At The Capitol

TALLAHASSEE, Apr. 22.—Many-headed and sundry duties fall on many legislative heads today. The bulletin board which carries announcements of committee meetings was filled with about twenty committee meetings. The House has too many, making it very impractical to hold a large number of meetings on one day or afternoon, as many of the members of one committee are members of one or more of the others, and there is an old law, that one body cannot be in two places at the same time.

At a meeting of the Engrossing Committee this afternoon, it was brought out that the chairman had asked for six employees at the beginning of the session, but that the Efficiency (1) Committee had placed 18 in the Engrossing room. The committee at once made a report to the House that 12 employees were all that would be needed at any time during the session, and recommended the dismissal of the superfluous six employees. The report will be up tomorrow, but no talking what they will do with it.

Light, glad to see that Sanford will have a team in the coming league. The baseball season is on all over the country now, and I will certainly enjoy now of the games played in that league, as many of the players at other fans in Sanford will too.

The House will no doubt pass the Senate Resolution providing for an additional Supreme Court justice tomorrow, and at the same time provide legislation which will abolish the three Court Commissioners who are sitting now. This will effect a saving of at least \$15,000 per year, and give much greater efficiency in the Supreme Court, in that it will allow the Court to be divided into two divisions, and thereby accomplished about 50 per cent more work than heretofore. This will have to be approved by the voters in November 1932.

Congratulations to the SEMINOLE COUNTY CHAMBER OF COMMERCE. May it live long and be of untold benefit to our County.

Many of the House members were re-introducers of a bill to abolish the shipping out of the State of our black bass. This seems to be needed to protect our supply of the game fish.

I failed to mention several days ago, the beautiful Silver Service that is now in the Governor's mansion, which was presented to the late Governor, FLORENCE, at its launching, by the People of FLORIDA. This service is now in the custody of the Governor of Florida, since the battleship has been dismantled. It is gorgeous, and worth anybody's time to inspect. It is highly engraved, made by Tiffany, and the engraving is all of Florida subjects.

The House and Senate met in joint session this morning to be addressed by the presence of an address from the distinguished son of Florida, General Sumner. Major-General Sumner was also in the company of the Governor of Florida, since the battleship has been dismantled. It is gorgeous, and worth anybody's time to inspect. It is highly engraved, made by Tiffany, and the engraving is all of Florida subjects.

PROHIBITION IS BEING SHUNTED IN G.O.P. PLANS

Party Willing To Go To Bat In 1932 Campaign On Tariff And Agriculture Issues

Prohibition is being shunted in Republican leaders' plans for the 1932 campaign. They seem to have agreed to accept the proposed Democratic issue of economics and apparently are willing to center the next presidential race on the tariff and agriculture instead of the more controversial liquor laws after a meeting yesterday at which they determined to carry into the farm belt a vigorous defense of the tariff and farm bond.

Representative Cable of Ohio today issued a statement suggesting that President Hoover put through strong restrictive immigration because Congress fell down on the proposition. At a conference, Republican leaders discussed arrangements for opening an office in the House next week to carry on a three-way program including a discussion of world economic conditions, tariff defense, and vindication of the farm bond.

NEW YORK, Apr. 23.—(AP)—Joseph Shouse came out of a conference with Alfred E. Smith and John J. Raskob on Democratic party finances yesterday, and said their immediate objective would be to raise approximately \$1,000,000.

The conference among Mr. Shouse, national executive chairman, Mr. Raskob, national committee chairman, and former Governor Smith, the party's presidential candidate in 1928, also was attended by the head of an organization which will assist in the campaign.

Mr. Shouse came here immediately after concluding a trip to the Pacific coast to confer with Mr. Raskob before the latter sailed Friday for Europe. Mr. Raskob will not return until July 1.

Mr. Shouse said finances were the only subject discussed at the meeting. The national committee, he related, was empowered at its recent Washington meeting to proceed with the raising of funds.

A campaign proposal with a goal of between \$5,000,000 and \$6,000,000 was submitted at that time by the Jones organization. Such an estimate, however, Mr. Shouse said yesterday, was based on the entire financing for 1932 and the party leaders at this time will only concern themselves with the raising of \$1,000,000. This amount, Mr. Shouse said, would be sufficient to fund the present party debt approximately \$650,000, carry on the organization's work until the 1932 convention and leave a balance for the new national committee which will come into being then.

Mr. Shouse said he was well pleased with the result of his tour of the Far West and that he found mounting sentiment favorable to the Democratic party.

Varied Weather Is Recorded In Nation

KANSAS CITY, Apr. 23.—(AP)—Snow blanketed a large area of the West today, spring flitted restlessly over the Rocky Mountain and Pacific Coast states favoring some sections with drought-breaking moisture and fanning forest fires in others.

Raskob on religious grounds. Foss made the charge yesterday.

BREAKS RECORDS

Captain Frank M. Hawks, one of the most outstanding American flyers, who, in Europe on a business tour, not only broke all records for a flight from London to Rome, but also set a new record, which amazed European aviators, when, this morning, he flew from Lutetia Field, Paris, to Boston, England, a distance of 220 miles, in 50 minutes, at an average speed of 233 miles per hour.

NEW MARK IS SET BY FRANK HAWKS IN EUROPEAN HOP

England To Rome Trip Is Made In Time Of 5 Hours, 20 Minutes

BOSTON, England, Apr. 23.—(AP)—Captain Frank Hawks, with two new speed records under his belt, climbed out of his biplane here this afternoon just 48 minutes after he left London airport outside Paris. He made an average speed for 220 miles of 233 miles an hour. The feat bettered by 27 minutes the previous record.

BOSTON, England, Apr. 23.—(AP)—Flying the same plane in which he shattered Colonel Lindbergh's record for a transatlantic flight in the United States, Capt. Frank M. Hawks of Texas yesterday set a new aviation mark for European pilots to shoot at, even though he fell to accomplish the task he had set for himself.

Leaving here at 6:30 yesterday morning, he arrived in Rome 5 hours and 20 minutes later, but on the return flight he was forced down in France by lack of fuel and could not complete the round trip last night.

The plane was undamaged, and Captain Hawks said he would fly back to England today. His time from England to Rome was far better than any on record. Wing Commander Kingsford-Smith at the beginning of his record flight from England to Australia took more than 12 hours to reach Rome. Hawk's time for the flight, estimated by him to be a distance of 930 miles, was 5 hours and 20 minutes. He met with unfavorable flying conditions in his passage over the Alps and was forced to rise to an altitude of 33,000 feet in order to get over them.

Captain Hawks kept a luncheon date with Commander Nello Rengarochi at Rome but his forced landing prevented him from keeping his second engagement of the day, a dinner which was to have been given him last night by the London Aero club.

He had intended to stop at Paris on his return flight to refuse, but adverse weather conditions and head winds and fog forced him down at the little hamlet of Pully-Jos-Glen on the Loire river. He landed near the village at 4 P. M.

Shouse Denies Fess Charge Against Him

RECOGNITION IS GIVEN SPAIN BY UNITED STATES

Move Follows Course Taken By Principal Nations Of Europe; Madrid Is Pleased

WASHINGTON, Apr. 23.—(AP)—The United States yesterday extended recognition to the new republican government of Spain. The principal nations of Europe and South America, with their close political, geographical and cultural relations with Spain, having already resumed normal diplomatic relations with Madrid, the state department saw no need for waiting longer.

Secretary Stimson announced Ambassador Irving H. Laughlin had been instructed to call at the ministry of state and extend formal recognition of the United States to the provisional regime of President Alcala Zamora, a successor to the Bourbon monarch.

Ambassador Laughlin's call at the ministry followed closely that of Sir George Graham, British ambassador, who secured recognition in the name of the states of the British commonwealth. The state department had no information of the pending appointment of Salvador de Madariaga, noted internationalist and (Continued on Page 4)

Fouts Will Go To Raiford Tomorrow To Begin Sentence

JACKSONVILLE, Apr. 23.—(AP)—John Fouts, former Central Florida banker, was given a two-year suspended sentence in federal court today on a plea of guilty to charges of violating state banking laws. In suspended sentence Judge Louis Stum pointed out that Fouts is already under a two-year sentence in state court on charges of violating state banking laws.

The federal indictment grew out of alleged offenses similar to those on which the state charges are based. Fouts was formerly head of five banks in Polk county. The federal indictment containing six charges of false entry and misapplication of funds grew out of his alleged manipulations of funds in the First National Bank of Lakeland of which he was president and director and the transfer of funds from that institution to the First State Bank of Winter Haven of which he also was head.

Attorney William Guber said Fouts will go to Raiford probably tomorrow to begin sentence on the state charges.

Report On Band Is Given At Meeting Of Elks Last Night

Important among the items brought before the members of the Sanford Elks Club at their meeting last night, was the report of the Band Committee on activities and progress of the 26-piece band which has been providing music locally for the past six months.

The report revealed that expressions of thanks and good will have been rendered the Club for the many efforts of the band during the past months to assist in putting over entertainments for the betterment of the community. It also revealed that the band is continuing its efforts in behalf of music-loving residents of Sanford by offering to play for the United Daughters of the Confederacy when that body holds its annual Memorial Day exercises in Central Park next Sunday, and that the band will join with the Sanford Farmers Club in putting over the first annual Seminole County Farmers Day celebration to be staged here on May 14.

Exalted Ruler Joe Ludwig appointed standing committees for the year, just before the meeting was adjourned. Four local students were initiated into the lodge. A social period was enjoyed at the conclusion of the meeting, and refreshments served to nearly 100.

OBSCENE WRITING ABOUT FILM STAR CAUSES ARREST

Literature Purported To Reveal Private Life Of Clara Bow

LOS ANGELES, Apr. 23.—(AP)—Frederick B. Girman, weekly newspaper publisher, was arrested yesterday by the United States marshal's office on a federal grand jury indictment accusing him on charges of sending obscene literature through the mails in connection with studies purporting to reveal the private life of Clara Bow, film star.

At the same time, a report was filed in the sheriff's office in which Roy Bell, friend of the actor, was quoted as saying two men had attempted to obtain money from Miss Bow through him and had used the name of the Coast Reporter, Girman's newspaper.

The indictment said four articles were published in Girman's newspaper in March and April. These articles told of allegedly illicit life of Miss Bow.

Upon his arrest, Girman said: "I have no fear of the proceedings against me as all the articles (Continued on Page 4)

High School Pupils Hear Railroad Men At Exercises Today

In the interests of organizing a safety council among the students at Seminole High school, several members of the Atlantic Coast Line Railroad local safety council addressed the nearly 500 students at chapel exercises there today.

Short talks were made by the following: J. H. Lyles, engineer; C. E. Adams, local freight agent; S. E. Jones, local trainman; and P. L. Crosby, engineer.

Mr. Crosby spoke at length on the dangers of railroad crossings, and some of the measures of prevention which have been put into effect by his railroad. He cited figures relating to the large and increasing number of persons whose lives were lost when they failed to heed signal warnings, and also pointed out many of the improvements which have been installed locally in the effort to maintain safety among not only the employees of the road, but the public as well. He urged the pupils to organize a safety council at once.

CERMAK GIVES HIS OPINION ON CHICAGO CRIME

Blames Conditions Upon Prohibition Law; Sees Lower Tax By Economy Method

JACKSONVILLE, Apr. 23.—Anton J. Cermak, Chicago's giant-killing mayor, talked locally here Tuesday night about Chicago's troubles and his views on prohibition. Accompanied by a score of other prominent Chicagoans, many of them city officials, Mayor Cermak was the guest of honor at a dinner given by the Kiwanis Club on the roof garden of the Mayflower hotel.

"I'm not an orator, just a work-er," Mayor Cermak declared. "I never achieved any public office by talking, only by hard work."

Except for the concluding portion of his address, when he presented his case against the Volstead law, Mayor Cermak made no verbal pot-shots.

"Chicago, in my opinion, is going to come into its own—I'm glad to put into effect the same business methods that I used as chairman of the Cook County Commission. I pledged that I would appoint a commission of seven to 11 men to make a survey of every city department and recommend the elimination of all unnecessary employees."

"I can eliminate enough extravagance to bring taxes back to normal. When I took charge of the Cook County Commission, the county had a deficit of \$2,000,000. At the end of my administration's first year the deficit had been wiped out and at the end of the third year (taxes were raised 10 per cent—I can do the same thing for Chicago)."

The human side of the Austrian immigration law was one of the highest points in Cermak's second largest city was plainly shown in his address as he said that he had been in the office of unemployment in the hope of unemployment. He declared that one reason why Chicago has increased in Chicago is because men have grown desperate from want. "We must keep all it hurts if we want to keep what we have. If we are in pointing to the need for continued support of charitable institutions that are seeking to relieve suffering among the unemployed."

Again he switched topics suddenly this time to crime. "How can we expect to reduce crime in the face of conditions like that? Before prohibition there were 7102 saloons in Chicago and now we have 15,000 licensed near-legal saloons. I don't know the difference between a near-legal saloon and a speakeasy, but about the only difference I can see is that the saloon keepers used to wash the windows once in a while."

He cited statistics showing the increase in the population of Illinois penal institutions, and declared the same increase could be noted anywhere in the United States.

"But the cuts in beyond me," he said, "though I think we took a step in the right direction by electing J. Hamilton Lewis, a wet Democrat, as United States Senator." He said, and he was applauded when he said it, that he (Continued on Page 4)

Bill Providing For 7th Supreme Court Justice Is Adopted

Measure Approved By House Today Close On Heels Of Favorable Senate Vote

TALLAHASSEE, Apr. 23.—(AP)—The House today approved 79 to 10 a proposed constitutional amendment providing for a seventh supreme court justice after voting 82 to three to abolish the present three member advisory commission of the court.

The seventh justice proposal has been already adopted by the Senate and will be voted upon at the next general election. The final House action was climaxed by bursts of oratory that deflated and opposed any proposal to change the present lineup of the court.

The Senate voted to repeal the law calling for amari tax returns. The state budget commission recommended to the legislature that \$10,025,783.25 will be appropriated for operating state departments, institutions, boards, and commissions during the biennium of 1931-32, a total of \$719,040.95 less than the amount appropriated by the last legislature for the biennium of 1929-30.

A resolution emphatically stating that no investigation will be started will also be laid before the governor, who has repeatedly indicated that a substantial majority of the legislators sign a pledge to this effect.

A call for the Monday informal conference went out by telegraph from here last night bearing the signatures of Lieutenant Governor Adam and Speaker Bailey, presiding officers of the two branches of the legislature. These officials agreed to the plan in a conference here yesterday afternoon.

The conference Monday will seek to arrive on finance measures necessary to provide the more than \$5,000,000 and hand it, with a no-investigation resolution, to the governor with the request that he either call the session Monday or Tuesday. The entire procedure could be completed and the session adjourned within two hours, advocates said.

Coast Line Safety Award Is On Display In Downtown Store

Attracting the attention of hundreds of passersby since it was placed in the windows of Nye's Department Store yesterday afternoon, is a large silver plaque, awarded to the Third (Florida) Division of the Atlantic Coast Line Railroad for safety accomplishments during the year 1930.

The Plaque is annually awarded by Lyman DeLano, one of the vice presidents of the railroad. It is engraved as follows: "Executive Vice-President's Safety Trophy, Third Division Best Safety Record, Transportation Department for the year 1930 awarded by Lyman DeLano."

The Florida employees, in winning the coveted trophy, made what is considered the remarkable record of 1.66 casualties per million man hours during the year 1930, the best safety record ever made by any railroad in its class. It is expected that this record will result in the Coast Line being proclaimed the safest railroad in America. It was accomplished through the co-operation of the entire personnel, from the highest executive officer to the lowest workman, it was pointed out.

In connection with safety measures employed in and about Sanford, it has been noted that the recently installed signal lights at the Thirteenth Street crossing in Goldens are being disregarded by motorists almost hourly. "Sooner or later another serious accident will result there," said Chief of Police Ray G. Williams this morning, "and I earnestly call upon every motorist to heed not only that crossing warning, but every one in and about the city."

Direct air mail and passenger service between Jacksonville and New York inaugurated recently by Eastern Air Transport Company.

Committees Named By Sanford Trade Group For 1931-32

Standing committees for 1931-1932 were selected from the Sanford members of the Seminole County Chamber of Commerce yesterday, and were announced today by Harry M. Papworth, president of the trade body. The committees are expected to function at once, in connection with their various duties.

They are as follows: Agricultural: Alex R. Johnson, chairman; J. Lehman and S. D. Higleyman. Allipott: C. A. Byrd, chairman; Volie Williams, and Geo. W. M. Roroy.

Finance: F. W. Hender, chairman; Linton F. Allen, and W. L. Cooper.

OH YEAH?

By PETER SCHAAL

Heavy, long-distance hitting and some neat pitching performances combined to make the five games played in the big leagues yesterday points of further argument among the proponents and opponents of the new raised seam ball. Main kept four clubs idle, while two clubs were not scheduled to play.

In the National League, the Braves, whom the Giants laughingly referred to as "allegedly tough," evaded the series because of a great pitching performance by Ed Brandt, who, in winning his second game of the year, held the Giants to five hits, and beat them 5 to 1. The big batting bludgeons of the Braves' batters put nine hits together at crucial moments, and drove Pete Donohue, who was making his first start of the year, from the mound. The 19-year old Harold Schumacher finished the game for the Giants, Lane Richbourg, the Providence, back in the game at right field, got two hits in three trips to the plate.

Jumbo Jim Elliott, aided by some timely hitting, held the ill-fated Brooklyn Robins in check, and the Phillies beat them 7 to 2. All the Philly batters except Elliott and Chuck Klein, scored one or more hits, with the two cleanup hitters, Whitney and Arlett getting two each. Arlett got a home run, as did Babe Herman for the Robins. Helmach lasted only 2 1/2 innings for the Robins, and Moss didn't do much better, lasting only one inning. Gallivan finished for the Robins. Philly catcher Davis batted 1,000 by getting three hits, two of them doubles in three trips to the plate.

Rain and plenty of it kept the Cards and Cubs idle in the Windy City, while the Pittsburgh-Cincinnati outfits were not scheduled to play.

In the American League, the Yanks, with Pennock pitching 7 hit baseball, sent Connie Mack's Athletics further down the ladder, as they snowed them under by a 12 to 1 score. Ten runs were scored in the first two innings, eight in the second, when Mahaffey, Carter and Rommel had difficulty in locating the plate. Six men were walked in the second inning to aid in the eight runs being scored, but the Yanks didn't need the free tickets, for their sluggers, Jed by Ducky Cooke and the Babe, knocked out 11 hits. Cooke singled twice in the second inning to drive in three runs, while in the eighth he hit a home run into the right field bleachers. Lary touched Ed Rommel for a home run in the seventh, with home on.

The Senators got sweet revenge for the lambasting the Red Sox gave them Monday, by swamping them under a 12 to 3 score yesterday. Bluege and Myer hit home runs, Joe Judge got three hits, every man on the Senator team got a hit, and a total of 16 hits were recorded. The Hoop used four pitchers ineffectively with Gaston getting credit for the loss. Fred Marberry pitched his first game of the year and allowed but 7 hits.

The Cleveland Indians just did what they should have done long ago. They won a game which was without fireworks until the late innings. Stone went into the lead as the leading home run slugger of the league when he hit his fourth of the year with two men on in the ninth inning, to tie the score for Detroit. It was Stone's third straight home run. Two men were out in the ninth when the winning run came over after two men had been walked. Tomasz's single scored Hunsfield to win the game and the series.

For the first time this season, a hot sensation rookie outfielder, Ed Vossnik, of the Indians, failed to get a hit, dropping into second place among the sluggers of the big leagues when Charlie Gentry, Red Sox catcher took his 100th hit as leader. The first six

Yanks, 12; most home on balls, one game, Hallahan, Cards, 9; Shut-out games; Brown, Senators, Brown, Indians, Grims, Cards, Seibold, Braves, one each.

Today, new four game series will start when the visiting club on opening day last week becomes the home club. Brooklyn and Cincinnati will make their debuts before the home folks as tall-enders as will the Athletics, Tigers and Red Sox. The Braves are going to show the country that when they took four straight from the Robins they did so deservedly, for they start another four game series in the Brooklyn stronghold. Record crowds are expected to greet the last-place Athletics when they meet the Senators, Babe Ruth and his mates will draw crowds in Boston as will Vossnik and the hard-hitting Cleveland sluggers in Chicago. We don't look for a single upset, and make the prediction that the series which was the first series will repeat.

The call for local baseball players which has been issued by Manager Sid Rive for the past few days, is meeting with a fine response on the part of the semi-pro's here. Yesterday four more players asked when and how they could get on the team. Jim Spencer, Bill Biggers, Eddie Bender and Fred Bally. A short workout at the ball park yesterday was so well attended because of the absence of Manager Rive who was in Tampa on business, but at least 10 athletes were expected to make their appearances out there today. George Deutch, Mutt Moya, and John Weaver are other players who hope to make the club this year. Fans are urged to visit the park any afternoon after 5:00 o'clock.

The end of the first two series between teams in both the leagues finds the World Champion Cardinals out in front of the National League teams and the Indians, Senators and Yankees tied for first place in the American League. In the National League, St. Louis was the only team to win two series, the Reds and Cubs falling before the Champions. In the American League, the Senators, Yankees, and Indians won two series each.

The end of the first week's play, finds the Cleveland Indians the real batters of both leagues. They lead all other clubs with 45 runs scored, with 22 doubles, and a batting average of .347. The Giants, leading the National loop teams in batting with an average of .318, lead the leagues in hits recorded, having secured 92 in eight games.

The Yankees have the most home runs, 8, the Senators have the most triples, 8, and the Indians, the most doubles, 22. The White Sox have yet to produce a home run, while the Tigers have not dented the triple column.

The Cards have the best defensive record, allowing but 17 runs to their opponents. The Cubs have allowed their opponents the fewest hits, 53. The Athletics have shown the least punts, putting over but 19 runs in seven games. The White Sox have gathered the least number of hits, 48 in five games.

and a cruising speed of about 100 miles an hour.

The ship is a cabin monoplane with stream-line body. Miss Nichols flew it a little faster than 200 miles an hour at Detroit a week ago—the highest speed ever officially recorded for any woman pilot.

Previously she had set one altitude record with it—a record which has since apparently been broken by her chief rival in records, Miss Eleanor Smith—and had broken the transcontinental speed record for women, both ways.

The ship is equipped only for descent upon land. It has a radio. If she goes, Miss Nichols will take off from Harbor Grace within the next month—the first woman ever to attempt a solo flight across the Atlantic.

BOXING BOARD IS OBJECT OF BILL JUST COMPLETED

Commission Would Be In Control Of Ring Activities In State

TALLAHASSEE, April 22.—A state boxing commission bill, carrying the approval of all military and veterans' organizations, was completed Tuesday night for introduction in the senate today by President Whitaker.

The bill authorizes the appointment of five commissioners by the governor to serve without pay and to formulate rules and regulations for professional boxing in Florida, with the rules, as far as possible, patterned after the regulations of the New York state boxing commission.

Senator Whitaker drafted his bill after lengthy conferences with Col. Sumner L. Lowry, of the 15th field artillery, officials of the American Legion and prominent boxing fans; all of whom have approved the measure.

"We realize that New York's regulations cannot be adopted in entirety," Colonel Lowry told the Tribune last night. "So the Whitaker bill provides for the adoption of such of these rules as apply to local conditions. But the bill in my opinion, will restore public confidence in Florida's professional boxing. It will prevent manipulation by unscrupulous promoters, boxers and seconds, and will restore the game to a high plane."

The state commission plan, Senator Whitaker explained, is the result of agitation by Florida sports editors. The bill's chances of passage, he said, are brighter by reason of the absence of any appropriation.

A bright green woolen suit has a double breasted jacket buttoned high and a skirt which is both flared and pleated. The high neckline of the bodice under the jacket is also visible and brown fur forms the collar and cuffs. This suit with fabric scarf ends is worn at Autell by Madame Marcel Rochas.

Church Circles Hold Meetings On Monday

With Mrs. C. B. Beam and Mrs. W. W. Thompson as hostesses, the regular meeting of Circle Number Seven of the First Baptist Church was held Monday afternoon at the home of Mrs. Beam on West First Street with Mrs. C. A. Anderson in charge of the devotional. Mrs. Robert Meriwether gave a talk on stewardship after which Mrs. J. P. Cooper conducted the mission study lesson.

During the business session Mrs. Anderson was asked to serve as chairman of the circle for the remaining part of the term. A social period was enjoyed later in the afternoon and refreshments were served by the hostesses. Vases and bowls of carnations and ferns were arranged in various places about the rooms where the meeting was held.

Those present were: Mrs. O. C. Gibbs, Mrs. Robert Meriwether, Mrs. T. F. Whiggam, Mrs. R. E. Puritney, Mrs. R. F. Cooper, Mrs. C. A. Anderson, Mrs. C. B. Beam, and Mrs. W. W. Thompson.

Mrs. H. B. Odham entertained the members of Circle Number Two of the First Baptist Church when they held their regular meeting on Monday afternoon at her home, 2400 Park Avenue. By way of opening the meeting Mrs. H. B. Odham conducted the devotional period which was followed by the Bible study lesson held by Mrs. W. E. Hara and the business session presided over by Mrs. Hill.

Mrs. B. C. Moore gave an account of a tour of historic New Orleans after which a social period was enjoyed when the hostess, assisted by Mrs. I. E. Estridge and Mrs. Myrtle Ogden, served refreshments. Those present were: Mrs. I. E. Estridge, Mrs. John D. Adams, Mrs. Lennie Bryan, Mrs. James Cook, Mrs. Luther Hester, Mrs. G. F. Moore, Mrs. H. B. Odham, Mrs. Clifford Walker, Mrs. R. C. Moore, Mrs. A. J. Walby, Mrs. C. E. Hara, Mrs. H. B. Odham, Mrs. W. E. Hara, Mrs. M. G. Moore, Mrs. E. L. Sharpe and Mrs. Myrtle Ogden.

Mrs. Perkins Hostess To Club Wednesday

Quantities of snap dragons, stock and daisies were arranged about the rooms of the home of Mrs. B. L. Perkins on Magnolia Avenue when she entertained the members of her bridge club yesterday afternoon. Contract bridge was enjoyed during the afternoon and at a late hour high score prize, a pair of silk chiffon hats, went to Mrs. M. E. Wiggins.

At the ten hour a salad course was served by the hostess, assisted by Mrs. M. E. Wiggins and Mrs. J. L. Hill. Those present were: Mrs. Ralph B. Wight, Mrs. J. L. Hill, Mrs. Floyd Palmer, Mrs. C. R. Kirtley, Mrs. W. A. Pitts, Mrs. D. D. Caldwell, Mrs. Walter S. Coleman and Mrs. M. S. Wiggins.

Mrs. Ruby Toole, of Macon, Ga., Mrs. G. E. McCall and Mrs. Lee A. Conoley.

Miss Fox Entertains For Her Bridge Club

Entertaining the members of the Bridge Club, Mrs. R. G. Fox presided with a bridge party on Monday afternoon at her home, 2400 Park Avenue.

The afternoon bridge party was enjoyed. When the party closed it was found that the high score was held by Mrs. Fox who received a prize.

Those present were: Mrs. R. G. Fox, Mrs. M. E. Wiggins, Mrs. J. L. Hill, Mrs. Floyd Palmer, Mrs. C. R. Kirtley, Mrs. W. A. Pitts, Mrs. D. D. Caldwell, Mrs. Walter S. Coleman and Mrs. M. S. Wiggins.

Personals

Mrs. Ed Rice left this morning for Jacksonville where she plans to undergo an operation Saturday.

Miss Ruby Toole, of Macon, Ga., is visiting her sister, Mrs. G. E. McCall, at her home in the Hand Apartments.

Mr. and Mrs. G. E. Salmons are spending a week in Tallahassee as the guests of Mr. and Mrs. E. H. Pichard, formerly of this city.

FURNITURE MAKES THE HOME

Brighten up your home with new furniture

FURNITURE is to the home what clothes are to the man . . . the test of its taste, the guide to its character, the measure of the prosperity of those who live in it.

Does your furniture properly reflect your taste . . . does it present your home in the light in which you wish it to be seen by your neighbors and friends?

If not . . . refurnish. You will be surprised how much a few changes will do. A new davenport or chair here, a lamp or table there, a new dining room set, an attractive, modern kitchen group will work wonders. And it's not too expensive for your pocket.

Furniture prices are at rock-bottom—the lowest since 1914. So make your re-furnishing plans now! Read the advertisements of The Sanford Furniture Co. in the columns of this paper. They offer expert advice and service.

SEVEN SPAIN BY UNITED STATES

(Continued From Page One)
 author, as Spain's new ambassador to Washington, whose selection was announced in Madrid Tuesday.

Although it is diplomatic custom that the agreement of the government to which an ambassador is to be accredited be asked before the appointment is made public, it was the consensus in official circles here that this departure from usual procedure would not prejudice the chances of Senor Madariaga's acceptance. His name was submitted to the Washington government.

On high authority it was said the administration has no intention of changing the ambassador at Madrid, where Laughlin will continue to represent the United States.

Senor Don Alejandro Padilla, Spanish ambassador to Washington, King Alfonso, called at the White House yesterday to say goodbye to President Hoover. He resigned when the republic came into power.

MADRID, Apr. 23.—(AP)—News that the United States had recognized the Spanish republic caused a generally favorable impression today.

In announcing the fact to the cabinet, Foreign Minister Alejandro Lerroux said:

"The United States withheld recognition naturally until after the Spanish-American and European countries closest to Spain, like England, had recognized us. The United States has recognized us because of the good reports of the republic sent by Ambassador Laughlin."

Provisional President Nicolo Alcala Zamora conferred yesterday morning with Laughlin concerning an article in the Madrid republican newspaper *Crisol*, intimating, without mentioning him by name, that Laughlin was unkindly to the government and was considered persona non grata by officials.

"At the conclusion, the ambassador declined to make a statement except to say, 'I have placed the matter in the hands of the president.' Thereupon, Senor Alcala sent a note to all Spanish newspapers saying that the government views with grave displeasure such articles as are calculated without foundation to cause ill feeling between friendly government views with grave displeasure for the newspaper *Crisol*."

Obscene Writing About Film Star Causes Arrest

(Continued From Page One)
 published here were affidavits sworn to by Daisy de Noe, her maid, who discharged by Miss de Noe last year and later arrested for the alleged theft of money from the actress while serving as a secretary. Miss de Noe was convicted on one count of grand theft and fined pending the outcome of an appeal. She was sentenced to 18 months in the county jail as part of a probation term.

Ginsu said he would post bond of \$10,000, required by the indictment.

The sheriff's report quoting Bell said the actor told an officer two men who introduced themselves as "Rockwell" and "Jordan" told him they understood the Coast Reporter could be purchased for \$15,000. Bell was quoted as saying the men offered for \$25,000, of which they would use \$15,000 to buy the newspaper and keep \$10,000 for themselves.

Whaler Which Assisted Byrd Puts Into Tampa Harbor

PENSACOLA, Apr. 22.—(AP)—After six months spent in the arctic the Norwegian steamer *A. Larsen*, which assisted Roald Amundsen on his south polar expedition, docked here yesterday.

The vessel, commanded by Capt. Johan Johansen, left Norway 18 months ago, and after obtaining 100 tons of oil from 225 whales, completed a two-month voyage from Cape Town, South Africa.

On the first time the crew lost an animal in a year and the *A. Larsen* was the only whaler which has never lost a whale. Although approximately 100 tons of oil were produced on the *A. Larsen*, the steamer returned to Cape Town.

VARYING SLEEVE LENGTHS WORN BY FALE FASHION

The costumes illustrated are typical of what will be worn in the endorsement of pale pastels in crepe and bouclette, in the various sleeve lengths, and in the jacket themes. They are from left to right: Pale flesh crepe frock with slot seamings and a yoke of matching net with suspenders. The accessories are black. Suit of pale gray green crepe, with the jacket collar scalloped and embroidered in brown, and mink cuffs finishing the elbow sleeves. The hat of rough straw to match frock with slot seamings and a yoke of matching net with suspenders. A bouclette ensemble is turquoise blue, with the skirt simulating two pleated tiers in the manipulation of the stich. There are balls with tassels at the neckline, and a brief jacket to correspond. A peachy pink crepe suit, the skirt pleated all around and with a homing of cycle embroidery. The blouse is white batiste embroidered and inset with lace. The turban is of matching crocheted chandelle. Pale pink and pale blue shantung combine in a frock, the pink appearing in the yoke and above the belt, the balance blue. The hat of rough blue straw has a pink bolting band. Navy blue wool crepe jacket ensemble, with elaborate scaming, and tiny white crocheted cotton dainties with blue and red chenille centers. A flesh shantung frock with cap sleeves and embroidered ball fringe trimming at the neckline.

EMPRESS EUGENIE SILHOUETTE INCLUDED IN MODELS SHOWN BY SPECIAL GROUP

COLOR CONTRAST IN UPHOLSTERY

The Empress Eugenie silhouette is pronounced in the newest group of hats presented by the Societe des Modes de Paris. The model at the top left is fashioned of navy blue chambray with white angel skin ribbon holding back the left side of the brim. The down and forward on the right and off at the left are again noted in the model at the top right, the hat fashioned of skipper blue Montalupo straw, of rough texture, with three colored geraniums arranged at the left side of the brim. This same silhouette is noted on the model at the bottom right which is fashioned of brown cellophane with a blue chevron quill acting as a band. At the extreme left is a new Venetian type of hat, fashioned of black *Lisette* broad cloth, the band, low *Lisette* crown and narrow brim, finished at the front with a *Lisette* band. The hat is finished with a *Lisette* band.

SANDWICHES

Ever since the Earl of Sandwich, late in the 18th Century, first ordered a slice of ham between thin slices of bread, his creation has been steadily achieving greater popularity. The sandwich, still holds undisputed first place in dinner halls and lunch boxes, and with its half-sister, the burger, its simplicity and simplicity have promoted it to a position of high standing on the trouble and luncheon table and even in the dinner menu.

Sandwiches have been getting much tastier, too, and more interesting. Only a few years ago most of them were made with meat, cheese, eggs and comparatively few other standardized fillings. Nowadays hundreds of sandwich recipes attest their popularity and challenge the housewife to evolve new ones from the endless variety of ingredients that combine well with the staff of life.

With summer coming on and lighter meals in order, there are many sandwiches that fill the bill as the principal dish in the social and substantial sandwich with a meat and a beverage completes the menu of a satisfying lunch, in any season.

Toast is especially regarded as better than bread for making light, open sandwiches and the lightest diet that furnishes the most nutritive and healthful food for everybody likes toast, and its best supplies needs, warmth.

Open sandwiches, made with toast, should be generous slices spread with hearty fillings such as melted cheese, milk, ham, or cold chicken, or cold beef, or cold turkey, or cold fish, or cold meat, or cold fruit, or a slice of hot meat, with every variety.

PARTY HINTS

Let the suggestions of the refreshment table illustrate one of Mother Goose's rhymes. A doll dressed as Bo-Pop and several small celluloid sheep, on a green crepe paper square is amusing and easily made.

Another suggestion is to make a large birthday cake for the company. Get crepe paper decorated with Mother Goose characters and paste on light cardboard. Cut out the figures leaving a tab to bend backward so they will stand in a circle around the birthday cake (which should have pink candles).

Have not-baskets and "snap-pers" in pink. A pink birthday candle in a tiny holder in every place is also pretty and unusual. Keep the refreshments simple. Cracker, with cream cheese and strawberry jam, cold malted milk, morsels of ice cream and which march animal crackers and candy animals are sufficient.

Small dolls from the five-and-ten dressed in paper costumes to represent story book characters make cute favors for the party. The story books are nice for the party.

CHICAGO CRIME

(Continued From Page One)
 thought Senator Lewis would be the most desirable candidate for the Presidency.

He declared that the trouble with prohibition is that "the man who voted for it was the first to break the law." Congress, he declared, has the power to increase the percentage of alcoholic content for wine and beer. And when Congress exercises that power, the law will be taken out of the pockets of bootleggers.

It was against Southern Democrats, chief among whom he cited Florida's delegate to the Houston convention, that he lay the blame for a continuation of the Volstead law.

"Florida and some other Southern States don't send Democrats to represent them at Washington. They send prohibitionists who are Democrats; they are dry first as a party and second as individuals."

In conclusion he said: "I've pledged to Chicago the best administration the city has ever had."

Carolina Woman Lost 47 Lbs. In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one (teaspoonful) in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger, and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. R. A. Sullivan, New Bern, N. C., Jan. 1934. "P. R. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 45 cents at Lane's Drug Store and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—eat out hearty and fatty meats—eat light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not fully satisfied—money back.—Adv.

Auto Runs 50 Miles On Gallon Of Gas

Automobile engineers worked for years in an effort to reduce gasoline consumption but found the solution in a marvelous invention that fits all cars. An actual test made by one of the engineers showed 50 miles on a gallon of gas. Thousands of car owners have already installed this new invention. They not only report amazing gas savings but are also surprised to find quicker pick-up, instant starting, smoother running motors and more power. The Whirlwind Motor Co., Dept. 241-S, Station C, Milwaukee, Wis., for a limited time is offering a free device to those who will help introduce it. They also need men everywhere to make up to \$100 weekly in their own territory taking care of local business. Write them at once for free sample and big money making offer.—Adv.
