FINAL COMMENCEMENT EXERCISES

CITY SCHOOLS FORMALLY CLOSE ON FRIDAY EVENING WITH APPROPRIATE CEREMONIES

Commencement exercises at the Sanford High School closed on Friday evening, May 9th with the graduation exercises of the Senior Class of the High School.

The Commencement exercises of Sunday and Tuesday evenings were published in the Herald of last week. Other exercises of the week were as follows:

Eighth Grade Graduation

The Eighth Grade held their graduation exercises at the High School auditorium on Wednesday evening.

The class colors, pink and green were beautifully carried out in the decorations, graceful palms, ferns and cut flowers being used.

The entire program was grouped around the thought of their motto, "Victory."

The invocation by Rev. C. DeW. Brower was followed by the address of welcome by Erminia Houser. Happy in her manner and most choice in her words of appreciation in her work of the school, giving altogether a most pleasing greeting.

Lillie Ruth Spencer delighted her hearers with a vocal solo, "Send Me a Rose from Home Land." Florence Witte, one of Sanford's most promising musicians gave a violin solo, which was thoroughly enjoyed by all.

The valedictory was delivered in admirable style by Gordon Brisson who seemed perfectly at home on the stage.

Mrs. George Dickenson, principal of the Grammar School presented the diplomas to a splendid class of fifty-four bright boys and girls.

The address by Rev. C. W. White, who took for his subject, "God's call to a greater work and how to do it," was greatly enjoyed by all. He spoke of some people having lack of self confidence, also lack of confidence in others and how they should overcome it, if they wished to make a success of life.

Then he spoke of what was in our hands. It matters not so much as to whether there has been bestowed five, two or one talents but the use we are going to make of them. Dr. White then said, "Do not think the door of opportunity is closed to you because you haven't money or influential friends. All that is required is a wisely purpose and a willingness to pay the price, which is continuous application." He then told stories to illustrate the points.

Junior-Senior Reception

The Juniors proved themselves the most delightful hosts and hostesses when they entertained the Seniors Thursday evening at the High School from 9:30 to 12:30 o'clock.

The halls, reception rooms and auditorium was most artistically decorated in Spanish hues, ferns, palms, cut flowers and crepe paper festoons in white and purple. All the lights, with their purple covers, resembling huge purple iris.

In the reception room and hall were immense punch bowls, almost hidden in their beds of flowers and moss. These were gracefully presided over by Misses Margaret Zachary and Florence Henry, who were assisted by Billie Fitts and Fay Loring.

Misses Carolyn Spencer and Julia Zachary in the daintiest of frocks of Georgette crepe met the guests at the door, introducing them to Miss Marian Clark, who wore a wonderful creation of tulle, silver lace and panne velvet, who acted as mistress of ceremony. Miss Clark then introduced the guests to the officers of the Junior Class and the guests of honor. The officers in the receiving line were Miss Adela Rines, president of the class, who wore a becoming dress of pink Georgette crepe; Miss Anna Mason, the vice president at-

tractive in a green costume; Miss Cora Lee Tills, secretary, wore the daintiest frock of white beaded Georgette. The Seniors all wore their caps and gowns.

A Victrola stationed in the hall furnished the most delightful music throughout the evening.

After the guests had been introduced to the honorees they were invited into the auditorium where they were agreeably surprised by a little farce, written and acted by the Juniors, each one representing a dignified Senior. Miss Ethel Henry proved the most beautiful and adorable queen, representing Miss Helen Hand, the popular president of the Senior Class. Glenn Lingle, as the court jester made a decided hit, he representing Le Clerq Irwin. Henry McLaulin, as the wise and learned Max Bradbury was especially good. The Court Beauties, clowns and other members of the cast carried out their parts beautifully and the Juniors are to be congratulated upon their work.

After the play, the guests were invited downstairs to the dining room, which was converted into a veritable fairy land, with its wonderful decorations. The guests were seated at small tables, seating four, each table having a centerpiece of flowers. The Court Beauties in their dainty costumes of white and purple crepe paper served the guests the most delicious chicken salad, olives and saltines.

At a late hour the guests departed for their homes, vowing the Juniors as the best of hosts, and saying this was the most delightful reception ever given at the High School.

Class Day

Despite the threatening weather an immense crowd of friends, relatives and admirers of the popular members of the Senior Class attended the Class Day exercises at the High School Friday afternoon at 5 o'clock. The exercises were more beautiful and elaborate this year than ever before, both due to the unusual dramatic and vocal talent of the members of this class.

A platform had been built at the side entrance of the High School and it was here that the program was carried out. This being artistically decorated with Spanish moss and

WORK BEGINS ON THE NEW HOTEL

CONTRACT FORMALLY SIGNED ON TUESDAY BY BOARD OF DIRECTORS AND CONTRACTOR

The contract has been formally signed for the reconstruction work on the New Valdez Hotel. This was consummated at a special meeting of the board of directors held on Tuesday of this week.

W. P. Richardson of the firm of Richardson & Co. was present at the meeting and several items in the tentative contract were changed to suit the ideas of the board.

Machinery is already on the way and on the track in the Sanford yards for the work of construction and men are arriving every day to begin work. It is expected that actual work will be begun on Monday next although there are several tenants still in the building including the county officers. These will not hinder the initial work, however, and they will be allowed to remain a few days or until they are able to move into the new court house which is being rapidly finished.

Under the terms of the contract the work is to be completed and ready for occupancy within six months from the time actual work starts. This will set the time for completion at November 15th or in time for the tourist season.

France, having been discharged. He spent a number of months in France and saw his share of actual service at the front.

MRS. GEO. H. FERNALD PRESENTS BEAUTIFUL HOME TO SANFORD

COUNCIL MET YESTERDAY AND FORMALLY ACCEPTED GENEROUS OFFER AND FINAL ARRANGEMENTS FOR TAKING CHARGE OF PROPERTY WILL BE COMPLETED IN FEW DAYS.

After many years of effort, with little progress, Sanford is now in a fair way to have a beautiful city hospital.

The announcement was made yesterday that Mrs. Geo. H. Fernald had offered her beautiful home at the corner of Fifth street and Oak avenue to the city as a memorial to her husband and mother to be used by the city as a hospital. The offer was made to the city council which met yesterday morning at 10:00 o'clock and formally accepted the proposition of Mrs. Fernald and instructed the city attorney to confer with representatives of Mrs. Fernald as to the final arrangements and the transfer of the property. The only cost to the city will be a small annual interest during Mrs. Fernald's life.

This transaction is considered the most important happening in city affairs for many months. The city is badly in need of a hospital and while efforts to obtain one have been made in times past they have never met with success. Geo. H. Fernald before his death was one of the prime factors in the movement to build a hospital. In his efforts he was aided by Mrs. Fernald and Eliza J. Laughton, her mother, and many other citizens. The Sanford Hospital Association which was established at that time has succeeded in raising a fund of approximately \$2,500 and in addition have several lots in the southern part of the city which were intended for a building site for the proposed hospital. It is expected that the Association will turn over to the city all money and property in their possession to be used in equipping and maintaining the new institution.

The offer made by Mrs. Fernald comes from a generous hearted desire to be of service to the people of the city in which she and her late husband have made their home for many years. They were pioneers in Sanford, coming here in the early days, where Geo. H. Fernald established the hardware business which bears his name. Mr. and Mrs. Fernald were always leaders in the affairs of the city in both a business and social way. Up to the time of

his death Geo. H. Fernald held a firm hand upon the affairs of his business and this company was second to none in central Florida. With no children or immediate relatives dependent upon her, Mrs. Fernald has expressed a desire to leave this beautiful home, together with the furniture and elegant library to the city as a memorial to her husband, George Huntington Fernald and her mother, Eliza J. Laughton. The home was a gift to her from her husband and the furniture from her mother. Much of the furnishings of the home have been in the family for generations.

The property is said to be the most valuable home in the city. It was built eight years ago by Mr. Fernald who spared no expense to make a substantial, commodious and comfortable home. The building is of brick with tiled roof and will stand for generations without depreciation. In addition to the main building there is a cottage facing on Oak avenue which goes with the property and a servant's house facing on Fifth street. These properties are included in the gift to the city.

Without solicitation a neat sum has already been promised for maintenance and no doubt more will be subscribed when the matter is formally settled. One of the stipulations of the proposed contract is to the effect that the hospital must be kept up to highest standard at all times. The present building will accommodate approximately twenty beds which will be ample for present needs. This will give Sanford a hospital of which she may justly be proud and will fill a long felt want.

Fortunately, there will be few changes necessary to convert this property into a modern hospital. It is believed that the proceeds from the sale of such furniture as is unnecessary to the uses of the hospital will provide ample funds for this work.

Hickson-Howard
A beautiful wedding took place on Wednesday high noon at the home of Mr. and Mrs. E. M. Howard, when their daughter, Miss Ellie Mae

was united in holy matrimony to Mr. Robert Jack Hickson. The room of the residence were beautifully decorated with cut flowers, palms and quantities of ferns. In the parlor where the wedding took place a green and white color motif was artistically carried out with oleander and ferns. Rev. C. W. White of the Methodist church performing the ceremony in the presence of relatives and most intimate friends of the bride and bridegroom. The bride was charming in a traveling suit of blue taffeta silk and a becoming chic hat of black with a touch of blue.

Following the ceremony a course luncheon was served, the dining room being decorated in pink and green.

Miss Howard is a most charming young woman and possesses a host of friends who extend to her many good wishes.

Mr. Hickson is a young man of sterling qualities and one of Sanford's most progressive celery growers.

The happy couple left in Mr. Hickson's car for a trip down the West Coast, stopping at Lakeland and Tampa. They will be at home after May 28th.

Shinholser Making Crates

A very welcome and much needed industry has made its appearance in Sanford this season without any blare of trumpets or other publicity. This is the crate mill being operated by S. O. Shinholser at his novelty works shop on the A. C. L. track near First street.

This new plant is turning out celery crates, and while the capacity is not large it has helped materially this season in supplying crates at a time when they were badly needed. The farmers of the section are using the Shinholser crate as fast as the plant is able to turn them out and when seen, yesterday Mr. Shinholser stated that he could have sold many times the output of his plant if he could have been able to have supplied the crates.

Word has been received from Harold Long, son of Mr. and Mrs. W. W. Long that he has arrived in America from France and expects to be discharged in a few days. Harold was among the very first American soldiers to reach foreign shores.

CITY CHARTER BILL INTRODUCED WED.

BROUGHT BEFORE HOUSE BY HON. F. L. WOODRUFF, REPRESENTATIVE OF THIS COUNTY ON WEDNESDAY

The bill providing for the new Commission-Manager charter for the city was introduced in the house Wednesday by Hon. F. L. Woodruff of Seminole. Typewritten copies were mailed to Mr. Woodruff on Monday of this week and from appearances the representative from this district lost no time in getting the bill introduced.

The new city charter contains over ninety typewritten sheets of legal paper and the committee having this work in charge have certainly had a task to perform in getting this work out.

Five copies were made, of which four were required to be sent to the legislature. The remaining copy is on file in the Herald office where any citizen, taxpayer, voter or interested person may examine this document. It is hoped that this charter may be read by those who are interested, and while the election, if the bill passes will not be held for some time it behooves the people of the city to familiarize themselves with the proposed charter in order that they may discuss the matter and vote intelligently.

No funds are available for printing the charter but if the bill passes it is probable that some arrangements may be made whereby the charter may be issued in printed form in order that voters may have a copy.

FOCH READY MARCH THRU GERMANY

WILL PROCEED WITH INVASION OF GERMAN TERRITORY UNLESS PEACE TREATY IS SIGNED BY GERMANS

Paris, May 15--Immediate measures tending to the further subjugation of Germany if its delegates refuse to sign the peace treaty were indicated today by the announcement that Marshal Foch had been sent to the Rhine by the Council of Four to take such action as may become necessary in the event that the treaty is not signed.

Answers of the Council of Four to the German notes on prisoners of war and labor subjects were delivered this afternoon.

One of the later German notes, dealing with economic clauses of the treaty, declares that they mean the ruin of Germany if they are enforced.

A note on territorial questions protests particularly against the Saar valley arrangement and the Malmedy, Morosnet and Eupen districts award to Belgium, as well as the enforced evacuation of a part of Schleswig.

A note on reparations does not protest against the payment by Germany for the devastation wrought in Belgium and northern France, which, it says, Germany is ready to do willingly. It is added, however, that Germany will not pay reparations for this damage on the principle that she was responsible for the war.

Presbyterian Church

At 11:45 Sunday morning the pastor will illustrate how the Bible is intended to be used in meeting temptation. This will be the first of a number of sermons in which the practical service of God's Word will be shown.

Last Sunday there was an impressive ordination and installation service. Mr. D. L. Thrasher was installed an elder and Messrs. C. E. Henry, W. M. McKinnon and J. M. Neely were ordained and installed deacons. This gives the church six elders and nine deacons. Two were received into the church.

We are hoping for a large crowd at Sunday school at 10:30 as a surprise to the superintendent, Mr. H. C. DuBois, who is a commissioner from the Presbytery to the General Assembly in New Orleans. The attendance will be wired Mr. DuBois Monday morning.

Moving Day at Court House

Today is "moving day" for the Court House officials. They are moving from the Welborne block which has been their official home since the organization of the county to the beautiful new Court House recently purchased by the county from the Elks and which has been remodelled and made into one of the best small court house buildings in the state.

It is expected that the officers will be thoroughly settled in their new quarters by Monday and ready for business, although they will handle any matters which require immediate attention either today or tomorrow if brought to them.

SEMINOLE COUNTY VOTED \$350,000.00 FOR GOOD ROADS ON LAST TUESDAY

By a vote of 314 to 49 Seminole County voted on Tuesday to bond for \$350,000 for additional hard surfaced roads throughout the county.

This matter has been agitated for some time and the people of the county are familiar with the proposition. Suffice to say that Seminole will be second to no county in the state of like size and character in the matter of good roads when the proposed roads are completed.

While the election was quiet, the vote in some precincts was larger than the usual bond election brings out. The people of the county have always voted for good roads and it has become rather a matter of fact proposition that road and other improvements bonds will carry. For this reason many do not vote who otherwise would not miss an opportunity.

The vote by precincts was as follows:

Precinct No.	Location	For Bonds	Against Bonds
1	Sanford (West Side)	78	11
2	Monroe	24	1
3	Sanford (East Side)	109	3
4	Paola	8	9

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

UPSALA AND GRAPEVILLE
Sunday school at 3 o'clock next Sunday. Last time we missed Rev. Ericson as he was absent, preaching at his old charge at Ethel, so Geo. Ballinger as assistant acted in his place.

Rev. Brower came out on his wheel giving us one of the best of sermons.

Sorry we were in error in regard to Rev. Swanbon as he is coming out next Monday night instead of this week.

Mrs. John Lundquist visited with her old neighbor, Mrs. Bengston last Friday at the home of her daughter, Mrs. Tyner.

Notice that Paul Keely and wife are having a private line put in on the phone and also that they are enjoying a fine new car.

Elmer Tyner remembered his mother with a pretty dinner set of bluebird china ware.

Among those attending the eighth grade graduation in town in honor of Margaret Ericson, one of the graduates were her parents, Mr. and Mrs. Alfred Ericson and children who went with Carl Pierson; Mr. and Mrs. Emil Magnuson and Mrs. John Borell and nephew, Woodward Bertleson; Mr. and Mrs. Edwin Lundquist and mother, Mrs. J. C. Lundquist.

Mr. and Mrs. Volle Williams, with his father and mother, Mr. and Mrs. C. M. Williams and their daughter, Miss Edna, of Sanford have recently purchased the T. J. Miller property in Grapeville, which was long owned by Mr. Alex Vaughan, consisting of ten acres, a fine grove and a large comfortable house. They are moving out this week and we gladly welcome them to our community.

We believe the one or two empty

houses here will soon be taken when we get the good roads, as we are a nice distance from town.

One of the large sections of land lying just outside the limits west of Goldsboro, 100 acres in all, we are told has a force of men putting it in shape for gardening and the charges of dynamite fairly shake the ground as the stumps come out. Fish & Fish of DeLand are the owners and this is a part of some of the big deals mentioned by the editor.

Mr. and Mrs. Emmet Hardt and little son of Connecticut and a sister, Mrs. DeKamp of Ocala who have been touring the state in the latter's auto for his health were guests Monday at the home of Barney Beck and calling on friends in Grapeville Tuesday. He and his brother were owners of the Fitts truck farm.

WEKIWA

Albert White of Mims was seen in Wekiwa Sunday. He is a former resident of our little city.

Flora Brockway is visiting her friend, May Ward in Coleman. She is expected home next Sunday.

Joe McAllister has arrived safely in Norwalk, Ohio. He reports a very pleasant trip and is expecting to go on to Michigan soon.

R. B. Basket and wife returned last week after spending two years in Cuba.

Lieut. A. J. O. Von Herbulis surprised his friends by getting off the train Tuesday night. He started for Camp Jackson, September, 1917. During this time he has risen from the rank of a private to that of 2nd Lieutenant. We are proud of our soldier boys.

F. A. Rish and family and Mrs. N. A. Brockway and daughter, Eula, spent Sunday afternoon at W. O. Holiday.

Rev. Allen gave us a good sermon Sunday morning but Mr. Knorr of Moore's Station, came over and took him over there to attend a special young people's meeting in the evening, so we had no night service.

LAKE MARY ITEMS

Mrs. W. A. Ginn of Sanford was a business visitor here Wednesday morning.

Mrs. Frank Long of Titusville, who is visiting here, reports that she has just returned from a trip to Florida. She reports that she has seen several of the new buildings that are being built in the winter home here.

Miss S. Blom came home Friday afternoon, having received his discharge from the army. He had been in the other side since August, 1918, and got some

rather close calls but does not regret his trip at any rate.

Mr. and Mrs. Will Evans and children came up from Tampa Friday and spent the week-end with the home folks here. Mrs. Evans' father, Mr. Bray of Winter Garden made them a visit a short time ago and while there he presented them with a nice home ready furnished in the city of Tampa.

W. V. Dunn and family, H. D. Durant and family accompanied by Miss Amanda Sjoblom of Lake Mary and P. D. Pruitt and family of Longwood, accompanied by Ray Pardin of Lake Howell, all motored to Oakland Sunday and spent the day at the home of Mr. and Mrs. Harold Houshion. At dinner time an elegant basket dinner was served on shore of Lake Apopka where everyone more than did their duty.

Mrs. Sjoblom received the sad news this week of the death of her father, S. A. Faltskog, of Stockholm, Sweden. He was nearing his 80th year at the time of his death.

C. A. Farnio has purchased a new Ford car this week.

ELDER SPRINGS

No one has enjoyed the rain more than this section. They had a fine day.

Our regular preaching services were held at 11 o'clock Sunday, last week. A large collection was taken in the Centenary Movement. We expect to go over the top and show what kind of Methodists we are. Will have services morning and night next Sunday. Bro. Ross from overboard, having received his discharge from the army. He had been in the other side since August, 1918, and got some

Mrs. J. H. Wagon attended the graduation exercises in Titusville, and was successful in her efforts.

M. E. Smith and family spent the week end at Coronado Beach.

Mr. and Mrs. B. J. Overstreet were dinner guests of Mrs. J. M. Lord Sunday.

If you have any kick coming on Seminole humpy brick road cross the ferry and proceed as far as New Smyrna, then turn around and come back, when you get on Seminole brick again you will shout your praise.

Mr. and Mrs. C. R. Lord, Mr. and Mrs. Ed. Humphrey were recent visitors to the beach.

Mr. and Mrs. E. C. Bowman spent Sunday with home folks.

Quite a large crowd enjoyed a fish fry at Cameron dipping vat last week. Plenty of excitement free.

EAST SANFORD

New officers for the Epworth League were elected Sunday evening at Moore's Station church as follows: Miss Helen Choprening, president; Miss Nellie Long, vice president; Miss Winnie Knight, secretary; Mrs. C. E. Choprening as treasurer; Miss Ruby Hart, organist. Rev. J. R. Allen was over from Enterprise to assist at the installation.

There was quite a large delegation from town Sunday evening to join the Sunday school service at Moore's Station church. E. A. Douglass gave a very interesting talk that was well received.

Rev. J. R. Allen will be unable to attend the appointment at Moore's Station church Sunday.

Mr. and Mrs. Edgar E. Brown and their aunt, Mrs. Ellen Gordon, are leaving on next Monday night for their summer home in Ft. Pierce. We understand they have sold their beautiful home on the lake and gone to John W. who will with his mother take possession very soon.

Mr. and Mrs. Brown have stored their household goods in town and will return next fall to East Sanford it is hoped by their many friends.

Mr. and Mrs. A. P. Stone have returned to their home in Lansing, Michigan, after passing the last year and a half with their son, A. L. Stone and family of Cameron avenue.

Mr. and Mrs. A. H. Stone of Cameron avenue had as recent guests their relatives, Mr. and Mrs. Everly who were en route from their winter home at Lake Worth to their northern home at Ripou, Wisconsin in their car.

Mr. and Mrs. G. C. Chamberlain have taken an attractive cottage on Ocean Drive, Daytona Beach for the summer, and went over Friday, returning Tuesday. Mrs. Chamberlain's aunt, Mrs. Louvica Paige was their guest, and Mr. and Mrs. W. W. Dressor and daughter were their over Sunday guests.

Mrs. Louvica Paige who has been the guest of her daughter, Mrs. W. W. Dressor for several months is leaving on the boat Thursday to take passage on the Mohawk for her home in Watertown, N. Y., and will join the Traver family for the trip. Watertown friends who winter in Orlando.

Mrs. Jennie Sheehan and children, Elma and Earl who have spent the winter with her aunt, Mrs. Ross Long are leaving this week for their home at Tennessee Pass, Pikes Peak, Colorado. They will visit in New Martinsburg, West Virginia en route. This is their second winter here.

Miss Amie Moore arrived here last week from south Florida to spend some time with her aunt, Mrs. Joe Cameron and family.

Mrs. Tina Warren Beatty was taken to the Orange County General Hospital, Orlando Sunday morning for care and treatment. Seminole County Red Cross is paying the bills and others have helped to make

COUNTY HAPPENINGS

(Continued from page 2)

It came about. Mrs. Beatty was very thankful to go and appreciate greatly the kindness shown her. She has been ill five months.

Everybody took the family cow to the dip vat again Saturday.

Mr. and Mrs. C. Boyce Bell and son, Wallace are leaving in their car this week for their summer home in Charlotte, N. C.

We are told John Russell has bought the Brady farm of forty acres of highly improved land situated on Celery and Beardall avenues.

Mr. Russell has now quite a farm as he already had sixty acres located on Beardall and Geneva avenues.

Mr. and Mrs. Lionel Sipes and little son arrived home a short time ago from a year spent in Jacksonville.

WEST GENEVA AVENUE
Sweet potato planting time is at hand and the good rains are fine to help them start growing.

The corn crop is looking fine since the rain. I see several tomato crops are dropping off. It must be what is called the blight.

There is nothing like having a plenty of all kinds of vegetables in the garden. Then we know we will have a plenty of something good to eat at home. People can raise plenty of home food if they will only try and do so much better in taste than what we buy from stores. Raising food beats going to the pocket for everything we eat.

Mr. and Mrs. Joe Fortner were callers at Mr. and Mrs. Tom Fortner Sunday.

Mrs. Nicola is on the sick list this week again.

We are having some warm weather now. The sun is so hot until it makes people want to hunt the shady places.

Watermelon time will soon be here then we can sit in the shade and eat the ice cold melons and keep cool and be happy.

Mr. and Mrs. Nienda, Mr. and Mrs. Neal Culp and Mrs. Will Rob-

inson and daughter, Miss Gladys Robinson were pleasant callers at Mrs. Jack Vaughn's Sunday afternoon.

The cattle dipping is Saturday again and it makes it hard on the most of owners for Saturday is our grocery day and clean up day, and mostly the woman has to carry the cattle and it isn't very convenient for them to do so on Saturday.

Mr. and Mrs. Will Robinson and family made another fishing trip to the river Tuesday. Fish seem to be biting good now.

Mrs. Vaughn was in the city Tuesday but didn't enjoy the trip very much it was so hot and dry.

When we get the brick road to the city everything will go all right then.

Everything is getting mighty dry again. Rain is needed bad.

The hot and dry weather makes people feel bad. Everyone round is complaining of feeling bad.

From the looks of the fine pepper fields this year peppers will be plentiful. I think everybody has some growing. We all can put up peppers for winter use.

The boys are still coming from overseas. They will all get back home after awhile and we will all be glad when the last one gets back.

I see by the World that the ex-kaiser has been arrested. I guess he will hate to leave Holland. He has had such good treatment. He will have to give up sawing wood.

OVIEDO

Our soldier boys keep coming home. This time it's Lt. W. A. Patterson and Ouis Mapp.

Mr. and Mrs. David Spear, Sheriff Brady and Miss Julia Laing of Sanford attended the Sunday school picnic here last Saturday.

Miss Edna Gieger also came over from Orlando. Those attending from Oviedo were Rev. and Mrs. L. E. Wright and family and Mrs. Willa Lee and baby.

Mrs. W. H. Raulerson of Palm Beach and her son, Edwin Raulerson spent the week end with Mr. and Mrs. Geo. Matthews.

Irwin Grier of Palm Beach is visiting his grandfather, Mr. I. D. Hart.

OVIEDO

Mr. and Mrs. Guy Ackerman of Sanford spent a few days this week with T. L. Cushing.

C. A. Brannon of Plant City spent Sunday in Oviedo.

Let Us Examine the Question of Peace

THE QUESTION OF PEACE is of more importance than all other questions combined for it comprehends all other questions and involves every phase of human existence. Yes, it is a very simple question.

There is no question that so thoroughly concerns the people of the world as the Question of Peace. But, paradoxical as it may seem, there is no other question so little considered. There is a lot of talk about a secretly connected autocratic, dictatorial thing called "peace," but the question of Peace—Real Peace—is not considered.

There has been a document drawn up by the supreme war lords of the earth called a "treaty of peace," which is supposed to establish "universal," "eternal," "durable" peace—but will it? War lords have drawn up "treaties of peace" before. There has been many a "league of nations" before. But what has been the result? The world war and present chaotic condition of the world is the answer.

We are told that this "treaty of peace" and "league of nations" complicated complication of complications is the longest ever drawn. It is obviously the greatest complication ever conceived. It is also obvious that complications is one of the fundamental troubles of the world—and one of the fundamental causes of war.

We are also told, by way of recommendation, that over one thousand experts labored for three and one half months to draw up that document of "peace" that is expected to "save the world," and that it contains eighty thousand words. Nevertheless, a million experts could not find any basis for Peace or Salvation therein whatever.

But it does not require an expert to see that said document does not remove a single, solitary cause of War—but does the exact opposite.

You do not have to read the document to verify the above statement—you do not have to even read the "official summary" of said document—you only have to glance at the subheads of said summary—and use your common sense—and you will KNOW that it does not remove a single, solitary cause of war or establish a single, solitary basis for PEACE—but does the exact opposite.

Remove the cause—is the only common sense or scientific way to remove any trouble. Remove the cause, and there will be no war. There is no other way.

It is obvious that the war lords, diplomats and experts have not exerted any effort whatever to determine the cause of war.

It is also obvious that their every effort has been to establish "peace and safety" for those things which constitute the fundamental cause of war—and oppress the vast majority.

Shall we stick our head into the elaborately camouflaged foreign nose they have prepared for us in every wrangle between foreign bands of robbers, intriguers and oppressors?

Shall we become confederated with nations which have such infamous records that they are suspicious of every act of each other?

Has not our President told us that such is the case? Do we not know that it is true? Have they not been knocking each other from time immemorial? Are we sure that they are not also suspicious of US?

If we want to help them we had better go about it in some way other than muzzling ourselves to them in a "league of nations."

To undertake to become their keeper or co-keeper would doubtless prove as repugnant to them, as it would to US for them to become ours—but such is substantially the proposed arrangement.

THE QUESTION OF PEACE is so profoundly simple that a child can understand it. But it seems to be beyond the comprehension of the complicated mentalities of the war lords, diplomats and "experts," and their hypothetical way of thinking—it is also too deep for them—for all materialists are superficial thinkers—they never comprehend the basic cause of anything.

The nations are run on a basis of INEQUITY—both internally and externally. And it is the establishment of "peace and safety" for these unhuman and inhuman systems of universal inequity and oppression that engages the attention of the "ambassadors of peace," the cause of the poor the vast majority is far from them.

As long as there is inequity there will go strife internally and externally. Is anything clearer or surer than that? Is anything simpler than that? Is not the oppressed majority entitled to Peace, Comfort and Happiness?

Then why not establish a standard and system of UNIVERSAL EQUITY? Why not make the world a decent place to live in? Why not establish Real Peace Peace that means Peace, Safety and Plenty for every one in the Universe—Universal Peace. There is only one way to do it.

Tires That Give Extra Mileage Are Money Saving Tires to Use

The extra mileage costs you nothing. You usually get more than two miles of service for every mile you buy—a substantial saving of tire money which you cannot well afford to overlook.

"Southern" Tires are built by hand. The fabric is extra strong long staple Sea Island cotton. The rubber is new and live, cured to just the right degree to give long life, toughness, resiliency and strength.

"Southern Tires Are Thick Tires"

"Southern" Tires are easy-riding, friction resisting and very hard to puncture. The treads are one-eighth to one-fourth of an inch thicker than those of most other tires selling at about the same price.

Japan's beautiful manners do not prevent her being an expert grabber.

Blessed are the inconspicuous! It is true they are not overburdened with bouquets, but neither do they receive bombs.

The little May-day remembrance sent to Federal Judge Landis of Chicago was quite unnecessary. He blows up frequently enough without the aid of a bomb.

Russia has issued an ultimatum against Roumania, and it will perhaps be effective. We have occasionally known Ma to issue an ultimatum against Pa, and she has nearly always gained her point.

Until the luxury tax came into effect, perhaps you did not know that candy and ice cream and chewing gum and face powder were luxuries. You will not, however, entertain any doubts on this head for some time to come.

Live and learn! A year ago how many of us had heard of Chateau Thierry or the Argonne forest? Or how many suspected that the disposition of the Hungarian, support of France would make any difference in our young lives?

The war people of our world are studying the question whether prices have risen or the value of currency has depreciated. But when we are paying 70 cents a pound for butter, it is not the reason as much as the fact which disturbs us.

The contract has been let for the building of the new Vaudeville Hotel. Let's all get behind this matter and help boost. The assistance of every man in Sanford is needed to push this work to completion in time for next winter's business.

At the Herald office may be found a copy of the proposed city charter for inspection by the public. You are perfectly welcome to come in and inspect to your heart's content. A private office will be furnished you and every effort made to make you comfortable while poring over the rules and regulations of the "New Sanford."

As stated heretofore, we knew the people of Seminole would do the right thing at the right time in regard to the road bonds. By a vote of seven to one they accepted a bond issue of \$350,000 for more good roads in the county on Tuesday. Seminole will now continue in the place she holds as having the best road of any county of her size in the state.

The Treasury Department has been urged to coin a half cent piece. If the petitioners can point to anything that can be bought for a half cent nowadays, the Treasury will probably give their request some consideration.

There are more luxuries in France than in this country. Where anthracite coal is \$80.00 a ton, butter \$1.40 a pound, beefsteak \$1.00 and up, eggs \$1.60 a dozen and milk 20 cents a quart, these must all be reckoned as luxuries.

THE SANFORD HOSPITAL
The Herald wishes to congratulate Mrs. Geo. H. Fernald upon being big hearted enough to offer her beautiful home to the city as a gift for a city hospital. Nothing but a love for her fellow beings could have prompted this noble woman to make this offer to the city, for it is generally known that she has had an offer

from a Sanford man to purchase this home at a good price and this was rejected in order that the sick and afflicted of our city might have a haven wherein they might have their physical wants cared for.

The city will have in this new hospital an institution of which we may justly be proud if present plans carry. We would suggest that the naming of this hospital be accorded to Mrs. Fernald and that the name of Fernald and Laughton be incorporated therein that the memory and name of the Fernalds and Mrs. Laughton may go on down through generations to come.

LOCAL IMPROVEMENTS
The successful business man must base his life upon honor and integrity. Beyond and outside of these, he must have the compound of initiative, aggressiveness, determination, practicability and vision which America, in her love for condensation has chosen to style "pep."

The successful, wide awake and progressive town must possess the same qualities. It must have the judgment to realize that its prosperity and growth depend on the home advantages and business advantages which it can offer. And it must have vision enough to see that expenditures which secure these advantages are not an extravagance, but an asset.

Money spent in local improvements such as public buildings, schools, good roads, sewers, city water, gas and electric light is money well spent. Undertaking any of these improvements is like making an excellent investment, which is bound to return dividends. The gain to the town reacts to the comfort and benefit of every citizen.

Who wants to live in a town without "pep," a town which drags out its monotonous existence without growth or improvement? When the question of a local improvement comes up, stand behind it, "hooray" it, work for it, vote for it. Install local improvements, and you will see your town sought by business enterprises and manufacturing.

Stand up for local improvements first, last and all the time, and you will make your home town a desirable place of residence and a progressive business center.

Y. M. C. A. Camp for Boys

On June 2nd the First Training Camp for Older Boys will be held on the site of the Florida Y. M. C. A. which is located at Frostproof on Lake Istapogooxee. Polk county is famous for its splendid asphalt roads which make the camp accessible by automobile and it can be easily reached by rail as well. The purpose of this camp is the training of older-boys for places of leadership in their schools and communities and it will be the aim to so plan a program that will challenge them to lives of service. This camp is not held for the mere purpose of recreation but rather recreation. It is hoped to have some of the strongest men present who can help mold the lives of these boys along the lines that will make them better citizens.

Further information can be had by writing W. F. McCandless, State Secretary for Boys' Work, Y. M. C. A. Jacksonville.

Sallie Harrison Chapter

The regular monthly meeting of the Sallie Harrison Chapter, N. S. D. A. R., was held at the home of Mrs. G. L. Loucks, Historian of the Chapter, April 11, 1919.

After the order of business a social hour was enjoyed.

By courtesy of Mrs. Henry Wight the hostess had many wonderful festive war relics and trophies of Mr. Fred Wight to exhibit. They were very much appreciated by the Daughters.

Mrs. Loucks, assisted by Mrs. Watson served delicious strawberry cream and cake. The favors were white and pink sweet peas.

The next meeting will be at the home of Mrs. Forrest Lake, treasurer 601 Park avenue, May 9, 1919. This will be the last meeting of the Chapter's calendar year. Officers will be elected for the ensuing year. Each member is urged to be present.

Mrs. W. J. Thigpen, Secretary.

Swing On To Your Bonds and Stamps

Don't let your imagination convince you that you need the money you have invested in War Savings Stamps and Liberty Bonds. Leave it to your necessity as against that of your Government.

Every time you make a sacrifice to attain an ultimate objection you fortify and arm yourself. If you will make sacrifices to keep from selling your Liberty Bonds or redeeming your War Savings Stamps your sacrifice will have won for you the worth of these securities.

Your Government depends on you and all of the other bond holders to help tide over the days of readjustment.

Do not shirk the obligation you assumed when you purchased your securities except in dire necessity.

F. L. Miller is in Jacksonville this week in attendance at the annual meeting of the Florida Funeral Directors Association of which he is secretary and treasurer.

Clever time we will have—lots of fun, just a real home talent affair, all in one big party. It will be the Spring Festival, Ninth Street Park, May 20th, 21st, 22nd. For goodness' sake don't miss it. Every one is going, don't stay at home by yourself. 52-1tc

Mrs. M. H. Massey, Misses Jeanette Laing, Marie and Aline Flood and Misses Essie and Ruth Whittle formed a congenial party motoring to Orlando Saturday last.

Miss Kate Carlton of Arcadia is the guest of her cousin, Miss Gladys Bryan, en route to Oxford, Ga., where she will attend the alumni banquet at Emory College.

We are glad this city has so much home talent! Why, the Woman's Club, Welfare Department is going to put on a grand Spring Festival, with a minstrel show and all attractions to make a fine time. Come. It's going to be held in the Ninth Street Park, May 20th, 21st, 22nd. 52-1tc

As a token of their appreciation, love and respect of their teacher, Mrs. Babbitt, the pupils of the Eighth Grade presented her with a handsome cut glass water set.

Hermion Steele left on Tuesday for Atlanta to attend the Southern Baptist Convention, going as delegate from the Bureau Class of the Baptist Sunday school of this city.

Elsewhere in this issue is the announcement of H. B. Lewis who deals in farm lands and is a practical farmer as well. He is offering some of these lands, both improved and unimproved at prices that should be attractive. 53-1tc

Mrs. A. W. Smith left Sunday for Jacksonville, where she was called by the illness of her sister, Mrs. Mrs. Rosseau. Mr. Smith left Thursday to accompany her home.

Mr. Malloy Horne left Sunday night for his home in Georgia. He will be greatly missed both in the musical and social circles. It is hoped he will return to Sanford in fall.

Be sure to go to the Spring Festival, May 20th, 21st, 22nd, in the Ninth Street Park. There will be something to please everyone, a fine home talent affair. Lots of fun, a minstrel show, a good dance floor, Japanese booth, country store, in fact all the things that make a good festival. You'll miss it if you don't come. 52-1tc

Mrs. Carrie T. Jackson, who has been the guest of her sister, Mrs. Bob Holly left today for Tampa to visit her sister, Mrs. E. B. Brown, accompanied by her niece, Mildred Holly.

Walter Connelly, who has been attending "G. M. A." at College Park, Ga., returned home Thursday and will spend the summer here with his parents, Mr. and Mrs. A. P. Connelly.

Special Programme at the Temple Sunday Evening

The evening service at the Baptist Temple next Sunday will be in charge of the B. Y. P. U. These young people have prepared a special programme of music and song, which will be interspersed by short addresses by members of the Union. Among those on the programme will be: Mrs. Marshall, violin; Mrs. Ernest Betts, solo; Mrs. Phillips and Miss Lassing vocal quart.

Miss Lucille Rims, vice president will be in charge of the program.

Sunday school at 10:30 a. m. "We've saved a place for you."

On account of the absence of the pastor, Rev. M. H. Massey, at the Southern Baptist Convention in Atlanta there will be no preaching service Sunday morning.

M. E. Centenary Next Week
The big missionary drive of the M. E. Church will begin on Sunday, May 18th and last a week. This is the Centenary movement which has been given a great deal of publicity in the press of the country.

The local M. E. church has a complete organization under the able leadership of Ed. Putnam and work will begin next Sunday.

The M. E. Church, South will raise \$35,000,000 for this great work, one half of which will be spent in America and the other half in foreign fields. The scope of the work as outlined is world-wide and will reach every country of the globe with the Christianization of the world as its ultimate goal. The plan covers a period of five years and has the endorsement of President Wilson and other leaders of America.

New Law Firm
A late addition to the legal profession of the city is the new law firm of John G. Leonardy who has opened offices in the Garner Woodruff building on First street.

Mr. Leonardy is no stranger in Sanford as he is well known in business and social circles of the city, having lived here and near here for a number of years. In addition he has had considerable practical experience in his chosen profession and will no doubt achieve the success he well deserves.

The Herald joins his many friends in welcoming him to Sanford.

Crowder Closing Out Line
H. B. Crowder is today inaugurating a special sale in order to close out entirely his line of men's good and men's, women's and children's shoes. Announcement will be found in a page display elsewhere in this issue.

Mr. Crowder will devote his entire store in the future to ladies' and children's wear and will make extensive improvements in the store, room and windows with the idea of conducting a strictly first class ladies' emporium. Announcement of the new stock will be made later.

In the meantime he is offering some exceptional bargains in men's wear and shoes for the whole family for the next few days and buyers will be able to save considerable money on their purchases.

Raffeld Moves to P. O. Stand

A. Raffeld is moving this week from the Bishop Block to the store room formerly occupied by the post-office in the Peoples Bank building.

Mr. Raffeld has made extensive improvements in the new stand and intends to make many more in the near future. The name of the new store will be The Leader Department Store and it is the intention of the owner to put in a very large stock of goods this summer for the fall trade.

Mr. Raffeld leaves on July 1st for the northern markets where he will buy all that is up-to-date in the several lines which he expects to carry and will have a store and stock that will be a credit to the city when it is placed on display for sale.

The owner of the Leader came to Sanford less than a year ago and has enjoyed a remarkable business here. It has grown too large for the old quarters, hence the necessity for the change in location.

The opening of the new store will take place tomorrow as is announced in an advertisement in this issue.

Overland stock car, Model 90, No. 145135, established new world's record tonight at 7:00 o'clock, completing 7 days non-stop sealed in high-gear run with a total mileage of 4,370.1 miles. This beats all previous records made by any type of cars by 129.1 miles.

No trouble at any time. Engine ran 168 hours without missing an explosion encountered two days rain, rough country roads, good and bad pavements and traffic from twelve to fifteen hours of every 24 hour period.

Most remarkable showing ever made by any stock car. Used team of 4 drivers working in four hour shifts with observers. Overland 90 averaged 624.3 miles a day and the speed was 26.01 miles per hour. Averaged 20.66 miles per gallon of regular 59 test gasoline. Never changed carburetor or a spark plug. Broke all records, but engine runs as good tonight as anyone ever rode behind; it's the gamest car ever built.

A Chief Is Among Ye Taking Notes and Faith, "He'll Print 'em" So Says Saunterer.

Since Uncle Sam has been operating the railroads, it seems that only a limited class of folks, at least have thought to criticize any action taken by the administration. Now I am not in that special class, and I am not going to criticize any action the administration has taken. I am going to call the railway officials' attention to the little park just this side of the depot. Now that is a place that could be made a thing of beauty forever, and I am sure that all you dear readers will agree with me that it is anything but a thing of beauty. I understand that the railroad owns this piece of property and if that be a fact I say that it is nothing but their duty to see that it is cleaned up of fish bones, old tin cans, rejected auto tires, thrown away Ford parts, refuse and rubbish of all kinds and that a nice little park be made there—set a fountain to spraying, and a negro to hoeing the flowers and the magnificent shrubbery that might grow there with but a bit of teasing. Then the traveling public, when they alight from the train there can see that there is really something to Sanford after all—convince these fellows that, otherwise would not get a notion that Sanford is up and doing.

convince them I say that "in Sanford life is worth living" and then they will try to live here. Now, whoever ought to take this thing up—I don't know him or I would go to him in person, but not knowing this is the next best way I have. I expect to see a nice little park, neatly kept and attractive at the place mentioned before very long.

Do you believe in ticks? I mean cattle ticks? If you do, why? Most people believe they ought to be exterminated, killed, driven off, poisoned or otherwise made to cease enjoying life. However there are a few that yet believe there is no such thing as benefitting cattle by keeping the ticks off them. Seminole county is now in the cattle dipping business on a 100 per cent scale. In other words, all cattle must be dipped at certain periods, under government supervision, and if you should happen to be driving through the woods in your lizzie and see a cow that looks like it had been painted well, that cow has been dipped, and it won't be long until she is entirely free from the ticks. One man in the legislature, referring to ticks, stated that ticks would grow anywhere—and said that some had been on him, and he produced a scar to show where well, I claim that if he is ticky he ought to be dipped. This dipping is a good thing and it ought not to be opposed by any one, and I am sure that as soon as some of the greatest objectors realize that to dip cattle means more profit to them, that dipping will be easily carried on, and with the help of the now objectors.

I have heard tell of people doing business almost in the street and over the street and sometimes on and under the street, but some of our local business men have all those slow guys beat to a frazzle now you take any of these garages. Just go round them, some of them have actually moved their old cars across the street and there they proceed to dismantle and tear down the refused, and some of them have taken the entire back lots behind their places—

while still others have usurped more than half of the public street to do their repaving in, and so far as I know they don't even leave red lanterns on these cars they leave in the street. I don't know whose business it is to look out for this, but one thing certain, these people ought to have pride enough in their own town to keep things cleaned up around them. There should be a general house, yard, sidewalk and street cleaning around these places.

Last Sunday was Mother's Day and it was fittingly celebrated in Sanford, and it seems that a few words said by Victor Murdock would not be amiss, even though most a week later. I take it that it is never too late to say something good about our Mothers, and while this little bit is only a reproduction, it, nevertheless has my endorsement to the fullest. He says:

There are three possible and highly probable situations between a man and his mother which touch the human drama. The first is when a man presents his wife to be to his mother. The second is when a man is registering achievement. The third is when a man is in desperate trouble.

Whether he confesses it or not, every man chooses his mate with some consideration of the judgment of his mother. If at the test she approves his cup is overflowing. If she disapproves it is one of the deep tragedies of his life.

In the hour of victorious achievement, a man turns from the acclamation of all the rest to the gratification of her who bore him. If he is wise he doubts acclamation. But he cannot doubt a mother's gratification, for here, he feels that the triumph is hers, not his and therefore is untarnished and unalish.

But most dramatic of all situations between man and his mother is when trouble has him by the throat. When all have deserted, she remains. Where all doubt, she believes. When all despair, she hopes. When all surrender, she fights on.

There are fine and different qualities in all love—in that between a man and his father—his mother—his brother—his sister—between a man and his wife—his children.

The quality of love between a man and his mother is most like the love between man and his God. — Ex.

One thing I am glad to see here and that is all the empty stores filling up. It is now next to impossible to get a store space on First street. This shows remarkable progress within the last few months for not very long ago it was stated by a prominent man that there were 39 store houses vacant in Sanford—and he added "count 'em." Well, I didn't count 'em, but I would be willing to set up "the dopes" if he could find one fourth of that number now. Sanford is doing business, and is doing it in a nice even way. Sanford has a substantial backing and is bound to be a substantial town. There is one thing that Sanford needs and some day it's coming—just like the hotel—it was coming and now it's got the walls up—some day this thing that Sanford needs will come, and it will be a success, and then some of these local enterprisers will wonder why "he didn't start that"—and he will just wonder—although a bunch of local enterprisers started the hotel, and they may start the Seminole Department Store—with everything that a man, woman or child would wish to buy under one roof—yes, sir, from canary bird seed to forson tractors—it

can be done and this is the place to do it, and just mark what I tell you—it's coming. A department store of this kind located in Sanford and keeping up a stock in keeping with its name would help to keep Sanford fixed on the map, and at the same time would make somebody a great big pot full of money. It's coming.

I have gotten after the city council so much that it really gives me worlds of pleasure to speak well of that body at this time. I wish to most heartily commend the council for taking over the street cleaning department. Now we will have some clean streets. The new wagons with their nice numbers makes a fellow think he has moved—well, just get in behind the fellows that throw trash all over the street and let them co-operate just a bit and the new street cleaning department will show up—that's enterprise—and by the way, I am sure it's a thing that the city commission organized under the new proposed charter would have done, and then the Mr. City Manager could have had a street cleaning gang on his hands as well as his other many duties. Now, I would suggest that these street cleaners be made White Wings—you know, and especially the Ex-Senator, who follows the ponies now, put him in white—that would help. Try it.

Broom Corn in Argentina.

In Argentina the cultivation of broom corn is conducted along simple lines not differing much from that of ordinary corn. The broom corn is frequently sown after the wheat, flax or oats crop on the property has been harvested, and if there is abundant rain and if the frosts are late a good yield may be obtained, thus giving two harvests in the same year from a single piece of ground.

The Fool Hen.

The lad went to the henhouse to gather eggs. He returned with only two eggs and said a hen was on the nest. He was told not to disturb the hen, but wait for a time and maybe he could find another egg. In half an hour he ran excitedly into the house, exclaiming: "That fool hen sat on the nest until the egg was hatching," and he held the egg up as proof.

FORGET THE KAISER

The Belgians have adopted a dignified attitude in declining to prosecute the kaiser. The reasons they give are technical, but there are others—perhaps less abstract, which all the allies would do well to ponder.

The whole case of those belligerents now claiming indemnities from Germany depends upon the plea that the whole German people are to blame for the orgy of devastation which has cursed the last four years.

As a matter of cold fact, the latter seems to have been very like the truth. The attitude of the German people, as reflected in the press whether socialist or imperialist, have been most comically belittled since 1914.

Nearly every male German between certain ages was, if physically sound, in the German army. The acts of the German army may therefore be regarded as the acts of the German people.

Soak 'em the limit, and forget the kaiser. It matters little, sink or swim, what happens to a stage-struck megalomaniac, now rendered completely harmless.

Fertilizer Bill Killed. Word has been received in Sanford that the fertilizer bill which has caused considerable interest among the farmers of this section has been reported unfavorably by both the house and senate committee.

This means that the bill has been killed and that the old law in regard to fertilizer will remain in force.

Silver Tea. Mrs. Alfred Lilja, chairman of Circle C of the Presbyterian church entertained at a charming silver tea Friday afternoon at her home on Park avenue. VELVET THE FRIENDLY TOBACCO. THERE may be some things that can be done well in a hurry, but pickin' a wife an' agein' a tobacco ain't amongst 'em. Velvet Joe. We put away millions of pounds of fine Kentucky Burley tobacco every year, stored in wooden hogsheads. It ripens two years. When we take it out it's different—Nature has improved it, good as it was—made it friendlier, more fragrant, cool-smoking, long-burning. Nature has given it a delicious quality of mildness and fragrance that no artificial means can ever equal. It's just that extra touch of friendly goodness that is building up VELVET Tobacco into the favor and good will of thousands of pipe smokers who prefer to smoke tobacco cured in Nature's way. You would notice the difference. Loggell & Myers Tobacco Co. Roll a VELVET Cigarette. VELVET'S nature-aged mildness and smoothness make it just right for cigarettes. 15c
