Lutheran Convention **Slated For Slavia**

SLAVIA - About 170 guests are registered for the three-day SEL District Convention of the Lutheran Church-Missouri Synod beginning Tuesday at St. Luke's Lutheran Church. Pastors and delegates from 13 states and the provinces of Ontario and Quebec, Cana., will meet for the opening communion service at 9 a.m. The preacher at this service will be Rev. John Daniel, DD, pastor of Con-cordia St. John Church, Bethlehem, Pa. He is a member of the district board of directors and is well known in the U.S. Lutheran circles.

hijacking transmissions inand Mr. Volpe, speaking for becue The White House.

My compliments to the FBI. Regrets. . . that they didn't shoot the hijackers on their capture. These three already had their wrists slapped; and they didn't learn a lesson! (Rape, escape, burglary.)

QUESTIONS. . . How did they get aboard with "metal" (grenades)?. . .And why was the press forbidden to interview the passengers?. . .could it be as one spokesman for the airlines said, "The press was too far ahead of us all during this episode."

One of the passengers, Arthur C. Tonsmiere, said: "The nicest thing about the trip was watching the Cuban soldiers taking the satchel of money away from Henry Jackson and seeing him marched away with his hands in the air."

And then hearing this same hijacker Jackson complain that, "You know, those fellows (Cubans) didn't treat us right. They treated us just like George Wallace or Lester Maddox would."

-

Left over election notes. . . did you know that Seminole County has voted for every Republican for president since the election of 1944-when they voted for Roosevelt?. . . and that on the write-ins there actually was one for Claude Kirk for President and Bill Gunter as his running

We were getting better and better in the total election vote; but then the bubble burst this last time. In 1952 the turnout was 65 per cent; '56 - 70 per cent: '64 - 78 per cent: '68 - 8 per cent; and last Tuesday i dropped to 79 per cent.

From The Mailbag: City Julian Stenmmissioner strom offers this thought-As the time for foggy mornings approaches I know you have a hangup about drivers operating their autos without turning on head lights. "I have a hangup, too. Mine is people who drive anytime with parking lights on. Since January 1, 1964, it has been against the law in Florida to operate a vehicle (moving, that is) with parking lights on. Parking lights are for parking. When you start reminding your readers about headlights on foggy mornings please remind them also about the parking light."

Julian

Convention sessions will be conducted during the day on Tuesday, Wednesday and Thursday under the leadership of the Rev. Milan Ontko, DD, president of the district. Reports of the district mission activities will be featured during the session. The key speaker will be Rev. Harry Coiner of Maryland who will focus his remarks around the theme of the convention, "Reach people for Christ.

An evanglism festival service is scheduled for Tuesday at 7:30 p.m. The Rev. August Bernthol, DD, president of the Florida-Georgia District Lutheran Church Missouri Synod, will preach at this service. Rev. Michael Bronos of Michigan will be commissioned as evangelistic missionary to Slovak immigrants in Melbourne, Australia.

One of the highlights of the convention will take place Wednesday evening at the church picnic grounds at which time a barbecue dinner has been planned for members as well as guests. More than cluding those of the hijackers 500 persons have already registered for the bar-

The SEL district was formerly the Synod of Evangelical Lutheran Churches now celebrating its 70th anniversary. The group was founded by Americans, who came to this country from Slovakia. The host church will celebrate its 60th anniversary this year. Pastor John J. Kucharik serves as present minister at St. Lukes.

THE VICTIMS of a 28-hour Southern Airways hijack return from Cuba with a tale of a bizarre odyssey in which "deranged" air pirates handed out fistfulls of ransom money forced male passenger to remove their pants and wounded the copilot after threatening to "put a bullet in your head."

Deltona Celebrates 10 Years Of Growth With Parade, Party

DELTONA - This planned Central Florida community may not have a full 76 trombones Nov. 18 to kick-off its 10th anniversary parade, but it's going to be pretty close.

Outstanding bands from two Daytona Beach high schools and nearby DeLand are scheduled to march in the celebration parade at 2 p.m. Saturday, marking the first decade of growth for the community of some 9,000.

Highlighting the two-day event is the Saturday procession which will include representatives of local clubs, businesses and veterans organizations.

VICTOR G. LEFILS

We hear often these days about the poor in America, and e are all aware that this great country of ours has poor people. What makes a person poor? The lack of money, yes! But that is not all that makes a person poor. Money is needed to keep them alive and healthy. But something more is needed. These people must be understood. In other words, more hearts need to go out to the poor. It must be wretched to not have the food and cicthes a

person needs, but the deepest feeling of despair must come when no one seems to care.

Friendliness and concern is something all people can offer. It doesn't cost much. To greet a person with a smile is a costless effort. To greet them with concern requires greatness, and how many possess this? OUR THOUGHT TO REMEMBER: "Care and concern o hand-in-hand."

Authorities say two of the three men identified as hijackers

Hijacked Passengers

of a Southern Airways jetliner were free on bond in a rape case and the third was a recently escaped convict who attended college while in prison The escapee, identified as Melvin Charles Cale, is a half-

brother of one of the accused rapists, relatives said. The other two men, Henry D. Jackson, 25, and Lewis K. Moore, 27, each had been charged with three rapes and questioned in connection with several other assaults on women. Police records show Moore has never been convicted on any charges, and Jackson's only conviction was for a 1971

Jackson and Moore were described as close friends whose dream of becoming rich turned sour when they were unsuccessful in a \$4-million suit against the City of Detroit, accusing police of brutality.

Tennessee authorities said Cale, 21, of Oak Ridge, escaped Oct. 29 from the Nashville Community Work Release Center. a minimum-security facility for short-term prisoners. The FBI identified the three as the heavily armed hijackers who forced a DC9 with 30 persons aboard into a marathon hijack odyssey that ended early Sunday in Havana, where Cuban officials reportedly took them in custody.

Detroit authorities said Moore and Jackson have been questioned in connection with nine rapes, two assaults with to remove their pants and shot intent to rape, one gross indecency and one assault and the copilot after threatening to battery. Three warrants are outstanding against them, they said. On Oct. 12, the two men appeared in court on two charges of forcible rape and were released on \$500 bond. A third warrant on charges of forcible rape was issued Oct. 24. but neither man showed up for the preliminary hearing,

Robert Cohn, a Detroit attorney, said he represented the amount of money was given to two men in a \$4-million suit charging Detroit police with brutality when Moore and Jackson were arrested on concealed-weapons charges.

Those charges were dropped, but Moore and Jackson insisted that the suit be pressed. When the City of Detroit was dropped as a party in the suit, Cohn said, they realized their chances of collecting were gone, and they grew bitter. In Knoxville, Tenn., William V. Curd said he was Cale's fa-

ther and Moore's stepfather. He said the two men were halfbrothers and both were using aliases. Detroit police said Cale's mother lived at the same address listed for Moore.

How the two men were connected with Cale was not known immediately, but police said Cale's mother lived at the same

Especially in the northern end where years of hard work and careful planning are blossoming into achievements which exceed even the most optomistic hopes.

Probably the crowning gem in this crown of vigorous growth is the \$200 million planned community of HEATHROW. Here is an example of the most informed research and scientific planning coming together with almost unlimited good for an area where limited vision would have been total disaster.

This new community will be located on 1,200 acres near the northwest guadrant of the Lake Mary Boulevard and I-4 interchange. Homes will be built including 4,452 single family and multifamily dwellings.

Such a transformation of a largely agricultural area into the bright and attractive Heathrow presented major problems of construction and conservation. Paulucci Enterprises has, however, solved them in such a manner that the end result promises benefits all around.

Heathrow is, to be sure, only one of several major developments in the field of area treatment which will bring literally, thousands of new residents into this delightful region of lake and river beauty.

Yet Seminole residents can also be assured that the move is on in several major industries to build new facilities and expand older ones with a net gain of many jobs.

Most recent, as this comment is made, is the doubling of the plant for General Dynamics. Stromberg-Carlson Division, in Lake Mary. The new plant will cost about \$3.3 million, will add 164.00 square feet to its present 110,000, and provide jobs for about 500 more employes.

At the Sanford Airport, new construction will shortly take place with the expansion of the Fort Lauderdale Steel facilities and others are in the works.

But the major and most important activity at the airport surrounds the master airport development plan and the program for runway maintenance. This air facility is being called on for more services and these steps are essential to provide them

Operating in the black already, this former Naval Air Base shows every promise of becoming what it can be, a major economic base for the whole of Seminole County, if not all of Central Florida.

Not to be outdone and also caught up in the

Seminole Exploding With Growth

wave of growth which now is cresting in the county, almost over Sanford - the county seat is the Port of Sanford.

This facility was designed and created for the purpose of bringing low-cost barge transportation along the St. Johns River into central Florida. President Nixon's arbitrary stopping of the Cross-Florida Barge Canal dealt this a severe blow.

But the Port Authority has re-shaped its goals towards industrial use. Thus when Jim Ryan, port administrator, announces that ground-breaking for a new plant is taking place. it is much more than a formality.

Vanishing Americana

Are U.S. Cabbies Getting Dull?

By TOM HORTON **Copley News Service**

Making blanket indictments based on scanty knowledge is a dangerous practice, but I do it anyway. The quality of exciting cabdrivers in America has deteriorated to the point where the most exciting cabbies are operating outside the

country, in Tijuana, Mexico, and Montreal. Cabdrivers, like bartenders, seem to be getting younger all the time - or am I just getting older? - and while the new young cabbies are courteous and efficient, they lack the glamor and character of the old-timers. I know little of the quality of cabdrivers in my own town, which is natural, but I have been in enough cabs in other cities to devise my own rating system.

Tijuana has the most exciting cabdrivers in the world, to my knowledge. I rate Montreal second. After that, it's a drastic plunge in

quality to New York, Las Vegas, San Francisco, Los Angeles, Boston and Washington. None of these cities, in my experience, can offer a cab ride to compare with the excitement of riding with a cabdriver in Tijuana or Montreal.

New York once had the most interesting cabdrivers in America, but I'm not sure that is true any longer. They were always pushy, but now they've become surly and closemouthed. The first time I was ever in New York, six

Campaign a Waste Of Money, Motion By BRUCE BIOSSAT

The presidential campaign of 1976 had better be a lot different. The 1972 campaign was full of flaws, full of incredible boredom, and in many ways got quite out of

Basically, this is not a piece about the candidates or the issues. It is about the way campaigns are conducted today-and about the political and technical assumptions which led to that conduct. The most sweeping thing to say is that, for the net product in provable exposure for President Nixon and Sen

George McGovern, the 1972 thing can probably be put down as the most colossal waste of political money in his-Never before was so much pretentious motion generated for so little. Just the airplane activity alone was stagger-

ing to the eye. Near the close, McGovern, his staff, the newsmen and photographers were being carried in two so-called stretch jets (elongated 727s) and one regular 727. The logistics nvolved in moving people, baggage and equipment around, getting in and out of hotels, operating temporary staff and press headquarters, would catch the admiration of an army division commander.

McGovern's running mate, Sargent Shriver, managed o contain the whole thing in one plane, since only a relaive handful usually tag after the vice-presidential nomi-

But Vice President Agnew, being incumbent and being Nixon's chief surrogate on the trail, had a two-plane entourage. He traveled the country with an air of high ceremony and exaggerated tension which suggested we were making world rounds signing peace pacts. As everybody knows, the President himself deliberately confined his efforts to a very few campaign forays this year. But when he did move, he was naturally followed by most White House press regulars and a batch of political reporters. He moved in Air Force One, with the usual Air Force backup plane going along. We traveled in a huge stretch DC-8. One night on two

short hops we all piled into a sizable fleet of military helicopters. What came of all this mad dashing around? Sometimes thousands of miles produced no more than one or two

public appearances. Only the jazzy Shriver got directly o the voters very often on a given day. On my last day with Mr. Nixon, I saw the inside of aircraft hangars for rallies in Chicago, Tulsa, and Providence. Of the three cities, only Tulsa's skyline came into

our view. But the rallies were noisy, colorful, spiced with some heckling, and I collected 12 documents from the Nixon people telling me what had happened or was going to. A lot of this seeming inactivity was deliberate. While reporters were logging as much as six straight pointless hours in hotel press rooms, McGovern would be busy taping local TV shows, talking with labor or political hotshots, working the phone to raise money. His whole effort was geared to doing things which would hit two or three good "media markets" a day, meaning things which could get McGovern on evening television shows in key cities. Trouble was, as time passed it became clear that voters in countless areas were just not

paying attention to politics on the news shows. Nothing seemed altogether without flaw. Most observ ers today discount public crowds as artificially generated by the candidate's workers. McGovern's hard-working researchers cranked out lengthy "position papers" on the issues which were almost totally ignored. Agnew's talks, loaded with statistics, suffered the same

The whole process, from nominating battles to election. was far too long, too artificial, too smudged up with sabotage and deception-a frenzied, ludicrously expensive papier mache parade. (NEWSPAPER ENTERPRISE ASSN.)

One Man's Opinion

Hospital Ship Has Proud Record By DON OAKLEY

It was in 1958 that Dr. William B. Walsh, a Washington, D.C., heart specialist, conceived a unique project for fostering international goodwill and understanding. Under the sponsorship of the People-to-People Health Foundation, an independent nonprofit corporation, a 15,-

000-ton veteran hospital ship of World War II and the Korean war was refitted and rechristened the S.S. HOPE In the years that followed, the name was to become a symbol of medical teaching and compassion-and, indeed. hope-to millions around the world In 1960, the HOPE left on her maiden mission to Indo-

nesia and South Vietnam. Visits followed to Peru (1962-63), Ecuador (1963-64), Guinea (1964-65), Colombia (1967) Ceylon (1968-69), Tunisia (1969-70), Jamaica (1971) and Brazil (1972).

Since that first voyage, the self-contained floating hospital and teaching, diagnostic and treatment facility has trained more than 6,000 local medical personnel in the countries visited. More than three million people have benefited from the medical services involved.

In the spring of 1969, the HOPE began health career training activities in the United States. Extensive programs have been established in the Mexican-American community of Laredo, Tex., and on the 16-million-acre Navaho Indian reservation in Arizona.

Seeing its own Wishbone attack stymied by the aggressive, fired-up Berkley line, the Patriots had to resort to the passing arm of Dan Anguilli to halfback Jeff Hammond for the Pats' only score of the evening in the second quarter.

Limited to only 33 yards rushing and 68 yards passing. the brightest moments for the home-standing Patriots was the kick return heroics of speedy Rick Garza, who, on three kickoffs, almost turned the game around by himself with brilliant runs of 67, 58 and 28 yards. Running straight ahead through the middle, the 5-foot-4, 125 pound halfback barely lost the footrace to paydirt twice as he flashed his way through most of the Berkley defense. On defense, the young Garza included an intercepted pass to

Conscience eased after

vears of guilt

By Abigail Van Buren

1c 1973 by Chicans Tribune N. Y. News Synd., Inc.) DEAR ABBY: I have had something on my conscience for many years, and because I trust you completely, Abby, the idea of working thru you came to mind. 1 am sending you a check for \$50. Please cash it, and

send the money to: The Reverend Robert Holbrock of the East Avenue United Methodist Church in York, Neb. Please tell him that the money is for the Ladies Missionary Society. Here is my story:

- I grew up in York, Neb., during the depression, and we never had a spare nickel for extras. My parents were active in church work, and on several occasions I would take a nickel or a dime out of the collection fund before it was counted. I doubt if the amount I took came to \$10, and I'm sure it was never missed. Our family left Nebraska many years ago, and altho I
- have prayed for forgiveness. I want to make restitution Please don't disclose my name as it might embarrass my family. Very truly yours, ANONYMOUS
- DEAR ANONYMOUS: Your instructions have been carried out to the letter. God bless you. It's never too late.

DEAR ABBY: I am going to remarry my ex-husband. Our children are 8, 6, and 5. We were divorced two years ago after almost 10 years of marriage. We've both learned a lot from our mistakes and feel this time we can make a go of it.

The first time we were married at the City Hall by a Justice of the Peace. The whole thing took 15 minutes and there was nothing spiritual or beautiful about it. Now, I want to have a lovely church wedding with all the trimmings. Does that sound strange to you? I mean with a white gown and veil, which I know only virgins should wear, and altho I earned the right to wear it the first time, we couldn't afford it. My husband was [and is] the only man in my life, and I still feel entitled to wear white. Am I wrong? My husband says it's up to me. What

DEAR BELLS: I say you're entitled! Let those bells ring out, and I wish you every happiness.

CHURCH BELLS OR NOT

DEAR ABBY: I don't have a problem, but I do have a question. Why do some people think they have to pay for

I make my living as a deputy sheriff, but I belong to several volunteer organizations because I love to help people. I am captain of a Rescue Squad and First Aid crew, a member of the Civil Defense Disaster Team, I'm a member of the Volunteer Fire Department and chairman of the County Highway Safety Commission, I am also a first aid instructor for the Red Cross and Boy Scouts.

Whenever I've performed some kind of volunteer service, it really gets to me when somebody asks, "How much do I owe you?" LIKES TO HELP

DEAR LIKES: Don't let it bother you. Most people think they should express their gratitude in dollars and cents. I'm reminded of a clergyman who wrote to say that his pet peeve was the bridegroom who asks, after the marriage ceremony, "How much do I owe you?" The clergyman said he was often tempted to reply, "How much was it worth to you?"

FORECAST FOR TUESDAY, NOVEMBER 14, 1972

delays philosophically and to work quietly to your affairs on a more secure structure. Don't enlarge your overall aims and ambitions at this time. It's necessary to know you are exact in what you do for others so doublecheck on what is expected

ARIES (Mar 21 to Apr 19) Show that you are exact in the handling of personal duties, and don't procrastinate any longer. Try not to disappoint a friend in distress who looks to you for assistance. TAURUS (Apr. 20 to May 20) Try not to pressure good

friends who seem to have an uncompromising attitude and are busy Take care of your own affairs instead. Good hard work improves personal aims. Keep steady GEMINI (May 21 to June 21) Forget the personal and

engage in those important outside tasks that need your immediate attention You can push through on career matters tomorrow, but make right preparations now © MOON CHILDREN (June 22 to July 21) You have a new project in mind that requires getting the right ideas and data

To the contrary. Rather than hurt the environment, electricity actually helps protect the quality of life. For example, electricity is necessary to power sewage treatment plants, countless anti-pollution devices and recycling operations.

2522 PARK

Is there any form of energy for home use cleaner than electricity? Just stop and think for a minute of the alternatives. Millions of individual fires? Kerosene amps? Coal furnaces? That's pollution in its worst form.

Everything man does has some impact on the environment, including the production of electricity. But electricity is the cleanest energy you can use. It creates no pollution at the point of use, and lets us at FPL focus our anti-pollution efforts at one point: the power plant.

And that's where we're constantly working to better protect Florida's environment. After all, we live here too.

FPL encourages you to ask questions. About electric service. Rates. Environmental protection. Or anything else. We believe you deserve honest, straightforward answers. And we try to answer your most frequently-asked questions publicly. (All others will receive personal replies.) Address your questions to your local FPL Manager.

Knowing what concerns you helps us do our job better.

The

Nurse-Midwife

Seminole Memorial Hospital will be the first hospital in Florida to have a licensed nurse-midwife to deliver hospital born babies. This unique distinction was disclosed during Monday's regular monthly trustee session, when it was disclosed by Dr. Brooke Smith, hospital medical staff chief, that the hospital medical staff had agreed to accept a midwife on the hospital staff.

Those who are calling for an investigation of the FBI handling of the hijackers in taped conversations of these lunatics.

unequivocally to crash the plane into the ground. For all intents and purposes, those aboard were dead men and women. . . and the FBI was simply trying to save their

Because it turned out the way the medical examiner duties. it did is not fair to be a "Monday-morning quarterback", if you will.

Tomorrow night, Deltona will be hosting a special meeting during which time the pros and cons of incorporation will be discussed. Have been told that these

folks are unhappy with the representation they are receiving out of DeLand. .and there is a move afoot to request annexation INTO Seminole County!

Now that is a switch. .usually the Big Giant to the south of us is trying everything in its power to make us a part of Orange County, eh?

Can't understand why they should be getting any phone inquiries at all. . .but, then guess it's cause so many people read into a story or an account exactly what they want to. instead of accepting the written facts.

However, for point of clarification. . . that body which was discovered over the weekend (died of natural causes), the elderly gent was NOT a patient at the Lakeview Nursing Center.

O. K., O. K. - so women's lib is here; Gals, from NOW on you can fumble for the meal check just like all us privileged males.

Jill Dooley called and said that there'll be a dog obedience class at 7:30 p. m. this Friday at the parking lot of Winn Dixie at 25th & French Streets in Sanford. (Never can tell what kind of a tid-bit I'll pass on to you. . .

All of next week-Nov. 20-24, Census Bureau interviewers will visit households in this area to provide a profile of the American voter and non-voter. Questions to be asked, Did you vote November 7, and were you registered but did not vote?

Girls: one way to keep a today. Cooler tonight and Sports. husband at home is to ask him Wednesday. High today mid Stocks

Dr. Smith said the midwife, later identified as Nicole Leary, a nurse under contract to Dr. W. Vincent Roberts, Sanford physician and member of the hospital's obstetrician staff, would perform her duties under the strict supervision of Dr. Roberts in cases of "normal birth" only.

Dr. Smith stated the woman was a registered nurse and was licensed in Midwifery at Emory University.

She will not be allowed to have a private practice, but will work under directions of Dr. Roberts and in case he is unavailable, Dr. R. L. Smith, the only other obstetrician on the hospital staff, will direct her.

Robert Besserer, hospital administrator, said other hospital general practitioners have stopped delivering babies, Dr. Smith said the woman's addition will give better care to a number of women using other midwives.

The trustees approved granting the hospital Orlando just haven't heard the priviledge for a one-year probationary period. The trustees, in another action, approved a oneyear arrangement between Dr. G. V. Garay, They threatened hospital pathologist, and the Seminole County Commission by which the pathologist will become an

associate medical examiner for the county. Garay, under contract to the hospital at \$75,000 a year, will also continue in his hospital position, but would take on additional duties, with the proviso that

his hospital commitments will take precedence over

ROAD WAS SLIPPERY

Barbara Thomas Lallement, 29, of 2809 Aein Road, Orlando, was driving this school bus from Barney Academy when it went out of control on wet roads at SR 434 near I-4. Mrs. Lallement, Michael Lallement, 6, Philip Lallement, 2, and Venessa Resse, 7, of the Woodlands Subdivision, were all taken to Florida Hospital. According to Cpl. Earl Connell of the Longwood Police Department, investigating officer, there was \$500 damage to the 1970 Ford.

(Gary Taylor Photo)

Orange Schools Study Bus Plan

ORLANDO, Fla. AP - The Orange County School Board has taken under advisement a proposed desegregation plan which calls for the busing of 4,800 students next year.

The plan was submitted to the school board Monday night by Superintendent Donald Nye. The board was expected to vote on the plan Wednesday. U.S. Dist. Court Judge George Young has ordered the Orange County School Board to submit a new

desegregation plan by Nov. 23. The two-step plan submitted by Nye would cost approximately \$1.5 million. It calls for the implementation of a massive educational improvement program this year. Under the second step next year, the county would reassign 7,900 students and initiate new busing with the purchase of 21 additional buses.

Hospital Sale In The News Again

trustee chairman, to write a and Schirard announced he letter to the county com- would re-write a sample letter tlining the request. The rustee chairman also promised news media a copy of the letter "when it is ready."

The proposed sale of decision soon on the proposed Seminole Memorial Hospital sale of the county taxpayer's-owned medical center. Schirard when it was disclosed that at when it was disclosed that at looking into the possible purthe hospital, which were chase of the 180-bed facility "as

The county commission emphasis to the roposition to sale, but delayed naking a decision until after he just-finished elections.

Rodney Layer, county adinistrative assistant, told the Herald several weeks ago he hought the hospital sale would be brought back for consideration "in December or early January.

Since the medical facility is ot profit oriented, it was eared by some that under rivate ownership, costs for spitalization would substantially increase, since private ownership would insist on making a profit.

Various groups, including some physicians on the hospital taff, have expressed the belief hat a law suit would be filed to stop any attempted sale of the facility, which was partially established by private donations.

Favorite Chanteuse Everybody's favorite famous "Darling, Je Vous Aime Beaucoup," will launch the Mutual Concert ssociation's new season at 8 o'clock tonight a Sanford Civic Center. If you have not pur chased your membershi for the series, it is still not

too late as a few will still be

available at the door.

superior (1) ratings at the recent Florida Bandmaster's District Five Marching Festival in New Smyrna Beach. Oviedo and Lyman also took straight superior ratings in the npetition. Bands were judged by Tom Bishop of Lake Wales, Roy Wood of Winter Haven and John DeYoung of Bartow for their marching. The bands had to undergo an in-

spection by Mark Cassey of Orlando, prior to their performance before the over 2,000 spectators and band members Seminole High was the only Seminole County school that

didn't receive a perfect mark. They captured superior ratings who is best known for her for inspection and from one marching judge, with excellent ratings from the other two judges, giving them an overall excellent (II) rating.

Seabreeze and Mainland High Schools of Daytona Beach also received superior ratings, aa did Seabreeze Junior High School. New Smyrna High, Bunneli High and Campbell Junior High all received excellent marks.

FIVE PEOPLE were killed in this grinding head-on collision on SR 484

west of Ocala Friday night. According to the Florida Highway Patrol. victims were Thomas William Albury, 20, Phyllis Albury 18, Michael Scott Albury, nine months, all of Lutz, and C. Allen Warren, 20, and Reginald R. Greene, 18, both of Dunnellon. The deaths brought the traffic count to 19 for the weekend in Florida. In Marion County, the 1972 fatality count has now reached 75, continuing to top the 1971 record of 50 people slain on that county's roads.
