Second Vice-President Mrs. B. G. Smith, Oviedo

Seminole County Federation of Women's Clubs

Recording Secretary Mrs. W. B. Ballard, Altamonte
Corresponding Secretary Mrs. B. G. Smith, Oviedo
Treasurer Miss Agnes Berner, Geneva

HISTORY OF ROOSEVELT AUXILIARY BY MARIAN BALLARD

The Theodore Roosevelt Auxiliary, No. 3, United Spanish War Veterans, strictly Woman's branch of the U. S. W. V., was organized in Sanford during the winter of 1922.

Seminole County Federation Creed

"I believe in girls, in the woman of a great tomorrow, and that whatsoever the girl soweth, the woman shall reap."

REPORT ON SEMINOLE COUNTY FEDERATION OF WOMEN'S CLUBS IS GIVEN BY MRS. LEONARDI

Madam Vice President and co-workers: Scarcely two years have passed since the organization of the Seminole County Federation, but this time has been marked by definite effort on the part of the club women to better the child life in their respective communities.

COMMITTEE LIST

- PARK Mrs. Harry Heeren, Chairman. Mrs. Endeavor Curlett, P. & T. Club, Geneva. Mrs. Neimeyer, Longwood. Mrs. John Meisch, Sanford Woman's Club. Mrs. B. G. Smith, Oviedo. Mrs. L. A. Kline, Altamonte. Miss E. H. Hinson, Business and Professional Women. Mr. T. Tietzma, Geneva Community Club.

CITY PLANNING COMMISSION WORKS BY MRS. HARRY HEARON

With the introduction and passage of a bill by our representative, Mr. Lake, Sanford received the distinction of being the first city in Florida, applying for and receiving legislative authority to zone the city.

CONFERENCE REPORT IS GIVEN

The State Conference of the N. S. D. A. R. at Fort Pierce was a success from every point of view. Socially and otherwise and each and every daughter attending left feeling that the Fort Pierce Daughters were gracious hostesses.

OVIEDO CLUB

Although the day was bleak outside, on Monday afternoon, inside the Club House was bright and cheery, with its bright warm fire, the Club gathered for its regular meeting.

THE CLUB WOMAN'S CREED

Keep us, O God, from pettiness; let us be large in thought, in word, in deed. Let us be done with fault finding and love of self seeking.

Proposed Health

- 1. Rise (7:30.) 2. Visit toilet. 3. Wash (bath, if possible.) 4. Clean teeth. 5. Drink glass of water.

Altamonte Springs COLD FACTS

The City Council of Altamonte, at their regular meeting the second Monday in January passed an ordinance making the town of Altamonte Springs a bird sanctuary and provided that suitable markers should be erected at the different entrances of the city.

FLAG LAW

The flag of the United States must be displayed daily, when the weather permits, from the staff upon the State Capitol, county court house, upon one building of each State educational institute, and upon every county public school building in Florida, except when the institution or school is closed for vacation.

CLUB COMMANDMENTS.

- 1. Thou shalt have no other clubs before this one. 2. Thou shalt not worship any false thing in club life. 3. Remember thy club engagements and keep them on time.

STATE PROGRAM FOR LEAGUE OF WOMEN VOTERS.

Thursday, January 24. Morning—8:30 to 12:30. Polls open until 9 o'clock. 9:00—Reading minutes.

ENJOYED A GOOD NIGHT'S Sleep

"I wish to say that FOLEY PILLS worked O. K. on me in a couple of hours and the pains left me at once. I took a couple of them in the afternoon, went to bed and had a good night's sleep and have slept good ever since."

EASY SETTLEMENT

The problem of filling needs is easily settled on the principle of reciprocity, for what one has to sell the other wants to buy.

Make Your Town a Bird Sanctuary

Below is a copy of the resolution sent out by the State Audubon Society. Get your commissioners or town council to pass it. Now be it resolved; That the corporate limits of the City of Sanford, Florida, be and they are hereby designated to be a bird sanctuary.

MONEY

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also free sample package of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for Constipation and Biliousness.

AUTOMOBILE SECTION

CADILLAC SALES FOR 1923 BREAK NEW RECORDS

Other sales, shipments and delivery of Cadillac cars during 1923 surpassed the high records of the first four months of the new V-8's surpassed more than 70 per cent the corresponding period in the sales of the year. It is the summary of a statement by Jay W. Denivan, manager of the Cadillac Motor Car company, in reviewing the year's sales activities for the year.

Records compiled at the end of the year show that 1923 shipments and deliveries have surpassed sales of 1922, and mark the highest point yet attained in the history," states Mr. Denivan. "From the outset of the year, the type 61 was excellent. In September they began shipping in an increasing ration of the earlier type, and continued to do so throughout the remaining months of the year.

The growth in sales has been accompanied by a strengthening of dealer organization, improvement in service facilities, the erection of many new buildings by dealers and dealers, and closer co-operation with them through an increase in district supervision.

The economic outlook for 1924 is bright. With few exceptions, most of the country are producing more than 400 Cadillac cars according to any Cadillac and our dealers and dealers throughout the country in the new year will be working on quotas considerably in excess of those of 1923."

NEW PRODUCTION MARK SET BY THE DODGE FACTORY

One million cars built and sold in the first nine years and eleven days of production.

This is the latest achievement of Dodge Brothers, Detroit, who thereby add another to their long list of notable contributions to the automobile industry.

It is a world's record. No other manufacturer, according to official figures shown by Dodge Brothers executives in support of their contentions, has achieved the one million mark so soon after the completion of his first car.

Dodge Brothers began production on December 4, 1914. Car No. 1, 000,000 rolled off the final assembly line December 13, 1923—9 years and 11 days later.

Strong public demand has given a constant impetus to Dodge Brothers production from the very start. At the outset they were over-sold, and have been ever since, despite enlargements which have converted a factory of some 20 acres of floor space into a great industrial city employing 20,000 men and having a floor space of more than 100 acres. Only a few months ago a large new assembly plant was placed in operation, increasing plant capacity to approximately 1,000 cars a day and placing Dodge Brothers in a better position than ever before to build their share of the huge output scheduled for 1924.

While factory officials are pleased at the attainment of the one million mark in so brief a period, they attach far greater importance to the fact that more than 90 per cent of the first million cars are still in service.

This is the point that interests the public, they maintain, for it is emphatic evidence that quality production has always had preference over quantity production in Dodge Brothers Works, even when the most heroic measures were being adopted to increase plant capacity to meet the increasing demand.

LINCOLN MAKES RECORD RUN IN INDIANA TRYOUT

A Lincoln car is credited with the fastest run on record between police headquarters at South Bend, Ind., and the state house at Indianapolis. The trip of 155.7 miles was made in 166 minutes, an average of close to a mile a minute despite frequent slow-down in cities and towns along the way and occasional pauses and stops due to traffic and road conditions.

The car was commanded by Chief of Police Laurence J. Lane recently in order to secure the governor's signature to extradition papers which were urgently needed.

W. W. Farrar, Lincoln sales manager for W. R. Hinkle, Inc., South Bend Ford dealers, piloted the car on the flying trip to the capital.

Motorists May Drive to Port Myers With Comfort, Is Assured

Motorists may reach Ft. Myers, the "City of Palms" with every degree of comfort at this season is the statement of the Chamber of Commerce of that city, which is spreading the news by means of a display advertising campaign in the newspapers over the state. The Ft. Myers people do not yet claim boulevards all the way from Jacksonville to their city but they do say with all truthfulness that the roads are open and the motorist can reach their beautiful city in comfort.

The best route is via Lakeland to Arcadia, then over the hard surfaced road to Carlstrom Field, thence over the prairie until one strikes Road No. 2. The motorist will have little difficulty if inquiry is made at Arcadia as to the best route from that point.

Ft. Myers offers wide opportunity for recreation in riding, motoring, tennis, golf, boating, bathing, fishing, hunting, trapboasting or roaming through the primeval forest near by. Afternoon and evening band concerts are daily features in the city. Opportunity for dancing is afforded at the various hotels and at Pleasure Pier which extends 2,000 feet into the Caloosahatchee river.

"The Fisherman's Paradise" is a name well merited by this section. The Caloosahatchee river and its tributaries, the Gulf and its passes teem with fish of every variety known in Gulf waters. Game also abounds near this interesting "frontier city." The principal varieties are deer, quail, turkey, bear, squirrel, duck, wild cat and panther. Experienced guides for both hunting and fishing are available at Ft. Myers.

OVER MILLION FORDS

DETROIT, Mich., Jan. 22.—Between June 5 and December 7, the Ford Motor Company produced 1,111,111 motors at its Highland Park plant here.

On June 5, Motor No. 7,777,777 went off the assembly line and was shipped to Los Angeles. On December 7, Motor No. 8,888,888 was completed and was shipped to Chicago.

ORDINANCE NO. 71

AN ORDINANCE AMENDING SECTION 225 OF THE REVISED ORDINANCES OF THE CITY OF SANFORD OF 1915, WITH REFERENCE TO SPECIFICATIONS FOR SIDEWALKS.

Be It Enacted By The People of the City of Sanford, Florida: Section One. That Section 225 of the Revised Ordinances of the City of Sanford of 1915 be and the same is hereby amended to read as follows:

"Section 225: Width in Certain Localities: All sidewalks hereafter constructed on First Street in the City of Sanford, East of Myrtle Avenue shall not be less than ten feet in width. On all other streets or parts of streets the width shall not be less than four feet; provided, however, that before any sidewalk less than six feet in width is constructed, a permit therefor must be first obtained" from the City Commission.

Section Two. This ordinance shall take effect immediately upon its passage and adoption.

Adopted this the 14th day of January, A. D. 1924.

WILLYS-KNIGHT

GAINESVILLE TO HAVE ROAD MEET

GAINESVILLE, Fla., Jan. 21.—The Second Road Builders Conference will be held by the General Extension Division and the College of Engineering of the University of Florida at Gainesville, Feb. 13, 14 and 15, 1924. Highway engineers, County Commissioners and all interested citizens are invited to attend, according to B. C. Riley, Director of the General Extension Division, who says: "Believing that much benefit may be derived by an exchange of views on the highway question,"

Dean J. R. Benton of the College of Engineering, Prof. F. L. Reed, head of the Department of Civil Engineering, and other University officials have planned a program for the 1924 conference for Road Builders which will interest every citizen in the state, and will undoubtedly be attended by large numbers of taxpayers as well as professional engineers and county commissioners of the state.

Prof. P. L. Reed of the Department of Civil Engineering has been advised that the Florida State Road Department finds the dates set to be satisfactory and will help in every way possible to make the conference a success. The United States Bureau of Public Roads has promised to send its Highway Exhibit to Gainesville, accompanied by a speaker from the Department.

REALIZING AN IDEAL

Many have made it possible to acquire a home of their own—the realization of an ideal.

The Herald Want Ads have a deal to do with bringing about home ownership, for they point to opportunities in buying, selling, exchanging.

See what the Herald Wants have to offer in aiding you in having your dreams for a home come true.

Keeping in touch with the Herald Wants means keeping in touch with reality opportunities.

Just turn to the Herald Want Ads now and see how many such offers are listed there and, perhaps, the very one you are looking for will catch your eye.

SPEED UP YOUR LAZY LIVER

Clem Jones Liver and Kidney Tonic Will Do It

As a tonic when there is weakness and lack of appetite, when a little exertion makes you feel tired, your legs drag, your back aches, your mouth tastes and your sleep is broken, Clem Jones Liver and Kidney Tonic is the one thing that will restore your strength and enable you to enjoy life. CLEM JONES LIVER AND KIDNEY TONIC, because of its general TONIC and health-giving effect, has established itself as a recognized remedy for TORPID LIVER, FEVER, MILARIA and COLIC.

CLEM JONES LIVER AND KIDNEY TONIC is not only beneficial as a liver medicine, but it exercises a stimulating and invigorating influence in the stomach and bowels. Through its excellent cathartic properties bilious impurities which have interfered with healthy processes are driven out. Take the pills while using the medicine—the TONIC is what is needed.

THE COST IS SMALL—THE BENEFIT IS GREAT.
Roumillat Anderson, Sanford, Florida.

TO BUILD UP CITY.

PETERSBURG, Jan. 21.—Local chamber of commerce set \$15,000 as its goal for a year to help build up this city in the current year. Approximately \$10,000 of the amount was raised at two dinners attended by more than 400 representative men and women of the city.

AGED-CITIZEN DIES

WETHERELL, Jan. 21.—John R. Wetherell, one of this city's oldest and best known citizens, is dead at the age of 77 years. He was born in Charing Cross, London, and came to America when five years old. He had served here many years as supervisor of registration.

PLAN CITY BEAUTIFUL

ORLANDO, Jan. 22.—The city beautification committee has developed plans to ornament Orlando with flower gardens, and make widespread the floral display. H. H. Dickinson, chairman of the committee, describes the venture as one that will ultimately make the city more beautiful than it now is.

WOODMEN OF THE WORLD WILL BUILD A HOME NEAR SAN ANTONIO, TEX. BUT THEY DON'T SPARE THE TREES.

DETROIT officers captured 4800 bottles of beer, but the weather will be cooler soon.

DODGE BROTHERS Motor Car

Value so pronounced that you are justified in looking upon the purchase of a Dodge Brothers Motor Car as the soundest possible investment in transportation.

Not a dollar is added to the purchase price to support a free service policy; nor to cover the costliness of numerous body or chassis types; nor to pay interest on borrowed money; nor to maintain a multiple organization of middlemen.

Dodge Brothers finance themselves. They sell directly through a single organization of dealers to you. They do not believe in charging in advance for service you may never need. They have developed remarkable economics, and a time-seasoned product, by concentrating on standard types.

These facts are reflected, not only in the price of the Car, but in the quality of workmanship and materials that enter into its construction.

Another Reason Why—

The Buick Third Member

Buick cars drive through a third member, not the springs. The springs only support the body and assure easy riding. A Buick rear spring accidentally broken cannot misalign the axle and prevent driving the car. The Buick axle remains in fixed position. Consequently the adjustment of Buick four-wheel brakes is not affected by the deflection of the springs.

When better automobiles are built Buick will build them

The NEW ESSEX A SIX

Built by Hudson Under Hudson Patents

The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.

So also is the fact that the Essex "Six" possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.

You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.

Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.

You, too, will say: "the New Essex provides ideal transportation."

We ask this test—take a ride.

A 30 Minute Ride Will Win You

The World Of Sports

CLEVELAND INDIANS END SEASON WITH HONORS TO THEIR CREDIT

CLEVELAND, Jan. 23—A re-statement of the 1923 baseball records shows the Cleveland Indians, as a team, led the American League in batting with an average of .301, were the champion spring managers, drew the most bases on balls and had the least number of strikeouts during the season. The feat of its players, especially Manager Trip Speaker and Pitcher Eban, stand out.

In 20 games, more than any other pitcher in the circuit and to the most batsmen, 1,303. In addition he worked in 20 complete games, another season's record.

Cleveland's only American League pitcher to allow less than three earned runs to a game, his average was 2.70.

In addition to leading the team in hitting with an average of .380 Speaker set a world's record by knocking out 69 two-base hits. Harry Heilmann and Babe Ruth were the only regular to exceed Speaker's batting mark, but the Cleveland leader drove in more runs than his Detroit rival, and, playing in two less games, drove in just as many runs as Ruth—130.

In 124 innings in which he worked in 14 games, only one man, Fred Haney, of Detroit, stole on Sheroed Smith's lead. Southpaw, Smith also is credited with "picking" seven runners off first base.

Playing his first season as an infielder, Lutzke proved one of the sensations of the league. Although not leading the third basemen in fielding, he led them in covering ground. In 143 games he is credited with 255 assists, far above the mark of 205 set last year by Jimmy Dykes of Philadelphia.

Lutzke had 186 putouts, 13 more than Willie Kamm of Chicago, who played in six more games. Kamm had six less assists than Lutzke.

Cleveland batsmen drew 633 bases on balls, had 384 strikeouts and 55 runs, 57 more than Detroit, and 53 more than the champion Yankees, despite the latter's 105 home runs.

Charles Jamieson, the tribe's star left fielder, led the league in his getting 222, with Speaker second with 218.

Boxing Commission of New York Takes Action Lynch Case

NEW YORK, Jan. 23—The State Athletic Commission will be called on this week to take action in the case of Joe Lynch and the bantamweight title squabble. Also Goldstein, who is recognized by the Boxing Commission as the champion of the class, will demand through his manager, that Joe Lynch, recognized by the public as the world's champion, be forced into a meeting. Lynch is practically certain to draw suspension.

Joe Lynch, some months back, was ordered by the Boxing Commission to defend his title against Joe Burman. A few hours before the time stipulated for this meeting Lynch had the fortune, good or otherwise, to stumble over a pet dog and injure his shoulder. He declared he was unable to go through with the Burman engagement and Able Goldstein was rushed in as an eleventh-hour substitute. The New York boy sprang a big surprise by walking off with the decision.

Subsequently at a gathering ofistic champions and their managers, Joe Lynch was pledged through his manager, Eddie Meade, to go through with a match with Abe Goldstein and thus definitely settle the point as to who was the rightful owner of the bantam weight championship.

Eddie Meade, on behalf of Lynch, agreed to settle the issue with Goldstein, at the same time requesting that Joe be permitted to engage in two or three matches so as to test his injured arm and work himself into good shape before risking his laurels in a hard bout. The request, at the suggestion of official sport writers, who also were present at the meeting, was accepted by Williams McCormack, representing the State Athletic Commission.

BIG MOMENTS OF SPORT

While 15,000 persons, gathered in the new stadium of the West Side Tennis Club at Forest Hills last September, looked on with tense feelings and a trace of worry on their faces, the longest match ever played in the Davis Cup series was being fought out on the green stretch of turf known as the "championship" court. Richard Norris Williams '23 and William T. Tilden '24, of Philadelphia, carried America's colors, and James O. Anderson and John B. Hawkes represented Australia. It was the challenge round match of the international event.

On the first day of play the United States and Australia had broken even, Tilden defeating Hawkes and Anderson triumphing over Johnston in the singles. Mucun depended upon that doubles match, for if Australia won it was recognized that she had a fighting chance to take the historic cup overseas.

Williams and Tilden won the first set after 32 games, 17-16, due largely to Williams' magnificent play, with Tilden, playing the left court, hopelessly off stroke. Anderson and Hawkes returned to the attack, and with flawless team work squared the match by taking the second set at 13-11. In the third the Australians smashed the Americans at 6-2. After the rest period, however, Tilden returned to the court and fairly dazzled the gallery by his display of super-tennis, setting a pace that swept the Americans through the last two sets as 6-3, 6-2—a total of 81 games in the five sets, and the Davis Cup saved, for the next day, Tilden defeated Anderson and Johnson conquered Hawkes.

The great dirigible Shenandoah, photographed in her hangar at Lakehurst, N. J., after a wild ride on the crest of a 70-mile-an-hour gale. The nose of the ship was torn off, and a great rip made in her side. An inquiry will determine the cause of the accident.

HOOVER ON COMMITTEE TO EXAMINE ESSAYS BY HIGH SCHOOL PUPILS

TALLAHASSEE, Fla., Jan. 22.—The state department of public instruction has been advised by the American Chemical Society of the appointment of a national committee formed to act as judges in the society's prize essay contest in which every high school and secondary school student in the country is eligible to participate.

Headed by Herbert Hoover, the committee has among its membership many of the leading educators, business men and scientists of the country. The list includes Dr. Charles H. Mayo of Rochester, Minn., Alice Ames Winter, president of the General Federation of Women's clubs, Ida M. Tarbell, and Jane Adams, Dr. J. K. Angell, president of Yale University, United States Senator James W. Wadsworth, Jr., of New York, and others.

Six cash prizes are being offered to winners in each state and six scholarships to Yale or Vassar will be the awards in the national competition between the state winners. Each contestant may submit one essay not to exceed 2,500 words which must be confined to one of the following subjects: The Relation of Chemistry to Health

Don't spend what you gain by promised lower taxes yet. **AUTO RACING.**

COCOA, Fla., Jan. 22—The Brevard Automobile Racing Association has been organized by local business men for the purpose of fostering automobile racing and speed contests on the Cocoa beach and to push automobile racing in general. Horace Shares, local hotel man was elected president for this year; Charles Lansing, secretary and Gardner Ginsvass, local automobile dealer and race fan, will handle the finances.

The first act of the association was the signing of a contract with the manager of Six Haugdahl, the Norwegian speed king, for a speed exhibition to take place on the beach Jan. 21-26 in connection with the Indian River Orange Festival.

Major League Fans Miss Mathews' Play

NEW YORK, Jan. 21—Major league fandom has witnessed with regret the passing from American League ranks of "Sparkie" Mathews, outfielder sent by the Athletics to Milwaukee in a deal bringing Al Simmons to the Philadelphia club.

Mathews proved the most colorful player in Connie Mack's lineup last season. He became a sensation overnight, and his great fielding and timely hitting played a prominent part in the early and mid-season spurt which carried the Mackmen well up in the first division and, for a time, caused them to be considered as serious pennant contenders.

A penchant for playing to the crowd, and the resentment of his fellow-players over that custom, is said to have been chiefly responsible for his failure to continue his phenomenal work. Reported disagreements with Connie Mack, Philadelphia manager, also were said to have figured in conditions which, coupled with a falling off in Mathews' form, resulted in sending him to the minors.

MUNICIPAL GOLF COURSE

OKECHOBEE, Jan. 22—Plans are under way here to build a municipal golf course to be ready when the Conroy highway shall have been completed. The idea has been taken up by the city council, and H. A. Howard expressed his endorsement by offering a site for the course off lower Parrott avenue.

Winner of The Bok Peace Plan Prize Be Known Feb. 4

PHILADELPHIA, Jan. 21—The identity of the author of the winning plan of the American Peace award will be revealed at a luncheon in the Academy of Music, Philadelphia, on the night of Feb. 4. The Philadelphia Forum announced Sunday night. The winner will be on the stage to receive the \$50,000, which, under the conditions of the award created by Edward Bok is to be given to the author whose plan was selected by the jury of award.

Mr. Bok is one of the organizers of the Philadelphia Forum the award which is an amplification of the University Extension idea adapted to the modern conception of a forum, seeking to present a well-rounded program of civic interests.

The presentation of \$50,000 will be made by John W. Davis, former ambassador to Great Britain, a member of the policy committee of the American peace ward. According to the announcement, George W. Norris, president of the Philadelphia Forum, will present the award. E. Stone, councillor of the Associated Press and member of the policy committee, as chairman of the meeting.

Announcement will be made of the returns of the referendum now being taken on the winning plan, and there will be several addresses delivered.

Members of the policy committee and the jury of award will be presented by representatives of the ninety-odd organizations which form the co-operating council of the American peace award active in the referendum have been invited to attend.

The conditions governing the award provide for the payment of a second \$50,000 "if and when the plan passes the rebate or if and when the jury of award decides that an adequate degree of popular support has been demonstrated for it."

EVERT TRUE By CONDO

—AND THE SUBJECT IS PRACTICALLY INEXHAUSTIBLE, LIMITLESS. AND NOW, THIS BRINGS ME TO ANOTHER QUESTION—

THAT'S EXACTLY WHAT IT DOES! AND THE QUESTION IS, HOW MANY WORDS IS A "FEW"?

THE PLAN IN BRIEF

Proposed:

- That the United States shall immediately enter the Permanent Court of International Justice, under the conditions stated by Secretary Hughes and President Harding in February, 1922.
- That, without becoming a member of the League of Nations as at present constituted, the United States shall offer to extend its present co-operation with the League and participate in the work of the League as a body of mutual counsel under conditions which:

- Substitute moral force and public opinion for the military and economic force originally implied in Articles X and XVI.
- Safeguard the Monroe Doctrine.
- Accept the fact that the United States will assume no obligations under the Treaty of Versailles, except by Act of Congress.
- Propose that membership in the League should be open to all nations.
- Provide for the continuing development of international law.

WOUNDED!

and Disease, to the Enrichment of Life, to Agriculture and Forestry, to National Defense, to the Home, to the Development of Industries and Resources of Your State. The best essay on each of these six subjects in each state will be awarded \$20 in gold, and six best essays will be selected by the National Committee from among the state winners.

Writers of the winning essays will be awarded four year scholarships to Yale or Vassar, each scholarship to carry with it \$300 C. A. a year in cash in addition to tuition fees.

The contest is the result of a gift of Mr. and Mrs. Francis P. Garvan of New York, in memory of their daughter, Patricia.

Booklets describing the contest may be obtained from Alexander Williams, secretary, Munson Building, New York City, if it is desired.

Saved Sick Spells

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years

Naples, Texas.—"I have used Thedford's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well known farmer, residing out from here on Route 2.

"I have given it a thorough trial, small boy I had indigestion and was puny and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it.

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble, and after thirty years, can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds.

This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs.

Be sure to get the genuine, Thedford's.

Eminent Theological Professor Will Visit Tallahassee College

TALLAHASSEE, Jan. 22—Dr. Alexander C. Purdy, professor in the Hartford Theological Seminary, Hartford, Conn., an author of note, and a speaker of national reputation, will visit Florida State College, Feb. 5, 6, 7. One of his best known books is used by the Y. W. C. A. cabinet of the college of study.

When it was learned that the auditorium would be undergoing repairs and that no suitable place for his lectures could be found, the cabinet wrote Dr. Purdy, telling him of the difficulties here. His reply promptly, however, that he was willing to come anyway, and a little obstacle like the need of an auditorium would not deter him.

Dr. Purdy was one of the main speakers at the Y. W. C. A. conference at Blue Ridge (N. C.) last June. He is successful in his work with students, and since his trip to Florida State College has been arranged, three other southern colleges and universities have asked him to speak to their students.

Sometimes a girl thinks to be a little dear she must be a little bare.

H. C. HASTINGS CO., SEEDS, MEN, ATLANTA, GA.

HASTINGS SEEDS

Catalog Free!

This is the greatest and most accurate Seed Book ever published for the South.
