

PRICE FIXING HELD AS NOT YET FEASIBLE

Cabinet Committee Advises Roosevelt Of Findings On Widely Debated Proposal

WASHINGTON, Apr. 21.—(AP)—President Roosevelt has been advised directly by a special cabinet committee that the creation of a policy of price fixing is not yet feasible.

This conclusion was placed on his White House desk by Secretary Perkins, Roper, Wallace and Attorney General Cummings despite demands of price fixing friends and foes that a policy be established.

The report, still withheld from publication, was authoritatively described as recommending that positive steps be taken to get information which would make an objective judgment possible.

The report is short. It makes no attempt to decide the merits of the questions whether prices have risen too far under NRA price control provisions in codes, or whether such provisions have been conducted to a monopoly.

Time To File Appeal For Crop Loans Short

According to announcement by J. C. Fokes, Field Supervisor, Emergency Crop Loan Section, Farm Credit Administration, those headquarters in Orlando, the time for filing applications for 1934 emergency crop loans will close Apr. 25.

Under act of Congress approved Feb. 23, 1934, \$40,000,000 was appropriated for emergency crop loans to eligible farmers. No loans will be made to any applicant who can obtain elsewhere the necessary credit. All applications for \$150 or more must first be made to the Production Credit Association operating in the county where the crops are to be grown, and the association's certificate of rejection must be presented to the Emergency Crop Loan Section before it will consider the application.

Similar action must be taken by applicants who desire from \$50 to \$149, where it is thought their application to the Association would receive favorable consideration.

The maximum loan to any applicant is \$250. No loan will be made to any applicant who cannot produce evidence that he is co-operating in the acreage reduction program of the Agricultural Adjustment Administration, or who plans to increase his 1934 acreage or production over that of 1933.

Mr. Fokes will be in Sanford at the Chamber of Commerce Thursday morning, Apr. 26, at 9:00 o'clock, to give advice and render assistance to Seminole County farmers in the preparation. In the meantime all desired information and assistance is being given by Miss Charlotte Smith, in the City Hall.

High School Girls In Field As Army Aides

The 30 or more Seminole High School girls who volunteered for service as Salvation Army campaign workers had collected nearly \$100 during a tag day sale which they conducted on downtown streets this morning, according to Mrs. G. E. McKay, general of the army.

All workers reported at noon, and at that time the Eleventh Grade team under Major Margaret Verna had collected \$28.25 in nickels and dimes.

Major Dorothy Mitchell's Ninth Grade team had collected \$25.62, Major Doris Rocky's Tenth Grade team had collected \$24.50, and Major Virginia Gillon's Eleventh Grade team had collected \$11.23.

The girls continued their solicitations this afternoon, hopeful of reaching the total day's collections of \$1,000 in which even the eleventh grade team agreed for women workers will have approached \$2000 collected.

PRIVATE LINES BID FOR AIR MAIL PACTS WITH U. S.

Reorganized, Former Contractors Were Among Bidders

WASHINGTON, Apr. 21.—(AP)—Flying the airmail was thrown open to private bidding yesterday with resulting offers to do the work at rates ranging from 17 1/2 cents an airplane-mile all the way up to 39.94 cents.

So low were some of the bids, by comparison with the 41-45 cent maximum imposed by the post office department, that they brought gasps from a large crowd of intensely interested spectators at the ceremonious opening of the proposals.

Postmaster General Farley and his aides last night were putting over the 43 bids, received for service on 21 air mail routes. 45 actually were submitted, but two were rejected.

Among the bidders were eight companies, revamped since Farley decreed that no concern whose air mail contracts had been annulled or who had representatives at the much-disputed conference of 1930 could be eligible.

Another bidder that was eager-Airlines, Inc., entered proposals for routes formerly covered by four companies—Boeing Air (Continued From Page Two)

DeLand's Masked Thug Again Is Successful

DELAND, Apr. 21.—Warren Jackson, Miss Ruby Jackson and Miss England, the first two prominent DeLand citizens, the latter a visitor in the Jackson home, were held up and robbed of \$55 at 11 o'clock last night by DeLand's masked bandit who bobbed up again after remaining inactive for several weeks.

The robber, laying wait in the Jackson garage, when the trio returned from the show covered them with a pistol. Jackson lost \$25 and Miss England \$30. Miss Jackson's pocketbook which she carried under her arms was overlooked by the robber.

Bradenton Killing Is Held As Closed Affair

TALLAHASSEE, Apr. 21.—(AP)—The Governor's office yesterday indicated the killing of a negro at Bradenton by Joe Kopman, citrus grower whose small daughter the negro was accused of attempting to attack, a closed incident.

Kopman shot and killed the negro as two officers conducted the prisoner down a Bradenton street. Kopman was arrested but freed by a coroner's jury. A grand jury later declined to indict him. Upon request from the governor's office, Sheriff J. P. Davidson of Manatee county reported "every precaution was taken to protect the negro. The governor's office thanked the sheriff for his report."

U. S. POLICY ON JAP CHALLENGE UNANNOUNCED

State Department To Study 'Corrected Version' Of Warning Before Deciding

WASHINGTON, Apr. 21.—State department officials last night awaited a "corrected version" of Japan's "clarified policy toward China" before taking any steps toward deciding what should be done about it.

The Japanese ambassador, Hiroshi Saito, told newspapermen he proposed calling at the state department shortly to present such a "corrected version." He indicated there had been some discrepancies or misunderstandings in previous versions.

So far, the whole affair has been handled in such an extra-official manner here that it has been difficult for an official to take any formal action. Neither this nor any other government has been approached directly and the Japanese government has made no official statement.

Nevertheless it has succeeded in placing views before all the chancelleries of the world. These views are, according to the Tokyo foreign office, that Japan proposes to share with China the responsibility for China's relation with foreign powers.

This is considered here as little short of a declaration of a Japanese protectorate over China and if made officially would violate the nine-power treaty signed at Washington in 1922.

If the statement should be made officially, indications here were that a consultation among the powers signatory to the nine-power treaty would be called.

Cannon Admits Use Of Trust Fund In Attack On Smith

WASHINGTON, Apr. 21.—(AP)—Bishop Cannon testified today to a District of Columbia jury that he had used money from an estate of which he was executor for "personal obligations" and for "campaign purposes" in an effort to defeat Alfred Smith for president in 1928.

A little later the Southern Methodist churchman intervened with "No, No," and a shake of the head when his attorney, Robert McNeill threatened to ask for a mistrial.

This was preceded by a heated argument between opposing counsel during which the word "trickery" was hurled back and forth.

John Wilson, government prosecutor who had been questioning Cannon about the estate of Mary Moore.

He asked the Bishop if he had the money from it in his possession at the beginning of the 1928 campaign.

Cannon replied that he had some but he couldn't remember the amount.

Asked if he used it for campaign purposes the Bishop said he kept it on hand "to use as I saw fit."

Asked if he exhausted the Moore estate money for campaign purposes he replied "Either that or for personal obligations."

Transient Service In State Is Cut Down

JACKSONVILLE, Apr. 21.—(AP)—The transient service of the Florida Emergency Relief Administration yesterday cut to 22 the number of stations where wanderers may obtain a free night's lodging with food.

Henry Redkey, transient director, said the move was made to stop the practice of many persons of wandering from town to town without reporting at a transient camp, where they would be required to work.

"One night care stations" were set up at DeFuniak Springs, Marianna, Quincy, Tallahassee, Madison, Lake City, Gainesville, Williston, St. Augustine, Palatka, Rutledge, Daytona Beach, Orlando, Kissimmee, Melbourne, Lakeland, Bradenton, Fort Myers, Sebring, Fort Pierce, West Palm Beach and Fort Lauderdale.

Million Dollar Damage Suit Filed Against Gov. Rolph By Widow Of Lynched Murderer

SAN FRANCISCO, Apr. 21.—(AP)—Gov. James Rolph, Jr., of California, who declared the lynching at San Jose last November of two kidnap-slayer suspects "the best lesson California ever has given the country," was sued yesterday for \$1,500,000 by the widow of one of the victims.

Mrs. Evelyn Holmes, widow of John M. Holmes, alleged in her complaint the Governor aided and abetted in inciting the public mind by statements he would offer no protection to Holmes and Harold Thomas Thurmond, held as suspects in the kidnap-slaying of Brooks L. Hart, young San Jose merchant.

The suit also named as defendants Sheriff William J. Emig of Santa Clara county, from which jail the men were dragged by a mob and hanged to trees; the San Jose News and radio station KQW of San Jose and its operators, Fred J. Hart, C. V. Dahl and Eva P. Hart, and 100 John Does, then identified as San Francisco policemen.

Mrs. Holmes filed the suit in her own name and that of her two children, David G. and Joyce S. She was made their guardian yesterday by Superior Judge Timothy I. Fitzpatrick and her suit asks \$50,000 actual damages and \$1,000,000 punitive damages.

Governor Rolph said, "I haven't seen any of the papers yet, so I can't comment."

After the lynching there was repercussion throughout the country but the Governor retracted nothing, asserting: "The might of the people was aroused to serve notice that kidnaping and murder will not be tolerated in California."

The Governor, who declined to call out National Guardsmen when a mob gathered and allegedly proclaimed his intention of pardoning "anyone who is arrested for lynching those two guys," was accused in the suit of "violating his oath of office, and aiding and abetting."

MILITARIZATION OF RURAL RUSSIA HAS BEEN ASKED

MOSCOW, Apr. 21.—(AP)—The "intensive militarization" of all rural Russia was demanded by Michael Kalinin, president of Soviet Russia, last night as an important part of country wide preparations for defense against war.

"It is not enough to form an invincible front by means of technical arms in the hands of our workers and peasants," he declared in an article published in the newspaper Pravda.

"We also must have a strong rear line connected with the front by thousands of threads," he maintained while condemning the rural Soviets as not being sufficiently active in this regard.

"The chief task is to train fit for military service to carry out the work of collective farms when all able-bodied persons are mobilized, so that normal functions will not be interfered with."

"Those who remain in the collective farms must be prepared for everything."

"They must have a good knowledge of physical geography of their regions and be well versed in all forms of knowledge regarding the repelling of attacks on the civilian population."

Boston Steele Asks For Re-Election To County Board Seat

According to the demands of scores of friends, Boston Steele, East Side grower who has represented his district on the Board of County Commissioners for the past 10 years, announced himself today as a candidate for re-election to the office. He wished to represent District No. 1 for a sixth two-year term.

A native of Virginia, Mr. Steele came to Sanford in 1918 with his family, settled on the East Side, and soon became one of that section's most prominent growers.

In his announcement, Mr. Steele stated that his platform is based entirely upon the theory of economy as its best application to the local situation. He pointed out that a search of the records will indicate that he has consistently voted as a Commissioner, for those measures which were at once adequate, practical and economical.

Mr. Steele has had opportunity only twice during the past 10 years of service, and he scored convincing victories over his few opponents. He was elected to his office on three occasions without opposition, and that endorsement, plus the fact that he has been his record in office has been consistent with his pledge to his constituents, leads him to believe that the voters will return him to office in June.

CURRY OUSTED AS LEADER OF TAMMANY HALL

Action Is 1st Of Kind In 135-Year-Old History Of Powerful Political Machine

NEW YORK, Apr. 21.—(AP)—Tammany hall for the first time in history last night deposed its leader, John F. Curry.

Curry, whose opponents had dubbed him "the man of blunders," was voted out of the post he had held for five years 14-13 to 10-16 at a closed meeting of the wigwam's executive committee.

A triumvirate is expected to be named by the committee to operate Tammany hall, a policy which sometimes has been followed in periods of distress.

Curry made an impassioned plea for support, defending his record and asserting he had given the 135-year-old institution the best service he could command.

Fitz, as he refused an appeal by Charles W. Calkin, a district leader, that he resign. Then the vote was taken.

Curry, who opposed President Roosevelt's nomination and who stood by former Mayor Walker to the end of the latter's political career, emerged from the committee room smiling. With him was former Mayor O'Brien.

"Well," Curry said to the former mayor, a trace of a smile crossing his face, "it's just another thing in our lives."

Awaiting him outside Tammany hall was Mrs. Curry in the family limousine.

One of the 70 district leaders who attended the meeting said afterward that when James J. Hines, a powerful Tammanyite, had cast his vote for Curry, the latter said:

"I want you to change your vote and vote against me, because you caused this whole thing and you directed it from down where you were."

Hines had returned hastily from a vacation in Hot Springs, Ark., to attend the meeting, called earlier in the week after insurgents decided they had enough votes to overthrow the leader.

It was to Hines that the Curry forces had looked for the backing that would stem the tide of revolt.

Before the vote, Calkin arose and turned to Curry.

"John Curry, every man and woman in this room holds you in (Continued on Page Two)

Judge Sheppard Drops Dead In Jacksonville

JACKSONVILLE, Apr. 21.—(AP)—Federal Judge William B. Sheppard, 73, of Pensacola, fell dead on a downtown street corner here today, apparently from a heart attack.

He was one of the oldest federal judges in the country from the point of service, having been appointed to the north Florida circuit in September 1907.

Judge Sheppard was walking along a street with several other federal officials when he slumped without warning to the sidewalk. He died a few minutes later before aid could be obtained.

He came here last Monday to preside over Judge Louis Strum's court during the illness of Judge Strum, and he was to have presided through next week.

Kansas Convicts Shot Dead Trying To Escape

TUCKER PRISON FARM, Kansas, Apr. 21.—(AP)—Two convicts with long police and prison records were shot to death by trusty guards here today as they attempted to escape from a so-called "Lone line" made up of more desperate men.

They were Claude Hurd, 25, serving 21 years for robbery, and F. J. Newbert, 42, serving two years for auto theft. They were digging a ditch in a "Lone line" camp when they made the break.

Assigned as guards over these convicts are crack rifle men, one to every three prisoners, who have orders to shoot to kill if a convict steps as much as two paces out of line. The names of the "Trust" guards who killed the pair were not announced.

Roosevelt Asks For Settlement Of Rail Dispute

WASHINGTON, Apr. 21.—(AP)—President Roosevelt urged railroad managers and labor to renew for six months the existing 10 percent wage reduction agreement in a letter yesterday sharply demanding that the carriers also immediately correct conditions for the workers "at the bottom of the heap."

Roosevelt advanced his proposal for settlement of the railroad labor dispute in a letter to Joseph B. Eastman, railroad co-ordinator, after separate talks this week with the employer and labor groups.

Regarding the entire railroad situation, particularly the high fixed charges for the carriers, as serious the President took up the question at his cabinet meeting yesterday and appointed a special committee of three to investigate.

He feels the industry has reached the point where there are just two alternatives reorganization of the capital structure of the lines to take them out of receivership, or government ownership to which he is opposed, except as a last resort.

He proposed that any increased earnings by the carriers during the coming months be devoted to the rehabilitation of the properties, better service and additional employment.

He insisted the carriers correct conditions of furlough, part time work, demotions and unreasonably low minimum pay.

Secretaries Roper and Perkins and Attorney General Cummings were named by Roosevelt to study the whole railroad problem.

200 Injured As Riots Worry Police In Paris

PARIS, Apr. 21.—(AP)—A howling mob 6000 communists and extremists, embittered over the government's economy pay cuts, engaged hundreds of guards and armed police in violent skirmishes yesterday that resulted in almost 1000 arrests and injuries to about 200.

The bloody scenes of mob frenzy and riots early in February were recalled as flying squads of police charged through the streets near the city hall, swinging their clubs right and left in an attempt to disperse the surly throng.

By the time nearly 1000 had been arrested and the riot driven from pillar to post by the widely swinging police clubs, the demonstration faded out.

But before the demonstrators dispersed many heads were cracked in hand-to-hand fighting and only windows were smashed.

Authorities took special precautions to station trampolines at strategic positions to sound warning blasts in case it was decided to open fire but the buglers were not needed.

Some quarters viewed the disorders as a sort of May Day "rehearsal."

MRS. ROOSEVELT SURPRISES D. A. R. IN HER ADDRESS

1st Lady Does Unheard Of By Asking Group To Abet World Peace

WASHINGTON, Apr. 21.—(AP)—Mrs. Franklin D. Roosevelt yesterday did the unheard-of, she stood on the platform of the defenseist D. A. R. and asked them to lead toward world peace.

She termed talk that it was impossible to do anything to prevent war a "defeatist attitude." She pleaded for patriotism that would teach youth to live for country, as well as to die for country. She urged an education that would prepare for world understanding.

"If our country is going to lead the way, and any group in any country is going to lead the way, it ought to be this group," she told the astonished daughters. "Because you have the knowledge, the education, the background, the love of country."

And as further argument, she added, "Certainly it should be more worth while to feel that you are putting your efforts into training people so to live that life will be worth living, and they will want to work out a civilization where patriotism will mean living in the interests of everyone in your country and the world at large, and not simply prepared to die for your country."

Previous to Mrs. Roosevelt's arrival the D. A. R. had passed its usual resolutions for strictest restriction of immigration and for increasing the strength of the army.

R. C. Higgins Funeral To Be Held Tomorrow

Ralph Cooper Higgins, 35, who died in Monroe, La., last Friday, will be buried here tomorrow afternoon after short funeral services in the Erickson Funeral Home, starting at 3:00 o'clock.

Rev. Wm. P. Brooks, Jr., of the First Baptist Church will officiate. Members of Campbell-Losing Foot of the American Legion will conduct a service at the graveside in Evergreen Cemetery, with Rev. J. B. Root of the First Congregational Church acting as chaplain.

Mr. Higgins is survived by two sisters, Mrs. Mae Ganas of Sanford and Miss Marie Higgins of Jacksonville.

U. S. Trade Body Sees Business Fears Ending

"Business fears of new regulatory and reform legislation are somewhat relieved," the Chamber said in its Washington review.

SILVER MEN CLASH WITH ROOSEVELT

Senators Press Hard For Remonetization Which Administration Has Fought Off

WASHINGTON, Apr. 21.—(AP)—A direct clash between President Roosevelt and silver inflationists raised a tension in the midst of merriment at the White House today.

The Bankhead Cotton Production Control Bill was signed into a law during a quiet interlude.

For weeks advocates of remonetization had been feeling their way straining for an agreement to reach a vote.

The Administration has sought to stave off mandatory legislation, the President acknowledged favoring optional powers that he could use in seeking international action for greater silver use in coinage.

The climax approached today when while his Harvard 1904 classmates were gathering nearby for a reunion with him, silver Senators decided to press him for remonetization. Their mood was to "Tell" the President. His demeanor or answer was for time to say. The word "Veto" has bobbed up in similar discussions.

The Stock Market Control bill emerged from the Senate Banking Committee yesterday with enough "teeth" left to satisfy its friends, but still facing a battery of would-be dentists on the Senate floor.

The vote by which the committee reported the bill, 11 to 8, though close, indicated the measure in its present form would have ample support in the Senate. With President Roosevelt's support, it was expected to sail through with only the conservative wing of the Republican side and a few Democrats opposed.

Opponents of the bill in its present form announced they would center their attack in the Senate on the corporate sections, which some contended would permit the government to regulate business and which all held would burden industry.

Approval of the bill by the committee was the outgrowth of a two-year investigation of Wall Street practices and weaknesses of Treasury over the form of the legislation to control them.

The Fletcher-Rayburn bill had been revised and re-written until little of the original language was left. Chairman Fletcher, however, pronounced the complete measure a "very fair and reasonable bill" which would accomplish the purposes sought.

Ferdinand Pecora, the hard-hitting committee counsel who directed the last year of the investigation and supervised the writing of the bill, characterized it as "very fine" and added that "the teeth are there."

Benson Springs Inn Is Donated To Methodists

ST. AUGUSTINE, Apr. 21.—(AP)—Gift of the Benson Springs Inn, a 78-room hotel, to the St. Johns River Conference, Methodist Episcopal Church, was announced yesterday at the forty-eighth annual conference in session here.

The hostelry, located at Benson Springs, and valued at \$75,000, was given to the conference by Mr. and Mrs. Ellis L. Phillips of New York City.

The donors, who have a winter home at Benson Springs, offered the building as an assembly place, Epworth League Institute headquarters, a pastors' retreat and a home for retired ministers and for deaconesses.

The Sanford Herald

Sanford is beginning to get some good publicity out of its proposed aquarium already.

When we get prices back to the 1926 level, we hope that some of our 1926 incomes will also be restored.

Japan Seours World in Hunt for Scrap Iron—headline. Scrap iron, you see, is what they use to scrap with.

The Mobile Register saves the day by pointing out the error in the belief that fish is a good brain food. Thank Heaven! We had feared they would soon be feeding us to the brain trust.

One reason the Senate increased the income tax schedules was to keep the conservatives, most of whom have to pay pretty big income taxes already, from squawking so much about a balanced budget.

The Columbia Land Bank has made loans to Florida farmers since last June amounting to some \$9,279,549. This is certainly an item which should not be overlooked when crediting the upward trend of business.

Trotsky, exiled now from France, is considering a visit to this country. Probably he would be welcome here but after a conservative life, we doubt if he could get used to the temper of our revolutionary ways.

Clarence Darrow's Advisory Review Board on the NRA has reported that the Blue Eagle is developing a monopolistic trend and is injuring the small industrialist and business man to the benefit of big business. Thus Clarence Darrow, the noted criminal lawyer, who always takes the side of the under dog, has sided with Senators Nye and Borah who also believe that the NRA will result in the elimination of the little fellow from the industrial picture.

According to conservative estimates, 1,500,000 tourists came to Florida last winter and spent \$200,000,000 while they were here. Undoubtedly, more than ever will be down next winter. In the meantime Sanford should be making efforts to collect on its share of the crop. We have a magnificent hotel which is closed the year around. If some way could be found to get it open and operating, much figures on the tourist season might mean relatively as much to us as they do to Miami, Palm Beach, and Orlando.

According to Senator Nye, our country is spending twice as much to provide for our Army and Navy as it was the year before we entered the World War. It is also interesting to note that our country is spending more for national defense than those military countries of Europe and Asia, like France and Japan, whom we so often condemn for not doing their part by disarmament conferences. There would seem to be a lack in our armament selves.

There is something peculiarly pathetic about this man Trotsky plotting the "Fourth Revolution." For years and years he plotted against the Czar. Then came the revolution. Now, Trotsky is plotting to overthrow the Soviet government. He is a man who has no other revolution. Should he be allowed to succeed any more?

The Futility Of War

Why are students pacifists? The world was shocked a few months ago when the students of Oxford University in England went on record as denouncing war in all its forms and took an oath never to fight for England under any circumstances. Where was their patriotism? What was the world coming to if the young men of a country as exemplified by the students in its colleges would no longer bear arms?

And then the other day New York University held a great anti-war rally. They, too, protested against the dangerous trends of nationalism and propaganda of all sorts which they saw leading the world to battle and went on record as refusing to fight. And then the students of Harvard held an indignation meeting on the same subject. They are also against war.

So why is it that students are pacifists? Is it because they are more fully aware of the horrors of war than others who are giving closer attention to the business of earning a living? Is it because they are cowards and will not fight at any price? Is it because they are afraid to die, while their brothers in the mills and on the farms have learned to take it on the chin?

Or is it because they are more fully conscious of the absurd futility of war? With the lessons learned from the pages of history fresh in their minds, are they not in a better position than others to realize that they will never settle anything, that after generals have done their best, or their worst, on the field of battle and have sacrificed all the lives and property that human endurance can stand, then diplomats, and statesmen, must gather round a conference table to decide what should have been decided in the first place?

And how often are these decisions which are reached as a result of blood and iron intelligent and lasting? With how much common sense at Versailles did the leaders of the victorious Allies work out the problems which had precipitated the World War? How well has this treaty laid down at Versailles worked? Has not this very war-made treaty brought on the conditions which threaten another war?

These things are historic. Students read about them in every chapter of the history books they study. All wars are that way. They never get anywhere. They never provide anything. They never solve anything. After the shooting is over and the dead are buried, the same problems remain which were there before. And if intelligence cannot solve them, they simply remain to be fought over again.

So students oppose war. They are pacifists. But the records show that when war actually comes, the students are among the first to go to the front. Many of our best soldiers in former wars have come from the colleges. They will again.

The Connery Bill

In discussing the Connery 30 hour week bill, Harvey J. Kelly, Chairman of the Special Standing Committee of the American Newspaper Publishers' Association, who has at his finger tips all the facts and figures necessary to support his claims, makes the following assertions:

(1) That there is no abnormal unemployment in the daily newspaper publishing industry now.

(2) That despite a shrinkage of business volume for 1933, approximately to 1916 levels, newspaper employment is above that of 1926.

(3) That indexes of newspaper payrolls and average hourly money earnings of all wage earners in the industry top the list of all industries.

(4) That while newspaper advertising declined from 1,292,746,691 agate lines in 1929 to 745,782,483 agate lines in 1933, newspaper employment declined from an index of 108.3 (1926 being 100) to 99.1 in 1933.

(5) That while payrolls for all industries declined from an index of 100.5 in 1929 to 43.9 in 1933, newspaper payrolls declined from 112.8 in 1929 to 80.8 in 1933.

The Connery bill would limit all working hours to 30 a week. In other words no employee in any line of business or industry could work more than 30 hours a week. The idea is that he should share his work with someone else so as to eliminate unemployment.

The fallacy in this argument lies in the fact that it might not be possible to find someone else to do the rest of his work. A linotype operator, for instance, cannot share his work with a coal miner. It would take years of training to make a linotype operator out of a coal miner. If it were possible at all, Nor can you make a seamstress out of a ditch digger.

And yet this is practically what would have to be done in order to make the 30 hour week bill eliminate unemployment. The bulk of unemployment in this country is in the capital goods industries as distinguished from the consumer industries. That is, unemployment is heaviest by far, among coal miners, and in the steel industries, the textile factories, and the building trades. There is comparatively little unemployment in the newspaper business, the department stores and the retail trades in general.

LIQUOR QUESTION TO BE UP AGAIN NEXT NOVEMBER

Dry Florida May Find Itself In Wet List After Fall Election

Editor's Note: This is the sixth article in a series dealing with the constitutional amendments to be voted upon in the November general election.

TALLAHASSEE, Fla. Apr. 21.—(AP)—Prohibition, in whose name political battles have been fought for many years, is up for another test.

Florida now is a "dry" state, but in November the qualified voters will have before them a proposal virtually wiping prohibition out of the state constitution where it has held a snug place since Jan. 3, 1919.

It is a constitutional amendment that, if passed, would send back to the counties the right to decide whether the sale of intoxicating liquors would be permitted within their borders. It would repeal state-wide prohibition, and establish again the county local-option system.

The counties, under terms of the proposed amendment, may hold their local-option referendums at the same time as the coming general election, if five percent of the registered voters petition the county commission for a simultaneous election.

One or more of several things may occur if the amendment is voted into the constitution.

At present, Article XIX provides that "manufacture, sale, barter or exchange of all alcoholic or intoxicating liquors and beverages, whether spirituous, vinous or malt, are hereby forever prohibited in the State of Florida," except alcohol for medicinal, scientific or mechanical purposes and wine for sacramental purposes.

The new amendment would completely change this to provide the county option.

"Until changed by election called under this article," the proposed amendment says "the status of all territory in the state of Florida as to whether the sale is permitted or prohibited, shall be the same as it was on Dec. 31, 1918."

That means that all counties in the state, except four, would be dry, because by local option the counties had voted out whisky locally before state-wide prohibition became effective. The Davis Package law, in effect prior to Dec. 31, 1918, allowed the purchase of one quart of whisky per month in dry counties, and it would be restored to operation until changed by the Legislature or by elections.

Four counties which have voted dry were Duval, Monroe, Escambia and Hillsborough. The status of counties created since Dec. 31, 1918, presumably would be dry, attorneys here say, if they were created out of "dry" counties.

If the local-option election is NOT held at the same time as the coming general election, voters may petition for a later election if the constitutional amendment is voted. These elections would be called upon petition of one-fourth of the qualified voters, and would be held NOT oftener than once in every two years.

Under the amendment, the Legislature would have authority to "provide by general or special or local legislation laws to carry out and enforce the provisions of this article." That means the Legislature would determine what method of control, or dispensation, would be used if prohibition is voted out. This may provide a spirited contest in the 1935 Legislature if the amendment is passed.

The power of the Legislature to provide the necessary laws to "shall include the right to provide for manufacture or sale by private individuals, firms and corporations or by the cities or by counties, cities or subdivisions, or by any governmental commission or agency to be created for that purpose."

The article provides that it shall become effective immediately upon its adoption and the repeal of Article XVIII of the constitution of the United States of America.

National prohibition—the Eighteenth Amendment—was repealed last year upon ratification by the required number of states of a congressional resolution for repeal. This left the state to deal individually with their prohibition desires.

Monday, Constitutional amendments to be voted upon next year by the state attorneys.

CURRY OUSTED AS LEADER OF TAMMANY HALL

(Continued from Page One) the highest personal esteem and is 100 percent for you socially," he said.

"They don't want to do anything that might humiliate you. Their prayer to you is to resign."

Curry's voice trembled as he made his reply in which he grimly said he had no intention of resigning.

Then William L. Kavanagh, co-leader of the third assembly district, made the formal motion rescinding the resolution passed five years ago by the executive committee conferring the leadership on Curry.

"As the result was announced, Curry said: "I want to thank you ladies and gentlemen who voted for me. That is all."

Miss Annie Matthews, a district co-leader, was reported to have chided Curry for opposing President Roosevelt and Governor Lehman.

During all of his regime, Curry was said never to have had the whole-hearted backing of Alfred E. Smith, who was reported to have favored the selection five years ago of Edward J. Ahearn as leader. The latter led the revolt against Curry.

William P. Kennealy, chairman of the executive committee, will be in charge of the hall until a new leader is selected.

Private Lines Bid For Air Mail Pacts With U. S.

(Continued from Page One) Transport, Inc., Pacific Air Transport, Inc. and Varney Airlines, Inc., who have sought to enjoin Postmaster General Farley from enforcing his annual order.

Another bidder that was eagerly watched by the crowd was American Airlines, Inc., reputedly dominated by E. L. Cord, motor magnate. Formerly American Airlines, Inc., the concern bid on eight of the 21 routes offered. In seven cases it had competition and in no one of these was a low bidder. It was the sole bidder for the Boston-Buffalo-Newark route.

TWA, Inc., formerly Transcontinental and Western Air, made but one bid, submitting a price of 24 cents per airplane mile for the Newark-Los Angeles route in competition with American Airlines, Inc., figure of 30 1/2 cents.

United Airlines, Inc. was the only bidder for the Newark-Oakland, Cal., run. It competed with the Braniff Airways, Inc. for the Chicago-Dallas route. It submitted a figure of 39 1/2 cents, while Braniff posted 22 1/2 cents.

Midwest Airways, Inc., offered to fly the mail on this run for 20 1/2 cents. United was also the only bidder in the field for the Salt Lake-Seattle service.

Alfred Frank, former president of the National Parks Airways, which had his contracts annulled, bid under his own name for Salt Lake City-Great Falls, Mont., route and faced no competition.

Central Area Grocers To Meet in Orlando

ORLANDO, Apr. 21.—Food and grocery distributors of Orange, Lake, Osceola and Seminole counties will meet here at the Chamber of Commerce building on Apr. 24 to elect a code authority, according to Julian Howard, secretary in charge. The meeting will start at 8 P. M.

The notice sent out reads: "To all food and grocery distributors of Lake, Orange, Osceola, Seminole counties of Florida: The undersigned, acting in behalf of the Food and Grocery

Girl Protests Plan To Have Her Sterilized

NORMAN, Okla., Apr. 21.—The desire of a girl to marry and "have children" yesterday was pitted against determination by Oklahoma officials to reduce by sterilization the defective population of the state.

Marguerite Monson, 20, was one of fifteen young women ordered sterilized by the state board of health after hearings at the Central State Hospital for the insane here Thursday.

The young woman, attractive and a high school graduate, recently was discharged from the hospital after treatment for dementia praecox. She might bear children with the same ailment. Dr. D. W. Griffin, state hospital superintendent, testified.

Miami Mayor Argues For Low Phone Rates

MIAMI, Apr. 21.—(AP)—The state railroad commission was told yesterday "telephone companies assume money is easy to get in Miami and have made their rate accordingly."

The commission's witness was Mayor E. C. Sewell, of Miami, who added "an inspection of telephone earnings in cities of similar size will show a reduction of from 25 to 33 1-3 percent to be warranted."

Miami's rates and the phone company's basis for these contributed most of the testimony presented at the commission yesterday as it continued its hearing of evidence for and against the reduction of telephone tariffs in Florida.

Distributors of Central Florida, in response to an invitation from the National Food and Grocery Distributors' code authority, pursuant to the code of fair competition for the food and grocery trade, hereby give notice of a meeting of representatives of all wholesale and retail food and grocery establishments covered by the code, on Apr. 24, 8 P. M., in Orlando, Fla., at the Chamber of Commerce building, for the purpose of electing a local food and grocery distributors' code authority to be charged with the administration of this code in Florida.

"This code authority will consist of representatives of all the major groups in the trade which are covered by the code."

Mrs. Courier Reports On Eastern Star Meet

Mrs. J. E. Courier, worthy matron, and Mrs. G. E. McKee, Mrs. K. W. Tarnes, Mrs. R. F. Campbell, and Mrs. George Hart gave reports of the thirty-third annual session of the Grand Chapter of Florida Order of the Eastern Star at the regular meeting of the Seminole Chapter Number Two O. E. S. held Thursday night at the Masonic Temple. Thirty-five members and visitors were in attendance.

Plans were made for the first meeting in May which will be given in honor of Professor G. E. McKay, newly elected worthy grand patron of the Grand Chapter of Florida. It was decided to invite all members of District Number Twenty-three and all grand officers.

At the conclusion of all business Mrs. B. C. Moore presented a program of music by an instrumental quartet composed of Mrs. E. E. Phipps, Mrs. McCall, Miss Mildred Nix, and B. C. Moore.

Sunday School Class Honors Mrs. Marler

The members of the Rose Marler Sunday School Class of the First Christian Church entertained with a party Tuesday evening at the home of Mrs. William Locke, Welaka Apartments, in honor of Mrs. F. M. Marler who plans to leave soon for Tennessee to make her future home.

Throughout the evening games were enjoyed and at a late hour refreshments were served. Mrs. Marler received a number of farewell gifts from the guests.

Those present were: Mrs. F. M. Marler, Mrs. H. E. Cordell, Mrs. Leonard Niblack, Mrs. J. L. Horton, Mrs. J. T. Ellis, Mrs. A. D. Eomtree, Mrs. William Locke, Mrs. Claude Locke, Mrs. W. R. Brooks, and the Misses Mildred Knight, Hattie Lassing, Florrie Duncan, Doris Batter, and Jean Ellis.

Mrs. Stewart Honored At State P-T. A. Meet

In recognition of the welfare work and increase in membership in the "Grainman" School P-T. A. Mrs. W. H. Stewart as president, was given a place of honor at the Gold Star Table at the state P-T. A. convention in Daytona Beach recently. It was made known at the regular meeting of the organization held Thursday afternoon at the school auditorium with about 45 members in attendance.

Mrs. Stewart presided over the meeting when Mrs. Henry Thurston gave a report of the County Council P-T. A. meeting held recently at Chulovita and also of the state convention at Daytona Beach.

Mrs. Pearl Bobbitt announced that a special May Day program will be given at the school on May 11 and the next County Council P-T. A. meeting will take place on Apr. 30, at 8:00 P. M. at Lake Mary.

As program chairman Mrs. Mrs. Bowles informed the members that by error the name of Robert Cobb, who took part in the "Dance of the Dwarves" at the Father's Night meeting, was omitted in an account of the affair appearing in The Herald.

A reciprocity program was given at the conclusion of all business and included a talk by E. F. Cooper, principal of Junior High School and old-fashioned songs by the South Side P-T. A. trio, composed of Mrs. Arthur Branan, Mrs. J. L. Ingley, and Mrs. W. W. Goetsch.

In his talk Mr. Cooper explained the relation of the atmosphere of the home with the quality of work done in the school which proved of great interest to the mothers in attendance.

Norma Shearer Plays At Milane Two Days

One of the most fascinatingly varied functions among the elements is the action of ocean water—and it is this which contributed the title of "Riptide" to Norma Shearer's latest starring vehicle which Metro-Goldwyn-Mayer will bring to the Milane Theatre on Sunday-Monday.

Herbert Marshall plays the role of the husband in the new Shearer drama, and the part of the American play-boy is filled by Robert Montgomery. The inspiration for the play also includes the noted English stage star, Mrs. Patrick Campbell, Skeets Gallagher, Ralph Forbes and Lilyan Tashman.

Mrs. Pearl Bobbitt announced that a special May Day program will be given at the school on May 11 and the next County Council P-T. A. meeting will take place on Apr. 30, at 8:00 P. M. at Lake Mary.

Mr. And Mrs. Marler Honored At Party

The Rev. and Mrs. F. M. Marler, who plan to leave soon for Birmingham, Tenn., to begin their future home, were honor guests at an informal party given last night by the members of the Christian Church at the home of Mr. and Mrs. M. J. Clouse, Mellonville Avenue at Seventh Street. Quantities of snap dragons and other garden flowers were used to adorn the rooms where the guests were entertained.

Games and contests were enjoyed throughout the evening and piano music was rendered by Mrs. J. T. Ellis. Refreshments were served at a late hour.

Those present were: the Rev. and Mrs. F. M. Marler, honor guests, Mr. and Mrs. H. J. Clouse, Mr. and Mrs. A. D. Eomtree, Mr. and Mrs. A. J. Loring, Mr. and Mrs. George Townsend, Mr. and Mrs. E. F. Ellis, Mr. and Mrs. Leonard Niblack, the Misses J. L. Horton, Mrs. J. T. Ellis, Mrs. W. E. Egan, and Mrs. H. E. Weekly.

Senior Class Play Shows Large Crowd

Assigned a great success by those in charge, one of the annual projects of Senior Class of the High School, last night at the school auditorium when the members of the class of 1934 presented a three-act farce, "Oh Professor," before an audience of about 500 persons.

Each member of the cast of 18 boys and girls, which has been rehearsing daily for the past few weeks under the direction of Mrs. J. M. Stinchfield, class advisor, showed wonderful training and gave unusually good interpretations of their parts.

The action of the play, which was divided into three acts, was complicated and enthralling for the audience. In a summary school farce, "Brixton Academy," Miss Kathleen Loney depicted the part of "Patricia" Patterson who was courted through the play by Charles Palmer, a Michael Pemberton. Complications in the romance were caused by Miss Elsie Winn as "Pat," a Patricia beauty, who pursued Mr. Pemberton.

The characters of four pretty girls, who added interest to the scene, were portrayed by the Misses Rebecca Wilson, Dorothy Marshall, Martha Bishop, and Betty Wheeler, known as Betty, Gene, Pluff, and Belle, respectively.

Honour was furnished by Miss Carolyn Cogburn who appeared as the precise Miss Fredrica, who had designs on the school-ly Doctor Aristotle, played by George Stovall; by Jake, the jockey portrayed by Randall Slaughter; by David Butler, as Professor Percival Cobright; and by James Tyson as Jimmy Anderson, who is supposed to be on the road to the insane asylum.

Contributing to the success of the affair were Miss Elizabeth Mathwin and Russell Odham, stage managers, and Miss Thelma Nelson and Richard Duda, business managers.

Ushers for the evening were the following members of the Senior Class: Misses Gladys Garner, Lorraine Yarborough, Sadie Garner, Genevieve Wallis, Virginia Gillo, Betty Colbert, and Quilmar Jordan. Carl Vause, Sam Bradford, Jr., Earl King, Melvin Taylor, and Stinson Kinlaw.

Howey Says He Is Out Of Politics Forever

W. J. Howey, Republican candidate for governor in 1928 and again in 1932, said yesterday he was through with politics.

"I'm in the citrus and grove business and am more optimistic at the time for its future than ever before," declared the developer of Howey-in-the-Hills.

At the track meet of Friday at Seminole Driving Park Lyman athletes won the silver trophy cup for the third consecutive year, giving it a permanent home at Lyman school.

GIANTS BUNT TO BEAT CANTWELL IN HIS 1ST GAME

Champions Rally Late In Tilt To Produce 7-3 Win Over Braves

NEW YORK, Apr. 21.—(AP)—The Giants crossed Ben Cantwell up with a couple of timely bunts in the sixth inning yesterday and started a four run rally that enabled them to continue their victory march with a 7 to 3 triumph over the Boston Braves in the first contest of the series. It was the champions' fourth straight victory.

The rally, which broke a 3-3 tie, started when Travis Jackson homered a single off the pitcher's glove. Watkins bunted to Cantwell and he threw wild to second trying to catch Jackson, then Vargas promptly laid down an anchor bunt and beat it out to fill the bases. Cantwell forced in a run by hitting pinch-hatman Frank O'Doul and Joe Moore slashed out a double to send two more home. O'Doul stopped at third, then scored after Blodny Ryan's fly.

Both Cantwell and Hal Schumacher, a pair of last year's outstanding pitchers, failed to get the route. Schumacher was wild, and was removed in the fifth for Johnny Salveson, who in turn

gave way to Herman Bell after O'Doul batted for him. Cantwell, after fanning six Giants, went out for a pinch hitter in the eighth and Doc Mangum finished.

A homer by Mel Ott started the Giants off to their first rally in the second. A single by Jackson, Vargas' double and Schumacher's base hit completed the three run burst.

A circuit swing by Marty McManus, followed by Buck Jordan's single, a walk to Randy Moore and Wally Berger's single gave the Braves two runs in the third and they tied the count in the fourth when Cantwell singled and Bill Urbanski drove him home with a triple.

5 Seminole Hi Track Stars Reach Finals

Five members of Coach Leonard McLucas' Seminole High School track team qualified for final events in the annual state high school track and field meet at the University of Florida in Gainesville yesterday afternoon. They were to appear in competition starting at 2:00 o'clock this afternoon.

The defending champions, St. Petersburg's Green Devils, placed a finalist in each of the 16 events. Other team qualifiers were: Orlando, eight events; Miami High, seven; Andrew Jackson and Tallahassee, both six; Plant and Ocala, five.

Seminole High's finalists were: Archie Brown qualified in the 220-yard dash. Claude Kelly qualified in the 440-yard run as did Leonard Beecher.

Woodrow Hansen qualified in the high jump. Archie Brown qualified in the 100-yard dash.

POLITICAL ANNOUNCEMENTS

For Representative Group No. 2

I hereby announce my candidacy for Representative in the Florida Legislature from Seminole County in Group Number 2, subject to the Democratic primary to be held on June 1, 1934. I am a former public accountant and if elected, promise my best efforts in the legislature, interest, and all other subjects arising. Your vote and support will be appreciated.

For Representative Group One

I take pleasure in offering to represent Seminole County in the next legislature. My numerous tax burdens must be lightened, and I believe this can be accomplished by the use of sound business principles, and by the exercise of strict economy in running the State affairs. I will appreciate your confidence and support.

For Representative Group Two

I hereby announce my candidacy for Representative in the Florida Legislature from Seminole County, Group No. 2, subject to the Democratic primary to be held on June 1st next should it be postponed. I promise to honestly and conscientiously represent the people of Seminole County.

For County Commissioner District No. 5

I hereby announce my candidacy for County Commissioner of Seminole County, subject to the Democratic primary in June. I have been elected to promise honest representation to everyone, justice and fairness for all. Your vote and support will be appreciated.

For Representative Group No. 1

I hereby announce my candidacy for Representative in the State Legislature from Seminole County, Group No. 1, subject to the Democratic primary in June. I promise honest representation to everyone, justice and fairness for all. Your vote and support will be appreciated.

FILM FLICKERS

Forgive the length of this article but the Spring Festival of pictures appearing this coming week at the Milano Theater defies further cutting.

"Riptide" appearing at the Milano Theatre on Sunday and Monday, Apr. 22 and 23, presents a brilliant psychological study of a normal, well-bred English gentleman, Herbert Marshall, who becomes a victim of the slow, insidious poison of jealousy. His wife, Norma Shearer, is the innocent victim of a romantic escapade which makes the scandal sheet. Her husband believes her guilty and by his cold indifference drives her to the arms of Robert Montgomery. The ending, if a little over-drawn, will satisfy the audience. The leading characters give a flawless performance. There is little action in this film but the mental drama is terrific and tense. The first Norma Shearer picture since "Smiling Thru." The gowns are beautiful and the settings elaborate. The picture is far too mature for children.

The film "Bolero" gets its name from the musical composition of Maurice Ravel, a non-conformist of the first order. The Bolero, a wild ballet based upon a melodious theme, serves as the background for George Raft's picture that plays at the Milano Tuesday and Wednesday, Apr. 24 and 25. The story is of the life and love of a famous male dancer, whose career is interrupted by the World War. A career that is resumed only for a short period. Carole Lombard is the beautiful dance partner who convinces George that all women are not alike. The climax is most unexpected. Sally Rand's fan dance is lovely. Excellent acting plus a good story. (Adult)

As the added attraction for Tuesday and Wednesday, the Milano presents "As the Earth Turns," the screen translation of Gladys Hasty Carroll's book. This play is composed of a group of young actors headed by Jean Muir. The story is of three families in rural Maine. The farm life with all its hopes and ambitions, desires, disappointments and tragedies is truthfully mirrored. The soil's power to drive people apart and bring them together again is clearly illustrated. The time covers four seasons. The character of Jean inspires in one the desire to be calm, helpful and dependable. (General)

The best thriller yet is the "Mystery of Mr. X" starring Robert Montgomery with Elizabeth Allen and Lewis Stone. This picture, based upon a Crime Club novel, is concerned chiefly with the hair-raising machinations of the murderer "X," who consistently notifies the newspapers by postcard when he is about to strike, then laughs at them later. London police are his victims. Robert Montgomery, a gentleman thief, is under suspicion of Lewis Stone of Scotland Yard for it is believed the rubber of the Drayton diamond and the killer of the police are one and the same. Bob falls in love with the Commissioner's daughter, so to save himself, he does a trick that surprises everybody. Milano Thursday and Friday.

An additional feature is "Havana Widow." Two quick-witted burlesque girls about-town, Joan Blondell and Glenda Farrell go to Havana to snare themselves a millionaire. Guy Kibbee is the "chiale." All kinds of complications, follow, made worse by Joan falling for Kibbee's son, Lyle Talbot. The plot is fast and amusing, and the whole film is one big laugh. The program for Saturday, Apr. 28, includes "Six of a Kind," a carnival of nonsensical comedy featuring Charles Ruggles, Mary

Sheriff Emig, who was slightly injured when a section of the crowd stormed the jail and seized Holmes and Thurmond a few hours after the body of young Hart was taken from lower San Francisco bay, was blamed in Mrs. Holmes' action for allegedly disarming his deputies and turning Holmes over to the mob.

The San Francisco police are blamed by the complaint for returning Holmes and Thurmond to Santa Clara county after they had been brought to the county jail here "for safekeeping."

Regarding the allegations against the San Jose News, the complaint sets forth the charges "that the paper actively and by public announcement, publication, editorials and incitements, inflamed and enraged the minds of other defendants and other persons in San Francisco and Santa Clara counties against John M. Holmes and thereafter continued to urge, incite and encourage and to deprive Holmes of the right to be tried for the alleged kidnaping offense and to remove him from the custody of the constituted authorities and kill him by lynching."

The radio station also was accused of enraging and inflating the public mind.

Bowling News Notes

In the Sanford Bowling League Monday night the Ne-Hi Bottlers took 2 games from the Hi-Grade Bakery team.

Paul Pezold of the Ne-Hi team was high man with a 562 total.

State FERA Seeks Big Sum For Relief Work

JACKSONVILLE, Apr. 21.—(AP)—Julius F. Stone, Jr., Florida emergency relief administrator, said yesterday the state would apply for \$2,000,000 in relief funds for each of May and June. Meanwhile, at Washington, the Federal Emergency Relief Administration for all April expenses other than transient and education services. The fund was allotted early in the month and yesterday's action only made it available. The application for May and June allocations was sent to Governor Sholtz for his signature.

John Dillinger Again Eludes Police After Bloody Gun Battle

2 Men Killed During Desperadoes' Flight From Ambush Of 28 Federal Men, Others

MEGER, Wis., Apr. 23.—(AP)—Fighting off an ambush of 28 federal operatives and groups of state officers, John Dillinger, America's public enemy number one again stalled off capture at Bohemia Camp on Lake Vilas today, and was reported headed south.

In a prolonged shooting affray two men were killed and four were wounded seriously.

Federal operatives, after the apparent escape of Dillinger from a resort used as headquarters by the gang for three days, arrested the three young women.

Those killed in the attempt to arrest the gang were Carter Baum, federal agent from Chicago, Eugene Boissonau, CCC worker, and an unidentified man.

The shooting took place in an isolated region of northern Wisconsin, and meager reports, which filtered through, varied widely in detail.

Federal forces made reports direct to Washington that Dillinger had escaped and was heading south. No further word was given out from Washington pending a promised statement from Attorney-General Cummings. The women arrested refused to give their names or to admit that they knew the outlaw.

The noted outlaw and his gang forced the proprietor of the resort to turn the place over to them a few days ago, keeping him virtually a prisoner.

They mounted a machine gun on the roof and told the resort keeper they intended to fight off any attempt to arrest them.

They fled into dense woods during the battle with the officers this morning, and escaped.

A man believed to be Dillinger and two companions, in a Ford are believed to have exchanged shots with a Dakota squad car at a St. Paul suburb just before noon.

The possibility that Dillinger was maintaining a hideout in a sparsely settled section of Michigan's upper peninsula was given attention by federal officers last night after they had missed catching up with the desperado at the home of a sister of one of his henchmen.

Arriving by airplane Saturday five Department of Justice agents Saturday night raided the home of Mrs. Isaac Steve and her son, Charles Campbell, to learn that Dillinger and John Hamilton had spent Tuesday night at the house, departing Wednesday morning, accompanied by a woman.

Mrs. Steve, 39, a sister of Hamilton, and her son, were questioned (Continued On Page Four)

146 Miners Suffocated By Terrific Explosion

SARAJEVO, Yugoslavia, Apr. 23.—(AP)—The number of miners killed in a terrific explosion Saturday in Kakanj coal mine near here was estimated officially yesterday at 146, as rescuers continued their efforts to reach those still trapped in distant galleries.

Sixty bodies had been recovered last night, and those still in the mine were listed as certainly dead. Approximately 15 men were able to escape at the time of the blast or were saved later.

The recovered bodies were charred and mutilated, indicating that death came quickly with the earthquake-like explosion which shook the countryside Saturday.

BUSINESS SHOWS ABNORMAL GAINS FOR THIS SEASON

Retailers Expect Active Trading To Continue Into Summer

NEW YORK, Apr. 23.—(AP)—Business barometers this week registered abnormal advances for this season.

Retail trade was somewhat hampered by cold, rainy weather, but weekly trade surveys indicated this was merely encouraging retailers to look for continuance of active spring shopping well into early summer.

The week's statistics on electric power and steel production, as well as the movement of revenue freight, both registered better than seasonal gains. They boosted Moody's seasonally adjusted composite index for three factors to the best level for 1934, at 75 percent of the 1928 average.

In electric power production and freight movement, this represented a partial recovery from the rather sharp contraction of the previous week. Steel output continued to expand, with the public output at 55 percent of capacity, up four percentage points, and (Continued On Page Three)

Orlando Girl Winner Of Long Walkathon

ORLANDO, Apr. 23.—The walkathon is over.

The contest that has been raging in Orlando for many weeks and which has drawn record gates, closed last night at 11:35 o'clock, with Miss Ernestine Henderson of Orlando and her partner, Joe Rock the winners.

Taking second place were Jimmy Reed and Marty Martin and in third were Murray Herman and Vera Hildebreth. The management announced that the winners would split a \$1,000 prize at a victory meeting Tuesday.

Clanking Sabres Taken From Army Officers

WASHINGTON, Apr. 23.—(AP)—Clanking sabres, one of the last vestiges of old style warfare to become museum pieces.

The War Department issued orders yesterday that "based on improbability of their use in the future, the cavalry has been ordered to store its sabres."

From the time the Stone Age ancestors of modern warriors fashioned their first swords out of sharpened stone until comparatively recent times, the saber was one of an Army's principal weapons.

Cavalry horses are being replaced with armored cars, and a cavalryman hasn't much use for a polished saber, in an auto.

Farm Administration Turns To First Experiment In Compulsory Control

WASHINGTON, Apr. 23.—(AP)—President Roosevelt yesterday turned the Farm Administration to its first experiment in compulsory control of farm production when he signed the Bankhead bill limiting to ten million bales the amount of cotton which can be sold from the 1934 crop.

The Farm Administration followed his action by announcing the share of the total which each cotton state will be allowed to produce. The method of determining allotments for the 1000 cotton-producing counties within the states is now being worked out.

In signing the bill President Roosevelt said: "It aims to prevent a very small minority who have refused to co-operate with their neighbors and government from impairing the effectiveness of the current cotton program which now includes 92 percent of the cotton acreage."

He added "The cotton states have found it impossible to act

U. S. FARMERS TO GET MUCH FEDERAL CASH

Government Has Only Begun Spending For Benefit Of Grower; Another Billion Due

WASHINGTON, Apr. 23.—(AP)—American farmers, already entitled by nearly \$200,000,000, will pocket \$1,095,005,010 in benefit payments before the end of 1934.

An analysis of expenditures to be made by the Farm Administration during the present year in its wheat-corn-hog, cotton tobacco, and dairy reduction program indicates that it has only begun to approach its spending stride.

Up to Apr. 1 the Administration had paid out \$179,702,985 to farmers who agreed to reduce their cotton, wheat, and tobacco acreage. Benefit payments to corn and hog farmers are just beginning to trickle out, the dairy program is in its formative stages, tobacco farmers have received only a portion of the money coming to them, and the second payment to wheat farmers is yet to be made.

The payment to not include the \$53,346,622 spent by the Administration in purchasing pork, wheat, and dairy products for relief needs to eliminate surpluses and remove them as price-depressing factors from the market.

In the next eight months the Administration will continue purchasing wheat and pork in reduced amounts, will make drastic surplus-reduction purchases of dairy products, and will enter the best cattle market for the first time to make unestimated purchases for relief needs.

In addition the Administration will purchase and destroy diseased dairy cows. A total of \$5,000,000 is provided in the Jones-Connally Act for this purpose with the possibility that additional funds may be expended.

Cuba Seeks An End To Bombing's Terrorism

HAVANA, Apr. 23.—(AP)—A general police shakeup and "sternest measures" to end terrorism in Havana were ordered yesterday in the wake of bombings which killed one person and injured two.

Heavy property damage resulted from the blasts which resounded yesterday as a sinister salute to the new Chief of Police, Lieutenant-Colonel Jose Pedraza.

Authorities attributed outbursts both to communists and to racketeers selling "protection." Soldiers and sailors today joined police in patrolling downtown Havana.

MRS. TOUHY RELEASED

ASHEVILLE, N. C., Apr. 23.—(AP)—Jeanie Touhy, wife of Tommy Touhy, Chicago gangster, brought here to face charges in connection with a \$105,000 mail robbery at Charlotte, was freed yesterday because of insufficient evidence.

Irate Father Shoots Attacker Of Daughter

MOBILE, Ala., Apr. 23.—J. A. Dennis, 43, was held in county jail here without bond today after he confessed and voluntarily surrendered to officers that he shot and fatally wounded James Otis Myers, 38, proprietor of a cleaning and dyeing establishment here and socially prominent.

"I shot him because he wronged my daughter," officers quoted Dennis as saying when he appeared at the sheriff's office to surrender. Court records showed a warrant was issued for Myers last June charging him with seducing Dennis' 17-year-old daughter. The case later was dropped.

Eugene Meyer Blasts Away At Brain Trust

WASHINGTON, Apr. 23.—(AP)—The country's "most immediate danger" was said last night by Eugene Meyer, publisher of the Washington Post, to lie "in the experience of the young intellectuals who are now apparently directing the policy of the Administration."

Meyer, governor of the federal reserve board during the Hoover Administration and member of the war industries board under Pres. Wilson, was addressing the American Society of newspaper editors.

Celery Rate Case Decision Is Due

WASHINGTON, Apr. 23.—The long-awaited decision on the celery rate case will be issued next week, Representative W. J. Sears was advised here yesterday by the ICC. The examiner's report on which the commission's decision may be based, recommended a reduction from 45 percent of the first-class rate to 40 percent of the first-class rate, and a reduction of the minimum carload from 25,000 pounds to 20,000 pounds.

COAL INDUSTRY GIVEN NEW NRA WAGE STRUCTURE

Southern Miners Told That Differential Is Not In Danger

WASHINGTON, Apr. 23.—(AP)—The soft coal industry was given a new wage structure last night, the South was assured its wage differentials were not endangered, and President Roosevelt requested striking miners, numbering nearly 50,000 to return to work.

Hugh S. Johnson, NRA administrator, ordered a \$480 daily wage for Alabama miners, thus restoring the state's differential which actually had been erased by the Mar. 31 mandate establishing a \$160 scale.

The new order, retaining the seven-hour day throughout the industry, was partially tailored to the differentials in favor of the South, western operators in Missouri, Arkansas, Oklahoma and Kansas, and in southern Tennessee, but sustained the Mar. 31 amendment for the Mountain region of West Virginia, the southern Appalachian field of West Virginia and western Kentucky.

Under the new wage setup, the Alabama operators will be prohibited from selling coal in other districts at less than the prevailing price in those districts.

R. C. Higgins' Funeral Held This Afternoon

Funeral services for Ralph C. Higgins, 35, who died in Louisiana some days ago, were held from the Erickson Funeral Home at 3:00 o'clock this afternoon. Burial was in Evergreen Cemetery with Rev. Wm. P. Brooks officiating.

Members of Campbell Loozing Post of the American Legion conducted a brief service at the graveside, with Rev. J. B. Root of the First Congregational Church acting as chaplain.

Mr. Higgins is survived by two sisters, Mrs. Mae Ganas of Sanford, and Miss Merle Higgins of Jacksonville.

Sailors 'Pe a cefully' Occupy Canal Zone

PANAMA CITY, Panama, Apr. 23.—(AP)—Some 10,000 white-clad sailors of the United States fleet completed a "peaceful" occupation of the Canal Zone yesterday.

On shore after Saturday's final destructive "warfare" ending joint Army and Navy maneuvers, Navy men left the fleet at anchorage and swarmed through the city.

The "war" was called off at noon Saturday, both fleet attacking forces and Army defense units agreeing that much material damage had been done by swooping planes, flaming guns and swiftly moving battleships.

Macon Ends California To Miami Flight

MIAMI, Apr. 23.—(AP)—Completing a cross-country flight from Sunnyvale, Calif., the Navy dirigible Macon arrived here yesterday to participate in fleet maneuvers in Caribbean waters.

The giant airship was lashed to the Opa Locka mast at 7:12 P. M. (EST) or within 20 minutes after the Macon had settled down above the field for the mooring.

The Macon came in for a remarkably easy mooring after circling the area for nearly four hours while officers waited for a mild wind, which had been blowing across the field, to subside.

STATE CANT PAY FLY LOSS SAYS SHOLTZ

Fletcher Frankly Told There Is No Reason Why Florida Should Pay Half Of Damage

TALLAHASSEE, Apr. 23.—(AP)—Governor Sholtz informed Senator Fletcher yesterday that "there is no chance under the sun for the state to take on an added indebtedness," in paying jointly with the federal government, losses incurred by Florida citrus growers in the Mediterranean fruit fly campaign.

President Roosevelt recently proposed that the state pay half the losses.

"I must be frank and say that I do not see why the State of Florida should absorb any portion of the losses attributable to the Mediterranean fruit fly infestation," the Governor added.

"If an armed force invaded this country, getting foot first in Florida, the entire resources of the United States would be available in that invasion."

"The Mediterranean fly, if it ever existed, was unquestionably a foreign enemy. It did not originate in the State of Florida. To (Continued on Page Two)

Mrs. Overlin Dies At Her Home Early Today After Illness

Mrs. Howard Overlin, 44, wife of the local manager of the Southern Bell Telephone Co., died at her home, 414 West 19th Street, at about 2:10 o'clock this morning after a lingering illness.

Funeral services will be held at the First Christian Church tomorrow afternoon at 2:00 o'clock. Burial will be in Evergreen Cemetery, with Rev. F. M. McLean, pastor of the church, officiating.

The pallbearers will be members of the Sanford Kiwanis Club of which Mrs. Overlin in past president. They are Ray Fox, F. S. Lamson, C. R. Mason, S. F. Dandeno, W. S. Coleman, and Arthur Branan.

The body will be at the Erickson Funeral Home until 1:30 o'clock tomorrow afternoon. Friends may visit the home after 5:00 o'clock this afternoon.

Mrs. Overlin was a native of Illinois where she was born in 1890. She had lived in Florida for many years and in Sanford for the past 13 years. She was active in church work, and as a member of the Auxiliary of Sanford Elk Lodge No. 1241. Other than Mr. Overlin, there are no survivors.

Scientists Investigate Light In Girl's Breast

ROME, Apr. 23.—(AP)—Youngful scientists whose names have not yet appeared in print held a vigil last night over Signora Anna Menzoni, from whose breast comes a strange electric light.

Leading scientists, among them the wireless pioneer, Guglielmo Marconi, who had the patient brought here from Trieste after investigations revealed the authenticity of the phenomenon—were taking part in festivities attending Rome's birthday.

Biggest Crowd In Religious History Of Longwood Attends Baptist Service

Yesterday was termed "red letter day" in the history of the religious life of Longwood because the largest crowd ever seen in any church service in the town gathered to celebrate the completion of the exterior of the Longwood Baptist Church.

Instead of a building that seated less than 200, Longwood now has care of some 600 or more persons in both Sunday School and preaching services.

The building is so constructed that the space can be used regularly for Bible Class purposes, but the walls or partitions are movable and every seat in the building will be within view of the pulpit when all the walls are completed.

Generous friends contributed more than enough pine trees out of which was cut lumber for the work. The local sawmill cut and dressed the same at about actual cost. Longwood citizens donated their trucks to haul it to the mill and then to the church. Scores of

National Auto Labor Board Faces Critical Situations; Rail Wage Debate Flares Up

Union Recognition Is Point At Stake In Cleveland Factory Or Fisher Concern

(By The Associated Press) A strike of a "majority" of 7000 workers at the Fisher body plant in Cleveland was called for 7 A. M. today. Another 3100 men in the Fisher and Chevrolet plants in St. Louis also were ordered to quit. These new walkouts, added to the existing strikes in tool and parts factories in Detroit and Toledo, presented a critical picture to the members of the national automobile labor board as it reassembled for its sessions today. The strike calls issued Sunday found Dr. Leo Wolman, chairman of the board, in Washington; Nicholas Kelley, the manufacturers' representative, in New York, and Richard L. Byrd, labor's representative, in Detroit.

The points at issue in the Cleveland strike were wage agreements and union recognition. Union leaders at St. Louis of the strike call was a result of the refusal of the Chevrolet and Fisher companies to re-employ 118 men, most of whom had been active in union affairs.

The labor board at Detroit planned a new attack on the tool and die workers' strike and the parts workers' strikes today. Whether the new strikes would temporarily supersede these plans was not immediately learned. The strikes in Toledo involve approximately 1200 men, while those in Detroit involve nearly 2000. The board has been in session at Detroit since Mar. 29.

At Wichita approximately 125 union printers in the city's three newspapers went on strike at midnight Saturday after failing to negotiate new wage contracts with their employers.

Sets New Speed Mark In Amphibian Plane

DAYTON, OHIO, Apr. 23.—(AP)—Captain Reuben C. Moffat, of Wright Field, set what is claimed by Army fliers as an unofficial world speed record for amphibian planes yesterday when he flew 180 miles an hour over a measure two-mile course at Wright Field.

The plane was the same in which Major Alexander P. DeSiversky, builder of the plane, set an unofficial record of 180 miles an hour last year.

SCHALL INFERS FIRST LADY IS PROFITEERING

Senator Says She Asks Too Much For Furniture She Makes; She Denies Charges

WASHINGTON, Apr. 23.—(AP)—After Senator Schall, Minnesota, Republican, had failed to keep an appointment with her at the White House, Mrs. Franklin Roosevelt today arrived late for her press conference and sweepingly contradicted a statement the senator issued yesterday against her furniture factory.

Senator Schall said in a statement last night that Mrs. Roosevelt was charging five times what others ask for furniture similar to that produced at her Hyde Park factory.

Mrs. Roosevelt said she called the senator at 9:15 o'clock this morning, and he agreed to come to the White House at 10:30 o'clock this morning.

She said she waited until 11:00 o'clock, and she expressed regret that he failed to appear.

She explained that she preferred telling him first what she was getting to say in answer to his accusation.

"Be sure I'll tell him as quickly as I can," she added.

"No doubt there was a good reason why he could not come. I didn't want to say what I am going to say without telling him first. I am not on the floor of the Senate and I don't have senatorial immunity. Then she contradicted Schall's assertion in toto.

Miss Burroughs On Stand To Tell Her Part Of Cannon Case

WASHINGTON, Apr. 23.—(AP)—Miss Ada Burroughs today told a District of Columbia jury about her activities in the 1928 campaign waged by Bishop Cannon against Al Smith, shortly after the Southern Methodist churchman had completed testimony concerning a transfer of money between his various bank accounts.

Cannon testified to numerous instances of simultaneous transfers of identical amounts of money between his accounts and that of the headquarters committee of the anti-Smith Democrats.

Miss Burroughs said she took the job of treasurer of the headquarters committee "At the insistence of Bishop Cannon," adding she did not have anything to do with the anti-Smith Democratic committee about which other witnesses had testified.

Rumanians Sentenced For Plot Against King

BUCHAREST, Apr. 23.—(AP)—Eight Rumanian officers, including one who helped King Carol return from exile to the throne, and five civilians charged with conspiring against Carol's life yesterday were convicted of high treason and sentenced to 10 years imprisonment each.

Col. Victor Prikup, who aided the king's dramatic return from Paris four years ago, and the other officers were "degraded" by being deprived of their rank.
