

Policemen Oppose Auto Integration

DETROIT (UPI)—Detroit police went on a "ticket strike" today and Police Commissioner Herbert W. Hart conceded that putting white and Negro officers together in squad cars was one of the prime factors.

Integration of policemen in squad cars was begun on March 1, which coincided with the expiration of 1958 automobile license plates.

The "ticket strike" became quickly apparent when the number of tickets issued to motorists without 1959 plates dropped rapidly.

In the 24 hours following expiration of the 1958 tags, 72 motorists were ticketed for failing to have their 1959 plates. Last year, the number of tickets issued for the same offense totaled 1,066 in the same period.

"We did anticipate some difficulty with integration as you always have whenever changes are made," he said. "But we will wait and see what develops on this matter."

Plans for the "ticket strike" to demonstrate opposition to integration reportedly were laid at a secret meeting of white police officers a week ago.

"I guess the department just isn't ready for integration yet," said one.

Nation In Clutch Of Nasty Weather

United Press International

Cold weather maintained its grip on parts of Dixie early today in the wake of snow squalls that dumped up to four inches in North Carolina.

Overnight readings in the 30s chilled sections of northern Florida and Georgia, although temperatures in the 40s predominated over most of Florida and Georgia.

A storm system that hit Florida with high winds powered up the coast Monday into the Carolinas, dumping snow, sleet and rain in its path.

Schools were closed at Winston, N. C., when the snow depth hit four inches. Winston-Salem, N. C., measured two inches and Charlotte 1.8 inches. The snow melted as temperatures climbed above freezing during the day.

Cold weather also invaded the nation's central portion, pushing into the Great Lakes and south into central Texas. Light snows occurred during the night from the eastern Dakotas across Minnesota and into the northern Great Lakes. The heaviest amounts fell along the northern shore of Lake Superior.

Police Seek Link In Safe Robberies

CLEARWATER (UPI)—Police sought today to link a \$150,000 robbery of a fashionable resort hotel safe with a series of safe-robbings along the Florida coast.

Pinellas County Sheriff Don Genung said his men were seeking to determine if the three masked men, carrying revolvers and wearing yachting outfits, who robbed the Safety Harbor Spa safe were part of the same gang which has hit safes in St. Petersburg, Tampa, Bradenton, Sarasota and Fort Myers.

Meanwhile, hotel officials worked on an inventory to determine exactly how much cash, checks and jewelry were stolen. Best estimate was \$150,000 or more.

The safe opened and emptied the night watchman and telephone operator at 2:30 a. m. Monday. The technique was similar to that used to crack the other safes in the area, the last one occurring Feb. 21 at Mans Hotel Department Store in the heart of downtown Sarasota.

Motor Club Votes To Fight Gas Tax

TAMPA (UPI)—The Peninsula Motor Club, representing 45,000 Floridians, will oppose any move to increase taxes paid by car owners.

Directors of the American Automobile Assn. affiliate voted Monday not to support any such tax until the state changes its policy and earmarks license tag revenue for highway purposes.

The board said 26 states now

protect their gasoline and license tag revenues by constitutional amendment. It proposed such an amendment prohibiting diversion of motor vehicle taxes to purposes other than road building.

President and General Manager Marvin L. Holloway said "as long as Florida continues to divert over 31 million dollars of tax money annually by automobile owners into the channels not directly serving the already overburdened motorist who pays such taxes in the first place, the state will never be able to provide its citizens and visitors with safe, adequate bridges and highways."

The directors noted that the State Road Department is proposing that the Legislature pass a law allowing local governments to increase the gas tax from seven to eight cents a gallon, with the eighth cent being used at local levels.

The board also urged proper legislation if radar speed checks are to be used; recommended juvenile traffic offenders get the same punishment as adults; urged establishment of a traffic court of record in every county; and asked for issuance of drivers licenses for three years with expiration corresponding to holders' birth months.

Police Closing In, Killer Takes Life

LEAKSVILLE, N. C. (UPI)—A man sought in three states for slaying a police officer committed suicide in his sister's home near here Monday night while police yielded for him to surrender.

Douglas Barker, 37, turned his 32 caliber revolver on himself while standing in a kitchen closet in the home of a sister, Mrs. Will Ruberson. Officers were on the front doorstep and surrounding the house at the time.

Barker, also Kermit Jackson, Sammy Jackson and James Ward, was wanted for the murder of Police Chief Amos Morris of Mannington, W. Va.

Highway Patrolman James A. Parker had spotted the wanted man's car parked in front of the home and summoned assistance.

"I had a reserve deputy with me at the time when we spotted the car," Parker said. "We called in for assistance and more deputies from Leaksville came out."

"We knew he was in there and we yelled at him to come out and give himself up. I was on the front doorstep and then I heard a couple of shots. We went on in and found him in the closet where he had been hiding since around 4:30."

Farmers Reverse Milk Control Plea

TALLAHASSEE (UPI)—The state Milk Commission apparently has won a major battle in its efforts to keep milk controls in the Tallahassee area.

Twenty six Lafayette County dairy farmers presented a petition Monday notifying the Leon Circuit Court they have changed their minds and want to keep Commission controls.

Their surprise action may derail the drive of the local Producers Assn to end controls.

Some 34 per cent of the dairy farmers in the area, including the Lafayette dairymen, secured a Circuit Court injunction last month prohibiting the Commission from regulating the industry. But withdrawal of the 26 names from the petition may mean the petition is invalid because it does not have backing of the required 51 per cent of the area's producers.

Judge Hugh Taylor agreed to accept the farmers' petition asking their names be stricken from the original petition.

D. B. Odum, Commission auditor, testified that if the producers were allowed to withdraw their names, the petition would not represent the needed 51 per cent to take the area from under Commission control.

Judge Taylor said he would make no decision until all sides of the case were heard.

Nude In Ad Risky, Movie Firm Told

WASHINGTON (UPI)—The Post Office Department advised a movie company today it could display the nude charms of a beautiful Spanish woman in a newspaper ad—but only at its own risk.

The department delicately side-stepped, giving advance approval—or disapproval—of the use of Francisco Goya's famous painting, "The Maja Nude," to advertise a movie.

The picture, which hangs in the Prado in Madrid, shows a buxom Spanish Duchess stretched full-length on a couch.

The movie company asked the department for an "advisory ruling" on whether newspapers that carried the proposed ad would be barred from the mails.

General counsel Herbert H. Warburton replied that the department couldn't very well rule on the ad until it actually had appeared in a publication that had gone through the mails.

Warburton said a lot would depend on how the picture was used and what kind of captions appeared with it.

Despite the controversy, "The Maja Nude" is considered an artistic masterpiece.

Mercury To Climb Then Plunge Again

LAKELAND (UPI)—A cold front pushed temperatures down into the 30s in northern Florida today and swept chilly air through the southern end of the state.

The Weather Bureau said the mercury would climb into the 70s in the afternoon, contrasting with Monday's high which lingered in the 60s.

But another cold front was moving southward through the Mississippi Valley and forecasters said it would usher in sub-normal temperatures for the third consecutive night.

Temperatures at 5 a. m. ranged from 37 in Daytona Beach to 38 in Tallahassee and 30 in Key West. In Miami it was 50. Other temperatures were: Orlando, 48; Fort Myers, 47; Cross City, 39; Pensacola, 34.

Ambassador Okayed

CONAKRY, Guinea (UPI)—Djalma Teffé, Guitra's permanent delegate to the United Nations has been approved by President Eisenhower as this newly independent West African republic's first ambassador to the U. S. It was announced today.

Steve Allen Lewis

FERRIDAY, La. (UPI)—Rock 'n' roll singer Jerry Lee Lewis announced Monday he has named his 14-year-old son for television entertainer Steve Allen. Lewis said he chose the name Steve Allen Lewis because "I appreciate his first ambassador to the U. S. It is all Steve Allen has done for me."

Control Rock 'N Roll, Congress Asked

WASHINGTON (UPI)—Congress was urged today to do its bit to curb the spread of rock and roll music.

Rep. Torbert H. Macdonald (D-Mass.) charged that a new post office policy is subsidizing "the purveyors of this musical nonsense."

Unless the Post Office Department changes the policy, he said, Congress should write a law revising it.

Macdonald attacked a ruling last Aug. 1 which made all phonograph records eligible for lower postal rates as fourth-class mail. This was possible under a law passed by Congress last year, Macdonald said, however, the law

was intended to cover educational material and not all types of music.

A Post Office Department spokesman said the department had "no alternative" because "we're merely carrying out the law as set by Congress."

The congressman leveled his attack in a speech prepared for delivery in the House today. Ad-

vance copies were made public Monday night.

He said he's always been told that performers such as Elvis Presley and Jerry Lee Lewis have "an adverse effect" on education of teenagers.

"Putting such immortal rock and roll classics as 'Toby Twitchy Feeling', 'Honey Comb', 'Stagger Lee', and 'Spish Splash' in the same category as the recordings of Bach, Brahms and Beethoven, et al., is a horrible perversion of the intent of Congress," he said.

Eddie's Two Loves On Same TV Show

HOLLYWOOD (UPI)—Elizabeth Taylor and Debbie Reynolds, who have avoided one another since the Eddie Fisher entanglement, will appear on the same TV show next month.

The raven-haired screen siren and apple-cheeked Debbie chose the biggest blowout of all for their get-together—the Academy Award TV extravaganza.

But it won't be "old home week" for the love rivals.

The girls are scheduled to present Oscars to winners in two important categories, but their appearances will be well spaced during the 105-minute program.

FUTURE FLORIDA DESIGNER: Fantasies today...fashions tomorrow!

Today, it's make-believe... tomorrow, perhaps, she'll design for the world as even today all America looks to Florida for the finest sunshine fashions. Just what will her opportunities be?

Today in Florida, fashion is big business... and it's growing! Aggressive, forward-looking designers, artists, seamstresses and models are taking the lead in the world of sunshine fashion... creating a flair in sunshine wear that is the challenge of style centers around the world. Each year, literally thousands of dollars worth of Florida-made fashions are shown and bought in

markets everywhere.

But what about tomorrow? Will this girl with talent and imagination be able to contribute freely? Will she be free to create the fashions the public desires? Or will she be obliged to design utilitarian garments to fit a plan conceived by a meddling bureaucracy? She will be free to serve her patrons and her industry only if we preserve our system of free enterprise... the system which has helped build our living standards to the highest in the world... a system which allows each of us to think and create freely.

Just as our apparel industry is creating better things in fashion, so Florida Power & Light Company is creating better things electrically. Great new plants and generators, new substations and additional lines now under construction will soon supply literally thousands of added kilowatts for HAPPIER FLORIDA LIVING... ELECTRICALLY!

Khrushchev Ready For 'Brink'

Cleveland Views Request From All Possible Angles

Jack Cleveland Jr., board member of a local advertising agency, said he had a "delectable" dinner yesterday afternoon.

As president of the Seminole County Chamber of Commerce, he wished to see the county's appropriation for national advertising approved.

As county attorney, he had to rule on legality of the appropriation.

As a representative to the state legislature, he promised the Chamber and Board that he and the rest of the legislative delegation would propose a bill authorizing county funds for advertising purposes.

John Ivey represented Cleveland in the plea for an appropriation. The Jaycees were represented by Mason Wharton, who requested \$1,500 for the annual donation.

Appropriation of funds to the Chamber of Commerce was criticized by State Auditor Brian Wilks, who said that lump sums should not be paid to the county organization.

Don't Be Afraid, Ike Tells Nation

WASHINGTON (UPI)—President Eisenhower warned today against war scare stemming from East-West tensions, saying the nation's defenses are powerful and satisfactory for the present.

The President said it was true that the U. S. was faced by Russian propaganda and vituperation to live in a half world of peace and threat. But he thought it unwise to devote so much public discussion to the possibility of this country suffering some form of attack.

Eisenhower said he saw no present need for an airborne alert with bombers constantly aloft. But he thought the day might come when such an alert would be necessary.

For the moment, he said emphatically, measures taken by the Defense Department are completely adequate.

He said the most recent Russian note was filled with propaganda distortion, but was something hopeful in its admission that something could be accomplished in a foreign ministers' conference. He promised that the Allies would answer the note as constructively as possible.

Diplomats Report Stand Not Changed

United Press International
Soviet Premier Nikita Khrushchev is ready to go to the brink of war to get his own way over Berlin and the German question, diplomatic sources said today in London.

The cold war situation was so serious 83-year-old Chancellor Konrad Adenauer of West Germany traveled to Paris to confer today with President Charles de Gaulle on means of strengthening the Paris-Bonn alignment against some precipitate Soviet move.

President de Gaulle was studying closely reports on the Moscow meeting between Khrushchev and British Prime Minister Harold Macmillan.

Diplomatic sources in London said Macmillan returned from Moscow prepared to assume the role of East-West mediator to convince the Western Allies the world is heading toward a real crisis if both sides fail to make concessions soon.

The sources said Macmillan will tell the Western chiefs that Khrushchev is determined to have his way on Berlin and that Khrushchev is the only person in Russia that the West can deal with if it wants to get anything done but talk.

The Western world already was looking to the forthcoming meeting of Eisenhower and Macmillan for war-or-peace decisions on Berlin and Germany.

Adenauer and de Gaulle were deeply concerned with the Macmillan-Khrushchev communique proposing to study the possibility of reducing atomic and conventional armaments in Central Europe.

County May Obtain Osceola Airport

Seminole County may have its own airport within a year, John Krider, manager of the Chamber of Commerce and chairman of the Board of County Commissioners, revealed yesterday.

Osceola airport, used by the Navy for practice landings, will become available to the county next summer. The airport includes 1,100 acres of cleared land and a mile-long paved runway.

To obtain the runway, Seminole County needs a local bill authorizing it to own and operate an airport. The bill will be passed in the next legislative session. The county can apply to the government for the land.

Krider said that the best part of the proposed transaction is that Seminole County would obtain the airport for "possibly \$1 or at least a very small consideration."

The Osceola strip is located east of Sanford on Lake Harney.

2 Grab Golf Bag, Run, But Not Far

Two men walked calmly into the lobby of the Mayfair Inn shortly after 2 a. m. today, grabbed a golf bag, and ran from the hotel.

Night manager Howard Chadwick told police the men had entered a light colored car and headed south on Melbourne Ave. They were apprehended at 13th St. and Sanford Ave. shortly by Sgt. W. R. Cosgrave and Earl Boutquard.

Chadwick and George Eyer, Mayfair bellhop, identified the two men when they were brought back to the hotel. The golf bag still was in the back seat of their car.

The men were identified as Milford LeRoy Calhoun, and his brother Harry R. Calhoun, of Warren, Pa. They have been living in Oviedo for two weeks, police said.

Abner Michael, a guest at the Mayfair Inn, left today without his bag and clubs, which were insured for \$250. They will be returned after the case comes to trial.

The Calhouns are in jail.

Red Chief Renews Demand For Treaty

LEIPZIG, East Germany (UPI)—Soviet Premier Nikita S. Khrushchev today renewed his demand for an East-West conference to conclude a peace treaty with Germany.

The Soviet leader insisted that German reunification can be brought about only through agreement between the two German states.

"That is the only way to peaceful reunification," he told a mass rally of Communists in this East German city.

"Disputes will not be settled by force," he declared. "Only lunatics can seek solutions in a war."

But in his speech at Wilhelm Leucner Square in Leipzig, the premier squarely reiterated proposals that already had been rejected by the West.

Litterbugs Warned To Halt The Habit

Garbage dumpers in the county are going to find themselves looking into the eyes of the law if they pursue this nasty habit.

Sheriff J. L. Hobby is offering a \$25 reward for information leading to the arrest and conviction of anyone dumping trash in Seminole County.

The sheriff said that citizens themselves will become watch dogs for the law. Complaints about garbage and trash strewn on county roads and parkways have become increasingly frequent.

Commissioner Lawrence Swafford told the Board of County Commissioners yesterday that 13 cases papers were arrested. The papers were being issued from cars directly against the "no dumping" signs.

"Garbage can be found all around the signs, even the ones that ask for information leading to the litterbugs," he said.

Weather

Fair and mild through Thursday. High today 72 to 74, low tonight 52 to 54. Variable winds 5 to 15 miles per hour.

Pioneer To Greet Moon Late Today

WASHINGTON (UPI)—The U. S. Pioneer IV satellite, running slightly behind schedule, sped today toward a late afternoon rendezvous with the moon.

The National Space and Aeronautics Administration said that the space capsule, on its way to becoming an artificial planet, should pass within 30,000 miles of the moon at 5:24 p. m.

At 11 a. m. the gold-plated space probe was 307,000 miles above the earth and coasting along at 4,889 miles an hour toward the vicinity of the moon and an orbit around the sun.

Officials said that only a collision with a meteorite could stop the 134-pound satellite from joining Russia's 2,245-pound Lunik in orbit around the sun.

But Pioneer IV's timetable was set back. When the satellite was launched from Cape Canaveral, Fla., early Tuesday, scientists had hoped it would reach the vicinity of the moon at 10 a. m. today.

The time was pushed back to 3 p. m. when it was discovered the satellite was slightly off course and another recalculation late Tuesday established the 5:24 p. m. rendezvous.

The deviation in course also swung Pioneer IV farther away from the moon than the 18,000 miles originally predicted and cancelled out two experiments to be triggered near the moon.

Nevertheless, the project is considered an unqualified success.

Odham Sponsors Children's Concert

Odham and Tudor has underwritten the cost of the children's performance of the Florida Symphony Orchestra.

Children of Sanford and Seminole County grade and grammar schools will be admitted free to the 3:30 p. m. concert March 10, as guests of the construction company.

The 80-piece orchestra will play selections from classics loved by children the world over. Both afternoon and evening performances will be in the Sanford Civic Center.

The Sanford Recreation Department is making every effort to encourage parents to let their children attend this free concert, in the belief that good music is an inspiration to good living.

Tickets for the evening performance of the orchestra are on sale at Touchton's Drug, Houmlin and Anderson and the Civic Center. The concert will begin at 8 p. m.

Adults and older students will hear excerpts from Liszt's Carmen, The Nutcracker Suite and tunes from Broadway shows. The program will last a full two hours.

Debbie Says 'No' To Plea Of Eddie

HOLLYWOOD (UPI)—Actress Debbie Reynolds says she has turned down Eddie Fisher's request for a Nevada divorce that would free him to marry actress Elizabeth Taylor.

"I haven't given my consent to a Nevada divorce because I don't believe in it," the perky actress said. "I feel it would be embarrassing to my children to one day find out their father had two wives at the same time."

Miss Reynolds, 26, was awarded a large property settlement plus custody of their children, Carrie, 2, and Todd, 1, Feb. 19 when she received an uncontested interlocutory divorce here.

The divorce does not become final under California law for one year.

"I've already given him a divorce," Miss Reynolds said Tuesday in acknowledging that Fisher had sought her permission for a Nevada divorce. "That's what he wanted."

"I wish Eddie no ill will, but I don't want him back either. It's his life and his business now."

She was careful to point out that Fisher wouldn't need her permission to obtain a Nevada divorce anyway.

Attack Is Fatal To Negro Trucker At Local Market

A 41-year-old Negro fell dead of a heart attack at 10:45 this morning at the Sanford Farmer's Market. The man was identified as E. C. Clark, trucker from Valdosta, Ga.

Clark was seated in the office of Lefley F. Richards, salesman for Chase and Co. at the market. Richards said Clark had come to pick up a load of produce for the trip back to Valdosta, and fell off a chair in the office.

Constable Slim Galloway went to the scene. Coroner Hugh Duncan ruled that death was the result of natural causes.

Frederick Plans 'School Choice' Bill

Seminole Rep. Gordon Frederick today "unlocked" the Parent Option Bill and said he planned to introduce a bill in the Legislature to give school patrons a right to vote on whether to close schools faced by integration.

Frederick said that many people, particularly G. Collins and State School Supt. Tom Bailey, are hailing the Option Bill as the solution to the ever-present school integration problem.

"The people of Florida certainly are entitled to know that the Parent Option bill does nothing more than say to the people: if you don't like the situation you can take your child out of school," Frederick said.

He added that the true solution to the dilemma "lies squarely upon the shoulders of Congress, which should present this problem to the people in the form of a constitutional amendment."

Until such time as Congress shall see fit to "determine" the U. S. Supreme Court, which has "suspended the legislative authority of Congress, I feel justified in leaving to the people the decision," Frederick said.

Three possible actions would be available under Frederick's bill: 1. School patrons could withdraw their children and ignore the situation. 2. They could close and abandon the system of free public schools or 3. Establish their own private education facilities and pay from their own pocket the price of segregation.

In considering private schools, Frederick said the people should be aware that any locality abandoning public schools will not be eligible for any public monies. He referred to a U. S. Supreme Court decision which states that tax funds cannot be used to support, directly or indirectly, the operation of private, segregated schools.

"Should the integration pressure force any locality to abandon public schools and attempt to set up private schools, those persons whose children attend such private schools must reach into their own pocket and defray the actual expense of such a private education," he said.

"Under existing rulings there is no way by which public education can be utilized to provide education on a segregated basis. If you want segregation in our schools, then you, the people, must be prepared to pay for it."

Frederick said his bill not only would give parents the right to withdraw their children, immediately, but also would give parents the right to decide by ballot whether to continue operation of the school. The bill also provides machinery for leasing public facilities to private enterprise for school operation.

Frederick said the Parent Option Bill "does nothing more than permit the people to back away from an ever-growing problem." He added: "In truth, it would appear that the Parent Option serves those who have the past several years been attempting to integrate their schools. If placed in effect, it probably would result in turning schools over to those persons who seek to upset the existing situation."

He said the question is, and has been, whether the Supreme Court can exercise dictatorial power. The decision as to whether the state shall continue to operate free public schools is a decision which belongs to the people. "The cause they provided, in adopting the state constitution, for existence of a system of free public schools," Frederick said. And the people are entitled to determine whether, under existing situations, such a system should continue to exist, he added.

"Certainly we would hate to see such a noble institution as our public schools fall victim to the integration 'battles,'" Frederick said. "I like many others, feel that our free public schools have been responsible, greatly, for the tremendous advancement made by the U. S."

"Likewise, I feel that we owe an obligation to posterity not to stand idly by and see our great nation engulfed in a judicial dictatorship which has gradually come into existence and which grows taller and even more powerful with each passing moment."

Under the Parent Option, a student might be removed from school under certain circumstances, and enrolled in another school in the county, Frederick pointed out. If the integration question were county-wide, such a child could be placed in schools of another county, with transportation and costs of such a move furnished by the school board, he added.

Speaker Says Floridians Must Face 'Mix' Issues

"It is the decision of all the people and citizens should contact their representatives to let their views of education in this state be known," said Mrs. Johnson.

"I hope and pray that we, the citizens of Florida, find the way to make the right decision in this matter," she said in closing her talk.

Don Hales, PTA president urged members to be present at a special meeting April 7 at 8 p. m. to decide either to stay or withdraw from the national PTA.

Mrs. Anne Aiken, chairman of the nominating board, read nominations for new officers. Hales was re-elected president. Mrs. Bill Kirk was elected for first vice president, Mrs. Velma Mitchell, second vice president, Mrs. Ralph Jarvis, secretary, Bob Shelden, treasurer and Mrs. Andrew Brashers, historian.

Sanford Will Host Firemen Saturday

Registration will start at 12:30 p. m. in the VFW building. Speakers for the 8 p. m. business meeting include the state secretary and Sanford City Manager W. E. Knowles.

Supper at 8 and a dance at 8 p. m. will conclude the program. Attending will be firemen from Lake, Orange, Volusia, Brevard, and Seminole Counties.

All volunteer and retired firemen are invited to attend, as well as regular association members.

Council Will Meet

The Longwood Town Council will meet Thursday at 8 p. m. in the Town Hall.

Russ Tanks Guard Berlin Approaches

BERLIN (UPI)—Two hundred Russian tanks sit just outside encircled West Berlin. They are a Communist reminder to West Berliners that their city could become another Budapest, should the shooting start. Completing the Soviet encirclement are 300,000 Russian troops in East Germany.

By almost any measure, the mounting cold war pressure on this free island in a sea of Communism should be almost intolerable. But West Berliners' nerves remain unshaken. They even manage to joke about it. This week a 70-year-old grandmother who lived through the Allied bombings of World War II, left for a vacation in Baden Baden.

"We're taking our vacation early this year," she explained. "But we'll be back before May 27."

Others echo her determination. A high ranking American here described the West Berlin attitude this way: They are apprehensive but unafraid. They mistrust the future but are ready to face it. There is no attempt to minimize the Communist threat here.

A German editor described it as more dangerous to world peace than either last year's Quemoy crisis or the one which led to American troop landings in Lebanon.

May 27 is the date on which all eyes are fixed. That is the expiration date for Soviet Premier Nikita Khrushchev's ultimatum to the Allied powers to get out of West Berlin and turn it into a "free" demilitarized city.

Each day, the Communist East German radio blasts its reminders across the border. Daily, city officials and others such as ordinary policemen receive anonymous letters warning them to get on the "right" side now.

The threat is one of two forms of Communist approach. The other is a blandishment. Remain capitalists, the Communists say to West Berliners, but be truly free by siding yourselves with Western militarists and spies.

But the West Berliners show no signs of accepting either Red threat or blandishment.

PACKING PLANT BURNS — Navy firefighters were at the scene of this fire minutes after it had started. The abandoned celery packing plant on Brisson Road was owned by Chase and Co. and started burning shortly before noon yesterday.

(Herald Staff Photo)

Milk Probe Delayed; Odham Is Target

TALLAHASSEE (UPI)—An investigation scheduled for today on a petition by dairy farmers to pull the Tallahassee area milk shed out of state controls has been postponed.

The investigation was called off Tuesday pending a decision by Circuit Court whether the state Milk Commission has jurisdiction in the area.

Hearing on final arguments in the case were scheduled for Friday.

A Madison dairy farmer testified in court Tuesday that he opposed state milk controls as long as J. Bradley Odham of Sanford was chairman of the Commission.

Ben Waring, former member of the Commission, said he did not object to state regulation of the industry, but was opposed to the present administration.

Waring, one of the signers of the petition, told the court he favored dropping controls if it eliminated Odham and producer member Jim Acree.

A total of 13 additional farmers asked to add their names to the petition to withdraw the area from

state controls. A petition was submitted Monday by a group of Lafayette County farmers, seeking to remove their names from the original withdrawal petition.

Farmers who signed the withdrawal petition also signed an 18-month contract with major distributors to sell their milk for 57 cents a gallon, about four cents under Commission set prices.

Distributor member F. Wilmer Bassel of Monticello testified that at the end of the 18-month period, producers would revert to pricing regulations of the Commission and during that period would seek readmission to Commission regulation.

Odham's appointment as a

LEGAL NOTICE

NOTICE IS HEREBY GIVEN that the Board of Adjustment of the City of Sanford will hold a regular meeting at 2:30 P. M. on March 10, 1959, in the City Commission Room at the City Hall in order to consider an appeal for a variance concerning construction of a second main building on a single lot as follows: Lot 8, Block 2, Tier 6, Property No. 452.

Edward J. Lane, Chairman
To be heard on Wednesday, March 4.

Legal Notice

NOTICE OF PUBLIC HEARING ON PROPOSED CHANGES AND AMENDMENTS IN CERTAIN ORDINANCES OF THE ZONING ORDINANCE, NAME OF THE CITY OF SANFORD, FLORIDA.

Notice is hereby given that a Public Hearing will be held at the office of the City Commission in the City Hall in the City of Sanford, Florida, at 2:30 o'clock P. M., March 23, 1959, to consider the following changes and amendments to the Zoning Ordinance of the City of Sanford, Florida:

To provide for mechanical garages to be permitted in District C-1 (Commercial-Residential), however, to continue to prohibit establishing paint and body shops in said district.

'Deadly' Escapee Joins 'Most Wanted'

WASHINGTON (UPI)—Edwin Sanford Garrison, a persistent jail breaker who is described as "dangerous as a rattlesnake," made the FBI list of 10 most wanted criminals today for the second time in less than six years.

Technically, the scarred, slender criminal is wanted on a charge of unlawful flight to avoid confinement. To police in four states—Alabama, Kentucky, Ohio, and Michigan—he is known as a vicious lawbreaker who has pursued a life of crime for nearly 21 years.

They grey-haired, 38-year-old Garrison has been convicted of robbery, kidnaping and murder. Garrison has a reputation as a

mathematical genius and is known as a "human adding machine." Acquaintances say he can mentally compute complicated arithmetic problems faster than a calculating machine.

On several occasions, he is reported to have worked at race tracks computing odds for bookmakers faster than the pari-mutuel machine. The FBI reports he drinks to excess on occasions and in the past has suffered from acute sinus trouble.

Following is a descriptive of the fugitive:
Believed born at Newport, Ky., white, slender build, standing 5' 9", weighing 137 to 143 pounds.

Grey-haired, blue-eyed with medium complexion. Wears false teeth. He has numerous scars.

Oviedo

By Marian R. Jones
Mr. and Mrs. C. C. Hankins, Charlotte, Mich., have been the houseguests of Mr. and Mrs. Lynn Mosier.
Mr. and Mrs. James E. Brookshire have had as their guests recently, her brother, Jim Wurst, and Sanford Mann, Howard Stewart and Buddy Cloerr, all of Franklin, N. C.
Ralph King, who suffered a stroke last Friday morning, is a patient at Winter Park Memorial hospital.
Joe King is confined home due to illness.
Mr. and Mrs. J. H. Jones took her mother, Mrs. H. V. Reeves, to her home in Macon, Ga., last weekend, after a three months visit with them, here.

Methodist Guest
Rev. Garfield Evans, missionary for many years in Cuba, was guest speaker at the morning service at the First Methodist Church Sunday. Sunday school pupils heard him at an earlier hour and the MYF entertained him at a supper at 6 p. m. At evening worship, members were shown colored slides of a cross section of work in Cuba.

Birthday Party
Mr. and Mrs. W. A. Ward Jr. entertained with a party at their home, honoring their daughter, Debbie, on her eighth birthday, last week.

Attending were Linda and Ann Riggins, Martha and Mary Courter, Linda Gammage, Rose Rice, Janet Clonta, Kathy McCall, Gail Beasley, Carol Burns, Beth Gior, Deborah Rountree and Marsha Ragdale.

Local Women Elected
Mrs. Lynn A. Mosier was elected president and Mrs. J. B. Jones Jr., corresponding secretary of the Seminole Federation of Women's Clubs at a meeting of the groups at Altamonte Springs last week.

Girl Scouts Serve
Marilyn and Suzanne Partin, daughters of Mr. and Mrs. Jim Partin, were members of the Oviedo Girl Scouts chosen to serve in county offices this week in observation of National Girl Scout Week.

Fire Destroys Home
Members of the volunteer fire department were unable to save a colored couple's home when it caught fire last Thursday afternoon.

There are nine children in the family and members of this community have donated clothing, household articles and funds to them.

Odham Is Responsible For New County Plant

Seminole County yesterday welcomed a new industry, Dynatronics, Inc.

Securing industrial plants always involves much work by many people. Usually, however, there is a guiding hand. This was the case in the location of Dynatronics, too. The man who, more than anyone else, deserves credit for this plant is J. Bralley Odham, president of Odham and Tudor.

Many others played prominent roles in the successful relocation of the young and aggressive electronics plant. The official signing yesterday climaxed four months of efforts to find a suitable location and adequate space for Dynatronics, which has outgrown its quarters in Orlando.

Odham stepped into the breach to assure the county of the plant. He obtained the land on which Dynatronics will be located. He also agreed to build the initial quarters for the firm.

He made it very plain that he is "sold" on Dynatronics, the young men who are the principals and the future growth of this area. Pointing out that he has a chance to reap some financial gain from his agreement, Odham offered to assign to "any citizen among us" his lease-purchase agreement with Dynatronics.

Odham entered into negotiations for the plant because he knows that the economy of the county and area will benefit. As a progressive businessman, he also is aware of the future of electronics, missiles and the Space Age, all of which are tied closely to the future of Dynatronics.

Odham fully expects the newest member of the local industrial family to become one of the area's major employers within a few years. The success story of Dynatronics appealed to him. The firm was born two years ago. It had 18 employees. Now, about 100 are employed. This number will be increased to about 125 when the firm occupies its new quarters in June.

Odham had good advice for Sanford and Seminole County during final negotiations with Dynatronics. He said that people who do not invest in the area's future are short-changing themselves. He has exhibited his faith in this area. If he finds something else which will be beneficial, he will demonstrate again this faith.

The Sanford area is indebted to Odham. He attempted to give most of the credit to others. But his was the hand which guided the efforts to success.

'Climate' Favorable

Sanford Manufacturing Co. has been given the "green light" to expand its local operations.

The textile plant, in operation here only a short time, has found the climate, actual and industrial, to its liking. Sanford Manufacturing is planning to make Sanford "home base" in the future.

This company has found success in Sanford. Otherwise, it would not be contemplating a move of such major proportions.

Sanford City Commissioners helped smooth the road to expansion by voting to sell adjoining city-owned property to the firm, assuring the plant that land will be available at a reasonable cost when expansion plans materialize.

Sanford Manufacturing officials are wise in deciding to cast their lot with this city. The future will prove this to be so.

'Goof' Delays Bill On Orange

WASHINGTON (UPI)—A technicality has delayed for at least two weeks passage of a bill to permit coloring of Florida and Texas oranges.

The bill was rescheduled for a vote March 16, the next calendar day of the House. The Senate already has approved the measure. The delay was caused Monday when the House Commerce Committee sent the wrong version of the bill to the House. The committee sent the original bill rather than the Senate passed version containing several amendments.

HEARSE DRIVER'S ASSISTANT

Washington Calling

By MARQUIS CHILDS

WASHINGTON—With Premier Khrushchev slamming the door on a Foreign Ministers' conference and the Geneva talks on atomic testing about to be broken off, the outlook in the cold war is for sub-freezing temperatures.

The prospect is at least as dark as at any time since 1913. The cheerful rumors of a thaw which coincided with the visit of Anastas Mikoyan have entirely evaporated.

For some in the Administration this will seem like a welcome reprieve. It does away, for the time being at least, with the necessity to think out the terms on which meaningful negotiations with the Russians might be conducted. The painful process of thought and even worse the necessity to coordinate the thoughts and ideas of the Western allies—can again be postponed.

What remains is simply to stand firm, a position which President Eisenhower endorsed four times at his press conference. Once again a frigid blast from the Siberian steppe has saved the day.

This has a beautiful simplicity, but when it is examined a little more closely the flaws become evident. Is standing firm a policy? That is to say, a policy which is

valid and workable beyond the moment of confrontation on the deadline of May 27 set by the Russians for their departure from Berlin.

It is a policy for a month or six years? Does the Western position in Berlin go on subsisting for an indefinite future by means of a precariously held supply line? If answers to these questions are being formulated the process is not visible here in Washington.

Answers to such large questions in the past have come from Secretary of State John Foster Dulles—and Dulles is in Walter Reed Hospital undergoing massive radiation therapy for cancer of the abdomen. The optimistic bulletins which resemble those issued after President Eisenhower's heart attack, have him in high spirits.

Certainly, he is a man of courageous spirit. But he is nevertheless in the grip of a fearful illness under treatment that itself exacts a heavy toll. While he reads the newspapers with his old concentration and even keeps abreast of the news on the news ticker at Walter Reed, he does not disguise from those who see him that he is far from able to consider seriously or at any length the major issues of current diplomacy.

What is more, he has been

scrupulous, in the contacts he has had, to leave the day-to-day direction up to Under Secretary Christian Herter. The relationship between the two is close, confident and friendly. Herter feels that he has the full backing of his chief in this interval.

Nevertheless, for the man sitting in Dulles' chair it is an extremely difficult interval. He must carry on without seeming to encroach on the policy-making prerogatives of the Secretary. His own feeling is that obviously he cannot hold press conferences nor appear in any way to usurp the No. 1 position.

The gap that Dulles leaves in the daily functioning of the department is a large one. Herter's normal schedule, from about 8:30 in the morning to 2:30 or 4 in the evening has been stretched out as, in effect, he undertakes to do two men's work. But the real difficulty is in the anomaly of his position betwixt and between authority. That being the case, it is obvious that the interval cannot continue for long without damage to all concerned.

In this moment of swiftly mounting tension it is not alone Dulles' condition that is causing concern. From Bonn comes word that Chancellor Konrad Adenauer, the other apostle of strength, is, at 83, hard put to give more than two hours a day to his office. He tends to forget with one visitor what he has said to the previous caller. Moreover, influential Germans are spreading word at home and abroad that Adenauer's policy no longer commands full support.

To stand firm in strength is the first requisite. But it is not the necessity and it is just here that the crisis of leadership in the West is most painfully evident. So much can be lost on the road to Berlin even if that road is kept open into the unforeseeable future.

Letters To The Editor

Sanford Herald:

I am writing concerning the last paragraph of the story on the front page of the Feb. 24 edition of your newspaper. I attended that meeting of the Seminole PTA Council and integration was certainly not what I had in mind, nor did I receive the impression that integration was an issue at all at that meeting.

The issue concerned a much greater one—that of one worldism and its teachings of our children through UNESCO, which the state and national PTA organizations advocate.

The only connection I can see between one worldism (I will not dignify it by capitalizing it) and integration is that a one world government made up of a few men of different backgrounds and beliefs, could dictate integration terms just as it could dictate all other conditions under which we live—our immigration quotas, the produce we could sell, the jobs we could hold, the salaries we would pay, our religion, and indeed, the very words that we could speak.

I, for one, do not want to be dictated to by a small group of powerful individuals making up a so-called world government, and I do not want my children to be indoctrinated with such slavish and dangerous ideas through UNESCO. By being a member of the PTA I am endorsing UNESCO too—God forgive me. I certainly shall not join that organization again. I cherish my American heritage and freedom too much.

Yours very truly,
 Thelma Lee Clonts

TODAY'S PICTURES ARE TOMORROW'S TREASURES—Wieboldt's CAMERA SHOP 210 R. PARK AVE.

Editor, Sanford Herald:

The two articles about the Seminole County Home were indeed enlightening, and to those who respect secure citizens, it must have made them cringe and weep as it did me. Is there something we can do to outfit rooms with decent furniture and bedding? Surely there are organizations with altruistic tendencies, which will want to aid in giving some comfort and beauty to this forlorn and decadent place that is erroneously called a HOME.

It sounds like an eighteenth century prison. I cannot conceive of elected officials, who have such institutions under their control, to allow such treatment of the aged regardless of creed, color or race, and to have ignored frequent inspections and prevented such decay. The business of just existing for the inmates must be torturing enough let alone not having a few creature comforts.

You can count on my check for a sizeable amount and personal aid if permissible. I have learned from others that the management in charge now are doing a fine job with the pitance they have to work with but they need help. Let's hear from others who have hearts and who realize that someday age will come to them. The Herald is surely doing a fine job in reporting and progress is definitely noted in your format and editorials.

Sincerely and earnestly yours,
 (Signed) Ruth M. Hamilton, Longwood

District Again Seeking 'Citizenship'

WASHINGTON (UPI)—According to Sen. Norris Cotton (R-N.H.), the American colonials who complained about taxation without representation simply hadn't seen it with representation.

This is a good gag but it hasn't done much to ease the pain of local residents who claim to suffer all the burdens of citizenship while being denied one of its main blessings—the right to vote.

So here were the three commissioners of the District of Columbia (that's Washington) telling a joint session of House and Senate district committees they would like to surrender their jobs—to

which they were appointed by the President—in favor of home rule for the capital city.

They weren't asking anything like statehood for the district, although admission of Alaska as the 49th state has stirred some argument here that this would be a logical thing.

After all, Washington has a population of 823,000 people against only 210,000 (including the soldiers) in Alaska. Furthermore, it's contiguous with the rest of the country and in fact is surrounded by it.

But making a state out of the District of Columbia would take

a constitutional amendment. All that the commissioners were proposing was to make the 63-square-mile district a territory, like Alaska was before her admission to statehood.

"Neither the residents of the district, the states, nor the remainder of the Free World can understand why U. S. citizens who are residents of the nation's capital are denied all forms of the franchise," said Commissioner Robert E. McLaughlin.

There are slightly more than two and a half million TV sets in the Soviet Union.

Glee Club Has Annual Crystal Ball

The Seminole High School Glee Club held their annual Crystal Ball last week-end at the Mayfair Inn Hotel with more than 250 students attending the gala event. The highlight of the evening was the crowning of the "Belle Of The Ball" and this honor was bestowed upon Miss Kay Ivey, 17 year old daughter of Mr. and Mrs. John Ivey. Receiving runner-up mention were Miss Audrey Bolger and Miss Edith Hanson.

BELLE OF THE BALL is Miss Kay Ivey, seated, and her attendants, Miss Audrey Bolger and Miss Edith Hanson with their escorts, Henry Cason and Larry Elmore. John Mann, seated, escorted Miss Ivey. (Photo By Jameson)

In a setting of blue and silver balloons, streamers, and arrangements of azaleas, the young crowd enjoyed dancing and a floor show in which Barton Pilcher, Frankie Jones, Cathy Bond, Jane Harwood and Carol Ellison participated. Dancing began at nine o'clock with the Populaires furnishing the music. Later Ernest Cowley, High School bandmaster, directed a promenade and while all dancers were on the floor the master of ceremonies, Gary Baker, Glee Club President, announced the name of the "Belle of the Ball". General chairman of the event was Miss Yeackle and assisting her were Charmion Miller, Evie Kratzer, Connie Brown, David Stanley and Duke Schirard. Chaperones were Miss Ethel Riser, Ernest Cowley, Mr. and Mrs. Barton Pilcher, Mr. and Mrs. Guy Allen and Miss Ollie Reese. White Miss Whittle is the director of the Seminole High School Glee Club.

Church Calendar

WEDNESDAY
The Senior High Choir of the First Presbyterian Church will meet for supper at 6 p.m. and for rehearsal at 6:30.
The Mid-Week Bible Hour of First Presbyterian will be conducted by the Pastor, Rev. A. G. McInnis, at 7 p.m.
The Chancel Choir of First Presbyterian will meet for rehearsal at 7:30.
Pinecrest Baptist Church Chapel and Concord Choir practice at 6:30.
Pinecrest Baptist S. S. Officers and Teachers' meet at 7:00.
Pinecrest Baptist monthly business meeting, followed by prayer meeting at 7:45.

THURSDAY
Girl Scout Troop No. 233 of the First Presbyterian Church will meet in the Youth Building at 3:15.
A family night covered dish supper will be held at the First Presbyterian Church at 7 p.m.
Pinecrest Baptist Church Brotherhood meeting at 6:30.
Pinecrest Baptist Church Choir practice at 7:30.

Many Activities For Jaycee Wives
Jaycee Wives met this week at the home of Mrs. Kay Shoe maker and mapped out plans which will be keeping them an active group for a long period of time.

A committee was selected to assist the Jaycees in the decorating of the new Information Building and Mrs. George Soper will head this committee. She will be assisted by Mrs. F. Wade Tye, Mrs. Jack Wilbur and Mrs. Mason Wharton.
The group also will aid with the movie to be sponsored at the Movieland theatre on March 12th and 13th and the funds from this will be used for the new building.
Plans to help Jaycees assemble the scrapbook for the convention in St. Petersburg later this year, were discussed. It was announced that Mrs. Wharton will head the Eastern Egg Hunt Committee. Around 100 dozens of eggs will be dyed.
During the program planned by Mrs. Soper, Neil Altman of Neil's Hair Design Studio talked to the group and demonstrated ways of individual styling.
The next meeting will be held on the 6th of April at the home of Mrs. Tye with Mrs. Sylvia Bergstrom as co-hostess. At that time Mrs. Billie Burke will be in charge of the program.

Personals Reservations Made For Easter Ball

Mr. and Mrs. Norvall Boatwright of Clements, Kansas, and Mr. and Mrs. Oscar Ross of Arlington, Va., are house guests of Mrs. Maude Stafford. The guests and Mrs. Stafford have made trips to points of interest in Florida including Key West.

Kay Ivey Home Scene Of Party

Miss Kay Ivey entertained with an "Open House" party Friday evening at the home of her parents. Mr. and Mrs. John Ivey on Elliot Street.

Around 100 guests called between the appointed hours which preceded the Glee Club Crystal Ball given at the Mayfair Inn Hotel.

Miss Ivey, who was later named Belle Of The Ball, greeted her guests in a lovely formal gown fashioned of white tulle over green taffeta. The gown featured a low cut back bodice and a voluminous ruffled skirt with a green taffeta bow forming a bustle effect in back and ending in floor length streamers. She was escorted to the Ball by John Mann.

The dining room table appointments were in silver and pink with pale pink paper in silver candelabra flanking a silver bowl of plum blossoms. The buffet held a three branched candelabra with an arrangement of pink camellias. The guests also gathered in the den where a punch bowl was placed on a table which attractively held brass appointments and arrangements of yellow snapdragons and bright powder puffs. Mrs. Roy Mann presided in the dining room and Mrs. Budie Strickland served refreshments in the den. Mrs. Day Herron also assisted with the evening entertainment.

A Paris Dash

Paris boutiques aim to make Fido as fashionable as his mistress. They show collars studded with cultured stones and rhine stones, and embroidered handkerchiefs to tuck in the pocket of a plaid coat.

Pert Pudding

Glamorize lemon pudding cake by adding fruit before baking. Prepare a 10-ounce package cake mix according to direction. Pour into pan, and top with 1/2 cup chopped maraschino cherries and 1/2 cup fresh or frozen peaches. Bake according to package directions.

Reservations are still being made for the First Easter Lily Ball to be given Friday night at the Mayfair Inn Hotel.
An evening, beginning at nine o'clock, will include dancing to the music of the Populaires, a floor show, and many lovely door prizes. And your entertainment will benefit the Crippled Children's Society of Seminole County whose 1950 Easter Seal drive will open officially with the ball.
Table reservations can be made by calling the Mayfair Inn Hotel and ticket information can be obtained by calling Kenneth McIntosh, president of the Society, at FA 2-7707, or Mrs. Luis Housholder at FA 2-6211. Tickets also will be sold at the door.

Among the many who have made advance reservations are Senator and Mrs. Douglas Stenstrom, Mr. and Mrs. Kenneth McIntosh, Mr. and Mrs. Sylvan J. Davis, Mr. and Mrs. Gerald Warneke, Mr. and Mrs. Vernon M. Mr. and Mrs. Sal Manfre, Mr. and Mrs. Myron Accordi, Mr. and Mrs. R. L. Perkins, Jr., Mr. and Mrs. James Grappo, Mr. and Mrs. Lee Moore, Mr. and Mrs. Richard Deas, Mr. and Mrs. Wally Phillips, Mr. and Mrs. William Bush, Mr. and Mrs. George J. Baumbach and party of twenty, Dr. and Mrs. Robert Smith, Mr. and Mrs. B. J. Boynton and party, Dr. and Mrs. Gordon Stanley and Dr. and Mrs. Vann Parker.

From Altamonte Springs will be Mrs. Robert Bradford and her party of twenty-five and Orsiedo will be represented by W. H. Martin and party of seven. Mr. and Mrs. John Lamberton of De Bary have made reservations for their party which will include Captain and Mrs. Pieter Kramer, Mr. and Mrs. Charles Schneider, Mrs. Lillian Mascuch and two visitors from New York, Mrs. Anna Mulligan and Mrs. Walter Ryan.

Also from the Sanford group will be Mr. and Mrs. Wade Yrs, Mr. and Mrs. Joe Dennison, Mr. and Mrs. Kay Shoemaker and Mr. and Mrs. E. C. Harper, Jr.
Household Hint
A fine grained powder chicken stock base may be used for chicken broth or as flavoring for sauces, gravies, jelled loaves, and vegetables. It dissolves in cold or hot water.

ONLY THE VERY BEST IS BRANDED

You've heard the expression, "Class Will Tell" . . . well, it tells a real story in the beef you buy in our stores—Swift's Premium. Low grades are "flunked out" long before they reach our coolers. Only the finest beef is passed by Swift's "born and raised" meat team . . . then, we skillfully cut and trim only this finest beef to give you a table treat that can't be beat. Look for the brand, truly worthy of your cooking skill—for only the very best is branded Swift's Premium.

Rookies Tear Cover Off Ball

By **TIM MORIARTY**
United Press International
 John Callison of the Chicago White Sox and Frank Howard of the Los Angeles Dodgers—a pair of rookie outfielders—are tearing the cover off the ball in early spring workouts.

Callison, only 19 years old, is being touted as the answer to Manager Al Lopez' long search for a home run slugger. A left-handed hitter, Callison surprised even Senior Al Tuesday when he stroked a 400-foot drive over the left-center field fence at the White Sox training camp.

"He's our No. 1 candidate for left field and I'm confident he can

make it," Lopez said after the workout. "John does everything well—he has good speed, hits hard and has a strong arm."

In his first full season of pro ball last year, Callison hit 29 home runs with Indianapolis to lead the American Association. He was given a brief trial with

the White Sox at the end of the 1953 campaign, collecting 19 hits in 13 games.

Howard, like Callison, also specializes in the long ball. The former Ohio State basketball star hit four out of the Dodgers' park at Vero Beach, Fla. Tuesday and was hailed by chief scout Al

Campanis as "the most improved hitter in camp."

In 126 games with Green Bay last year, Howard, a right-handed hitter, batted .333, knocked in 119 runs and hit 37 homers. If he proves he can hit major league pitching the Dodgers figure this 6-foot-7 slugger will be a natural for their left field "Chinese wall" in Los Angeles.

Jack Harshman, who broke into the majors when Howard and Callison were in grammar school, also stood out during Tuesday's drills as he pitched four hitless innings during a Baltimore Oriole intra-squad game. Harshman faced the minimum number of 12 batters, striking out six.

Rookies Lee Maye and Chuck Collier made impressive debuts in a Milwaukee Braves' camp game. Maye hit a 400-foot home run and Collier, the newest candidate for Milwaukee's wide-open second base job, turned in several sparkling plays.

Roy Sievers, the Washington Senators' all-time home run king, ended his holdout when he signed for a reported \$36,000.

Another American League slugger, Bob Cerv of the Athletics, indicated he was ready to sign his contract when he flew to Florida to continue his negotiations with General Manager Parke Carroll.

Teams Deadlocked For League Lead

Roumblat's unbeaten record was ended by Seminole Sporting Goods, 35-25, in the Junior Basketball League, played at the National Guard Armory. Each has a 4-1 record in the league.

Robson's Sporting Goods took the Stempier Agency 35-26, to gain a tie for third place.

In a battle of two cellar dwellers, Higginbotham won its first game, and Sanford Electric lost its fifth, 28-27. This was Sanford Electric's third consecutive loss by one point.

The standings in the Roumblat's and Seminole Sporting Goods tied for first place with a 4-1 record, Stempier Agency and Robson's Sporting Goods tied for second, 3-2, Higginbotham's in fifth with a 1-4 record, and Sanford Electric in last place, 0-5.

On Saturday, the Sanford Junior Basketball League tournament will begin with Roumblat's meeting Robson's at 9 a. m., Stempier Agency will play Sanford Electric at 10 a. m., and Higginbotham's will tangle with Seminole Sporting Goods in the final game at 11 a. m.

Bout Scheduled

SAN FRANCISCO (UPI)—Eddie Machen of Redding, Calif., will meet Rubin Vargas of San Francisco in a 10-round heavyweight match in the Cow Palace April 29.

Eddie Sawyer Sold On Phil Potential

CLEARWATER (UPI)—For a manager who finished last, Eddie Sawyer of the Philadelphia Phillies is pretty high on his ball club.

"He doesn't think it's nearly as bad as last year's eighth place finish indicates."

"We have first division potential," maintains Sawyer, who led the Phillies to their first pennant in 35 years back in 1939.

"We have good pitching and fair power. Last year our defense, especially in the infield, was poor. All the moves we made during the off season were aimed at improving that defense."

"The biggest move in that direction, Sawyer believes, was the acquisition George Anderson, the slick fielding second baseman who hit only .280 at Montreal last season. The Phillies gave up outfielder Rip Repulski and two minor league pitchers to lure An-

Practice Proving Rugby Is 'Rugged'

America's football game is a mid sort of child's play compared to England's favorite rugby.

Sanford's eastside residents had a glimpse of rugby's possibilities last Thursday when the Navy Sanflys met for scrimmage at Celery Ave. and Mellenville.

The City of Sanford has given use of the field and donated goal posts. On Thursday, 30 husky players and as many admirers bore up under the discomfort of a steady drizzle.

Spectators were well-rewarded for their agonies, as the burly men chased an oversized football

up and down the field. Frequently the ball left the boundaries and ended in a cabbage patch across the road.

In pursuit bounded all 30 of the Sanflys, in a rough and tumble game where any man on the team can kick the ball or score on a lateral pass.

Decked out in red and white jerseys (Seminole High School), blue and gold jerseys (U. of Pittsburgh) and shoes from the NAS Pensacola team, the men make colorful viewing. Pants are owner's choice, and range from bathing trunks to blue jeans.

The only protective equipment worn in rugby is a pair of long woolen socks. There is no blocking, only pushing or tackling; and no forward passing.

Captain of the Navy Sanflys is Lt. (jg) Tom Hamilton, who played rugby as a student at Dartmouth College. He has organized several teams during his Navy career, and largely is responsible for much of this country's enthusiastic reception of the game.

A veteran coach, Chief Ruel H. Baldwin of Easton 109, Jacksonville, is assisting the Sanford team, which is composed of men from all units stationed here.

The group hopes to participate in the annual Bermuda College Rugby Week, March 29-April 7.

St. Louis To Play In Tourney Again; Chips Fall Tonight

United Press International
 St. Louis University is the latest team to own a nice shiny post-season tournament berth in college basketball and two more quintets—Connecticut and either Dartmouth or Princeton—could join the happy throng tonight.

St. Louis (10-4) became the 10th team selected for the 12-team National Invitation Basketball Tournament at New York's Madison Square Garden, the announcement coming just as soon as the Hillcats were eliminated in the Missouri Valley Conference race.

Connecticut (15-6) can sew up the Yankee Conference championship for the 11th time in the last 12 years by beating Rhode Island tonight.

The would earn the U-Conn's a first round NCAA tournament spot against a still-unselected "midget" at large at New York next Tuesday. But an upset by Rhode Island would leave Connecticut tied with Maine for the conference crown and create a question about which team would go to the tourney.

Dartmouth (20-3) and Princeton (18-4) are tied for the Ivy League lead after swapping home-court victories. Each finishes its season tonight—Dartmouth at home against Brown, Princeton at Pennsylvania. A win by one and a loss for the other means the league title and an NCAA tourney berth for the victor—versus West Virginia at New York next Tuesday.

If they finish in a tie, however, a playoff is in order for the league crown. And an NCAA official said there's a chance the playoff date would conflict with the NCAA tourney and thus deprive the Ivy League of a tourney representative.

Happy Joe, Simla Will Vie Tonight

With only 22 more days of racing, Sanford-Orlando Kennel Club officials have slated one of the season's finest schedules for tonight, when racing at 8:10 will launch one of three Grade-A events.

Headliner of the star-studded show will be the Hot Box 10th race, which may resolve itself into another two-hound duel between Happy Joe Lucky, in the seventh spot, and Simla, in the four box.

Happy Joe is figured by morning line odds to win, but only a shade behind the hustler is lady Simla. Happy is riding five consecutive quinella postings, and he'll be seeking three straight over Simla.

Simla, however, recently out-scattered Happy Joe twice, so tonight's running may determine a current track champion. Horn swoggled and Elaine Nug are two other fleet stars in the Hot Box. Nightcap of the unique evening will be the long 11th, a three-eighths-mile contest of Grade-A steeplechase just inticed making the Wednesday Hot Box.

Huge Rural Commander is favored by five-to-two early odds, but he'll have to contend with such fine greyhounds as Bel Del and Ningo.

In the evening's opener, Daples is rated best, and Super Top runs a close second, according to early figuring.

Ring Results

FRESNO, Calif. (UPI)—Lauro Salas, 19, Monterey, Mexico, defeated Clinton Cox, 129, Yuma, Ariz. (10).

RICHMOND, Calif. (UPI)—Joey Lopez, 133, Sacramento, Calif., defeated Art Rampant, 133, Richmond, Calif. (10).

HONOLULU (UPI)—Tommy Tibbs, 132, Boston, Mass., defeated Larry Cantubero, 136, Honolulu (8); Ray Perez, 112, Honolulu, defeated Ray Pacheco, 108, Las Vegas, Nev. (9).

13 Magic Number For Hawks' Pettit

United Press International
 Thirteen is the "lucky number" for Bob Pettit of the St. Louis Hawks if he is to set a new National Basketball Association season scoring record.

The 6-foot 9-inch ex-Louisiana State ace must average only 13 points in his remaining six games to surpass the NBA mark of 2,991 points set last season by George Yardley—not too difficult a task considering the fact he has been averaging 29.2 points per game all season.

Pettit scored 34 points in St. Louis' 104-102 victory over the Boston Celtics Sunday to raise his 66-game total to 1,924.

The Syracuse Nationals beat the New York Knickerbockers, 140-113, the Minneapolis Lakers, defeated the Philadelphia Warriors, 100-98, at Camden, N. J., and the Detroit Pistons defeated the Cincinnati Royals 117-101, in other games.

DePauw Gets Coach

DETROIT (UPI)—Bob Hicks, former head football coach at DePauw University, has been appointed defensive backfield coach at the University of Detroit.

Hicks, 31, was an end at Penn State during his college days.

Giants Sign Center

ORONO, Maine (UPI)—Center Roger Ellis of the University of Maine has signed a contract with the New York Giants of the National Football League. Ellis, 22, of Westwood, Mass., was the Giants' 14th round draft choice.

Furnished apartment — tile bath — hardwood floors — private — adults — 602 West 27th St.

FURNISHED apartment. FA 2-3809.

Pullback Opposed By Allied Forces

PARIS (UPI) — The Anglo-Russian decision to study a partial pullback from both sides of the Iron Curtain produced a cautiously disapproving reaction from Allied headquarters for Europe today.

Official spokesmen refused to comment immediately on the communique signed by Premiers Harold Macmillan of Britain and Nikita Khrushchev of Russia in Moscow.

But SHAPE sources were quick to point out that if the communique did in fact indicate that the already rejected "Rapakki plan" was coming up for consideration again, NATO commander Gen. Lauris Norstad would certainly come out against it.

Norstad said in a speech to the Western Europeans Union in Paris Dec. 19 that "I should not be able to fulfill my task any longer if a demilitarized zone, such as is proposed in the Rapakki plan, were put into effect."

Informal sources pointed out it would be physically impossible for the West to pull back from the Iron Curtain and still be able to maintain an effective shield.

Legal Notice

Four Officers To Report To Squadron This Week

Four officers, including a new executive officer, report to the Heavy Attack Squadron One this week.

The officers, who have just completed the intensive training program conducted by Heavy Attack Squadron Three, are plane commanders Cdr. David A. King and Lt. (jg) Robert Golden, and bombardier-navigators, Lt. (jg) Richard Gralow and Ensign George McWilliams.

King, new executive officer, wears two Distinguished Flying Crosses, and the Presidential Unit Citation. He was a participant in the battles of Wake Island, Tarawa, Saipan, Iwo Jima and the Philippines. He formerly served as officer-in-charge of ATU-213 at NAAS Chase Field, Beoville, Texas.

Detroit Law Bows To 'Mix or Quit'

DETROIT (UPI)—The "ticket holiday" Detroit motorists enjoyed for the past three days appeared to be coming to an end today.

Detroit police, who began a "slowdown" in traffic ticket writing Sunday as a protest against integration of white and Negro officers in patrol cars, began handing out tickets as usual late Tuesday.

Police Commissioner Herbert W. Hart said day shift patrol cars issued almost twice as many tickets Tuesday as they did Monday, the second day of the present slowdown.

The policemen never allowed any major offenders to get away unpunished. But, in cases where the offenses were minor, they merely turned their head and the lucky motorist got away with only a sidelong glance.

The slowdown benefited only motorists. Other law enforcement was carried on as usual.

After the increase in the number of tickets issued Tuesday, which came on the heels of an order to "integrate or quit," by the Hon. Louis J. Berg said he expected traffic enforcement to be back to normal "within a few days."

Heart Disease Top Killer In Florida

JACKSONVILLE (UPI)—Heart disease, the state's worst killer in 1957, claimed more lives than the next three causes put together—including cancer, strokes and accidents.

The state Board of Health announced Tuesday that heart disease claimed 48,000 victims in Florida last year, a slight increase over 1957.

The board's vital statistics bureau also reported 107,921 births at a rate of 24.3 per thousand which was nearly three times as high as the 8.7 death rate.

The report also showed 17,566 divorces and 26,140 marriages, with the number of marriages at most double the divorces.

The number of suicides increased from 115 to 135 per hundred thousand.

Of the fatal accidents, motor vehicle mishaps accounted for 40 per cent in all age groups.

Legal Notice

NOTICE TO DEFENDANTS IN THE CIRCUIT COURT OF THE SIXTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR THE COUNTY OF ALACHUA, IN CASE NO. 1957-1000, WILLIAM L. RICHARDSON vs. FRANK HILBERTMAN, HERBERT ALBERT and ROBERT WILLIAMS in the above titled cause in the above named Court to quiet the title to the above described real estate and you are hereby notified and required to file (personally or by attorney) with the Clerk of said Court your written defense, if any, to the Complaint filed in said suit and to serve a copy thereof upon the Attorney for the Plaintiff on or before the 4th day of April, 1958. Hearings will be entered against you.

Witness my hand and the official seal of this Court at Sanford, Florida, this 2nd day of March, 1958.

G. P. Herndon
Circuit Clerk
By Martha T. Wilson, D. C.
S. J. Higgins, Church and Main Building, Orlando, Florida, Attorney for Plaintiff.

Seabees Will Mark 17th Anniversary

Tomorrow marks the 17th anniversary of the construction battalion of the Navy.

Enjoying maturity, the Seabees have listened with pride to the simple humming of a rebuilt generator, have stood in awe under a clear span of 92 feet, engineered and fashioned in remote outposts of the world which their skills help keep free.

Among the projects of the Seabees that mark 17 years of progressive year were the construction of a multi-million dollar heliport at Futema, Okinawa, which will support the airlift of the Third Marine Division. At Subic Bay, in the Philippines, they put the finishing touches on an air base which had been under construction for eight years.

At Guam, they have finished a multi-million dollar project in Atugi. Also included were projects in Alaska, Squaw Valley, Calif., site of the 1960 Olympic Winter Games; Rota, Spain; Port Lyautey, Morocco; Guantanamo Bay, Cuba and Camp LeJeune, N. C.

At the Sanford Naval Air Station, the small group of Seabees, assisted by personnel from fleet units and by temporary working parties from fleet and station units, have worked on many items. Chief among these were the construction of 12 half-quest hut line shacks, the building of a road to the Lake Golden recreational area, the building of a road around the runway extension of the sewage plant, the reclaiming and leveling of unused land in the northwest section of the station, and the operation of a central transportation motor pool.

Mamie Nears End To Resort Visit

WASHINGTON (UPI)—Mrs. Mamie Eisenhower will return from her stay at a plush Phoenix, Ariz., beauty resort aboard the presidential plane Columbine III.

The White House said Tuesday that the plane will pick up Mrs. Eisenhower and her sister late this week on its way back to Washington from the West Coast.

The presidential plane has been undergoing a regular service inspection by technicians of Lockheed Aircraft.

'Space Day' Slated

HUNTSVILLE, Ala. (UPI)—The rocket city scheduled a big "space day" celebration today in honor of the space flight of Pioneer IV, now soaring toward the vicinity of the moon.

The Army Ordnance Missile Command, which helped launch the moon rocket, has headquarters at nearby Redstone Arsenal.

Polio Toll Passes Mark Set In 1958

JACKSONVILLE (UPI)—The state's polio toll jumped to 23 last week, or one more than was reported at this time in 1957.

Single new cases were reported in Dade and Escambia County.

Although this was the first time the polio count surpassed last year's total, health officials said there was no cause for alarm.

They pointed out that in 1954, the first year the Salk vaccine was used, the figure was 81, but climbed to 84 the following year during the same period.

Dulles Given Gold To Test Reaction

WASHINGTON (UPI)—Secretary of State John Foster Dulles' physicians today suspended massive radiation treatment of his abdominal cancer to observe his reaction to an injection of radioactive gold.

They planned to resume the six-day-a-week treatment with a million-volt X-ray machine in a few days.

The injection of radioactive gold in a coffee-colored liquid into Dulles' abdominal cavity Tuesday morning was a one-shot treatment. It was decided upon by Maj. Gen. Leonard D. Heaton, commander of the Army's Walter Reed Medical Center, and a panel of consulting physicians.

They had decided tentatively on the injection when the radiation treatments were started at the hospital Feb. 20, although it wasn't announced at the time.

After Dulles showed "satisfactory response to X-ray therapy," the physicians went ahead with the radioactive gold injection "to reinforce" the radiation treatments.

A medical spokesman said radioactive gold has been used "quite commonly" as a one-shot treatment of intestinal cancer for several years.

Wage Hikes Sought

WASHINGTON (UPI)—The AFL-CIO says that business conditions appear to provide a favorable climate for unions to obtain wage increases this year.

The labor federation said Tuesday unions should expect to win wage hikes of 11 to 15 cents an hour or more.

Light from the sun takes eight minutes to travel the 93 million miles to earth.

New Plant Slated By Local Industry

Another Sanford firm has outgrown its quarters and will break ground Saturday for a new building. York Manufacturing Co. will start construction immediately on a plant one mile south of the city limits, between HarCar Aluminum and Allen of Orlando.

SAM LEVY

Engineer Learning Seminole Routes

It helps to know your way around, Bob Davis has decided. Seminole County's new engineer says he can "get two or three places now without getting lost." Davis began on the job Monday. He immediately was snowed under with reports and road problems. This week, he has been getting acquainted with the friendly folk of Sanford and Seminole County. His wife is impressed with the rolling hills and large trees of this area.

Final Plans Made For Lily Ball Here

Ken McIntosh, president of the Crippled Children's Society of Seminole County today announced final plans for the Easter Lily Ball at the Mayfair Inn tomorrow night from 9 to 1. The ball will be the opening of the Easter Seal Drive sponsored by the local Society to raise funds for services to children and adults crippled by disease or accident. A total of 71 per cent of funds raised will remain in the county for treating county cases.

Food Fair Opens Store Wednesday

Two men from Food Fair Stores Inc. have been in Sanford this week, hiring cashiers and training them for the opening of the new market next week. He has been managing one of Food Fair's other markets in Jacksonville. Opening ceremonies are slated Wednesday morning at 9. Present will be Henry Kramer, president of Food Fair's Netter division, and vice-president Sam Miller. Mayor Al Wilson and other local dignitaries will participate in the ceremony.

Golfers Schedule White Elephant

A White Elephant golf tournament will be held Sunday at the Mayfair Country Club. Sponsored by the Sanford Women's Golf Association, members are to pick their own partners (but no husbands). Entry fee will be \$1. Each entrant is to bring a valued possession, good, bad or indifferent. Reservations for the barbecue following should be made at the Country Club by Friday noon. The tournament will be a two ball mixed foursome.

Reedy Describes Plan To Kiwanis

Rep. Bill Reedy of Lake County continued his campaign for the Key to Peace in America yesterday when he spoke to members of the Sanford Kiwanis Club. In the same speech directed last week to the Sanford Rotary Club, Reedy urged Florida citizens to promote the program educating the north about Negro conditions in the south. The proposed plan would tell how the Negro has progressed on a segregated basis in the Southern States.

Two Bodies Found; Believed Part Of 'Vanished' Family

FREDERICKSBURG, Va. (UPI)—An abandoned sawdust pit that gave up the bodies of a bound man and a blonde little girl in a bright pinfire guided authorities today toward an expected solution to the disappearance of a four-member family seven weeks ago. The bodies were found just before darkness fell Wednesday by a farmer gathering rotted sawdust for use as fertilizer. It was virtually certain that the bodies decomposed bodies were those of Carroll V. Jackson of Mineral, Va., and one of his daughters. Scores of FBI agents, state, county and local police officers scoured a thinly-populated suburban area near here in search for other clues that might lead them to Jackson's pretty wife and another daughter. Jackson, 29-year-old feed store clerk, his wife, Mildred, 27, and daughters, Susan, 5, and Janet Carroll, 18 months, disappeared near Mineral on the night of Jan. 11. The scene is about 40 miles northwest of the spot where the Jacksons abandoned car was found in the morning of Jan. 12, the keys still in the ignition. Said marks in front of the car indicated another vehicle forced Jackson to halt. Residents of the Mineral area reported they heard car doors slam and saw headlights flash about the time Jackson approached the spot where he and his family vanished.

Pioneer Orbiting; Will Be Permanent

WASHINGTON (UPI)—America's Pioneer IV space robot, which passed within 37,000 miles of the moon, soared today toward a permanent orbit around the sun. Government scientists said that for a period "comparable to the life of our universe," the gold-plated 30-inch long instrument package would continue to revolve around the sun every 382 days. The space vehicle already is orbiting the sun, and will move into its permanent orbit on March 17. The man-made planet's orbit, much more elongated than that of the earth, will vary from 91,744,000 to 105,829,000 miles from the sun. The earth, in an almost circular orbit, averages 93 million miles from the sun. Pioneer IV made its closest approach to the moon at 32.4 p. m. e.s.t. Wednesday. Dr. Homer J. Stewart, planning director of the National Aeronautics and Space Administration, said the pass "grazed the moon's gravitational field."

Seminole Get Set To Go On Warpath

TALLAHASSEE (UPI)—South Florida's Seminole Indians are preparing to go to Washington of the United Nations for 200,000 acres of Everglades land which the state has refused to surrender. The Cabinet turned down the land request Wednesday upon the recommendation of a special committee appointed to study Indian problems. The Seminoles, who number only about 1,000, are split into three groups, all at odds with one another. They already have some 104,000 acres of land for their use. The Seminoles outside the reservation demand the 200,000-acre area for hunting, fishing and frogging. They issued an ultimatum to the state to turn over the land before last November, or they would go to higher authorities—the federal government and the United Nations. The Cabinet decided Wednesday to spend part of its Indian trust funds to provide medical and welfare services for the off-reservation Indians.

Blast Fatal To 2, Hurls 2 Outside

WORCESTER, Mass. (UPI)—An explosion ripped a five-room cottage early today, killing an elderly couple and hurling their daughter and grandson from their upstairs bedrooms. Dead in the pre-dawn explosion and fire were Carl Ruohonen, 69, and his 85-year-old wife. Their daughter Martha, 68, and her son Gary, 10, were hurled to the yard by the force of the blast, police said. She was hospitalized in critical condition. He received severe burns and bruises.

Kept In Family

BUFFALO, N. Y. (UPI)—Walter B. Rand Jr., 38, was serving three years for stealing his father's \$2,500 life savings when Secret Service agents arrested him for forging and cashing a \$55 treasury check made out to his brother Tommy.

Khrushchev May Ease Deadline

21 Negro Boys Die In Dormitory Fire

LITTLE ROCK, Ark. (UPI)—Twenty-one Negro boys burned to death early today when fire swept through their dormitory at the Arkansas Negro Boys Industrial School. The figure was established by Bill Stouling, a lieutenant in the fire marshal's section of the Arkansas state police.

Neuberger Backs Gas, Postal Hikes

WASHINGTON (UPI)—Democratic Sen. Richard L. Neuberger (Ore.) threw his support today to President Eisenhower's request for higher gasoline taxes and postal rates. He also called for restoration of wartime excess profits taxes on corporations, and a reduction in the oil-gas depletion allowance from 27 1/2 to 15 per cent. The lawmaker told the Senate in a prepared speech that his proposals would bring the government almost three billion dollars more each year to finance the cold war. "This is not an easy program," Neuberger said. "It holds no illusion that the way ahead is strewn with rose petals. It asks sacrifices of the high, the low and the in-between."

Green Light Given For City Planning

Sanford's planning program is almost a reality. Funds were granted for the project last December by the federal government, but have been withheld until a contract was signed with the Florida Development Commission. Now these details have been settled. A letter from J. E. Barth, manager of the planning and community service agency, was received this morning by City Manager W. W. FRIEDT Knowles. The letter revealed that authorization had been received to proceed with the planning program in Sanford. The Commission has also written to George W. Simmons Jr. of Jacksonville, asking him to begin work as soon as possible. Simmons is a professional city planner. He already has signed a contract with Sanford for the job. The program will include the drawing of land use maps and determining the trend of future growth in the city and fringe areas. Studies of population and commercial growth will be made and zoning ordinances revised. The project will cost \$15,000 split equally between Sanford and the federal government. The Zoning and Planning Commission will meet tonight. News of the contract may come as a pleasant surprise to many of them.

Mission Announces Open House Plans

Open house will be held at the New Tribes Mission, near Oviedo, Saturday and Sunday. The New Tribes Mission is located on Highway 426. Signs will be placed to direct visitors to and from the Mission. People will be on hand at all times during the two-day open house to show visitors around the camp and to explain the work. Maps, showing the work of the missionaries throughout the world, will be on display. Slides will be shown of the jungle life of the South American Indian tribes. On Sunday at 2:30 p. m., a regular fellowship meeting will be held. All are invited to attend. Plans for accommodating overnight guests, who come from a distance, have been made.

It Didn't Matter, End Result Shows

ALEXIS, Ill. (UPI)—Roosevelt Military Academy, was losing 10 Wednesday night before its baseball game with Alton High School had started because of a technical foul for not submitting a lineup. It really didn't matter, Roosevelt lost, 60-37.

Lepor Cure Claimed

LAFON, Nigeria (UPI)—Laboratory scientists at the Methodist Lepor settlement at Umuakoli claimed today they had discovered a new drug which cures leprosy in two years. The present treatment requires four years.

Weather

Considerable cloudiness, windy and mild through Friday. A few brief showers tonight and Friday. High today 74 to 78, low tonight 64 to 68. Southeasterly winds 15 to 25 miles per hour today and tonight.

Collins Confident, Green Is Cautious On State Revenue

TALLAHASSEE (UPI)—Gov. LeRoy Collins says Florida's financial future is rosy enough to support his recommended 725 million dollar spending program for the next two years without new taxes. But the governor's optimism failed to budge the Legislative Council and State Comptroller Ray E. Green. They insisted spending must be held to 600 million dollars to allow a 10 million dollar safety cushion between spending and Green's 700 million dollar estimate of income. The alternative, the Council says, is new taxes. Thus the controversy over conflicting high and low predictions of Florida's revenue income continued as the spring legislative session drew nearer. The governor took sharp issue with Green and the Council during a lively financial discussion at the Cabinet meeting Wednesday. He was supported by state Atty. Gen. Richard Ervin who warned against under-estimating state revenue. He said "we could do the state a grave injustice by miscalculating."

Green Light Given For City Planning

Sanford's planning program is almost a reality. Funds were granted for the project last December by the federal government, but have been withheld until a contract was signed with the Florida Development Commission. Now these details have been settled. A letter from J. E. Barth, manager of the planning and community service agency, was received this morning by City Manager W. W. FRIEDT Knowles. The letter revealed that authorization had been received to proceed with the planning program in Sanford. The Commission has also written to George W. Simmons Jr. of Jacksonville, asking him to begin work as soon as possible. Simmons is a professional city planner. He already has signed a contract with Sanford for the job. Studies of population and commercial growth will be made and zoning ordinances revised. The project will cost \$15,000 split equally between Sanford and the federal government. The Zoning and Planning Commission will meet tonight. News of the contract may come as a pleasant surprise to many of them.

Symphony To Hold Concert, March 10

The Florida Symphony Orchestra will play in Sanford March 10 at the Sanford Civic Center. Born of the initiative of several music lovers in 1950, the group has matured into one of the top 40 orchestras in the nation, and the only professional orchestra in Florida. The conductor, Frank Miller, came to Orlando directly from the NBC Symphony Orchestra, where he was assistant conductor and first cellist under Arturo Toscanini for 15 years. The 80-piece orchestra bursts into full bloom under his talented baton, and will feature "pop" tunes for the first time this season. While regular subscription concerts are given in Orlando and Daytona Beach, the Florida Symphony does a great deal of traveling to bring good music to people all over the Central Florida area. Two concerts will be given in Sanford, an afternoon performance for children at 3:30 p. m. and one at 8:15 p. m. for adults. The Florida Symphony is sponsored by the Sanford Recreation Department. Any profits will go to the recreation program, to benefit local youth.

Blaze Hits Hotel; 3 Dead, 2 Missing

HAZELTON, Pa. (UPI)—Fire swept a 35-year-old Gary hotel in this city's business district today. Three persons were known dead and two others were missing. Twenty of the estimated 40 to 45 persons in the hotel were injured and 10 were admitted to the hospital. The three known dead were identified as Mrs. Howard Deitch, 52, Miss Mary Anson, 85, and Mrs. Edna Stigebauer, 65. Missing were Mrs. Mary McAloney, 50, and Mrs. Mary Kahl 50, the only persons unaccounted for in the blaze which burned out the interior of the six-story brick building. The dead were trapped when upper floors of the building collapsed after flames roared up a six-story elevator shaft and spread along hallways to the rooms. Guests lived on the first five floors of the building.

'Mangy' Bearskins Blamed On Bears

LONDON (UPI)—A staff officer for Britain's crack Brigade of Guards says it's no wonder their hunting bear-skin caps are just a little mangy. Good bears are hard to find. "It's all a question of better bears, you know," said Capt. P. A. Lendrum. "They come from Canada, or Russia, or somewhere, and they're frightfully difficult to get hold of. . . . Some of the bearskins are not up to the standard we would like. One or two of them are 50 years old, and they do tend to wear out." Lendrum was responding to criticism expressed in a letter to the Times by one Peter Lane, who complained that the tall caps are "slightly comic, motormind and mangy." "Some have fierce-looking fringes," Page wrote. "Some have no fringes at all and look curiously bald, while others have a slightly tattered, almost mangy look about them."

Deputies Observe 'Garbage Watch'

The garbage watch is being observed by Sheriff's Deputies. Endless hours of waiting are just another part of their duties. Sheriff J. L. Holby yesterday offered a \$25 reward for information leading to the arrest and conviction of the garbage dumpers, who have been littering county roads and fields with trash.

Sign Of The Times

SYRACUSE, N. Y. (UPI)—Sign in the window of a small jewelry store: "There is no room in my little store for big prices."

Extension Hinted If Talks Sensible

LEIPZIG, East Germany (UPI)—Soviet Premier Nikita S. Khrushchev said today he may extend his deadline for the West to get out of Berlin beyond May 27 if "sensible negotiations" are going on then. It could be extended to June 27 or even July 27, Khrushchev declared.

News Briefs

Trade Pact Signed — Bonn, Germany (UPI)—West Germany and Morocco signed a trade agreement Wednesday. King Has Ear Ache — Rabat, Morocco (UPI)—King Mohammed V of Morocco is suffering an ear ailment and must undergo a "complete rest." Reds Lodge Protest — Moscow (UPI)—The Soviet Union has officially protested to the U. S. against the boarding of a Russian fishing trawler off Newfoundland. Kaye Will Conduct — London (UPI)—Ronny Kaye will conduct the Halle Symphony Orchestra in benefit concerts here and in Manchester in the near future. Canned Wristwatch — Hollisley, England (UPI)—Mrs. George Last reported today that she had found a woman's gold-plated wristwatch in a can of pears from Australia.

Blaze Hits Hotel; 3 Dead, 2 Missing

HAZELTON, Pa. (UPI)—Fire swept a 35-year-old Gary hotel in this city's business district today. Three persons were known dead and two others were missing. Twenty of the estimated 40 to 45 persons in the hotel were injured and 10 were admitted to the hospital. The three known dead were identified as Mrs. Howard Deitch, 52, Miss Mary Anson, 85, and Mrs. Edna Stigebauer, 65. Citrusmen Discuss Legislative Ideas

LAKELAND (UPI)—The legislative committee of Florida Citrus Mutual and the Florida Citrus Commission met here today to discuss proposals in the industry's 1959 legislative program. Proposals on which the two committees agree will be forwarded for consideration to the Commission March 11 and Mutual's Board of directors March 18.
