## Glenn: Libraries, Health And Recreation Will Be Hurt The Most

**By Diana Petry Herald Staff Writer**  
Likely to be hardest hit as Seneca County budgets in the shadow of the proposed "Citizens Choice" tax millage amendment are the departments of parks and recreation, health and libraries, Seneca County Commissioner Sandra Glenn believes.

This is just Sandra Glenn's opinion, she said Wednesday night, "not the board's."

"But there are mandated programs you have to fund first," she told the annual meeting of the Friends of the Library. "And you and I know we're going to have a fire department, a police department, a court system and a building department."

In times of austerity, she said, "it's the people's services that get denied."

Although there are state mandated programs such as the health department, such as immunization service and TB testing, she said optional programs such as well-baby clinic, can be hit, as well as hours of service and staffing levels. The closure of one or two of the two health department clinics may even be on the horizon.

amendment, also known as the Havill Bill, which will be on the state ballot in November 1984, would roll back taxes to their 1980 level and prohibit raising county revenues by any means, except by voter approval, to more than 5 percent of their 1980 level, Mrs. Glenn explained.

"That means we can't start charging \$10 for a library membership," she said. "They don't care where you generate the money from, you can't go over the 1980 budget."

"The people who write the bill recognized we need a way to get around it (cap) on all valuerum taxes and they put a cap on that," she said. "They looked at proposition 13 in California, took all the things that did that work and incorporated them into this bill."

"Voters, she predicted, will see the measure they can personally take to reduce their taxes and will vote for it."

In my mind I truly believe this bill will pass," Mrs. Glenn said. "We in government must recognize this fact and we must start planning now assuming it will pass."

She said it would be foolish to gear up a department or project knowing funds may not be available later to complete or continue it.

Seneca County budget analysis, she said, have

estimated the Havill Bill would cost the county \$8 million in 1984, taking into consideration conservation losses in state funds as the state is also forced to cut back under the amendment.

Because the health department, libraries and parks and recreation receive state funds, they're likely to be impacted to a greater degree — shipped both by county and state cutbacks," Mrs. Glenn said.

"Our libraries receive \$1,000 a year in state grants. That will be reduced, because the bill speaks to all taxing bodies, the state as well as counties, school boards and street lighting districts," she said.

State revenue sharing will be reduced, she said, and the county will be penalized about \$2 million because it was conservative in 1980, 1981 and 1982.

Although the amendment has a provision allowing adjustment for new population growth, and Seneca County is gaining residents at a rate of more than 1,000 per month, Mrs. Glenn said it may not have been able to agree yet on an interpretation of the provision.

In the event the amendment doesn't pass, the outlook is still somewhat bleak for Seneca County's library system, she said.

"I know of no commissioner who has expressed any

interest in raising ad valorem (property) taxes," she said. "And I can be fairly sure the board won't because three of them are up for re-election in April."

That, coupled with increased costs spells a reduction in library services.

What will affect the library budget?

A 0.9 percent increase in staff salaries, made up of a 5 percent average merit increase and a 1.5 percent cost of living increase, and a 5 percent inflation factor.

"That amounts to about \$20,000 next year," she said. "The commission wants to see a balanced budget. Anything that's going to cost more next year is being called a program change."

The county administrator, she said, has chosen to pull \$113,000 from the library's base budget and put it in the program change.

Mrs. Glenn said the county budgeted just over \$1 million last year for libraries. But Librarian Jean Rhee said about \$750,000 of that was spent. The rest was returned to county coffers. Part of the savings came as a result of gasoline cuts which were less than expected.

How does the austerity scene affect the county's plan

## To Crooms

# Williams Against Gadsboro Love

Superintendent Bob Hughes' recommendation to move Gadsboro Elementary School into the Crooms High School facility "is not in the best interests of the students" said Seneca County School Board Chairman Roland Williams.

"If anything, we need to look in areas of the Gadsboro school," he said.

The School Board is scheduled to vote on the move recommendation June 8.

Addressing his fellow board members, school administrators and members of the public who filled school board chambers for a public hearing Wednesday, Williams said he "voted" the Gadsboro site and any board member who would vote for it there is not a rationale for moving students from Gadsboro to Crooms.

Other public comment emphasized the feeling of the school district is trying to eliminate schools in black neighborhoods.

"Why is it necessary that we raze the black community?" asked Alexander Cross, chairman of the board in terms of emotional, physical and other feelings. "Crooms was built by a man, a black educationist, a dream...there's something someone's holding on to."

"Be careful people," warned Lucius Dorsey of Sanford. "You'll be phasing out Seneca High School and because the rich can move but the poor must stay."

The audience applauded. Dorsey said the real issue is in the west side of Sanford good enough for your kids?

Where are your ethics?" he asked the board. "Are you more concerned with your backs than you pay in taxes or the education you buy with your taxes?"

Later Hughes said, "I was an elementary principal for 10 years. Anyone who has ever worked with me knows I put students first. I don't believe as superintendent I've made any recommendations designed to detract from or hurt the black community."

Williams criticized the board for its earlier vote to move Crooms' sixth grade students into Seneca High School.

"We took that action without proper planning. Now we've jumped the gun again and we're talking about Gadsboro. We need more data."

"When you look at the location of Seneca High School, Lakeland Middle and Crooms, you have to look at transportation. The Seneca High in the world was Lakeland built where it is? We're busing 1,000 students a day in areas. We have to consider the proximity of the schools."

Audience applause greeted Williams' concluding statement: "I'd support the move if I knew that's the best thing to do."

Noting time constraints, Hughes repeated: "There's nothing new I've decided to do."

Board member William Krull declined to make a member speech, saying he would like to hear the administration answer the public's questions.

Williams' concluding earlier in the meeting centered on the unsuitability of Crooms for young children.

Hughes said the building would be renovated and adapted to the needs of 8-5 students in accordance with all state

standards.

Other public comment emphasized the feeling of the school district is trying to eliminate schools in black neighborhoods.

"Why is it necessary that we raze the black community?" asked Alexander Cross, chairman of the board in terms of emotional, physical and other feelings. "Crooms was built by a man, a black educationist, a dream...there's something someone's holding on to."

"Be careful people," warned Lucius Dorsey of Sanford. "You'll be phasing out Seneca High School and because the rich can move but the poor must stay."

The audience applauded. Dorsey said the real issue is in the west side of Sanford good enough for your kids?

Where are your ethics?" he asked the board. "Are you more concerned with your backs than you pay in taxes or the education you buy with your taxes?"

Later Hughes said, "I was an elementary principal for 10 years. Anyone who has ever worked with me knows I put students first. I don't believe as superintendent I've made any recommendations designed to detract from or hurt the black community."

Charles Roberts, former principal of Gadsboro Elementary, said the building was designed for elementary students and he thinks it should remain in elementary school. He suggested looking further into Mrs. Bryant's idea of a Crooms Academy of Vocational Arts.

"It looks like all the black schools are going to be closed," said Eddie Martin of Sanford. "It seems to me as a black person they're trying to move the white kids out of the black neighborhood."

Israel Black Jr. said Hughes' recommendation would cause more problems than it would solve. "Build new schools in the black community," he said.

Gadsboro Assistant Principal Doris Duxbury told the board it is not educationally sound to uproot the students who attend school in kindergarten at Gadsboro then go to Pinecrest for two years then return to Gadsboro.

"Young children need to feel secure in their surroundings before learning can begin," she said.

Also on June 8, the board is scheduled to vote on the school recommendation to leave Sanford Middle School at its present site and continue it as a center for grades 6-7 on June 13. The board will hold a work session and accept the plan for the "Future of the Gadsboro Elementary Facility." Hughes' recommendation will be presented at the board meeting July 13. — Diana Petry

U.S. 17-92 Work Progresses

Modifications at this intersection, Park Avenue and French Avenue (U.S. 17-92), and all two others in Sanford plus installation of new signals at the three intersections are expected to be completed by June 1, according to Ed Griffin, assistant engineer of the state Department of Transportation, DeLand office.

Herald Photo by Tommy Wood

Griffin said today that the work at French and Park, as well as at the intersections of State Street and U.S. 17-92, and at State Street and U.S. 17-92 began Nov. 4. The contractor on the projects is WNL Paving Co. of Jacksonville. The improvements cost \$265,740.

# Murder

## Jury Finds Ovide Man Guilty In Golden Case

By Michael Beha Herald Staff Writer

A 24-year-old Ovide man has been convicted of third degree murder in Seneca County Court after he said the jury that he fired the shot that killed Dennis Golden on Feb. 8, 1982, in an Ovide pool room.

Charles William Francis, 504 First St., was convicted by a six person jury Wednesday night after about two hours of deliberation.

But the jury reduced the charge from second degree murder charged by the state. The third degree murder conviction carries a three-to-15 year prison term.

Francis took the stand in his own defense Wednesday, telling the jury that he was only trying to scare Golden into giving him a dollar that Golden had taken from him when the gun he was holding went off.

He testified that the men had gone to Brower's Market, a combination convenience store pool room in Ovide, and had been

drinking for several hours when the shooting occurred. Francis said the men also had taken valium.

Francis said he was playing cards in the pool room when Golden came to the table and handed him a dollar bill which belonged to Golden. He got up from the table and asked for the dollar back, Francis said.

After a confrontation, Francis walked away from Golden, when he described as a violent man. Francis said Golden attacked him from behind, knocking him.

"He'd pick up somebody if they fought back he'd probably beat them to death," Francis said.

When Golden stopped the attack Francis said he was on the verge of crying. "I had tears in my eyes...I could see he hurt."

He said the gun was lying underneath the counter of the room. When a clerk turned her back, Francis said he took the gun.

"I grabbed the gun and pointed him into

the pool room," Francis said. "I said 'Hey, give it up man' and held the gun, it went off. I scared me and I pulled it again."

One of the two shots hit Golden, 23 of 1622 Avins Ave., Ovide. Golden died several hours later on an operating table. The bullet pierced several organs and severed the main artery to the intestines, according to testimony in the trial.

Francis' attorney, Assistant Public Defender Edward Howard, said in closing arguments that Francis was justified in carrying a gun while trying to retrieve his money because of Golden's violent nature.

Chief Assistant State Attorney Ralph Erickson said it really didn't matter about Francis' reputation. He said Francis asked Golden because he didn't care whether he lived or died.

Seneca Circuit Judge C. Vernon Metz will sentence Francis following a pre-sentence investigation.

## Dancers Featured In Leisure

Vidu Davey of Casselberry, left, and another stage festival dancer, Kashmiri Bhavsar of Orlando model Indian dance from India. These and several other heritage dancers will be featured Friday at Telemo's Evening Herald's Leisure section. Watch for it.

**By Donna Estes Herald Staff Writer**  
Seneca County Elections Supervisor Sandra G. "Sandy" Goard announced today she is a candidate for election to her post in 1984.

Formerly Seneca County's veteran Elections Supervisor, Camilla Bruce's eight years' service for six years, the 38-year-old Mrs. Goard was appointed to the office on March 2 upon Mrs. Bruce's retirement.

She was Mrs. Bruce's personal choice as a successor.

A native of West Virginia, Mrs. Goard and her husband of 19 years, Garnett D.

moved to the Genera area of Seneca County in 1966.

For a period of five years, she worked as a secretary for the Benita C. and Kennedy Space Center before she accepted a job as a secretary for the Seneca County Commission office in 1972, moving to Mrs. Bruce's office in 1977. She served as Mrs. Bruce's office manager.

Mrs. Bruce, who served as elections supervisor for more than 31 years, was elected as a secretary for the state election laws this year she died.

The term of Mrs. Goard, a Democrat, will expire in January 1985.

Sandra Goard

**Under Proposed Legislation**

**Drug Course Prerequisite For License**

TALLAHASSEE (UPI) — New motorists under 18 would have to complete a course on alcohol and drug abuse before obtaining a driver's license under a bill advancing in the House.

The House finance and tax committee Wednesday approved the proposal. The measure, H.R. 1082, goes to the Appropriations committee.

The measure is being pushed by restaurant and bar owners as an alternative to raising the legal drinking age from 19 to 21.

"Although the bill was overwhelming, we still have a lot of other critics who threaten to amend out the provisions that

the course be a requirement for a license," Freshman Rep. Willie Logan, D-Opa Locka, who proposed the amendment, said he believed the requirement was "detrimentary" against teenage drivers.

"We probably need to be taking the course more than anyone under 18 years of age because we have more access to alcohol," he declared.

Rep. Elaine Gentry, D-Miami, a co-sponsor of the measure, said it was intended to be "detrimentary" against teenagers who drink and then get into a car and drive.

After their debate disclosed strong support for the bill, Logan withdrew his

amendment.

The legislation would mandate the Department of Education to develop a program for students from fourth grade through senior year in high school on the problems of excessive alcohol and drug use.

Special courses, concentrating on the problem of driving while intoxicated, would be offered in the 10th or 11th grades.

The program would be financed by a 25-cent surcharge on liquor licenses.

Department drivers under 18 who have dropped out of school would have to complete the same course on a fee basis at a community college or adult education

program before getting a license.

Out-of-state young people moving to Florida who hold licenses from other states would be exempted from the requirement.

In other legislative action:

- The Senate approved 350-a proposed constitutional amendment that would extend, in whole or in part, and directed people the protection homes of families have against the forced sale of a house to pay off bad debts.
- The measure, HJR 40 will not go before voters in the November, 1984 general election.

**IN BRIEF**  
**Malpractice Insurance Rate Hike Turned Down**

TALLAHASSEE (UPI) — Insurance Commissioner Gunter has turned down a proposed 28 percent increase in malpractice insurance rates and says the entire system is in need of fundamental reevaluation.

Gunter said Wednesday that the Patient's Compensation Fund, the insurance pool which provides malpractice coverage to a case of \$100,000, was no longer a "white insurance mechanism" but a "red one."

"This rate increase under present law would raise the distinct possibility the PCF could have a major deficit, leaving individual physicians personally liable for judgments and claims against them," he said.

Gunter said also that statute should limit coverage under the PCF, require actuality around rates and allow for unlimited assessments against doctors and hospitals when claims exceed money available to the fund.

**Tax Increases Possible**

TALLAHASSEE (UPI) — House leaders are looking for \$200 million in tax increases to add to \$186 million picked up from this year's revenue estimating commission to finance education improvements.

Senate leaders are opposed to tax increases, although they could change their minds later.

House Appropriations Chairman Morgan of Tallahassee and Finance and Tax Chairman Harry Burt of Miami said Wednesday they will try to find an additional \$200 million for the 1985-1986 fiscal year.

"They intend to look first at raising the state's corporate profits tax and a slight increase in the personal local effort for actual property tax increases in some areas."

But they won't consider tax increases when putting together a version of the state spending plan, Senate Appropriations Chairman Harry Burt of Miami said, although he admitted it might have to do so once conference committee work on state spending gets underway.

**Mechanics Face Discipline**

MIAMI (UPI) — Eastern Airlines President Frank Borman says two mechanics whose apparent error led to the near crash of a L1011 jet last weekend won't be fired, but they will be retrained and fined.

The pilot had 172 people aboard last power in all three engines on a flight from Miami to Nassau May 5 and during one five-minute stretch the crew thought it would have to ditch in the Atlantic Ocean.

They think they finally got the call engine going and the plane landed safely. The blame has been laid on the unnamed mechanics' failure to replace a faulty safety check.

**Controversial Drug Bail Bill Bottled Up By House Leaders**

TALLAHASSEE (UPI) — A bill that would allow multi-million dollar bail for arrested drug smugglers has been bottled up by House leaders despite having 42-voice support in the Senate.

The measure (HR 292), introduced by Rep. Tom Danton, R-Sarasota, would require judges to set bail at a rate no more than the "street value" of drugs seized from the defendant.

House leaders believe the proposal would be unconstitutional.

Among them is Judiciary Chairman Hamilton Upton, D-St. Augustine, who has sent the bill up to a criminal justice subcommittee he chairs.

Rep. Jack Danciger, Democrat, recalled the bill originally passed to vote 123 to five the fall from the Uptech subcommittee.

House leaders prohibited the measure from then being considered by the full panel without advance public notice and Criminal Justice Chairman Evin Martinez, D-Tampa, said he won't schedule it for consideration at a future meeting unless Speaker Lee Moffitt agrees to it.

"It's not fair," Martinez said of the measure. "There's no way this can grow 'street value.' It's not on a stock market and police expropriate it."

Proponents said the street value would be determined at a hearing before the judge with testimony from both the prosecution and defense.

The bill is aimed at drug traffickers who forfeit large bonds rather than stand trial and write off the loss as an expense of doing business.

**MGM Suit Settlement A Record**

LOS ANGELES, Nev. (UPI) — More than 1,300 victims of the MGM Grand Hotel fire in which 86 people died will divide \$10 million in the largest compensatory damage settlement in U.S. court history.

Lawyer John Cummings, liaison for the Plaintiffs' Law Committee, said lawyers for 1,357 fire victims and their families settled with 42 defendants, including the MGM Grand Hotel.

The settlement was reached at a meeting Tuesday night with U.S. District Judge Lewis Becker, a Pennsylvania state judge, in the case, which insured all parties to meet with him before their attorneys to finalize details of the settlement.

Cummings said plaintiffs would have additional \$10 million in the case against approximately 26 defendants on July 11 in federal court, Cummings said.

He said the \$10 million represented

## Tangeman Eyes Friday's 2 Mile State 3A Track

**By Chris Fiesler  
Herald Sports Writer**

The favorites to win Friday's 3A State Track Championships at Winston-Salem Field will be Bill Glades Central and Titusville in the boys and Glades Central and Titusville in the girls.

Even though Lake Mary's Rama won't be among the top teams, the three boys and two girls that qualified in the state meet have good chances to place within the top six, provided they perform up to their potential or better.

Probably the best chance at a state title lies within the lucky 5-7 form of Derek Tangeman. Last week, Tangeman became region champion when he turned in a school record 9:33.1 to win the two-mile run.

Tangeman's victory was one of the most impressive of the meet at Lake Mary High. Into the last lap, it looked as if he might be boxed in and not have a chance to break out. But, he did break loose, turned on the afterburners and passed up Tampa Catholic's Jim Maggii coming around in the last turn. Tangeman is one four place champion and has a good chance to place at state. The top time was turned in by Stanley Parker of Panama City High at 9:17.5.

Tangeman would have to come down 18 seconds (to win), but you never know with two milers, their times fluctuate a lot. Lake Mary coach Mike Gibson said all of the guys that qualified, Tangeman has the best chance since he is a region champ. Something drastic would have to happen for Tangeman not to finish in the top six.

Next to Tangeman, high jumper Mike Rouse has a good chance to finish in the top six in the state. Rouse finished second in the region as he cleared his best best jump of the year at 6'5". The top qualifier, Lomax Williams of Glades Central, turned in a 6-10 at regionals and cleared 7-4 earlier in the year.

There are two guys that I know of that could do 6-10. "I hope Rouse can be as good as somewhere in the top six, but I don't know if 3A state meet. Third place would be the highest he could expect."

Lake Mary's other state qualifier for the boys came as somewhat of a surprise to Gibson. Up until the region meet, Pat Murray's best event was usually the triple jump. But, Murray wound up sixth in the triple jump. However, a leap of 24-9 in the long jump earned Murray a fourth place in the region and a berth into the state meet. The top qualifier in the long jump, Brent Falkner of St. Cloud, turned in a 23-4 1/2 at Lake Mary last Friday.

I didn't expect Murray to qualify in the long jump. Gibson said, "His jumps are as good as anyone if he can do well on Showalter's pit. The track and runway at Showalter were recently repaved and the runners who have to dig in on the long jump get tar stuck in their cleats and it could be a TANGEMAN, page 7A."

Ken Cheeseman, Lake Howell's distance ace, finishes first in the region 4A-3 mile at Lyman. Saturday, the Silver Hawk junior continues his chase of Winder Park's Brian Jaeger at the 4A State Meet.

## Cheeseman Resumes The Jaeger Chase At 4A Meet Saturday

**By Stan Cook  
Herald Sports Writer**

Lake Howell's Ken Cheeseman plans on a career in computers — but this Saturday he probably will write for a program to get him past Winder Park's Brian Jaeger in the mile run at the State 4A Track & Field Championships at Winder Park's Showalter Field.

Cheeseman, a junior, and Jaeger, a senior, are the two best milers in the state, and rank no. 1 Jaeger — 4:07.2 and no. 3 Cheeseman — 4:09.8 in the nation, according to USA Today's Top Track Poll.

Jaeger seems to bring out the best in Cheeseman and vice-versa. Cheeseman pushed Jaeger (JA) right in his previous best time over at the Mike Huberman Invitational at Winder Park earlier this season for a classic size Cheeseman match. While Cheeseman's 4:09.8 was a personal best, the state standard is 3:58.08 by Larry's Carl Magee in 1980, who has an excellent chance to be broken by both runners.

Cheeseman vs. Cheeseman II. They have met twice already this year, but this one could be a classic size Cheeseman would win in view of course, but if he doesn't he would like to beat Jaeger's mile time over the mile when he was a junior.

"He'll run a 4:00 a last year," said Cheeseman Wednesday night. "I like to top that."

"Brian and Jaeger has a one-year advantage on the Silver Hawk junior. Cheeseman, 17, doesn't like to dwell on the age difference. He is more impressed by Jaeger's ability to reach down for the reserve strength during that final sprint.

"I don't like to say 'I'm a better and Brian will be gone next year,'" said Cheeseman. "I'll just say that I don't like to make excuses because there's no excuse for getting beat. And I hate to lose."

Brian and Jaeger are pretty good friends. They talk on the phone a lot and once in a while we work out together. Brian Jaeger is one of the toughest competitors I've ever seen. I've seen him pushed to the limit, but he just reaches down for something extra to win."

Cheeseman said he thought he was in position to take his senior at the Huberman Invitational. It's something he remembers very well, and probably has recruited many times as he runs the mile state mile it takes to make a great distance runner.

"Coach (Doug Blackwell) told me to go out and stay behind him," recounts Cheeseman about the April 18 confrontation. "With 3:30 to go, I made my move. I tried to get ahead of him before the curve and beat him down the stretch. But he kept me on his outside shoulder."

Cheeseman will probably use the same strategy again. "Beating Brian Jaeger is definitely my ultimate goal. I've always had it. I always going to come down to the last lap. I have a good kick, but Jaeger is one of the few people I haven't been able to outkick." Lake Howell's Ken Cheeseman about his nemesis.

"Coach (Doug Blackwell) told me to go out and stay behind him," recounts Cheeseman about the April 18 confrontation. "With 3:30 to go, I made my move. I tried to get ahead of him before the curve and beat him down the stretch. But he kept me on his outside shoulder."

Cheeseman will probably use the same strategy again. "Beating Brian Jaeger is definitely my ultimate goal. I've always had it. I always going to come down to the last lap. I have a good kick, but Jaeger is one of the few people I haven't been able to outkick."

Cheeseman, who grew up in the small Tennessee town of Spring City (between Chattanooga and Knoxville), would not even be reaching stride with Jaeger had it not been for a public address announcement he heard during his freshman year. "I heard the track room needed runners, so I decided to go out."

The results have been nothing short of spectacular. His best mile as a freshman running times won an incredible 4:05.2. During his sophomore year, he ran a 4:19.9 and placed eighth in the state meet. "I've had great points average on a scale of 4.0 to 5.0 in my present school. I've been a good runner since I was a kid. I've always been a runner."

Cheeseman moved to Casselberry in December of 1981 when his father Ken and mother Ramona moved their chemical business to Casselberry. He had finished second at the Tennessee Cross Country Meet where all the schools are shown together.

It was a "how," however, and not a "what" which has pushed the intelligent junior 27.67 point average on a scale of 4.0 to 5.0 in his present school. "I've been a good runner since I was a kid. I've always been a runner."

Cheeseman said "I really worked hard over the summer to get ready for this year."

White the 111, 125 pounds doesn't seem to get ready for this year.

First Federal 18, Hunker 8

**Wednesday's Junior League soccer**  
Hickory 1, Columbus 10  
Moore 11, Kiwanis 2

No matter how powerful a team is, if the pitchers can't get the ball over the plate, one win is another. They are going to get burned.

Such was the case for previously undefeated and defending City Champion Poppa Jay's Wednesday at Fort Mellon Park. The pitchers, Jeff Blake, Steve Johnson and Willie "Big Fish" McCallum, could not get the Indians to fly over five hits. But, they gave up 10 runs and 14 hits. The Cardinals that forced in the winning run in the top of the sixth inning as Cardinal industries pulled off the upset of the year in the

Sanford Little National League, a 13-12 win over Poppa Jay's.

Poppa Jay's, who came into the game with an 11-2 record, got on the board first in the first inning. Johnson led off with a single and scored on a single by

Cardinal came back with the seven run explosion in the top of the second inning. Andy Deering and Burnett Washington drove consecutive walks and, one out later, Ryan Stumpf walked to lead the bases. The go-round then started as Andre Collins walked to force in one run and Robert Henry Williams then reached on an error as another run scored and Carl Ruffin walked to reload the bases. On our later, Deering walked to force in the fifth run and Washington walked to force in the sixth. The seventh run scored on a Poppa Jay's error as Cardinal took a 7-1 lead.

Cardinal industries responded with three runs in the top of the third to take a 10-1 lead. Eric Chapman walked and scored on a double by Hubert Williams and Henry

### Sanford Baseball

Williams knocked in Hubert with a single. Henry came around to score on a Poppa Jay's error.

Poppa Jay's tacked on two runs in the fifth as Johnson walked, George Gordon singled and Blake doubled to knock in both runs and cut Cardinal's lead to 10-4.

After a scoreless fourth inning, Poppa Jay's scored twice in the fifth to cut Cardinal's lead to 10-6. Cardinal increased its lead to 13-6 in the top of the sixth. With two outs, Denny Clayton singled and Deering and Washington walked to lead the bases and keep Cardinal's hopes alive. Shawn Washington then stepped up and belted a double to knock in two runs and Stumpf walked to lead the bases. Chapman then drove a walk to force in the eventual winning run.

Poppa Jay's fought back to within one run in the bottom of the sixth, but could not rally the way back as Clayton struck out

the last two hitters to preserve the victory for Cardinal.

Hubert Williams had two hits for Cardinal while Blake and Gordon had three hits apiece for Poppa Jay's.

In other Little National action Wednesday, Floyd Henderson, Leonard Williams and Mike Rouse had three hits as First Federal repeated 16 hits in a 18-8 rout of Butler.

Rumer had a single, double and a home run while Henderson and Williams both ripped two doubles and a double. Jimmy Murphy picked up the pitching victory and helped his own cause with two doubles. Kevin Nallair and Anglin Morgan also had two hits for First Federal.

Murphy limited Rinker to only five hits for the game. William Warren had a pair of hits for Sanford and David Wright added a home run.

In Rinker Junior League action, Rotary rallied for seven runs in the fifth inning and escaped with a narrow 11-10 victory over Knights of Columbus at Chase Park. Craig Dixon was 2 for 3 with a triple and three RBI

to lead Rotary at the plate while Mike Edwards picked up the pitching victory in relief of Dixon.

KOC won Rotary 12-7, and both teams combined for 17 home runs. Dave Raper and Stewart Gordon had three hits each for KOC while Edward Gordon and Leonard Lucas had two hits each. Lucas also took the pitching loss.

Rotary now stands at 9-1 and clinched the Junior League first championship as second place Woodways was stricken by Terry "The Cat" Miller in a 12-2 loss to KOC in Wednesday's second game.

Miller hurled a one-hitter, struck out 16 and walked seven. The only hit was a single by Willie Grayson in the top of the fourth. Moore scored two runs in the first inning and added six in the second to sew up the victory.

Oscar Merithe led the way for Moe at the plate as the big first baseman went 3 for 4 with two RBIs. Marvin Williams had a two-run double and Cedric Knight pitched a triple.

**Adrian Hillsman pitched Pat's Electric to its first win of the season Wednesday.**

Nelson, Sosa, Chery, Vern Alexander and Joyce Randall combined with two SHB errors.

Randall led Estates with three hits including a double while Chery added two hits. Cathy Griffith had three hits for SHB Fabricating and Joe Boyles added a two-run boner in the first inning.

**"Slim" Mills Fabricating**  
Burnett "Slim" Washington made a good day for a lack of ball attack Wednesday night, allowing just four hits and pitching the DeLuxe Bar 14-0.

Pat's Electric had two hits apiece. Fabricating in the Sanford Men's Softball League at Pinhurst Field.

In other action, Central Florida Red Sox had a 10-0 victory over Harvar, 17-15, and the Poole Bears defeated Uncle Rick's Oyster Bar, 9-2-12.

Jim Butler had a round-tripper, a home run and a double. Mark Steffen and Colin Smith each had two bases hits for Harvar.

## Pat's Electric Snaps Losing Ways With 10-5 Victory Over Kiwanis

Pat's Electric broke a five-game losing streak Wednesday, 10-5 victory over Kiwanis in Sanford League softball action at the

With the game tied 5-5 in the third inning, Pat's Electric erupted for five runs and five hits in the fourth. Key hits in the inning included singles by Adrian Hillsman, Clarence Brown and Paul Holloway. Brown and Holloway had two hits apiece to lead Pat's Electric to a 10-5 victory over Kiwanis at the pitching victory.

Estates scored all five of its runs in the second inning. Key hits included a two-run triple by Jennifer Crummond and singles by Levitta Brown, Lataha Strickland, Jenni Meriwether, Angenette Williams and Cathy Brown. Meriwether, Brown had three hits to lead Kiwanis at the plate while Latahad and Cash had two hits each.

In other action, Optimum took over first place in Rotary. Optimum now stands at 5-1 while Rotary fell to 4-2

### Softball

the seventh inning and held on for a 10-5 victory over The Blue Devils. Trailing 10-9 going into the seventh, Katie Barbara reached on an error and one out later, Angie Carpenter also reached on an error. Betty Turner then singled to knock in one run and the eventual winning run scored when Ginger Russell reached on an error.

Turned the way for Shoemaker with three hits while Russell and Dee Grayney had two hits each. Cindy Henry cracked a fourth-inning homer for Shoemaker in the two-run inning.

Debbie Campbell, Marlene Burke and Bonnie Meyer had three hits each. The Barn and Lynn Smith and Connie Dodds added two hits each.

In Wednesday night's second game, Estates led 10-0 in the bottom of the fourth with four runs in the bottom of the sixth inning in going to a 7-3 victory over SHB Fabricating.

With the scored tied at 3-3 going into the sixth, Estates battled for four runs on clutch hitting by Anna

Col. Khatami of Libya foregoes to scuffle plans to withdraw foreign troops from Lebanon

## IN BRIEF

### Israel Implies It Will Ratify Troop Pullout Pact

**By United Press International**  
A senior Israeli official said today Israel had received clarification from the United States on the withdrawal of foreign troops from Lebanon, indicating the Jewish state would not ratify the pact with Washington.  
Asking not to be identified, the official declined to elaborate on clarification sought by Israel before ratifying the U.S.-mediated pact.  
His remarks, however, were interpreted as an indication that Israeli officials would sign the tentative accord with Beirut on the withdrawal of foreign troops from Lebanese territory.  
Unofficial reports received at the Mideast command center here said Israel would not ratify the withdrawal agreement until it takes place only as early as the Israeli report out of Netanyahu.

Even if Israel and Lebanon sign the accord, however, Syrian reluctance to accept the pact could scuttle its implementation, Lebanese President Amin Gemayel said in a radio broadcast in Damascus today for Syrian questions on Syria's unwillingness to accept the agreement.  
**Thatcher's Party in Lead**  
LONDON (UPI) - Prime Minister Margaret Thatcher's Conservative Party today scored a new high in opinion polls with elections four weeks away, romping over the opposition Labor Party by 17.5 percentage points.  
In a Gallup poll published in the Daily Telegraph, the Conservatives received 49 percent support compared to 31.5 percent for Labor. Their lead over Labor was double their showing in a similar national polling last month.  
The poll gave 17.5 percent to the country's "minority" party, the Social Democratic-Liberal Alliance, and 2 percent for other parties.  
On Monday, Mrs. Thatcher called for elections June 9 although her government's majority does not expire until May 1964.  
Labor, hoping to settle intra-party divisions without delay, apparently approved the platform on Wednesday.

### Students Call For Protests

PARIS (UPI) - Student organizers called for more demonstrations today after youths protesting education reform marched through eight French cities, burning cars, smashing windows and hunting bottles at police.  
Student groups also called for nationwide strikes May 24 when the National Assembly begins debating a law changing entrance requirements and examination systems in universities.  
Other groups urged students to demonstrate daily from May 16 to May 20.

BEIRUT, Lebanon (UPI) - Libyan leader Col. Muammar Khatami warned he would sever relations with Lebanon if the U.S.-mediated troop withdrawal pact between Lebanon and Israel was enacted.  
Khatami also warned Wednesday that he would deal harshly with Arab countries supporting the agreement. He said Libyans would instigate civil war inside any Arab nation that defies him by supporting the accord.  
"The results of the American-Lebanese negotiations materialized by giving Lebanon to the Israelis," Khatami told reporters in a news conference held in Tripoli.  
"The agreement means that Lebanon has lost its independence and according to that from this moment on Libya will no longer consider Lebanon as a free country if (the troop withdrawal) agreement is concluded," Khatami said in excerpts carried by the official Libya Jamahiriya News Agency.  
In the agency's report transmitted in Beirut, Khatami also said the agreement made possible the establishment of an American military presence in the Middle East.  
"This will mean direct American-Soviet confrontation in the region," he added.  
Khatami also warned Arab countries against supporting Lebanon in his plan to sign any agreement with Israel. He said Libya was endeavoring to build a strong

resistance to U.S. wishes to impose an Israeli presence in the region.  
"The Arab confrontation front will include all the Arab nations because the danger threatens all the Arab nations. We will call on the Arab leaders and those who influence the Arab world to counter the menace.  
If they don't respond to our call we will go to the population and seek her cooperation; said that the civil war (within each Arab country) will begin," he said.  
After four months of intense American-mediated negotiations, Lebanon and Israel reached a tentative agreement on the withdrawal of 20,000 Israeli, 40,000 Syrian and 10,000 Palestinian Liberation Organization forces occupying Lebanon.

### FBI Raids Diploma Mills

**By United Press International**  
The FBI has seized a "warehouse" of phony transcripts, letters and other student records from six Florida mail-order schools as part of a three-year undercover investigation of diploma mills in eight states.  
Operation "Diplomax" could lead to

indictments against 38 mail-order colleges that provided fake degrees for people now practicing in fields ranging from psychology to cancer treatment, the FBI said Wednesday.  
Chris Mazzella, a FBI spokesman in Miami, said his agency plans to extend the investigation and try to identify recipients of the fake degrees and determine how they were used.
