## BEER MADE LEGAL AFTER APRIL SIXTH

### President Puts Signature Upon Measure Insuring Brew Of 3.2 Percent Power

WASHINGTON, Mar. 22.—President Roosevelt signed the 3.2 per cent beer and wine bill into law today immediately on receiving it at the Capitol.

It legalizes beverages to be sold where not otherwise prohibited as soon as the clock strikes at midnight April 6.

Fourteen states allow beer which must be held to 3.2 percent alcohol by weight or four percent volume.

Waiting no time on the act to which he looks for at least \$125,000,000 tax contribution toward balancing the budget, the President as soon as the bill reached the White House crossed over to his cabinet room to affix his signature along with that of Vice-President Garner that had been put on two minutes after the Senate vote.

The President went to the cabinet room by pre-arrangement to enable photographers to record the scene.

## Atlantic National Bank Declares Its Quarterly Dividend

Directors of the Sanford-Atlantic National Bank yesterday afternoon during their monthly meeting declared the regular quarterly dividend of \$1.30 per share on the Capital Stock of the bank, payable April 1, 1933.

The directors learned with interest that since the lifting of the moratorium on the affairs of the bank, deposits had increased over \$300,000, and the volume of business handled had far exceeded any ever done by the bank and its officials.

Arthur Branan, cashier of the bank, stated that "business, as reflected in our activities since the reopening of the bank last week, seems back to normal as far as Sanford is concerned. Many merchants report that they are well pleased over the outlook and a return of business prosperity, and I would say that there is a definite twinkle for the better in this city."

Only one difficulty that is noted locally is the fact that checks and drafts are collected as quickly as possible, because of unprecedented conditions that have arisen since banking holiday was lifted. It is said to say that millions of checks and drafts are being handled by the banks in the largest city. Naturally it is difficult to get speedy action, but I am sure that they are being handled as quickly as is possible.

These present at the meeting were: Linton E. Allen, Arthur Branan, as cashier of the bank, E. O. Shiloh, F. J. Foltner, of Ocala, W. C. Hill, R. A. Newman, and Joe Cameron, as directors.

## Vets To Be Consulted Upon Proposed Cuts

WASHINGTON, Mar. 22.—(AP)—John Taylor, legislative officer of the American Legion said today his organization had been assured by President Roosevelt and Director Douglas of the Budget Bureau that its opinion will be sought on proposed cuts in veterans' expenditures. Taylor said he would submit these regulations to the administration planned to get taken in veterans' expenditures and then invite the organization to express opinions on them.

The regulations are presumed to be:

## TIRED PRICES CUT

## New Prussian Diet Acclaims Political Union With Austria

BERLIN, Mar. 22.—(AP)—Prussia's new diet acclaimed a policy of political union with Austria at its first meeting today. Controlled by Chancellor Hitler's Nazi party it jammed through the election of officers, a committee and approved the keynote speeches by aged General Karl Litzmann, speaker protem, and Hans Kerrl, who was re-elected speaker. The house declined amid jeers to liberate several socialist members detained in prisons for political offenses.

## U. S. ACTS TO GET FACTS ON REPORT OF JEW BAITING

### Presentations May Be Made To Germany If Stories Are Proved

WASHINGTON, Mar. 22.—(AP)—The United States moved promptly last night to obtain from its embassy in Berlin official information on complaint brought to the attention of the state department by American Jews that members of their race are being mistreated by followers of Chancellor Hitler.

Immediately after receiving from a delegation headed by Rabbi Stephen S. Wise, complaints of "indignities and outrages" against Jews in Germany, the department called Ambassador Eckert in Berlin, telling of the "deep concern" being caused by these reports and asking detailed information as to their accuracy.

The action was interpreted as verifying that if the reports are as stated officially, the United States may make formal protest to the German government headed by the "Fuehrer" Hitler, whose accession to power was marked by repression.

## Many Are Expected To Attend Y.M.C.A. Convention Here

Between 40 and 50 outstanding business and professional men of this state are expected to gather here tomorrow for the Florida State Young Men's Christian Association convention which opens at 1:30 o'clock at the Episcopal Parish House, Harry P. Heermance, of Miami, president of the organization, will preside.

The public is invited to the afternoon session which adjourns at 5:00 o'clock, and the closing session Friday morning from 9:00 o'clock until noon.

City Commissioner T. L. Dumas will welcome the delegates to the City when they gather at the supper tomorrow night while the principal address of the evening will be made by Dr. Kenyon L. Butterfield, former president of Michigan Agricultural College. Dr. Butterfield has recently returned from the Far East, and he will talk about his observations in foreign countries, particularly as they relate to young men. The Kiwanis Male Quartet will provide the musical portion of the program.

Election of officers will form a major item at the closing session on Friday morning.

## Lambert Dies From Wound Made By Son

COLUMBUS, Ohio, Mar. 22.—(AP)—Dr. Foyas Lambert, nationally known football authority, died today of wounds received when shot by his son, Samuel, 17, during a family quarrel. Lambert, a member of the advisory council of national football rules committee, shot at his son of all blame before he lapsed into unconsciousness.

Police said Mrs. Lambert told them she called her son to aid her when her husband, who had been drinking, attempted to choke her and twist her arm. When the boy entered the said Lambert grabbed the revolver and in the struggle with his son, the weapon was discharged.

## MITCHELL IS ARRESTED ON TAX CHARGE

### Erstwhile New York Banker Served With Federal Warrant At 5th Avenue Home

NEW YORK, Mar. 22.—(AP)—Charles E. Mitchell, resigned chairman of the National City Bank of New York City, was arrested at his Fifth Avenue home last night on a federal warrant charging willful attempt to defraud and evade the income tax law.

The warrant was signed by Federal Judge Alfred C. Cox and was served by United States Marshal Raymond J. Sullivan. It was based on an affidavit and complaint by Thomas E. Dewey, chief assistant United States attorney, and charged specifically that Mitchell attempted to evade a tax of \$657,182.40 on a net income of \$2,823,405.85 for the year 1929.

Mitchell was taken immediately to the federal building to post bond. It was charged in the warrant that Mitchell purported to sell 18,300 shares of National City Bank stock to his wife, Mrs. Elizabeth Rend Mitchell, at \$212 a share on Dec. 20, 1929, but that there was no actual sale of the stock.

The government charges the purported sale was accomplished without the passage of any money but by an exchange of letters. Dewey's complaint states that Mitchell had a gross income for 1929 of \$7,006,705.76, including \$1,204,195.02 from salaries, \$140,103.74 from interest on bank deposits and bonds, and \$1,388,237.97 profits from sales of stocks and bonds.

Other items making up the gross income Dewey said, were: \$202,474.49 from dividends, \$1,789.12 taxable interest on Liberty bonds and \$4,563.78 from directors' fees. He filed lawful deductions at \$183,899.91.

Dewey set forth in his affidavit that Mitchell's tax return for 1929 showed a purported net loss for the year of \$49,000 and that accordingly he had paid no tax. Dewey personally examined Mitchell, who voluntarily submitted last Thursday, the affidavit said.

## Municipal Court Is Featured By Light Docket On Monday

Monday's police court docket was disposed of as follows:

Ed Randall, white, charged with driving an automobile while drunk, was given a 60-day jail sentence that was indefinitely suspended.

Edward Blocker, white, charged with loitering, was dismissed.

Morris Garrett, white, youth charged with breaking and entering Laney's Pressing Club, was transferred to the county for trial.

Roy Pierce, white truck driver, who is charged with hauling passengers who hung their legs over the sides of the trucks, will be tried Monday.

Daisy Ballard, Robert Jones, and Sally Jones, charged with disorderly conduct, will be tried Monday.

Disorderly conduct charges against Wilbur Jordan, Margie Dixon, Elijah West, resulted in their being fined \$5 each.

## Roosevelt Has No Idea Of Asking Power To Put Off June War Debt Payments

WASHINGTON, Mar. 22.—(AP)—In the first White House pronouncement on war debts since the Roosevelt Administration took office, it was stated flatly yesterday that the President has no intention of asking any power from Congress to defer the June 15 payments totaling more than \$144,000,000.

The President was described in authoritative quarters as, expanding that the same due on that date will be paid.

At the same time, the administration is preparing to enter negotiations with the debtor nations, first of all with Great Britain, which owes the largest sum of all and has \$75,500,000 coming due on June 15.

As Congress must pass upon any agreements reached in connection with debts, the President, as he indicated two months ago in Florida, hopes for the appointment of a congressional advisory committee representing both houses to keep in touch with him during the debt negotiations.

The actual dickering, however, will be strictly in the hands of the executive branch. The series will be held by the President (Continued on Page Two)

## Another More Severe Quake Is Predicted

Seismologist States  
Heaviest Tremor  
Hasn't Arrived Yet

LOS ANGELES, Mar. 22.—(AP)—The possibility of another major earthquake in Southern California was disclosed yesterday by Dr. H. O. Wood, Carnegie Institution seismologist, at an inquiry to the bodies of 80 persons killed in the disaster of Mar. 10. Dr. Wood told the jury of structural engineers and scientists that "the heaviest earthquake of the series that has visited this region in the last two decades 'is yet to come.'"

The scientist's testimony interspersed attacks by expert witnesses. (Continued on Page Two)

## Doheny Is Defendant In \$12,600,000 Suit

LOS ANGELES, Mar. 22.—(AP)—A \$12,600,000 damage suit filed in the United States district court, today, echoed the Albert H. Fall bribery case. The defendant is E. L. Doheny, multi-millionaire oil man, who allegedly offered \$100,000 bribe to Fall, then secretary of the interior to obtain valuable oil leases in California.

The suit charges Fall and Doheny combined, conspired and conspired to defraud the United States to bring about leases for private gain of Fall and Doheny. William McDuffie, receiver in equity for the Pan-American Petroleum Company, of which Doheny was the former head, filed the suit in behalf of the stockholders.

IT ALL HELPS OUT

SARASOTA.—Mrs. Aleana Kelly, sixty, of Mrs. John Ringling, was awarded \$50 weekly temporary alimony and preliminary attorney's fees in a divorce suit against Franklin Kelly, New York. Mrs. Kelly charged desertion.

## IL DUCE PEACE PLAN RECEIVES FRENCH FAVOR

Moral Support Of U.S.  
For 4-Power Pact  
Ardently Desired,  
States Mac Donald

PARIS, Mar. 22.—(AP)—Premier Mussolini's peace plan was accepted in principle yesterday by the French.

The moral support of the United States for the four-power peace pact is ardently desired, Prime Minister Ramsay MacDonald, of Great Britain, said today.

The French ministers said in a communique that they desire to see the four European powers—France, Britain, Italy, and Germany—co-operate to keep peace within the frame work of the League of Nations.

MacDonald, explaining the reasons for the four-power initiative, said the British policy was to seek a more neighborly feeling in Europe. When he was in Rome last week-end, the prime minister (Continued on Page Two)

## Norris Offers Amendment For Radical Change

Legislative Proposal  
Would Spell End Of  
Electoral College

WASHINGTON, Mar. 22.—(AP)—To permit what he termed a "truer expression of the people's will" in selecting their President and Vice President, Senator George W. Norris (R., Neb.), yesterday introduced his proposal for independent candidates and abolition of the electoral college.

"Abolition of the 'lame duck' amendment ending the short sessions of Congress and bringing new Congressmen and executives into office in January instead of March, Norris has sworn to fight just as hard for this plan, which he has championed unsuccessfully for some years.

It took him almost 10 years to get the "lame duck" amendment (Continued on Page Two)

## Part Time Evening Class To Hold Meet

Members of the regular Part Time Evening Class are expected to gather at Seminole High School tonight at 7:30 o'clock for the final session of the season, according to Alex R. Johnson, class adviser.

At the same time he has announced that Frank Brunley, agricultural economist of Gainesville, will deliver an address on "Feeding Facts" before members of the Commercial Poultrymen's Evening Class at the school tomorrow night at 8:00 o'clock.

THE HUMILIATIONS

SEATTLE.—John Lund, 35, feels keenly the loss of his suit. It has been gone since last Dec. 22, when he sent it to a cleaner in preparation for Christmas festivities. He filed a suit against the company making \$35 for the suit and \$50 for his humiliation.

## Poultrymen Form Association For Protecting Public

Giving enthusiastic support to an invitation to form a poultrymen's protective association, a large group of Seminole County leaders of that industry, augmented by a group from Volusia county, last night met at the City Hall and formed a "Seminole County Poultrymen's Association."

G. E. Housman, of Paola, was named temporary chairman, and Karl E. Nordberg, of Sanford, was named secretary. The following were named as members of an Executive Committee which will draft a series of resolutions that will be presented to both the City and County commissioners within the next few days: H. H. Murrehead, Lea Tyler, of Sanford, J. R. Houghton, of Lake Mary; A. C. Tyson, of Sanford, and Ted Hunter, of Osteen.

The purpose of the Association is to protect the local consumer of eggs and poultry, and to combine all local poultrymen into a strong organization which will maintain the rights of all members at all times. The public is invited to join the Executive Committee and appear before the City Commission next Monday night to ask support of the protective resolutions that will be offered.

## Cowan Is Appointed Manager Of Casino

George W. Cowan, son of Mr. and Mrs. J. H. Cowan, of this city, has recently been appointed as manager of the Pensacola Beach Casino, principal amusement center of that West Florida city, according to word received here today.

Mr. Cowan has been in Pensacola for the past seven months, and has been acting manager of the Casino for the past three months.

Russell Gill, general manager of the Pensacola Beach Corporation which controls the Casino, in making the announcement, said that "I am pleased to announce the selection to the public. There have been many inquiries as to the management of this summer, and I am certain that Pensacola and the thousands of summer visitors we are sure to have, will find in the Casino manager a pleasing and efficient executive."

## 700 Miners Threaten To Starve In Shaft

WARSAW, Mar. 22.—(AP)—Declaring they would rather die of hunger under the ground than slowly starve to death while waiting jobs, more than 700 coal miners at Kilmontgomery refused to mine at the surface after compelling Saturday's shift. They remained underground on a hunger strike in protest against the mine operators' plan to flood the two shafts in which they work.

## Cabinet Approves Sholtz Lobby Luca

TALLAHASSEE, Mar. 22.—(AP)—State cabinet officers today approved Governor Sholtz's plan for curbing lobby activities during the 60-day meeting of the legislature opening April 4. The governor and his cabinet officers, sitting as a board of commissioners at that institution, went on record as opposed to any state department granting leave of absence to any employee so the employee may obtain a position with the legislature or with the lobby group.

## MAD OHIO RIVER CONTINUES UPON UNYIELDING RAGE

Swirling Current Is  
Menace To Cities  
In Indiana And Ohio

CINCINNATI, Ohio, Mar. 22.—(AP)—The mad Ohio River and tributaries continued an unyielding assault upon backside cities in Ohio, Kentucky, and Indiana today as the murky, torrent approached the Mississippi.

Coast of the flood rode hard upon Cincinnati during the night while a score or so of municipalities upon each side of the peak water struggled to care for many thousands of temporarily homeless.

Relief progress was the more acute because winter had returned to the valley. Although the cold blast had ended the heavy rain of the last fortnight, it also made imperative the need of food and shelter for the destitute.

The four day old flood had cost nine lives and probably many millions in property. Ohio officials alone said damage to bridges and highways in this state was more than \$1,000,000.

Such large centers as Cincinnati, Newport, Ky.; Covington, Ky.; Louisville, Madison, Ind., and Portsmouth, Ohio, were harassed by the climbing waters.

Two dykes protecting part of Cincinnati's east end were threatened seriously and one of them actually gave way at an isolated point, sending

## Driver Of Death Car Is Absolved By Orlando Jury

ORLANDO, Mar. 22.—A coroner's jury yesterday exonerated W. C. Sherman, Panama City lumberman, of the deaths of Mr. and Mrs. T. J. McKenny as the result of a car accident on the Sanford-Orlando road Mar. 5.

Exact wording of the jury's report was that Mr. and Mrs. McKenny died as the result of an automobile accident due to the negligence of W. C. Sherman, but not criminal or culpable negligence.

Investigators blamed the accident, one of the most nearly fatal in the past three years, on construction of the asphalt and construction of the road in that stretch.

## Six Gunmen Rob Bank Of \$4,000.00 In Cash

CHICAGO, Mar. 22.—(AP)—Six gunmen fled with \$4,000 in cash and the contents of a postal station's depository and 40 private safety deposit boxes today after dynamiting the walls of the vault in the suburban Argo State Bank. A large steel vault containing most of the bank's cash was left untouched.

## JOBLESS PLAN OF ROOSEVELT GIVEN SETBACK

Temporary Delay Met  
When Committee  
Decides To Hold Hearings  
On Legislation

WASHINGTON, Mar. 22.—(AP)—President Roosevelt's reforestation employment program met at least a temporary delay today when the House labor committee decided to hold hearings instead of acting immediately.

Representative Byrnes, Tennessee House Democratic leader, told newspapermen the current gallon tax will be considered at the special session. The present tax expires July 1, 1933, and an endorsed annual continuation within the London treaty limitations as a means of providing employment.

The nomination of Robert Bligh, Louisville, to be ambassador to England was unanimously approved by the Senate foreign relations committee which held up the action for a week.

It is understood that President Roosevelt will send to Congress by the end of the week his proposals for refinancing agriculture and home mortgages.

Political explanations filled long hours of House debate yesterday—a crushing force of a huge Democratic majority pushed the administration farm relief bill toward certain passage today.

Several amendments were devoted to analyzing provisions of the intricate Roosevelt plan for boosting farm buying power. But in a continuous procession, members after member arose to say why he was voting for or against the measure.

"Mostly it was a case of 'Follow the President,' Bankhead, Democrat, Alabama, sounded the keynote when he called up a rule to prohibit shifting even a cent in the 10-penn measure. He frankly announced the rule 'automatic' (Continued on Page Two)

## Petition of Miller Against F. P. & L. Is Denied By Court

Circuit Court Judge Millard B. Smith this morning denied former city commissioner Frank L. Miller an application for an injunction to restrain the Florida Power and Light Co. from cutting off his current because Mr. Miller had refused to pay his bill in full.

The case was argued at Tallahassee this morning according to a telephone message from the Florida Power and Light Co., which presented a motion to strike Mr. Miller's bill of complaint and application for injunction from the files.

Mr. Miller, S. R. Dighton, his attorney, and City Attorney Fred R. Wilson were in attendance at the hearing.

Mr. Dighton this afternoon stated that "the Court after due consideration of the agreement of the Florida Power and Light Co., Florida Power and Light Co., through its attorney Mr. Landis that it would not disturb its electrical service now being supplied through its lines, stated that in the Court's opinion the application for injunction should not be granted unless it is accompanied by an amendment to the original bill of complaint filed by Mr. Miller rather than by a supplementary bill of complaint."

"The Court's decision therefore," Mr. Dighton said, "is based upon a mere matter of procedure. We have an engagement before Judge Smith on next Wednesday when the matter will be presented again by way of amendment. This case is going to be pushed to a conclusion."

H. S. WHITE IS BETTER

Advices from the Female Laughton Memorial Hospital this afternoon indicate that the condition of representative-elect H. S. White has taken a turn for the better although he is still in critical state. Mr. White was operated upon early yesterday.

**GEORGIA'S AUTO TAGS ARE SOLD AT \$3 BARGAINS**

**Governor Issues Order After Solons Fall To Cut Price**

ATLANTA, Ga., Mar. 21.—(AP)—Georgia's automobile tags for 1933 went on bargain sale yesterday at a flat rate of \$3 as fixed by executive order of Governor Talmadge.

The order was first issued at midnight Saturday after the legislature failed to enact legislation fulfilling the governor's campaign promise of a \$3 tag.

It was re-issued yesterday to preclude any question of legality, and after a hectic morning in which the governor ordered the adjutant general to "stand by" to see that his tag decision was carried out, and in which he had removed the name of Marcus P. McWhorter, motor vehicle commissioner from the payroll "for lobbying around the legislature and making the statement, held wait for a court order" before accepting \$3 for a tag.

Last year, a total of 291,199 tags were sold to passenger car and truck and bus owners, bringing a net total of \$7,336,612.19 to the state treasury. Should the same number of tags be sold this year at the \$3 rate, the state's income would be \$873,594. Funds obtained from tag sales in Georgia go to the State Highway Department.

The game will start at 8:30 o'clock and will be played under floodlights brought to the City by the House of David team. This team comes from the famous, House of David religious cult and has been drawing large crowds wherever it has appeared. Eating meat, fish, fowl or lard, or cutting the whiskers or hair is against their religious beliefs.

**Rise In Prices Is Seen By Member Of Coca-Cola Family**

ORLANDO, Mar. 21.—Rise in commodity and all other prices was predicted yesterday by Walter Candier, member of the famous Atlanta family which several years ago sold its Coca-Cola interests for \$25,000,000, who stepped in Orlando to drive his filly, Deboutante, at the Seminole Driving Park.

The rise is credited by Mr. Candier to the "new deal." An enthusiastic Roosevelt man, the Atlanta real estate dealer believes the President has made a splendid start on four good years for the United States.

Mr. Candier visits Orlando about four times a season. His principal interest here is the harness racing track near Longwood where Fred Egin, nationally known reinsman, is grooming Deboutante for the Grand Circuit. Mr. Egin once trained the Candier horses near Atlanta.

**General Sales Tax Suggested To Keep Schools Operating**

ORLANDO, Mar. 21.—A general sales tax was proposed by G. M. McKenney, Orange county tax collector, yesterday as a substitute for the state ad valorem tax for school purposes.

The proposal was made to delegations visiting the county commissioners who refused a request for \$18,000 excess fees needed by the county to round out its own budget, which is threatened with a deficit by strictest economy, is not observed.

Mr. McKenney and Judson B. Walker, county superintendent, were supplied with copies of the Dade county bill, which would place a three percent tax on all retail sales for school purposes.

As conclusive evidence that tax collecting is becoming annually more difficult, Mr. McKenney cited the \$12,000 collections by his office in March 1932 against \$12,000 for the same month 1933. The delegation agreed to secure copies of the bill to present to school mass meetings at Memorial junior high school Thursday night.

Mr. Walker, seconded Mr. McKenney's request for action to relieve the school situation. Parents disappointed over the eight months' high school term for this year received even less encouragement for the 1933-34 term provided Gov. Sholtz' program is accomplished.

**This medicine can change your whole outlook**

It's lucky for a lot of us that happy health does not depend on strength. But like any other machinery, the human machine must be properly regulated to run right.

Here is a simple means of regulating the system which most people will be mighty glad they tried. You may think yourself in fairly good health today, and after two weeks of this stimulation realize you were only half alive.

This way of staving a complete physical "come-back" is a famous doctor's prescription, so do not be afraid to try it! Any druggist has Dr. Caldwell's Syrup Pepsin. It is made of fresh herbs, active senna, and pure pepsin. Start today! One spoonful will drive away any bilious headache. A larger dose will clear up any constipated condition. A little every day or two will relieve auto-intoxication—and from that day on, you are a changed man. Or woman! This likeable and agreeable medicine does something for women! And gives sluggish children appetite and energy, and real bowel movements. (Syrup Pepsin is the only laxative a person needs at any age.)

Did you know that you can try a bottle of Dr. Caldwell's Syrup Pepsin and receive your money back if you don't feel better in every way?

THE WAY OF SAFETY: The Lord knoweth the way of the righteous; but the way of the wicked shall perish.—Psalm 1:6.

A GOOD NAME THE BEST ASSET: A good name is rather to be chosen than great riches, and loving favour rather than silver and gold.—Proverbs 22:1.

THE LAKES OF CONNEWARE: Across the sleeping lake the salty breath, Of ocean, heaving the moisture on the bough, Breathing and blowing the sea-fog to and fro, Dies on the silver marsh in one long slow sigh, and the watery waste is still as death.

With the General Motors Corporation and the United States behind the new Detroit bank, it ought to be a fairly safe repository for money.

Orlando gets some valuable advertising from the pen of Will Rogers who concluded his daily stroll yesterday with "God bless Oklahoma, Ma." "Yoboo, we only live twenty miles away."

In a recent film, John Barrymore as "The Great Dictator" reminded him of the "God bless Oklahoma, Ma." "Yoboo, we only live twenty miles away."

Germany's Attack On Culture

It is regrettable that violent political eruptions such as the Red revolution in Russia and Hitler's overthrow of the Republican government in Germany should be accompanied by attacks upon culture and the inflaming of racial and religious hatred.

An eminent German writer has recently disclosed some of the anti-intellectual efforts of Hitlerism. He declares that school children are being taught prayers of hate against other children, that a concerted attack is being made upon the arts, that German Fascists are shouting for the destruction of the Dessauer House, an international shrine of architecture, and that the radio, films, and stage are all coming under the censor of an uncultured element.

It is claimed that the universities, once the seat of the greatest intellectual attainment, are now being made hotbeds of extreme nationalism, and that such learned scientists as Albert Einstein and Richard Wiltstatter, another German Nobel Prize winner, are being constantly vilified by the Nationalist press. Professor Emil Gumbel, of Heidelberg University, one of the best mathematicians, has been expelled on account of his views on war. Professor Ernst Cohn, national economist, has been muzzled by political pressure.

One of the worst features of the new Nationalist spirit is the senseless racial hatred which has been stirred to fever pitch and which is being concentrated against the Jews. The apostles of Fascism are reported as blaming the Jews for all the ills of the world and Hitler is said to have declared in one of his speeches that the Jews have conquered Europe and America and that they are now engaged in a conspiracy against Japan, in order to conquer Asia.

Such childish pronouncements are deserving of no consideration and would go unnoticed if not delivered by the dictator of a great nation and were not a manifestation of the underlying madness of a big political faction.

Hitler's chances of making a successful dictator, under the best conditions, appear slim, but a sure way to bring about his own downfall would be a continuance of a policy which seeks to impair the nation's once peerless scientific efforts, her universities, her educational system, her theater, music, and literature, and to prosecute a race which has contributed in such great part to Germany's cultural advancements.

Florida Eggs

Development of the poultry business has taken great strides in Florida during recent years probably because of the ideal conditions which prevail here and because this state still imports a large percent of the eggs it consumes.

Commenting on the industry in Florida, the St. Petersburg Independent says: "Eggs have always been a popular food, and all but indispensable in cookery, yet it appears that consumers have learned more about eggs in the past quarter of a century than they ever knew before. In Florida the egg education of the average consumer was completed within the past five years. There are now few housewives who do not know that old, stale cold-storage eggs are not only worthless as food or for use in cookery, but may be injurious to health, especially the health of children. There are few housewives who do not know how to ascertain if eggs are fresh. Housewives know that strictly fresh eggs—that is eggs not more than a week old—are wholesome, substantial food."

"Now that eggs are so economically priced St. Petersburg people should eat more eggs. But they should always insist on the eggs being fresh. They should not buy storage eggs shipped from remote states, some of them coming as far away as the Pacific coast and being anywhere from a month to a year old. More than 27,000,000 dozen eggs were consumed in Florida last year, and less than 15,000,000 dozen were produced in the state. It was necessary to import, at a cost of about \$3,500,000, nearly 13,000,000 dozen eggs to supply the demand. The total cost of imported eggs and poultry was \$7,000,000. Florida poultryers should keep this import money at home. The total value of eggs and poultry produced in Florida last year is estimated at approximately \$8,300,000. It should not be difficult to double the amount within the next five years."

"Florida poultryers should soon be in a position to liberally supply the home market at a fair price and a profit to themselves, and still have fresh eggs to sell elsewhere."

SANFORD, TWENTY YEARS AGO

Mr. and Mrs. E. L. Ferran, of Elyria, spent Wednesday in the city as the guests of their daughter, Mrs. D. L. Thrasher.

Theodore Schaal has moved his stock of jewelry to 123 West First Street in one of the stores formerly occupied by M. Rotundi. Mr. Schaal has remodeled the room throughout and has a very attractive store.

Dr. J. T. Denton was in the city on Wednesday greeting his many friends. He is now living in Michigan and combining medicine and farming.

Mrs. Ruth Pullian, of Minneapolis, spent several days here visiting the Misses Stewart, returning Monday to her home.

Mrs. Alfred Lilla entertained a few friends informally at a "spend the day party" at her attractive bungalow, 608 Elm Avenue, Thursday in compliment to her sister, Mrs. Marquis Frier, of Sulphur, Okla., and C. D. Peck, of New Haven, Conn., both of whom are house guests. Mrs. E. B. Brown, in her usual charming manner, assisted Mrs. Lilla in serving. The guests were: Mrs. Henry McLulla, Mrs. R. J. Holly, Mrs. William Parker, Mrs. C. H. Dugas, Mrs. O. L. Taylor, Mrs. E. C. Gerver, Mrs. Gertrude Keely, Mrs. E. A. Curtis, Mrs. E. B. Brown, Mrs. Hilda Lilla, and Mrs. Tillghast.

Work on the new bridge over the Halifax River is nearing completion, the last cement pile having been put in position Saturday. The work of installing the new steel tower is also under way.

Climbing Back

Roosevelt Won't Ask Power To Put Off Debt Payment

(Continued From Page One) himself although much of the actual negotiating will be done by State Department officials.

Progress thus far has been prevented, it was learned, by the fact that the administration has not yet determined what trade concessions it will request in return for a revision of debts.

President Roosevelt and his advisors feel that revision should be granted only on condition the United States receives full compensatory advantages in trade or modification of exchange restrictions.

This has brought up the complex question of tariffs and in the rush of emergency matters Secretary Hull of the State Department, Assistant Secretary Moley and Dr. Herbert Feis, economic advisor, have had little opportunity to frame definitely the tariff concessions which would be sought.

These three, all experts on matters involving international trade debts, have just begun to concentrate upon the matter and hope to soon be able to talk business with the British ambassador, Sir Ronald Lindsay.

Great Britain, besides being America's biggest war debtor, is a nation which formed this country's biggest market in the decade after 1921.

Its sudden reversal of the historic British policy of free trade late in 1931 was keenly felt by the United States and put the British in a position to set up a new system of tariff bargaining.

JOBLESS PLAN OF ROOSEVELT GIVEN SETBACK

(Continued From Page One) and the bill "pioneering." Then he declared:

"This is a part of the Democratic program under the leadership at the other end of the avenue. Let us pass it here in the House."

Snell, the minority leader, labeled the plan "a pure Democratic patronage bill" while Clarke, his Republican colleague from New York, and ranking party member on the agriculture committee declared:

"Filled with horrors and hellishness as it is, I'm going to support the President."

Chairman Jones of the agriculture committee, began his remarks with the statement that "in ordinary times I wouldn't support a measure of this kind."

"But we are at war," he added, "and while this war is on I'm going to follow the man at the other end of the avenue who has the flag in his hand. I don't think the bill can make things worse. God knows we all hope it will make things better."

The most vigorous Republican assault was leveled against the rule which blocked all amendments. Rankins contended it was a "parade" and said he had learned about a gag rule from South when the New Yorker proposed the rule committee.

Another More Severe Quake Is Predicted

(Continued From Page One) nesses on school construction methods in the Los Angeles metropolitan area, where the Mar. 10 tremor killed some 120 persons and caused damage exceeding \$50,000,000.

Comparing the intensity of this tremor with the San Francisco shock of 1906 and the one in Santa Barbara in 1925 Dr. Wood was asked if there was any assurance that the shocks were over.

"That's a dangerous question" he answered. "It really is a part of scientific wisdom to anticipate that this earthquake condition will continue until a great shock provides relief."

"After a series of quakes, a major earth readjustment is regarded as necessary before the final settlement of the geologic strata. The last tremor was one of a series that began in 1915."

"Ordinarily the major quake of a series in a specific area occurred first, with lighter settling shocks following. The Mississippi Valley shock of 1911-12, however, was an instance where the 'great shock' followed earlier lighter ones."

Leaving the witness stand, Dr. Wood declined to elaborate on his testimony or theories.

Norris Offers Amendment For Radical Change

(Continued From Page One) through, and he remarked it might take as long to get this one over.

"I'm afraid," he conceded, "it will have the opposition of every political party and every boss in the country."

A similar proposal has been introduced in the House by Representative Lea (D. Calif.), for Norris. Its introduction was his fifth attempt in as many sessions of Congress to obtain enactment of the change.

In brief, the Norris Amendment provides that any candidate for the presidency must be designated on state ballots. Each state would have as many presidential votes as it has members of Congress.

In this respect, it is like the electoral college—but here is the big change: Instead of the candidate who got the majority of the popular vote securing all the presidential vote, he would receive only the proportion that his majority represented.

The popular vote would be certified by the states to a joint session of Congress, which would add up the presidential votes and the person with the largest number be declared President.

In case of a tie, the House would decide between the two, had suffered mistreatment. If the facts as learned officially by the department justify, they declared they desired to have the government take action of the anti-Jewish campaign of general and human groups.

Earlier, Wise appeared before the House investigation committee to lodge a protest. The group told newspapermen they had selected one of the American government's top officials.

IL DUCE PEACE PLAN RECEIVES FRENCH FAVOR

(Continued from Page One) continued, Premier Mussolini gave his views on this subject and "these, with our own and those of the French, now are being discussed."

The prime minister asserted no special views were being pushed by one side or the other. The four great powers are the center of the scheme, he explained, because they are the permanent members of the League Council and hence would bear the brunt "if worst came to worst."

He denied reports the Mussolini plan was designed to operate for a period of 10 years, but he declined to discuss the details of the project.

The conversations will continue in an effort to harmonize the various interests through regular diplomatic channels. Mr. MacDonald and his foreign secretary are returning to London today.

"The French ministers thank their colleagues for the information they furnished, which will enable them to proceed with a closer study of the proposals put forth by the League of Nations."

It was understood that at the start of yesterday's conference, M. Daladier expressed tentative acceptance of the Mussolini plan, reiterating that methods to be pushed must be within the spirit and the framework of the League of Nations.

U. S. Acts To Get Facts On Report Of Jew Baiting

(Continued From Page One) ports of widespread action against the Semitic races.

The department issued the following statement: "Following the visit of Rabbi Wise the department has informed the American embassy in Berlin of the press reports of mistreatment of Jews in Germany."

"The department has instructed the embassy to make, in collaboration with the consuls, a complete report on the situation."

The protest was laid before Undersecretary Phillips by Rabbi Wise, who is honorary president of the congress; Bernard Deutsch, New York, its president, and Max Rhoad, its Washington representative.

Earlier, Wise appeared before the House investigation committee to lodge a protest. The group told newspapermen they had selected one of the American government's top officials.

New Secretary Of Labor Is Effecting Sweeping Changes

WASHINGTON, Mar. 22.—(AP)—A thorough house cleaning for the new secretary, Miss Frances Perkins, has swept away almost at a single stroke most of the immigration inspectors, and, she indicated yesterday, this is only the beginning of a general reorganization.

Firm of voice and emphatic in her gestures, the first woman cabinet member told newspapermen the present establishment is not to be liking and that she intends to take it virtually apart and remake it.

Included in this reassignment will be a complete shakeup in the employment service, a scientific survey of the statistical compilations so that "the man on the street can understand," and even further revisions of the immigration service.

She discontinued the posts of 55 special immigration investigators and put on furlough 16 others because of the near exhaustion of the \$200,000 appropriation under which they operate.

Miss Perkins said she has tossed overboard all the "ballyhoo" in connection with the department's recent campaign against alien racketeering. She added she would abolish also a "secret service" force organized by former Secretary Doak.

Terminating the expenditure of the \$200,000 fund "alarmingly," Miss Perkins said she was forced to take prompt action because she discovered only \$12,970 remained of the appropriation on Mar. 15 to cover a monthly salary set-up of \$11,168 and \$4000 expenses.

Fruit Growers To Present Claims In Medfly Campaign

ORLANDO, Mar. 22.—Members of the executive board of the Florida Growers' Reimbursement committee, representing \$7,000,000 claims for damage during the Medfly quarantine, met in Orlando yesterday to call a meeting of growers who have claims Mar. 30.

The meeting of growers, to which any growers having a claim against the government for damage incurred during the quarantine is invited, will be held at 2 P. M. on that date a complete each state to have one vote in the balloting. The Senate would do the same in case of a vice presidential tie.

## Music Department Of Club Has Program

A program of music, staged as a tribute to John Phillip Sousa, was presented last night by the Music Department of the Woman's Club at the club house with Mrs. H. C. Moore and Mrs. Frank L. Woodruff in charge of the program and Mrs. Jane H. Smith and Miss Elin Mahoney acting as hostesses. The guests were received at the door by Mrs. Smith, Mrs. Woodruff, and Miss Mahoney.

Mrs. R. C. Moore gave a short talk before the program in which she welcomed the guests and introduced G. C. Fellows, director of the Sanford Concert Orchestra, which gave several numbers.

Forming an attractive background on the stage were quantities of palm leaves while in other parts of the club rooms was a profusion of snap dragons, petunias, and other bright colored garden flowers.

A paper on the life and work of Sousa was read by Miss Fannie Reba Munson. Included in the paper was an account of the meeting of Sousa with Thomas A. Edison, told by James J. J. Cooke, editor of the Etude, to Mrs. Fannie S. Munson, of this city. At this meeting Mr. Edison said, "Musicians hear so much music that they hear superficially. As age approaches, the human ear inclines more toward lower notes and it is only in youth that they catch high music is enjoyed." He added that instruments are seldom in tune and this is in particular the case with violinists, who rarely play in tune. Mr. Sousa replied, "Yes, Mr. Edison, I understand, I was a professional violinist myself for years." The program was presented as follows:

March, "Anchors Aweigh," Sanford Concert Orchestra.

Life and Works of Sousa, Miss Fannie Reba Munson.

Marches, "The Thunderer" and "Washington Post," Orchestra.

Songs, Kivans Quartette, composed of Dr. H. W. Rucker, J. M. Stimpfner, B. C. Moore, and J. S. Lanson.

Marches, "National Fencibles," "Marches of the U. S. Navy," and "Stars and Stripes Forever," Orchestra.

Hall presiding, Mrs. A. K. Rosseller led the devotional, Mrs. McNab gave a chapter on the mission study book, and Miss Allie Trafford taught the Bible study lesson.

During the social hour refreshments were served by the hostesses to the following: Mrs. Mary Hall, Mrs. J. H. Traubek, Mrs. A. J. Peterson, Mrs. Mrs. A. K. Rosseller, Mrs. D. K. McNab, Sr., and Miss Allie Trafford.

Accompanied by Mrs. P. C. Maxwell, director, a number of students of Seminole High School presented a one-act play, "The

## Notice To Property Owners

Section 96B Compiled Laws of Florida provide that if taxes upon any real estate shall not be paid before the first day of April of any year, the tax collector shall advertise and sell the same. Section 96C provides that the tax collector is vested with the power, and it shall be his duty to collect by levy and sale of the goods and chattels, lands and tenements of all taxes that remain unpaid on the first Monday in April.

An extension of time has been granted on the part of State and County taxes, and all taxes unpaid become delinquent on April 1, 1933. Property owners who have not paid their taxes are urged to pay and avoid the risk.
