goal toward which to grow. To make the new year a successful and happy one requires that goals be a worthy one for you.

Without a worthy goal to aim at and work toward we are like a ship without a rudder-blown about by the shifting winds and changing tide of life.

Ask the captain of a large ship where he plans to go on his next trip and he can tell you in sentence. He has set his destination, or goal and if he keeps doing certain things a certain way every day on the way to his destination he will get there.

This is the time of year we need to set our spiritual goals for the year. To actually put down in black and white what we want to be spiritually at the end of the next 12 months.

There are three areas in which we each need to formulate specific goals. Prayer, Archdiocese Trench said. "Prayer is not over-coming God's resistance; it is laying hold of his highest willings." We need to establish some very specific goals in our prayer life.

Rubenstein, the great musician said, "I miss practice one day, notice it, two days my friends notice it, three days, the public notices it." If we haven't practiced prayer regularly and established it as a habit in our life it's hard to realize how our life could change with it. Prayer is like a muscle—the more we use it the stronger it gets.

Prayer, the Bible says, "Rest in the Lord, and wait patiently for Him" (Psalm 137:7). Anxiety and worry will not add one fraction to our spiritual strength. "The Christian life is not a nervous, neurotic hanging on to God; it is resting in the love of his hand. One cannot grow by stretching and pulling down, but rather by yielding to Christ's control" (Matt. 11:29).

Have you ever tried to save a drowning man? He is scared to death and if you get to close to him while he is struggling he will grab you and pull you under. You have to drag him to shore or let him exhaust himself and give up completely and then move in to help. He is waiting for us to quit struggling and give up trying to accomplish on our own strength. Once we have ceased struggling he will do every thing. Learning to rest in God's will for us and having faith that he can do it better than we can is another goal worth to consider.

Service — The third is service. Service to others, plain old giving of our time and energy for others is a worthy goal to set for the coming year. We work not to win God's approval or make ourselves worthy — service to others is a natural expression of gratitude to God for what He has done for us.

Energy expended in service to others creates within us a spiritual hunger for the Bread of Life — to provide the wisdom and strength to meet the challenge. If a man or woman will feed on the Bread of Life he cannot help but grow.

There is no substitute for setting goals in our life. With specific spiritual goals and determination to speak and teach throughout this next year. The result will be a real new year.

Seminole Baptists Schedule Rally

Seminole Baptist Association will hold a Sunday School rally Tuesday at 7 p.m. at Central Baptist Church of Sanford, Fla.

The emphasis will be "Leadership and Improving Leadership Skills." Leaders for the rally are Murray McCullough of Jacksonville to lead the General Session; Rev. Bob Cook of Longwood to lead the general officers session; Rev. Charles Rabun of Sanford to lead the children's teachers session; Mrs. Joyce Howe of Sanford to lead the preschool teachers session.

Rev. Bob Loy of Central Baptist Church, Sanford, is the Association's Sunday School director.

Seminole Baptist Association will hold a Sunday School rally Tuesday at 7 p.m. at Central Baptist Church of Sanford, Fla.

THE THOMAS PITMAN FAMILY of Casselberry, rising gospel singing group, has recorded its first album.

Release Of Gospel Album Pitman Family Celebrates

By MARILYN GORDON

The Thomas Pitman Family of Casselberry achieved a goal, which they have been working and planning toward for a long time. In an effort that meant real family togetherness and 100 per cent involvement, the gospel singing group celebrated the release of their first long-playing Country Gospel album.

Tom Jr. composed eight of the album songs. Tom Jr. worked out the musical arrangements along with his sister, Eva Jane and Mom, Eva. The album was recorded in stereo at Variety Recording Studios in Nashville, Tenn. under the direction of Arnold Bennett.

The talented family has performed on stage at Walter Reed Hospital and on numerous radio and television shows. They have traveled extensively throughout the United States including Alaska and have visited such far eastern cities as Manila, Hong Kong, and Kolo and Yokohama, Japan to name a few.

Tom Sr.'s first exposure to music was singing at "old brush arbor" meetings. He was featured weekly on radio station WCOA at Pensacola, Fla., selling U.S. War Bonds in the early 40's and continued to play for school and church activities.

Eva, too, began singing as a very young child in her church choir, and as she grew into young womanhood she joined Tom singing. It is only natural that their children would develop a love for music that could only have made a close family closer.

Tom Jr. played the autoharp at age eight. He then progressed through the clarinet, accordion, piano and on the organ which he loves.

Tom Sr. judges their best performance to be in the car on the way to Granddaddy's farm in Alabama.

Their albums are available at the Book and Bible Store in Casselberry.

Tom Sr. judges their best performance to be in the car on the way to Granddaddy's farm in Alabama.

Lutherans Fall Short In Congress

By GEORGE W. CORNELL, A Religion Writer

NEW YORK (AP) — Methodists and Episcopalians make up the lion's share of the new Congress which convenes Jan. 3, the proportion of them exceeding their percentage of the population.

On the other hand, Lutherans, who make up 10 per cent of the population, are represented by only 16 of them in the new Congress.

Of the vast body of Baptists in the country, more than 20 million of them, 45 hold seats in Congress, all but five of them are Republicans.

However, with the exception of Baptists, mostly Democrats and Lutherans mostly Republicans, other Protestants in Congress generally are closely divided between the two parties, despite slight edges one way or the other.

Totals of seats held by members of the various denominations include: Roman Catholic, 115; Methodist, 84; Presbyterian, 75; Episcopal, 67; Baptist, 55; United Church, 27; Lutheran, 16; Jewish, 14; Latter-day Saints, 10; Christian Church, 9; Churches of Christ, 8; Eastern Orthodox, 4; Society of Friends, 4; Evangelical Free Church, 2; and eight other small denominations, one each.

Nineteen members of Congress listed themselves simply as "Protestant" without specifying any denomination. Four others simply listed "none" regarding religious affiliation.

Monday: I call upon thee, O Lord, make haste to me. Give ear to my voice, when I call to thee. Let my prayer be counted as incense before thee, and the lifting up of my hands as an evening sacrifice.—Psalm 141:2.

There is a divinity that shapes our ends—but we can help by listening to our hearts.—Kathleen Norris, American author.

Thursday: And Jesus said to him, "If you can! All things are possible to him who believes."—Mark 8:25.

Restlessness and discontent are the first necessities of progress.—Thomas A. Edison, American inventor.

Wednesday: "My heart is in turmoil."—Psalm 137:8.

Area Church News

Sanford Christian Church, 137 W. Airport Blvd., announces the following schedule for New Year's Eve Sunday.

Bible School will begin at 9:45 a.m., followed by the morning worship service at 11. The sermon will be "Christ—the Starter and Finisher." At 3:30 p.m. there will be a potluck supper followed at 7 by a musical service with a New Year's theme.

At 10 p.m., there will be a New Year's Eve Watchlight program featuring light entertainment in the first hour and a devotional prayer service the second hour. The service will close with a prayer circle at midnight. The sermon will be "Therefore Watch and Pray."

Friendship Baptist Church will present a variety of selections will be presented by the church including spiritual, classical and popular. Last year the Bethune-Cookman Choral was first place competing with choral groups from other groups in the American choir contest in Israel.

Prayer groups are asked to include prayer and scripture reading (Matt. 6:7-13, 7:7-12 and II Chron. 7:14) — no teaching, preaching or retreats.

The group is coming to Bethune-Cookman College for a concert at 8 p.m. Saturday night. Kennedy will be leading the music for both services.

A Watch Night Service is planned for Sunday to begin with Church Training at 6:15 p.m. and to conclude at midnight with a prayer service. Sunday night worship service will be at 7:30 p.m. and is broadcast over WTRH Radio.

Sanford Free Methodist Church will host a New Year's Eve Watchlight program featuring light entertainment in the first hour and a devotional prayer service the second hour. The service will close with a prayer circle at midnight. The sermon will be "Therefore Watch and Pray."

"AN AVERAGE blood donor is impossible to describe," according to Mrs. Joan App, Recruiter for the Seminole County Blood Bank. Here, one of the "very special people" is shown receiving his Gold Card representing lifetime membership in the Central Florida Blood Bank. Marvin E. Warfel has contributed six gallons of blood. Mrs. James Doucette, R.N., delivers the important card.

Another "VERY special person," Mr. Willard Sessions, is presented an engraved watch by Mrs. James Doucette, R.N., for having reached the five gallon mark in his blood donations. His children, Edwin and Jane, are interested spectators. (Bill Vincent Photos)

Egyptian Terrorists End Getaway Flight

By C. C. MINICLER

CAIRO (AP) — Four Black September members who held the Israeli Embassy in Bangkok for 19 hours arrived in Cairo today along with eight Thai officials sent along to guarantee their safety.

The plane refueled at Karachi and reached Cairo early this afternoon. The Egyptians had the plane land some distance from the terminal and told newsmen they could not interview the terrorists.

Before leaving Bangkok, the Arabs freed six Israeli hostages and turned their weapons over to Thai officials.

A group of Egyptian officials and officers stood around the passenger ramp. A representative of the Palestine Liberation Organization said he did not know if Egyptian authorities would turn over the four commandos to him.

Egyptian newspapers hailed the Arabs' action. One columnist said their act proved their spirit "to fight has not faded away despite all attempts to liquidate the Palestinian movement."

The commandos began their attack Thursday when they walked into the Israeli Embassy, some in formal attire.

The Arabs had vowed to die with their hostages if Israel did not free them.

Quake Injured Here?

(Continued From Page 1) know if their government will let them come out or if ours will let them come in."

Other relief efforts included a donation from the Miami Pepsa Cola Bottling Company, who bottled 192,000 12 ounce cans of pure water Thursday and delivered them to an airline for shipment to Managua.

Sanford Free Methodist Church will host a New Year's Eve Watchlight program featuring light entertainment in the first hour and a devotional prayer service the second hour. The service will close with a prayer circle at midnight. The sermon will be "Therefore Watch and Pray."

City Attorney Claims: Court Action 'Unreasonable'

By DONNA ESTES

LONGWOOD — The court action brought against the City of Longwood last Friday was termed "unreasonable and unfair," by City Attorney S. Joseph Davis Jr. at a meeting of the City Council last night.

Davis, authorized by the Council to defend the city in the suit, said he could not understand the State Attorney-General's office filing the suit without doing the best of the court of discussing the matter with elected municipal officials.

The attorney said he was not criticizing Attorney-General Robert Shevin directly and that the state official himself may be unaware of the action and the lack of forwarding to the city.

In any event, Davis said the city obviously has annexed some land improperly which is not contiguous and should move post haste to take the necessary steps to correct the problem by the suit.

New Innovations In Court System

By MARION BETHEA

The innovations in the court system are illustrated in criminal trials which commence Tuesday in Courtroom "B". The former trial week began on Monday and pre-trial hearings were held a week prior. Now, at 9:15 a. m., the trial docket will be sounded, and at 9:30 a. m., pre-trial hearings will be held and the trial docket set. At 1:15 p. m., pleas will be taken, sentencing heard, and final trial motion hearings made.

A new judge to Seminole County, Judge Joe A. Cowart, Jr. will occupy the bench during the four day trial period next week.

The trial docket, as an innovation, listing defendants as to just cases with private counsel, but cases defended by the public defender; bond and release on recognizance cases defended by private counsel; and William Monte Drake, charged with possession of a prohibited drug.

Among the cases listed on the docket is Helen McGraw Bare, charged with possession of a prohibited drug; and William Monte Drake, charged with possession of a prohibited drug.

Other cases listed upon the trial docket are James Dawson, charged with uttering a forged check; Mack Walker, charged with uttering a forged check; Ronald Province, charged with uttering a forged check; and Larry Tyler, charged with uttering a forged check.

Suwannee Caves Kill Divers

LIVE OAK, Fla. (AP)—Two more divers drowned in a Suwannee cave Thursday, this time a young man and a young woman from a skin diving school in Bemidji, Minn.

A spokesman for the sheriff's department said Annamarie Weber, 18, of Staples, Minn., and Keith A. Becker, 21, of Lincolnton, N.D., apparently disobeyed an instructor's warning to stop of the caves while they were exploring the clear waters of Peacock Slough.

The spokesman said the instructor, Jack Jadbis of the Minnesota School of Diving in Bemidji, reported that eight divers were in the party which came to Florida for a diving vacation.

Two divers who recovered the bodies said Miss Weber was snarled in a safety line some 700 feet from the entrance of the cave. Becker was found slightly tangled in the line about 300 feet from the entrance.

City Attorney Claims: Court Action 'Unreasonable'

By DONNA ESTES

Winners

BOBBI FISCHER became first American to win world chess title.

MARK DONOVUE won the Indianapolis 500 race in record time, averaging 163.465 miles per hour.

BOBBY ORR led Boston Bruins to Stanley Cup hockey title.

DICK ALLEN was American League Most Valuable Player award.

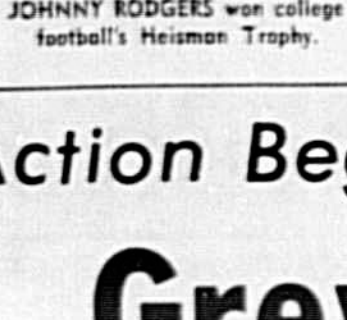

ROGER STAUBACH (12) hands off to Duane Thomas (33) while Walt Garrison gets ready to block during the Dallas Cowboys' 24-3 victory over the Miami Dolphins in the sixth Super Bowl.

BINA RIDGE captured Kentucky Derby, Belmont Stakes.

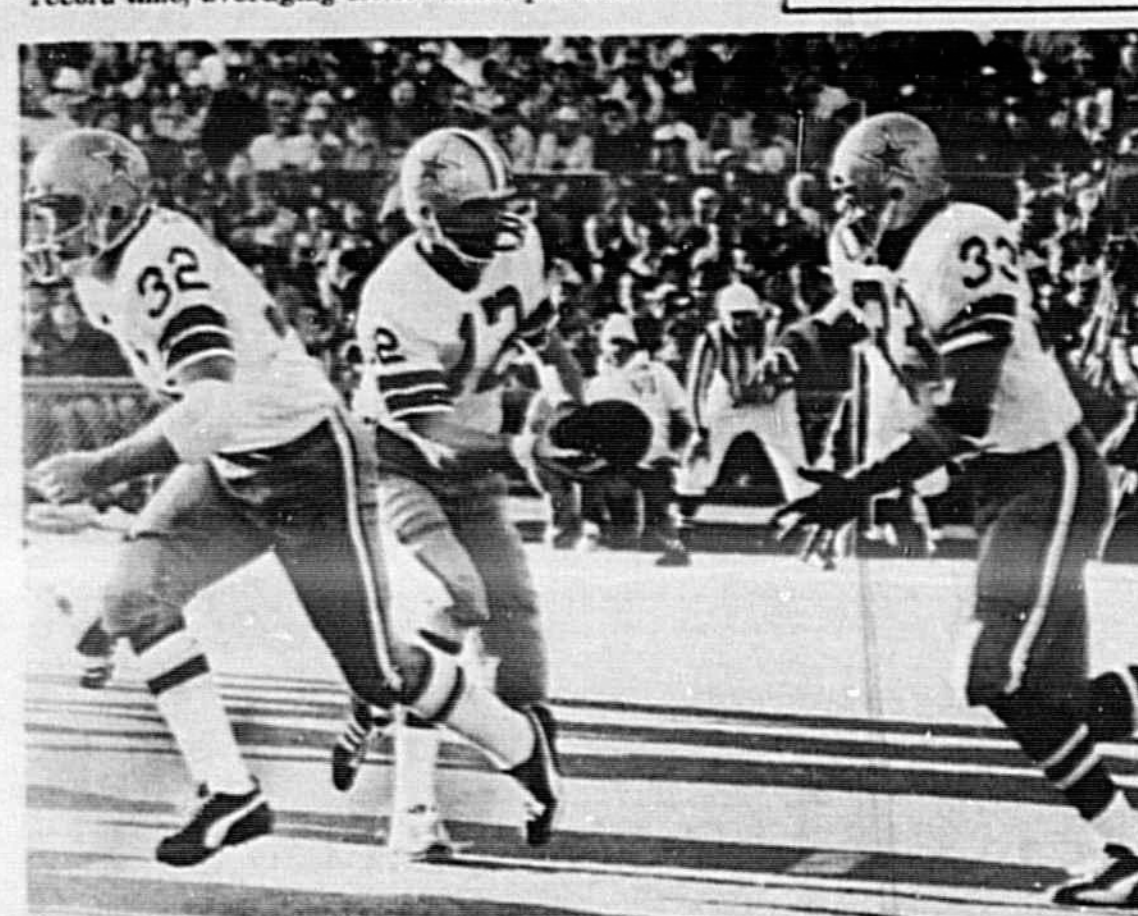

BILLIE JEAN KING took U.S. Wimbledon, French tennis crown.

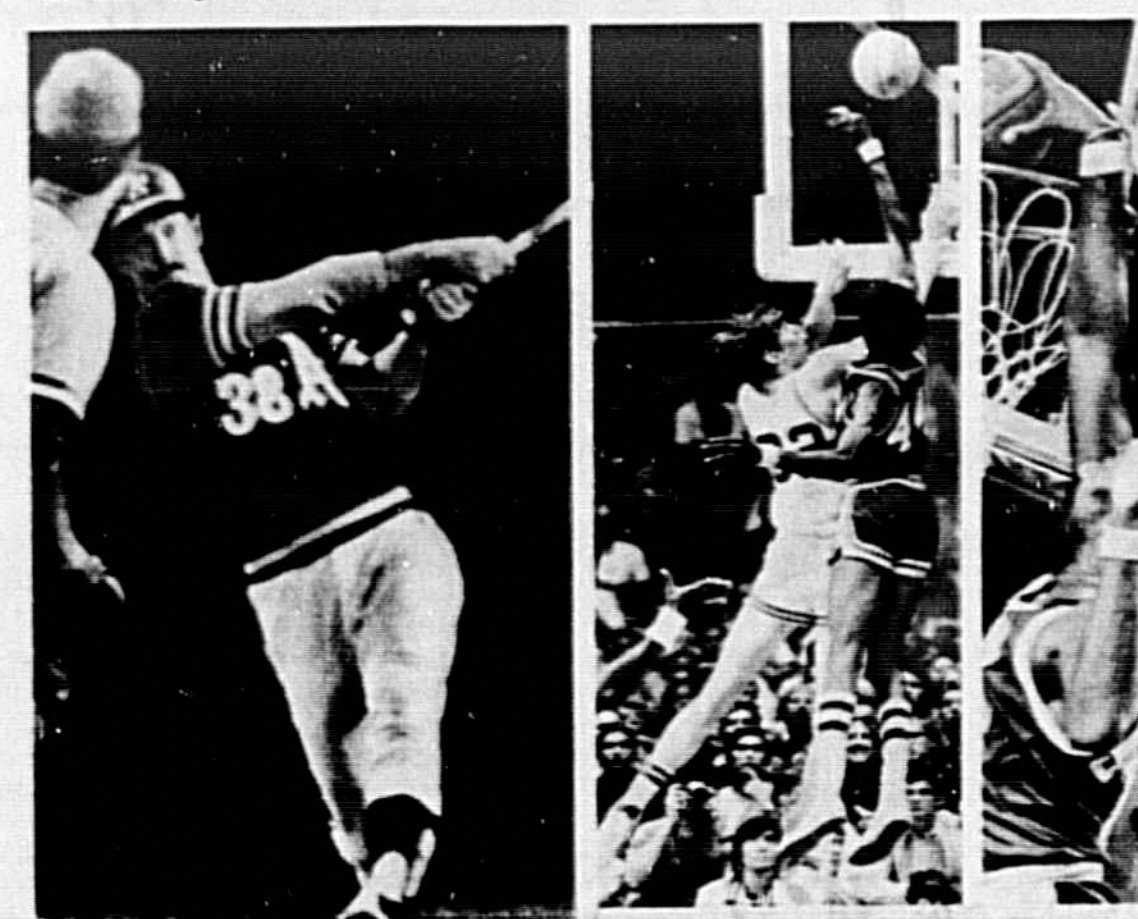

JOHNNY RODGERS won college football's Heisman Trophy.

sports 1972

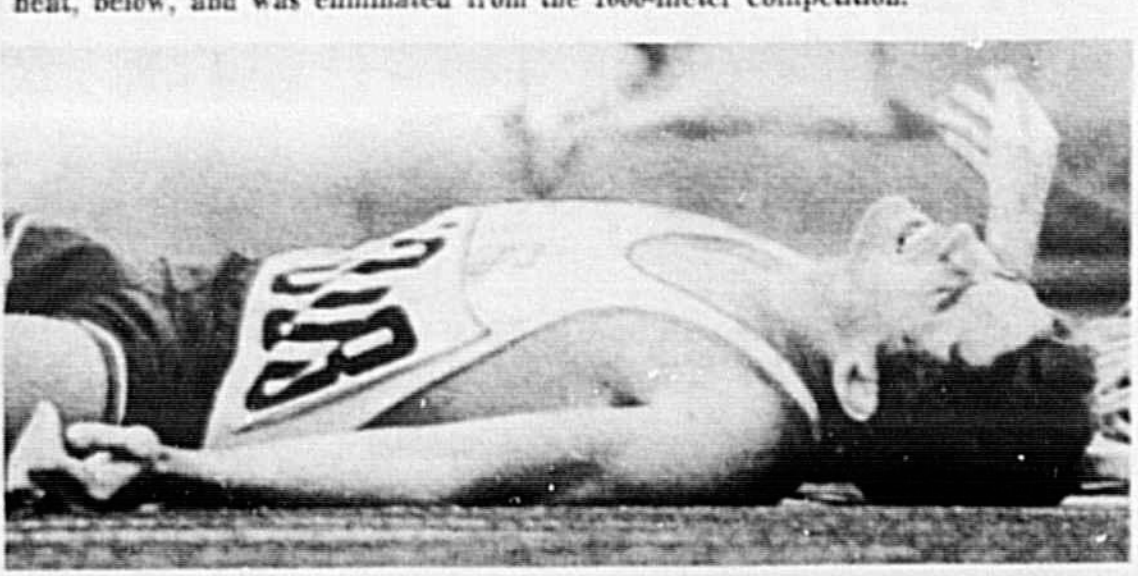

THE BIG MEN dominated basketball in both the college and professional ranks. LEFT: Bill Walton (32), who paced UCLA in its sixth straight NCAA championship, goes up against Florida State's Lawrence McCray in the playoff final. CENTER: Willie Chamberlain, left, who led the Los Angeles Lakers to their first NBA title, studs one against arch-rival Kareem Abdul-Jabbar of the Milwaukee Bucks, the league's most valuable player for the second straight year. RIGHT: Mel Daniels (24), the captain of the ABA champion Indiana Pacers, defends against Willie Wise of the Utah Stars.

GENE TENACE hits one of the four home runs he won in carrying the Oakland Athletics to a World Series victory over the Cincinnati Reds in seven games.

SWIMMER MARK SPITZ, above, won an unprecedented seven gold medals in the 20th modern Olympic Games in Munich. But many other American athletes were less successful. An example was Miller Jim Ryan, who fell during a preliminary heat, below, and was eliminated from the 100-meter competition.

JACK NICKLAUS had only a few worried moments during a spectacular year on the pro golf tour, winning the U.S. Open, the Masters and a total of more than \$220,000.

Losers

FLOYD PATTERSON was one of six boxers beaten by Muhammad Ali.

BOBIS SPASSKY, defending champion, lost world chess title.

LEO DUROCHER was one of nine baseball managers who lost jobs.

JULIUS ERVING led bid to jump to NBA from ABA's Virginia Squires.

HANK IBA coached U.S. basketball team to first loss in Olympic history.

VIDA BLUE held out well into baseball season, lost 10 of 16 decisions.

Meet Sarasota Mooney Today Saints Drop Tourney Opener 64-62

By J. RICHARDS Herald Sports Writer

Hot-shooting Tampa Temple Heights playmaker, 5-foot-4 senior, Dean Sentlinger, called his own number last night, ripping the cords for nine buckets and six of eight free throws for 24 points, pacing the Eagles past Trinity Prep 64-62 in the opening round of the Lake Highland Basketball Tournament.

In an earlier match-up, favored Lake Highland Prep lived up to its pre-tourney predictions of a first-round win, easily taking the measure of Sarasota Cardinal Mooney.

The Saints' junior guard, 6-foot Doug Dyson had his best night of the young cage season, hitting for 21 markers on seven doubleteasers and a perfect seven for seven night at the charity stripe, but his effort wasn't enough as the Tampa

For the Hatters it was Billy Williams leading the way, but he did not have one of his better nights. Williams finished with 14 points but hit only six of 16 from the field.

Stetson '5' Falter, Loses T-Bowl Final

WINTER PARK—The Stetson Hatters picked the worst time to come up with one of their poor performances and as a result were on the short end of the score in the championship game of the Third Annual Tangerine Bowl Classic.

The visiting East Tennessee State Bucs, with a Florida Prep player in the playoffs, led the way, rolled to a surprisingly easy 80-58 victory over the Hatters in the T-Bowl cage final last night.

Henry White, who coached his college talents at Fort Pierce Central, was the real culprit as far as Stetson was concerned. The former Cobra star ripped the nets for 11 doubleteasers and five free throws for a game high 27 points.

White came on the scene with Stetson leading 8-2 but quickly changed things around in the Buc's favor. The 6-foot-2 leaper who also hauled down nine big rebounds, dumped in his first three shots from the floor.

Aiding the East Tennessee cause was John Barrett, who pounded the cords for 20 big points. Barrett connected on seven of 13 shots from the line and six of seven from the floor.

For the Hatters it was Billy Williams leading the way, but he did not have one of his better nights. Williams finished with 14 points but hit only six of 16 from the field.

However, it wasn't Trinity inexperience or foul trouble that hampered the Saints so much as it was a torrid third period flurry of buckets from long ball artist Sentlinger, who helped open up as much as an eight point Tampa lead. Only a late full-court press, which forced several Eagle miscues brought the Preppers back into the contest, trailing 47-45 at the end of the frame.

Throughout the first half of the quarter Tampa stubbornly refused to give up their aim lead, but the Saints attacked just as tenaciously, eking out a two point edge mid-way through the final period.

A see-saw battle for the lead developed in the final few minutes, with the Tampa quieting the final upper hand with three minutes to go and working their way into a stall-type game, forcing Trinity fouls for possession.

Tonight, the Preppers meet Arch-Rival Sarasota Cardinal Mooney at 7 p.m. at the Lake Highland Prep Gym (Old Orlando Junior College) in the consolation match-up, while the Sentlinger defend their unblemished nine-game winning streak against Tampa Temple Heights for the championship at 8:30.

"RED" AUSTIN, Trinity Prep forward floats above the crowd last night against Tampa Temple Heights for an easy two-pointer, as Fred Grant (42) watches but other buckets came harder for the Saints in the Lake Highland Basketball Tournament opener, as they dropped a close, 64-62 decision to the Eagles.

Lake Brantley Quint 'Rush' Falls Short

By J. RICHARDS Herald Sports Writer

Coach Jay Hoover's Brantley hardcourt five lost their first holiday tournament championship bid, falling to the outside shooting of Tampa Catholic Junior Varsity 49-40 in the Lakeland State Fe Holiday Tournament.

Sophomore forward Steve Hargis had his finest night of the season, canning seven field goals and a perfect four-to-four night at the charity stripe for 18 markers to lead all scorers in the game, while point man Dan Anguilli contributed 11 tallies in the losing effort.

The Patriots will meet Lakeland State Fe in the consolation match-up today while Tampa Jesuit goes up against favored Catholic in the finals.

Tampa Catholic also put two men in double figures with Jim Hunicutt and Chris Carbulla contributing 14 and 10 points each, followed by Eddie

Catholic hoopers produced for the winning margin. Hargis, who has been improving steadily throughout the season, earned high praise from Hoover, who also pointed out Dan Anguilli's performance as responsible for breaking a 2-2 tie zone press.

In a slow-moving first quarter, Tampa Catholic moved to an eight-to-two margin and both sides then hit for seven and nine points each in the next two quarters, as the Pats matched their opponents until the stoppers were let out as the fourth period started.

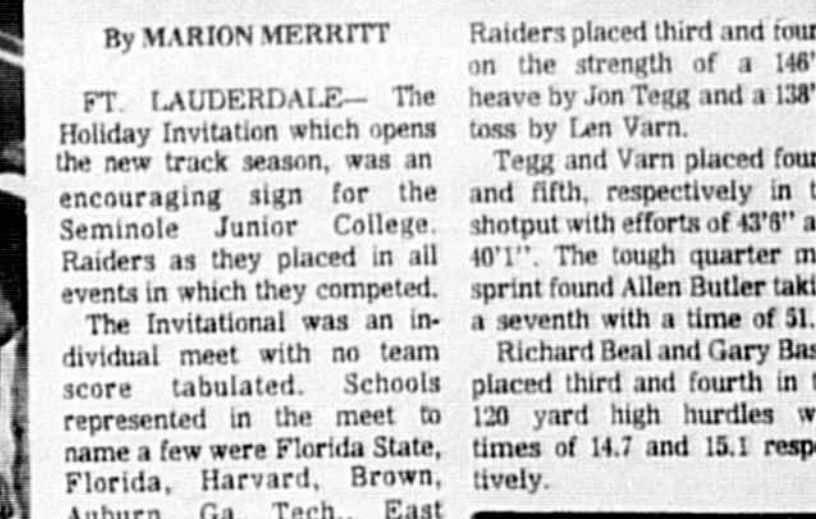

As if a completely different game from the first three periods of play, Lake Brantley rocketed out to catch the Tampa quintet and moved to within three points by mid-quarter in the hot-shooting final frame.

However, the hot hand of surprise scorer Steve Hargis, who led the Pats in a 25-point quarter, was more than matched in the late goings as the

LOS ANGELES LAKERS ERASE OLDBA MARK WITH 69 WINS.

FT. LAUDERDALE—The Holiday Invitational which opens the new track season, was an encouraging sign for the Seminole Junior College Raiders as they placed in all sprint found Allen Butler taking a seventh with a time of 31.6

Raiders placed third and fourth on the strength of a 146'3" heavey by Jon Tegg and a 139'9" toss by Len Varn.

Tegg and Varn placed fourth and fifth, respectively in the shotput with efforts of 43'9" and 40'1". The tough quarter mile sprint found Allen Butler taking a seventh with a time of 31.6

Richard Beal and Gary Bassa placed third and fourth in the 120 yard high hurdles with times of 14.7 and 15.1 respectively.

Carolina University and North Carolina Central University. Also competing with the senior colleges were several junior colleges.

Raiders were entered in five events and placed at least one man or more in each. The events were the discus, shot put, pole vault, 440 yard dash and the 120 yard high hurdles.

In the pole vault Jerry Hock placed fourth with a height of 14'9". In the discus

Action Begins Tonight Greyhound Classic Has No Heavy Favorite

By HERKY CUSH Herald Sports Editor

From all indications the folks up at Lyman High School have put together one of the most evenly matched tournaments to be held in the area in quite some time.

The four entries, Lyman, Sanford, DeLand and Lakeview, have flashed signs of being able to put it together this season but none have been able to come up with the steady effort which would stamp the favorite in the renewal of the Greyhound Classic.

In the opening game tonight Sanford seminoles will take on DeLand in the 7 p.m. battle. The nightcap will match host Lyman with Lakeview.

The opening game of the tournament pits a pair of Big punch of Clifford Manley, a smooth 6-foot-1 senior and junior floor general, Pat Crimmins, Manley, who got off to a slow start this season has raised his average to 16.6 for the seven games.

Crimmins got off to a real fast start and although he has trailed off some in past weeks he still boasts a healthy 15.5 average with 107 points in seven games.

Joe Mills will be pinning his hopes on his one-two scoring punch of Clifford Manley, a smooth 6-foot-1 senior and junior floor general, Pat Crimmins, Manley, who got off to a slow start this season has raised his average to 16.6 for the seven games.

Crimmins got off to a real fast start and although he has trailed off some in past weeks he still boasts a healthy 15.5 average with 107 points in seven games.

Mills feels his cagers will have to hit the boards more tonight than they did against the Bulldogs in their first meeting.

Starting for DeLand along with Cook are Jim Kaszinski, John Williamson, Robert Neely and Terry Jones. Other than Cook the Bulldogs did not have much in the way of height in the first meeting with Sanford. But tonight they will have a pair of 6-foot-4 seniors on the bench who were not eligible for the early outings.

Bill Moore's Lyman Greyhounds, owners of a 2-3 record, have not seen action for over two weeks. They will be going up against Orange Bell center, Leonard Cook.

Cook hit for 19 points against Sanford and was able to gather a few important rebounds in the fourth period when they counted most.

Wheaton was the leading point getter for the Seminoles in the first game with DeLand, firing in 11 shots from the floor.

Lyman was expected to present a high scoring quintet this winter what with four regulars back from last year's club. But such has not been the case as only one of the Greyhound regulars has been able to average in the double figures this season.

John Williams, a 6-foot-4 leaper is the lone Greyhound hitting double figures per game and he's just barely over it with a 18.5 average, scoring 41 points in four games.

Randy Wright, 6-foot-5 junior who averaged about 13 points a game last year has yet to get untracked this season, scoring only 32 points in the four games for an 8.0 average.

Kenny Hoek, another who was expected to be a leader in the scoring department for the Hounds has hit the double figures only once this season.

Pat O'Neal, one of the new newcomers on the team, has also been struggling with an 8.0 average.

Of course, the Hounds have been hit with a few setbacks this season having lost regular Jerry Carter with a hand injury and then losing their coach for a few games. Both Carter and Coach Moore are back and the Hounds should be near "full strength" for tonight's battle.

The probable starting lineup will have Wright, O'Neal, Hoek, Williams and either Carter or Dennis Walker. Also expected to see plenty of action are Carl Gadsden, and Andy Gidus.

Both May 'Move' Coaches Steal Tangerine Bowl 'Light'

By HERKY CUSH Herald Sports Editor

ORLANDO — The largest throng to ever sit in on a Tangerine Bowl football game is expected tonight when the Spartans of Tampa University battle the Kent State Golden Flashes.

A crowd of nearly 25,000 is expected to fill the revamped T-Bowl to watch the heavily favored Spartans go after the champions of the Mid-American Conference.

Tampa, under the direction of Earle Bruce, has won nine of 11 games this season including a highly prized 7-0 victory over Miami. The Spartans are considered by many as being a two touchdown favorite to capture their first T-Bowl appearance.

Kokal is a 6-4, 170 pounder who got the starting call in four games after Hill was hampered by the injury. Larry Hayes, the regular Kent State quarterback at the outset of the season will also be available for duty. Hayes suffered a broken arm in the opening game of the season and has been held out of action.

The Golden Flashes offense will not be lacking much with Kokal at the controls. In the time he did see action this season Kokal connected on 54 of 107 passes for 762 yards and a pair of touchdowns. He also had 10 thefts.

The Golden Flashes offense will not be lacking much with Kokal at the controls. In the time he did see action this season Kokal connected on 54 of 107 passes for 762 yards and a pair of touchdowns. He also had 10 thefts.

Here are Sunday's un-certainities: MIAMI II, PITTSBURGH 12 It stacks up as a defensive earthshaker with the Dolphins having a silver of an edge in the running game.

Now don't go calling out Franco's Italian Army. Rookie Harris is sensational, probably equal to Miami stringy runner Larry Covatta. But, the edge might be the wide staff of Mercury Morris.

If it comes down to a war of field goals, the thing could go into overtime since the feet of Miami's Garo Yepremian and the Steelers' Roy Gerela seem perfectly matched.

REDSKINS 26, COWBOYS 21 Dallas' defense isn't the Doomday gang anymore and Washington's Over-The-Hill troops know this may be, for some, the last shot at the big bonanza.

The quarterbacks, Bill Kilmer of Washington and the Cowboys' Roger Staubach, are dead even in patting ability and courage.

Thus, the edge comes from the incredible running of Lawrence Brown.

...THE HOPE OF OUR COMMUNITY, OUR NATION!

The Church...

OUR NATION!

SHOULD AULD ACQUAINTANCE BE FORGOT Was friendship born in Scotland? Slowly and tenderly

Nat But it took the Scot to remind the world how friendship reaches across the passing years. At the ball of light falls over Times Square once again millions of hearts will stir to the familiar strains of Auld Lang Syne.

Other precious values reach across the passing years. One of them is faith. At its simplest it is man's awareness of friendship with God. At its noblest it is man's confidence that time will unfold new experiences of God's affection for us.

Something else reaches across the passing years. It is worship. Its mood and forms may gradually change... from the cathedral chant of the middle ages, to the simplicity of the cottage prayer-meeting—even to the rhythmic beat of so-called contemporary services. But worship itself does not change.

And whatever may have been your spiritual tempo, the New Year in the churches of our community offers new incentives, deepening opportunities, in faith and worship.

MRS. MELLY STEIN (left) and Arthur Diaz (right) wait patiently at the Sanford Airport Friday night. The Diaz children are (left to right, kneeling) Gammy, Ishver and Brenda, with Edgard standing in the center.

Local Woman Waits Word On Relatives

The hours pass slowly for Melly Stein, as she worries about her brothers, sisters and other relatives who are residents of the capital of Nicaragua.

The city, literally destroyed by a massive earthquake a week ago, was also struck by a quake about 30 years ago. Mrs. Stein experienced that quake, and she knows what the people of the city are going through now.

A Halt In Bombing

WASHINGTON (AP)—President Nixon has ordered a halt to the bombing of North Vietnam's industrial heartland around Hanoi and Haiphong.

Returning Newsmen States Site 'Defies Description'

By GARY TAYLOR The first of many relief flights to Managua, Nicaragua, returned to Sanford last night, literally destroyed by an earthquake a week ago.

Bauman said, a newsmen with WKIS radio news in Orlando, said the sight that met them upon their arrival "defies description. You see pictures of bombing in Vietnam and you think that's destruction, but you haven't seen destruction until you see a city of half a million people just devastated."

Bauman said they didn't actually see bodies scattered around the town, but could smell burning flesh. The only place they were turned back from was an area where a building full of bodies was being burned because the structure was too dangerous to enter to remove the bodies.

Bauman, formerly with WTRB-TV in Sanford, told of one incident Friday morning, when a group of Nicaraguan soldiers tried to commandeer the Sky Safari plane from Managua.

The soldiers had an old lady with them, suffering from an advanced case of lock-jaw. She was given only six hours to live, with Miami, the only place that could save her, a five-hour flight from Managua.

When the pilot explained the plane didn't have enough fuel onboard to make the flight, the soldiers went on down the run way and took over a French plane.

While wire dispatches reported extensive looting in the city, Bauman said his group saw none of this. But he added, "We saw several heavily armed Army patrols and they were under orders to shoot looters on sight."

To Aid Quake Victims Operation Amigos Formed

Bauman said when they arrived at the airport in a small city about 30 miles from Managua, the plane was immediately surrounded by refugees.

"We immediately threw out two cases of clothing and blankets which were broken open and doled out by the refugees," said Bauman, explaining that the other cargo was taken to a warehouse.

Diaz is originally from Puerto Rico, coming to the United States in 1951. He has no relatives in Managua, although he has several friends attending the Seventh-Day Adventist supported Central American College located there.

Diaz moved to Sanford about two years ago. He is currently working for the federal government as a sociologist in New York City, but plans to join his family in Sanford full time within the next few weeks.

WEARY TRAVELERS unload the Sky Safari plane after the long flight from Managua. Several newsmen (and women) took the long trip to the city, struck by an earthquake a week ago. Another trip is planned, and will possibly leave the Sanford Airport Sunday morning.

where it was stored for distribution. Refugees at the airport told newsmen that they were starving and that the government was keeping the supplies

people were trying to get help had been gone to the distribution points where food and supplies were handed out individually. Sky Safaris is planning several more trips to Managua, with the next hopefully leaving Sunday morning. Supplies are stacking up at Page Airways and they hope to make "seven or eight flights."

Members of the Sanford Fire Department are also contributing their time in arranging pick-ups. Donors are asked to pack everything in boxes or bags to facilitate loading.

"Operation Amigos" will be aided in the drive by members of all Boy Scout troops in the area, according to Chris Eisele, Scout Master of Troop 543. The Scouts will make a house-to-house canvass of their own neighborhoods for materials which may be used by the unfortunates in Managua.

The Chamber of Commerce parking lot will be used as a clearing house for the Scout efforts next Wednesday from 8-6 p.m. The goods will be sorted, boxed and delivered to the Turner jet at the Sanford Airport.

Officials say they will make as many flights as necessary to carry the cargo to Managua.
