## Marshall Asks Quick Action On Europe Aid

### Secretary Says Critical Situations Are Not Confined To Europe Alone

WASHINGTON, Mar. 19 (AP)—The \$3,300,000,000 European Recovery Program was approved formally today by the House Foreign Affairs Committee, and a Senate committee voted \$25,000,000 military help for Greece and Turkey.

BERKELEY, Calif., Mar. 19 (AP)—Secretary of State George Marshall today accused Russia of using high-handed Nazi methods in the Communist drive to engulf free European nations.

BERKELEY, Calif., Mar. 19 (AP)—Secretary of State Marshall today urged prompt enactment of the European Recovery Program to halt the spread of Communism.

"It should now be perfectly clear that rule based on threats and force instead of on reason and justice must not be allowed to spread further unchecked," the secretary said at a University of California charter day ceremony.

"We cannot evade the issue by the negative procedure of inaction."

Marshall pointed a parallel between the present need for determining "just where and how we should exert our influence" and his wartime problems as chief of staff in deciding the priority of men and material for various war theaters.

"Unfortunately, critical situations are not confined to Europe," he said. "They exist in the Middle East, in Indochina, in China—and we cannot ignore Latin America, or our direct responsibilities in Japan and Korea."

"Rich and powerful as we are, we cannot afford to disperse our resources."

## Seminole County Cancer Unit Gives Booklet On Disease

Authoritative information about cancer—last year the killer of over 2,500 people in Florida—is contained in a new booklet, "Who, What, Why, Where, When," being distributed free by the Seminole County unit of the American Cancer Society.

Chief of Police O. T. Bounds said that one man who escaped without injury from the pool-hall-tavern told him that about nine men were playing cards in the rear and some of them might have been trapped.

Only one of the dead had been identified. She was Mrs. Frank Nichols, about 60, who lived in a second floor apartment. She died as she was being carried.

## Wallace Advocates Peace With Reds In "Word War" With Truman

Henry A. Wallace stuck to his peace-with-Russia guns today as he prepared to fire a fresh salvo in his word war with President Truman.

The Third Party presidential candidate lined up his second radio address in two days (8:15 P. M. EST—Mutual), this one to answer specifically the President's denunciation of "Wallace and his Communists."

The ousted cabinet member made no direct reference to that remark in a talk last night challenging Mr. Truman's St. Patrick's Day call for greater military strength to reassure free peoples against Soviet domination. But politicians said the Wallace speech left little doubt that he is beginning to chafe under the President's line of attack.

"They noted Wallace's complaint that 'men who are stirring up hate and fear' are trafficking in a single word."

"That word is 'Communism,' he said. 'They hope that it will provoke a hostile response from great masses of people. They think that it is capable of blotting out reason.'"

"But you can't fool most of the people any of the time. We know that ideas won't be licked with force."

## 6 Found Dead In Building Ripped By Explosions

30 Persons Injured, Firemen Continue Search For Others

CENTRALIA, Ill., Mar. 19 (AP)—The known death toll mounted to six today in an explosion which destroyed a two-story brick building in downtown Centralia last night.

Three bodies were found beneath the pile of rubble by firemen early today after an all-night search. Earlier, two bodies had been found in the wreckage about three hours earlier. One woman died of injuries as she was being carried into St. Mary's Hospital.

Firemen continued to search through the ruins for other bodies after reports by eye-witnesses that some persons had been trapped when the structure collapsed.

Thirty persons were injured. Ten were reported in from serious to critical condition. The building housed a tavern and a small pool hall-tavern on the first floor and small apartments and sleeping quarters in the nine rooms of the second floor.

Chief of Police O. T. Bounds said that one man who escaped without injury from the pool-hall-tavern told him that about nine men were playing cards in the rear and some of them might have been trapped.

More than 50 firemen, including several from nearby southern Illinois communities, dug through the rubble in the search for additional bodies.

Only one of the dead had been identified. She was Mrs. Frank Nichols, about 60, who lived in a second floor apartment. She died as she was being carried.

## Easter Services To Be At Band Shell

Easter Sunrise Services will be conducted Sunday morning at 6:00 o'clock at the Municipal Band Shell by the Sanford Ministerial Association and all of the Sanford churches and ministers are expected to co-operate, according to William Perry Yessley, president of the Association.

Musical will be furnished by the Seminole School Band, and the combined glee clubs of Seminole High School.

An effort is being made by J. E. McKinley, chairman of the program, to secure the official attendance of all civic clubs as well as the Churches. A wider public appeal is being made this year for the attendance of every citizen of Seminole County. Seals are to be dried of dew by the Boy Scouts for the greater comfort of the worshippers and additional loud speakers are to be installed.

## BLACKJACK HOLDUP

LONDON, Mar. 19 (AP)—Four men swinging blackjack robbed a London bullion brokers' shop today of some \$0,000 pounds (\$800,000) in gold.

Scotland Yard said the loot included five heavy gold bars, about 240 ounces of gold wire, and other pieces of the metal. Ronald and Derek Knight, the crooks, were waiting on a customer when the four men entered, attacked them and then fled with the gold.

## Senate Okeys Cutting Taxes To 4.8 Billion

### Committee Also Approves Amendment To Make New Rate Effective On May 1

WASHINGTON, Mar. 19 (AP)—The senate today approved the idea of holding a proposed income tax cut to \$4,800,000,000. A final vote may come by nightfall.

The House-passed bill calls for a cut of \$6,500,000,000. The Senate Finance Committee has recommended that \$1,700,000,000 be trimmed from the House total.

The Senate approved this recommendation by voice-vote adoption of the first of a series of amendments proposed by the tax-writing finance group. The committee's bill set the tax cut figure at \$4,800,000,000.

Also by voice vote, the Senate approved a committee amendment to make the proposed new withholding tax rates effective May 1, rather than Apr. 1 as provided in the House measure.

The tax cut itself would be effective as of last Jan. 1 under both the Senate and House bills. There is provision for refunds in case too much money has been withheld.

While Senate Republicans have postponed deciding their policy toward President Truman's request for a limited draft and universal military training.

Chairman Taft (Ohio) said the GOP policy committee will wait until a full study being made by the Senate Armed Services Committee.

He told reporters he hopes the Senate can pass the \$4,800,000,000 income tax reduction bill late today. After this, Taft said (Continued on Page Two)

## Dorothy Whitner Wins Pepsi-Cola Award In Contest

Dorothy Anne Whitner, 17, a senior at Seminole County High School, today was informed that she had been chosen from among 46,112 high school students to win a Pepsi-Cola college entrance award.

The announcement that Dorothy Anne had won an award in this \$300,000 nationwide scholarship competition was sent to H. F. Morris, principal of Seminole County High School, by John M. Stankov, director of the Pepsi-Cola Scholarship Board.

Stankov said that Dorothy Anne was one of 575 students in the United States to receive the College Entrance Award and that she participated in the competition with 643 other Florida students from 166 public, private and parochial schools.

Seminole County's winner is the daughter of Mr. and Mrs. R. E. Whitner, Jr., of 702 Oak Avenue. She is a member of the Student Body of Seminole County High School.

Referring to Mrs. M. D. Gatchell's cooking, he said that this was one of the best Lion luncheons he had ever enjoyed. He told of his home club activities and said that when he left home there were two and a half inches of snow on the ground.

Richard Deas announced that application for membership of A. L. Esteron had been approved. Jack Morrison suggested that Lin (Continued on Page Eight)

## Woman Kills Invader She Finds Near Bed

CLEVELAND, Mar. 19 (AP)—Police said a 23-year-old man was shot and killed today by a woman who reported she awakened and found him standing next to her bed.

Police Lt. Charles A. Neugebauer said the victim was Raymond O'Callaghan, who was shot once through the heart.

He said the woman, Miss Marie Korubal, 40, was wounded in the arm and chest, but the manner in which she was shot was not determined immediately. She was in fair condition and police said she would be questioned further later.

## Finnish Delegates Briefed For Moscow Parley

APPOINTED TO CONDUCT THE DISCUSSIONS on the "mutual assistance pact" demanded by Soviet Russia, these Finnish leaders are shown as they met in Helsinki with President Juhani Paasikivi, presumably for a briefing session. Left to right around the table are: M. Dillon, member of the Finnish Parliament, Dr. Kekkonen; M. Pekkala, President Paasikivi; Foreign Minister Enckell and Minister Seeston (International)

## Kidnaper Of Girl Arrested, Victim Found Unharmed

CONCORD, Vt., Mar. 19 (AP)—Kenneth A. Ingalls, 34, wanted for kidnaping a farmer's daughter, was arrested early today, state police reported. The girl, Charlotte O'Brien, 16, was found unharmed.

The state police announcement said Ingalls was taken into custody three miles from the farm home where he seized the girl at gunpoint Sunday.

Authorities did not immediately give details of the arrest. The announcement by Commissioner of Public Safety Merrill Edson said the girl had been returned to her home.

Ingalls was taken to the Essex county jail at South Hill. He faces charges of assault with a dangerous weapon, in addition to kidnaping.

## Howard, Stoudenmire Fined \$500 in Case

R. C. "Bud" Howard and Walter Lee Stoudenmire were arraigned in Circuit Court this morning and both defendants plead guilty to transmitting "Cuba" and "Bolita" tickets.

Judge M. B. Smith sentenced each defendant to a fine of \$500 and costs of one year in the State Penitentiary.

The men, said County Clerk O. P. Herndon, did not plead to the four other counts in the information. These counts in the information, transmitted by State Attorney Murray Overstreet and Assistant State Attorney George A. DeCotte, made a motion that a nolle prosequi be entered as to the remaining four counts.

This was granted by Judge Smith and the sentence followed.

The informations charged that Howard and Stoudenmire had bet between Dec. 1, 1947 and Jan. 10, 1948, and Stoudenmire between Feb. 9 and 13, "did transmit certain lottery tickets and coupons representing an interest in a lottery for money yet to be played, commonly known as "Cuba" and "Bolita."

## Egypt Opens Electric Power Development

ARWAN, Egypt, Mar. 19 (AP)—State officials today took a historic step toward industrialization today.

With a golden trowel and silver mortarboard, King Farouk laid the cornerstone of the \$13,500,000 project to develop electric power from the Aswan Dam on the Nile.

The 28-year-old monarch was driven in his red and black limousine to the site at the edge of the desert, a few yards downstream from the huge irrigation dam built around the turn of the century. His royal guard followed in red jeeps.

## JUMPER QUIZZED

BERLIN, Mar. 19 (AP)—A G. I. who parachuted into the Soviet sector of Berlin said today the Russians asked him "a whole lot of foolish questions" before releasing him.

The soldier—Sgt. Ray L. Dudley, formerly of Figoit, Ark., and San Francisco—was crew chief of the C-47 from which nine Americans jumped yesterday when it developed engine trouble.

## President's Fact Finding Board Sets Time Limit In Study Of Meat Strike

WASHINGTON, Mar. 19 (AP)—Soft coal operators today appealed to John L. Lewis to end the mine shut down and offered to negotiate on his demand for miners' pensions.

The appeal demanded the key to the dispute that touched off the five-day old walkout, which already has forced a cutback in rail and steel operations.

CHICAGO, Mar. 19 (AP)—President Truman's fact-finding board on the nationwide meat strike set a time limit of five more days for presentation of evidence by representatives of packers and the striking CIO union.

The board will hold daily joint meetings with the packers and union leaders until next Wednesday noon. Each side will be given 15 hours to present its case, including time allotted for a summation on Wednesday afternoon.

The board, investigating the meat stoppage which started Tuesday morning and has slashed the national meat production in half, has until April 1 to submit its report to President Truman.

At yesterday's joint session, Ralph Helstein, union president, proposed that the board arbitrate the wage dispute, but the packers did not join in the request.

Kathlan P. Feinsinger, University of Wisconsin law professor and board chairman, said that if both packer and union representatives agreed that the board should serve as arbitrator, the request would have to be sent to Washington "for approval."

As packing of the country's packing plants continued, the price of meat in the wholesale and retail markets advanced. Yesterday was the fourth straight day (Continued on Page Three)

## French Scientist Detained Due To Red Background

Curie Was To Speak On Tour Sponsored By Subversives

WASHINGTON, Mar. 19 (AP)—Attorney General Tom Clark today authorized the release of Mme. Irene Jolot-Curie, the French scientist, who had been detained by immigration officials at Ellis Island.

WASHINGTON, Mar. 19 (AP)—Mme. Irene Jolot-Curie, the French scientist, is being detained at Ellis Island because her entry into this country may be "prejudicial to the best interest of the United States," the Justice Department said today.

Mme. Jolot-Curie, the daughter of the discoverer of radium, arrived in New York from Paris late yesterday. On hand to meet her were officials of the joint anti-Fascist judges' committee, which Attorney General Tom Clark has listed as a "subversive" organization.

Noting that she had come to a speaking tour under sponsorship of the anti-Fascist refugee committee (Continued on Page Three)

## Fraser Describes Comptroller's Job As Businessman's

"The state comptroller's job is a business man's prerogative," Edwin G. Fraser, candidate for reelection to the post he won and lost in 1946, told a group gathered yesterday afternoon at the corner of First Street and Magnolia Avenue.

He stressed the law, adopted in 1945 and "resurrected by political opponents to prevent him from taking the office," as an outmoded technicality, "a legal barrier that has since been removed by the passage of time."

He was greeted by this technicality, Fraser taking office following his election and receiving from Secretary of State R. A. Gray his certificate of election.

"Your comptroller is primarily a bookkeeper and paymaster," the Baker County nurseryman declared. "With my knowledge of your state government coupled with my proven business ability, I believe I am well qualified to (Continued on Page Two)

## RAILROAD MEET

All retired and active railroad workers are invited to hear an address to be given Sunday evening at 7:30 o'clock at the Free Methodist Church by the Rev. Bert Critch, chairman of the Advisory Board of the Railway Employees' Association. The church is located at the corner of Fourth Street and Laurel Avenue.

## THE WEATHER

Partly cloudy and continued warm this afternoon, tonight and Saturday with a few scattered afternoon showers. Fresh, occasionally moderate southeast to south winds.

## U.N. Urged To Speed Action On Palestine

### U. S., France and China In Agreement; Russia Will State Own Case at Meet

LAKE SUCCESS, Mar. 19 (AP)—The big powers today recommended that the United Nations Security Council take immediate steps to restore peace in Palestine.

No mention was made as to how this should be done.

Warren R. Austin, chief American delegate, presented the findings which emerged from two weeks of closed-door consultations among the four powers on the Palestine crisis. Austin said the U. S., France and China were in full agreement but that the Soviet Union would state its own case to the council.

Britain boycotted the big power talks and had no part in the report.

Russia's Andrei A. Gromyko told the council he agreed that steps should be taken to bring peace to the Holy Land. He contended that Arabs were the ones infiltrating Palestine with intent on violence and that any report should be phrased so as not to throw any of the blame on the Jews for invasions.

Gromyko deplored Britain's boycott on the big power Palestine consultations. Regarding information submitted to the other big powers by Britain as mandatory power, Gromyko said the council would have to determine whether it is of good or bad quality.

Gromyko indirectly contended that the United States is trying to look down on partition now. Russia and the U. S. were leaders in putting the partition plan through the 1947 U.N. assembly.

WASHINGTON, Mar. 19 (AP)—Senator Flaxler proposed today that differences between Russia and the United States be laid before the United Nations. He introduced legislation which (Continued on Page Six)

## W. L. Kirk Of Palm Beach Buys Wight Bros. Auto Agency

W. L. Kirk of West Palm Beach has purchased the Wight Bros. Chrysler and Plymouth agency and garage at Tenth Street and Sanford Avenue and has assumed active management.

Wight Bros. automobile agency, which has been operating here for 24 years and was owned and managed by the late Ralph Wight.

All personnel are being retained, said Mr. Wight this morning, and improvements are taking place at the agency. He stated that when the improvements are carried out the agency will have one of the most up-to-date parts departments in Sanford and a complete line of Plymouth and Chrysler parts will be available.

A special feature of the agency and garage will be the card index record made of every automobile brought in for repair or servicing, he said. This will provide owners with a complete history of all work done on the car, also the lubrication records.

Employees of the firm are James O. Hoff, Ralph Wight II, Phil Hain, Dean Taylor and Don McDonald.

Mr. Kirk, the new owner, is a Navy veteran of three years service during World War II, is married and has a four-year-old son. He is a Mason and in West Palm Beach was a member of the Chamber of Commerce, Jaycees, American Legion, VFW, Civitan Club and the Methodist Church. For eight years he served as manager of the Commercial Credit Corporation of West Palm Beach.

## 3 Southwest States Hit By Severe Winds

PADUCAH, Tex., Mar. 19 (AP)—Severe winds whipped across parts of three states last night, damaging property and disrupting electric and telephone service.

Winds as high as 88 miles an hour were reported in West Texas. A strong wind, described as a small tornado, hit several points in western Oklahoma and injured at least two persons. In Kansas a federal housing unit at Wichita was damaged.

Two lumber companies suffered damage when a cruiser struck Edgusah. The city's electric service was disrupted for about 30 minutes. Damage also was reported in Texas at El Paso, Amarillo and Wichita Falls.

unanswered in the "hysteria" breeding speeches of St. Patrick's Day 1948.

Another presidential aspirant took issue with Mr. Truman's latest foreign policy pronouncements, but for an entirely different reason.

Harold E. Stassen told a Cleveland audience yesterday that the chief executive had not gone far enough; that he should have asked for: (a) Outlawing the Communist Party, (b) A halt to all "war machinery" shipments to Russia, (c) A stronger Air Force and (d) Steps to strengthen the United Nations.

Stassen carried his campaign for the GOP presidential nomination into the home state of Senator Taft, where the two will clash in the May 4 Ohio primary for convention delegates.

The former Minnesota governor said he has a "high regard" for Taft, "but I find myself repeatedly in basic disagreement with him as to the policies which our Republican Party should follow."

Stassen added:

"It is my view that Republican policy should not be one of opposition to the administration's program of preparedness."

serve as your state comptroller.

"Your State Democratic Executive Committee, selected to represent every county, believed me qualified when the members selected me to fill the vacancy caused by the death of Col. J. M. Lee," Fraser continued, "and those 197,000 voters who marked ballots for me in the general election believed I was qualified."

"My legislative colleagues with whom I served in both the House and Senate during the last 12 years, and hundreds of business associates throughout the state are prepared to endorse me for the job," he asserted.

Following the talk, Mr. Fraser was greeted by a number of local citizens and business men.

**Seminole Students Thrilled By Tales Of Carl Hubbell**

Seminole High School students got a big thrill in Chapel yesterday morning when Carl Hubbell, former star pitcher and now director of the New York Giant's farm system, told them of some of his past baseball experiences, including the time in 1934 when during an all star game he faced and struck out such formidable sluggers as Babe Ruth, Jimmy Fox and the late Lou Gehrig, said Principal Herman E. Morris.

The latter story was told at the request of Ed Levy Whitner, former manager and first baseman of Sanford, who introduced Mr. Hubbell. Now is the time, while attending school, to make the decision, whether or not to make baseball a career, he told the boys, and pointed out that some of America's leading men got their start in life as baseball players.

Fifty new books have been added to the high school library, it was announced this morning by Miss Edna Chittenden, librarian. Most of these books are fiction, she pointed out, whereas last year, most of the new books were non-fiction.

Four frame buildings from the Pine Castle Army Air Base are being set up on the school grounds. They will serve as locations for band practice, and as athletic dressing and shower rooms.

Prof. J. B. Root today reported an interesting meeting of the Seminole Teacher's Club was held at the Monroe School last evening, at which he presided. Work carried on among youths at Marianna was described by Mr. D. Magenheim of Stetson University who stated that broken homes were the principal reason why boys had to be sent to the state reformatory. Principal Morris told of the teachers' convention to be held in Miami in April. An Orlando official of the Blue Shield hospital plan told of that service.

efforts to a degree which would render all ineffective. Our means are not unlimited—we must not spend our efforts unwisely."

The need for prompt congressional action on the European Recovery Program was pointed up by a comment that the plan was first broached June 5, 1947.

Citing "the initial advantage of dictators in dealing with democracies such as ours," Marshall emphasized "the importance of timely action on our part in the face of the dictatorial procedure with which we are confronted in Europe."

"In the long run, I am sure, the Democracies will invariably win out," he declared. "But the trouble is that the lapse of time may result in such a serious loss of position and strength that the task of the Democracies may involve a long, hard struggle to recover the ground thus lost."

The secretary took note of "the frank declaration of the Soviet government and Communist parties to oppose in every way possible the development of the European Recovery Program." However, he indicated willingness to reach an agreement with Russia which will terminate one and for all the present dangerous situation.

"Our purpose, our policy is to stand firm on basic principles, but at the same time to keep the door wide open for any general conciliatory moves," he explained.

partial or full mobilization of a citizen army is deemed necessary.

The compromise plan seemed to have made most headway in the Senate. But GOP leaders there today postponed final decision on their policy on both a draft and military training until a full study is completed by the Senate Armed Forces Committee.

Senator Vandenberg (R-Mich) and Senator Taft (R-Ohio) are reported inclined to favor the wait-and-see program. Its backers argue it will spur enlistments, and bring the armed forces up to the strength Mr. Truman desires.

**ROME FIGHTING**  
ROME, Mar. 19 (AP)—Fighting broke out at a big leftist rally in the middle of Rome today and police riot squads were summoned to restore order.

The battling erupted after a speech by Luigi Longo, Italy's No. 2 Communist.

The Popular Front rally, in Rome not far from Piazza Venezia, was one of three political meetings being held almost simultaneously on this holiday—St. Joseph's day.

**"Big Inch" Pipe Explodes, Destroys 2 Nearby Houses**

PETERSBURG, Ind., Mar. 19 (AP)—An explosion that tipped the "Big Inch" pipeline last night set off a fire that seared a 15-acre area and destroyed two houses. No one was injured. The cause of the blast had not been determined.

Natural gas escaping under pressure from the broken pipeline burned for more than two hours with a glare seen at least 30 miles away.

Occupants of houses which were destroyed were absent. Two barns also were burned. State police said the closest witness they could find was a quarter of a mile away at the time of the blast.

into St. Mary's Hospital. Her husband was among the injured. A second victim was an unidentified man. The third body was buried beyond recognition.

Ten of the injured were reported in from serious to critical condition. Among the injured were two children.

The cause of the explosion, which was followed by a fire which raged for more than an hour, had not been determined. Funds estimated damage at \$40,000.

Kenneth Owensby, 37, co-owner of one of the taverns, estimated there were about 30 persons in the saloon when the blast occurred.

Bill Watson, 53, a tree surgeon, who escaped from the Owensby tavern without injury, said there was a series of explosions.

"I thought there were four blasts," Watson said. "I was knocked to the floor. Four or five other men who were standing near me also were knocked from their feet. We were covered with wreckage but the bar saved us. The whole building seemed to land on top of the bar."

Several automobiles parked in front of the building were damaged by the flying debris which also was strewn along nearby railroad tracks.

**Kidnaper**

the kidnaping charge.

The arrest was made by state police assisted by Sheriff John H. Wilson.

Police said Ingalls forced his way into the home of Mr. and Mrs. Charles O'Brien Sunday night and after threatening them with a rifle, made the girl accompany him.

The parents said Ingalls, a former convict, had become infatuated with the pretty brunette high school girl while he worked on their farm last summer. There was no romance apparent, however, between them.

From the time the girl was kidnaped, the parents expressed belief Ingalls would not harm her.

They said they believed his seizure of the young woman was motivated by his "insane infatuation" for her. In one of their latest public appeals to the kidnaper, the parents said: "Please bring her back or release her and let us know where we can go and get her."

Police did not indicate immediately whether the parents' appeal led to Ingalls' arrest.

The parents quoted the former Massachusetts and New York convict as saying when he seized the girl that he would shoot her if the couple notified police immediately.

**Rockefeller Was Not Aware Of Oil Lobby**

NEW YORK, Mar. 19 (AP)—John D. Rockefeller, Jr., his secretary says, has no knowledge of lobbying practices allegedly carried on by Standard Oil companies against Palestine partition.

"We know nothing about the lobbying to which you refer," the secretary, Janet M. Warfield, said in a letter to New York City Councilman Eugene Connelly, Connelly had written Rockefeller criticizing "lobbying activities alleged against Palestine partition plan by Standard Oil Companies."

The secretary's reply, made public yesterday, said "We should be very loath to believe" that the President and Secretary of State Marshall could be influenced in their stand on the Palestine ques-

Oviedo News

Special by The Sanford Herald By MARIAN R. JONES

The combined circles of the W. S. C. S. of the Oviedo Methodist Church held a study course and a covered dish luncheon at the church, "Great Prayer" under the leadership of Mrs. Owen Burnett was studied during the day, with a break at noon for a nice covered dish luncheon. Those participating with Mrs. Burnett on the program were Mesdames J. S. Hopkins, Rev. Lionel Nelson, T. L. Lingo and Virginia Staley of Oviedo, and Mrs. Kenneth Rogers of Winter Park and Mrs. J. C. Hill, Jr., of Geneva. Mrs. Bill Martin, accompanied by Mrs. T. L. Lingo at the piano, sang "The Lord's Prayer." Besides the president of the W. S. C. S., of Winter Park, there were a number of other guests from nearby cities.

Johnnie Jones was the guest of honor on his eleventh birthday when Mr. and Mrs. J. B. Jones entertained with a lovely birthday dinner at their home. A homemade birthday cake, with 11 candles on it, was in the center of the large dining table. Those enjoying this delightful affair included Mr. and Mrs. Ben Jones, Mrs. Ruby U. Jones, Mr. and Mrs. Clifford Parker, Mr. and Mrs. J. B. Jones, Johnnie and Jimmie Jones of Oviedo, Mrs. M. and Mrs. J. M. Jones, Beverly Ann Jones and Shirley C. Smith of Orlando.

E. A. Parsons, who has been visiting his sister, Mrs. R. L. Ragsdale, Mr. Ragsdale and Bobby, has returned to his home at Austell, Ga.

J. R. Ragsdale, who also has been the guest of his son, Leon Ragsdale, Mrs. Ragsdale and Bobby, has returned to Atlanta, Ga. Mr. and Mrs. Ed Jordan have returned from a recent trip to Jacksonville.

Mrs. Otis Segro, daughter of Mr. and Mrs. W. A. Ward, Sr., is visiting her parents and Mr. and Mrs. W. A. Ward, Jr., and family from Auburn, Ga. Mr. and Mrs. R. W. Estes had as their recent guests, Mr. and Mrs. W. C. Walters of Camp Bear Walla, N. C.

The Camelia Garden Club of Oviedo will sponsor a plant sale downtown in Oviedo on Saturday.

Miss Martha Anne Moon, who will become the bride of Charles Lee, Jr., on Easter Sunday at the Foster Chapel, Oviedo Methodist Church was the honoree Thursday when Mrs. R. W. Estes and Mrs. Thomas R. Daniel, Jr., entertained with a theater party. Those enjoying this entertainment were Mesdames Merritt Staley, Donald Lohrhart, Tommy Moon, the hostess and honoree, of Oviedo, and Mrs. Basil Gunn of Orlando.

Mrs. Mathers, mother of Mrs. Clifford Parker, has been confined to her home because of illness. The Men's Club met Thursday evening at the Oviedo Methodist Church. Ex-Army Col. J. B. Williams was the speaker of the evening. W. H. Gore, president of the club, was in charge of the program, while George W. Morgan was in charge of the refreshments, which were served to approximately 75 guests.

Mr. and Mrs. H. L. Balderston Jr. and son, H. L. Balderston III, of Ardmore, Pa., are visiting Mr. and Mrs. H. L. Balderston.

The Camelia Garden Club of Oviedo will meet Thursday afternoon of this week with Mrs. Charles T. Niblack. Mr. and Mrs. T. L. Lingo were hostesses Thursday evening when they entertained with a dinner party in honor of Mr. and Mrs. George Canaday of Wilmington, N. C., who are the guests of Mr. and Mrs. C. R. Clontz, Jr. Included in this delightful party

were Mr. and Mrs. C. R. Clontz, Sr., W. A. Meek, Mr. and Mrs. C. R. Clontz, Jr., and Mrs. W. M. McLarty.

The Oviedo Woman's Club met Friday at noon for their monthly meeting and luncheon. A lovely musical program under the sponsorship of Mrs. T. L. Lingo, music chairman, was enjoyed by all. Mrs. Bill Martin, accompanied by Mrs. Lingo, sang several songs, after which Mrs. Joseph Leibhart rendered several lovely musical numbers. The nominating committee, composed of Mrs. C. L. West, chairman; Mrs. T. L. Lingo and Mrs. Fred Peterson submitted the names of the candidates for office for the coming year. Those elected included Mrs. J. B. Cox, president; Mrs. George C. Moore, first vice president; Mrs. Don R. Urey, second vice president; Mrs. Milton Gore, third vice president; Mrs. Merritt Staley, recording secretary; Mrs. Anita Crawford, corresponding secretary; Mrs. J. H. Staley, treasurer; and Mrs. B. G. Smith, parliamentarian. A delicious luncheon was served by Mrs. Charles G. Shaffer and her luncheon committee composed of Mesdames David Earle, Joe L. Boushey, Jr., Donald Leibhart, Owen Burnett, Augusta D. Covington and R. L. Ragsdale.

Mrs. W. M. McLarty, who has been visiting the C. R. Clontz family for some time, is spending a while in Hartow and Winter Haven.

Robert Lee and Don Shaffer have returned to Gainesville after visiting their parents.

Mrs. G. G. Mohan has returned to her home after visiting relatives at Titusville.

Meat Strike

(Continued from Page Two) for price hikes in the wholesale market. Shipments of livestock were about normal compared to a pre-strike Thursday. However, receipts for the week were about one-half normal. Non-strikers at the plants included members of AFL or independent unions.

Consumers in many cities reported hikes in meat prices. One chain which operates 225 stores in New York and New Jersey said prices were "up a bit." A hike from two to six cents a pound in meat next week was predicted by some large eastern food chains. George Dressler, executive secretary of the National Association of meat dealers, said in Chicago there appeared to be only a few reports of heavy laying by consumers. In those cities, he said, a shortage resulted and prices advanced.

French Scientist

(Continued from Page Two) milites, the department said. "She is being held on temporary detention order under the immigration regulations which require that any alien whose entry might be deemed prejudicial to the best interests of the United States be temporarily detained at the port of entry."

Answering a direct question, a department official said the detention is based on "presumption" that Mme. Joliot-Curie's entry may be prejudicial to this country's interests.

The case will be submitted to the Attorney General by the immigration service. Clark will decide whether a hearing before an immigration officer should be held.

If the hearing results in a finding for exclusion, Mme. Joliot-Curie has the right of appeal for further hearing before the immigration service board of appeals here.

Hyde Quits Red Paper To Join Catholicism

LONDON, Mar. 19 (AP)—Douglas A. Hyde said today he has resigned as news editor of the Communist Daily Worker and is joining the Catholic Church. His action recalled that of Louis F. Budenz, who resigned as managing editor of the Daily Worker in New York in 1945, and returned to the Catholic Church. Hyde, a Communist for 20 of his 38 years, has been news editor of the Daily Worker five years.

"It became obvious to me that the movement for which I had fought and worked so long was destroying those very freedoms and liberties for which it claimed to be fighting," Hyde said in a statement.

"It became obvious equally that Communism was incapable of providing a cure for an extremely sick world."

U. S. buses, subways and streets carried 13 billion passengers in 1940, 18 billion in 1942 and 23 billion in 1945.

GOD IS NEVER HARD TO FIND... HE MAKES HIMSELF EVIDENT TO THOSE WHO REALLY SEEK HIM IN HIS HEAVENLY DAY AND NIGHT...

Instead of presidential candidate for the Third Party, Henry Wallace should run for head command for the Fifth Column.

Babe Ruth says his stay in Florida has done him a world of good... Why not make your winter home here, Babe? This is a great baseball town.

Baseball playing kids in New York City must be a strain on their parents... Figures just released by the Board of Education reveal that they broke 176,000 window panes last year.

This country may not be prepared for war, but it is better prepared than it was in 1941... Admiral Whitehead says the Navy has at least 50 carriers ready for action as soon as they have the necessary crews in man them.

This is a good time for Russia to start something, with the Democratic party split three ways... the Republicans moving heaven and earth to capture the next election, the Army demobilized, the Air Force impotent, 500,000 coal miners, out on strike, meat packers also striking, and last year's income tax just paid this month.

The empty pistol has done it again... At Bowling Green State University in Ohio a student was fatally injured the other night when another student 140 feet away in another dormitory pulled the trigger on a Belgian 9 mm. pistol just for fun.

Russia is very busy these days... Having conquered Czechoslovakia, threatening Finland and Norway, eyeing Italy, Russia is "demobilizing" her troops and loving her neighbors with the strange-held of a grizzly bear.

Florida Democrats will be given an opportunity this year to vote for someone besides the Democratic presidential nominee... who ever he may be. More than that, they will be given a chance to vote for delegates to the Democratic convention who will support someone besides President Truman.

What to do about Middle Eastern oil is one of the biggest puzzles the United States government has... Most of it, though belonging to British and American companies is in Arab countries which could prohibit its export if they wanted to.

Memorable Cities

The French know the value of a dramatic symbol. That is why General Charles de Gaulle, making his plea to be put in control of France, spoke at Compiègne. This northern French town is deeply associated with the nation's greatest triumph and bitterest disaster.

One other name equals Compiègne in this regard. Sedan was the scene of the culminating battle of the Franco-Prussian War of 1870-71. Here the emperor Napoleon III surrendered to the German army.

Like Compiègne, Sedan's glory was blurred by a later development. The first world war ended with the French entry into Sedan. Lest the French be tempted to cherish the memory of Sedan too dearly, it was here that the Nazi blitzkrieg broke through the French forces in 1940, a forerunner of their surrender.

It would not be surprising if De Gaulle soon made it a point to speak at Sedan.

Haven For Workers

Ernie Hill writes from England to the Chicago Daily News that British factory workers are really getting a break when life gets too much for them and they can no longer adjust themselves to their working conditions.

For nearly four years a real home in Sussex called Roffey Park has been maintained for about a hundred men and women at a time. It is equipped with a gymnasium, a workshop, and plenty of spacious tree-shaded lawns and gardens where patients can relax and think things over.

This humane idea is not, as might be supposed, a plan of the Socialist government. It is financed by 100 industrial firms who have their employees' well-being at heart. Such an undertaking represents the modern approach to the solution of industrial personnel problems.

Pitiful Greece

American newspaper men in Athens represent Greece as "sinking in a sea of chaos." It is a pitiful plight for a nation reaching back so far in human history that "the memory of men runs not to the contrary" and is so famous in both ancient and modern history.

This is not a time to scorn the Greeks, but a time to uphold and help them, as the last representatives of a great and valiant race which so long ago brought light into the darkness of a primeval world.

Let the American open the great books they have left us from the distant past, almost miraculously preserved through the ages, and eventually interwoven with our own writings. On the whole, it is probably true to say that human history has left nothing greater than the achievements of this little nation preserved to us through ages when the rest of the world was mostly sunk in barbarism.

Sanford's Fogging Technique Depicted

"Sanford, Fla., Fog the Flies" is the title of a full-page illustrated article that appeared in the February edition of The American City Magazine. The two illustrations show fogging for mosquito control along the swampy Lake Jim, and E. H. Johnson, sanitary officer, is shown watching DDT fog envelop tenant houses in Sanford.

The article points out that the trial last year was successful enough to prompt the use of the equipment on an annual basis. It also mentions that Southern Chemicals Company, a Sanford pest-control company, and Fog, Inc., Tallahassee, southern dealer for TIFA, were given the contract jointly to cover the town.

"The city supplied them with sufficient quantities of 10 per cent DDT-in-oil solution for the work. They performed the work with a two-man team which covered the town in a bright red jeep with the crimson TIFA unit set in back. They made a round trip through every street and alley, directing the fog first on one side and then on the other."

The article states that the only complaints were from housewives who said that the fog generators missed their alleys. Treatment of the Zoo, restaurant and the Municipal Ball Park is also mentioned, also the fogging of Sweetwater Park, Orleto, prior to the big barbecue last year with the result that thousands of people were served without the nuisance of flies and mosquitoes.

"The work in Sanford was directed by E. H. Johnson, sanitary officer, and G. L. Duncan, city building inspector. It was begun under the official action of H. James Gut, mayor of Sanford," states the article.

ANTI-CLOSED SHOP LINCOLN, Neb., Mar. 19.—The state supreme court today declared the Nebraska anti-closed shop constitutional amendment is valid. The amendment was passed by a large majority at the 1946 Nebraska election.

Union attorneys have said the case, if lost, in the state supreme court, will be appealed to the Supreme Court of the United States.

THE REVOLT GROWS TAMPA TRIBUNE

The revolt of Southern Democrats against the present leadership, personified by President Truman, increases rather than abates. It has been intensified by the conference of Southern Governors just held in Washington. Seven of the Governors attended the conference—Thompson, of Georgia; Thurmond, of South Carolina; Lene, of Maryland; Lancy, of Arkansas; Jester, of Texas; Folsom, of Alabama, and Wright, of Mississippi.

The plan calls for Democratic state conventions to go on record that the electoral votes of their states will not be cast for any nominee favoring the civil rights program. In states which do not hold party conventions the plan is to have the state committees take similar action.

## Ward Bible Class Has Monthly Meet

Mrs. R. E. Hamilton, Mrs. J. H. Tindel and Miss N. N. Norwood served as hostesses for the monthly meeting of the R. W. Ward Bible Class of the First Methodist Church held on Tuesday night in the Junior department room of the church. Plans were discussed for stimulating more interest in the building fund during the brief business session presided over by Mrs. R. L. McKinney, president.

At the conclusion of the business, Irish tunes were sung for St. Patrick's Day led by Mrs. Eileen Price with Mrs. W. C. Satter accompanying at the piano. Refreshments were served to Mr. and Mrs. L. M. Swain, Mrs. McKinney, Mrs. J. R. Hoolahan, Mrs. Price, Mrs. W. C. Satcher, Mrs. J. N. Azaroff, Mrs. Tindel, Mrs. R. E. Hamilton, Mrs. R. U. Hutchinson, Mrs. W. W. Tyre, Miss Ella Bolton, Miss Norwood, Judge Ware, R. F. Cole and Clyde Brockman.

## Laying Will Address Presbyterian Club

Charles Laying, author and lecturer, will be the speaker at the supper meeting of the Presbyterian Men's Club next Tuesday in the social rooms of the church at Oak Avenue and Third Street. It was announced today by Dick Verney, president.

In addition to many articles for magazines Laying has written biographies of Emperor Franz Josef of Austria, Empress Maria Louise and Prince Metternich.

With a background of technical and operating knowledge of railroads and with his talent for writing, he accepted the editorship of the Railway Age and served in that capacity a number of years.

His specialized information prompted his being called as a referee for the International Railway Congress in Brussels, Belgium, and in World War II he served as an expert on railways with the United States Department of Justice, War Division, being closely identified with the intelligence sections of the branches of the armed forces.

Much of Laying's study has been devoted to the Russian viewpoint and in his talk to the church group Tuesday night he will draw on the information he has acquired in his contacts in Europe for much of his subject matter.

Reservations for the dinner at which a large attendance is expected because of the timely topic that will be discussed are being taken at the church office.

## STORY LEAGUE POSTPONED

The regular meeting of the Sanford Story League has been postponed until Mar. 29 because of the Holy Week services to be held in the First Methodist Church.

## Miss Michels To Wed James Vontterbulis

Mr. and Mrs. Anton Michels of this city announced today the engagement and approaching marriage of their daughter, Josephine Luella, to James L. Vontterbulis, also of Sanford.

Miss Michels attended Melbourne and Sanford schools and since her graduation from Seminole High School in 1947, she has been employed by the Sanford Atlantic National Bank.

Mr. Vontterbulis attended Sorrento and Mt. Dora schools and served for three years in the Army. He is now the manager of the Von Candy Factory at 211 North Elm Avenue.

The marriage will be an event of May.

## Hadassah Benefit Party Held Tuesday

The Sanford Chapter of Hadassah held a benefit party on Tuesday evening at 8:00 P. M. at the Tourist Center with proceeds to be used for the maintenance and care of the European War Orphans. George Touhy served as master of ceremonies for the occasion. Games were played during the evening, after which refreshments consisting of delicious cake and orange juice were served under the direction of Mrs. Henry Levy and Mrs. L. E. Southard.

The child welfare chairman, Mrs. Fred Stone, was in charge of the occasion and assisting was the program chairman, Mrs. Heiman Jacobson. Mrs. Stone stated this morning that she wished to thank all who helped in making the party a success.

## Tax Cut

Continued from Page Three  
The policy group decided to take:

1. Legislation to give military and economic aid to Greece, Turkey and China;
2. A Bill to give federal funds to states to aid them in meeting costs of public education. This has been on the Senate calendar since last summer.

The White House announced today President Truman withdrew his nomination of Burton N. Behling as a member of the federal power commission.

Behling's nomination was sent to the Senate last Jan. 9.

The White House gave no explanation for the withdrawal.

The President also named a 10-member delegation, headed by Secretary of State Marshall, to attend the conference of American States at Bogota, Colombia, beginning Mar. 30.

**NEW YORK — (AP) —** Deaths from the childhood diseases, measles, scarlet fever, whooping cough and diphtheria in the United States are only about one-sixth as frequent today as they were 10 years ago.

## TEEN TALK

Dear Judy,  
Somehow the conversation always gets around to boys when the girls get together. Most of the time you know agree that the way to get along with boys is to listen. This the boys love. However, we all agree that no boy really wants to go out with a dopey pigeon. He likes to think she can discuss anything he wants to talk about—when he asks her opinion.

Well, here is a theory worthy of note in a letter from Dorothy Kohn of Oakland, Calif., who says she doesn't agree that girls "should subordinate their intelligence and personality to the interests of their dates in the intervals of that teen-time mesera: The Steady Date," Dorothy adds:

"What does action of this sort actually amount to? Two people kidding each other which may suffice for high school dating, but the unfortunate point is that this pattern not only suffices, but is widely accepted as a foundation for marriage.

"The male rebuffs an exaggerated sense of his own importance, the female loses herself in a characterization which must be sustained if it is to be successful.

"Then if the starchy-eyed actors happen to marry, they too often discover that the subterfuge cannot stand an endurance test. The man may find other women with certain individualistic traits of personality and intelligence which appeal to him. The woman may find men who detect and admire those very characteristics which she subordinated in order to 'get her husband'."

Dorothy believes that if girls put the boys on the back and get dumber than they are, it will encourage immature emotional conduct which in itself, she says, may be harmless, but which "unfortunately will serve as a basis for future stereotyped habit patterns." She asks:

"Wouldn't it be wiser to advise girls to make themselves fun to be with by widening their interests, by making use of their intelligence, by practicing certain simple courtesies (which involves being a good listener)?"

Dorothy says she has noticed that people who utilize this pattern of conduct can possess as much or more romantic attraction as far as the opposite sex is concerned.

The kids have decided Dorothy hasn't taken one important thing into consideration:

Today men are flattered by

women for the same reason that Granny and Mom flattered them yesterday—to encourage the man so he will get ahead in the world. If women want to depend on men as their breadwinners, they must help build their ego.

Man spends his entire life trying to buck the tide to support his wife and family. Therefore, he must at least feel superior to women to compete with men in his field.

There are certain things men believe belong in "their world." Though they want women to have an interest and understanding in

all their activities, why should the man continue to work if his wife can perform his duties better than he can?

After all, it would be very discouraging to have a bean who knew more about your knit one, pul two than you do; or how much white of an egg you should have put in the angel food cake; or how you should plan your housecleaning chores.

So a girl who tries to prove her superiority in masculine fields hardly seems feminine to her boyfriend. He wants her mainly to build a home for him and to be

a companion rather than be an intellectual giant. At least that's how I feel. How about you?

Gruber Expresses Satisfaction Over Prospects Of Aggregation

Manager Hal Gruber of the Sanford Giants expressed delight with his squad of hopefuls for the 1948 entry in the Florida State League yesterday, and stated that Johnny McManus, 1947 shortstop on the Celery Peds, shows promise of filling the bill for the team at shortstop.

"Johnny is coming along fine and looks like he will be able to do us a lot of good," Gruber declared.

Buddy Lake has reported to the Giants and underwent workouts yesterday with the squad. He took a turn on the hill pitching to

1948 Derby To Be Run On April 15 At Local Track

Bunny's Master, the star greyhound performer from J. H. Brummett's Kennel, will be featured tonight in the headline event at the Sanford-Orlando Kennel Club. Winner of his last two starts, Bunny's Master drew his favorite inside No. 1 box and should prove a stout contender throughout the five-sixteenths of a mile route.

R. G. Baird, general manager of the Central Florida greyhound oval, announced today the 1948 Derby would be run on Thursday, Apr. 15. He said added details on the trial elimination contests would be given out later.

Tonight's complete program of 10 contests will start at 8 P. M., with four official schooling races being run one hour before the opening of the regular program.

**TRAINING CAMP NOTES**

**CLEARWATER** Mar. 19 (AP)—Curt Simmons, the Philadelphia Phillies' promising south-paw pitcher from Egypt, Pa., had a taste today of some Major League slugging.

Simmons was touched for eight runs and 10 hits in three and two-thirds innings yesterday against the Washington Senators. The Phils rallied, however, and won 12-10.

**BRADENTON** Mar. 19 (AP)—Hookie Second Baseman Al Kozar, who long hibernated as a pitcher for the Washington Senators, was happy today as they squared away for a two-game series with the Boston Braves.

**LAKELAND** Mar. 19 (AP)—The Detroit Tigers were beset with a rash of minor injuries today.

Manager Steve O'Neill is sidelined with his annual sore ankle. Outfielder Vic West's hurt his ankle sliding. Bob Swift has been out since Monday with a sore throat, and three others have sore arms.

**Kinard Is Rematched With Angel Chavez**

ORLANDO, Mar. 19 (Special)—Bill Kinard and Angel Chavez have been rematched in a grudge bout in a fought here next Monday night. It was announced here yesterday by Promoter Wilbur Stokes.

"I think the fighters deserve a chance to win an unbiased victory, and I believe the fans welcome the opportunity to watch them go at it," Stokes declared.

Kinard has been advertising a return engagement since their fight here Monday night a week ago.

The fight is expected to draw a capacity crowd to the American Legion Arena.

COMMENTS from the SIDELINES

**Carraway Trophy Play Will Begin Sunday Afternoon**

Qualifying rounds for the Andrew Carraway Trophy will begin at the Seminole Country Club on Sunday and will continue for a week, it was announced today by Clyde Terwilliger, club pro.

The trophy is being donated by Carraway to help promote interest in golf around the county and in Sanford, Terwilliger added.

All golfers are requested to participate in the play for the cup, since all players will be on an equal basis by the use of the handicap system, which will be used.

All golfers who enter the tournament will be placed in one flight, and will begin match play. Handicap charts are being prepared and those golfers who have not returned their cards to Terwilliger have been requested to do so immediately to obtain their correct handicap.

Only men are allowed to enter this competition since the women will be competing for the Dot Powell Trophy in the near future, Terwilliger asserted.

**Dot Kirby Leads Golfers**

AUGUSTA, Ga., Mar. 19 (AP)—Second round play in the annual Women's Titleholders Golf Tournament today found Dorothy Kirby of Atlanta, Ga., leading by three strokes.

We do not often realize the work entailed in putting on an exhibition contest. These men deserve most of the credit for successfully completing the arrangements for the game.

If they had not cooperated 100 percent, there would have been no game, and the Fernald Laughlin Memorial Hospital would not have realized any benefit.

Our hats are off to the New York Giants, the Minneapolis Millers and all those connected with making the day one of the most outstanding we have ever had in baseball in Sanford.

Livestock Market

THOMASVILLE, Ga., Mar. 19 (AP)—Livestock arrivals totaled 225 cattle, 50 calves and 750 hogs at six plants at Columbus, Thomasville and Tifton, Ga.
Dolan, Ala. and Jacksonville and Tallahassee, Fla. No receipts were reported by plants at Albany, and Moultrie where meat packinghouse workers were on strike.
Hog prices held mostly steady at the six operating plants. Composite quotations for soft and semi-hard hogs were as follows:
Medium to choice barrows and gilts, 140-210 lbs., \$17.50-18.25
Weights 210-270 lbs., \$17-17.75
Over 270 lbs., \$15.50-17.25; 160-180 lbs., \$14.75-17.00; 140-160 lbs., \$15-16.25; and 120-140 lbs., \$15.50-16.25.
Medium and good sows brought \$14-15. The practical price limit in the area was \$18.50 for good and choice grade 180-240 lb well-shrunk, soft and semi-hard barrows and gilts.
Cattle trading was active and prices were steady to stronger. The outlet for stocker animals continued very broad. Good fed slaughter and feeder calves weighing generally from 500 to 700 lbs and sometimes more were quoted from \$11-12.50, with most good steers from \$26.50-32.50. Medium grades were \$20-24; common, \$17-22; and canners and cutters, including bulls, \$13-17, a few \$11.
Medium beef cows ranged \$19-22, and common slaughter cows \$16-19.25. Coffer cows were \$15-17, a few \$18, and canners, \$12.50-13.25, with shelly canners \$19-22.50. Common and medium sausage bulls moved at \$17-22.50.
Good slaughter calves were scarce and were quoted \$24-32.50. Medium calves were mainly \$19-24, common, \$16-20, and culs, \$12-18.
In stocker trading, medium of 500 and 600 lb common steers, \$19-21, and inferior lightweights, \$11-16.

## Reds Paralyze Authority Of U.S. In Berlin

### Russia Boycotts 4-Power Government Machinery, But Clay Says U. S. To Stay

BERLIN, Mar. 22.—(AP)—Despite Russia's boycott of four-power government machinery for Germany, the United States occupation chief said today the Americans intend to stay in Berlin.

"We are in Berlin by agreement, just as the Russians are in Saxony and Thuringia (territory conquered by American troops) by agreement," said General Lucius D. Clay, U. S. military governor.

"We intend to stay."

The Russians' boycott, which followed their walkout on a meeting of the Allied Control Saturday, spread paralysis today through the whole control authority.

In quick succession, acting as chairman for this month, they cancelled meetings of four-power committees which had been scheduled for today. They merely said they were busy to attend.

By noon they had taken part in only one session with the Western allies. That was a secretaries' meeting at which the Russians announced there will be no meeting of the Allied coordinating committee tomorrow.

Clay's statement was made in an interview. It replied to a request that he comment on the Russian boycott and on renewed suggestions in Russian-controlled newspapers here that the Western powers get out of Berlin.

He was not prepared to say what course the Americans would pursue if the Russian boycott went on.

## Request For Rate Hike Rejected By City Commission

Rate increases as proposed by the South Atlantic Gas Company were rejected by the City Commission in adjourned session, Thursday evening. It was pointed out that the company had been granted a rate increase last September, and that if the present increase was granted, as requested, the rates would be too high, said County Clerk Gordon Bradley.

The regular meeting of the City Commission scheduled for this evening has been postponed until Tuesday evening in the fact that Mayor R. A. Williams, Commissioner Andrew Carraway, City Manager H. N. Sayer and City Attorney Fred Wilson are attending the meeting of the League of Municipalities in Jacksonville, Gordon Bradley, city clerk, reported this morning.

Manager Sayer was asked to call for bids for painting of the two grandstands, dugouts and club house at the Municipal Ball Park. Considerable time was given to study of a list of freight loading zones in connection with a proposed new traffic ordinance. These zone locations were submitted by Ralph Lubinski, superintendent of Public Works and Police Chief Roy G. Williams.

### BOYS HELD

Two 15-year-old youths of DeLand, charged with stealing a motor scooter, also a rifle, knives, etc., from the Tuxedo Feed and Hardware Store of Orlando, were turned over to an Orange County deputy Sunday morning.

The scooter was returned to its owner, Carl Plunk of Orlando. The youths were arrested by Patrolmen J. B. Quattlebaum and J. M. Murphy found them playing cards in the men's room of the Tourist Information Booth at 8:00 A. M., Sunday. The boys, say police, confessed to breaking and entering the hardware store.

### HENRY LONG FUNERAL

Funeral services for Henry Long, 76, who died last Wednesday night, will be held at 8:00 P. M. Tuesday at Southside cemetery, with the Rev. W. P. Brooks, Jr. officiating.

### CANCER PROGRAM

The Pilot Club is sponsoring a series of broadcasts over WTRR beginning tonight at 7:45 o'clock on the subject of cancer. It was announced today by Mrs. Joel Field, president of the program, called "Hope For Tomorrow."

### SECURITY COUNCIL

#### LAKE SUCCESS, Mar. 22 (AP)

The United Nations Security Council voted 9 to 3 today to send anti-Communist propaganda to the debate on the Czechoslovak communist grab. Only Russia and the Soviet Ukraine voted against hearing the recently discharged Czechoslovak delegate to the U.N.

## Senate To Vote On Tax Reduction

WASHINGTON, Mar. 22.—(AP)—Senator Morris (R-Or.) said today that if world conditions get worse Congress may have to recall a proposed tax cut. With a Senate vote on passage of a \$4,800,000,000 tax cutting bill set for 5 P. M. (EST), Morse told the Senate he will support the reduction. But Morse said that if larger military spending becomes necessary, Congress may have to return present tax rates if it succeeds in writing the tax-cut bill into law.

## Anti-Poll Tax Solons Challenge Congress On Bill

WASHINGTON, Mar. 22.—(AP)—President Truman was told today that negroes were hesitant about serving in the armed forces without a guarantee against segregation and discrimination. A. Phillip Randolph, president of the Brotherhood of Sleeping Car Porters, said he reported this to Mr. Truman in explaining negro temper and feeling.

"In my recent travels around the country, I found negroes not wanting to shoulder a gun to fight for democracy abroad unless they get democracy at home," he said to reporters.

WASHINGTON, Mar. 22.—(AP)—Opponents of a pending anti-poll tax bill today challenged Congress' constitutional power to enact such a law.

Headed by Senator Stennis (D-Miss.), a group of witnesses contended the bill would be a direct violation of the Constitution. Most from Southern states, they testified at a Senate Rules Committee hearing.

Senator Sparkman of Alabama—one of the seven poll tax states—said:

"I hold no brief for a poll tax as such but I say it is a matter for the state to decide—not the federal government. Federal legislation would be unconstitutional."

The bill under consideration is (Continued on Page Two)

## Commercial Atomic Use Is Predicted For Near Future

AMES, Iowa, Mar. 22.—(AP)—Commercial use of atomic energy "in the not distant future" was forecast today by Earl O. Shreve, president of the U. S. Chamber of Commerce.

Shreve said atomic scientists believe the first use will be in stationary power plants and ship propulsion.

In an address prepared for Iowa State College's 90th birthday anniversary, Shreve said:

"Atomic energy released by a complete fission of a pound of fissionable material is equivalent to the energy released by the burning of fifteen hundred tons of coal. In terms of dollars and cents, a pound of atomic energy would today cost about \$6,000. Coal in the amount to produce equal energy would have to be purchased at \$4 a ton. A major advantage of atomic propulsion, therefore, would be that of storage and refueling."

Eventually, Shreve said, it might be possible for a ship using atomic energy for propulsion to travel 40 times around the world without refueling.

## Airline Officials Denounce Senate Aviation Proposal As Ridiculous

WASHINGTON, Mar. 22.—(AP)—Airline interests reacted coolly today to a Senate Aviation Committee report proposing that any pilot having a major accident be grounded for at least a year.

David L. Behrke, president of the Air Line Pilots Association, said the recommendation is "ridiculous in the extreme."

## Eaton Insists Another War Not Remote

### House Committee Declares Survival Of U. S. Is At Stake In "Stop Reds" Plan

WASHINGTON, Mar. 22.—(AP)—The Senate Foreign Relations Committee today recommended \$163,000,000 for aid to China. Of this amount, \$100,000,000 could be used for military supplies. The money would be for 12 months. The Administration has asked for \$370,000,000 for economic aid to China for a 15 month period.

WASHINGTON, Mar. 22.—(AP)—The House quickly passed today a \$53,000,000 emergency appropriation for stop-gap aid to Austria, France and Italy. The bill goes to the Senate. The House acted by voice vote after less than half an hour of discussion.

WASHINGTON, Mar. 22.—(AP)—Chairman Acheson (R-N.J.) of the House Foreign Affairs Committee said today the possibility of a third world war "is not very remote."

Eaton was asking the House Rules Committee to send to the House floor quickly legislation for \$6,205,000,000 worth of economic and military aid to Western Europe, China, Greece and Turkey.

The Rules Committee cleared the bill for House consideration beginning tomorrow. It approved 15 hours of general debate to be followed next week by debate on amendments.

A little earlier, the Foreign Affairs Committee had formally reported the bill. It said in a report to the House that "the very survival of the United States" is at stake in the present program to stop Communism and help Europe recover economically.

The way the House operates, its Rules Committee has the job (Continued on Page Two)

## Alex R. Johnson Qualifies To Run For School Office

Alex R. Johnson, former agricultural instructor at Seminole High School, announced Saturday his candidacy for the office of Superintendent of Public Instruction in Seminole County.

In announcing his candidacy, Mr. Johnson declared:

"If nominated and elected to this important office, I pledge my energy, my experience, and my ability to improve our public schools under the new state school laws. I will exert every effort toward the full participation of Seminole County in the new State Foundation Program."

Mr. Johnson graduated from the University of Florida in 1925 with B.S. in Agriculture and Post Graduate degree M.A. in Education in 1931. He taught three years in Florida before coming to Sanford in 1928 where he served as instructor and director of Vocational Agriculture at Seminole High School.

During the past year he served as County Supervisor of National (Continued on Page Two)

## Several Last Minute Candidates Qualify Just Before The Deadline

E. E. Brady, candidate for sheriff of Seminole County, just "got under the wire" Saturday noon with but a few minutes remaining to qualify before the deadline went into effect, it was announced this morning by O. P. Herndon, county clerk.

Other candidates who qualified Saturday were Alex R. Johnson, to oppose T. W. Lawton for the office of county superintendent of schools, and S. C. Ritchie for County Commission in Group 5.

House of Representatives candidates who have qualified are: M. B. Smith in Group 1, and J. Bradley Odham and J. R. Lyles in Group No. 2.

Ten candidates have qualified for County Commission: R. H. Pope, Jay H. Beck, Boston Steele, Monroe H. Smith in District No. 1; O. E. Fouraker, B. J. Overstreet, Sr., L. T. Brown and H. S. Arnold in District No. 2; W. G. Eiler and S. C. Ritchie in District No. 3.

Five have qualified to run for County Judge: R. W. Ware, James G. Sharon, John G. Leonard, Karlisle T. Housholder and O. Douglas Stenstrom.

Running for Sheriff are: P. A. Mayo, R. J. Hickson, C. E. Williams, J. Ross Adams, E. E. Walker, Lewis A. Tate and E. E. Brady. Candidates for constable

## State Municipal Group Advocates Financial Relief

JACKSONVILLE, Mar. 22.—(AP)—The Florida League of Municipalities today adopted what it termed "a tentative and preliminary" program of financial relief for the state's municipalities.

The league's action, taken at its midwinter conference here, was directed to the legislature and the governor of Florida.

The proposals:

1. That the seventh-cent of the present state gasoline tax be allocated to cities on a population basis in the event it is not permanently allocated by constitutional amendment for some other purpose.

2. That the state levy a 10 percent tax on all so-called "patent medicines," the revenue to be allocated to the cities and counties from which the sales are made, in a manner consistent with the provisions of the state constitution.

3. That in the event the legislature should conclude that no aid or relief can be given municipalities through a judicious expenditure of present revenue, and that relief can be given only by the imposition of some other new tax, then the Florida League of Municipalities suggests that some new form of, or additional, excise (Continued on Page Eight)

## Vets Picket Soviet Ships Loading U.S. Made Machinery

JERSEY CITY, N. J., Mar. 22.—(AP)—AFL longshoremen refused today to cross a war veterans picket line marching in front of the Soviet freighter Chukotka being loaded with U. S. manufactured machinery.

Sixty-two members of the International Longshoremen's Association stopped before the Hudson county Catholic war veterans picket line and went into an impromptu meeting to decide whether to resume loading the Russia-bound machinery.

Thomas Carlin, president of the CWV and leader of the pickets, said "This is the little people's answer to Uncle Joe's statement that the little people in America favor Communism." He said his group was seeking a nationwide boycott on all shipments "which might be used in war against us."

Police Capt. Thomas Dunn, in charge of a police detail at the docks, said the meeting of longshoremen was underway and nobody as yet had reported as stevedores aboard the ship.

Carlin said his group had asked the I.L.A. to call its stevedores off all Soviet freighters in American ports.

Twenty-five pickets—23 veterans and two members of the Women's Auxiliary—marched yesterday alongside the 10,000-ton vessel, which is being loaded with tractors, farm and industrial machinery, automotive parts and other material destined for the Soviet Union.

### V. F. W. MEET

V. F. W. Lodge 5552 meets tonight at the Legion Hut 7:00 o'clock. John Babbs, Adjutant, announced today. There will be a supper followed by election of officers.

## Trieste Plan Hit Vigorously By Yugoslavia

### Tito Complains U. S., Britain and France Take No Note Of Agreement Needs

BELGRADE, Mar. 22.—(AP)—The Yugoslav foreign minister, Stanjko Simic, said tonight his government is willing to consider giving Trieste to Italy.

BELGRADE, Mar. 22.—(AP)—The Yugoslav government protested "vehemently" to the western powers today against the way they proposed the restoration of Trieste to Italy—but Yugoslavia did not reject the proposal itself.

Premier Marshal Tito's government complained the United States, Britain and France had taken no note "of the need of agreement on the part of the most directly affected allied state, Yugoslavia."

It said the western powers' approach will not strengthen the cause of peace in southern Europe.

The most important feature of the notes to the western states is that the Yugoslavs do not turn thumbs down on the plan to give Italy the 400-square-mile free territory of Trieste. It is believed the note leaves an opening for (Continued on Page Two)

## Colin English To Speak As Candidate Wednesday Morn

Colin English, state superintendent of public instruction, will speak as a candidate for governor at 9:30 o'clock Wednesday morning on the corner at Magnolia Avenue and First Street.

He will speak in Orlando Tuesday evening. Wednesday morning he will be met by Mr. Roby Laing who will take him to Orlando for a talk at 8:30 o'clock, prior to coming to Sanford. He will later speak in DeLand.

Colin English is a veteran of World War I and served 4 years in 21 months in the Army. He attended college at Edinburgh, Scotland, an opportunity offered by the government to overseas soldiers.

An active member of the American Legion and the VFW, Mr. English has been a leader in the fight for educational opportunities for war veterans. He also directed Florida's World War II Training Program.

He began teaching school in Ocala in 1920, served as a high school principal and as an instructor at the University of Florida. In 1925 he was elected as Superintendent of instruction in Lee county and served two terms. He was elected as state superintendent in 1936.

## Glee Club Wins High Ratings At Festival

Exceptionally high ratings were won by 156 members of the Seminole High School Glee Club who attended a District No. 4 festival held at Stetson University in DeLand on Friday.

Twelve hundred boys and girls from the eighth through the twelfth grades participated in the event. Chaperones accompanying the group to DeLand included Miss Rebecca Stevens, Miss Ollie Reese Whittle, Mrs. Boyd Coleman, Herman Morris and Roger Harris.

Ratings received by the local group are as follows: mixed glee club, first division; boys' glee club, first division; ninth grade girl's glee club, first division; Fred Siegrist, tenor soloist, first division; mixed ensemble, two plus division; Stanley Brunley, baritone soloist, two plus division; ninth grade girl's trio, two plus division; Junior High girl's glee club, second division; ninth grade mixed ensemble, second division; Keith Schumacher, baritone soloist, second division; and placing in the third division were Mary Alice Herndon, Anita Aiken and Ingrid Esterzon. Possible classifications were 1, 2, 3, 4 and 5.

The first division winner will participate in the state contest to be held in Tampa on May 3 and 4.

## Compton Warns Of Need By U.S. For Military Training

### "Time Running Out", M. I. T. President Tells Senate Committee's Hearing

WASHINGTON, Mar. 22.—(AP)—Universal training would give us a "stockpile of time" for an emergency—1,000 hours of preparation for each trainee, Congress was told today.

"Time is running out," contended Dr. Karl Compton. Modern war calls for more training, and it permits a waiting nation to strike with "devastating quickness," he said.

Compton was chairman of the presidential commission which last year unanimously recommended Universal Military Training. He is president of Massachusetts Institute of Technology.

He testified before the Senate Armed Services Committee which went into session to consider President Truman's plea for a temporary draft and immediate enactment of universal training.

The committee also asked the Administration for inside facts on the cold war with Communism. It invited Secretary of State Marshall and Secretary of Defense Forrestal to appear later today.

Senator Bridges (R-N.H.) told a reporter that the committee hopes to find out "if and when we intend to fight."

Compton said that every reason his study commission put forth for UMT 10 months ago "can be underscored with added emphasis in the light of world events."

Compton said that "blind souls" and "thoughtless persons" would postpone facing the "unpleasant" UMT issue.

"This," he added, "is one of the surest ways to get into seri- (Continued on Page Eight)

## Sanford's Bid For State Legion Site Supported At Meet

A resolution supporting Sanford's bid and invitation to establish permanent American Legion Department headquarters in Florida in Sanford and to erect a suitable memorial building to house the Department offices, was passed at the Sixth District Constitution Conference in Clermont Sunday.

John Sauls, vice-commander elect of Campbell-Livingston Post 53, reported to Legionnaires and Mayor Ralph Harper of Clermont, who made the address of welcome.

It was reported, said Joe Field, adjutant of Post 53, the Sanford is one of six posts in the district that has a membership of 100 percent.

George McGowan of Kissimmee was elected as Sixth District Commander, and Robert Cato of Orlando and Jack J. Schick of Melbourne were elected on the Department Executive Committee. Mrs. Norman White of Kissimmee was elected as president of the District Auxiliary.

Commander McGowan and President White will install the officers of the local post and auxiliary at joint installation ceremonies on the evening of Monday, May 3, said Adj. Field. Present at the Clermont meeting were Post Commander James S. Slaughter, Comdr. Elect James Wright of Sanford, Edward Roth and "Laddie" Rowton, and Adj. Field.

Mr. Field also attended the first half of the Fifth District Conference of the Legion in DeLand, prior to going to Clermont.

### British Official Hits Red Romanian Deals

LONDON, Mar. 22.—(AP)—Assistant Foreign Secretary C. P. Mayhew accused the Communist government in Bucharest today of using pressure to gain control of British-owned oil companies in Romania.

"The policy of the Romanian government," he said, "is to interfere with their commercial activities to such an extent as to force them into bankruptcy."
