## Sheriff's office recommends 'house watches'

This is the time of year when friends and families make plans for the upcoming holidays. The Seminole County Sheriff's Office, and local law enforcement agencies, urge residents not to overlook safety and security, especially at home.

If you expect to be away from your home for an extended period of time, or for just a few days, you are strongly urged to establish a "House Watch" for your property. Whether you reside in a house, manufactured home, apartment or condominium, a House Watch will enhance your security while away.

When you call the sheriff's office, or your local law enforcement agency, and request a House Watch, information will be obtained from you such as: When you are leaving? When are you expecting to return? Does someone have a key in an emergency? Where can you be contacted if necessary and other important information.

By calling a few days before your departure, this information can be given to the deputy or officer working in your area. The officer may contact you prior to your departure to stop by and review your conditions. While you are gone, a perimeter check of your home will be made at least once during the day and during nighttime hours, never at the same time.

Have someone collect your mail and newspapers to ensure your property appears occupied. If you are planning an extended leave, make arrangements for someone to mop up your property, such as mowing and clean up after storms.

If you have any questions or need assistance with setting up a House Watch, call the sheriff's office crime prevention unit at 407-665-6977.

## Newly sworn-in commissioner calls for Dan Anderson's position because of 'slimy' politics

LONGWOOD — The election may have ended in Longwood, but the sting left by "slimy" politics remains. Before ever sitting down as a Longwood commissioner to conduct city business, Brian Sackett has called for a no confidence vote of Mayor Dan

Anderson at the Monday, Nov. 17, meeting. Sackett, who was sworn in last week as the District 5 commissioner to replace the retiring Paul Lovestrand, ran unopposed in the city election.

He said he felt compelled to call for the no confidence vote because of a quote from the mayor in campaign literature issued by former Commissioner Steve Miller. On the flier, Miller attacked

candidate Mike Holt for a drunken driving charge 15 years ago in Brevard County. Holt defeated Miller and another challenger in the election to secure the District 3 seat.

"On that same page, when I saw something from the mayor I was concerned," Sackett said. "I don't have confidence in a man that wants to bring Longwood down that path."

He added that Longwood is not a big city and it doesn't need "slimy politicking."

# City shuns housing authority \$ request

By Dan Ping

SANFORD — City commissioners bluntly rejected a request by a federal housing official to give the troubled Sanford Housing Authority (SHA) \$1.2 million.

Citing a lack of funds and plenty of resentful feelings about comments made by federal officials, commissioners said they would not agree to the request of Larry Knightner, the man appointed as the SHA receiver by the U.S. Department of Housing and Urban Development (HUD). However, the commission didn't rule out partnering with HUD to make improvements at the housing authority.

Knightner had asked the city in an Oct. 27 letter to provide the housing authority with \$1.2 million to redesign and repave parking lots at all six SHA communi-

ties. Knightner also asked the city to waive the annual \$13,000 in lieu of tax payment the housing authority pays for city services.

City Manager Al Grieshaber said waiving the in lieu of tax payments was "workable and doable," but the \$1.2 million request was not.

"(Redesigning the parking lots) is a long term project, and all of our projected funds are budgeted," Grieshaber said.

In addition to funding problems, Grieshaber said the city faced two other key obstacles: first, the city would have no authority in how the \$1.2 million would be spent; and second, redesigning parking lots could become a much larger product. For instance, the parking lots do not meet the standards of 2.5 parking spaces per unit, so any

Veterans gather in Sanford for downtown parade, ceremonies

This year's Veterans' Day ceremonies in downtown Sanford were outstanding as usual. Flyers (top) were provided by the Seminole County Sheriff's Office (SCSO) and the Sanford Aerobics Team. The ceremony was a time for reflection for many as (above right) Harry Copeland of the Paralyzed Veterans of America delivered the Veterans' Day Message. A rifle salute (above) was given by the Disabled American Veterans Chapter 30, SCSO, and the nation's colors were held high by many, including the (right) Sanford Fire Department honor guard.

denying initial permission to an adult arcade that proposed to open next door to the Helen Stairs Theatre.

Cities of Longwood, Casselberry and Seminole County followed with their own emergency restrictions, but the adult arcade moratoriums are temporary. The governmental entities are searching for a way to regulate the adult arcades.

However, with the development in Volusia, they may have an easier time regulating the operations.

"It's an issue that many, many communities across the state are trying to come to terms with and I think we are all learning as we go through this process," said Gary Davidson, Volusia sheriff's office spokesman.

Sanford City Manager Al Grieshaber said his city will continue to move forward

With pending moratoriums against adult arcades in Seminole County and several cities, including Sanford and Longwood, governmental leaders have ventured across the St. Johns River in neighboring Volusia County to explore the operations.

As of last week, local officials don't have that luxury anymore as five law enforcement agencies teamed to raid seven adult arcades in Volusia. The casino-like establishments feature gambling machines that pay off not in cash but in tickets that can be redeemed for gift cards, coupons and other prizes.

Many municipal officials viewed these types of businesses as potentially detrimental if left unchecked. Beginning in late August, Sanford led the charge in

27 Oct. 2003 We are in the religious period of Ramadan now and every thing is going up in smoke. Suicide bombers are hitting everything and the enemy seems to be very well organized. These bombers don't mind blowing themselves up if they can get some soldiers or police.

We are severely short on linguists to interpret intelligence because the wisdom from Washington has them chasing after mythical weapons of mass destruction that most of us believe never existed in the first place.

If morale of the troops was low before, then it is two notches lower now. The 15-day leave thing is a big joke. The 1st Sergeant is taking leave at

Christmas time. We all thought the lower ranks would get leave first but it looks like only a hand-full from the whole unit will ever get leave. I said this 15-day leave was a publicity stunt to pacify everybody, and the situation is proving my words to be true. It was designed for a few to go home and be met with news cameras at the airport, then after they get the political

mileage out of it, you won't hear much about leaves. A few will continue to get leaves, just enough to say the program is still active. Some of the ones who went on leave are not coming back. Although I cannot confirm it, there are some rumors that some units are only allowing their soldiers to go to Germany on leave for fear that they might not return if they went home.

They setup a Burger King at the airport. I think it is run by AFES [Armed Forces Exchange System]. It is OK if you happen to be near it, then

you can survive on burgers and fries instead of MREs. Here we are 8 months later and few things have changed: a few better meals, a shower sometimes, water is still scarce, spare parts are still scarce, electricity sometimes, the mail is better.

On the other hand, all our work is going down the tubes and the threat has increased considerably. They say the attacks on us are now averaging 30 to 35 per day. I think Ramadan is going to be one rough period to go through

A GLANCE AROUND OUR COUNTY

## IN BRIEF

### Lake Mary police foil packaged meat shoplifter

A Sanford man thought he could make a quick get-a-way with nearly \$300 of stolen meat products Monday morning. He thought wrong as Lake Mary authorities traveled into Sanford city limits to catch the supermarket shoplifter.

Officer Chris Dye noticed Leonard Davis, 38, of 1103 Willow Drive in Sanford, exiting the Rinehart Road Publix in a "hurried fashion and disobeying a stop sign."

Upon running the vehicle identification tag of the white Mercury Cougar, Dye learned the license plate was actually for a 1995 Oldsmobile station wagon. He made a U-turn and caught up with Davis on County Road 46A near Rantoul Lane.

"I irritated a traffic stop with my lights and sirens, and the vehicle failed to yield and traveled a quarter mile further down the road where he abruptly turned in the property of the Oaks apartments at 46A and Oaks Court," Dye said.

Herald photo by Tommy Vincent

A few of the packaged meats a man tried to swipe from a grocery store.

At the point, Davis reportedly made a quick turn and bailed out of the car. Dye pursued him, but broke off the foot chase to return to the vehicle and remain with a female passenger. Lake Mary K-9 Officer Joker ultimately caught the suspect about a mile from the scene, Dye said.

"When I came back to the vehicle, I saw the meat in the vehicle," he said. "I presumed it was a shoplifting case gone awry. There was \$261 worth of meat inside the vehicle."

According to police, Davis exited the Publix front door with a shopping cart full of unpaid meat and nobody noticed him. With more than a dozen packages of assorted products including ribs, roasts and steaks, Davis was only \$39 short of stolen meats from a felony shoplifting charge. Davis was charged with attached tag not assigned to vehicle, fleeing and eluding a police officer, resisting a police officer, shoplifting, driving with a suspended license and possession of a stolen vehicle tag. The female passenger was released at the scene. Davis was booked into the Seminole County Jail on a \$5,000 bond.

### Seminole sheriff's office arrests suspected child abductor

The Seminole County Sheriff's Office has arrested Antonio Rosales, 36, in connection with the abduction of a 10-year-old female that occurred Nov. 1 near the intersection of Timberlane Trail and State Road 434. Rosales is charged with capital sexual battery, kidnapping, and attempted felony murder. Additionally, he was arrested on an out-of-state warrant for murder and sexual battery.

Rosales was identified initially only as "Javier" by citizens who came forward with information after the incident. He initially identified himself as Javier Ramirez, and advised he was an illegal immigrant from Guatemala. With the assistance of agents from the Immigration and Customs Enforcement, he was held pending positive identification.

On Nov. 7, the subject known as Javier Ramirez was identified as Antonio Rosales, who is wanted for the first degree murder and sexual battery of a 74-year-old female in Tucson, Ariz. The Tucson Police Department was contacted and two of their investigators responded to Seminole County to continue their investigation. Rosales confessed to these crimes. He is currently being held in the Seminole County Jail with no bond.

## Midway meeting planting progress

By Charles D. Jackson  
Herald Correspondent

MIDWAY — During the monthly Midway community Weed and Seed meeting last week, several Seminole County organizations reported on upcoming projects that will benefit the residents of Midway.

The largest plan is the Midway Safe Harbour project, a million-dollar community resource/educational facility that is a joint venture of the Seminole County School Board and Seminole County government that will be built behind Midway Elementary School. School Board Member Dede Schaffner reported that the architectural services for the building are being donated, and plans should be completed within months.

She is seeking input and volunteer services at the school. Residents have expressed a need for CPR and computer classes, and Schaffner said the center would meet those and other educational needs.

### In other action:

• A representative of Seminole County government said 70 people have been approved for homeowner assistance in the SHIPP program, and the county has contracted the services of 11 contractors. People who are approved for SHIPP have 90 days to purchase their homes, the representative said. Some attending the meeting said they were approved last year, but the county ran out of funds and couldn't hire a contractor, therefore, they never purchased a home.

• A representative from the Midway-Canaan Water Users Association said residents' bills have increased substantially because the city of Sanford, which provides the water, is increasing its rates. Some audience members expressed that the elderly are having a hard time paying higher water fees.

• Dave Hall of the sheriff's office announced a Neighborhood Council meeting for District 2, which includes all of Sanford and Midway, on Nov. 20, from 7 to

8 p.m. at the chamber of commerce building, corner of First Street and Sanford Avenue. He said residents will have an opportunity to discuss various law-enforcement and code-enforcement issues.

Weed and Seed is a law-enforcement program that weeds out drugs and crime in neighborhoods and plants "seeds" of progress, coordinating efforts with residents of the communities they serve.

In Seminole County, the Weed and Seed zones are unincorporated Winnwood in Altamonte Springs, Georgetown in Sanford and unincorporated Midway, east of Sanford. The Midway Weed and Seed Meeting is held every first Thursday from 7 to 8 p.m. at Progress Missionary Baptist Church, Rev. Emory Blake, on Midway Avenue.

The Seminole County Weed and Seed Meeting is conducted the first Monday of each month at the Seminole County Law Enforcement Center on Bush Boulevard. The public is encouraged to attend and give input.

## Midway cleanup set for Saturday

Residents of Midway, it's time for some fall cleaning. Gather all your junk and unwanted items for free removal by Seminole County.

Crews of community volunteers, youths, law enforcement officers and Seminole County Public Works employees will comb Midway Saturday in a coordinated cleanup effort from 9 a.m. to 4 p.m. Residents who need debris removed from their property should place items,

including appliances and tires, on the curb in front of their house. This is a one-day effort and only things brought to the curb will be removed.

Sponsored by the Seminole County Sheriff's Office in partnership with the Midway community and the Weed and Seed program, the cleanup effort has been very successful in the past. For additional information, call Sgt. Matt Hardesty at 407-665-6600.

## Rubyjuice is Sanford's newest 'smooth' operator

By Kate Lucas  
Herald Correspondent

**SANFORD** — Historic downtown Sanford has a thoroughly modern new food and drink outlet. 'Rubyjuice' is a juice and smoothie bar and will also sell a range of sandwiches, salads and sides.

City residents George and Donna Megrichian are the enthusiastic owners, and will celebrate the opening of their store by hosting a free smoothie giveaway 10.30 a.m. to 2.30 p.m. on Nov. 13. They extend an invitation to all local residents to drop by and sample one of their drinks. The store will be fully open for business Nov. 14.

"Healthy food — fast" is their aim and the Megrichians hope that the delicious California-style smoothies and fresh-squeezed juices will appeal to those with an active lifestyle and those who want something healthy to eat on the run.

"Many of us are becoming aware that some fast food options are not so

healthy," George said. "Well, Rubyjuice is a great alternative."

It's not all serious though. George promises to be "always smiling" and he and Donna plan to have competitions in store and to encourage customers to design their own smoothies and juice combinations. And then there will be the Ruby Raids. Several times a week, Rubyjuice promises to turn up at a local workplace and handout 24-ounce smoothies free of charge to all employees.

The drinks, which are all made fresh to order, have lush-sounding names and come with an optional nutritional supplement. One of Donna's favorites is a dessert smoothie called "Coffee Ka-Boom," a blend of coffee, milk, mocha powder, low fat frozen yogurt, chocolate or caramel and ice. "Ruby Rapture" is one of George's top three and contains CranRazz juice, strawberries, bananas, orange sherbet, Protein blend, Energy blend, Multivitamin blend and ice.

"We use top quality pro-

duce, no refined sugar added and only the smallest amount of ice," George said, "so that you get the best smoothie ever!"

A catering menu is also available and lunch orders can be sent by fax. The menu offers healthy treats, gourmet pretzels with dipping sauces and sandwiches such as hummus and veggies or light chicken salad.

The Sanford store is Rubyjuice's first franchise and is located on the corner of Park Avenue and First Street. The historic building was once a bank and local architects were brought in to do the conversion.

The architect for the project, Scott Singelsen of Burke, Hogue and Mills Assoc. Inc., said he was pleased they were able to do the internal remodeling without having to change the traditional exterior.

During the renovations the original marble floor, which used to greet bank customers as they entered the porch, was uncovered and will form part of the new floor. The bank vault, rein-

### Video services introduced in Lake Mary

Chris Harrington has introduced the newest state-of-the-art video production and editing technology to Central Florida by announcing the grand opening of Harrington Video Services, 3551 W. Lake Mary Blvd., in the Driftwood Village Shopping Center.

Chris, formerly with Veritas Software in Heathrow, recently completed two weeks of intensive training programs in video production, video editing, photo and image editing, and DVD authoring utilizing the latest technology in hardware and software.

Meeting the needs for both individuals and businesses, Harrington Video Services offers a wide range of video services including tape duplication, video editing, video to DVD transfers, photo video keepsakes, sports scholarship videos, legal video services, slide and home movie transfers, plus much more.

For more information, call Harrington Video Services at 407-302-7822.

### Harkins breaks ground in Lake Mary

Ground has been broken on the Lake Mary Surgery Center in Williston Park in Lake Mary. Harkins Development Corp., is providing site development and design/build services to Lake Mary Surgery Center for SurgCenter Development of Arroyo Grande, Calif., the project-owner. The one-story, 4,500-square-foot outpatient surgery facility will be completed in January 2004.

McGruder Eye Institute has selected the design-build team at Harkins Development to build a medical facility, also in Lake Mary. The 8,000 square-foot, one-story building will be McGruder's fourth office in Central Florida.

Ewen Architecture and Management of Winter Park is providing design to Harkins Development. The building, which broke ground in September, is scheduled for completion by year's end.

Stirling gets exclusive for

### ultra-luxury condos

Stirling International Realty, Inc., has been named exclusive sales and marketing agents at Perle du Lac Condominiums located on Lake Virginia in Winter Park. Roger Soderstrom, founder and owner of Stirling, said Perle du Lac is the only exclusive gated community on the Winter Park Chain of Lakes.

Only seven of the original 13 condominium units remain to be sold, Soderstrom said. Each of the three bedroom, three-and-a-half bath units offers a view of Lake Virginia, and condominiums are priced from the high \$700s to more than \$1.1 million.

### Workers Temporary Staffing takes a hike for charities

Workers Temporary Staffing, Inc., one of Florida's largest and most active temporary staffing firms with more than 20 recruitment and training centers in Florida, Alabama, Georgia and Missouri, was one of the

# Fabulous dance troupe hits Sanford stage this weekend

From Staff Reports

The highly acclaimed production, Fab Follies, will be at the Helen Stairs Theatre in Sanford this Saturday and Sunday.

The high stepping cast of the song and dance troupe continues its fifth straight season with the exciting production "Looking Good." The show features a variety of music from the 20's to the 70s, performed by a 40 member cast of local entertainers, each one over the age of 55 and some as young as 80 years old.

During the five years it has been in existence, the Fab Follies has performed for fundraisers, private groups and the theater-going public around Central Florida. They are well known for their signature style, lavish costumes, buoyant musical numbers, precision dancing and clever specialty acts.

At a time when many people are slowing down, the 40 member troupe spends its time lapping, singing and high stepping in a show that brings back the

type of extravaganza theatergoers have loved for years. Fab Follies' performances are never short on glamour or excitement.

The vitality of the Fab Follies cast never betrays the little secrets that lie beneath: the hip replacements, knee replacements and previous health conditions that many of its members claim. But they all believe that this determination to celebrate life only enhances the showmanship that has been communicated to the thou-

sands of people who have attended their performances over the years.

Locally, the Fab Follies may be seen at the Helen Stairs Theatre, 201 Magnolia Ave. on Saturday, Nov. 15, at 2 p.m. and 7 p.m., and Sunday, Nov. 16, at 2 p.m. Tickets are available through the box office, 407-321-8111, or on-line at [www.helenstairs.com](http://www.helenstairs.com). Orchestra seats are \$15 and balcony seats are \$12. The presentation is an Elizabeth A. Taylor Production.

## Arcade

with an ordinance restricting adult arcade facilities.

"I think the bust in Deltona proves the wisdom of the city commission's action to place a moratorium on these types of businesses," Grieshaber said. "We will continue to move proactively to prohibit adult arcades. We want to do a better job being proactive in regulating these businesses."

State laws prohibit games of chance and other slot-machine gambling. Several officials, including Seminole County attorney Bob McMillian and Sanford attorney Lonnie Groot, have contended the adult arcade gambling machines are games of chance rather than skill. The investigation con-

ducted in Volusia may help in proving that theory.

Armed with two-months of investigation, a New Jersey gaming expert and a search warrant, the Volusia County Sheriff's Office raided Friday the Gold Dust Casino in Deltona, which had been open since June. Along with the sheriff's office, authorities in Edgewater, Ormond Beach, South Daytona and St Johns County raided seven more adult arcades. At the heart of the investigation, was the possibility that the gambling machines were pre-programmed to win a certain amount of time.

Business owners have claimed the machines were legal because installed stop bars on the gambling

machines allow players to stop the revolving frames when they see fit. However, local officials have said with 30 frames flashing per second the games are more luck than skill.

"You can't get and better or skilled at it, or win at any more frequency that thing is programmed to payout," Davidson. "The other part of the argument, from our perspective as our experts tell us, is that while they have added these manual stop bars it is virtually impossible to make it stop where you want it to stop because it goes so fast."

The operator of the Gold Dust Casino, John Manning, 43, was arrested during the raid and charged with keeping a gambling house.

redesign would require expansion. Any expansion would require the approval of St. Johns Water Management Agency, which would insist upon upgrading stormwater retention facilities at each community.

"We may have to redesign the whole community" to accommodate a parking lot redesign, Grieshaber said.

Knightner's request also irked several commissioners who felt HUD unfairly blamed the city when the feds conducted an involuntary takeover of the housing authority in July. Though funded and overseen by the federal government, HUD Secretary Mel Martinez blasted Sanford officials for the status of the local housing authority which has been mired in problems for more than three decades.

"Are they out of their minds?" said Commissioner Randy Jones. "They want money from us after the way they threw the city under the bus? When they took this thing over, (HUD Secretary Mel) Martinez came in here and said, basically, 'the city of Sanford is no good, your commission is no good, your board is no good.' Now it's, 'Oh by the way, can you give us \$1.2 million and waive our in lieu of tax payments for the next decade?'"

Commissioner Velma Williams also expressed reluctance to agree to Knightner's request. Williams has served as the commission's liaison to the housing authority in the past.

"While I realize the needs at the housing authority, the federal government has all kinds of funds," Williams said. "When they talked about taking the housing authority over, they indicated they would do whatever it took to turn it around, including spending money."

"We have pockets of poverty all throughout Sanford," Williams added. "Before I would vote to give the housing authority \$1.2

million we don't have, I would vote to spend it in those neighborhoods."

Mayor Brady Lessard said the city should and will partner with HUD to improve the housing authority. However, Lessard said the city must have the ability to make its own decisions at the facilities.

"If you really want Sanford to be a partner, for gosh sakes don't assign us the parking lot," Lessard said. "We'll take some of the burden, but you've got to give us some of the ability to make changes."

In the coming weeks, Lessard said he would be meeting with Martinez to request the city take over 10 to 20 units. The city would fix the units and develop a plan for residents to move in and eventually own their individual apartment.

"We're going to be proposing a very radical concept from what HUD is doing," Lessard said. "This is a plan that (former HUD Secretary) Jack Kemp advocated."

Residents who moved into the city-owned facilities would have to attend classes on life skills, money management, home ownership and home repair, Lessard said. They would also have to participate in the maintenance and upkeep of the facilities. After a period of time, the city would deed the property to the resident.

In other business, the commission:

• Directed Grieshaber to meet with the developer of Cedar Hill to discuss deeding two parcels of land to the city to expand Washington Oaks Park. Cedar Hill is a new single-family residential community that will be built next to Washington Oaks. Residents of Washington Oaks voiced concern that the new subdivision would put additional stress on a neighborhood park that is already very active.

The developer has indi-

cated that he would sell two lots adjacent to the park to the city; however, commissioners suggested the city should ask the developer to donate the land since the city would be spending money to upgrade the park's landscaping. Commissioners also noted that an expanded park would benefit new Cedar Hill residents and increase property values in both neighborhoods.

• Appointed Charles Rowe to the Downtown Community Redevelopment Agency (CRA). Rowe, who headed the city of Sanford's Community Development Department for more than a decade, will replace CRA Chairman Larry Strickler. Strickler has served on the CRA since its inception in 1995, and his term ends in December.

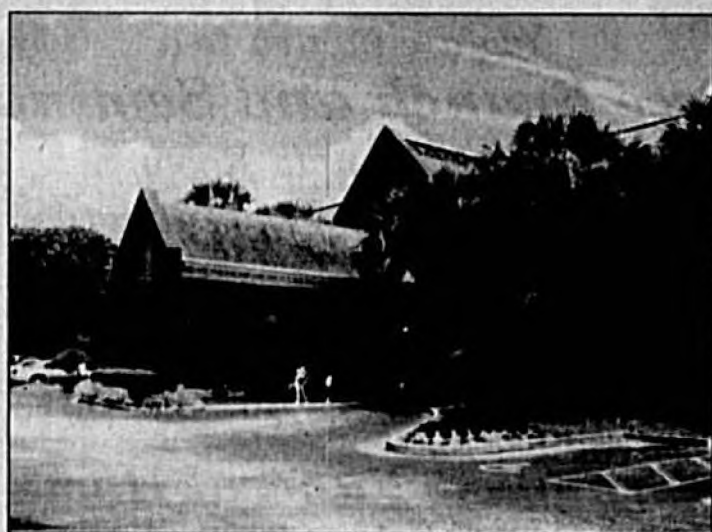

Eight other applicants had applied for the position. The matter was on the agenda during the commission's work session but was not put on the agenda for the regular meeting at which commissioners take action. During commissioners' reports at the end of the meeting, Commissioner Randy Jones said he would not be at the next scheduled meeting to vote on Strickler's replacement and nominated Rowe. The motion passed 5-0.

• Agreed to the exchange a 13.14-acre plot of land between East 25th Place and East 26th Street with the Seminole County School Board (SCSB) for a 8.6-acre lot adjacent to the Sanford Historic Memorial Stadium. The city will use the land to expand parking at the stadium, improve stormwater retention and provide additional recreation facilities.

The School Board has agreed in principal to the land swap. Commissioners took no formal vote on the matter because Grieshaber wants to provide a written agreement outlining the terms.

because these folks are really getting fired up and the troops are getting fed-up.

28 Oct. 2003 My squad has been providing an escort for Colonel May, regimental commander of the 2nd Armored Cavalry Regiment. We had to take him to the palace area to talk with the higher command about the hotel bombing attack in Baghdad.

The other day we took the Colonel to the Convention Center right across from the Al Rasheed Hotel. We had some time so we went shopping over at the hotel. I saw Sandy (an interpreter from New Baghdad Police Station) who was selling things. She had two large ivory tusks for a \$1,000 apiece. I bought Joyce something (not ivory) for our anniversary coming up next month. After 12 wonderful years she has been the best wife a man could have and she will always be my best friend.

We are now in Ramadan and our interpreter, Salim, said he can't eat until 1700 hours. He said if he ate something, his wife will tell his uncle, which is his father-in-law. Iraqi genealogy is a little complicated to explain. He married his second cousin, which is customary here, but they still can't marry their sister or first cousin.

Anyway, we heard the hotel attack while we were at the RSS eating breakfast. That was the hotel where Wolfowitz was staying. After that, I guess he got out of town really fast. Probably won't come back either.

The next day we were supposed to do a raid on a weapons dealer, which I sent

my two teams out to that and we confiscated more than 100 weapons and arrested three weapons dealers. These are real problems for us as they supply weapons to those who are trying to kill us.

We confiscated landmines, mortars, improvised explosives, numerous firearms, and RPG's. We also found a grenade launcher made in the USA. It looks like it is one used to shoot smoke grenades during riots in the city. A lot of these weapons are made in the U.S.A. Some of these weapons may be ones that the U.S. supplied Iraq when we were chums with Saddam against Iran. Seems we have a weird history of supplying our own enemies.

Then we got word that there were car bombs at what sounded like every police station in Baghdad. We responded in our sector, but only one was found in a drainage culvert under the road. We backed everyone one up and called for EOD which came out and used our truck (2A humvee) to get behind because it is armored. They controlled, via computer, the little robot thing that goes up to the bomb to plant explosives on it to destroy it. Now the Iraqi locals are not the brightest species in the world because they wanted to go up to the thing and see what it was. Sometimes I think these people are nuts. We all got inside our vehicles and then EOD detonated the bomb which shook everything. Talk about loud. It blew the culvert apart and blasted out the windows of a nearby building. This is what is killing

Americans over here, these IEDs [improvised explosive devices] pack tremendous explosive power.

Ramadan is supposed to be a peaceful holiday but there is no such thing as peaceful anything in the Arab world. The only way I can explain these people is by this analogy. Imagine four monkeys in a cage with a banana on a stool in the middle. When a monkey goes for the banana you spray him with water. He jerks back, but then the other three try the same thing and get the same treatment. Now take out one monkey and replace him with a new one and if he goes for the banana the other three beat him up. Then keep replacing monkeys until all four monkeys are no longer the original four, then they all will get into a fight with each other and don't even know why and you can keep spraying water on them and they will just keep fighting. Our job is to spray the water, but it is just making a muddy mess and nothing gets resolved and the banana ends up getting stolen by some other monkey.

Iraqis say they love peace and are peaceful people. But ask them about their neighbor, or some other guy, and they will say "I will kill him" or "I hate him." I think hate is a way of life in this place.

We did another raid last night based on information from an informant who told us about an illegal art dealer who has been selling valuable artwork and artifacts dating back before Christ. I saw the photos of this art, some of which I have seen in history books. The dealer allegedly

stole these out of one of the museums. We conducted the raid and found three empty safes and no subject. Now he will probably just relocate his business.

Earlier, before we went on the raid, P14, my truck, which is commanded by 2A and driven by Finnell, overheated and sprang a leak. I have written before how spare parts are scarce and about the toll this war has taken on our vehicles, which in many cases have contributed to breakdowns that have placed soldiers' lives at risk. I had the mechanics look at the truck but when I came off the morning mission I found my truck still on line and it had not moved to the motor pool.

I got the mechanics up and asked them if my truck was mission capable. They said SGT Minus was on tower duty and he looked at it and they knew nothing else about it. I was furious. I told them that all the mechanics should be fired, I was yelling and cussing. I saw the first sergeant duck into his room and hide. I don't yell that much and it is very rare, so when I do get angry it scares people because I'm normally calm and they think that I've gone berserk. Anyway, SSG Kyle, the motor sergeant, came out and checked the truck over and fixed the problem. They ought to send Bush and Rumsfeld over here to see these problems. Wolfowitz could have checked on things, but after the rocket attack on that hotel, he caught the first plane out.

### Longwood to celebrate 125th anniversary

The city of Longwood will celebrate its 125th Anniversary and Blue Grass Pickin' event Saturday, Nov. 15, from 6 to 10 p.m. at Longwood Community Building, 200 W. Warren Ave.

There will be a good old fashioned cake and ice cream social for everyone with cake cutting at approximately 7 p.m. For the Pickin' event, bring your instruments and join in with the music makers.

Free horse and carriage rides will be offered through historic downtown Longwood from 6:30 to 8:30 p.m. The historic district shops will also be opened during the event.

### Mayor

campaign flier stressed that Miller was fair and would listen to issues to make a sound decision.

"Apparently there are people that believe that because I gave Steve Miller a statement (saying) that I work well with him that means I am responsible for his campaign literature," Anderson said.

Anderson said he attended the swearing-in ceremony of Sackett and Holt and explained that what was reflected by the campaign literature is "not the way he operates."

Despite his gesture, Sackett said he expected more from the mayor. As residents reportedly received the campaign flier in

the mail Friday before the election, Anderson could have publicly apologized before voting started, according to Holt.

"When the brochure came out, and he saw that he had a quote on there, he had the opportunity to make it right because there was a commission meeting prior to the election," Holt said. "If he felt it was improper he had the perfect opportunity to make it so publicly well known, and I never heard from him."

Candidates Sackett and Holt were both backed by Commissioner Butch Bundy. And as Sackett won the seat early in the race with no challengers, he too backed

Holt. Unlike Bundy and Sackett, Anderson said he did not actively campaign for any candidate.

"I gave Steve a quote because he is a fellow commissioner and I do work well with him," he said. "He came to me and said would you be willing to say something for me and I said sure. I think that is the gentlemanly thing to do. What harm is there in saying to the people of Longwood that I work well with Steve."

Sackett believes Anderson's fault was when he didn't ask in what context his endorsement was going to be used. Sackett said when he offered his name to appear on Holt's campaign literature, he always saw the

finished product before it shipped out to voters.

"Possibly he didn't know it was going to happen, but after it happened there was time for some responsible actions to occur," he said.

A city commissioner in his second three-year term, Anderson was elected as city mayor by the other four city commissioners in November 2002 as Lovstrand resigned the position. City leaders are due to either reappoint Anderson or elect another mayor next May.

As mayor, Anderson said he has prided himself on trying to keep the city free of political turmoil.

"I've always tried to be a

peacemaker and I've always tried to be fair to all opinions," he said.

"I try to respect people and I'm a firm believer if you do that in the long run you win out," Anderson added. "The city comes out better in the end. Instead of trying to make things personal, (it's better) trying to focus just on business and move on."

Although it's his first meeting, Sackett said he wants to see some forward thinking and some mayoral leadership with integrity.

"I'm not afraid I'm starting off on the wrong foot," he said. "It is sad it's starting out like this, but people have said this type of politicking does not belong in the city of Longwood."

And for those that think Bundy is ultimately pushing for the no confidence vote in Anderson because he politically backed both candidates, Sackett says it's not so.

"He said he was upset about it (campaign literature) and the timing of it, but I was unsure if he was going to do something about it," Bundy said. "For once, I'm kind of for a loss of words."

## Patriots winning streaks intact

By Shellie Knowles  
Special to the Herald

Two-time defending Florida Christian Athletic League state football champion Liberty Christian School of Sanford won its 27th consecutive game Friday and improve its season record to 6-0 with a 62-20 victory over Deltona Christian School.

The Lady Patriots volleyball team ended its regular season undefeated Friday with a three-game sweep of Deltona Christian, winning 25-12, 25-23, and 25-20.

Both teams finished first in the conference and are headed to the state playoffs later this month. The football team was scheduled to close out its season Tuesday.

In the football game, the Patriots had control of the ball first and wasted no time getting on the scoreboard with wide receiver Mark Tavanyar scoring the first touchdown.

The Patriots were leading 12-0 at the end of the first quarter, but Deltona managed to do something in the second quarter, that no Liberty opponent has done this season: score two touchdowns in the same quarter. At the half, Liberty led 36-14.

The Patriots allowed just one more Deltona touchdown, early in the fourth quarter, and then took over and dominated the rest of the game.

Tavanyar led the offense, scoring five touchdowns and a two-point conversion on nine receptions. Also contributing to the Patriots offense were halfback Dave Barnes and wide receiver Jason Jenkins. Barnes scored one touchdown and had five receptions, while Jenkins caught five passes and scored a two-point conversion. Senior Joseph Stephen had three receptions and scored two touchdowns, while quarterback Jason Williams, also a senior, completed 37 of 45 passes.

Despite giving up 20 points, Liberty's defense had a great game with Williams, at middle linebacker, and Jenkins, at defensive end, leading the way. Williams made ten tackles and had one interception, while Jenkins made seven tackles and recorded three sacks. Eighth-grader Lincoln Gager made three tackles and put a lot of pressure on Deltona's quarterback, coming away with two sacks. Cornerback Ryan LaRose had seven tackles, while Tavanyar, playing at strong safety, had two interceptions and three tackles.

The Lady Patriots closed out the season in style, finishing a perfect 7-0.

The girls got off to a great start in the first game, beating Deltona. See Liberty, Page 12

Oviedo High School's Jennifer Barringer did something that no high school female in Florida had ever done.

She broke the 17-minute barrier during the FHSAA Class 4A Girls State Cross Country Championships at Ed Radice Park in Tampa Saturday evening.

Coming home in an amazing 16:55 the junior not only defended her Class 4A state championship, she

## Barringer first female to break 17-minute barrier

also shattered the state championship, course and overall state record.

As she has done much of the season, Barringer finished more than a minute ahead of the second-place runner, Kerry Allen of St. Petersburg. Allen finished the 5-kilometer (3.1-

mile) race in 18:09.

While Barringer stole the show, as she should have, she was not only the only county runner in the Top 10 as Winter Springs senior Oumama Hallal came home sixth in a time of 18:45.

Hallal's finish was good enough to

allow the Bears to finish 10th overall, one place better than the Lions.

Other finishers for Winter Springs, which had 280 points, were Junior Brittny Lambert, 33rd at 19:59, freshman Virgilia Phillips, 96th at 21:34, senior Sarah Mees, 102nd at 21:40, and freshman Jamie Jones, 110th at 21:44.

For Oviedo, with 305 points, were Barringer, senior Melissa Brown, 78th at 21:07, junior Allison Cox, 98th at 21:37, senior Jayme Kuniak. See Cross Country, Page 12

### Winter Springs rolls; Pats miss out on bid

By Dean Smith

A strange turn of events happened in Winter Park last Friday.

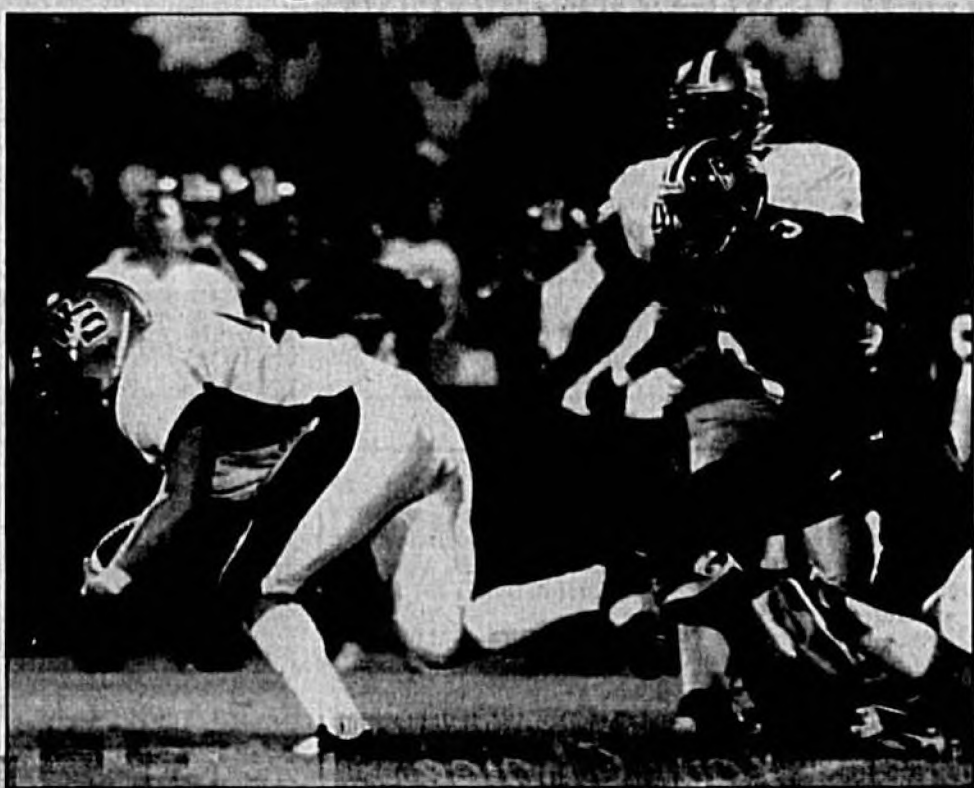

While it was not a complete surprise that the host Bears could defeat Lake Mary, but no one could have predicted a blowout as Winter Springs waltzed to a 35-6 triumph at the A.W. Epps Sports Complex.

Both teams are headed to the playoffs and had been playing very well of late, but Host Winter Springs completely dominated this affair, giving coach Steve Katz a victory over his former mentor, Greg Stanton.

Katz was an assistant at Lake Mary before taking the Bears' head job two years ago.

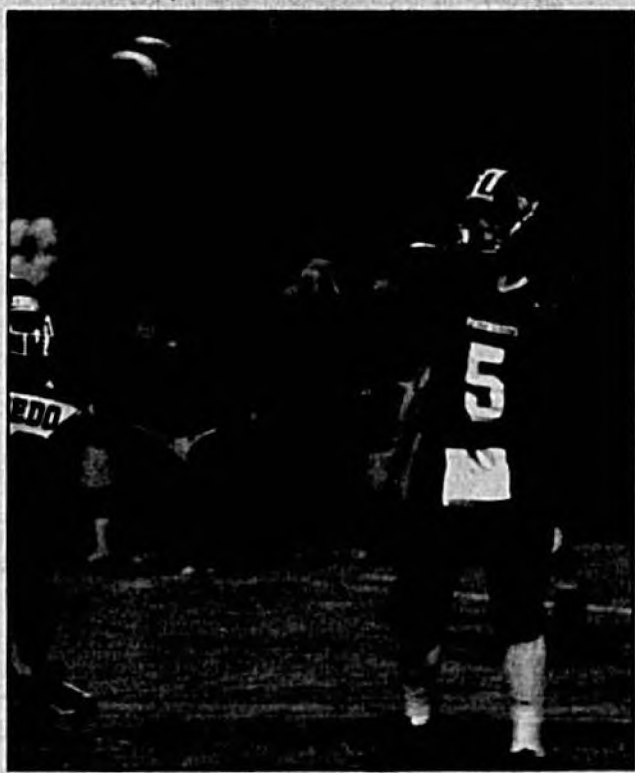

But now the thoughts of both teams must turn to the playoffs, and both teams have large hills to climb.

Both squads will go on the road, with Winter Springs (6-4) having to play at Palm Bay, the defending state champions who are currently ranked No. 1 in Class 5A and No. 3 in the nation by USA Today. As if the challenge wasn't bad enough, the Pirates (9-1) lost their first game of the season to See Football, Page 10

Junior running back Kevin Harris (carrying the ball, above, against Lake Brantley earlier this season, ran for 115 yards on 17 carries as Winter Springs dominated Lake Mary, 35-6, in both teams' final tune-up before starting the playoffs this Friday. Both teams will open the regionals on the road, the Bears heading to the East Coast to challenge powerful Palm Bay and the Rams going to Orlando to play 9-1 Boone at Dr. Norton Baker Field. Both games will start at 7:30 p.m. Lake Brantley was not as lucky, despite getting a pair of touchdowns from senior quarterback Brett Smith (right) in a 49-6 slamming of Lake Howell, the Patriots were eliminated from playoff contention when Apopka won and Winter Park lost.

## Oviedo wins battle of cats

By Tony DeSormier  
Special to the Herald

OVIDEO — Friday night's Class 6A football game between the Winter Park Wildcats and host Oviedo Lions was another piece of evidence that supports the old saw that what goes around, comes around.

It wasn't too many years ago that the Wildcats boasted a high-powered offense and a wickedly fast defense, both of which would cause Oviedo untold headaches as the Lions scrambled on the treadmill trying to catch up.

But the last couple of seasons, the situation has slowly but definitely been turning about. This year, it's the Oviedo Lions, bolstered by a cadre of playoff-tested three-year starters, who are the reigning big cats.

On Friday night, the Lions out-gained Winter Park, 248 yards to 92, and had more than twice as many first downs (16-7).

"We've wanted to be a physical team all year," said Oviedo head coach Greg Register who will lead the Lions in the Class 6A state playoffs as the District 2 champion. "We want to control the line of scrimmage on both sides of the ball."

The Wildcat defense did cause Oviedo some problems, keeping the Lions under 300 total yards and limiting them to just a pair of touchdowns (their third-lowest output of the season).

Oviedo's defense, however. See Lions, Page 10

## Winter Springs, Orangewood Christian headed to Lakeland

Seminole County hit .500 in girls volleyball regionals on Saturday.

Winter Springs (25-4) earned its first trip back to the Final Four after a two-year absence, being forced to a fifth-game tie-breaker to defeat Winter Park in the Class 6A-Region 1 Championship at home.

Orangewood Christian (28-3), which has been ranked in the Top 5 in the state all season, showed why, winning six of seven games to win the Class A-Region 3 Championship at Pinacastle Christian.

For their efforts, the Bears and Rams both earn trips to Lakeland this week, where they will take part in the FHSAA Girls Volleyball Championships at The Lakeland Center.

Orangewood Christian will open play at 11:30 a.m. tomorrow (Thursday) against Ocala-St. John Lutheran (22-3). That match will follow the 10 a.m. Class A matchup between Tampa-Bayshore Christian (28-2) takes on Lake Worth Christian (23-7).

The winners will return for the State Championship Match at 10 a.m. on Saturday.

Winter Springs will face Parkland-Douglass (27-3) at 8:30 p.m. on Friday. The other Class 6A semifinal is at 4 p.m. on Friday with Boca Raton-Spanish River (27-2) battling

Southwest Miami (30-2).

The Class 6A Championship final is set for 8:30 p.m. on Saturday.

The Bears found out how tough a day it was going to be as they were taken to four games by Lake Mary in the semifinals, 25-20, 25-19, 22-25 and 25-14.

Sophomore Brianna Berry, all 6-foot-3 of her, put down 16 kills for Winter Springs, which also got 13 kills and 15 digs from senior star Lorin Lukas.

Rams star Angie Pressey led all players with 17 kills, while Angie Evans chipped in with 14 digs.

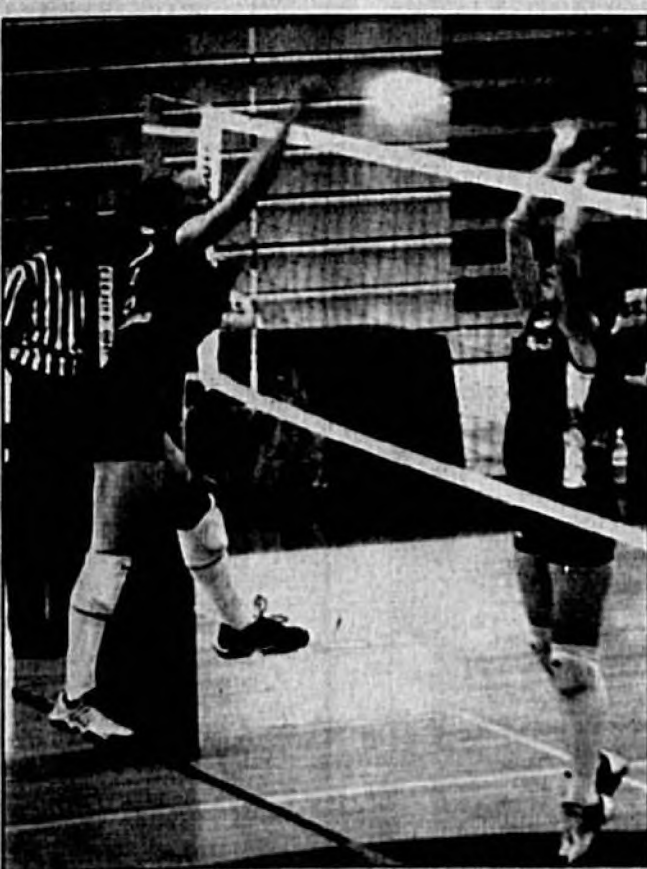

The Wildcats had a much easier time of it, getting past a tough Spruce Creek squad, 27-25, 25-19 and 25-13.

The Bears were on the verge of being upset in the finals as Winter Park led two games to one, winning the first and third games 25-22 and 25-17, and leading the fourth game 13-11.

But Winter Springs, which had evened the match with a 25-22 victory in the second game, came alive in time to win six straight points and forced a winner-take-all game with a 25-19 triumph.

Under the new rally point system, if the match is tied at two wins each, the fifth game is played to 15 points.

The extra game was just as intense and See Volleyball, Page 12

# Orsini announces coaching change in football at UCF

Special to the Herald

UCF athletics director Steve Orsini announced a change in leadership in the football program at UCF Monday aimed at continuing the development of the program.

As a result, head football coach Mike Kruczek has been relieved of his duties effective immediately. Assistant head coach Alan Gooch will lead the team on an interim basis for the final two games of the 2003 season while a national search for a new coach is conducted.

"We're grateful for the many years of service Mike has given to UCF," Orsini said. "He has been instrumental in helping build the program to the point where it is now, but we felt it was time for a change if we are going to continue the growth of this program."

Kruczek, who spent 19 seasons at UCF, including the past six as head coach, finishes his career with a 36-30 record, including a 3-7 mark to this point in 2003. Kruczek, who spent 13 seasons as offensive coordinator before taking over as head coach in 1998, posted a 9-2 record in his first year as head coach. Since that time UCF has a 27-28 record.

Gooch, the longest tenured staff member, is

a 1982 graduate of UCF. He has been a member of the coaching staff since 1983. He has served in various capacities, including recruiting coordinator and secondary coach. He is currently the running backs coach and has been assistant head coach since 1999. He was named American Football Coaches Association Assistant Coach of the Year in 1997.

UCF plays defending MAC East Division champion Marshall in a nationally televised game on ESPN 2 Wednesday Nov. 19 in the Citrus Bowl and then closes the season with MAC East leader Miami (Ohio) Friday Nov. 28.

## EASTERN MICHIGAN RUSHES PAST UCF, 19-13

Eastern Michigan tailback Anthony Sherrell rushed for 155 yards on 43 carries to lead the Eagles to a 19-13 victory over UCF Saturday afternoon at Rynearson Stadium in Ypsilanti, Mich. The win was the first this season for Eastern Michigan in the MAC (2-8, 1-5 MAC) while UCF dropped to 3-7 and 2-4 in the MAC.

In its final road game of the season, UCF finished 0-7 in 2003 on the road. The last time

Mike Kruczek (left) has been relieved of his head coaching duties after six years at UCF. Assistant head coach Alan Gooch will lead the team on an interim basis for the final two games of the 2003 season while a national search for a new coach is conducted.

UCF went winless on the road in a year, it was 1987 when the Golden Knights went 0-2.

Eastern Michigan scored all 17 points off three UCF turnovers, which gave the Eagles the ball inside the UCF 30-yard line on all three turnovers.

Eastern Michigan scored first after UCF turned the ball over on its second play from scrimmage. True freshman quarterback Steven Moffett, making his first career start, fumbled to set up the Eagles inside the UCF 30 yard-line. From there, the Eagles scored on a 15-yard touchdown pass from Ken Bohnet to Alonzo Harris just three minutes into the game.

Another UCF turnover inside the UCF 20 gave Eastern Michigan the ball inside the UCF five yard-line. Moffett had a snap in the shotgun sail over his head from center Adam Butcher, who was also making his first career start, and the Eagles recovered the ball deep in UCF territory.

The UCF defense held and forced EMU to settle for a 39-yard field goal by Andrew Wellock to make the score 10-0. The field goal came after a pass interference penalty on EMU, which pushed the attempt back 15 yards.

The turnovers continued, this time UCF collected its first of the game when Antoine See College, Page 11

The women of coach Lisa

Nuxol are 2-1 on the season and will welcome the Reebok/Winning Ways Travel Team to Sanford for a 5 p.m. tip.

The men of coach Stan Cromartie suffered a big loss in Bradenton to Manatee Community College last weekend, but have had a week to prepare for a battle with tough

Tallahassee Community College.

The Raider men will also be at home on Saturday when they welcome another very good program, St. Petersburg College, to the HPEC.

Game time for both men's games is 7:30 p.m. and admission is free to all SCC home games.

rival Merritt Island on Friday and figure to be in a bad mood.

Lake Mary (6-4) originally thought it would be playing at Edgewater, the defending Class 6A state runners-up, but after Stanton questioned the FHSAA, the brackets were changed and now the Rams will be in Orlando to take No. 1 seeded Boone, 9-1.

The bracket was changed because if Lake Mary and Oviedo had won their opening games, the SAC rivals would have met in the second round, not allowed under FHSAA rules.

Also opening regional play this Friday will be amazing Lyman, which closed out an 8-2 campaign with a 33-21 victory over Seminole (4-6).

The Greyhounds, who have not lost to a Class 5A team all season, will host Klammsee-Osceola (7-3) at Carlton D. Henley Field starting at 7:30 p.m.

If past performances are any indication, the hosts will be favored because they opened the season with a win at Lake Mary, while the Kowboys were shutout by the Rams.

The Bears took control of Friday's game almost immediately as Vinny Cucci recovered a fumble in the end zone, one of three Lake Mary turnovers in the first half, to give the hosts a quick 7-0 lead.

The other Cucci brother, Pat, extended Winter Springs' lead to 14-0 later in the first quarter when he scored on a one-yard run.

With the lead in hand, the Bears never looked back, taking a 28-0 lead at halftime and then scoring early in the third quarter to make the score 35-0.

Winter Springs ran up 321 total yards, 230 in the first half, led by junior running back Kevin Harris, who finished with 115 yards on 17 carries.

Another junior, quarterback Brett Hodges, completed 13 of 20 passes for 162 yards, including a 30-yard touchdown pass to Chris Sienko, while Ashuwa Richardson had four catches for 54 yards.

The Rams, who came into the game on a five-game winning streak in which they had outscored their opponents 133-9, were held to 81 yards in the first half and 201 for the game.

Lake Mary's only score came with three seconds left in the third quarter when junior quarterback Robert Kass, who was 10-of-27 for 152 yards in the game, threw a nine-yard touchdown pass to tight end R.J. Meyers.

Meanwhile at Tom Storey Field, Lake Brantley did everything it could, but still missed earning the At Large bid into the playoffs.

Seniors Brett Smith and Deon Casey scored two touchdowns each as the Patriots ran over Lake Howell, 49-6, but the hosts still missed the playoffs as Apopka, which beat Lake Brantley on the opening week of the season, rolled over Oak Ridge and Winter Park lost to Oviedo.

Smith rushed for 46 yards, including a 35-yard scoring run on the Patriots' opening drive, and threw an 81-yard touchdown pass to Nick Deger that gave Lake Brantley (7-3) a 14-0 lead midway through the opening quarter.

Casey, who had 108 yards on 12 carries, scored on a 12-yard run in the second quarter and a 50-yard gallop in the fourth quarter as the Patriots totaled 240 yards in the game.

The Silver Hawks (1-9) finally got on the board in the third quarter with quarterback Joey Furjanic capping a 65-yard drive with a seven-yard touchdown run.

In another season-ending game involving a Seminole County school, Trinity Prep went on the road to upset playoff bound St. Petersburg-Shorecrest, 34-21, despite allowing 326 yards rushing.

The biggest play of the game came with just over three minutes left in the third quarter when Saints tailback Zack Zimmer went 77 yards - colliding with a referee during the run - for a touchdown. Zimmer finished the game with 168 yards and three touchdowns on 16 carries.

Senior running back Will Harrison (No. 9, above) ran for a game-high 79 yards on 18 carries and scored on runs of 1- and 10-yards as Oviedo bounced back from its first loss of the season to nip Winter Park, 14-7, at John Courier Field.

## Lions

Continued from Page 9

er, wore down the smaller Wildcats. After surrendering a touchdown on 92 total yards and five first downs in the first half, the Lions shutout Winter Park in the second half, allowing the visitors just two first downs and 0 net yards.

"Oviedo whipped us up front," said Winter Park coach Larry Gergley. "We just couldn't generate any offense with our running game (38 yards on 25 attempts, six of which went

for losses)."

Winter Park had just about every circumstance going against it Friday; not only were the Lions looking to build some momentum going into the playoffs, they were coming off their first loss of the season (to Lakeland-Lake Gibson the week before) and were celebrating their homecoming as well.

"We wanted to get back on the winning track heading into next week (when the Lions will host a first-round playoff game)," said Register. "We knew that would help us mentally going into the playoffs."

Register, whose offensive philosophy is to take whatever opposing defenses give his Lions, kept things simple against the out-sized Wildcats Friday night, rotating seniors Will Harrison, Brice Patrick, and Johnny Girard at running back as the Lions ground down the visitors.

"The guys stepped up and did a great job tonight," said Register. "We just wanted to keep things simple and build for the playoffs next week."

Harrison (a game-high 79 yards on 18 carries) gave the Lions the lead with a 1-yard touchdown run with just 21.6 seconds left in the first quarter. Winter Park tied the score on a 14-yard touchdown pass from Ellason Dure to Dominique Holsey at 5:57 of the second quarter. Oviedo (8-1) went ahead to stay at 1:38 of the third quarter when Harrison dashed in

from the 10-yard line.

Patrick contributed 33 yards rushing on six carries while Girard ran the ball seven times for 25 yards. Quarterback Lee Sloan completed 10 of 14 passes for 120 yards. Jason Raulerson caught three passes for 56 yards with Charlie Parker nabbing four aeriels for 55 yards.

Lion triple threat Willie Daniels chipped in 9 yards rushing, 14 yards receiving, and 43 return yards (including an 18-yard return of an interception).

After much confusion, Oviedo will open the regionals by hosting Apopka (7-3), which got the At Large bid over Lake Brantley, at 7:30 p.m. this Friday at Jon Courier Field.

Originally, the Lions thought they would be playing University, which is just down Alafaya Trail and a longtime non-conference game on their schedule. But after a question from Lake Mary's Greg Stanton, the FHSAA changed the bracket because under the original set-up, Oviedo and the Rams would meet in the second round if they both won, going against state guidelines.

# Bass fishing's top stars cast their efforts to fight cancer

## Bass fishing's top stars cast their efforts to fight cancer

Special to the Herald

Reigning CITGO Bassmaster Classic champion Mike Iaconelli and celebrated fishing professionals Roland Martin and Shaw Grigsby led a star-studded cast of anglers who pitched in to help raise funds in the fight against cancer.

Their volunteer efforts alongside 17 of their fellow pros helped generate more than \$42,000 during Kissimmee-St. Cloud's 4th Annual Angling Against Cancer Benefit Dinner and Tournament November 1-2. Proceeds from this annual event go to The V Foundation for Cancer Research.

Since its founding in 1993 by ESPN and the late Jim Valvano, The V Foundation has raised more than \$30 million and funded 190 cancer research grants. Funds generated from the sales of a specially designed lure kit also contributed to the total amount raised. "Lure for a Cure" debuted at this summer's Bassmaster Classic as a tri-pack of top water lures designed by Heddon to produce fishing success while generating money toward finding cures for cancer. Lure for a Cure is the result of the combined efforts of Heddon Lures and Florida's Kissimmee-St. Cloud Convention & Visitors Bureau. The kit boasts the popular Superspook Jr in three hot new colors designed and promoted by Kissimmee-St. Cloud pro

Terry Segraves, Tim Horton and Sam Swett.

Segraves is credited with starting the Angling Against Cancer Benefit Dinner and Tournament four years ago as part of Kissimmee-St. Cloud's Anglers Challenge fishing promotion. The unique Angling Against Cancer fundraiser is centered around pros such as Iaconelli, Martin and Grigsby who unanimously support efforts to raise the money needed to cure cancer, the disease that claimed the life of Valvano and affects the lives of many others daily.

This year's charity fundraiser kicked off at the Gaylord Palms Resort and Convention Center in Kissimmee. Nearly 300 attended the dinner event that also included pro angler introductions and career highlights, entertainment, and a live and silent auction.

The caper to Angling Against Cancer occurred the next day when those 20 professionals partnered with corporate sponsors to compete in a friendly, yet competitive tournament on Kissimmee-St. Cloud's famed Lake Toho. For the record, the Gerber Legendary Blades team of pro angler Tim Horton and Gerber representative Mark Schindel tied with the Griffin LLC partnership of Iaconelli and John Evertson. Both teams brought five fish to the scales weighing 14.93 pounds to claim bragging rights as this year's Angling Against Cancer Tournament Champions.

In addition to the proceeds raised by the Angling Against Cancer event, reigning CITGO Bassmaster Classic champion Mike Iaconelli announced a program he called "Pounding

Out A Cure" whereby he will donate \$2 for every pound he catches in a professional tournament for the ensuing year. Proceeds from this new program will be presented to The V Foundation at next year's Angling Against Cancer Benefit Dinner and Tournament. Stay tuned to Anglerschallenge.org for next year's dates.

The 2003 celebrity Angling Against Cancer Anglers: Scott Bell, Paul Elias, Chuck Economou, Pete Gluszek, Shaw Grigsby, Carroll Hagood, Charlie Hartley, Tim Horton, Mike Iaconelli, Elton Luce, Jr., Roland Martin, Scott Martin, Ralf Petty, Terry Scroggins, Mike Surman, Sam Swett, Peter Thiliveros, David Walker, Kevin Wirth, and Sanford's own Charlie Younger.

### PUMPOUT EDUCATION JUST GOT EASIER

Boat heads, pumping out holding tanks, and legally navigating no discharge areas are not a popular subject of conversation in most boating circles. That's why the BoatUS Foundation for Boating Safety and Clean Water is offering some new tools to marinas and boatyards to make onboard waste management a little easier for boaters.

Three handy information cards are now available: Basics of Boat Heads, Basics of Boat Pumpout, and Basics of No Discharge Areas. These simple single-panel, to-the-point informational cards are lightweight enough for marina operators to tuck into a bill, staple to new contracts, or include with a marina newsletter.

"These tools provide marine professionals with a free, no-hassle way to pass on great information as they

conduct their daily business," says Margaret Podlich, environmental director of the BoatUS Foundation. "And by giving customers or slip holders accurate information on dealing with onboard waste, we all benefit from cleaner water," she continued.

Boaters who want to learn more can download the information cards online,

while marina facilities or educators can order bulk copies by visiting [http://www.BoatUS.com/cleanwater/outreach/pumpout\\_education.htm](http://www.BoatUS.com/cleanwater/outreach/pumpout_education.htm).

Each year, the BoatUS Foundation distributes approximately one million free brochures on clean water and boating safety topics, from petroleum pollution prevention to

hypothermia.

The BoatUS Foundation for Boating Safety & Clean Water is a nonprofit organization of BoatUS - the nation's largest recreational boating association with over 550,000 members. For more information on making a year end tax-deductible donation go to <http://www.BoatUS.com/foundation>.

Poe recorded his second interception of the season to give UCF the ball on Eastern Michigan's 23-yard-line. The Golden Knights pounded the ball on the ground from there, ending the scoring drive on an eight-yard touchdown run by Dontavius Wilcox. The touchdown sliced the EMU lead to 10-7. UCF tied the game at 10 after Matt Prater drilled a 40-yard field goal. The scoring drive started with a 24-yard pass play from Moffett to tight end Darcy Johnson.

After a Moffett interception, Eastern Michigan started its possession on the UCF 29 and scored on a 16-yard touchdown run by Anthony Sherrell to give the Eagles a 17-10 lead with 4:25 left in the half.

Both teams combined for five turnovers in the first half.

UCF used its two-minute offense at the end of the first half to add three points to the scoreboard. Prater boomed a 46-yard field, his longest of the season, to cut the lead to 17-13. Prater is 4-for-4 on field goals from 40-49 yards this season.

In the third quarter, UCF drove all the way to the EMU 7, before the Eagles stopped Haynes on a fourth down and inches play. The defensive stop gave EMU the ball back with 1:31 remaining in the third quarter after

UCF totaled an 11-play drive to get inside the Eagle 10-yard line.

The Eagles stingy defense added two points on a safety as Jerry Gaines forced Moffett to an intentional grounding penalty in the end zone, which gave EMU the two points and a 19-13 lead with 3:42 left in the fourth quarter.

### UCF WOMEN'S SOCCER DRAWS FLORIDA IN OPENING ROUND OF NCAA'S

The field of 64 teams is set for the 2003 NCAA Women's Soccer Championship with UCF (16-4-1) taking on No. 3 seed Florida (16-3-2) in first-round action in Gainesville on Friday, Nov. 14.

It will be the second meeting between the two teams this season as the Golden Knights dropped a 3-1 decision to the Gators back on Sept. 7.

It also marks the second time in the past three seasons that the two have squared off in the opening round of the NCAA Tournament. Florida defeated UCF, 4-0, back in 2001.

UCF, which is ranked No. 8 in the Southeast Region by Soccer Buzz Magazine, is 3-7 all-time against Florida. The Gators are currently ranked second in the region.

The winner of the match will take on the winner of the Mississippi/Texas match on Sunday, Nov. 16.

NOTICE OF INTENT TO FIND THE  
CITY OF SANFORD  
COMPREHENSIVE PLAN AMENDMENT  
IN COMPLIANCE  
DOCKET NO. 03-1-406-007(A)-(I)

The Department gives notice of its intent to find the Amendment to the Comprehensive Plan for the City of Sanford, adopted by Ordinance No. 3781 on September 8, 2003, IN COMPLIANCE, pursuant to Sections 163.3184, 163.3187 and 163.3190, F.S.

The adopted City of Sanford Comprehensive Plan Amendment and the Department's Objections, Recommendations and Comments Report, (if any), are available for public inspection Monday through Friday, except for legal holidays, during normal business hours, at the City of Sanford Planning and Community Development Department, 300 North Park Avenue, Sanford, Florida 32771.

Any affected person, as defined in Section 163.3184, F.S., has a right to petition for an administrative hearing to challenge the proposed agency determination that the Amendment to the City of Sanford Comprehensive Plan is in Compliance, as defined in Section 163.3184(1), F.S. The petition must be filed within twenty-one (21) days after publication of this notice, and must include all of the information and contents described in Uniform Rule 28-106.201, F.A.C. The petition must be filed with the Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, and a copy mailed or delivered to the local government. Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and testimony and forward a recommended order to the Department. If no petition is filed, this Notice of Intent shall become final agency action.

If a petition is filed, other affected persons may petition for leave to intervene in the proceeding. A petition for intervention must be filed at least twenty (20) days before the final hearing and must include all of the information and contents described in Uniform Rule 28-106.205, F.A.C. A petition for leave to intervene shall be filed at the Division of Administrative Hearings, Department of Management Services, 1230 Apalachee Parkway, Tallahassee, Florida 32399-3000. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such a person has to request a hearing under Sections 120.569 and 120.57, F.S., or to participate in the administrative hearing.

After an administrative hearing petition is timely filed, mediation is available pursuant to Sub-section 163.3186(3)(a), F.S., to any affected person who is made a party to the proceeding by filing that request with the administrative law judge assigned by the Division of Administrative Hearings. The choice of mediation shall not affect a party's right to an administrative hearing.

Resolution Agreement may file a timely petition for an administrative hearing under Section 120.569 and 120.57, Florida Statutes, or may choose to pursue mediation as an alternative remedy under Section 120.573, Florida Statutes, before the deadline for filing a petition. Choosing mediation will not adversely affect the right of a hearing if mediation does not result in a settlement. The procedure for pursuing mediation are set forth below.

Mediation may only take place if the Department and all the parties to the proceeding agree that mediation is appropriate. A person may pursue mediation by reaching a mediation agreement with all parties to the proceeding (which includes the Respondent, the Department, and any person who has filed a timely and sufficient petition for a hearing) and by showing how the substantial interests of each mediating party are affected by the Resolution Agreement. The agreement must be filed in (received by) the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, MSF 35, Tallahassee, Florida, 32399-3000, within 10 days after the deadline date as set forth above for the filing of the petition.

The agreement to mediate must include the following:

The names, addresses, and telephone numbers of any persons who may attend the mediation;  
The name, address, and telephone number of the mediator selected by the parties, or a provision for selecting a mediator within the specified time.

The agreed allocation of the costs and fees associated with mediation;

The agreement of the parties on the confidentiality of discussions and documents introduced during mediation;

The date, time, and place of the first mediation session, or a deadline for holding the first session, if no mediator has been chosen;

The name of each party's representative who shall have authority to settle or recommend settlement, and

Either an explanation of how the substantial interests of each mediating party will be affected by the action or proposed action addressed in this notice of intent or a statement clearly identifying the petition for hearing that each party has already filed, and incorporating it by reference.

The signatures of all parties or their authorized representatives.

As provided in Section 120.573, Florida Statutes, the timely agreement of all parties to mediate will toll the time limitations imposed by Section 120.569 and 120.57, Florida Statutes, for requesting and holding an administrative hearing. Unless otherwise agreed by the parties, the mediation must be concluded within sixty days of the execution of the agreement. If mediation results in settlement of the administrative dispute, the Department must enter a final order incorporating the agreement of the parties. Persons whose substantial interests will be affected by such a modified final decision of the Department have a right to petition for a hearing only in accordance with the requirements for such petitions set forth above, and must therefore file their petitions within 21 days of receipt of this notice. If mediation terminates without settlement of the dispute, the Department shall notify all parties in writing that the administrative hearing process under Section 120.569 and 120.57, Florida Statutes remain available for disposition of the dispute, and the notice will specify the deadlines that then will apply for challenging the agency action and electing remedies under those two statutes.
