I Am A Tired American

By Alan McIntosh Publisher, The Star Herald, Luverne, Minn. I am a tired American. ping boy 365 days a year.

I'm tired of having the world panhandlers use my country as a whip-I am a tired American-weary of having American embassies and information centers stoned, burned, and sacked by mobs operating under orders from dictators who preach peace and breed conflict. . . . I am a tired American—choked up to here on this business of trying to intimidate our Government by

placard, picket line, and sitins by the hordes of dirty unwashed who rush to man the barricades against the forces of law, order, and decency. I am a tired American-weary of the beatniks who say they should have the right to determine what laws of the land they are willing to I am a tired American-fed up

with the mobs of scabby-faced, longhaired youths and short-haired girls who claim they represent the "new wave" of America and who sneer at the old-fashioned virtues of honesty, integrity, and morality on which imerica grew to greatness. I am a tired American-weary unto death of having my tax dollars go to dictators who play both sides against the middle with threats of what will happen if we cut off the golden stream of dollars. I am a tired American-nauseated by the lazy-do-nothings who wouldn't take a job if you drove
