

SCORE STUDENTS INJURED ONE POSSIBLY FATAL RESULT OF FOOLISHNESS

PANJAMERINO PUT ON AT LOS ANGELES COLLEGE BRINGS ON FIGHT

BOMBS AND BLOWS

Follow Meeting Between Rival Universities in California

(By The Associated Press)
LOS ANGELES, Oct. 20.—More than a score of Los Angeles College students were injured, one possibly fatally, as the result of burns from gasoline bombs and from blows on their heads and bodies here early today in a riot following pjamerino party on the campus of the southern branch of the University of California. According to the Southern branch students they had gathered for a pjamerino party when more than two hundred young men rumormongered that a rival university party was in automobiles and attacked them with gasoline bombs, or gas-bottles saturated with gasoline. A fight followed, clubs, fists, bricks, stones and other weapons being brought into play.

ASHEVILLE, Tenn., Oct. 20.—The mobbed between twenty-five and thirty. With faces blacked they gathered at the jail and overpowered the guard and took the Harbison and drove them to a garage for a fight with bullets. The mob proceeded in a disorderly manner.

MINNEAPOLIS MEN INDICTED FOR NATION-WIDE THEFTS IN BONDS OF LARGE SUMS

Millions in Bonds Were Stolen and Disposed of in Minneapolis

MINNEAPOLIS, Oct. 20.—Twenty-six persons, including bankers, bond salesmen and several newspaper men were indicted by the federal grand jury charged with implication in the nationwide bond thefts, the United States attorney announced today. The indictments were voted late yesterday by the special grand jury and service of warrants began today. It is charged that nearly a half million in stolen bonds were disposed of in Minneapolis. The bonds were alleged to have been stolen in the \$2,500,000 lollar mail robbery in New York, October 24th, 1921, and million five hundred thousand theft in Chicago January 18th, 1921.

SANFORD COUNTRY CLUB OPENED OFFICIALLY YESTERDAY DESPITE STORMY WEATHER

Interfered With the Tournaments But Big Crowd Was Present

The Sanford Country Club had their housewarming yesterday under unfavorable circumstances, but the rain did not dampen the ardor of the ladies on the links. In fact the ladies started their golf tournament in the morning in the face of lowering clouds and after they had reached the fourth hole the clouds burst and they and they were drenched before Roy Chit had time to get a party from all of the members of the club. The ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch. The ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch. The ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch.

After the luncheon had been served the ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch. The ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch. The ladies were in a hurry to get to the clubhouse for lunch and the men were in a hurry to get to the clubhouse for lunch.

LLOYD GEORGE RESIGNING PUTS NEW COMPLEXION ON EUROPEAN POLITICS

PETTY GRAFT IN HOSPITAL CAUSES ARREST

SUPERINTENDENT HAS BEEN SUSPENDED IN CON- SEQUENCE

(By The Associated Press)
CHICAGO, Oct. 20.—Charged with petty graft, Dr. Arthur Gammage has been suspended as superintendent of a municipal contagious disease hospital. Charged L. C. Smith, a doctor, was paid \$100,000 from sale of the hospital. The money was obtained from sale of the hospital.

OWSLEY HEADS LEGION BOYS— ELECTED TODAY

MEETING OF AMERICAN LEGION MEETING AT NEW ORLEANS

(By The Associated Press)
NEW ORLEANS, Oct. 20.—The American Legion held its annual meeting here today. The meeting was held at the New Orleans Convention Center. The meeting was held at the New Orleans Convention Center. The meeting was held at the New Orleans Convention Center.

FRANCE THINKS NEGOTIATIONS FOR SETTLEMENT OF PROBLEMS EASIER

A FRENCH VICTORY

Seems to Be the Concessions of Opinion That Change May Mean Something

(By The Associated Press)
PARIS, Oct. 20.—Dominating note in the French press comment on the fall of the Lloyd George cabinet in England is that a change cannot fail to make negotiations for settlement of Europe's problems easier. To a majority of papers it is looked upon as a victory for France.

LONDON, Oct. 20.—After holding a meeting of the cabinet through which the government of the day was formed, Lloyd George went into the wilderness yesterday.

This was the decision in his Manchester speech of his position of the cabinet was decided upon yesterday by the meeting which Austen Chamberlain presided at the house of lords.

The meeting was held at the house of lords. The meeting was held at the house of lords. The meeting was held at the house of lords.

VIEWS OF SANFORD GOLF LINKS—BUT NO MERE PICTURES CAN ADEQUATELY MIRROR THE BEAUTIES OF THE SANFORD COUNTRY CLUB

SOCIETY

MRS. FRED DAIGER, Society Editor
Phone 217-W

If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

NOTICE

The committee in charge of the Bridge party and Ladies' Golf Tournament want it announced that the tournament will start at 10 o'clock in the forenoon and the bridge party at 3:00 o'clock in the afternoon. Mrs. Forrest Lake is chairman of the golf committee and Miss Ruba Williams of the card party. An entrance fee of fifty cents for the golf and twenty-five cents for bridge.

SOCIAL CALENDAR

Friday—Mrs. Morris Spencer will entertain at the home of Mrs. C. P. Herndon in honor of Miss Eleanor Roberts a bride elect of November, from four to six o'clock.

Friday—Miss Resamond Radford will give a recital at the High School Auditorium at 8 p. m.

Jacksonville was represented here yesterday by D. L. Clarke.

Mrs. J. H. Yoe, of Oxford, Ala., arrived here yesterday for a short visit.

Mr. and Mrs. J. J. Williams of Jacksonville are spending a few days here at the Montezuma.

H. G. Earnest of Jacksonville is among the out of town business visitors spending a few days here.

W. A. Ames of Tallahassee is registered at the Montezuma yesterday.

Mr. H. G. Ketchum of Newberry, Fla., will be in the city here this week and will return to his home at the Montezuma.

Mr. and Mrs. J. H. Hawkins of Bartow are in the city yesterday and will spend the night at the Montezuma.

J. R. Woodcock, representing the Keweenaw Hotel, is in the city at the Montezuma.

Mrs. B. I. Houser returned home yesterday from Jacksonville, where she accompanied her daughter, Miss George B. Harkness, who was en route to Tallahassee.

MRS. CHARLES ANDREWS ENTERTAINS

Mrs. Charles O. Andrews entertained yesterday at a bridge luncheon, complimenting her husband, Mrs. J. E. McNair of Tallahassee. A delicious four course luncheon was served at 1 o'clock and the afternoon was devoted to bridge, of which there were two tables played. Mrs. Andrews is a member of the Florida Golf and Country Club. There were quantities of lovely hydrangeas and other flowers.

Mrs. W. C. Essington, received highest score and received a bud vase. The guest prize was a Mary Ann cake pan. Mrs. Andrews' guests were, besides the honoree, Mrs. Seth Woodruff, Mrs. R. A. Shum, Jr., Mrs. W. C. Essington, Mrs. Frank Withrop of Tallahassee, Mrs. Walter Wight of Sanford and Mrs. V. W. Estes.

BIRTHDAY PARTY

Master Richard Deas, the bright young son of Mr. and Mrs. R. R. Deas, entertained a few of his friends yesterday afternoon most delightfully at his home on Seventh street, in celebration of his sixth birthday anniversary.

The afternoon was merrily spent playing games and later a Potato Race was enjoyed, the first prize was won by Eugene Estridge and the booty, went to Charles Betts.

After the games the children were invited into the dining room, where refreshments of ice cream and cake were served. The dining table was centered with the birthday cake arranged in a bed of white flowers and ferns. It was iced in white and topped with six tiny lighted candles. Favors of little bags of Jack stones and balls were given each guest.

Master Deas proved a delightful host and was assisted in entertaining his guests by his mother, Mrs. R. R. Deas.

Those enjoying this happy occasion and Post Cards at the Herald office.

THE WEATHER

For Florida. Showers to night and Friday; little change in temperature.

Floods this morning, rains yesterday, frost in South Carolina, summer weather in Sanford, more rain, no golf playing, looks like cold weather will get here by Thanksgiving. Can't tell a dang thing about the weather—don't want to know, don't care, so there now. And our report says 89. Read it and weep and we boys with our wool golf stockings.

5:40 A. M., OCT. 19, 1922
Maximum 89
Minimum 72
Range 17
Barometer 29.98
Rain 1.40
Northwest and cloudy.

LOCALS

And hit raining again.

Mrs. Hazel Huntley and family spent this afternoon in Orlando.

Bad weather for golfing, motoring and tennis and washing clothes.

S. O. Chase has returned from a business trip down the east coast and other points in the state.

All the weather reports say storms and cold weather and all that stuff but as yet they are all wrong.

A nice little cold snap just now would be a big thing for Oun Dollar Day Sales next week. Here's hoping it will get here.

J. H. Crenshaw and Earl Fields have returned from several days visit to west coast, Tampa, St. Pete, Tarpon Springs and New Port Richey.

A. E. Jordan of Jacksonville is in city for a few days. He is with the Churchwell Company and is here looking over the local establishment and is well pleased with the prospects.

It is reported that the golf tournament this morning was postponed on account of rain and that both tennis and golf this afternoon will be put off until another date. The bridge party and dinner and dance will be put on the Country Club this afternoon and night.

Thursday night October 26th there will be an open meeting in the court house to discuss the amendments and other matters that will come up at the general election in November. Everybody invited to attend this open meeting. It is for the people of Seminole county. The band will play and it will be a big county get together meeting.

Get your office supplies, stationery and Post Cards at the Herald office.

REALIZE 61 BUSHELS OF CORN ON 100 TO BE GROWN

By The Associated Press
WASHINGTON, Oct. 19.—Of every 100 bushels of corn that farmers set out to grow, only 61 bushels are realized according to figures compiled by the United States Department of Agriculture from a period of thirteen years. The difference between the potential crop and the quantity harvested is due to weather conditions, insect and plant disease, and insect and animal pests. For every bushel of corn harvested somewhat over one-half bushel to reach harvest. Were it not for the elements that tend to reduce the size of the crop, the average crop for the thirteen year period would have been about 137,000 bushels instead of the 83,000,000 bushels actually harvested. The department points out, however, that if these elements did not exist and corn growers were certain of 100 percent results, the corn acreage probably would have been greatly reduced so that the final output might not have been a larger crop than that actually harvested. It would mean simply that the farmer could get from two acres the crop he now harvests from about three.

The largest potential corn crop was one of about 5,000,000,000 bushels in 1917. Although the actual harvest of 3,065,000,000 bushels in that year was exceeded in the three years 1921, 1920 and 1921, the largest harvested crop being 3,209,000,000 bushels in 1920. A large crop of corn is due to a relatively low prevention of production by the many causes by which it is limited, but of course production is also related to acreage, the department's records show.

During the thirteen years the lowest degree of prevention was 23.5 percent of a potential crop in 1920, and the highest was 44.5 percent in 1913. Within the period covered, from about one-fourth to nearly one-half of a potential production has failed to be realized. The average is a little more than one third.

THE DELAND-SANFORD ROAD WILL REMAIN OPEN

A rumor had been current for some time that the Deland Sanford road lying between Monroe Station and the river would be closed to traffic by Seminole county authorities in the near future while undergoing construction. Realizing the great inconvenience that would be caused the traveling public, should such be the case and the loss in volume of business to both Sanford and Deland by such procedure, the Deland city council instructed Director of General Welfare Brown to take the matter up with the city of Sanford civic organization of that city and as a result of same the Sanford Chamber of Commerce has wired as follows:

F. W. Brown Secy, DeLand, Fla.
Have been assured traffic will be kept on Monroe Bridge during repairs, route traffic as usual.
SANFORD CHAMBER OF COMMERCE—DeLand News.

REMAINS CAPITAL OF MUSIC

Vienna, in All its Vicissitudes, Still the Beloved Center for the Real Lovers of Melody.

In starving Vienna the great hunger is still for music. After desperate years of struggle the capital on the blue Danube remains a musical center, a mecca for artistic pilgrims, says the Living Age.

Lovers of music have regretfully speculated as to what might be the ultimate fate of the city where Mozart, Beethoven, Brahms, Gluck and the waltz kings of opera composed their masterpieces. Dr. Julius Korngold, in the London Morning Post, holds out some hope.

The opera, under the combined direction of Franz Schalk and Richard Strauss, is giving, as a rule, the best performances in the world. The only drawback is that the presence of Strauss brings back the "star" system, which had been banished from Vienna for some decades. The opera is even jestingly referred to as "Richard Strauss' theater."

Then, too, Frau Jeniza has left for New York, and Lotte Lehmann has gone to Argentina. However, the orchestra, under the direction of Felix Weingartner, is unsurpassed and continues to give its eight Philharmonic madday concerts. And in its magnificent opera house Vienna has a superb setting for the performances.

WHY TERMED 'NAVAL STORES'

Centuries Ago Turpentine and Rosin Were Imported into England for Ship Purposes Only.

"Naval stores" translated into everyday English, simply means turpentine and rosin.

The earliest mention of the turpentine and rosin industry in the United States is found in an old manuscript under date of 1610 which may be seen in the public record office at London. It is entitled "Instruction for such things as are to be sent from Virginia."

"Hard pitch," "Tarre," "Turpentine" and "Rosin," are also mentioned in the "Books of the Commodities of Virginia," which it is presumed, was issued about the same time.

Pitch and tar were the chief products of the Indians up to the middle of the eighteenth century. This extensive use in the construction and maintenance of sailing vessels caused them to be called "naval stores," the term which is now applied to the turpentine and rosin industry, which has supplanted the old-time production of tar and pitch.

Paradoxical Indeed
In getting as instructed at a recent function of the Washington State Land, Thomas Bradley, was confronted with the duty of expressing his hearty regard for Major Carey H. Brown, who was recognized as an executive officer of the United States Army, and the purpose of the commission was to recognize that Major Wheeler had been assigned as Major Brown's successor.

"Whenever there is one of these leave-taking and welcoming affairs, I am reminded of the time that Dr. Wellington Knox, noted Chinese diplomat, brought home for the presidential penitentiaries of Americans as he termed it. Mr. Bradley began: "It was on the occasion of a board of trade sitting in honor of a visiting district official and his successor and Doctor Knox had been called on to address the gathering. "You Americans, I am compelled to conclude, are little flirts," he announced with a twinkle in his eye. "You say you are sorry that one official is leaving, and yet turn around and tell his successor that you are glad he is taking the other man's place." Washington Star

"Pushball" Played With Autos
"Pushball," a game which is usually played by men on foot, was enjoyed recently by the drivers of six automobiles and numerous interested spectators, says an illustrated article in Popular Mechanics Magazine. The cars were stripped of windshields and tops, lined up at opposite ends of the field and, at a given signal, furiously charged the large inflated ball. Although the sport was necessarily rough, considerable skill was evidenced by the different drivers in averting mishaps, and when the game was finished it was found that none of the machines had suffered the slightest damage in any way.

Motors in Field Work
Motor vehicles are used for many agricultural purposes at the University of Missouri. A runabout is used by field representatives of the department of entomology for nursery inspection. A delivery wagon and a runabout are employed by the horticultural department for handling orchard and garden products.

Three touring cars serve the college of agriculture in making soil surveys. A heavy truck is used for demonstration trips in the agricultural extension work. A runabout is provided for the superintendent of the hog cholera serum plant.

City-Bred
The son of a New Yorker, who last year moved to a New England town, was at once entered in one of the public schools.

One day he was told to write a sentence containing the word "copse." Now, as the word had a familiar sound and he was from the city, his sentence read:

"The boy dodged the cops."—Exchange.

MORE PROTEIN FOOD CONSUMED THAN NECESSARY

(By The Associated Press)
CLEVELAND, Oct. 19.—From four to five times a small protein food is consumed as is necessary for the minimum needs of the average adult based on the total consumption of protein in the United States, divided into the population, Dr. H. H. Mitchell, associated professor of Animal Nutrition of the University of Illinois, declared today before the food and drug section of the annual convention of the American Public Health Association.

"With children, however, the situation is much different and requires attention," Dr. Mitchell said, "Proteins as contrasted with carbohydrates and fats are known to possess different values in nutrition."

The "nitrogen balance" method conducted under certain definite conditions favored by Dr. Mitchell to measure protein values. The result of investigations of mixed proteins of foods by this method have brought out two principles, he said. These are:

That the biological value of protein

depends to a considerable extent on the source from which they are fed.

That in general the protein of different sources do not differ greatly in nutritive values as is currently supposed.

A feature of today's session was the illustration of the manner in which the Shepard-Towner bill will be administered in the various states. Dr. Florence L. McKay, of New York, said the actual work undertaken in New York includes emergency nursing service, organization service, surveys, nutrition service, lectures and health consultant for infants and children and prospective mothers. An important factor is increasing the efficiency of vital statistics by which it is possible to gauge the actual conditions.

Rather than to do the actual work itself it is the policy to stimulate local communities to undertake their own work for mothers and children, he added.

Large shipment of new music.

The world at your door every evening for 15c. Daily Herald.

ST. CITY, Oct. 19.—Two brothers, one of whom was an member of the team which won the state championship of Georgia, came to Sanford to visit Omar Mitchell. The last time Victor saw Omar was so small that Victor used to hang on his knee to keep him amused. Omar did not remember Victor at all.

Victor found Omar to a strapping six footer weighting 165 pounds. He is one of the star members of the First City High School football eleven.

Every boat to Sanford brings us fresh supplies of stock of paints, varnishes and stains of which we carry the largest stock in South Florida. You can always depend on getting the best in all lines we carry as we are experts in our line and know what we are talking about when we talk paint and wall paper—Sanford Paint & Wall Paper Store, Welaka Block, H. A. Halverson, Fri.-Mon.-Wed.

It rains and the storm clouds gather.

What we need is a cold wave to top the rain and give us a touch of winter.

The American Legion is hard pressed to find a man as big as Hartford MacNider to head the Legion. All boys! There are plenty of men in the ranks that will lead the Legion out of the wilderness.

We learn from the dispatches that the storm drove the steamer Europa on the shore near Jacksonville and the storm prevents them from getting her off. There was no such storm here. We hope they will be able to float this splendid steamer to get her out of the wilderness.

The Standard Oil Company is to be exempt from the new tax law. It is a most interesting thing that the well-to-do are exempt from the new tax law. Our federal government is empty and we will be unable to pay with John.

Settlement in the future, should the present tax. He admitted that the bill, which has a number of amendable provisions, should be, but he thought it was the best that could be done at this time.

In his argument against the adoption of the bill, Mr. McWalter said that the new legislature would be composed of a bunch of scoundrels who would do as they pleased regardless of how people voted on the amendment. His argument was in line with the other non-sensational arguments that have been put forth by a number of papers published in South Florida, to the effect that should amendment be adopted the southern section of the state would be hog-tied for another ten years. The substitute amendment proposed by his paper, the Tampa Tribune, would never get by any legislature for submission to the people, and it is doubtful whether any other proposed amendment would be acted upon for a number of years. In the meantime the representation that it is entitled to in the legislature.

By the adoption of the proposed amendment this section of the state will become a snare. The opposition to the bill is not a relief.

WABASH WRECK WAS CAUSED BY WRECKERS

REMOVAL OF RAILS CAUSES DEATHS AND MANY INJURIES

(By The Associated Press) WILLIAMSPORT, Ind., Oct. 20. The belief was expressed today that the removal of the rails caused the wreck of the Wabash passenger train No. 2, near here last night, causing the death of three tramen, and injury of seven tramen and passengers and the destruction of seven coaches by fire.

(By The Associated Press) WILLIAMSPORT, Ind., Oct. 20. Eight men were killed and four badly injured in a gas explosion at the Progressive Coal Company's mine near here today.

(By The Associated Press) McURTAIN, Okla., Oct. 20. Two miners are known to have been killed, and four of thirteen others entombed in the Progressive Coal Company's mine by an explosion this morning were rescued. Rescue parties are working to reach the men still imprisoned.

(By The Associated Press) WASHINGTON, Oct. 19. The United States coal commission created by congress to investigate and report the facts on all phases of the coal industry with recommendations for possible legislation or government regulations at its first meeting today.

LLOYD GEORGE RESIGNING PLACES NEW COMPLEXION ON EUROPEAN POLITICS

(Continued from Page One) democracies and the chief coalition-stomach whip, Lloyd George Wilson, had already informed the news papers that they had resigned, and within two hours Mr. Lloyd George was in possession of the resignation of practically every member of the cabinet. He then drove to the palace to tender them to the king.

Mr. Lloyd George advised the king to summon Mr. Bonar Law, and, according to custom, this was done. While Mr. Lloyd George exhibited cheerfulness to the few who saw him and cheered him on his journey to the palace, he could not feel deeply the verdict that he no longer commanded the ship of the majority of the Unionist party, which for the past few months had furnished the most strong material for his cabinet.

It was Mr. Bonar Law, more than any other man, who influenced the Unionist caucus to secede from the coalition. He had been a sphinx from the rank and file of the Unionist commoners were waiting to hear. He is a serious and unemotional man, with a quiet manner. His opinion that it was more important to keep the party together than to win the next election, and whether by his own fault or the force of circumstances, Mr. Lloyd George has lost the confidence of the country, decided many votes. This was also a strong feeling in the party that the Chamberlain plan, which gave the party's destinies over to the small faction representing it in parliament, was not a fair device.

EAST SANFORD

The item about the East Side Community Club that appeared in last Friday's Herald should have read that the club was open to both men and women for membership and the object is: Social, civic and welfare work. Mrs. J. W. Corley's name as vice president was omitted in the misprint.

Miss Edith McClelland and Howard Flint were married at Orlando the afternoon of October 12th. They are at present with the bride's parents, Mr. and Mrs. J. F. McClelland but will go to house keeping in Geneva where the groom is in the garage business. A most elaborate shower will be given Friday evening at this week for the young people. They have the congratulations of many friends.

Miss Helen Chorpening entertained the young people of Moore's Station Sunday school at her home on Friday evening of last week. A very pleasant evening was enjoyed.

The Kathleen Mallory circle of the Baptist Missionary Society met with Mrs. Boston Stahl at her home on Bradford avenue on Tuesday afternoon of this week.

Miss Maude Cameron and friend, Miss Marie Neal, returned to Tampa on Tuesday of this week. Miss Neal has been here for some time assisting in the care of the late Mrs. A. B. Cameron.

A. B. Cameron has a nephew with his wife and two children from Georgia staying with him for the winter.

Howard McLee of White county, Georgia, arrived here this week to spend the winter at the home of his sister Mrs. A. E. Adams.

Mrs. M. E. Johnson, her daughter, Miss Florence Johnson and son, John A. Johnson of Madison county, are visiting at the home of Mrs. Johnson's brother, J. V. Bridges. Their first visit to this part of the state and the winter farming all looks very wonderful to them and they are Florida folks.

Woody Wilson was taken to the state hospital at Chattahoochee last Saturday for treatment.

CELERY SEED

The big tournament is over—a bigger one coming.

Mrs. McCuller or Mrs. Wallace were just about ready to show us something in the way of making a score when the rain broke it up.

Dick Maxwell like to have been in money yesterday. He made one good score at that.

Football tomorrow on the Bulkhead, Sanford vs. Kissimmee. Be there.

And bring along the four bits please.

The tennis court was too wet for play yesterday and the tennis match was also postponed.

The trap shooting ends for the season next week. Everyone is expected

out for the last go round.

And, then hunting season here. The practice at the week will help.

Austin McHenry, star of the Cardinals, was operating a tumor of the brain. It is yet to know how successful the operation was.

Rollins plays at St. Augustine. Hard luck, Saints.

Furman won over the Cardinals yesterday, score 28 to 0.

ATTENTION, KNIGHTS CLUB

A regular convocation of the masonry No. 28 will be held on evening Oct. 20th at 7 o'clock. It is a regular business and social affair. All Sir Knights are invited to attend. By order of the Grand Master, Jno. D. Jones.

Baggage? We get it for you. Coming—QUICK SERVICE PER.

JOE CHITTENDEN WINS TOURNAMENT. RAIN PUTS STOP TO LADIES PLAY

The Sanford Country Club's first attempt at amateur golf tournaments was voted a decided success at yesterday's meet, insofar as the men's affair was concerned. And it would have been absolutely impossible to have marred the ladies tournament had it not been stopped by the hard rain. Never before has there been such interest displayed in any local event as that of yesterday. Every lady and her husband that was eligible to play in these tournaments have been looking forward to this affair with the keenest interest and the way they turned out yesterday proved that the game of golf in Sanford will be the leading pastime in the future.

There are many people in Sanford that must first be educated as to what golf really is and this first tournament was more for that than anything else yesterday. And the results show that the efforts of those who are trying to give golf its proper standing in our community are appreciated.

Joe Chittenden, who has been playing for some time, was the victor in the men's tournament. He was followed by Roy Chittenden, D. C. Griffin, Charles Whitner, R. C. Maxwell, R. A. Newman, Walter Connolly, T. W. Jones, C. L. Britt, W. C. Hill, S. M. Lloyd, J. M. Wallace, J. T. Brady, Jr., J. H. Little, G. G. Herring, Reg. Holly, J. G. Leonard, Donnie Turner, C. N. Williams, B. W. Herndon, L. Derby, Ed. Lute.

The ladies tournament was also a success, but was stopped by the rain. The ladies who played were Mrs. McCuller, Mrs. Wallace, Mrs. H. P. Smith, Mrs. J. D. Jones, Mrs. J. M. Wallace, Mrs. J. T. Brady, Jr., Mrs. J. H. Little, Mrs. G. G. Herring, Mrs. Reg. Holly, Mrs. J. G. Leonard, Mrs. Donnie Turner, Mrs. C. N. Williams, Mrs. B. W. Herndon, Mrs. L. Derby, Mrs. Ed. Lute.

The weather was very threatening at the ladies lined up for the big battle of the morning but the start was made and the sixteen ladies that entered were all out on the course when the storm broke loose. Mrs. McCuller and Mrs. H. P. Smith had just completed the first half of their rounds when play was stopped, the rain coming down so hard it was almost impossible to drive a ball through it. The ladies, after being taken in off the course in that, voted to postpone their event until a better day.

Many good scores for the ladies had been started and had the play continued, it is probable that all have been successful. The following ladies were present: Mrs. McCuller, Mrs. Wallace, Mrs. H. P. Smith, Mrs. J. D. Jones, Mrs. J. M. Wallace, Mrs. J. T. Brady, Jr., Mrs. J. H. Little, Mrs. G. G. Herring, Mrs. Reg. Holly, Mrs. J. G. Leonard, Mrs. Donnie Turner, Mrs. C. N. Williams, Mrs. B. W. Herndon, Mrs. L. Derby, Mrs. Ed. Lute.

scores for the men's affair was as follows:

- J. D. Chittenden 58
- Roy Chittenden 60
- D. C. Griffin 60
- Charles Whitner 60
- R. C. Maxwell 61
- R. A. Newman 65
- Walter Connolly 65
- T. W. Jones 69
- C. L. Britt 70
- W. C. Hill 71
- S. M. Lloyd 71
- J. M. Wallace 73
- J. T. Brady, Jr. 74
- J. H. Little 75
- G. G. Herring 75
- Reg. Holly 77
- J. G. Leonard 77
- Donnie Turner 81
- C. N. Williams 83
- B. W. Herndon 83
- L. Derby 84
- Ed. Lute 87

KISSIMMEE BE HERE TOMORROW

The Sanford team is all set for the strong out fit from Kissimmee and when the curtain goes up on the play tomorrow these little old pig-skin warriors of our own will set for the grand task.

It is expected that Sanford to win the big game, but if she gets away with the one tomorrow we will then see that our chances for a clean sweep throughout the season are very good.

The probable line-up for the start is as follows:

- March, center 110 lbs.
- M. L. ... 120 lbs.
- ... 130 lbs.
- ... 140 lbs.
- ... 150 lbs.
- ... 160 lbs.
- ... 170 lbs.
- ... 180 lbs.
- ... 190 lbs.
- ... 200 lbs.

The average weight of the team is 140 lbs. The line-up is in excellent condition and each player is ready for the game.

GRIFFITH MAY GIVE BIG JOB TO KELLY

(By The Associated Press) WASHINGTON, Oct. 20.—Mike Kelly, manager of the St. Paul American Association team, 1922 champion, is under consideration as next year's manager of the Washington American League team, Clark Griffith, president of the club, said last night. Replying to questions, Mr. Griffith said he had not decided on a manager for next year.

Griffith explained it was not even determined that Clyde Milan, who piloted the Senators this year, would not be at the helm next season, but admitted he was looking around for a team boss.

ST. PAUL, Oct. 20. Mike Kelly, manager of the pennant-winning St. Paul American Association team, has received an offer to manage the Washington Americans, but has made no decision in the matter, he said yesterday. Kelly, who is at the summer home on the St. Croix, refused to go into details of his offer from Clark Griffith.

"I have received several offers," he said, "but I have made no plans for next year."

He saved and split to any measure, decided in Sanford. Will supply any amount and book all orders for delivery in order received. Please write plainly, state whether oak or pine or mixed is wanted. F. S. Vernay, Sanford, Fla., Route A. 169-1mo-p

Teachers' Institute Will Be Held Here On November First

Excellent Program Has Been Arranged for the Day

A teachers' institute for all white teachers in Seminole County will be held on November 1st at Sanford. The institute will be held under the auspices of the General Extension Division of the University of Florida, and B. C. Riley, director, has advised County Superintendent T. W. Lawton that a strong faculty from the University has been chosen to conduct the institute. These teachers' institutes are a new feature of the General Extension work and will be held in a limited number of counties this year; consequently, it is considered fortunate that Seminole County is included in the number.

The general theme for the institute program will be the enrichment of the subject matter in the school curriculum and better teaching methods. The institute faculty has been chosen that a specialist is provided

for each group of teachers. Included are Dr. Roemer, A. M., Ph. D., professor of secondary education at the University of Florida; Mrs. Roemer, teacher primary education; and Dr. O. E. Woodley, formerly president of Marshall College, Huntington, W. Va.

All schools in the county will probably observe holiday on the date of the teachers' institute in order that instructors may be able to attend the event. It is expected that one hundred per cent of the teachers of this county will attend the institution, which will undoubtedly be one of the most profitable meetings of the year.

9 to 9:30 Opening exercises; opening address and announcements of the superintendent.

9:30 to 10:15 Address by Mr. Woodley. Subject: "Some Reasons Why Teachers Fail."

10:15 to 10:20 Song and Relaxation exercises.

10:20 to 10:45 Address by Mrs. Roemer. Subject: "New Ideals in Primary Education."

10:45 to 11:00 Recess and Assembly in Departmental Rooms.

11:00 to 12:15 Department Groups: Primary Group, Mrs. Roemer; Grammar Group, Mr. Woodley; High School Group, Mr. Roemer. Topics will be chosen from list of subjects given for Departmental Groups.

12:15 to 1:15 noon

1:15 to 1:30 A lively song service.

1:30 to 2:10 Address by Dr. Roemer. Subject: "Why I Teach School."

2:10 to 2:15 Song and Assembling in Departmental Rooms.

2:15 to 3:15 Departmental Groups, same as morning.

3:15 to 4:30 Song Exercise. Announcements of Superintendent, and closing exercises. Remarks by superintendent.

Topics from Which List of Subjects for Departmental Groups is to be Chosen

- Mrs. Roemer.
 1. Purposeful Teaching in Primary Grades
 2. The Teaching of Tool Studies in Primary School
 3. Value of Appreciation Studies in Primary School
 4. The Meaning of Handwork in Primary Grades
 5. Oral and Subject Teaching in the Primary Grades
- Mr. Roemer.
 1. The High School Curriculum
 2. The Newly Adopted Text Books
 3. What History to Teach in the High School and How to Teach it
 4. The Point of View of Teaching
- Mr. Woodley.
 1. The Reading Class in Upper Grades
 2. The Geography Study in Primary Grades
 3. The Use of American Verse in Language Work
 4. The Use of American History Studies
 5. Civics and Government Defined

SCHOOLS IN A DIVER TROUBLE

Sanford, Oct. 19.—The schools in this county are in a diver trouble because of the shortage of teachers. The superintendent, T. W. Lawton, has advised that the county is in a diver trouble because of the shortage of teachers. The superintendent, T. W. Lawton, has advised that the county is in a diver trouble because of the shortage of teachers.

UNCLE DICK UNDUPLY EXCITED

Took Aunt Mary Some Little Time to Understand the Matter, and Then, Action!

"I don't know what we are coming to," said Uncle Dick Fowler as he surveyed a sheet of thin paper which had accompanied a periodical sent to Aunt Mary by their daughter in New York.

"What's the matter now?" asked Aunt Mary tranquilly. "What are you doing with that sheet of paper, Dick, and where are your specs?"

"I'm huntin' for 'em now," said Uncle Dick, excitedly, "and I suppose this here," shaking the paper, "is a new map, and the way it's cut up by the railroads is a shame and a disgrace! I don't see how there's room left for a decent house lot in the whole state."

"Well, now, and your specs and read what it says," counseled Aunt Mary, abandoning her socks to look over Uncle Dick's shoulder. "Perhaps they're only prospecting the roads as yet, maybe they won't be built any more's sake of these western towns that's laid out all so pretty on paper, and now they're else. Read what it says, follow."

"It says," muttered Uncle Dick, with a confused expression on his face, "Pattern of skin and bucket on page 372. Pattern of engine wheel on page 374. But what—"

"Here," said Aunt Mary, "it to me," commanded Aunt Mary, and she departed to spread Uncle Dick's supposed rail road map on the table, while he was left to ponder on the wonderful works of man—and woman—Philadelphia Ledger.

POINTED WAY TO EFFICIENCY

Railway Mail Clerks Really Inventors of System Acknowledged as the Best Yet Devised.

When it was first introduced first introduced each clerk was allowed the privilege of doing his work in the way that seemed best to him. Clerks competed for efficient methods—some of them attaching to letters they tied up in bundles a slip on which they wrote:

"In case of error report to J. Blank Route 100." From this the modern "finger slip" now used was copied.

These slips are of great variety and are used in all offices as well as on the cars. They are placed on each package of letters, distributed and tied for further distribution on another rail road station or in a post office. Every package can be identified in this way. If errors are found this slip with instructions is sent through appropriate channels back to the man who made the error. In this way clerks are enabled to perfect their skill and add to the efficiency of their work in their respective offices.
