

## RUSSIA'S REPLY TO ALLIES MEMORANDUM EXPECTED TO BE READY MONDAY A.M.

Will Be Strictly Conciliatory Document Not Intended for Break ANY NEGOTIATIONS

FOREIGN MINISTER TCHITCHERIN HAS TOLD THE ASSOCIATED CORRESPONDENTS TODAY

(By The Associated Press) GENOA, May 6.—Russia's reply to the allied memorandum is expected to be ready Sunday or Monday and will be distinctly conciliatory document and not intended to break off negotiations Foreign Minister Tchitcherin said today. It will, however, firmly state Russia's inability to comply with terms offered.

NEW ORLEANS WILL NOT BE AFFECTED BY FLOOD WATERS

(By The Associated Press) NEW ORLEANS, May 6.—That New Orleans would not be affected by the spread of water coming thru the crevasse in the Mississippi river levee at Bayou, 12 miles below here, was the statement last night of New Orleans levee board officials, who declared that in the event of its continued northward sweep, it would easily be diverted into Lake Pontchartrain through numerous bayous, and any overflow of these waterways would be halted by a protection levee built some years ago for such an emergency.

The Crevasse waters last night had reached the swamps just below the Chalmette national cemetery, several miles from New Orleans, but levee officials believed that it would spread out over the low and marshy lands of that section and finally flow into Lake Pontchartrain through Bayou Bienvenue. Besides the national cemetery, the largest sugar refinery in the world is located at Chalmette but as both of these are on comparatively high ground and protected by railroad embankments and natural barriers no fears have been expressed as to their safety from the flood waters.

## CONTRIBUTIONS NOT EXEMPT FROM TAXES

WOODROW WILSON FOUNDATION CONTRIBUTORS CAN NOT ESCAPE

(By The Associated Press) WASHINGTON, May 6.—Secretary Mellon today informed Senator Glass, the treasury upon reconsideration had reached the conclusion that contributions to the Woodrow Wilson foundation were not exempt from federal income tax. Mellon added, however, he would be glad to hold the matter in abeyance and postpone formal ruling until Wilson foundation might reorganize to permit exemption under the law.

## 150 CASES OF BOOZE IN CARLOAD OF TOMATOES

(By The Associated Press) KEY WEST, May 6.—Customs officials here yesterday seized 150 cases of whiskey which were found concealed in a carload of what was supposed to be tomatoes. The car contained about one hundred crates of tomatoes and arrived by ferry boat from Havana. It was billed to a fruit handling concern in Chicago.

## Fifth Annual Meeting Central Florida E. L. U. at Winter Garden

Thursday evening and Almost Three Hundred Were Present

The fifth meeting of the Central Florida Epworth League Union met in Winter Garden on Thursday evening with an attendance of some two hundred and seventy-five people, representing Leagues from five counties, including Lake, Orange, Osceola, Volusia and Seminola.

Nothing could have been more refreshing than the delicious iced lemonade to which all were so generously served on entering the little church. Every one found their respective places with their own League. The president of the Winter Garden League had charge of the devotional meeting, which was opened by all singing the Grace, prayer by Dr. Walker, and a warm welcome address from Brother Hardin. A short but excellent program consisting of solos, duets, and readings followed by all singing a familiar song.

The program came to a close by each League singing the song, and Sanford was there full of pep and lemonade and put it over big. However the program could not be complete until we heard from P. M. Boyd, and he was there to favor us with "Oh Glorious Day."

After the contribution Pres. Thos. G. Bird opened the business meeting by having the minutes read, corrected and approved. At the president's request Enterprise returned the banner and the roll was called. The attendance record was as follows:

- DeLand, 80 on roll, 35 present.
- Clermont—absent.
- Kissimmee—38 on roll, 15 present.
- Winter Garden—92 on roll, 54 present.
- Sanford—92 on roll, 77 present.
- Enterprise—18 on roll, 5 present.
- Ocoee—40 on roll, 36 present.
- Groveland—absent.
- Oriando—60 on roll, 15 present.
- Highland Grove—30 on roll, 3 present.

After some delay, confusion, counting, figuring and threshing the banner was awarded to Ocoee as the League having the highest percentage. However, Sanford Leaguers are good losers but are determined to bring the banner home next time, when a crowd of 85 people can represent Sanford in Winter Garden. It is to be expected that Sanford can have a one hundred per cent attendance at the next meeting in Orlando.

The following officers were elected: President—Thos. G. Bird, Orlando. Vice-Pres.—Caroline Spencer, Sanford. Secretary—Jess Lantz, Orlando. Treasurer—Doris Faber, Enterprise. Cor. Sec.—Miss Nancy Summerhill. The next meeting will be an advertising feature and will be held on Thursday evening, June 1st, in Orlando.

Refreshments of ice cream and home made cake were served.

## MIAMI TO WASHINGTON

(By The Associated Press) WASHINGTON, May 6.—The first aerial tourist party arrived in Washington yesterday when the air cruiser Santa Maria disembarked six passengers from Miami, Fla., at a Potomac landing opposite the capital. The flight up the coast was started Monday, many stops being made en route at southern ports for fuel or sightseeing.

The Santa Maria, with a maximum speed of 75 miles an hour, and a capacity of 14 passengers, has been operated daily for several months between Miami and Havana, Cuba.

## STOCKTON'S PUBLICITY PLAN BOOSTED BY METROPOLIS WILL GIVE ONE THOUSAND

Per Year to Advertise the State of Florida Thru-out the Nation

(By The Associated Press) JACKSONVILLE, May 6.—Telfair Stockton's proposal for business men of the state to pledge one hundred thousand dollars yearly for five years for all Florida advertising fund gained further impetus today with the pledge of one thousand yearly from the Jacksonville Metropolis. Stockton pledged one thousand, Collins Gillett, Tampa, pledged one thousand last night on behalf of M. E. Gillett & Sons, Tampa, no pledges binding until the minimum one hundred thousand yearly is available, contributions as low as five dollars will be received. Contributors notify their newspapers. The fund will be expended by commission selected by contributors voting in proportion to the amount of their contribution. Meeting of contributors will be called to effect permanent organization as soon as hundred thousand dollars is pledged.

## TRAGEDY AT UNIVERSITY SOUTH CAROLINA TODAY, MEMBERS OF FACULTY SHOT

Professor Homes and Marshal Hale Found Dead in Office

(By The Associated Press) COLUMBIA, S. C., May 6.—Professor M. Goode Homes, of the University of South Carolina faculty, and Ben Hale, university marshal, both shot to death at 10:15 this morning in treasurer's office of university. A student said to have been passing the office heard the shots, entered the office and found the bodies of both men and one pistol. Coroner investigating says he believes that Hale shot Holmes and then killed himself as only one pistol was found and that belonged to Hale. There were not witnesses.

## COUNTY COMMISSIONS OF SEATE WILL MEET IN TAMPA TUESDAY

(By The Associated Press) TAMPA, May 6.—The annual meeting of the State Association of County Commissioners will be held here next week with the initial session Tuesday morning. State Comptroller Ernest Amos, State Tax Equalizer Marion L. Dawson and Judge H. B. Phillips, chairman of the state road department, are among the speakers on the program for the first day. Mr. Amos will discuss the automobile license law, while Judge Phillips will tell the commissioners about the road department and its work.

Home demonstration work will be discussed by Miss Sarah Partridge, state home demonstration agent, at Wednesday's session, while Dr. Wilson Newell, director of the agricultural experiment station at Gainesville will deliver an address on agricultural development in the state.

Thursday will be devoted to an automobile tour of the surrounding counties to inspect road and bridge construction and maintenance, beautification and development. The itinerary will include a visit to Plant City, Lakeland, Auburndale, Lake Alfred and Haines City, the commissioners dispersing at the latter place for their home cities or returning to Tampa by way of Lake Wales, Bartow, Mulberry and Plant City.

## NUMBER YOUR HOUSES

City Clerk L. R. Phillips calls your attention to the fact that all houses should be numbered, all residences and business houses, and the numbers can be had free at the Clerk's office in the city hall. This is an opportunity to get your number and tack it on and have it forever more. It assists the mail carrier, the newspaper carrier, the insurance people and everyone. In fact the insurance people insist on all houses being numbered.

## CHINESE WAR IS FINISHED, CHANG FLEES

TOWARD MUKDEN AND RECOGNITION OF WU PEI FU IS GRANTED

(By The Associated Press) PEKING, May 6.—China's civil war appears to have ended with the flight of General Chang Tso Lin toward Mukden and the recognition by Peking government of General Wu Pei Fu as master of the situation.

Chang's authority in Peking was eliminated yesterday with the disarming of his guard inside the capitol and General Wu was recognized by the Peking government as having assumed control.

It is understood President Hsu Shih Chang will remain in office until the end of his term in October, 1923. Gen. Wu says he does not intend to interfere with him. A re-organization of the cabinet is expected.

Premier Liang Shih-Yi, who is regarded as a supporter of General Chang, will be automatically eliminated. The premier at present is in Tientsin. Acting Premier Chow Tau Chi probably will resign. He conferred yesterday with General Wu's plenipotentiaries with regard to the government.

General Wu has remained outside Peking thus far and has given no indication of an intention to enter the city. He purposes to call a constitution convention as soon as the military problems are solved. It is his intention to unite north and south China. The convention probably will be held in Central China.

The defeat of General Chang is attributed to lack of the support he expected from the southern provinces, the neutrality of Shantung and the failure of Dr. Sun Yat Sen, head of the Sothern government in Canton to send an expedition northward to operate against General Wu.

## MARY PICKFORD HEADS FILM ACTRESSES CLUB

(By The Associated Press) LOS ANGELES, MAY 6.—Mary Pickford has been chosen president of a club of motion picture actresses, the primary purpose of which is to protect the good name of its members, it was said here. Miss Helen Ferguson, its organizer, stated admission would be by invitation only and no one would be admitted who were not "credits of the industry."

Other officers will be elected Monday, when a name for the club will be chosen.

## THREE NEGROES BURNED AT THE STAKE IN TEXAS FOLLOWING USUAL CRIME

Henry Davidson Dead, Head of Morgan Co., and Red Cross Work

Had Tumor on Auditory Nerve and Could Not Survive Operation

(By The Associated Press) NEW YORK, May 6.—Henry P. Davidson, of J. P. Morgan & Co., died on the operating table today. Announcement was made at two o'clock at Morgan's offices. Davidson died at 1:30. Davidson was being operated on for the removal of a tumor on the auditory nerve, near the brain. The operation was performed at his home at Peacock Valley, Long Island, and the news of his death received at Morgan's offices over a special wire. Morgan's offices received the statement presumably from physicians: "Davidson died shortly after conclusion of operation upon infiltrating tumor of the brain, which would only be partially removed."

## GOVERNMENT IS URGED TO WORK SHOALS PLANT

(By The Associated Press) WASHINGTON, May 6.—Government retention of the nitrate and power projects at Muscle Shoals, Ala., rather than their lease or sale to private interests, was urged yesterday by J. H. Levering, a civil engineer of Los Angeles, Cal., in testifying before the Senate agriculture committee in support of Chairman Norris' bill proposing a government owned corporation for development of the Muscle Shoals territory.

Mr. Levering declared the committee should never accept a private offer until it had been drafted on a sound basis.

Senator Norbeck, Republican, South Dakota, asked if Mr. Levering thought Henry Ford, who has submitted an offer for the projects, was embarking upon "another peace ship" expedition.

"That's just what I mean," the witness replied, adding that he doubted if Mr. Ford had a process by which the manufacture of fertilizers could be reduced by one-half their present market prices.

At this point, Senator Heflin, Democrat, Alabama, took issue with the witness, declaring that big interests would keep "anybody from developing Muscle Shoals unless he is like Ford and has his own money."

"Well," replied Mr. Levering, "if we have to go to one man for everything in this country, we ought to make him king."

Mr. Levering said much support given Mr. Ford's offer came from "sucker money," explaining that speculators already were selling "lots at Muscle Shoals, next to Mr. Ford's factory."

When the discussion was directed to the offer made by Frederick Engstrom, of Wilmington, N. C., Mr. Levering declared it "would be a scandal for congress to accept that proposition."

Mr. Levering's comments were the first heard by the committee on the Norris bill and marked the first departure from consideration of the offer for private development since the committee began its investigation last month.

## GRAPES FROM ARGENTINA

The Herald office this morning received some nice grapes from Chase & Co., that came from Argentina via the Panama Canal. Will Leffler happened to be in New York when the grapes arrived and sent some to the office. They can ship fruits and are shipping fruits from the west coast and from as far away as Africa to New York and shipping cheaper than the railroads are hauling Florida fruits and vegetables. Look out for the time when the South American growers start growing vegetables in competition to Florida. Unless the railroads come down in rates meantime it will be good night, Florida. But the grapes were great and we hereby thank Mr. Chase for them (this will not cost us 25 cents as it does in Rotary).

## White Girl Pulled From Horse, Assaulted and Killed

NEGRO CONFESSED

IMPLICATING TWO OTHER NEGROES AND ALL THREE TAKEN FROM OFFICERS AND BURNED

(By The Associated Press) KIRWIN, Tex., May 6.—Three negroes were burned to death at the same stake here at 5 o'clock this morning by a mob of five hundred following the alleged implication in criminal assault, and murder of a 17-year-old white girl whose mutilated body was found near here Thursday night. Snap Curry, the first negro burned, was taken from the Freestone county officers last night while they were attempting to move him to a safe place. It is alleged he confessed to the mob he had assaulted and murdered the girl and in his confession he implicated two other negroes, J. H. Varney and Mose Jones. The mob got Jones and Varney out of the Freestone jail where they were held as suspects. The three negroes were rushed to Kirwin, the home of the dead girl, an iron stake was driven into the ground on a small square in the heart of town. Curry was burned, then Varney, then Jones. After the third negro had turned to a crisp all three bodies were piled together and fuel and oil thrown on them and they were then ignited. The mob rapidly dispersed and at daybreak only a few persons were remaining to witness the aftermath of the triple cremation. The girl was riding a horse home from school several miles from Kirwin late Thursday when she was attacked. Her body was found near the road with twenty-three knife wounds in the head, neck and chest.

All sections of Seminola county have had nice rains during the past week and fruits and farms look fine.

## TAXES IMPOSED TARIFF BILL TO BE GREAT

SENATOR SIMMONS SAYS THEY WILL NOT BE CUT DOWN ANY.

(By The Associated Press) WASHINGTON, May 6.—Taxes imposed by pending tariff bill will be as real as those imposed by the revenue bill and probably as great, from three to four billion dollars, Senator Simmons, of North Carolina, ranking Democrat on the Senate Finance Committee declared in minority report filed today in the senate.

## SPECIAL EDITION SANFORD HERALD FOR THE SHRINERS

The Sanford Shrine Club will put out a special edition of the Sanford Herald on Friday, May 26th, the day before the big doings here and the special edition will be a peach. It will consist of eight pages or more and be in regular newspaper style except that it will contain a lot of inside history about the members of the Shrine that even their own wives do not know. It will have cartoons and pictures of the members and will be filled with pep and push and be better than a comic weekly. The committee will call upon the merchants of Sanford to take space in the Shrine Special and they will only call one time as the special must be arranged at once if it is to come out on time. Watch for the Big Shrine Special and take generous space in the paper that will be the greatest happening in our midst in many days.

Eventually Europe may grow weary of signing contracts with the field men only to have the home office turn them down.

KIWANIS CLUB HAD BIG TIME LAST NIGHT

(Continued from page one) nounced he would sing a song entitled "We Feed Our Baby on Limburger Cheese so That We Can Find Him in the Dark" and then in fact sang "Home Sweet Home." Any way if that speech of Robinson's was what he really thought to be serious, there is not enough laughing in Sanford to stand for his funny ones.

Then to cap the climax Howard Lyman lead the Orlando bunch in a rag time composition wherein Sanford, Orlando and every other place and person had gone "wild, simply wild" over the Daytona moonshine.

It looked like the ladies had been forgotten, but they had not—no Schelle Maines, our own judge of red necktie fame, came to their rescue with his egg trick. The judge produced a large egg and announced that the ladies must pass it one to the other, and when the toastmaster called time, the lady holding the egg should make a speech, for which she was to receive a handsome cut glass vase—the vase was exhibited and the egg started. Well it kept moving, too. The toastmaster called time and Miss Edna Wallace, of Daytona, had the egg. She was called on to make a speech, but in the excitement she said that she had left her speech at home. The judge presented her with the cut glass vase for making an effort, but in handing it to her it was "accidentally" dropped and was broken. Things appeared to be in a dreadful fix, but a three pound box of candy was in waiting to take the place of the broken vase, and Miss Wallace was happy.

Jeff Bailey, secretary-treasurer of the Alabama-Florida district, was introduced and in his witty style made every one feel they had known Jeff for years. During his speech he told of the organization of Kiwanis and of

the possibilities of the Sanford Kiwanis Club.

After Jeff had "dropped the turtle" Secretary Lloyd read a telegram filled with congratulations from the International Secretary, and Ed. Lane announced that the last half of the "night" would be finished at the Elks' Club where a big dance for Kiwanians and their friends was to be staged.

Throughout the evening music was furnished by a seven piece orchestra. The "Kiwanis Klarion" edited by Sherman Lloyd and Bart Herndon, giving information in rhyme as to each of the Sanford Kiwanians, and including numberless jokes on both visitors and home boys were placed at each plate and afforded much merriment to the guests.

Dainty programs or place cards that were a work of art were also placed at each plate.

The following was the menu for the banquet:

- Fresh Fruit Cocktail
Celery Hearts
Queen Olives
Fried Chicken, Country Style
Snowflake Potatoes
Pettit Pois en Cassé
Hot Rolls
Pineapple Salad, Del Monte
Valdez Ice Cream
Pettit Forns
Demi Tasse

After the banquet the Kiwanians and their guests went to the Elks' Club for the dance, consisting of ten numbers and four extras.

Many hours later the "affair" came to an end with every one tired but glad of it, for every one had enjoyed the occasion to the fullest.

# BUILD - Build Now

"A Nation of Home Owners" is the ideal that America looks forward to. It is a mighty big ideal, but practically everyone who is paying rent can help realize it. Doesn't every real American want a share in the soil and the property of his native land? Of course he wants to be Uncle Sam's partner! Right now at the first dawn of Spring, the impulse to own your own home is strongest. You will do well to "obey that impulse."

## THE PRESENT OPPORTUNE FOR THE HOME BUILDER IN SANFORD

The fleeting, palpitating present is being laid to different causes, with opportune for the home builder to the announced intention of resuming realize the lowest prices in construction within a few months. Other operations of this type is being held off, the resumption of foreign construction. Plants that were started and half completed have been in Europe being generally the reasons stopped, the suspension of activities given for the failure to go forward.

Such reasons or excuses are recognized as harboring at least a germ of sound business sense. If a manufacturing concern is looking to foreign markets for business and sees no immediate hope of placing its products profitably, this is ample reason for holding up the construction of an auxiliary factory which may be erected in the course of sixty or ninety days.

But this course of reasoning does not apply to the intending home builder. Many contractors and building trades mechanics are either idle or not rushed and they are not only willing but eager to make close prices on construction, particularly home building, for the chances of loss and accidents, and interruptions and lack of materials are less on this type of construction than on the heavier types.

It is agreed by the experts who appraise business and building conditions that industrial construction will become active in the course of a few months. When this comes on the probability is that the material market will stiffen, and men who now are idle will be employed. Then construction will cost more.

THERE HAS NEVER BEEN A PERIOD IN RECENT YEARS MORE FAVORABLE FOR HOME BUILDING THAN THE PRESENT.

IMPORTANT RESULTS EXPECTED FROM THE TITUSVILLE HEARING

The Central Florida Water Traffic League is stressing the importance of the approaching hearing at Titusville when government engineers will meet members of the league for a discussion of the proposed canal route through Central Florida.

S. J. Sligh, president of the league, has sent out the following letter in regard to the hearing to chambers of commerce in this section of the state:

Referring to the call from the army engineers' office at Jacksonville, Florida, for a meeting at Titusville, May 16, 1922, it is vitally necessary that complete information and statistics on every point indicated in the engineers letter be gotten together in the very best form possible and believing that this can be done by a meeting of representatives of all interested towns, cities and organizations, the Central Florida Water Traffic League hereby calls a meeting at Sanford, Florida, at the Valdez hotel, at 7:30 p. m., May 8, 1922.

You are earnestly requested to have representation at this meeting with information pertaining to every subject named in the engineers letter, so that it may be compiled and presented in one brief at the hearing at Titusville.

This will in no way prevent your filing a separate brief, if you so desire, but it will present to the army engineer the information in a concise form and in such a way that he will have a thorough grasp of the entire situation.

This is especially necessary as to the tonnage (both rail and water) to be developed by a system of waterways from Jacksonville via the St. Johns river to a point approximately thirty (30) miles south of Sanford thence by a short canal to the Indian river, and thence down the Indian river to Miami.

The Central Florida and Lower

East Coast territory contiguous to this route can produce a tonnage that can not be ignored by the war department's engineers, congress, or any one else, and in addition would reclaim vast areas of the richest soil in America by preventing the annual overflow now occurring.

Will you please indicate as quickly as possible your intention to be present at this meeting which is called for the purpose of getting things in line for tangible results.

### Miss Knox is Given Twenty Years for First Degree Murder

MONTROSE, Va., May 5.—Miss Sarah E. Knox was found guilty of murder in the first degree and sentenced to twenty years in prison by the jury in its verdict returned at 8:23 o'clock last night. Miss Knox, former nurse, has been on trial since last Tuesday for the killing of Mrs. Roger D. Eastlake, whose husband was acquitted last December of the murder.

Watt T. Mayo, commonwealth attorney of Westmoreland county, concluded the argument for the state at 6 o'clock. Judge Chinn then adjourned court to allow the jury time to eat dinner before beginning their secret discussions. The jury retired at 7 o'clock, returning the verdict in one hour and twenty-three minutes.

The jury stipulated that the verdict should carry a sentence of twenty years' imprisonment in the state penitentiary.

It is expected she will be taken to Richmond today to begin serving her sentence.

Notice is hereby given that the following petition will be presented to the County Board of Public Instruction for Seminole County, Florida, at a meeting to be held at 9:30 a. m. Tuesday, May 16th, 1922, at the office of Superintendent of Public Instruction, Sanford, Florida:

TO THE COUNTY BOARD OF PUBLIC INSTRUCTION FOR SEMINOLE COUNTY, FLORIDA:

YOUR PETITIONERS hereafter designated as petitioners from Special Tax School District No. 2, Seminole County, Florida, respectfully represent that they are qualified electors that pay a tax on either real or personal property and are residents of that portion of Seminole County, Florida, known and described as Special Tax School District No. 2, such district containing all that territory of Seminole County, Florida, embraced within the following description: Beginning at Southeast corner Section 15, Township 21 S., Range 30 E., run west to Southwest corner Section 14, Township 21 S., Range 29 E., thence North to Northeast corner Section 27, Township 20 S., Range 29 E., thence West along Section line to a creek, thence northwesterly along said creek to Wekiva river, North and Northwest to intersection of center section line of Section 9, thence East to one-quarter section post on the East line of Section 7, Township 20 S., Range 30 E., thence North to Northeast corner said Section 7, East to Sanford Grant line thence Southeast along said grant line to center section post Sec-

tion 10, Township 20 S., Range 30 E., South to center Section 15, Township 20 S., Range 29 E., thence East to East line of said Section 15, thence South to point of beginning.

Your petitioners, as aforesaid, further represent that they desire the limits of the said district as above described extended so as to include and embrace all of the territory contiguous to the above said district and described as follows:

Begin at the Southeast corner of Section 34, Township 21 S., Range 30 E., run thence West to Southwest corner Section 33, Township 21 S., Range 30 E., North to Southwest corner of Township 21 S., Range 30 E., thence West along County line to Southwest corner Section 19, Township 21 S., Range 29 E., thence North along County line to Wekiva river, thence in a Northeasterly direction along said river to the intersection of said river with a certain creek in Sec. 15, Township 20 S., Range 29 E., thence Southeast along said creek, following the most eastern portion thereof to intersection of said creek with South line of Section 22, Township 20 S., Range 29 E., thence East to Southeast corner of said Section 22, Township 20 S., Range 29 E., thence South to Southwest corner of Southeast quarter of the great quarter Section 14, Township 21 S., Range 29 E., thence East to the Northeast corner Section 22, Township 21 S., Range 29 E., thence South to point of beginning, all of which territory is within Seminole County, Florida.

YOUR PETITIONERS hereafter designated as petitioners from the above described or contiguous territory, respectfully represent that they are qualified electors who pay a tax on either real or personal property and are residents of that portion of Seminole County, Florida, contiguous to the territory now embraced in Special Tax School District No. 2, Seminole County, Florida, and last above described, and would further represent that they desire the territory last above described to be created into a special tax school district for the purpose of levying and collecting a district school tax for the exclusive use of the public free schools within such territory; that they desire such territory to be created in Special Tax School District by extending the boundaries of Special Tax School District No. 2, Seminole County, Florida, to include the territory last above described.

YOUR PETITIONERS would further represent that more than twenty-five per cent of the territory who pay a tax on either real or personal property and who are residents of Special Tax School District No. 2, Seminole County, Florida, and also that more than twenty-five per cent of the qualified electors who pay a tax on either real or personal property and who are residents of that portion of Seminole County, Florida, contiguous to the territory last above described, have signed this petition.

YOUR PETITIONERS would further represent that they are qualified electors who pay a tax on either real or personal property and are residents of that portion of Seminole County, Florida, described as follows, to-wit: Beginning at Southeast corner Section 24, Township 21 S., Range 30 E., run thence West to Southwest corner Section 33, Township 21 S., Range 30 E., North to Southwest corner Section 31, Township 21 S., Range 30 E., thence West along County line to Southwest corner Section 19, Township 21 S., Range 29 E., thence North along County line to Wekiva river, thence Northeasterly along said river to the intersection of said river with the east and west center line of Section 9, Township 20 S., Range 29 E., thence East to Southeast corner of the east quarter Section 7, Township 20 S., Range 30 E., thence North one-half mile, thence East to Sanford grant line thence Southeast along said line to center Section 10, Township 20 S., Range 30 E., thence South one mile, thence east one-half mile thence South to beginning.

Which said last description includes and embraces all that territory of Seminole County, Florida, now included and embraced in the Special Tax School District No. 2, Seminole County, Florida, and also that territory contiguous to said district and secondly above described.

YOUR PETITIONERS further represent that they desire the limits of said Special Tax School District No. 2, extended so as to embrace and include all the territory last above described, and that such territory be created into a Special Tax School District, to be numbered and known as your honorable body shall deem best, but including as Special Tax School District No. 2, Seminole County, Florida. The said district to be created for the purpose of levying and collecting a district school tax for the exclusive use of the public free schools within the said and last above described territory. That more than twenty-five per cent of the duly qualified electors who pay taxes on either real or personal property and who reside within the last above described territory have signed this petition.

WHEREFORE YOUR PETITIONERS HUMBLLY PRAY:

That an election be called and held to determine whether or not the limits of Special Tax School District No. 2, Seminole County, Florida, shall be extended so as to include all of the territory of Seminole County, Florida, last above described; such territory School District, and also to determine shall be created into a Special Tax the number of mills of special school district tax to be levied and collected annually for the two succeeding years, and also who shall serve as school trustees for the said special tax school district for the two succeeding years.

AND YOUR PETITIONERS WILL EVER PRAY.

Real Florida weather, this.

Wish our northern friends could be here to enjoy May and June.

The Sanford Country Club is assuming shape now and the grounds are beginning to promise those many pleasures that go with a real golf links.

If you are not a member of the Chamber of Commerce or if you belong and have not paid your dues get right today and come in and help put Sanford in the big city class. It is your duty as a citizen.

Sanford is attracting the attention of people all over the country now and the Herald is in receipt of communications from prospective residents every day wanting more information about the "City Substantial."

It has been a dull week with Secretary Pearman of the Chamber of Commerce out of town. He has been away attending the meeting of the Commercial secretaries of the south at Nashville and he will no doubt have much to tell about the work of the publicity agents when he returns today.

Every day the importance of the inland waterways and the Water Traffic League becomes apparent to those who have been standing back allowing "George to do it." Now is the time for every business man in Sanford to join the Central Florida Water Traffic League and fight the battle that will mean cheaper freight rates, an inland waterway via the St. Johns river and all the other big things that will mean so much for Sanford. It is passing strange that so many business men have to be coaxed to do something for themselves and for their city. Attend the meeting here Monday night at the Valdez Hotel and learn something to your advantage.

WHAT PRIMARIES MEAN

The Florida Post calls upon all Republicans to refrain from participating in the Democratic primary. This is good advice. If a man has voted for a Republican in the national election he cannot vote in the Democratic primary and he cannot qualify as a candidate in the Democratic primary. No Republican has any business voting in a Democratic primary and while the Post seems to think that the Democratic party is anxious to have the Republican vote in the June primary we want to say to them that real Democrats do not want the Republicans to mix up in the Democratic primaries. Let the two parties have their own primaries and stay apart as far as mixing up in the business of either is concerned. There has been too much of this mixing business in the days gone by and it has hurt the Democratic party, caused friction and meant nothing to either party. A man who pledges himself to abide by the action of the

Democratic primary cannot vote for a Republican president any more than he can vote for any candidate other than the Democratic candidate at the general election. Republicans in the past have seemed to think they could vote in the Democratic primaries and then vote for who they pleased at the general election in November. Republicans have participated in Democratic primaries and voted for Republicans in the general election and then came back for office in the June primary. It is a matter of conscience all the way through. There is no way of knowing who a man votes for but in order to preserve the party lines no real man will take part in a Democratic primary and then vote for a Republican in the general election and after taking the oath it is certain that no real man can violate his oath.

BRICK PAVING COMES DOWN

Seminole county expects to have more roads paved within the next two years at least and Sanford City will have many new streets paved within the next six months if the bond issues go over as in all likelihood they will. Brick paving has always had first place in the minds of the citizens of this county but in the past two or three years the freight rates on brick have been so high as to be almost prohibitive. The Tampa Tribune sees the rate of brick paving coming down and has the following about it:

"Taking the highest and lowest bids on brick roads received by Pinellas county this week, we find the average to be \$2.60 per square yard for number one brick of a given dimension, asphalt filler. Taking the average of the lowest, the middle, and the highest bids received by Orange county March 15, we get an average bid for the same class of road and identical materials of \$2.63.

When it is considered that freight on brick and other road material will be much greater laid down in Pinellas county than it was in Orlando, these comparative figures are extremely gratifying.

The lowest bid received in the Orange county bidding was \$2.40 per square yard and that bid got the contract for project No. 4. The lowest bid received by Pinellas county was \$2.53, which, when freight is considered, brings the two bids almost to a level.

There were seven bidders on the Orange county work. There were several on the Pinellas county work. The drop in the average of the bids makes it evident road building costs are down. There is undoubtedly a decrease in the cost of labor, of material, and of construction supervision, and, in some things, there is a material reduction of freight rates. By the time the Hillsborough county contracts are ready to be let, the indications are that a still greater decrease in costs will have come, and the relative drop shown by the average of the Orange county bids and the Pinellas county bids, will at least be duplicated for this county.

The bids for the Orange county project as shown by the county road department engineer's tabulation sent to the bidding contractors, were as follows: Lashy Bros., and Harvey, \$2.40 per square yard; Fish Bros., \$2.75; J. Y. Wilson, \$2.48; James G. Vents, \$2.63; F. W. Long & Co., \$2.55; W. H. Kendrick, \$2.50; Georgia Engineering Co., \$2.57.

NOTHING LIKE HOME INFLUENCES

In these days of jazz, fast cars and fast living, we are getting away from the home influences of the early days fathers and mothers are leaving the children to shift for themselves at night instead of remaining at home to look over them, children cannot study but must attend the movies or the dances or the parties every night in the week and the effect is noticeable in the life of the country. We are living too fast, leaving the home fires, casting off the influences that formerly held the family together. The Jacksonville Metropolis aptly says:

"That was a high note sounded by Ed Arras, international Kiwanis trustee, at the weekly meeting of the local Kiwanis Club when he said 'show me one person that has kept from crime by prison walls and I will show you a thousand that have been kept on the straight and narrow path because of noble principles of living learned at their mothers' knees.'"

Not criticizing present methods for the prevention of crime and the reformation of criminals, Mr. Arras expressed the belief the real salvation of the world lies in the influence of mothers and the homes of which they are the hearts, and he sees a menace to morals in the fact the family altar is not as prominent an institution as it once was, and there is cause for the fear held; for no influence in the world is as abiding or comforting as that spirit of righteousness which

UNCLE HANK

Just when a feller thinks he understands a woman, she shortens his skirt to throw him off th' track.

only can be inculcated in the youthful mind at the family fireside. Search the prisons of the world. Explore the underworld. Ask men and women in the highways and hedges what influences shaped the destinies of their lives. Then ask, when you were a child did you repeat this prayer at your mother's knee—

Now I lay me down to sleep, I pray the Lord my soul to keep; If I should die before I wake I pray thee Lord my soul to take.

You'll discover that the great majority of those who fell before the onrushing tides of life never repeated it, never knew the significance of approaching a mother's knee in the evenings and there receiving the benediction which comes only through the loving touch of her hand.

Oh the solemn influences of the family altar! As one who has bowed within its presence looks back to it—the scene when all the family assembled in the living room, a few chapters were read from the Bible, followed by a paternal prayer—the dignity and everlastingness of the influence is realized in its nobler sense.

There is no end to the possibilities of home influence. Nothing that originates there is ever forgotten.

If the world is to approach the finer ideals—the ideals of righteousness and service to others—the approach must be through the principles of Christianity as exemplified in the home. A community is neither better nor worse than its average home. This is also true of a nation and the world.

The best way to save mankind and to set its feet on the upward path is to teach it the fundamental truths of worth while living in its infancy. There are no substitutes for the home."

HAS TO HAND IT TO FLORIDA

Kenneth L. Roberts in recent issues of the Saturday Evening Post, has had a good time in telling about Florida in articles entitled: "Time Killers," "Sun Hunters" and "Tropical Growth." The first is devoted to the idle life on the East Coast, the second to the "tin can tourists," and the third to what grows in Florida. He says south Florida raises everything except mountains, snowstorms, and earthquakes. He mixes fun and fact in a most readable way. Miami and Palm Beach get most notice, and he is honest in believing them great towns and certain to be greater.

"Everything grows in Florida. That is Florida's specialty—growing he says.

"Miami surges ahead so rapidly that none of its citizens dares to stand still for a moment in order to watch it grow, for fear that he'll be left so far behind that he will never catch up." Then he says:

"Almost everybody in Miami owns a lot that he is anxious to get rid of, although it is unanimously agreed that every lot there will double in value in a year's time. When newcomers see a monster parade of automobiles headed by a blaring band, they usually think, in their innocence that a three-ring circus has come to town. As a matter of fact it is only a mob of prospects going out to the daily auction sale of lots at Rubber Plant Park."

"One of the unfortunate features of discussing southern Florida," Mr. Roberts deplures, "lies in the fact that is one isn't careful his anti-Florida hearers will suspect him of taking money to advertise the state. The whole subject is fraught with risks. Baron Munchausen would never have been able to work up a reputation as a liar in southern Florida, because his lies weren't much more startling than the things that happen there every day. But if the Baron had sandwiched a few Florida facts among his lies and tried them on his neighbors at Dortmund they would have declared that there never would be anybody else able to tell such lies as Baron Munchausen."

SEWING PARTY

An all day sewing party was held at the home of Mrs. Robert Glenn on Wednesday by the Jenny Spaulding Circle. At 12 o'clock a delicious chicken dinner was served. In the afternoon an hour was spent discussing the subject for the week which was "Pride." The meeting next week will be on Wednesday at 2 o'clock at the home of Mrs. Fel-lows.

BETRAYER OF EDITH CAVELL IS NOT DEAD

Recently the cables carried a report that Armand Jeannes, the Belgian arch-traitor who was convicted and sentenced to death as a spy, had been guillotined. But the report lacked official confirmation, and mystery shrouded its origin, so Milton Bronner was sent to Belgium to find out the truth. Bronner cables that he has established that Jeannes has not been executed, but that he has been "buried alive"—put away in prison, out of sight and reach of any but his jailors. Nor is there any likelihood that the main said to have betrayed Edith Cavell will go

to the guillotine, for Belgium has not exercised the death penalty in 20 years. The law still stands, with legal revocation in the power of only King Albert. But neither executioner nor king will be asked to defy public sentiment—Armand Jeannes is just as much "dead and buried" as if the knife had fallen on his neck.

#### SPANISH WAR VETS ORGANIZE WOMANS AUX.

Thursday evening at the Court House a meeting of the wives, mothers, sisters and daughters of Spanish War Veterans, was held for the purpose of organizing a Woman's Auxiliary and the temporary organization was formed. Commander R. A. Terhune, Sr. presided and assisted the ladies with their preliminary meeting.

These present were most enthusiastic and evinced a warm interest that argues well for the success of the new auxiliary. Temporary officers appointed were: Mrs. R. A. Terhune, chairman; Mrs. George G. Herring, secretary, and Mrs. Roy Schmidt, treasurer. The charter will be sent for immediately and upon receipt of notification from the Department Commander, a meeting will be held and a permanent organization formed with an election of regular officers.

The charter membership list will be held open for thirty days for the benefit of relatives of Spanish War Veterans, who may have the privilege of placing their names on the charter. The duties of the Auxiliary will be those that are usually performed by an auxiliary and assisting the veterans in every way possible. The

first duty assigned the new organization will be the decoration of the graves of the Spanish War soldiers buried in Lakeview cemetery, on Memorial Day, May 30th.

Charter members to date are: Messrs. M. W. Haynes, Geo. G. Herring, Craig Harris, Martha Hirkham (Oviedo) Anne King, Louise L. Lappins, Annie L. Lord, Janie Davis Lyles, C. J. Marshall, G. W. Rutherford, R. C. Shaefer, Roy Schmidt, R. A. Terhune, Harry Ward, Fred Williams.

#### GRAND LODGE NO. 27 THANKS WHITE FOLKS FOR THEIR KINDNESS

Grand Lodge No. 27 G. U. O. F. that met here this week had the finest time in their history and they were treated so nicely here by white and colored folks alike that they wish to take this opportunity to thank their white friends here in Sanford. They were here for four days of this week almost 800 of them altogether having been invited here last summer at their meeting in south Florida. This grand lodge of colored Odd Fellows now has a balance on hand of \$55,617 with all claims paid and are doing a good work among the colored people. We have to thank our white friends for many favors while

#### 27 FLORIDA COUNTIES NAME VICE-PRESIDENTS FOR CAPITAL REMOVAL

Announcement was made this morning by Secretary Hart of the Florida State Association for Capitol Removal that twenty-seven counties had been heard from in the matter of selecting Vice-Presidents for the Association. A meeting of the executive committee and the assembling of the entire membership is scheduled for Palatka during May, the notice states.

Evinced interest in the objects of the association, President George H. Wilder, of Plant City, reports that names submitted to him for Vice-Presidents include many of the foremost citizens of the state. Palm Beach county selected Hon. Jules M. Burguières on Monday; Manatee followed with J. H. Humphries, of Bradentown and Seminole yesterday reported the selection of D. L. Thrasher of Sanford. All the other counties have named most influential citizens, President Wilder states and that the power of the Capitol Removal Association will hereafter be a big factor in affairs in Florida.

Under the laws of the body the vice-presidents are responsible for the organizations in their respective counties, as explained by the bulletin, and with the president and secretary the vice-presidents constitute the executive committee. Meetings held at Ocala and Orlando in the recent past have been exclusively for organization purposes, it is remarked, and largely because of their straight business character greatly dissimilar from what will transpire at the Palatka and following meetings.

Marion, Orange and Brevard counties, according to the announcement, report a latent enthusiasm waiting only for the date of the coming session. Palatka expects to hold, the announcement continues, a morning and afternoon session with a xenophobic banquet.—Palatka News.

WASHINGTON May 6.—Considerable cloudiness with frequent showers, except in the central and southern part of Florida, with normal temperature is the week's weather forecast, beginning Sunday.

#### SUPERB ORIENTAL SET IN CE- CIL B. DEMILLE'S PARAMOUNT PICTURE "FOOL'S PARADISE"

Temple bells tolled, Jewel, flower and fruit merchants piled their trade along a broad esplanade. And directly across a short estuary towered the great temple of Wat Chang, glorious architectural ornament of the Orient.

On its steps could be seen the priests and acolytes passing up from the waters-edge with their offering for the Buddha within. And just beyond the broad entrance one caught a glimpse of the Cambodian dancers, the strangest followers of Terpsichore in all the world.

Everything was there to the minutest detail, the dignified, jewel clad nobles strolling non-chalantly through the crowds of burden coolies and grotesque beggars, the huge elephants lumbering along with howdah loads of gaily attired Orientals.

Turn on the heel, however, and one traveled in that instant the twelve thousand miles back to California. For street cars buzzed along on the farther side of a small bay and in the near

distance one could see beautiful homes as modern and American as the "set" was old and Oriental.

For it was a motion picture set, and said to be one of if not the largest ever constructed for a motion picture production. It will be seen in Cecil B. DeMille's Paramount production,

"Fool's Paradise" which will be shown at the Princess Theatre for the last times today. Dorothy Dalton, Mildred Harris and Conrad Nagel have the principal roles.

This picture was pronounced by those who witnessed it last night as one of the best shown here.

William Henderson, one of the A. C. L. boys has been home for a few days this week with a bad cough and bilious spell.

A number of our young folks took a trip Sunday to the beach, stopping en route at the home of Mr. and Mrs. Edwin Peterson at Holly Hill.

Miss Lila West who has not been very well since coming home from Chicago has been in for treatment this week going in with Mrs. Cramer and Mrs. Ballinger.

J. E. Lundquist shipped his fine lot Hart's late oranges last week. A good crop.

We are glad to have Mrs. August Swanson home again after three weeks of nursing in town.

Mr. and Mrs. R. G. Glatters and two children, Ethelwyn and Vincent of Malabar, Fla., have been guests for a number of days at the home of Mr. and Mrs. Forest West and family. The husband left on Monday while Mrs. Glatters and children will go on to Nashville, where she will enter a sanitarium in hopes of regaining her health.

Mrs. Volie Williams' father, William Miller of Orlando is very ill at their home here, his heart being affected. Volie went down for him Friday and Dr. Tolar has been attending him, while Mrs. Waddell is helping care for him; their Aunt Al-line coming out on Wednesday.

Later Mr. Miller passed away a few minutes after midnight on the 3rd day of May, in his 64th year.

It is a great shock as few realized his condition. His pastor and wife and a number of friends came up from Orlando; the end came very peacefully. His brother, Charles, is expected from Kentucky so the funeral arrangements are not complete yet but it is expected the funeral will be tomorrow, Friday afternoon. All sympathize with the family in their great loss.

Rev. J. S. Clark will be with us for Sunday school at 2:00 o'clock and preaching at 3:00 next Sunday. Hope we will have a good number out.

Last Sunday we were all pleased to have with us our old friend Miss Icenhour who has been a supporter and friend of the Sunday school in this community.

Mr. and Mrs. West are looking forward to the arrival of their daughter, Myrtle on Friday from Chattanooga, Tenn., where she has been attending school.

**PAOLA POINTS**

Mr. Edward Collier and Mr. Clinton Beckham were visitors at the home of Mr. and Mrs. T. J. Walkers Tuesday afternoon.

The bible class will be held at the home of Mr. and Mrs. A. Minchewa Thursday evening and this coming Thursday at Mr. and Mrs. B. W. Smith's.

Mrs. Bessie Stenstrom, Miss Pauline Thompson, and Miss Gladys Hack spent the afternoon with Mr. and Mrs. G. B. Burnett.

Mrs. C. C. Pearson and children spent the day with her mother, Mrs. B. W. Smith Saturday.

Mr. and Mrs. N. H. Stafford and children spent the day with her niece, Mrs. R. N. Cone of Orlando Sunday.

Miss Cammie Burnett spent the day with Miss Ella Lee Spivey at Markham Sunday.

Mrs. John Purdon and her mother-in-law, Mrs. Purdon and her sister-in-law, Mrs. Grovenstone of Sanford spent the day very pleasantly with her mother, Mrs. B. W. Smith Tuesday.

When Miss Gladys Hack and Miss Lizaie Boyd were in swimming in Trues lake Tuesday afternoon Miss Boyd got beyond her depth and came near drowning. If it had not been that Miss Hack was a pretty good swimmer and kept her presence of mind the way she did, Miss Boyd would have drowned. Miss Hack got her to the shore where her and her mother revived her. This should be a serious warning to all of the girls when in swimming alone to be very very careful.

Miss Cammie Burnett spent the afternoon with Miss Pauline Thompson Tuesday.

We were very glad to see the show-er of rain that came Wednesday. Mr. G. B. Burnett has been having to pump water out of the lake to water his orange grove for over a week.

Mr. and Mrs. Chilson and children of Ross, Fla., were calling on their many friends Monday.

The Herald for Post Cards.

(This advertisement is appearing in ten newspapers in New York, Boston, Philadelphia, Pittsburg, Cleveland, Cincinnati, Columbus, Chicago and Indianapolis, and what it contains applies to people of the South. We want the public of the Southland to participate in this remarkable development if they are so inclined, but they must also decide and act at once.)

**Only 400 at 600**

This Means That Only 400 People at Most Out of 3,000,000 Readers of the Newspapers in which this Story is Printed Have the Chance to Buy 400 Groups of 20 Units Each at \$600 a group.

To save your time and ours do not read this story unless you have \$600 cash to buy at least one group of the 400 I offer you.

If you have \$600 and read this story you may wish to buy several groups.

Some of you may feel as I did when I first looked into this great chance. I bought 32 groups, paying for them exactly the same price for each group that I offer you.

I do not hesitate to say that during the 22 years of personal experience in matters of this kind I never came in contact with a proposition that gives the buyer a better chance than this does.

Before you read any more of this story you ought to know who I am and why people who know me are willing to say that they believe what I tell them.

First of all, my name is W. McKee Kelley.

I live in St. Petersburg, Florida.

I have been in business in St. Petersburg for 11 years.

The name of my firm is W. McKee Kelley Co., Realtors, the largest real estate organization of the city.

My business is real estate.

Before I came to St. Petersburg I was in the real estate business in Pittsburgh, Pa., for 11 years.

Home folks are the best judges of a man's character, his business practices, his ability, and his integrity.

My Pittsburgh references are the Real Estate Trust Co., Samuel W. Black Co., and Diamond National Bank.

My St. Petersburg references are the First National Bank and the American Bank & Trust Co.

I am vice-president of the Guarantee Title & Mortgage Co., also vice-president and general manager of the Sunshine City Land Co., which I am glad to say has already paid a dividend of 300 per cent.

I am vice-president of the Florida Realtors Association.

I was formerly president of the St. Petersburg Realtors' Association, with which organization I am still connected and am pledged on honor to conduct my business on the principle of PROTECTING THE BUYER.

Another thing I may mention that will perhaps have some weight with you regarding my judgment is that thus far in my career I have sold at a profit every piece of real estate I ever bought.

**This is My Offer**

I am sole agent for 8,000 acres of citrus and truck land lying between Tampa and St. Petersburg—very close to Tarpon Springs, which you know is the home of the greatest sponge market in the world—very close to Oldsmar, a great section of Florida being intelligently developed by R. E. Olds, who is many times a millionaire as the result of his own efforts in the automobile industry.

The Leeper Estates, owner of this acreage, must sell, and in order to make a quick job of it is offered at \$30 the acre, which is a lower price than any acreage, so rich in soil and productive power as this, has ever been sold in this section of Florida.

The acreage can be bought only in groups of 20, or multiples thereof—that is to say, a buyer with \$600 cash may buy 20 acres—with \$1,200 he may buy 40 acres—or he may buy a quarter of a section, which is 160 acres, for \$4,800—or he may buy a half section, 320 acres, for \$9,600—or he may buy a whole section, 640 acres (one square mile) for \$19,200.

The buyer of one group of 20 acres pays, you see, the same price per group as the buyer of many groups, which means that all who get a square deal, which is my notion of the way to do things.

**If You Want to Buy You Must Decide and Act at Once**

There is no time for correspondence.

The only way to be sure of getting a chance at this real bargain is to wire at once whether you want one or several groups of 20 acres at \$600 per group, and to notify us that certified check on one of your home town banks is on its way.

I want you to know that this is a transaction which starts with your home town bank and ends with either of two of my home town banks, the First National Bank or the American Bank & Trust Co., of St. Petersburg. That is to say, have your bank make your certified check payable to either of my banks, with which I am doing business to their satisfaction.

I want you to know also that either the First National Bank or the American Bank & Trust Co., will receive your money, acknowledge its receipt, and will have a deed executed in your name and forward the same to you.

Title is guaranteed by the Union and Planters Bank & Trust Co., of Memphis, Tennessee, whose assets are \$20,000,000, which should be sufficient to back up our land title policy.

**The People Who Buy This Acreage Should Come to Florida to Live**

We want people to settle in this wonderful state.

We want them to come here and make money.

It may be that those who want to buy cannot come to live in Florida at once, but buy anyway if you don't do more than hold the acreage until such time as you can come to Florida to live.

This acreage is of the same quality in soil and opportunity which has been developed in many parts of the state of Florida and which has given the state world wide reputation as being the most productive of any acreage in any state in the Union, and which steadily makes for those willing to work a net profit in excess of \$100 per acre, because you know that virgin acreage bought at a price as low as \$30 in a state where practically everything under the sun can be grown is well worth working in order to give the investor a bigger return on his money than any investment he can possibly make anywhere at any time.

The Florida Post stated in a recent issue the following: "The average value of farm products in 5 great farming states is as follows:

Missouri	\$ 9.38 per acre
Iowa	12.22 per acre
Illinois	13.30 per acre
Ohio	13.30 per acre
Florida	109.76 per acre

A great many acres of the same character of soil as the acreage in this tract of 8,000 acres produce as much as \$1,200 net profit per acre, but I'm not claiming that you will get \$1,200 net profit by working the acreage you buy from me because that would be luring you to buy and this is not a proposition that requires a lure of any kind—it's just straight goods, that's all.

You know as well as I can tell you that the safest investment on earth is in the earth itself.

You know that during the unsettled months following the war Liberty Bonds dropped from 7 to 19 points below par, while farm mortgages remained at par; and you know, also, that the life insurance companies are glad to loan millions on farm mortgages. Why? The answer is simple: Because tillers of the soil produce what the soil is glad to give in return for intelligent effort, and there is always a ready market for that which the soil produces.

Speaking of markets, let me call your attention to the fact that this acreage will have a market at Tampa, at St. Petersburg, Tarpon Springs, at Clearwater, and then if these communities cannot absorb all that is grown, great boats will carry out of Tampa Bay the products grown on this rich acreage.

**First Come First Served**

Reservations will be made in the order of receipt of telegrams.

There will be no favoritism shown.

There couldn't be any favoritism shown if there were a desire to give a preference to anybody because each group of acres is as advantageously located as any other group.

The closeness of the acreage to Lake Butler, a fresh water lake 6 miles long and 3 miles wide—its closeness to the Gulf of Mexico—gives it the advantage of moisture year in and year out.

The ground is high and rolling. Near it are some of the most valuable orange and grapefruit and avocado pear groves in the state.

All the conditions are ideal. Confirmation of these conditions is supplied by Mr. Geo. W. Mears, who has lived for 40 years in Pinellas county, in which this property is located. Mr. Mears knows gardening as well as any man in the state of Florida. He knows the kind of land on which vegetables and citrus fruits grow. He says emphatically that this acreage is a good buy at an average price in excess of \$50 an acre.

If you should want to know how Mr. Mears stands in his home community, and you're not willing to take my word regarding his ability and integrity, wire either the Independent or the Times, the two St. Petersburg daily newspapers, or wire either the First National Bank or the American Bank & Trust Co. of St. Petersburg.

**There is Another Thing That Might Lure You to Buy if We Were Trying to Lure You, Which We're Not**

I might say to you, this acreage is very close to acreage at Oldsmar where Rollin Victor Hill, an experienced oil man who has operated successfully in the oil fields of Pennsylvania, Oklahoma, Texas and Mexico, is drilling a well; and, of course, expects to strike oil or he would not be giving his time and spending his own money in such fashion.

He may strike oil or he may not, but whether he does or not the price of the acreage I offer you remains the same—\$30 the acre.

If it should happen that a gusher came in while this story is on its way to be printed in an advertisement in newspapers in New York, Boston, Philadelphia, Pittsburg, Indianapolis, Cleveland, Columbus, Cincinnati and Chicago, the story would be printed just as it is being written.

We would not have to mention in this advertisement anything about the discovery of oil in Florida because the news columns of the newspapers would tell of another wonderful thing that has happened in the State of Florida. The telegraph wires would let you know about it as quickly as we would know about it.

**"A. P. O. N."**

There is an interesting story that goes with these four letters.

The writer of this story with some friends visited Oldsmar the other day where Mr. Hill and his experienced crew of Oklahoma oil workers are drilling.

The writer asked one of the men, whose name is C. L. Gott, who has been in the oil business 20 years and lives at Tulsa, Oklahoma:

"How deep have you drilled?"

"A. P. O. N.," he answered.

"What the deuce does A. P. O. N. mean?"

Mr. Gott answered.

"A. P. O. N. means, in oil language, 'Ain't Puttin' Out Nothin', which translated into real American language means, 'We're not giving out any information.'"

**"A. P. O. N."**

We'll use in this advertisement the oil language and repeat what Mr. Gott said—"Ain't Puttin' Out Nothin'," by which I wish the reader to understand that I'm not holding out any promise of any kind that oil will be found where Mr. Hill is drilling a well, because I don't want you to think for a minute that oil will be found or that it will make any difference in the price of this acreage.

The acreage has got to be sold on its merits. The soil at the top is good enough for anybody to buy because it will make money through what it will produce for those who buy it.

It is the best buy, in my judgment, in Florida today.

How much do you want of this acreage?

I repeat that you must wire your reservation and follow it with a certified check on one of your home town banks, made payable to either the First National Bank or the American Bank & Trust Co. of St. Petersburg.

Decide now, wire immediately, and start your certified check on its way tomorrow.

If I understand the American people at all those who read this story will believe it and those who can will act at once. I firmly believe that within 48 hours after this story appears in the newspapers the entire acreage will be sold.

Sincerely yours, W. McKee Kelley, Realtors  
W. McKee Kelley Co., 659 Central Ave.,  
St. Petersburg, Florida.

April 27, 1922.

P. S.—Every successful business man in your home town invests in advertising from 2 to 5 per cent of the gross business he does. He knows it is the only way to make things known. We are investing in advertising only 3 per cent of the \$240,000 we will realize from this sale. Other overhead expense is proportionately small. You sure have a chance to get in on the ground floor.

**MISS AGNES PERSON  
HEADS THE FLORIDA  
DIVISION U. D. C.**

At the annual election of officers  
of the Florida division of the United  
Daughters of the Confederacy, Miss  
Agnes Person, of Orlando, was unan-  
imously elected president and as she  
was fairly cheered to the platform  
she was literally showered with  
flowers. This was quickly followed  
by the election of Mrs. S. D. Cheat-  
ham, of Jacksonville, vice-president;  
Mrs. Raymond Bullock, of Ocala,  
second vice-presidtn; Mrs. C. B.  
Ashley of Madison, third vice-pres-  
ident; Mrs. W. B. Huston, of Cler-  
mont, fourth vice-president; Mrs. W.  
D. Hems, of Jacksonville recording  
secretary; Mrs. E. La Rue Bliss, of  
Orlando, corresponding secretary;  
Miss Julia I. Dickenson, of Tampa,  
registrar; Mrs. George B. Allen, of  
Jacksonville, recorder of crosses; Mrs.  
J. C. Blocker, treasurer, has another  
year to serve.

Miss Person succeeds Mrs. Frank  
D. Tracey, of Gainesville, as presi-  
dent, and Mrs. Tracey and Mrs. S.  
A. Morena, who placed Miss Person's  
name in nomination, escorted the  
nominee to the platform in the mid-  
st of tumultuous applause. Mrs. Bliss's  
name as nominee for corresponding  
secretary also brought forth enthus-  
iastic applause. The session took  
place at the Presbyterian church lec-  
ture and reports were received  
from chairmen of various departmen-  
of the organization. Another busi-  
ness session took place during the  
afternoon at the same place and this  
meeting adjourned in time for the  
reception at the Rosalind club tend-  
ered by this club to the Annie Coleman  
chapter and delegates.

**CHILDREN IN SPRING TIME.**

Mrs. C. Osborn, 7812 Hillside Rd.,  
Cleveland, O., writes: "My grand-  
daughter was troubled with a cough  
for nearly two years. She took Fol-  
ey's Honey and Tar and her cough is  
now gone. It loosened the phlegm so  
she could raise it easily." Foley's  
Honey and Tar is just what children  
should have for feverish colds, coughs,  
"snuffles," and tight, wheezy breath-  
ing. Be sure to get Foley's. It checks  
croup and whooping cough, too. Sold  
everywhere.—Adv.

Does this statement look like the Municipal Band  
was making any money or expected to make any mon-  
ey? Your check sent to Chairman Forest Lake today  
will help out the Band and help to pay the salaries for the  
coming season. You can see where the \$2,000 paid by the  
City and the Chamber of Commerce has gone and the  
way the band boys have spent it. Please look at the  
Credit Side and the Debit and be convinced.
