

Police Sting Nets Alleged Crooked Cop

By Deane Jordan
Herald Staff Writer

A Sanford police officer apparently caught in a sting operation set up by the fellow officers has been charged with petty theft.

Alvin Bernard McGill, 27, of 1107 E. 8th St., was served with a summons today to appear in county court on the misdemeanor charge.

According to court records, on Feb. 27 at 12:30 a.m., McGill was dispatched to the parking lot of the Foxfire Restaurant, 3221 S. U.S. Highway 17-92, Sanford, on a call concerning a lost wallet.

In fact, the wallet was not lost and had been

placed in the phone booth by Sanford Sgt. William Hasson, according to court records.

The police set up the integrity test because several citizens had accused McGill of stealing money from them.

Hasson and a Seminole County sheriff's deputy set up a stake out across the street from the restaurant. The woman who met McGill to report the found wallet was an employee of the sheriff's department and carried a hidden tape recorder, records show.

According to records, the wallet had \$20 in it, serial numbers recorded, when the officer picked

it up. It did not have any money in it when it was turned in to the police department.

When confronted at 3 p.m. the same day, McGill denied taking the money and told Hasson it was Hasson's word against his records show.

McGill was then suspended with pay, said Sanford Police spokesman Keith Wright.

McGill had no comment today on the matter and said only that he would be represented by counsel. He joined the force March 7, 1983.

According to Sanford Police Department records, McGill was suspended twice in 1984, once without pay and once with pay, both during the

year Butler sought to dismiss McGill from the force.

On July 27, McGill was suspended with pay after reportedly aiming a handgun July 11 at Barry Washington, 24, of 1200 W. 8th St., Sanford.

The incident reportedly occurred at a convenience store at 1201 S. Park Ave.

McGill was reported to have also verbally threatened to kill Washington during the confrontation. Witnesses said McGill aimed his 380-caliber gun at Washington's head. He was

United Way Leaving Sanford For Longwood

By Jane Casselberry
Herald Staff Writer

United Way of Seminole County will move its headquarters from a rent-free office hidden away on the fifth floor of the Atlantic Bank Building in Sanford to a more visible \$700 a month location on U.S. Highway 17-92 in Longwood.

The move is scheduled to take place April 1.

Larry Strickler, chairman of the United Way executive committee, said Thursday the United Way has a three-year lease on the new office located in the new Lake Center at 900 U.S. Highway 17-92. The lease provides for an automatic extension for a second three years. Although the monthly rent is \$700, he said the owner and builder, Bob Shoemaker, will donate a portion of the rent.

The amount is confidential, but it is "substantial," said executive director Bob Walko.

After the donation, "that works out to what you would have to pay per square foot for just warehouse space," Strickler said. "Being in the new location will bring in three or four times more in additional contributions than it will cost."

"We think it is a good investment or we wouldn't be moving. To stay would mean it would take a much longer time to reach the \$1 million mark."

Strickler said the board made the decision because the United Way has outgrown the existing facilities and they have looked long and hard for a year in an effort to find another free office with more visibility and central location to help it continue to grow.

Seminole County United Way President Dave Joswick said the old office space is congested and the workers feel

Pat Foster of the Greater Sanford Chamber of Commerce Beautification Committee helps unload a truckload of azaleas early this morning for the chamber's annual azalea sale which runs through Saturday at the Sanford Civic Center. Hours are 8 a.m. to 6 p.m. In addition to azaleas there are roses, holly and caladium bulbs for sale.

Lake Mary Vote 3-2

7-Eleven In Over Protests Of Residents

By Rick Brunson
Herald Staff Writer

America may "thank heaven for 7-Eleven" but many Lake Mary residents weren't thanking their city commission today for voting to allow another convenience store in the city.

Over the emotional protests of some city residents, the Lake Mary City Commission voted 3 to 2 Thursday to allow the construction of a 7-Eleven on the northeast corner of Lake Mary Boulevard and Country Club Road. It will be the third convenience store within 1,000 feet of the intersection.

The approval came after the store's developer and owner, the Southland Corp., resolved turn lane and other entrance and exit problems and after a passionate crusade was mounted against it. Opponents gathered about 400 signatures on a petition against the store.

But city building inspector Stan Welling told the commission the project was in compliance with city regulations and because of that, Commissioners Harry Terry and Russell Megonegal said they had no choice but grant approval.

Rich Hall, Southland's construction coordinator for the project, said the corporation took great pains to plan the 2,600-square-foot store so it would be compatible with Lake Mary's rural atmosphere. The store is to be brick with a wood shingle roof line and gas pump canopy, Hall said. He added the company has gone "to great lengths" to save as many trees on the wooded lot as possible.

But that wasn't enough for the residents who spoke against the store, calling it a traffic and safety hazard on Lake Mary's busiest intersection. The store will bring about 50 cars per hour to the intersection, according to Commissioner Colin Keogh.

Alan Whichman, of 277 Sunrise Point, said "if the Southland Corp. really cared about Lake Mary" it would not put the store there at all.

"Let's get back to the wooded area and forget about a 7-Eleven," Whichman said.

Arthur "Buz" Petros, a member of

"Why not instead of being 'the city of lakes' become 'the city of convenience stores'?"

-Lake Mary Commissioner Colin Keogh

the Lake Mary planning and zoning commission, was applauded by members of the audience after he chided the commission for sounding favorable to allowing the store's construction. He said the store would make the intersection, which is near Lake Mary Elementary School, unsafe for children and would not enhance the community.

Petros also noted that the commission ignored the P & Z board's original recommendation not to approve the store's construction. In December the board voted 5 to 0 to recommend to the commission that the project be denied. The city commission later voted 3 to 2 to approve Southland's preliminary plan. After that the P & Z board followed suit and approved the store 3 to 2.

"I even tried to find a rare squirrel" on the property to stop the project, Petros said.

But Lake Mary Parent-Teacher Association President Felicia Sperti, feeling approval was imminent, urged the standing room only crowd of about 70 to become more involved in city affairs and work to change its ordinances. Mrs. Sperti has opposed the 7-Eleven because she said the chain is one of the nation's largest sellers of pornography.

Terry said Southland had "bent over backwards" to satisfy the commission's demands and Megonegal added that because the project was in line with city ordinances the commission had to approve it or face a lawsuit.

"We are restricted to the law just as they are restricted to the law and due process," Megonegal said.

Abortion Scam Duped 2,400 Women

NEW YORK (UPI) — At least 2,400 women last year were duped by a husband-and-wife doctor team into believing they were pregnant and were charged \$150 for a fake abortion, authorities say.

Dr. Judith Cameau-Samuel, 34, and her husband, Dr. Maxen Samuel, 36, of Freeport, N.Y., were arrested and charged Wednesday. Authorities closed their abortion clinic, the Brooklyn Gynecological Center.

Brooklyn District Attorney Elizabeth Holtzman announced the arrests Thursday and said the husband and wife were charged with four counts of attempted assault in the second degree, one count of scheming to defraud in the

first degree and two counts of petty larceny.

Holtzman said she would seek bail of \$500,000 each for the two physicians, both of whom came to the United States from Haiti and hold New York State physician's licenses.

She said the investigation indicated at least 10 women a day underwent phony abortions in the past year at the Brooklyn clinic. About 2,400 women would have received abortions if an average of 10 women visited the facility every business day last year.

"Two brave women" broke up the abortion scam, Holtzman said.

The doctors told one of the women

she was pregnant, but she became suspicious and visited her family doctor. The doctor conducted proper tests and found she was not pregnant.

The woman brought her cousin who was sterilized three years ago to the clinic. She was also told she was pregnant, Holtzman said.

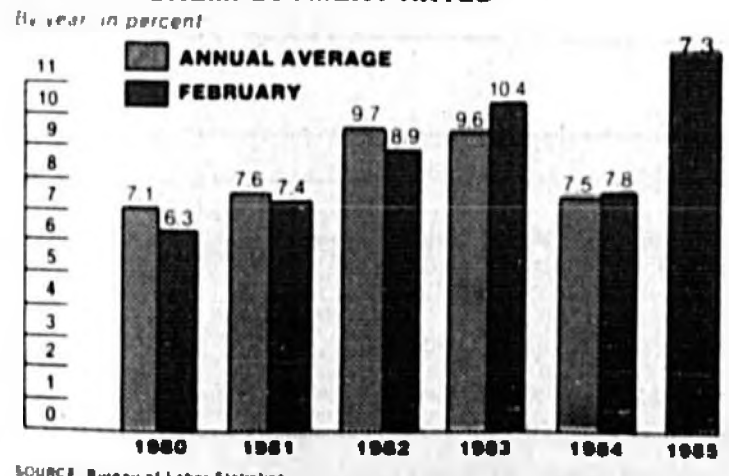

Patients at the clinic were given urine tests and told they were pregnant. Others received physical exams.

For the fake abortion, the women were given general anesthetics although no medical history was known about them, she said.

Each woman was charged \$150, authorities said.

U.S. unemployment rates

ANNUAL AVERAGE AND FEBRUARY CIVILIAN UNEMPLOYMENT RATES

Unemployment Rate Shows Little Movement

WASHINGTON (UPI) — The nation's unemployment rate improved slightly to 7.3 percent in February, as women and teenagers found more jobs in the service industries, the Labor Department said today.

But factory workers and blacks received severe jolts as joblessness for them got worse.

The January jobless rate was 7.4 percent.

The picture in Florida was better than that of the nation as a whole. In January, the last month for which local figures are available, the state jobless rate stood at 6.2 percent, 5.7 percent

in the Central Florida area.

Of the 115.1 million people in the national work force in February, 8.4 million were looking for jobs, the department said.

The nation's jobless rate has moved very little for the past 10 months, dropping to a low of 7.1 percent in November and averaging 7.4 percent for that period.

The February unemployment rate for black workers shot up to 16.3 percent from January's 14.9 percent.

But overall there were 300,000 more jobs in February, most of them for women and teenagers

and most of them in retailing, insurance, real estate and finance.

Of all adult women, 50.8 percent had paying jobs in February, a proportion that now routinely sets new record highs almost every month.

The unemployment rate for women slipped to 6.7 percent from 6.8 percent while that for men stayed at 6.3 percent.

The jobless rate for teenagers dropped by a half percentage point to 18.4 percent.

The figures also revealed that the number of long-term unem-

ployed is increasing. There were 2.4 million workers out of a job for 15 weeks or more in February, an increase of 175,000.

This has special significance this month because more than 300,000 people face a cutoff of their government jobless benefits at month's end if Congress does not act.

A special benefit program instituted during the depths of the 1981-1982 recession expires that adds an extra 13 weeks of jobless pay to whatever else is available. This special supplemental compensation is received by 320,400 people.

Altamonte Teen Killed In I-4 Crash

Charges are pending against the Altamonte Springs driver of a car involved in a single vehicle crash Wednesday that killed a Lyman High School senior who was thrown from the car on Interstate 4, six miles west of Kissimmee.

Susan M. St. Hart, 17, of 866 Darwin Drive, Altamonte Springs, died shortly after the 10:31 p.m. crash. She was thrown from the car when it hit a road sign and split in two, even though she was wearing a seatbelt. Florida

Highway Patrol duty officer Peggy Harsey said.

She was pronounced dead at Orlando Regional Medical Center, Orlando, about 30 minutes after the crash, Mrs. Harsey said.

Miss St. Hart was a passenger in a eastbound 1982 Datsun that was being driven at a high speed by Glenn Michael Stover, 20, of the same address, Mrs. Harsey said.

See TEEN, page 3A

Despite Vasectomy, 6 Babies On Way

KITTERY, Maine (UPI) — A woman whose husband was told a vasectomy would take 10 weeks to become effective is expecting sextuplets — to which she says, "I guess it took him a little longer."

Dick Perham had a vasectomy in late September, his wife Kim said Thursday, and though he didn't go back to the doctor for a

test, the couple abstained the suggested 10 weeks.

The Kittery couple has twin sons. The expected arrival of four daughters and two more sons will bring the family to eight children — all under age 3.

She has been told there are only three sets of sextuplets in the world, and the chances of all of hers surviving are 50-50.

NATION

IN BRIEF

Controversial Heart Patient Given Little Chance Of Survival

TUCSON, Ariz. (UPI) — An auto mechanic who endured two heart transplants in two days — and lived for 11 hours in between on an artificial heart invented by a Chinese dentist — has less than a 1-in-4 chance of surviving, doctors said.

Thomas Creighton, 33, was lying in a "reduced state of consciousness" and was listed in critical and guarded condition at the University of Arizona Medical Center early today.

A team of surgeons implanted the air-driven device as an emergency measure to keep Creighton alive after his body rejected his first human heart transplant and before doctors found a second donor.

The Food and Drug Administration said Thursday it will take no punitive action against the doctors for using the heart without government approval — until they review the circumstances surrounding the implant of an experimental blood pump.

"We're not planning ... to send the Marines in to arrest them," FDA spokesman William Grigg said.

'The Dream Is Still Alive'

MONTGOMERY, Ala. (UPI) — About 3,000 marchers chanting anti-Reagan slogans finished a re-enactment of the bloody 1965 Selma-to-Montgomery march led by the late Martin Luther King Jr. by vowing "the dream is still alive."

Southern Christian Leadership Conference President Joseph Lowery, addressing a march-ending rally Thursday at Alabama's Capitol, called for a "moral offensive" against oppression and denounced President Reagan as "a Hollywood cowboy."

Lowery, former presidential candidate Jesse Jackson and King's widow, Coretta Scott King, led the final leg of the march, which 20 years ago sparked a violent confrontation with police called out by Gov. George Wallace.

Wallace declined an invitation to attend Thursday's rally, but met afterwards with march leaders.

Drink More, Tolerate More

WASHINGTON (UPI) — The more alcoholics drink, the more liquor they can tolerate. The reason for this, researchers say, may be a vitamin B1 deficiency caused by alcohol itself.

Alcohol consumption is known to deplete the body of vitamin B1, or thiamine, the team wrote in the journal *Science*. Long-term vitamin B1 deficiency can cause brain damage in alcoholics.

"If the deficiency allows them to drink more alcohol, then you would expect it to lead to more alcohol consumption, more thiamine deficiency, more brain damage and so on," said Peter Martin, chief author of the report.

Martin cautioned that downing extra B1 before a binge will do little good, since alcohol by itself can damage the brain. He suggested "moderation."

Preview Of Things To Come

WASHINGTON (UPI) — A 48-minute meeting between President Reagan and a member of the Soviet Politburo gave the superpowers a frank preview of the formidable challenge awaiting them when new arms talks open four days from today.

The sharp differences that divide Washington and Moscow were bared Thursday as Reagan and Vladimir Shcherbitsky, the second high-ranking Soviet official to visit him as president, held wide-ranging talks in the Oval Office.

The meeting, described by the White House as "a lively give and take" and by Shcherbitsky as "interesting, frank and useful," came as Reagan prepared to dispatch his arms negotiators to Geneva, Switzerland, for talks that open Tuesday.

Reagan Defied ... Again; Social Security In Limbo

WASHINGTON (UPI) — The Republican-led Senate Budget Committee, repeatedly defying President Reagan on his major domestic spending cuts, has fallen behind his chairman's goal of slashing the federal deficit without new taxes.

The committee closed out its work for the week Thursday night, having voted time and again for Democratic plans that would save programs Reagan insists must be cut or eliminated.

But while it passed plans to preserve items such as Amtrak, student loans, the Job Corps, the Legal Services Corp., and the School Lunch Program, the committee became fragmented and took no action on one of the hottest political issues it faces — Social Security.

Cost of living adjustments for the nation's 36.5 million Social Security recipients is one of the few domestic items Reagan has said should not be touched. However, Republican Sen. Pete Domenici of New Mexico, chairman of the panel, has argued that a one-year freeze on the payment is an essential part of his overall effort to cut at least \$50 billion off the more than \$200 billion federal deficit.

In several votes on the issue, the committee rejected three proposals — one that would have frozen the payments, one that would have kept adjustments the way they are and one that would have struck a middle ground. There were no clear-cut partisan divisions.

Domenici said he thought the freeze idea had more support than he first anticipated and suggested that several members might switch sides when the issue comes up again next week.

However, in response to that logjam, Domenici

'What we are really seeing is the unravelling of any serious effort to balance the budget. Even now, even with this enormous consensus in the country to balance the budget, we're not going to do it.'

—Sen. William Armstrong, R-Colo.

also refused to have the committee vote on cost of living freezes for any other federal pensions, saying that issue would also be dealt with next week.

By the end of the night, committee aides said the panel was running more than \$18 billion behind Domenici's deficit-cutting goal, despite having approved more defense cuts than he wanted earlier this week.

In other action Thursday, the panel unanimously agreed to a freeze in the Medicare program, voting 20-0 for a Democratic proposal that would not require recipients to pay any more money but holds constant payments to doctors and hospitals.

It also refused to approve Reagan's suggested increased costs for mortgage loans for veterans.

"What we are really seeing is the unravelling of any serious effort to balance the budget," said Sen. William Armstrong, R-Colo. "Even now, even with this enormous consensus in the country to balance the budget, we're not going to do it."

Woman Beaten After Reneging On Sex Deal

A 27-year-old Sanford woman "claims she was pistol whipped after she backed out of a deal to give 'sexual favors' to a man who had paid her \$10.

Connie Elyvonne Floyd, 27, of 1981 Sipes Ave., told Seminole County sheriff's deputy T. Clayton Jr. that she went to the Magnificent Seven Rooming House on 18th Street in Sanford to pick up some money from a man.

While there at about 3:30 a.m. today she met a male boarder who offered her \$10 for sexual favors, a sheriff's report said. Ms. Floyd accepted the money and agreed to the deal, but then backed down, the report said.

The man got upset, hit her in the head with his gun and took his money back, the report said.

Clayton reported Ms. Floyd had a small cut over her right eye and a strong odor of alcohol about her.

Sheriff's spokesman John Spolski said deputies are investigating the incident, adding that charges may be filed against both parties. Ms. Floyd was given a referral notice, which means she has 10 days to decide if she will press charges against her alleged attacker.

Depending on the outcome of the investigation, prostitution charges might be filed against Ms. Floyd, Spolski said.

RAPE SUSPECT NABBED

Sanford police captured a Sanford man wanted in an Orange County rape shortly after the Wednesday attack. The sus-

Action Reports

pect has been charged with sexual battery and is being held without bond in the Orange County jail.

Sanford police officer W.A. Combs reported hearing a police radio bulletin describing a suspect and his car at 11:20 p.m. At 11:40 p.m., Combs said he spotted the car turning onto Lake Mary Boulevard from U.S. Highway 17-92, Sanford, and stopped the driver.

The man said he had no driver's license and was detained by Combs until two Orange County deputies arrived at the scene with the victim and two witnesses who reportedly identified him as the rapist, a report said.

Orange County sheriff's spokesman Joyce Drazen said the rape occurred at 11:10 p.m. in a topless club on the South Orange Blossom Trail in Orange County where the victim is a dancer.

The victim had agreed to dance privately at the club for the man. He pulled a knife and raped her when they were alone together in a private area of the club, Ms. Drazen said.

Lemuel Eudell, 31, of Route 2, Box 155, has been charged in

the case. He was initially booked into the Seminole County jail and then transferred to the Orange County jail.

ORANGE DRUG BUST

A Forest City man was charged with trafficking in 220 pounds of marijuana along with two Canadians after Orange County drug agents reportedly watched them make a drug deal.

The three were arrested around 10:30 p.m. Tuesday in the parking lot of a Lee Road restaurant north of Orlando, Orlando Metropolitan Bureau of Investigation Sgt. John Tegg said.

The trio initially met inside the restaurant and one of the Canadians went from there to a car in the parking lot where agents reported seeing him open the car's trunk which contained six bales of marijuana.

The man returned to the restaurant and agents reported hearing him say the bales were okay and he told his partner to pay \$50,000 to the Altamonte Springs man, Tegg said.

After the money was handed over the three walked outside, the agents moved in and arrested them. The marijuana and \$61,000 were seized by lawmen.

The arrests came after a five-week sheriff's investigation into sales of large amounts so pot being brought to Orange County and sent to Canada, Tegg said.

Agents were tipped off to the Wednesday sale by an informant, Tegg said, and he added "We think we've curtailed this operation, but other arrests will be made."

The pot, with a street value of about \$90,000 was shipped from Columbia and stored in a home southwest of Orlando, agents reported.

James Alan Jewett, 26, of 1325 McNeil Road, Forest City, was charged along with Graziano DeStefano, 32, and Glen Alan Reid, 30, of Niagara Falls, Ontario. Jewett was being held in lieu of \$50,000 bond and the Canadians were being held in lieu of \$100,000 bond each.

SECURITY CHECK?

A man who reportedly entered Flea World around 6 p.m. Wednesday after telling a security guard he wanted to check two booths may have made off with

Clinic Bombing Trial Delayed

PANAMA CITY (UPI) — Just four days before the trial of two couples accused of bombing abortion clinics was to begin, a federal judge decided to delay it a month so the defendants' mental competency can be evaluated.

U.S. District Judge Roger Vinson rescheduled for April 15 the trial that was set to begin Monday, saying both sides need time to arrange tests by psychiatrists for Matthew Goldsby, Kaye Wiggins, James Simmons and Kathy Simmons.

All four face federal conspiracy and explosives charges in three Christmas morning blasts that damaged three Pensacola clinics within 20 minutes. The two men, who told federal agents they acted because of a "call from God," are also accused of a bombing six months earlier. All have pleaded innocent.

Vinson, in addition to ordering the continuance Thursday, also delayed a decision on a motion to dismiss the indictments based on a technicality, and said he would schedule a hearing within two weeks on a motion to lift a gag order.

about \$1,000 worth of power tools.

Guard Michael Kovach reported to Seminole County sheriff's deputies that he let the man into the closed business and the man spent about 30 minutes there.

As the man was driving away, he stopped and told Kovach he was an investigator for the Seminole County Sheriff's Department, showed a badge and said he had checked security at the business, located on U.S. Highway 17-92 south of Sanford, and it was not satisfactory.

Kovach told deputies he saw several power tools in the back seat of the man's car. The man left and Kovach checked the area. He reported finding the doors to two booths that contained power tools pried open, the report said.

Deputies ran a check on the license number of the car the man was driving and have the name of a suspect.

DUI ARRESTS

The following persons have been arrested in Seminole County on a charge of driving under the influence.

—James Bryson Walker Jr., 43, of Orlando, was arrested at 4:20 p.m. Wednesday after his car was involved in an accident on Interstate 4, Altamonte Springs. He was also charged with careless driving.

—Steven Eric Anderson, 21, of 3308 Balsam Drive, Winter Park, at 1:10 a.m. Thursday after his car ran a red light and drove onto the median of U.S. Highway 17-92, Longwood.

—Thomas W. O'Brien, 29, of 106 Mulberry Ave., Sanford, at 10:28 p.m. Wednesday after his car was clocked traveling 67 mph in a 45 mph zone on state Road 46, Sanford, and failed to maintain a single lane. He was also charged with speeding.

—Craig Thomas Libby, 21, of 107 1/2 Garrison Drive, Sanford, was arrested at 2:28 a.m. Wednesday following a high-speed chase by a sheriff's deputy who clocked him traveling at speeds of 120 mph from Interstate 4 to 25th Street near Airport Boulevard in Sanford. He was stopped at a road block and was also charged with reckless driving and fleeing and attempting to elude an officer.

County, School Board, Oviedo All Eyeing Lawton Tract

Developing a strategy to acquire 10 acres of prime property next to Lawton Elementary School in Oviedo will be a joint venture of the Seminole County Commission, School Board and the City of Oviedo.

The three entities agreed to form a committee to look into ways of obtaining the property, which could be useful to all three, at the annual county-school board get-together Wednesday at the Seminole County Agricultural Auditorium.

The committee is to consist of three members, representatives from the school board, the county commission and the city of Oviedo. Two of the three committee members are Commissioner Barbara Christensen and board member Pat Telson, both of whom represent the Oviedo area in their respective positions. A third committee member from the Oviedo City Council has not been named.

The property, owned by the family of the late T.W. Lawton, is an orange grove bounded to the north by Broadway Street and to the west by South Lake Jessup Avenue. There is also a house on the site.

The school board wants three to five acres of the tract for playground space for Lawton school. The school's playground area was used up last year when the school was expanded, according to Benny Arnold,

Seminole schools' assistant superintendent for facilities and transportation. He said the land would also be used for future expansion and remodeling since the school — with a population of 761 in a building with a capacity of 760 — is sure to keep growing.

Commission Chairman Robert Sturm said the county is interested in the land as a site for its proposed branch library and he said Oviedo officials were looking to build a new city hall there.

But Jane Dees, chairman of the Oviedo City Council, who was not at the meeting, was skeptical, saying Oviedo doesn't have the money to build a city hall and that the county has a history of not following through on commitments to the city.

"The city of Oviedo building a city hall is a fantasy — almost like building a library," Mrs. Dees said, adding that the county has been promising to build a branch library in Oviedo for years.

But she said the council would appoint a member to the joint committee if the commission and school board are "real serious" about the proposal.

Commissioner Bill Kirchhoff, who suggested creation of the committee, said a real estate agent retained by the county was quoted a price of \$500,000 on the land when the county was looking for library sites. Arnold

said that would be too much money for the school board but it would be happy to be part of a joint effort to acquire the property.

Sturm said the committee is expected to meet within the next 90 days to discuss strategy for purchasing the land.

T.W. Lawton Jr., one of the three heirs of the Lawton estate which includes the 10 acres, reached at his Orlando home, said the estate is still tied up in court and the family would not consider selling the property until the matter is settled, which is expected to be sometime this month.

AREA DEATHS

LILLIE BELL BAKER

Mrs. Lillie Bell Baker, 78, of 5348 Carter Road, Lake Mary, died Thursday. Born in Sandersville, Ga., she moved to Lake Mary from Sanford in 1982. She was a homemaker and a member of the Morning Glory Missionary Baptist Church, Sanford.

Survivors include a daughter, Mrs. Frankie M. Glover, Lake Mary; three sons, Freddie, Charlie Jr., Willie Fred, all of Sanford; three sisters, Mrs. Annie L. Miller, Sanford, Mrs. Julia Pelot, Rincon, Ga., Mrs. Annie L. Moore, Hightstown, N.J.; brother, Cordy Lewis, Rincon; nine grandchildren; 11 great-grandchildren.

Lawson Funeral Home, Winter Park, is in charge of arrangements.

SUSAN ST. HEART

Miss Susan M. St. Heart, 17, of 866 Darwin Drive, Altamonte Springs, died Wednesday as the result of an auto accident in Ocala County. Born Sept. 26, 1967 in Bangor, Maine, she was

a seven-year resident of the area, coming from Rome, N.Y. She was a senior at Lyman High School where she was a member of the Keyettes, the Year Book Staff, the swim team, and was a member of the Church of Jesus Christ of Latter-day Saints.

She is survived by her father, Edward St. Heart, Bangor; mother, Pamela Shofkom, Altamonte Springs; stepfather, Robert Shofkom, Altamonte Springs; brother, Sean St. Heart, Bangor; paternal grandmother, Esther St. Heart, Bangor; maternal grandparents, Roger Pomroy, Bangor, and Virginia Benoit, Rockledge.

Oaklawn Memorial Park, Lake Mary, is in charge of arrangements.

DAVID S. WITKIND

Mr. David Saul Witkind, 80, of 697 Royal Palm Drive, Canoeberry, died Wednesday at Florida Hospital-Orlando. Born July 19, 1905 in Massachusetts, he moved to Canoeberry from Randolph, Mass. in 1974. He was a retired U.S. government

meat inspector and a member of the Congregation of Liberal Judaism. He was a Mason and a member of the Retired Federal Employees Association and the Jewish Community Center.

Survivors include a wife, Hilda; two daughters, Mrs. Ellen Kookish, Norwood, Mass., Mrs. Louise Franklin, Maitland; four grandchildren.

Beth Shalom-Goldstein Memorial Chapel, Orlando, is in charge of arrangements.

suspended pending an investigation which resulted in no disciplinary action. McGill denied aiming the gun at Washington but admitted he threatened to kill Washington if he bothered him in the future.

Washington had previously been arrested by McGill and McGill said he had many run-ins with the him. Washington said he did nothing to provoke the alleged incident.

The state attorney's office on Aug. 6 said there was insufficient evidence to prosecute a charge against McGill of aggravated assault or reckless display of a weapon.

McGill was in uniform at the time of the alleged incident but was not wearing a gun belt, according to records. The weapon, according to records, was an extra one the officer carried with him.

Sanford City Manager Warren "Pete" Knowles, also on Aug. 6, declined to discipline McGill in the alleged July incident stating there wasn't "sufficient cause." He added that the witnesses against McGill were in the back of the store with the doors closed when the alleged incident occurred.

Ironically, the following month, September, McGill was recommended by Butler and a department lieutenant for a merit pay increase. The recommendation said McGill had "no major weak points." A section of the recommendation form to record whether an officer received any disciplinary action, such as a suspension, was left blank. McGill got a merit pay increase in September from \$15,814 annually to \$16,818 and a second increase Oct. 1 to \$17,659.

McGill's other suspension stemmed from a June 10 car accident which, according to records, he could have avoided. The report of the incident which occurred at 1:45 a.m. at 16th St. and Oleander Ave., said \$3,500 worth of damage was done to his patrol car. For the incident, McGill was suspended one day without pay.

A third incident pertaining to McGill, according to Sanford Police Department records, involves an alleged confrontation with a car passenger Oct. 21.

Sanford Police Department records show that McGill and his girlfriend were traveling north on U.S. Highway 17-92 near Lake Mary Boulevard when the passenger in the car ahead of them reportedly started to say something to them while mak-

ing obscene gestures.

According to the report, McGill accelerated his car and pulled along side the car ahead. Then the passenger told him not to drive close to the back of the car he was riding in. The incident escalated with more exchanges of words ending with both cars pulling into the Sanford Plaza parking lot at 17-92 and State Street.

McGill said that when he got out of the car the other car took off at a high speed. He got back in his car and followed the car into the parking lot of Jewel T Discount Grocery store, 2701 U.S. Highway 17-92, where he said he cornered the vehicle.

Accounts of what happened afterward differ.

McGill, according to records, said he identified himself as a police officer — he was not in uniform according to comments made by witnesses — and placed his hands on the passenger door of the vehicle. He said the man, Louis Perry, 19, of 630 S. Grand, Longwood, got out of the vehicle after stating it made no difference to him that McGill was an officer and grabbed him.

Perry could not be reached for comment.

McGill states he then tried to arrest Perry and put handcuffs on him. He said he resisted and in the process broke McGill's glasses. Perry repeatedly broke free and was not handcuffed, according to reports.

Perry states McGill challenged him to a fight, ripped his shirt, and that he wasn't trying to fight but only get away from McGill.

The police were called, according to the records though no resolution of the incident is reported in the records.

Of the October incident, McGill wrote to Butler:

"Chief, I've tried like hell to do as you wanted me to do on and off the job."

He said he controlled his temper until the vehicle came at his car.

"It's no way I'm going to allow two jerks to do this an not know why they did it. I tried," he wrote.

McGill also has been cited for good police work, according to records.

McGill was an officer for the city of Eatonville before joining the Sanford police department.

Eatonville Police Chief Phillip Harmon said Thursday the city is being sued in connection with an incident involving McGill, but said he could not give details.

The suit could not be confirmed. Eatonville's mayor and city manager were repeatedly not available for comment and the city's attorney repeatedly refused to discuss whether such a suit had been filed.

Pass The Tootsie

Members of the Knights of Columbus, Council 5357 — from left, Charles Mell, Bill Burns, Colin Sayers, Alfred Marion, and Walter Siracuse — swap Tootsie Rolls in preparation for the KofC Tootsie Roll sale which will be held today and Saturday to benefit handicapped children.

Gas Tax Shortage Puts Resurfacing On Hold

The "desperately needed" resurfacing of Sanford's W. First Street from U.S. Highway 17-92 west to the S.O. Chase railroad overpass has been delayed by the state Department of Transportation because of a shortfall in gasoline tax revenues.

Seminole County Public Works Director Larry Sellers said declining gas prices and the increasing use of economy cars has resulted in falling gasoline consumption and the resulting decrease in gasoline taxes.

Sellers said the state projected revenues from gasoline taxes on the premise that the cost per gallon would go up over a time while usage would remain constant or go up. Instead prices are going down and consumption has fallen too, meaning less revenues from this source to the state and fewer road projects.

The resurfacing of the section of W. First Street (state Road 46) from 17-92 to the railroad overpass, which had been scheduled for the 1985-86 fiscal year, has been delayed by the DOT until 1987-88, Sellers

said. "Resurfacing of this section of roadway is desperately needed because the road is settling and cracking. That project is going to be missed over that two-year period," Sellers said.

He added, however, two other projects on 46 are on schedule. The most important — the widening and resurfacing of the west-bound lane from the Chase Bridge, 2,000 feet west to Kennel Road — is expected to begin construction in the next few months, he said.

County Commissioner Bill Kirchhoff said the widening is crucial for safety reasons. "If a wheel of a large truck drops off the side of the pavement, its driver has a hard time maintaining control," Kirchhoff said.

Another section of SR 46, the portion called 25th Street in Sanford, is scheduled for resurfacing from 17-92 to Mellonville Avenue during fiscal '85-86, which begins Oct. 1, Sellers said.

President Jack Horner said SR 46 is becoming increasingly necessary to Sanford. He said many people moving into the Sanford area sold their homes in Altamonte Springs and Fern Park because of the hopelessly snarled traffic there.

He said residents of Sanford Landing and those who move into the new Pierpoint Apartments and the industries on Airport Boulevard are looking and will continue to look toward SR 46 as a very important highway.

Meanwhile, Sellers said that even though the DOT has deemed major construction to revamp the Red Bug Lake Road intersection with state Road 436 too costly, multi-laning of SR 436 from Oxford Road to Red Bug Lake is still on schedule for 1987-88 with right-of-way acquisition in 1986-87.

The modernization of the Interstate 4 interchange at Lake Mary Boulevard, to be built with federal money, is still scheduled for construction in 1987-88, Sellers said.

isolated on the fifth floor. "We have a lot of trepidation going from free to pay-for though," he added.

The present office space has been provided free of charge by the bank for almost 25 years or almost as long as the charitable organization has been in existence, according to George Touhy of Sanford, who was organizing president.

United Fund was incorporated here in December 1957 and the goal for the 1957-58 campaign was \$35,000 with \$24,800 being

actually raised for the four or five participating agencies. The goal for the 1984 drive was \$500,000 to fund 25 agencies.

"You can't sit on what you were in history, you have to keep on the move," Touhy said Thursday. "Our operating expenses up and our service outreach has been multiplied many times."

Touhy, now serving as president emeritus, said "My Scottish instinct was to resist starting to pay for something United Way is getting for free, but I was overwhelmed by the rest of the board. Bob Walko said he had been unable to find anyone willing to furnish office space

that is centrally located and visible rent-free. Consequently we're having to pay through the nose."

"We so greatly appreciate the bank's generosity to United Way over the years," Walko said. "Without that we could not have grown."

"If the new more central location works out as expected we should exceed \$500,000 and even though paying rent we will still keep operating expenses at 8-10 percent," Touhy said.

"I feel it's a good move from a practical standpoint, but from a sentimental point of view I'm sorry to see it moved from

Sanford," he said. "A while back I resisted any attempt to move things toward Orlando from the county seat, but now with the population area where it is we should realize we are a Seminole County United Way and that's where we should be."

"We want the people of Sanford to know we are not deserting Sanford as such, but we will be in a location where we can better serve and be accessible to the entire county," said Walko. "I have mixed emotions. I've enjoyed working in Sanford and it is a delightful place, but I'm excited about our new office."

WEATHER

AREA FORECAST: Today mostly sunny and continued windy. High near 80. East wind 15 to 20 mph. A wind advisory continues in effect on area lakes. Tonight and Saturday fair with little temperature change. Low near 60 to mid 60s. High lower 80s. Wind tonight and Saturday east 10 mph.

BOATING FORECAST: St. Augustine to Jupiter Inlet out 50 miles — Small craft advisory in effect. Wind east 20 knots decreasing to 10 to 15 knots by tonight and then continuing Saturday. Sea 5 to 8 feet decreasing to 3 to 5 feet by tonight.

Heavy northeast swells occasionally breaking across inlets. A few showers.

AREA READINGS (9 a.m.): temperature: 68; overnight low: 59; Thursday's high: 75; barometric pressure: 30.38; relative humidity: 81 percent; winds: northeast at 9 mph; sunrise: 6:43 a.m., sunset 8:30 p.m.

SATURDAY TIDES: Daytona Beach: high, 9:48 a.m., 10:13 p.m.; low, 3:18 a.m., 3:38 p.m.; Port Canaveral: high, 9:40 a.m., 10:05 p.m.; low, 3:09 a.m., 3:29 p.m.

Amtrak Equipment On Display

Amtrak is bringing its special Auto Train passenger equipment here this weekend for its first public display in Orlando.

It will be open to the general public from 10 a.m. to 4 p.m. Saturday at the Orlando Amtrak station, 1400 Sligh Blvd.

The display follows the recent announcement by Amtrak of a major fare promotion for its Auto Train service, which now operates daily between Sanford

and Lorton, Va., near Washington, D.C.

Auto Train equipment on display will include a P-30 locomotive, full-length dome-lounge car, buffet food service, table car (in which movies are shown), an 11-bedroom sleeper, Amfleet II coach and an auto carrier.

There will be Amtrak balloons and railway engineer hats for children. Door prizes will be awarded.

Hodel's Aid To Quails ...

Interior Secretary Donald Hodel starts out on a high note with his decision to go ahead and purchase a 21,000-acre ranch in Arizona for a federal wildlife refuge for the endangered masked bobwhite quail.

The quails of Arizona have become nearly extinct because of the conversion of much of the state's grassland to cattle grazing over the past century. But that process can be reversed with the \$9 million purchase of the Buenos Aires Ranch, which includes grazing rights on another 90,000 acres of state-owned land.

Conservationists were suspicious of Mr. Hodel when he replaced William C. Clark at Interior in January. Mr. Hodel, who served as Energy Secretary during President Reagan's first term, was thought by some to be committed to more quietly implementing the resource developmental policies of the controversial former Interior Secretary James Watt.

In addition, some Arizonans have labeled the land purchase a "bird-doggle," although it should be noted that the federal government could have purchased the Buenos Aires Ranch for \$2 million less if Mr. Watt had not halted the land sale in 1981.

Mr. Hodel wisely has said it is not his "place to come in and intercept" the congressionally approved purchase. Even at a time when reducing the budget deficit is a major priority, the federal government should not end its commitment to saving endangered species. That all started with Theodore Roosevelt's efforts to save the Florida pelican. Since then, such nearly extinct species as the bald eagle, California condor, whooping crane, sandhill crane, grizzly bear and peregrine falcon all have been given a new lease on life.

Saving the masked bobwhite quail is not a "bird-doggle" but another small victory for America's wildlife.

Teaching Principals

Should principals teach? The idea has merit from several viewpoints. It would give principals a better understanding of the problems teachers and students face and it would reaffirm that teaching is the most important job in our school districts.

Requiring an administrator to pull duty in the classroom could be equated with reminding a Pentagon general that combat, not deskwork, is the principal business of the military by requiring him to qualify once a year with a rifle. Besides, it's good for the morale of the troops to see a general out on the firing line with everyone else.

The idea of having public school principals teach was broached a few days ago by George Thoms, a principal of a junior-senior high school in Falls Church, Va. Thoms, testifying before a Commission on the Teaching Profession, noted that many headmasters of private schools continue to teach.

"The headmasters prize their teaching," Mr. Thoms said.

We suspect that many principals would like to get back to the front lines now and then to keep their basic skills sharp. Unfortunately, as Mr. Thoms also noted, most principals simply don't have the time to also be teachers.

Linda Darling-Hammond, a senior social scientist for the Rand Corp. in Washington, D.C., says that it is critically important that beginning teachers receive support from an experienced colleague.

The best teachers and administrators typically are the most overworked, daily spending extra hours at home to make certain that things go smoothly in the classroom or office. Some way must be found to reward such outstanding people by giving them what they want most: More time to do the most important part of their jobs.

BERRY'S WORLD

DONALD LAMBRO

Student Aid Goes Far Astray

WASHINGTON — The recent disclosure that an estimated 13,000 students from families with incomes of more than \$100,000 a year are taking advantage of federally guaranteed, low-interest loans suggests that something has gone terribly wrong with the student-aid program.

It originally was intended to assist academically eligible students who could not otherwise afford to go to college. However, over the years, the program's myriad forms of assistance have been liberally expanded to permit virtually anyone to dip into the federal trough.

An investigation into the government's guaranteed student loans, grants, subsidized jobs and direct loans led the Office of Management and Budget to call them "a shotgun approach that has indiscriminately sprayed assistance at students, regardless of income, for almost any conceivable type of education."

Since 1969, student aid has risen by almost 1,300 percent — surging from \$1.2 billion in 1969 to \$11.8 billion in 1981. Today, all federal aid to post-secondary students, including state and institutional matching aid in campus-based programs, comes to more than \$13.3 billion a year.

As the Department of Education's latest disclosures show, much of this aid is going to upper-income families. Twenty-five percent of all college freshmen getting assistance have family incomes in the top 50 percent.

At one time, student loans and Pell grants were designed to help academically eligible students go on to college. Now even a high-school diploma is unnecessary to be eligible for assistance.

The General Accounting Office has uncovered massive abuses in which aid has been going to

many students who have received failing or near-failing grades.

Sixty-three percent of the privately owned schools that GAO surveyed were dispensing federal aid even though they failed to meet minimum admission standards.

Rampant abuses also have been found among students who claim they are financially independent of their parents, and thus eligible for large awards, when they really aren't.

Obviously, the chief aim of the administration's proposed cuts and aid caps is to reduce the deficit. However, they also seek to shift available federal aid toward deserving low-income students and away from the middle and upper classes, who have many more financial options open to them than a poor bright kid from the South Bronx.

WILLIAM RUSHER

Throwing Away An Ace?

WASHINGTON (NEA) — The Washington Post is now giving our venerable New York Times a very good run for its money, as the most fatuously liberal daily newspaper currently being published in the United States.

I was in Washington the other day and happened to pick up a copy of the Post. The lead editorial was entitled "Throwing Away an Ace," and it turned out to be about President Reagan's request for funds to update our deteriorating stock of chemical-warfare weapons.

As you might expect, the Post is against giving him the funds.

The editorial first states, quite correctly, the argument of proponents that "to deter the Soviets' use of their considerable stores of chemical warfare weapons, the Americans must have a credible capability to retaliate in kind." The editors are all ready for that one: "The familiar and still-good response is that deterrents can be maintained by other means: by the old stuff still in the American stockpile." Just in case anybody inspects that idea too carefully, the Post has a fallback position: "If the Pentagon is right that the stockpile has deteriorated, deterrents can be maintained 'by anti-chemical-warfare measures and by threats to use other types of weapons.'"

But what "anti-chemical-warfare measures" and what "other types of weapons"? Liberals have steadfastly resisted any sort of civil defense measures (such as gas masks) as futile in the light of modern technology.

Anyway, the Post goes on, American resumption of production of chemical-warfare weapons would "convulse Europe," and "drive up the wall the people" — i.e. the Europeans — "in whose behalf the problem is chiefly justified." Yet the program nearly got through Congress in 1983 and I don't recall any anticipatory convulsions or wall-climbing in Europe.

So the Post rolls out its final argument: Since Moscow is strongly suspected of using chemical and even biological warfare in Afghanistan and (through proxies) in Southeast Asia and Iraq, Mr. Reagan's request for resumed production of chemical weapons "amounts to throwing away an ace." Get it? The "ace" consists of not having the weapons, but having instead a strong argument against Russia because she does have them.

It is dizzying to think where such logic leads. If we destroyed our stock of (say) nuclear weapons, we'd have a whole "handful" of such "aces."

JACK ANDERSON

Reagan Fond Of Secrecy Stamp

WASHINGTON — The Reagan administration is using the rubber stamp of secrecy with reckless disregard for the American public's right to know.

I've sounded this theme before, but this time I'm going to let you in on a little secret about many of these classified documents: Quite frankly, they are often classified not so much for what is in them, as for what isn't.

Take, for example, a Central Intelligence Agency report I saw — classified higher than "Top Secret" — on "Unidentified Research and Development Facility No. 3." This confessed that all the CIA's satellites and all the CIA's men hadn't been able to solve the puzzle of a building located at a Soviet nuclear test site. Its purpose remained unknown for nearly a decade, even though it had been under construction for almost that long.

The same is true of several top-secret CIA briefings for President Reagan on Soviet leaders — they must have been classified to hide our ignorance.

The CIA had no idea whether Yuri Andropov had a wife and, if he did, whether she was his first or second. Her presence at his funeral finally enabled the CIA's dogged agents to solve this puzzle. Konstantin Chernenko's wife was also kind enough to show up for the same event, settling another intelligence gap.

Hiding the limitations of U.S. intelligence may be justifiable at the "Top Secret" level, but there is no excuse at the lower "Secret" level. If the Soviets snatched a secret document and found out the CIA hadn't learned about an "X" missile system, or the peccadillos of a "Y" Politburo member or the coat of a new "Z" agricultural plan, they would reckon the information was simply held under tighter security.

So ignorance classified at the "Secret" level is more likely intended to protect the intelligence analysts who wrote the report and don't want to advertise their lack of special insight.

My associates Donald Goldberg and Dale Van Atta have come across

a classic example of this in a 1982 Air Force study. Commissioned by former Air Force Chief of Staff Gen. Lew Allen, the study — called "Air Force 2000" — apparently was supposed to determine "the operational environment which will confront the Air Force at the turn of the century."

The executive summary my associates obtained is classified "Secret-No Forth-WNINTEL." By legal definition, "Secret" means that the disclosure of this document would cause "serious" damage to our national security. "No Forth" is short for "No Foreign Dissemination," meaning the document may not be shared with a foreign country, not even those such as Great Britain with whom we routinely share intelligence.

"WNINTEL" stands for "Warning Notice: Sensitive Intelligence Sources and Methods Involved." All that classified embroidery points to the idea that this is one hot document. So my associates dutifully compared the secret version against the public one to

find out just what the classification stamp was used for.

Their conclusion is that the secret document is simply crystal-ball gazing and has no business being classified, other than to hide the absence of omniscience evidenced by the Air Force's top planners.

Out of the total of 94 paragraphs in the secret report, only seven were classified. Even these seven secret paragraphs contained nothing particularly sensitive — for instance, the notion that "The U.S. and U.S.S.R. will remain ideologically and politically opposed," or the prediction that "the perception of warfare as a legitimate means of settling international disputes will gain greater acceptance."

Page 5 of this secret summary features a chart, separately classified "Secret," of 11 "possible" nations which will join the six-nation "nuclear club" by the year 2000. Never mind that I reported these 11 publicly three years before the Air Force report — in 1979.

OUR READERS WRITE

Veteran Asks Why

Will you please tell me why this Administration is clearly stacking the deck against the Disabled Veteran?

What have the 30 million veterans done to make this Administration so ready to propose the Federal taxation of all VA benefits? I must let you know that I object of these proposals being voted on in March that would freeze all service-connected and non-service-connected compensation, also pension benefits at current levels.

Do you have any idea how many sick and disabled veterans will be turned away from VA Hospitals if the Strict Means Test is passed? What more does a veteran have to do for his country than be willing to die for it? I was one of those millions willing to do so. Would you be willing to look me in the face, eye to eye and tell me that freezing the entire VA Budget at current levels could help me? The veterans were the ones who fought to keep this country strong and many were left disabled doing it.

Federal taxation of VA Disability Compensation amounts to nothing more than a permanent reduction in our benefits. Furthermore how long would it take state and local government entities to follow suit?

I object to the recommended stingy 10 percent increase in the GI Bill, when we have not had an increase since 1977 and now the Congressional Budget Office has stated they need a 30 percent increase just to catch up. The President could help the veterans so much by not making one trip to the West Coast and turn the billion dollar savings over to the VA Budget. Think of it! One less trip

and a billion dollars saved! One billion dollars would help to improve a lot of VA Hospitals.

It just isn't right to be telling the Vietnam veteran how much this country owes them for what they did and then have a 5 percent users fee proposed in the VA's Home Loan Guaranty. Most of these veterans are just getting ready to use this benefit.

I am asking you to help support the VA Budget and do what you can to get the rest of our senators to help keep these bad proposals from being passed. We are the forgotten warriors who were there when our country needed us. I cannot see the servicemen we have today becoming forgotten warriors too! The young men in service today are very aware of how the older veterans are being treated and I don't think they would be so willing to die for this country if they knew this country doesn't care what they are doing for it. For God's sake this country cannot lose any more wars!

We will not be forgotten much longer if the VA Budget cuts are passed! There hasn't been a march on Washington since 1930 of the size there will be if the budget cuts that are proposed right now are passed!

Thirty million veterans at one time in front of the White House would tend to cause some what of a problem! Wouldn't it?

I can only ask you to give us all the support you can in this very important matter and to urge others to do the same.

Irving J. Leary
Chairman, Legislation Chapter 30
16th Dist. DAV - Sanford

SCIENCE WORLD

Ever Tougher Plastics

NEW YORK (UPI) — Plastics are doing more than ever. Polymer fibers stop bullets, support sails, and lift cargo. Ever tougher and stronger, these synthetic materials are challenging steel, aluminum and other materials.

Much of the bullet-resistant clothing worn today is woven from a super-strong, lightweight fiber derived from nylon. The fiber developed by E. I. du Pont de Nemours and Co., Wilmington, Del., is tough enough to absorb and dissipate the energy of a bullet, but a vest of this material weighs only a few pounds.

Like all polymers, the fibers consist of long, molecular chains of repeating units of carbon, oxygen, hydrogen and other substances. Depending on the composition and arrangement of these molecules, polymers are soft, pliable plastics or tough, stiff fibers.

Pound for pound, du Pont's fiber, known as Kevlar, is five times as strong as steel. "And we have a theoretical strength that says we've got to be able to improve that strength by 50 percent," said Corrin Corbin, du Pont business manager.

Allied Corp., Morristown, N.J., recently introduced another polymer fiber that's even stronger. The fiber, Spectra 900, is light enough to float but is ten times as strong as steel, said James J. Dunbar, general manager.

"It's the technology that's the key," said Dunbar. The properties depend on producing the polymer, polyethylene, in very long, straight, tightly packed chains. Polymers tend to be amorphous, a disordered array of carbon and hydrogen chains. "Typically, the chains fold amongst themselves like cooked spaghetti," said Dunbar.

By spinning out the chains in a gel, then using a solvent to get rid of the gel, Allied scientists said they can keep the molecules from getting tangled.

The resulting molecular chains are rigid and lined up like a package of uncooked spaghetti, said Dunbar. Because the molecules are so straight, their linkages approach the ideal strength of the carbon-carbon bonds — bonds that make diamonds hard and graphite strong.

The market for these fibers is expanding, according to Allied and Du Pont. Allied expects Spectra 900 will one day be used to tether space stations and oil rigs and to replace damaged or diseased body parts.

And within 50 years, some predict that research will have endowed these fibers with a range of properties that will enable them to takeover half the jobs done today by metals.

SPORTS

Evening Herald, Sanford, Fl. Friday, March 8, 1985-5A

Will Riggins Help 'Gades? That Is A Stupid Question

By Sam Cook
Herald Sports Editor

Charles Riggins has never been easy to overlook. Maybe it's his 6-4, 255-pound frame that has something to do with it. Apparently, Lewis "Bugsy" Engelberg, vice-president and general manager of the Orlando Renegades, felt the same way.

Engelberg, who has known Riggins since his college days at Bethune-Cookman College, acquired the 26-year-old Sanford resident Wednesday to shore up his porous defensive line.

Engelberg said Riggins will dress out and more than likely see some action Saturday night when the 'Gades host the Birmingham Stallions at Orlando Stadium. Kickoff is 8 p.m.

Engelberg, who makes his living with a telephone in each ear and four others stuffed in his pockets, didn't have too much time to elaborate on Charles' role

Football

with the Renegades.

Any telephone time with Mr. Engelberg is usually brief. So, after I cleared telephone waivers, I was granted a short audience with the dynamic little gentleman who hopes to build the 'Gades into a contender without a bushel load of Don Disney's money.

"Bugsy, do you think Riggins can help you?" I asked.

"Now, that's a stupid bleeping question," was Bugsy's terse reply. "I didn't bring him in here for recreation. Yeah, he can help. He's gotten bigger and stronger."

Now that I had broken the ice, I offered, "Will he play Saturday night?"

"I don't know. He's on the roster. He'll be dressed out,"

said Bugsy. "Goodbye."

No wasted sentences there. Well, we know two things — Charles Riggins has not been forgotten and he will pull on the Orlando uniform Saturday. How much time will he get? That depends on how much trouble the 'Gades' defensive line has with Joe Cribbs.

Look for Charles about the end of the first quarter at either defensive end or defensive tackle. He prefers end. That's where he became a second-team Black All-America at Bethune-Cookman College. He led the Wildcats in sacks with 21 in 1980 and also played in the Sharidan All-Star Game when he graduated in 1981.

A few years earlier, however, was when Riggins made his name for Seminole High and coach Jerry Posey's unbeaten 1976 Fighting Seminoles. Yes, that was the team which had

Charles Riggins makes his Renegade debut Saturday at Orlando Stadium against the Birmingham Stallions.

two forfeit a couple of games for an ineligible third stringer. But it didn't forfeit any talent.

Posey said the Riggins transformation from player to star came about during his junior and senior years. "We didn't see much of him that summer," recalls Posey. "We were having the mile run that fall and I said, 'Where did that

Lake Mary Invite Has Huge Field

By Chris Flater
Herald Sports Writer

The biggest field ever to compete in a track meet at Lake Mary High will be on hand Friday night for the 1985 Lake Mary Invitational.

The meet gets underway at 4:30 p.m. with the field events followed by running preliminaries at 5:30 p.m. and finals at 7:30 p.m. Admission is \$2 for adults and \$1 for students.

Among the boys teams that will be on hand include Seminole County entries Lake Mary, Lake Brantley, Lyman and Oviedo. Also attending will be Apopka, featuring defending double state champion (100 and 220 dashes) Sammie Smith, Orlando Evans, Winter Park, Mainland, New Smyrna Beach, Spruce Creek, DeLand, Kissimmee Osceola, Mount Dora, Haines City and Orange Park.

Girls teams who will be on hand include Seminole County entries Seminole, Lake Mary, Lake Brantley, Lyman and Oviedo. Defending 4A State champion Evans will also be there along with Apopka, Mainland, New Smyrna Beach, Spruce Creek, DeLand, Mount Dora, Titusville Astronaut, Titusville High, Bartow, Haines City, Kissimmee Osceola and Orange Park.

"We've never had a meet this big," Lake Mary boys coach Mark McGee said. "We've usually kept it down to 8 or 10 teams in the past. We've got a good cross section of teams and a lot of talent. There should be some really good races."

One of the feature races in the

Track/Field

girls meet will be the 440 yard dash where five of the athletes competing have gone under 60.0 this season. Expected to battle for the top spot in that race are Lake Mary's Fran "Flash" Gordon and Evans' Angela Curry.

Gordon, a senior, was second in the state (4A) a year ago in the 440 and has a personal time of 56.8 which she ran in the state meet. Curry, also a senior, was the state champion in the 220 and hasn't competed in the 440 a whole lot but she has run a 57.1.

"Fran (Gordon) is all excited about running against Curry," Lake Mary girls coach Mike Gibson said. "She thinks she can take Curry. And so do I."

Other runners to watch in the girls open quarter include seniors Katrina Walker and Glenda Bass of Seminole.

Seminole, along with Evans, will be the favorites in the girls meet while the boys meet could be a tossup between host Lake Mary, Apopka, Evans, Lake Brantley and Haines City.

Evans' Lady Trojans should be closer to Seminole in Friday's meet since they just got a number of athletes from the basketball team including defending state long jump champion Carolyn Hightower who was also runnerup in the 330 hurdles.

Along with Walker and Bass in

Lady Ram Reedy Metz intently waits for the arching softball to start its path downward. Reedy, whose brother Rod is a catcher for Lake Mary's baseball team, had a pretty easy job Thursday against Oviedo. Her counterpart on the mound, Beth Watkins, allowed just one hit as the Lady Rams whipped the Lady Lions, 3-0.

Herald Photo by Gregory Galini

Watkins' Arch, Santulli's Bat Break Up Oviedo

By Chris Flater
Herald Sports Writer

Beth Watkins has mastered the art of pitching. So much so, that her arch in slow pitch softball is just as effective as a 90 mile per hour fastball would be in baseball.

But it would be easier for a hitter to get used to timing a 90 mile per hour fastball than it is for one to time the descending, sometimes dancing, spheroid delivered by Watkins.

Lake Mary's junior pitcher, who has pitched every inning of every game for

the Rams since she was a freshman, gave Oviedo's hitters fits Thursday afternoon as she allowed just one hit and retired every other hitter she faced as the Lady Rams cruised to a 3-0 victory over the Lady Lions in prep softball action at Lake Mary High.

"That's the best game she's pitched this year," Lake Mary coach Cindy Henry said of Watkins. "She was making their (Oviedo's) hitters pop up just the way she wanted them to."

While Watkins kept Oviedo's bats silenced, Lake Mary broke a scoreless

Softball

tie with a pair of runs in the top of the fifth on Lisa Santulli's clutch two-run single and the Rams added an insurance run in the sixth.

Lake Mary improved to 3-1 with the win while Oviedo now stands at 3-3. The Lady Rams, 1-0 in the Five Star Conference, return to conference action Tuesday as they host Spruce

Creek, Oviedo, 1-0 in the Orange Belt, returns to conference play Tuesday at St. Cloud.

Watkins lured the Lions into her web from the outset. Oviedo's first six hitters were all fly ball outs and the Lady Lions hit just four balls on the ground the entire game. Watkins retired the first 12 Oviedo hitters in order before Mikki Eby broke up the perfect game with a solid single to right center to lead off the fifth. Watkins then retired the last nine Oviedo hitters in order.

Lake Mary finally got on the board with a two-out rally in the bottom of the fifth. With one out, Karen DeShetler coaxed a walk out of Thomas, but Watkins flew out to center for the second out. Kim Averill then singled off Thomas' glove and Thomas walked Lisa Simkins, her eighth walk, to load the bases.

Oviedo then went with lefthander Jodi Switzer in relief and Santulli greeted the new pitcher with a nudge to right center that drove in DeShetler and the fleet-footed Averill.

Gators, Tigers Spring Upsets

BIRMINGHAM, Ala. (UPI) — Sonny Smith is going to have to delay his retirement as Auburn basketball coach.

Smith said weeks ago that he would give up the Auburn job as soon as this season ends, but his team keeps extending it.

The Tigers (18-11) upset top-seeded, 19th-ranked LSU, 58-55, Thursday night to advance to tonight's Southeastern Conference semifinals where they take on Florida (18-10), which knocked off defending champion Kentucky by the same score.

In tonight's other semifinals game, second-seeded, 20th-ranked Georgia (21-7), a 67-61 winner over Tennessee, plays Alabama (20-8), which beat Mississippi State, 42-31, in Thursday's quarterfinals.

"I don't think there are many people who love Auburn more than I did," said Smith, when asked if he might change his decision to retire if Auburn wins the tournament. "I think I am an Auburn type person, but things didn't work out. I've made my decision."

Auburn, with Chuck Person, the SEC's No. 2 scorer, getting 12 of his game-high 18 points in the second half, trailed by a point with 5:03 to play, but nailed down the upset by outscoring the Bengals 8-4 down the stretch.

"I think we won the game in the first half because of the help we got from our bench when we were in serious foul trouble," said Smith. "Then, we had pretty good foul shooting at the end of the game when it counted."

"This team deserves to go to a (national) tournament," said Smith.

Lake Howell's Martinez twins had their ups and downs Wednesday. Above, first baseman Eric stretches to get the out against Lyman's John Elwood. Below, second baseman Ernest can't come up with the throw as Greg Brock slides.

Lady Seminoles' 21 Hits Blast New Smyrna, 20-8

By Chris Flater
Herald Sports Writer

NEW SMYRNA BEACH — While the rest of Seminole County's softball teams have been searching for hits lately, Seminole has found them in abundance. After rapping out 17 hits in a 18-0 rout of Lake Highland on Wednesday, the Lady Seminoles battered New Smyrna Beach pitching for 21 hits Friday in a 20-8 trouncing of the host Lady Barracudas.

"We couldn't hit the side of a barn until yesterday," Seminole coach Beth Corso said. "I can't believe how well we're hitting the ball. I just hope it doesn't stop."

One team that would like to have some of Seminole's hits is Oviedo. The Lady Lions have managed just three hits in their last two games. In another game Thursday, Lake Brantley's Lady Patriots were shutout on four hits.

"It's scary to see these other teams aren't hitting the ball," added Corso. "I just hope we don't all of a sudden stop hitting."

Seminole improved to 2-3 with the win and will open play in the Five Star Conference Tuesday at home against Lake Howell.

The Lady Seminoles came off the bus hitting Thursday afternoon as they rallied for eight runs in the top of the first. Alycia "Fat" Dixon led off with a single and Jackie Farr followed with a triple to drive in the first run. Farr, however, was thrown out trying to stretch it into a home run.

Consecutive singles by Sheri

Softball

Peterson, Wheeler and Barbara Silva loaded the bases and Janet Hauck followed with a single that brought in Peterson and Wheeler for a 3-0 lead. Jackie Suggs followed with a single to reload the bases and Mary Hicks singled to drive in Hauck and keep the bases full of Seminoles.

Showanda Walker, a freshman, then stepped up and drilled a double to clear the bases as Hauck, Suggs and Hicks scored for a 7-0 lead. Walker then scored the eighth run on Dixon's second hit of the frame.

New Smyrna Beach came back with five runs in the bottom of the second to pull within 8-5 but Seminole pulled away with six more runs in the top of the third.

"After we got the 8-0 lead we went out and sat around and let them (New Smyrna Beach) score five runs," Corso said. "The defense got together after that and played well the rest of the way."

Leading the Seminole hit parade was Hauck, a senior, who was 3 for 4 with five runs batted in. Dixon went 4 for 6 with a pair of RBIs while Peterson, Wheeler, Sylva, Hicks and Walker added two hits each.

Suggs, a freshman, went the distance on the mound for the Lady Tribe, allowing eight hits and walking just one. "She's getting much better as we go along," Corso said of Suggs. "She did a real nice job today."

HAWKS THUMPLYMAN, 7-1

Jennifer Wallace drove in three runs and Eileen Thiebauth and Sandy Gillies knocked in two apiece as Lake Howell's Lady Silver Hawks opened Five Star Conference play with a 7-1 victory over Lyman's Lady Greyhounds Thursday afternoon at Lake Howell High.

The win was the third straight for the Lady Hawks after opening with a pair of losses. Lyman now stands at 1-2 overall and 1-1 in the Five Star. Lake Howell returns to action today at 4:15 in a non-conference game against Colonial at Lake Howell High.

Lyman took the early lead with a run in the top of the first as Mary Ryan led off with single, advanced to third on Valerie Price's single and scored on Denise Stevens' sacrifice fly to center.

The Lady Hawks responded with two runs in the bottom of the first. Grace Ley drew a walk to lead off and, with one out, Eileen Thiebauth scorched one up the middle and it got by the center fielder for a two-run homer and a 2-1 Lake Howell lead.

The Lady Hawks made it 4-1 with a pair of runs in the bottom of the third. Wallace led off with a single. Jaudon Jonas drew a walk and Thiebauth singled to load the bases. Gillies followed with a single to chase home both Wallace and Jonas.

Lyman threatened in the top of the sixth but a nice play by second baseman Gillies turned the Lady Greyhounds away.

See SOFTBALL, Page 6A

SPORTS

IN BRIEF

Thayer, Thigpen, Sawyer Carry Raiders To 14-4 Win Over Johns

Brett Thayer and Leonard Thigpen hammered homers while Mike Sawyer added three hits as the Seminole Community College Raiders bombed the Johns River, 14-4, in junior college baseball Thursday at SCC.

The victory evened Raiders' Mid-Florida Conference record at 1-1. SCC, 9-7 overall, hosts Johns River today at 3. The Raiders host Long Island University Sunday at noon.

Thayer, who played his prep ball at Oviedo, drove in three runs while ex-Lyman star Sawyer accounted for two. Mike Songini, Thigpen and Lyndon Montague each had two hits.

Mike Walker went the distance to pick up the win. He allowed nine hits.

5 Make All-State Soccer Team

Seminole County placed five soccer players on the 1985 FACA (Florida Athletic Coaches Association) All State team.

They included, Brian Ocacek of Lyman, Andre Sanders of Lake Mary, Mo Moghaddam of Lake Brantley and Mike Serino and Jim Morrissey of Lake Howell. Sanders, who led all Central Florida 4A schools with 29 goals this past season, was selected to the NSCAA All South Team and was selected by Central Florida coaches as the FACA District 7 Player of the Year. Winter Park's Gary Edwards was runner-up.

Since the annual FACA All-Star game is no longer under the Sunshine State Games format, coaches have been discussing the idea of a four region team tournament format. The four regions being North (Gainesville, Jacksonville, Panhandle), West (Tampa, Clearwater, St. Petersburg), Central (Orange, Seminole and Volusia) and South (Miami, Fort Lauderdale).

However, there now is a need for a sponsor in the range of \$2,000-\$3,000. Area coaches feel that an annual event would attract the best 60 seniors in the state and play in the late spring instead of late summer. However, a sponsor is needed first before the event can be properly sanctioned.

Dodgers Roll Over Indians, 22-6

Jim Kremer drove in four runs and Penny Sequeros and Chad Cochran drove in three each as the Dodgers rolled to a 22-6 rout of the Indians in the opening game of the Altamonte Springs Senior League season.

The Dodgers struck early with four runs in the first and six more in the second. The Dodgers put the Indians away with nine more runs in the top of the sixth.

Mitch Shatto went the distance on the mound for the Dodgers, allowing six hits, striking out nine and walking seven. Chris Knutson took the loss for the Indians.

Kremer pitched four runs with a pair of singles while Sequeros and Shatto slugged two doubles apiece. Cochran added a single and double while Rob Boss clouted a two-run homer in the sixth inning.

David Fenick smacked a three run homer and added a double to lead the way for the Indians. Chris Cornhus added a pair of singles and one RBI.

Lake Mary Girls Not 6th Win

Lake Mary's girls tennis team won its sixth match in 10 outings Thursday when the Lady Rams trimmed Lyman, 5-2.

Kim Faulkner, Lyman's No. 1 player, was the only winner in singles as she whipped Karen Barley, 8-2. Lake Mary's Rae Ryerson topped Jamie McNamee, 8-6. Bernadette Peters defeated Amy Lister, 8-4. Gina Caputo dropped Susan Cooper, 8-5, and Erin Higgins throttled Kim Heizerburger, 8-3.

In doubles, Faulkner-McNamee tripped Ryerson-Stewart, 8-7. The tiebreaker was 5-2. The team of Caputo-Peters topped Lister-Cooper, 8-4.

Lake Mary's girls and boys return to action Tuesday at 3 p.m.

Green's Homer Lifts Brantley JV

Randy Green socked a solo homer to help Lake Brantley post a 9-6 victory over Seminole in junior varsity baseball Thursday at Sanford's Chase Park.

Lake Brantley raked loser Mike Edwards and reliever Todd Revels for seven hits and also benefitted from 10 walks. Seminole had 12 hits but could score just six runs against winning pitcher Larry Schumacher.

Mike Schmit ...4 home runs
Mike Davis ...RBI leader
Mark Merchant ...14 steals
Eric Shogren ...481 average

Patriots, Rams Face Key Tests

By Sam Cook
Herald Sports Editor

Sure Lake Mary and Lake Brantley are comfortably atop the Five Star Conference with spotless 5-0 records. But just wait two days. Lyman and Apopka may have some restructuring ideas.

Lyman gets first chance. The state's No. 7 ranked Greyhounds send right-hander Derek Livernois at the Patriots tonight at 7 at Lyman. Lyman, 10-2, is in a must-win situation if it wants to keep its conference hopes alive. Both 'Hound losses have come in the Five Star.

Livernois should be fired up for tonight's confrontation, too. The county's leading strikeout hurler was roughed up by Lake Mary a week ago and didn't have his control Wednesday when he walked home the winning run against Lake Howell.

Newcomer Mike Davis has established himself as one of the top catchers in the area and also swings a potent bat. The junior receiver has 15 runs batted in to lead the county. Brad Dunn (.421), Kevin Bass (.366) and Mike Beams (.308) join Mark Coffey and Dan Beaty to give the Pats an imposing lineup.

Lake Mary, no doubt, will have its attention focused on tonight's game before turning it over to Apopka for Saturday's 1 p.m. game at Lake Mary. Apopka and the Rams have already developed quite a rivalry in just the last two years.

Lake Mary, ranked No. 5 in the poll, hung a loss on Rodney Brewer and the Blue Darters at Apopka last year and coach Sonny Wise hasn't forgotten.

Coach Allen Tuttle will go with his ace, Mike Schmit, against the Darts. Apopka will probably counter with Keith Usery since it used Tim Oxley for a relief job to beat Seminole Wednesday.

Tuttle's Rams, who had a team batting average of over .300 last year, haven't forgotten how to use the aluminum.

Keith Wallace lead the way with a .438 average. Schmit, who leads the county with four homers, and Anthony Laszic and Brett Moller, are next at .421. Third sacker Kevin Hill checks in at .400 and shortstop Shane Leuteri is right behind at .394. Letterio leads the county with two triples.

Catcher Rod Metz, who is flashing more power this year with two homers, is next at .348. Ryan Lisle is hitting .308 and Ron Natherson is at .304.

In other action today, Seminole travels to Mainland and Lake Howell hosts Seabreeze.

Elsewhere, Oviedo is looking for its first Orange Belt Conference win when it hosts Osceola today at 4. The Lions, who boast the county's top two hitters in Eric Shogren (.481) and Mark Merchant (.477), need for their pitching to come around. Lee Watson gets the nod today.

Merchant, one of many super sophomores in the county, leads in stolen bases with 14.

Wichita's Wizard Drops Indiana St.

United Press International
Xavier McDaniel showed again Thursday night why he is the Wizard of Wichita.

McDaniel sent Wichita State into the finals of the Missouri Valley Conference tournament Thursday night, scoring 34 points and grabbing 13 rebounds to lead the Shockers over Indiana State 92-65.

The nation's No. 1 rebounder and No. 2 scorer, McDaniel is sure to go high in the NBA draft. The 6-foot-8 senior's 34 points set a Wichita State single-season scoring record with 788. Dave Stallworth set the previous mark with 769 in the 1963-64 season.

Wichita State, 17-12, will meet No. 13 Tulsa Saturday night for the tournament championship. The winner receives an automatic bid to the NCAA Tournament. Tulsa, the second-seed, defeated Bradley Thursday night 85-77.

Wichita State's Aubrey Sherrod opened the inside for McDaniel by hitting 12-of-18 from the field for 26 points. Trailing 38-24 at the half, Indiana State went to a defense after intermission designed to stop Aubrey. It became a setup for McDaniel.

"In the second half, we went inside when they went in the box-and-one on Aubrey," Wichita State coach Gene Smithson said. "It allowed us to push the ball in to Xavier. That defense gave up the inside shot."

Wichita State seemingly must win the championship to advance to the NCAA Tournament. "I feel that Wichita State has got to win to get a bid in the

Basketball

NCAA, but if we win I think we can stay here and play at Oral Roberts in the regional," said Tulsa coach Nolan Richardson, whose team won the regular season MVC title.

Indiana State led by Johnny Edwards with 19 points and 15 rebounds finishes at 14-15. In other tournaments: Big East At New York, No. 1 Georgetown, No. 2 St. John's, No. 12 Syracuse and Villanova all advanced.

Syracuse had the closest call in getting past Boston College 70-69.

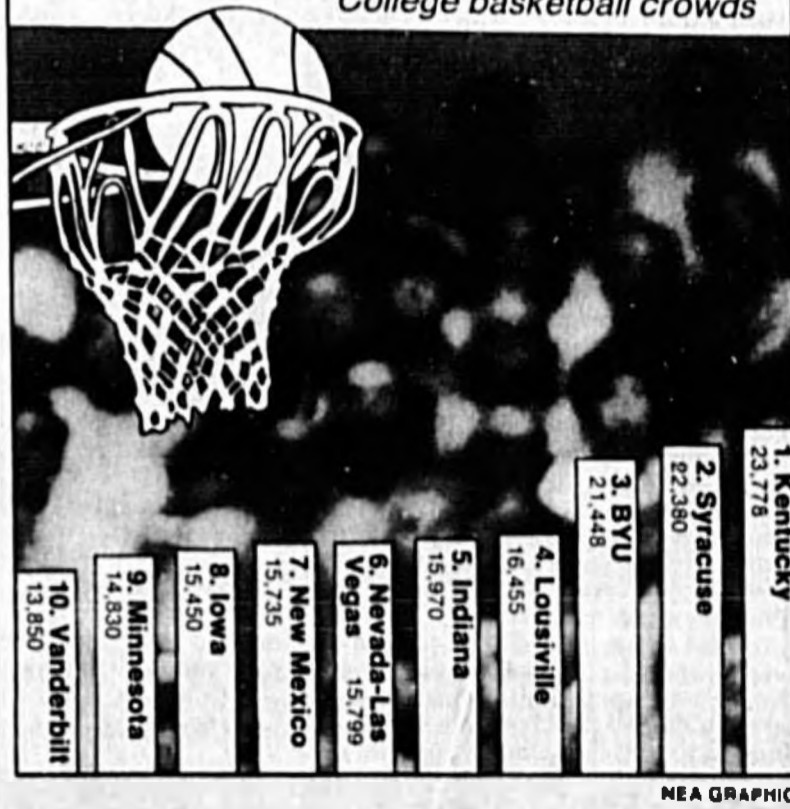

A buzzer shot by the Eagles' Troy Bowers curled off the rim to preserve the Orangemen's triumph. Syracuse advances tonight to meet Georgetown. The Hoyas, who trounced Syracuse last week, dropped Connecticut 93-62.

St. John's a 90-62 winner over Providence meets Villanova, which defeated Pitt 69-61.

At Louisville, Ky., Billy Thompson scored 16 of his game-high 24 points after intermission to lift Louisville to a 74-61 victory over South Carolina in a first-round game.

HOOP FEVER

College basketball crowds

1. Kentucky 23,776

9. Minnesota 14,830
10. Vanderbilt 13,850

Midwestern City
At Tulsa, Okla., Charles Dorsey scored 12 points and reserve Dwight Givens added 11 to push Oral Roberts to a 68-63 victory over St. Louis in the quarterfinals.

Also, 18th-ranked Loyola defeated Oklahoma City 100-85. Evansville nipped Butler 73-72 in overtime and Xavier downed Detroit 77-69.

Oral Roberts will face Evansville in one semifinal Friday while Loyola plays Xavier.

Pacific Coast Athletic
At Inglewood, Calif., Anthony Jones scored 17 points as 10th-ranked Nevada-Las Vegas rolled to a 89-58 victory over Pacific in the opening round. Also, freshman Reggie Owens scored a season-high 23 points to lead San Jose State over Utah State 92-56. Kevin Henderson scored 24 points to lead Fullerton State to a 79-68 victory over Cal-Irvine and Jos Kuipers scored 12 of his 15 points in the second half to lead Fresno State to a 56-50 victory over UC Santa Barbara.

...Softball

Continued from 5A

Lyman had the bases loaded with one when Gwen LaDuke hit a grounder to Gillies who tagged Lori Helms going to second and relayed to first for an inning-ending double play. Gillies pulled off a similar play Tuesday to stop an Oviedo rally. Lake Howell won that game, 1-0.

Lake Howell put it out of reach with three more runs in the bottom of the sixth. With one out, Saunders singled and, one out later, Erin Hankins singled. Wallace then singled to left and the ball eluded the left fielder allowing all three runs to score for a 7-1 Lake Howell lead.

"We're hitting a little better," Lake Howell coach Jo Luciano said. "And we're starting to put the hits together."

Lake Howell had 10 hits on the day including two each by Thiebauth, Hankins and Wallace.

BOONE EDGES BRANTLEY

A lead off single and a three-base error was all it took for Boone's Lady Braves Thursday as they came away with a 1-0 victory over Lake Brantley's Lady Patriots at Lake Brantley High.

Denise Ligas, the first hitter of the game, lined a single to right and went all the way around to score when the ball got by the outfielder. Denise (Burke) tried to pick it up on one hop but the

ball got by her," Lake Brantley assistant Debbie Frank said.

The Lady Patriots managed only four hits in the game. Their biggest threat came in the third inning when Kim Wain singled and Burke followed with a single, sending Wain to third. While Boone was getting the throw back in from the outfield, Burke went off first and tried to draw a throw. Meanwhile, Wain was inching off third so she could try to score in case their was a throw on Burke. But, instead, the Lady Braves caught Wain off third to end the threat.

Boone almost added an insurance run in the fifth but it was turned back by an excellent defensive play. With two outs and runners on first and second, Ann Deming singled and the runner was waved around third.

Outfielder Laura Davis fired the ball to Wain who wheeled and threw to catcher Michelle Brown who hung in and put the tag on to prevent the run.

Besides the singles by Wain and Burke the only other hits for the Lady Patriots were by the Lady Braves never got a runner to second base after the third-inning threat.

"It's not early and their young, we're not worried," Frank said. "The girls played solid defense after the first inning."

Lake Brantley, which now stands at 13 overall and 0-1 in the Five Star, returns to conference action Tuesday as it hosts Seabreeze.

Hatalsky Eases Nightmare With 2-Stroke Bay Hill Lead

ORLANDO (UPI) — In a world of turmoil and tribulation, Morris Hatalsky reached a state of nirvana and all it took was a little old 66.

Continuing his comeback from a nightmarish 1984 season, Hatalsky fired a 5-under-par 66 Thursday to take a two-stroke lead after the opening round of the \$500,000 Bay Hill Classic.

Hatalsky used all of his self-control to keep his giddiness in check as he looked at the leader board with unabashed joy.

"Well, it was a nice day today," he said with a grin as wide as his putter. "I've got no complaints at all — I'm as happy as I can be."

Hatalsky, who has just two victories in his eight seasons on the PGA tour, entered 28 tournaments last year, but failed to finish in the top 10.

The 33-year-old native of Daytona Beach, Fla. shot a 34 on

Golf

the front nine Thursday and came home in 32 to take a two-shot lead over Mark McCumber.

Buddy Gardner is three strokes back at 69 and six golfers — Nick Price, Nick Faldo, Tim Simpson, Fuzzy Zoeller, Bill Glasson and Bob Lohr — are bunched at 70.

Defending champion Gary Koch is nine strokes off the pace.

Hatalsky sank a 10-foot birdie putt on the first hole, but gave that stroke right back at No. 2 by missing the green and settling for a bogey four.

Birdies at Nos. 3, 5 and 7 dropped Hatalsky to three-under, but he bogeyed the ninth hole. On the back nine, Hatalsky opened with an eagle-2 on No. 10, sinking a 180-yard 2-iron

that, "I couldn't hit any straighter."

Hatalsky was forced to sink a 15-footer for bogey on 13, but birdies on 14 and 17 had Hatalsky beaming.

"It was a rewarding round because of the tough conditions," said Hatalsky of the gusty winds. "I played really well, particularly in the putting area, but all aspects of my game were pretty solid. My play in the wind has always been suspect, but this year I'm building more confidence about playing in it. I would love to win this tournament, but there's a lot of golf left."

Arnold Palmer, the host for the Bay Hill, shot a 78 while Curtis Strange, winner of last week's PGA tournament, had a 34 on the back nine to salvage a 2-over 73. Out of a field of 106, only 22 golfers managed par-71 or better.

Low Testosterone May Not Cause Impotence

DEAR DR. LAMB — Why are doctors reluctant to prescribe testosterone for men? I am a 63-year-old male. Two years ago I had prostate surgery. The diagnosis was benign prostatic hypertrophy.

I have a problem with impotence. Tests show that I have a low level of testosterone. Are doctors afraid that the testosterone will cause cancer? How serious is the risk? I feel that, at my age, the advantages would outweigh the risks.

DEAR READER — Testosterone stimulates the growth of the prostate. The concern is that it would then cause more obstruction and undo what was accomplished with your prostate surgery. It is also true that prostate cancer can be dependent upon testosterone. This is one reason that the testicles are removed in some cases of prostate cancer.

Is your impotence really caused by a low testosterone level? Studies must be done to determine this. Increased production of prolactin by the pituitary gland can cause impotence and also cause a low testosterone level. In selected cases, bromocriptine can be given to lower prolactin levels, and this also restores the testosterone levels to normal and ends impotence.

There are many other causes for impotence. If your problem cannot be corrected by other means, a penile implant could help solve the problem.

I'm sending you The Health Letter 18-6, Help for Impotence, to provide some guidance in getting your problem solved.

DEAR DR. LAMB — I am a 26-year-old female and in good physical condition. I occasionally experience numbness in my fingers. This occurs most often in the winter and usually after only a short exposure to the cold. My fingers turn white and stay that way for about 20 minutes after I've gone indoors. Ten years ago I had a frostbite and lost my big toenails, but the numbing has only started in the past three years.

DEAR READER — First you need a diagnosis. Your story

sounds like Reynaud's syndrome, in which the small blood vessels in the hands or other affected areas tend to go into spasm during cold exposure. These areas are bloodless, which causes the white appearance. This can affect the tip of the nose and the cheeks as well. After the white phase, the fingers turn very red. The condition can be painful.

If you smoke, stop at once.

That may save your fingers. You may be able to abort an attack when it starts by swinging your hands around and around like a windmill. The centrifugal force drives blood to the fingertips and relieves the spasm.

Send your questions to Dr. Lamb, P.O. Box 1551, Radio City Station, New York, N.Y. 10019.

WIN AT BRIDGE

By James Jacoby

Success at tournament bridge involves more than just bidding and playing well. You need to be lucky, and part of being lucky is to have your aggressive bids pay off.

In today's deal, West made a two-heart overcall at his first turn to bid. That gave North less room, but at the same time provided the means to describe his good hand. North cue-bid three hearts, and then raised three spades to four. When South made the doubtful decision to show his diamond king, North simply bid six spades.

Slam was hardly certain, needing some reasonable splits in both spades and diamonds. Declarer won dummy's heart ace and played the A-Q of spades.

When the jack fell, he played the king of clubs from dummy. He was trying to give himself some extra chances in case diamonds were going to split badly, but there was no danger. West won the club ace and returned a club.

South won the queen, trumped a heart and returned to his hand with the diamond king. He picked up the last trump and had no trouble shedding his losing club on a long diamond when that suit split.

I'm not criticizing West for bidding only two hearts (after all, he was vulnerable), but I wonder if North and South would have breezed into slam so merrily if the first competing bid by West had in fact been three hearts. I think not.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY MARCH 9, 1985

In the year ahead you will be remarkably shrewd in figuring out ways to put your money to work for you. However, before plunging in, be sure to investigate, in depth, all investment proposals.

PISCES (Feb. 20-March 20) Do not let anyone any financial commitments on your behalf today without first thoroughly discussing them with you. You may not be in agreement. The Matchmaker wheel reveals your compatibility to all signs, as well as shows you which signs you are best suited to socially. To get yours mail #2 to Astro-Graph, Box 489, Radio City Station, New York, NY 10019.

ARIES (March 21-April 19) People who have to deal with you today on a one-to-one basis might find your temperament a bit confusing. Be consistent and

a cool head.

TAURUS (April 20-May 20) Today your spirit could be willing but your flesh may be weak, and little or nothing will be done about your good intentions unless you take action.

GEMINI (May 21-June 20) Make it a point today to treat everyone with you're involved with equally. Don't play up to certain individuals just because you think they can help you.

CANCER (June 21-July 22) If the outside world doesn't treat you too kindly today don't bring your frustrations home and take them out on innocent members of your family.

LEO (July 23-Aug. 22) The acid tongue of someone you dislike could cut you to the quick today if you take his remarks to heart. Consider the source and let it go.

VIRGO (Aug. 23, 22) Today a shrewd promoter may try to sell you something you don't need. This individual is capable of using a lot of pressure, so be resistant.

LIBRA (Sept. 23-Oct. 23) You

may be saddled with a temperamental companion today who is in an argumentative frame of mind and will be looking for something to grumble about.

SCORPIO (Oct. 24-Nov. 22) Avoid doing things today that could put an undue strain on you physically. Your mind may be up to it, but perhaps your muscles won't.

SAGITTARIUS (Nov. 23-Dec. 21) One of your friends might have a slight chip on his shoulder today but his bark will be worse than his bite. Don't let his comments cause you to respond.

CAPRICORN (Dec. 22-Jan. 19) If you want others to comply with your wishes today don't frame them as demands. You'll get negative feedback if they think you're too bossy.

AQUARIUS (Jan. 20-Feb. 19) Everyone is not going to be in total accord with your views or opinions today, so don't over-react if another expresses opposing ideas.

Pesky Termites Wing Way Into Springtime

This time of the year, you should be on the lookout for termites. These tiny insects thrive in all parts of Florida, and is one of the most serious pest-related problems that confronts us. The peak swarming period occurs from January through May. There are four different types of termites in Florida. And, each requires a completely different control method. Thus, correct identification is very important.

According to Extension Entomologist Don Short of the University of Florida's Institute of Food and Agricultural Sciences, the four principal termites in Florida are the native subterranean and the Formosan subterranean types which nest in the soil, and the dampwood and drywood termites which nest above ground.

Dampwood termites are most common in south Florida. The Formosan subterraneans are found only on the southeast coast. Here, the native subterranean and the drywood types pose the biggest problem.

Subterranean termites nest in the soil. The cellulose, obtained primarily from wood, but also from paper, fiberboard, and cotton fabric. They may attack any wood that makes contact with the soil. And, they can build tunnels to reach wood several feet above the ground. These little critters stay hidden in the wood while they are feeding, but there are several ways you can detect them.

During the springtime, termites will swarm about the colony. During swarming, mating occurs and the termites begin new colonies. Their wings break off shortly after their flight. Even if you don't notice the actual swarming, the presence of discarded wings tells you that a colony is nearby.

You may detect a subterranean termite invasion from the earthen shelter tubes they build up over the surface of your home's foundation to reach the wood above. They cannot stand dry conditions, and these mud tubes maintain the humidity needed inside the colony. Damaged wood can be detected by tapping it every few inches with the handle of a screwdriver. If it sounds hollow, you may have termites.

Drywood termites live in colonies, too. But, they do not need soil to survive. They build their colonies right in the wood. Drywood termites cut across the grain of the wood, destroying both the soft and hard wood tissue. However, subterranean termites follow the grain of the wood, attacking only the soft wood. Drywood termites swarm in the spring, also, and lose their wings at this time.

Infestations of drywood termites are most common in

attics, window frames and window sills. As the infestation advances, surface blisters appear on the damaged wood. Again, tapping the wood with the handle of the screwdriver will yield a hollow sound if the termites are present.

One of the most significant differences between drywood and subterranean termites is that the drywood species excrete pellets of undigested wood. Subterranean termites, on the other hand, use these wood particles in the construction of their tunnels.

As with most pest problems, the best control is through prevention. The best time to provide protection against subterranean termites is during the planning and construction of the building. Most building codes require soil treatment before construction. Any lumber that comes in contact with the soil, such as fence posts, should be treated. And, remember that wood should be treated after it has been cut. Otherwise you'll expose untreated surfaces.

Many folks feel that building on a concrete slab will protect a home from subterranean termite damage. Actually, such slabs often crack, or shrink away from the foundation, allowing termites to get through and infest wood above. That's why building codes require treatment during construction.

Wherever wood contacts soil, use only treated lumber, preferably pressure treated types. If possible, use woods that have some natural resistance to termites, such as redwood, bald cypress, Spanish cedar and mahogany.

Paint provides some protection against drywood termites. However, before painting, make sure all cracks and crevices are filled in with putty or similar compounds.

What's mentioned are prevention measures, which should be taken before termites are a problem. If you're looking for a way to control an existing problem, keep in mind that subterranean and above-ground termites require completely different control measures. Before any treatment, you must correctly identify which type of termite is causing the damage. If you do have an infestation, the best solution is to contact a licensed pesticide applicator. Let them do the cleanup properly.

A final word about termites—serious damage usually doesn't occur until the colony is several years old. They work slowly. So, a few weeks, or even months, delay in treatment usually is of little consequence. It's a good idea to inspect all of your woodwork occasionally, and take prompt action if termites are discovered.

Happy Gardening!

Double Ring Ceremony Unites Lisa Bruce And W.V. Cannavino

Mr. and Mrs. William Vincent Cannavino

Lisa Gaye Bruce of Lake Monroe, and William Vincent Cannavino of Sanford, were married Feb. 9, at 7.30 p.m., at Holy Cross Episcopal Church, Sanford. The Rev. Leroy Soper performed the traditional double ring ceremony in a candlelight setting.

The bride is the daughter of Mr. and Mrs. Edgar R. Bruce, Lake Monroe. The bridegroom's parents are Mr. and Mrs. Mario R. Cannavino, Sanford.

Given in marriage by her father, the bride chose for her vows a white formal gown fashioned along a modified Victorian silhouette. Lace and seed pearl appliques accented the high neckline, sheer yoke, long sleeves, veil of imported illusion and trailing cathedral train. She carried a cascade arrangement of white roses and starburst mums interspersed with baby's breath and white satin streamers.

Laura Bruce attended her sister as maid of honor. She wore a floor-length red chiffon gown styled with an off-the-shoulder neckline and a full ruffled skirt. She carried a French hand lace nosegay of red carnations, white starburst mums and baby's

breath showered with red satin streamers.

Bridesmaids were Gina Bukur, cousin of the bride, and Beth VanNess. Their gowns and flow- ers were identical to the honor attendant's.

John V. Cannavino served his brother as best man. Ushers were Johnny Frederick, Mitch Cannavino and Matt Cannavino, all nephews of the bridegroom.

Groomsmen were Michael Cannavino, brother of the bridegroom, and Doug Morris.

Kristen Simpson, niece of the bridegroom, was the junior bridesmaid, and Brandon Simpson, nephew of the bridegroom, was the junior groomsman.

Following the ceremony a reception was held in the church parish hall. Assisting at the reception were Jan Cara, Jill Harper, Mrs. Darrell Presley and Judy Davis.

After a wedding trip to Winter Park, Colo., the newlyweds are making their home in Casselberry. The bride is employed as a legal secretary by a Winter Park law firm. The bridegroom is employed as a manager-trainee by a Sanford builder's supply company.

Coffee Shop Talk Too Spicy For Lunch

DEAR ABBY: We often have lunch at a coffee shop near our office. The acoustics here are such that conversations at nearby booths or tables are very audible. More than once we have had to listen to vulgar and profane language because we could not help overhearing.

Today I heard a vulgar expression I've never heard before (I'm 58). These are not arguments, just business people discussing their office or job.

If you were sitting there, would you:

1. Suffer in silence. (After all, this sort of thing is not uncommon and is therefore tolerated.)

2. Ask the manager to speak to these people. (That hardly seems fair, asking him to do your dirty work, when he probably does not want to offend other regular customers.)

3. Go up to the booth or table and say something like: "Pardon me, but perhaps you are unaware that your conversation is being heard at the nearby tables."

If you print a better solution, I'll keep copies in my purse to handout.

OFFENDED IN L.A.

DEAR OFFENDED: I would write a note saying something like:

"Your language is offensive. Please clean up your act, or keep your voices down. Thank you. — The Lunch Bunch"

Then I would either ask the waitress to deliver it to the offending table, or I'd deliver it myself.

DEAR ABBY: My husband and I have a unique problem with no visible way to solve it without losing a friendship.

We have friends with whom we play cards at least once a week. Both my husband and I have seen Mr. X palm a wild card off the table onto his lap to be used when he needs it in order to win. We do not play for high stakes, so neither my husband nor I can comprehend why Mr. X does this.

Needless to say, Mr. X is always the big winner — the total rarely amounts to \$5.

Dear Abby

Now when we play, I am all tense, always looking to see if Mr. X is going to palm another card. We don't want to mention this to his wife or his other friends, as we really care for them.

What should our game plan be?

CHEATED IN FLORIDA

DEAR CHEATED: Your game plan should be "truth or consequences." When you see Mr. X palm a card, call him on it in a jocular way — "I didn't know you were a sleight-of-hand artist; let's see you palm another card!" Then let him take the consequences.

DEAR ABBY: I have a friend who is very insensitive about people who have had mastectomies, as I have had. She mentions her big bosom every chance she gets, and seems so proud of it.

Recently she lost 10 pounds, and at a party loudly stated that she was sad because she lost it all in her bosom! Then the other evening at another party, she announced that she had gained two pounds — and guess where? "In my headlights!" This was particularly disgusting to everyone because another good friend who had had a mastectomy was present.

She then went on to say that she gets up every morning, takes a shower and goes back to bed. Someone asked, "You go back to bed? Why?" Her answer was, "Oh, I have to take care of John (not his correct name) every morning."

My husband said that she must have gained two pounds between her cars. We are all around 70 and have never heard anyone talk that way before. How should a woman like this be treated?

NO NAME, PLEASE

DEAR NO NAME: At a distance, and as infrequently as possible.

DEAR ABBY: My son is happily married to a fine young professional woman. When they married, "Mary" did not take my son's name ("Smith"). She wants to be known as "Dr. Mary Jones" — Jones being her maiden name.

They are expecting a baby, and she wants their child to bear her maiden name — Mary or Johnny Jones — not his surname of "Smith."

I may be old-fashioned, but I do not like the idea of my son's child bearing his mother's maiden name instead of his father's surname. People who don't know better may assume that the child was born out of wedlock.

Also, what is the correct way to address mail to my son and

his wife, since he does not have a "Doctor" title, but she has?

GRANDMA-TO-BE

DEAR GRANDMA: Many professional women prefer to keep their maiden names, and if they have children, they use a hyphenated combination of their name and their husband's name (Johnny Jones-Smith).

Address their mail to "Dr. Mary Jones and Mr. John Smith."

DEAR ABBY: I'm a regular reader of "Dear Abby" in the Tulsa Tribune. I'm also a 67-year-old widower who doesn't want to be bothered by folks coming around to sell me something, so I put this big sign on my front door that turns away all comers.

It says: WARNING — CAUTION, ARMED DAY SLEEPER!

They don't even knock — they turn and walk away.

Country Crafts

Photos by
Tommy Vincent
and
Gregory Gahnz

These Artisans Are A Crafty Sort

**By Rick Brunson
Herald Staff Writer**
Seminole County is crawling with "crafty" people. That information doesn't come from the fraud and bunko

unit of the Seminole County sheriff's department. It comes from Maria Stevens, the owner of a Sanford craft store. Business at her shop has been booming since she opened

'I've been interested in crafts since before my kids were born. It amazes me how crazy people are going for them.'

—Pat Stone, craft maker

worthwhile, Mrs. Keechbaugh said.

"You get a genuine sense of accomplishment when you finish something. But when somebody wants it — that makes you feel really good. This is our compensation."

Ms. Stevens waxes philosophic when she tries to analyze the popularity of country crafts in an urbanized society. They exude a "comfortable feeling that you used to get when you went to your grandmother's house."

That feeling, she says, makes contemporary life a little less alienating.

"Everything is so modern and technical. Crafts give you something for the home that is warm, cozy and just as far away from 'office-looking' as possible," Mrs. Keechbaugh said.

While the number of home shows have increased, so have the number of retail craft stores, Mrs. Setterlund said.

Though they would appear to be in competition with each other, Ms. Stevens says that's not the case. She said craft makers are craft customers and said she would welcome more home shows and craft stores in Sanford. The interest apparently stimulates sales.

While some men make country crafts, Setterlund said his research depicts the "hard core crafter" as an upper middle class female who is 40 to 45 years old. She also spends about \$700 a year for crafts or craft materials.

Setterlund said the main reason people make crafts, especially "lap crafts," such as dolls, are because they help alleviate stress.

Mrs. Stone and her crafty cronies say their country handiworks are probably a fad and will go the way of the hula hoop and the skateboard.

They don't care, they say, because they were making crafts before they were popular, anyway.

"I've been interested in crafts since before my kids were born," Mrs. Stone said. "It amazes me how crazy people are going for them."

in 1980, she said. It appears Seminole County, as well as the rest of Florida and the nation, is experiencing a country craft revival.

"People use to think of country as primitive. Now it's more 'uptown,'" Ms. Stevens said.

Country crafts consist of items usually found around a farm house; you know the genre — pine furniture, dolls, lacey pillows, and patchwork quilts. Toll painted bread boxes, calico cat doorsteps and soft sculptured pigs are also popular.

These items have been around for years, Ms. Stevens said, decorating the homes of many Appalachian mountain dwellers. And there have been craft shows in North Carolina and New England states for 40 years, she said. But in the last five years, craft fever moved out of the mountains and began sweeping the rest of the nation.

According to Art Setterlund, advertising director for *Crafts* magazine, Americans spent \$2.6 billion on crafts in 1984. That's up from \$1.6 billion in 1978. In Florida, he said crafts are a \$102 million-a-year-business.

People are not only shelling out more money for crafts, they're also making them themselves, and at a feverish pace.

Setterlund says 25 million Americans are stitching, pasting and painting crafts. Many of them sell their own handiwork to friends, and at craft shows held in shopping centers or in their own homes.

One such woman is Pat Stone of Casselberry. Last year, after making crafts for years to give as gifts, she organized a home show and turned a profit.

After paying \$2 for a county permit, Mrs. Stone said 10 fellow crafters gave her \$10 each for advertising. They pooled their best work at Mrs. Stone's house and in two days made over \$2,000. Because of the response, she said she will rent a recreation hall for her next sale.

"It makes me sick that these stores are making a killing when I used to make these things for free," Mrs. Stone said, adding that she's able to sell the crafts cheaper than stores do.

But, she said, money is not the main reason she and her friends churn out dolls, geese and other sundry works.

"It's the satisfaction from a service — knowing you're giving something that makes someone happy," she said.

Barbara Keechbaugh, one of Mrs. Stone's fellow crafters, said the money doesn't begin to compensate for the amount of time put into a project. As an example, she displayed a mopsy-haired doll she said took her about 30 hours to make. She said the materials cost her \$20 and she estimated she would get \$50 for it in a home craft show. A store, she said, would probably sell it for \$100.

But it's the "thrill" of knowing someone wants to buy the creation of your mind and work of your hands that makes it

Film Cults Big Business

**By Vernon Scott
UPI Hollywood Reporter**
HOLLYWOOD (UPI) — A curious manifestation of booming video cassette rentals and sales is the emergence of cults.

Hundreds of thousands of movie cultists are blooming out there with a variety of tastes and preferences. Unlike religious cultists, most film fanatics are individualists who feel no compulsion to gather en masse, save such rarities as

"Star Trekkies."

A man who knows about such things is actor James Stephens, who plays law student James Hart in "The Paper Chase," a cult TV show that has bounced from network (CBS) to PBS to cable (Showtime).

Exploiting the growing trends in home entertainment, Stephens and his brother-in-law, Steve Feinberg, opened a video store in Topanga Canyon.

'Planet' Is Stunning Tour Of Mother Earth

By David Handler

I always wanted NASA to invite a great writer like Norman Mailer to join the astronauts on a trip to the moon so he could describe the experience for us in a way no astronaut has been capable of doing.

I still think it would be a good thing, but now I have a new candidate for the job — David Attenborough. I say this after watching two episodes of his wonderful British nature series, "The Living Planet: A Portrait of the Earth," which is running for 12 weeks on PBS.

Attenborough, the naturalist brother of actor-director Sir Richard Attenborough, wins my vote because he proves in "The Living Planet" that he's the world's greatest tour guide.

He is entertaining, informative, clear, knowledgeable, enthusiastic and endlessly curious.

The man is also without fear. He thinks nothing of scampering up Himalayan peaks in search of rare snow leopards, or dangling by a slender rope 2,300 feet above the Amazon jungle so he can watch the hawk eagles.

He never stops being fascinated, and he has the rare gift of being able to pass on that fascination.

In one episode, "The Frozen World," he travels from African summits to polar glaciers to the remote, desolate Antarctic interior in search of the life that endures despite "permanent winter."

And he finds it. He finds microscopic red algae atop

Mount Rainier. He finds Antarctic islands alive with sea elephants and penguins and polar bears. Always, he is right there in the midst of them. He does everything but interview them.

From the land of permanent winter Attenborough is off to the land of "eternal summer." In "The Jungle," he follows the equatorial belt from South America to Malaysia to Borneo. Here, in the tropical rain forests, he finds "the greatest proliferation of life that can be found anywhere in the world."

He shows us a paradise tree snake that can glide through the air to get from tree to tree. He sniffs a rafflesia, the largest flower in the world, which he says gives off a stench like rotting flesh.

And he finds man, too, in the form of the primitive Waornals of eastern Ecuador, who wear no clothing and hunt with blow darts dipped in curare.

I'm usually not a fan of nature shows, but "The Living Planet" is much more than that. It's grand armchair adventure. It's terrific television. We have Attenborough to thank for that.

Also we must thank the 40-some cameramen who joined him on this series, which was three years and 63 countries in the making. The nature photography is incredible.

If you haven't been watching it, give it a try. You'll see things you've never seen before. How often can you say that about a TV show?

Young Directors Make A Hollywood Entrance

By Iris Krasnow
UPI Feature Writer

WASHINGTON (UPI) — Contrary to the myths that shroud the film industry, who you know isn't enough to stake a claim in Hollywood.

"I don't know anybody who has made it on contacts alone," says Alan Kingsberg, 28.

His 38-minute movie, "Minors," recently won first prize in the dramatic category of the 11th Annual Student Film Awards sponsored by the Academy of Motion Picture Arts and Sciences — the same people who pick the Oscar winners.

"I don't think George Lucas knew anybody. I don't think Steven Spielberg knew anybody," agrees Gene Allen, president of the Academy, who was in Washington last week for a screening of the winning student films.

But once you have something to show, the odds start turning up in your favor. With the

"immeasurably helpful" recognition that Kingsberg received from the Academy for "Minors", he has secured a slot at the Samuel Goldwyn Company in Los Angeles to direct the movie "Killshot."

"Minors", the story of a friendship between an aging minor-league baseball pitcher and a 14-year old girl, was aired on HBO as part of the "Family Playhouse" series.

The Student Film Awards, worth \$1,000 to first-prize recipients, are considered the most viable student film award in the country and attracted 280 entries last year.

A second-prize winner in 1975, Robert Zemeckis, went on to direct the box office blockbuster, "Romancing the Stone."

Along with Kingsberg, others who placed first in the 1984 Student Film Awards landed smack on their feet. Anthony

ABC Exec, Not Surprisingly, Finds Improvement In Kidvid

By Joan Hanauer
 UPI TV Reporter

NEW YORK (UPI) — Children's television has come a long way from the days when it was all chases and violence and could be summed up with the line, "They're comin' over the hill."

So says Squire Rushnell, ABC vice president for children's programming and

long-range planning.

That doesn't mean the Saturday morning lineup reads like a collection of literary classics — not if television wants to retain its kidvid audience.

"Right after they learn to say Mama and Dada, the first word they learn is 'boring,'" Rushnell said of child viewers.

See KIDVID, page 8

GO GUIDE

- Invitational Exhibit '85, Sampson Art Gallery, Stetson University, DeLand, March 4-29.

...Directors

Continued from page 3

Laudati, winner in the animation category for "The White Gazelle", has secured a job with George Lucas' film company in Marin County, Calif.

Marilyn Waterman, 33, winner in the documentary division for "Rodin's Balzac", has been hired by Omega Productions in San Francisco to write and direct a short documentary.

Open to college and art school film students in the United States, the contest is first judged regionally then presented for voting to members of the Academy at a

series of final screenings.

"A few of the winners do make it big," allows Allen. "But like any other occupation, it's a matter of being in the right place at the right time and having terrific talent."

Seeing your name in bright lights is not the key motivating factor to enter a career in film, attests one of tomorrow's stars.

"Fame, that kind of thing, I don't think about it," Kingsberg says. "I make a good movie. I work very hard on it. Audiences respond to the film — that's what it's all about."

Orvon Rode The Range Of The Wild West

DEAR DICK — I know many stars change their names — more so years ago than today. But what I would like to know is, did Gene Autry change his name or not? V.T., Catawba, S.C.

Not very much. All he did was drop his first name. He is really Orvon Gene Autry.

DEAR DICK — I went to school with Barbara Mandrell, in Oceanside, Calif. In fact, I sat right behind her in math, our freshman year. I left that school after that year. I know she didn't finish school there, either. Why does she never mention attending school or living in California? Her dad even owned the music store in Oceanside. I had no idea she was so talented. D.M.S., Duncan, Okla.

Barbara and her sisters had a checkered early life, because the family moved frequently. And she was also in show business from the time she was 11, and was in and out of school after that. At 12, she was a regular on a show based in Springfield, Mo. The family toured after that and, at 18, she was married. I have no idea if she mentions her California years or not, and, if not, why not. I can only speculate that her childhood was so busy she can't mention everything.

DEAR DICK — Can you tell me if Joe Mascolo, who plays the evil Stephano DeMera on NBC's "Days of Our Lives," was in the movie, "Sharky's Machine"? If so, who did he play? B.A., New Albany, Ind.

His name is not listed in the cast.

DEAR DICK — On the show, "Finder of Lost Loves" — who is the lady who plays Daisy? Why

Ask Dick Kleiner

does she seem so familiar? Unsigned, Houston, Texas.

It could be because you once bumped into her on the street. But, more likely, it's because you used to watch her on either "The Young and the Restless" — she was Jill on that soap opera for three years — or on "Dynasty" — she was Tracy. Her name is Deborah Adair.

DEAR DICK — I am a big fan of the show "Miami Vice," and I was wondering about one of the show's stars, Don Johnson. Has he been in any other TV shows or movies? T.K.O., Racine, Wis.

Yes, he's been on many shows, both feature films and television productions. He was, for one big thing, part of the cast of the TV movie, "From Here To Eternity."

DEAR DICK — It seems to me that Shecky Greene was married to Carol Lawrence at one time. I heard Carol say at one time that the only one she ever wanted was Shecky. Am I right or wrong? M.M.S., Scottsbluff, Neb.

She may have said that, kiddingly, but she was never married to him. She was married a long time to Robert Goulet. And Shecky has been married to a Hawaiian woman named Nalani Kele for some years now.

DEAR DICK — I watched a show years and years ago, a black and white show. Could you check and see if there was a show called "A Cabin in the Sky"? I don't remember who played in it. But I do remember it was about the Lord coming to Earth, and he was so upset about what the people were doing that he destroyed the whole place. Can you find out more about this show for me? P.H., Canton, Ohio.

That was a classic movie, released in 1943, starring Ethel Waters and Eddie "Rochester" Anderson. It had been a Broadway musical first, and it told the story of a gambling man who dreams of the Lord and Satan battling for his soul after he dies, and the dream is so vivid he reforms. You may also be remembering an even earlier film — "Green Pastures," from 1936, in which the Lord (Rex Ingram) did come down to Earth.

DEAR DICK — I am interested in any information you may have on William Boyd — "Hopalong Cassidy." Hoppy was my Western hero while I was growing. Is he still with us? If not, I hope it will be a long time until I shake his hand! R.A.H., Amarillo, Texas.

He's up there, waiting with his arm outstretched, but I, too, hope it's awhile before he shakes your hand. Boyd died in 1972.

...Kidvid

Continued from page 5

He said kids have the fastest wrists in the west when it comes to switching channels. They are the most fickle viewers of all.

"They don't want to go to school on Saturdays," Rushnell said.

"We give them what they want, which is entertainment, but we also know we must give them what they need, which is mind expansion and knowledge."

Taking the oft-quoted statistic that children watch 26 hours of television a week, the equivalent to the amount of time a child spends in school, the ABC executive pointed out

...Cults

Continued from page 2

a remote, rustic haven for intellectuals, bohemians and eccentrics some 30 miles north of Hollywood.

It is Greenwich Village with trees.

Established for only a few months, Topanga Video's business is increasing at a rate of 150 percent per week, thanks partly to cults, although the store does carry such popular fare as "Splash" and other box-office hits.

According to Stephens, the divergent and eclectic tastes of the residents are a good cross section of what home viewers want to see, i.e. entertainment that cannot be found on network TV, pay-TV, cable or in movie theaters.

Stephens has stocked his shop with such oddities as the complete film works of Peter Sellers and most of Errol Flynn's movies. Both enjoy brisk business.

He offers a wide selection of the works of such off-beat directors as Werner Fassbinder, Lina Wertmuller and Akira Kurosawa.

"We purchase videos people in the area ask for," said Stephens, a serious, thoughtful sort.

"We began with 400 tapes and now have 700. It won't be long before we have 2,000. It costs \$20 for a lifetime membership then \$2 a night rental. It's \$4 for non-members.

"The most popular cult films are 'Pink Flamingo,' starring Divine and directed by John

Waters, 'Eraser Head' and 'That Sinking Feeling,' a Scottish film. There are a lot of requests for Scottish films.

"I was surprised the R-rated version of 'Caligula' has a big cult following.

"There are a lot of surprising cult films, including 'La Traviata,' the Kirov Ballet Company's 'Giselle' and the Italian western comedy, 'Once Upon A Time In The West' starring Henry Fonda.

"It's hard to say if there is one outstanding cult film. But among the biggest and most difficult to find is 'The Harder They Come,' starring Jimmy Cliff, king of reggae."

that the average mother watches 33 1/2 hours of television a week and the average father puts in 26 1/2 hours a week in front of the tube.

Rushnell admitted the sins of the past when Saturday morning television treated minorities "very poorly" and wrote women off as hysterical and dependent.

Nowadays minorities are treated much more favorably, he said, while women have even reached superhero status.

He points with even more pride to the ABC Afterschool Specials, those highly regarded dramatic presentations that deal with some of the same problems prime time television has been dramatizing lately — topics ranging from teenage suicide to rape.

The Afterschool shows have collected 43 Emmies since they went on the air in 1972. A statistic that may have influenced the prime time programmers to imitate the afternoon dramas is the fact that 70 percent of the afternoon audience is over 18 years old.

In an odd twist, one show

originally designated an Afterschool Special has been shifted to the prime time schedule.

"One Too Many" deals with that deadly combination, teenage drinking and driving, and Rushnell said the network decided to switch to evening hours to give this drama on a very serious national problem the widest possible audience.

This is not the first time ABC has switched Afterschool Specials to evening hours, which of course technically still are after school. "The Wave" and "My Mom's Having a

Baby" also aired in prime time.

It does create something of a programming dilemma, however, since the Afterschool concept was designed to fill the gap in quality programming during the afternoon hours.

Rushnell said he gets very frustrated when educators say that Saturday morning television is "the same old stuff" and fail to see the "positive evolution" that has taken place.

He said television has "the power to enrich our children while it is entertaining them," and increasingly it is trying to do just that.

The Weight & Smoking Control Method Developed By A Doctor & Granted U.S. Patent No. 4073296

LOSE UP TO 20 TO 25 POUNDS WITHIN THE NEXT 6 WEEKS

A few months ago I decided I needed to take control of my appetite and eating habits. I was really overweight and tired. My ego was pretty low, then I heard about ASM. I went to ASM and found they were really different. Not only did I learn of a new way of eating, and the use of the patented acu stim device; it put me in control to assist behavioral change of my habits. They made it easy. I am finally in control.
