BIBLE VERSE FOR TODAY

HISTORY HAS SHOWN AMAZING EXAMPLES OF MEN AND NATIONS BEING PRESERVED BY GOD IN SPITE OF RUTHLESS CRUELTY AND PERSECUTION. WHILE THE UNBELIEVERS HAVE PERISHED: The Lord is thy keeper. Psalm 121:5.

If prices are high, don't buy. That is the best way to bring them down.

Wouldn't it be a good joke on Georgia if Gene Tammage should be elected governor?

Reports from up North indicate that there will be more people than ever, coming to Florida next winter.

Two Women Fight Over Miami Man—headline. What has that fellow got that... the use of bringing that up!

Speaking of increased tax assessments in Sanford, we see where tax assessments were upped in Jacksonville by \$4,000,000; in Ocala by 100 percent.

You do not have to take your picnic lunches with you any more when you go to New Smyrna for a swim. There is a restaurant over there now which serves meals.

Harold Stassen won a victory Tuesday in the Minnesota primaries which may make him the leading contender for the Republican presidential nomination at a time when that means something.

Many Florida voters are beginning to wonder if Senator Pepper was elected by them or by the CIO—Tampa Tribune. It is a strange commentary on American democracy when the same people who elected Tom Watson, voted for the open shop amendment, and defeated Lex Green, could contribute Claude Pepper to the CIO.

The FBI chief says there is in America a potential army of 6,000,000 criminals and most of them are in their teens. Further, the main fault lies with the parents, he adds. Too many of them have too many other things to do which they regard as more important than rearing honest, law-abiding sons.

Exorbitant rents are the greatest danger to Florida that can possibly come from the OPA assassination. When the tourist flock down here next winter, if Florida landlords take advantage of the situation to gouge our tourists, it may be many a year before they will come back again. Adequate preparation should be made in advance to prevent any such thing.

Representative Man of Kentucky is bearing the brunt of the current investigation into war profits frauds, but if the probe goes far enough there will be some other influential members of Congress and the Administration who will be involved. Everyone who has kept his eyes and ears open during the last few years knows that graft was a very common part of government contracts, and the commoner the better.

The City Commission is being somewhat criticized for planning to preserve the Naval Air Station until something can be done with it besides allowing it to grow up in weeds. Which reminds us that the City Commission was also criticized for spending \$30,000 to build an airport on the outskirts of the City just before the war, an airport which later became the Sanford Naval Air Station and kept this city from drying up and blowing away during the war.

We are getting dangerously close to class legislation in this country when the Senate votes to exempt meat, livestock and poultry products from price ceilings, but still permits price ceilings to be fixed on beans, peppers, shirts and shoes. Under this theory it is all right for chicken raisers to gouge the public for all the traffic will bear, all wrong for a vegetable grower to do the same thing. But for that matter, wasn't it class legislation which took the ceiling off prices left them on the prices? Under this theory of government a law could be passed which would prohibit anyone but a member of the CIO from going into business.

Rent Control

Housing is generally considered to be the worst sore spot in the whole field of shortages. With food and clothing, it's at the top of the list of essentials, but unlike food and clothing, the quantity of available housing cannot be increased to an adequate amount for a long time to come.

So without rent control, housing is apt to move toward sky-high prices. When hundreds of families are trying to get nearly every house or apartment which becomes vacated, in desperation somebody will pay far more than the place is normally worth. Likewise the landlord knows he can get any rent he asks.

Whatever the final decision on OPA as a whole, the housing problem can be considered separately. The endless complications involved in fixing prices on products for sale need not enter the consideration of rent control.

Some landlords were caught unjustly by the OPA rent ceilings, because their expenses of upkeep rose beyond their income from rents, squeezing out the reasonable profit. But housing authorities who organized to fight the old ceilings are now the first to admit that in most places a 10 to 15 per cent increase in rents would permit a fair profit for the owner. They are among the strongest advocates of some sort of new method of stabilizing rents.

By pushing through a separate rent control law, Congress could save many families from unbearable financial troubles, and at the same time put another anchor on general inflation.

Currency Courtesy

Canada and the United States move steadily closer through the years. Ottawa's new move to fix the Canadian dollar on parity with ours makes the two countries alike in one more respect.

The exchange rate with Canada has fluctuated for many years, from the points at which Canadian currency was worth more than American, to the ten per cent advantage which Americans have had in recent years.

It has been common practice for Canadian business men to accept United States currency without question, figuring the difference in value for each transaction. Strangely, merchants in American border cities have been reluctant, if not completely unwilling, to take Canadian money over the counter. Now that the need for arithmetic, and all question about exact value of both countries' dollars has been eliminated, it is hoped that United States businessmen will respond with the same courtesy shown by their northern neighbors.

Old Bud Carson says he has never known a crop failure on cockleburrs, Jimson weeds, treadsolve berries, wild cherries, pesky ants, jay birds and politicians.—Burton (Ga.) Herald.

STATE NEWS BRIEFS

By WILLARD CONNOLLY

DeLand's second polio case in five weeks was reported Monday when six-year-old Marlene Sutton, daughter of Mr. and Mrs. W. G. Sutton of the Glenwood Road, was rushed to the Crippled Children's Home at Umatilla for treatment. The first infantile paralysis case was reported on June 5, that of a boy who after three weeks of treatment, recovered. Physicians termed it a mild case.

Fort Myers is all excited over a new \$100,000 enterprise in the form of a new city to be built on West Island. A. L. Crow and A. T. Jabo, partners in the project announce that they plan to eventually develop the entire island. There will be sites for trailer parks, tourist courts, fishing lodges, tourist hotels and all sorts of homes. Clearing is under way and it is planned to raise the land three feet above high tide in the Gulf.

Even more excitement occurred in Ft. Myers last Saturday when an exterminator mounted to the roof of the Bradford Hotel owned by Mayor Dave Shepard and located in the center of the shopping district and gassed a lot of bats which had decided to make the hotel belfry their home. Bats crash dived to the street as scores of shoppers looked on and habits of local bats paused in their process of losing the week end to peep timidly from their retreats, and then returned to their haunts convinced they were now safe from the Zombies. The Mayor no longer could be accused of having bats in his belfry.

YOU'RE TELLING ME!

By WILLIAM MITT, Central Press Writer

AMONG PEOPLE in history, says Granddaddy Jenkins, is the fellow who was always complaining to the waiter that there was too much beef and not enough chicken in the club sandwich.

Yawn Yawnson, our town's leading tired man, likes to weed the lawn—it being the only yard work that can be performed sitting down.

A census of wildlife in the United States is being taken. Oddly enough, this will not include a tour of the night clubs.

A parading war, which has already brought bloodshed has

AUSTRIA APPRECIATES OFFER

VIENNA, July 11.—(AP)—Chancellor Leopold Figl has issued a statement of appreciation for the United States offer to renounce all claims to German assets in Austria. The offer was expressed in a note by General Mark Clark who relayed a message from President Truman. The Truman note declared that the United States would not recognize Russian seizure of German properties in Austria classified by the Allies as "forced transfers."

BUMPER HARVEST WASHINGTON, July 11. (AP)—The Department of Agriculture today said the nation is on its way to a bumper harvest for the sixth consecutive year. The monthly departmental report indicates there will be a record crop of corn and near-record crops of wheat, oats, potatoes and rice. The domestic sugar crop may be 25 percent greater than last year's abnormally small crop.

F.S.C.W. Librarians To Retire July 1st

TALLAHASSEE, July 11. (Special) Authorities of Florida State College for Women announce the July 1 retirement of Mrs. Clara R. Hayden, assistant librarian since 1922, and Miss Edith Lane Matthews, associate professor of library science, who has been on the college faculty since September, 1929.

Mrs. Hayden is the wife of Dr. Edwin A. Hayden, for many years head of the Psychology Department of F.S.C.W. She is an alumna of F.S.C.W. and the author of several booklets, magazine stories and plays, besides several historical articles.

Miss Matthews terminates a distinguished career in library work. Before coming to F.S.C.W. she was supervisor of school libraries in Knoxville, Tenn. and was presently on the staff of the Northwestern University Library. She was one of a committee of three who worked out the first standards for school libraries adopted by the Southern Association of Colleges and Secondary Schools. The author of numerous articles, Miss Matthews also wrote "Over The Blue Wall," a historical study for young people published by the University of North Carolina Press.

Edith Lovejoy Given Lovely Bridal Shower

Mrs. Annie C. Meriwether, Mrs. Guy S. Selman and Mrs. Frances E. Bolt were hostesses at a miscellaneous shower yesterday afternoon at the home of the latter, 1101 Park Avenue, honoring Miss Edith Lovejoy, popular bride-elect. Bloss beautifully decorated the Holt home where games and contests were played.

## Paris Parley Conferees Hit More Detours

### Ministers Trying To Find Solution To Questions About Germany, Austria

PARIS, July 12, (AP)—The Foreign Ministers Conference is trying to find new roads to the solution of questions about Germany and Austria but it seems that everywhere the diplomats turn they bump into a detour.

New proposals were made today in an effort to break deadlocks on issues like a centralized economic administration for Germany and a peace treaty for Austria. Each proposal contained conditions that threaten to delay agreements or bar them altogether.

At the same session Secretary of State Byrnes made new statements on the reparations that Russia has received from Germany. He declared that the Soviets have taken \$14,000,000,000 worth whereas Soviet Foreign Minister V. M. Molotov had said earlier in the week that Russia had received \$10,000,000,000 in war damages.

The main discussion today, however, centered on the matter of controlling Germany's economy. Byrnes called for immediate steps toward the creation of central economic agencies. France made a remarkable concession in its response to that proposal. Foreign Minister Georges Bidault agreed to go along with the idea if the coal-rich Saar region is not included. Molotov, who two days ago told the ministers that Russia was against any dismemberment of Germany, replied that he would have to examine the Saar question first, especially the condition that the basin be incorporated into the French monetary and economic systems.

Molotov also agreed to start work on the Austrian treaty—a long been urged. There was a string attached. Molotov said the treaty could go ahead if the Austrian government expelled 437 thousand refugees described by the Russian minister as "fascists." Molotov said the refugees were Yugoslavs, Croat, Ukrainian, Russian and Poles who were a source of trouble to Austria and neighboring states. Byrnes promised to discuss this stipulation later on.

## Julius Streicher Said Politically Dead Since 1940

NUERNBERG, Germany, July 12—(AP)—The war crimes tribunal in Nuremberg today heard Julius Streicher described as a man politically dead since 1940. Therefore, the defense counsel, the Jew-baiting editor was unable to influence German to violence as the prosecution claims. Dr. Hanna Marx told the court that in 1939 Streicher was pushed aside and forbidden to speak in public. Marx asserted that in 1940 Streicher was removed as overseer of Franconia and that from then on even Nazi Party members were not allowed to visit him.

Marx insisted that Hitler was responsible for the extermination of Jews and that Streicher only wanted to recite them outside the Reich. The attorney claimed that through his writings Streicher had brought upon himself the hatred of the world. But Marx contended, even though he created this strong feeling against himself it was far beyond his real influence and importance.

## U. S. Commission On Palestine In London For Talks

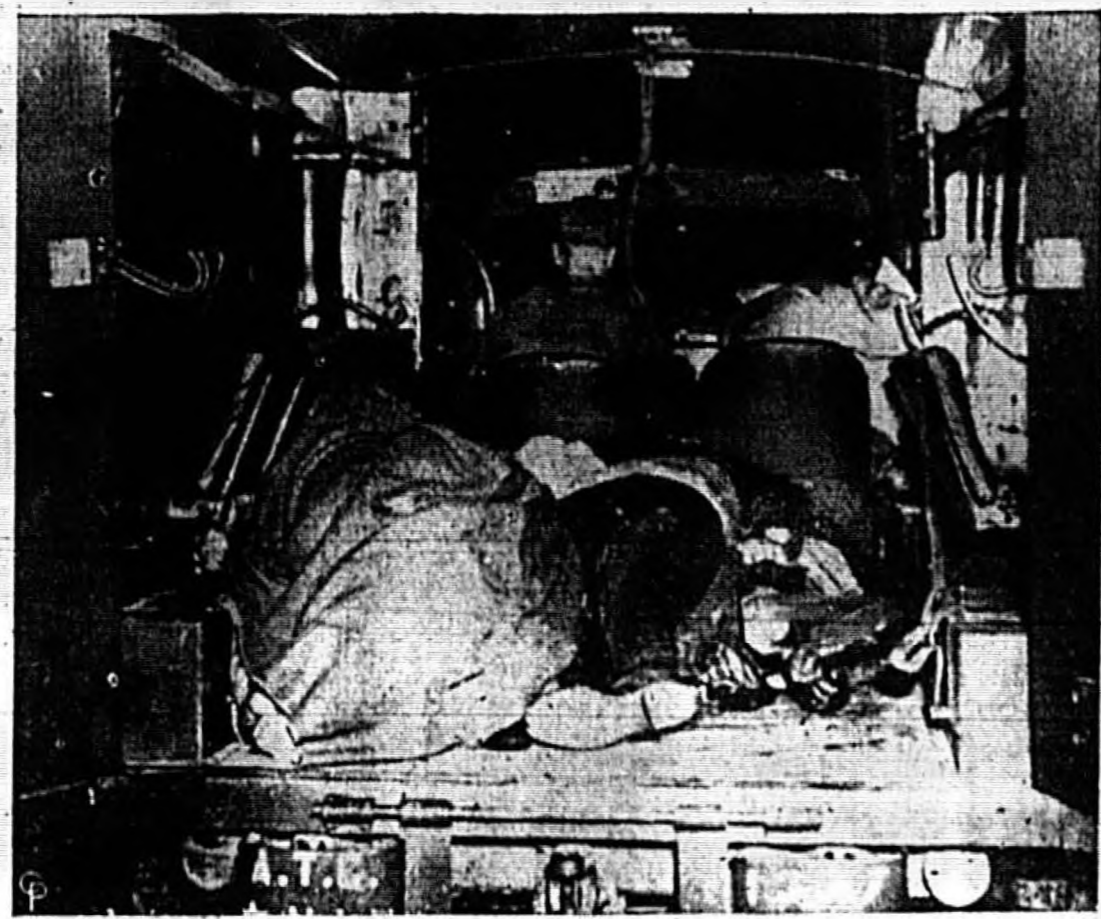

LONDON, July 12—(AP)—President Truman's three-man commission on Palestine has arrived in Great Britain.

The discussions of the Palestine proposals were scheduled to begin today between British and American officials but were postponed after an electrical storm had delayed the arrival of the plane carrying the U. S. Commission.

The talks, expected to begin tomorrow, will explore the military and political aspects of the British American committee report on Palestine. The talks are expected to deal especially with the effects likely to arise if 100,000 Jews were to be admitted to the Holy Land as recommended by the British-American Committee.

The British Foreign Office made clear that Britain's final decision will be on all phases of the committee report and not solely on the matter of admitting refugees to Palestine.

## Bomber Crash Victims Removed From Mt. Tom

Charred bodies lie on the floor of an Army ambulance after their removal from the wreckage of a B-17 Army bomber that crashed at full speed into Mount Tom, Hoysake, Mass., killing all twenty-five aboard. Many Army and Navy ranking personnel were aboard at the time of the crash. Names of the victims have been withheld pending notification of next of kin.

## "Spirit Of '76" Prevails This Week At Wewa

### Morris Says He Has Never Had Better Group Of Campers

By Willard Connolly

The "Spirit of '76" prevailed this week at Camp Wewona near DeLeon Springs as the youngsters with the merry shouts of 76 Seminoles County boys and their counselors. The camp opened Monday morning under the direction of Herman E. Morris.

In the shadows of evening the traditional Oo-Ke-Wow Wew was heard about the camp fire and echoed across the lake, the sound coming clearly back between Reville and Lays sounded by the bugle during the past few days, many happy campers have taken place reported Mr. Morris, and at the end of each day, it is a tired but happy bunch that "put the sack" at their cabins after the ball games and many competitions that they have engaged in.

Mr. Morris reported that he has never had a more co-operative bunch at Wewona, with each cabin leader turning out for all sports and activities.

The boys are said to be trying very hard to catch the biggest fish—either broom or bass. The winner is to be given a prize. Charles Lawson, with a five pounder to his credit is holding the lead in the bass section, while Ernie Morris is leading in the broom group.

When meal time rolls around and a call is sounded by the bugler, a bunch of hungry boys troop into the mess hall. They have been really enjoying the meals prepared by the cooks, wrote Mr. Morris, and it takes many biscuits and hot rolls to fill them up. Fortunately an ample supply of good wholesome groceries and fresh meats are on hand.

Visitors to the camp lately have been Mr. and Mrs. L. E. Garner, Mike Sauer, Mr. and Mrs. L. E. Tew and family, Leroy Gilbert, Ralph Jones, Al Raburs and Vernon Culppeper. Visitors day at camp is Sunday from 3:00 to 5:00 P. M.

## Final Rites Held For Sidney Hillman

NEW YORK, July 12, (AP)—Funeral services were conducted today for Sidney Hillman, the labor and political leader, who died last Wednesday. The rites were held at New York's Carnegie Hall which for the first time in its 85 year history was the scene of a religious funeral. More than 2,000 people jammed the auditorium while a crowd estimated at more than 5,000 stood outside.

Dignitaries of the state and the nation were among those who paid their last respects to the dead union chief whose body had lain in state for 24 hours on the flower-banked stage of Carnegie Hall. Secretary of Commerce Henry Wallace was there as the personal representative of President Truman. So were James Farley, former postmaster general; U. S. Labor Director Florio Laguardia; CIO President Philip Murray; delivered the eulogy.

## Needy Chinese In Communist Areas Get Small Part Of UNRRA Supplies

### Red Shield Group For Boys And Girls Begins Activities

The Red Shield Club for boys and girls which is sponsored by the Salvation Army post here, opened on July 1 at the Junior High School with Mrs. Nancy Brook directing and with more than 30 present, according to Capt. Byrd Hudson, post commander.

Games were played, including ping-pong and croquet. It is planned to have a swimming outing every Wednesday afternoon.

Capt. Hudson, together with his assistant, Harold May, and three Sanford young people, Thomas Jenkins, Grace Wiley and Mary Lay McDonald, attended the Salvation Army Camp July 2 to July 6 at Camp Oleana near High Springs where the total attendance was reported to be 124.

The program included handicraft, classes in music, playing of hand instruments, sewing and baking. Regular spiritual services were held on Sunday with the young people taking an active part.

Capt. Hudson, who came here as a full lieutenant and was recently promoted, explained that he is now a probationary captain and after 13 months of service is eligible to become a captain of the rank in the Salvation Army. He reported that Major Allan Whorton, former commander here, had written that he was enjoying his work in Latrobe, Pa.

## Hughes Apparently Losing Ground In His Fight For Life

LOS ANGELES, July 12, (AP)—The millionaire airplane manufacturer and movie producer—Howard Hughes—seems to be losing ground in his fight to live. Hughes apparently is aware of the uncertainty of the outcome himself, because he has called his doctor to his bedside and whispered a story about the cause of the plane crash in which he was injured last Sunday.

Hughes told the doctor to relay to the Army the information that the crash of the experimental plane he was flying was caused by the rear half of the right propeller. Said Hughes: "I don't want this to happen to anybody else."

Hughes explained to the doctor that the rear set of propeller blades on the right engine of his twin-engine plane suddenly reversed pitch. He said "It fell as if some giant had the right wing of the airplane in his hand and was pushing it back and down."

## ENGINES FOR POLAND

WARSAW, July 12—(AP)—Polish railway officials claim to have doubled their transport facilities within one year. A report said there were only 900 locomotives in Poland in January, 1945, but there were now 2,500, compared with 2,023 in 1937.

# May Is Formally Invited To Testify Before Senate War Investigating Group

## Repair Work On Southside School To Begin Shortly

### Renovation Work Is Okeyed By School Board At Meeting

Repair work on the South Side Primary School is expected to be started soon, according to Supt. T. W. Easton, who said that the work was authorized by the County School Board following recommendations of Sanford School trustees with whom the Board met Thursday.

Plans on this work are being authorized to be received at the County Board on July 25, and it is hoped that work can be started immediately in order that urgent repairs may be made before school starts in September.

The school was authorized to purchase a new set of desks. A total amount of \$1,000 to be completed prior to opening of school.

Faculty of 100, and for 100 pupils, authorized to be received from M. H. Lee of Ocala, at \$60, a 50-passenger Mack truck, and a West body from the Sanford Bus Company for \$4,000 and a Ford chassis and Wayne body from Strickland Morrison Company for \$2,250.

All bus drivers recommended by trustees were reported at a salary increase of \$1 a month. The resignation of Mr. Louis S. Saylor, a teacher in the Sanford Grammar School was accepted.

Miss Ernestine North was appointed as teacher of English in the Sanford Grammar School. She is an assistant in physical education at the Lyman School of Longwood. Upon recommendations of the Sanford trustees, the budget submitted for next year's operation of the Sanford Agricultural Institute, or, and John A. Lawson, negro agricultural instructor, were accepted.

## FLORIDA SENATORS DIVIDED

WASHINGTON, July 12—(AP)—Florida Senators were divided on the amendment to the OPA Extension Bill stipulating that where states establish their own retail control systems the federal government shall not impose its own. The amendment was adopted 69 to 20. Senator Charles Andrews voted for the amendment. Senator Claude Pepper was one of 13 Democrats opposing it.

## More Famine Ahead For China As Births Exceed Rice Supply

By CLARKE BEACH  
AP Newswriters Writer

WASHINGTON—The hundreds of millions who live now on the brink of starvation in China's river valleys and basins probably will be joined by hundreds of millions more before this century has passed.

When peace comes there at length, her leaders plan to provide higher living standards and modernized agricultural methods, improving health conditions and the food supply. This will lower the death rate, while her birth rate, one of the highest in the world, remains as it is unless something unforeseen happens. She has ridden off the edge of eastern Asia with a population it can barely support will find the fusion of western culture a mixed blessing.

Rice, babies and death. They're the essence of the problem. Many babies, little rice, millions of deaths.

When peace comes there at length, her leaders plan to provide higher living standards and modernized agricultural methods, improving health conditions and the food supply. This will lower the death rate, while her birth rate, one of the highest in the world, remains as it is unless something unforeseen happens. She has ridden off the edge of eastern Asia with a population it can barely support will find the fusion of western culture a mixed blessing.

Thus, Dr. Irene B. Taeuber, of Princeton University's Office of Population Research, and other scholars explain the high birth rate—about 45 per 1,000 per year. Death, too, is prolific in its reaping—about 39 persons out of 1,000 dying each year. (In the United States the death rate is 10.9 per 1,000 per year, and the birth rate is 21.5 per 1,000, giving an annual rate of increase of 10.6 per 1,000.)

## British Uncover Palestine Arms

HOUSING BELLS OF AMMUNITION from London indicate that 10 N. S. members of the Jewish Agency Executive in Palestine have been ordered to return to the British official headquarters in Haifa, Syria.

## Nebraska Wheat Dumped On Ground For Lack Of Grain Cars And Space

### Electric Hoist Is Planned By Local Outboard Members

PHOTOGRAPHISTS are electric hoist to assist in the unloading of grain cars and storage. The first stories of about 100,000 bushels of wheat were dumped on the ground in Omaha, Neb., July 12, 1946. The grain was being dumped from the cars and stored in a large pile on the ground. The hoist is being used to lift the grain from the cars and dump it on the ground.

## Youth Is Killed As Result Of Duel With His Brother

TERRE HAUTE, Ind., July 12, (AP)—An American-style duel took place in the woods near the Indiana town of Shepherdsville early today. The adversaries were two brothers, William and Walter Howell, and police say the fight ended when Walter was fatally wounded.

## Food Prices Hiked 52 Percent In Miami

MIAMI, July 12, (AP)—The Miami League of Women Shoppers here conducted a survey of food prices. They found that the prices of five basic foods, have leaped 52 percent since the death of the OPA. Mrs. George Trencher, league officer, said the survey indicated that if other foods had increased proportionately, a family that spent \$25 a week for food under OPA would now be forced to spend \$38.

## MEETING POSTPONED

The meeting of the Civil Service Board was not held this week as announced, owing to the fact that two of the members were out of town. The Board is expected to meet next Thursday evening, according to N. O. Garner, assistant secretary.

## Group Says Congress- man's Explanations June 4 Were Not Accurate Facts

WASHINGTON, July 12, (AP)—The Senate War Investigating Committee has issued a formal invitation to Representative Andrew May of Kentucky, asking him to testify. The chairman of the House Military Affairs Committee will be asked to explain his alleged connections with the Illinois munitions combine, now under Congressional scrutiny.

The committee declared that the explanation May gave in executive session on June 4 did not furnish the "full and accurate facts."

WASHINGTON—The Senate War Investigating Committee found it necessary to create two subcommittees in the case of the Illinois munitions combine, committee members, both took advantage of that right, and refused to testify. Fields pointed out that he had answered before the subcommittee on an attempt to discredit the Senate committee's findings. Senator James M. Watson, New York, took the same position at Fields, and said that he was through as a witness. Fields said he was all right as a witness, but completely broke down when he read the transcript of the hearing.

WASHINGTON, July 12, (AP)—New Nebraska wheat was being dumped on the ground today for lack of grain cars and storage. The first stories of about 100,000 bushels of wheat were dumped on the ground in Omaha, Neb., July 12, 1946. The grain was being dumped from the cars and stored in a large pile on the ground. The hoist is being used to lift the grain from the cars and dump it on the ground.

## Hunting Season In Florida Will Open On Nov. 8

The hunting season will open Nov. 20 for all game including migratory birds. The first 10 days will be open for every day hunting, and thereafter closed Mondays, Wednesdays and Fridays. It was decided at the meeting of the Florida Game and Fresh Water Fish Commission hearing in Tallahassee, Fla., today. The opening was decided by Parker Fanning, president of the commission. Fanning said that a decision to open the season on Nov. 8, 1946, would be a good one. The opening of the season will be according to Federal regulations.

The following bag limit changes were adopted: duck, bag limit on quail, 10; for quail, 3; turkeys, 2; and season bag limit for turkey, 4.

## Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below.

Coordinator — E. B. Carter, Atlantic National Hall Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Service Officer — Contact through Lloyd F. Boyle, County Service Officer, Takach Building.

Home Service Assistants in Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Martin M. Rutich, Sheriff's Office every Tuesday.

## LEGION MEETS MONDAY

The regular meeting of Post No. 34 of the American Legion will be held Monday night at 8:00 p.m. at the Legion Hut located on Lakefront Boulevard. All members have been urged by Comdr. Wolcott to attend.

## MR. PAGE DIES

Mrs. Ellen Shaffer Page, 918 Elm Avenue, recently wrote to friends from Russellville, Ky., that her husband had died on July 6 in a hospital in this city.
