

St. Matthew Church Has Revival, Baptism

Last week the Rev. Griffin from Anella, Ga., cousin of Rev. H. J. Robinson, pastor of St. Matthew Baptist Church, Canaan City, preached Monday through Friday in a revival meeting. Each night the church was filled to its capacity and his sermons were soul stirring. Thirty-four converts were the success of the meeting.

from the Baptist hymnal. As the congregation sang the Rev. Robinson entered the water assisted by Deacons Young, Houston, Redley and Grice in carrying on the baptism. It was a great affair.

Partly cloudy through Saturday with scattered thundershowers in the afternoon. Moderate westerly winds becoming variable Saturday.

FCC Puts Curb On Give-Away Radio Shows

Radio Station Licenses To Be Revoked After Oct. 1 If Lottery Laws Broken

WASHINGTON, Aug. 19.—(AP)—The government today slapped a curb on radio stations and television giveaways. They may knock out most of the give-away programs. The Federal Communications Commission today announced that effective Oct. 1, it will revoke licenses of radio stations that fail to comply with the law. The action, regarded as reaching many cash and merchandise giveaways now on the air, grows out of an investigation in progress for more than a year. The proposed regulation was fought vigorously by most of the radio industry, on grounds that the FCC lacks authority to censor program content. The commission's reply was that it is empowered to forbid the use of the air for promoting a lottery. The commission said in today's order, covering standard FM and television stations, that should a program violate the lottery section of the Communications Act, "it is to be considered a lottery." All applications for the senior tennis tournament which starts Monday morning at 9:00 o'clock at the Mayfair Inn Club should be made not later than midnight Saturday, Mrs. P. M. Gingles, City Recreation Director, announced this morning. Entries may be made by advertising them to "Senior Tennis Tournament, Chamber of Commerce Building, Sanford." The tournament is open to teenagers and adults and will continue throughout the week with finals Sunday afternoon at 2:30 o'clock. "When the names are received the brackets will be drawn up and will be posted at the Mayfair Inn on Monday morning," said Mrs. Gingles today. "This will list all players and their opponents for their first round matches. Trophies and cups will be presented to winners and runners-up in the two singles divisions, and in doubles competition. In the 16 year old group and over, singles winners will receive cups in both the men's and women's groups. Barbara McNab, runner up to Joan Dampier, winner of last year's tennis singles title, and Sheila Moore, recent winner of a tournament in Orlando, advanced to the finals in the girls' singles in the junior tennis tournament yesterday. The Misses Moore and McNab will play Joan Wright and Janice Reel in the final match of the girls' doubles on Sunday afternoon. George Herndon yesterday defeated George Herndon, runner up in last year's tournament, to gain the quarter finals of the boys' singles. David Heister, junior title holder last year, is expected to win in the singles division. Final matches of the girls' singles, boys' singles, girls' doubles and boys' doubles will be played Sunday afternoon at 2:30 o'clock at the Ft. Mellon Park court. The Business and Professional Women's Club is sponsoring the games.

Deficit Reported By Motor Vehicle Department Chief

Agency Is In Debt By Nearly \$75,000 For Year's First Quarter

Tallahassee, Aug. 19.—(AP)—Motor Vehicle Commissioner Arch Livingston today said his department will not be able to operate on September unless more money is provided. Livingston said the department will be between \$60,000 and \$75,000 in debt at the current state of operations for the first quarter of the new fiscal year. It took about half of the department's three-month allotment to operate one month. He said he will appear before the Budget Commission to ask for more money. "The Budget Commission is fully acquainted with the situation, and if we can't get any more money, we just can't operate," the commissioner said. The 1949 Legislature cut the department's appropriation to \$2,509,012 for the biennium—\$329,308 below actual expenditures for the past two years. A further cut of 26 percent applied to the department's release to \$236,219 for the first three months of the year. Salaries and expenses for the month of July totaled \$110,343, leaving only \$118,880 for the remainder of the quarter. (Continued on Page Two)

Applications For Tennis Tourney To Be Filed Saturday

All applications for the senior tennis tournament which starts Monday morning at 9:00 o'clock at the Mayfair Inn Club should be made not later than midnight Saturday, Mrs. P. M. Gingles, City Recreation Director, announced this morning. Entries may be made by advertising them to "Senior Tennis Tournament, Chamber of Commerce Building, Sanford." The tournament is open to teenagers and adults and will continue throughout the week with finals Sunday afternoon at 2:30 o'clock. "When the names are received the brackets will be drawn up and will be posted at the Mayfair Inn on Monday morning," said Mrs. Gingles today. "This will list all players and their opponents for their first round matches. Trophies and cups will be presented to winners and runners-up in the two singles divisions, and in doubles competition. Mr. Jane Oram Died In DeLand This A. M.

Mrs. Jane Oram died at 3:10 A. M. today in a nursing home in DeLand where she had been confined for the past five months. For 20 years Mrs. Oram made her home at Elder Springs with her son-in-law and daughter, Mr. and Mrs. Peter J. Weber. She was born June 19, 1881 in Dundee, Scotland. She was a member of the First Presbyterian Church in Sanford. Other survivors include two other daughters, Mrs. M. J. Dick of Pittsburgh, Pa. and Mrs. Walter Eichler of Milwaukee, Wis., also seven grandchildren. Funeral services will be held at Erickson Funeral Home at 3:30 P. M. Saturday with Dr. E. D. Brown officiating. Interment will be at a later date.

STOP TRAFFIC

BOSTON, Aug. 19.—(AP)—A pretty blonde—nude except for white panties—stopped traffic at Beacon Street and Massachusetts Avenue, Boston today, and motorists whistled. Then traffic officer Joseph Ahoon took her to the Back Bay police station. There she explained—after some prompting—that her name is Bridget McLaugh of Cambridge, daughter of Massachusetts Institute of Technology student. She was hustled home—some distance from the scene of her traffic conquest. The blonde, who was 25 years old and about 5 feet 6 inches tall, had been in Boston for about two weeks.

FLAN WILARD DIED

ATLANTA, Aug. 18.—(AP)—Dr. Samuel Green, Jr., physician, and imperial wizard of the Ku Klux Klan died today. He was born in Atlanta. STEPHENVILLE, N.D., Aug. 18.—(AP)—Thirty-five American servicemen escaped drowning last night when their transport plane plunged into St. George's Bay near the U. S. base at Hanscom Field on the west coast of Newfoundland. The plane ditched in the bay and the men scrambled into dinghies and rafts and survived. No one was reported missing.

Finland Pictured As Sore Thumb On Doorstep Of Communist Russia

HELSINKI, Aug. 19.—(AP)—The Finnish government moved swiftly today to smother a growing Communist offensive as police nabbed Red leaders in Helsinki, scenes of yesterday's strike violence which left one dead and nine injured. Among those arrested was the chairman of the Helsinki city council, Lahja Heikkila, who was described as one of the leaders of yesterday's strike call. Another city council member also was reported arrested.

School Board Asks Bids On New Building

Physical Education Building To Be Constructed; Addition To Midway School

Construction of a physical education building north of the Seminole High School football field was authorized by the County School Board at its meeting Wednesday. The 60 by 80 foot building, designed by Elton J. Moughton, architect, will be of concrete block construction, will contain two classrooms, a locker room and shower facilities for 17 boys and 17 girls. The bid is set for Sept. 1 at 10:00 A. M. at the time to consider sealed bids for the project, and for a six room addition to the Midway School. This addition, also designed by Mr. Moughton, will be of concrete block construction, with precast concrete roof and roof slabs. Toilet facilities will be provided for the building.

Track Meet Will Be Sponsored By Sanford Rotarians

The Rotary Club is sponsoring a track and field meet Saturday afternoon at 9:00 o'clock at the Ft. Mellon track, and will start off the playground fair which will be held during the morning and to 2:00 o'clock in the afternoon. Middle girls will participate in a 40 yard dash, standing broad jump and softball throw. The schedule of the fair will be as follows: 9:00 A. M.—Track meet 10:00 A. M.—Baseball game at Lakewood Park 10:30 A. M.—Tennis exhibition with cash prizes 11:00 A. M.—Talent Contest with cash prizes 11:30 A. M.—Crowning of playground King and Queen 12:00 P. M.—Drawing for Grand Prize 12:05 P. M.—Lunch 1:00 P. M.—Free movies at Tourist Center Following exhibitions and shows and other events during the afternoon a barn dance will be held at 7:30 P. M. at the City Club at the City Hall. Everyone is requested to come dressed as a hill billy.

Athletic Field In DeLand This A. M.

McClelland field, an athletic field at the William E. Howard camp for negroes near Markham, was dedicated in name to County Commissioner J. F. McClelland Tuesday morning in recognition of his work in promoting the project. Prior to the dedication, Robert Zubrod, Red Cross swimming instructor, gave a demonstration of swimming in Twin Lake. Attending the program was O. P. Herndon, county clerk, and E. C. Steele, principal of the Sanford Grammar School, and Horace Duncan. In the colored group was Monte Harris, Jerry Walker, Rose Tucker and wife, Edith Wright, J. A. Foster, the Rev. H. W. Williams and the Rev. J. Lamb, also a number of school children.

U. N. Scientific Group Studies How To Prevent Thundershowers

By ALTON L. BLAKESLEE Associated Press Science Reporter LAKE SUCCESS, Aug. 19.—(AP)—Man may someday kill off thundershowers before they lash out with atomic-bomb punch in damaging wind, rain, and lightning, Dr. Vincent J. Schaefer said today. Even a small thundershower releases energy equal to several atomic bombs, the General Electric research scientist said. Man may also be able to create dry rain or snow at times where he wants it. Flying ice patrols may keep air lanes free of icing conditions. Or planes may shoot holes into dangerous clouds ahead. All these are possible benefits from new studies of weather control, he told the United Nations Conference on Conservation and Utilization of Resources. Dr. Schaefer nearly three years ago found ways of producing snow or rain from certain clouds, by seeding them with dry ice, silver iodine or water. Snow or rain can't be brought down from any kind of cloud, anytime. And there's no apparent way to break a drought when there are cloudless skies, or clouds with only little water in them, he said. Not really scientific study of how clouds produce weather, and how man might alter natural processes had great promise, he said.

Henry Wallace Hits Truman's Arms Aid Plan

Says Arming Europe Undermines Military Security Of Both U. S. and Europe

WASHINGTON, Aug. 19.—(AP)—Henry A. Wallace said today that Truman's arms aid program would undermine the economic and military security of both the U. S. and Europe. "What's more, he said, the statement in support of the program by President Truman, Secretary of State Acheson and the nation's military leaders 'are the state of mind of men who are either afraid of provoking war or are so afraid their case is weak they must insist on provoking war.'"

Woman Kills Own New York Turns Out In Honor Of On Negro Prowler

Police Hold Chicago Woman For Slaying 6 Day Old Babe

CHICAGO, Aug. 19.—(AP)—A young mother who first told police that her six-day-old daughter was snatched by a negro prowler was quoted by police early today as saying "I killed her."

Bernard M. Baruch Celebrates Birthday

NEW YORK, Aug. 19.—(AP)—Bernard M. Baruch, 76 years old today, says his doctor has told him he may live to be "well over 100 unless you get banged in."

Father Of Dr. Park Died Last Night

Charles Lane Park, 76 year old father of Dr. Charles E. Park, died last night at 11:59 P. M. Dr. Park was formerly a physician with the Central of Georgia Railroad in Macon, Ga. from which he retired with 40 years' service. He was a member of the First Methodist Church in Sanford.

FRIDAY, AUG. 19, 1949

That is a chivalrous injunction... Life will not bore a person so employed... OLD MAN, ALONE... He has the transfer clutched in his hand...

The American Federation of Labor has promised financial aid to Senator Pepper in his fight for re-election next year.

The Russians, still trying to give the American people an impression of complex, charge mistreatment of German prisoners of war by the American Army...

The President asks the people to withhold judgment on his great and good friend General Vaughan who is accused of being mixed up in the five percent racket in Washington...

One of the advantages of living in this modern era, in spite of all its disadvantages, is that people are living longer. People are living two years longer now on the average than they did just before the recent war...

We are glad that someone has finally called it to Governor Warren's attention that during his campaign of last year, he had a plan and again...

Have a message for the "beat way" to reach it... Minnesota doctors tried to promptly accused of...

Political Fishpond

Who will be the next Democratic presidential candidate? Political commentators, after their usual habit, are speculating on this when there is nothing else in particular to write about...

A New Dealer whose Kentucky residence would help to hold recalcitrant Southerners in line. Vinson has had varied experience. Besides many years in the House of Representatives, he has been a judge of the U. S. Court of Appeals...

Drawing on the court for a candidate is more often talked about than gone. In 1916 the Republicans drafted Charles E. Hughes. As he had been on the bench during the bitter 1912 feud between President Taft and ex-President Theodore Roosevelt...

Earlier, John McLean, justice from 1829 to 1861, was often mentioned for the presidency, especially in 1856 when the new Republican party was looking for a well-known man to lead it...

Illegal Thoughts

It is proper for law to regulate a man's acts, and punish him for illegal ones. But it is not proper to delve into his thoughts, and punish him for them. Such is the gist of a Maryland circuit court opinion...

The Maryland law does what many persons have advocated doing on a national basis: it sets up specific criminal penalties for engaging in subversion, and for simply being a member of an organization found to be subversive...

There is an eternal debate over the question whether present laws are adequate to deal with the dangers offered by such doctrines as Communism, which is usually the target when subversion is discussed...

As a matter of fundamentals, democracy was not achieved by making a lot of laws. It was gained by the fighting desire of individuals to have it...

Yes It's August

What's the news? Well, here's a paper. It's no news that the United States gave \$3,523,000,000 in total aid to China in the last 12 years...

It may be news that sea gulls have been picking up golf balls in Rhode Island but it is doubtful if it will shake the world. Neither will the fact that Paris boulevards are thronged with tourists in the old way...

Everyone who has had his vacation wishes he was just starting, and everyone who hasn't wishes he would begin. It's hot. It's sunny. It's lazy by day and the Leonid meteors are beginning to shoot by night...

Scientific Meet

(Continued from Page One)

Certain clouds near mountains might be made to drop more snow, and stabilize the streams that flow from mountain snow. Such clouds, formed from moist air and forced to rise because of the mountain barrier...

Reservoirs of snow crystals in the sky might be produced by overcooling huge areas of fish super-cooled stratus clouds. The continued. They would produce snow crystals in huge numbers, but none big enough to fall.

clouds, and the snow crystals from the reservoir would seed the lower clouds, making them snow. It happens accidentally sometimes in nature, Dr. Schaefer said. Planes might someday patrol air lanes, seeding clouds that could cause dangerous icing on passenger ships, he said. Or the planes might use agents to shoot seeds and change the cloud directly ahead. Seeding might also banish some ground fogs near airports.

Radio Give Aways

(Continued from Page One)

However, it asserted that "in any event," consider a program to violate the act if a prize "of money or thing of value is awarded to any person whose selection is dependent in whole or in part upon lot or chance, and if as a condition to winning or competing: 1. The winner furnishes money or other things of value."

NEW YORK, Aug. 18 (AP)—Radio giveaways will be hard hit by today's ruling of the Federal Communications Commission. Trade officials here believe, Network officials declined comment until they could study the ruling.

The trade publication Radio Daily said that in one recent week the four networks had 33 giveaways with total prizes of \$200,000. However, some of these prizes stand for several weeks before being won, so the amount actually awarded each week would be somewhat lower.

ROUND THE WORLD PRESTWICK, Scotland, Aug. 18 (AP)—Mrs. Richarda Morrow landed here today, just a year and a day after she began her round-the-world flight, and took off a few hours later for London on the last leg of the journey.

ILLEGAL SEARCH JACKSONVILLE, Aug. 18 (AP)—Duval County Solicitor Wayne E. Ripley says the State Highway Patrol's roadblock method of checking licenses is illegal search and he will not permit it in the county.

Through July 31, the department collected \$17,493,880 from tag sales, compared to \$16,827,260 for the same period last year and \$16,453,484 for all of 1948.

Connie Mack

(Continued from Page One)

The famous manager—who was born Cornelius McGillicuddy—reminded the crowd at City Hall that he has been in baseball for 65 years and added: "It is my real intention to manage the Philadelphia team in 1950, which will be my 60th year as manager of the club."

State Deficit (Continued from Page One) Livingston said he would resign in the month of August and September. Livingston reduced his personal net 25 in July and 34 at the beginning of this month. He said he also has ordered a 25 percent reduction in travel by 65 field deputies.

The August payroll will total about \$87,000, compared to \$81,741 for July, Livingston said, because many of those discharged were given two weeks vacation. The 25 percent reduction in travel by field deputies will save about \$4,900 a month, he declared. He said he is unable to pay a \$12,000 bill for printing 1,600,000 tag registration forms.

The department now has 464 employees, compared to a high of 575 in June. While his funds have been slashed, Livingston said the department's collections are up about 12 percent over last year and the new title and lien law has increased the overall operating cost of the department about 25 percent. The law became effective last October.

Through July 31, the department collected \$17,493,880 from tag sales, compared to \$16,827,260 for the same period last year and \$16,453,484 for all of 1948.

Back to 1934. All the Maragon charges, the Star says, were for walking and four in connection with minor accidents.

Inspector Arthur E. Miller, head of the police traffic division, said the record showed Maragon had furnished collateral in 20 instances and received warnings in five cases. Two cases were dropped, he said, and he did not know what happened to the others.

The Washington Post, reporting on the traffic file, makes the point of charges against Maragon 69 and lists them by dates.

The per capita output of steel in the United States in 1947 was roughly eight times the average for the entire world.

Pravda Reveals Plans For Loyalty Checks

(Continued from Page One)

MOSCOW, Aug. 18 (AP)—The Communist Party newspaper Pravda today presented to its readers a version of life in the United States. The newspaper said the FBI, having investigated everything, was going to undertake loyalty checks on grade school children, and maternity hospitals would also be likely fields for uncovering Communist propaganda.

Woman Held (Continued from Page One) After the child died, Mrs. Skeoch said her first thought was to contribute her stranglehold to a negro. On that impulse, she told police she ran through the South side apartment screening, and finally to the apartment of a neighbor, Mrs. Viola Venkus.

Finnish Strike

(Continued from page one)

...the Communist Party. At the Congress, the party was the pattern for the attack which now appears to be taking form in the Communist strike offensive.

Finland's Social Democratic government was heavily assaulted in the Congress. It heard this prophetic charge (as reported in Moscow's Pravda):

"Bogrov's circles (in Finland) are increasingly impatient in their demands that the living standards of the workers be lowered. The bourgeoisie (ruling class) is well aware that such measures are impossible under democratic government and require a more tractable government."

For the Russians, this charge is tantamount to saying Finland is headed for a Fascist government. A claim Finland was in control of Fascists would afford the Communists an excuse for attacking.

The Congress' speakers called the Social Democratic government of Premier Aaro A. Fagerholm "traitorous." This, too, is a familiar design in the overall pattern.

Finland, early in 1948, signed a treaty of friendship with the Soviet Union in which the Russians made a promise to allow the Finns to lead their own lives in an independent state.

But Moscow obviously has been worried about Finland's leanings toward the West. To use the Russian phraseology, "it was not by accident" that the Russians have maintained since the war their military base at Forskalla, on Finnish soil.

Finland would make a neat finishing touch to the chain of Communist states in Eastern Europe. She stands out, in Moscow's eyes, like a sore thumb.

Summer Class To Graduate At Stetson

DELAND, Aug. 19—(Special)—The largest summer class in the history of John B. Stetson University received degrees from President J. Ollie Edmunds in early-morning ceremonies here today.

The class, nearly double that of last summer, represented 49 Florida towns, 14 states and one foreign country, Korea.

The commencement speaker was Dr. Thomas Hansen, pastor of Main Street Baptist Church, Jacksonville, and a trustee of the university. Others participating were Rev. Edgar H. Cooper, pastor of Mayfair Baptist Church, Jacksonville, Rev. A. Grady Snowden, pastor of First Baptist Church Deland, Harold M. Griffin, professor of voice, and Shirley Bush, organist.

Strength in Faith

Great crises in the lives of men call for strength of mind and soul which no earthly power can give. When his own efforts and resources fail, man's help must come from God.

This troubled woman has learned the secret of faith and is putting her case in the hands of God. There she will find strength and comfort sufficient to her needs and will see clearly through the shadows that surround her.

Faith is a key that will unlock most of our human problems and resolve most of our difficulties—if we will only develop it. It is a light in human darkness, comfort in man's distress, strength in his weakness, and hope in his despair.

People should know more about the power of faith and the wonders it can work in human life. The story is written in the Bible, embodied in the teachings of the Church, and graven upon the hearts of believers.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the people... the building of the Church is the work of the people... it is a community of spiritual life... every person should know why he should support the Church... (1) For his own soul... (2) For the sake of his community and nation... (3) For the sake of the Church... which is the body of Christ... and material support... to be made regularly and read the Bible daily.

Threat Of War Seen In Latest Soviet Moves

British Say Situation
Deteriorates;
Splinter Communist
Party In Berlin

BY ASSOCIATED PRESS
Premier Marshall Tito of Yugoslavia drew support from a group of German Communists today. This sign of the growing split in the ranks of world Communism came as Yugoslavia's war of wits with Russia reached a new pitch of intensity.

ENGLAND'S FLYING HOUSEWIFE, Mrs. Richard A. Morrow, 35, is met by her husband, Norman, and their three-year-old daughter, Anna, after she landed her single-engine plane at Croydon Airport, London, completing her round-the-world flight in one year and one day. The pretty former London model was 40 weeks and one day behind schedule on trip planned to take only about six weeks.

British newspapers quickly noted the similarity between the terms of the Soviet note and the language used by Hitler before he sent the German army into action in June 1941. They said the Russian note sounded like the worst threat of war since 1939.

Typical was the comment of the London Daily Mail. It said the acute hostility between the Yugoslav and Russian governments "has reached such a pitch that an outbreak of war would not be astonishing."

The concern of the Kremlin itself over its relations with Tito apparently was reflected in the Soviet press and radio, which devoted much space and time to foreign reactions to the Soviet note.

Half of Pravda's foreign news page was taken up with dispatches from abroad on the subject. Single headlines in the official Soviet Communist party newspapers were:

"Tito's clique conducting secret negotiations with Vatican."
"Furious denial of the Tito clique with Greek monarchist fascists (Nationalists)."

Tito has been feuding with the Kremlin for more than a year. His government was thrown out of the Communist International Information Bureau for nationalistic "deviations" which Russia regards as a betrayal of Communism.

One of the Kremlin's fears is that Tito's show of national independence will spread to other eastern European countries in the Soviet sphere and to Communist parties elsewhere. This fear is shown by Moscow's insistence that Tito must lend a knee and salute his "mistakes."

Titoism may have taken root in Germany. German Communists who hate Russia formed a new splinter party today and promptly sent a telegram to Tito, a message of support.

The new organization described itself as a "free Communist party." It claimed 4,000 active members in the Russian zone of Germany and another 600 in the western sectors of Berlin.

Karl Heinz Scholz, veteran German Communist underground organizer, told a reporter in Berlin:

"We have formed to fight imperialist Hitlerism. The so-called internationalism is a tool of the bourgeoisie." (Continued on Page 8)

RFC To Consider Terminal Financing

A. K. Maddox, field representative of the public agency branch of the Reconstruction Finance Corporation in Atlanta, Ga., is due to arrive here soon to confer with City Manager Clifford McKibbin regarding the financing of the waterfront terminal.

A field investigation of the terminal facilities will be made by Mr. Maddox, who will also check the parking meters revenues which have been pledged for the project, if needed. He will report findings to the RFC in Washington, D. C.

W. C. Hutchison, traffic rate expert, has submitted his final report to the City on his study of the present freight charges of canned citrus from Central Florida and has suggested charges for shipment by water from Sanford to various northern points, said Mr. McKibbin.

ANOTHER CONFESSES FORT WAYNE SEX SLAYINGS

(AP)—A third man today had confessed implicating in a series of Fort Wayne sex slayings for which two other men already have been imprisoned. One of those now in prison is under sentence of death and the other is serving life.

Completes Global Hop In A Year

ENGLAND'S FLYING HOUSEWIFE, Mrs. Richard A. Morrow, 35, is met by her husband, Norman, and their three-year-old daughter, Anna, after she landed her single-engine plane at Croydon Airport, London, completing her round-the-world flight in one year and one day. The pretty former London model was 40 weeks and one day behind schedule on trip planned to take only about six weeks.

Nature Goes On Rampage Causing Wide Destruction

Small Hurricane Is
Reported Heading
Toward Florida

MIAMI, Aug. 22—(AP)—A small Atlantic hurricane centered about 500 miles east of Miami today as President Truman visited the city to deliver an important address to the Veterans of Foreign Wars convention. The storm, first of the 1949 season, was referred to as "Harry's hurricane" by storm trackers because of the coincidence of the Chief Executive's visit. Fine weather prevailed here, however, for Mr. Truman's appearance.

Nature unleashed its savage fury on scattered parts of the globe over the weekend, bringing death to scores of persons and causing widespread property damage.

Sanford Given \$300 By March Of Dimes

The Seminole County Chapter of the National Foundation for Infantile Paralysis received from national headquarters of the March of Dimes organization yesterday a check for \$300 to assist in payment of local polio patients' medical care. It was announced today by Chapter Chairman Dr. R. W. Ruprecht.

HOLLER HONORED

NEW YORK, N. Y., Aug. 22—(Special)—Roy Holler of Sanford, Florida, a representative of the New York Life Insurance Company, has been named a member of the 1949 Nylle Star Club. It was announced today by Dudley Dowling, Vice President of the Company.

SENTENCE DEFERRED

NEW YORK, Aug. 22—(AP)—Supreme Court Justice Ferdinand Pecora today temporarily deferred imposition of a death sentence on two convicted "lonely hearia" players to hear motions in their behalf.

Gen. Spaatz Terms B-36 Peace Force

Retired Air Force
General Says Russian
Army Could
Over-Run Europe

WASHINGTON, Aug. 22—(AP)—General Carl Spaatz, retired Air Force chief, said today the B-36 bomber and the atomic bomb are the greatest forces for peace in the world.

It was because he anticipated that the B-36 could play this role, Spaatz said, that he decided in late 1946 to push the "Five-Year" program of acquiring the plane.

An outside influence affected his decision, he said.

In terms of wars of the past, he said, Russia could subdue "practically all of Europe and Asia in a relatively short period of time" but the B-36 and the bomb maintain "a balance of power for peace."

The General was called before the House Armed Services Committee in its inquiry into whether political influence or favoritism figured in developing the big six-engine B-36.

Spaatz said that when he came to the Air Force he made a decision to continue a contract for the B-36's in 1943. His decision was made around December 1943 or January 1944.

"I believed," Spaatz said in a prepared statement, "that the results to be obtained from possession of an inter-continental bomber were so enormous as to justify going ahead and taking the chance of failure, just as was done in developing the atomic bomb which this plane is designed to deliver."

Even after rehabilitation of Western Europe's political, economic and military strength, Spaatz said, "the B-36 and the atomic bomb will still be most potent instruments for maintaining a balance of power for peace."

When today's hearing began, Committee Chairman Vinton (D-Ia.) told reporters only one anonymous document figure in the investigation so far. He knew nothing about a second statement mentioned in published reports.

The anonymous document was one of the things leading to the committee's inquiry, Rep. Douglass (D-N.C.) turned it over to the group without saying where he got it. It suggested favoritism in the B-36 program.

In response to questions, Spaatz told the committee that members of the senior officer board ruled on the matter. Development of "invincible" to any efforts to give favorites among plane manufacturers.

Asked whether political influence would affect recommendations of the board, Spaatz said: "That would not enter into it at all."

Government Asks New Try To End Hawaiian Strike

Ching Invites Disputing Parties To
Come To Capital

WASHINGTON, Aug. 22—(AP)—The government today asked opposing sides in the Hawaiian dock strike to make a new effort to settle their dispute and if this fails to come to Washington or New York for mediation talks.

Cyrus S. Ching, director of the U. S. Conciliation Service, sent a cable to Honolulu requesting the new attempt at a settlement of the coupling 114-day-old strike.

Ching told the striking union and Hawaiian stevedoring negotiating committee that he would be happy to meet with them in the U. S. to discuss the issues.

Ching said the pressure of other labor disputes makes it impossible for him to go to Hawaii now. Officials and management negotiators had asked.

Ching said the pressure of negotiations to make a new try at settling the dispute on their own in Hawaii.

He said if they are against successful at reaching an agreement, they could come to the states and meet with him and other government mediators any time they choose.

The strike has seriously crippled the economy of Hawaii. It has brought export of vast quantities of sugar, pineapples and other select products to a standstill. All imports of vital food stocks has been halted.

The strike involves the CIO International Longshoremen's and Stevedores' Union and seven stevedoring firms. The walkout began May 1.

The strikers are demanding a 25-cent raise in their \$1.40-an-hour wage. The stevedoring companies have expressed willingness to go as high as a 14-cent hourly increase.

Ching's cablegram today was in answer to an appeal from Hawaii officials, and from the union and management to go to Honolulu to help out in the crisis.

Mr. McDaniel Loses Father In Atlanta

Word has been received of the death Thursday night of E. T. Richardson, father of Mrs. T. J. McDaniel. Mr. Richardson died at his home in Atlanta, Ga.

MAYOR IN CAPITAL

Mayor Andrew Carraway was in Washington, D. C. today visiting his brother, Acy Carraway.

HARRY LAUDER ILL

V F W

Commander Pat Johnson of VFW Post 3283 is attending the VFW national convention in Miami. His family is with him and he expects to be away for a week.

TOURIST MEETING

John Benkart, president of the new tourist group, thanked members for his recent election at a dinner and meeting attended by about 25 members at the Tourist Club Saturday night and stated he is looking forward to a very pleasant tourist program.

Truman Pleads For Approval Of Europe Arms Aid Program

There Were No Congressional Blues Then

WASHINGTON, Aug. 22—(AP)—President Truman today pleaded for approval of a \$1,450,000,000 program of arms aid to Europe. He said the program was "part of the peace program."

He said that the cost of the plan to Congress without calling any money that would be free to the government. He said that the program would be made uneasy by the program.

And he described the goal as prevention of aggression.

"We are not among ourselves and our friends to start a fight with anybody," the President said. "We are building our defense to that we don't have to fight."

He spoke before the Golden Jubilee convention of the Veterans of Foreign Wars after an 822-mile trip from Washington to the Independence, Mo. White House plane he planned to fly to Kansas today.

Truman said that Truman and other members of the House and Senate had agreed to act on the program by Sept. 1. He said that the program would be made uneasy by the program.

Governor Warren Again Promises Sales Tax Veto

Rep. Upper Promises
Tax To Be Offered

MEMPHIS, Aug. 22—(AP)—Governor Warren says he will veto a sales tax bill in any general session.

Warren, here to attend a President Truman for the Veterans of Foreign Wars Golden Jubilee convention and to deliver a welcoming address, said in an interview that he pledged to veto a general sales tax that would raise the tax from 2 to 4 percent.

The Florida chief executive said that he would not veto a "qualified sales tax" that would not increase the rate, when it passed.

"I'll just have to wait and see if it passes and see about it then," he commented.

Warren disagreed with observation by some legislators that there is a lot of waste in the \$240,000,000 annual state budget. New taxes will be discussed in the special session, Sept. 7.

"That \$240 million appropriation represents the considered judgment of the state's needs by a overwhelming majority of the members of the Legislature."

The Governor and his body, the Senate, have been meeting since Saturday at 11:30 A.M. in the H. S. Patterson Funeral Home in Atlanta.

FISHERMEN DROWNED

MOBILE, Aug. 22—(AP)—The bodies of three fishermen were recovered from Mobile Bay today, where the point where their small craft were capsized by a sudden squall.

They were tentatively identified as Glen Gelger, 21, Mobile; Alton L. Allen, 29, Chickasaw; and Alvin E. Moore, of Mobile.

A fourth fisherman hunted by six and phones after the big gale turned up safely in New Orleans last night.

Telephone Rates Raised 6 Percent

An overall increase of 6 percent in telephone rates will be effective on Sept. 1, it was announced today by the Southern Bell Telephone and Telegraph Co. following approval of the increase by the Florida Railroad and Public Utilities Commission.

Monthly charges for business individual lines which were \$9.00 will be advanced to \$9.54; two party lines \$5.10 to \$5.60; four party, \$4.45 to \$4.75; and eight party, \$3.50 to \$3.75 charge.

Incidental individual lines will cost \$3.50 a month instead of \$3.35 as formerly. Two party rates will go from \$2.85 to \$3.00; four party rates \$2.35 to \$2.50; and eight party rates from \$2.20 to \$2.35.

Total increases in rates since April, 1947 to the telephone company amounts to 21 and a half percent.

STORE PURCHASED

ROY A. REDDING recently purchased a store building at 1409 West Thirtieth Street from D. H. Stafford.

JIMMY BEGGS DEAD

ORLANDO, Aug. 22—(AP)—James H. Beggs, 38, Orlando postmaster since 1935 died in a hospital here yesterday.

Beggs was confined to the hospital since Aug. 7 with asthmatic bronchitis. He had been in poor health three years but had continued at his work.
