## REAPPORTIONMENT PLAN PROVISION TAKEN OUT GIVING POWER TO GOVERNOR

IN CASE THE LEGISLATURE  
FAILED TO ACT ON RE-  
APPORTIONMENT

### STATE BOARD

Of Education Reorganization  
Plan Will Be Left to  
Voters

TALLAHASSEE, May 3.—The house yesterday adopted a concurring resolution by Representative Davis which would direct the joint committee that investigated the death of Martin Tabert, of North Dakota at the camp of the Putnam Lumber Co. in Clara, Fla., to transmit all the testimony it heard to the state's attorney for the judicial circuit embracing Dixie county, in which Walter Higginbotham is held under a charge of murder.

Higginbotham, a former whipping boss for the lumber company, is charged with murder in connection with Tabert's death. It was Mr. Davis' plan to provide the state's attorney with all the evidence developed by the investigating committee, not only as related to Higginbotham, but in order that he might take any other action he deemed fit.

The resolution must be concurred in by the senate before it becomes effective.

Members of the joint legislative committee that has been investigating mistreatment of convicts in this state rested yesterday, or rather found time to attend to other matters. The committee plans to resume, Tuesday, its investigation of the camp of Senator J. T. Knabb in Baker county, and at the conclusion of that phase, it is understood the committee will consider the request of Representative A. O. Weeks of Holmes county, that the convict camp of the West Florida Naval Stores Company in Calhoun be looked into.

Mr. Weeks appeared before the committee and stated that two convicts—one a Mexican—had been killed in that company's camp at Wewahatcha under what were generally considered somewhat irregular circumstances and that he received complaints of gross mistreatment of other prisoners.

R. F. Mitchell, of Pensacola is president of the West Florida Company, Mr. Weeks was not conversant with the full details of the two convicts' death but gave his story to the committee as a matter of information. Criminal action against convict guards followed their death, he said, but there were evidences that the witnesses had been intimidated and the state was not able to do anything with its case.

The committee has not definitely decided its procedure after the inquiry into the Knabb camp, but it is understood that it considers that its work will not then be through.

The North Carolina plan of classifying convicts and permitting only those of the third class, made up of recalcitrants and incorrigibles, to be flogged, is meeting with sympathetic consideration of members of the senate committee detailed to draw up a plan meeting the conflicting views on prison supervision which grew out of a measure to abolish corporal punishment, it was learned yesterday.

The committee of five composed of Senator Hodges, who introduced the measure to ban whipping of prisoners, and those members who offered amendments, had not gotten together in a joint discussion of the subject, but individually were looking up prison reforms and systems as instituted by other states in an effort to work out a compromise that would be acceptable to those favoring the outright abolition of the whip and those who would not go this far but who would set up stricter supervision of the prisoners.

The senate has virtually killed Mr. Hodges' corporal punishment measure in itself.

The North Carolina plan, as outlined here, divides the convicts into three classes. Those of the first class are honor prisoners and do not wear stripes. Those of the second class wear stripes and their privileges are restricted. The incorrigibles constitute the third class and they, only, are subject to whipping.

## JUDGE DICKINSON SUGGESTED FOR SUPREME COURT

SEMINOLE COUNTY BAR ASSO-  
CIATION ADOPTS RESOLU-  
TIONS TO GOVERNOR

At a special meeting of the Seminole County Bar Association held yesterday afternoon the name of Judge J. J. Dickinson was endorsed and suggested to Governor Hardee as being a suitable man to appoint as the additional judge of the Supreme Court.

The resolution follows:  
WHEREAS: The Legislature now in session has passed a bill providing for an additional judge on the Supreme Court bench, and

WHEREAS: It will be the duty of the Governor to name such additional judge by appointment, and

WHEREAS: It is the opinion of this Association that such additional judge should be learned in the law, as well as being a man of deep opinion, true to his convictions, and broad minded to the end that he will take into consideration all matters of fact and law involved in a particular proceeding, and

WHEREAS: J. J. Dickinson, of this Bar is such a man,

THEREFORE, BE IT RESOLVED: That while it would be a great loss to this Bar and to the people of this Circuit, since Judge Dickinson is the Circuit Judge nominee, yet in order that the most good be done to the most people, we respectfully submit the name of J. J. Dickinson to the Governor for appointment as the additional judge on the Supreme bench.

BE IT FURTHER RESOLVED: That a copy of this resolution be forwarded the Governor, and to Judge Dickinson, and copies be furnished the Associated Press.

Adopted in Special session of Seminole County Bar Association May 2nd, 1923.

## Campbell-Lossing Post Had Fine Meet- ing Last Night

Last night the Campbell Lossing Post No. 43 of the American Legion had a fine meeting, same being held at the office of the Sanford Chamber of Commerce and we wish to thank the Chamber of Commerce for their kindness extended to the Legion. A good number of Legionnaires were present at this meeting and the main object of the meeting was the Spanish War Veterans Parade, by a unanimous vote the motion for the American Legion to turn out in uniform and join in the parade was carried. The Legion Colors have arrived and were shown at the meeting, the colors will be used in all parades and special events that the Legion takes part in. All members of the Legion are urged to be present Tuesday afternoon at the foot of Park avenue in front of the court house at 2:00 o'clock to join in the parade, if you do not have a uniform come along anyway, for we want all who can possibly turn out to be there. Let's get the Legion pep and be there in full force, also let's turn out to the meetings regular, if we all work towards having everyone present at the Legion meetings we can accomplish many things that we should have accomplished long ago, for if we can have a large attendance we can get more PEP. Also in UNITY THERE IS STRENGTH. One big thing is the Legion Club House and we are sure do need one, just a little energy on the part of each member of the Legion and we can make the Campbell Lossing Post one of the leading posts in the state; we already have one of the largest in members in this section of the state, so come along Buddy and get the old Legion PEP and let's make this Post the best in the state with the best state in the union and the best county in the state and the best city in the county.

Most of the stock promising 40 per cent dividends is sold to people who take along a bottle of patent medicine when traveling.

## AMERICAN GOVERNMENT STANDS ON NEW RULING ABOUT LIQUOR, EFFECTIVE ON ALL SHIPS

All Vessels Entering Three Mile Limit Come Under the Law

WASHINGTON, May 3.—(By The Associated Press) The American government taking a positive position with regard to the transportation of liquor into territorial waters of the United States, decreed yesterday that the rigorous interpretation of the prohibition law given by the supreme court shall become effective June 10.

Secretary Hughes was requested by the treasury to communicate notice of the decision to all foreign governments. The treasury, which has jurisdiction over all prohibition enforcement, suggested that the state department advise foreign governments that all ships entering the three mile limit will be subject to the new application of the law without exemption and that no further pronouncement may be expected from this government regarding the effective date.

While the position adopted by the administration appeared to leave no room for a backward step it seemed certain that representations will come from some of the foreign governments who may regard the court's interpretation of the law as an infringement of their rights. Secretary Hughes was said to regard the position of the American government as sound and with plenty of precedents establishing the rights which it has assumed. There were, on the other hand, some government officials who believed the United States could not fail, in the interest of international comity, to take notice of protests by foreign governments if any are made.

Washington embassies and legations of practically all of the maritime powers of the world already have advised their home governments of the court decision. It was indicated yesterday that the attitude taken by the United States government as to application likewise would be made known to the foreign offices of all

nations probably before the department's communication is received thru American diplomatic representatives abroad.

While state department officials are of the opinion that the decision has in no way infringed upon treaties with foreign governments it is not certain that the foreign powers will accept that view.

In fact, some diplomatic quarters already have let it be known that limitations imposed by the decision are in direct conflict with the treaty provisions, particularly in trade agreement guaranteeing equality of treatment to shipping. It is expected in diplomatic circles that there will be lengthy negotiations between the United States and foreign governments on this phase of the question.

Treasury officials are acquainted with the extreme delicacy of the situation, it was asserted, and the inference was given that unusual care will be used in drafting the regulations carrying the court decision into effect.

The treasury statement mentioned that consideration must be given the "rights of foreign governments under international law and treaties as well as the rights of our own citizens."

The treasury's statement on the question, although brief, declared without equivocation that the decision "holds that it is unlawful for any vessel, either foreign or domestic, to bring within the United States or within territorial waters thereof, any liquor whatsoever, for beverage purposes."

Decision to make the effective date of the three mile ban June 10 followed an announcement by Assistant Secretary Moses of the treasury during the day that the new application of the law would be put into operation June 15.

## SLOW-FLYING MONOPLANE HAS CROSSED THE CONTINENT FROM NEW YORK TO SAN DIEGO

Has Passed Over New Mexico and Will Make Non-Stop Record

SAN DIEGO, Calif., May 3.—Reports from North Island Aviation station said that Monoplane T-2 engaged in the non-stop transcontinental flight from East to West passed over Tucumcari, New Mexico, at 7:50 o'clock, mountain time, this morning.

WASHINGTON, May 3.—While Lieutenants MacReady and Kelly were in the air flying the giant but slow moving Monoplane T-2 from Hempstead, N. Y., to San Diego in an effort to cross the continent without a stop, the army air service officials announced another transcontinental flight having been planned. Plans contemplate reduction of time allowed MacReady and Kelly by approximately one-half. Also a call for use of air service's speediest craft which recently set a world record at 236 miles an hour.

## Twenty Thousand Men Maintenance of Way and R. R. Shops

CHICAGO, May 3.—Twenty thousand maintenance of way and railroad shop employees of Atchison, Topeka and Santa Fe railway have been granted increased wages effective May 1, through agreement just negotiated by Vice President Stout of the United Brotherhood of Maintenance of Way employees and railroad shop laborers announced. Increases will range from one to three and a half cents hour, he said.

## Reapportionment to Come Up Next Week

TALLAHASSEE, May 3.—The senate took from its plan of reapportionment the provision that would have charged the governor with effecting reapportionment by proclamation if legislature failed to do it under the proposed constitutional amendment, but it beat down amendment by Singletary that would have limited all counties to two members each in the house.

The house passed by safe margin a joint resolution by Miller that would submit plan of reorganization of state board of education to voters.

## American Golfers Capture the Cup in Golf Tournament

SANDWICH, England, May 3.—St. Georges challenge cup, one of the most important golf trophies in England has been captured by American invaders. Dr. O. F. Willing of Portland, Ore., Francis Oulmet of Boston, former American open champion tied for first place in two day's stroke competition which ended today with aggregate scores of hundred and fifty-two each. They will play eighteen holes tomorrow to decide the winner.

## Death of Student Will Be Investigated By Grand Jury

CHICAGO, May 3.—The death of Leighton Mount, Northwestern University student, supposedly during a freshman-sophomore class rush of September 1921, will be formally presented to the May grand jury when it is sworn in next Monday, was announced by Assistant State's Attorney Jones. Four assistants of county prosecutor and eight policemen detailed today to prepare and issue subpoenas for a long list of witnesses to be brought before the grand jury.

## ANGEBLT HOTEL REORGANIZATION, OUSTS ANGE

TROUBLE WITH DIRECTORATE  
IN ORLANDO'S NEW MILLION  
DOLLAR HOTEL

After building the eleven-story Angeblt hotel at a cost of more than a million dollars, J. F. Ange announced his retirement from the business yesterday and declared he will sever all connection with the Orange Hotel Company, although he may continue to hold stock in the corporation. This came after A. D. Warner, millionaire Kansas cattle man, had acquired control of the company and ousted the directors who aided Mr. Ange in building the Angeblt.

Mr. Warner denied he went about the business of buying controlling interest in the company in secret as he is charged with having done by Mr. Ange. He was quoted as having said he deemed a change in the company necessary and for this reason purchased \$250,000 worth of the \$500,000 stock issue.

Mr. Warner is the new president and his nephew, W. W. Warner, who came here a short time ago from Norwalk, Ohio, where he had been engaged in the hotel business for several years, is treasurer and assistant manager. The directors are: N. P. Yowell, N. T. Cobb, Sr., G. Hinshaw, W. L. Story, T. H. McRorie, E. S. Bridges and Wilbur Warren. Mr. Bridges will also be counsel for the company, was said.

Directors who went out under the reorganization included: H. H. Dickson, Dr. C. D. Christ, C. G. Day, C. P. Whipple, Mayor Duckworth, Victor Newton, Paul T. Davis, F. E. Baxter and J. A. Harris. Mr. Dickson was elected by the new organizers, but declined to serve.

Mr. Ange was indignant at the turn affairs have taken and was consulting his attorney last evening. He is said to have declared the Angeblt cost approximately \$1,200,000 and that it will require additional funds to prepare all of the eleven floors for opening, the finishing of the entire structure having been delayed because of a desire to open before the close of the winter season.

"My principal objection is that the directors who helped make the hotel possible were ousted and men who had little or nothing to do with it put in their places. When this was done I determined to get clear out. I'm through," Mr. Angeblt said—Orlando Sentinel.

An oil operated shock absorber has been invented to relieve well drilling machinery from damage.

## Medical Board Has Nothing on T. Capers Jones

MIAMI, May 3.—Dr. James Jackson, president of the state board of medical examiners said he wired Dr. William Rowlette, secretary of the board of medical examiners of special meeting of the board in Jacksonville May 16 or 17, if charges had been filed with him against Dr. T. Capers Jones, Putnam Lumber Company physician in connection with the Martin Tabert case. Dr. Jackson said a copy of legislature's resolution recommending investigation of Jones and a letter from Jones urging investigation is the only thing he has in the nature of charges.

Spain maintains 1,600,000 hives of bees and produces almost 40,000,000 pounds of honey annually.

## COMMITTEE CONCLUDES HEARING OF CHARGES AGAINST FRED W. PINE

TALLAHASSEE, May 3.—The senate committee investigating charges against former County Solicitor Fred W. Pine of Dade county, concluded its hearing today and made ready to report to the senate.

Mr. Pine was removed several weeks ago by Governor Hardee on charges of malfeasance, misfeasance and non-feasance preferred by the Christian Council of Miami. The hearing by the committee has been behind closed doors. It is understood that its report will probably be made the latter part of this week.

If there is a gland serum that will bring the dead to life, it might do something for the world's interest in Armenia.

## FRENCH CABINET REJECTS NEW GERMAN REPARATIONS PROPOSALS WITH REASONS

### 8 PASSENGERS, TWO TRAINMEN KILLED TODAY

IN WRECK ON DENVER, RIO  
GRANDE & WESTERN NEAR  
SALT LAKE

SALT LAKE CITY, May 3.—Five persons were killed, one missing and twenty-six injured in a wreck of the Denver Rio Grande Western passenger train at Woodside, Utah, last night, according to official advices received at the office of the road here.

SALT LAKE CITY, Utah, May 3.—Eight passengers and two trainmen were killed and twenty-five persons injured, some probably fatally in a wreck last night of an east bound Denver, Rio Grande & Western passenger train near Woodside, Utah, according to telegraphic advices reaching here early today. Two engines pulling a train of eleven cars were overturned, killing the engineer and fireman. The eight passengers killed occupied the smoking car it is reported which crashed into the wreckage.

## West Coast Had High Wind and Much Rain

TAMAPA, May 3.—The southern portion of Florida West Coast was struck by a windstorm last night accompanied in some places by a downpour of rain and hail. Interruption to wire communication appeared today to be about all the damage suffered. Mango, ten miles east of here experienced a heavy fall of hail. About one-third of the telegraph poles on the highway there were reported down.

## EFFORTS TO EXTEND SUGAR BOYCOTT ARE DISCUSSED BY WOMEN

NEW YORK, May 3.—While women leaders in the fight to boycott high priced sugar today discussed plans to extend the strike nationally they analyzed statements made yesterday by Earl D. Babst, president of the American Sugar Refining Company, when he was cornered in his office by a delegation headed by Mrs. Louise Reid Welamiller, deputy commissioner of markets.

"Who put the price up?" asked one woman.

"What are you doing to bring it down? What do you consider a fair price a pound?"

"What does it cost to produce, to refine, to distribute a pound?"

"Who gets the profit?"

"How much sugar does your company handle in a year?"

"Are you afraid of the boycott?"

"Do you expect us women to sit tight until the price rises to 25 cents?"

After declaring that his company supplied about one-fourth of the country's sugar, Mr. Babst said, "we have sold sugar on margin so narrow over its cost to us that we are actually working for the public. As no time does the company make a profit of more than one-quarter cent on a pound and so far it has been considerably less. Like the housewives we are opposed to speculation—also boarding or boycotting which tend to interrupt the free flow of supplies from the tropics. Housewives in New York should be able to buy sugar at retail at not over 13 cents. If the housewives become party to a boycott it will throw the machinery out of the control. The housewife who thus far resisted propaganda should continue to resist and sit tight in the boat."

All of which Mrs. Welamiller characterized as "ridiculous" while she and her lieutenants prepared more substitutes preliminary to asking families to cut their weekly sugar rations from five pounds to one half pound.

Government will discontinue the two-dollar bill. It can discontinue everything above the one without cramping our style.

## LACK OF GUARANTEES AND INSUFFICIENCY OF SUM OFFERED BY GERMANY

### PREMIER CONSULTS

With Belgian Government as to  
Reply to Germany and Then  
to the Allies

PARIS, May 3.—The French cabinet unanimously rejected the new German reparations proposals. The reasons given for rejection were lack of guarantees and insufficiency of the sum offered by Germany. Premier Poincare will consult with the Belgian government as to the reply to Germany and when it is ready it will be communicated to all allies.

BERLIN, May 3.—Germany has placed her latest proposals respecting reparations in the hands of the allied powers, and the United States. Their chief feature is an offer of thirty billion gold marks in payment of her obligations under the Treaty of Versailles. The payment of this amount, however, is dependent on the raising of a loan.

There is a wide divergence of opinion in political and neutral diplomatic circles in Berlin tonight with respect to the effectiveness of Germany's new reparations note. Criticism of its "elasticity" and apparent lack of precise formulation is countered in official quarters with assertions that the note provides a workable basis for serious negotiations in that it not only suggests a definite starting point but also urges invocation of neutral expert judgment in the event the creditor nations are unable to agree on the question of fixation and other debatable points.

The offer of 30,000,000,000 is interpreted variously as permitting amplification, but this could not be definitely indicated in the present form of the note, inasmuch as it wholly depends on the extent to which Germany is accorded complete freedom of economic development, and placed in a position to undertake her internal financial rehabilitation.

PARIS, May 3.—The proposals contained in the German note which was delivered at the foreign office at 4 o'clock yesterday afternoon, in the German language are regarded in French official circles as for Anglo-Saxon and neutral consumption only. The terms of the note appeared "so preposterous," to the members of the French government that it was assumed there was no hope or desire on the part of Berlin that they be accepted.

"The scheme amounts to the reopening of the whole question of reparations, as settled by the treaty of Versailles," a high official of the government said. "The plan is aggravated by the suggestion that in case of failure of a loan, the question of payment by Germany would be referred to a commission, on which would be represented neutrals who are loaded up with marks, and have every interest of boosting them by getting Germany off as easily as possible."

Another official said: "It is impossible for the French government to consider it for a moment."

Premier Poincare is studying the terms of the note as it is being translated, and he has the whole document before him, but those about him did not conceal the unfavorable impression the note made. They are all of the opinion that the reply will be flatly negative.

## MAY REORGANIZE EDUCATION BOARD

TALLAHASSEE, May 3.—The house just before it adjourned this afternoon reached Representative Miller's joint resolution for a proposed constitutional amendment looking to a reorganization of the board of education, and immediately the measure got an onslaught from Representative Weeks.

The measure seeks to constitute a new board of education, to be comprised of the governor, superintendent of public instruction and five civilians, two of whom must be women.

# SOCIETY

**MRS. FRED DAIGER, Society Editor**  
Phone 2174W

If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the items. It will be greatly appreciated.

## SOCIAL CALENDAR

Wednesday—Mrs. Harry B. Lewis will entertain the members of the Fortnightly Bridge Club at 3 P. M.

Wednesday—Business meeting of the Woman's Club at 3:30 P. M., at the Welaka Lobby.

Thursday—Mrs. D. F. Drummond will entertain the members of the Merrie Matrons Bridge Club at 3:30 P. M.

Friday—Mrs. Harry Walsh will entertain at the second of a series of bridge parties at her home on Oak avenue, at 8:30 P. M.

Friday—Pupils Recital under direction of Miss Mildred Simmons, at 8 P. M., in the Junior Room of Baptist Church.

Friday—Call meeting of St. Agnes Guild at Parish House at 3:30 p. m.

Jacksonville is represented here today by George Crews and T. A. Blim.

Mr. and Mrs. Jerry Griffith have returned from a visit to relatives and friends in Tampa, Bradentown and Sarasota.

Mr. and Mrs. O. J. Parish and child of Jacksonville, arrived in the city yesterday for a short stay and are registered at the Montezuma.

Mrs. Ernest McCowan Galloway leaves today for Atlanta, Ga., where she will attend the Federation of Woman's Club convention.

## ST. AGNES GUILD

There will be a called meeting of the St. Agnes Guild, Friday afternoon at 3:30 at the Parish House. It is important that all members be present.

## PIPE ORGAN CLUB

Mrs. Guy S. Selman very delightfully entertained the members of the Pipe Organ Club Monday afternoon at her home on Seventh and Elm Avenue.

At the conclusion of a most interesting business session, Mrs. Selman served delicious refreshments of brick cream and angel food cake.

## ENTRE NOUS BRIDGE CLUB

Mrs. R. J. Holly entertained the members of the Entre Nous Bridge Club most pleasantly last evening at her home on Park avenue. There were two tables of players.

The rooms where the card tables were placed were adorned with vases of carnations and pink hibiscus.

Of exceptional interest was the game of bridge played during the evening, the prize for high score, a framed motto, was won by Mrs. Geo. Fox.

At the conclusion of the card game, the hostess, assisted by Misses Mae and Mildred Holly served refreshments of brick cream and cake.

Mrs. guests were: Mrs. S. O. Chase, Mrs. B. F. Whitner, Mrs. E. D. Mobbey, Mrs. Deane Turner, Mrs. Harry Wilson, Mrs. J. G. Ball, Mrs. George Fox and Miss Martha Fox.

Special bargains now on, on Aluminum Pots, Kettles, Perculators, etc., at the Popular Market. 28-2tc

## PATROLMEN ASK RAISE

SAVANNAH, Ga., May 2.—Citing the increase in the various necessities of life and the recent reduction of their salaries, the entire body of patrolmen in local police department filed a petition with the clerk of council this morning for an increase in salary. The petition will be read in council meeting.

# INVESTIGATION INTO CONDITION OF KNABB CAMP

TALLAHASSEE, May 2.—The investigation into prison conditions at the convict lease camps owned by State Senator T. J. Knabb met with a one week's delay today when Senator Knabb informed the joint legislative committee which will conduct the inquiry that it will take at least one week before he could summon all of his witnesses. He told the committee he would be ready next Tuesday morning.

Senator Knabb was informed that there were no allegations against him directly but it was the purpose of the committee to go into conditions based on reports of brutalities at all of his convict camps located in Baker county, and especially the Paul Revere White case.

The legislator, who is serving his first term in the upper house of the general assembly declined to make a statement as to the defense he would offer. He declared he was confident of obtaining a "clean bill."

Mr. Knabb said he still retained several of his convict camps and at the present time worked many convicts.

The committee also proceeded to summon many witnesses and devoted some time to reading over the records submitted by the prison division of the department of agriculture. The contents of these records are reports made to the department by J. B. Thomas, a prison supervisor, and correspondence between W. A. MacRae, commissioner of agriculture, and Senator Knabb, relative to these reports.

Before the committee entered upon the Knabb case this afternoon, several witnesses testified as to the sobriety of County Judge B. T. Willis of Leon county, whom Governor Hardee has already recommended to the senate to be removed from office. The committee last week heard testimony and reopened the hearing yesterday to permit other witnesses to testify.

A summary of the testimony adduced from W. L. Cooksey, former special officer of the Seaboard Air Line railroad; Robert McGuird, Jerry Poppel, former county jailer, W. H. Growder, a fellow church member of Judge Willis, and J. M. Smith, a city policeman, was that the county judge was an interperate user of whiskey during the year of 1922.

All of these witnesses claimed they had called upon the county official and found him in no condition to transact business, while Cooksey declared the judge offered him a "drink of yellow colored liquor." Poppel testified that "most all of the liquor I drank with the judge was fed stuff and made in Virginia," and McGuird claimed both the judge and his office were "highly perfumed with the scent of liquor."

A hearing by the senate committee composed of Senators Stokes and McWilliams on the governor's recommendation to oust Judge Willis from office, will be held tomorrow afternoon. Judge Willis has been cited.

# SENATE DELAYS ACTION ON WHIP AS PUNISHMENT

TEST VOTE TAKEN YESTERDAY SHOWS ADVOCATES LOST

(By The Associated Press)  
TALLAHASSEE, May 2.—The Florida senate decided last night to postpone final consideration of a measure to prohibit corporal punishment of prisoners in this state and in what was generally hailed as a test vote, the advocates of banning the strap lost 13 to 16.

The senate voted to send the original measure relating only to corporal punishment with all the amendments that have been offered dealing broadly with supervision of convicts to a special committee of five to work out a bill reconciling the conflicting views and report back to the senate. The bill when reported back will be a special order of business until definitely disposed of.

The test vote came on an effort by Senator MacWilliams to direct the committee to incorporate in its recommend bill an inhibition against corporal punishment. "We have considered the question of corporal punishment for two days," Mr. MacWilliams said, "and I am sure every one is fully informed on it. Let's have a show down now. If we who believe that the lash should be abolished are in the minority, let it be so recorded now or if we are in the majority, let it be so recorded."

Those voting against Mr. MacWilliams' plan were: Anderson, Colson, Epperson, Johnson, Knight, Lindsay, Malena, Mitchell, Phillips, Rowe,

# LOCALS

Sanford has the air of prosperity and business that is good to see.

J. H. Huddleston of Geneva was in the city today bringing in a load of produce.

Tomorrow afternoon the half holidays will start giving the business men and their employees a chance to recreate during the summer.

Hynes & Raditt have issued a neat card which says: "No, this is not the sheriff's sign—we are just closed for Thursday afternoons." It is for the business houses.

Prof. Cooper and Judge and Mrs. Sharon were among those who attended the oratorical contest at Stetson University last night between Stetson and Bailey College of Texas. Judge Sharon was one of the judges of the contest.

Capt. P. M. Elder since resigning his position as postmaster has gone to his farm near Monroe for recreation and while clearing up some land yesterday ran across several Indian mounds. Capt. Elder will open the mounds some time when he has the leisure and see what they contain.

G. F. Smith, who shipped the first car of pepper from the Sanford section last Saturday, states that from present indications he will have at least 40 cars of peppers from 30 acres of ground, and that he will average about ten cars a week until the crop is marketed. Peppers are bringing top prices—\$3.50 a crate being offered today.

## PIANO PLAYERS' MARATHON!

HOUSTON, Tex., May 2.—T. J. Kennedy, Jr., today held the world record of 66 hours and 22 minutes continuous piano playing here this morning. He left his piano at 8:27 a. m. His last opponent dropped out at 2:29 a. m.

Scales, Shelley, Taylor, Wicker and President Turnbull—16.

Those voting with him were: Butler, Calkins, Campbell, Etheridge, Hodges, Igo, Knabb, MacWilliams, Mapoles, Putnam, Russell, Stokes and Wells—13. Senators Cone, Eaton and Overstreet were absent.

The night's proceedings started with a motion by Mr. Phillips that the whole matter of punishment and supervision of convicts be sent to a committee for study with a view to working out a plan after mature judgment.

Senator Lindsey offered a substitute motion that such committee comprised of the senator who introduced the original measure to abolish corporal punishment, Mr. Hodges, and those who had offered amendments. These men, however, all show that they are interested in this problem, Mr. Lindsey said. He deprecated the excitement under which he said the senate had been acting. "If we can't control ourselves, how can we consider measures to control convicts?" he asked. He expressed the hope that his motion would not be considered a dilatory move, asserting that he was ready then and there to make his position known on the subject.

"But if we send all these amendments together with the original measure to a committee for mature consideration, perhaps we can solve this question; certainly it is one of the biggest confronting this session." Senator Taylor also asked that more time be given to the question, asserting that he had thought he was prepared to vote intelligently on it, but had come to the conclusion that he is not ready to vote on the question at this time.

The committee is composed of Lindsey, Johnson, Stokes, Hiles and Hodges.

## Ask Law to Protect American Names

At the nineteenth annual meeting and reunion of the Renée Society for Genealogical Research, held in this city, resolutions were passed asking that a national act be passed by congress making it unlawful for any person to assume the family surname of any one of colonial, revolutionary or historical fame. It was also voted that for the protection of such names and to avoid confusion, mistakes or fraud, the organization seek to prevent foreigners from taking any colonial or American names which have been made prominent.—Boston Globe.

## Person License

NOTICE AN ACT TO AMEND HOUSE BILL, RECAPTURED BY THE HOUSE OF REPRESENTATIVES, DURING THE SESSION OF 1922, WHICH WAS PASSED BY THE LEGISLATURE OF FLORIDA, AND IS HEREBY AMENDED AS FOLLOWS:

SECTION I.  
That on and after the passage of this act, and upon it becoming a law, it shall be unlawful to take and catch any fish from the lakes, rivers, creeks, or streams of Seminole county, Florida, except with hook and line, rod and reel, between April 1st and November 1st of each year, and every year thereafter, no black bass shall be taken from any of the lakes, rivers, creeks, or streams of a less length than eleven (11) inches from tip of nose to fork of tail, and no person shall take or catch from said lakes, rivers, creeks or streams, any one day more than ten (10) black bass, or 25 crappie, or 25 bluegill, or any such fish as black bass, bream, croppie, or catfish, and every year thereafter, between April 1st and November 1st of each year, and every year thereafter, in Seminole county, Florida.

SECTION II.  
That it shall be unlawful at any time of the year, either in open or closed season for any person to take or catch a black bass from any of the lakes, rivers, creeks, or streams, of a less length than ten (10) inches from the tip of nose to fork of tail and shall return the same immediately to the water from where caught, in Seminole county, Florida.

SECTION III.  
That it shall be unlawful to fish with any seine or net of any kind between April 1st and November 1st of any year, in Seminole county, Florida.

SECTION IV.  
That it shall be unlawful to fish with any seine, or nets, or traps of any kind with meshes less than four (4) inch stretch, or with any net, when measured, lengthwise, stretching before tarring, pocket to be four (4) inch stretch, or less, before tarring, between November first and April first of each year.

SECTION V.  
That it shall be unlawful for any person or persons, firms or corporations, or express companies, or railroad companies, or common carriers, to transport by express or railroad, or automobile, truck, or any other means, any such fish as black bass, bream, croppie, or catfish, or any other fresh water fish of any kind out of Seminole county, State of Florida, or inside the boundaries of Seminole County, Florida, between April 1st and November 1st of each year, and every year thereafter, and except said fish be caught with hook and line, and rod, and that no black bass shall be transported of a less length than eleven (11) inches from point of nose to fork of tail, and that no person shall take or catch from any of the fresh waters of Seminole county, Florida, between April 1st and November 1st of each year, and every year thereafter, any fish of any kind whatsoever.

SECTION VI.  
Any person, firm or corporation, violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by fine not less than three hundred dollars, and not over five hundred dollars, and not less than six months nor more than one year on the county road, or by both fine and imprisonment at the discretion of the court.

SECTION VII.  
All laws and parts of laws in conflict with the provisions of this act be, and the same are hereby repealed.

SECTION VIII.  
This act shall go into effect upon its becoming a law and approval by the Governor, or until its becoming a law without such approval.

## CONVICTED OF \$1,000,000 FRAUD

NEW YORK, May 2.—Dr. Leonard K. Hirschberg, Winthrop Smith and Cornelius J. Kelly were convicted by a federal jury today of using the mails to defraud investors out of \$1,000,000 by means of a "blind pool."

## SENIOR PLAY.

The class of 1923 will present their Senior play, "The Girl From Upper Seven," on the evenings of May 9th and 10th, at the High School Auditorium. The Senior play is always a big event in Sanford and this one is certainly the biggest yet. This is a Western play, with cowboys and Indian characters. Besides there is a Chinaman, a French maid, an Englishman with a monocle, a group of pretty society girls from the east, and some pretty western girls. The choruses this year are new and beautiful. One is a Japanese chorus in costume. The other is a Scotch chorus in Highland Scotch costume. Watch for further announcements. 28-2tc

## SURE IT DOES GOOD

Thedford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the 'flu' by taking doses of Black-Draught regularly.

"I, myself, use Black-Draught for indigestion, and it is fine.

"We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver.

"I am glad to recommend anything that has been the help to my family that Black-Draught has.

"My present health is good. Have two boxes of Black-Draught in the house now."

If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthy matters out of your system.

Visitors to Plant City have coins more than two thousand years old. Bet we know the men who first held those coins so long.

The government does not want the people to boycott sugar. Well, then show us a better way to get results from the devilish profiteers.

According to the Barlow Record they need one "Galley-more" badly. If we see him wandering around Sanford we will pack him in a celery crate and send him home to the ladies who await him.

We have seen no notice of Col. Bob Davis of the Gainesville Sun being "glanded" but that eighty year youngster sure holds his age well. The editorial page of the Sun is always bright and shining.

The Angebilt Hotel in Orlando has been reorganized and Mr. Ange, the man who planned and built the hotel is out. It is the pioneer who never gets anything out of his discoveries and the Angebilt will be a monument to Ange, regardless of who eventually owns it.

Item in New York papers say "Government will begin to enforce dry law in three mile limit." We know the enforcement of the prohibition laws was limited but we never knew just what the limit was until now. That being the case we suppose the selling can now continue.

Latest reports from St. Petersburg Times is that "A large yacht with a cargo of liquors is off Clearwater," and "Charlie Carr has left his job on the St. Petersburg Times for Other Business." Of course we know there is no connection between the two items. We are just quoting from the St. Petersburg Times.

Those anonymous letter writers are certainly funny fellows. They state that they are not cowardly but they "jest don't want their names in print" and consequently will not sign their names to articles. We shall continue to consign this stuff to the capacious may of the waste basket. Come round and see us some time—face to face.

The Orlando Sentinel gives a table of five year's construction in Orlando showing the figures in 1919 to be \$12,845, and in 1923 to be \$12,000,000. From twelve thousand to twelve million is something to think about and something for which Orlando can well feel proud. It is also a sign of Florida's wonderful growth in five years.

An Assyrian attempted to take the life of John Rockefeller, Jr., yesterday in New York. At least he blocked the young man's path and the police had to take him in hand. Young John should profit by the mistakes of his elders and put gas down to where the poor people can buy it—otherwise he will be in danger of his life quite often.

This is the first Thursday afternoon off and it looks like rain all the afternoon. Thursday afternoons seem to be the time for rain as the merchants and their employees want to hike to some secluded spot to pass away the afternoon or to the beach or to the ball games. But the rain is needed and no one will be sore about it today. There are many more Thursday afternoons and the rain is worth thousands of dollars to this community.

Read the editorial on this page of "A Great Record" giving facts and figures about the municipally owned plants of Jacksonville and then tell the City Commissioners to hurry up the day when the city of Sanford can own her plants. The prices we pay here for service are out of all reason for the service rendered and if any such prices were paid to the city of Sanford we would not need to pay taxes to keep up the city government.

We wish that our correspondents, contributors, reporters and readers generally would sit up and take notice that there is no such word as "alright." If you desire to convey the impression that anything or everything is all right, write it "all right." It doesn't make much difference how you write it to the Star, where we yet have an old-fashioned linotype who knows how to spell, but if you write it that way to some really well informed person outside the printing business he or she will probably stop to think that you are a darn poor speller. All right—Ocala Star.

LOYALTY

If you work for a man, in Heaven's name, work for him. If he pays you wages that supply your bread and butter, work for him, speak well of him, stand by him and stand by the institution he represents. If put to a pinch, an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally disparage, why resign your position, and when you are outside, damn to your heart's content. But as long as you are a part of the institution, do not condemn it. If you do, you are loosening the tendrils that hold you to the institution, and the first high wind that comes along you will be uprooted and blown away, and probably you will never know why.—Elbert Hubbard.

A GREAT RECORD.

Jacksonville's power plant is a monument to successfully operated municipal public utilities. In addition to a present asset value of \$8,750,000, the outcome of a \$750,000 investment thirty years ago, the plant has poured \$2,901,000 in net profits into the city treasury. The money has gone to reduce taxes. More remarkable still is the fact that while the plant has been building up this enormous profit it has furnished Jacksonville power at a rate cheaper than that enjoyed by any other city in the United States. These figures read like fiction, but they are facts. Opponents of municipal utilities cannot refute them. The records are open. In some respects Jacksonville's municipal power plant is the eighth wonder of the world. It has been attracting national attention for a number of years and its condensed history of profits covering the thirty-year period since it was established is bound to create still greater interest. All the gold mines are not in California. Jacksonville has one in this public utility.—Jacksonville Journal.

AFTERNOON PAPER HAS THE READERS.

The New York Herald is endeavoring to attract readers by a miniature newspaper feature that will give in condensed form the important news of the day in all fields interesting to the public. Commenting on this, the West Virginian says: "The miniature newspaper of the Herald may be truly declared Frank A. Munsey's admission that the morning field is not the best field for a newspaper and certainly not the best field for advertising. The Herald states plainly in boxed comment on its front page that few people have time to read the news printed in a morning paper, and that the miniature newspaper offers the complete condensed news of the day in a form that can be read in twenty minutes, which is about the time limit for the average morning newspaper reader. "This is certainly sound backing for the opinion always held by the West Virginian that the afternoon newspaper is the better newspaper for informative reading by the public, and the better field altogether for effective advertising. The Herald's new feature will be helpful to a public rushing to business at top speed and its items will be gobbled by readers very gratefully, no doubt, but it also further cuts from observation advertising that might catch

JUST KIDS—Oh! Well, Of Course.

INTERNATIONAL CARTOON

of the real industrial situation in this country. It finds that an actual shortage of labor, including farm help, exists in 23 states, and in 21 states the unemployed so prevalent a few months back has been absorbed in industry and is now fully engaged in production. In only four states is there any considerable amount of unemployment. These states are Oklahoma, Georgia, Tennessee and South Carolina. These are largely agricultural states, large growers of cotton, and it is likely that the planters are restricting operations from dread of the ravages of the boll weevil.

An encouraging view of the situation is seen in the fact that there have been voluntary increases in the wages of labor in many different trades and occupations, notably in the steel workers, packing houses, textile workers and building trades. While the increase has not always been as great as the workmen hoped for, the fact that it was voluntarily done has brought about a better feeling between employers and employees. That a period of industrial peace has settled over the entire country is shown by the fact that strikes are much less prevalent than a few months ago. There are no more than nine strikes of any consequence in the whole country at present, showing that the workers are very generally disposed to accept the situation, and make the best of it, trusting to increased prosperity to bring them a full measure of justice. An unprecedented building boom exists in many states which will speedily remedy the shortage of housing, caused by the stagnation of all building during the war, and the abnormal conditions which followed it. New York city has 4,000 dwellings under construction, besides hundreds of great business and municipal projects, and from every city and hamlet in the land the same story comes up. The expenditure in this direction alone must amount to many hundreds of millions. The ultimate effect will come in lowered rents and a reduction in the cost of living. The railroads are providing much additional equipment to handle the vast volume of freight which will be offered to them in the course of the year. Taken by and large, the business year opens most auspiciously. Not the least of the factors which lend encouragement to the business world is the better and more confident feeling that prevails everywhere. Labor is more reasonable in its demands and employers are more liberal in granting them. The worst is over. We are on the right track at last, and the command is "Full speed ahead." The great danger we have now to face is going too fast and too far. Caution is still advisable.—Tampa Times.

MEN MAKE THE TOWN

Men make the town—men with broad views and notions; Men without patience with the knaveries born; Of narrowness and faith in foolish notions— Men who can climb the hill and meet the morn; Men, and not towers, not temples and not vases— Men with the soul to lose while the county gains; Men make the towns—men with the wisdom won From service and customs in the municipal weal; Men that can lift their faces to the sun; Men that are stalwart and not blind with zeal— Men, and not meetings, resolutions, charts— Men who have spirit, high-minded men with hearts; Men make the town—not avenues and places; Men, and not monuments, museums, domes— Men who can keep yet, spread the essential graces; Men with the broad, unselfish spirit glowing To set things going and to keep them going; Men make the town—not streets and parks and highways; Men, and not relics; the men you have count more Than all the mills and factories that roar— Men who can lift a city to the peaks Where conscious purposes its high meaning speaks. —Folger McKinney, in Baltimore Sun.

AN ENCOURAGING FUTURE AWAITS US.

If there is any "doubting Thomas" who refuses to believe that the United States is well back on the road to "normalcy" he should read the May day report on business conditions sent out by the Associated Press. The report is gathered from statistics and reports of labor leaders, industrial commissions and state and federal employment agencies in all of the 48 states. It deals not only with the labor situation, as regards industry in general, but handles specific cases in agriculture, manufactures and railroading. It is handled with the usual regard for accuracy which the Associated Press is noted for, and may be taken with absolute confidence as a true picture

of the real industrial situation in this country. It finds that an actual shortage of labor, including farm help, exists in 23 states, and in 21 states the unemployed so prevalent a few months back has been absorbed in industry and is now fully engaged in production. In only four states is there any considerable amount of unemployment. These states are Oklahoma, Georgia, Tennessee and South Carolina. These are largely agricultural states, large growers of cotton, and it is likely that the planters are restricting operations from dread of the ravages of the boll weevil.

An encouraging view of the situation is seen in the fact that there have been voluntary increases in the wages of labor in many different trades and occupations, notably in the steel workers, packing houses, textile workers and building trades. While the increase has not always been as great as the workmen hoped for, the fact that it was voluntarily done has brought about a better feeling between employers and employees. That a period of industrial peace has settled over the entire country is shown by the fact that strikes are much less prevalent than a few months ago. There are no more than nine strikes of any consequence in the whole country at present, showing that the workers are very generally disposed to accept the situation, and make the best of it, trusting to increased prosperity to bring them a full measure of justice. An unprecedented building boom exists in many states which will speedily remedy the shortage of housing, caused by the stagnation of all building during the war, and the abnormal conditions which followed it. New York city has 4,000 dwellings under construction, besides hundreds of great business and municipal projects, and from every city and hamlet in the land the same story comes up. COMMITTEE MAY EXTEND INQUIRY TO OTHER CAMPS

TALLAHASSEE, May 3.—Members of the joint legislative committee that has been investigating mistreatment of convicts in this state rested yesterday, or rather found time to attend to other matters. The committee plans to resume its investigation of the camp of Senator T. J. Knabb, in Baker county and at the conclusion of that phase, it is understood the committee will consider the request of representative A. O. Weeks, of Holmes county, that the convict camp of the West Florida Naval Stores Company in Calhoun county, to be looked into. Mr. Weeks appeared before the committee, and stated that two convicts, one a Mexican, had been killed in that company's camp at Wewahitchka under what was generally considered somewhat irregular circumstances, and that he has received complaints of gross mistreatment of other prisoners. R. F. Mitchell of Pensacola is president of the West Florida company. Mr. Weeks was not conversant with the full details of the two convict's death, but gave his story to the committee as a matter of information. Criminal action against convict guards followed their death, he said, but there were evidences that the witnesses had been intimidated and the state was not able to do anything with its case. The committee has not definitely decided its procedure after the inquiry into the Knabb Camp, but it is understood, it considers that its work will not then be through.

BIG SALE AT BENJAMIN'S.

Benjamin's Store has a page advertisement in this issue calling your attention to the big sale that starts Saturday at this big store. Benjamin has marked the fine stock of seasonable goods down to prices that will make them sell and you should read the advertisement and note the prices. **GENEVA**

The school picnic will be held Saturday at Lake Harney, it having been postponed on account of the death of Mrs. Huddleston. The school entertainment which was held at the town hall was well attended. The orchestra of Oviedo played several selections. There were two graduates from the eighth grade who were Christina McClellan and Charles Dooley.

Mrs. Sanders has just returned from Geneva, Florida, where she was called on account of the illness of her mother.

Miss Grace Dean returned from Jacksonville where she has spent three weeks with her father, A. B. Dean. Mrs. Smith and daughter, Mrs. Tool and Mrs. Kendrick, of Bath, were visitors here Friday.

Mrs. Webb, of Altamonte, spent the week end with Miss Sweet.

Mr. and Mrs. Chas. Phillips and Mr. Dickson were in Sanford Tuesday on business.

Mrs. A. E. Matthews and children of Quay, spent the week end with her mother, Mrs. J. M. Prevatt.

Mr. and Mrs. Burns, of Illinois and Mrs. C. F. Proctor and daughter of Canon spent Tuesday with Mrs. Roland Reed.

Mrs. George Geiger entertained Sunday at dinner for Miss Alice Geiger, Mr. and Mrs. George Miller of Orlando, Mr. and Mrs. Fred Ballard and son and Mr. and Mrs. Harry Geiger and sons of this place.

Mrs. Techimath called on Mrs. McFarlane Monday afternoon.

Mrs. H. H. Pattishall called on Mrs. Dickson Tuesday afternoon.

The Community Club met at the town hall Monday and was well attended.

The Sewing Club met at Mrs. Sheldon's Tuesday.

A beautiful and impressive memorial service was held at the cemetery of Geneva with the following program: Prayer by Rev. McFarlane; song—"America" by the people; address by Rev. McFarlane; reading by Miss McFarlane; song by chorus; and "Blest Be the Tie That Binds" was sung while the young ladies decorated the soldiers graves. Benediction by Rev. Logan. This is the first Memorial service that have been observed in Geneva for many years.

**DEATH OF MRS. HUDDLESTON**

Mrs. J. H. Huddleston, one of Geneva's most highly esteemed residents passed away, Thursday evening, April 28th, at 9 o'clock. She possessed many commendable traits of character, always lending cheer to others and saw the good in everything and everybody and her passing away removes from the community one of the most respected citizens. She was afflicted for many years with asthma, coming from Forsyth, Ga., 30 years ago she found great relief in Florida from this disease. Her strength was gradually sapped away and resulted in disolution which came as a great shock to her family and friends.

She leaves to mourn her death, a husband, two daughters, Mrs. E. Baker, of Gainesville; Mrs. F. Yerkes of Jacksonville, and one son John Huddleston, of Cleveland, O. To these the heartfelt sympathy of our community is extended.

The funeral services were held at the M. E. church, Rev. McFarlane officiating.

A choir composed of B. Tatterhall, P. Wakefield, H. Baker, Mrs. Lawton and Mrs. McFarlane of Oviedo, Mrs. Pattishall, Mrs. Adams and Mr. and Mrs. Chas. Phillips rendered beautiful music, with Mrs. Tolar, of Sanford, at the organ.

Full bearers were: H. Pattishall, P. Wakefield, Geo. Methaux, Geo. Peters and A. Moran.

The floral offerings were profuse and beautiful.

It was the largest and most notable gathering of sorrowing friends in Geneva.

There will be real cowboys, an Indian girl, and lots of excitement as well as fun in "The Girl From Upper Seven" at the High School, May 9th and 10th. 30-31

**EXPLOSION KILLS 100, INCLUDING GENERAL, SAYS CENTRAL NEWS**

LONDON, May 3.—One hundred persons have been killed in an ammunition explosion in a factory in the government of Tula, Russia, according to Moscow advices reaching Helsinki, Finland, says a Central News Dispatch. Those killed include General Malinkoff and many military officers and three members of the local Soviet.

For quick results try a want ad.

**All Russian Church Conclave Has Resolution Unfrook Tikhom**

(By The Associated Press) MOSCOW, May 3.—All Russian church clergymen today adopted resolution unfrooking the Most Rev. Dr. Tikhon, former patriarch of All Russia, who is in jail awaiting civil trial on charges of interfering with Soviet regime.

**UNITED STATES TO ASK WORLD NARCOTIC PACT**

WASHINGTON, May 3.—Negotiations of a world agreement to curb the production and manufacture of narcotic drugs will be proposed and undertaken by the United States at Geneva this month, it was learned Wednesday.

The advisory committee of the league of nations on the narcotic question will meet in Geneva on May 24. An American delegation will attend in a "consultative capacity" and will, it is understood, formally broach the subject of an international convention, such as was proposed by the Porter resolution enacted by the last congress.

Secretary of State Hughes has highly commended the Porter resolution and declared "it should be made the subject of an international convention. In a communication dispatched to the Dutch government on narcotic control, the American position on dope-control was thus outlined:

"The principal difficulty facing the administration of the narcotic laws has been the persistent smuggling of all forms of narcotics from foreign countries. It is the opinion of those familiar with the administration of the laws that most of the narcotic surreptitiously sold in the United States are smuggled. The control of the manufacture and sale within the United States appears to be very effective, and it is thought there is very little leakage from the legitimate to the illegitimate channels of distribution. There is no doubt, however, that large quantities of narcotics are smuggled into the country."

Who is the "Black Raider?" "Where is Lord Loveland?" These are the two mysteries that keep you wondering in "The Girl From Lower Seven." High School May 9th and 10th.

The Herald for first class job work.

**NEW SOFT WATER PLANT**

There has long been the need in Sanford for a convenient way for automobile owners to obtain soft water for their radiators, the sulphur water is hard and its sulphur content causes corrosion and forms scale on the inside of the radiator and water jacket, resulting in trouble of many kinds, the scale in a radiator keeps the water from circulating properly and rust in the water jacket of the motor acts as an insulator to the water that does the cylinder walls causing the motor to heat, making it sluggish and inefficient. Then, too, sulphur water attacks metals, eats out the core of a radiator causing leaks and in the case of most cars using steel pump shafts attacks the shaft at the pump bearings badly pitting it so that the packing cannot be kept in.

Wight Bros. Co. have installed at their garage a plant to supply pure soft water to the automobile users and for use in washing cars and the Herald congratulates them upon their public spirit and progressiveness.

Buy your ticket early for the Senior play, "The Girl from Upper Seven," a thrilling Western play with two mysteries which do not come out until the last. 30-31

BASE BALL NEWS

**ORLANDO TAKES ANOTHER**  
ORLANDO, May 3.—Fewer than 7,000 fans saw the Bulldog put on the last touch of a clean sweep in the three-game series with the Braden-Growers at Tinker Field yesterday but the empty seats in the stands were no hindrance to the Burkemen, who won the game in the seventh inning when Harry Green smashed a home run with Maltby and Staley on the bases. The game ended after the first half of the eighth inning because umpire Kissinger saw darkness creeping on. The score was seven to six.  
Score by innings:  
Bradentown 220 110 06—6  
Orlando 100 003 3x—7

**SAINTS MAKE IT THREE**  
DAYTONA, May 3.—St. Petersburg made it three straight from Daytona when they defeated the Islanders here yesterday, 4 to 3. Ollinger had the shade on Ames in the mound work. Daytona's three markers were scored on a homer by Messner, new Islander second baseman.  
Score by innings:  
St. Pete 001 101 010—4  
Daytona 300 090 000—3

FLORIDA MOON LIGHT ENOUGH FOR GOLFING

BARTOW, May 3.—Golf by moonlight, long listed by energetic Florida boosters as being quite within the realm of possibility, was borne out here Tuesday night in no uncertain fashion. Richard Pope, runner up in the recent state amateur championship and Frank Seymour, both of Winter Haven, took up a wager that eighteen holes could be played under 50 by Florida moonlight.

Seymour won the match two up on nine holes with a medal of 41. Pope shot a 40.  
At exactly 12:30 yesterday morning, the two players teed off with a gallery of nearly one hundred skeptics following. Each player had but one caddy. A flashlight was used an instant at the first hole, going out however before advantage could be taken of its light, and after that the game was played with no illumination other than that afforded by the moon two days past the full stage.

Pope drove out of bounds upon one instance, but his caddy scrambled over the fence and picked up the ball within a minute. One hour and eighteen minutes was used to play the nine holes, neither player losing a ball, both completing the round with the ball which they started. No paint or other luminous material was used on the balls, both being played with just as they came out of the bags.

Neither player missed a single shot and neither topped any of their shots. In fact, aside from the weird trip through the silent and empty fairways, surrounded by towering pine trees and bushy oaks from which issued startled cries by feather inhabitants, there was little to distinguish the match from an ordinary round in broad daylight.

FOR THE MOVIE FAN

Wesley Barry brought down the house last night.

It is the best picture Wesley has ever starred in and that's saying a lot.

It is full of thrills, as well as lots of wit.

And Wesley (Freckles) Barry will be shown again tonight for the last time in Sanford in "Rags to Riches".

And you folks who didn't go last night be sure and see it tonight.

And Osborne will have as his honor guests tonight Mr. and Mrs. H. W. Allen and family of the Allen Music Company. Bring this with you as it will be your ticket, the treat being on the house.

And then don't forget Friday and Saturday Night—Gloria Swanson in "My American Wife."

\$700,000 FOR ROADS CARRIES EASILY AT ELECTION IN PALATKA

PALATKA, May 3.—The \$700,000 road bond issue carried in Tuesday's election in Putnam county special road district No. 6 by a large majority.

As a result, permanent roads will be constructed north and south across the county and also another highway leading to Gainesville.

The election returns are to be canvassed by the board of county commissioners Wednesday.

A proposed bond issue will take care of the suggested new bridge across the St. Johns river here.

A machine to operate by compressed air has been invented to do the work of a jack plane, adze, draw knife or hand chisel.

McKinnon-Markwood Company will open their new clothing store soon in the Brumley-Puleston building, 12-tfc

**RELIEVED WHOOPING COUGH**  
"My little child had Whooping Cough," writes James Nell, Connersville, Indiana, "and Foley's Honey and Tar gave her relief. If my children contract a cough or cold I give them Foley's Honey and Tar and always get good results." For quiet relief from Coughs, Colds, Croup, Throat, Chest and Bronchial trouble use Foley's Honey and Tar, the largest selling cough medicine in the world. No opiates. Refuse substitutes. Sold everywhere.—Adv.

Dempsey and Gibbons Will Step Some

CHICAGO, May 3.—Negotiations for the Jack Dempsey-Tom Gibbons world heavyweight championship contest scheduled for Shelby, Montana, will be definitely closed here today, with the arrival of Jack Kearns, manager of the heavyweight champion.

The only issues to be considered before the articles are signed, will be the selection of a referee, the size of the ring, and other minor details. A clause in the articles calls for both boxers to be in Great Falls, Montana, six weeks in advance of the contest to finish their training.

Dempsey will receive 5 per cent of the gate receipts while Gibbons will box on a small percentage.

A folding seat on which a user may rest when he desires is a feature of an Iowa inventor's crutch.

Johnson and Scott Made Records Yesterday in Base Ball

WASHINGTON, May 3.—Walter Johnson, Washington's veteran right hander, in shutting out the New York Yankees yesterday 3 to 0, pitched his 100th scoreless game as a major leaguer—and he did it on the day Everett Scott, Yankee shortstop was playing his 1000th consecutive major league game.

Scott was the center of attraction, Johnson the hero of the game. All of the 8,000 fans, who flocked to American League Park to join Ban Johnson, president of the American League, and Secretary Denby in honoring Scott knew he had already participated in 999 straight games. Few of them realized, however, that their pitching idol had scored 99 shut

outs. Before the game the two teams lined up at the home plate, while Scott, escorted by President Johnson, and accompanied by the Marine band, marched between the lane of players to Secretary Denby who pinned a gold medal on the New York player in honor of his record. A delegation of admirers from Scott's home town, Buffalo, Ind., presented him with a horse shoe floral wreath. Long since Scott had shattered the record of both leagues for playing in consecutive games, and Johnson, the mark of scoreless victories of pitchers, in the majors.

Genie—If he wanted to die why didn't he do it outside? The idea of coming in here and dying right in the middle of the floor! So ill-bred of him!

A portable recording tape gauge that has been developed by the United States Coast Survey weighs only 25 pounds.

The inventor of an electric razor with two vibrating blades claims it can be used without the use of lather.

flexible power that can be operated in its handle and the other end used. Mines in the Netherlands yielded more than 4,500,000 metric tons of coal last year, a record production. A road connection affords unusual flexibility for a motor driven rotary knife for cutting cloth for clothing makers.

Have you shined your shoes today with **2 IN 1 Shoe Polish** It improves your personal appearance and saves the leather. For Black, White, Tan, Brown and Ox-blood Shoes. F. F. Dalley Company Inc. Buffalo, N. Y.

# SOFT WATER

**R**EALIZING an urgent need of Automobile Owners we have installed in our garage a plant to supply Pure Soft Water to our customers and all Auto Owners of the city FREE for the asking. We will drain the sulphur water from your radiator and refill with this Soft Water without charge. The cooling system of an automobile causes about 33 1-3 per cent of the total of all car troubles—eliminate this by using Pure Water that will not rust, corrode or cause scale to form in the radiator and water jackets of your motor.

WE ALSO USE THIS WATER FOR WASHING CARS

AS ALWAYS

We Serve You Best

# WIGHT BROS. CO.

DIAMOND TIRES  
GAS AND OILS—ACCESSORIES—REPLACEMENT PARTS

McKinnon-Mackay Company will have a complete line of Hart Schaffner & Marx clothing, new styles, new stock.

**RED CROSS NOTES**

On May 1st, a most interesting Red Cross meeting was held in Mr. DuBose's office. This meeting was called by our most efficient field secretary, Miss Marion Crawford, who had several things of importance to bring before the board. Miss Crawford knows how to put "pop" and a desire to do things into every one with whom she comes in contact. She brings an appeal to all chapters for knitted sweaters, hoods and socks for the tubercular boys who are still in the hospitals.

Mrs. E. M. Galloway, our efficient chairman of production feels sure that not less than twenty-five of these articles will be sent gratis from headquarters.

Miss Crawford also told of the fine classes in Home Hygiene and Care of the Sick that are being conducted by trained Red Cross nurses throughout the state. It was the unanimous decision of the board that Seminole county should, in the near future, bring an instructor here to conduct classes throughout the county. This is an opportunity of a life time and it is hoped that each class will be filled to overflowing.

As soon as an instructor is available classes will be formed and everything put in readiness for her coming. She will bring all necessary paraphernalia for conducting the classes excepting the baby. We feel sure some mother will kindly lend her baby to be used in an object lesson on "baby day."

The splendid returns from the 1923 roll call inspires the chapter with hope and the determination to make the roll call for 1924 even better.

**FORMER CONGRESSMAN KITCHEN RECOVERING**

WILSON, N. C., May 2.—Claude Kitchen, former minority leader in the Republican house of congress, is in a patient in a local hospital, taking the "rest" cure, it was learned today. He entered the hospital yesterday but his condition is declared by his physician to be not serious.

Representative Kitchen recently suffered an attack of influenza and his already run down condition was said to have been weakened greatly. He came to Wilson from Scotland Neck yesterday by automobile, accompanied by Mrs. Kitchen and his two sons-in-law. His physician said today that the former minority leader was in fine spirits.

France, it has been officially estimated, produced more than 6,500,000 metric tons of wheat last year.

**LONGWOOD**

The Longwood Concert Band had their first regular rehearsal last night. The members turning out one hundred per cent strong. There was two new members admitted.

It is indeed gratifying to have the people of the community stand back of an organization as the people of Longwood are back of the band. When called upon for subscriptions to the band fund they responded most generously and we now have every assurance for the complete success of the band.

We are still laying sidewalks and more sidewalks, and will continue until the town is completely paved with concrete walks.

The water works system is going ahead as fast as could be expected and we hope to have workmen on the ground laying mains before long.

It will be but a few days when the last of the orange crop will have been gathered and the growers sitting back with nice "fat" pocket-books. The Valencia crop is turning out very well and are bringing good prices.

Watermelon and corn crops are doing well and a large yield is anticipated.

**CARL J. MATTHEWS WILL BE IN SANFORD SUNDAY, MAY 6.**

Carl J. Matthews, of Jacksonville, Christian Endeavor field secretary of Florida, Alabama and Georgia, will be in Sanford Sunday, May 6, to hold a Christian Endeavor Rally in the Presbyterian church at 6:30 p. m., to which all the Young People's Societies are invited. If you have never heard Carl Matthews, you should take this time to hear him, he is a fine speaker and also a very good singer. We think he will have a solo or two for us Sunday night.

We hope this rally will be helpful to the other young people's societies as well as to the five Christian Endeavor Societies of Sanford. In these rallies there are always good and helpful plans and ideas brought before you, for conducting your prayer and social meetings.

If you want to get some new ideas for your meetings, then don't fail to hear Mr. Matthews Sunday evening, 6:30 at the Presbyterian church.

For quick results, try a want ad.

**Monroe Grammar School Commencement Last Friday Evening**

Were of High Order and Drew Large Crowd to Monroe

LAKE MONROE, May 3.—The big event in our community and one that is always anticipated with delight is the graduating exercises of the Lake Monroe Grammar school, which took place Friday evening at 8 o'clock and was witnessed by a packed house. So great was the crowd that accommodations were not afforded and after the seats were filled and the available standing room taken the stairways and lower halls were crowded with disappointed people.

The class chose as their motto this season: "I Can." The class flower, the rose, and colors, purple and white. The stage decorations were elaborately carried out in the decorations which were never more beautiful, the stage setting of purple and white embellished with a mass of gorgeous flowers and evergreens.

The exercises were unusually fine. All the children knew their parts and acted them well. The program began with the professional march by which the children filed in and took their respective places, the grammar school upon the rostrum, the primary grades at the foot of the stage when a chorus "Florida, My Florida" was sung. Afterwards, Hon. Jno. D. Jenkins, a friend of the school and always a welcome guest, offered an invocation. The dramatization "Tip Van Winkle" by the graduating class showed talent and preparation. The class song, "Call Me Back Pal O' Mine," played by Miss Jessie Matthews was very beautifully rendered. A costume drill "The Daffodils" by the girls of the higher grades was well worthy of mention, also a patriotic exercise, "My Country's Flag" by the larger boys brought down the house in cheers and applause. Several musical selections added to the pleasures of the evening's entertainment, among them piano duets and solos, songs, a drum accompaniment by William Hawkins, also two short numbers during an intermission by the blind musicians of Daytona, who were present for the exercises.

Our popular superintendent, J. W. Lawton, was then staged for a talk and responded with an eloquent address. He impressed upon the class and the school the importance of a finished education and the greater possibilities of a higher education over the grammar school. He also emphasized the necessity of good character as being man's greatest asset in life. Mr. Lawton introduced Dr. W. F. Blackman, speaker of the evening, who promptly replied in his own humorous, imitable manner. Dr. Blackman, like Mr. Lawton, is a well known figure at our school and both their presence are hailed with delight by teachers and children alike.

Our school trustees, J. W. Bell and Charles Bales, not to be outdone by the more shining lights of college professor and higher official came forward to a call upon the rostrum and also made some fine talks, much applauded and duly appreciated by the large audience.

Prof. J. T. Jacobs, principal, then presented the diplomas to the following girls and boys: Mary Hittell, Beulah Stafford, Malley Shelby, Eldon Cain, Jonathan Jackson, Wesley Daily, Elmer Bell, Alvin Johnson, Frank Jones, Paul Jones and Nathaniel Stafford. Fifteen children in the school received certificates of perfect attendance. These children were also presented a pretty present by the school trustee, J. W. Bell, Mr. Bales having presented gifts last year. Mr. Bell also made a like present to the assistant teachers.

After a few remarks by Mr. Jacobs and the "Good Night" song the exercises came to a close and the young graduates met their friends who were waiting with congratulations.

Teachers and pupils assembled in the school auditorium Tuesday morning for the closing of school proper when promotion cards were given.

A delightful treat of cake and ice cream awaited them, having been contributed by the Seminole Athletic Club. The school unanimously arises in a vote of thanks to the members of the Athletic Club.

**SENIOR PLAY.**

The class of 1923 will present their Senior play, "The Girl From Upper Seven," on the evenings of May 9th and 10th, at the High School Auditorium. The Senior play is always a big event in Sanford and this one is certainly the biggest yet. This is a Western play, with cowboys and Indian characters. Besides there is a Chinaman, a French maid, an Englishman with a monocle, a group of pretty society girls from the east, and some pretty western girls.

The choruses this year are new and beautiful. One is a Japanese chorus in costume. The other is a Scotch chorus in Highland Scotch costume. Watch for further announcements.

**ABOLISH HAZING AS RESULT OF FATALITY**

CHICAGO, May 2.—Abolishment of hazing in all its forms was recommended by a faculty committee at Northwestern University today in connection with the killing of a student recently in a automobile crash immediately after a class fight. The committee recommended that the freshmen and sophomore classes be deprived of entertainments.

The report came as university officials and the authorities were delving into the death of Leighton Mount, a freshman who disappeared after a class scrap in 1921 and whose skeleton was found yesterday under a pier in Lake Michigan.

Mount, child of Police Leggett of Evanston, said, had been killed evidently in connection with the 1921 sophomore fight, but he said it was not improbable that the young man was accidentally slain and his body hidde under the pier.

"Mount's body was carried to the pier after his death and buried beneath heavy stones," Chief Leggett said. "There could be other explanation of the presence there of his skeleton. It is more than likely that Mount was accidentally killed in the class war of September, 1921, and that his body was hidden by students who were frightened as a result of their hazing. Both arms and hands, one foot and the lower part of one leg is missing and the pier beneath which the skeleton was found is being guarded by police until a complete search can be made.

Chief Leggett and Walter Dill Scott, of the university, met today to arrange for the inquest tomorrow morning. Chief Leggett said the boys who testified at the hearing held room after Mount's disappearance would be among those summoned to testify at the inquest.

Mount's skeleton was identified by the boy's mother through a belt buckle and fragments of a coat. The chief exhibit for the inquest is a piece of rope about 30 inches long found beside the body. The students who participated in the class war of 1921 said it was similar to ropes given scores of under-classesmen for use in tying the hands and feet of members of the opposite class. The rope knotted and gave no indication of having been tied around the hands and feet of the skeleton. It was worn about way through in spots about six inches apart.

Muriel—Oh where's Tom? Oh, wasn't he brave to save his cousin? I always knew he was a hero. Senior play S. H. S., 9th and 10th. Senior play 9th and 10th. 30-11p.

WE ARE EQUIPPED TO DO GOOD PRINTING LET US DO YOUR NEXT JOB OF PRINTING

**"It Pays to Swim With the Current"**

This is about two spark plugs. At the moment they are lying on the sales manager's desk in the establishment of a large middle-western hardware jobber.

One spark plug bears a name known wherever automobiles are used, the other a name seldom heard.

Both, says the sales manager, are good plugs. On the score of quality they run neck and neck.

"But," he adds, "we are discontinuing this line"—and he holds up the plug of unfamiliar name. "Yes, and our discount on it is larger, too."

"What's wrong with it? Not a thing. It's a good plug—mighty good plug, but—no one knows about it. It isn't advertised—the other one is. The demand is for the advertised make. And we've learned it pays to swim with the current, not against it."

More and more jobbers in every line of business are learning every day that

it pays to swim with the current of popular demand.

"Our job," said one jobber, "is to supply markets, not create them. Let the manufacturer make a market for his goods, and we will handle it."

Said another—"Our salesmen carry a catalog with thousands of items in it. They haven't the time to push unadvertised goods. Their work is principally taking orders."

If you go among these wholesalers today to introduce a new product in competition with merchandise nationally advertised, unless the article is exceptional, you will be met everywhere by the injunction: "First go out and get a reputation for your goods through advertising."

The wholesaler knows by actual contact with dealers how they value speed of turnover, goods which move with a minimum of effort, goods people know about and ask for.

MINUTE MEN OF THE CONSTITUTION GAIN 3,000 MORE MEMBERS

CHICAGO, May 3.—More than 90 citizens pledged themselves to some members of the Minute Men of the Constitution, an organization formed by Charles G. Dawes, former secretary of the national budget, and personal friends at the first meeting of the organization in Evanston, a suburb, last night. At present the organization is an Americanization organization, functions only in Chicago, but Mr. Dawes said applications for membership had been received from more than 60 cities outside the state.

AMERICAN LEGION'S APPEAL FOR FUNDS

FOR THE ENDOWMENT FUND FOR PERMANENT DECORATION OF GRAVES OF OVERSEAS DEAD

The Herald will take subscriptions for the endowment fund for the graves decoration of the overseas dead. The American Legion Weekly has the following on the subject:

The American Legion's appeal for an endowment fund to provide for the permanent annual decoration of 32,000 graves of overseas dead has aroused interest in all parts of the country. As Memorial Day approaches the number of contributions received at Legion national headquarters reaches new heights.

The largest sum in contributions to date has been received from Michigan. Other leading states, in relative order, are Pennsylvania, New York, Illinois and Virginia.

A donation which caused much comment at national headquarters was received from a group of former service men recovering from wounds in United States Hospital No. 60, N. C., Ward 1-3. These men gave their best of the small compensation they receive and dropped it into a tin water can, slit in the top. When the can was opened it was found to contain \$18 in nickels, dimes and quarters. Accompanying the contribution was the following poem:

"And the thought we send across the wave As we lie upon our cot, Is plant upon each far-off grave One sweet forget-me-not."

Many newspapers are co-operating with Legion posts in appealing to the public for contributions. The Indianapolis News is receiving and acknowledging by publication all contributions received. Publications in smaller cities have also assisted in the campaign.

J. I. Finney, editor of the Daily Herald of Columbia, Tenn., appealed to readers of his newspaper for funds with considerable success. He wrote Legion national headquarters, as follows: "If other newspapers would do the same thing, you would soon have the \$200,000. I never gave to a cause with quite so much pleasure. It is fine to think that I have helped to make certain the annual decoration of those who sleep forever on foreign fields where they died for me and mine."

A mother, of McCook, Nebr., whose boy lies "somewhere in France," wrote "I have a boy over there somewhere. They know just when and how he was killed, but his grave has not been found. Perhaps the poppies will bloom over his grave. I want to help get flowers for the others."

"THE GIRL FROM UPPER SEVEN" On Wednesday and Thursday, May 9th and 10th, the Senior class of the High School will present the annual play, "The Girl From Upper Seven." This is one of the best plays ever selected for a high school cast. The play contains a mystery which is not solved till the last act. The wigs and costumes for this play have been rented from regular costumers. The comedy part is well taken by Byron Stephens as the Englishman, Victor McLaulin is the villain of the play, who pursues the beautiful heroine. The choruses are worth the entire admission price. The Japanese chorus is in costume with special scenery. The Scotch chorus is also in costume and the girls sing a catchy little Scotch song and then dance the Highland Fling. The admission is the same as ever, 35c and 60c. Watch for the program. 29-2tp

Mary—Rose is the best looking girl I ever saw—and I ain't far behind. Senior play Wednesday and Thursday, 9th and 10th. 30-1tp

The Herald for first class job work.

FLORIDA MEETS ROLLINS STARS IN TWO SCRAPS

UNIVERSITY OF FLORIDA, GAINESVILLE, May 3.—Inability to win on their Northern road trip just completed has not disheartened the Gator ball tossers one whit, who will attempt a comeback against the Rollins Tars in a two play series at Fleming field Thursday and Friday of this week.

On their road jaunt through the Southern part of the state at the first of the season, the Floridians handed the Tars a brace of defeats and will attempt to retrieve some of their lost laurels by turning the trick again. The team which will take the field against Rollins will be much stronger than the one to make Northern invasion for many of the Gator ball stars who were unable to make the trip because of scholastic duties, will be available.

Coneh Gas Bessley has not signified who will take the mound against the invaders, but it is likely that Henry Gray, pitching ace, will perform in the first contest, with "Ark" Newton holding down the burden in the second game.

Two more games with Southern College on May 10-11 remain on the Gator schedule.

Stockings for women have been invented with a row of button holes around the top edges to attach the garters without subjecting the material to injurious strains.

Daily Herald on sale at Joe's Smoke House, Mobley's Drug Store and Hunt's Pharmacy.

The Herald for first class job work.

WEST SIDE

Mrs. A. F. Young and Mrs. Schaw of Daytona Beach, were visiting on Thursday afternoon at the home of Mrs. Alfred King.

John Melch is fixing to build a new house on his farm out on West First street.

Mrs. Albert Knight was taken home from the hospital Thursday where she has been for several weeks with a carbuncle on her neck.

Mr. and Mrs. Andrew Aulin, of Oviedo, were the Sunday afternoon visitors at the home of Mr. and Mrs. C. L. Schoenemann.

Mr. and Mrs. McMillin were out from town calling on friends Monday afternoon.

Mrs. Abe West spent Tuesday afternoon with Mrs. Carl Smith.

Mr. Echols has electric light in his mattress factory where he is prepared to do all kinds of work in his line. Mr. and Mrs. Oscar Furrson have moved into their new house which was completed last week.

Mr. West, the saw mill man, was in Orlando on business a few days ago.

Buy your tickets for the Senior play from Roumillat & Anderson, Bowers, Mobley's, the Union Pharmacy or Hunt's Pharmacy. 30-3t

The Daily Herald, 15c per week.

How the American People have been taught to eat Florida Grapefruit

Ten years ago it was reliably estimated that less than five per cent of the people of the United States knew anything about Florida grapefruit.

Grapefruit from Florida are now more or less regularly eaten in about twenty-five per cent of American homes, according to recent investigations.

Millions of housewives buy Florida grapefruit for their families and insist that dealers supply them with grapefruit bearing the Sealdsweet trade mark.

The introduction of Florida grapefruit to such a greatly increased number of people has been accomplished by the educational advertising we have done as members of the Florida Citrus Exchange.

We, the growers who cooperate in that organization, realized ten years ago that to absorb the future production of Florida grapefruit would require an immensely greater consumer demand than existed.

Consequently, at that time we decided to systematically develop such demand by telling the public about Sealdsweet grapefruit and educating the housewives as to the food and health values they possess.

This work we were forced to do by ourselves unaided by growers outside of the Florida Citrus Exchange and under the very serious handicap of ruinous competition from the fruit of our fellow growers who market through non-cooperative and speculative channels.

We have succeeded mightily well, the results of our work making the grapefruit industry a substantial one, with a future of promise. There yet remains the task of convincing the other three-fourths of the American people that they should also eat grapefruit.

Why not cooperate instead of competing? Why not join us for mutual benefit and profit?

Do you want your grapefruit and oranges so advertised that the consumer may absorb the production without reducing prices to an unprofitable level? Then join the Florida Citrus Exchange and market under the Sealdsweet trademark—of, by and for Florida. Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

The FLORIDA CITRUS EXCHANGE
