HUGE DIRIGIBLE DELAYS HOP TO U.S. BY ONE DAY

Departure Tomorrow Morning And Arrival Is Expected On Saturday

By Otto D. Tolmach (International News Service) (Staff Correspondent.)

FRIEDRICHSHAFEN, Germany, May 15.—The great German dirigible Graf Zeppelin will leave for Lakehurst, N. J., at 8 o'clock tomorrow morning (German time), it was announced this afternoon by Dr. Hugo Eckener, head of the Zeppelin works and director of the trans-Atlantic flight.

Dr. Eckener expects to reach Lakehurst late Saturday evening or Sunday morning, estimating that the voyage will take from 85 to 90 hours.

The Graf probably will fly over the Lofre Valley, Cape Finisterre, proceeding westward over the Atlantic north of the Azores. According to this route the dirigible would strike the Virginia coast, flying thence to Washington, D. C., and New York, then to Lakehurst. This same route was followed over United States soil when the Zeppelin made its previous flight to America.

NEW YORK, May 15.—(INS)—Informed by International News Service that his wife, Mary, had been accepted as a passenger on the Graf Zeppelin, Henry J. Pierce, declared that only a few hours before he held a trans-Atlantic telephone conversation with her at Friedrichshafen during which she assured him she would not cross on the dirigible.

"I don't know what to think now," he said. "She told me she had just driven over to Friedrichshafen to see the Graf Zeppelin start off on its flight, but, by love, she has me guessing now."

"Besides," he continued, "a month before I received a letter from her in which she said she thought you would be more sensible than to believe I'd fly across the ocean."

"Perhaps she just said that to quiet me," Pierce remarked. "You can't tell what the girls will do nowadays. I'm awfully worried about her and, by jove, I hope she gets alright."

"Yes," he said in reply to a question. "I saw the Graf Zeppelin from my office window when it flew over New York City on its first flight here, but I didn't go to see it at Lakehurst."

Convinced that his wife would make the flight as a "surprise" visit, Pierce asked International News Service to keep him advised on the Zeppelin's trip. He is a member of the firm of the Electric Bond and Share Company here.

FRIEDRICHSHAFEN, May 15.—(INS)—Mrs. Henry J. Pierce, wife of a New York broker, who was the only woman to book passage for Lakehurst, N. J., on the German dirigible Graf Zeppelin, changed her mind today and decided not to make the air voyage, she told International News Service.

Her husband had urgently called her from New York not to run the risk of a similarly flight from Germany to America. Mrs. Pierce maintained her determination until this afternoon. Even then it was not absolutely certain she would not change her mind again.

"I am sending my husband a telegram that I am not going on the Graf Zeppelin," said Mrs. Pierce. "But, hasn't a woman the right to change her mind?"

McLean Starts Suit For Million Against Philadelphia Record

WASHINGTON, May 15.—(INS)—Suit for one million dollars was brought against the Philadelphia Record today, by Edward Basil McLean, publisher of the Washington Post, and the Cincinnati Enquirer.

Bond Plan Is Under Fire In State Body

TALLAHASSEE, May 15.—(INS)—After passage in the House, the first of the administration's bond retirement measures today was under fire in the Senate of the Florida assembly.

The first bond retirement measure, which would have authorized the issue of \$10,000,000 of three percent bonds, failed to pass by a vote of 15 to 12. The measure was introduced by Senator Carl Pennington, Council, Carabelle and Taylor, St. Augustine, including the roll call. The amendment would have postponed operation of the act for 24 months. The name of Mr. Brown, of the Wichita bond buying house, was brought into the debate when Senator, Mr. Pennington, asked, "Will you, West Palm Beach, floor leader, who interest the gentleman had in the proposed legislation. The remark was occasioned by the fact that a "Mr. Johnson," reputed to be Brown's lawyer, was sitting behind him and passing up notes to the senator while the latter was under fire of questions from the floor.

PUBLICITY DRIVE FOR CELERY HAS GAINED HEADWAY

Approximately 45 Percent of Total Acreage Has Been Signed

Although the campaign for advertising funds, to put the "cell" in celery, is not yet a week old, approximately 45 percent of the entire acreage of the state is already pledged for the advertising, according to a statement issued this morning by the executive committee. The idea of a national advertising campaign featuring the health values of Florida celery has met with an enthusiastic response in the various counties, and to a large extent in the Sanford-Oviedo district. Committees are hard at work to reach the goal of 80 percent of acreage pledged, before the passing of the advertising act.

The general chairman of the Seminole County district, H. J. Lehman, paid enthusiastic tribute this morning to his fellow workers. "I have received a number of telegrams," declared Mr. Lehman, "but in none has the spirit surpassed this present drive. The thought is being instilled in the minds of the growers that this is something destined to reach each individual grower, through better returns to all shippers. I hope that the growers will appreciate the sacrifice of time it requires for workers to take on the responsibility of advertising contracts to W. M. Haynes, Fred Dornor or myself, or handing them, duly executed to any member of the campaign committee."

A meeting of all campaign workers, and others, interested in the immediate plans of the Florida State Celery Association, has been called for this evening at the offices of the Sanford-Oviedo Truck Growers. A report of activities in the southern section of the state will be given by Allan J. Gottschaldt, of the Gottschaldt-Humfrey firm, representing growers who have returned from meetings in Bradenton and Sarasota.

"In talking with various growers about Sanford," stated Fred Dornor, one of the directors of the newly-formed celery association, "I find some sentiment for a celery clearing house. If those who advocate such a movement could have been present at any of the meetings held recently in Lakeland, between representatives of the three Florida celery growing districts, they would realize that the new association will gradually accomplish all the good things that could be accomplished by a clearing house, without any of the consequent red-tape. This Florida State Celery Association is certain to be the biggest thing that's ever happened for the celery growers. I surely hope everyone here will take the trouble to read the association's bylaws carefully and see if they do not agree."

W. D. Benedict, of the research company, has returned to Philadelphia after addressing meetings in Bradenton and Sarasota, as (Continued On Page Three)

Test Vote To Be Had Today In Long Trial

BATON ROUGE, La., May 15.—(INS)—Lines were drawn today for a test vote in the state Senate which met yesterday to begin the impeachment trial of Governor Huey P. Long by eight counts of official misconduct. A vote probably will be taken today on two demurrers filed by Governor Long which allege that the House of Representatives violated the impeachment act by illegally in session, and that the Senate, in sitting as an impeachment court, was acting contrary to the state constitution.

SENATE TO TRY HUEY LONG FOR IMPEACHMENT

Louisiana Body Votes By Narrow Margin Which Shows Governor Still Has Power

BATON ROUGE, La., May 15.—(INS)—The Senate will try Huey P. Long, Louisiana's youthful, red-headed chief executive, for impeachment. This was determined shortly before noon today when the Senate, sitting at a high court of impeachment, voted 20 to 19 to try the Governor on eight counts of official misconduct.

The "test vote" was regarded as a tremendous victory for the Governor. Although the vote will place him on trial, the narrow margin showed that he had strong support among the senators at the beginning of the trial. It will take a two-thirds vote to impeach the chief executive. According to today's showing of strength, there will have to be a big swing to the anti-administration camp in order to convict Long.

There are only 30 members in the Senate, and every one of them cast his vote today. The first vote was on a demurrer filed by the Governor when the Senate convened in trial session yesterday to quash all of the House indictments against him.

1500 Casualties In Cantonese Fighting Are Said Inflicted

LONDON, May 15.—(INS)—Fifteen hundred casualties have taken place as the result of a battle between Cantonese and Kwangsi troops at Sheklung according to an Exchange telegraph dispatch from Hongkong today.

It was officially announced, the dispatch stated, that Cantonese troops, aided by gunboats and 15 airships, launched the attack upon the Kwangsi, who retreated in disorder and with great loss after several hours of fighting.

46-Year-Old Spouse And His Girl Bride Held For Forgery

NEW YORK, May 15.—(INS)—Edwin Gwynne, 46, and his 19-year-old bride of a few months, today were being held at police headquarters here on grand larceny charges arising out of the alleged passing of 47 checks to which it is charged they forged the names of Chicago, Boston and west coast bill merchants.

The checks, the police are alleged to have passed, ranged from \$20 to \$500 and bore imitations of the signatures of Henry Swift, Joseph M. Cudney, S. P. Field and C. C. Gales, all of Chicago, Bert Barker of Los Angeles, Cal., Ophelia Springs of Boston, and others.

Tentative Proposition Is Submitted By Bond Men To Refinance Sanford's Debt

In an earlier session held yesterday morning in the office of Mayor Gray, the City Commission and representatives of various bond houses met to discuss further the tentative proposition, July 1, and a tentative proposition was suggested by the bond men.

Nat. Wagner, of Eldridge and Co., presented the following plan which was the basis of the discussion and asked that the Commission consider the matter carefully before making any final statement. "We propose, tentatively, subject to confirmation by our associates and acceptance by the City, that in consideration of the City Commission, by proper legal authority, permitting the designation by us of a fiscal agent to operate the fiscal affairs of the City in so far only as its bond service is concerned, to use our best endeavors to exchange par for par, bonds maturing over a period of the next few years to be agreed upon. Further, those who will pay their interest on their special assessments to date would be granted the privilege of having their unpaid special assessments extended over a long period as could be legally done, at least 15 years."

Commissioners Chase and Newman were said to be in favor of the plan and to have expressed the hope that it would be favorable.

ESTELLE TAYLOR INSISTS SHE AND JACK ARE HAPPY

Denies She Intends To Divorce Husband Because He Hit Friend

HOLLYWOOD, May 14.—(INS)—Estelle Taylor again denied today that she planned to divorce Jack Dempsey, former heavy-weight champion.

Her latest denial came in connection with reports of a battle between Dempsey and Joe Benjamin in New York at a party at which she was present. Miss Agnes O'Loughlin, Broadway star, and others were present.

POP BOTTLE IS FATAL

AKRON, O., May 15.—(INS)—The "pop bottle riot" at Duyn Field in Cleveland last Saturday, during the ball game between Cleveland and Philadelphia, resulted in one casualty today when Lee Porter, 28, died in a hospital here.

Dawes Hasn't Gone "High Hat" And Still Uses Sparkling Language

WASHINGTON, May 15.—(INS)—Gen. Charles G. Dawes hasn't gone "high hat" since his appointment as ambassador to the court of St. James. His conversation still sparkles with those expressive words with which he once shocked a congressional committee.

SENATE BEGINS NEW WAR UPON HOOVER'S PLEA

Debt Plan In Bill May Cause Row Over Respective Rights Of Lower House, Senate

By William K. Hutchinson (International News Service) (Staff Correspondent.)

WASHINGTON, May 15.—While the farm relief battle shifted back to the House, today the Senate developed a new legislative war over President Hoover's plea for enactment of the congressional reapportionment act.

The new farm bill, containing the export debenture plan which Mr. Hoover disapproved, passed the Senate by a vote of 51 to 31 and was sent to the House immediately with a request for a conference to iron out differences between the two branches. The fact that 31 administration senators voted against the bill in the Senate occasioned considerable surprise.

A conflict between House and Senate over their respective constitutional rights may develop, due to adoption of the debenture plan. Administration leaders thought the House would simply reject the bill without assailing or questioning the Senate's power to originate it. The Senate, however, by the right of the Senate to initiate a "revenue-raising measure" and the question whether the debenture comes under that title, might delay enactment of farm relief for months, if refused.

Remedial Legislation Will Be Sought For Curbing Evil In Dixie

WASHINGTON, May 15.—(INS)—The Senate inquiry into the evils of the Ku Klux Klan, which already has driven its assistant attorney general into exile and resulted in several criminal prosecutions, will be resumed in the near future.

Dwight Davis Will Probably Be Sent To Philippine Post

WASHINGTON, May 15.—(INS)—The governor general of the Philippines probably will be Dwight D. Davis, of Missouri, secretary of war in the Coolidge administration, International News Service learned today.

Stowaways On Big Dirigible Will Be Made To Jump Off

FRIEDRICHSHAFEN, Germany, May 15.—(INS)—After all stowaways found on the Graf Zeppelin will be forced to "walk the plank" ship's pilots announced here today.

Chicago Parks Will Not Be Closed Down

CHICAGO, May 15.—(INS)—Chicago's vast army of children will not be denied their city playgrounds this summer. This fact was ascertained today following action by city officials both in the city and at Springfield.

93 Die, Scores Hurt In Blaze Destroying Cleveland Hospital

Casualties May Mount Higher In Fire That Consumes Five And Modern Structure

Cleveland, O., May 15.—(INS)—Police this afternoon estimated that more than 93 persons perished in the fire resulting from an explosion in the x-ray room of the Cleveland Clinic Hospital here today.

MANY VOLUNTEER TO HELP GUARD IN STRIKE DISTRICT

ELIZABETHTON, Tenn., May 15.—(INS)—Scores of citizens, representatives of every walk of life, today volunteered their services as deputies in assisting in guarding and protecting employees of the Glantzoff and Bemberg rayon plants to and from work.

Dr. A. Modisurf, president of the plants which were closed down by a strike of their 5,500 employees last month, today invited newspapermen to visit the plants and see for themselves whether the reports were true. True newspapermen who availed themselves of the invitation and hundreds of employees and work and active production going on.

James Bill Would Give To President Right To Conscript

WASHINGTON, May 15.—(INS)—The James bill giving the President power to conscript the man-power of the nation in time of emergency, introduced in the House at the request of Secretary of War Goddard, in the War Department's measure which has been sent to Congress annually for several years past, and represents a change of policy, Secretary Goddard declared today.

Prisoner Killed And Warden Hurt In Riot

ATLANTA, May 15.—(INS)—One prisoner was shot and instantly killed, a deputy warden was beaten severely and 31 prisoners refused to work this morning in a mutiny at the south convict camp near Hapeville.

Police Raid Dive

WASHINGTON, May 15.—(INS)—Within a block of the department of justice, where the most zealous law enforcement agents of the government hold forth, city police last night raided a full-blown gambling house. Fifty men in all were arrested. The place was equipped for roulette, dice and poker games, as well as for handling race bets.

Patronage Quiz To Be Resumed In Near Future

WASHINGTON, May 15.—(INS)—The Senate inquiry into the evils of the Ku Klux Klan, which already has driven its assistant attorney general into exile and resulted in several criminal prosecutions, will be resumed in the near future.

NEY FRIBERG HERO AS PHILS GREAT CARDINALS

Severnow's Substitute Leads His Club With .390 Batting Average

NEW YORK, May 14.—(INS)—Old Barney Friberg, who a month ago seemed destined to spend the season in the minors, today is leading the club in batting with a julep average of .390, a mark surpassed only three regulars in the league.

The weather and war that beset the Phils when the bristling Tommy Severnow was in the lead in an automobile accident led down to a whaler. For the veteran Friberg, called upon to fill the gap at shortstop, however he was the only man available, has become the hitting star of a hitting club.

Friberg was the hero yesterday when the Phils overcame a seven-run lead to nuke out the Cardinals, 10 to 9 and knocked the champions out of first place. Barney eluded four hits, one a homer, and won the game by smacking a double in the ninth with the bases full.

George Uhle, another old-timer who has deemed to be all washed up at Cleveland last year, hung up his ninth triumph in a many starts when he pitched Detroit to a 7 to 4 win over the Athletics. Uhle, who enjoys a good year every other season, has set 25 victories as his goal in the current campaign.

The Mackmen and the Yankees remained tied for first place, as the Yanks dropped a 4 to 3 decision to Cleveland for their third straight defeat. Willie Huddell outplanted Helmech. Although the Yanks almost tied the score in the ninth.

Taking advantage of the defeat of the Cardinals, the Chicago Cubs trimmed Boston, 6 to 4, and regained first place in the National League. The Braves kayped Rube Ross, but couldn't touch Knott, his successor. Socks Siebold, former Chicago chaff, won the route for Boston.

Lapus of Cincinnati blanked the Giants, 7 to 0, the Reds making Denver Bill Walker and Ediph Judd, Birmingham "fre" agent, for 14 hits. With Reese and Cohen injured, outfielder Hal Ott played second for New York.

The Pirates combed Brooklyn's slumped pitchers for 18 hits, winning 12 to 4. Larry French, rookie from Portland, Ore., twirled for Pittsburgh. Brooklyn has lost seven straight.

Danny MacFayden of the Red Sox won a 2 to 1 duel from Adkin of the White Sox.

Deposed G.O.P. Leader Refuses To Quit Post
YANKEETOWN, Fla., May 14.—(INS)—"I won't pay any attention to them!" This was the emphatic answer today of A. C. Knott, chairman of the Republican central committee, to the action of that body in deposing him from his post.

Forty members of the committee met at South Jacksonville yesterday and ousted Knott. They adopted resolutions endorsing the leadership of Glenn B. Skipper, national committee man, and Mrs. David H. Gray, national committeewoman. In the matter of patronage, Knott claimed that the meeting was illegal under rule 57 of the state committee.

Stock Prices Advance From 2 To Ten Points
NEW YORK, May 14.—An overbold stock market struck back at the bears today and in the lively scramble for speculative stocks the price of a dozen or more of the active issues were pushed up 2 to 10 points in the early afternoon.

There was little to distinguish today's unsettled and jumbled session from that of the last few days.

Dempsey Denies He Hit His Old Friend

NEW YORK, May 14.—(INS)—The eternal question, "who killed cock Robin?" has been relegated to the discard by the new and amusing query, "who hit Joe Benjamin?" The Broadway furor that resulted yesterday over the report that Jack Dempsey had floored his one-time "bosom friend" during the course of a \$5 the sacred boundaries of Broadway.

Dempsey was on record yesterday as denying he had "cocked" Benjamin or had even been aware of his presence at the whoopee party. Couple this denial with the story of the "reconciliation" and "effit" lip and black eye reported by Benjamin and you have a first class mystery story.

Dempsey, over a man of mystery, is right in character in his latest expedition to the sacred boundaries of the front page, according to Broadway.

Cosmopolitan Education Possible Without Europe

Singer Declares Foreign Colonies Here Will Supply It

NEW YORK CITY.—A cosmopolitan musical education need not be sought abroad in foreign lands, but may be had right here in our own country, says Miss Samuels, who tours the United States every year as a vaudeville headliner.

"There are worlds within worlds in this nation of ours, and the old conventional idea that a singer must go abroad for his education is absurd," declares Miss Samuels. "I have met practically all the peoples of the earth on my coast to coast tours. In our foreign colonies I have plunged into Italian, French and Spanish atmospheres as truly native as though I were in the lands from which these people come."

CITY ACTS TO FORCE PAYING OF DUE TAXES

(Continued From Page One)
who had failed to do so, thus classifying themselves as unpatriotic and dishonest members of the community.

Commissioner Miller jumped to his feet at once, stating that he took exception to the "sweeping" statement made by the Mayor that the people were dishonest, adding that it was obviously an impossibility for the small number of taxpayers to combine forces in their efforts to pay \$1100,000 a day in interest on the bonds.

Considerable discussion then arose between the bond men and the Commissioners with a statement by Matt Wagner, who is an Eldredge and Co. representative, that since the members of the Commission seemed as odds as to just where they stood, he would request a vote on the following resolutions to give them an idea as to just how much in accord the Commissioners were:

"Is the Commission willing to use all funds legally available for the payment of interests due on July 1, 1929, and does the Commission agree to instruct the City Attorney to have a special act passed by the Legislature for authority to transfer to the debt service account any funds not needed for current obligations, subject to approval of the City Commission?"

Mr. Wagner said that the report of the financial condition was a decided shock to him, although he expected it to be bad. He added that though he fully appreciated the fact that the City was up against a serious problem.

When the Commission was no divided on its desire to co-operate for the mutual benefit of all parties, he could see no other alternative than to ask the full settlement on July 1, and it was not forthcoming to take drastic steps for its collection. He said he fully realized that the City was unable to obtain necessary funds, but that it was a matter for the City to handle and not the bond houses. Mr. Wagner said that one of the worst features about the entire matter was the fact that the City association had made no effort to effect a collection of the delinquent taxes, and said there were any number of laws requiring payment of taxes which he felt the City could take advantage of.

Commissioner Chase expressed the view that an amendment could be drawn up as to legalize the transfers, which he deemed necessary in this emergency. He said he was in favor of taking care of the interest when due and of making some arrangements as to the principal. Commissioner Speer was of the opinion that there was no future in attempting to bridge over the matter and that it was time for the bond houses to come forward with some plan, knowing as they did the condition of affairs.

Before the resolutions were voted upon Commissioner Miller made an attack upon Mayor Gray's letter to City Attorney Wilson regarding the extension of time limit for the payment of taxes. Mr. Miller felt that the letter lighted upon a weak point in the resolution which concerned the amendment to proceed at once with the Mayor's denial of all the charges made by Mr. Miller, adding that these were not thought of taking the matter in his own hands and that he had the approval of the other Commissioners in his action.

The Mayor's parting remark was about to leave at this time, stated that he objected to anyone ordering the City Attorney to do anything unless it be in regular session, leaving the meeting with Mayor Gray's parting shot that it was impossible to do business with such a damn fool!

The meeting was then adjourned until this morning.

Just before adjournment, Commissioner Newman declared the lack of co-operation which has characterized several of the past sessions of the Commission and asked that the body make every attempt possible to work together for the best interests of the City.

Commissioner Miller, who was about to leave at this time, stated that he objected to anyone ordering the City Attorney to do anything unless it be in regular session, leaving the meeting with Mayor Gray's parting shot that it was impossible to do business with such a damn fool!

It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

During the evening various games and contests were participated in. Miss Nell Messenger winning a prize in the contest, "His Old Sweetheart". Miss Messenger presented her prize to the honor guest after which the showery was announced by a miniature ball, dressed as a bride, which was placed on the top of a map of the world. At the feet of the bride was a small doll, dressed as a bridegroom.

The gifts for Mrs. Waller were contained in a large box covered with pink crepe paper and adorned with a large bow of pink tulle. A large pink umbrella was suspended over the box bearing a pink tulle bow and having streamers of satin ribbon.

Music was furnished by Mrs. S. J. Nix and Miss Elma Lee Jowers who sang, "I Love You Truly," and by Miss Charlotte Lee, who gave several violin selections. Miss Lucille Echols also presented piano numbers.

Refreshments by Mrs. S. J. Nix, honor guest, and her mother, Mrs. W. H. Britt, Mrs. J. C. McMillan and the Misses Lorine Franklin, Marguerite Franklin, Bertie Nell Messenger, Fannie Jeanette Laing, Lorma Frances Hughey, Lucille Echols, Annie Whittle, Annie Laurie Jowers, Bessie Boyce, Kathleen Calhoun, Charlotte Nix and Marie Herringer.

Church Continues Its Evangelistic Services

Another splendid audience filled the auditorium of the new First Baptist Church to hear Evangelist Roy L. Brown, who is conducting a series of meetings this week, and were rewarded with an interesting message on the subject "Does Death End All?"

Educational pictures were also shown at the close of the sermon, with special music by the children's chorus being greatly appreciated by those present.

Rev. Frank L. Marler is slated for the next meeting in the series which is being conducted this week, and advises that tonight's message by Evangelist Brown, "Was a Man Rob God?" will be one of the highlights of an entire series.

Efforts are now being made to secure a large attendance at all services on next Sunday May 19, Wakeout Day, the 1899th birthday of the Church of Christ, and a special sermon will be delivered on that day.

Services begin promptly at 8 o'clock and special music will be rendered each evening.

The annual Junior Class play, given at the Seminole High School last night by a competent cast was the most thoroughly enjoyed production seen there in some time. Frequent outbursts of applause and gales of laughter evidenced the hearty manner in which the play was being received and the large audience was said to be the most appreciative one ever to attend the presentation of a play at the school.

The cast included the Misses Katherine Schirard, Beverly Bender, Margaret Giles, Maria Moye, Dorothy Haynes and Dick Vernay, Ben Cogburn, Jack Mims, and John Terwilliger, and in their clever portrayals they delighted the large crowd. Miss Rebecca Scott, assisted by Sam Byrd, Jane Torrance and Alma Entzinger, directed the play and the smoothness of each individual performance as well as the entire production repaid all their efforts.

Screen Villain Wants To Be Agriculturist

Whoever it is sponsoring this "back to the soil" movement, has a new recruit from an unexpected source. "Solve," immaculately dressed that "villain" of the screen John Miljan, is the last person one would pick out to have rural aspirations.

And yet in black and white on the customary biographical form of the M-G-M studio is the statement, under "ambition," that he wishes to "be a farmer." Miljan, however, has not abandoned grease paint for the plow. He "villains" quite satisfactorily in Willard Mack's all-talking picture, "The Voice of the City," a Cosmopolitan production for Metro-Goldwyn-Mayer which opens at the Wilane Theatre today.

Poultry Club Has Monthly Meeting In School Rooms

With an attendance of over 20 members, the Seminole County Poultry Club held its regular monthly meeting in the Agricultural School last night, with M. M. Lusader, formerly of the Virginia Poultry Extension Department as the principal speaker.

Mr. Lusader covered many phases of the proper care and feeding of poultry and used as his subject conditions in Virginia as compared to those in Florida. He said that this section had such rapid weather changes that it was essential that better housing conditions be provided than those ordinarily found in home kept flocks, and that proper protection from any kind of weather should be afforded.

Answering a question as to the value of pure bred poultry over mongrel stock, Mr. Lusader stated that it was not a matter of cost, but a matter of quality. He said that pure bred stock is an essential to poultry profit. Feeding was also discussed by the speaker and the importance of a careful diet and good grade feeds was carefully explained.

Professor Alex R. Johnson of the High School also gave a short talk on the progress made in the eradication of the Mediterranean fly and fully explained the quarantine restrictions which have been imposed.

Several out-of-town poultry breeders of prominence were present at the meeting, including Mr. Byrdinger of Longwood, and Mr. Burnett of Oviedo.

The next regular meeting will be held at the High School on Tuesday June 10.

Friends of E. C. Smith will be interested to learn that he is improving after a recent operation for appendicitis at the Fernald-Laughton Memorial Hospital.

Mr. and Mrs. P. J. Feitner of Osceola have as their house guests Mrs. E. Crans and Mrs. E. K. Barrett of St. Augustine and Miss Susan Hoamer of Utica, N. Y.

Tentative Plan Is Submitted To City To Refinance Debt

(Continued From Page One)

tably discussion was called for. Many objections were raised to the acceptance of the plan, with T. L. Dumas, representing the Atlantic Coast Line Railroad, voicing the sentiment of practically the entire body that "he was very much opposed to the tentative plan made by the bond representatives for he felt that to place a fiscal agent, as proposed in charge of finances with authority to prescribe the millage would be ruinous to the future of the City and mean practically the confiscation of all property."

After hearing from a number of other tax-payers, several of them representing large interests in the City, the Commission asked for a vote, on the plan which was rejected to almost a man. Over 20 men were called upon for their expressions as to the merits of the proposition and they were all of the opinion that it was "a virtual receivership with absolutely no recourse" and "being a destructive measure rather than a constructive one which would provide needed relief."

Thereupon, the Commissioners, feeling that in the opinions of the representative group present they had sounded to a great depth the voice of the citizens in the matter, ended any further official discussion until the meeting with the bond representatives on Saturday morning.

Those present at the meeting with the Commissioners were: T. L. Dumas, C. L. Byrd, Joe Cameron, V. E. Douglass, Linton E. Allen, E. A. Brotherson, W. O. Hill, B. D. Caswell, John Meisch, B. F. Whitner, W. F. Cooper, G. A. Speer, Harry Papworth and Edward Higgins.

Publicity Drive For Celery Has Gained Headway

(Continued From Page One)

well as the one here on May 7. Before leaving the state, Mr. Benedict said: "I have been privileged to sit in on the formation and operation of many associations and not a one has gotten away to a better start than this Florida State Celery Association. In my opinion, the idea of making it a state-wide movement, instead of merely a sectional effort, was a wise one. This will enable a better advertising job to be done, then again, there will be no case of some profiteer who do not pay. I can readily visualize the success of this campaign to increase consumer demand for Florida celery will meet with."

Stressing the fact that the celery association will do a great deal more than merely sponsor the advertising, Peter Thuston, prominent Sanford grower, discussed the matter of grading the crop today. "The association as

understand it," said Mr. Thuston, "will have a trademark but this will not take the place of existing trademarks or brands, which will continue just the same. The association trademark undoubtedly will be placed on celery of a satisfactory grade and not on that of a poor quality. Details of this grading plan will be worked out by the board of directors; however even the poorer class of celery will be benefited by an advertising campaign which will clean up the market and prevent glut."

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

The world's largest group of tobacco experts... one brand... one quality... one size package... everything concentrated on Camel goodness.

The smoothness and mildness of Camels are possible only through the use of choicest tobaccos.

The most skilful blending gives Camels an individuality of taste that is beyond imitation.

They have a mellowness that you have never known in any other cigarette, regardless of price.

Camels never tire your taste or leave an unpleasant after-taste.

Think U. S. Has Good Chance To Beat Canadians In Tennis Play

By Davis J. Walsh
International News Service
Special Editor

NEW YORK, May 14—For the first time since Tilden and Nippon defeated the U. S. in the Davis Cup, America is making the Davis Cup with a team of juveniles beginning on Monday at Montreal, and some hope all of these youngsters will be associated with the victory. Frankly, a lot of people are inclined with the notion that America, almost perennial custodian of the trophy until two years ago, is due to be given the first round this week.

In great whippers, they are speculating, not about youth being served, but as to how well youth will do the serving when Hennessey, Van Ryn, and Allison and the Canadians, who are the common impression that the young men, without the steady influence of Papa Tilden, have over-matched themselves. It even seems to be a possibility that "Daddy" Hennessey, who is attempting to sustain a lot of educating the Middle West, may find it necessary at the last minute to come galloping up with a revive. This is largely a lot of banana dishing. If form is served in this contest, America will advance to the second round of the International series without a hitch. Without Mr. Tildy to do all of his riding this week on a street car, he may be needed this week in Montreal but past performances say that he should be.
