

NOT WHITE MAN'S PARTY

Roosevelt Can Never Eliminate Negro From His Political Plans

After hobnobbing with the negroes in order to secure the nomination of Roosevelt the Bull Moose's state candidates are going about the state crying that "Roosevelt's party is a 'white man's party'." Such assertions to white men of Florida insults the intelligence and virtue of this proud Democratic commonwealth.

In previous issues of Dixie, I have shown how Theodore Roosevelt lately placed his arms around the necks of two dirty negroes, and in the presence of thousands of white men proclaimed these sons of Ham the equal of any man in the audience. I have recalled how this blatherkite told the white people of Indianola that if they did not accept a negro as their postmaster they could do without their mail. I have told how he ate dinner with Booker Washington in his own home.

Looking over Roosevelt's disgraceful past and his association and love for the reading his lying attacks on Jeff Davis, Robert E. Lee and other southern statesmen, I am unable to understand how white Democrats can consider him except with the supremest disgust. Some have been fooled by the cry of progressiveness, as they are anxious to see the remedy for national ills applied, but they should place no pledges in the confidences of Roosevelt, for he has proved himself the colossal liar of the age. Some familiar with Roosevelt and who have been closely associated with him are honest in the belief that his mind is affected, others charge that he consumes so much whiskey a day that his spectacular performances are the result of intoxication.

Roosevelt drunk or Roosevelt sober is a menace to our country—Roosevelt sane is a damnable disgrace and a danger when honest men can be found to believe his promises.

E. R. Gunby, a chronic officeseeker, when the negro Joe Lee had control of the pie counter who affiliated with Lee, Macfarlane and others who now rule the Republican party in Florida, has joined hands with W. C. Hodges, another chronic officeseeker, and are telling southern white men that they believe in a white man's government.

Herbert L. Anderson, the manager of the Bull Moose for Florida, comes from good old Kentucky Republican stock. He comes from the "penny" district which polls a majority from 12,000 to 15,000 Democratic majority. He was lonesome in Kentucky and came to Florida where he still became more isolated until his dealings with P. A. Holt. Anderson also talks with the negro now, but he planned with them he worked with them to secure Roosevelt's nomination.

Mr. Anderson is in touch with Roosevelt national headquarters and he sent to Chicago for literature to distribute among the white Democratic voters of the state. Pleasant Holt gave him a list of Democratic voters and Anderson and Holt were working harmoniously together to send out this literature to the white men of Florida. Among the literature was Theodore Roosevelt's "Confession of Faith," "Hiram Johnson, the machine smasher," "Why Americans Won't Stand for Free Trade," "The Speech of Jane Addams," "Onward, Christian Soldiers," and a lot of other Bull Moose stuff showing that Roosevelt as a Progressive is just the reverse of Roosevelt as President.

But there was other literature that the Bull Moose headquarters sent to Florida, which is being secreted by some of the Florida Bull Moosers. Some of these have fallen into my possession, and it fully sustains my charges that the Bull Moose favors the negro and negroes will get postoffices and federal jobs in the south, if President Roosevelt should be elected president.

Among this Bull Moose literature published weekly by the hundreds of thousands and sent broadcast over the country by the Bull Moose manager in Chicago. From one of these bulletins I clip the following paragraphs which appear under a twenty-four point heading four columns wide, "The Bull Moose Party and the Negro."

"John H. Moseley, a colored man, has been nominated for Presidential elector on the Bull Moose ticket in the state of Illinois."

"Forty-eight colored men were delegates to the Bull Moose State Convention at Columbus, Ohio. Thirty of these colored delegates came from Hamilton county, which happens to be the home county of President Taft. After counting the colored delegates Mr. Henry Taylor of Cleveland said, 'It is the largest number of negroes that ever sat in a political convention in Ohio. I GUESS THAT ANSWERS THE ATTITUDE OF THE PROGRESSIVE PARTY TOWARD THE NEGRO.'"

"Over twenty colored men were delegates to the recent state Bull Moose

convention which met at Syracuse and nominated Hon. Oscar S. Straus for Governor of New York. The colored delegates took an active part in the proceedings of the convention. Several colored delegates made speeches and one of them seconded the nomination of Straus for Governor. Through the influence of the colored delegates, two important planks affecting the colored people were put into the platform. ONE PLANK PUT THE PARTY ON RECORD AS DENOUNCING RACE DISCRIMINATION IN CAFES AND IN PLACES OF PUBLIC AMUSEMENT, while the other plank favors the enlistment of a colored regiment in the national guard of the state of New York."—Charles E. Jones in Dixie.

Duval Wins From Sanford

In the initial gridiron battle of the present season of the local grounds, the Duval high school defeated the Sanford high school boys by the large score of 36 to 0.

The local eleven outclassed the Celery City team in every quarter. Whenever Toomer, Sinclair and Dowling would hit the Sanford line they would make a dent big enough to run a Seminole Limited train through. The Sanford athletes play a fairly good defensive game, but they covered too much territory when they accepted the challenge from the local institution for the game which was played yesterday.

In the first quarter Sanford kicked to Duval, Stockton receiving the kick, and he immediately fell in behind the D. H. S. formation and carried the ball for fifteen yards before the Celery City boys could get a down. The teams formed with a ball in D. H. S.'s possession, and the Wilbur machine was determined to get that first touchdown, and Sinclair, who was playing quarterback, took the ball on the next play and carried it within Sanford's twenty yard line, completing one of the prettiest end runs of the afternoon. The local boys plowed their way through the Sanford line for the required distance, and scored their first touchdown. Sinclair immediately kicked goal, which added one point.

The Duval high school boys got busy during the few minutes which were left in the first quarter, and scored another touchdown before Sanford had time to think of what was happening. Sinclair again kicked a goal. This gave Duval 14 points for the first quarter.

During the other three quarters, the Duval athletes scored nineteen points, which gave them a total of 36 to 0.

The football club which was on the field yesterday afternoon representing Duval high school is one of the best eleven which has been organized in the Florida metropolis in many seasons. The way the boys handled themselves at critical times was great. Each player on the Duval lent a helping hand in winning yesterday's game against the Celery City pigskin performers. The line-up of the two elevens was as follows:

Duval: Albertson, center; Laster, left guard; Lowenstein, right guard; Maull, left end; Houston, right end; Upchurch, right tackle; Dowling, left tackle; Sinclair, quarterback; Toomer, right halfback; Tracy, left halfback; Stockton, fullback.

Sanford: Pickens, center; Friday, left guard; Reasner, right guard; Kanner, left end; Roumillat, right end; Lons, right tackle; Field, left tackle; Herndon, quarterback; Allen, right halfback; Hunter, fullback.

Referee, Mr. Bird. Timekeeper, Mr. Jones. Times-Union.

One on the Barber

The Starke Telegraph vouches for the following amusing yarn, which, of course, we all believe implicitly:

Barber S. L. Alvarez has gone about lately with a finger done up in court plaster. The injury happened this way:

Saturday a citizen from the Winterland of Sampson lake entered the shop and desired to have his beard taken off and to be given a clean shave. The beard belonged to a class, chest warmer; quality, bamboo-titi. Mr. Alvarez deposited the customer in a chair and to determine whether he needed power shears or hand shears, grabbed the beard to feel its density. He immediately exclaimed with an expression of pain upon his face: "Lord! Have you run a barbed wire through your patch of swamp?" He quickly withdrew his hand and in one finger was found imbedded the business end of a big fish hook. Errol Alvarez, his assistant, had to cut the barb out with a razor.

The man from the Sampson with looked long at the hook and then elucidated:

"Dogged if hit ain't the same hook I lost when I was fishin' for cats at Cypress Run last Fourth of July. Hit ketches in somethin' and broke offen the line. Feel again for that piece of fat meat hit was baited with."

But the pinder-fed bacon had melted during the hot days of August and only a piece of rind was found.

PLANNING FOR A MODEL CITY

Co-operative Commonwealth is to be Established on Land Near Los Angeles, Cal.

Equal division of the fruits of labor is to be the chief object of a model city, where it is claimed the cost of living and amusement will be reduced more than one-third, that is planned by a number of German residents who are now collecting a fund with which to purchase a tract of land on which the scheme is to be launched. The society promoting the plan is the Co-operative Fellowship of Los Angeles, and is the first of its kind to be organized on the Pacific coast. The primary step of the organization as explained by Secretary Max Guenther recently, includes the purchase of a tract of land near Los Angeles where the industrial and residence center is to be established. Upon this land is to be built a city composed of workers, each of which will have an equal opportunity of sharing in all profits from all of the co-operative places of business that are to be established. These co-operative stores will include every necessity of life, including all foodstuffs, fuels and clothing, which is to be sold at a price that covers only the cost and maintenance of the establishments. The third step in the organization of the city is the establishment of a bank. This institution will be opened on the plan of a scrip or money-paying basis, and the scrip is to be negotiable at any of the community stores, and all profits of the institution are to be applied in the conduct of the community stores. All real estate is to be held by the corporation during its existence, regard less of the improvements that are made thereon, and will be placed in the hands of the members only on lease for a stated period. Any member becoming dissatisfied with his holdings may sell the improvements, but the land immediately reverts to the fellowship. In every way the commission man or middleman is to be eliminated. Another feature of the settlement is to be a social center in which not only educational advantages will be offered, but all forms of amusement as well.—Municipal Journal.

UTAH MODEL SCHOOL GARDEN

Scheme of Training Department of University School of Education Well Worth Copying.

In the ten acres of garden connected with the training department of the University of Utah School of Education, two are reserved for dry farming and the remaining eight acres devoted to a large variety of vegetables and fruits.

For example, one of the most remarkable features is the arrangement of 17 rows of small fruits and plants, each 165 feet long, or a total of 2,805 feet long, as follows: Two rows of asparagus, four of red and two of black raspberries, two of rhubarb, one of grapes and two each of gooseberries and currants.

Besides these there are 280 fruit trees, embracing every variety grown for commercial purposes in the state; 20 kinds of garden vegetables; five cereals, two fiber plants, several grasses and 310 children's home gardens, while 120 children are raising poultry.

The garden is managed on a strictly business basis. Every dollar paid out is charged to the crop on which it is expended, and every crop bears its part of the general expense. Everything raised is sold for market price, and an accurate account is kept of all expense and income pertaining to each crop, by pupils of the seventh grade. The eighth grade has charge of civic affairs and the larger business interests.

Bothern on Advertising.

"Why is it necessary for you to keep on and on advertising yourself and Miss Marlowe in Shakespearean plays?"

Somebody asked E. H. Bothern that the other day.

"Why?" responded the actor. "Well, here are one or two stories that may help you to realize how little attention the public pays to what it reads, sees, and hears. Only the other day a man came to tell me how much he had enjoyed seeing Miss Mannering and myself in 'Macbeth.'"

"Not long since I entered a large hotel and was met by the manager, who called me 'Mr. Mansfield.' I took the time to explain that Mr. Mansfield had been dead for several years, but my friend only said pleasantly, 'Indeed, well, well!'"

"Now do you think it's necessary to keep on hammering away, season after season, telling the public what your name is, whose plays you are

presenting, and what they're all about? I tell you it's no more unreasonable than it is to advertise soap and pickles and hats."

Value of Fairmount Park.

When Philadelphia obtained Fairmount Park it was deemed by many a waste tract of little value, incapable of easy improvement and likely to prove a burden. Up to the present time it has cost the city \$10,000,000, and is estimated to be worth \$300,000,000.

Displeased by Adulation.

Maurice Maeterlinck is grievously troubled by a fame that has overwhelmed him. He feels that there is something uncanny in this breaking of a precedent which decrees that a great man must be a long time dead before he is recognized as great. He says: "Is there a single poet worthy of the name to whom this has happened? It is not a good omen. When I think of men like Villiers de l'Isle-Adam and Barbey d'Aurevilly, who died without knowing a moment's glory, I feel I am no longer worthy to die. It has been impossible to work for weeks. If this is what they call glory nowadays, then the artist should long for death." Maeterlinck says that he will take refuge in some corner of England "till this tyranny be overpast."

How He Attained Rank.

Some men are fond of being known by a military title. Just where they got the title is often a mystery. Nevertheless, the crop of colonels and majors continues to increase. Col. Lucius D. Polk has made a careful study of the subject. "Colonels are divided into two classes," said Colonel Polk, "the colonel of the regular army and the other kind of colonel. I have often been asked how I got the title. It is no mystery. On one occasion I was out with a party of friends and it came my turn to buy the liquid refreshments. One of the party who did not know my name said: 'Colonel, ain't you going to treat?' and that is how I got the rank of colonel."

Exploded Story.

Uncle Ezra—Howdy, Eben. Just back from California I see. Must be a great place. They say there is sunshine there the year 'round." Uncle Eben—"That is just one of them fake western yarns. Every day I was there, along at the end of the afternoon night came, just the same as it does here."

TAUGHT EXPERTS A LESSON

Accident While Casting Cannon Resulted in Foundation of Present English Gun Factory.

We owe our present arsenal at Woolwich to an accident. The government had a gun foundry in Moorfields, where, upon one occasion, in the year 1716, a distinguished party were gathered together to witness the operation of casting a large cannon.

A young foreigner, named Schlach, who seems to have been almost an entire stranger, but who was well acquainted with the details of casting, noticed that one of the molds had been insufficiently dried, and warned the molders against using it. They disregarded his advice, and when he saw that he could not prevail upon them to desist, he immediately put himself well out of harm's way before the cannon was cast. A terrible explosion occurred when the molten metal rushed into the wet mold, owing to the sudden generation of steam that could find no outlet, and several persons were killed and a large number injured.

It is said that search was made for the man whose predictions had been so painfully verified, and that the government employed him to advise about the best mode of preventing such accidents in future. The result was that Moorfields was given up as a site of a gun foundry altogether, and upon his advice the establishment was removed to the Warren at Woolwich.—London Tit-Bits.

"This is Your Show."

The late Sir George White, defender of Ladysmith, was a strong enough man to take responsibility for failure; he was a strong enough man, too, to give credit to his subordinates for good work done. The first time I saw him was at Elandsvaagte. The battle was well in progress. General French was elaborating one of the most brilliant affairs of the South African war. Late in the afternoon Sir George White and his staff rode on the battlefield, and had not been there five minutes before a shell fired from one of the Maxim-Nordenfelta which the Boers captured from Jamieson at the time of the raid, but which were destined by nightfall to be in our hands plowed up the ground within a few yards of his horse. Almost simultaneously French hurried up and drew rein before the chief to surrender command. "No you carry out," said Sir George, "this is your show."—London Daily News.

SOME UNDERPRICED OFFERINGS

FLORIDA REALTY CO.

CITY PROPERTY

City Residence, five rooms, new, all modern. All necessary out-houses. An ideal location. Can be bought for as little as \$300.00 cash down, the balance \$20.00 Month.

Ten Room Dwelling, all modern. Bath room, toilet, etc. Two minutes' walk from business streets, beautiful shade trees, paved walks and streets. Bargain \$4250.00. Terms if wanted.

Forty Room Tourist Hotel in a thriving little Florida town. Just remodeled and furnished throughout. The furnishings alone are worth more than we are asking for the entire property \$10,000.00.

THE OLUSTEE MONUMENT FOR HEROES IN GRAY

Impressive Ceremonies Attend Unveiling of Handsome Stone

FLORIDA NEWS AND VIEWS FROM EVERY SOURCE
Daily Happenings in The Land of Flowers Culled and Tied Into a Nosegay of Brieflets

The unveiling exercises of the Olustee monument were held on Wednesday, with Gen. E. M. Law as chairman. The exercises began with an invocation by Gen. Long after which Gen. Law made a short address, saying among other things, "That when you cease to honor your heroes you cease to produce them." He recounted some of the incidents of the battle of Olustee, calling attention to the fact that although the federals had 6,000 soldiers and the Confederates only 5,000, the federals lost 1,861 killed and wounded, while the Confederates lost only 941. This was followed by the presentation of the maid of honor for the monument commission, and the matron of honor for the United Confederate Veterans, as well as the presentation of the matron of honor, sponsors and maids of honor for the Daughters of the Confederacy and the children of the Confederacy. The band furnished music at this period, and the surviving Confederate soldiers who participated in the battle of Olustee then gathered on the stage, where they were photographed. The band then played Dixie, while the veterans cheered.

E. D. Hobbs, one of Tampa's leading business men and promoters, who has been a resident of Tampa since 1894, died in Mineral Wells, Texas, Tuesday morning.

The paving company having the contract for paving the mile and a half of streets in Tallahassee is putting the brick on the streets now. Grading and laying the brick will commence next week.

The fair grounds in Pensacola during the Interstate Fair will be illumined with between fourteen and sixteen hundred incandescent electric lights. All of the concessions, shows, streets and buildings will be brilliantly illumined each night.

J. B. Bankston, a drayman, shot and killed Zack Booseman, his son-in-law Tuesday afternoon in Arcadia. The shooting occurred at the Lamb & Price Novelty Works, where Booseman was night fireman. There are conflicting reports as to the origin of the difficulty.

Gov. Emmet O'Neal of Alabama and Gov. Albert Gilchrist of Florida are expected to come to Pensacola on Oct. 30 and participate in the ceremonies attendant upon the completion of the land link of the Gulf, Florida and Alabama Railroad, which includes the driving of the golden spike connecting the roadbed with the bay.

At the meeting of the city council in Palatka Saturday night it was decided that an automobile chemical engine would be ordered for the fire department, thus giving that city cheaper and more reasonable fire insurance rates.

Twenty Seven New Banks

One of the evidences that Florida is enjoying a season of prosperity is given by the information from the comptroller's office that since the middle of February last, when W. V. Knott was appointed comptroller, authority has been granted to twenty-seven state banks to open their doors and begin business. In addition to these authority has been granted to begin business to five trust companies, which have organized under the act of 1911. The tax assessors are sending in their books to the comptroller's office and those so far examined show as a rule a considerable increase this year in assessed valuations of property in the state.

Merchants and Business Men Meet

The Commercial Club meets EVERY MONDAY NIGHT. It is YOUR duty to meet with them and enroll your name as a member. Important business every night. Come and have a "say no" in everything that comes up. Don't stay away and then kick about what is done.

BEAUTIFYING SANFORD

Committee From the Welaka Club Makes a Report

The committee of the Welaka Club on Civics made the following report at the last meeting:

Your committee appointed on Civics begs leave to submit the following report:

That we deem the best results will be obtained by dividing the town into four districts, and awarding a prize in each district.

That a sale of plants, hibiscus, poinsettias, crape myrtle, golden bell, roses, ferns and palms in prices from 10 to 15 cents each, to obtain funds and give material for beautifying premises.

That a scale of judges be obtained from some good source.

That the judges will consist of a committee of three: One from the city council, one from civic committee and one citizen. A separate set of three for each city division.

Your committee recommends this plan of procedure:

- Respectfully submitted:
- MRS. FORREST LAKE, Chair.
 - MRS. G. F. SMITH
 - MRS. C. O. McLAUGHLIN
 - MRS. W. D. HOLDEN
 - MRS. J. D. LANGLEY
 - MISS MELL WHITNER

This plant sale will take place at Mr. Roberts' store, Nov. 14 and 15. Prizes awarded in May. The city has given \$10 and the Sanford Water & Ice Co. \$5 toward the flower fund.

Herald's Straw Vote

For several years the New York Herald has made a specialty, every Presidential campaign of conducting a very extensive straw vote. This year the vote is more extensive than ever before. The complete results are published every Sunday.

Last Sunday's Herald contains the results of this canvass in a complete form. The results show that Wilson is still way in the lead, with Taft and Roosevelt fighting for second place. Taft has made slight gains over the preceding week.

The vote shows that Wilson will carry Massachusetts, New Jersey, New York, Connecticut, Pennsylvania, Maryland, Delaware, Maine, New Hampshire, Ohio, Indiana, West Virginia, Nevada, New Mexico, Colorado, Wisconsin, Minnesota, Iowa, Missouri, Kansas, Oklahoma, Nebraska, South Dakota, Arizona and the solid south.

Taft is ahead in Wyoming and Utah, with a good chance for Rhode Island.

Roosevelt is ahead in California, Idaho, Washington and very close to Wilson in Illinois and Indiana.

In past campaigns the Herald has hit very near the mark, and the result of the present campaign, it is generally conceded, will probably turn out to be not far away from the Herald's figures.

Commercial Club Monday Night

The Commercial Club will hold their meetings every Monday night instead of Friday night as formerly, and the first meeting since the change will take place next Monday night in the city hall. A full attendance is desired as several reports of interest will be submitted to the club. All those that are not members are cordially invited to attend the meeting and those who are members and fail to attend will have the marshal sent after them.

Presbyterian Church Social

The ladies of the Presbyterian church will hold a social in the vacant store room next to the City Restaurant on Saturday afternoon, November 2. Supper will be served at 6 and will cost the small sum of 35 cents. Oysters will be served in every style for only 25 cents. Remember the date and get your appetites ready for the event, for the Presbyterian ladies have a reputation as most excellent cooks.

CROPS LOOKING FINE

Cool Weather Means Early Sanford Lettuce

GROWERS TO GET RESULTS

Most of The Celery Has Been Planted And Prospects Are Bright For Season

A trip through the celery delta just now is a revelation, especially to the tourists who have left everything in the vegetable line at home killed by early frosts.

Acres upon acres of lettuce that is growing at a rapid rate and with cool weather will soon head and go to market. Some of the celery that has been set out is already beginning to show green—the dark vivid green that only celery at Sanford can show and other winter crops that dot the fields here and there.

The prospects are good for a most bountiful crop, and the lettuce being the first to go forward is just now engrossing the mind of the grower, the buyer and the public generally, for all of these parties are vitally interested in the game of growing winter vegetables.

It seems to be the general opinion that the majority of the growers this season will be content with a fair price for their stuff. Sanford and profiting from their former experience of other seasons will not be tempted by so-called good prices to ship to northern markets.

There are several well known and reliable commission houses that will make a standard price here for both lettuce and celery, and if it is good enough to grower in profit there is but little of the lettuce and celery that will be consigned.

Wednesday Club

The following officers and members of the executive committee of the Wednesday Club: Mrs. George E. Maris, president; Mrs. May Dickens, vice president; Mrs. S. O. Chase, secretary; Mrs. A. D. Key, treasurer; with Mrs. L. R. Philips and Mrs. M. H. Bowler, members of the executive committee, met by appointment of the president, Mrs. Maris. The program committee composed of the following ladies: Mrs. Henry Wigot, Mrs. J. E. Walker, Mrs. George Waldron, and Mrs. E. F. Dutton, at the home of the president on Lake Onora Thursday afternoon for a final consultation and the arrangement of several matters, which have presented themselves, before the first meeting of the Wednesday Club, the 13th of November.

The program was discussed and one or two minor changes were made in considering the work for the winter, which has been planned for the 13th of the program committee.

When the business of the meeting was concluded Mrs. Maris, assisted by Mrs. Dutton served delicious cake, crackers and punch.

New City Directory

W. S. Neville, representing the Sharp & Allen Bank Directory Co., was in the city on Wednesday looking into the project of an Orange county directory, featuring Sanford and Orlando, and giving views and useful information about the different sections of the county, rural routes, population, resources, etc.

Through the Sharp & Allen Co. the directories are circulated in all the large cities of the north and west in the hotels and railroad offices and public places.

The book compiled as a county affair should prove more comprehensive in scope and give a better description than a directory of Sanford could give. Mr. Neville compiled a city directory of Orlando several months ago that gave general satisfaction and was said to be the best that was ever printed in that city.

Congregational News

Rev. D. L. Moore of Glenwood, Minn., will occupy the pulpit of the Congregational church, Sunday morning and evening, and it is desired that as many as possible of our congregation here him. The hour of the evening service has been changed from 7:30 to 7 o'clock.

Remember the church social at the home of C. R. Walker on Union avenue tonight. It is expected that Rev. Mr. Moore will be present and there will be an opportunity to meet him socially.

NEW FLORIDA EXPRESS RATE

Railroad Commission Orders Reduction Beginning Oct. 25

Tallahassee, Fla., Oct. 21. The Florida Railroad commission has issued an order effective October 25, regarding the movement of fruit and vegetables by express.

Under the rule now in force, the rate of a shipment moving over two or more lines of railroad by express is made by adding the local fares of the two or more lines and deducting ten per cent. Under the new rule the rate of a shipment moving over two lines of road will be the sum of the locals on each line, less 20 per cent, and on a shipment moving over three lines of road or more, the rate will be the sum of the locals of each line less 40 per cent. Below is given an illustration of the result of the application of the new tariff.

A shipment from Wauchula to Marianna would pass over three roads and the rate at present on oranges between those points is 85c per box, a reduction of 1% on the new rate of vegetables 56c per crate, a reduction of 16c.

A shipment from Wauchula to DeFunnak Springs would pass over three roads; the present rate on oranges between said points is 80c per box and the rate on vegetables 72c per crate. The new rate on oranges is 72c per box and on vegetables 56c.

A shipment from Winter Haven to Cottontale would pass over three roads; the present rate on oranges between said points is 85 1/2c per box, and on vegetables 73c per crate; the new rate is 66 1/2c per box on oranges, a reduction of 19c, and the new rate on vegetables 56c, a reduction of 16c.

A shipment from Winter Haven to Tallahassee would pass over two roads; the present rate between said points on oranges is 64c per box and on vegetables 49c per crate; the new rate on oranges is 56c a reduction of 7c per box, and the new rate on vegetables 44c, a reduction of 5 1/2c.

Welaka Club Musicales

Tuesday afternoon a large number of the ladies of the Welaka Club assembled in the club rooms for the monthly musicale, which is always an event of great interest and pleasure at the club. In Sanford enjoys the distinction of having some very fine musicians who contribute frequently with their talents to the pleasure of others.

After the musical program was concluded an informal game of auction bridge was played.

Mrs. R. J. Holly, hostess for the month, was assisted Tuesday afternoon in serving the refreshments, ice cream and wafers, by Mrs. L. G. Stringfellow and Mrs. F. W. Smith.

The following program was beautifully rendered and greatly enjoyed by every one present:

- Piano Solo
- Minniet Paderewski
- Miss Margaret Davis Vocal Solo
- Quest Eleanor Smith
- Mrs. E. L. Robinson Cornet Solo
- Dreams of Paradise
- Miss Jennie Stumon Piano Solo
- Four Birds in the Woods Bohm
- (b) Rosary Nevins
- Mrs. Elmer Randall Vocal Solo
- Four Leaf Clover Whitney Coombs
- Mrs. E. L. Robinson Cornet Solo
- Alice, Where Art Thou! Miss Jessie Stumon Piano Solo
- Oviedo Howard Cadmus
- Mrs. Elmer Randall

A letter from Thos. Emmett Wilson at Phoenixia, N. Y., bears the intelligence that he and Mrs. Wilson are enjoying themselves and expect to return about the middle of November.

New York, Oct. 25.—Police Lieutenant Charles Becker was found guilty tonight of murder in the first degree by the jury who has been trying him for instigating the death of Herman Rosenthal, the gambler. The verdict was pronounced at 12.02 o'clock this morning.

The verdict read: "Murder in the first degree."

And was pronounced exactly at midnight. Becker was remanded for sentence to the Tombs by Justice Goff until October 30.

Mrs. Becker, sitting outside the door of the court room, fell in a swoon when the verdict was announced.

John F. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal, but added beyond this he had nothing to say.

Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury.

The twelve jurors, with solemn faces and measured steps, filed into the court room at 11:55 o'clock.

A moment later the defendant was brought in from the Tombs. Justice Goff had not yet entered the room, and for a moment Becker took his seat.

As he waited, he scanned with anxious eyes the faces of the jury, but none of them returned his gaze. A tense silence prevailed.

At 11:57 Justice Goff entered the court room and bowing low to counsel took his seat. The jury roll was called. The clerk then asked the jurors if they had reached a verdict.

"We have," announced Foreman Skinner. The jury rose to its feet.

"We find the defendant guilty as charged in the indictment," Mr. Skinner said slowly, and evenly, looking squarely at Justice Goff.

"Do you find the defendant guilty of murder in the first degree, as charged in the indictment?" asked the clerk.

"We do," the foreman replied.

That Senator Albert J. Beveridge returned campaign contributions amounting to \$57,000, sent to him by Geo. W. Perkins, Edward L. McLean and Gifford Pinchot, was the testimony of three witnesses examined by the senate campaign contributions committee.

Andrew Carnegie, the chipper lord of Skibo, and millionaire iron master, had a bunch of heather in his buttonhole and carried a medicine bottle filled with Scotch whiskey when he returned from his Skibo estate with his wife and daughter recently. When asked if he ever intended to expatriate himself and become a subject of King George, whom he has entertained on several occasions, Mr. Carnegie said "Kings are fakirs, and I'm one of the plain people. I wouldn't give up my American citizenship for a round trip ticket to paradise. The United States is the finest land in the world, and there is no city that can equal New York—except Sanford, Fla."

The revolt of Gen. Felix Diaz, nephew of the exiled president of Mexico, has been short lived. The town of Vera Cruz which he occupied with about 2,000 adherents for several days, was captured by the Mexican federal forces yesterday. The casualties were few. No foreigners were hurt. Two federal columns, commanded by Col. Jimenez Castro and Gen. Joaquin Beltran, entered Vera Cruz from the north and south. There was slight opposition to their advance. Col. Castro with less than fifty men captured Gen. Felix Diaz, whose 300 men with po-Gen. Felix Diaz, whose 300 men at police headquarters refused to fire at his command.

Today week, Friday, Nov. 1st, the hunting season opens in Florida, and it is expected to be a banner year. From reports which have come to us we should say that game was never more abundant—speaking of recent years, that is. Food has been plentiful, and the birds have summered well.

KITCHEN CABINET

IF THOU couldst speak a word of cheer, Oh, speak it now. This moment is thine own.

"Give us, oh, give us the woman who sings at her work."

HELPFUL HINTS.

Lettuce, parsley, cucumbers and radishes may be kept fresh and crisp by draining after washing in cold water, then cover in a tight dish.

Potatoes, especially the new ones, may be reheated when cooked by dropping them into boiling water for a few moments, to become hot.

Kitchen floors and tables of pine may be made white, by scrubbing them with cold water, soap and wood ashes. This is rather hard on the hands, however.

Solled towels may be treated in this manner and become white again. Place them in a kettle and cover with cold water. Add shavings of pure soap and the juice of a lemon. Place on the back of the stove and allow the water to gradually come to a boil. If very much solled the process may have to be repeated.

When food has cooked on to a dish, remove it from the heat and set it at once into cold water. The steam will escape from the outside instead of passing up through the food. Remove the food from the pan and proceed with the cooking, or add the sauce and serve.

When beating eggs, beat the whites first and add a spoonful of the beaten whites to the yolks. They will beat up much lighter and the yolks will not stick to the beater.

When lighting the gas, strike the match and slowly turn on the gas. So many people turn on the gas full force, then apply the match; an explosion follows which sends the meter forward.

Orange fritters are as delicious an accompaniment to broiled or fried ham as well as duck, as is apple sauce to spare rib.

Some one who knows says that paraffine rubbed on the heels and toes of stockings will cause them to last much longer.

Mint may be steeped and strained and kept to add to lemonade for a palatable and cooling drink.

Mint vinegar is another use for the fragrant mint. In preparing any drink of mint the water should be kept covered until cool so that the flavor is not lost.

Casters need oil occasionally, not too much, for it may soil the rug or carpet by dripping, or gather dust. The caster should be carefully wiped after applying the oil.

Line some small patty tin with pastry, bake and then fill with stewed figs, add the sirup and top it with whipped cream.

Nettie Maxwell

World's Debt to Books.

How safely we lay bare the poverty of human ignorance to books without feeling any shame. They are masters who instruct us without rod or ferule, without angry words, without clothes or money. If we come to them they are not asleep; if you ask and inquire of them they do not withdraw themselves; they do not chide you if you make mistakes; they do not laugh at you if you are ignorant.—Richard De Bury.

Seized by an Eagle.

A huge eagle swooped down on the home of a Westport, Conn., man a few days ago and seized Anna, his two-year-old daughter, in its talons and attempted to fly away with her. The screams of the child brought the father to the yard. The bird then dropped the little one, and the father seized her and ran into the house. The little girl's clothes were torn by the bird's talons, but she was not even scratched.

Original Woman Suffragist.

A modern historian makes the claim that Congru Hroif, the mighty Viking, who afterward became the first duke of Normandy and the progenitor of William the Conqueror, was the original woman suffragist, and that it was this valiant Norseman who sounded the first clarion call for women's rights ten centuries ago.

Best Disinfectant.

Sunshine is the best possible disinfectant. The rays of the sun penetrate and disintegrate all organic substances. Let it food the rooms which are occupied whenever it is possible. Lay the bedding in its direct rays for an hour every bright morning. Dark corners that have a stuffy smell are dangerous to the health of the household.

BEST FOR LESS MONDAY, OCTOBER 28

Every progressive man or firm has to have an aim, and when we entered the mercantile field in Sanford, nearly five years ago, it was to see how much we could sell of the Best Merchandise, for less money, and this season it gives us greater pleasure than ever to tell our many patrons that every article in our large stock represents the "Best for Less"

WANT TO DIVIDE VOLUSIA

Main body of text regarding Volusia county division.

It is not secret to learn that those reforms were prompted by "business of business" reasons. Such incidents tend to cause a loss of faith in human nature. Yet in the case of the case those who know the situation feel impelled to take Mr. Hapgood's side in the matter.

Thursday in Daytona, a mass meeting was called at which it is supposed both sets of divisionists will get together and agree on some plan to their present mutual satisfaction.

DeLand and the other towns on this side of the county are sitting on the lid and saying nothing. DeLand News.

Collier's Editor Resigns

Readers, and especially the admiring readers of Collier's Weekly, will be surprised and pained to learn of the resignation of the editor, Norman Hapgood. He had a split with Robert J. Collier and vacated his sanctum last Thursday.

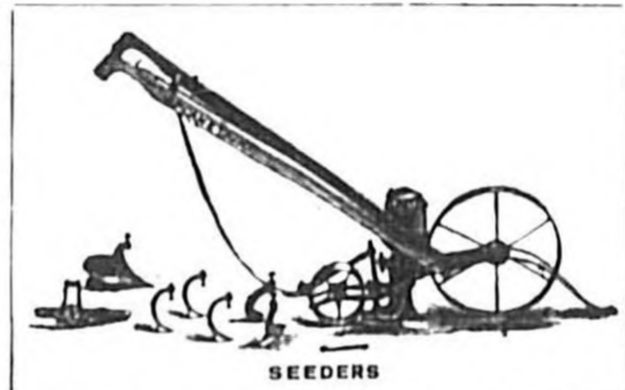

The incident is interesting, not alone because of its importance in journalism, but also the manner of the break which caused the resignation.

Collier says he and Mr. Hapgood differed on politics. Mr. Hapgood says no such thing; the split came about because Collier saw fit to make the advertising manager the overlord over the whole institution. In other words, tact announcement was made that the editorial columns were to be colored by advertising policy.

Collier's outwardly has stood for high and more honest journalism, has exposed patent medicine frauds, brought about the very partial downfall of Colonel

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription. We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it. D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we can so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee. If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

OUR STOCK IN TRADE

Advertising publicity is what a newspaper has to sell. It is as much a commodity marked with a price as the wares in dry goods stores. Yet thousands of citizens who would not think of asking a merchant to give them as much as a necktie have no compunction in asking that an advertisement be given them by a newspaper. The thought does not even enter their heads that every inch of space so given, in addition to providing them the most valuable kind of service, actually cost the newspaper in editorial labor, in composition, in metal, in ink, in stereotyping, in printing, etc., a very definite sum of money.

The Free Press, like every other Milwaukee paper, is liberal in giving of its space, to further the cause of philanthropic, public and other institutions, enterprises and causes where the object is non-commercial and conducive to public welfare.

In return it expects only appreciation—appreciation of the fact that the press is giving its most costly commodity, a service so valuable that the beneficiaries could not afford to buy it and without which their institution, enterprise or cause could not exist, a service which is always made at a sacrifice to the news column and at an actual expense.

It expects recognition of the fact that while halls, theatres and other public places, bill posters and all the other service enlisted in the cause demand compensation with but few exceptions, it is the newspaper that gives its wares free for the sake of the public good.

Yet in the vast majority of cases this generous service is blamfully taken for granted and the papers' liberality abused. That which is purely a favor is accepted as a matter of course, and what should be requests are couched as demands.

When the courtesy has been performed there is rarely appreciation, and more often dissatisfaction—generally silence.

The result in many other cities has been that a price has been put upon every kind of publicity, no matter what its object—even upon the church notice. In those cities we warrant such favors as the press bestows are properly valued.—Milwaukee Press.

LIVE BOARD OF TRADE

Monday night's session of the board of trade was a thriller. There were somewhere between two and three hundred present (that statement being

truthful (as there were more than two and less than three hundred). . .

B. Dickerson constituted one half of the audience, aside from the presiding officers and those honored by a seat within the railed enclosure, the other half was the writer.

It was some session though, for W. J. Sears made a fine speech on the improvement of the waterways in this vicinity and urged all present (no doubt meaning the two in the audience too) that they get after the congressman and U. S. Senators and hang to these officials until something was done. His remarks were greeted with loud applause, and you know what a thundering noise can be made with two pairs of hands in an enthusiastic audience, but nevertheless there was some loud clapping. It might be well to mention that Joe Reese was acting secretary and B. C. Miller was an interested participant in all the doings. All the bills that the organization owed were arranged for payment and procedure was as prominent if members were absent. There were some curious folks who gave a passing glance in the direction of the door and evidently thought that the meeting had just broken up or had not commenced, as they passed on their way rejoicing in the fact that Kissimmee at last had a real session of their board of trade.—Kissimmee Journal.

The Bull Moosers were here one night this week and the candidate for Governor endeavored to show that Roosevelt was the man for President chiefly because he had been shot. If Mr. Hodges could show where Roosevelt ever tried to shoot Joe Lee and other "colored gemmens" when he had the opportunity the so-called white man's party might have a fighting chance, but the southern people are not to be caught with such

chaff and they will vote for Woodrow Wilson, the man who expects to eliminate the negro office seeker and all other Republicans who are holding office. To the victor belongs the spoils and with Wilson in office every Federal office in the United States and territorial possessions should be filled with real Democrats.

Commencing with the first of November The Herald will print two newspapers, several books, outside composition and manufacture type for other offices at half the price paid the foundries. In The Herald office the people of Sanford have one of the best assets in the city and yet we have never asked for a piece of ground or a piece of money and wouldn't get it if we did. The Herald is self supporting and only asks for a share of the public patronage, not because it is coming to us as a favor but because we have the goods.

PURELY PERSONAL

Developments are expected in the Orlando-Sanford canal project the first part of next week. Mr. H. L. Beeman will return from New York Monday, when the promoters will have a conference to determine just what line of action is to be pursued.—Reporter-Star.

The social service department of the missionary society of the Methodist church held its regular meeting Tuesday afternoon in the church. The meeting was conducted by Mrs. M. A. Mott, fourth vice president of the society. "The Child" was the subject considered. A very interesting and instructive leaflet on "The Child at Play" was read by Mrs. E. L. Marshall.

Sanford is enjoying bracing weather today, the first cool spell of the autumn, presaging the coming of the winter. It is welcome for we have had a bit more than our average share of warmth during the past six months or so. The weather man, bless him, hands out the joyous tidings that there is still more to come.

"Something to appeal to all classes of theatre-goers" might well be the application applied to George M. Cohan's "Forty-five Minutes from Broadway" with Bert Leigh in his original character of "Kid Burns," which Latimer & Leigh will soon present at the Imperial Theatre. Seats will be on sale five days in advance of the play date.

Mr. and Mrs. Will Blaine arrived in the city on Wednesday and will remain a few days at the old home in the Lake Onoro section.

The ladies of the Episcopal church will hold their annual bazaar on Thursday, December 5th. Watch for later announcements.

Sterizol is needed in every household. Ask Mrs. J. C. McDaniell about it and the benefits to be derived from it. S. S. Wald of Savannah has accepted a position with N. P. Yowell & Co.

J. D. Jenkins has been attending the Wekiva Baptist Association at Chuluota this week. Mr. Jenkins is secretary of the association.

Capt. J. A. O'Brien, the well known piano man of Jacksonville was in the city for a few days this week.

E. L. Ferran was among the prominent visitors to the city yesterday.

E. A. Douglass and O. P. Swain were visitors to Orlando yesterday.

Hon. B. M. Robinson of Orlando and Orange county was in the city yesterday on official business.

Mrs. J. D. Kennedy and sister, Miss Marie Register of Sorrento were visitors to the city yesterday.

Mrs. J. M. Lord was called to Rodman, Wednesday, on account of the illness of her son, Rev. M. M. Lord.

Mrs. M. L. Bryan returned home Monday after spending several days at Winter Garden, the guest of Leslie Bryan.

Mrs. W. R. Gardner and daughter Miss Gladys, of Waycross, are the guests of friends in Sanford this week.

L. N. Williams of Savannah, auditor of the Virginia Carolina Chemical Co. spent several days of this week in the city.

Mrs. T. A. Neal and little daughter Margaret have returned from an extended visit to points in Tennessee and Alabama.

Rev. and Mrs. J. W. Wildman and Mrs. E. W. Biggers have been attending the meeting of the Wekiva Baptist Association which met at Chuluota last Wednesday.

One of Buffalo Bill's valuable buffaloes died in Orlando very appropriately last Tuesday night, and the carcass was skinned at Palatka, the usual skinning place.

Rev. G. B. Waldron has returned from a trip to West Florida in the interests of Congregational extension work.

J. B. Lawson will open his pharmacy and cold drink establishment tomorrow after a vacation of several months. The bright lights will again twinkle after night in the Garner-Woodruff block.

S. Runge has returned from a trip to New Orleans and several other cities. While away he distributed Sanford literature and boosted the Celery City.

Seth Woodruff of Orlando was among the visitors to the city yesterday.

R. C. Maxwell of the Wilson Toomer Fertilizer Co. is sporting a Brush runabout presented by his firm for the furtherance of business interests.

Remember that the Commercial Club will meet next Monday night and that you are expected to be there.

B. N. Crowe, representing the well known commission firm of S. H. & F. H. Frost Co., of New York has joined the Sanford colony for a few days.

J. A. Thornton, representing the S. P. Richards Co., of Atlanta, wholesale paper and supplies, was in the city yesterday.

Mrs. C. H. Latimer of West Haven, Conn. was among the visitors to the city yesterday.

After three months of travel and pleasure in the eastern states among the many old friends and acquaintances I am glad to return to Sanford and to see you all. I wish to be counted as one of your members, for I believe that in unity there is strength, but divided there is none, so I say Hurray for the Commercial Club of Sanford. I am also pleased to see the interest shown in the new tourist hotel and hope it will soon be a reality, for in all my travels I have not seen any place so ideal for a hotel as on the water front of Lake Monroe. Now, here's wishing for the prosperity of old Sanford and may we soon have a daily Herald, our tourist hotel, new depot, extended transportation, truck road, and also bushead and bus service, and I shall see you all and ever be glad to see you. The 11th Mar. as I shall be to get back among you, we will all be the best of friends. Good-bye until I see you.

The social service department of the Missionary Society of the Methodist church will have an entertainment next week for the benefit of the school. Elaborate plans are being made.

The Auction Bridge Club was entertained by Mrs. A. F. Caldwell Monday afternoon. Two tables of bridge were played. The highest score was made by Mrs. B. W. Herndon, who won the lovely prize, a half dozen gold spoons.

Hon. J. H. Lee of Ocala was in the city on Wednesday greeting his many friends.

The special wire has been connected with the Imperial stage and all is in readiness to accommodate a large attendance Nov. 5th for the election returns.

A new stairway has been provided for patrons of the Imperial stage. The new copy front seats in the balcony and access to the balcony is now conveniently found leading directly from the main floor. There will be no more for the gentlemen in the balcony. Tickets for the Nov. 5th election returns are now on sale at Maxwell's.

Lawson's will open Saturday. Free souvenir to ladies. 1912

Coming Back to Sanford
Mrs. C. H. Latimer of West Haven, Conn. was among the visitors to the city yesterday.

After three months of travel and pleasure in the eastern states among the many old friends and acquaintances I am glad to return to Sanford and to see you all. I wish to be counted as one of your members, for I believe that in unity there is strength, but divided there is none, so I say Hurray for the Commercial Club of Sanford. I am also pleased to see the interest shown in the new tourist hotel and hope it will soon be a reality, for in all my travels I have not seen any place so ideal for a hotel as on the water front of Lake Monroe. Now, here's wishing for the prosperity of old Sanford and may we soon have a daily Herald, our tourist hotel, new depot, extended transportation, truck road, and also bushead and bus service, and I shall see you all and ever be glad to see you. The 11th Mar. as I shall be to get back among you, we will all be the best of friends. Good-bye until I see you.

The social service department of the Missionary Society of the Methodist church will have an entertainment next week for the benefit of the school. Elaborate plans are being made.

The Auction Bridge Club was entertained by Mrs. A. F. Caldwell Monday afternoon. Two tables of bridge were played. The highest score was made by Mrs. B. W. Herndon, who won the lovely prize, a half dozen gold spoons.

Hon. J. H. Lee of Ocala was in the city on Wednesday greeting his many friends.

The special wire has been connected with the Imperial stage and all is in readiness to accommodate a large attendance Nov. 5th for the election returns.

A new stairway has been provided for patrons of the Imperial stage. The new copy front seats in the balcony and access to the balcony is now conveniently found leading directly from the main floor. There will be no more for the gentlemen in the balcony. Tickets for the Nov. 5th election returns are now on sale at Maxwell's.

Where The
"BIG CROPS"
Come From

EVERY day counts when you are growing crops for northern markets; and your crops must have what fertilizer they want when they want it.

Fertilizers that do not become available until after the crop comes off the ground are altogether too slow for Florida truckers.

BRADLEY'S FERTILIZERS

for truck crops are rich in all the quickly available elements of plant food, and are so prepared that they supply the crop both early and late. They start it off quickly, keep it growing and mature the product. Florida truckers have depended upon them for thirty years, and with good results.

SANFORD THE BOSTON FLORIDA

GENEVA JOTTINGS

We are very glad to welcome among us Mrs. Laura Bowsher of Englewood, Chicago, Ill., who has come to be the guest of Mrs. Roberson for the winter. The two purchasing committees of the M. M. S. society who went to Sanford last Friday report a very successful trip and the best of treatment from Sanford merchants. Materials for fancy work for the coming bazaar and new doors and store for the hall were the result of the day's purchases. The ladies of the committee, Mrs. Pattishall, Mrs. George Peters, Mrs. Curlett and Mrs. Adams wish to thank Mr. Musselwhite for giving them the enjoyable ride to Sanford and back in his auto. They also wish to thank Mr. Smith for bringing the store and doors from Sanford to Lake Harney dock free, and George Peters for taking same to the hall. Mr. and Mrs. Oscar Nicholson of Daytona Beach are in Geneva for a weeks visit with friends. Our new hotel, the Geneva House, opened its doors to the public Monday, under the management of Mr. and Mrs. Speer. Although this is entirely a new venture for Mrs. Speer we feel certain that she will make a success of it, and we congratulate the owners, Messrs. Flynt and Rehlinger on their choice of managers for the hotel. Mrs. Claude Raulerson, who has been having serious trouble with her throat has gone down to Orlando for treatment. Mrs. G. A. Nicholson and Ida Tillis returned to Geneva last Thursday after a week's visit with friends in Sanford. Big show in town Monday. Flynt & Rehlinger opened their meat market this week, and are prepared to furnish fresh meat to their customers every day. We are very sorry to learn that W. L. Seig, who went to Valparaiso, Ind., to attend college, has been seriously ill in the hospital ever since he arrived at that place. Last Thursday the ladies of the M. M. S. society had an old-fashioned quilting party at the home of Mrs. Burley on Lake Harney. At the noon hour a dinner "fit for the gods" was served. Everything complimentary must be

said of Mr. Burley, who did the honors of host among so many ladies. The quilt will be on sale at the coming bazaar. Mrs. Curlett spent last Monday in Sanford. Miss Mayme McLain, who has been on the sick list, is much better and able to resume her duties as teacher again. Mrs. Elma Stephens of Sanford is the guest of Mrs. Roberson for a few days.

MOORE'S STATION

H. W. Chandler the general manager of the Chase farm on Beardall avenue went to Commerce, Ga., last week on a business trip and surprised his friends by bringing back a bride. Congratulations. Ingram Guerry left last week for Ft. Lauderdale to take up his work on the Government dredge bato again. Mrs. L. M. Lucas has shipped her goods to Basford and leaves with her little daughter on Friday to join Mr. Lucas, who has charge of a truck farm there. Mrs. J. C. Smith and Mrs. T. H. Johnson were reported as being on the sick list recently. It is rumored that Miss Maude Allen is married. She with her parents, Mr. and Mrs. W. H. H. Allen resided in this vicinity for some time, now in Sanford. We heard a prophecy recently regarding the future of Moore's Station. The prophet predicted it would be a city and we can see it is already on the way. T. H. Johnson was to be the first mayor. "Truth is stranger than fiction" is ever true, for as it turns out Mr. Johnson handed out permission to Fowler's great and only circus to give two exhibitions here Wednesday, and after such an event we are expecting to be known as Moore's City in the future. Fowler's shows exhibited on Celery avenue opposite Moore's store on Tuesday.

CAMERON CITY CLIPPINGS

The many friends of the Worthington family regret their removal from this community, but earnestly hope they may enjoy their new home in Tampa. Miss Grace Rich left Sunday, the 13th inst., for a visit with relatives in Kansas City and Wichita. It is reported that Guy Ellsworth is likely to arrive and begin work on his farm at any time. Mrs. Annie Trego of Sedgwick, Kan., will arrive during the first week in November to be a guest at Minnick place during the winter.

Among Sunday callers were Dr. and Mrs. Delamater of Cameron avenue. Howard Gilbert was a visitor in Jacksonville last week. We are glad to have the family of A. F. Gilbert living nearer Cameron City. Word has been received that Mr. and Mrs. Kinahan will be here very soon to spend the winter. There is entirely too much shooting around here Sundays, and if those who are doing it do not heed the warning they will find themselves reported and a good large fine awaiting for them. The practice is a very annoying one to people living here and who wish to spend quiet Sundays in their homes.

ZZELLWOOD NOTES

Mrs. J. W. Jones and children have returned from their visit to Tennessee. The school progressing nicely with E. W. Flynt and Miss Rachael Phillips assistant. The Mimes Garden party last Wednesday night a good time reported. John Stewart spent a few days in Leesburg last week. Wm. Edwards has returned from a business trip to Tampa. John Jackson is now engineer in the power house on the Laughlin estate. There has been one case of diphtheria here, of which one negro child died a few days ago. The people are in hopes that dreaded disease will not spread.

A Herald Ad

The following was found on the desk of the editor one day this week: When business is hum, And goes to the bad, Whoop her up some With a Herald ad. Always be jolly, And never get sad, Don't think it is jolly To try a Herald ad. When things are blue, Don't ever get mail, Revive courage and temper, Alike with a Herald ad.

ITS MARVELOUS POWER

No Other Remedy Has Done So Much Good To So Many Women as Reno's New Health

There was never a remedy so eminently successful in the treatment of women's diseases, so far above and beyond all competition in its record of cures as Reno's New Health. Where other remedies miserably fail and where doctors give up the case as incurable, there Reno's New Health is found, curing women and making them well and happy. Why is Reno's New Health today the most successful remedy in the world for the cure of women's diseases? It is so wonderfully successful simply because it accomplishes in every instance exactly what is claimed for it. And of what other remedy can that be said? Every form of female complaint such as Scanty, Profuse, Painful, Irregular Menstruation, Sickly Periods, Constant Weariness and Weakness, Depression, Cramps, Dizziness, Violent Headaches, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea and all Inflammations, Ulceration and Discharges of the Vagina and Uterus, is cured and stays cured by Reno's New Health. Women everywhere are dragging out their lives in pain and discomfort because of their inability to find any medicine that will cure the illness which which their sex is susceptible. The objective point of Reno's New Health is successfully curing such troubles is to nourish the tissues, increase the blood supply and restore natural action to all the organs. If Reno's New Health was not for and beyond other remedies offered for women's troubles, it could not be sold under the absolute guarantee to refund money if it fails to cure. Your druggist will sell Reno's New Health under a guarantee to refund the money on first bottle if it does not do all that is claimed for it. Ask him what other remedy for women's troubles is sold under an iron-clad guarantee like this. Is it not better to use a remedy which costs you nothing unless it cures, where the proprietor takes all the risk, than to use one which costs you just the same whether it helps you or not?

Lettuce Rot
Lettuce Rot caused much loss to the lettuce growers last season. Unless special precautions are taken again this year, it is likely to cause damage again. Lettuce Rot is distinguished from Lettuce Drop and Root-Knot, by there being no wilting or yellowing of the leaves. These spots increase in size until the whole leaf is blackened and drops off. In the field the leaves become black spotted, and sometimes the edges turn brown, and then blacken as if injured by frost. Most damage is done to the headed lettuce. The center of the head begins to blacken and then becomes soft. The disease spreads outward until the whole head is a black decaying mass.

In some districts there are few fields which were not infected last year. The loss to different growers varied from one third to the whole of the crop.

Much of the infection takes place in the seed bed, therefore it is necessary to watch closely and prevent any infected plants being transplanted to the field. If a seed bed becomes infected discard it; pull up the plants, carry them off the field and bury or burn them. Remove all infected plants from the fields, as each diseased plant will infect others. Do not throw infected plants in the alley ways.

The field must be well drained, as excess of moisture is a very important factor in the spread of the disease.

Young plants succumb readily to the attack of Lettuce Rot. They soon show the signs of being diseased, which have already been described. At times the seed beds become so badly infected that large areas become black and putrid. There are many insects which feed on the decaying plants. It is probable that these insects, flying to healthy plants, are able to infect them by carrying the bacteria on their bodies. Seed beds showing the least sign of infection should be destroyed.

Lettuce Rot is caused by bacteria organism known as Pseudomonas sp. Infected lettuce plants were taken from the fields, and cultures of the bacteria obtained in our laboratory. Some of the cultures were then brushed on healthy lettuce plants, which were kept growing in the Experiment Station greenhouse. Each plant, after it had been inoculated, was wrapped in oiled paper to retain moisture. In two or three days the disease made its appearance. In ten days after inoculation the plants were black and pulpy. Other plants, wrapped in paper, but not inoculated, were healthy

at the end of ten days. When a plant that had dried, treated was inoculated no wrapping was necessary to produce the disease. The moisture contained in the head was sufficient for the growth of the bacteria.

Many times on account of dry weather the grower believes that he has got rid of the disease. But during a dry spell it remains quiescent. When the plant begins to head and moisture enough is accumulated, the disease shows in the head. At shipping time the grower may find fifty per cent of such lettuce rotting in the center of the head.

O. F. BERGER.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women." I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today.

JAX STREET CAR STRIKE MAY CAUSE SERIOUS BREAK

Jacksonville Faces Crisis In Union Street Car Employees

FLORIDA NEWS AND VIEWS FROM EVERY SOURCE

Daily Happenings in The Land of Flowers Culled and Tied Into a Nosegay of Brieflets

Jacksonville, Fla., Oct. 29.—The street railway employees of this city succeeded in perfecting an organization at 3 o'clock Monday morning and 150 of the 175 employed on the lines in this city have left their positions. All the street cars of the city with the exception of three or four were at a standstill this morning and thousands of business men and employees were late in reaching their business houses and offices as a result of the strike. The trouble has been brewing for several days and the strike has been threatened since the middle of last week. The failure of the men to perfect their organization, however, has delayed the open break between the company and the employees.

The street car men are demanding that the company reinstate twenty-five men who are said to have been discharged last week for taking the first steps toward perfecting the organization of the employees and a recognition of the new street car men's union.

It is said that a cotton mill will be established at Alachua. The promoters of the enterprise, who, it is said, were attracted to Alachua by Capt. J. D. Rooney, assistant industrial agent of the Seaboard Air Line railway, require the donation of a 100-acre tract of land and \$125,000 in cash, but since the factory will be of great benefit to this entire section, and will increase the population and commercial importance of Alachua and Alachua county to a large extent, it is assumed that the site and bonus required will be forthcoming.

A site has been selected in St. Petersburg for a new base ball park and next season the Sunshine City will have many ball games played on the new grounds.

Restaurants and news stands are to be installed at all the main depots along the F. E. C. road, including the station at Miami. An elaborate news stand is also to be installed in the Royal Palm Hotel in Miami. It is estimated that the fixtures and furniture for this stand will cost about \$1,000.

Book Lovers' Club

The Book Lovers' Club was entertained by Mrs. F. L. Woodruff, Thursday afternoon. The guests were very pleasantly instructed in window gardening. A seed bed was improvised on the window seat, with moss, into which slips of paper, containing questions were planted. The ladies were allowed to use the paper seed each preferred. The answers to the slips of paper were the names of flowers.

Mrs. Fred Williams had the largest numbers of correct answers and received the prize, a beautiful bunch of cut flowers. Mrs. Luke had the next largest number of correct answers, for which she was given a packet of forget-me-not seed. When the garden party was over, delicious fruit salad, chocolate and wafers were served. Mrs. Woodruff's guests were, Mrs. C. H. Dinges, Mrs. R. J. Holly, Mrs. Fred Williams, Mrs. H. McLaulin, Mrs. Luke, Mrs. Deane Turner, Mrs. J. Brady. The guests invited to enjoy the afternoon with the club were Mrs. B. A. Howard, Mrs. Kent Rosetter, Mrs. C. C. Woodruff, Mrs. B. Beck, Mrs. J. L. Hurt, Miss Mary McClung, Miss Bessie Long.

State Writes Life Insurance

Madison, Wis., Oct. 28.—The state of Wisconsin is today prepared to enter into the life insurance business in accordance with the provisions of a bill passed by the last legislature. The plan provides that any citizen of Wisconsin between the ages of twenty and fifty years, living a normal, healthy life, may take out a policy after passing a satisfactory medical examination under the supervision of the state board of health. Wisconsin is the first state of the Union to engage in the business of life insurance.

Death of Prof. Daniells

The following from a Madison, Wisconsin paper will be a shock to the many Sanford friends of the deceased Prof. Daniells, he and his family residing here two years ago.

After a lingering illness of almost a year, Prof. William Willard Daniells, head of the chemistry department of the university for almost forty years and since 1901, emeritus professor of chemistry, died at the home of his wife, Dr. Ralph P. Daniells at Toledo, O., Saturday afternoon.

Professor Daniells was born at West Bloomfield, Michigan, March 10, 1840. His early education was obtained in the schools of Detroit and Westonia, Mich., and at a private academy at Lansing. In 1860 he entered the Michigan agricultural college and graduated in 1864 with the degree of bachelor of science. For two years thereafter he was assistant to the professor of chemistry in that institution. Prof. Daniells spent a portion of the year 1866 and the following years in the chemistry laboratory of the Lawrence scientific school of Harvard university, then a special training school for chemists, under the instruction of Dr. Willard Gibbs.

In February, 1868, Professor Daniells was elected to the professorship of Wisconsin. In 1869, additional chemistry apparatus was added to his department and in 1870, his chair was changed to chemistry and agriculture. It was greatly increased prominence and after 1870 his professorship included only chemistry. Prior to 1876, science teaching in the university had been only lecture room instruction, but Prof. Daniells immediately planned to secure a chemical laboratory and the only available place was the basement of the south wing of university hall. During the spring of 1868 he gave laboratory instruction in chemistry to students of the university.

Prof. Daniells' appointment as the first professor of chemistry in Wisconsin was a landmark in the history of the state. He was the first to introduce practical chemistry into the university. He was the first to introduce the use of the spectrometer in the university. He was the first to introduce the use of the micro-analytical apparatus with a card that is the building up of the department of chemistry to its present advanced position was Prof. Daniells' successful work in the university.

The remains will be brought to Madison and the funeral is to be held Tuesday afternoon from the residence on North Carroll street.

Trip Around the World

The party who will make the trip around the world to be given by the missionary society of the Methodist church tonight will start after refreshments, from "America," Mrs. W. W. Abernathy's, at 7:30 in automobiles for "Ireland," Mrs. L. R. Philips, from there after refreshments, they will go to "Cuba," Mrs. S. O. Shuboler, after refreshments, "A la Cuba," they will continue their journey to "Japan," Mrs. J. D. Roberts, after refreshments, suggestions of the Flowery Kingdom, they will be swiftly transported to "Iceland," where they will enjoy ice cream and cake, before beginning the journey homeward.

The Music Club will have their regular meeting at Mrs. Munson's studio Saturday afternoon at 3 o'clock. All members requested to be present. Mrs. R. L. Peck, leader.

ARE COMING TO SANFORD

Tourists Making Inquiries About Our City

COMMERCIAL CLUB ACTIVE

The City Will Be Boosted as Never Before and the Work Already Shows Results

Sanford, the best location in the south for the tourist, is at last coming into her own and this season the vanguard of the great exodus to this city will take place. Already this office and Secretary Bites of the Commercial Club are being deluged with letters asking about information concerning our new tourist hotel, the bulk heading of the lake information about the farming industry and business in general. Ever body wants to know about rooms and board and rental of houses and the price of land and building lots, our schools and churches, etc. This information will soon be forthcoming in printed matter and editions of The Herald, and meantime our people should be preparing for the rush, for while we will not have the new hotel ready the Sanford House and all the other hotels are making preparations to receive the guests.

The people in the north are waiting until after the election and the rush for Florida will then commence and Sanford will be the center of the time. We can take care of numbers of visitors this season and twice as many next year. We will get the best people here this season and demonstrate to them that we have the best location on earth and next year even the new hotel will be able to take care of the tourists.

With the winter season here and the tourists ready to be started and the many other good things that we are preparing for the visitor, we can make a good showing this season and demonstrate beyond peradventure that we can take care of the visitors and make them feel at home.

Every one that has a spare room for rent should file the information with The Herald before we compile the data in book form for distribution, and every public spirited man in Sanford should send a card to the Commercial Club.

At the Star

Every one knows how the early Christians battled for Christianity, how they sacrificed their homes and life to promote the good cause.

Tonight at the Star you can see a magnificently colored map of Roman life in the early days of Christianity, one which will show every detail of the spellbound and beguiling life of a young Roman becomes converted and is baptized. He is persecuted by his enemies and is tested in the temple of Diana, where he discovers the far goddess. He is condemned to death. Finally his betrothed is converted and they both die together.

Birthday Party

Dr. and Mrs. J. N. Robson entertained the boy friends of their son Jamie at their charming home on Sanford Heights Friday evening last in honor of Jamie's eighth birthday. The rooms were very bright and attractive, with their tasteful decorations of gold and yellow daisies. The boys enjoyed several very interesting games and were also delightfully entertained with instrumental and vocal music, by Dr. and Mrs. Cecil Butt, Miss Maezy Herby and Mr. L. Cleveland, who were guests for the evening of Dr. and Mrs. Robson. Delicious ice cream and cake were served, after which the little gentlemen wished their friend and playmate many happy returns of the day and bade their kind host and entertainers good night.

Messrs. Codrington, Howard and Lord of DeLand were among the prominent visitors to the city on Saturday. Mr. Codrington is the editor of the DeLand News and came over to inspect the plant of The Herald. Chris was one of the first printers in Florida to install a Monotype and is anxious to add some new improvements to his machine. In company with R. J. Holly these gentlemen inspected the new A. C. L. depot and Mr. Codrington has put in an order for one at DeLand.

OTHER ITEMS OF INTEREST IN WORLD'S EVENTS

Telegraphic Communications Boiled Down For the Benefit of Busy Herald Readers

Congregational Social

The social given by the Ladies' Union of the Congregational church at Villa Shoor, the lovely suburban home of Mr. and Mrs. C. R. Walker, Friday evening was very largely attended by the members of the church and their friends. The members of the Union had been at work all the summer making money in various ways for their church work and at the social Friday evening each lady told in rhyme how she made her money.

The various poetical efforts were really very interesting, some amusing and some very good indeed, and the result of the money making activities of the Union netted a very satisfactory sum, to which the gentlemen present contributed various amounts, increasing the sum on hand to about fifty dollars. Mrs. T. A. Newton and her little daughter, Marion, entertained those present with various vocal selections.

A very unique feature of the evening's amusement was the novel way in which the gentlemen present were compelled to choose their partners for refreshments.

The gentlemen were placed in some room and the ladies in another, over the archway between the rooms a sheet was suspended not quite reaching the floor, the lights were lowered and a lady stood in front of the sheet with only her feet visible to the gentlemen in the next room, if the inspection was satisfactory some gentleman invited the owner of the feet to take refreshments with him and so on until they were all paired off.

Some of the ladies, on mischief bent, stood two together, each only showing one foot, a gentleman noting the joke invited both ladies to take refreshments with him.

The congregation was pleased to have Rev. D. L. Moore of Glenwood, Minn., with them. Mr. Moore is visiting the city and occupied the pulpit of the Congregational church Sunday.

Need Another Judge

Editor Sanford Herald

Dear Sir—I ask the kindly assistance of your valuable publication for a little missionary work for the public good.

I formerly lived in Duval county and am familiar with conditions existing there. Litigation is so congested in Duval county that the circuit court is way behind in its work and it is impossible for the circuit judge to handle expeditiously the many matters coming before him.

The legislature has agreed to give Duval county another judge, provided Duval county will pay all expenses incidental thereto, but in order to provide another judge for Duval county, Article 5 of the Constitution of the State of Florida will have to be amended. If Duval county needs and wants another Judge, they should have it, as it is purely a local matter, but Duval cannot obtain this additional Judge without the help of the other counties in the state by voting for the amendment.

If it is not asking too much, will you not kindly call the attention of your many readers to this proposed amendment and impress upon them that their aid will be necessary, and that by voting affirmatively at the coming election on this amendment, which will appear on the ballot as follows: "For Constitutional Amendment. Article 5 creating an additional circuit judgeship for Duval county. Salary and other expenses to be paid by said Duval county," the electors of this state will be rendering help to a worthy cause.

Thanking you for such publicity as you can give this matter, I am
Yours truly,
GEO. A. DECOTTES.

We desire to call attention to the advertisement in this issue of the White Clover Flour, distributed by the Peninsular Naval Stores Co. of Tampa and handled by the local dealers in this city. This product is fully guaranteed by the distributor and local dealer. 20-1tp

London, England, Oct. 29.—Since the capture of Eski-Baba by the Bulgarian troops very little news has been received from that region where Turkey's future in Europe may be decided in a few days. A short message from Sophia, says Bulgarians have seized a Turkish army train on the way from Constantinople to Adrianople. This indicates that the Bulgarian invaders have cut the railroad, isolating Adrianople from its base, thereby accomplishing one of the greatest strokes of the campaign. The Bulgarians have been pushing forward, according to the latest Bulgarian reports from the eastern side, in the hope of entirely destroying the Turkish army defeated at Kirk Killiaseh. At the same time the Bulgarian armies are executing a wide sweeping movement reaching almost to the shores of the Black Sea and still other Bulgarian columns are completing the circle around about Adrianople. How far these combined movements have been successful, the outside world is not informed but the Bulgarians assert that the fate of Adrianople is practically sealed.

While not actually under martial law the city of Havana is now under absolute military protection against disorder arising from the heated national political campaign, in accordance with orders issued by Gen. Pablo Mendieto, who yesterday was appointed by President Gomez to take charge of all the police and military forces in the capital, the streets were patrolled today by police and mounted and foot rural guardsmen. In addition detachments of regular troops of all arms were stationed at various strategic points ready to respond instantly to a call to suppress rioting.

Four members of an automobile party bound for Shawnee, Pa., from their homes in Noble, Pa., were drowned in the Delaware river when the ferry boat on which they were crossing from Delaware, N. J., was wrecked.

Incessant smoking of cigarettes was said by physicians to have caused the suicide of Lon Fielder of Macon, Ga., Fielder, who is a prominent business man, visited his parents about ten miles from the city today. After dinner he went to an adjoining room and shot himself in the head. He was dead when his mother reached his side.

Gen. Felix Diaz, leader of the recent revolt at Vera Cruz against the Mexican government, and Major Zerata, Col. Antonio Migoni and Lieut. Lima, officers under Diaz, in his attempt to overthrow the government, were today condemned to death by court martial. Lieut. Comacho, Capt. Mayen, of the rurales guard and Capt. Hermillio Martinez, were sentenced to ten years' imprisonment and Gabriel Ramos, custom collector, and Hernan Arostegui, censor of telegrams, were sentenced to two years' imprisonment.

Some Sanford boys who expected to beat Barney Oldfield's time took an ancient Peerless car and dismantled it, making a racer out of it and taking it out last Sunday speeded the car up Park avenue at a merry clip. Attempting to make the corner at Tenth street something happened to the steering gear and the car jumped the curb and tried to climb the fence at the residence of Mr. Hodges. Fortunately no one was hurt, but had there been some other vehicle turning the corner at the same time there might be another story to tell. This speed idea in the city limits should be stopped, no matter whether it be in the spirit of fun or the desire to break the record. If only the occupant of the car suffered it would be all right, but there are others on the road and ladies and children are in danger of these speed bugs.
