

### Italy Prepares Grim Warnings Of Sudden Death

### Gas-Masked Dummies Peer From Store Windows At Crowd

ROME, Dec. 20.—Pink-cheeked wax dummies, grotesque in gas masks, stared out of shop windows recently to emphasize for Christmas shoppers the government's warning that sudden death may sweep down from the skies.

The Italian homes, meanwhile, were thousands of phonograph records, prepared under government supervision, which tell of the dangers of aerial gas attacks and instruct the people in means of defense.

The dummies and the records constituted visible evidence of Benito Mussolini's intention that every Italian shall learn to defend himself from an aerial gas attack.

A press campaign accompanied the placing on sale of the records, the newspapers urging Italians to spend idle hours listening to the stories the discs bear. The following is an excerpt from an article appearing in the leading journal:

"If world events reach such a pass as to induce the peoples to seek a decisive solution in war you will immediately have your new enemies upon your head."

"These new enemies are gases that make you cry or sneeze to desperation, if they don't asphyxiate or paralyze you outright."

"They would be rained upon you from the skies and you could not escape."

"There is no telling what would happen if you were not prepared. The precautions are simple and reduce your danger to a minimum."

"Of all the lessons you have ever had this one, brought to you through the phonograph, will be the most valuable. Be warned!"

negro on trial charged with assaulting a white school girl.

The list of the dead and wounded was unchanged during the night, and two men reported earlier as dying at a hospital were pronounced today as resting comfortably.

The two dead were: Raleigh Edwards, 30, wounded in yesterday's second mob attack, and an unidentified white man.

There was quiet during the morning hours. City policemen and firemen chatted at their headquarters about the happenings.

### CITY NEWS BRIEFS

(Continued From Page One)

Commander E. P. Lane again called the attention of all Knights Templar in Sanford to the Past Commanders night program which will be staged at the Masonic Temple starting at 7:30 o'clock tomorrow night. Past Commanders are requested to come to the meeting in full Templar uniform and wear their jewelry, he said. Commander Lane also said that he wants all Knight Templars to attend this convulse whether they have a uniform or not. New officers for 1935 also will be installed, and refreshments will be served to conclude the meeting.

Reports from various members on recent activities relating to the work of the organization were featured during the meeting of the Women's Civic Committee of the Seminole County Chamber of Commerce, held Tuesday with Mrs. W. L. Morgan presiding. The Women's Auxiliary of the Lake Mary Chamber of Commerce was elected to membership on the committee, and, during a discussion of plans for the annual trade body membership campaign Jan. 15-16, Mrs. H. M. Pasworth, Mrs. W. L. Morgan, Mrs. Nona Willy of Lake Mary, Mrs. J. W. Coates of Oviedo and Mrs. Endor Conlett of Geneva volunteered their services as representatives of the committee. Other persons attending the meeting were: Mrs. R. F. Cooper of Oviedo, Mrs. Dorothy Lamb, Mrs. Josephine Boydton, Mrs. J. H. Coghlan, Dr. Elizabeth Tracy, Mrs. W. L. Cooper, Mrs. C. W. Hill of Lake Mary, Mrs. Roy Howell of Lake Mary, Mrs. Helen H. Schultz, Mrs. E. D. Rinehart, and Karl Lehmann.

Determination to push their drive for the title "State Champion Future Farmer Chapter for 1934" was voiced Tuesday night at Seminole High School when members of Seminole Chapter No. 1 and planned their future work. Members approved the Chapter Future Farmers Account idea, one of the requirements of winning the title. All sums earned by chapter members through farm, grove, or other activities will be pooled in savings account beginning last week. It was pointed out that the Chapter now is active in community service work, and that many of its members are leaders of various school organizations. Those attending the meeting were: William Burnett, David Earle, Boyd Coleman, Clifford Gustavson, Edwin Humphrey, John R. Jones, Jr., Frank Jones, Robert Mauser, Ronald Muirhead, Herbert Stouthoff, Herbert Thurston, E. D. Tyler, Randall Priest, Steve Peters, Watson Shannon, Jimmy Cates, Carroll Culpepper, and Alex R. Johnson.

### Denial Made That Hitler Was Wounded

BERLIN, Dec. 20.—(AP)—Rumors that Reichsfuehrer Adolf Hitler had recently been wounded or shot at were scornfully described as "ridiculous inventions" in official quarters yesterday.

(The newspaper Linser Volksblatt of Linz, Austria, had published a report saying what it called "a trustworthy source" had stated Hitler was recently wounded by a German girl.)

These rumors reached Berlin yesterday almost simultaneously from Austria, Russia and Holland.

Monterey, Calif., has figured that the 143,340 tons of sardines caught there the first two and one-half months of the 1934 fishing season, if placed end to end would girdle the globe three times.

### Goldbeck To Teach Boys, Girls Golf Free This Winter

Free golf lessons for boys and girls between the ages of 12 and 16 are announced today as scheduled for inauguration at the Sanford Country Club next Sunday morning.

Bill Goldbeck, nationally known pro at the local club, will be the teacher. He will teach golf to classes of from five to seven youngsters during the hours of 9:30 o'clock to 11:30 o'clock each Saturday morning during the winter months.

While there is no charge for his instruction, young golf hopefuls should bring one or two clubs and balls. However, if a youngster shows up without equipment, enough will be loaned temporarily, to make a start.

Andrew M. Carraway, Club manager who announced the series of lessons today, also stated that about 10 scores have been posted in the ringer tournament which will end on Mar. 15.

He again reminded golfers that the only requirement in posting a score in this tourney is that the score be recorded during a four-some. Valuable prizes will go to the winners and all golfers in this city are invited to participate. There is a 25 cent entry fee.

officially, but no explanation was forthcoming on why Baruch's 1917 return was still on file after the next two year's returns had been destroyed.

Committee investigators reported that while Baruch's return for 1917 before he assumed his chairmanship was on file at the bureau, those for 1918 and 1919 had been destroyed. Baruch, a persistent campaigner for "taking the profit out of war" is head of the presidential committee recently appointed to study this problem.

### Bigger, Better City Asked Of Santa By Many Local Heads

(Continued From Page One)

ers with an inclination to patronize the new Farmers' Market to the fullest extent and to urge them to drop all this personal animosity which has been disturbing us so much lately."

City Clerk Frank Lamson hopes that "Santa will bring us an early settlement of our bonded debt question so I won't have to spend so much time clipping coupons, figuring outstanding interest, and the like."

County Tax Collector Jno. D. Jenkins who is the automobile license tag agent as well makes the simple request and suggestion that "Santa will bring all the dads and mothers a 1935 automobile tag as a Christmas present."

Assistant Tax Assessor Sanford Doodney who will become president of the Sanford Kiwanis Club on Jan. 1 asks Santa to "Bring me the assurance that I'll have the same kind of co-operation during my presidency as have all the other Kiwanis presidents."

Market Master J. G. Michael made only one request. "Please Santa," he said, "send me 108 good stall renters and 216 trucks every day to take the produce away, leaving with smiles on their faces, and money in the pockets of our local growers and shippers."

Hawkins Connelly, insurance agent who was on the verge of closing a "big" deal, only to have it fall through, sent Santa a special delivery letter in which he said, "Santa, rush me a cure for the fitters and a company which will insure crops against frost and freeze."

H. B. Pope, filling station operator and chairman of the City's Beautification Committee, asks Santa to "Bring us a big downtown recreational center where we can provide fun and amusement for our visitors as well as our children."

Walter L. Cooper, insurance broker, asks Santa to assure him "That it is really true that Santa Claus will be more beautiful to Florida and its people this year than he has in many years." County Clerk Vance Douglas writes, "Dear Santa: Send me a

### New York Police Nab Leaders Of Big Lottery Ring

NEW YORK, Dec. 20.—Police recently announced arrest of three men and breaking of a \$2,500,000 bogus lottery ring which had operated throughout the United States.

The men arrested are Abner Pein, 50, owner of a printing shop; Charles Fee, 53, described as "brain" of the ring and George Shayne, 24, chief distributor.

The men were charged with promoting a lottery in violation of the penal code.

Police raided a printing shop and seized 600,000 tickets, valued at \$1 each, in the \$10,000 sweepstakes of the Quebec hospital fund under auspices of the Catholic Big Sisters.

The hospital and the Big Sisters vigorously denied any knowledge of the "lottery."

Police said the gang had divided the nation into 3600 districts and were selling the bogus lottery chances through scores of agents. Headquarters were in many cities, including Denver, Duluth, Richmond, Va., Boston, Buffalo, Chicago, Cleveland, Milwaukee, etc.

The gang kept 60 percent of the

### Miami's Lofly Peep Show Quits Business

MIAMI, Fla., Dec. 20.—(AP)—Lack of patronage caused the closing of Miami's telescopic view casting on the 22-story county courthouse.

The closing caused the Miami Herald to say "There is something profoundly pathetic in the announcement that the Dade county commission was unable at 10 cents per look to take in enough money from two telescopes on top of the courthouse to pay for the instruments within a year."

From the courthouse roof, the looker through the telescope had an unobstructed view of the City of Miami and the surrounding country.

"Yet, at 10 cents a look," the Herald reported, fewer than 5,000 people have peeked through the lenses x x x.

"Dade county's peep show therefore comes to an end. Even in a day of uplift in entertainment it was, perhaps, too lofty in price as well as objectives to appeal to the paying masses."

"Take" and save 40 percent to local "salesmen."

It was estimated that in the last ten weeks the gang had taken in more than 2 1/2 million dollars.

The men arrested are Abner Pein, 50, owner of a printing shop; Charles Fee, 53, described as "brain" of the ring and George Shayne, 24, chief distributor.

The men were charged with promoting a lottery in violation of the penal code.

Police raided a printing shop and seized 600,000 tickets, valued at \$1 each, in the \$10,000 sweepstakes of the Quebec hospital fund under auspices of the Catholic Big Sisters.

The hospital and the Big Sisters vigorously denied any knowledge of the "lottery."

Police said the gang had divided the nation into 3600 districts and were selling the bogus lottery chances through scores of agents. Headquarters were in many cities, including Denver, Duluth, Richmond, Va., Boston, Buffalo, Chicago, Cleveland, Milwaukee, etc.

The gang kept 60 percent of the

### Miami's Lofly Peep Show Quits Business

MIAMI, Fla., Dec. 20.—(AP)—Lack of patronage caused the closing of Miami's telescopic view casting on the 22-story county courthouse.

The closing caused the Miami Herald to say "There is something profoundly pathetic in the announcement that the Dade county commission was unable at 10 cents per look to take in enough money from two telescopes on top of the courthouse to pay for the instruments within a year."

From the courthouse roof, the looker through the telescope had an unobstructed view of the City of Miami and the surrounding country.

"Yet, at 10 cents a look," the Herald reported, fewer than 5,000 people have peeked through the lenses x x x.

"Dade county's peep show therefore comes to an end. Even in a day of uplift in entertainment it was, perhaps, too lofty in price as well as objectives to appeal to the paying masses."

"Take" and save 40 percent to local "salesmen."

It was estimated that in the last ten weeks the gang had taken in more than 2 1/2 million dollars.

The Sanford Herald

Published every afternoon except Sunday at Sanford, Florida, 111 Manalissa Avenue. Entered as second class matter, October 21, 1924, at the Postoffice at Sanford, Florida, under act of Congress of March 3, 1879.

FRIDAY, DECEMBER 21, 1934

WAIT PATIENTLY FOR TODAY

The Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord.—Psalm 138:1.

If time drags on your hands, just buy something on the installment plan and then see how quickly the months go by.

One thing you can say for the radios, they can give you a sound argument on any subject under the sun.

Now that circus managers report the close of the best season in years, we suppose there is more reason than ever to believe that there's one born every minute.

If the country ever gets out of this depression, we'll bet it will never be able to say that the next one is the worst we ever had.

Extending the olive branch never does any good unless it is accompanied by a certain amount of beans oil.

We are developing a race of exceptionally strong men, a famed anthropologist reports. That comes from so many of them trying to lift their mortgages.

Since Florida began cultivating northern weather, some of us are beginning to learn for the first time what is meant by "air flow" cars.

Modern taxpayers are just learning how to sympathize with Atlas who had the whole world on his back.

American politicians should be the last people in the world to favor government ownership of the press. Then they could never claim they were misquoted.

It's about time to get out those New Year's resolutions you made last year and see if any of them are still good enough to use over again this year.

Down near Lake Wales a man was killed in an automobile accident who had \$7,000 in his pockets. It is bad enough to be in an automobile accident of any kind, but imagine being killed with \$7,000 in your pocket.

It takes 6640 minutes to produce the average issue of a small-town newspaper but the average critic can tell you what's wrong with it in three minutes.—Titusville Star-Advocate.

If the government is going to spend \$109,000,000.00 for parks and playgrounds, rivers, and harbors, highways and railroad underpasses, it is not too much to hope that sometime in the more or less near future our canal to the Indian River may be dug together with a harbor at Titusville where ocean-going freighters can be accommodated. In fact we can see no reason why ocean-going freighters should not come all the way to Sanford, and this city would truly become the "Port of Central Florida."

Munition makers, now being investigated by a Congressional committee, made their profits during the World War despite the international policy of the Woodrow Wilson administration to prevent such profits. That system was inaugurated which was known as the "cost plus basis" of figuring government procurement, which was the usual sort of things plus ten percent. However, that little word "plus" covers a multitude of sins, and it was easy enough for every manufacturer to boost his "cost" to any figure he wanted and then get ten percent on top of that.

Seminole Leads Again

A letter from Asher Frank, Governor Sholtz's Safety Director, warns against the usual increase of accidents during the month of December. Reports, diligently kept for many years, indicate that this month is the worst time of the year for highway accidents and fatalities of all kinds. Last December more than seventy persons lost their lives in automobile accidents on Florida's highways.

This is largely due, Mr. Frank explains, "to the fact that there are more people traveling—in a hurry to spend the holidays with their families and friends—are full of the Christmas and New York spirit and not thinking of accidents,—somewhat careless in their driving on account of that exuberance of spirit. Please warn the public to be careful in driving at this time."

Of particular interest to the people of this county is the recent report of the National Safety Council which shows that Seminole County has the lowest automobile accident fatality rate of any other county in Florida. With an estimated population of 21,900, there were only three persons killed in automobile accidents in this county during the first nine months of 1934.

This gives Seminole a rate per 100,000 of population of 18.26. Volusia county has a rate of 26.24; Orange county, a rate of 32.21; Lake county, a rate of 38.76; Dade county (where Miami is located) a rate of 44.80; and Broward county (Ft. Lauderdale) 55.74, the highest in the State of Florida. There were 207 persons killed in Florida highway accidents during this period, of which 62 were in Dade, 48 in Duval, 28 in Hillsboro, and 23 in Pinellas.

That highway accidents are increasing is shown by the fact that there were 325 deaths as the result of automobile accidents during the first nine months of 1933, as compared with 417 during the same period of 1934. The rate for the two years per 100,000 of population is 25.76 for 1933, and 33.06 for 1934. This represents an increase of 28.34 percent.

It should be very gratifying to the Safety Committee of the Chamber of Commerce, as well as all others who have been active in this safety work here, that Seminole County leads the state in careful driving. It is but one more thing in which this county excels, but nevertheless it is one of which we should be particularly proud.

Little Rudi

Everyone thinks his little boy is the world's outstanding offspring, but not everyone is as sure of it as the Czechoslovakian who wrote the New York Herald Tribune, enclosing a photograph of his two year old son, and loudly proclaiming him to be "the very nicest boy in the world."

Rudolf Greger's letter, written from Misslitz, in Moravia, reads as follows:

Misslitz, 1-22 1934.

To the manager of the administration:

Dear Sir, Excuse me to appeal on your kindness and ask you kindly fulfill my request. I have got a little son his name is Rudi Greger from Misslitz Moravia Czechoslovakia. he is very nice and sweet, every one who see him he says that is a nice boy. I should like to get him to the film, either if at home in our little town or we coming to Brunn that's the nearest large town every one looks at my boy.

I send you a picture of my boy, please to me that favour and publish it in your very paper the New York Herald Tribune and write under the picture that is the nicest boy of the world. Sir I think the picture of my boy shows it to you.

I thing that is the best way to become popular.

I hope Sir you will accepting my request on you, and please send me also a edition of your very paper with the picture of my boy.

Sir I'm a poor man but I'm proud of that. I can speak writ and read Ameriken.

I thinking you in advance and awaiting a kindly answer I remain yours respectfully, RUDOLF GREGER, Misslitz Moravia Czechoslovak.

Whether the moving picture industry needs little Rudi or not, we all hope that Santa Claus will soon pay him a nice, long visit.

SANFORD TWENTY YEARS AGO

The young ladies of St. Agnes' Guild were delightfully entertained by Miss Mildred Dickson yesterday afternoon. Final plans and arrangements were made for the bazaar which is being held today and finishing touches were put on the fancy work now on sale. Those present were: Mrs. T. A. Neal, Mrs. Archie Betts, Mrs. J. R. Stewart, Mrs. Frank Talbot, and the Misses Frances and Lucille Aspinwall, Gussie Ingram, Eva Walker, Jessie Stumon, and Ada Dickson.

Mr. and Mrs. James Rowan of Galveston, Texas are the guests of their niece, Mrs. F. V. Lee.

Miss Gussie Tillis has returned from Geneva for the Christmas vacation.

Mr. and Mrs. J. R. Stewart, Mrs. Jennie Ainley, Miss Ada Dickson, and Miss Mildred Dickson spent Sunday at Longwood with Mr. and Mrs. E. C. Dickson.

Mrs. J. N. Searcy of Longwood spent Monday in Sanford shopping for Santa Claus.

Tenney Deane and Abe Kanner have returned from Stetson University for the holidays.

Mrs. Edward Higgins and Miss Adelaide Higgins returned Friday from a delightful visit to Jacksonville.

Miss Alice Whitner has returned from Winter Park and will spend the holidays at home.

Mrs. William McKinnon was the charming hostess to the Se-So Club Friday afternoon at her pretty little bungalow home on Magnolia Avenue. Those present were: Mrs. Henry, Mrs. Fred Walms, Mrs. R. J. Holly, Mrs. R. L. Peck, Mrs. O. L. Taylor, Mrs. H. R. Stevens, Mrs. J. J. Purdon, Mrs. J. N. Whitner, and Mrs. E. D. Brownlee.

Firecracker Smoker Loses 2 Front Teeth

ETOWAH, Tenn., Dec. 21.—(AP)—Firecrackers and cigarettes are about the same size—in the darkness they feel about the same—but Charles Dunn, 28, knows now they don't smoke alike.

Enroute home at night Dunn decided to light a cigarette. He had both cigarettes and Xmas firecrackers in the same pocket. Dunn, keeping his eyes on the road, felt for a cigarette and struck a match without looking at what he pulled from his pocket.

He is now recovering from a badly lacerated lip. Two front teeth are missing and his eyebrows and hair are badly singed.

LETTERS TO SANTA CLAUS

Sanford, Fla. Dec. 19, 1934

Dear Santa: Just a few lines to let you know what I want for Christmas. I want a doll, a set of dishes, a table, two chairs, one chair is for little brother, and a little ironing board, a little iron, and some candy, fruits and nuts. Brother wants a tricycle, a book, and a little train. Well I guess I will close for that is all I want. So bye bye. Your friend, Janita Harper. Cates Apt.

1007 Locust Ave. Sanford, Fla. Dec. 12, 1934

Dear Santa Claus: I am eleven years old. Mother says I have been a real good boy this year. Santa please bring me for Christmas a bicycle, a brown suit, a football, a pair of shoes, some five crackers and some nuts and candles. Santa please do not forget the poor children who do not have a father or a mother. I will leave you something nice on the dining room table for I know you will be tired. Lovingly yours, Clyde C. Swain. 909 Cypress Ave. Sanford, Fla. Dec. 14, 1934

Dear Santa Claus: I am a good little boy. I am 12 years old and in the 5th grade. Please bring me a bicycle and some candy and nuts for Christmas. Remember the poor children. Lovingly yours, James Williams. 818 East 10th St. Sanford, Fla. Dec. 13, 1934

Dear Santa Claus: Please bring me a doll, a set of dishes, some candy, nuts and a large piano for Christmas. I am a good girl. I am 11 years old. I hope you will have a happy Christmas. Don't forget the poor children who haven't a mother or father. Lovingly yours, Alice White. 1013 Hickory Ave. Sanford, Fla. Dec. 10, 1934

Dear Santa: I hope you have been well. I am 12 years old and I am in the 5th grade. I am very smart in my lessons. Santa I found out that you

Georgia Sheriff Picks Up Negro Who Broke Jail

(Continued From Page One) into the R. B. Middleton and D. K. Kersey stores last fall. He was indicted for breaking and entering, and he was awaiting sentence when he engineered the jail break. Sheriff McClelland's offer of \$25 for Coleman's arrest still holds, he said. Coleman is a ginger-cake colored negro, weighs about 160 pounds, aged 25, and is five feet, six inches tall. He has a scar across his forehead and at the base of the skull.

Dear Santa: I want a doll. Please send me a tricycle and a doll carriage. Your friend, Helen Bjblom. Lake Mary 1100 W. 8th St. Sanford, Fla. Dec. 13, 1934

Dear Santa Claus: I am writing you again this year to let you know what I want for Xmas. I have tried to be a good boy all the year. I am 7-years-old and in the 2nd grade. I am not asking very much of you this Xmas. I only want a scooter, football, stock farm, Popeye express, candy, nuts and fruit of all kinds and Santa please remember all the little poor girls and boys. Sylvester Felton. 7th and Palmetto Ave. Sanford, Fla. Dec. 13, 1934

I am a little boy fifteen-years-old and will be sixteen tomorrow, and I still love you dear old Santa Claus. I wish you would bring me a small image of Virginia Lundquist to put on my dresser and a little kiddie car built for two and plenty of candy and nuts. I have been a dear little boy Santa. Love, Angus Harriett. 1100 W. 8th St. Sanford, Fla. Dec. 13, 1934

I am a good little boy. I am 12 years old and in the 5th grade. Please bring me a bicycle and some candy and nuts for Christmas. Remember the poor children. Lovingly yours, James Williams. 818 East 10th St. Sanford, Fla. Dec. 13, 1934

I am a good little boy. I am 12 years old and in the 5th grade. Please bring me a bicycle and some candy and nuts for Christmas. Remember the poor children. Lovingly yours, James Williams. 818 East 10th St. Sanford, Fla. Dec. 13, 1934

MISS MARGARET PETERS, Society Editor

PHONE 148

## Social Calendar

**FRIDAY**  
The members of the Dependable Club of the First Methodist Church will have a Christmas party for their husbands at 7:30 P. M. at the church annex.  
Regular meeting of the Elks' Auxiliary will take place at 8:00 P. M. at the Elks Hall.

**SATURDAY**  
Public installation of officers of Seminoles Chapter Number Two Order of the Eastern Star will take place at 7:30 P. M. at the Masonic Hall.

**MONDAY**  
The Music Department of the Woman's Club will sponsor a program of Christmas carols from 8:00 P. M. to 9:30 P. M. at the band shell. All church choirs, school children about the Primary grades, and other singers of the city are invited to participate.

## Mrs. H. B. Lewis Entertains Club

Complimenting the members of the Fortnightly Club, Mrs. H. B. Lewis entertained with a bridge party Wednesday afternoon at her home on Magnolia Avenue. Quantities of red candles and red and green shrubs were used to adorn the rooms where the guests were received.

After several progressions of bridge high score prize, a novelty lemon dish and fork, was awarded to Mrs. Frank L. Miller while cut prize, two decks of playing cards, was given to Mrs. D. L. Thrasher. A salad course was served at 11:45 hour by the hostess, assisted by Mrs. J. E. Bruns and Mrs. F. E. Routhillat.

## Stuart Gatchel Takes Lead In School Play

Stuart Gatchel, son of Mr. and Mrs. Forrest Gatchel of this city, who is a member of the senior class at Montverde School located at Montverde in Lake County, took one of the leading parts in the senior class play presented recently.

In the play Mr. Gatchel portrayed the part of Jimmie in the three-act comedy drama, entitled, "Jimmie, be Careful." The proceeds of the play will be used in the erecting of one of the four stone piers to mark the campus entrances.

## Personals

Miss Carol Stone of Greenwood, Fla. will arrive tomorrow to visit her mother, Mrs. Allan H. Stone, over the holidays.

Jack Gillon of the University of Florida will arrive Saturday to spend the holidays here with his parents.

Mrs. P. W. Vanderook and two daughters of Jackson, Mich., who are spending the winter at Delray Beach, will be the guests Christmas Day of Mr. and Mrs. Wynn W. Potter.

Mrs. John Downing of Miami is the guest of Mr. and Mrs. Z. H. Hatfield, Park Avenue.

Mr. and Mrs. C. E. Cherpone are planning to spend Sunday in Ocala with their son-in-law and daughter, Mr. and Mrs. E. E. Walker.

Miss Louise Collier will arrive today from DeFuniak Springs to spend the holidays with Mr. and Mrs. J. C. Mitchell and family.

Mrs. L. Fleah and daughter, Betty Lou, of Gainesville will arrive tomorrow to spend the holidays here with Mr. and Mrs. George Gray.

Dr. and Mrs. Harry S. Woodruff are planning to spend Christmas Day in Lake Butler with the latter's parents.

Mr. and Mrs. Roy Heller will leave tomorrow for Harrington, N. J. where they will spend two weeks as the guests of the latter's brother-in-law and sister, Dr. and Mrs. A. S. McCallum.

## MURRAY'S FAMOUS TRAINED DOGS

This notable family of trained dogs will be an added stage attraction at The Milano Saturday. They will appear once at the matinee and twice at night.

Richard Hester is expected to arrive the first of the week from Wilmington, N. C. to spend the Christmas holidays here with his parents, Mr. and Mrs. E. C. Hester, West First Street.

Judge and Mrs. George G. Hering are planning to leave tomorrow morning for Columbia, S. C. where they will be the guests for a week or 10 days of their son-in-law and daughter, Mr. and Mrs. S. C. Rhame.

Dr. and Mrs. Elmer Berry and son, Robert Dean of the International Y. M. C. A. College at Springfield, Mass., arrived here yesterday accompanied by Mrs. Richard Ten Eyck to spend the holidays.

Dr. Berry spent the past three years in Switzerland as an exchange professor to the Y. M. C. A. college of that nation.

## All Are Invited To Enter Tree Contest

Anyone in Seminole County eligible to enter the lighted Christmas tree contest being sponsored by the Garden Club of Sanford with the cooperation of the Florida Power and Light Company it was announced today by Mrs. P. R. Deas, general chairman. Prizes will be awarded for the best trees, for lighted displays and

## Christmas Party Is Given By Herald

The Sanford Herald's annual Christmas party was held Wednesday night in the nature of a dinner and boat ride on the St. Johns River aboard the Tills-Routhillat boat, Sky Lark. The party, consisting of 27 persons left the boat house at 6:30 o'clock in the afternoon and cruised up the St. Johns River.

Dinner was served and the group then enjoyed games, singing and other diversions until a late hour. Those present were Mr. and Mrs. R. L. Dean, Mr. and Mrs. H. R. Laine, Mrs. H. L. Bridges, Mrs. Irene Lee, the Misses Sara Myrick, Mary Jane Preston, Alma Spivey, Jewel Turner, Lydia Rankin, Mildred Mitchell, Margaret Peters, and C. A. Haines, Roswell Myrick, Carl Vause, Delmar Battien, Vann Kennedy, Richard Williams, Edward Mitchell, Claude Carter, Hollis Phillips, Walter Foster, Richard Smith, Joe Cooper, J. Hugh Tills, and Gordon Dean.

Lighted ensembles which means any outdoor lighting effect as a whole. Coupons for entering the contest are appearing in The Herald today and must be presented at the Christmas Tree contest before 10:00 on Christmas Eve.

Entries in the contest must be enclosed from 7:00 P. M. to 10:00 P. M. from Dec. 21 through Jan. 1.

## Mrs. Woodruff Has Party Honoring Club

With members of the Young Mothers Duplicate Club as guests, Mrs. J. D. Woodruff was hostess at a party given Wednesday afternoon at her home on South Second Avenue. Christmas decorations were used throughout the room where the guests were entertained.

After several hours of duplicate and high score prizes, beginning with the potluck, were presented by Mrs. L. E. Poole and Mrs. W. A. Deas. Refreshments were then served from the tea table which was overlaid with a white linen cloth and centered with a wreath arrangement of colorful fruit.

Those present were Mrs. W. C. Hall, Mrs. W. W. Potter, Mrs. J. P. Hocking, Mrs. J. P. Hocking, Mrs. W. A. Deas, Mrs. L. E. Poole, and Mrs. Wallace W. Deas.

## Kappa Delta Dance Planned At Mayfair

Kappa Delta society members from all over Central Florida are expected in Sanford Christmas afternoon with their escorts. The dance will be held at the Mayfair Hotel with a large number of the college and high school set in attendance at a Kappa Delta tea dinner which will be held in the ballroom of the Mayfair Hotel.

Dancing will begin promptly at 10:00 o'clock and an excellent orchestra and musical entertainment will be provided by Doc Newell and his orchestra, favorites in the region.

The dance is the only public

MISS MARGARET PETERS, Society Editor

PHONE 148

## Mrs. Frazier Honors Her Son With Party

Honoring her son, Thomas Frazier, who celebrated his fifth birthday anniversary recently, Mrs. L. Frazier entertained a birthday party Tuesday afternoon at her home on Mellonville Avenue. Games and contests were enjoyed by the guests throughout the afternoon. At a late hour refreshments

were served in the dining room by the hostess, assisted by Mrs. S. E. Andrews, Mrs. E. D. Brownlee, and Mrs. W. S. Brumley. The large birthday cake, adorned with five lighted red candles, was surrounded by miniature Christmas trees. Other decorations about the Frazier home were in keeping with the holiday season.

Those present were: Thomas Frazier, honor guest, Watson Jennings, Billy Jennings, Stanley Brumley, Betty Hunter, John Brumley, Roy and Ross Dutton, David Bach, Phyllis Bach, Simon and Margaret Dingfelder, Betty Crowley, Lillian Boyle, Penelope Wallace, Mary Ellen Fite, and Jane Chapman.

## Public Is Invited To Attend Big Pageant

"The Pageant of the Kings," a Christmas pageant by Russell Bowle, will be presented to the general public on Sunday evening at the Congregational Church by a large cast, supported by the church choir, with Dr. Frederick Wellman as director.

All of the church's own costumes are being used and many more are being hired from a professional costumer to add to the beauty of the production. The

doors of the church will be open at 7:15 P. M. for those desiring to attend.

Some of the characters in the presentation are: Harold Powers, Tivonius; Sidney Vihlen, Herod; Fred Bender, Herbert Stoothoff, and Warren Herbst, Three Wisemen; Herbert Thurston and David Van Ness, scribes; Harold Herbst and Henry Witte, Jr., shepherds; Austin Vihlen and Charles Robinson, robbers; Clyde Stinson, priest; John Jones, Levite; and Quillan Jordan, leper.

The plot of the pageant centers about the ambition of Tivonius, a centurion in the court of Herod, who is shown in the first scene. As the presentation progresses, ambition brings blindness, blindness compels thought, and meditation and proves to be a stern but kind teacher. Blind Tivonius turns out to be the Good Samaritan on the road to Jericho. Character development is shown and finally a great call comes and finds Tivonius ready to respond.

## Woman's Council Of Church Has Meeting

The Woman's Council of the First Christian Church held its regular meeting Monday afternoon at the church annex where a covered dish luncheon was served at noon by Mrs. H. J. Clause and Mrs. George Townsend, hostesses for the day.

During the business session boxes were packed with gifts for the Orphans' Home in Atlanta and for the Old Persons' Home in Jacksonville. Those present were: Mrs. A. H. Byrd, Mrs. George Townsend, Mrs. D. R. Johnson, Mrs. W. H. Brooks, Mrs. Gail Meyers, Mrs. A. P. Handy, Mrs. Herman W. Forbes, Mrs. Homer Clause, Mrs. J. J. Gates, Mrs. Ed Carraway, Mrs. O. T. Pearson, Mrs. Tom Ellis, Mrs. George Ewan, and Junior Townsend.

## Churchill Warns Roosevelt Against Losing Leadership

(Continued From Page One) of the United States could sustain. It would be a thousand fold if this tremendous effort by the richest nation in the world to expand consciously and swiftly the bounds of the consuming power should be vitiated by being mixed up with an ordinary radical program and a commonplace class fight. If failure there be, which God forbid, it will be taken for a generation as proof positive that all efforts to procure prosperity by currency and credit inflation are doomed to failure.

"No doubt the capitalist system is replete with abuses and errors and inequities, like everything else in our imperfect human life; but it was under it that only a few years ago the United States produced the greatest prosperity for the greatest numbers that has ever

been experienced in human record. It is not illogical to say: "Rather than condone these faults and these abuses we will sweep this system away, no matter what it costs in our material well-being. We will replace it by the only other system which enables large organizations and developments to be undertaken—namely, nationalization of all the means of production, distribution, credit and exchange." It is, however, irrational to tear down or cripple the capitalist system without having the fortitude of spirit and ruthlessness of action to create a new Communist system.

## Modern Alchemists Change Science's Prime Concepts

(Continued From Page One) Curies caught the scientific ship of fame after twice just missing the boat. Their laboratory was one of the first places where strange things began to appear when the light metal beryllium was bombarded with powerful radiation. There was a scintillation which nobody understood. The Curies saw it but failed to realize its significance.

Ultimate Particles Of Matter Chadwick, in England, recognized the scintillation as neutrons, ultimate particles of matter never before known.

Again a little later, the Curies while watching the trails drawn like sky-writing smoke by electrons diving through the vapor of a cloud chamber, saw some tracks curving in the wrong direction. These tracks were in a magnetic field, in which electrons could not curve in the direction seen. The Curies suspected they were made by some hitherto unknown kind of particle. They wrote one of the foremost scientists asking him whether these strange trails could possibly be made by some foolish-sounding things predicted by a theory of a brilliant young Englishman, P. A. M. Dirac.

The theory said there would be "holes" in electrons, or "anti-electrons." The scientist replied it was just a theory—not practicable.

So the Curies remained puzzled. Meanwhile Anderson, the American discovered that the "holes" were made by positive bits of electricity—new particles of matter. Again the Curies had missed.

Probing The "After-Effect" But all this work in the same unknown world—the peculiar behavior of nuclei of atoms. In the Curies laboratory and in most of the other great laboratories there was another strange thing, that everyone had seen and nobody thought much about. After ordinary substances had been bombarded by radium rays, or other extra-powerful rays, there was an "after-effect." The stuff bombarded continued for a short time to give off radiation. It was thought that "things just didn't settle down at once."

For Suffering Humanity It was the Curies who first discovered why, and that was the greatest of all three. These bombarded substances were no longer the same things which the scien-

## ORNAMENTAL TREES AND PALMS BY MRS. FRED P. STRANGE

Ed. Note: This is the third installment of an article read by Mrs. Strange at a recent meeting of the "Birds' Club" of the Garden Club.

It is usually necessary to give the young palms a certain amount of care and attention to get them established, but once they have attained some size only a very small amount of attention is required. Florida, with its many varieties, has at present within its borders but a small percentage of the world's 12 to 15 hundred species. Palms are propagated by seeds, by separation of off-shoots from the main trunk or by division of root clumps, where several stems are present, but with the majority of palms, seeds constitute the sole method by which the plant may be increased. The seeds of most species are best planted in flats or seed beds being covered with soil from a depth of one-eighth to one inch, the depth depending largely on the size of the seeds.

In winter the flats may be placed in full sun in a location protected from cold winds and in summer they should be partially shaded. The soil should be kept moist, but not wet. The time required for germination varies greatly with the different species. Some, such as the Phoenix and Washingtonia, require only three or four weeks, while those of the Butia Australis type, require several months. Instances have been known where plant seeds did not germinate until meal and tankage, may be mixed.

Seedlings may be potted when an inch or two high. The best potting soil is a mixture of soil and stable manure. These should be piled together for several months and so be thoroughly decayed before using. A small amount of dried blood, ground steamed bone meal and tankage, may be mixed with the potting soil as used. They should be retted before they become root-bound and stunted. When a height of 8 to 10 inches is

attained, the plants may be transplanted from the pots to the open. The soil should be moist, but well drained and of a fairly heavy type. Cocoanuts are planted in semi-shaded seedbeds, placed on their sides and buried only about one-half their thickness, the upper portion being fully exposed. Under most conditions, it is advisable to dig large holes where palms are to be transplanted, these holes being several times as large as will be necessary for the planting. These holes are then filled with a mixture of compost, decayed leaves, grasses and other litter with rotted manures and some mulch and clay if the soil is quite sandy, but addition of bone meal is also good.

This preparation of the holes should be made two or three months prior to the planting so that the whole mixture will have become thoroughly decayed. Palms may be planted at any season of the year but warm rainy months are the best. Species of the fan-leaved type seem to require removal of a larger portion of the leaves, than do the feather-leaved to insure against loss in transplanting. With the cabbage palmetto, it is best to remove all the leaves, other than the central one that is just unfolding. Thorough and regular watering is required to insure success.

Fertilizers derived from organic sources are the best suited. Cottonseed meal, ground bone meal, tankage, blood, guano and fish scrap, bone and sheep or goat manures will tend to keep palms in a thrifty condition. Ten to 20 pounds widely scattered, is not too much for a large specimen. Stable manures should be applied as mulch. An application of sulfate of potash in late fall is believed to have a hardening effect in checking growth, which would make the plant less susceptible to injury from frosts.

tubercular or infected with Bang's disease. The remainder came from the sale of farm products and non-farm work done by farmers and their families. As drought damage continued to increase, prices of farm products spurred in response. Cotton rose from 9.5 cents a pound on the farm to 12.3 at the close of the year. Wheat went up from 70 cents a bushel to 90, corn increased from 40 to 75 percent a bushel, and hogs from \$2.50 a hundredweight to \$5.00. Part of these increases was attributed to President Roosevelt's devaluation of the dollar.

Reduction Quotas Whittled The index of all farm prices rose from 80 to 102, expressed in terms of the 1909-1914 average, thus touching and slightly exceeding much-talked-of "parity" point toward which the AAA has been driving since it started a year and a half ago. These prices were not truly indicative, however, since

prices paid by farmers went up from 116 to 126 and the ratio of prices received to prices paid went up only from 69 to 81.

The farm administration, starting on its permanent program of adjustment production to the level of domestic demand plus whatever amounts can be sold abroad, announced for 1935 a 10 percent reduction in wheat acreage instead of the 15 percent in force during 1934, curtailment of cotton by 25 percent compared to 40 percent, curtailment of corn production by 10 to 20 percent instead of 20 to 30, and curtailment of hog numbers by 10 percent instead of 25.

In addition the administration adopted a comprehensive national land policy and began its program of buying instead of renting land to take it out of production, having purchased about 5,000,000 acres of definitely sub-marginal land and moved the families living on it to better areas, and turned the land back to grass, forests, and game.

An outstanding development was the trend away from voluntary control of production on the part of farmers to compulsion under which cotton and tobacco farmers were given definite production allotments and taxed heavily if they attempted to market any goods in excess of their quotas.

While the new AAA was busy at its adjustment problems older divisions of the department of agriculture continued to progress in their many-sided activities ranging from predicting tomorrow's weather to searching the Hinyan mountains and the Gobi desert of Asia for new grass plants.

## Phillips, Barineau Win 1st Prizes In Boxing Club Race

(Continued From Page One) and John Angel. Various prizes, from flashlights to skates, went to Ray H. Hughes, Sidney ReChard, Donald Pearson, Doane Tillis, Russell Hoover, Marcellus Burns, Buck Ferguson, Phillip Goodspeed, LeRoy Estridge, Buddy Oglesby, Ellsworth Hoover, Billy Wilkinson, Walter Beal, Buddy Angel, John Burns, Mack Cleveland, Milton Edge, Lindbergh Hall, Claude Whiddon, Lionel Rivers, Kenneth Gustavson, Red Williams, Billy Barineau, Earl Knight, James Lowe, and Clifford Williams.

Most of the prizes were presented from the ring by Judge S. A. B. Wilkinson. Judges of last night's matches were J. W. Cook and Carson Cook, while Joe Moss acted as referee. The highlight bout of the evening was the final go between Leon Lawson and Lester Phillips. The latter's fine work in this match earned him a tie for first, place with Barineau as the Club's best boxer.

Phillips won after three furious rounds in which the lead changed from one boy to the other. The

judges and referee agreed on the three rounds but on the second round, the judges called a draw. Referee Moss gave the round to Phillips. It was considered the best fight since the Club was organized seven months ago.

Other decisions: Eugene Tippins won over Joe Johnson after a stirring opening fight; Wesley Cunningham and Pete Tillis, Ray Edge and John Angel, and Billy Tippins and Buddy ReChard fought to draw decisions; Clarence Barineau won over Webber Welborn; Giles Chapman defeated Edward Smith; Laurence Barineau won from H. G. Tippins; Martin Temple defeated Charles Cameron; Ralph Pesoli scored a victory over Buck Ferguson; Lionel Rivers defeated Earl Knight; Clifford Williams won from Joe Crenshaw, and Darrell Ferguson defeated Elmer Mattair.

### GOOD THING TO EAT

Give Added Zest To The Holidays

Children home from school and college, the family gathered from scattered places for the holidays! Many additional faces at the table, and an atmosphere of holiday bustle and cheer in the kitchen. All over the land there are many savory and delicious dishes in preparation—such dishes as are suggested here. Try them, they are the type calculated to add greater cheer and enjoyment to holiday gatherings.

#### CHICKEN FRICASSEE WITH DUMPLINGS

Clean and cut up fowl weighing 4 to 5 pounds. Cover with boiling water, add salt and simmer until tender, allowing about 15 minutes to the pound. Just before serving, thicken the stock to make gravy, adding 1 tablespoon flour to each cup of liquid.

In the meantime prepare dumpling mixture as follows:

- 2 cups flour
- 1 teaspoon salt
- 4 teaspoons baking powder
- 2 tablespoons shortening
- 1 cup milk
- Mix and sift flour, salt and baking powder and cut in shortening for biscuit dough. Add milk gradually and beat to a smooth batter. Drop from teaspoon on top of bubbling fricassee, being careful that the batter rests on top of the chicken; if dropped on the liquid it will soak up moisture and make soggy dumplings. Cover tightly and cook, without removing cover for 10 or 12 minutes.

#### BEEF LOAF

- 2 pounds lean beef
- 1 cup diced salt pork
- 4 tablespoons flour
- 1 cup chopped parsley
- 1-2 cups milk
- 1-4 cup chopped onion
- 1 cup fine dry bread crumbs
- 2 teaspoons salt
- 1-8 teaspoon pepper
- Put the meat through a grinder. Fry the diced salt pork until light brown and crisp. Make a sauce of the flour, milk and 3 tablespoons of the pork drippings. Cook the parsley and the onion for a few minutes in the rest of the pork drippings. Add this to the bread crumbs and seasonings. Combine all the ingredients and use the hands to mix thoroughly. The mixture will have a sticky consistency. Lay a piece of heavy paper on a rack in an open roasting pan. Mold the meat loaf on the paper with the hands. Bake in a moderate oven for 1 hour and 15 minutes.

- MUSHROOM SAUCE FOR MEAT LOAF
- 1-2 teaspoon Worcestershire sauce
- 3-4 cup water

1 tablespoon chopped pimiento  
1 hard cooked egg  
Place the mushroom soup in a saucepan. Add the water and stir over the fire until thoroughly blended. Add the chopped egg. Worcestershire sauce and chopped pimiento and boil for 2 minutes. Stir constantly.

#### ROAST DUCK

Wash and dry ducks carefully. Make a stuffing of sage and onion, insert, and sew up carefully. If tender, ducks do not require more than an hour to roast. Keep them well basted and a few minutes before serving dredge lightly with flour to make them froth and look plump. Send to the table with gravy poured over the duck. Accompany with currant jelly.

#### ROAST GOOSE

Draw and singe a goose, wipe out inside with a cloth and sprinkle with salt and pepper. Make a stuffing of 4 good size onions, minced fine, and half their quantity of green sage leaves, minced also, or a generous quantity of dried sage, 1 large cup of grated bread crumbs, 1 tablespoon butter, yolks of 2 eggs, beaten, and a little pepper and salt. Mix the whole together. Put the stuffing into the goose and press it in hard, but do not entirely fill up the cavity as the mixture will swell in cooking. Tie the goose securely round with a greased or wet string and paper the breast with a greased paper to prevent scorching. Roast from 2 to 2 1/2 hours in a moderate oven. Baste at first with a little salt and water, then with the gravy from the goose. Take off the paper when the goose is about half done and toward the end of the roasting dredge with flour. Serve with apple sauce.

### Atlanta Recluse Leaves Fortune To Adventist Churches

ATLANTA, Dec. 21.—(AP)—The entire estate of Miss. Elizabeth Trice, aged recluse who burned to death in her home last Friday, will go to various churches and institutions of the Seventh Day Adventists. The estate has been estimated at between \$60,000 and \$75,000.

All blood relations were cut off from participation in the estate in a will filed for probate recently. The document was dated Nov. 3, 1920, and names the president of the Georgia Conference Association of the Seventh Day Adventists as sole beneficiary.

Day Adventists, as sole beneficiary without bond. "I leave nothing to any of my kindred," this will set forth. "because I have been separated from them a great many years, and have had no communication with them, in consequence of which their ties of blood, nearness, and my kindred have come to me only as strangers. "The modest fortune I possess was accumulated by me without the assistance of others and I feel that I should dispose of it in the way that will give me the greatest amount of satisfaction." Miss. Trice lived alone in her home, an unheated, one-story house and all visitors were greeted at the door but not permitted to enter. She died in a fire believed to have been caused by an oil lamp.

## FORREST GACHEL'S

406 Sanford Ave. Dec. 20-21-22 We Deliver

# Eat and Be Merry Christmas Day

Perhaps you are one of those fortunate ones whose family custom includes a real old-fashioned "get-together" at Christmas, with grandmothers and grandfathers, mothers, and fathers and children of all ages crowded around the dinner table. Or perhaps your celebration is smaller—in any case you'll want to serve a dinner that reflects in careful planning the spirit of the day. Here is a menu that's typically "Christmas" in spirit and certain to be enthusiastically received.

**PEACH AND ROQUEFORT CHEESE SALAD**  
Chill and drain canned peaches. Arrange on lettuce leaves. Sprinkle each serving with 1 tablespoon of crumbled Roquefort cheese and serve with a dressing made by mixing together 4 tablespoons of salad oil, 1 tablespoon of vinegar, 1-4 teaspoon each of salt and paprika, 1 teaspoon of sugar and 4 tablespoons of mayonnaise.

**CABBAGE AND APPLE SALAD**  
1-2 head cabbage shredded fine and made crisp by standing in cold water. Add 3 tart apples, peeled and chopped, 2 or 3 stalks of celery, also chopped, a small amount of salt and boiled salad dressing.

**FILLED GINGERBREAD**  
1-2 cup shortening  
2 (tablespoons) sugar  
1 egg  
1 cup molasses  
2 cups plus 2 tablespoons flour  
1 teaspoon soda  
1-2 teaspoon salt  
3-4 teaspoon ginger  
3-4 teaspoon cinnamon  
1 cup boiling water

Cream shortening, add sugar and cream together thoroughly. Add the egg well beaten and then the molasses. Sift flour, soda, salt and spices together and add to first mixture alternately with the boiling water. Mix well. Pour into a deep pan lined with greased paper. Bake about 45 minutes in a moderate oven. When ready to serve cut into squares, split squares and fill by spreading with fruit filling. Cover filling with top half of square and top with hard sauce, vanilla sauce or whipped cream.

**WHITE LILY flour**

## Wagner Offers New 13-Point Recovery Plan

1. Ending the NRA's production limitation phase.
2. Reduction of "wide spread" (federal) expenditures to stimulate industry when industry is completely revived and prepared to stand entirely on its own feet.
3. Extend federal control over some public utilities.
4. Continue to regulate minimum wages.
5. "Excessively long" hours shall remain proscribed.
6. Sweat shops to be kept closed.
7. Child labor to remain banned.
8. Continued protection afforded the small bank depositors and investors.
9. Employees shall be "safeguarded" in their right to organize and bargain collectively.
10. Business shall have the right to guard itself against destructive competition of the triester and gangster.
11. Combining the share work idea with old age pensions.
12. Compulsory unemployment insurance.

The Leningrad letter-foundry plants produce printing types in 60 languages of the various peoples of the USSR.

## HOT BREADS For Winter Breakfasts

When boys and girls and the man of the house have to plunge out after breakfast into the cold and snow, a substantial meal is the best possible start for the day. Here are some hot breads that will make breakfast a real treat.

### COFFEE CAKE

- 2 cups flour
  - 5 tablespoons sugar
  - 3 tablespoons baking powder
  - 1-2 tea-spoon salt
  - 2 tablespoons melted lard
  - 1 beaten egg
  - 3-4 cup sweet milk
  - 1-2 cup raisins
- Combine shortening, eggs, and milk. Add all the dry ingredients, lifting slowly. Flour raisins and add. Beat for 2 minutes. After pouring into baking pan sprinkle top with bits of butter (melted), then sprinkle with brown sugar and a generous dash of cinnamon. Press a few nut meats on top if a richer cake is desired.

### GRIDDLE CAKES

- 2 cups flour
  - 2 tablespoons corn meal
  - 2-4 teaspoon salt
  - 2-4 teaspoon soda
  - 2 cup sour milk
  - 1 tablespoon melted shortening
  - 1 egg
- Mix together flour, cornmeal, salt, soda. Beat egg until light, combine with the sour milk and add to dry ingredients until the right consistency to drop on griddle. Beat until smooth. Add fat. Drop batter by spoonfuls on hot griddle, cook until full of bubbles, then turn and bake on other side. Serve with butter and syrup. Make pancakes from any good recipe and spread them with chopped, cooked meat and roll up. Or roll a hot sausage in each pancake.

## Roosevelt's Health Said To Be Perfect

WASHINGTON, Dec. 21. (AP)—The doctor says President Roosevelt is in better physical

shape than at any time since entering the White House and is ready for the congressional session. That was the report given recently by Dr. Ross T. McIntire, naval physician in constant at-

tendance on Mr. Roosevelt since he took office. Almost daily he swims in the White House pool, frequent vacations and planned routine have kept the President fit, Dr. McIntire said.

## Chicago-Miami Plane Breaks Old Record

CHICAGO, Dec. 21.—The Florida Flyer, Eastern Air Lines plane inaugurating passenger service

between Miami and Chicago, landed at Chicago airport at 5 P. M. yesterday, establishing a new record for the distance. Nome, Alaska, is farther west than Honolulu.

affected. However, issues not traded on exchanges, but bought and sold in other ways, will be affected later. This form 10 sets the pace for much of America's commerce.

The information also will be required on annual basis, Kennedy said, and therefore will cause considerable revision of methods of publishing periodical information for investors.

The rules do not require uniform accounting, that is, methods of presenting the information. But, Kennedy said, they do require uniform information, and explanation of the accounting methods used.

"Corporations may not shift their methods in the middle of the deal," the chairman explained. "In the past it has been something like changing bridge eyes beneath the game."

**DuPonts Made \$228,737,000 Off War Sales**

(Continued From Page One)

Public Securities Co., Wilmington Del., says conditions investigation showed as follows:

In three years the concern has made much of the profit that went into the war program for the production of more than a billion dollars.

An even of the enormous volume of business done by the DuPonts in the war was shown by the fact that the company's total sales for 1933 were \$228,737,000. The company paid \$72,000,000 in taxes and spent \$602,000,000 on new plant.

The company's profit for 1933 was \$10,000,000. The company's profit for 1932 was \$10,000,000. The company's profit for 1931 was \$10,000,000.

files, but contended they pertained to persons' matters.

Alger Hiss, committee investigator, said Alfred DuPont had a gross income of \$29,586,000 for the period of 1920 to 1926 but "paid not one cent of income tax."

That was because he incurred losses in the Nemours Trading Co., a DuPont subsidiary, Hiss said. Irene DuPont told the committee the way for America to stay out of war to get ready for one. "If you don't do that," he said, "puffing billions of smoke out of a car pipe, you'll have a hell of a time."

## France Ready To Denounce Naval Treaty

### Official Denies That Nation Has Any Intention Of Joining Japan In Statement

By The Associated Press  
France last night was ready to announce that, as far as she is concerned the Washington naval treaty expires at the end of 1936. An official announcement, however, denied that the government has any intention of joining Japan in formally denouncing the pact. As Francois Pieteri, minister of the navy, termed the pact "intolerable for France," high French quarters pointed out that the government, under the parliamentary system of the treaty in 1921, stands pledged to denounce it if necessary to insure France's freedom of action at its expiration. A secret joint session of the chamber of deputies foreign affairs and naval committees decided denunciation was unnecessary in view of Japan's intended action, it was understood, but should Japan fail to abrogate the pact, the Paris government would be virtually forced to do so to assure its expiration in 1936. In any event it was understood the government formally would notify the other four signatories that the treaty void after 1936. The official announcement is (Continued on Page Two)

## Jacksonville Man Begins 25th Day Of Hunger Strike

By The Associated Press  
From his cell in the county jail here B. E. Cox, 43, insurance man, yesterday entered the 25th day of a "hunger strike." Cox, president of the Home Protective Association of Jacksonville, Fla., began refusing food as a protest of his conviction in recorder's court of violating the state insurance laws. He was fined \$200 and cost after he was found guilty of selling insurance for an unlicensed company. After he defaulted his bond, he was sentenced to 12 months on the road. He appealed and is awaiting trial at the next session of superior court, which is scheduled to begin Jan. 28. He has said repeatedly he would continue to go without food until he gets justice in the courts.

## Near Riot Occurs As Poor Seek Hand-Outs

By The Associated Press  
A near riot occurred yesterday as a crowd of several thousand men, women and children gathered at the Commercial and State Emergency Relief Administration workers had started the distribution of 25,000 large bars of Christmas foodstuffs to the needy. All available police reserves, a detachment of mounted police, and a squad of radio cars were rushed to the scene and had a difficult time restoring order.

## Dama Mob Wants To Lynch 3 Men

ANDALUSIA, Ala., Dec. 22. —(AP) —South Alabama officers today kept close guard over two white men and a negro after mobs threatened to lynch the three when they were taken into custody in connection with the slaying of a filling station operator at Laurel Hill, Fla. The three were captured after a chase across swamps in this section, and as word of their arrest spread feeling ran high in Florida and Laurel Hill. The mobs were formed yesterday, and they made threats to take the men from the jail at Florida, so they quickly were spirited away.

## Ogden Mills Asks For Prompt Return Of Gold Standard

### Roosevelt Revolution Held Leading U. S. To Inflation Orgy

SCRANTON, Pa., Dec. 22. —Ogden L. Mills, secretary of the treasury in the Hoover administration, last night demanded prompt return to the gold standard in the United States to check what he declared was a "Roosevelt revolution" and its mad rush toward the disaster of inflation. "It is time the country woke up to the fact that the road we are traveling leads directly to progressive and uncontrolled inflation," Mills declared in an address before the Century club of Scranton. "I do not say the administration cannot turn back, but unless there is a definite change in public sentiment, it has headed forces that will drive us irresistibly toward along the road we are now traveling—and at the end there is a precipice." He appealed for a return to the level-headed policies, as he termed them, of President Hoover, who, he claimed, "under the old order, we were warned in time. Under the new with the whole automatic safety device mechanism gone, we may be led over the precipice blindfold."

"The crushing weight of the disaster will be borne by the entrepreneur, but the middle will bear the heaviest burden. The first impact will be borne by the employment of great public welfare means, the saving deposits of the poor, and the life insurance policies of the foresighted and thrifty." "Such was there is nothing more devastating than inflation when it gets beyond control. Are we to permit it to get beyond control? If not, then the people must awake to the danger. For only through an aroused public opinion is there any hope of arresting the forces that with all safety barriers down, will sooner or later (Continued on Page Two)

## Child Star Features Milane's Free Show

Shirley Temple's latest movie "Baby Take A Bow" is to be the feature attraction at the Milane Theater Monday morning when, starting at 10:00 o'clock, the management presents its annual free show for its child patrons. Boys and girls planning to attend were reminded today that they may bring some article of food which can be used in their own basins for the poor. It is not necessary that such a gift be made, it was stressed, but few girls and boys have attended their annual shows without bringing some kind of gift. Citrus fruits are not wanted, the theater management explained today. Canned goods, particularly canned meats, are especially needed, as are boxed foods.

## Fruit Trucks Will Be Halted At State Line

ORLANDO, Dec. 22. —(AP) —The Citrus Control Committee today adopted a plan of Nathan Mayo, agriculture commissioner, to prevent the movement of fruit from to market by stopping fruit trucks at the state line. Mayo informed the committee that the agriculture department would press into service a corps of inspectors in addition to those already on duty to get an end to the shipment of fruit unfit for human consumption.

## Labor Reports Employment Is Growing Daily

### Federation Claims Half Million More Are Idle Now Than Same Time In 1933

WASHINGTON, Dec. 22. —(AP) The American Federation of Labor, speaking just as Secretary Perkins announced a November increase in industrial payrolls, yesterday declared the unemployment problem was growing steadily more gloomy. Putting the number of jobs at 10,671,000 in October, an increase of more than half a million over its figures for the same month last year, the federation drew an optimistic outline for the immediate future of business and industry. "Even though the summer decline in business ended in September and production of our industries has been rising slowly since then and promises to keep on rising until next spring, nevertheless, business observers expect this rise to be quite moderate," the federation in its monthly business survey. "There is no likelihood that it will lift production or employment above the levels of last May when 10,218,000 were out of work. "Clearly we cannot count on private industry to find productive work for the unemployed soon. The recovery program of 1933 (Continued on Page Two)

## Evans Will Direct Trade Body's 1935 Membership Drive

Frank Evans will head the Seminole County Chamber of Commerce Sales Army for the annual membership campaign which begins Jan. 15. It was announced today. Mr. Evans was chosen for the role at a meeting of the Membership Committee whose members also selected W. H. Schmidt of Sanford as major general and the following as colonels: Walter Coleman, J. L. Marantette and C. E. Adams of Sanford, Mrs. J. W. Coates of Ocala, and Miss Nora A. Webb of Lake Mary. The drive will open with a breakfast on Tuesday morning Jan. 15, to end with a supper on Wednesday night, Jan. 16. Both affairs will be held at the trade body office. The colonels will select five captains in Sanford and four lieutenants, while Col. Coates will select a captain and at least one lieutenant for Groves, Ovidio, Slavia, Chilton and Ocala, and Col. Webb will select a captain and at least one lieutenant each in Lake Monroe, Lake Mary, Palatka, Altamonte Springs, Fern Park, and Forest City. Attending the organization meeting were J. L. Marantette, W. M. Payne, W. H. Zachry, J. Hallett, H. M. Papworth, Mr. Schmidt, Mr. Evans, and Karl Lehmann.

## Condon Says Trip Was Successful

JACKSONVILLE, Dec. 22. —(AP) —John P. (Jafine) Condon, intermediary in the Lindbergh kidnaping, said here yesterday he had "accomplished much more" than he had expected on his Florida visit looking into clues in the case. He was enroute back north from Miami where he interviewed someone at a house on Biscayne drive. He said he "received some valuable information there." He had stopped at Daytona Beach prior to his Miami trip. "The Lindbergh case," he said, "is more than life or death."

## Speed And Comfort Featured 1934's Transportation Gains

### Air Conditioning On Stream Lined Trains Listed Among Great Advances Of Year

By ALFANDER H. GEORGE  
WASHINGTON, Dec. 22. —(AP) —American transport expanded its mastery over space and time in 1934, bringing increased speed, comfort and safety to the millions who ride the highways, railways and skyways of the nation. New streamlined air-line trains, buses and private motor cars streaked across the continent, smashing records for fast time and setting higher standards for luxurious, noise muffled travel. In research laboratories scientists toiled on device after device to cater to a populace which travels more than any other in world history. Air-conditioning, hatched as possibly "the great new American industry," was utilized on an experimental scale by the railroads. It and the newly streamlined trains were called an answer to the invade of passenger travel by buses and private cars and a challenge likewise to air transportation. Air-cooled, dirt-insulated Diesel engine type locomotives, pulled cars which not only were air-cooled but were insulated from dirt and the ancient "under in the eye" based. Even the familiar throngs of car tracks on rails was hushed by noise deadeners. Operators of metropolitan type and cross-country buses took up attacking ways to increase speed and effect fuel economies. They also sought to improve ventilation and lighting. Laboratory experiments on an experimental engine disclosed that an air conditioning system would pay (Continued on Page Three)

## Business Leaders Defend Program Against Critics

### Strawn Argues That General Agreement Was Not Expected

WASHINGTON, Dec. 22. —(AP) —American business leadership last night defended its much criticized program for business recovery and let back at "only commentators." One of the spokesmen for the White Sulphur Springs conference of industry leaders, W. H. Strawn of Chicago, went further to add that the details of the program had not expected general agreement and that "opposition makes no difference." While business leaders obviously differed in the reception (Continued on Page Two)

## Santa Claus Pays Visit To Nursery, Delights 17 Tots

Seventeen boys and girls thought nearly possible at the FEPA Nursery school yesterday afternoon when a group of Santa Claus, the person of J. J. Schuler, Dingfelder, returned to the school with a large bag of toys and treats, which he distributed to the amazed and delighted children. Each of the 17 girls received a large doll and each of the boys received something equally valuable. Many gifts presented them, a bag of candy and nut and several apples also was handed out. Kawanan Dingfelder was in head of a large delegation of women who had staged the party, and before the group left inspecting the school and with the children a merry Christmas cookies and cocoa were served. Mrs. J. J. Schuler, and Mrs. J. J. Schuler, teachers, and other members of the FEPA staff. Mrs. Chapman stated today that the affair was one of the "most delightful" she had ever attended. "Mr. Dingfelder is the best Santa Claus," she said, "and the children I'm sure, will never get bored."

## Sanford All Stars To Play Orlando Eleven At Tinker Field On Christmas

A strong line and a fast backfield will start for the Sanford All-Stars when they meet the Orlando All-Stars in Orlando this night in a charity football game that is to start at 8 o'clock. This announcement, coming from Leonard McLucas, high school coach who is coaching his team in the charity ball, indicates that he is satisfied with the prospect of victory in what is expected as being the first of a series of annual games in which former Sanford and Orlando stars will appear. Arrival here today of Monte Ware and Woodrow Riser from the University of Florida definitely established the fact that they will be permitted to play in the game. They are members of the Sanford squad, and Coach Dutch Stanley has turned a deaf ear to their plea for permission to play. Coach McLucas is expecting that these two halves will be able to appear, but it is in the hands of Lawrence Harrison, who has two players who are available. They are looking out for a quickie. Randall Slaughter, who is at guard along with Monte Ware, and Jack Phillips, a speedy youth, will play at center. Stan Stanley and Lofton Edensford are the end starters. As the result of last night's practice session, it appeared likely that Hobbs Knight will start at quarter, that Skinny Amund and George Mayo will be at the halves and that George McMillan will hold down the fullback position. Other players expected to be seen in action during the game include Claude Kelly, Jack Aycoffe, (Continued on Page Five)

## Officials Study Potentiality Of Central Bank

### Reserve Board Would Be Vested With New Appointive Powers Under Present Plan

WASHINGTON, Dec. 22. —(AP) —Transformation of the federal reserve system into a virtual central bank by vesting new appointive powers in the reserve board, and liberalized discount rules to pump new billions of credit into business were under consideration last night. The centralization plan involves transfer of the power to appoint federal reserve district governors from the district directors to the federal reserve board. At present the board appoints its own agents in each district and thus there is divided authority, one official responsible to the member banks and one to the federal reserve board. Under the new plan the authority would be confined to Washington. Centralization of the rules under which member banks may rediscount notes or borrow money from the federal reserve banks would promote lending of money by banks, it was believed. Another indication of the growing importance of the federal reserve board came yesterday in the decision to leave vacant the posts of federal reserve agent at Cleveland and Kansas City and after formation of the national bank's banking legislation. It was understood the board would look for a strong administrative man for the posts. Also vacant in the post of reserve agent at San Francisco recently offered Commander of the Currency J. E. J. (Continued on Page Two)

## McSwain Charges Power Trust Hand In Report On TVA

WASHINGTON, Dec. 22. —(AP) —Senator McSwain today charged that a power trust hand in report on TVA. (Continued on Page Two)

## Girl Scouts Will Sing Carols Around City Monday Night

Christmas carols will be sung in many sections of Sanford Monday night by a group of Girl Scouts, who will be escorted by Mrs. John Dingfelder as chairman of the Santa Claus Committee. Captain Dorothy Stokes and Lieutenant Marie May, Biscayne and Helen Hubert. The group are expected to meet at the headquarters at 10:00 o'clock. They will sing a large number of carols, and will be escorted by Mrs. J. J. Schuler, who will be in charge of the group. The group will be in charge of the group. The group will be in charge of the group. (Continued on Page Two)

## High School Janitor Badly Burned When Oil Gases Explode

Carl Reddy, janitor at Sanford High school, is in the St. John's Hospital suffering from serious burns received about noon yesterday in an explosion in the boiler room of the school. His condition, which was serious, is said to be improving today. The oil burning boiler had been turned off for about two hours when Mr. Reddy entered the boiler room and prepared to relight the burners. Oil flowing through the open burners was sprayed generally through the boiler under the boiler. Before he was able to apply a match to the burner, a terrific explosion, apparently caused by the gas in the oil ignited because of the heat of the still warm boiler tanks, threw a sheet of flames through the door, enveloping him. The flames covered his body, scorching his face, hands and upper arms, as well as a section of his leg. He was knocked down by the force of the blast and it is said that his eyes were saved by a shower of water that he was given. Another janitor, a member of the faculty, rushed to the aid of the injured man, and after the explosion of the boiler, and within five minutes he was being treated by Dr. H. D. Smith. (Continued on Page Two)

## Christmas Trade Is Near Prosperity Peak

By The Associated Press  
Dollar falling, with season of regularity into the first of a year established a Christmas trade teaching toward prosperity. A nation-wide survey pointed by the Associated Press revealed numerous reports pointing to a volume of retail shopping ranging from "Not unprecedented" in some sections to enthusiastic estimates of gains greater than at some points. Although the exact percentage gain this year over previous years will not be known until well into 1935 when books are checked, merchants in most cases declare that business will be 10 to 25 percent ahead of last year, and decidedly ahead of 1932. (Continued on Page Two)

## 4 Students Killed By Passenger Train

CANONSBURG, Pa., Dec. 22. —(AP) —Four high school students, two boys and two girls, coming home from a school Christmas dance, were killed early today when their automobile was struck by a Pennsylvania passenger train at a downtown crossing. All were members of prominent families. Through a heavy fog, the students were returning in a car from the school's annual holiday dance. The train struck at broadside as it started across the tracks in the center of town. Investigators said the train was late and they expressed the opinion that the driver may have thought all trains for the night had passed by.

## Two Oklahoma Banks Robbed At Same Time

OKEMAH, Okla., Dec. 22. —(AP) —Both banks here, The First National and The Okemah National, were robbed today and reports were that the loot approximated \$18,000. Six men entered the banks before dawn and captured employees as they came to work. With 14 employees bound and gagged, three men in each bank changed out the money when the (Continued on Page Five)

## Paul Johnson Held Up, Robbed Of \$21 By 2 Masked Thugs

Paul P. Johnson, young local grocer, was held up and robbed of about \$21 at about 10:00 o'clock last night when two masked white men, one of them with a gun, forced him to leave from the Paul P. Johnson Grocery Store. ## 'Champagne' Proves To Be Hard Cider

WASHINGTON, Dec. 22. —(AP) —Washingtonians who have been paying \$1.98 for a 100-gram bottle of a special brand of champagne were shocked yesterday to find they had been buying hard cider. The pure food and drug administration seized 200 bottles of a liquid labeled "champagne" at 13 local stores on the ground that it was hard cider charged with carbon dioxide gas to imitate champagne and was improperly labeled. (Continued on Page Two)

## Two Oklahoma Banks Robbed At Same Time

OKEMAH, Okla., Dec. 22. —(AP) —Both banks here, The First National and The Okemah National, were robbed today and reports were that the loot approximated \$18,000. Six men entered the banks before dawn and captured employees as they came to work. With 14 employees bound and gagged, three men in each bank changed out the money when the (Continued on Page Five)
