## Nationals Pound Jeter And Hand Seminole 4th Straight Loss, 9-1

### Al Nixon To Pitch Against Jimmy Beck As Sanford Attempts To Break Season's Worst Slump

At the throne of their worst slump of the season Sanford's Orlando Senators lost to the fifth-ranked Orlando Senators at Orlando last night by a 9-1 count. It was the Seminoles fourth straight defeat and Orlando entered into a tie for fourth place with the DeLand Red Hats through their victory. The DeLand Red Hats were noted out by Daytona Beach, Daytona Beach, second place in the league standings, narrowed the Sanford margin to seven and one-half games, the closest any team has been to the Seminoles since late April.

Tonight Orlando comes to Sanford with Jimmy Beck announced as Manager Manuel Oniz' pitcher selection. Manager Whitey Campbell of the Seminoles has stated that he will start Al Nixon, a right-handed, who still has the Nationals' stitiffness the last time he pitched. Nixon will be pitching for his ninth win of the season. He has dropped but one game since he pitched on the 15th.

Orlando pitched upon the offense of Cleo Jeter for eight and a half innings which were for seven runs. Lefty Frank Beck went in to pitch the fifth inning and he pitched for two runs on three hits, the runs coming in the eighth inning.

On the other hand, Sanford pitched upon the offense of Jimmy Beck for eight and a half innings which were for seven runs. Lefty Frank Beck went in to pitch the fifth inning and he pitched for two runs on three hits, the runs coming in the eighth inning.

Two upsets marked play in last night's city diamond ball game as St. Johns River Line opened up with belated power and pounded out a 12-4 decision over Homer's Soda Shop while Furniture Co. knocked off hitherto undefeated Florida Power and Light Co., 12-3.

Earl Evans got Homer's off to fast start in the first inning by smacking out a home run, but the lead did not last long as the Rivermen came back in their half to get five hits and two walks off Driggers for seven runs. The Rivermen got an hit, while Homer's team was getting seven off the deliveries of Cook and Mason.

In the second game, Mather picked the usually reliable Gus Swanson for 10 blows, while Florida Power and Light reached Williams for only six hits.

Red Williams hit a home run in the fifth with Homers' and D. Altman on base to bring the Mather run total to 11. Two more runs were made in the sixth.

## Sid Hudson Drops Cleveland Indians From League Lead

WASHINGTON, July 16.—(AP)—Cleveland lost its American league lead and a game to the Washington Senators yesterday. Washington won an 8-6 victory behind the 7-hit pitching of two-way Sid Hudson and then by moved out of the collar into sixth place.

Hudson pitched no-hit ball for five innings until Rolfe Hemley doubled in launching the only Indian to reach base previously, gaining first on shortstop Jimmy Poffa's error in the fourth inning.

Washington possessed on Al Milnar for six runs in the first two innings, adding eighth and ninth in the seventh and eighth as Cleveland hopped on the weakening Hudson to produce two runs in each of the sixth, seventh and ninth innings.

The Detroit Tigers jumped in to first place in the American league yesterday by trimming the Philadelphia Athletics, 9-8, and Hank Greenberg's big bat was one of the most potent weapons in their drive. He wrapped his 17th homer of the year with two aboard to spotlight an eight-run rally that put Detroit in front in the fourth; collected another single in five trips; drove in three runs, and scored seven runs in the first three innings built up enough of a lead to give the Boston Red Sox a 10-6 victory over the St. Louis Browns, who dropped their 13th straight. Joe Kube's 14th homer gave the Chicago White Sox a 3-2 decision over the New York Yankees. Ed Smith blanked the Yanks with five hits for the first seven innings.

In the National League the Cincinnati Reds increased their first place lead to three games with a 3-2 triumph over the Philadelphia Phillies.

Brooklyn split a doubleheader with the Pittsburgh Pirates. The Wyatt topped to a 10-1 victory and his eighth of the year behind a 17-hit Dodger attack in the opener.

Hank Leiber's three-run homer in the seventh gave the Cincinnati Reds a 5-3 win over the New York Giants and St. Louis trounced the Boston Bees, 12-2.

## 4200 Most Killed In Any Air Raid Of War

VICHTY, France, July 16.—(AP)—The worst air raid of the European war occurred June 17 at Rennes where 4200 dead were removed from the debris, it was reported yesterday.

The newspaper La Temps said an entire quarter of Rennes, Brittany city of 100,000 population on the banks of the Vilaine river, was wrecked during the air raid as a result of the explosion of four train loads of munitions in the station.

Houses and buildings were demolished for blocks by the explosion. German planes bombed the city for two and one-half hours before hitting the munitions trains.

The bombing came at the peak of the German drive into France and eight days before the cease-fire order was given after the signing of armistice agreements with Germany and Italy.

## Japanese Mob Urges Disarming Of U. S. Marines In Shanghai

### Nation's Fleet Is Be- lieved Speeding To East As American Interest Sharpens

### Burma Road Is Reported Closed

### Tokyo Takes Steps To Carry Out Policy Of Oriental Expansion

By Associated Press  
America's interest in the  
Orient sharpened today amid  
an ominous lull in the Euro-  
pean conflict—as Japan chose  
a new premier to carry out  
a policy of foreign expansion  
and the United States war-  
ships were believed speeding  
toward the Far East.

Co-incidentally, 8,000 Jap-  
anese residents in Shanghai held  
a mass meeting and urged the  
Japanese military authorities  
to demand the disarming of  
the United States Marines  
unless the Japanese apologize for  
the alleged mistreatment of Jap-  
anese prisoners on July 7.

New complications arose in  
Berlin, where authorized Nazis  
said the United States, following  
its expressed desire of keeping  
the world's trade lanes open, should  
"condemn" the British blockade  
against Germany and Italy.

Reports that Hitler is prepar-  
ing to "take charge" after the  
war, have caused the "anti-  
Hitler" movement to "urge" the  
ultimate destruction of Hitler  
and his "evil empire."

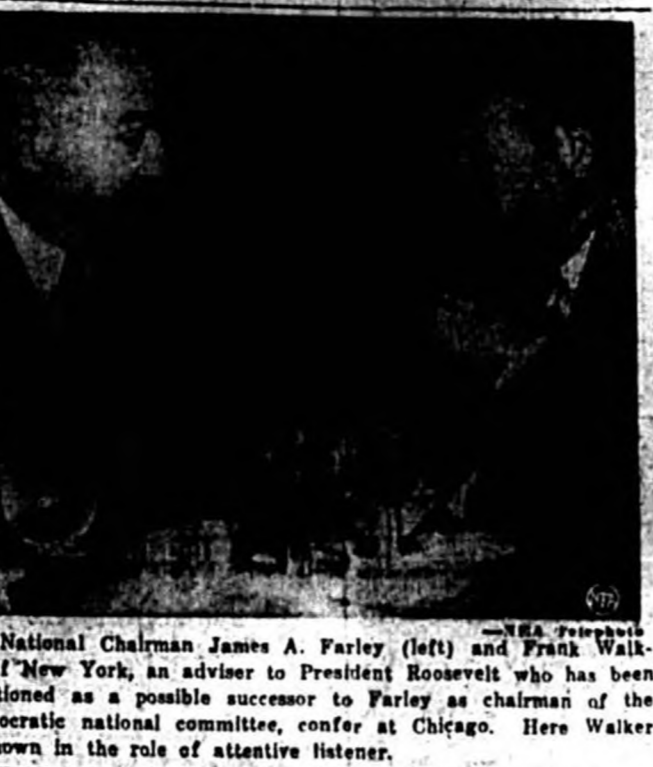

The Japanese foreign office  
announced today that it had  
agreed to close the Burma road—  
China's main lifeline of supplies  
and aid to shut off the flow  
of arms traffic into China  
from the British crown colony  
of Hong Kong.

China insisted she will not  
give up the fight against Jap-  
an, despite the proposal. The  
Prime Minister Churchill's as-  
surance that Britain is prepared  
to fight for her life with a will  
equal to Hitler's is about  
to be put to the supreme test.

Whether that test will come  
first as a "four-front" Ger-  
man attack, offering England  
space for short of abrupt  
surrender, or as a result of  
an attempted mass invasion  
of England within days is de-  
picted by seemingly conflicting  
diplomatic versions. It is  
crystal clear, however, that  
the British are carefully  
preparing for their next  
strategic move and the Church-  
ill broadcast last Sunday was  
designed to inspire hearts and  
will for the "last check, whatever  
it may be."

Against the background of  
these reports, that Hitler is pre-  
paring in consultation with his  
cabinet to voice a formal offer  
of a "four-front" proposal, the  
warfare has become a signifi-  
cant part of the month's  
action in the battle of Britain start-  
ing June 15.

## Britain Forced To Yield To Japanese

### Churchill Offers Empire's Services As Peacemaker To End Three-Year-Old War

### Air Raids On Isles Renewed

### Air Attack On Gibraltar Follows Closely Franco's Speech

With German bombs falling only 30 miles away, Prime Minister Churchill told the House of Commons in London that Great Britain's own "life and death struggle" compelled the yielding to Japanese demands for the closing of the Burma road, life-line of supplies to China.

The Prime Minister simultaneously offered the empire's services as peace-maker to end the 3-year-old Chinese-Japanese war. Churchill also said that the projected mass exodus of British children to the United States and Dominions was "most undesirable."

Critical as Great Britain's days are, he said he did not believe that the military situation required "a movement of such dimensions."

Nazi warplanes explosively shattered a one-day lull in the bombing assaults on the British Isles, subjecting the kingdom to machine-gun attacks on the villages and dive-bombing blasts at steamers and widespread raids from Wain to the English Channel.

The British command reported attacks on the big military camp at Aldershot—England's "Plattsburgh"—about 20 miles southwest of London and on airports, factories and harbors in south and central England.

At least five persons were reported killed, including a woman slain by a bomb splinter and four elderly persons in a south-east town.

## Co-ordinated Market Plan Aired At Meet

### Over 100 Delegates Attend Monthly Session Of Florida Citrus Growers, Inc.

Expressing a fear that the organization of the citrus industry is becoming too centralized, Secretary W. L. Burton of Orlando, secretary of the Florida Citrus Growers, Inc., made a plea to growers in behalf of the co-ordinated marketing plan at the monthly meeting of the directors of the grower organization which opened at the Mayfair Hotel here this morning.

Termining the plan the "democratic way" for growers to settle their problems, he asserted that the time has come when growers must work together constructively for the benefit of the industry.

L. E. Barnett of Tangerine, chairman of the quality standards committee, urged further study of the proposal to grade fruit by the interior and eating quality rather than exterior appearance. He pointed out that "the two main objects in marketing our fruit is first to be sure that the consumer gets a quality, nutritious product."

### Pepper Reveals Vice Presidency Choice After Hopkins Talk

CHICAGO, July 18.—(AP)—Henry A. Wallace, secretary of Agriculture and one-time Republican, today emerged as President Roosevelt's choice for the vice presidential nomination.

Roosevelt probably will accept the Democratic convention's presidential nomination for a third term in a radio address tonight but the White House in Washington said he still was reserving his decision until he receives the official notification.

The convention early this morning broke all precedent and tradition to give Roosevelt 948 and a fraction vote to 148 and a fraction for the other candidates combined.

The convention then made the nomination unanimous by acclamation.

Others who received votes were James A. Farley, Vice President Garner, Senator Charles McNary, Secretary of State Cordell Hull, Speaker Clegg, and Representative Charles McNary.

It all reached its first climax last night when after the President's message that he was not a candidate had been relayed to the delegates by Senator Barkley, the convention saw a roaring 50-minute demonstration whose dominant theme was the repeated outcry "We want Roosevelt."
