When this country entered the World War...

When this country entered the World War, it was a business man. His work in France as the American purchasing agent and in co-ordination of the supply service of the Allies and of ourselves was of extraordinary efficiency, his formulation of and putting into effect the budget system in the period following the war was a most notable achievement. He headed the international commission which bears his name, an accomplishment that in itself would have been glory enough for one man.

Brandenton Organizes 16 Cent Gas League

BRADENTON, Apr. 21.—Formation of a 16 cent gasoline league was decided upon Monday night at a late meeting of the board of trade. The league plans to purchase gasoline wholesale from independent refiners at 10 1/2 cents per gallon delivered, which will be retailed at 16 cents by stations, who pledged to do so. Membership fee in the league is 50 cents, which money will be used to build storage tanks to purchase delivery trucks. Gas is now selling at 26 cents.

TO THE FRINGED GENTIAN

Thou blossom bright with autumn dew, And colored with the heaven's own blue, That openest, when the quiet night succeeds the keen and frosty night, Thou comest not when violets lean O'er wandering brooks and springs unseemly. Or columbines, in purple dressed, Nod o'er the ground-bird's hidden nest. Thou waitest late, and comest alone, When woods are bare and birds are flown, And feds and shortening days portend The aged year is near his end. Then doth thy sweet and quiet eye Look through its fringes to the sky, Blue—blue—as if that sky let fall A flower from its cerulean wall. I would that thus, when I shall see This hour of death draw near to me, Hope, blossoming within my heart, May look to heaven as I depart. —William Cullen Bryant

How Holland Goes To War

Plucky little Holland again is smilingly undertaking another great task. At a cost of close to one hundred and fifty million dollars, its level-headed people will turn the Zuider Zee into a farming empire of more than a thousand square miles. Engineers have already started the work of constructing a dam nineteen miles long to shut out the sea. Then dykes and canals will be built, and the land reclaimed will be converted into farms and gardens and into sites for thrifty Dutch villages.

Many years ago the Zuider Zee was a small lake surrounded with islands, but more than a thousand years ago the sea broke through and changed it to a great sea with an average depth of twelve feet. The new dam, a unit of which is to be finished this year, and the last completed in 1934, will hold back the sea, and then the engineers will drain away the big expanse of water with a system of dykes and canals that will be wonderfully artistic along with their efficiency.

The reclaimed land, the promoters of the project feel sure, will be worth billions of dollars. The hundred and fifty millions provided for the reclamation work will be only a handful of pennies in comparison with the ultimate value of the property. But it took vision to figure it out, and courage to undertake so stupendous a task. While giving employment to great armies of workmen, Holland at the same time is giving them security and happiness. Her "army of conquest" is to bring back a thousand miles of new territory, but there will be no warfare, no bloodshed, no broken hearts as part of the price.

Surely this is the sort of history that should be emphasized in the schools. The Dutch "generals" who are leading their forces against the marauding sea are the ones whom people should love to honor.

And from the example set by little old Holland every other nation should be deriving encouragement to do more of the same sort of "conquest" work. Our own Florida thinks it is doing considerable, but there are still billions of dollars worth of tillable land in our marshes and our swamps that the expenditure of a few millions of dollars will bring into use.

Hollanders knowing of their own difficult engineering feats look upon Florida's reclamation work as child play. But it is all big and fine—all something to talk about and enthusiastically praise.

More About The Community Chest

Miami recently established a record a little different from other records she holds, when the entire quota of \$207,000 for the Community Chest was raised in the brief space of thirty-six hours. Colonels and majors of the various teams reported that everyone was only too glad to contribute his share to this fund for the general welfare of the community.

Walter S. Edmund, director for the American City Bureau which conducts community chest campaigns throughout the country, said: "It was simply miraculous. It was the finest expression of civic spirit and splendid team work I have ever seen. It was a revival of the old war spirit where seemingly impossible tasks were accomplished, and places Miami in a position by herself in her support of welfare and charity work."

But Mr. Edmund doesn't attempt to explain why the community chest movement went over with such a bang in Miami. He doesn't tell why everyone in Miami was so ready to lend his support and give his money to the community chest.

But we all know that the people of Miami are far too busy to be satisfied with the usual hit-or-miss systems of welfare work. The haven't time to be stopped a dozen times a day by first one solicitor and then another all urging funds for some worthy charity. They are building a city in Miami and they do everything in the quickest way possible.

So instead of contributing separately to this charity or that charity, thousands of which there are, all worthy, they have one drive and everyone willingly gives his check for a large enough amount to take care of all the charities for one year. Then he has done his duty. He can forget about it, to devote his time to the building of a city.

Sanford needs a community chest. Sanford hasn't time for any old-fashioned methods.

MY MOTHER used to say, "Every dog has his day," and without doubt Florida is beginning to have her day. Unless something happens, Florida, will, during the next few years, offer the greatest opportunities for money making ever known in America. On the other hand, those who have the true interests of Florida at heart will remember that it is righteousness and not realtors which truly make a nation. Real friends of Florida will endeavor to attract cultured, honest and thrifty people rather than merely rich men.—Roger W. Babson.

MY FAVORITE STORIES

BY IRVIN S. COBB

Our town—I mean the one where I was born—formerly abounded in characters—"types" they'd call them in a larger place. One of our local institutions 20 years ago was a black driver named Abe, but called Old Abe for short. Abe was popular with both races, good-natured, loud-mouthed and friendly. He had one social shortcoming, though. About once in so often he would slip out on a dark night and acquire something of value without the formality of sneaking to the owner about it. For awhile he escaped a penitentiary sentence.

But eventually he was caught with what the grand jury and the prosecuting attorney regarded as the goods, the said goods consisting of a stray calf. He was lodged in the Blue Jail to await trial. His cell was in the upper tier. On the Sunday afternoon following his incarceration his wife, accompanied by five or six of Abe's pickaninnies, came to pay him a visit. It was the first time she had seen him since his arrest.

On her way out she was halted by the deputy inder, whose name was Grady. "Dora," he said, "have you hired a lawyer for Abe yet?" "Naw, suh," she said, "effen Abe was guilty, right away I'd get him a lawyer. But he p'intedly tells me he ain't de leas' bit guilty. So, of co'se, dat hein' the case, he ain't needin' no lawyer to get him clear."

From the floor above, down the iron stairwell, came floating the voice of Abe. "Mr. Grady, oh Mr. Grady!—you tell 'at fool nigger 'oman down 'at to get a lawyer—an' git a d—n good one, too."

RESULTS OF PROPER ADVERTISING

ST. PETERSBURG TIMES

The Nashville Tennessean, one of the best papers in the South, recently called attention to some of the developments in Florida, as indicative of the value to any state of properly written and placed advertising.

All over the country favorable comment has been given to the constructive efforts being put forth by the various Chambers of Commerce through the media of the daily papers of the United States. The investigator has faith in the statements made by the chambers of commerce and reads advertisements prepared under their direction as authoritative.

But we know more about Florida today and the world knows more about it because the boosters of the state have been, and are spending their good money in placing that state's assets before a people with money to spend and a desire for what Florida has to offer. Miami is the wonder city of the state. The boost there has continued for four years and grows with the years. From a city of 30,000 it now is a city of 100,000 permanent population. The winter population is estimated at a quarter of a million. The entire East Coast section north and south of the Biscayne Bay metropolis is sprouting homes. Miami has a morning newspaper that publishes from 18 to 60 pages every week day and on Sunday the business justifies 130 pages. That is the newspaper's winter size. It holds up during the summer it will be the wonder of newspaper making.

St. Petersburg a year or two ago was a quiet, little West Coast resort where people of moderate means wintered. Today it is pushing Tampa for first place in population, at least during the winter. Recently the St. Petersburg Times published a special edition of 172 standard eight-column pages, which is pretty close to a record for talk.

Changes Needed In Traffic Regulations

General approval has been heard of the proposal now before the legislature of Florida to raise the speed limit of automobiles using the State's highways from 30 to 40 miles an hour. Recognition is therefore given the changed conditions which have come to pass since the first law was enacted several years ago. Since then the paved roads have been widened and since then the horses and mules have almost entirely disappeared from the public highways. One can drive scores of miles, perhaps all day long, and not see a horse-drawn vehicle here in Polk county and so it goes pretty much all over the State. Moreover, the average automobilist has learned the lesson of carefulness and safety first. At least this lesson has been drilled into the public by the newspapers day after day so that there is no excuse for careless or reckless driving and the old law ought now to be so amended as to take care of this class of people who in the face of full knowledge of what it means, persist in endangering their own and other people's lives.

Forty miles an hour is not an excessive speed on the State highways of Florida. That speed would enable travelers to make reasonable progress in traveling across the State or from town to town nor would they be subjected to the present damnable system of highway holdups that are as inexcusable as they are foolish and unwarranted. A forty mile limit would not put the road cop out of business but would simplify his procedure and make his occupation less objectionable in the public view. There would be fewer appeals against fines and assessments because any speed in excess of forty miles would readily be recognized as excessive.

Still another good feature in connection with the proposed amendments to the traffic regulations, is to fix definitely and positively the limit of speed within the municipalities of Florida, this speed being twenty-five miles an hour. That, too, is reasonable and would mean no objection on the part of the motoring public. It is the ten mile, twenty mile and fifteen mile an hour regulations that are disgusting and foolish, the situation being aggravated, as in the case of Plant City recently, by the slipping up of a speed cop who, in effect, holds a gun against the motorist's head and demands anywhere from \$10 to \$25, according to the humor the cop happens to be carrying around with him. An instance occurred on one of the main streets of Plant City only Wednesday when one of the job fillers slipped up behind a driver moving car, informed the driver that he had been going too fast and then waited for the comeback. The driver, being of a mild and obliging disposition, said he would not care to argue the point with the cop, expressing the belief that the quickest and best way out was to pay the assessment or tribute or tax, which he did at the identical speed he had been observing all through the city.

The reply of the cop was to the effect that because the prices of robbery or extortion was so perfectly gentle and painless, the amount of the assessment would be only \$10. He was told to take the ten dollar bill home to meet the grocery bill or buy a new hat for his wife. Imagine a law in Florida that permits a speed cop to fix the amount of the penalty, the levying depending apparently upon the amount of indignation or degree of resistance displayed by the victim. No wonder the people of Florida are demanding a revision of the present speed and traffic regulations. It all goes back to the substitution of the principal of regulation for protection.—Lakeland Star Telegram.

Wooden Indians and Others

Representative Eaton, of Alachua, qualifies as the star humorist of the Legislature to date. His bill to require cigar and to have dealers to place wooden Indians in front of their place of business is a delicate and delightful bit of irony that properly satirizes the present tendency to crazy and useless legislation evident in Tallahassee.

Mr. Eaton's proposed law is just as wise, just as sensible and far less harmful than the proposed tax of 10 per cent on cigars and tobacco and the other similar measures now pending before the Legislature.

Incidentally, it is useless direct attention to the uselessness of some of the procedure in the Legislature—the appointment of a committee on Indian Affairs, for instance.

However, The Tribune would respectfully suggest to the Representative from Alachua, an amendment to his bill.

Instead of a wooden Indian let the bill provide that each place of business which is made the object of special and unnecessary taxation—such as cigar stores, places of amusement, corporation offices, phosphate mines, etcetera—be designated, not by a wooden Indian, but by a figure of a wood-enheaded legislator, preferably the author of the bill which imposed the tax.

THE OLD GANG AGAIN

MACON TELEGRAPH

Liberals of the world have little to be cheered up over in the turn affairs have taken in France, particularly in the composition of the new French cabinet. The only bright prospect in the entire situation is the fact that the Painleve government cannot last for any length of time.

It represents the return to power of "the old gang"—the practical statesmen who have been on France's back for the past two generations and have contributed mightily to misery which is now hers. It is the return of reactionary thought, of the hypocritical politicians who beguiled her into believing that everything would be all right when the Germans paid up—the return to power of the men who projected her into the ruinous Ruhr and military policies that forced her, one of the major nations of the world, into a point of size, into the maintenance of the largest standing army in the world.

Painleve is a distinguished mathematician and scientist who has risen to the speakership of the Chamber through personal popularity and admiration for his mental qualities, but in those qualities are not included initiative and liberalism. He refused to consider the Premier's position during the present crisis because he frankly and wisely said that "a more radical man" was needed. In the seven times premier, the man whom the elements that have allowed

THE LOVABLE MUTT

NEW YORK HERALD TRIBUNE

Elsewhere on this page is a letter pleading for the rights of the city's homeless dogs, especially the unpedigreed, un pedigreed, affectionately known by those who have loved and lost him as the "mutt."

Unlike the thoroughbred, he does not turn up in the "Lost and Found" columns of the newspapers, because his value is known only to his owner and is not at all evident to the casual observer. Everybody, however, recognizes the potential friendship of the wandering mongrel by his pathetic attempts to attach himself to the passerby. He simply must have some one to adore, and he is ready to give his devotion to any one who seems to understand his need. But unfortunately those who are touched by his ingratiating appeal can seldom rescue him from the streets and give him a home. So, when he is lost he is usually lost for good, and eventually he gathers him in, only to snuff out his little life unless he is claimed within a day or two. That does not give his owners much time to conduct a search for him, as many of them know to their sorrow.

They do better than this in London. The letter related to London and starting...

DAN DOBBS SAYS: Some people's faces look like they have been slept in. The news from Washington says that official blond is passing, but doesn't mean none of our girls will be lightheaded. The Prince of Wales was given a warm reception in Africa, by the people as well as by the weather. News from London says that official blond is passing, but doesn't mean none of our girls will be lightheaded. In Louisville, Ky., some man so tough he stole a baseball team's pipe's overcoat. In Chicago, a professor says that hours sleep is enough, but his guess is he had better wake up. With Henry Ford making airplanes, it will be overhauled to keep a good man down. Perhaps Babe Ruth, the baseball player, fainted in a Pullman washroom because he found soap there. And, if the farmer's all by Henry Ford's airplanes, a using wax melons will become very common. A New Yorker bet three cars he could get married in 24 hours, this being a sign of things in New York. Even if scientists meeting in Baltimore do say men are made of glue we say some don't stick well. Vacations are expensive these days even costs ten cents to mail a postal card now. You just can't please some men. In Chicago one got a divorce because he hugged her too fast.

Miss Opal Johnson Is Bride Of Paul Walker

Monday afternoon at 3 o'clock, Miss Opal Johnson of Savannah, Ga., and Paul Walker of Willoughby, O., were quietly married in the Presbyterian Manse, Dr. E. D. Brown performing the ceremony in the presence of a few friends.

The bride was attended by Miss Lorraine Philips and the groom was attended by his brother Edward Walker.

The bride was lovely in an ensemble suit of rosewood crepe, hat and accessories were of blonde.

Both Mr. and Mrs. Walker have been winter residents of Sanford for many seasons. Mr. Walker is the local manager of the Orange Belt Bus Lin. They have many friends in Sanford who wish them every happiness.

Immediately after the ceremony they left for a wedding trip which will include both Savannah, Ga., and Willoughby, O.

Mrs. Knight Hostess At Bridge Luncheon

Mrs. George W. Knight charmingly entertained Monday at the Country Club with a bridge luncheon.

Quantities of pink radiance roses and gladioli were combined with fern for the beautiful decorations. The material was banked with fern and gladioli.

The long table was centered by a tall graceful silver basket of roses and ferns. The place cards were of spring flower designs in the chosen colors of pink and white.

After the splendid luncheon bridge was enjoyed. H. L. L. Thrasher for making the score, was awarded a taffeta pillow and Mrs. C. E. Henry was presented a powder puff for cut prize.

Those present were, Mrs. Knight, Mrs. George A. DeCottes, Mrs. George D. Bishop, Mrs. D. L. Thrasher, Mrs. C. E. Henry, Mrs. Harry T. Bodwell, Mrs. Howard Hulick, Mrs. W. T. Langley, Mrs. R. J. Holly, Mrs. F. J. Gonzalez and Mrs. Frank Miller.

Delightful Meeting of Pipe Organ Club Held

The Pipe Organ Club met Monday afternoon at the home of Mrs. W. A. Zachary on West First Street, with Mrs. Zachary and Mrs. C. H. Pearce as hostesses. The spacious rooms were decorated with bowls and baskets of spring flowers.

Mrs. A. M. Philips presided at the business meeting and the roll call was answered with humorous quotations. The president appointed committees for the May Day Musical to be held in two weeks. Mrs. Forrest Gatchel gave a review of the book "The Near East" in a most interesting manner.

During the social hour the members enjoyed a group of songs by Mrs. R. L. Glenn and several readings by Miss Elsie Fowler. The hostesses, assisted by Mrs. R. F. Cooper, served a delicious ice course.

Hendry County Has 149 Farms, All Being Operated By Whites

WASHINGTON, Apr. 21.—The following statement gives some of the results of the 1925 farm census for Hendry county, Fla. The figures are preliminary and subject to correction. Comparative figures for 1920 are not given for this county because the county is a new one, organized since that time. This census, which covered the crops of 1924, with an inventory of farm property for January 1, 1925, was taken by a force of enumerators employed to make a canvass of all farms in the county.

On January 1, 1925 the number of farms in the county was 149, all operated by white farmers, and all but twelve by owners. Tenants tilled the others.

Land in farms in the county totalled 29,674 acres, and crop land harvested was 1,253 acres. The value of farms, including land and buildings, was \$887,015.

Domestic animals reported on the farms was 158 horses, 31 mules, 11,935 cattle, 1,970 swine.

For 1924 selected crops showed the following: Corn, acre harvested 175, quantity harvested (bu.) 2,475; oranges, trees not of bearing age 17,326; trees of bearing age, 16,419; grapefruit, trees not of bearing age 1,600; trees of bearing age 6,919; lemons, trees not of bearing age 277; trees of bearing age, 420.

LAKELAND TEAM BEATS LOCALS IN TWELFTH FRAME

Tallenders Manage To Get Out Of "Goose Egg" Column When Cartermen Lose Their Steadiness

A free pass to first, a stolen base, an error and a hit were the contributing causes of Sanford's defeat by a score of 6 to 4 in the twelfth inning of Monday's game, which took two hours and 50 minutes to play. In spite of the fact that they made 16 hits off Luther, the Cartermen were unable to bunch them save in the first, fourth and their half of the twelfth for a total of only four runs.

Snowden's wildness gave the visitors a chance to forge ahead in the second and third after Sanford had obtained a two run lead in the first, and Jackson, the new twelfth from the Little Rock team was sent to the box in the beginning of the fourth. Sanford evened the score in the fourth. In his nine innings, Jackson allowed seven hits and five free passes, but none of these led to a run until the twelfth when Welch walked; Dunman bunted safe, sending Welch to second and he stole third; Spreitzer hit high fly to center, but the quick throw of Kinsey held Welch on third; Doyle was safe on an error at third, which also gave Welch and Dunman chance to score. Doyle went to second and Bryant hit for two bases scoring Doyle, giving the visitors a lead of three runs.

In their half of the twelfth the Cartermen were able to put over one run, making the final score 6 to 4.

The Celery-Feds started their scoring in the first, when Curley hit a hot one to pitcher. He was forced out at second by Dean and on bad throw to first in attempt at double play Dean went to second; Walzak was safe on error at short; Dean going to third; Thompson hit through third scoring Dean; Bailey hit to center scoring Walzak; Carter out on foul Kinsey hit safe to short; Frisbie retired the side by fly to right. Sanford scored one more in the fourth when Frisbie scored on a hit by Curley.

HIGHLANDERS AND LOCALS TO END SERIES HERE WEDNESDAY THEN DEPART FOR LAKELAND

(By M. R. SHEPPARD)

The Lakeland Highlanders and the Celery-Feds will play their second game of the series on home grounds this afternoon. The series here will end with the game on Wednesday and then the two teams will go to Lakeland for three games, playing in Highlander territory through Saturday.

The Lakeland Highlanders won their first game of the season here yesterday afternoon, seemingly as a free-will offering on the part of the Cartermen. From the fourth to the twelfth inning when it was getting too dark to play, the two teams played like Alphonse and Gaston, "You take it" being their slogan.

The Cartermen got 16 hits off Luther, and the Highlanders made nine errors behind him, and yet the visitors were allowed to win.

Snowden was wild in the first three innings, allowing three passes and five hits. Jackson, the new pitcher obtained from the Little Rock team did not prove much steeper than Snowden, allowing five passes in the nine innings he pitched.

League Leaders, Win Fifth Consecutive Game, Pounding Two Smoker Pitchers For Total Of Thirteen Hits

ST. PETERSBURG, Apr. 21.—The St. Petersburg Saints won their fifth consecutive game here Monday by pounding two Tampa hurlers, Overstreet and Fisher, for 13 hits and 12 runs while the Smokers were making eight tallies on their 14 safeties. Seven errors by Tampa contributed much to the Saint victory.

CLEVELAND COPS 15 INNING GAME FROM COBBMEN

Johnson Loses Control And Forces In Winning Tally in Fifteenth; Browns Fall Before Chicago White Sox

DETROIT, Apr. 21.—Cleveland won a 15 inning baseball game here today 5 to 4, through a home run by Burns in the third inning, driving in Stephenson ahead of him, and the good pitching of Carr, who relieved Evis in the seventh. Detroit failed to hit effectively, although Manager Cobb roused all his reserve forces into the game, making his own first appearance of the season in the seventh inning, when he luffed for Holloway.

Johnson pulled himself out of a hole in the ninth, when with the bases full, he forced Welch to hit to the infield for an easy out, pitcher to first.

If time consumed in a ball game meant value, the fans got their money's worth yesterday. It was a slow game from the first and with extra innings added, the total time consumed was two hours and 50 minutes, according to the watch of official scorer Felix Frank.

HARTNETT POLES OUT SIXTH HOMER BUT TEAM LOSES

Cards Make Clean Sweep of Cub Series; Leo Meadows Hurls in Great Form And Pittsburg Beats Cincinnati

CHICAGO, Apr. 21.—Allan Sathoron let Chicago down with four hits Monday and defeated the Cubs, 2 to 1, making it a clean sweep of the series. Chicago's lone run was the result of Hartnett's four bagger, his sixth of the season. Hornsby and champion batter of the league, also cracked out a home run, his first of the year.

Duval Captures High School Track Meet At Gainesville On Saturday

GAINESVILLE, Fla., Apr. 21.—While a host of entries were dividing first places, Duval High school of Jacksonville consistently won seconds and thirds, and had little trouble winning the eleventh annual interscholastic track and field meet concluded on Murphree field, University of Florida, here this afternoon. The Tiger athletes totaled 36 1/2 points, while Ocala came second with 21, Gainesville, victors of the state in 1924, trailed third with 18.

Thirteen records were smashed in today's finals, six in the championship class, and seven in the novice. Newcomb of Ocala set a new mark of 16.3 seconds in the 120-yard high hurdles—a fellow team-mate, Knight of Ocala, lowered the 220 yard hurdle figure to 27.8 seconds and Gainesville smashed her own sprint medal record, established a new mark at 2:15.7.

Three field records were planted—Dinkins of Dunellon setting 45 feet, 10 3/4 inches in the shot put; Bryan of Fort Lauderdale clearing the bar at 11 feet, 4 1/2 inches

in the pole vault, and Mc-Kinstry of Gainesville hurling the javelin 146 feet, 3 inches.

Knight of Ocala was high man of the day with 13 points. Whiddon of Quince, twice novice hero of the state track meet with 10 points. Bryan of Dunellon tallied 9.

In the novice class, Ft. Meade swept the field easily, annexing points: Chester Thrig with 10 points was individual star; crowd attended the event, though two events were held in heavy downpour, the track was exceptionally fast, and a great day spirit characterized the annual classic.

Duval high won the state meet in 1921.

Following is the order in which the teams finished today:

Duval 36 1/2 points; Ocala 21 points; Gainesville 18; Quincy 11; Miami 11; Lakeland 11; Fort Lauderdale 10; Vero 5 1/2; Dunellon 5; Winter Park 5; St. Cloud 5; Petersburg 2; Orlando 1.

Stop That Backache!
Many Sanford Folks Have Found The Way.

Is a dull, nerve-racking headache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; and it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills - a stimulant diuretic to the kidneys. Your neighbors recommend Doan's. Read what this Sanford resident says:

Mrs. S. C. Burrier, 515 Myrtle Avenue says: "There was a continual, dull, heavy ache in the small of my back, which nearly had me past going and I was in misery all the time. I had pains in the back of my head and I believe the trouble was caused by a severe cold settling on my kidneys. A neighbor advised me to try Doan's Pills and after using them, I was cured."
