

VISUAL NEWS of the WORLD IN PICTURES.

Roosevelt Visits 'Other Home' In Georgia

With a cheery wave to many old friends gathered around the little wooden railway station at Warm Springs, Ga., President Roosevelt is shown leaving his special train for the short drive to the "Little White House" where he will spend a fortnight. Seated beside the President is his daughter-in-law Miss James Roosevelt, and at the right is Miss Marguerite Leland, one of his secretaries. (Associated Press Photo)

Pilot Killed, Seven Bail Out In Plane Crash

Lieut. Carlisle Phillips, pilot of a big army transport plane, was killed when the ship crashed near Greenville, Ala., but seven soldier companions bailed out and landed safely with parachutes. Lieut. Phillips jumped too, but his parachute caught on the tail of the plane. Wreckage of the ill-fated plane is shown above. The white cloth on the tail was a part of Phillips' parachute. (Associated Press Photo)

ONE OF THEM MAY BE 'SCARLETT'

These three southern beauties, dressed after the fashion of the Old South in the days of the Confederacy, are shown in New York taking screen tests for the movie role of "Scarlett O'Hara," heroine of Margaret Mitchell's celebrated novel, "Gone With The Wind." Left to right: Susan Faltigant and Louisa Robert of Atlanta and Aletia Rhoads of Charleston, S. C. (Associated Press Photo)

LAGUARDIA, LEWIS, JOHNSON BLAST NAZIS

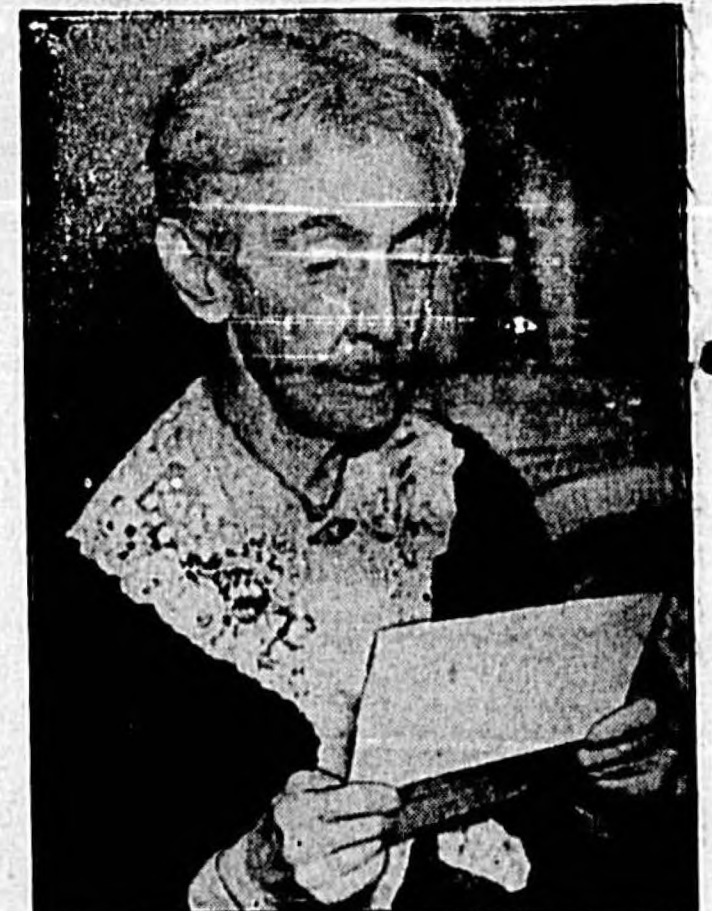

A drive against Nazi doctrines in America got off to a booming start with a mass meeting in New York at which Mayor Fiorello LaGuardia (left), Labor Leader John L. Lewis (center) and former NRA Director Hugh Johnson fired their loudest guns against Hitlerism. They are shown speaking. Said LaGuardia: "Adolf Hitler is not personally or diplomatically 'sublimation' (interpreted by some as meaning Hitler is not worth meeting on the field of honor)." Said Lewis: "Nazi tactics have degraded German workers almost to serfdom." Said Johnson: "Adolf Hitler and his Nazis have become a sort of monster, threatening the peace of the world." (Associated Press Photos)

Praying 'Sit-Downers' Worship In Factory

In the midst of their strike for higher wages and union recognition, "sit-downers" hold morning prayer services in the plant of the Emerson Electric Manufacturing company at St. Louis. Strike Leader Frank W. Sullivan (left foreground) leads the worship while fellow-strikers stand with bowed heads. (Associated Press Photo)

PRESIDENT HAILS 'OLDEST MOTHER'

Mrs. Mary N. Rice of Memphis, Tenn., known as the nation's "Oldest Mother," is shown reading a letter of congratulations and best wishes she received from President Roosevelt on her 105th birthday anniversary. Mrs. Rice attained her title by virtue of a survey conducted by a fact-finding foundation. (Associated Press Photo)

ANTI-HITLERITES RALLYING IN NEW YORK

Heated demonstrations against Chancellor Adolf Hitler and his German government were staged at a New York mass meeting designed to combat the spread of Nazi principles in the United States. A group of demonstrators is shown at the rally with a banner typical of the anti-Hitler outburst. (Associated Press Photo)

Four Hurt In Wreck Of Fast Southern Train

Four women suffered injuries, apparently of a minor nature, in the derailment of six cars attached to Southern Railway train No. 37 at Buford, Ga. The fast train, formerly known as the Crescent Limited, was en route from New York to New Orleans via Atlanta. The cars are shown strewn over the tracks. Several hundred yards of rails were torn up and traffic was blocked for a time. (Associated Press Photo)

HUGHES LIKES HIS OYSTERS!

While the national battle raged over President Roosevelt's court reorganization plan, Chief Justice Charles Evans Hughes found time to devote his full attention temporarily to the very pleasant task of eating oysters. This rare picture was made at the Brown university alumni dinner in Washington. (Associated Press Photo)

JUSTICE McREYNOLDS FIRES BACK

The first retort from any member of the Supreme Court since President Roosevelt opened his criticisms of the tribunal came from Justice James C. McReynolds during a speech he made at a banquet of his college fraternity in Washington. He said: "The evidence of good sportsmanship is that a man, who has had a chance to prevent a fair trial to a fair tribunal, must be a good sport and accept the outcome." The Justice (right) is shown at the banquet with Senator Connally of Texas. (Associated Press Photo)

CHRYSLER STRIKERS ORDERED OUT

A court injunction, ordering them to vacate the plant, was read to sit-down strikers occupying the Dodge plant of the Chrysler corporation in Detroit by Chief Justice Charles Evans Hughes (left) and Justice Sutherland (right). The strikers declined to vacate the plant. (Associated Press Photo)

BUTTONS TROUBLED CLEVELAND

Because a coat button was missing, friends rejected this bust of President Grover Cleveland when he entered the White House in 1895. But on March 16, 105th anniversary of his birth, the statue will be presented to the city of Buffalo, N. Y. George Urban, whose family is making the presentation, points to the missing button and says: "Cleveland always had trouble with buttons." (Associated Press Photo)

NUMBER 120

Judge Orders Arrest Writs For Strikers

6,000 Employees Of Chrysler Plant In Detroit Face Possi- ble Jail Terms

Sheriff To Ask Stronger Force

Corporation Won't Act Immediately On Labor Heads

DETROIT, Mar. 19.—(AP)—Circuit Judge Allan Campbell today ordered issuance of writs of attachment calling for the arrest of 6,000 all-down strikers who have accepted eight Chrysler Corporation automobile plants for 12 days.

The Corporation indicated it would not proceed immediately against high officials of the United Automobile Workers of America who were made respondents with the strikers, in an injunction which Judge Campbell issued last Monday.

Since 9:00 A. M. Wednesday strikers have been in violation of the injunction, which ordered them to evacuate plants by that hour.

Daytonan Held In Auto-Truck Crash On Park Avenue

Police Chief Roy Williams said today he was holding George K. Hildreth of Daytona Beach in connection with an automobile accident at 2 o'clock this morning in the 1100 block on Park Avenue.

Hildreth was injured, not seriously, when the passenger car in which they were riding crashed into a parked truck belonging to B. A. Howard, according to Chief Williams.

Localites' Relative Succumbs As Glider Dives Into Atlantic

Woodward F. Barnwell, 41, chief instructor of aviators at the Camp Roosevelt vocational school near Ocala and who died in a glider crash at Fernandina Beach last week, was a first cousin to Mrs. H. L. Perkins and Mrs. M. S. Wiggins of this city. It was learned today.

Mrs. Barnwell, the former Miss Belle Smith, was at one time a resident of Sanford.

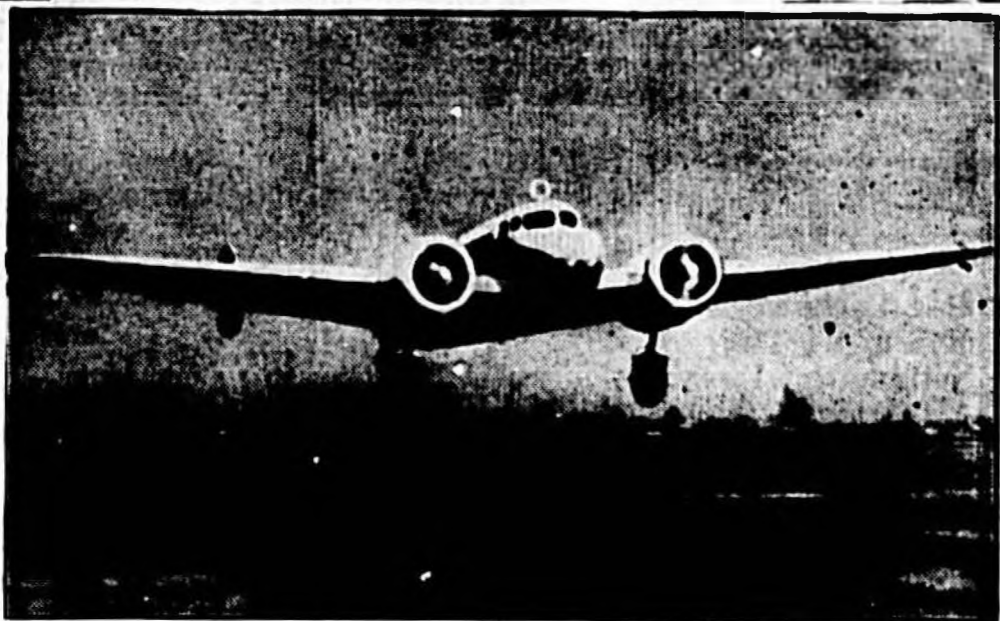

Entomologists From Sanford Bureau At Florida Convention

C. E. Stahl, head of the local Bureau of Entomology, U. S. Department of Agriculture, and three others attached to the unit here, left last night for Gainesville where they are attending the Florida Entomologists Conference.

He was accompanied by C. H. Wisocq, J. N. Tenhet and L. H. Lee, all of Sanford, and H. White of Washington. In charge of track crop and garden insect investigation of the Bureau. He had been here since Wednesday.

Mr. Tenhet was to have had a part in this afternoon's program by presenting a paper on laboratory testing of insecticide materials.

AMELIA REACHES HONOLULU ON WORLD FLIGHT

Less than 16 hours after Amelia Earhart left Oakland, Calif., on her 27,000-mile flight around the world, she landed at Honolulu. Her hop was the fastest ever made from the United States to Hawaii. With Amelia at the controls, the big plane is shown as it left the ground at Oakland and headed out over the Pacific. (Associated Press Photo)

Army Drive Nets \$1,250, Report At Mid-Day Says

Workers Exert Every Effort To Reach Goal Of \$3,500

Nearly \$1,250 had been collected today in the Salvation Army drive for 1937-38 budget funds, campaign headquarters reported shortly before noon.

Capt. Fred Feren, in command of the local post, said his captains and lieutenants are exerting every effort to raise the \$3,500 which the Advisory Board estimated would spot to operate the Army in this city for one year.

Headquarters announced that personal service letters have been forwarded to lodges, clubs, civic organizations, business groups and other associations in a concentrated attempt to give every citizen an opportunity to contribute something for the Army's cause.

Capt. Feren announced that not only are the Sanford firms and citizens assisting in the finances, but that many out-of-town residents and business houses are lending their support by sending in their cash donations.

All persons, the captain said, who are unable to be reached by direct solicitation are canvassed by letter.

The following statement was issued from headquarters:

"The Salvation Army is grateful to the temporary workers on this campaign and is grateful to the local companies, firms and individuals who have helped in the appeal."

Homestead Benefit Must Be Asked For Or Right Is Waived

Failure to file application for the homestead exemption automatically waives a home owner's right to the tax benefit, County assessor Sanford Doudney said today.

He announced that more than 250 owners of homes in Hemetle County have yet to apply for exemption, emphasizing that April 1 is the final date on which applications are accepted.

Mr. Doudney pointed out that no charge is made for any service connected with the operation. He said those who filed last year will find this year's blank waiting for them at his office.

He accepts State and County applications. Requests for City tax exemptions are received at City Hall.

Beasley Toastmaster At Anniversary Fete

Clifford C. Beasley of Sanford, was toastmaster last night when the Alpha Epsilon Chapter, University of Florida, of Phi Kappa Tau observed the anniversary of its founding with a banquet staged in the Chapter house at Gainesville.

Flower Show Concludes As Hundreds Inspect Exhibits

Judges Award Prizes For Best Individual Displays; Professional, School Booths Recognized

League To Seek City's Support In 10 Measures

Minor Pieces Of Leg- islation Is Out- lined In Program

The Sanford Garden Club's seventh annual flower show closed last night in the Parish House of the Episcopal Church after having been seen by hundreds of persons.

Following is a list of first place winners among the exhibitors.

Roses—Mrs. J. H. Colclough, light pink; Mrs. H. M. Papworth, dark pink; Mrs. N. DeForest, red; Mrs. T. L. Jones, white; Mrs. T. L. Jones, yellow; Mrs. T. L. Jones, any other color.

Sweet peas—Mrs. Ed Matlock, pink; Mrs. St. Clair White, red; Mrs. S. O. Chase, Jr., white; Mrs. L. P. Dickerson, lavender; Mrs. S. O. Chase, Jr., any other color.

Annuals—Mrs. L. P. Dickerson, carnations; Mrs. S. O. Chase, Jr., carnations; Mrs. C. B. Wisocq, carnations; Mrs. Ed Matlock, everlastings; Gertrude Vining, geraniums; Mrs. Ed Matlock, pansies; Mrs. L. P. Dickerson, geraniums; Mrs. F. R. Wilson, poppies; Mrs. J. T. Newby, snapdragons; Mrs. L. P. Dickerson, stocks; Gertrude Vining, cynoslogium; Mrs. J. N. Whittier, any other variety; Gertrude Vining, gardenias; Mrs. W. P. Fields, nasturtium; Mrs. L. P. Dickerson, double nasturtium; Mrs. H. H. Coleman, nemesis; and Mrs. J. H. Colclough, ageratum.

Perennials—Gertrude Vining, geraniums; Mrs. J. Dingfelder, geraniums; Mrs. J. H. Colclough, verbena; Mrs. J. T. Newby, any other variety.

Blooms of flowering shrubs and vines—Mrs. J. Turnbull, hollyhock; Mrs. J. N. Whittier, clematis; Mrs. R. A. Newman, bigonia.

Wall pockets, wall baskets; Mrs. J. O. Coates, pockets; and Mrs. J. O. Huff, basket.

Bulbous bloom—Mrs. J. T. Newby, gladioli; Mrs. L. C. Dickerson, calla, white; Mrs. E. D. Rinehart, amaryllis; Mrs. J. W. Coates; Mrs. J. N. Whittier, any other.

Reroofing Action Begun On Chamber; To Paint Interior

The Chamber of Commerce was getting a new "hat" today as workmen began operations to reroof the building standing in the shallow waters of Lake Monroe.

Also, a pile driver was anchored in the rear of the structure, occupied with demolishing the old dock which has been termed an eye sore and has proved to be dangerous because it was decaying.

School Blast Death Toll Hovers Around 500 Mark; 17 Teachers' Bodies Found

County Teachers Recommend Move For Higher Pay

Local Delegates Support Program Adopted In Orlando

Seminole County's 15 official delegates to the Florida Educational Association convention in Orlando yesterday afternoon voted unanimously for a guarantee of \$400 per year minimum teacher salary.

There was not a dissenting vote in the 1,500 delegates representing almost every public school in Florida.

A second recommendation which met the convention's approval was a plan for a "sound teachers' retirement plan." Both ideas have been incorporated into a proposed bill which may reach the Legislature this year.

About 100 instructors from this County heard F. N. K. Bailey of Sebring, president of the group, outline the courses which the State could follow and guarantee the \$400 per year minimum for every teacher.

Bailey told his audience of 4,000 that \$11,235,000 per annum would be required if the rock-bottom wage limit program is to be accepted. At present Florida schools are drawing \$10,500,000 from State coffers.

Robert J. Longstreet of Daytona Beach explained a proposed retirement plan which included provisions of functioning along lines similar to that which the Government inaugurated in the Social Security Act.

A teacher would turn in from four to ten percent of his salary. Prof. Longstreet said, and the amount would be swelled by a contribution of 3.3 to 3.5 by the State.

Colin English, State school superintendent, made one of the addresses of the day and he supported the minimum pay and retirement plans which had been recommended previously.

He did, however, warn teachers not to pin too much hopes on either proposal.

Visiting Ministers Talk Next Week At Methodist Church

Four visiting ministers will be heard in the First Methodist Church next week in connection with the "One to Win One" movement, the Rev. A. H. Cole announced today.

The schedule: Monday, the Rev. A. Fred Tupper from Orlando; Tuesday, the Rev. Bruce Ganaway from Orlando; Wednesday, the Rev. Carrington Tullie from Lakeland; Thursday, the Rev. C. F. Frasier, from the Methodist Orphanage at Benson Springs.

Texas School Blast Gives Chamber Much Map-Searching Work

The school disaster in New London, Texas, was the direct cause of considerable activity on the part of the Seminole Chamber of Commerce today.

Secretary Ralph Bagwell said the office had received probably a score or more telegrams calls from persons who had relatives in the New London area.

Because the school town was not on most maps, Mr. Bagwell said, Sanfordites, who have kin in the smaller Texas towns of the disaster section, sought to learn whether their relatives' homes were those which the school served.

Official Spring To Be Ushered In Sanford Saturday

Boyfriend, husband and father will be entitled to "break out" the old straw hat tomorrow and wear it without embarrassment.

Because the weatherman's calendar says it's the first day of spring, a day which officially ushers in the straw hat wearing season.

The weather bureau has forecast that Saturday will be fair with little change in the temperature as it stands today. Winds are to be gentle and variable.

CITY NEWS BRIEFS

A called meeting of the Farmers' State Market Supervisory Committee will be held at 7:30 o'clock tonight in the Market Building, Secretary J. J. Michael announced.

Saturday's tides, Tidal Station, Ocean Pier, Daytona Beach, low 8:57 A. M. and 9:17 P. M.; high, 2:26 A. M. and 3:03 P. M.

The weather: Generally fair tonight, Saturday, except mostly cloudy possibly with showers in extreme northwest portion Saturday afternoon; not much change in temperature. Extreme Northwest Florida: Cloudy, probably showers tonight, Saturday.

Library Schedule Of Convenience Is Adopted In Sanford

A new schedule of hours was in effect at City Library today, according to Mrs. Elton Moughon, librarian.

The library is now open to the public on week days between 11 A. M. and 1 P. M., and between 2 P. M. and 6 P. M.

On Saturday the hours are from 9 A. M. to 12 noon; from 2 P. M. to 5 P. M., and from 7 P. M. to 9 P. M.

Mrs. Moughon said the new arrangement was made as a convenience to business people who have only the noon hour to claim their books, and for school children who found it necessary to visit the library during mid-day recess.

Two Negroes Given Six Years In Jail By Pleading Guilty

Judge Millard H. Smith today handed out sentences totaling six years for two negroes who voluntarily entered guilty pleas in Circuit Court.

Obba Williams, charged with burglary, was remanded to the State Prison arm in Raiford for four years. Court records showed that he possessed a long criminal record.

The second negro, Mose Williams, was sentenced to serve two years at Raiford for breaking and entering with intent to commit a felony.

Experimenting Pair Return To Stations

C. E. Smith, head of the Baton Rouge, La., U. S. Bureau of Entomology laboratory, and W. J. Reid Jr., head of the entomology unit at Charleston, N. C., left yesterday after conducting a series of experiments with local farm produce.

2 More Qualify As Candidates For City Post

Leavitt And Truluck Ready For Election On April 13

W. A. Leavitt and J. C. Truluck today had qualified as candidates in the special City election called to name a successor to Perry N. Whitehurst, who resigned recently to devote his full time to commercial enterprise.

The two were the second and third, respectively, to qualify for the election. A. W. Lee became a certified candidate earlier in the week.

While several more days remain in which others may qualify, there has been no indication at City Hall or in local political circles that the race would contain more than the three whose names are certain to appear on the ballot.

Recent action by the City Commission established April 13 as the date for voting. The Commission chamber at City Hall will be the scene. The choice of the voters will become a Commission immediately after a certification of the vote by the Election Board.

An ordinance passed last week required that in the event of three or more candidates in an election such as the one next month only a plurality is margin necessary to win.

City Clerk Frank Lamson has announced that between 1,200 and 1,300 persons appear on the registration books as registered voters, however he called attention to the fact that none would be qualified voters until each had paid his 1936 poll tax. This tax is to be remitted to County Tax Collector Jno. D. Jenkins on or before April 5.

Demo Contributors Get Appreciation From Drive Chief

M. O. Overstreet, Democratic Victory Dinner chairman in the Fifth Congressional District, today issued a blanket letter of appreciation to the people of Seminole County for their contributions to the Demo fund for the retirement of the 1936 campaign debt.

The communication was addressed to Sherman M. Lloyd, chairman of the Seminole County Democratic Committee.

Mr. Lloyd reported this morning that an additional \$5 had been received from "a friend," bringing \$31 this County's total donations to the party's cause. The chairman said he is seeking \$100, pointing out the need for \$6 more.

Seminole County probably was the only county in the United States where a Victory Dinner was not scheduled. As a result, this section was able to turn in much more cash than it would have done otherwise if the costs of the dinner had been taken from the contributions.

4 More Candidates Seek Membership In Local Woodmen's Unit

Sanford Woodmen last night accepted four more applications for membership and increased to nearly a dozen the number of candidates for affiliation obtained since Mar. 1.

About 15 from Sanford are expected to be initiated on April 1 in Lakeland when Gov. Ed Rivers of Georgia will direct the ceremonies.

The convalescence is scheduled to see the initiation of about 100 candidates from more than 50 Florida Woodmen Camps. It will draw about 600 men who already are members of the W.O.W.

Indications are that 25 or 30 affiliates of this lodge will attend.

Seeing Gas Believed Behind Explosio. Leaving New Build- ing In Wreckage

Sightseers Cause Chaotic Condition

Downpour Delays Op- eration Of Crews Of Rescue Workers

AUSTIN, Texas, Mar. 19.—(AP)—Austin Adjutant General Gaston Howard reported from New London today that 300 bodies had been recovered from the ruins of the school house destroyed by an explosion there. Earlier Walter Elliot, of the highway patrol, had been taken to a 500-foot ground which was not known whether more bodies were in the debris, but excavation work should be completed by this afternoon.

NEW LONDON, Texas, Mar. 19.—(AP)—The horror of the nation's worst school disaster mounted today as the tangled wreckage of the London Consolidated School yielded scores more of crushed bodies. The known dead reached hundreds.

Walter Elliott, Texas highway patrol captain, reported in Austin headquarters that 500 bodies, including those of 17 teachers, had been taken from the explosion ground. He said it was not known whether more bodies were in the debris, but excavation work should be completed by this afternoon.

Public Is Invited To Watch Autogyro Spray Celery Crop

County Agent C. H. Dawson today invited the public to attend an aerial spraying of a celery crop on the farm of Johnny Lawler at 5 P. M. Tuesday.

An autogyro will be used in the operation, Mr. Dawson said, explaining that the machine is considerably more efficient in the work than an ordinary airplane, because of the gyro's slower flying speed.

The agent pointed out the resulting overhead vistas of the autogyro produce a tremendous down-draft which forces the spray material downward with great effectiveness.

Many local celery growers have used the flying machine to spray their crops, although the Tuesday demonstration is the first one to which the public has been asked to observe.

Heads Of Business Group Will Sponsor Proposed Measure

Forrest Gatchel, Sanford merchant and a director of the Florida Better Business Association, returned early today from Tampa where he attended a Board of Directors' session to discuss proposed legislation to be sponsored by the body in Tallahassee next month.

Mr. Gatchel said the Association will throw its efforts behind only one bill. However he declined to discuss the nature of the proposed act.

The local merchant said about 25 directors of the body from every part of the State attended the conference.

The Association was formed in 1935 in Tampa and is active principally on years when the Legislature meets. Its principal objective is to sponsor measures to benefit independent merchants.

Advertising Rates: Per Line Per Week, \$1.00; Per Line Per Month, \$3.00; Per Line Per Year, \$30.00.

FRIDAY, MARCH 19, 1937

BIBLE VERSE FOR TODAY

REGENERATION: A new heart also will I give you, and a new spirit will I put within you...

HE HAS COME BACK: You, who have broken a yoke in your heart, I will take away the stony heart out of your flesh...

What have you seen of the world that lie beyond? Have you come back from the river, so strange and still...

Sanford is getting more winter in March than it did in January. In France when they have a strike everything closes up.

The death of Admiral Hobson at 65 will convince many that 70 is not a bit too young to start packing the Supreme Court.

Everyone liked the Railroad Retirement Act except the U. S. Treasury department. It includes the taxes are too low. It would.

Did you know that it was just twenty years ago this month that the czar of Russia abdicated his throne?

Florida rejected the Child Labor Amendment in 1925—the same amendment which goes before the Legislature for a vote again this year. What will it do this time?

Gov. Murphy expects to be elected president in 1940 on the record that he had more sit-down strikes in Michigan during his administration than any other State in the Union.

Gov. Eccles of the Federal Reserve Board says that if Congress doesn't balance the budget we're headed for inflation. Gov. Eccles is an original New Dealer and when a New Dealer sees inflation, it must be real.

When Andrew Jackson was inaugurated president of the United States, so many people attended the ceremonies and crowded into the White House that it was necessary to set up a bar and serve free beer and other drinks on the lawn outside in order to get them out of the White House.

Driving an automobile is like learning to fence. One not only has to learn how to drive but also how to avoid being hit. The latter is just as important as the first.

The old economic theory taught that we make ourselves rich by saving money and putting it in the bank. The new theory is that we make ourselves rich by buying automobiles and driving around in them.

Living Costs

Marriner S. Eccles, chairman of the Federal Reserve Board, correctly pointed out early this week that continued government expenditures in excess of receipts would bring about a period of monetary inflation which would be more disastrous than the 1929 collapse.

He also pointed out another dangerous tendency now prevalent in the United States which can produce just as disastrous results as inflation. That is the constant increase of wages, followed by an equivalent or even greater increase of prices to offset the wage increase.

"Increased wages and shorter hours when they limit or actually reduce production are not at this time in the interest of the public in general or in the real interest of the workers themselves," Mr. Eccles, one of President Roosevelt's right hand men, declared.

Most of us believe that higher wages and rising prices are the invariable accompaniments of prosperity. We believe this because it has usually been so. But it is conceivable that prices might rise so much faster than wages that everyone would be poorer.

We are not prepared to say that this is the case today. But we do agree with Mr. Eccles that the tendency is in this direction. It is also fairly apparent that the price increases in the big organized industries must be paid for by the consumers in the smaller cities and rural districts who are already finding it more difficult than ever to cover expenses with receipts.

Love In Bloom

It wasn't so many years ago when a young man took his girl for a buggy ride, he was accompanied by a bevy of chaperones who always insisted on sitting between him and the girl and who if they stopped at the drug store on the way home saw to it that nothing stronger than an ice cream soda was drunk by any member of the party.

Nowadays, it seems, things are different. According to a poll recently conducted by the Sanford Daily, student publication at Stanford University, nearly fifty percent of the girls kiss their boy friends on their first dates. Out of 88 girls interrogated, 81 of them "kiss," but only 21 "not."

Other questions and answers revealed the following code of modern, if not moral, conduct. Stanford men admitted that they think less of a girl if she allows them to kiss her on the first date, but suggested that about the third date was the proper time to begin that. However, more than half of the men declared their extirpation had convinced them that most Stanford women do kiss on their first dates.

Furthermore, most Stanford men agreed that most Stanford girls permit petting in the right environment although one of the girls replied to the questionnaire, "Not if I can help it with these terrific Stanford goons." One of them said she permitted petting all right, but only with the men she loved. And another one declared, "If I feel like kissing a fellow good night on a first date, I will; if I don't, I won't." And of course, that's that; but another said, "For orchids and champagne, well, I could be convinced."

However most of the boys still believe in the double standard. Probably an aversion from their primordial ancestors. They still insist upon their own right to do as they please in sex matters, and they like girls who neck, but when it comes to getting married, they want a girl who doesn't know what it is all about. Men are funny that way. But then, women are funny too.

SANFORD TWENTY YEARS AGO

One of the most delightful outdoor affairs that has been enjoyed by Sanford folks and their friends was the jolly picnic Wednesday given at Pace's the beautiful home of Mrs. J. E. Pace, the morning and early afternoon was spent in joyous abandon and a wonderfully good dinner was served in the afternoon.

The business of the Guild was disposed of after which a social hour with tea and sandwiches was enjoyed. Those present were: the Rev. A. S. Peck, Mrs. M. Minarik, Mrs. B. G. Edwards, Mrs. Guyan Fox and Miss Charlotte Hand.

School Blast Death Toll Hovers Around The 500 Mark

The work of examining the building for bodies should be completed today, Elliot said. However, a downpour of rain in mid-morning hindered the work.

The members of the St. Agnes Guild were delightfully entertained by Mrs. Julius Talach at the home of her sister, Mrs. Albert Fry on Monday afternoon.

Flower Show Ends As Hundreds Inspect Exhibits

Flower plants—Mrs. J. B. Crawford, ferns; Mrs. J. H. Colelough, palms; Mrs. J. H. Estridge, exotics; Mrs. D. L. Thrasher, flowering plants.

Professional exhibit—A. K. Rosetter. Shadowboxes—Gail DeForear, flowers; Mrs. Turnbull, composition.

Miniature arrangements—Mrs. Fred Wilson, palms; Mrs. J. W. Morse, Victorian; Mrs. R. Monsalvage, modern; Mrs. F. R. Wilson, minis are dish.

Cut flower arrangement—Mrs. W. W. Wright, in metal containers; Mrs. E. B. Stone, white flowers in white containers; Mrs. D. L. Thrasher, mixed flowers in white containers; Mrs. E. L. Cornell, mixed flowers in vase; Mrs. E. B. Stone, one kind in basket; Mrs. J. Dingfelder, Japanese arrangement; Mrs. Percy Cameron, arrangement in transparent container.

Following were first prize winners in the school exhibit entered by South Side Primary: Miss Moore's room, wild flower arrangement; Lucy Ward, wild flowers; Mrs. Brown's room, butterfly pressed; Charlotte Stein; flower arrangement; seven of drawings from South Side Primary.

The Grammar School exhibit: Louise Levy, flower arrangement; Billy Wilkinson, peperonia potting plant. Junior High School: Margaret Spencer, fern; Betty Crawly, tea table.

League To Seek City's Support In 10 Measures

Five per cent tax on all gasoline sold in the State, counties or municipalities for use in official duties.

An act exempting from taxation all municipal property acquired under statutory authority.

An act exempting bonds of municipalities and debts whereby they acquire title to property through the confiscation of their tax liens thereon, from operation of the State Documentary Stamp Law.

An act giving the consent of the State in case made a party in proceedings brought by a municipality to foreclose its tax liens.

Measures authorizing municipalities for alum clearance purposes under the provisions of Federal legislation on the subject.

Nazi Ships Provide Crews' Stateroom

HAMBURG, Mar. 19.—An ocean-going passenger cruiser, with crew's quarters fitted up like staterooms, is to be launched here May 5.

A 25,000-tonner, it is the first special designed and built to order for the "Strength Through Joy" movement which hibernates pleasure trips for workers on specially chartered vessels.

The crew of 400 will have the same comfort in quarters as the 1,000 tourists, in consonance with Nazi principles.

Love In Shanghai Found To Be Rough

SHANGHAI, China, Mar. 19.—Having paid \$20 for a future wife, Wong, a Shanghai lawyer, was not going to be cheated out of her. When the girl left town without telling him, he told the police about the situation and they called in her father for questioning. The sight of him was too much for Wong who lost his temper and bit the man in the ear. Now Wong, still a bachelor, is doing ten days in jail.

German Explorers Seek Head Hunters

FRANKFURT-ON-MAIN, Mar. 19.—A German expedition to the Netherlands East Indies, sponsored by the ex-Kaiser's friend, the famous German aviator Leo Frisbonius, has left here for the Moluccan island of Ceram, whose inland population reputedly consists largely of head hunters. One of its chief objects is to trace the links between native cultures in all parts of the globe.

The postoffice department estimates its revenue from stamp collectors will amount to \$2,500,000 during the coming year. wave radio operators in the world.

Apple Valley, Ga., is not in a valley, but on a hill, and it lies in one of Georgia's principal peach sections.

Buddhists Bury Cat Under Temple Roof

TOKYO, Mar. 19.—Among the moss-covered tombs in ancient Zoji temple is the new grave of a cat. "Tama Chan" was buried by the lord abbot and 70 priests in an elaborate Buddhist ritual which cost more than \$1,000.

It was probably the only feline in the world with a bank account. Deposits were made to it regularly. This account helped defray the funeral expenses.

An additional sum was contributed by cat lovers of Japan as a comfort to the spirit of the many cats whose skins have been used to cover samisens, a banjo-like instrument popularly played by gusha.

Chinese Declare American Virtues Nothing But Vices

CHICAGO, Mar. 19.—The three great American vices, says Dr. Lin Yutang of Shanghai, are efficiency, punctuality and discipline.

The doctor told several hundred members of the American Friends of China they would be far better off if they did not work so hard or try to be so smart.

"The trouble with you Americans," he said, "is that you make a thing that is fairly good and then you want to make it better."

"A Chinese abhors efficiency because it leaves him no peace of mind. He has a total disinterest in punctuality because he wants plenty of leisure. He has a natural dislike for discipline because he believes in lots of individual liberty."

"You Americans pay for your efficiency with high blood pressure."

Police of Sacramento, Calif., are to be given an 8-week course in public speaking, because Commissioner H. E. Mittelstaedt believes policemen should be qualified to meet the public as well as to catch criminals.

It is estimated 10 percent of the world's minerals are in the United States.

Huge Lake Is Found Shrinking To Pond

SACRAMENTO, Calif., Mar. 19.—(AP)—State officials wonder whether there will long remain a drop of water in what once was a 134-square-mile lake.

The body of water—Tule lake, at a 1,140-foot elevation near the Oregon border—was reported at its maximum size in 1884. A survey in 1921 showed it had shrunk

to 23 square miles, and in 1920 it had become a small, shallow pond.

Scientists believe the water is seeping out through an underground fracture.

U. S. Gives Farmer Billion Per Year

WASHINGTON, Mar. 19.—(AP)—The farmer appears to be the favorite nephew of Uncle Sam today.

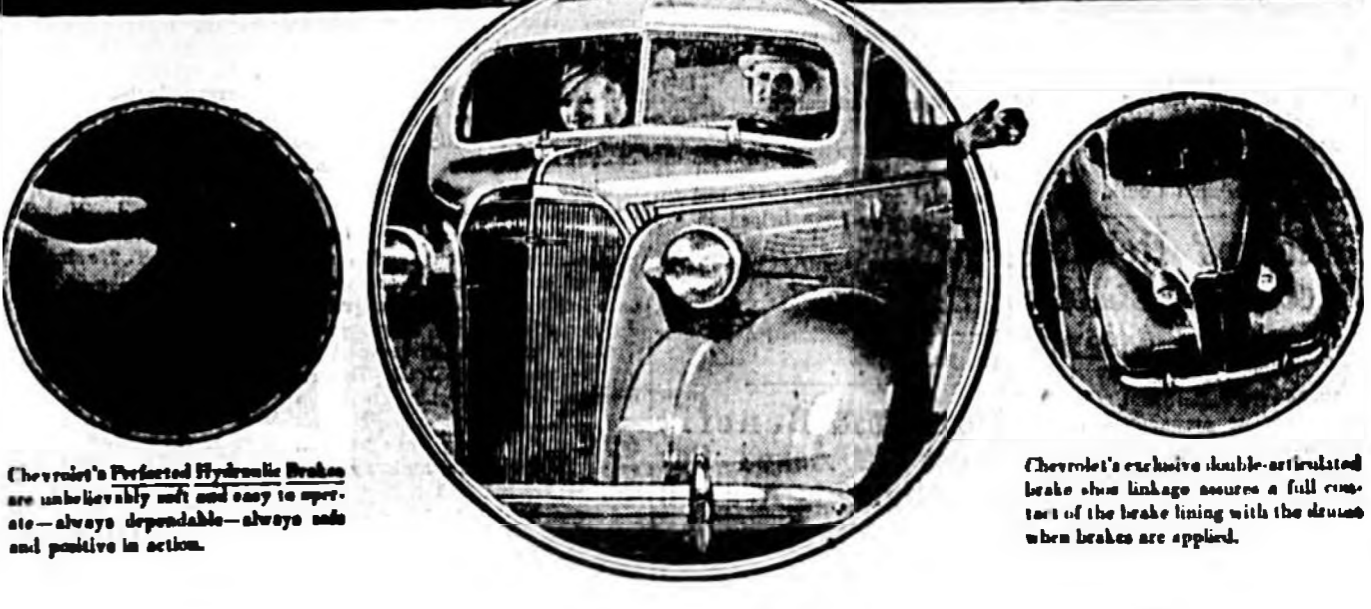

Less than a century ago, congress made its first appropriation for agriculture—\$1,000 in 1833. The outpour of federal funds has been swelling steadily since until it averaged more than \$1,000,000 for each of the last four years.

The federal government employs an army of more than 120,000 agricultural workers.

A judge in Louisville, Ky., recently sentenced a man to a jail term for driving a bicycle while under the influence of liquor.

Personals

Mrs. Herman Morris and son, Bobby, were the guests of Mrs. H. J. Hagedorn in Orlando today.

Mr. and Mrs. H. G. Fox and family and Mrs. Emmet McCall are spending a few days in Miami.

Mrs. J. S. McCauley has returned to her home in Cumberland, Md., after visiting several weeks with her son and daughter-in-law, Mr. and Mrs. Frank S. McCauley.

Supper Is Enjoyed By Eastern Stars

About thirty-five members of Sentinel Chapter Number Two of Order of Eastern Star were entertained at a covered dish supper last night at the Masonic Hall.

Immediately after the supper the regular meeting of the chapter was held. And Mrs. Marcus Tyre, Associate Matron, presided in the absence of the Worthy Matron, Mrs. B. C. Moore.

Mrs. R. L. Glenn sang several St. Patrick's Day solos.

Woodrow Riser, a student at the University of Florida is spending this week-end in Sanford.

Friends of Mrs. B. C. Moore will regret to learn that she is ill at her home.

Mrs. Nathan Zelnovitch and Julian Baum of Okechobee are the house guests of Mrs. Salya Moses.

Dr. and Mrs. B. D. Caswell have returned from Atlanta, Ga., where Dr. Caswell attended a recent dental convention.

Mrs. Jessie Chapman and Mrs. Margaret Chiffan left today for Miami where they will spend a few days.

The Rev. and Mrs. Henry Louth of Palm Beach were the recent guests of Mr. and Mrs. Hawkins Connelly.

Miss May Lee Alsbrook of Okechobee is the guest of Mrs. Cary F. Wight at her home on Phosma Drive.

Mrs. R. R. Deas, Mrs. Harry Ward, Mrs. Lucy Workman and Mrs. Mary Homell motored to the Ravine Gardens yesterday.

Miss Chaf Adams of Fort Lauderdale is the guest of Miss Elizabeth Adams at her home on Magnolia Avenue.

Friends of Richard Verney will be interested to learn that he has accepted a position with the Goodrich Rubber Co. in Brunswick, Ga.

Mrs. Mathis Torrance, a student at A. C. Scott in Atlanta, Ga., is spending this week-end with her parents.

Social Calendar

MONDAY

The Prayer Band of the Presbyterian Church at 3:00 o'clock. The annual auxiliary meeting for the installation of new officers will be held in the social rooms of the church at 5:30.

The Truth Seekers Class of the First Methodist Church will meet at 3:00 o'clock at the home of Mrs. A. K. Shoemaker, with Mrs. Mofet, Mrs. Flowers, Mrs. John Vaughan and Mrs. C. C. Priest, and Mrs. Shoemaker as hostesses.

Circle Number Five of the First Methodist Church will meet with Mrs. L. M. Telford, Floral Heights, at 7:30 P. M.

Mr. and Mrs. R. C. Collier of Montezuma, Ga., are spending this week-end with Mr. and Mrs. J. C. Mitchell and the Misses Carolyn and Louise Collier.

Mr. and Mrs. Nolan Graves and H. C. McAllen, Jr., have returned to their homes in New Orleans, La., after visiting friends and relatives here.

Miss Louise Little and Mrs. Tap Bennett have returned to Chipley, Ga., after spending the past week with their sister, Mrs. C. A. Adams.

Dr. and Mrs. Peter S. Roy have returned to their home after spending two weeks at Coral Gables where Dr. Roy administered saliva tests to the horses stabled at Hialeah Park.

Mrs. L. P. Boyle and children, Lillian, Dial and Rosa Cole, and Mrs. Boyle's sister, Mrs. Gordon Tuggle, of Danville, Va., are spending a month at Daytona Beach.

Mrs. R. L. Perkins and Mrs. M. S. Wiggins have returned from Jacksonville where they were called by the death of their cousin, W. P. Barnwell, chief instructor of accountants at Camp Rosecroft Vocational school near Ocala.

Mrs. E. J. Giant, Mrs. A. H. Smith, Mrs. C. H. Smith, Miss Mary Gibson, Miss Elma Lambert, Mrs. Woodrow Mevin, of Milburn, and C. J. Giant of Gainesville are spending this week-end with Mr. and Mrs. C. C. Giant and attending the A. C. E. meeting in Orlando.

Le Mardi Club Is Entertained At Bridge

Mrs. Roy F. Mann was hostess to the members of Le Mardi Club at a bridge party given at her home on West 19th Street this week. Colorful and yellow decorations were used to decorate the playing rooms. And the bridge tables bore a St. Patrick's Day motif.

High score prize was awarded to Mrs. Andrew Caraway. Mrs. Mann, assisted by Mrs. P. D. Scott and Mrs. Andrew Caraway served refreshments which carried out the St. Patrick's Day color scheme to the following members of the club: Mrs. Algonon Speer, Mrs. Harry Woodruff, Mrs. Arthur Zolner, Mrs. Jean Adams and Mrs. W. A. Adams.

Miss Elsie Tolue has returned to Los Angeles, Calif., after spending several weeks here with relatives and friends. She was accompanied home by Mrs. Claude Ethels who will visit relatives in California.

GENEVA

Mrs. Flora Smith and Mrs. Daisy Branson have returned from a trip to Saratoga and St. Petersburg.

Harry Lee Lindsay and Kenneth Harri spent the week-end here with their parents.

Mrs. Nellie Thomas and Mr. and Mrs. George Pluckebaum of Jacksonville left Friday for Charleston, S. C., to visit Mr. and Mrs. John Thomas. While in Charleston they plan to visit "Magnolia Gardens." Mrs. P. B. Dudley and Eleanor Woodley spent the week-end with Mrs. W. H. Mahony in Leesburn. Mr. and Mrs. W. L. Sog and Mrs. E. Gout attended the Educational Association in Orlando this week.

The Missionary Society met at the home of Mrs. A. A. Mann Wednesday afternoon.

IN SUCH A PLACE, TOO

SARGENT, Neb., Mar. 18.—Robert Sargent, undertaker, can't even get away from business by going to a hospital. When he awoke following an operation in a Shore City, La., hospital he found N. C. Gray, Blonson, La., undertaker, and W. H. Sog, undertaker, in rooms on either side of him.

PAY GOES FOR PERMANENTS

WENATCHEE, Wash., Mar. 18.—Harvest season here means extra dividends for beauty parlors. Beauty operators declare they get dozens of facial and permanent waves to husky men just in from the fields.

Wally's Divorce Is Assured As Charge Elapses

Allegation Of Collusion Withdrawn By London Lawyer

LONDON, Mar. 19.—(AP)—The last apparent barrier to Mrs. Wally Simpson's absolute divorce and her marriage to Edward of Windsor was cleared today when charges of "collusion" were dismissed by the president of the British Divorce Court, Sir Boyd Merriman, president,

Warm Springs Patients Hail 'The Chief'

All smiles and happily excited, patients and nurses at the Warm Springs Foundation waved their greetings to President Roosevelt when he arrived at the Georgia hamlet for a two weeks' visit in the "Little White House." Just about everybody at the Foundation looks upon the President as a personal friend known to them as "the chief." His automobile passed near this cheering line en route from the train. (Associated Press Photo)

directed the charge stricken from the record after the King's proctor informed the Court that, treating the case "as any other," he had made a careful investigation and failed to find any grounds to prevent the divorce of Mrs. Simpson and Ernest Aldrich Simpson. The action following the proctor's surprise move in asking for instructions in the case, it removed legal obstacles except for technical granting of the final decree Apr. 27. Francis Stephenson, elderly little solicitor whose mysterious intervention last December—just one day before Edward abdicated—who caused today's almost final decree scene in a drama of empire, rose to his feet in the ancient chamber and gave his approval to the action of wiping out his charge of collusion.

Russians Make Bad Industrial Beginning in '37

Tractor Production Only Major Work Up To Standards

MOSCOW, Mar. 19.—(AP)—Russia, by its own statistics, got away to an extremely bad industrial start in 1937. The output is far below the plan in every key branch except tractor production. The crisis in the five-year-old automobile industry is typical. The great Molotov factory at Gorky, built by American engineers like Ford's Dearborn factory was supposed to turn out 85 pleasure cars daily in 1936. But its daily output only averaged 20 to 30. On Jan. 1, without any announcement, the plan was cut to 18 cars "daily"—but production continued at around 30. Russia has virtually ceased importing cars and depends upon four main plants. Failure of any of them is a disaster.

Sanity Threat To Painter-Muralist

INDIANAPOLIS, Ind., Mar. 19.—There is hope for the younger group of mural painters if they do not become too sane, says Eugene Savage, one of America's leading muralists.

"There is danger in too much rationalism in art," he said. "We may become too rational in our monuments and too sentimental in our laws." He believes the older group of American mural painters lost its vision but that the free-lance mural painter promises a vital American epic spirit, strong in the belief that the commonplace should be made significant. A line of white rajahs of English descent has ruled the land of Sarawak on the northwest coast of Borneo, since 1842.

Curiosity Makes Ferguson Cry

MIDDLETOWN, O., Mar. 19.—(AP)—Happy Ferguson's curiosity made him cry.

He caught an auto ride with his friend, Oliver Chamberlain, a town marshal. While waiting for Chamberlain to complete an errand he began examining a "billy" club he found in the pocket of the car. He pressed a button at one end of the stick and then ran tearfully from the machine, shouting that the car was on fire. It wasn't—Chamberlain's club was just a trick tear gas gun. There are between 200 and 250 islands in the Fiji group, but their total area is only 7,033 square miles.

Every farmer knows that just because a thing is natural doesn't mean it is the best that can be.
That very thing is also true about nitrate of soda.
Some years ago, American scientists set about for a way to improve on nature and make a better nitrate of soda. They knew that the reason farmers bought nitrate of soda was for the nitrogen in it, and they figured that if they could make one that would have more nitrogen in it, they would do a service to the farmer.
Millions of dollars were spent, and finally they produced a "soda" right here in the South that was more perfect than any that had ever been produced before by Nature or by Man.
That product is known as Arcadian, The American Nitrate of Soda.
It gives more nitrogen for the money than any other "soda". And Nitrogen is what your crops need from nitrate of soda.
So, you see, Science has once again improved on Nature for your benefit.
When fertilizer makers buy nitrate of soda for their mixed goods these days, they buy Arcadian because they know nitrogens in what "soda" gives them, and they want the most for their money.
So why don't you do the same?
When you buy Arcadian, you not only buy wisely, but you are buying an all-Southern product—made in the South, by Southerners, for Southern crops.

Strikers Say Use Of Force To Bring War

Governor Is Warned Bloodshed Would Result From Action By Troopers

84-Downers Still Defy Court Order

20,000 Union Sympathizers Support Plant Occupants

DETROIT, Mar. 20.—(AP)—Representatives of 6,000 strikers, defying court orders for their eviction from the Chrysler automobile plants, informed Governor Frank Murphy today they were using the "only weapon we have" and warned that the use of State troops to eject them would "lead to bloodshed and violence."

The statement came from leaders of the United Automobile Workers of America local unions in eight Chrysler plants, which striking workers have held since Mar. 9 in an attempt to enforce demands for extensive bargaining rights.

It notified the governor, seeking a plan for peaceful evacuation, that "we intend to leave these plants without satisfactory settlement."

Around the strikers was ordered by Circuit Judge Allan Campbell yesterday. Sheriff Thomas C. Wilson, with a force of 200 deputies, has made no move to enforce the order at eight automobile plants where 84,000 union sympathizers are believed to be working.

WPA Projects Use 148 On Projects During Past Week

Seminole County WPA projects employed 148 persons, including 72 women, through the week ending today, according to a report issued by W. S. Earle, WPA work director in this section.

Mr. Earle announced that workmen had completed all construction activities on the new assembly shed for the State Farmer's Market. The structure will be painted next week and chalked off the list of projects as finished.

Fifty-two workmen are continuing their endeavors on grading concrete curbs of land to improve the high school athletic field. The project includes the laying out of a football field, construction of tennis courts, and building a diamond-shaped playing field.

Mr. Earle said another crew is employed to repair the woodwork of the grandstand at Municipal Athletic Field.

Recreation Center Is To Be Next Step After Trailer Camp

After a site is definitely selected for the proposed automobile tourist trailer camp here, the next step will be to raise funds for a recreation center building on the grounds, Mayor Ed Higgins said today.

The city official announced he believed that a Chamber of Commerce committee will arrange for the center once the camp is assured.

Mayor Higgins reported the city should have within 60 days all the land for the suggested camp site at Sanford Avenue and First Street.

He said only the highest opposition is being found to the establishment of the camp.

Call For Contract To Paint Hospital

Sanford painting contractors today were asked to submit bids for painting the Parnell-Lawson Memorial Hospital, according to T. W. Lawton, chairman of Hospital Board.

Plans and specifications may be obtained from J. Eton Noyes, the architect. All bids must have been submitted by 10 A. M. Saturday, March 27.

Here All Week

Missionary Will Spend Week Here; Bills Addresses

Ted Mercer Contracts Vigorous Schedule Of Appearances

Ted Mercer, noted missionary of Savannah, Ga., has scheduled a vigorous schedule of public appearances here next week in the First Presbyterian Church, several major civic clubs, and in two local schools. His first appearance will be in the Church at 11 A. M. tomorrow. He will speak at 8 o'clock that night, and at the same time each night for the remainder of the week.

Mr. Mercer will address the Senior High School at 10 A. M. Monday and will appear before Sanford Societies at 12:15 P. M. on the same day in the Mayfair Hotel.

Wednesday at 12:15 P. M. in the Yelder Hotel, the missionary is to speak in local Kiwanians, while a 10 A. M. address on Thursday is slated to be heard by the Junior High School.

Mr. Mercer is a descendant of Gen. Hugh Mercer, a Revolutionary War hero who was a personal friend of Gen. George Washington. He served for two years as assistant superintendent of the Jerry McAuley Mission in New York City and was associated for six years with John R. Mott, said by many to be one of the world's foremost religious leaders.

Since 1918, Mr. Mercer's principal work has been that of conducting evangelistic services and holding preaching missions in the denominational churches of America. His record shows that he has spoken in hundreds of American colleges and schools, and in more than 2,000 manufacturing plants, YMCA's, chambers of Commerce, civic clubs and other organizations have heard him hundreds of times.

509 Poll Taxes Of 1936 Paid At Noon Saturday — Jinkins

Jan. D. Jinkins, county tax collector, reported today at noon that only 509 poll taxes for 1936 had been received by his office.

He pointed out that a "26 receipt is necessary for anyone who plans to vote in the special City election of April 13 when a Commissioner will be selected to fill the vacancy caused by the resignation of Perry N. Whitehurst.

Mr. Jinkins explained that the entire 509 did not necessarily represent Sanford voters, since the report covered the County as a whole rather than the City in particular.

Registration looks for the election are open at City Hall. Three candidates have qualified. They are W. A. Leavitt, J. C. Truluck and W. A. Lee.

Jay Cees Schedule Night For Visitors

A special "visitors' night" program is on schedule by the Sanford Junior Chamber of Commerce Monday night in the Mayfair Hotel beginning at 7:30 o'clock.

Each member has been instructed to bring one guest. The tank has 76 affiliates.

Andrew Carraway, president, said Clyde Ramsey is in charge of the program.

School Death Toll Boosted To 455 Mark

Court Hears Contrasting Evidence Of Cause; Traces Of Nitro Are Found

NEW LONDON, Mar. 26.—(AP)—The toll of the New London community school blast was boosted to 455 by the latest check today in a military court inquiry convened to hear contrasting theories of the cause—accumulated gas as a result of inadequate radiator vents or a nitro-glycerin explosion.

Two workers reported finding pieces of pipe showing traces of nitro, but other witnesses discounted the theory. Dripping wet from a pouring rain and the perspiration of their Herculean exertions, an army of oil field workers—many of them seeking their own children or already knowing them dead—flooded (Continued on Page Five)

The City Commission will assemble for a regular session in their City Hall Chambers at 7:30 o'clock Monday night, according to City Clerk Frank Lamson.

Saturday's tides, Tidal Station, Ocean Pier, Daytona Beach: low, 8:57 A. M. and 9:17 P. M.; high, 2:28 A. M. and 3:03 P. M. Sunday's tides: low, 9:59 A. M. and 10:19 P. M.; high, 3:36 A. M. and 4:14 P. M.

Firemen were called yesterday afternoon to Twenty-Fourth Street and Park Avenue where a grass fire was burning. No damage was reported.

The weather: Partly cloudy, showers in central and northeast portion this afternoon or tonight; Sunday partly cloudy, possibly showers extreme north portion; slightly cooler extreme north and central portions tonight and north and central portions Sunday. Extremes: North part Florida—partly cloudy, rain extreme east portion; cooler tonight; Sunday partly cloudy, cooler.

Seminole County Ships 3,135 Cars Of Celery In '37

Seminole County has shipped 3,135 carloads of celery since the opening of the 1937 season, according to report number 29 issued to the U. S. Department of Agriculture, Economic Bureau.

At this time last year, only 2,477 carloads had been dispatched from this section, the Bureau said.

Sanford itself was responsible for the shipment of 2,250 of these carloads, while the Orvidu region has produced 215, according to the Bureau's figures. Other data in the report showed that Sarasota County has shipped 703 carloads of celery this season. Manatee produced 246, while other counties raised 142.

Spring To Arrive Officially Here At 7:45 This Evening

Spring will enter Sanford officially at 7:45 tonight upon the arrival of the vernal equinox, with Easter only one week removed.

Fair weather and mild temperatures are heralding the advent of the most favored season of years. The hour announced for the arrival of spring also is the time of the year when the sun crosses the equator moving northward.

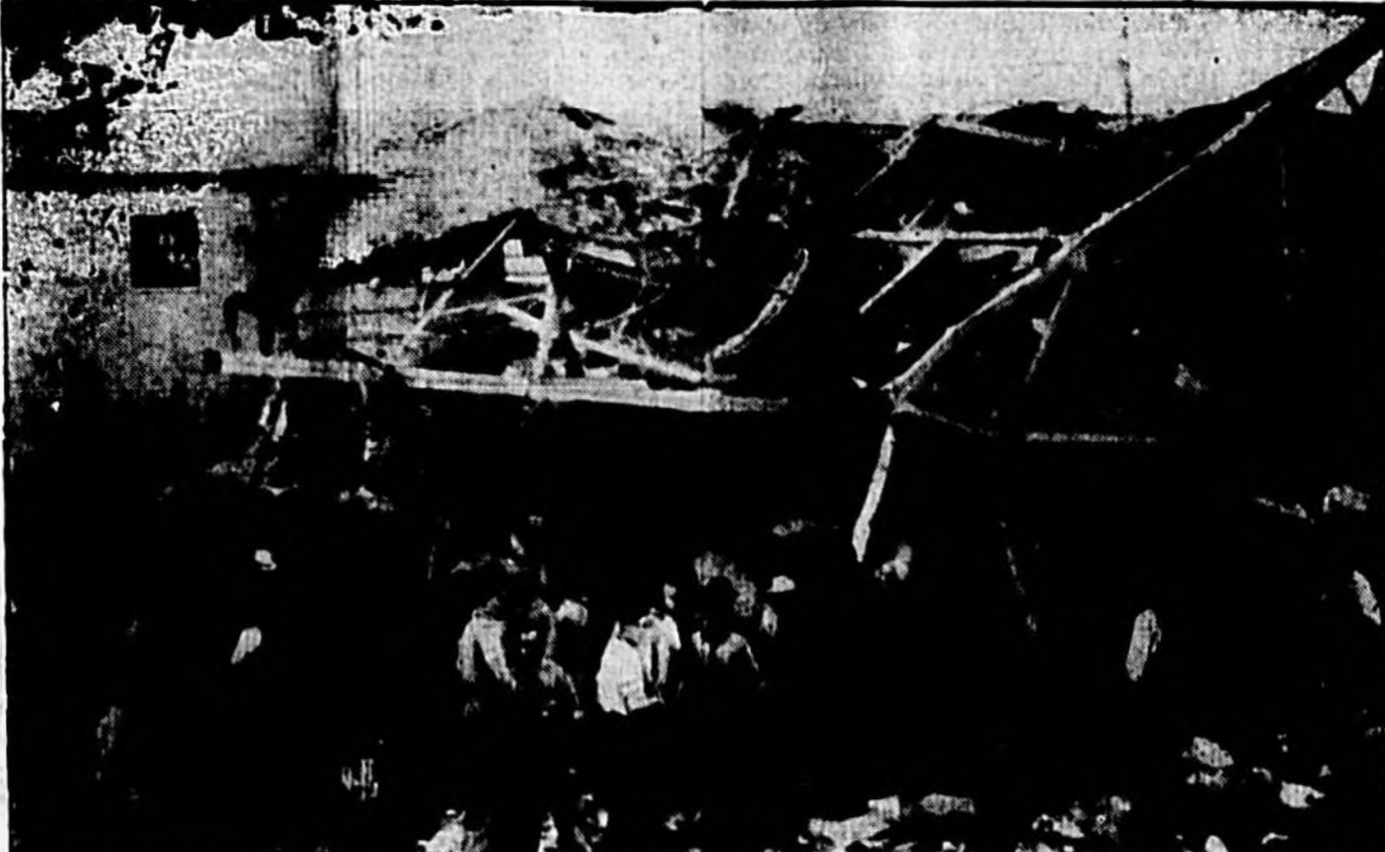

Bernal equinox is the official designation given the annual return northward of the sun.

Kindergarten Will Reopen On Monday

Mrs. Julius Turnbull announced today that her kindergarten school would re-open Monday after several days in classes have been suspended.

The institution was closed because of Mrs. Turnbull's illness.

JUMBLED WRECKAGE COVERS HUNDREDS IN SCHOOL BLAST

Somewhere beneath this ghastly pile of debris, hundreds of bodies lie buried as a consequence of an unexplained blast that wrecked the Consolidated School at New London, Texas. An army of rescue workers is shown digging into the mass in search of the dead. The quick recovery of 300 bodies give rise to estimates that 670 were killed by the explosion. (Associated Press Photo)

Sanford Youth Dies In Crash Near St. Cloud

William Williams Is Fatally Injured In Vehicle Wreck

William Williams of Sanford, about 20, was killed instantly last night when the truck he was driving smashed into an automobile parked on the highway about five miles east of St. Cloud.

Bobby Burns, also of Sanford, was injured although it was believed not seriously. He was riding with young Williams.

George P. Jefferies, St. Cloud chief of police, told The Herald that four occupants of the touring car into which Williams crashed was parked without lights on the road.

He said there was a possibility of serious charges being lodged against the driver, although he indicated that some doubt as to which of the four would accept the responsibility for having been under the wheel at the time.

Jefferies announced that a coroner's inquest was to have been held at 2 o'clock this afternoon after the four in the passenger car had been turned over to the custody of the sheriff of Osceola county.

The police officer said he had been able to obtain only a few details of the accident, because young Burns was visibly shaken by the event and questioning had been delayed.

First reports of the wreck were telephoned last night to Police Chief Roy Williams who relayed them to young Williams' father, operator of a stall in the State Farmer's Market.

The driver of the truck had left Sanford earlier in the day and was delivering a load of vegetables. His destination had not been revealed.

Police Chief Jefferies said the truck rounded a turn and was "on top" of the parked passenger car before young Williams saw the unlighted obstruction. The truck overturned.

Trigger Returned To Familiar Haunts Near Fire Station

Trigger, the Fire Station mascot, had been returned to his old haunts today after an absence of several days.

The dog, a black and white fox terrier, was missed early this week, and firemen believed he had been picked up and carried away. Yesterday afternoon, after an appeal through The Herald for the dog's return, a family living near the Geneva Bridge telephoned that the animal was in their possession.

Trigger, very fond of children, had been found one night near the Ritz Theater and readily accepted an invitation to "hop in" when the family's automobile door was opened. They thought the dog to be a stray.

Curtain To Ring Down On Sanford Baseball School

21 Athletes Remain Here; Bulk Of Students To Be Shipped To Farms Of Washington Senators

By A. P. STRAUSS
Herald Sports Editor

Joe Engel, chief scout of the Washington Senators, sponsors of the baseball school here, had returned to Sanford today to help Bill "Ray Mead" Rodgers, manager of the local club, bring to a close the baseball school which has been conducted here for the past three weeks.

Twenty-one of the original squad of 135 boys, who reported here the first week, will remain in Sanford to continue their work in preparation for the coming season.

The majority of the group will play for the local outfit, while the remainder will go to Charlotte in the Piedmont League, although some may be shipped to Jacksonville, a new farm of the Senators.

The 21 youths remaining here have been assigned to work under Rodgers, together with several Chattanooga rookies, including Blair, Livingston and Payne, pitchers, as well as Ed Shirley of Columbia, S. C., John Fidek of Mansonia, Penna., and Cressfield, all of whom are going to Charlotte this season.

Those slated to remain here include Fred Brumle of Brooklyn, N. Y., Ed Benedict, of Cedar Rapids, Ia., and Erskine Hoover of Charlotte, N. C., all third basemen; Howard Fleming, of Chattanooga, Tenn., shortstop; Ed "Suede" Martin, of Long Island, Wilson Holland, of Rocky Mount, Va., Al Kasto, of Long Island; Gary Val, of Clearmont, Fla.; Joe Herman, of Akron, O., and "Musolino" Brelick, all outfielders.

Second basemen ordered to remain here are Jack Weininger of Albany, N. Y., Roggie and O'Brien, while Sam Nettles, of Linden, Ala., was the only first baseman kept over.

The rookie hurling staff is composed of Dan Brainerd of Eustis, Fred Tippet, of Greenboro, N. C., Armand Beard, of Baltimore, Md., Jack Wynn of Enterprise, Ga. (Continued on Page Three)

Airport Operator Employment Depends On Airmail Service

The City does not propose to employ a full-time operator at Municipal Airport until the Post-office Department has designated Sanford as a regular airmail stop. Aviation Committeeman Volie Williams disclosed today.

He pointed out that the move was wholly for economy, since there is no need for a full-time man at the flying field unless the city has airmail service.

Mr. Williams explained that Firman Church, former operator, had resigned to accept a better position in the north.

The committeeman said grading and harrowing operations are being continued, adding that the terrain will be in first class shape within two weeks.

DeMolay Chapter To Elect Officers And Hear Talks Monday

Sanford DeMolay Chapter will elect officers Monday night when the fraternal organization assembles at 7:30 o'clock in the Masonic Hall for a periodic meeting.

After election, a supper for prospective members is on schedule. This will precede a number of short addresses by adults who have been invited to attend the affair.

Prof. G. E. McKay is in charge of the speaking. Local Masons have donated the refreshments.

Teachers Fight Reductions For License Plates

Instructors Demand Current Prices Of Tags Be Retained

This County's official delegation of 15 teachers attending the Florida Educational Association convention in Orlando yesterday joined in a campaign to prevent Governor Fred Cone's reduction of the automobile license tag price.

Nearly 4,000 teachers of Florida public schools were expected to throw their entire force behind a movement to maintain the current tag costs which go to support the schools. A resolution was to have been voted on today.

Convention delegates also looked for discussion some method of averting for school purposes one cent of the seven-cent gasoline tax.

In years past, about \$2,600,000 has been derived from the gas tax for the general revenue fund.

Some \$5,000,000 has been the annual yield of license tags which were offered at prices from \$5 to \$20. If the price of tags is reduced to a flat rate of \$5, the school revenue fund would drop approximately \$2,000,000.

Other items on the preliminary program of the association's resolutions committee are: "To retain the so-called Chain Store Tax and one-half of one percent Gross Receipts Tax, and to ask whatever balance may be necessary over and above specific revenues, to make up the \$800 per instruction unit, be provided in the State's general appropriation bill unless such provision has already been enacted into such law earlier in the session."

In the general session of the Florida Education Association yesterday morning at the auditorium, Milton W. Crothers of Tampa, State supervisor of city schools, was named president of the association. (Continued on Page Three)

Alex Sharon Hears Young Democrats Battle Amendment

Alex Sharon today was attending the convention of Florida Young Democratic Clubs in Bradenton where the organization battled yesterday over a constitutional amendment prohibiting elective or appointive public officers from seeking the presidency of the State unit.

After extended debates, the matter was held over until some time today when a successor to President D. F. Mizall will be named.

Two of the three candidates for president now hold public office, and a third resigned recently from a county position.

Candidates are Carl V. Casey, Jacksonville City Councilman; Tom Ferguson, Miami Justice of the Peace; and Otto Nolte, resigned engineer of Hernando county.

Plane Crash Halts Earhart World Flight

Amelia And Companions Are Uninjured As Ship Skids On Doused Runway

'Something Wrong' Aviatix Asserts

Craft's Undercarriage Wholly Shattered By Strong Impact

HONOLULU, Mar. 20.—(AP)—Amelia Earhart's around-the-world plane skidded and crashed today while she was attempting to take off for Howland Island on her world flight, but she and her two men companions escaped injury.

The plane skidded on a wet concrete runway and the right tire blew out, wrecking the undercarriage. There was a burst of flame from the engine, and ambulances raced to the scene, arriving to find Miss Earhart, white-faced, climbing from the wrecked craft.

"Something must have gone wrong," she exclaimed. "We were going about 50 miles an hour when the right tire blew out; I cut the switches." Amelia said. "No one was hurt, only our spirits are bruised."

Her swift cutting of switches on the two powerful motors of the \$50,000 plane saved the ship from catching fire and exploding more than 800 gallons of gasoline in the tanks.

"This means postponement of my world trip, but not cancellation," she said.

Her companions, Fred J. Noonan and Capt. Harry Manning, also escaped injury and neither sustained shrapnel wounds.

Paul Mantz, Miss Earhart's technical adviser, told the Associated Press that the undercarriage was twisted, the landing gear, both motor mount and stabilizer bent. Estimated repairs would take two weeks at the factory, but four months if done here.

County Motorists Give State \$19,000 In Gasoline Taxes

Seminole County motorists consumed 285,214 gallons of gasoline in February and paid the State \$19,968.81 in gas taxes, according to a bulletin released today by the Florida Department of Agriculture.

Automobile owners turned over \$2,852.11 to the Federal Government under the 1-cent per gallon assessment.

Kerosene consumption in the County reached 36,964 gallons. Seminole's rank among counties in burning motor fuel was 23rd. Dale County was highest with nearly 6,000,000 gallons. Lafayette County was on the bottom of the list with 18,000 gallons.

In the use of fertilizer, the Agriculture Department reported Seminole in fifth position with the employment of 2,193 tons.

Chamber Committee Will Meet Monday

The Executive and Finance Committee of the Seminole County Chamber of Commerce will meet at 8 P. M. Monday in the Chamber building. President T. E. Simpson announced today.

Members are B. F. Haines, Arthur Branam, Roland L. Dean, Frank Evans, Sydney G. Gray, W. A. Laffler, H. J. Lehman, John Meisch, Sr., G. E. Rollins, C. B. Seary, S. O. Shinkler, W. H. Tunnell, A. G. Wagner and B. F. Wheeler.
