## Truman Silent On Discussion Of Candidacy

### President Gravely Declines To Comment On Czech, Finnish Or Palestine Issues

WASHINGTON, Mar. 1 (AP)—President Truman today asked Congress to extend the reciprocal trade agreements act for three years, until June 12, 1951. Mr. Truman said in a message that the trade agreements act has been in effect for 16 years and has become "an essential element of United States foreign policy." The act gives the President power to work out tariff-cutting agreements with other nations.

KEY WEST, Mar. 1 (AP)—President Truman refused to discuss his own candidacy and attributed to 1948 politics today the failure to get speedier settlement of foreign and domestic problems.

Speaking in a palm-shaded yard of this submarine base where he is vacationing, the chief executive gravely declined to talk about Soviet pressure on Czechoslovakia and Finland or the continued disorders in Palestine.

He did say that he has been in daily communication with Secretary of State Marshall through the State Department, but he said he could not answer in each case when reporters asked:

1. Did he think the time has come to form a military alliance in Western Europe?

2. Were there any conditions under which United States troops might be sent to Palestine?

Presidential year politics, he said, is having a very bad effect on all attempts to settle foreign affairs and domestic problems, particularly the housing program. He said he was not quarreling with any one since it is a situation that develops in presidential campaign years.

He said there are as many candidates in air as in the ground.

## Greyhound Given Okay To Stop In Oviedo On Detour

Florida Greyhound buses traveling between Orlando and Titusville and Miami in the east coast via State Road 426, a detour made necessary due to reconstruction of the Cheney Highway, have been granted temporary authority to make passenger stops in Oviedo and other intermediate points on the detour. It has been announced by Jerry Wharrier, chairman of the Florida Railroad and Public Utilities Commission.

Buses have been running through Oviedo to and from Miami for the past month, but no passenger stops could be made until the order was received, according to Frank Talbot, mayor of Oviedo. The order was granted by the Commission Friday.

Oviedo is expected to have the bus service during the next year, the time it is estimated it will take to complete reconstruction of Highway No. 50 between Orlando and Fort Christmas.

The detour begins from State Highway 50 about four and a half miles east of Orlando, follows the county road from Goldenrod to State Highway 426 through Oviedo to Chuluota and Lake Pickett via State Road No. 419, and from Lake Pickett to Fort Christmas via State Road 420 to the Cheney Highway which leads to Titusville.

## One Of Largest Ferry Boat Fleets Closes

SEATTLE, Mar. 1 (AP)—One of the world's largest ferry fleets closed down passenger operations today, leaving an estimated 100,000 persons with only emergency transportation.

Capt. Alex M. Peabody, president of the Puget Sound Navigation Company, said early this morning:

"We're going to start the orderly liquidation of the company at once."

"The ferries will not run today." The shutdown was ordered by Peabody after the State Department of Transportation cut a 30 per cent temporary rate increase to 10 per cent above the rate charged Feb. 15, 1947. He said the company could not operate at a profit with the lower rate.

LEGION MEET  
Campbell-Lanning Post No. 53 will meet tonight at 8 o'clock at the Legion hall.

## Finnish Party May Oppose Red Treaty

HELSINKI, Mar. 1 (AP)—Arvo Salminen, chairman of the conservative group in Parliament, said today his followers tentatively opposed a treaty of friendship and mutual aid with Russia. He emphasized that the party's stand is not yet definite. Salminen said President Juho Paasikivi had placed this single question before various parliamentary groups: "Shall Finland appoint a delegation to discuss forming this new pact?"

## Budget Director Asks Congress To Face Hard Facts

### Webb Says Everything Done To Meet Problems Costs Money

WASHINGTON, Mar. 1 (AP)—Budget Director James E. Webb urged today that Congress look at the "hard facts of international life" when deciding about cutting income taxes. Those "hard facts," he said, do not give much hope for big cuts in government spending in the next two years.

Webb testified before the Senate Finance Committee which is considering the House-passed bill to cut income taxes \$6,500,000,000 this year.

Before Webb took the committee's witness chair, Secretary of the Treasury Snyder had stiffly opposed the House bill. Snyder said that instead of passing it Congress should adopt President Truman's plan for a \$40 "cost of living" tax credit for everyone.

Webb said:

"Unless world conditions change drastically for the better, the federal budget in 1950 will undoubtedly be large. That fact cannot be ignored in any consideration of legislation on taxes for the 1950 fiscal year which will be for the 12 months ending July 1, 1950."

## L. B. (Roy) Reiter Seeks Re-Election To Constable Post

L. B. (Roy) Reiter, a resident of Longwood for the past 30 years and its present town marshal and also a constable serving a four-year term, today announced his candidacy for re-election as constable from District No. 6, comprising the southwestern part of the county.

Mr. Reiter, who was born in Unity, Pa., 32 years ago, is a grave caretaker and cattle rancher. He is married and the father of two children.

In announcing his candidacy, Mr. Reiter, whose hobbies are hunting and horseback riding, declared that he would stress cooperation with all law enforcement officers in the performance of his duties, if re-elected, and stated that he believes his past experience qualifies him for the post which he seeks.

Mr. Reiter is a member of the Presbyterian Church of Sanford and belongs to the Dusty Boots and Saddle Club. He said he had ample time to give to the job he aspires.

## Los Angeles Has 2nd Quake Since Feb. 29th

LOS ANGELES, Mar. 1 (AP)—An earthquake of moderate intensity awakened residents throughout a pie-shaped belt of Southern California early today, but apparently caused no damage.

The greatest force was felt in the San Bernardino Valley, 40 to 60 miles east of Los Angeles.

The quake was felt at 12:12 A. M. with an aftershock a minute later.

The tremor, which shook homes and rattled windows, was the second in 12 days. A severe quake jolted the Los Angeles area Feb. 19.

SERVICE MEN  
W. R. Edensfield, round house foreman of the Atlantic Coast Line Railroad, was today awarded a commendation by L. E. Corcoran, general manager, for 25 years of service with the railroad dating from Jan. 29, 1923.

## British Blame Jewish Agency For Outrages

### Call For Aid Of Jewish People In Putting End To Terrorism In Palestine

WASHINGTON, Mar. 1 (AP)—Government officials said today they understand Spanish bankers plan to seek a loan from commercial banks in the United States. They added there are no legal barriers to such a loan, even though the United Nations officially frowned on the Franco regime in Spain.

LONDON, Mar. 1 (AP)—Defense Minister A. V. Alexander said today Britain must be strong because "the troubles of Western Europe may again engulf the world." "No one can doubt, in the difficult situation in the world today, that we must have defense forces," Alexander said, opening a House of Commons debate on the government's defense White Paper.

JERUSALEM, Mar. 1 (AP)—The British mandate government told Palestine's 700,000 Jews today they must help control terrorism or lose the right "to be numbered among civilized peoples."

It accused the Jewish Agency of excusing itself of responsibility for such acts as yesterday's train bombing by "calculated innuendo, falsehoods and propaganda."

The Agency represents the Jewish people in their attempt to make Palestine their national home. Gershon Hirsch, Jewish Agency spokesman, told a news conference shortly before the government statement was issued that the Agency abhors incidents such as the bombing.

The government said it had tried in vain to enlist the Agency's aid in fighting terrorism. It continued:

"Jewish community leaders have felt themselves unable for political reasons to take any steps to bring to justice the persons responsible for these crimes and have thus facilitated the spread of lawlessness and disorder to the point where the community itself is threatened by destruction by elements within itself."

"The Agency's recent statement that it stands for law and order while the government does not must be judged in the light of the fact that for many years this body has been breaking the laws of Palestine and of other countries in which it has operated."

"A recent illustration is its refusal to put forward any witnesses to give evidence in official inquiries in the Palestine Post."

## Akers Parts Co. To Open New Business

The Akers Parts and Equipment Company will open their attractive new store Saturday, Mar. 6, at the corner of Commercial avenue and Palmolive Avenue. The building, which the company shares with the Tamiami Trails Trucking Co., was recently repaired by the owners, the Brickland Morrison Co., and was given a coating of aluminum paint, which greatly improved its appearance.

The Akers Company is managed by Frank Akers, salesman in the auto parts business in southeastern states for the past 25 years, and by his son, Frank, Jr., whose wife assists as secretary. O. E. White, former manager of the W and W Parts Co., has charge of the counter in the sales room. The company deals wholesale in Toledo Stern products, automobile parts and garage equipment. It occupies a space 30 by 180 feet, including storage space and bins in the rear of the building.

## Mrs. Eula Lee Pace Dies In Jacksonville

Mrs. Eula Lee Sullivan Pace, 65, former resident of Sanford, died Thursday in Jacksonville, and her funeral was held Friday at the Arvidale Baptist Church with the Rev. J. S. Rasco officiating.

She was born in Greenville, Ala., and had lived in Jacksonville for the past 25 years. Survivors include her husband, four daughters, Mrs. W. A. Robinson of Chicago, Mrs. A. W. Nelson and Mrs. N. E. Womack of Jacksonville; a brother, J. M. Sullivan of Jacksonville, and five grandsons.

## Attractive Seminole County Exhibit

THE SEMINOLE COUNTY exhibit at the Central Florida Exhibition at Orlando attracted much favorable comment, plenty of literature concerning this section was handed out and many questions by visitors, particularly from the north, were answered, according to Lea H. Lesher, who was in charge of the exhibit which was financed by the Seminole County Chamber of Commerce. At the left is shown celery, cabbage and other vegetables donated by Chase and Company and other growers, Belgian arles from Casselberry Nurseries and varieties of bright resistant celery from the Central Florida Experiment Station. Four Guava Jelly from Chester Fungate Company of Forest City, and canned citrus and honey from Robert Champion and Tim Tietz are shown in the center. Hams and bacon from the Central Florida Quick Freeze plant are at the right, also Kirchhoff gladiolus. Citrus fruit on display is from Chase and Company and W. A. Patrick plant. The Patterson Company displays its baby products at upper right. Large pictures of the Sanford Zoo and the lakefront by the Mayfair Inn are shown. A number of ladies representing U. H. clubs presided at the booth.

## Dr. Harry Silsby Tells UMT Value At Rotary Lunch

### Visiting Rotarians Tell Of Work Of Rotary At Homes

In an address advocating the early enactment by Congress of a system of Universal Military Training, Dr. Harry Z. Silsby told the Rotary Club today that an honorable peace has not yet been effected and that "the boys trained under Universal Military Training will be the ones we will be depending on in the future when another world war comes."

"Times have changed a lot since we were boys and the slogan was 'I Didn't Raise My Boy To Be A Soldier'." Dr. Silsby, who was introduced by J. L. Ingley, said, "and nowadays we recognize

## Greek Troops Rout Guerrilla Forces From 16 Villages

ATHENS, Mar. 1 (AP)—Newspapers said today Greek forces had chased guerrillas from 16 villages near the Albanian border.

"Violent hand-to-hand fighting" occurred in many sections, the accounts said. Informed military sources said the operation, on a loose 30-mile front, is the most extensive ever undertaken in Epirus.

The drive started Saturday. Greek troops struck from Filiates and Doriana toward the frontier of Albania, midday Communist forces.

Military commanders of the Greek Eighth Mountain Division were reported pleased. In dispatches from Ioannina, in some areas the rebels had to be dug from their fortifications.

The troops took Ashia Nicholas, five miles from Albania. They stormed and captured Likous and Kerasova and withstood counterattacks. Other villages taken included Palamas, Phatelon, Yermeri, Malouni, Parkamvouni, Vryzames, Keromitas, Ktisama, Valtista and Lavdani.

One dispatch said the capture of the last three localities gave the army complete control of Mt. Kasadani, which dominates the area immediately south of the Albanian frontier and west of Delvinaki.

TOURIST CLUB  
The Sanford Tourist Club will have a picnic supper tonight at the Tourist Center, according to E. M. Armistead, tourist director.

Thursday afternoon members will be guests of the Sanford Garden Club and will visit gardens in the community, including that of Mrs. Charles Ginn on Sanford Avenue. On Friday the shuffleboard team will play a return match with the Longwood team at the Longwood court. The Sanford team was here 17 to 18 on Friday over Longwood's team.

## British Papers Plead For U.S. To Halt Red's Growth In Europe

LONDON, Mar. 1 (AP)—London's morning newspapers almost unanimously called today for action now to stop Russian expansion. Strikingly similar editorials appeared in newspapers of both the right and moderate left.

The conservative Daily Graphic said:

"The United States should tell Russia, explicitly and forcibly, that if she moves another mile forward in Europe, then atom bombs will rain on the Soviet Union."

"The Daily Herald, organ of the Labor movement, headlined its leading editorial: 'Peace or War?'"

"The Soviet policy is sinister," it declared, "and the Western peoples would be reckless if they ignored its implications. But we would add this: The democracies should not be content with closing their ranks in the anticipation of conflict. They should simultaneously make a renewed effort to enlist Russian cooperation in the worldwide partnership which was planned in the San Francisco charter."

## New Ministers Say Red Rule Of Czechs Is Will Of People

PRAGUE, Mar. 1 (AP)—New cabinet ministers told foreign reporters today the events last week giving Communists control of the government were the will of the people.

Vaclav Kopecky, Communist minister of information, told a news conference yesterday "no figure is available" on the number arrested or how many persons were expelled from their positions. He declined also to identify the western powers Premier Klement Gottwald asserted were behind "reactionaries" in the former government.

The cabinet will meet tomorrow for the first time. The Communist leaders already have made broad promises to farmers and workers.

One minister told the reporters constitutional elections would be held in the prescribed time before Parliament is due to adjourn June 7. Alois Nusmann, National Socialist minister of posts, said however the crisis and the crush of legislation might cause a legal postponement. Kopecky said foreign correspondents would be allowed to report the election.

Antonin Gregor, Communist minister of foreign trade, said Czechoslovakia hopes to maintain trade relations with the West. He said a delegation left Saturday for Brussels to discuss trade with Belgium.

## HUNGER STRIKE

WASHINGTON, Mar. 1 (AP)—Four men held on Ellis Island for deportation hearings as alien Communists are refusing meals and threatening a hunger strike unless they are released, the Justice Department said today. They are: Gerhard Eisler, who has been called the top Communist in the nation, and three other Communists, John Williamson, Ferdinand C. Smith and Charles A. Doyle.

## Vandenberg Urges U.S. To Stop War Before It Begins

### Half Billion For Japan Proposed To House Group

### Export Tax Japan As Bid For Against Communist Forces

WASHINGTON, Mar. 1 (AP)—The House Foreign Affairs Committee today invited General Douglas MacArthur and Claire Chennault to testify on aid to China. The two generals were asked to testify either in person or by correspondence. The invitations were telegraphed by Secretary of State (RND) after a closed committee session.

WASHINGTON, Mar. 1 (AP)—A \$500,000,000 recovery program for Japan together with military and economic aid for China were proposed to the House Foreign Affairs Committee today by a committee consultant.

Calvin J. Van, a bastion of pro-American sympathy and ideology in the Far East, William Montgomery Blair said.

"As long as it remains reasonably proportionate to form a halfway sound Communism, it has an importance to the Far East not unlike that of Germany for Europe."

"To reduce production in both is to lighten the direct burden on the taxpayer of the United States, and to lighten the period of general world deficiencies of production that makes United States aid necessary."

McGovern is professor of political science at Northwestern University. He made a special tour of the Orient for the Foreign Affairs Committee last year. No action has been taken by the committee on his report.

McGovern said the half-billion dollar aid proposed should make Japan self-sufficient by 1950.

## Dredging Company Directed To Fill City Terminal Area

The Hill Dredging Company was directed by the City Commission, at a special meeting Friday afternoon, to fill in the City-owned terminal area east of French Avenue to a height of two feet above the high tide. It was reported this morning by City Engineer H. N. Sayer.

A previous bid of \$100,000 by the company had been rejected by the Commission, but yesterday's bid of \$80,000 for the fill was approved, said Mr. Sayer. The land, fronting more than 1,200 feet on Hendricks Boulevard and extending south to Fullum Avenue a distance of 500 feet, was formerly filled in, but not to the extent needed for freight terminal purposes, according to Mr. Sayer.

Work on the pumping of the sand from the lake bottom into the area is expected to be started as the Woodruff Creek cut is completed at the east end of Lake Monroe. The huge dredge will also cut the triangular channel 12 feet deep in the lake, which will be used by river boats to carry freight to and from the new terminal area.

Following the completion of work in the lake, the dredge will work on the completion of the 12-foot channel in the river north of Sanford.

The City Commission will meet this evening at 7:30 o'clock in regular session. One of the major items of business, said Mr. Sayer, will be consideration of proposals by appraisal companies for the appraisal of real and personal property in Sanford.

WOULD FIX IT

WASHINGTON, Mar. 1 (AP)—Senator H. L. Hunt testified today that Maj. General Bennett E. Meyers once told him not to worry about lying to Senate investigators because the General was going to get the investigation called off.

PERON ORATION

BUENOS AIRES, Mar. 1 (AP)—President Juan Peron has had an appendix operation. It was announced officially today. His condition was reported satisfactory.

## Debate Is Begun On Five Billion Dollar Program For Aid To European Nations

By Oliver W. DeWolf

WASHINGTON, Mar. 1 (AP)—Senator Vandenberg (R-Mich.) appealed to the Senate today to "help stop World War III before it starts" by approving the European Recovery Program.

The Foreign Relations Committee chairman opened debate on the \$5,300,000,000 Marshall Plan by telling his colleagues they face a decision "that can be a turning point in history for 100 years to come."

Denouncing "treacherous Moscow propaganda" that has "charged us with iniquitous American imperialism," Vandenberg said the 16 Western European nations must be saved from economic chaos.

"This vast friendly segment of the earth must not collapse," he said.

"The Iron Curtain must not come to the rims of the Atlantic by aggression or default."

The Communist Confrontation, the Michigan Senator said, is frankly calling on its adherents to wreck the Marshall Plan.

"It is indeed 'cold war,'" he declared. "It is pressure war against the independent recovery of Europe. Obviously it also is aimed at us."

Yet Vandenberg said there is nothing in the proposal to help Western Europe economically that "threatens the Soviet police empire with any sort of consequence which she does not herself choose voluntarily to invite."

"Peace with justice is our utterly paramount concern," he declared. "Any thought of another war is abhorrent to our soul. But peace and appeasement are not on speaking terms; and the totalitarian idea of virtually dividing the earth between Washington and Moscow would not be peace. It would simply be a dishonorable truce preceding final, unpeakable disaster."

As Vandenberg took the floor there were indications (Continued on Page Three)

## 2 Persons Injured In Auto Collision Saturday Evening

Two people were injured as the result of an automobile collision Saturday evening at 7:35 o'clock at Palmolive Avenue and Third Street.

Mrs. R. P. Sharrack, who lives at the Montezuma Hotel, suffered from bruises and shock, and was taken to Fernald-Laughton Memorial Hospital. Laurence Percy Smith, local insurance salesman of 204 West Second Street, sustained several broken ribs and was also taken to the hospital.

The accident occurred when the 1941 Plymouth sedan driven by R. P. Sharrack collided as he turned the corner going east on Second Street to Palmolive with a 1935 Ford coupe driven by Mr. Smith, who was going north on Palmolive. The impact of the collision, according to police, caused both cars to turn over, and the Ford also hit a parked Dodge sedan. Sheriff P. A. Mero also inspected the accident.

Mrs. Sharrack was reported this morning to be resting at the hospital. Mr. Sharrack was not reported by police as having been injured. Both drivers are charged with reckless driving.

## Merchants Directors Will Meet Tuesday

Directors of the Sanford Merchants Association will meet at the Tourist Center Tuesday afternoon at 2:30 o'clock to discuss plans for completing their membership campaign.

Other items up for discussion, according to W. A. Morrison, association president, include possible plans for another barbecue to be held by the association during the latter part of the month.

It is expected that directors will plan the extension of their advertising program to newspapers of nearby cities; a county sale day event will be outlined, a miscellany of business news brought up for discussion.

"Any merchant who would like to have anything discussed at the meeting should take up the matter by contacting the director of the association in the merchant's classification," said Mr. Morrison.

## Livestock Market

JACKSONVILLE, Mar. 1 (AP)—Livestock handled on 13 Florida markets during the latest weekly sales for which figures were available today in Jacksonville offices of Florida State Markets brought producers a gross cash total estimated at approximately \$240,000, for offerings which included 2,125 cattle and 8,426 hogs. Actual cash totals reported from 11 of the cooperating markets amounted to \$199,859.34, the remainder of the estimated gross receipts representing stock handled on two markets submitting incomplete reports.

Reports from some areas indicated producers were still withholding stock from sale, due to the recent drop in prices. Continued recovery from the lower levels reached during the price slump was reported during the week on a number of the cooperating markets. Today's report includes figures from five State-operated markets and eight independent ones. All but one of the 13 markets submitted figures dealing with sales during the current week, the single exception covering heretofore unpublished figures on operations during the preceding week.

Summary of sales on State-operated markets:

Arcadia State Livestock Market reported arrivals including 565 cattle and 32 hogs, with demand strong.

Bonifay State Farmers' Market reported sale of 164 hogs for a cash total of \$2,809.39.

DeFuniak Springs State Livestock Market, 70 cattle, 196 hogs, \$7,193.04.

Jay State Livestock Market, 62 cattle, 432 hogs, \$17,996.48.

Quincy State Livestock Market, 72 cattle, 38 hogs, \$7,969.90.

Summary of sales on independent markets:

Gainesville Livestock Market, 325 cattle, 500 hogs, \$34,000.

Jacksonville Live Stock Market, 91 cattle, 12 hogs, \$8,572.97.

Kissimmee Livestock Market, 531 cattle, 49 hogs, \$37,844.80.

Lake City, Columbia Livestock Market, 20 cattle, 124 hogs.

Miami, G. E. Sampson and Sons Livestock market, 147 cattle, 8 hogs, \$11,657.44.

Monticello Stock Yards, 108 cattle, 667 hogs, \$23,807.91.

Trenton, Gulf Cooperative Marketing Association, 1,139 hogs, \$32,500.

Webster, Sumter County Farmers Market, 74 cattle, 225 hogs, \$7,878.41.

Management of the Gainesville market reported most grades of cattle moved up \$1 to \$2 per hundredweight from the preceding week—top steers bringing \$27, calves \$29 per hundredweight. Butcher hogs were up \$2 to \$3 at Gainesville, with No. 1 grade reaching \$21.50, feeder pigs up to \$25.75. On the Monticello market hogs advanced approximately \$1, with cattle prices running around \$1 higher. The Trenton market, which handled the heaviest run reported from any of the group covered by today's figures, sold top hogs up to \$20.10 per hundredweight.

THOMASVILLE, Ga., Mar. 1 (AP)—(USAP)—Livestock market closed on 20 cattle, 200 hogs, and 200 pigs. The market was active, with prices generally higher than last week. The following prices were reported:

Price of hogs were steady to strong, compared with last Friday. Composite quotations at eight plants for each grade and sex were as follows: Medium to choice barrows and gilts, \$13.50; over 200 lbs., \$14.50; with instances down to \$17 and less; 150-175 lbs., \$12.50; 125-150 lbs., \$11.50; 100-125 lbs., \$10.50; 75-100 lbs., \$9.50; 50-75 lbs., \$8.50; 25-50 lbs., \$7.50.

The cattle price undertone was about steady, although some weakness was indicated by buyers. Cows and heifers were in demand. The following prices were reported: Medium to choice cows, \$11.50; over 1,000 lbs., \$12.50; 800-1,000 lbs., \$11.50; 600-800 lbs., \$10.50; 400-600 lbs., \$9.50; 200-400 lbs., \$8.50; 100-200 lbs., \$7.50; 50-100 lbs., \$6.50; 25-50 lbs., \$5.50.

## Stock Market

NEW YORK, Mar. 1 (AP)—Stocks generally continued to shift toward recovery in today's market, with rails and aircrafts favored.

Activity tapered after a fairly active start and top gains running to a point or better were reduced in the majority of cases near the fourth hour. A number of stumblers persisted.

Short covering and other buying by professionals provided the principal prop. This was based partly on the idea that a good technical revival could eventually follow the sharp February decline. Further opposition to the G. O. P. tax cut bill by Treasury Secretary Snyder cooled market enthusiasm to some extent. Disturbing international affairs, together with doubts regarding business and labor, inspired offerings here and there.

On the advancing side most of the day were Rock Island, Gulf Mobile & Ohio (at a 1947-48 peak), Union Pacific, Santa Fe, Southern Pacific, Illinois Central, Boeing, Douglas Aircraft, United Aircraft, American Can, Eastman Kodak and American Woolen.

Backward at intervals were American Telephone, Deere, Warner Bros., Dow Chemical, American United Air Lines and Transcontinental & Western Air.

Bonds were narrow. Grain and cotton futures were higher.

Supported in the curb were Ohio Brass "B" (on a raised dividend), Glen Alden Coal, Pantepec, Garrett Corp. and Caterpillar. Hesitant were Humble Oil, Cherry-Burrell and American Republics.

Only five per cent of U. S. overseas travel was organized in cruises in 1930, but 28 per cent was so organized by 1938.

Per capita travel for Americans increased from about 400 miles a year in 1916 to about 2,400 miles in 1940.

## State Production Picture Brightens As Shipping Rises

JACKSONVILLE, Mar. 1 (Special)—Florida's production picture brightened materially during the last week, with last-minute reports from major shipping points, indicating heavy movement of a variety of vegetables through the coming week, said William L. Wilson, Director of State Markets, today. Wauchula, Fort Myers, Fort Pierce, Plant City, Florida City and other points served by Florida State Markets contributed to the over-all summary released by the markets official, in support of his statement of the improving outlook.

Frank E. Conner, manager of the Wauchula State Farmers' Market, reported late in the week that growing conditions in that area are excellent, with some cucumbers from trough-acreage expected to be ready for movement by mid-March, tomatoes early in April.

Pepper of the California Wonder type has sold on the Fort Myers State Farmers' Market during the last week at about \$3.50 to \$4.50 per field crate, Manager Werner F. Nehring has advised Director Wilson. Offerings of the World Beater variety brought approximately a dollar less. Eggplant offerings have sold around \$4.50 to \$5. The flower market has also improved considerably, due to better weather in the North. Heavy movement of gladioli blossoms will continue for some time.

Manager M. E. Williams of the Fort Pierce State Farmers' Market expects tomatoes from fields surviving the January cold, to be ready for harvest late in March. Later planting will be in production the second week in April and the peak of the movement is indicated for early May. Plantings of mixed vegetables—cucumbers, squash, peppers, watermelons and sweet corn, in the Fort Pierce area, are said to total better than 500 acres.

Strawberry shipments through the Plant City State Farmers' Market totaled 328,032 pints during the last week, more than tripling volume for the preceding week. Daily price averages ranging from 27 1/2 cents to 32 cents per pint were reported, revenue for the week totaling \$96,423.84, according to Market Manager R. E. Johnson.

The Florida City State Farmers' Market during one three-day period in the last week sold approximately 10,000 bushel field boxes of tomatoes for a price average of \$7.22 each. Top price for the period was \$10.70, and low was 75 cents per crate. Light offerings of beans and squash were handled, and Market Manager C. S. Phillips reported more should be available this coming week.

Heavy movement of celery from the Sanford State Farmers' Market was reported at the end of the week by Manager H. J. Lehman. He estimated about 45 per cent of the pascal type has been cut in the Sanford area, and 55 per cent of the Golden. Growing conditions have been good, and heavy volume of other vegetables

## Vandenberg Urges

(Continued from Page Two)  
Senate will approve the recovery program in about the form voted by the Foreign Relations Committee—after 10 days or two weeks of debate.

Vandenberg said he has no quarrel with those who disagree with the plan to make American funds available over a 52-month period to aid European nations rebuild.

"But I am bound to say to those who disagree that they have not escaped to safety by rejecting or subverting this plan," he said. "They have simply fled to other risks and, I fear, far greater ones."

The plan, he said, "strives to help stop World War III before it starts," adding:

"It fights the economic chaos which would precipitate far-flung disintegration. It sustains western civilization. It means to take Western Europe completely off the American dole at the end of the adventure."

Some members, including Senator Taft of Ohio, chairman of the Republican Policy Committee, have said they will vote to cut the \$5,000,000,000 limitation on aid spending for the 12 months beginning Apr. 1.

Defending this amount, Vandenberg said it is better to "start with figures which enjoy the preponderance of supporting evidence rather than to arbitrarily slice off what might be the difference between success and still-born failure."

He noted that Congress will be called upon to review the whole program next January. That is not too long, he said, "to wait for the accounting with so much at stake."

Vandenberg said the success or failure of the program will depend in large measure on "the quality of its administration."

"The choice of the administrator and his associates is one of the most solemn responsibilities that has ever confronted a President of the United States," he declared.

"I beg of the President to search for the best and to be satisfied with nothing less. This act is challenge to the best brains and to the best experience in the nation."

Under terms of the bill the administrator would have cabinet status. If any differences arose between him and the Secretary of State over policy, the President would settle them.

Vandenberg said experts agree that the program will not lead to government controls that would not otherwise be required. But he added:

"This is no happy picnic. Heavy postwar expenditures involve a burden—just as did the infinitely heavier expenditures of the war—that was, or the expenditures of another war which we propose, with every resource at our command, to prevent."

"War has no bargains," Vandenberg declared. "I think peace does. I believe I am talking about one now."

1951 or 1952. He proposed yearly appropriations rather than a lump sum grant.

He declared, however, that no long term solution of Japan's economic problem is possible if Korea and China, including Manchuria, "are in a condition of chaos and anarchy or if they are dominated by inimical Communist regimes."

Of China, he said: "Politically and economically she is in a desperate situation, so desperate that the central government may well collapse within a year."

If that happens, McGovern said, and, more especially, if the Communists succeed in gaining control over China, it will be a major blow to American national policy and even to American security.

"If China falls into Communist hands in all probability the rest of the Far East will also be engulfed by Communist forces and the effect of our victory in the Pacific war will be completely nullified."

McGovern said the Russians have been supplying the Chinese Communists with arms and ammunition for two years. And he added that any American help should start with the sale or gift of surplus military equipment.

He estimated that China will need from \$500,000,000 to \$600,000,000 over a three or four year period. President Truman already has proposed a \$570,000,000 program of economic aid for China during the next 15 months.

"In spite of official denials the Jewish Agency has repeated that it was certain a British army convoy was responsible for the Ben Yehuda street outrages."

"Nobody outside of Jewish circles believes this, and there can be no other purpose in repeating it than to stir up racial hatred."

"The fact is that vehicles responsible for this outrage were no more a British army convoy than vehicles stolen from time to time by Jews and used by them on numerous occasions for the murder of many more people than were killed in Ben Yehuda street."

Senate, he couldn't blame any one for this natural circumstance, but added it does make a difference.

He said former Ohio Governor James M. Cox, who visited him here today, told him of a similar question in 1920. The President couldn't go into details since he wasn't so deeply interested in politics then.

On the domestic front, Mr. Truman said the increased steel price was a good argument in favor of his anti-inflation proposals to Congress which included a request for standby wage-price controls and rationing.

Mr. Truman said he had been too darned busy with affairs at home and abroad to do any thing about his own candidacy when reporters asked the "jackpot question" whether he was running.

Some one asked if Senator Pepper (D-Fla.) would strengthen his ticket if nominated for Vice President. The President dodged a discussion of that one, saying he was not discussing anyone for Vice President.

If nominated, will he accept? He'll answer that question when, and if, it happens.

threats of revolt by Democrats in the South, and even called Virginia Governor William M. Tuck's proposal to keep his and other names off the ballot in that state a return to the old constitutional approach in selection of delegates.

He said he was working just as hard here as he would at Washington, transacting the same business. The only difference, he said, is the change in scenery.

The President said flatly the Russians have made no overtures looking for a meeting with Premier Stalin in Stockholm or anywhere else.

No such overtures have been made, formally or informally, he said, either through the White House or the State Department. He has not changed his position that if there is to be another "Big Three" meeting, it must

be in Washington.

## BIBLE VERSE FOR TODAY

THE MIRACLE OF THREE  
THOUSAND YEARS AGO IS A  
COMMONPLACE TODAY. OUR  
MORALS HAVE NOT PRO-  
GRESSED SO MUCH.—2 Kings  
6:6 The iron did swim.

One thing about the "new  
look," as someone said to us the  
other day, it may not be as bad  
as it looks.

We see where Great Britain is  
about to have a war with Guate-  
mala. That's about as big a  
war as they could afford. . . .  
after two years of Socialism.

We cannot agree with Senator  
Epworth of St. Augustine that  
the Florida Jefferson-Jackson din-  
ners to raise funds ought to be  
called off. Let them go ahead  
and have the dinners and see  
how much money they get.

"Henry Wallace is the only  
man who can save the world from  
catastrophe and war", political  
demagogues told a Wallace meet-  
ing in Tarpon Springs the other  
day. What's he going to do,  
plow under every third pig?

Uncle Joe Stalin is trying de-  
spairately these days to put through  
a defense pact with Finland. Re-  
calling the way the Finns licked  
the Russians back there in 1940,  
we can understand why the Rus-  
sians would like to have the as-  
surance of Finnish aid in any  
future war.

Senator Claude Pepper, Flori-  
da's senior Senator, denounces  
the movement in the South to  
keep President Truman's name off  
the Democratic ballot on account  
of his civil rights stand as a  
"brazen attack on the voters'  
freedom of choice". "Surely",  
he says, "wise leaders devoted to  
the principles of our democracy,  
the basic one of which is govern-  
ment by the people, will not be  
so shortsighted as to strike at  
the very root of our political  
democracy." Surely, put Truman's  
name on the ballot, but give us  
someone else to vote for too.

Thornton Wilder, noted author,  
who stopped at the Mayfair for  
a while last winter, is out with a  
new book, "The Ides of March",  
which is receiving the warmest  
praise from the nation's critics.  
It deals with the life of Julius  
Caesar and particularly with the  
dramatic events leading up to his  
death in March of that fateful  
year of 44 B. C. "The Ides of  
March" is a fascinating book,"  
said Prof. Max Radin in the New  
York Herald Tribune, "and while  
it owes some of its fascination  
to the period with which it deals,  
perhaps the most exciting of our  
history, a great deal of its charm  
is entirely the author's, who man-  
ages to depict with high effec-  
tiveness a number of vivid, glow-  
ing and powerful personalities  
who meet in crowded conflict in  
the last few months of a great  
man's life".

Those who do not think that  
Communists are a menace to the  
standard of living of the people  
of this country should read what  
Commodore Harry Manning says  
about Red agitators among the  
crew of his ship, the SS Ameri-  
ca. Manning is one of the oldest  
and best in the American Merchant  
Marine with a record almost un-  
paralleled in American seamanship.  
But after landing 773 passengers  
safely in New York the other  
day, he says he's through.  
"They can tie up the ship until  
hell freezes over as far as I am  
concerned", he says. "We are  
always being plagued by Com-  
munist agitators and it's about  
time to find out who runs this  
ship, the captain, or the delegate  
commissioners". If the same kind  
of Communist obstruction prevails  
in other industries, it is small  
wonder prices are high and goods  
scarce.

## The Nominees

It is generally supposed that the nominees of the  
major parties for president and vice-president are chosen  
by small groups of party leaders, who make their choices  
and then manipulate the strings of the nominating con-  
ventions. The picture may be accurately drawn. But it  
need not be so.

If delegates to nominating conventions are prone to  
listen to the suggestions of the manipulators, it is largely  
because they do not hear enough suggestions from the  
people. A delegate who hears from large numbers of the  
voters he represents can reasonably be expected to make  
an effort to bring about the nomination of the persons  
preferred by the largest number of voters. But it is not  
reasonable to expect the delegate to read the minds of his  
constituents.

When the individual citizen decides in his own mind  
whom he thinks his party should nominate, he can help  
to nominate his choice by telling his convention delegates  
about it. A letter or telegram to members of the state  
delegation will help to shape the course of the convention  
deliberations. The citizen who takes the trouble to make  
his preferences known in this way need not be content  
with simply casting his vote for one of the presidential  
nominees on his ballot in November. He can help to choose  
the persons whose names will be on that ballot.

## Plea For Training

In his first public utterance as the Army's new chief  
of staff, Gen. Omar N. Bradley has urged the American  
Association of School Administrators to lend its support  
to the proposal for universal military training. School men  
are in an excellent position to help bring a training program  
into being, if they will, but many in the profession are  
opposed to the idea. Gen. Bradley was laying his artillery in  
a direction where a great deal of good might be done.

The general's thesis was that history shows the most  
effective restraint upon an aggressor nation is the fear  
of retaliation by an equal or superior force. He said as  
long as there are nations which are willing to resort to  
intimidation or force "we must invite aggression if we  
lose our ability to strike back".

Although there obviously is effective opposition to a  
universal military training program, the opponents have  
not raised any argument which seems to those in favor  
of the idea to be valid and sound, or to make sense. As  
supporters seek to batter the opposition, they find little  
to strike at which is concrete. This frustration was ex-  
pressed by Gen. Bradley when he said:

"As a soldier entrusted with the preparation of our  
nation's defense, I can find no satisfactory alternative to  
universal military training in any comparable expenditure  
or plan."

## World's Greatest Men

Gandhi is not the first Hindu who might arguably  
rank among the greatest men who have ever lived. A  
quarter of a century ago H. G. Wells, British novelist and  
social philosopher, listed the men whom he thought the  
six greatest in all history. Starting with Jesus of Nazareth,  
he included Aristotle, most profound of Greek philosophers  
and learned men; Roger Bacon, the medieval English  
scientist who experimented with gunpowder and seems to  
have foreseen the automobile and the plane, and Abraham  
Lincoln. The other two, or one third of the number, were  
Hindus.

One was Buddha, founder of the religion that bears his  
name. The other is a ruler whose mere name is unknown  
to most Americans; Asoka, an Indian monarch of the third  
century B. C., whose wisdom and virtues have only one  
rival among recorded kings: the Roman philosopher-emperor  
Marcus Aurelius.

Considering Wells' temperament and Gandhi's merits,  
had Wells been making up his list today, he might very  
likely have included Gandhi as a seventh.

## THE WORLD TODAY

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

Czechoslovakia's Democratic government is dead, a victim of aggressive Communism. For the second time in a single decade her people are under the bondage of an autocratic dictatorship which denies God and arrogates unto itself the power of life and death.

However, while Democratic gov- ernment is dead in ancient Prague, I am one of those who believe the spirit of Democracy still lives there. Having had long acquaint-  
ance with Czechoslovakia and her citizens, I haven't the slightest doubt that this spirit is strong in their fiercely independent hearts and needs only the right spark to set it in action once more.

So on the basis that where there is life there is no reason to de-  
spair, friends of Czechoslovakia have reason to hope that some for-  
tuitous circumstance will produce that spark.

And what will be the nature of the spark? Well, it strikes me that it may well be an intangible thing—an inspiration. It might, for in-  
stance, come from their deep af-  
fection for President Eduard Benes and their faith in the principles for which the wise old revo-  
lutionary risked his life to help build the Republic.

Now I don't mean to suggest that this inspirational spark might be the result of direct action by Dr. Benes. He is in no position to take direct action. The inspira-  
tion will come from what he has done in days long past, rather than in what he may do now. But come it will, in due course.

If anybody could have saved Czechoslovakia in this grim hour of need, it likely would have been Benes. But unhappily the crisis has found him far from well. The years of sparring with death as he plotted against oppressors, and organized his people into under-  
ground forces of resistance, have taken their toll.

Benes was born in 1884—one of 10 children of peasant parents. He worked his way through Charles University at Prague and later received a Ph.D. at Dijon. It was while he was at Charles that Benes met Dr. Thomas Masaryk, who was a professor there. The two became fast friends and co-plotters to free the Czech people from Austria-Hungary and establish a republic. Masaryk once said:

"Without Benes we never would have had the Republic."

In 1914 the two joined in a political conspiracy against the Austro-Hungarian government. When World War I started Masaryk went to Switzerland to carry on the work which was to make him father of his country. Benes remained in Prague and built an underground organization. Just as the Austrian police were about to arrest him, he escaped to Switzer-  
land and joined Masaryk.

There the two conducted their historic campaign for the estab-  
lishment of a Czechoslovak Re-  
public. This was created out of former Austro-Hungarian prov-  
inces in 1918, when it was recog-  
nized by the Allies, with Presi-  
dent Woodrow Wilson sponsoring it.

Masaryk became first president of Czechoslovakia and Benes was his foreign minister for 17 years until 1935, when Masaryk resigned because of ill health. Benes followed in the presidency, which he has held ever since, barring the German occupation, and even then he was head of the Czechoslovak government in exile. With all his other duties Benes still managed to serve seven terms as president of the League of Nations council.

Well, that's a picture of one of Czechoslovakia's two greatest national heroes. Masaryk is dead, and the faith of the people long has been centered in Benes. It is reasonable to believe that his life

established. Local authority has been similarly whittled away in many other fields. Now the proponents of anti-lynching and anti-poll tax legislation and FEPC seek to set up many more new bureaus in many more new fields. Even aside from other considera-  
tions, the resulting extension of federal bureaucracy into local fields should be enough to condemn the proposals.

## Indian Reds Claim

Nation Will Become Sovietized By 1950

HOMBAY—(AP)—Native Com-  
munist prophets who number  
thousands, and claim India will  
become Sovietized in the 1950s.

They boast of a "federation  
of people's democracies" that will  
cover all of the sub-continent and  
wipe out the British-approved  
partition of 1947 which created  
the 87 percent Hindu dominion of  
India, and Moslem Pakistan.

This future Soviet India, they  
grandly say, will eagerly accept  
Moscow's guidance in the same  
spirit as Communist regimes set  
up in Eastern Europe under the  
Red Army's protection.

Since there is no likelihood of  
Soviet troops occupying India,  
short of a third World War, na-  
tive Communists insist the transi-  
tion here will resemble Chinese  
developments instead of, for ex-  
ample, those in Romania.

"But what took 20 years to  
achieve in China," commented G.  
Adhikari, an editor of the offi-  
cial Communist newspaper, "In  
India, it can happen in less than  
five years, or at the most, ten.  
This is an age of quick changes."

Most Indian intellectuals say  
Communist predictions are noth-  
ing but pipe dreams. Organized  
in 1927, the Party's membership  
is still only 77,000, of which a  
bare 2,000 is in Pakistan, the  
remainder in the Indian domi-  
nion.

The dull, repetitious propaga-  
nda written by Cominform hand  
in Moscow and Belgrade is dis-  
tributed here without changing a  
comma.

This propaganda is drab read-  
ing compared to the brilliant  
political utterances of men like  
the dominion's Prime Minister,  
Pandit Jawaharlal Nehru. It falls  
flat with the masses, who re-  
member Mahatma Gandhi's words:  
"Communism of the Russian  
type, that is Communism which  
is imposed on a people, would  
be repugnant to India."

After decades of struggle to  
rid themselves of British rule,  
few Indians seem in the mood  
to want old Bolsheviks to take  
place of the old school tie.  
If any political idea has gen-  
eral popularity at the moment, it  
is that India is of, by and for the  
Indians.

But native Communists, ap-  
parently because of the rigidity  
of Moscow directives, have been  
unable to steer a course that  
would take full advantage of cur-  
rent political trends.

of service will continue to be their  
inspiration.

Sooner or later that inspiration  
will provide the spark which will  
set Czechoslovakia on reaching  
again for freedom. And when that  
happens other slave states may  
follow until a great conflagration  
spreads across the Communist  
dominated zone of Europe.

A farm which required the  
work of two men in the United  
States a generation ago is now  
operated easily by one man.

## INSULIN

## Preserver of life

By W. V. HITTING

When your doctor orders in-  
sulin for a diabetic condition,  
you may be sure that it is  
necessary . . . that your life  
depends upon its use as pre-  
scribed.

Because insulin would lose  
its effect if taken through the  
mouth, injections must be made  
directly into the blood stream  
by hypodermic needle.

Thus the diabetic, taking in-  
sulin under the doctor's orders  
must become his own nurse,  
using the finest made injector,  
and quality prepared insulin.

A good pharmacist, efficient  
and trustworthy, can be of real  
service. He will co-operate with  
the doctor and make certain  
that your insulin requirements  
are met promptly.

**Story Story League Has Monthly Meet**

The Sanford Story League held its regular meeting on Feb. 23 at the First Baptist Church. Mrs. R. C. Maxwell, vice president, presided over the short business meeting after which John Miller presented the program.

"The Eagle" was played by Joan McTeer after which two recordings of "Daniel" were presented. Mrs. Elliot told the story of "Jeanette and The Dress". Following the lesson taught by Mrs. P. R. Stephenson, refreshments were served by the hostesses, Mrs. P. J. Allen and Mrs. E. C. Williams. The aim of the league is to study the art of story interpretation and to serve the community through the use of stories. The theme for the year is "The Whatsoevers."

## Mrs. Croup Honored By Mrs. Harry Lewis

With the first of a series of parties honoring her sister, Mrs. R. M. Croup of Duluth, Minn., Mrs. Harry B. Lewis entertained on Saturday with a luncheon at the Mayfair Inn. The luncheon table was lovely centered with an arrangement of mixed spring flowers.

Following the luncheon several progressions of bridge were enjoyed and after the scores were added the high prize was awarded to Mrs. Bradford Byrd and second high to Mrs. J. G. Sharon. The screen prize was won by Mrs. J. O. Laney.

Those enjoying the afternoon with Mrs. Croup were Mrs. G. D. Bishop, Mrs. R. R. Doss, Mrs. Laney, Mrs. Byrd, Mrs. B. L. Thresher, Mrs. H. L. Perkins, Mrs. Ben Small, Mrs. E. M. Kalloway, Mrs. Sharon and Mrs. John Eick.

## Light Company Has Dinner For Mr. White

In honor of R. L. White, the Florida Power and Light Company entertained with a dinner in recognition of his 25 years of service. He was presented with a special pin by H. H. Coleman, district manager. The dinner was held on Friday night at the Seminole Country Club with about 25 company members and guests attending.

Mr. White, a line foreman, began work in Sanford on Feb. 23, 1923, with Southern Utilities Company, which was later purchased by the Florida Power and Light Company. He was commended by Mr. Coleman for his faithful and efficient service. He was awarded a watch by the company in 1940 for his safe driving record and for driving 16 years without a chargeable accident. Mr. White, his wife and three children, Elizabeth Ann and twins, Irene and Buddy, reside at 117 Poplar Avenue.

Those attending the dinner at the Country Club included Mrs. Marian Williams, Miss Margaret Wright, Mr. Coleman, Mr. White, R. L. Johnson, J. A. Young, L. J. Reeves, V. P. Rozon, C. K. Carter, Joe Johnson, George Dohle, R. J. Livers, George Carver, R. F. Bulard, H. C. Moore, Eduardo Gertz, C. D. Batten of Daytona Beach, Roy Brown, J. L. Atkinson, W. O. Livingston, Bill Ball, Dave Roberts, K. J. Byrnes, J. H. Phillips and Clinton Rutledge.

## U. D. C. Meets With Mrs. F. E. Roumillat

The N. D. V. Howard Chapter, United Daughters of the Confederacy, held its February meeting at the home of Mrs. F. E. Roumillat on Friday afternoon. The chapter, Mrs. A. K. Rosetter, read from the book of Daniel in opening the meeting, which was presided over by Mrs. J. J. Holly. Among those attending the third district meeting to be held in DeLand on Mar. 4 are Mrs. J. M. Hayes, Mrs. Mary Strong, Mrs. L. A. Brumley and Mrs. Holly. The memorial chairman for Southern Memorial Day is Mrs. Hayes, assisted by Mrs. Strong and Mrs. Brumley.

A historical program was presented with Mrs. Strong giving a reading on Sidney Lanier and sketches of Stonewall Jackson and Matthew Fontaine Maury given by Mrs. Roumillat. At the conclusion of the meeting refreshments were served to Mrs. J. H. Truluck, Mrs. Strong, Mrs. Rosetter, Mrs. Roumillat, Mrs. J. M. McCaskill, Mrs. Hayes, Mrs. W. R. Dyson, Mrs. Brumley and Mrs. Holly.

The annual rainfall of the earth has been estimated at 30,000 cubic miles.

## Rosalie Smith Wed To Frederick Wight

In a beautiful candlelight ceremony Miss Rosalie Smith, daughter of Mr. and Mrs. J. Vernon Smith of Arlington, Va., became the bride of Frederick Carey Wight, son of Mrs. Frederick Carey Wight and the late Mr. Williams officiated at the ceremony, which was performed at 8:00 o'clock Saturday at the Trinity Episcopal Church in Arlington, Va. Prior to the service Miss Elizabeth Hudson rendered a program of nuptial music.

The bride, given in marriage by her father, was lovely in a bridal gown of ivory tulle taffeta fashioned with a high round neckline and deep yoke of sheer marquisette appliqued with beading and silk braiding. The bodice featured long sleeves and the full skirt extended into a sweeping train. Her fingertip veil of imported illusion was fastened to a tiara of seed pearls and she carried a prayer book topped with a white orchid showered with stephanotis. She wore a single strand of pearls, a gift of the groom.

Mrs. Harry A. Schwalm served her sister as matron of honor and was gowned in rose mure taffeta with which she carried an old-fashioned nosegay and wore a matching coronet of flowers in her hair. Bridesmaid, Mrs. Vincent A. Kelly, another sister of the bride, wore blue mure with a nosegay and coronet of pink roses.

The best man for the bridegroom was Frank Eugene of New York City and ushers were Richard Allsop of New York City and William Henry of Arlington.

Immediately following the ceremony a reception was held at the home of the bride's parents for relatives of the bride and groom and close friends. Late in the evening Mr. and Mrs. Wight left for a motor trip to Daytona Beach. For traveling, Mrs. Wight wore a pastel blue suit, a white hat trimmed with black and her accessories were of black patent leather. A white orchid formed her corsage.

Mrs. Wight is a student at Duke University, where she will receive her Bachelor of Arts degree in June. Her family has been prominent in Arlington County, Va., since 1880 and traces its ancestry back through a long line closely identified with colonial history of New Jersey and Virginia. Among her ancestors was a member of Federal Washington's staff, a member of Virginia House of Burgesses in 1752 and a signer of the Declaration and Agreements in London in 1672 which provided for the settlement of New Jersey.

Mr. Wight is a member of one of the pioneer families of Central Florida. He is a grandson of the late Mr. and Mrs. David A. Caldwell. His grandparents on his paternal side are Mrs. Henry Wight and the late Mr. Wight, who came to Sanford from Gaines, Ga., in 1905. The Wight family came to the United States from the Isle of Wight and settled in Rhode Island. Mr. Wight attended Columbia Military Academy in Columbia, Tenn., and received a Bachelor of Arts degree from Duke University in Durham, N. C. For some time he has been associated with Thompson and McKinnon Brokerage Firm in New York City and will work with this group in Daytona.

## Mrs. Proctor Given Surprise Party

Mrs. R. W. Lippincott entertained on Thursday afternoon with a surprise birthday party in honor of her mother, Mrs. C. F. Proctor. An Easter theme was used in decorating and in the refreshments, which carried out a pastel color scheme. Mrs. Proctor received many gifts from her friends.

At the conclusion of the progressions of bridge the high prize was awarded to Mrs. Ross Adams, consolation prize to Mrs. Proctor and screen was won by Mrs. Roy Wiley. Mrs. Lippincott was assisted in serving by Mrs. R. M. Burns. Those invited to be with Mrs. Proctor were Mrs. Adams, Mrs. Wiley, Mrs. Collier Brown, Mrs. J. D. Cordell, Mrs. Roy Tillis, Mrs. William Schnabel and Mrs. Burns.

Following the wedding and reception Mr. and Mrs. Wight left for a motor trip to Daytona where Mr. Wight will be associated with the Thompson and McKinnon brokerage firm.

## Mrs. Laney Honors Sanford Visitors

Mrs. E. H. Laney entertained recently for a party honoring her daughter, Mrs. Cottrell Tally of Columbia, S. C., Mrs. Nicholas Ashby of Greenville, S. C., and Mrs. Harold Moseley of Washington, D. C. The Coca Cola party was held at the Laney home on East Eighteenth Street with about 35 invited to be with the honor guests.

The rooms of the Laney home were attractively decorated with lovely arrangements of candles, azaleas and sweet peas. Assisting Mrs. Laney in serving were Mrs. John Galloway, Mrs. James C. Higgins, Mrs. J. O. Laney and Mrs. G. D. Bishop.

## GARDEN CLUB TOURIST TOUR

Mrs. E. G. Kilpatrick, press chairman for the Sanford Garden Club, announced this morning that the club will conduct a "Garden Tour" for tourists of Seminole County on Thursday afternoon. The group will leave from the Tourist Center at Sanford Avenue and First Street at 1:30 P. M. Transportation will be furnished for those without cars.

## These Women

By ADELAIDE KERR AP Newsfeatures Writer

If you dream that Katy the Cook will soon come back to the kitchen and set you free from the dishpan, you are due for a jolt.

A topflight labor expert says Katy will not come back while jobs are plentiful outside unless the American people take big steps to induce her.

"And unless we take those steps, we are going to suffer hardships," says Frieda Miller, director of the Women's Bureau of the Department of Labor. "I mean such hardship as lack of care of babies and sick people or the breakdown of your mothers and working wives because they have to work too hard."

"I think we could well borrow some ideas from other countries in solving this problem of home help to relieve women. I don't mean we should copy them on a national scale, but rather adapt them locally."

Miss Miller sketched briefly the plans of three countries.

"In England," she said, "the government launched a National Institute of Houseworkers. It is designed to raise houseworkers' social standing and give them better working conditions. The Institute schools them in housekeeping methods and gives them a graduate diploma, so they have a professional standing. The first group of girls and women trained under this plan will receive their diplomas this spring."

"Institute houseworkers" will work 44 hours a week at most and get fixed wages which can not fall below a certain sum. They will be entitled to one and a half free days a week every week and two weeks' paid vacation a year. When the plan was launched in 1947, applications for training from stenographers, war widows and former service women flowed in.

As a second example, Miss Miller cited Sweden, which passed 1944 national law covering domestic workers' rights and stating employers' responsibilities. It does not fix either a minimum wage or maximum hours of service. But it stipulates that houseworkers shall not work more than one week and enjoy free vacations based on their length of service. They are also entitled to a room of a certain standard and

medical care when ill. The Women's Bureau head thinks Australians also can teach an interesting lesson on how to provide home help. In Sydney four husky veterans founded a business giving maid service.

"Besides thinking of ways to make housework attractive to women again, we need to plan for different ways of giving it," Miss Miller concluded. "Times have changed since Katy left the kitchen for the factory. People's lives and ways of living are different. Some families do not want a maid-of-all-work any more. They simply want a maid to cook and serve dinner. Others want the house cleaned daily. Still others need a part-time nursemaid. So communities need to survey the local situation and find out what the need is."

"In some cities this is already being done. Recently the Women's Bureau surveyed 19 cities including Syracuse, N. Y., St. Louis, Mo., Cincinnati, Ohio, and Oakland, Cal. We found that all had an active group studying such questions as training, working standards, hours, etc. That's a fine beginning. But more communities need to get busy and much more work needs to be done."

Per capita annual consumption of cigarettes in the United States increased from 469 in 1921 to 1,530 in 1941.

# Jim Spencer Wins Golf Crown

Raymond Lundquist Drops Title Match; Spencer Cops 2nd Club Championship

By ARTHUR BECKWITH, JR.  
Herald Sports Editor

Jim Spencer defeated Raymond Lundquist 7-5 to cop the Seminole Country Club crown Saturday to become a two-time winner of the cup. It was announced today by Clyde Terwilliger, club pro.

"Jim played excellent golf throughout the tournament and was under par most of the time," Terwilliger stated.

Spencer was six up at the end of nine holes with three birdies on the front side.

The tenth hole was halved with birdie four and Lundquist copped the eleventh.

They tied the twelfth and Spencer ended the match on the thirteenth with seven up and five holes to play. Spencer was one under par at the end of the thirteenth hole.

Richard Deas eliminated J. L. Ingle in the final round of the first flight. He won one up on the 21st hole in one of the most thrilling matches of the tournament.

Dr. T. F. McDaniel defeated Dick Elabery in the finals of the second flight.

Terwilliger reported that the championship rounds attracted more golfers than have ever competed before in a club championship match over the Seminole Country Club course.

Prizes will be awarded winners and runners up in each flight, Terwilliger stated.

## First Drills To Open For Major Leaguers Today

NEW YORK, Mar. 1 (AP)—Major League baseball clubs knuckled down to the serious business of getting into shape for the 1948 season today by beginning their spring training programs.

Named by a Major League rule from starting spring training before Mar. 1, the players will be forced to round into playing form quicker than usual.

All clubs were scheduled to hold workouts today and the athletes will have few breathing spells between now and the start of the championship season.

Beginning Saturday when the Chicago Cubs and the Chicago White Sox meet at Los Angeles and the Cleveland Indians and New York Giants battle at Tucson, Ariz., the clubs will play a total of 378 "Grapefruit League" games.

With the exception of the Brooklyn Dodgers, all of the nine are doing their training in the states. The Dodgers are getting ready for the National League campaign at Ciudad Trujillo in the Dominican Republic.

Pine American and four National League teams are going through the paces in Florida while two from each circuit are conditioning in California and one from each camp in Arizona.

With the arrival of spring training, the players can officially be classified as holdouts.

Among those who have failed to reach terms with their respective clubs are Johnny Vander Meer, Cincinnati; Pee Wee Reese, Brooklyn; Buddy Kerr, Ken Trinkle and Bob Thompson, Giants; Harry Walker and Eddie Miller, Philadelphia Phillies; Barney McCosky and Elmer Valo, Philadelphia Athletics; Johnny Bain, Al Trechel, Mike McCormick, Bama Rowell and Nanay Fernandez, Boston Braves.

Cincinnati and Philly officials, however, refused to regard Vander Meer and Miller as holdouts.

Six players averted the "holdout" stigma by coming to terms yesterday.

They were Babe Young, Cincinnati first baseman; Eddie Joost, Philadelphia Athletic shortstop; infielder Emil Verban, Catcher Don Padgett and Pitcher Ken Heintzelman of the Phillies and Catcher Phil Masi of the Boston Braves.

Following is the list of the major leagues' training camp sites:

American League  
Boston—Sarasota.  
Chicago—Pasadena, Calif.  
Cleveland—Tucson, Ariz.  
Detroit—Lakeland.  
New York—St. Petersburg.  
Philadelphia—West Palm Beach.  
St. Louis—San Bernardino, Calif.  
Washington—Orlando.

National League  
Boston—Bradenton.  
Brooklyn—Ciudad Trujillo, D. R.  
Chicago—Los Angeles.  
Cincinnati—Tampa.  
New York—Phoenix, Ariz.  
Philadelphia—Clearwater.  
Pittsburgh—Hollywood, Calif.  
St. Louis—St. Petersburg.

## No Comment On Yale Job, Says Morrison

PHILADELPHIA, Mar. 1 (AP)—Morrison, head football coach Temple University, offered only "no comment" reply to reports that he will become the new coach of Yale.

He said that since he is in Philadelphia, he will not be able to go to New Haven.

## DiMaggio Serves Notice That He Wants Bat Title

ST. PETERSBURG, Fla., Mar. 1 (AP)—Joe DiMaggio has served notice on Ted Williams that he is out to wrest the American League's batting championship from the slugging outfielder of the Boston Red Sox.

The star centerfielder of the New York Yankees, who nosed out Williams for the league's most valuable player award last year, says he thinks a .350 percentage can do the trick. At least that is the figure he has set his sights on for 1948. Williams won the batting title last year with a mark of .343.

"I'm really looking forward to a fine year, one of my best," said DiMaggio yesterday. At one time or another Joe has led the league in batting, runs batted in, home runs, triples, hits and runs scored.

"I feel as good right now as I ever did at the start of spring training in all my years with the Yankees," he said. "My arms and legs are in great shape. My weight is okay. I'm just itching to get a bat in my hands."

Warren Wright likely would like to have that bat to feed racing secretaries. He's been moaning that they can't get up a race in which his horses don't have to carry top weight.

Sisto, incidentally, seems to be the champ at the jockeys' favorite pool—a tricky affair in which they bet on the balls in certain positions and then try to clear the table with the fewest shots.

Larry MacPhail reports the arrival of the first colt born to one of the three brood mares he acquired last year.

That colt, Ben Hogan shot in the St. Pete open golf tourney the other day was only one stroke above the world record, which Ben has equaled twice.

Danvers' nomination for 1948's most unusual injury to a sports writer:

Chat Nelson, Rocky Mountain news sports writer, was covering a ski meet when the wirephoto track of the rival Denver Post against the annual, which is a strenuous assignment since a lot of recent graduates are playing pro ball.

The Chicago White Sox picked up three high-bikers when they started for their Pasadena, Calif., training base. Three writers assigned to cover the club in Los Angeles were left without transportation when the national league decided not to travel to camp as a unit.

George Washburn University is dickering with Johnny Fenlon, former U. of Richmond coach, to take over the football duty at G. W.

In a recent dual track meet between Oklahoma U. and Kansas, the married one on the Oklahoma squad outscored the bachelors by a wide margin. So coach John Jacobs warning before the big seven meet was: "Come up with some points or get married."

Ole Snake

Mike Phipps, the 38 year old polestar, was fumbling for words the other day trying to tell what he thought of the Ole Tandberg-Walker. Hafer fight.

Finally he looked at pugilist Jack Ivory, who was just riding on the pole field, and gasped: "Why, Ivory could lick 'em both — and give them a mallet, too!"

Maybe it wasn't too far-fetched, at that. Only a couple of years ago Jack was a pretty fair 175-pound boxer for Michigan State College.

Ben Jones keeps his colts "covered up" just the way the Yanks were accused of hiding good ball players in the minors, and, speaking of that Calumet array, Jimmy Jones won't admit that Calumet is a really good colt until he sees him run against other fast ones.

"That kind of a horse is like a fighter who moves around so fast you can't hit him," Jimmy maintains. "And you don't know how good the fighter is until he gets tagged."

Because soldiers of Marshall's Academy here in 1928 to 1930 were in the midst of the Calumet stable because they feel that merely would mean the Jones boys would win everything in sight at three tracks instead of just one.

## Automatic Clock Will Operate At Local Dog Track

A new automatic timing device will be placed in operation for the first time tonight at the Sanford-Orlando Kennel Club. It was announced today by Robert G. Baird, general manager, who said the clock would officially record the running time of all greyhound races throughout the remainder of the current meeting.

The automatic timer, it was said, is hooked up with the Eye-in-the-Sky camera and the clock starts keeping time automatically with the opening of the starting boxes. The clock stops when the leading dog's nose has crossed the finish line and a photograph of the finish reveals the time recorded on the clock.

The clock, it was pointed out, has been certified by the U. S. Bureau of Standards to record accurate time within one one-thousandth of a second. The face of the clock will show the time of tenths of a second but these will be reduced to fifths to conform to the track's past method of noting time.

Baird said the Sanford-Orlando track was the only one in the state using this newest automatic timing mechanism. Tonight's program of 10 events starting at 8 P. M., will launch the fourth week of running during the 1948 season.

## Orlando Foursome Wins Pro-Am Tourney Held At Seminole Club

Tom Carney, pro at Dubsread Country Club in Orlando, paced his foursome including Pete Dye, Clyde Kelly and Alice O'Neal, three Rollins College students, to win the honors in the pro-am tournament held at the Seminole Country Club yesterday before a gallery of over 100 persons.

The winning foursome carded a 64 on the local course to take honors for the day.

Tied for second place in the affair were Clyde Terwilliger, club pro at the local course; Jim Spencer, recent Seminole Country Club champion; E. R. Smith and Al Bryant, and a foursome composed of Pro Andy Beljan, Andy Arcury, Jim Bennett and Jim Kirk, all of Daytona Beach.

Terwilliger tied with Beljan for first place in the pro-am event with 67.

Dye and Kelly were victorious in the pro-am event with a 64 round.

Roy Horan, pro at the Orlando Country Club, won low medal honors with 71, and the second low score was turned in by Curly Byrd, pro at the Daytona Beach Golf Club, who was one point behind Horan. Dye was low amateur with 67.

Special prizes were donated by E. B. Smith, John Ivey, G. W. Spencer and Terwilliger.

Approximately a quarter-million workers are employed in making yarns and fabrics in the United States.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association, this device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing, as your hearing changes. The makers of Beltone, Dept. 6 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risk of a penny. Write Beltone today.

## British Pleas

(Continued from Page One)

urged speed in organizing the European Recovery Program and economic and military pacts with the United States, saying: "Russia has gone far enough. She must be allowed to go no farther."

The influential Times of London declared:

"The only way now to a settlement with Russia—and the peace of the world depends upon it—is to take up the challenge and bring both the recovery program and western union (of Europe) to a successful outcome."

The Daily Express urged reorganization of Britain's armed services.

"This is a minimum requirement in a dangerous world," it said.

Reporting a sudden awakening to the dangers of the world situation, the liberal News Chronicle said:

"Once again we have to learn that it is not enough to wish for peace. If peace is to endure, we must labor for it tenaciously and unceasingly."

The conservative Daily Telegraph said: "The situation that has developed calls for diplomatic action far more urgent than has hitherto been attempted."

NEW YORK, Mar. 1 (AP)—

The United States must arm strongly rather than "rest our national security in the United Nations" under present conditions, says General Joseph T. McNarney.

"When the United Nations was organized," he said, "it was thought that there would be no question that could not be peacefully discussed and upon which general agreements under law could not be reached. That this has not proved to be the case has been one of the bitter disappointments of our time."

McNarney, U. S. Army Chief of Air Materiel and former commanding general of American occupation forces in Europe, spoke at a dinner celebrating the 53rd anniversary of the Jewish war veterans of the United States.

Saying "We cannot afford to rest our national security in the United Nations," he declared: "Under current conditions, our United States so strongly that as a nation we cannot be bluffed, to arm so strongly that other nations will hesitate to attack us or our vital national interests, because of the violence of the counter attack they would have to face."

Rotary Luncheon

(Continued from Page One)

that the boy who has been trained a year and a half in the Army has a better chance, morally and physically, than the boy who doesn't have the advantage of that training."

He also quoted from a recent address of Army Chief of Staff General Omar Bradley, who said that there are four principal milestones on the pathway to peace:

1) American support of the charter of the United Nations.  
2) The early enactment of a system of Universal Military Training.

3) Financial and economic aid to democratic nations of Europe.  
4) The withholding of any aid and comfort to aggressor nations.

Prior to Dr. Silsby's talk, A. C. Silsby, program chairman, introduced today's visitors at the club and called upon them for a few words regarding Rotary in commemoration of the 43rd anniversary of Rotary International.

Henry C. Black of Johnson City, Tenn. said that there are about 100 members of his club which has an attendance record of 91 percent. He said his club has contributed \$1,000 to the Paul Harris fund.

Honore Hely of Deland said that he has been a member of the Deland club for about one year without missing a single meeting. And Clarke Doherty, also of Deland, said that he has been a member for only six or seven months, but considers it a honor to be associated with the fine group of men he has met there.

Frederick A. Bayless of Hudson, Ohio, said that he is a charter member of the club which was founded in 1930 and now is active in sponsorship of Boy Scout troops. He said that the spirit of fellowship and understanding found in Rotary is one of its finest characteristics.

C. Herb Whitman of Massillon, Ohio, said he has been a member of his club for 18 years and enjoys the distinction of having visited more Rotary clubs than another other Rotarian in Massillon.

Herbert Sheets of Indianapolis, Ind. said he has been for 24 years a member of a club with some 340 members. Its outstanding work in that time, he said, was the raising of some \$250,000 for the construction of a crippled children's home now known as the Riley Rotary Hospital, and named in honor of James Whitcomb Riley.

Other visitors introduced were Charles G. Marionoff of Lakewood, N. J.; Charles P. Allen of Twinsburg, Ohio; E. C. Brownrigg of Ballston Spa, N. Y.; I. C. Strauss of Sumter, S. C.; B. H. Olerkirch of Newark, N. Y.; Harry Simpson of Morrisville, Penn.; G. C. Mahen of Wayne, Mich.

President Gordon Brinson appointed H. Coleman Brinson chairman of the "On To Clearwater" conference on Mar. 28, and George Snow chairman of the Junior Chamber Committee.

## Florida State News In Brief

## BOAT EXPLODES

CLARKWATER, Mar. 1 (AP)—Mayor Fred Howard declared today an investigation would be launched into the cause of two boat explosions here yesterday, one of which blew Paul Cheney, of Chicago, off his 70-foot yacht "Shadrack," and the second sinking the boat.

Cheney, who escaped with multiple cuts, said he had just stepped aboard for a final inspection before sailing to Mexico. He said he heard a "strange noise and was investigating when the first explosion blew him out of the cabin and into the water. The second blast, just as Cheney was being pulled from the water into a passing boat, enveloped the "Shadrack" in flames and it sank almost immediately.

## SHERIFF APPOINTED

TALLAHASSEE, Mar. 1 (AP)—Governor Caldwell today appointed J. H. Sherrill, Pensacola industrial and civic leader, to the State Board of Forestry and Parks. He will succeed Basil E. Kenny of Port St. Joe, who died two weeks ago.

## YOUTH ARRESTED

PALEM BEACH, Mar. 1 (AP)—Detective Homer Large reported today the arrest of a youth giving the name of William Quick, 16, and recovery of government bonds worth \$1,850.

The bonds were made out to Mrs. Esther L. or Walter W. Crane, Beck Island, Ill. Police Chief Eddie Longo said the boy confessed to him that they were stolen from the Crane home.

He claimed at first that Mrs. Crane was his mother, said Longo.

## BNEAK THIEVES

TALLAHASSEE, Mar. 1 (AP)—Bneak thieves took about \$1,700 worth of jewelry and clothing from three houses in the same neighborhood here last night while the owners were away for the evening.

## CONVICTS CAPTURED

TALLAHASSEE, Mar. 1 (AP)—Two convicts who escaped from a state road camp near Fort Myers last week were recaptured here during the weekend and charged with a new series of robberies.

State Highway Patrolmen Bill Joyce and Tony Masella arrested Raymond Crago of Sarasota, on the highway near here Saturday night. They said he was driving a car which had been reported stolen in Lake City.

Charles M. Krull was arrested by a city policeman about the same time.

## RENT CURB ATTACKED

TAMPA, Mar. 1 (AP)—A suit attacking rent control in Sarasota County by two Sarasota landlords has been dismissed by Federal Judge W. J. Baker.

Mr. Hultgren and V. D. Humphrey charged the federal government lost its power to control rents when the war ended.

## NO FUNDS

TALLAHASSEE, Mar. 1 (AP)—The Florida Forest and Park Service may not pay expenses of a special legislative committee that is investigating the state park system, Attorney General Tom Watson ruled today.

He advised Comptroller C. M. Gay the joint House-Senate resolution creating the committee and authorizing the study made no appropriation of funds to defray the cost. The forestry and park budget does not cover the expense, Watson said.

## LEAVE OF ABSENCE

TALLAHASSEE, Mar. 1 (AP)—J. M. Lee, Jr., was granted leave of absence this week from his position in the controller's office to enter the campaign organization of Comptroller C. M. Gay, successor to the late Col. J. M. Lee in the high state office.

Matched pearls for a matchless beauty! Fred MacMurray and Ava Gardner, in a scene from Universal-International's "Singapore" Showing Tuesday and Wednesday at the Ritz Theater.

## Body Found

Maple Avenue, two sons and two daughters. One of the daughters, Lucille Gardner Crosby, who had been summoned here from Jacksonville, was present when the ambulance arrived for the body, and requested a coroner's investigation. She declared that her father had not been ailing and was apparently in fine health when he visited her a month ago.

Police and the Sheriff's office were informed Saturday morning of the old man's disappearance. His fishing rod, flashlight and cane were found on the seawall, said Sheriff Mero. When found, he was in his stocking feet, and it was reported by relatives that when he went fishing he had worn high laced boots, and carried an overcoat. The latter two items have not been found, said the Sheriff.

When diets are deficient in vitamin B-1 the use of some foodstuffs by the body is interrupted.

## Budget Director

(Continued from Page One)

been optimistic. The hard facts of international life do not, in my opinion, justify the degree of optimism which would make it possible to forecast a 1950 budget materially lower than that for (fiscal) 1949.

President Truman's budget for the 1949 fiscal year, starting July 1, calls for spending \$39,700,000,000.

Wells told the committee the budget for fiscal 1949 is based on the assumption that prices and employment will remain at about the level of last fall. He added: "Rises in prices inevitably will mean increased costs for most of the things the government buys. Likewise a decrease in agricultural prices or an increase in unemployment would mean that expenditures would rise for such mandatory programs as farm price-support, veteran's unemployment allowances and public assistance."

Snyder argued vigorously for Mr. Truman's tax plan.

## VOICE BEAMED

NEW YORK, Mar. 1 (AP)—The U. S. State Department's world-wide broadcasting division today stepped up programs beamed toward Czechoslovakia, the scene last week of a Communist coup d'etat.

Charles W. Thayer, acting chief of the "Voice of America" broadcasts, said "recent developments" in Prague had brought the decision to add 15-minute presentations of news and news analyses to the 45-minute programs now directed toward Czechoslovakia.

## THE WEATHER

LAKELAND, Mar. 1 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Tuesday was partly cloudy and confined warm. The outlook was mild through Thursday.

CHICAGO—Visitors to the Chicago Board of Trade hereforth will have explained to them the meaning of the shouting and waving of traders on the floor of the big grain market.

Directors have equipped a lecture room, Miss Eunice Austin, formerly a school teacher in No. line, Ill., presents an illustrated talk on the market's functions. Slide films are used with the lecture.

She encourages questions. The most frequently asked question, she said, is:

"How can anyone sell what he doesn't own?"

This is a query directed at short seller.

The reply is that many commercial goods are sold before they are manufactured, and that the short seller must deliver the grain eventually unless he cancels out his obligation by buying futures.

"Will prices go up or down?" To this attempt to get an inside tip on the market, she answers: "Some think they will go up and some think they will go down, which is why there is a buyer and a seller for every transaction."

In recent weeks, Miss Austin's most tremulous lecture came when a group of economic professors here for the annual convention of the American Economics Association, strode into the lecture room. She gave her lecture, then braced herself for questions.

"Where can we get hold of some of those slides to use in our classrooms?" the professors asked.

## Rural Common Sense By SPUD JOHNSON

## OF CROP LAND DROPS CONSERVATION NEEDED

Not long ago there was an average of 3 1/2 acres of crop land in the United States to produce food and other necessities for each person, but the average today is about 2 1/2 acres.

Those figures, cited by R. S. Dennis of the Production and Marketing Administration, are based on the total crop land and the total population of the United States. "Crop land" is land that will produce satisfactorily.

Unwise use of land, failure to protect and conserve it, and increase in population are responsible for the reduction in the average crop land acreage. "In addition to actual losses of soil through erosion, we have, without realizing it, allowed the fertility of our soil to get away from us," Mr. Dennis declared.

As the population of the United States increases, the number of acres of land available for producing food and other necessities will decrease if there is no further loss of soil and fertility. There will be much greater decrease in available crop land if losses of soil through erosion, we have, without realizing it, allowed the fertility of our soil to get away from us," Mr. Dennis declared.

The agricultural conservation program offers assistance to any farmer who needs this help and restore his land. And the farmer who needs this help is overlooking a great opportunity. It does not take advantage of it. To be eligible for the 1948 program, however, a farmer must sign a farm work sheet by Apr. 15. That date is not far off, and farmers who wish assistance in the highly important matter of agricultural conservation should file work sheets in their county PMA offices as soon as possible.

## Early Passage Of UMT Urged By Marshall

Senator Knowland Urges Better Defense; Bullitt Asks Military Aid for China

WASHINGTON, Mar. 2 (AP)—Secretary of State Marshall urged upon six members of the Senate Armed Services Committee today early passage of a Universal Military Training program for the United States.

Chairman Gurney (R-S.D.) of the Armed Services Committee said the members went to see Marshall partly because of the Communist seizure of power in Czechoslovakia and Soviet pressure on Finland.

Gurney told reporters: "In view of all the things that have happened lately in the international field, including Czechoslovakia and the critical situation in Finland, our committee decided we wanted to talk with Marshall. We spent the time this morning getting his viewpoint on Universal Military Training and his definite assurance he is for it just as he has always been."

Senator Knowland (R-Calif.) urged Congress to put American defenses "in first class condition" as well as combating Communism through aid to Europe.

"We must have an air force in being, not just in blueprint," Knowland told the Senate during

## British Fight Beside Jews In Palestine

JERUSALEM, Mar. 2 (AP)—British troops battled beside Jews today against Arab snipers dug in on hillsides commanding the Jerusalem-Jaffa road, a Jewish Agency source said. The British vowed last night to use their weapons henceforth "impartially against whatever side is firing." The informant said both British police and Tommies moved into the area, about 12 miles outside Jerusalem. A large-scale battle appeared to be under way, and the Jews were believed to be bringing up mortars.

## Red Czech Agent Denies Benes Has Quit Presidency

Telephone Call From Prague Reveals Resignation Of Benes

PRAGUE, Mar. 2 (AP)—President Eduard Benes, in a personal telephone call to the Czechoslovak embassy in London Thursday said he was resigning. His resignation is a surprise, the ministry of information said today.

A ministry spokesman termed "stiff and unconvincing" a London Evening News story that Benes had resigned and that the Communists now in control of the government were keeping the resignation secret.

Benes, 61 and frail, is at the presidential country home at Sedmohr, the ministry said. His physician is a Dr. Klinger, who long has attended him.

LONDON, Mar. 2 (AP)—The London Evening News said today Eduard Benes had resigned as president of Czechoslovakia, but a Czechoslovak embassy official quickly denied it. The newspaper's story was telephoned from Prague.

Benes, 61, is in frail health. He acted last week to Communist demands giving Communists complete control of the government under Premier Klement Gottwald.

"Last week he put his signature to a formal declaration relinquishing his title as President of the Czechoslovak republic," the Evening News said.

"Communists have not yet allowed the resignation to be made public for fear of a violent reaction," the newspaper added.

## 1573 Fork Is Found At Site Of Fort Reed

A two pronged fork bearing the inscription, May 11, 1873 was recently found by Mr. John Bennett at 2602 Orange Avenue near the site of old Fort Reed. Mr. Bennett stumbled upon the fork when he went out to see her husband, a member of the local fire department, working in his garden.

Mr. Bennett today had the fork on exhibit at the Fire Station, and pointed out that a small attachment, that enabled the fork to hang over an iron pot was missing. He said that his children have gotten it to play with. The handle of the fork is made of deer horn.

## EXPENSE MONEY

WASHINGTON, Mar. 2 (AP)—Bert H. Lamarr testified today that he accepted expense money from Maj. General Bennett E. Meyers and from the government when he testified falsely about Meyers at a Senate inquiry last year.

Lamarr said he accepted \$500 from Meyers to pay expenses for himself, his wife, and for M. and Mrs. Thomas E. Readmore. That was when all four were called to Washington to appear before the Senate committee.

## Election Results Of Seminole County Student Candidates Told

Ann Dunn of Junior High School was elected as mythical "Sheriff" of Seminole County in the Jaycee sponsored Youth Governmental affairs election Friday. J. Brailley Odham, Jaycee president, announced today. With 156 valid votes behind her, Ann won with 159 votes to the 141 votes received by Tommy Stringer, 105 of which came from Seminole High School. There were 14 candidates in the running.

Pupils evidently believed that success in public office, since they elected George Herndon, son of O. P. Herndon, as "Clark of the Circuit Court." George got a solid 154 votes from Junior High School to Glenn McColl's 150 votes, 150 of which were from Seminole High School "precinct."

## Steel Price Is Subject Of Senate Probe

Taft Presses Fairless On Effect Of Recent Price Hike On Wage Demands

BOSTON, Mar. 2 (AP)—CIO President Philip Murray said today he had "no comment" on testimony of U. S. Steel President Benjamin Fairless before a congressional committee investigating steel prices. The CIO leader is in Boston to address a Catholic conference on industrial problems.

WASHINGTON, Mar. 2 (AP)—Senator Taft (R-Ohio) expressed fear today that the recent steel price increase might touch off new demands for wage bonuses.

He said he is concerned that "one of the fundamental industries comes along and increases its prices" despite pleas from President Truman and others to hold down prices generally.

Taft, head of the Senate-Economic Committee, cited his remarks at Benjamin F. Fairless, president of the United States Steel Corp. Fairless was a witness at a committee hearing on the steel price hike.

Taft asked Fairless if he did not think the increase would encourage every labor union to ask for more wages.

"Isn't that the moral effect?" he pressed. "Isn't it increased the demand for government control?"

## Pennsylvania Sets New Divorce Rules To Begin June 1st

PHILADELPHIA, Mar. 2 (AP)—New procedural rules aimed at cutting red tape in uncontested divorce actions in Pennsylvania courts became effective June 1.

The rules, prepared by a committee appointed by the State Supreme Court, change neither the requirement for a year's residency in the state, grounds, nor proof, said Roland A. Anderson, committee secretary.

"Pennsylvania courts are not being thrown open to a divorce racket," Anderson emphasized.

Anderson explained that the purpose of revised procedures is to bring divorce laws in line with equity and law actions.

It eliminates, he said, "a number of old-fashioned laws."

The effect Anderson said will be to cut as much as two months off the time now required in some Pennsylvania courts to obtain a divorce.

For example, he cited Philadelphia County, where a divorce now requires five to eight months. This period would be reduced to three to six months under the new procedural rules, Anderson said.

At Pittsburgh, Allegheny County Prothonotary David J. Roberts said yesterday the new procedures would enable residents of two Pennsylvania counties to obtain divorces in as little as 46 days.

"That's wrong," Anderson said. Roberts, interviewed in Pittsburgh after Anderson's statement, said the 46-day interpretation was his. "If we've interpreted it (the procedures) wrong, we'd be happy to have them (the Supreme Court) inform us."

## POPE'S BIRTHDAY

VATICAN CITY, Mar. 2 (AP)—Pope Pius XII's 72nd birthday was celebrated today in honor of Pope Pius XII's 72nd birthday and the ninth anniversary of his election as pontiff.

Both events will be observed formally on Mar. 12, anniversary of the Pope's coronation, with a Papal mass in the Sistine Chapel. Most of the Vatican offices were closed today, but the Pope went about his usual duties.

## Seminole County Red Cross Opens Campaign For Operation Funds

The Seminole County Chapter of the American Red Cross opened its county-wide campaign yesterday for funds to advance its operation for the years 1948-49. The drive will last through March.

Karlisle Housholder, chairman for the drive, and A. E. Shubolter, chapter chairman for the county, today united in their request to the people of the county that they give generously to the Red Cross, for which the County has a budget for the coming year of approximately \$7,200.

An effort will be made to solicit individually every person and family within the county, but in the event workers should fail to contact anyone wishing to make a contribution, a worker will be sent to pick up any contribution upon notification at headquarters at 500 Oak Avenue, telephone 80, or the contribution may be mailed direct to headquarters, it was announced.

Mr. Shubolter today pointed out that the work of the Red Cross in Seminole County has been active and varied during the past year and involves such a variety of work that a simple analysis is practically impossible.

In the general line of activity, he said, the local Red Cross has functioned during the hurricane season of the fall of 1947 and through its executive secretaries and voluntary services as well as its disaster committees and has functioned by aiding numerous cases of individual families.

There has also been activity throughout the year by the Production Corps and the Junior Red Cross and a program of safety training for accident prevention has been carried out, he revealed.

Forest fires in New England, the hurricane in Florida, the disaster at Texas City in which 560 were killed, 3,500 injured and \$800,000 left in need of assistance—these were a few of the activities.

## Three Canadians Held In Twelve Burglary Cases

MIAMI BEACH, Mar. 2 (AP)—Three young Canadians captured yesterday in a spectacular "cops and robbers" raid, are being held in city jail while police officers investigate 12 separate burglaries to which detective Lieut. Charles Pierce said they had verbally confessed.

The trio, identified as Roland A. B. 27; John Rindow, 24, and Nicholas Manning, 21, all of Windsor, Ontario, Canada, were captured on the stage of the Casino Theater after 20 heavily-armed policemen surrounded the building.

Pierce said 12 burglaries, amounting to nearly \$10,000, are being investigated. He said no formal charges have been filed pending the outcome of the investigation and they are now being held on a vagrancy charge and for investigation.

Pierce said the trio verbally stated that they had robbed safes.

## Finland Reds Begin Organizing Meetings

HELSINKI, Mar. 2 (AP)—Finland today began organizing meetings to support a military pact with Russia.

The Communist organ Tyokanas Sanomat said workers favor a friendship and assistance treaty with the Soviet Union because it is the best way to guarantee the interests of Finland and the cause of peace.

The first of the factory meetings being organized by the Communists were held yesterday at Turku and Tampere, two of Finland's most important industrial centers.

The Turku metal workers adopted a resolution recommending acceptance of the military pact. The resolution said: "We must take a friend's hand if it is offered."

## Sister Of Sanford Men Died In Miami

Funeral services for Mrs. Frank W. Kraus, sister of Harlow W. Goodspeed and R. A. Goodspeed of Sanford, were held at the Erickson Home Sunday at 4:00 P. M. with the Rev. J. E. McKinley officiating. Interment was made in Evergreen Cemetery.

Mrs. Kraus died suddenly at her home in Miami last Friday. Born in Elyria, Ohio, she had lived in Miami for two years.

Survivors include the husband of Miami; one son, Ralph Schnarr and one grandson, both of Miami; two sisters, Mrs. H. F. Roller of Daytona Beach and Mrs. Dan Wing of Orlando; two brothers, R. A. and H. W. Goodspeed.

## TOURIST CLUB

More than 80 members of the Sanford Tourist Club enjoyed a picnic, pot luck supper at the Tourist Center last evening, said E. M. Armitage, director of tourist activities. Dr. and Mrs. Charles Starke of Harlan, Ky. and Fred Lee of New York were thanked for their donation of \$100. Plans were made to attend the inspection of gardens given under direction of the Sanford Garden Club and ending in a tea at the home of Mrs. Charles Ginn on Sanford Avenue.

## PARDON DENIED

TALLAHASSEE, Mar. 2 (AP)—The Cabinet Pardon Board today denied a full pardon to Joseph R. Wilkerson of Alachua county, paroled in November, 1946, after serving part of a two-year sentence on charges of operating a lottery. He was sentenced from Marion county but now is living in Alachua County.

## CIVIL SERVICE

Twelve applicants are scheduled to take police patrol civil service examinations today at 2:00 o'clock. N. O. Garner, examiner, announced this morning.

## John W. Hanes Favors Income Tax Reduction

Ex-Treasury Official Says Cut Shouldn't Be \$6,500,000,000, But Healthy Sum

WASHINGTON, Mar. 2 (AP)—John W. Hanes, a former New Deal treasury official, said today he favors a "good, healthy" income tax cut.

But the New York corporation executive told the Senate Finance Committee the cut should not be as large as the \$6,500,000,000 voted by the House.

Hanes, Undersecretary of the Treasury in 1938-39, said the House figure should be "somewhat reduced." Just how much, he added, should be left to the "good judgment" of Congress.

Earlier Hanes had predicted that the government will take in nearly \$20,000,000,000 more than it spends this year and next.

He said in his prepared testimony that this would leave "ample room" for a tax cut.

Senator Barkley (D-Ky.) wanted to know whether Hanes was arguing for passage of the House bill.

"I am advocating tax reduction by a good, healthy amount," Hanes said.

## Snow Covers Parts Of U. S. From New York To Colorado

NEW YORK, Mar. 2 (AP)—Snow covered the New York City area today, bringing the city the second highest winter's total on record—64.1. The inch and a half that fell began melting as the sun came out.

The Weather Bureau, in its 44 years of record taking, recorded more snow only during the winter of 1899-1900, when a total of 77.6 inches was reached. The mark set today eclipsed the snowfall of 64.3 inches of 1938-39.

The snow belt extended from eastern Colorado through Kansas, Nebraska, Iowa, northern Illinois, southeastern Wisconsin, southern lower Michigan to western New York.

There also was snow in the Red River Valley of North Dakota and Minnesota and near the Canadian border in the Rocky Mountains. Iowa City, Ia., reported a fall of nine inches in Des Moines, eight inches in the snow covered ground.

Rain fell from the Carolinas across Tennessee and Kentucky to Indiana, Illinois and southern Missouri. A band of freezing rain made driving hazardous from central Missouri into Illinois and to Fort Wayne, Ind.

There were few spots reporting below zero temperatures. The mercury dropped to -8 in Caribou, Me., and below zero near the Canadian border in North Dakota and Minnesota.

Warm weather was reported in parts of the South. Saturday Highs included 74 at San Antonio, Tex., and 78 at Miami and New Orleans.

## Convict Is Spared So He Can Marry

NASHVILLE, Tenn., Mar. 2 (AP)—Governor Jim McCall today commuted to 88 years imprisonment the death sentence of Daniel Hudzinski, who was scheduled to die in the electric chair Thursday.

The commutation was granted after a 20-year-old Methodist Sunday school teacher from Pittsburgh asked for clemency for her girlhood sweetheart.

Pretty Jeanne Clair Lucas came here from Pittsburgh to marry Hudzinski in his death cell. If the Governor would not commute his sentence.

The commutation was announced by the Governor following a conference with Hugh Helm, attorney for the Pittsburgh girl, and Jess Talley, president of the Tennessee Association for Relief of ex-convicts.

## Anti-Lynching Bill Approved 18-8 By House Committee

Vandenberg Wont Say He Will And Won't Say "No!"

Statement Taken As Meaning He Will Accept If Drafted

LINCOLN, Neb., Mar. 2 (AP)—The name of Senator Vandenberg (R-Mich.) will be entered on Nebraska's presidential preferential ballots in the Apr. 13 primary election, Raymond A. McConnell, Jr., said today.

McConnell, newspaper editor and chairman of the Nebraska Republican Presidential Preferential Primary Committee, made the announcement after receiving a telegram from the Michigan Senator.

The telegram replied to one from McConnell asking: "If you were nominated by the Republican convention, would you accept the nomination?"

"I decline to speculate with utterly improbable contingencies," Vandenberg replied.

ALBANY, N. Y., Mar. 2 (AP)—Governor Thomas E. Dewey will pass up his usual spring vacation and personally lead his forces in a drive for the Republican presidential nomination, he disclosed today. At the same time the Governor denied a newspaper report, not carried by the Associated Press, that he had offered jobs in return for political support in the Wisconsin presidential primary, where he is contesting with Harold E. Stassen and General Douglas MacArthur.

WASHINGTON, Mar. 2 (AP)—Senator Vandenberg (R-Mich.) declined today to "speculate" whether he would accept the Republican nomination for President.

Vandenberg wired Raymond A. McConnell, Jr., Lincoln, Neb., newspaper editor again, asking that his name be withheld from the Apr. 13 Nebraska primary.

McConnell held up filing of a petition to place Vandenberg's name on the Nebraska ballot until the Michigan senator had opportunity to answer this question:

"If you were nominated by the Republican convention, would you accept the nomination?"

## Klan To Parade In Georgia County

WRIGHTVILLE, Ga., Mar. 2 (AP)—The Ku Klux Klan will parade tonight in advance of Johnson County's Democratic primary election tomorrow at which negroes are eligible to vote.

Dr. Samuel Green, Georgia grand dragon of the Klan, said in Atlanta that he planned to attend. If the weather is favorable, 500 to 600 Klansmen are expected to march.

The County Democratic Committee called several weeks ago that all voters must pledge support of white supremacy and racial segregation. Strong protests from citizens followed. The committee backed down and opened the voting to all.

Dr. Green didn't say why the Klansmen would stage tonight's demonstration. Wrightville is 150 miles southeast of Atlanta. Four hundred of the county's 5,000 eligible voters are negroes.

## FAMILY DIES

WASHINGTON, Mar. 2 (AP)—Four members of a negro family died and five others were seriously injured today in a flash fire which destroyed a two-story frame house in southeast Washington. Police said an overhead oil stove, which exploded, was believed cause of the tragedy.

Nine persons, including the injured, escaped by leaping from second story windows.

## 1,900 Baltimore Vets Stop Loan Payments

BALTIMORE, Mar. 2 (AP)—Nineteen hundred veterans stopped mortgage payments yesterday, and a major loan association said it would grant no more credits "to any builder who has been unable to maintain the good will of G.I. home buyers."

Contending they were cheated by contractors who used faulty materials, the veterans said they would halt principal payments on loans acquired under the G.I. Bill. They also charged that contractors had not met the specifications on which the houses were purchased and had not complied with the Baltimore city building code.

Samuel W. Borden, president of the Loyola Federal Building and Loan Association, said his firm would tell contractors it has financed that they they must "do anything, reasonable or unreasonable," to satisfy the complaints. The company has about \$8,000,000 invested in veterans' homes.

## FELLOWSHIP FRONT

Former Georgia Congressman William D. Upshaw and Mrs. Upshaw will entertain the tourist colony at the Fellowship Front this evening at 7:30 o'clock with a skit entitled, "John and His Hat and Mary and Her Bonnet." All lovers of wit, humor and "historical talent" in the Sanford area are cordially invited to attend.

The former Georgia lawmaker was a layman and chautauqua lecturer before entering Congress in 1934. Mrs. Upshaw is a graduate dramatic reader and is widely known on the Pacific coast.

## THE WEATHER

Partly cloudy and warmer this afternoon, tonight and Wednesday. Fresh southerly winds diminishing to moderate winds.
