PRIVATE A. W. ANDERSON, JR. CAMP BLANDING, Mar. 20.—(Special)—The 124th Infantry, under the command of Colonel Robert X. Batley, has received in the past ten days 1,318 selective soldiers, mostly Florida men as the 124th is the 51st (Disic) Division's Florida infantry regiment. These new recruits bring the 124th up to its full wartime strength of 8,000 enlisted men.

The "old soldiers" of the regiment, all former Florida National Guardsmen, have smoothly absorbed the newcomers into the existing companies and under a carefully planned six week training program are gradually assimilating them.

Among the new soldiers is a 20-year-old Orlando boy who can fluently qualify in a "longest name" contest with 29 letters and is Constantino Arthur...

Mrs. Louis R. Burns. Mrs. Louis R. Burns is shown on the witness stand in East St. Louis, Ill., as she testified she was always "nice and sweet" to her fourth husband until she killed him. She declared she shot him in self defense after he struck her. In 1931, Mrs. Burns was acquitted for killing her third husband.

### Stewart Asks— Isn't Too Much Speech-Making Better Than None?

By CHARLES F. STEWART  
Control From Columbus ROBERT F. STEWART, Ohio congressman, wasn't referring to the old-Britain bill when he said, "Too much speech-making is better than none." Afterward a critic's comment, that our national legislators are overly addicted to oratory, he dropped that remark last December, before the issue was under discussion on Capitol Hill.

Nevertheless, quite a few of our lawmakers are spending the winter in response to attacks by some of the bill's opponents, upon its opponents, on the ground that the latter have talked against it too slowly. In part, too, the quelling of the issue is being done by some who favored the long-term plan all along. They wanted it to get a majority, but they don't think it would have been right to gag its opposition spokesmen.

Defenders of the principle of a maximum of free expression in our senate and house of representatives make the point that there's a minimum of it, or not a bit, in the totalitarian countries. They say that the national assemblies there are controlled by sympathizers with the secret doctrine, in what makes such countries totalitarian. If our two chambers aren't indeed set to muzzle their opposition, the secret theorists argue, we'll be traveling in the totalitarian direction ourselves.

The 100 per cent issue-lenders in Washington, to be sure, took the position that their opponents' scheme was to delay the bill's adoption out of pure malice. They weren't afraid any of the time, that it wouldn't go through, unimportantly amended, but they were in a hurry, and they were so vocal that they had to keep postponing an out-and-out vote on it. "They accused the 'anti' of mere filibustering, just to better 'em all they could."

Now, the issue-lender opponents have made out a pretty good case back of their claim that delay's all they've been doing for. What had they to gain by delay alone? They've known, as well as the issue-lender, that the bill finally would pass. A full opportunity, however, to approve it in front of a Capitol Hill debating board, for the sake of the record, on the committee report. And the mail that's come from Washington, from out in the sticks, has hinted to them, right in the past few days, that they've done a pretty good job. What has made the issue-lender so sure and bold the "anti" to do it?

Remember, Robert F. Stewart, the word the issue-lender can't understand the "anti" said. And what he do it to persuade? And the issue-lender if you've heard about it. They'd have the down and quartered if they could. They're ready, you may think, also that he ought to be done in. They're doing it, but you can't but admire his technique. Some of our issue-lender leaders have been rather scolding and snoring in their richdoms. But not Stewart. He can be hated, but he's no snore.

As a supporter of issue-lender, perhaps Stewart heard more heads than any other single soul, with his speech in opposition to the transfer of his department's functions to the navy's chief of the navy's naval affairs committee, having an authority on the subject of the addition of the navy's functions.

Anti-administration politicians like Senator Capper, of Kansas, Shugart, of Pa., and Vandenberg don't seem to mind. They're in the anti-administration camp.

When All Comes Bill Stewart, who's a member of the Senate, Ohio, and Republican party, a white-haired man, with a prominent nose, and a prominent nose.

### Lumber Has Many Uses In Defense

WASHINGTON, Mar. 20.—(Special)—How forests go to war was suggested in a recent address by Carlisle P. Winslow, director of the U. S. Forest Products Laboratory at Madison, Wis., when he gave a partial list of uses that indicates the wide adaptability of wood and its products.

Some uses are old and familiar, others are new developments of modern research. The list includes: wood for cantonments, barracks, hangars, boats, wharves, bridges, pontoons, railway ties, telephone poles, mine props, and shipping containers; plywood for airplanes, air raid shutters, pre-fabricated housing, assault boats, ship interiors, truck bodies and army lockers; fuel for airplanes, engines, gasolines, and trucks; pulp and paper for surgical dressings, boxes, and cartridge wrappers, and synthetic wood fibers, such as in rayon, artificial wool and cotton.

Men, women and children are manufactured each year in the U. S., says the census.

## Large Sum Is Requested For Army, Navy

### Outlay Of More Than 4 Billion Dollars Is Recommended By House Committee

## Money For New Projects Asked

### Part Of Fund Would Maintain 1,418,000 Who'll Be In Army

WASHINGTON, Mar. 21.—(AP)—An additional outlay of \$4,078,810,074 for the Army and Navy, including funds for a new plant with a capacity sufficient to supply a 4,000,000-man army on "combat status," was recommended to the House by its Appropriations Committee today.

About half of the huge fund would be a direct cash appropriation and the balance in contract authorizations for which Congress would have to provide funds later.

About half of the Army's \$3,779,504,254 share was earmarked for new projects, while \$279,300,000 was charged to "additional" funds to maintain and improve the 1,418,000 men now in service by June 30.

## Continuation Of Good Price For Celery Expected

### Only Danger To Market Will Be Spell Of Hot Weather

Prices for celery on the northern markets are "much better" this year than in 1940, W. M. Smith, vice president of American Celery Growers, said today.

Smith said that "an indication of a good price will hold firm for the remainder of the season."

A spell of hot weather might lead to a decrease in shipments, he said.

## Nazi Decree Would Punish By Execution

### Nazi Bombers Blast At London, Ports To Stop Supply Of American Supplies

AMSTERDAM, The Netherlands, Mar. 21.—(AP)—A decree today gave German High Commissioner Arthur Seyss-Inquart authority to establish machinery to execute summary justice—shooting for serious offenses—and to replace Dutch officials whenever necessary for the "public security."

Relays of German bombers, apparently here on checking off the flow of United States war supplies, early today blasted vital British ports and bombed eight London districts where workers still dug in the debris of the year's worst air attack.

A town on England's south coast was heavily attacked last night and early today when a steady stream of Nazi raiders rained heavy high explosives which shattered buildings.

The south coast town, it was learned in New York, was the seaport of Plymouth.

A correspondent at the town reported that hundreds of low flying raiders, defying a thunderous anti-aircraft barrage, subjected the coastal center to "a merciless pounding of residential and business districts for hours."

"It was the town's worst night-time blitz," he reported. "The death toll already is believed to be large and is increasing hourly as rescue squads risk their lives and concrete of bombed buildings and homes."

"Hundreds of others are homeless."

The bombing of the eight London area districts in no way commuted with the fierce blitz assault on the metropolis Wednesday night and early Thursday, however, and only minor casualties and property damage reported.

## New Members Announced By Library Group

### Tea Is Held At Mayfair Hotel By Sanford Memorial Library

By MAYME MERO HODGKIN

Members of the Sanford Memorial Association met at Mayfair Hotel Thursday to discuss further the plans for a fireproof building to be constructed to house the books and life-size portrait of General Henry Shelton Sanford, E. J. D., which his daughter, Mrs. C. Sanford Dow, wishes to have presented to the City of Sanford in accordance with her mother's wishes. Mrs. H. J. Lehman presided as temporary chairman.

Most encouraging was the announcement that several memberships have already been turned over to Mrs. Elton Moughton, and another life membership, three honorary memberships and one pledge for \$25 have been received by Mrs. Dow from friends interested and desirous of lending a hand in the establishment of the Sanford Memorial Library.

The suggestion was made that the name of the association be altered from the General Sanford Library Association to the General Sanford Memorial Library Association, which suggestion was accepted.

A motion was presented by S. O. Chase, Sr., that the ways and means committee meet and formulate plans for the raising of funds and make a report of their findings to the association at the next meeting on Mar. 29.

The resignation of H. James Gut was read and accepted with regret. Mr. Gut stated that he was sorry for the necessity of resigning but that pressure of business prevented him from attending.

## Jasper Wolfe Makes Perfect Score At Shoot

### Howey Grower Tops Match Marksmen With 296 Points

Jasper Wolfe, Howey citrus grower who is a frequent visitor at Seminole Gun Club shoots, had 100 on the pistol range and a 296 match score to top the marksmen at the club's regular match at the range near the Hotel Mayfair yesterday afternoon.

The scores on the pistol range where a police "11" target was used at 25 yards were as follows:

Jim Webb, 99; A. E. Yonally 99; Ray Williams, 99; C. E. McShaw, 98; William Booklet 97; J. A. Howard, 97; and Jimmie Lewis, 96. Others who fired were Leo Butler, A. C. Dethlefsen, Moore of Orlando, and M. J. George Cook and Mr. McShaw topped the rifle marksmen with 97, followed by Mr. Butler with 96 and Mr. Williams with 95.

Match scores were:

Overseas Highway Improvement Seen

KEY WEST, Mar. 21.—(Special)—The long awaited improvement of the Overseas Highway neared its initial phase last week when the State Road Department announced that it would receive bids for the construction of that part of the highway lying between Big Pine Inn and Pirates Cove, a distance of about 10 miles.

The right-of-way will be moved from its present location to the old railway right-of-way, and the former railroad bridges will be converted into concrete and steel highway bridges. This improvement will eliminate several dangerous curves, will shorten the route in the mainland about seven miles and will reduce the travel time between Key West and Miami.

Senators Assured Of Spending Aid Money

WASHINGTON, Mar. 21.—(AP)—William B. Knudsen today assured senators the full amount of \$7,000,000 of the British-aid fund would be committed during the fiscal year starting July 1.

"We may not be able to spend the entire \$7,000,000 in the year, but we will make commitments for it," the director general of defense assets said. "We already have plans for expending that money."

WASHINGTON, Mar. 21.—(AP)—President Roosevelt sent to Congress today the text of an agreement by which the United States and Canada propose to develop the St. Lawrence River waterway power project, estimated eventually to cost more than \$500,000,000.

The agreement is subject to the approval of Congress and the Canadian Parliament.

A deep-sea waterway linking the Great Lakes with the Atlantic Ocean with provision for 2,000,000 new hydroelectric horsepower for the two countries is contemplated.

President Roosevelt, seeking temporary escape from the weighty problems of office, was on vacation last night, but postponed until today a sea voyage aboard the White House yacht, *USS Annapolis*.

He boarded the *Patuxent* at dusk, at Port Everglades, but officers kept her tied to the docks because of threatening weather outside.

With his fishing gear also and half a dozen other devotees of the art of angling along, the President was ready to sail a week or 10 days, combining his two favorite forms of recreation—fishing and cruising. Where he intended to go, perhaps among the Bahamas, perhaps into the Gulf, remained a secret.

Crowded into quarters of the yacht were Attorney General Jackson, Secretary of War, Harry L. Hopkins, former secretary of commerce, two presidential secretaries, Stephen Early and General Watson, and Rear Admiral McIntyre, the President's personal physician.

My! Is Vice President Wallace's face red today? Yesterday he had his first opportunity to cast a vote since he became President of the Senate on an Administration measure of vital importance to the "Good Neighbor Policy" and he missed the boat because he was out to lunch.

Under any circumstances the office of Vice President is inept enough with the occupant always apt to be forgotten by the public as the more active luminaries strut the stage and his one opportunity to come forward and be someone arrives only when the Senate is tied on a controversial measure and he can cast the deciding vote and break the tie.

No more controversial measure fraught with the political dynamite has arisen in recent years than the question of buying Argentine beef for the U. S. Navy.

President Roosevelt had nevertheless hoped to remove the restrictions in the Naval Supply bill which prohibit the purchase of such Argentine beef.

The Senate voted 32 to 32 and Vice President Wallace who could have broken the tie was out to lunch. Now this is a perfectly natural mistake for a man to make.

But it does show one thing which we think should have a most salutary effect upon a large portion of the public mind. It shows how human Vice President Wallace really is.

We believe it will be a good thing for a certain portion of the public to realize this: There has been a growing tendency in certain quarters during recent years to attempt to deify many of our ranking New Dealers.

Such a frame of mind on the part of any section of the public is unhealthy. It leads to mental stasis and a dangerous intolerance toward those who dare to think for themselves.

But thank heavens, Vice President Wallace is human! He made a mistake.

Age Groups

The military man power of the United States will reach its maximum within the next 15 years and will then decrease, but the total population of all ages will continue to increase until about 1960.

At the present time the United States has a reserve of 28,000,000 men of military age, that is aged from 18 to 44, and it is expected that this number will increase to a high point of 30,300,000 about 1955.

"If consideration is restricted to the ages covered by the present Selective Service Act—that is, ages 21 to 44—the situation is even more serious," the Metropolitan points out.

Men of ages 21 to 35 may be said to constitute our first line of military manpower; either of the age groups 18 to 20 or 36 to 44, or both, may be considered our second line.

The other contingent in our second line of military manpower—men of ages 36 to 44—will not reach a peak number until some time about 1955.

IN THE CURRENT edition of the Florida Veteran, the editor, Arthur G. Keene, tells of visits to the veterans' hospitals at Bay Pines and Lake City and how he was unpleasantly impressed by the drabness, particularly of the gray bathrobes.

There is much in surroundings, in the environment, and hospitals at their best are gloomy places. If a bit of color, some flowers, pictures, brilliant bathrobes will contribute something towards happiness and health of these veterans inmates, then those things should be done.

Stewart Says—Turks Peaceful Until They Once Become Aroused!

By CHARLES F. STEWART, Central Press Columnist. THE AFFABILITY of Herr Hitler's tone of voice, in addressing himself to President Ismet Inönü's Turkish government in Ankara, isn't a surprise to Near Eastern experts in Washington.

Turkey's rather unexcitable well understood here, due to past quite intimate relations between its old regime and our own state department. American missionaries long ago established a very considerable presence in Turkey, and the American Missionary Association long ago established a very considerable presence in Turkey, and the American Missionary Association long ago established a very considerable presence in Turkey.

The story certainly does suggest a pretty wild region. Well, so it will, out in Macedonia. But the Turks naturally are a very orderly people. My visit coincided with the Young Turkish revolution against Sultan Abdul Hamid. He was in the immediate act of being overthrown. There wasn't any government. Nevertheless, a stranger, like myself, was as safe as he would be on Broadway. There was plenty of fighting, but innocent bystanders weren't molested at all.

The Americans, having been Turkey's good deal massacred, probably wouldn't take this view. I've always had a suspicion, though, that the Americans must have been kidding themselves, as to how a crowd wouldn't have massacred them.

"I've referred to the United States Senator Wheeler, Democrat, Montana, last night called upon those who opposed passage of the British aid bill to give 'continued support in a crusade against war.' 'Continue the fight, not against the bill—now a law—but against war and against every step which gives dictatorial powers to the President,' he urged in an address prepared for an NBC broadcast.

Waved on her way, the Red Cross mercy ship Savannah sails from New York for unoccupied France with a \$1,240,000 cargo of medicine, milk and baby clothes. British blockade restrictions would not allow a shipment of cereals.

This dramatic scene occurred in Allegheny General Hospital, Pittsburgh. A relative of one of the Baden, Pa., train wreck victims is being restrained by a policeman and nurse as she seeks to enter the emergency ward. Four persons were killed and at least 30 injured when a Pennsylvania Railroad train plunged into the Ohio River. The accident was laid to sabotage.

Florida Is Given Larger Allotments Of Surplus Goods

JACKSONVILLE, Mar. 21—(Special)—The national defense program has brought Florida largely increased allotments of surplus commodities, as well as air stations and army training camps. According to Charles L. Cranford, director of the State Welfare Board's Surplus commodity division, 27,539,123 pounds of commodities were distributed during the six-month period ended Dec. 31, 1940, as compared to 28,197,111 pounds distributed during the entire previous fiscal year.

The figures did not include distribution of surpluses in Duval and Hillsborough counties, where the food stamp plan was in effect, Cranford said. Free blue stamps issued in the two counties for the last six months of last year, were of a total value of \$465,766.50. Since the division has been administered by the State Welfare Board, which was inducted into office on July 1, 1937, Cranford said, distribution of surplus commodities has increased from approximately 6,000,000 pounds per year to an estimated 50,000,000 pounds for the fiscal year ending July 1, 1941. Cost of distribution has decreased during the same period from the former \$60,000 annually to \$35,000 last year, exclusive of the cost of certification of eligibility.

Increased allotments of surplus foodstuffs to the state by the Surplus Marketing Administration is attributed to the dislocation of foreign markets by war conditions and the increased necessity for larger domestic consumption.

44 Russians Were On Wrecked Train

PITTSBURGH, Mar. 21—(AP)—Forty-four Russian engineers and 18 United States soldiers were aboard the Pennsylvania Railroad's Manhattan Limited which sped along the tracks near Baden, Pa., 18 minutes before another passenger train was wrecked Sunday, railroad officials told the Interstate Commerce Commission Thursday.

The wreck-landed or sabotage by railroad officials—killed five persons and injured 114 others. Veteran railroaders expressed belief a rail has been loosened and shifted in an attempt to wreck the limited but the effort failed because of a lack of time.

Los Angeles Strike Settlement Sought

Los Angeles, Mar. 21—(AP)—The office of Production Management dispatched a member of its staff to Los Angeles yesterday to attempt settlement of a strike at the Harvill Die Casting Company whose continued production was said to be vital in the airplane manufacture program. Thomas F. Burns, labor consultant on the O.P.M. staff, expected to arrive in Los Angeles this morning and confer with representatives of the C. I. O. die-caster union, the company management and the United States securities commission. The strikers' demands include an increase from 50 to 75 cents an hour in the minimum wage.

Power Company Is Ordered Disbanded

WASHINGTON, Mar. 21—(AP)—In what Chairman Frank described as "a big step in a big job" of utility integration, the securities commission issued Thursday its first major dissolution order, calling for the elimination of the United Light and Power Company, top unit in a \$600,000,000 holding company system. The action against United Light had been anticipated by the company, which outlined last week a probable method of compliance with the integrated act of the holding company act.

Striking Bus Drivers Agree To Arbitration

NEW YORK, Mar. 21—(AP)—New York's striking bus drivers agreed last night to submit their demands to arbitration and will resume operations Saturday on two struck lines carrying 95 percent of Manhattan's surface transportation. Both the Transport Workers union, whose 3500 members on two lines struck 11 days ago, and representatives of the two tied-up companies agreed to arbitrate the 300 remaining issues, a wage scale for the Fifth Avenue Coach company employes. The other company involved in the New York Omnibus corporation.

#### Ben Hogan, Former Winner, Drops To Lowly 7th Place

PINEHURST, N. C. Mar. 21.—(AP)—In as near a thing to man to man combat as medal play can produce, Samuel Jack Snead whipped Clayton Vance Heaster yesterday and won the 89th annual North-South Open Golf Championship and first prize of \$1,000.

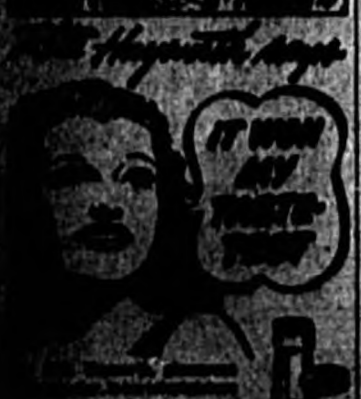

Trilled by almost all the final day gallery of 4,000, these two big hitters traded birdie punches from start to finish of the last 18 holes, with Snead ultimately the winner by three strokes. His closing 69, three under par, gave him a total of 223, 11 under par for the 72 holes. Heaster fired his fourth consecutive 70 for 280.

Virtually unnoticed was the other star in this threesome, Ben Hogan. Just a year ago it was Hogan who set the tournament record that Snead tied yesterday. This time Little Ben was out of the contention. His even par 288 good enough only for a seventh-place tie with Lloyd Mangrum of Oak Park, Ill., and 187.50.

Heaster got \$600 for second place; Willie Gorgin of White Plains, N. Y., with a 71 and 70 for 284, got third and \$500 and the two U. S. champions, P.K.A. Hisholter, Byron Nelson and Oscar Tilsholter Lawson, Little finished all even at 285 and \$350 each.

### Bit O'Green Is Feature Winner At Coral Gables

CORAL GABLES, Mar. 21.—(AP)—Bit O'Green, a fast-improving three-year-old filly, ran away with the featured Key Largo purse at favorites in several events were soundly beaten.

Capably handled by Apprentice Eddie Connelly, Bit O'Green ran the six furlongs in 1:10 3/5 and returned \$14.40, \$7.40 and \$4.80 across the board.

Proud One paid \$4.20 and \$3.80 to place and the show horse, Light As Air, the heavy favorite, turned out to be the fifth successive betting choice to lose. She dropped out eight after leading the field for two furlongs.

Conn McCreevy rode his eighth winner of the evening in the second race when his mount, Sun Antioch, was awarded first place over the disqualified Indian Penny.

Jimmy Chestnut was set down for the remainder of the meeting and fined \$100 for his rough riding on Indian Penny. Don Meads was fined \$100 after the seventh for crossing in front of his field.

Sun Antioch paid \$7.20, \$3.40 and \$2.70. Eddie Arcaro managed to place with Best Quality, which returned \$3.20 and \$3, and Steam Roller paid \$4.60 to show.

Paul Ryan stayed close behind McCreevy in their duel for jockey honors by bringing home his sixteenth winner in the seventh. He rode Hope Diamond, a \$11.70, \$6.70 and \$4.50 shot, to a hair-line victory over Flag Post. Flag Post paid \$12.40 and \$7.50, while Pleasant returned \$6.00 for show tickets on him.

### Florida Teams Set New Records During This Year

GAINESVILLE, Mar. 21.—(Special)—Football victories over Georgia and Georgia Tech in the same season for the first time in history.

The best basketball team and record since the sport was instituted at the University.

A swimming team undefeated for the seventh consecutive year, and practically conceded its fifth Southern Conference title in a row.

A boxing team made a fine showing, built around National champion Johnny Joes and an undefeated sophomore, Jim DeCuir.

These are the records that members of the current University of Florida football, track, golf, tennis, and rifle teams can view of their predecessors on the 1940-41 letter sheets from the 1940-41 season.

And the two that have opened their seasons already—rifle and tennis—did fair to equal or excel these showings. For the orange and white sharpshooters, annually one of the best rifle teams in the nation, have gotten off to a great start with 20 consecutive wins, and the inexperienced tennis defeated Georgia and tied Colorado in their first two matches.

The golfers will put an experienced combine on the links, but big "ifs" arise in viewing the track and baseball squads. Men must be developed to replace the great stars of last season's track team, and Coach Sam McAllister's heavy-hitting baseball team has only one veteran pitcher, and must depend on untried sophomores for other hurling strength.

### Leonard McLucas Elected Secretary, Treasurer Of State Coaches' Group

L. L. McLucas, Seminole High School coach, was elected secretary-treasurer of the Florida Athletic Coaches Association at a meeting held yesterday in connection with the Florida Education Association at Tampa. It was reported here today.

Other officers elected were Jack Vashborough, of Miami, secretary of the Florida Education Association, Ed Farnell, of Miami, Edith center high, first vice president, Jim Nelson, of Sebring high school, second vice president, and E. Secretary of Fort Lauderdale, sergeant-at-arms.

The coaches recommended that the Florida High School Athletic Association retain its ruling that boys can participate in high school athletics during eight months.

The creation of an insurance fund for the benefit of school athletes injured in competition was discussed by the group. The plan was endorsed by the coaches and they were urged to seek legislation permitting the creation of the fund.

"It has been talked about for years," Bob Lockett, former president of the association, said, "and other states have insurance plans to pay hospital bills for injured players, or other benefits, but this is the closest Florida has come to having one."

More than 40 coaches and athletic directors attended the meeting.

### 16 Enter Orange Picking Contest Near Avon Park

AVON PARK, Mar. 21.—(Special)—Announcing that 16 pickers would take part in the first annual all-Florida orange picking contest here Saturday afternoon, the contest committee today officially closed the entry books and made last-minute arrangements to accommodate a large crowd at the scene of the contest in an orange grove just outside Avon Park.

The official entry list follows: C. E. Spivey, representing Sanford, Frank Growers, Inc., Lake Alfred; Jesse D. Stewart, Brown, Winter Haven Citrus Growers Association, Winter Haven; Tom Ward, Charles A. Stewart Company, Arcadia; Van Deuler, Waverly Growers Cooperative, Waverly; Henry Hillhouse, Sebring Fruit Growers Association, Sebring; Amel Scott, Polk Packing Company, Winter Haven; D. B. Hoffmister, Ponce Packing Company, Deale; City Dick, East Orange Fruit Distributors, Kissimmee.

Monty Weeks, L. Mazy, Inc., Frostproof; Clifton "Red" Bennett, Lake Byrd Citrus Packing Company, Avon Park; Robinson Elder, International Fruit Corporation, Lake Wales; Frank Davis, Holly Hill Fruit Products, Inc., Davenport; Oak Supply, Green, Mandy, Inc., Sebring; Fred Farnham, Avon Park Citrus Growers Association, Avon Park; Preston Brock, American Fruit Growers, Inc., Avon Park; Clarence De. Miles, Adams Packing Company, Deale; City Dick, Avon Park.

The title will be worth \$100 in cash to the champion in addition to the honor of bringing his picking home. The prize is in addition to the \$100 prize. The champion will be crowned king of the contest. The contest will be held at the Avon Park Citrus Grove, near Avon Park, Fla., Saturday afternoon, March 22, from 10:00 a. m. to 5:00 p. m.

### Louis Defends His Title, But Fans Know Result

DETROIT, Mar. 21.—(AP)—Joe Louis, the wrecking crew for heavyweights of assorted shapes and sizes, goes to work tonight in the biggest target he has ever had as champion.

Putting his title on the line for the 16th time, the Brown Bomber moves into the Olympia to take on 250-pound Abraham Simon, New York giant who boasts a foot that's wider than old Primo Carners' "satchels," a hand bigger than any fighter in the ring, a cocky confidence—and not much more.

A crowd of more than 15,000 worth a great gate ringing the \$50,000 bill, is expected by promoter Mike Jacobs in this fourth stop on Louis' winter fight-around-the-world campaign, which, by the way, has taken him to Alameda, Bad Burnham and Gus DeLuca.

Only Abe and his mouthpiece manager James J. Johnson, believe there's any chance for a miracle tonight when the big start pitching at 10:30 P. M. Set the man at the bar, the fellow on the assembly line and the "cut little ship" sack of the hard cigar counter all give you the general idea they don't expect Joe Abe to hear the bell for the fourth round.

Stater of Grand Rapids, Mich., T. S. Sengrave, action plantation of Oklawaha, Ark., is the only owner, manager of an all-day advertising agency, Van Wert, Ohio.

It is expected approximately 60,000 spectators will be expected to see the fight. The fight will be broadcast live on radio.

### President Spivey Gets First Award Of Athletic Club

LAKELAND, Mar. 21.—(Special)—President Ludd M. Spivey of Florida Southern College has been given the first annual award of the 109 Club, a yearly athletic organization, for the person "contributing most to the advancement of athletics at the college." Presentation was made by Lloyd Lay of Lakeland, club president, during a chapel program at which Dr. Spivey awarded several varsity and intramural sweaters and trophies.

Basketball letters and sweaters, winners of the 109 Club, were awarded to Coach Spivey, Coach Tom Jeffries and Jim Charney, Jacksonville; Lester W. Kelly, Tallahassee; Captain Olive Middle and Manager "Duke" Bessett, Sebring; John Williams, Sebring; Coach Sam Lane, Daytona Beach; Charles Pierce, New York City; Perry Edwards, Sebring; Robbie Berkstrom, Lakeland.

Four 60-62 cheerleaders also received sweaters. They were Ruth Lee Cooper, Tampa; Paul Lecher, Chamberburg; Peppy Perry, Sebring; and Robbie Berkstrom, Lakeland.

### Daytona Stock Car Race Draws Many Top Drivers

DAYTONA BEACH, Mar. 21.—(Special)—Stock car drivers and racing fans throughout the southeast will converge on Daytona Beach Mar. 30 to pay homage at one of the most spectacular figure the speedometer reading game has ever known—Frank Lockhart, the youthful Indiana polo star who was dashed to his death in April, 1939, trying to better the world's straightaway record. He died behind the steering wheel when a tire blew out on his Buick Black Hawk which was traveling at a record rate of 222 miles per hour.

The occasion of the gathering here is the 100-mile Frank Lockhart Memorial stock car race, which will run on the local road-beach course in tribute to the late Frank Lockhart whose heart was stronger than his tires.

Many of the top-ranking names of stock car racing, world and national champions, including Roy Hall of Atlanta, Tommy Elmore of Jacksonville, Bill Francis and Smokey Purser of Daytona Beach, Lloyd Sears and Harley Taylor of Atlanta, Howard Just of

### British Advance On Cheren In Eritrea

CAIRO, Mar. 21.—(AP)—British soldiers basing the important Eritrean city of Cheren, moved closer to that Fascist citadel in the face of "heavy enemy counter attacks" and with the help of R.A.F. dive-bombers the British reported last night.

A general headquarters communique said Italian casualties in bitter action Wednesday were "particularly heavy."

The British forces moving in on Italian positions in Ethiopia continued their advance "satisfactorily," the GHQ said.

Cincinnati already have entered the local jousting, and a field of at least 40 drivers has been assumed for the running.

Additional accommodation and safety for spectators at the Daytona Beach Racing Association. The grandstands at both turfs have been erected and assure spectators that no car can reach there, no matter what mad gyrations it may go through, as it tries to round the turn at high speed.

A trophy, to be known as the Frank Lockhart Cup, has been posted for the winner. More than \$1,500 in cash and lap prizes also are provided.

## Senate Group Approves Fund For Aid Bill

Proposal To Reduce Sum To Three Billions Is Rejected By Committee Vote

## Easy Passage Is Predicted

Even Opponents Say Measure Will Pass With Little Change

WASHINGTON, Mar. 22.—(AP)—The Treasury announced today it had collected a record \$1,139,284,637 in income taxes in the first 20 days of March, compared with \$871,449,818 in the corresponding period of 1940.

WASHINGTON, Mar. 22.—(AP)—Reflecting a proposal to cut the amount in half, the Senate Appropriations Committee today approved unanimously the \$7,000,000,000 appropriation to carry out the Administration's British aid program.

The appropriation, already passed by the House and approved without a change after the committee voted down a motion by Senator Nye (R-ND) to reduce the amount to \$3,500,000,000.

The Senate will consider the appropriation Monday. Even its opponents conceded the bill would be approved overwhelmingly without a major change.

The House is maintaining the swift tempo of its handling of the bill.

## Tinfoil Wrappers Are Collected To Aid Great Britain

As their contribution to Britain's war effort, members of the Women's Club have placed tin foil wrappers in the drug stores of the city to collect tin foil which eventually will be made into ammunition in England.

The Women's Club will gather the tin foil from the paper cartons once a week and it will be sent to Orlando, then Miami, and then to England.

Sanfordites were asked to save their cigarette packages and chewing gum wrappers, and to drop them into the box.

Firemen have offered to strip the tin foil from the cigarette packages, and the Home Demonstration Clubs and Fourth Clubs in the county will co-operate by gathering wrappers.

Mayer W. C. Hill has endorsed the project, and offered the City's co-operation.

Members of the committee of the Women's Club who are directing the effort are Mrs. H. D. Freeman, Mrs. O. Collins, and Mrs. W. E. Shipley. The committee pointed out that collecting tin foil was one small way in which Sanford residents can aid the British.

## Hurt Truck Driver Shows Improvement

D. A. Borchert, who was injured when the truck he was driving collided with a freight train at the Geneva Avenue crossing Mar. 2, is showing continued improvement, an attendant at the Sanford-Laughton Memorial Hospital said today.

Mr. Borchert's wife, who came from their home in Thomsville, Ga., when she learned of the accident, is still in Sanford and expects to remain until her husband is released from the hospital.

The monkeys were brought to Sanford by the Sanford Zoo and are being housed on the island.

## Rotary Speaker

Thomas F. Lambert, member of the law faculty at Stetson University in Deland, will be the guest speaker at the luncheon meeting of the Rotary Club Monday.

## Rotary Club Will Hear Member Of Stetson's Faculty

Lambert To Discuss International Affairs At Luncheon

Prof. Thomas F. Lambert, a member of the Stetson University faculty since September, 1940, will address members of the Rotary Club at their regular luncheon meeting at the Waldor Hotel Monday.

He is expected to discuss some phases of international affairs. The committee on international services under the chairmanship of T. Bradford Boyd will have charge of the program.

Prof. Lambert received his B. S. Degree in political science with honors from the University of California in 1936. He was a Rhodes scholarship from the western district the same year.

He was a student at Oxford University from 1935 to 1939. Concentrating on legal studies while at Oxford, Prof. Lambert received an A. B. degree in 1939 from the Final Honor School of Jurisprudence, and in 1939 won his bachelor of civil laws degree from Oxford.

Formerly a lawyer in Detroit, Prof. Lambert is 25 years old and since becoming a member of the Stetson faculty he has been recognized as one of the most active and energetic speakers in Central Florida.

## Colored Baseball Fans Give Money

Another contribution from negro baseball fans has been received by Otto Caldwell, president of the Sanford Baseball Association.

Charlie Gibson, negro foreman of the colored workers at the Florida Pre-cooling plant brought in a letter and \$12 collected from the workers, to go towards the expenses of the local team.

The letter is as follows: Dear Mr. Caldwell: Please accept this amount of money coming from the Florida Pre-cooling System, Charlie Gibson, foreman, and other colored baseball fans of Sanford.

Signed: Charlie Gibson

## Roosevelt And Officials Begin Deep-Sea Trip

Potomac, Presidential Yacht, Puts To Sea With Sun Shining And Water Smooth

ABOARD THE USS. BENSON, At Sea Off the Florida Coast, Mar. 22.—(AP)—President Roosevelt began his long-delayed deep-sea fishing vacation trip today when the White House yacht Potomac put to sea with the Chief Executive and other high government officials aboard.

The sun was out and there was scarcely a ripple on the water as the Potomac headed into the Atlantic shortly after 9:00 A. M. (EST).

The President and his party had planned to leave for a fishing cruise either Thursday night or yesterday, but because of unfavorable weather conditions the Potomac and the Benson stayed in port.

The weather cleared considerably yesterday afternoon, however, and word came from the Potomac last night that unforeseen developments occur the voyage would begin today.

Navy officers late yesterday continued to say the sea was rough outside the harbor, but to observers on shore the weather did not appear unduly bad. Small craft were leaving the harbor and freighters plied the sea lanes outside.

Speculation began to develop whether adverse weather was the only factor delaying the start of the cruise and whether the President might have received word that some development in the world situation was imminent so as not to wish to go to sea.

From the Potomac, press Secretary Stephen Early said that the President was merely "waiting for more favorable weather."

## Woman, 75, Makes First Plane Trip

Mrs. E. A. Johnson, 75, mother of Alex Johnson, vocational instructor at Seminole High School, embarked on her first plane trip today when she left the Jacksonville airport at 1:30 o'clock for her home in Washington, D. C.

Earlier today, Mr. Johnson said she was looking forward to the trip with delight. The instructor was accompanied on her first plane trip today when she left the Jacksonville airport at 1:30 o'clock for her home in Washington, D. C.

A former resident of Florida, Mrs. Johnson has made her home in Washington since the death of her husband. She has spent the winter in this state, visiting her sons in Tampa and Sanford.

## Citrus Growers Will Meet Tuesday Night

Citrus growers of Seminole County will hold their annual meeting Tuesday night at 7:30 P. M. at the Chamber of Commerce, E. F. Haines, president, announced today.

Officers will be elected and legislation affecting citrus will be discussed. The rules for securing soil conservation funds for farmers will be explained, Mr. Haines said.

## WAS THIS YOU?

Yesterday's identification was E. E. Laney of the Florida Power and Light Company.

Friday night at 9:00 o'clock, you were in the Bunch House chatting with a fellow who is known to all of his friends as "Swede." You were wearing a plain white shirt, striped tie that you think was a birthday present given you last November, dark trousers of a steel-blue color and tan shoes. Your coat, which came in for quite a discussion, was a light tan affair such as a druggist wears.

Another gentleman who came in from a rear door, was addressed by you as "Dr. Killdare," much to the delight of a local man who was enjoying a combination of tea cream and ginger ale at the counter. When you saw your car was stopped to view. You seemed proud of your association with the local Home Defense group which has the place at the National Guard "grounds" which cracked at you for about a minute when you found a local theater.

Identify yourself at The Herald office before your name appears in the Herald Monday in our "Was This You?" column. If you are a "Swede" please write how to make such things as automatic worry-free rounds, sponge gardens and mechanical...

## Mrs. Watt Is Scheduled To Address Clubs

British Woman Leader Will Describe English Food Needs

Mrs. Alfred E. Watt of London, president of the Associated Country Women of the World, is scheduled to speak on the need of vegetable gardens in England since the war.

Mrs. Watt first organized the Associated Country Women in England and saw a world-wide need for it. Mrs. Andrews explained. She then organized the groups in 28 countries throughout the world. The group is similar to the Home Demonstration Clubs of this country, Mrs. Andrews said.

The speaker has direct touch with conditions in England since she wintered in the United States place in Canada. Her son, who was an editor of the London World Telegram, is now in active service with the army in England.

Mrs. Watt is spending the winter as the guest of Mrs. Blanch Hopkins at Melbourne, according to a letter received by Mrs. Andrews from Mrs. Carrie W. Foster, associate state director of the Farm Security Administration.

## Milton Sackett Writes Stories And Articles For Children's Publications

Writing children's stories may seem easy, but take it from Milton S. Sackett that it's no soft job.

Until two years ago, Mr. Sackett, a retired Episcopal minister, had written nothing but sermons. Seeking an interesting avocation to occupy his spare time, he turned to writing fact and fiction for children's publications.

Most of Mr. Sackett's work has been published in young people's magazines printed by churches, such as the Young Catholic Messenger and the Methodist Story World. Some of it is distributed by newspapers, syndicates, and nearly every Sunday he has something on the children's page of the Florida Times-Union.

Keen-eyed and alert — you'd never guess he was 50 years old — Mr. Sackett specializes in "how to do" articles, which show children how to make such things as automatic worry-free rounds, sponge gardens and mechanical...

## Brushes From Palmettos Made In Ox Fibre Plant

Official Praises Work Of Defense Industry Classes

Sanford as it appears, one of Sanford's biggest industries is located in Volusia county. It is the Ox Fibre Brush Co. Inc., situated about 1 1/2 miles off State Road 3 just beyond the Monroe Bridge, where an average of 400 brushes daily are made from the fibres of the palmetto tree. Twelve buildings comprise the factory are set out neatly on a 12-acre tract. About 100 persons are employed, many of whom live in Sanford, and care is a yearly payroll of \$100,000, much of which is spent here.

Built in 1928, the factory is a branch of the main plant of Ox Fibre Brush Co. Inc., located in Sanford, and owned by the family of the late A. C. Robinson, a formerly resident of the DeLand Hotel Co.

There are three plants made by the Ox Fibre Brush Co. Inc. but the one here is the largest of any kind in the world. The palmetto fibres of a local variety from a Florida cane in a neighborhood's bushes along the highway, but one that is as long as a foot.

After being cut in the work or sawed by negro workers the small palmetto trees are stripped of their fronds and brought to the factory by truck or railroad car. A side track runs to the factory's stream ways where the trees are cut into "bunches" and packed for 60 hours.

This steaming softens the wood so that the next step in the process is made easier. The wood is pressed against a revolving drum.

## Townsend Clubs To Meet In St. Cloud

Townsend Club officers and workers in the fifth congressional district will attend a conference in St. Cloud Sunday at 10:00 A. M., at which John H. Webb will be the speaker. The meeting will be held in the Tourist Park. After the conference, the advisory council will meet to elect officers and to discuss ways to strengthen the organization and widen its service. Dinner will be served at the park, and at 2:00 P. M. there will be a mass meeting which the public is invited to attend.

## British Hail Serbs' Revolt Against Axis

London Circles See Popular Opposition As Loss Of Nazi Power In Balkans

Plymouth Gets Second Attack

Turkey Believed Giving Free Hand In Opposing Germans

ANATOLIAN Turkey, Mar. 22.—(AP)—The Turkish press, closely controlled by the government, emphasized today that this country is prepared to resist Axis aggression or interference should it now being employed against Yugoslavia.

Optimistic British circles said today the growing wave of popular opposition in Yugoslavia against the government's plan to affiliate in a modified fashion with the Axis would block temporarily any attempt to throw the Balkan front over to the side of Axis forces.

The prevailing political revolt against the government's plan to capitulate to Nazi demands curbed the independent Democratic party, the fourth and most important in the country, for days. It was reported that the party's members in government offices were resigning.

Following the resignations yesterday of three members of the cabinet, six opposition spokesmen, members of the Serbian parliament and independent Democratic parties were reported planning to quit their offices, a move which would lead to a general strike in Belgrade.

SKIDMORE, Mar. 22.—(AP)—William E. Skidmore, whom the grand jury indicted for the murder of a woman, was sentenced today to 30 months in prison and fined \$500 and costs for having evaded \$34,000 in income taxes.

## New Streamlined Train Will Cut Time Off New York-Florida Run

ORLANDO, Mar. 22.—(Special)—Beginning May 14, Orlando will have a giant streamlined train direct to Washington, and New York City to start the summer service of the Atlantic Coast Line. Ray Paschall, district passenger agent, disclosed yesterday.

The new streamline will have a running time between Orlando and New York City of less than 25 hours. It is believed cutting the present time considerably.

It will be pulled by a giant Diesel-electric powered engine capable of making speed of as high as 110 miles per hour, although the schedule will not be that fast. Officials pointed out that such a service would bring many more tourists and winter visitors to Orlando and central Florida.

In addition to the streamlined train, the city will have a new passenger representative, who will be made and male attendants, who will be reserved at no extra cost. Schedule of the new streamlined train has not yet been disclosed, although its release is expected shortly.
