

HUNDREDS OF EDITORS ARE IN THE STATE MAKING GRAND TOUR

In Jacksonville Today and Three Days at St. Augustine

IN SANFORD SOON

WILL BE HERE ON 22d FOR SHORT STAY—TO BE SHOWN CITY

JACKSONVILLE, Mar. 10.—A train of a dozen Pullmans that rolled into the union terminal station shortly after 6:00 o'clock a. m. Wednesday brought the biggest delegation of newspaper men and their families that ever invaded Florida in its history. The party is composed of members of the National Editorial Association and is composed of approximately 350 people, one-third of whom are women.

A delegation composed of 23 editors and their wives from the New England States reached Jacksonville Wednesday morning also to join the main party which leaves Wednesday night for St. Augustine, where the thirty-sixth annual meeting of the association is to be held at the Alcazar Hotel.

Every officer, from President Will Wilkie of Grey Eagle, Minn., down are in the party. George Hoemeh of Bradenton, Fla is accompanying the visitors.

Thirty-eight states are represented with Illinois topping the list for the biggest state crowd.

Among the few who made the Florida tour of the association 25 years ago is W. R. Hodges of Sleepy Eye, Minn., the state that has the second largest delegation. He wears the same badge that was worn by the delegates on the 1895 trip.

Although slightly weary from the strain of activities and the loss of sleep, the visitors were up almost as soon as their train came to a stop and poured out through the terminal station where a delegation from the chamber of commerce greeted them.

Secretary B. R. Kessler and aides distributed breakfast tickets and directed the visitors to the Mason and Seminole hotels and Howell & Jenks' and Gilreath's restaurants for breakfast.

At 9:30 a. m. they went to the chamber of commerce, where headquarters had been established, and shortly after 10:00 a. m. they were escorted to the Clyde Line docks at the foot of Market street, where they boarded the steamer Osceola for a four hours' river trip, starting at 10:30.

Upon the Osceola's return to her dock about 2:30 p. m. the visitors will spend the remainder of the afternoon at their individual pleasures and prepare for the main event of the day, which is to be a banquet at the Mason Hotel at 6:30 p. m.

According to the arrangements, the visitors will leave on their special train for the Ancient City around midnight, spending three days there.

F. E. Brodie of Oregon City, Ore., vice-president of the association, is tipped for next president to succeed Mr. Wilkie, while the latest dope on the vice-presidency is that J. C. Blimblecom of Newton, Mass., a member of the executive committee, will be elected to this post.

The present officers are: Will Wilkie, Grey Eagle, Minn., president; E. E. Brodie, Oregon City, Ore., vice-president; George Schlosser, Westington Springs, S. D., corresponding secretary; H. C. Hotelling, St. Paul, Minn., executive and head secretary, and W. W. Alkens, Franklin, Ind., treasurer.

On the executive committee are: G. L. Caswell, Denison, Ia.; George W. Marble, Fort Scott, Kan.; Wallace Odell, Tarrytown, N. Y.; J. C. Brimblecom, Newton, Mass.; Frank Henderson, Little Rock, Ark., and H. U. Bailey, Princeton, Ill.

The Florida tour is the second since the association was formed, and began officially at Pensacola last Monday. The trip really started

at Birmingham, Ala., last Saturday. Executive Secretary Hotelling declared that the trip has far surpassed the fondest dreams and Florida has not only shown that she still retains her full share of Southern hospitality, but had gone out of the way to make the visitors feel at home.

"The Florida people have certainly treated us royally," he declared. "They have kept us entertained every minute, and the only kick we have is that we are not getting enough sleep."

Pensacola, Mr. Hotelling said, outdid herself in making everything pleasant, and the other points between there and Jacksonville were wide awake and staged lavish affairs.

Marianna, the visitors declared, proved an exception, and a dinner that the women prepared will long be remembered. Marianna had plenty of music, with the home band and a circus band in action.

Jacksonville is the biggest city visited since the party left Birmingham, and will afford the visitors opportunities that they were eager to take advantage of.

The Florida tour will carry the newspaper men and their wives to nearly every part of the state and will officially end at Miami, where they are scheduled to arrive on March 25th. From there many will go to Cuba, while others will return to Jacksonville and thence to their homes.

RUBE ALLYN RELEASED AS GRAND JURY RETURNED NO BILL AGAINST HIM

Well Known Newspaper Man Goes Free After Months in Jail

BRADENTOWN, Mar. 10.—Rube Allyn, popular newspaper man who has been in jail here for two months charged with the murder of his neighbor, Harry L. Higel, on Siesta Key, January 7th, was released today upon the failure of the grand jury to return a true bill after its investigation of the case.

Interest in the case has been running high, because of the prominence of both Higel and Allyn. It was generally anticipated that Allyn would be held by the grand jury for trial, although opinion was equally divided as to his guilt. The action of the grand jury came as a surprise.

Rube was being released at 4:00 o'clock yesterday afternoon. His wife, who stuck loyally by him during his troubles, met him in the street. Allyn's friends thronged about him with congratulations.

Under the direction of State Attorney M. A. McMullen, the grand jury convened Tuesday and summoned fifteen witnesses to testify to their knowledge of the affair. What the nature of their testimony was, has not been revealed, nor has McMullen made a statement.

REVISION OF WAR TAX LAWS TO BE STARTED SOON

WASHINGTON, Mar. 10.—A complete revision of the burdensome war tax law will be undertaken as one of the first major tasks of the special session of congress, it appeared certain yesterday as the result of President Harding's first conference with senate and house leaders and other developments.

In accordance with the announced policy of Harding, that domestic affairs are of pressing importance in congressional program, it was learned that the President, while not yet having definitely committed himself, is inclined to believe that modification of taxes should precede a general revision of the tariff.

A canvass of the senate finance and the house ways and means committee is being made in accordance with President Harding's wishes to determine which shall be the first task of the new congress, but it is known that majorities of both committees favor first action on the taxation question. Among those who are known to hold this view are Senators Penrose and Lodge, and Representatives Longworth, Mondell, Bacharach, Treadway and Good.

It is generally admitted that no big reduction in the amount to be raised by taxation can be made. The total will have to be close to \$4,000,000 for the next year at least, and the present laws, because of the recent shrinkage in profits, will not convert much more than that into the treasury. But the plan is to modify the war taxes.

In accordance with this policy it is certain that the excess profits and the petty consumption taxes will be eliminated. As one substitute a tax on the net profits of corporations is being given consideration. The proposals call for from a 10 to 20 per cent levy.

Administration Withholds Comment On French Affair

(By The Associated Press)
WASHINGTON, March 10.—Administration officials withheld comment on the French foreign office statement that the French embassy was negotiating for acceptance of a modified league of nations. The impression was given however that the initiative in any such development rested entirely with the French government and in any event the matter had not yet reached the stage of negotiations.

WASHINGTON, March 10.—The Congressional Record came out today as a one-sheet dodger. The senate proceedings yesterday took just about three hundred words to report. Chairman and Senator Lodge were only contributors and confirmation of Teddy Roosevelt, jr., as assistant secretary of the navy was the only business recorded.

MIAMI IN QUANDRY OVER FISHER ISLE, TITLES NOT CLEAR

MIAMI, Mar. 10.—Lawyers here are trying to find some solution to the problem which is vexing the city of Miami and the Carl G. Fisher interests which invested over \$1,000,000 in works on an island by the causeway which it now transpires belongs to the city.

When the causeway was constructed the state gave the city a quit claim deed in the bay bottom land on which the island was later constructed. Afterwards, without cancelling the city's deed, the state gave Fisher a warranty deed to the bay bottom land and he constructed the island and built an electric power plant, cold storage plant, street car barns and steamship docks.

In accordance with the terms of the deed the city holds it can not lease or sell the land which must be used for municipal purposes.

Fisher is known as the Prest-O-Lite king. He also is the builder of the Indianapolis Motor Speedway and has invested millions on the beach here.

EDUCATION AND POLITICS DON'T MIX—CLAXTON

WASHINGTON, Mar. 10.—Politics and education don't mix, P. P. Claxton, federal commissioner of education, contends. Their association in state school systems is bad for both he finds, and the sooner they are permanently divorced, "the better it will be for education and all that is dependent on it."

"Our political parties do not differ in regard to educational principles or practices any more than they do in regard to the Ten Commandments and the moral code," the commissioner said, in a statement arguing the point. Wise and effective administration of a system of public schooling that has "just grown up," like Topsy, but now involves an average expenditure of \$25,000,000 a year by each state, requires ability and devotion, he said, and should be "wholly separate from and independent of partisan politics."

To reach this end, the commission outlined a uniform system which might well be adopted, he said, in all states. This would include a non-partisan, non-professional elected or appointed State Board of Education, "made up of men and women of affairs" and representing fairly all sections of the state. The seven or nine members would serve seven or nine-year terms with one term expiring each year, no member to be eligible for reappointment in order to bring in new blood. Members would be non-removable except for cause and the board would elect its own chairman and its members receive a "liberal" per diem instead of salary. "Large salaries," Mr. Claxton said, "would tempt members to try and earn their salaries by meddling with executive details properly belonging to employees of the board," and, he added, would attract "men and women of small ability" to the jobs.

The board should exercise general control over all state educational institutions of every kind except, possibly, universities or colleges, the commissioner holds. Its functions should be "wholly legislative," however, and its members undertake executive work only in specific cases assigned by the board. An elected or appointed commissioner should be the executive officer and secretary of the board, his selection and appointment by the non-partisan board itself being desirable in Mr. Claxton's judgment. A well-selected and adequate staff for the commissioner's office would also be required and the responsible department of education thus set up become the leader in all educational matters.

"It is neither safe nor good that the leader be weak or blind," Mr. Claxton said. "Where there is no vision, the people perish; where there is weakness in place of strength there can be only stagnation and death, where there should be progress and life."

Attorney General Buford Sets Forth His Views on Subject

QUALIFICATIONS

ARE THE SAME THAT ALLOWED WOMEN TO VOTE IN LAST ELECTION

(By The Associated Press)
TALLAHASSEE, March 10.—Florida women are not qualified as legal electors until they have paid their poll tax, neither are they eligible for jury duty within the state until the legislature changes the statute defining the qualification of a juror, according to an opinion by Attorney General Buford. One paragraph of Buford's opinion reads: "Effect of nineteenth amendment upon the state of Florida defining the qualification of electors simply was to eliminate the world male. It is therefore my opinion that a woman who is more than twenty-one years of age and under fifty-five years of age and who has not lost a limb in battle must pay a poll tax to qualify as a legal elector."

All Railroads Plan to Cut Wages

CHICAGO, March 10.—Information received at local headquarters of the railway department of the American Federation of Labor declares that virtually every large railroad in the country is preparing to put wage reductions into effect for all their employees. B. M. Jewell, chairman of the committee, said in discussing proposed reduction announced by the Pennsylvania lines.

An official of the Association of Railway executives, who declined to be quoted, said Mr. Jewell's statement, "probably was true and that further wage reduction announcements might be expected at any time."

CHAMBER OF COMMERCE

Notes of This Busy Trade Body in the City of Sanford

The publicity committee of the Chamber of Commerce will meet this evening, together with special committee appointed by President Ball to arrange the details for the visit of the National Editorial Association on March 22d.

Members of the Women's Club have assured the Chamber of Commerce of their co-operation in assisting to raise Sanford's quota of \$500.

The Sanford Chamber of Commerce has called the attention of the Atlantic Coast Line officials to the conditions of the passenger station and grounds in Sanford. Reply has been received, advising these conditions will be remedied at once. There is no reason why Sanford should not have as well-kept and clean a station as can be found in towns of larger population.

While it is true that in the majority of towns in the United States the passenger stations are located in possibly the worst section of the city and naturally impress the traveler most unfavorably on his first visit, this is not the case in Sanford. There are ample grounds for the planting of a park at small expense and this organization intends that this shall be done. Perhaps one of the ugliest spots in town at present is that portion in the immediate vicinity of the station.

The government proposes building five \$2,500,000 hospitals in different sections of the United States for the care of disabled war veterans. The secretary has already started the official wheels in motion to locate one of these hospitals in Sanford. There is nothing too big for your own town and if this organization is successful in broadening the minds of its membership to think in big figures it will be comparatively easier to get them working on big projects.

"Nothing attempted, nothing gained," is as true of the city as of the individual.

There are a number of members of the old Board of Trade who were used

as a nucleus for the organization of the Sanford Chamber of Commerce. At one of the earlier meetings of the Chamber of Commerce it was decided to retain these members until the old Board of Trade dues had expired. A great many had paid up to and including January 1st. It was then decided to endeavor to obtain a continued co-operation in the new organization. The secretary has written letters to each of these members, advising that their membership had expired in the old Board of Trade and requested them to remit for their dues in the Chamber of Commerce. There have been but few responses to this request. The secretary makes this public request to those members who have not paid their dues in the new organization to forward their check, together with the formal application card, at once.

There are mighty few men in Sanford who honestly can't afford to contribute, daily, seven cents—3 1-2 postage stamps—to advance the business—civic, educational, health and other interests of their city. Two dollars a month out of a man's income is a mighty small price to pay for the benefits; these can not be escaped and no one is a man who will share these benefits without doing his part.

Claxton Against Any Corporal Punishment of School Children

WASHINGTON, March 3.—Corporal punishment of school children is "likely to indicate weakness in the teacher," P. P. Claxton, federal commissioner of education, said today in a statement prompted by a report he has received of severe punishments in some schools. One report told of a 14-year-old boy having received 100 lashes.

"Any person competent to teach and manage a school can maintain discipline without corporal punishment," the statement said. "Education and discipline have no use for such methods."

THREE MORE POSTS ON THE HARDING CABINET DEFINITELY ANNOUNCED

(By The Associated Press)
MARION, O., March 2.—President-Elect Harding late today definitely announced the appointment of Will Hays of Indiana to be Postmaster General in his cabinet, Andrew Mellon of Pennsylvania to be Secretary of the Treasury and Senator A. B. Fall of New Mexico to be Secretary of the Interior. This leaves only the post of Secretary of Labor not definitely filled.

James J. Davis, of Pittsburg, has been mentioned for the Labor portfolio, but his appointment has not yet been announced. In response to reports that Col. Geo. W. Harvey has been offered and had accepted the post as ambassador to Great Britain, Mr. Harding reiterated that no definite appointments would be announced until two weeks after his inauguration.

SHOOTS LOVER; WEEPS OVER HIS LIFELESS BODY

CHICAGO BUSINESS MAN KILLED BY WEALTHY ST. LOUIS DIVORCEE.

CHICAGO, March 2.—Mrs. Isabella C. Orthwein yesterday shot and killed Herbert Zeigler, manager of the Goodyear Tire & Rubber Company here, in her apartment, in the fashionable Gold Coast residence section.

Zeigler leaves a wife and a 16-year-old daughter.

Mrs. Orthwein told police Zeigler had been keeping company with her since she divorced her husband, a wealthy resident of St. Louis, six months ago. Her former husband is a stockholder in the St. Louis American League Baseball Club and an oil promoter.

Mrs. Orthwein said that the trouble started when Zeigler broke an engagement to take her to dinner Monday night.

"He told me there was a meeting of the stockholders of the Goodyear company Monday night and that he couldn't take me to dinner," she said.

"He brought out a friend of his who gave his name as D. O. Parsons to take me out Monday night and I went with him," she continued. Parsons, according to the woman's story, took her to a cafe.

"I saw Zeigler there with two other women," she said. "An argument started and several bottles were thrown between tables."

Mrs. Orthwein said she finally told Zeigler not to come to see her again. Early Tuesday, she said, Zeigler tried to gain admittance to her apartment through the back door. The door has a burglar proof lock and he was unable to get in. Zeigler then went to the front door.

"I told him, if you come in I'll shoot," she said, "and then I ran into the bedroom and locked my door. He kept on pounding on the door and I warned him again that I would shoot him but he did not leave."

Mrs. Orthwein said at last she became so frightened that she took a revolver and went to the front door, threw it open and shot Zeigler. The

66TH CONGRESS PASSED OUT MARCH 4TH

WASHINGTON, March 5.—The sixty-sixth congress passed peacefully into history yesterday with little or no disturbance.

Final gavels fell in the house at 11:50 o'clock and in the senate about 12:30, the latter's clock having been moved to meet exigencies of the inaugural program.

The final sessions were virtually devoid of legislation. The principal activity was called to order by the speaker and the immigration and naturalization measures met a "pocket veto" by President Wilson.

President Wilson, in conformation with custom, waited upon congress in his final hour in his room of the senate chamber, signing a few last-minute measures.

Mr. and Mrs. W. J. Steed and their daughter spent Sunday the guests of Mr. and Mrs. J. G. Ball.

Mrs. Norman DeForest left Sunday for Daytona Beach, where she will spend several weeks.

WILSON, "AN APOSTLE" WILL LIVE WITH AMERICA'S GREAT

PARIS, March 5.—The Paris morning and evening papers of all shades of political opinion devote lengthy articles to the change in the administration at Washington, in which comment on the departure of President Wilson holds a larger place than speculation on the coming of President Harding.

The Temps says: "President Wilson is an apostle; he believes in principles as an evangelist of God. He has failed in his noble effort, as are bound to fail all those who wish to act above human nature as it is constituted."

"Woodrow Wilson will remain, however, as a man who understood that the above human nature as it is constituted."

THE AMERICAN PRESS ASSOCIATION

Caswell Laddie Boy is among the new members of Harding's cabinet.

Yah, yah, Orlando Sentinel and Reporter-Star. With all your tourists you have no yachts tied up at your wharf on Lake Lucerne, have you?

Well, we are simply putting it over and all the pessimists and all the croakers in the world can not stop us from going forward. This city will have more building this summer than anyone can predict.

Sanford should get away from the clique and clan business and pull together for a greater Sanford and regardless of whether you like a man or not stand by him when he is doing something for Sanford.

The Sanford band should be encouraged and assisted in every way and if possible a fund should be raised for their maintenance. There is nothing quite so good as a city band and Sanford has a good one at the present time. Let everyone help them.

George Hosmer of the Bradentown Journal has risen rapidly since he started campaigning for the funds for the National Editorial Association. Several weeks ago he was secretary of the Florida Press Association, according to one of the state papers, and in the last edition of the Jacksonville Times-Union he was president of the association. This is fast work even for George.

Stranger here yesterday said that Sanford had the finest location for a real business and tourist city in the state and he did not see why there were not twenty-five thousand people here. He has nothing on us. He just said that once, yesterday. We have said it three million times in the past fourteen years—and we say it again just for good measure.

The people of Sanford should turn out en masse to greet the 500 newspaper editors who will be here on the 22d. It costs \$60,000 for Florida to entertain them and Sanford's share of this amount is but \$500 and we have them here for two hours or more, during which time they will be taken over the city and the farms and Sanford will receive some good advertising. From this 500 editors Sanford will have 500 friends in the future and Sanford will receive \$5000 worth of advertising.

The committee on sites for the Southern College is meeting in Tampa today. There are several sites offered but unless sufficient money is guaranteed to insure better buildings and many of them it is hardly possible that the Methodists will leave Sutherland and all that the present site contains for something new and unknown. Sutherland may be a lonesome spot but it is a most beautiful one and to our notion is ideal for a college.

There is some fine residence property in this city in some of the best sections of the city that should be built up now. Sanford needs so many houses to take care of the people that want to live here that it seems some of the folks who own these vacant lots would either build on them or sell to someone who would build on the lots. Building material has dropped and the price of labor is down and now is the time to build. If something would happen to start the building boom in Sanford now the whole city would benefit thereby.

Pinellas county comes out in a strong statement calling upon the balance of the South Florida counties to demand reapportionment of the state, or state division. We are with Pinellas county. That is the right spirit. We have dabbled with this question too long and at this session of the legislature it should be settled or the state should be divided. We would much rather have reapportionment and the old state held together on account of the old associations and traditions but if it comes to a parting of the ways let the evil fall on the heads of those who have been responsible for this delay.

The appointment of Hayes to the position of Postmaster General seems to us like Harding is trying to Hayes Burleson.

The people with the big pleasure yachts are coming to Sanford now. With a decent pier and boat basin they will come here by the hundreds.

With the prices of building materials falling and the price of labor coming down we should build at least a million dollars worth of new buildings here this summer.

That good old Florida sun is making us all feel like fishing time is here and as soon as the busy season is over it will be us for the Econlockhatchee and those big ones.

That big tourist hotel must be built, that golf links must be built, that Rod and Gun Club and boat basin must be built, at least 200 more homes must be built—well, figure it up yourself. Won't it be a million?

There are so many soul savers in Florida in the winter time. Why don't they look after our souls in the summer as well? Of course we understand that they do not come down in the winter on account of the cold climate in the north.

The Hotel men will meet in Orlando in April and they will take a trip to Palm Springs among other pleasures. It is a cinch that when they see Palm Springs they will want to build a hotel there at once.

Under the stimulus of prizes offered by the Sanford Chamber of Commerce, high school students of the celery city are appreciating the difficulties of the newspaper man in digging for dope on "What is a City Substantial"—Orlando Reporter-Star.

Beginning with today an Associated Press Bureau will be established at Jacksonville under the charge of an experienced corps of writers and a state news service will be supplied to Florida papers that are members of the Associated Press. The readers of the Daily Herald will get the benefit of this new and greatly improved state news bureau.

The Florida Automobile Association meets at Cocon tomorrow and a large crowd is expected to attend. Associations of automobile dealers and associations of all kinds will get results by being associations and standing up for their rights at all times. We need more associations in the state of Florida to build it up along the right lines.

Now that President Harding has taken his seat we can all feel much as he does—that we can settle down to something definite. A presidential election always unsettles the country, the result goes farther toward unsettling it and when the new president takes his seat it means that something will start at once, that the people feeling like it is all over take up the burden anew, that new policies will take the place of the old usually with better results and that a better feeling predominates all classes of business. Let's go.

That newsboy on the Orlando Sentinel who fell heir to a large fortune at Bar Harbor evidently must have dreamed that he fell off the bar and probably harbored no ill feelings against the bar keeper since all of the former bar keepers have gone into other lines of business that are not so "confining." Word comes from Bar Harbor that none of the money from that city has been allowed to trickle down into Florida and it looks like the Sentinel newsboy will be compelled to go on working for \$50 a week as formerly.

Sanford will entertain 500 newspaper editors about the 22nd of this month. It is true they will only be here for a few hours but that will be time enough to show them something of our city and country and we should put on our best bib and tucker and give them a good time. We want 125 cars to bring them from Orlando here, we want \$500 to pay our part of the general fund subscribed by the state, we want everyone in the city to give what they can in money and time and their cars and SANFORD WILL GET THOUSANDS OF DOLLARS WORTH OF ADVERTISING OUT OF IT.

The time for shooting quail, partridge, and several other kinds of game, expired with the first of the month. Better not shoot any contrary to law. Charlie Carter, ex-chief of police for Orlando, is game warden for the county and he is an old hand at catching law breakers.—Orlando Sentinel.

Why is it that Seminole county has no game warden? If other counties can have them it seems that Seminole should get busy for we learn that people are going to the woods every day with guns.

President Harding will ask for a revision of the taxes and expects to cut out much of the foolishness in regard to war tax and excess profits and a lot of the rot that hits the poor man and lets the rich man get by with the Liberty bonds and other non-assessable property. If President Harding goes after this result he will earn the everlasting gratitude of the people of America. This war tax and income tax that taxes the poor man out of what little bit he may have is the biggest farce that was ever arranged by any government. The war tax on many commodities is a joke and the government is not profiting by any of it and it only becomes a burden and a nuisance to the buying public and is the cause for much buying of certain articles to stop altogether.

This campaign each year for money to help the Armenians is all right. They need help all right but what Americans should do is demand that our government and every other civilized government in the world shall tell Turkey and Russia and any other country that is despoiling the Armenians shall desist or take the consequences. We cannot see that we are getting anywhere in sending money to Armenia where most of it falls into the hands of the Turks furnishing them with more ammunition to slaughter more Armenians. What Armenia needs is protection and with protection Armenia will not need either our food or our money. One of the great ideas of the late world war was to smother Turkey but we have failed in that part of the job about as badly as we failed in other parts of it.

BULLY FOR THE CARPENTERS

In this issue of the Daily Herald is the announcement that the Union Carpenters of Sanford have voluntarily reduced their wages from 80 cents per hour to 65 cents per hour, the same to take effect on April first. This is a step in the right direction and now with the wages coming down and the prices of building material coming down the building operations in Sanford should take a new start and all of those houses that have been waiting for lower costs should be started at once. The carpenters are to be commended for their action. It shows that they are willing to take their losses also along with the business men and with the falling prices the wages fall and it starts all of us off with the new idea of bringing everything down to the pre-war levels. The sooner the working men bring down the price of wages the sooner the manufacturers can bring down the price of all goods and materials and it will not be long until a dollar will buy a dollar's worth of merchandise as it formerly did and when that time comes we will all get off that inflation from our thoughts that has brought us so much hardships in the four years past.

The Herald wishes to thank and to commend the Union Carpenters of Sanford for their volunteering to start the prices downward. We said they would do it and they have made good. Now let everybody start building and let these men who have acted fair and square about this question see that their good work is appreciated.

Eking Out Their Meager Salaries

More than a third of the 435 members of the house of representatives at Washington have one or more relatives on the house pay-roll as their own clerks, stenographers or secretaries. A SAFE TEST

For those who are in need of a remedy for kidney trouble and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Sanford people. Ask your neighbor.

Mrs. J. Meisch, 600 First street, Sanford, says: "The experience I had with Doan's Kidney Pills warrants me in recommending them highly. They are a fine remedy for kidney trouble and if used properly will surely do good work. I had just recovered from an attack of the grip when my kidneys began to bother me and my back pained intensely. Reading an advertisement of Doan's Kidney Pills, I began to take them. I was very much pleased with the results."

Hasn't Suffered Since
The above statement was given May 21, 1914, and on March 10, 1918, Mrs. Meisch said, "I have had no need for Doan's Kidney Pills since endorsing them in 1914. The good they did me has proven lasting."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Meisch had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

EAST SANFORD

Rev. Dr. Walker, Mrs. Walker and Miss Goodyear were here Sunday. Dr. Walker preached a fine sermon. Mrs. Walker played the accompaniment for Miss Goodyear, who sang a solo in a beautiful, sweet voice that charmed her hearers. We hope to have the pleasure of a visit from them all again soon.

Mr. and Mrs. Ferguson of Richmond avenue had as their guest last week Mr. Ferguson's uncle of Charlotte, N. C.

S. T. Beaton of Way Cross, Ga., accompanied by his daughter and son-in-law, Mr. and Mrs. Clarence DeWitt and little daughter, were guests of Mr. and Mrs. G. C. McDougal last week, the party went to Orlando to visit before returning home.

Ingram Guerry is in Palm Beach to see the Seminole Indian sun dance and will go to Pahokee to visit his uncle and aunt, Mr. and Mrs. Morris and family before joining his ship.

Kathleen Long of Richmond avenue was little Miss Martha Felts' guest on Union street from Friday until Tuesday.

Mr. and Mrs. Mike Stonoff's infant son has been very ill for the past week, at the Fernald-Laughton hospital.

R. C. Long, A. B. Cameron and Argel Cameron were on a fishing trip to Econlockhatchee creek a couple of days of the past week. Have not heard the fish story yet.

H. H. Chapple is driving a new Ford touring car and John Peters of Richmond avenue a Ford truck. Mr. Peters worked at the Ford plant several years before coming here two years ago.

Mrs. William Wood of Geneva Ferry has three incubators going, hatching chickens to order again this spring.

The weather man sent some fine spring showers Wednesday on the pepper, tomato and egg plant fields newly set out. The up-lands were getting pretty dry.

The Holly Dancing School is very popular with East End folks, both young folks and some not so young are learning the new steps.

Annie, Harry and Okie Weeks entertained a jolly crowd at a dancing party at their home on Cameron avenue Friday evening.

A party of friends walked in on Mr. and Mrs. Ellsworth Sunday evening with such a good supper, a belated birthday surprise for Mrs. Ellsworth. The lady who brought the cake remarked she "couldn't find candles enough and anyway if she could have done so it would look like a torch light procession." The very idea. Mrs. Ellsworth was the happy recipient of some attractive gifts. Everybody come again, please.

There are some lovely flower gardens on the way to town. Among them Miss Annie Hawkins, Mrs. L. B. Bramley, Mrs. Aylett Fitts and John Russell are the most attractive. Mr. Russell has a large rose garden newly set out.

STARKE RESIDENT SAYS TANLAC RESTORED HIM OVER A YEAR AGO—STILL FINE

"Ever since Tanlac set me right over a year ago I've made it a point to recommend it every time I get a chance," said George Parrish, well-known farmer residing at Starke, Fla.

"At the time I began taking Tanlac I had been troubled with indigestion for several years, and at times I suffered from terrible attacks of acute indigestion. My appetite was very poor, I just could not enjoy my meals and my stomach was in such a bad condition I was actually afraid to eat at times because of the suffering I knew so well would follow. If I ventured to eat anything greasy or rich I just suffered agony. Gas would form on my stomach and bloat me up tight as a drum, and I could get no relief for hours.

"From time to time I had tried various medicines and a number of special treatments, but nothing seemed to reach my case. Finally, while in Macon, Ga., I came across Tanlac and took several bottles home with me. Well, it was just what I had been needing and four bottles put me in first-class condition, got me to where I could eat like a wolf and feel fine afterward. I am still in the best of health, but I always keep a bottle of Tanlac in the house just to keep on safe side."

Tanlac is sold at the Union Pharmacy, Sanford, Fla.

Warships vs. Airships.

Brisbane figures out that the cost of one warship would pay for 20,000 dynamite carrying airplanes. Twenty thousand dynamite carrying airplanes could protect the American coast against any coming of enemy ships. Why not build the airplanes and disperse with the navy altogether?—Miami Metropolis.

Fordson

FOR thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm and for the past fourteen years has devoted much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction it gives to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Fordson at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in the cultivation of the soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo cutting of wood; operation of the washing machine in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.

Warman Apartment
House**

Among the many sales of property recorded this week so far is that of the purchase of the Warman apartments at the corner of Second street and Palmetto avenue by T. J. Miller & Son. This property is one of the best locations in the city and for many years was owned by the late T. J. Cheek, who afterward sold it to the late W. A. Warman and at his death the estate decided to sell it and T. J. Miller & Son were the first bidders in the field and purchased it before any other buyers could get hold of it. Mr. Miller will place this property, which is a two-story brick building of four apartments, in first-class shape and will also use the west end of the lots for his undertaking parlors, erecting a suitable building thereon for the chapel and garage.

This property also consists of 100 feet on Palmetto avenue of vacant lot that is very valuable for building purposes and the Millers will eventually build business property along this front.

Aside from this deal T. J. Miller & Son are tearing out the balconies and the sloping floor of the old Imperial theatre building and making the floor level with the street and will make an entirely new front on Magnolia avenue and occupy this fine building for their furniture store after May 1st.

They recently sold their building on the corner of First street and Park avenue and will give up this stand on May 1st at which time it is understood the new owners of this building will tear it down and build a four-story building thereon.

These are only a few of the many changes taking place in Sanford or contemplated and shows that this city is growing by leaps and bounds but growing substantially and has no building boom or bubble to burst but a steady improvement that will make Sanford the leading city in this section in a few years.

OVIEDO NOTES

Mrs. J. B. Jones and Mrs. O. G. Wolcott spent Thursday in Orlando. Mrs. Parker and three children of Ft. Drum, Fla., spent the week end with Mrs. C. S. Lee at Lake Charm. Alton Farnell, of Sanford, spent several days at home with his parents, Mr. and Mrs. E. A. Farnell this week.

Mrs. Brown left last week for her home in Georgia after several weeks visit to her mother, Mrs. A. P. Farnell and her brother, E. A. Farnell.

Mrs. O. P. Swope and children were Sanford visitors Tuesday afternoon.

The several road meetings held in this section of Seminole county resulted in the decision of the property owners to build hard roads to connect Seminole roads with Orange county roads and also to connect with the Indian river road and hard surface, a portion of the bridge end road. This will certainly be a great benefit to Seminole county in general and especially to Oviedo, Chuluota and Geneva.

Mr. and Mrs. Frank Norris left Tuesday for their home at Graceland, Ala., after a visit of several weeks to their sister, Mrs. L. R. Mitchell.

Thos. Brown of Philadelphia, and his daughter, Miss Alice Brown, are spending several weeks with his sister, Mrs. Balderston at Lake Charm.

Mrs. N. B. Holt, of Orlando, and her daughter, Mrs. M. L. Bass, of Houston, Tex., spent several days in Oviedo last week the guests of Mrs. L. R. Mitchell.

H. W. Anderson, of Atlanta, is visiting his sister, Mrs. O. G. Wolcott, at Lake Charm.

Mr. and Mrs. S. W. Swope, Francis Swope, Miss Mable Swope, Mr. and Mrs. Frank Norris and Miss Elizabeth Lawton motored to Orlando on Tuesday afternoon.

Mrs. J. B. Jones entertained the U. D. C. chapter and the Crochet Club Tuesday afternoon.

Mrs. W. E. Argo and Palmer Argo spent Saturday in Orlando.

Rev. and Mrs. L. E. Wright, H. W. Anderson, Mrs. O. G. Wolcott and Henry Wolcott went to Daytona on Wednesday.

Mr. and Mrs. Raymond, of Syracuse, N. Y., left Tuesday for St. Petersburg after several weeks visit to Mr. and Mrs. Cotton at Lake Charm.

The Ladies Aid Society of the M. E. church had an all day sewing party at the club house Wednesday where much work for the parsonage was done.

Mrs. Johns, of Starke, left last week after a short visit to her aunt, Mrs. L. E. Jordan.

Mrs. A. K. Crawford is again able to be at her post of duty as principal of the Oviedo school after an absence of one week on account of illness.

The many friends of Mrs. Graham are grieved to hear of her illness at the home of her daughter, Mrs. H. W. Barr in Orlando. Mrs. Graham makes her home with her daughter, Mrs. L. A. Sheldon, of Oviedo, most of the time and though she has been here only a few months she has made many friends who hope for her a speedy recovery and return to Oviedo.

L. E. Wright, Jr., Mrs. H. B. McCall and Miss Ethel Taylor spent Tuesday in Sanford.

Miss Inez Strange entertained a few friends on Monday night.

Mr. and Mrs. Brenson, of Palatka, have moved to Oviedo and expect to go to housekeeping very soon. At present they are located at Hotel Oviedo.

Mr. Craun, of Orlando, was registered at Hotel Oviedo Monday night.

Miss Alice Powell, of Sanford, has replaced Miss Hodges at the telephone exchange, Miss Hodges being recalled to duty in Sanford.

Mrs. W. E. Argo and Palmer Argo spent Wednesday in Orlando.

Mrs. W. E. Luther visited Orlando Thursday.

Mrs. E. G. Hancock spent several days this week at Oakland, the guest of Mr. Hancock's parents.

Mrs. L. A. Sheldon spent Thursday in Sanford.

John Robertson spent Wednesday in Orlando.

Dr. Matherson, of Ft. Myers, is spending a few days in Oviedo attending to business.

**SALTS FINE FOR
ACHING KIDNEYS**

**WE EAT TOO MUCH MEAT
WHICH CLOGS KIDNEYS, THEN
THE BACK HURTS**

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

**HAVE DARK HAIR
AND LOOK YOUNG**

**NOBODY CAN TELL WHEN YOU
DARKEN HAIR, FADED HAIR
WITH SAGE TEA**

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

FIFTIETH ANNIVERSARY OF GOODRICH

"Best in the Long Run" is more than a phrase—it is a principle inseparably connected with the name of Goodrich. It typifies the ideal of service that governs the manufacture of every Goodrich product.

**THE REAL MEANING OF
"BEST IN THE LONG RUN"**

THE MOTTO of Goodrich, from the very first day the company started—fifty years ago—was, "Let us make goods destined for service." The thought of service dominated the work of the organization, for it was rightly realized that only upon the service the products of the company rendered to their users could an enduring concern be built.

Eventually this principle was crystallized into the five words which are now so well and widely known as the Goodrich slogan—"Best in the Long Run." It is almost as old as the history of tires for it grew out of the performance of Goodrich Tires on bicycles. And it grew into the dependability of Goodrich rubber products of all kinds.

It is not just a catch phrase. It is a plain statement of fact. It is really a mirroring of the confidence placed in Goodrich products by their users. In five words it expresses the ideals, the policies, the principles of the institution. It means the "long run" of good faith and good will—the steady building up of confidence in the minds of customers—which is the greatest asset a manufacturer can have.

Quality and service—that is how Goodrich translates this slogan into terms of longest average wear, utmost dependability and known value in all that it produces. It must be "Best in the Long Run."

FLORIDA GAINING NOTE AS MOTION PICTURE CENTER

JACKSONVILLE, Fla., March 5.—With scores of motion-picture producers wiring Murray W. Garsson, president of Fine Arts Pictures, Inc., and head of the Fine Arts City enterprise here, asking space for the permanent location of their producing companies, Florida's future as a motion-picture center of importance is declared assured. So great a volume of such telegrams and letters have been received that Mr. Garsson and the official motion picture committee of Jacksonville declare their confidence that every studio unit will be occupied and in continuous use by large and well-known producing organizations as fast as space can be provided. Throughout the motion picture industry great interest has been aroused in Florida through the announcements concerning Fine Arts City and statements in important motion picture publications regarding Mr. Garsson's plans for operation. Producers are more than anxious to avail themselves of an opportunity of working near New York. All Florida will benefit through the coming of these organizations to Fine Arts City. Already Fine Arts City organization is arranging to photograph and classify "locations" in various sections of the state which will be put on file in the information department of Fine Arts City, and will be available for the use of all directors and producing organizations operating at this city. Florida people, mindful of California's development from the motion picture industry, are extending to Fine Arts Pictures, of this enterprise and Mr. Garsson has received assurances from all parts of the state that Floridians, in general, show the same spirit that is being shown by the people of Jacksonville and this vicinity.

EXTRA SESSION CONGRESS CALLED FOR APRIL FOURTH PRESIDENT HAS ANNOUNCED

Is Lining Up the Program With Congressmen

COOLIDGE THERE

OTHER NEWS ABOUT THE AFFAIRS OF THE NATION

WASHINGTON, March 8.—President Harding announced early yesterday that the special session of congress would not be called before April 4, and might be a week later. The announcement was made after a white house dinner which Republican leaders of the senate and house attended. The conference lasted for four hours and the president said the legislative program had been discussed.

The president said this was the beginning of a program of co-operation. Various subjects were discussed, he added, in an attempt to ascertain the most important to be taken up by the next congress.

After the conference had broken up and his guests had departed, the president came out on the front porch of the white house to talk to the newspaper correspondents, about fifty of whom were present.

Asked about the special session, the president said:

"I can only say to you that it will not be earlier than April 4, and it might possibly be a week later."

"We also discussed a taxation program for the session. We were trying to determine which was the real pressing business for congress, whether it was emergency tariff legislation or a complete revision of the tax schedules."

"We passed the matter up for further conference after there has been a canvass of the committees in charge of that legislation. It means that instead of going into a session of congress without knowing whether we are going, we are trying to canvass the whole situation and arrive at a program."

"This is the beginning of the program of co-operation between the president and congress. It is an early step in the fulfillment of what I believe the best policy of conducting the government, bringing the fellows together and getting them acquainted with others' views."

The president said the army and navy matters had only been discussed very casually. The failure of the appropriation bills had been referred to, he said, in considering what the special session would have to handle.

Ratification of the Colombian treaty was mentioned, the president said but he indicated that there had been no decision. This treaty, by which the United States would pay \$25,000,000 to Colombia for the partitioning of Panama, was reported out yesterday by the senate foreign relations committee.

Opposition to the re-enactment of the Payne-Aldrich tariff law as a stop gap measure until a new law can be enacted developed at the conference, according to some of those attending.

Chairman Fordney of the house ways and means committee was said to have laid before the conference his plans for tariff revision and the proposal to re-enact the Payne-Aldrich law met with instant opposition from senators present.

President Harding said international affairs had not been, and some of the guests said, specifically, that the adoption of the Knox resolution to declare the state of war at an end, also had not entered into the discussion.

"The Rats Around My Place Were Wise," Says John Tutthill.

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with food. Saves fussing-bother. Break a cake of RAT-SNAP—lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Bull Hardware Co.

HARDING MEETS WITH HIS CABINET

WASHINGTON, March 8.—President Harding had his first meeting today with his cabinet. Vice-President Coolidge attended at President Harding's invitation and it is understood foreign affairs as well as domestic policies were discussed.

MILK REPORT GIVEN AGAIN—SAME STORY

ONLY TWO DAIRIES IN CITY COME UP TO BACTERIA TEST

The following report has been handed to City Health Officer J. N. Tolar by the state director and as usual the report will probably be filed by the city officials for future reference. Some time ago there was a big noise made here by the state and city authorities about just what the dairies had to do to get a permit to sell milk in the city limits and after the big noise had died away there was nothing more done about it and today the dairies stand just as they did before the big noise. It was also said that no dairy must go above the 200,000 mark in regard to bacteria and this has not been adhered to as witness the report of today. The Herald will not publish any more reports about the milk situation here. The Herald will not listen to any more stuff from the state board of health about what they intend to do. We do not intend to take up any more time or space with the milk question. If the city officials and the state board of health want to continue this foolish stuff that they are handing out they will have to hand it out through some other medium or come clean on this milk question as they promised to do. The following report is the last until something definite is done:

Jacksonville, March 5, 1921.

Dr. J. N. Tolar, Sanford, Florida.

Dear Doctor:

Following you will find the report on the samples of milk submitted by you, and received in the Laboratory March 3rd:

Laboratory 5753-54, G. W. Spencer Dairy: Total count 600,000; butter fat, 3.8 per cent.

Laboratory 5755-56, Paul Keely, Pinehurst Dairy: Total count, 95,000; butter fat 3.8 per cent.

Laboratory 5757-58, C. E. Henry: Total count, 290,000; butter fat, 4.8 per cent.

Laboratory 5759-60, R. L. Garrison: Total count, 250,000; butter fat, 4.2 per cent.

Laboratory 5761-62, Arthur Vaughn: Total count, 170,000; butter fat, 3.8 per cent.

Laboratory 5763-64, Charles Campbell: Total count, 950,000; butter fat, 4 per cent.

Yours very truly,
B. L. ARMS, M. D. Director,
Bureau of Diagnostic Laboratories.

COMMISSION MANAGER FORM FOR LAKE CITY, VOTED ON TODAY

LAKE CITY, Fla., March 8.—The election here today on the question of adopting commission-manager form of municipal government.

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds," declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

Theford's BLACK-DRAUGHT

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed."

Insist on the genuine—Theford's.

IN MEMORIAM, MRS. E. W. PEABODY

(From Saturday's Daily)

On last Sunday there was presented to the Truth-seekers' class of the Methodist church of Sanford an elegant chair in memory of our friend and sister, Mrs. E. W. Peabody.

This appropriate and useful gift was received by Mrs. Thornton with gracious expressions of appreciation on the part of this large and growing class of Christian women, presided over by Mrs. C. H. Smith who ministers to us every Sunday morning the good things of the Kingdom.

It was in the eighties as we remember it, that Mr. and Mrs. Peabody moved to Sanford and became identified with its early history. Those were the easy familiar days of intimate neighboring when each one was acquainted with everybody else.

Mrs. Peabody set the good example for later residents by early identifying herself with the church of her choice—the Methodist. It was at her altars her children were reared, and into whose arms she desired they should be folded.

She was practical in her devotion. Like Martha, of old, she was happy to minister to the family who occupied the parsonage; and many a weary itinerant may rise up and call her "blessed." In the sweet eternities they will be greeting her. It may be that the old, time ties will be renewed and tender hospitalities extended, more delightful than earth can ever afford!

The Sanford colony upon the heavenly heights is growing larger and larger. May we all be so loyal and true to our highest interests that our claim for citizenship in that radiant land, where the sun never sets and the light of love and peace never grows dim, may be easily established.

It singeth low in every heart;

We hear it, one and all—
A song of those who answer not,
However, we may call.

They throng the silence of the breast;
We see them as of yore—
The kind, the true, the brave, the sweet,
Who walk with us no more.

'Tis hard to take the burdens up
When those have laid them down;
They brightened all the joy of life
They softened every frown.

But, O, 'tis good to think of them
When we are troubled sore;
Thanks be to God that such have been
Although they are no more.

More home-like seems the vast unknown
Since they have entered there;
To follow them were not so hard,
Wherever they may fare.

They cannot be where God is not
On any sea or shore;
What e'er betides, thy love abides—
Our God forevermore.

How beautiful to hear "Well done
Thy glorious warfare past,
The battle's fought—the race is won,
And thou art crowned at last."

Eight Hundred Chinese Drowned Near Hongkong

(By The Associated Press)

HONGKONG, March 8.—More than eight hundred Chinese are believed to have been drowned in a wreck of a steamer, Hongmoh, off port of Swatow March 3, news of which were received today. The steamer carried 1,100 Chinese on its last trip and only 248 were reported rescued.

KU KLUX IN LAKELAND

LAKELAND, Mar. 6.—This town was the scene last night of a parade of the Ku Klux Klan, which marched 100 strong, on foot, and carried the flaming cross of the order and the American flag, through the town.

About 9:00 o'clock two Ku Klux knights, mounted and wearing the garb of the order, rode through the streets, announcing the coming of the Klan, which appeared at 10:00 o'clock. The parade on foot marched from the residential section on the south side of the town through the business section, and thence through the north side, where the negro quarters are located, and where the Johnny J. Jones shows are playing.

Arriving at the show grounds the members disbanded and retired from the view, still wearing their disguises.

CAIT. JOHN WIMBISH BECOMES RESIDENT HERE; BUYS FINE HOME

(From Tuesday's Daily)

Sanford has added another fine citizen in the person of Capt. John Wimbish, of Winston-Salem, N. C., who recently purchased the Welaka Block, one of the finest business blocks in the city and after looking over Sanford decided to not only invest his money in business property but to live here. As there are no houses to rent and as Captain Wimbish has a wife and nine children it takes a large house to hold them and the choice of Captain Wimbish after looking over the available homes was the Henry Wight home at the corner of Park avenue and Third street. This is one of the most desirable homes in the city and Capt. Wimbish and family are fortunate in securing such a fine location. He returns to Winston-Salem today and will come back to Sanford in a few weeks with the family and they will make Sanford their future home where Captain Wimbish will take an active part in the upbuilding of Sanford and intends to bring many of his former associates in North Carolina here to invest their money. He states without any reservations that Sanford has the finest location for a big city that he has seen in this or any other state and that he will have no hesitancy in asking his North Carolina friends to place their money in the many good investments that this city offers.

Sanford will give the Wimbish family a warm welcome for they are the kind of people that we need here.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities. Is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Gluten gives flour a good part of its food value—the element that nourishes the body. To be sure of getting it, use only pure baking powder with plain flour. (not self-rising flour).
