hardly figured to beat Riggs. He did it, however, apparently by following an attack planned before the match.

Grant, a former Davis Cup star, hasn't played much tournament tennis for the last year or two, but he still is a steady, canny player and probably knows Parker's game almost as well as his own.

Only the two men's singles matches were played yesterday. The bracket was to be completed today when National Champion Don McNeill, of Oklahoma City, faces William T. Albert, of Cincinnati, and Frank Kovacs, of Oakland, Calif., plays Ted Schroeder, of Glendale, Calif.

The semi-final brackets in women's singles were filled almost according to form by Pauline Betz, of Los Angeles; Mrs. Sarah Palfrey Cooke, of New York; Dorothy Bundy, of Santa Monica, Calif.; and Mary Arnold, of Los Angeles. The nearest thing to an upset came when Miss Arnold needed five, turned in a 6-2, 6-3 decision over fourth-seeded Mrs. Frank Kovacs, the former Virginia Wolfenden.

Champion Diesel Power, Specialized Rebuilding, Coast Coach, Diesel Car and Truck, Low Coach Fares

Gray Wolf Winner Of Saratoga Event

SARATOGA SPRINGS, N. Y., Aug. 3.—(AP)—The wolf knocked at the door here yesterday and walked right in.

Mrs. Alice F. Sherman named three of her horses whose names end in "Wolf." The first, Gray Wolf, showed a lot of speed before fading to eighth place in the first dash. American Wolf galloped off with the fourth event and Gray Wolf repeated in the featured Glens Falls purse for class "C" horses.

Gray Wolfe, earning his first victory in 10 starts, finished two lengths ahead of W. H. Berry's Early Delivery, the favorite. Joe W. Brown's T. M. Dorsett was another two lengths back in third place. The victor, paying \$13.70, was timed in 1:12 2-8 for six furlongs.

Superio Dignoso, the Chilean jockey, completed a triple with a nice ride aboard Gray Wolf. He also scored with Alfred Vanderbilt's New Flower in the opening race and with American Wolf.

Ida State League game scores: Daytona Beach 001 000 000—1 8 1; Leesburg 028 021 002—5 10 0; Bullock and Carroll; Metters and Pavlich.

Red-Hats Turn Back Senators ORLANDO, Aug. 3.—(Special)—Scoring two runs in the first inning and then adding another pair in the fourth, the DeLand Red-Hats coasted to a 4 to 1 victory over the Orlando Senators here last night in a Florida State League game.

Gray Wolf Winner Of Saratoga Event

Member of the U. S. naval mission to Ecuador, Lt. Charles E. Lodge, accompanied by his wife, leaves New York aboard the Santa Clara. The mission will cooperate with Ecuador in hemisphere defense.

Two Floridians Win In Crackerland Meet

ATHENS, GA., Aug. 3.—(AP)—Two Floridians—Neil Walker of Clearwater and Bill Baker of Tampa—won the finals in the men's doubles of the Crackerland tennis tournament yesterday with a 6-1, 6-4 victory over Dan Magill and Johnnie Woods of Athens.

Palm Beach Reaches Finals In Tourney

WEST PALM BEACH, Aug. 3.—(AP)—West Palm Beach won its way into the finals of the Florida American Legion junior baseball tournament yesterday with a 14-2 victory over Gainesville that was highlighted by a 10-run spurge in the second inning.

West Palm Beach staged its 10-run rally with only three hits after an unusual occurrence. Blahop, the Gainesville catcher, dropped a third strike and Stubbs, the batter, unintentionally kicked the ball on his way to first. The incident appeared to umverve Pitcher Zetrow, whose wildness contributed to West Palm Beach's victory.

LEGAL NOTICES

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA IN AND FOR SEMINOLE COUNTY IN CHANCERY. OILANDER STATES OIL COMPANY, a corporation, Plaintiff vs. JOSEPH M. BIREDONDA ET AL., Defendants—CITATION

before the Circuit Court of the Court House at Sanford, Seminole County, Florida, on the first day of September, A. Nazis Report Gains In Two New Attacks

Nearly 140,000 Soviet Troops Are Taken In Giant Smashes, Germans Announce

Invaders Admit Many Casualties

British Concede Hitler's Troops Approaching Odessa

Adolf Hitler's invasion armies were credited today with the capture of nearly 140,000 Soviet troops in two gigantic new smashes at Russian defenses 60 miles southeast of Smolensk, on the path to Moscow, and in the Ukraine.

The Nazi field headquarters asserted 25 Soviet divisions were destroyed in the Smolensk area.

By contrast, the Russians announced heavy losses had been inflicted on 10 more German divisions—six tank and four infantry—in an unopposed sector.

Anti-aircraft quarters in London conceded the Nazis seemed to be making headway in attacks toward Odessa, strongly fortified black sea port, but deprecated the "high-sounding claims" the Germans are making of other gains in the Ukraine.

Those quarters said the Berlin claims should be regarded with caution because previous Nazi reports of battlefield successes had been conspicuously exaggerated.

The Germans also reported the capture of Kirov, rail junction 80 miles northwest of Kiev in an unopposed advance of a severe German assault. NBC quoted the Berlin radio as saying a squadron of big Junkers transport planes had been brought back from the control front.

Berlin claims 241,000 Russian have been killed wounded or captured by new Nazi strikes at the central and southern sectors of the eastern battle zone.

The destruction of two Russian armies of the Ukraine—the fifth and fourth—was claimed late last night by the German High Command in a special communication.

Taken captive, it was added, were 102,000 men; Russian casualties were declared to number about 200,000. A total of 25 Red divisions were reportedly smashed.

These spectacular successes were obtained in what has been called the supreme Nazi offensive effort toward the Russian Black Sea corridor of Odessa—a thrust which Berlin asserted yesterday had reached an area 127 miles south of Kiev and about as great a distance from the Black Sea.

In this area, the German command officially, the commander of the sixth Soviet Army, other high troop leaders and 30,000 Red soldiers have capitured in the annihilation of a big Russian army of 200,000 men.

It is believed that completion of the paving project will be beneficial to all cities along the route. A saving of about 10 million will be made possible by the project, which will take to complete this unfinished section of road.

Mr. LeVelle said the department anticipates assigning a crew to the stretch of road in two or three weeks.

According to present plans, he advised, "we hope to start one of our crews into that uncompleted stretch of road which lies between the St. Johns River and a point approximately five miles west of Mims in Volusia and Bayard counties within the next two or three weeks, and hope to be able to keep that crew in there continuously until that uncompleted stretch of road has been completed."

Euw Iraq Revolt

Wife of the chief neurologist in the Royal Hospital at Baghdad, Iraq, Dr. Herma Hoff is shown in her New York hotel as she read from a diary about her adventures. She saw the bloodshed and looting that followed the pro-Axis coup d'état there, then managed to escape by air to India with her child, and reached the U. S. via Batavia, Manila, Honolulu, and San Francisco. Heroin subsequently subdued the Axis adherents in Iraq.

State Road 44 Project To Be Started Shortly

Engineer Says Crew Will Be Available In 2 Or 3 Weeks

Work is expected to be started about Sept. 1 on paving the unfinished portion of State Road 44, which leads through Sanford to the East Coast, according to a report received today from W. D. LeVelle of DeLand, division engineer for the fifth district of the State Road Department.

The unfinished part of the road is about nine miles in length. The grade was constructed about seven years ago, and it was only this year that the State Road Department found it possible to include sufficient funds in its budget to hard-surface the road.

Mr. LeVelle said the department anticipates assigning a crew to the stretch of road in two or three weeks.

According to present plans, he advised, "we hope to start one of our crews into that uncompleted stretch of road which lies between the St. Johns River and a point approximately five miles west of Mims in Volusia and Bayard counties within the next two or three weeks, and hope to be able to keep that crew in there continuously until that uncompleted stretch of road has been completed."

Mr. LeVelle added that "it is unable to give you any more definite information than the above until such time as we actually begin construction, when I hope to be able to give you information as to the approximate time it will take to complete this unfinished section of road."

Mr. LeVelle said the department anticipates assigning a crew to the stretch of road in two or three weeks.

According to present plans, he advised, "we hope to start one of our crews into that uncompleted stretch of road which lies between the St. Johns River and a point approximately five miles west of Mims in Volusia and Bayard counties within the next two or three weeks, and hope to be able to keep that crew in there continuously until that uncompleted stretch of road has been completed."

Special Radio Bomber Warning Reported In Use

Three-Week Training Course For Signal Corps Is To Start

Temporary unemployment of 2,000,000 persons was a forecast yesterday by Leon Henderson, director of the office of price administration, as a possible development in the transition of American industry from peace time to defense production.

Testifying before the house banking committee on behalf of the administration's price-control bill, Henderson declared the nation was going to have to "pay dearly" for a lack of planning for underestimates of certain defense needs.

Shortages of raw materials for civilian needs are beginning to develop, he said, and plant closings are going to result because of judgments which had to be made 18 months ago and which he conceded had been short of the mark.

Questioned by Representative Walcott of Michigan concerning published reports that as many as 6,000 or 6,500 plants would have to close and well over 1,000,000 men be thrown out of work, Henderson said the condition exists for such a development. He expressed the belief that the situation might reach the proportions expected in England where, he said, the unemployment increase amounted to 20 to 25 percent. Later he told newsmen the effect of priorities and shortages would inevitably force more plants to close and that it might cause the unemployment of 2,000,000 men.

He said, however, he thought that unemployment would be largely temporary because the workers ultimately would be absorbed in defense production.

Henderson delivered an impassioned appeal before the committee for governmental action to alleviate dislocating effects of the defense program.

"Democracy does not mean laissez-faire in an emergency," he said.

He said he thought the proposed price-control measure was one example of the things that ought to be done.

Antlers Will Have Deep-Sea Fish Trip

Fifteen members of the Antlers Lodge will leave early tomorrow morning for Daytona Beach, where they will be on the "Lapwing" for a deep-sea fishing trip into the Atlantic Ocean.

Those who will make the trip are: E. Stokes, Ben Crawford, Joe Davis, Vernon Allman, Tommy Mero, Walt Haynes, Shelton Hardin, Phillip Goodspeed, R. A. Goodspeed, Giles Chapman, Jesse Lodge, Charles Thurston, Henry Thurston, Henry Tamm and Ralph Ray.

City Of Miami Beach Votes Bonds To Build 100-Bed Municipal Hospital

Miami Beach, seeking like Sanford to improve its hospital facilities, has voted unanimously to issue up to \$400,000 worth of callable revenue bonds for construction or erecting a municipal hospital with a minimum of 100 beds, it is reported in the Miami Herald.

How New Tax Bill Affects Everyday Activities

In addition to drastically increasing the government levy on incomes, the new federal tax bill will tax upon Mr. Average Citizen to help finance national defense through taxes on everyday luxuries and recreations, as shown here. All movie tickets, including those to afternoon performances, will be taxed, and there will be a levy on all 25-cent phone calls. Bowling alleys, phonograph records, liquor and cars also are taxed.

Absentee Voting For Election On August 19 Starts

Ballots Available In Court House For Hospital Question

Absentee voting for the election on Aug. 19 affecting Seminole County's proposed hospital is to be out of the county by the office of County Judge H. W. Ware and the official ballots have been received there, it was announced today by County Attorney E. J. Housholder.

"Any person who is a freeholder may vote now provided he expects to be out of the county on election day," Mr. Housholder said. Persons desiring to vote will go to the office of the County Judge, where they will receive their ballots, the attorney explained.

"After they have voted, freeholders should leave their ballots properly sealed, at the office of Judge Ware, where they will be kept until turned over to the clerks and inspectors on election day," Mr. Housholder said.

At the election, which is to be held on June 15, by Mark H. Woodruff, consulting chemist to some of the nation's major industrial organizations, the young scientists of the Florida chemical industry feel they are making definite progress toward their goal of finding new economic wealth in Florida's unexplored natural resources, and of finding the answer to some of the State's unexplained agricultural problems.

In the small but completely equipped laboratory on Tranquility Farm sparkling-eyed young men with imagination and inventive minds are testing black jack wood as a raw material for plastics and are investigating the possibilities of the oil of dog fennel as they begin a research into the chemical mysteries of Florida woods, weeds, and countless natural plants.

"Here's a plastic ash tray made of black jack oak," David L. Emerson, Jr., senior chemist from Miami, said in telling about some of the things the laboratory's staff hopes to accomplish.

"Black jack is an ideal wood for plastics," he explained. "We are interested in finding a cheap method of plasticating the black jack oak. This tray made in a northern manufacturing plant of wood found here on the farm, is commercially feasible. Emerson said, it is the intention of Woodruff and his associates to build factories locally for their manufacturing. Among Florida's agricultural problems is one of efficiently and cheaply inoculating seed with nitrogen fixing bacteria, and the chemists report progress in this regard.

Vichy Cabinet To Confer On Monday

VICHY, Unoccupied France, Aug. 9.—(AP)—Full dress French cabinet meeting, called for this afternoon to discuss empire defense, was postponed suddenly until Monday.

Kennedy Replaced By Charles Butler

LAKELAND, Aug. 9.—(Special)—Charles O. Butler, employe of the Atlantic Coast Line more than 20 years, has been appointed general foreman of railroad shops here to replace E. G. Kennedy, who retired Aug. 1, after 24 years of service. Butler came to Lakeland in 1928 from the Waycross shops, where he was employed 14 years.

First Miniature Auto Races To Be Held At Fort Mellon Park Tomorrow

Weeds May Supply Raw Material For Future Industries

First of the miniature auto races will be held in Sanford tomorrow afternoon at 4:00 o'clock at Fort Mellon Park when a group of car owners from Daytona Beach come here to enter competition to local racers. W. D. Hoffmann, executive committee chairman of the racing club here, said this morning:

"Our boys do not expect to make any great showings against the victors as none of the local cars has been entered in a race before," Mr. Hoffmann explained. "We'll just be out there to race and learn what we can."

The 36-foot oval track was completed this week by the city and a race scheduled to be held at Daytona Beach was canceled by a Sanford typhoon. Mr. Hoffmann said several prizes were to have been given but they will now be postponed until the following week.

It will be the first time the newly races have ever run in Sanford and probably the first time local citizens have had the opportunity to see the cars run, he added. The present world record for the cars is over 87 miles per hour.

The automatic timing device has not been installed yet and the cars will be timed by hand watches but the mechanism is now under construction and it will not be long before official time races can be run here.

About eight or ten cars are expected to take part in tomorrow's race, six or eight from Daytona Beach and three from here. The local cars will be the mystery element as none of them has been run or timed.

Final Rites For Mrs. Paxton Set

Funeral services for Mrs. P. Paxton, resident of this city for 31 years who died at her home yesterday, will be held at the Erickson Funeral Home Sunday morning at 10:00 o'clock with Dr. E. D. Browne, pastor of the First Baptist church officiating.

Middlewest Gets High Temperature

Temperatures bobbed 20 degrees or higher over Gulf, Ohio valley and midwestern states, but dipped under 90 in other parts of the country yesterday.

Citrus Growers May Attend Camp

Citrus growers of Seminole County are invited to attend the eighth annual Citrus Growers Institute to be held at Camp McQuinn Aug. 23-29, in a letter sent them by County Agent C. R. Dawson.

Trail Group To Discuss Program At DeLand Meet

Inland Road Through Center Of Florida To Be Advertised

Edward Higgins, president of the St. Johns River Trail Association, announced today that a meeting of the group will be held at the DeLand Chamber of Commerce building Thursday morning at 10 o'clock to discuss plans for pushing an inland route from Jacksonville to Miami.

Cities which have been invited to send representatives to the meeting are: Jacksonville, Green Cove Springs, Crescent City, Palatka, DeLand, Sanford, Orlando, Kissimmee, St. Cloud, Holopaw, Oklawaha, Canal Point, Belle Glade and Miami.

Provisionary plans for the coming year include the preparation of a strip map showing the advantages of the shorter inland route from Jacksonville through DeLand, Sanford and Orlando to Miami. Mr. Higgins said the map would be given to chambers of commerce, information booths and other agencies along the route for distribution to tourists.

In addition, a folder giving information about the points of interest along the route is expected to be distributed. Travel agencies located near the Florida-Florida border especially would be supplied with the folder, and maps, Mr. Higgins said, in order to pull travelers in the way.

"We believe that advertising this route will be effective," Mr. Higgins commented, "because we have these outstanding points, Jacksonville, Lake Oklawaha and Miami, included on it."

Sanford would benefit greatly by increased travel over the inland route, the association president pointed out. If a road is well advertised, many persons who formerly foot the coastal route to lower Florida will pass through the inland cities, in Mr. Higgins' opinion, all these have much to offer in the way of scenic beauty.

Florida Canal Is Included In Bill

WASHINGTON, Aug. 9.—(AP)—The House Rivers and Harbors Committee voted yesterday to include the controversial St. Lawrence seaway and Florida ship canal projects in an omnibus rivers and harbors bill which some members estimated might require appropriations totaling \$1,000,000,000.

Art, Craft Project To Be Closed Friday

Closing the NYA arts and crafts project next Friday, due to lack of funds, was disclosed in a letter received yesterday by Mayme Hodgkin, instructor for the classes.

Georgia Tobacco Brings Over 20c

ADEL, Ga., Aug. 9.—(AP)—This tobacco auction center had a price average of 23.55 cents a pound for 217,822 pounds sold for \$71,648.26 yesterday while most all belt cities had average on the top side of 20 cents.

Brothers Win Prize At Special Matinee

George and Jack Spencer, brothers, tied for the annual prize given to the child having the largest number of defense stamps at a special matinee this morning at the Rita Theater.

Each had 30 25-cent stamps, and was given a prize of \$1 each in defense stamps by Manager Charles Morrison.

About 200 children enjoyed the matinee, to which they were admitted by showing a defense stamps stamp, Mr. Morrison said.

Prisoners Said Whipped

ATLANTA, Aug. 9.—(AP)—A complete investigation of charges that a "heap" of prisoners had been whipped and one negro fatally lashed at the State convict camp in Hancock county was promised Friday by Victor E. Stanley, of the Prison and Parole Commission.

Held In Palestine

BEIRUT, Aug. 9.—(AP)—General Henri Dentis, French High Commissioner for Syria, and Vichy officials, though they did do some work for the schools and the Ferial-Laurentin Memorial Hospital when the project was first started.

New Jersey Plane Plant Is Picketed

Production Tied Up On \$600,000,000 Worth Of Defense Orders In State

Wage Increase Asked By Men

Work At Standstill On Navy Contract At Kearny Yards

By Associated Press
Strikes at two New Jersey industrial plants virtually tied up production today on about \$600,000,000 worth of defense orders.

Picket lines were thrown around the propeller plant at the Curtis-Wright Corporation at Caldwell, where an A. F. of L. official said 800 of the plant's 1,193 workers had joined the walkout.

The walkout, said Frank Sherwood of the Workers' committee, was neither a union move nor a protest against a collective bargaining election held Thursday which was won by an independent union. The workers committee has asked a 20 cent an hour wage increase over a undisclosed rate. The plant has \$100,000,000 in defense contracts.

Meanwhile work was at a standstill on another \$493,000,000 worth of defense orders for naval vessels at the huge shipyards of the Federal Building and Drydock Company at Kearny, in the grip of a C. I. O. strike.

A flat warning came from the Navy Department yesterday that the government would take direct action to get production resumed at the great Kearny, N. J., yards of the Federal Shipbuilding and Drydock Company if the management and a settlement of the management and a settlement of the C. I. O. union could not settle their dispute.

Saying that 200,000 man-hours of work on "vitally needed" combatant ships for the Navy were being lost daily, Ralph Bard, acting secretary of the Navy in the absence of Frank H. Knox, expressed hope in a statement that the strike could be settled at once.

"But if management and labor cannot arrive at a settlement," he continued, "it must be taken which will in one way or another put this huge shipbuilding plant back into production at the earliest possible moment."

A proposal that the government take over the yards came from Peter Flynn, vice president of a C. I. O. shipbuilding workers' local, who said in a statement at Jersey City that action should be taken "without another hour's delay."

Gasoline Consumption

It should be comparatively simple for the public to cut down by one-third on its gasoline consumption if it does not limit itself to the avoidance of "jackrabbit starts" as Mr. Ickes suggests.

A group of dairies with long delivery routes in the Miami area announces that henceforth its Sunday deliveries will be made on Saturday along with Saturday deliveries.

To avoid having to find a place to park a motorist running while she dashes in to get the groceries.

God forbid that Sunday afternoon driving should ever be so easily entertained for such long periods of time by a drive through the countryside.

Rapid progress is being made toward placing Florida in the forefront of those states which provide all possible highway protection to the motoring public.

Following is a digest of Florida's accident reporting law, taken from the "Florida Regulatory Traffic Act" and distributed by the Department of Public Safety.

1) Requires driver when involved in accident causing injury or death to stop immediately—render full assistance to injured and completely identify self.

2) Driver striking unattended vehicle must stop and either make identity known to owner or operator, or leave written notice in conspicuous place on vehicle struck.

3) Drivers striking legally placed fixtures on or adjacent to highway (bridge, sign, barricade, etc.) must make reasonable effort to locate and notify owner and make identity known.

4) Drivers involved in accident causing injury or death must notify, by quickest means of communication, nearest office of Highway Patrol or Sheriff.

5) Coroners, upon learning of death resulting from traffic accident required to notify nearest office or station of Department of Public Safety.

6) Drivers involved in accident causing death, injury or property damage totalling \$50.00 or more (\$50.00 a total of all damages in accident) must submit written report on form furnished by Department of Public Safety to that Department within 24 hours after accident.

7) Department may require supplemental information from driver if original report is insufficient or incomplete.

8) All law enforcement officers required to submit report of investigated accident.

9) Occupant of vehicle to submit report if driver is rendered incapable of doing so.

10) Department of Public Safety to furnish all forms to be used by operators, officers and distributors forms throughout State which may be obtained by persons in accidents.

11) Coroners to report to Department of Public Safety on 10th of every month, death of any person in jurisdiction resulting from motor vehicle accident.

12) All reports and information on accidents submitted by operators to be confidential and may not be used as evidence in any trial. Information to be used solely for accident prevention purposes.

13) Department of Public Safety to tabulate and analyze accident reports and publish information on accident experience, number, circumstances.

14) Any incorporated city, town, village or municipality may by ordinance, require driver involved in accident to submit report to that local department. Such report may be copy of report submitted to State Department and would be for confidential use of local department.

"TRUTH" CRUSHED TO EARTH, SHALL RISE AGAIN!

Nazi Freighter At Lauderdale Unloads

FORT LAUDERDALE, Aug. 9.—(AP)—The German freighter Arauca is being unloaded today, perhaps Sunday, to a local Ala. drydock before going to work in the service of the United States.

CONVICT ARRESTED

PLANT CITY, Aug. 9.—(Special)—A 19-year-old escaped convict, James Patterson, was returned to a boys' camp at Chattahoochee Friday by State officials.

NORGE TRAINS CANCELLED

STOCKHOLM, Aug. 9.—(AP)—Night train schedules in Norway were cancelled for a week, beginning today. The orders were believed to be connected with large-scale German troop movements northward.

Apparently non-co-operating farmers hadn't realized this until they started marketing their wheat.

As for doing anything about it, department officials say, there's nothing to do, unless it would be to repeal the act which set the low price for wheat.

The House of Representatives has passed a bill to give relief to co-operating farmers with a partial crop failure, by allowing them to sell up to normal yield on their allotted acreage. That would affect only a few. And besides, it isn't yet a law.

As in what caused 15 percent of the farmers to refuse co-operation, there are just guesses. Officials say some farmers, perhaps because the \$1 and \$1.50 wheat of the World War days, undoubtedly figured it would mean there would be other cases, it may have been that of understanding of the law or just plain rebellion.

The co-operating most often heard from the minority is that the co-op were not announced until the crop was in, and that they had no time to get ready.

But some of the co-operating farmers were told that the government in its panic to keep the farmers from leaving the co-op, had decided to give them a little more money.

Under the revised Agricultural Adjustment Act, the government will pay the farmer a bonus of \$1.50 a bushel for wheat, \$1.25 for corn, and \$1.00 for soybeans.

The government will also pay the farmer a bonus of \$1.50 a bushel for wheat, \$1.25 for corn, and \$1.00 for soybeans.

The government will also pay the farmer a bonus of \$1.50 a bushel for wheat, \$1.25 for corn, and \$1.00 for soybeans.

The government will also pay the farmer a bonus of \$1.50 a bushel for wheat, \$1.25 for corn, and \$1.00 for soybeans.

The government will also pay the farmer a bonus of \$1.50 a bushel for wheat, \$1.25 for corn, and \$1.00 for soybeans.

Good Prices For Tobacco Continue

Tobacco buyers—ears tuned to the chant of the auctioneer—counted out thousands of dollars yesterday to growers in Georgia and Florida, paying prices ranging from one to 45 cents, but mostly in 21 to 25-cent brackets.

With the excitement of opening week dying, buyers and growers settled down to serious business and offerings for the most part were heavier than earlier in the week.

Whitney Packs To Leave Sing Sing

OSISING, N. Y., Aug. 9.—(AP)—Richard Whitney, former president of the New York Stock Exchange, began packing his personal effects Friday preparatory to leaving Sing Sing Prison Monday after serving a sentence for larceny.

The one-time stock broker was granted a parole at the earliest possible moment when he walks from the gray stone prison overlooking the Hudson River shortly after 7:00 A. M. Monday.

He will go from here to Winnipeg, Manitoba, to begin training Monday after returning early this week from Canada where he made application for the R. C. A. F. He was accepted and later was given deferment by the local draft board.

Plant City Youth Will Join R. C. A. F.

PLANT CITY, Aug. 9.—(Special)—E. J. DeVane, 21, of Plant City, will leave Sunday to join the Royal Canadian Air Force.

He will go from here to Winnipeg, Manitoba, to begin training Monday after returning early this week from Canada where he made application for the R. C. A. F. He was accepted and later was given deferment by the local draft board.

Stewart Says

By CHARLES F. STEWART, Central Press Columnist. YOSUKE MATSUOKA undoubtedly got no more than what he richly deserves if it is as easily understandable why he should be about the most hated man in the United States.

Returning to Japan, Matsuoka worked himself up into a deal of big business prominence, for he was a smart cuss, despite his anti-Americanism.

Well, it was Minister Matsuoka who framed up the deal that took Japan more or less into the Rome-Berlin Axis.

As the war warmed up, he decided on a trip to Rome and Berlin, to talk to Mussolini and Hitler.

It was a job which especially enabled him to make himself disagreeable to Washington, and he worked overtime at that detail of it.

Well, it was Minister Matsuoka who framed up the deal that took Japan more or less into the Rome-Berlin Axis.

As the war warmed up, he decided on a trip to Rome and Berlin, to talk to Mussolini and Hitler.

Equalization Brings Few Miami Protests

MIAMI, Aug. 9.—(AP)—Although the tax assessments on Dade county's real estate were increased to five times their former value under a 1941 state law, the county equalization board received only 123 protests against the valuations.

County Assessor Lumma said thousands wrote and valued his office when they learned of the law, but only 123 protests were received.

He said that he had been surprised by the few protests, but he said that he had been surprised by the few protests, but he said that he had been surprised by the few protests.

He said that he had been surprised by the few protests, but he said that he had been surprised by the few protests, but he said that he had been surprised by the few protests.

Orlando Pastor To Speak Here Sunday

The Rev. W. W. White, pastor of the Orlando Gospel Tabernacle and director of the Orlando Gospel Mission, will speak at the Full Gospel Tabernacle in Sanford tomorrow morning. It was announced today. The pastor, the Rev. George Ziemer, has returned to Milwaukee to make final arrangements before moving to Sanford.

Rev. White has been heard over the radio from Orlando, together with his brother, C. R. White, who plays the unique euphonium horn. Mrs. White, wife of the pastor, sings soprano and is expected to take part in the program. Also to be heard is Mr. Crawford, tenor.

The musical program will be presented in the morning service at 10:30 A. M. Mrs. White will discuss the subject, "Do We Really Want a Revival?" The public is invited to attend the service.

Sanford Girls Will Be In Fashion Show

The Collegiate Senior Advisory Board of the Dickson-Lives Company of Orlando has chosen over 50 girls from cities in Central Florida as outstanding representatives from their cities to participate in work on the Council during the month of August.

At a recent tea which was given by the board at the Sky Room on the roof of the Angelbilt Hotel in Orlando, an introductory talk, explaining the purposes and workings of the Council, was given by Miss Dorothy Flambeau, of Dickson-Lives. The girls were divided into groups according to their towns, and more specific information concerning their talents was received.

On Monday afternoon at 3:30 o'clock an early preview of the newest in the collegiate apparel line as shown in Vogue and Harpers will be modeled on the second floor of Dickson-Lives. An orchestra will furnish music throughout the afternoon and refreshments will be served.

Girls from Sanford who have been chosen to model in the show are: Miss Elizabeth Whigham, Miss Elizabeth Pippin, Miss Joan Azzarello and Miss Elizabeth Dyson.

Union Service Bill For Month Revealed

The schedule which has been arranged by the Ministerial Association for the Union Services of the various churches will be held each Sunday evening at 8:00 o'clock throughout the month of August in the Presbyterian Church has been announced as follows:

Aug. 10th Preacher: Major William Langer, of the Salvation Army.
Aug. 17th Preacher: The Rev. J. B. Root of the Congregational Church.
Aug. 24th Preacher: The Rev. George F. Va., and other points of interest.
Mr. and Mrs. W. C. Hill left yesterday afternoon for Corcorado Beach where they will spend the weekend. They will be joined there by their son-in-law and daughter, Mr. and Mrs. James H. Crapps of Cairo, Ga.

Mrs. Jeanne Poplin is visiting for a few days in Tampa.

Mrs. J. V. Jones and daughter, Judy and Marjorie, have returned from Daytona Beach where they spent a week. Miss Mary Rabun returned with them.

Miss Lucy Roumillat and Miss Nell Stewart were among those attending the Full Moon dance given by the John M. Cheney Chapter of DeMolay at the Sky Room on the roof of the Angelbilt Hotel in Orlando last evening.

Mrs. M. E. Manning has returned from Akin, S. C., where she has been visiting for the past two months with her daughter, Mrs. W. E. Bradley, who accompanied her home.

Mr. and Mrs. Phil Grashoff have recently returned from Toledo and Detroit, Mich., where they spent several weeks, and are now located in the Lettler Apartments.

Mr. and Mrs. E. A. Monforton and daughters, Sonja and Sandra, plan to leave tomorrow for a vacation which will be spent in Hendersonville, N. C., Wilkesburg, Va., and other points of interest.

Mr. and Mrs. W. C. Hill left yesterday afternoon for Corcorado Beach where they will spend the weekend. They will be joined there by their son-in-law and daughter, Mr. and Mrs. James H. Crapps of Cairo, Ga.

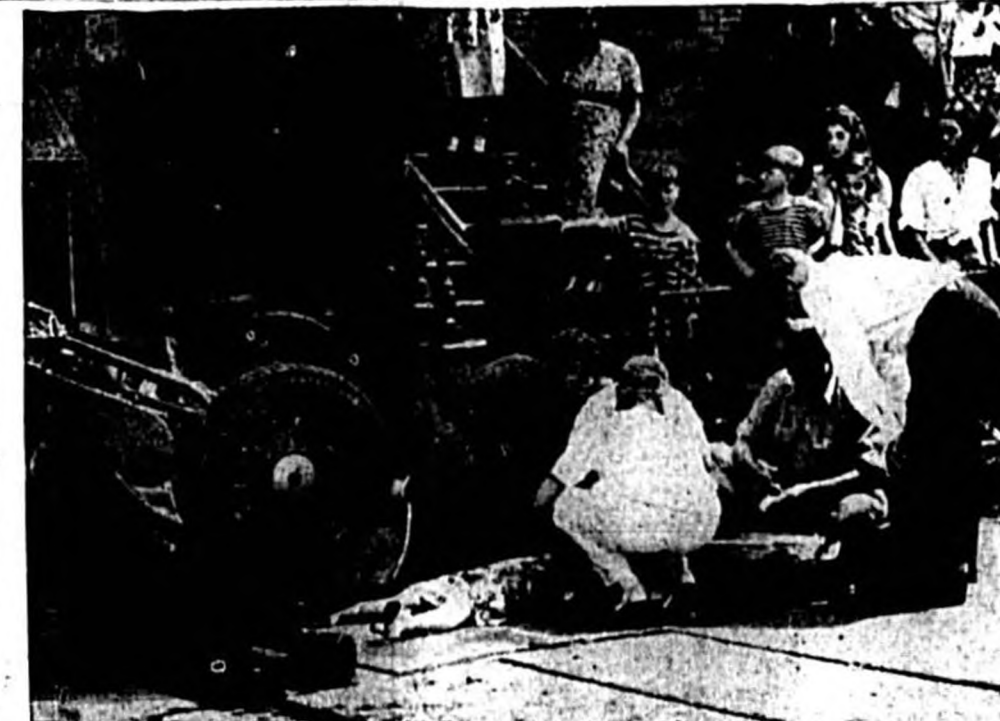

Mrs. Jeanne Poplin is visiting for a few days in Tampa.

Mrs. J. V. Jones and daughter, Judy and Marjorie, have returned from Daytona Beach where they spent a week. Miss Mary Rabun returned with them.

Miss Lucy Roumillat and Miss Nell Stewart were among those attending the Full Moon dance given by the John M. Cheney Chapter of DeMolay at the Sky Room on the roof of the Angelbilt Hotel in Orlando last evening.

President Roosevelt is shown as he arrived in New London, Conn., to start his vacation aboard the yacht *Polemar*. With him are Capt. Elwin F. Cutts (center), commandant of the New London submarine base, and Gov. Robert A. Hurley (right), of Connecticut. The President is being accompanied on the voyage only by his personal physician and his military and naval aids.

Gaspar Mine, 23, learning to drive, had been behind the wheel of a car only two minutes when it tragically struck. Father Joseph Arthen administers last rites to Mrs. Stella Zielinski, 40, as she lies on a Brooklyn, N. Y., sidewalk. The auto, which mounted the curb and struck her, lies overturned at left.

Robert Brown Wallace, 23-year-old son of the Vice President of the United States, is shown as he underwent his final physical examination before being inducted into army service with 132 other Washington, D. C., youths. Making the checkup at the Richmond, Va., induction center is Col. John A. Clark of the Medical Corps.

Robert F. Minick, Jr., 23, New York City athlete who left Queen College in his senior year to join the Royal Canadian Air Force, lost his life in an air accident. His parents have been notified. He was stationed at Kingsway, England.

Ruby Peters Wed To Herman Echols

Mrs. Pearl Peters is announcing the marriage of her daughter, Ruby Knight, to Herman G. Echols, son of Mr. and Mrs. E. C. Echols, on Thursday evening at the home of Justice of the Peace, W. E. Watson, who performed the ceremony. Witnesses were Miss Annabelle Methvin, Chan Wills of Deland and Frank Kelly.

Mrs. Echols has made her home in Sanford for the past five years, moving here from Orlando with her mother and brother-in-law and sister, Mr. and Mrs. Eddie Langotti. She attended Seminole High school graduating with the class of 1938. For the past year she has been connected with the Marinello Beauty Shop in Orlando as a beautician.

Mr. Echols has lived in Sanford all of his life and attended the local schools. He also was graduated from Seminole High School. At present he is associated in business with his father, owner of the Sanford Mattress Factory.

Mr. and Mrs. Echols are honeymooning in Miami and upon their return will make their home in Sanford.

Imports from the Netherlands landed a record high value of \$1,600,000 in the Department of Commerce report.

righteousness and truth" (Eph. 5:1).
Among the citations which comprise the Lesson-Hermon is the following from the Bible: "Who hath directed the Spirit of the Lord or being his counsellor hath taught him? All nations before him are as nothing and they are counted to him less than nothing and vanity. To whom then will he liken himself or what likeness will he compare unto him?" (Isa. 40:13, 14).
The Lesson-Hermon also includes the following passage from the Christian Science Textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy. God is individual, incorporeal. He is all-inclusive, and is reflected by all that is real and eternal, and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality as comes in infinite spirit of Mind. He is all spirit and sustains" (p. 111-12, 20-21).

Sanford Theater News for the Coming Week

WALTER PIDGEON enters into a little clowning with Greer Garson and Marsha Hunt in this scene from "Blossoms in the Dust," coming to the Ritz screen tomorrow and Monday. Felix Bressart, Fay Holden and Samuel B. Hinds head an outstanding supporting cast in this excellent technicolor production.

"TIME OUT FOR RHYTHM" is the title of the star-spangled musical with a galaxy of gorgeous girls, seven swell new songs and a load of comedy to be unloaded at the Ritz Theater next Wednesday and Thursday. Rudy Vallee, Ann Miller and Rosamary Lane head a big cast.

PROGRAM FOR WEEK OF AUG. 10th

Sunday, Monday—"BLOSSOMS IN THE DUST" with Greer Garson, Walter Pidgeon, Marsha Hunt and Fay Holden. Also—Novelty, "THE BATTLE" and Metro News of the Day.

Tuesday, Bargain Day, double bill—"ADVENTURE IN WASHINGTON" with Herbert Marshall, Virginia Bruce, Gene Reynolds and Ralph Morgan. Also returned old favorite—"DRUMS ALONG THE MOHAWK" with Henry Fonda and Claudette Colbert.

Wednesday and Thursday—"TIME OUT FOR RHYTHM" with Rudy Vallee, Ann Miller, Joan Merrill, "The Three Stooges," Brenda and Collins, E. Hiss and a Miss and Glen Gray and his Casa Loma orchestra. Also—Leon Errol Comedy, Everglades Sport Reel and Universal News.

Friday, Saturday—"WIDE OPEN TOWN" with "Hopalong" Cassidy, Russell Hayden, Andy Clyde, Evelyn Brent and Victor Jory. Also—"ELERY QUEEN'S PENTHOUSE MYSTERY" with Ralph Bellamy, Margaret Lindsay, Charlie Grapewin, Anna Mae Wong and Theodore Von Eltz.

Saturday, Midnight Show—"MURDER BY INVITATION" with Wallace Ford and Marian Marsh. Also—"HOST TO A GHOST" Buster Keaton comedy, Cartoon and screen snapshot of the stars.

HENRY FONDA and Claudette Colbert as the young couple who saved a thousand dangers in "Drums Along the Mohawk," old favorite returning to the Ritz Tuesday, should attract a large crowd of their admirers.

HOPALONG, MEMORABLE, exciting drama straight to the heart of the heart of the nation, is "Adventure in Washington" coming to the Ritz Theater Tuesday with Herbert Marshall and Virginia Bruce in the starring roles. Gene Reynolds, Ralph Morgan, Samuel B. Hinds are featured.

FRONTIER JUSTICE is administered in good old "Hopalong" Cassidy style by Wm. Boyd and Andy Clyde in "Wide Open Town," new Cassidy thriller coming to the Ritz Theater next Friday and Saturday. Victor Jory and Evelyn Brent are other favorites in the picture.

Hotel Commission Looks Out For Safety And Comfort Of Visitors

JACKSONVILLE, Aug. 6.—The vital reason for the existence of the State Hotel Commission is that it is the State agency devoted to the protection of the safety and comfort of the millions of visitors to the State each year as well as of countless citizens of Florida who regularly or occasionally patronize the hotels, apartments, rooming houses, tourist camps as well as the resorts found in the other parts of the State, from Pensacola to Key West, along both coasts and through the interior.

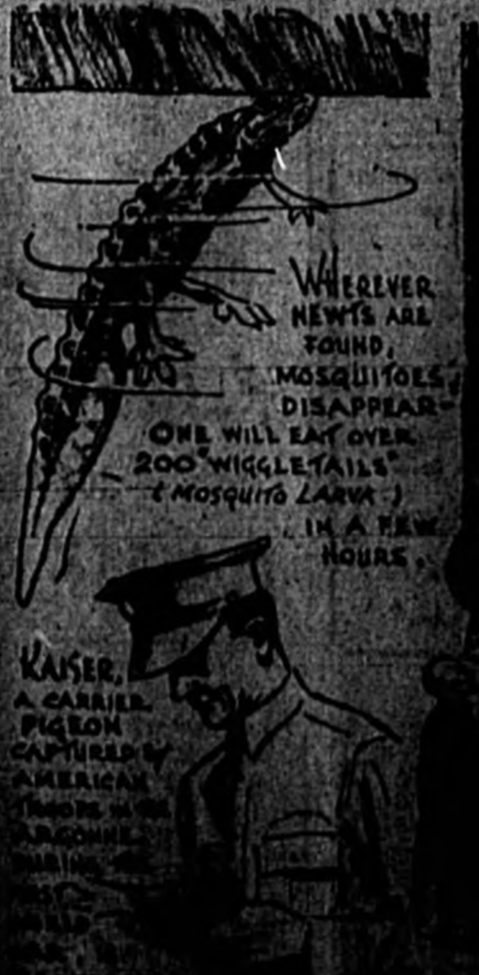

Hotel Commissioner John H. ... when asked regarding the ... of the ... inspectors ...

The blanket dining room or ... restaurants down to the ... hamburger or hot dog ... complies with every para- ... of the very thorough sanitary ... established by the ... Commission. This is where ... of the staff of the ... must be on their toes every working day of the year, winter and summer.

"Eating places must be inspected at least once each month and ... found at any inspection must be corrected within ... from one to 30 days according to circumstances or the ... stands to lose his license. Occasionally we have a complaint that our rules and regulations are too rigid but every time a complaint of that kind comes in we have found that it came from one who was careless in the conduct of his business and needed to be held to strict account. In every instance, however, we found that when the necessity for the rigid rule of which he complained was explained to him he saw the light and became very cooperative."

The department of the state government works closely with city, county and State health units everywhere throughout the state to try to safeguard the health, lives and regulations and the means that regulation is being done, but every time it is seen in practice, the need of such strict rules, as ...

Abbott Promoted To New Position By Motor Lines

JACKSONVILLE, Aug. 6.—(SPECIAL)—Promotion of V. E. Abbott to the position of assistant to the president of the Florida Motor Lines' bus system was announced today by G. E. Howe, president of the corporation. Abbott is considered one of the outstanding transportation executives in Florida. Until recently he was district manager of the bus line in Tallahassee.

Entering the public utility field upon being promoted from the University of Florida, Abbott has been in the utility field in Florida since 1929. He started in the bus transportation business in Tallahassee in 1934 as an executive of the White Street Lines company. The bus line at that time had 100 vehicles and 100 employees.

Mr. Abbott, above, has been named assistant to the president of the Florida Motor Lines bus system.

\$5,000,000 Spent At Camp Blanding

CAMP BLANDING, Aug. 6.—The State has spent \$5,000,000 at Camp Blanding since it was established in 1934. The camp is now one of the largest in the State and is used for the training of the State's youth.

Japan Is Placed On Economic War Basis

Japanese Minister To United States Calls This Nation Ready, Determined

ORIENT SITUATION GETS MORE GRAVE

EYES TURN ON WASHINGTON FOLLOWING RECENT WARNINGS

TOKYO, Aug. 11.—(AP)—The government put Japan on a full economic war footing today under the general mobilization act, amid a atmosphere of deteriorating Japanese-American relations.

Meanwhile, from Kanao, Wakauchi, homecoming minister of the Washington embassy, came this comment:

"The United States may be desirous of maintaining friendly relations with Japan as long as possible, but as regards the situation in the Pacific, I think the United States is prepared to defend its interests."

"I think the United States is prepared to defend its interests in the Pacific, and I think the United States is prepared to defend its interests in the Pacific."

Baseball To Return Here As Boston Braves Chose Sanford As Spring Training Grounds

Gets Air Post

Baseball will return to Sanford for at least six weeks next Spring as the Boston Braves of the National League have chosen this city as their training point, and are expected to arrive about the middle of March, Edward Higgins, secretary of the Chamber of Commerce, announced today.

John H. Hintersmeyer, operator of the Mayfair Hotel, received a telegram from Bob Quinn, president of the Braves, advising him of his plans to train in Sanford this coming Spring, Mr. Higgins said.

Several weeks ago Mr. Quinn met Mr. Hintersmeyer, Mayor Hill, and Mr. Higgins on a trip through this section of the state to discuss the possibility of having the Braves, advising him of his plans to train in Sanford this coming Spring, Mr. Higgins said.

Hull Supports Extension Of Army Service

Says Failure To Do So Would Have Exceedingly Bad Psychological Effect

WASHINGTON, Aug. 11.—(AP)—The Secretary of State today announced that extension of the proposed price control bill would not necessitate the reduction of free consumption, but extended it would temporarily suspend the free sale of supplies and demand.

Henderson said in the event of a 50 percent reduction in automobile production, he thought it would be necessary to establish a ceiling on second-hand car prices.

German Army Advances On Both Ends Of Battlefront

Quick Action Is Seen In Strike At Ship Company

WASHINGTON, Aug. 11.—(AP)—A defense official asserted today that plans for government seizure of the Federal Shipbuilding and Dry Dock Company at Kearny, N. J., are "ready to go" at the Navy Department, but that the company did not alter its "independent" attitude in the strike which has tied up \$439,000 in defense orders.

The official, who declined to permit the use of his name, predicted that the action could be completed within 48 hours.

The dispute centers around a union demand by the C. I. O.

The Navy's plan would require an approval of President Roosevelt.

C. I. O. employees considered yesterday a new one-year no-strike agreement with the New York Shipbuilding Corporation at Camden, N. J., while 17,000 fellow union members continued to go up operations of the Federal Shipbuilding and Dry Dock Company at Kearny, N. J.

The two concerns hold close to a billion dollars worth of orders for navy and merchant vessels.

The Camden agreement, negotiated between New York Shipbuilding and the industrial union of marine and shipbuilding workers, is subject to ratification by the union membership. Complete details were not announced, but John Green, union president, termed the agreement "about the best in the shipbuilding industry in the country."

British Lose A Destroyer

These are action pictures of a battle between British warships, guarding a convoy in the Mediterranean, and Italian bombers and torpedo planes. You see the furious fire of British anti-aircraft guns (top). Center, the destroyer Fearless, struck by a torpedo, is abandoned by the British, who then sunk her to keep her from enemy hands. Bottom photo shows her funeral smoke in the sky. The convoy got through, with the Fearless the only casualty, says London.

60-Mile Gain Toward Leningrad Claimed For Nazi Invaders

Drive On Odessa Said Progressing

Russians Say Their Forces Are Holding Against Enemy

By Associated Press

Germany's invasion armies smashed into both ends of the 1,200-mile battlefront today, scoring a 60-mile advance toward Leningrad in the north and threatening the Black Sea port of Odessa in the south.

Authoritative sources in London said two Nazi columns striking toward Odessa were making "very considerable progress," imperiling the important wheat center of Nikolayev, 80 miles northwest of Odessa. The German drive east, these quarters asserted, already "may have crossed the Dniester River."

From Adolf Hitler's field headquarters came a terse communique declaring that "pursuit of the retreating enemy in the Ukraine is progressing rapidly everywhere."

Nevertheless, the Russians declared their armies, reinforced by a rising tide of militia, were holding firmly against the Nazi onslaught.

A Soviet communique pictured the 51-day-old struggle as continuing "violently overnight in the broad Smolensk salient on the Eastern front, and at Bel Tserkov."

A fierce new battle was reported developing in the Uman sector midway between Kiev and Odessa.

Stalwart fighting on the main and important sectors of the Leningrad front and the Ukraine was officially reported by So-

Wilson Is Named On Committee By State Bar Group

Need For Leadership Of Legal Profession At Present Is Cited

Paul E. Wilson, attorney for the City of Sanford, has been selected to represent this section of the state on the American Citizenship Committee of the Florida State Bar Association. It was announced today.

The appointment was made by Robert E. Milam of Jacksonville, president of the association, through J. Tom Carter of Orlando, chairman of the committee.

In his letter to Mr. Wilson advising him of his appointment to the committee, Mr. Carter said:

"The need for leadership in the legal profession at present is cited as the reason for your selection."

Householder Gives Praise To Work Of Legislature

Speaker Pays Tribute To Rolland Before Retirians

The work of the 1941 legislative session which was described as one of the most constructive in the history of the state was reviewed by Rolland of their regular weekly luncheon today by Senator E. J. Householder.

He said that he had no personal credit for the accomplishments of the Legislature, but that he was proud of the work of the Legislature.

Dealers Disagree On Curfew Effectiveness

After a week of the gasoline curfew plan to conserve fuel, service station operators in Sanford disagreed today as to whether any considerable saving had been effected.

One dealer pointed out that if all cities over the country saved a little gasoline, it would make the total high enough to be worthwhile. He said that if all dealers continued to cooperate with the plan, gasoline would be saved.

Another said some gasoline had been saved at his station, enough to make it worthwhile. Several dealers reported they saw no difference in the amount of gasoline sold during the week.

One station operator quoted his trade publication to say that a curfew of gasoline was not far off because 40 percent of the stations in the East were not cooperating with the curfew plan.

September Draft Quota Requires Only 14 Men

Seven White Men, Seven Negroes Comprise Call

The draft call of Seminole County for September setting a quota of seven white men and seven negroes has been received from State Headquarters of Selective Service, the local board revealed today.

This call will be the 14th for negroes but only the 13th for white men as during one month only negroes were included in the quota for the county. The white men of this call will leave for the induction station on Sept. 15 and the negroes on Sept. 17.

For the last call of 17 men, just sent to Camp Blanding Friday afternoon, questionnaires were sent to men whose order numbers are under 1650, the board said. A few of the new registrants whose numbers are below 1,650 will be sent questionnaires and then the board will start mailing questionnaires to those whose numbers are higher.

Volunteers can be used among both the white men and negroes, the board stated. A number of negro volunteers have come in to the office in the past week but still more can be used. The men are required for this county for Aug. 20.

Son Of Sanford Residents Will Enter R. C. A. F.

Gordon Swaim Leaves For Canada To Begin His Training

Gordon Swaim, 24, son of Mr. and Mrs. E. M. Swaim of Sanford, left Sunday for Toronto, Canada, where he will become a member of the Royal Canadian Air Force. Mr. Swaim was employed as a salesman for the Cudahy Packing Company in Orlando until he left for Canada.

The young flier has received private training from Alex Knothe in Orlando and has had 15 hours of solo flying. He has always been interested in airplanes, and his parents declare he is seldom happy until he is seated in the cockpit of a plane.

Several times he has flown from Orlando to Sanford to see his parents, and at the same time add time to his cross-country flight credit. He has a private pilot's license.

Mr. Swaim joined the Cudahy Company in April and since then has had three promotions. He went to high school in Orlando when his parents were making their home in that city. His father works at the Cudahy Company in Orlando Friday night.

The flier will receive three or four weeks pre-flight training in order to learn army life, his parents related. Following this he will be given flying instructions for three or four months before he is sent to England.

Mr. Swaim's hobby is photography and he expects that this may come in handy in some way while he is with the R. C. A. F. He prefers combat planes to bombers, but does not know yet in which branch he will be placed.

He made the trip to Canada with a friend, who took him almost to the border. Mr. and Mrs. Swaim said. The flier has volunteered for "the duration" of the war or longer, and later plans to take up flying as his career.

City News Briefs

The Navy Department has announced that James A. Fields of Sanford has been issued an appointment as assistant surgeon in the Navy, with the rank of lieutenant (junior grade).

The Orlando team of the Legion of Honor will be held at the Sanford hotel Tuesday night at 8:00 o'clock at the Orlando auditorium. Members of the Sanford Legion of Honor will meet at 7:30 P. M. Tuesday in order to attend.

2 Sanford Men Get Big Catch Of Fish

Two Sanford men were among a party of 13 which caught one of the largest amounts of fish on the narrow banks off Sanford Bay in recent years. It was reported today.

The two Sanford men were E. R. Crumley, manager of the Metropolitan Ice Company's branch at Sanford, and James E. A. Crumley, Jr., who is a member of the Sanford Legion of Honor.

The party spent all day Thursday on the narrow banks, about 10 miles out in the Atlantic Ocean. The party was led by Crumley, Jr., who is a member of the Sanford Legion of Honor.

People See Miniature Beach 75 Miles Per Hour

A miniature beach, 75 miles per hour, was seen by a group of people at the Sanford beach today. The beach was made of sand and was about 100 feet long and 50 feet wide. It was made by the Sanford Legion of Honor.
