

Policeman Butler Also Coach Butler

By DOROTHY AUSTIN
When a man takes a three-week vacation from his job and, instead of dropping everything and heading out-of-town for a well-earned rest, spends the whole time working with kids, you can assume he is pretty fond of them and interested in them.

This was the case with Lt. Ben Butler of the Sanford Police Department, who is coach of the Chiefs team which just won the city championship in the Pee-Wee League.

Lt. Butler admits to working with kids, and the boys, themselves, will tell you that they like working with their coach, too.

Under the patient coaching, urging, prodding and leadership of Coach Butler, the young team (many of the players are only eight years old) garnered a league-leading 10 out of 11 games to bag the victory.

"These are the most conscientious little boys I've ever worked with," said the Coach. "They are ready and willing to learn and have developed into a first rate ball club."

Butler had a word of commendation for the parents, too, who were "very cooperative" in bringing their boys in for practices and games.

Under the patient coaching, urging, prodding and leadership of Coach Butler, the young team (many of the players are only eight years old) garnered a league-leading 10 out of 11 games to bag the victory.

come from as far as 10 miles away. There were several fathers, too, who helped with practice, working out the different groups of boys all at the same time.

Assistant to Coach Butler was Navy Chief Herman Stewart and fathers who helped coach were Alfred Green, Dickie Frank and Roy Sterman.

The team received a terrific shock just after school was out with the sudden death of little Drew Bracken, a team member. Stunned and saddened by this tragedy, the team nevertheless rallied and went on to take the victory in memory of Drew.

Coach Butler accepted a trophy in Drew's name at awards ceremonies last week. Lt. Butler is the father of three children, with his oldest son, Hennie, serving as team catcher.

He has been with the Sanford Police Department for 13 years, starting out as a rookie and coming up through the ranks to the recent promotion to lieutenant.

Through the years he has become popular with the children of the city, never failing to give them a wave, a smile or a "Hi!"

He has overseen and conducted the school safety and the bicycle safety programs, becoming acquainted with the children and making friends with them.

Children are drawn to the kindly policeman whom they quickly realize is interested in them and likes them.

Law enforcement officials recognize that building up a good relationship such as this with the youngsters of a community goes a long way toward combating juvenile delinquency and the lack of respect for law officers which prevails in many cases.

As for his baseball team of eight-to-10-year-olds, Lt. Butler says, "We are going to have an even better team next year, because many of our boys are just starting and will have the advantage of experience and know-how that counts so much when the chips are down and the game is close."

Pitchers for this past year's championship team were Scotty Clemmer, Johnny Sterman and Tollie Frank. Hennie Butler was the catcher.

At Green played first base, Bob Rufus was on second and Gary Stewart at shortstop. The third base slot alternated between the pitchers.

Out in left field was Allen Mullyhorn, with Gary Zitrower holding down center field and Mike Schmidt in the right field position.

Bobby Bryant was right field relief, Bill Jimenez, left, and Allen Harkey in center.

"And don't forget our bat boy," said Coach Butler. "That was seven-year-old Chris Frank, who just can't wait until he gets old enough to play."

POLICE LT. Ben Butler was presented with a plaque "for his tireless efforts" as 1963 coach of the Chiefs, champions of the Pee Wee Baseball League of Sanford. Lt. Butler is pictured below, in his police uniform and with his plaque. He is pictured above (rear left) with his championship team members and Navy CPO Herman Stewart, assistant coach. The police officer spends a great part of his off-duty hours working for the benefit and fun of "his boys." (Herald Photo)

Loud Service Held In DeBarry

Funeral services for Arthur E. Loud of DeBarry, who was found dead at his home on Sepp Rd. by his friends, Frank White and Constable Oscar D. Papineau, were held last Thursday at the DeBarry Funeral Chapel under the direction of American Legion Post 259 with Vice Commander William Williams officiating at the veteran's service. Rev. Hubert Thomas of the DeBarry Baptist Church officiated in the church service that followed.

There were no survivors. **Prisoner Escapes** JACKSONVILLE (UPI) — James E. Wiggins, 21, a county prisoner serving two years for robbery, fled from a work crew here today.

July Sales Tax Collections Up 6.87 Per Cent

TALLAHASSEE (UPI) — July sales tax collections, based on June business, increased 6.87 per cent over July of last year, revenue director J. Ed Straughn reported Monday.

Straughn said collected totaled \$16 million, an increase of one million dollars over the same month a year ago.

These collections will be the last to go into the general revenue fund F under the old sales tax law. The 1963 legislature substantially changed provisions and collections in August on July business are expected to be very much higher.

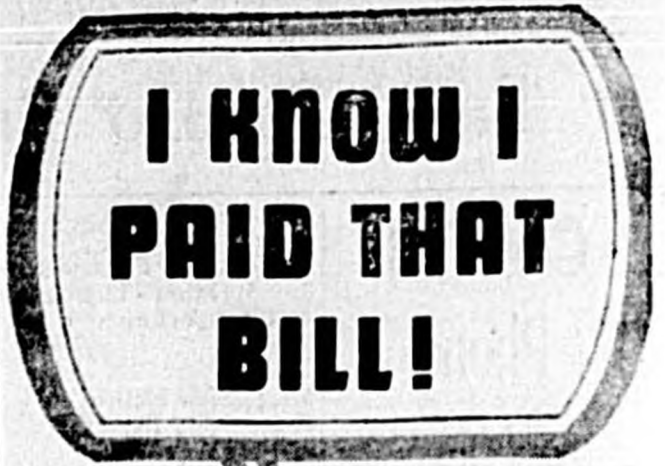

At least August will provide the first evidence as to whether legislative estimates of the expanded tax coverage will prove true.

However, Straughn said it is doubtful there will be a definite indication of revenue-producing abilities of the expanded tax before three months and perhaps six months.

Seasonal conditions play a big role in sales tax collections, and these don't follow a set pattern.

Reports of a good tourist season appear to be reflected in June business, he said, adding sales tax collections based on a calendar year, beginning with January, totaled \$119.1 million, up 4.3 per cent over the same period last year.

Accuracy Is Tested For the third time, the national standard meter bar of the United States has been sent abroad for comparison with the international standard kept at Sevres, a Paris suburb. Other occasions were in 1903 and 1922-1923.

Once in a long while a good story breaks right in the newspaper office . . . such as this humorous event which happened last week but come to light only today.

Ray Stevens, Charlie Hayes and Ralph Hayes are composers in The Herald's mechanical department. Charlie and Ralph are brothers. Ray about to go on vacation, asked Charlie to care for his goldfish. Charlie agreed and took them home.

Charlie and Ralph have young sons, just about the same age, and last Saturday Ralph's son was visiting Charlie's son. Their mothers suddenly realized the boys were very quiet and went to investigate.

Too late! The boys were practicing what they had seen their Daddies do many times . . . they were sealing fish. Ray's goldfish! ! !

It seems to us that a sure sign of progress in any community is the number of service stations that can be crowded into a given area. If this is the case, Lake Mary is on the move. . . third station now going up in a one block area.

Lt. Henry Ward Jr., of the South Seminole CAP Squadron, has passed the word along that the squadron is in need of a sponsor. How about some of the county-wide organizations stepping in and giving this fine group of young people a helping hand.

Chuck Pula and George Smeclair Jr. are representing Seminole County 4Hers at the eighth annual Junior Citrus Institute this week at Camp Cloverleaf, near Lake Placid, under the sponsorship of the Florida Agricultural Extension Service.

Sheriff J. L. Hobby is going to "make" the Sheriff's Star, official organ of the Florida Sheriff's Association. The magazine has requested and received a print of Sheriff Hobby and his department's complete rescue unit, as it appeared on the front page of The Herald July 23.

Postmaster Cecil Beard reports several engineers, some from as far away as Atlanta, say the cracks in the postoffice building are "nothing unusual" for this part of the country and are caused by shrinkage of the building blocks. After another cycle of summer heat and winter cold the cracks will be filled up.

Town Pump changed hands today — Elizabeth D'Aversa took over from Dwight M. Blackwelder Jr. and his father-in-law, John Cope. Later two are planning a leisurely West Coast fishing trip. R. E. Porter has been told Mrs. D'Aversa plans later to move her bar to the south edge of town.

Joe B. McCawley Jr., of Orlando, the first licensed professional hypnotist in the United States, will be the featured speaker at the meeting of the Jaycees Thursday at the Civic Center.

John Krider and John Brunley are to be in Titusville Thursday for the formal organization of the St. Johns - Indian River Canal District.

Col. H. A. Furman, superintendent of the Sanford Naval Academy, had high praise for the work of the Civitan Club when he met with them recently. Turns out the Colonel is a former Civitan himself. He said he regretted the press of business had forced him to give up his membership while in Tennessee, as he had so little time at home.

QUOTE of the week: "It's a tragedy to see a boy or girl graduate from high school untrained and unprepared to go to work and support themselves, adding to the all-time high in the unskilled, untrained, unemployed labor market." Dick Hovius, Bearborn engineer.

Mystery Object Seen In Sky Near Sanford

BURNED RUBBLE, pictured here is all that remains of the mobile home of Mr. and Mrs. LeRoy Hill of Longwood. They and their 11-month old son, Frankie, returned early Tuesday morning from an overnight stay with relatives to find all of their worldly possessions destroyed with no explanation as to how and when the fire occurred. Longwood firemen report no alarm was turned in. The trailer was located behind the saw mill across from the Sanford Orlando Kennel Club. (Herald Photo)

Haiti Fires Second Protest On Invasion

PORT AU PRINCE, Haiti (UPI) — Haiti today protested a second time against Dominican aggression in a note to the Organization of American States and demanded that body take immediate action to halt it.

The new Haitian protest coincided with the dispatch of three platoons of troop reinforcements from Port au Prince to Cape Haitien in the officially labeled northeast "war zone."

The troops carried light and heavy machineguns and other combat equipment. They traveled in Haitian army troop carriers.

The new Haitian protest to the OAS hinted at a possible serious turn in military developments in the northeast. The original Haitian protest, taken up by the OAS Tuesday, did not ask that body to take any action.

There was no indication how many reinforcements attached to the front today but it was speculated that any where from 35 to 60 were aboard each platoon.

Reports circulated in Port au Prince of a new eagle landing at Grande Saline, on Haiti's west coast, but this was believed to stem from exile claims to that effect made in New York Tuesday.

In Santo Domingo, exile spokesmen claimed their invasion troops were pushing a two-pronged drive into the Haitian northeast, picking up support along the way from army deserters and the peasantry.

County Board Working On Budget Items

County Commissioners today wound up their hearings with department heads on proposed new budgets for next year and got down to the business of pinning the "outgo" to meet the "income."

The wide disparity between an approximate \$15,000 increase in income and requests for funds totalling more than last year from the various departments may cause commissioners to look hard at the present six mill assessment.

Last year's budget ran \$1,554,000, an increase of \$100,000 over that of the previous year, and the millage was held to six.

Tax Assessor Mary E. Walker again submitted a request for a reapportionment of city commercial property to equalize assessments and asked that she would be able to obtain a commitment from the county to pay \$7,500 or about half of the amount requested last year.

The proposed reapportionment as submitted this year would cost \$7,500 for the entire city commercial property of \$6,640 for the downtown area, including French Ave. to 14th St. and Sanford Ave. to Sixth St.

Judge Vernon Mize submitted proposed budget figures of \$28,100 for the County Judges office, which goes off the fee system under a new ruling of the Legislature, and of \$14,100 for the Juvenile Court, which was mostly for salary raises and for a full time juvenile court clerk-secretary.

County Health Director Dr. Frank Leone listed a heavy work load on his staff of a 600 pupil increase in the county school population, a double case load of maternity care, increases in venereal disease and steadily increasing numbers of inoculations, and other increases in the cases, which are tied to the population increase as a basis for an increase of \$10,000 over last year's budget of \$81,565. This would include an additional secretary nurse and a sanitarian, and their equipment.

Circuit Court Judge Willie Williams Jr., asked commissioners for a discussion and decision on the public defender appropriation, showing commissioners an armband of appeals already received.

Ike In Normandy For Film Shots

CHEMUN, France (UPI) — Former President Dwight D. Eisenhower today returned to the Normandy beaches where 19 years ago he headed the biggest invasion force in history to begin the second front in Europe.

The President was out early with television crews to film what he called "an adventure in nostalgia" for the Columbia Broadcasting System.

County Airport Site Accepted

Site of the proposed Seminole County airport has been tentatively accepted in the southwest corner of the county. It was reported by Merle Warner, airport committee chairman, to the Chamber of Commerce directors Tuesday evening.

Warner added exact location of the site is not being divulged until options are obtained for subsequent purchase.

Douglas Stenstrom, chairman of the long range planning committee for education, reported efforts to have a proposed state university located in Seminole County are proceeding satisfactorily, with the County Commission prepared to present six proposed sites to the state for its study. He expressed the opinion that Seminole, Orange, Brevard and Volusia Counties are in the lead in the nine-county race for the school.

John Krider, chamber manager, reported on the progress of the St. Johns-Indian River Canal District, of which he is one of five directors.

Capt. James O. Mayo, commanding Heavy Attack Wing One, Sanford Naval Air Station, and William L. Merritt, were welcomed as new Chamber directors.

Traffic Will Roll Through All Highway I-4 In '64, Says SRD

ALFREDO, THE ALLIGATOR, is back in his summer home for the third consecutive year at the Pat Boyle home near Longwood, living in a canal which empties into the Wekiva. Although shy of strangers, 36-inch long Alfredo responds readily to any member of his adopted family and has no objections to their affectionate caresses. No question of recognition arises since he has a missing toe on his left front foot. In the photo he is being held by Mrs. Boyle while receiving his daily 11:30 a.m. feeding of hamburger from Terri, one of the four Boyle girls.

Sanford To Daytona Link Progressing

Interstate 4, the cross-state freeway between Daytona Beach and Tampa through Sanford, will be opened to vehicular traffic in 1964, it was reported today by the State Road Department.

A news release by SRD out of Tallahassee this morning revealed that of 221.2 miles of interstate highway completed in a planned total 531 miles in the state, 112 miles of the 221.2 are part of I-4 and now under the pulley. The report added that 185.7 miles are under construction in the planned 531 miles and right-of-way is needed for 127 miles.

Rickey Green, SRD district engineer at DeLand, this morning told The Herald that I-4 between Sanford and Daytona Beach will be completed early in 1964. Paving has been commenced on that stretch between Highway 44 to the left at Tomoka River, opening I-4 between this city and Daytona Beach. This particular stretch, when completed, will have cost \$1.5 million.

Two contracts now are under way in Seminole and Orange Counties from north of Lee Road to connect with that finished portion in this county. Green said these contracts should be completed some time in 1964.

He added that hopes to let the final two contracts in this district later this month or September to take I-4 on south to Highway 50 (Colonial Ave.), with this stretch to be completed in 1964.

With the completion of this latter stretch, Green said, I-4 will be open between Daytona Beach and Tampa. Still further construction will be necessary to complete I-4 between Tampa and St. Petersburg, giving a through cross-state freeway from the Atlantic Ocean to the Gulf of Mexico through Sanford.

Sanford Beals St. Pete In Semi-Finals

Skipper Senarik pitched a two-hit ball game Tuesday night to place the Sanford All-Stars in tonight's semifinals of the state Little Major League championship tournament at Panama City.

Senarik struck out 12 St. Petersburg batters to pace Sanford to a 5-1 win in the six-inning game. Sanford garnered eight hits, with no errors.

Outstanding hitter for Sanford was Bill Miller with two singles and a double.

Sanford will play Cantonment of Pensacola tonight in the semi-finals. If the Little Leaguers win tonight over Cantonment they will move into the finals Thursday night for the state championship.

The box score Tuesday night:
Sanford 10 2 0 2 x 5 8 0
St. Pete 0 0 1 0 0 1 2 2

Registration Set Monday For Boats

In compliance with a ruling from Conservation Director Randolph Hodges, Seminole County Tax collector J. L. Galloway said today that pleasure boat owners may register their craft under the new annual registration law beginning Monday.

Galloway said that the registration deals, which can be obtained at his office in the Courthouse, must be affixed to the port side of the boats. These certificates will expire June 30, 1964.

The new law passed by the 1963 Legislature sets fees of \$1 for boats less than 12 feet long; \$5 for boats between 12 and 16 feet; \$10 for boats between 16 to 26 feet; \$20 for boats between 26 and 40 feet; \$30 for those between 40 and 65 feet; \$60 for boats between 65 and 110 feet; and \$75 for boats 110 feet or longer.

Galloway said that the new law provided for a service charge by the collector's office of 50 cents.

He explained that only boats powered by motors of more than 10 horsepower need be registered, according to a ruling by Attorney General Richard Ervin. The collector said that the old law expired Aug. 15, but that enforcement will be reasonable for a limited time because of the mechanics of administering the new law and to be fair to all boat owners.

Burns Opposes Election Shift

TALLAHASSEE (UPI) — Jacksonville Mayor Haydon Burns said Tuesday he was opposed to a proposal to switch Florida's gubernatorial elections to the year after the presidential elections.

Burns, an unannounced candidate for governor, said the mechanics of the change — which would require the next governor to serve only two years — would deter progress in Florida.

The constitutional amendment for off-year elections still faces voter approval in a special November election. The amendment, however, allows the governor elected in 1964 to seek reelection again in 1966.

The mayor pointed out the "ridiculous" costs of campaigning for the office.

Wekiva Road Open

Little Wekiva Road now is open from Sandalco Springs for 1 1/2 miles north to the Longwood - Markham Road, permitting through traffic to Florida, it was reported this morning by County Engineer William Bush. The previous 1 1/2-mile sand trail has been finished with a sand-clay top.

300 Treated In Meningitis Scare

SAN DIEGO, Calif (UPI) — Some 300 Marines were undergoing treatment today in an effort to halt the spread of meningitis.

Pvt. John P. Leonard of Highland Park, Mich., died of the disease Tuesday at Navy Hospital. It was the fifth case this year at the Marine Corps recruit depot and the first fatality.

Schools Balk At Bids For Supplying Milk

Florida school superintendents are balking at apparent high bids for supplying milk for school lunch programs, it was reported today by R. T. Milwee, Seminole County superintendent, following a conference Tuesday with the State Milk Commission at Orlando.

A controversy over school milk bids has risen due to a new milk price law for wholesalers passed by the last Legislature.

"Since there still is an apparent misunderstanding, even after the meeting with the Milk Commission in Orlando yesterday, concerning the price schools may pay for school milk, Milwee stated, "the following recommendation has been made to school superintendents relative to bids for milk:

"Those counties who have received bids and have tabled them because of high prices — the prices are running 7.2 cents per half-pint of milk — should reject these bids immediately and refuse to accept those which appear to be unjustifiably high."

Milwee said further: "We believe that in a short period of time this matter will be worked out and we will get satisfactory bids on school milk."

Milwee is chairman of the school committee of the state superintendents association.

Striker Shot

NEW SMYRNA BEACH (UPI) — A striker on picket duty against the Florida East Coast Railway, Alfred O. Morgan, 27, was shot and wounded in a dispute with two railroad detectives early today. Police Chief Wallace Ferrera said.

Unanimous Vote

WASHINGTON (UPI) — A \$1.2 billion military pay raise bill that will mean more money in the paycheck for nearly all of the nation's servicemen won quick approval in the Senate Tuesday. The Senate vote was unanimous — 81 to 0.

Judge Aground

PANACEA (UPI) — A Coast Guard auxiliary boat was dispatched today to help Circuit Judge J. C. Hodges of Tampa who reported by radio his 23-foot cruiser was stranded off Cedar Key with engine trouble.

Freedom Week

TALLAHASSEE (UPI) — Gov. Farris Bryant has designated Oct. 20-26 as "Freedom Week" in Florida, but declined to give special recognition to United Nations Day with an official proclamation.

Push Boycott

UNITED NATIONS (UPI) — African members of the United Nations faced a tough fight today in an effort to win Security Council approval for a partial economic boycott of South Africa.

Arlene Sinking

MIAMI (UPI) — A Navy hurricane hunter will make what weathermen hope will be the last check today on a weak tropical depression that was once a 100 mile an hour hurricane called Arlene.

Perjury Suspected

LONDON (UPI) — A London newspaper said today Scotland Yard is seeking perjury and conspiracy arrests in a case involving red-haired call girl Christine Keeler and a Jamaican jazz singer who once was her lover.

IT'S A BOY ! !

OTIS AIR FORCE BASE, Mass. (UPI) — Mrs. Jacqueline Kennedy, wife of the President gave birth today to a 7-pound 10 1/2 ounce boy at the Otis Air Force Base Hospital.

Car, Truck Sales Set Record Pace

DETROIT (UPI)—Sales of cars and trucks skyrocketed during July at a record breaking pace.

Chevrolet division of General Motors Corporation led the sales parade with a record-shattering sales mark of 219,238 cars and trucks during the month. That topped the 12-year record of 196,055 cars and trucks sold in July, 1950, the month after the Korean War began.

During the final 10 days of the month Chevrolet sold a total of 66,158 cars and 15,866 trucks.

Pontiac division of GM strengthened its hold on the third spot in the industry sales race. Retail deliveries for the month totaled 50,665 units. The previous record was 40,999 units sold in 1955.

Chrysler Corporation marked a 47 per cent sales increase in the last 10 days of July compared to the same period last year. Chrysler reported total July sales of 89,455 units, an increase of 62 per cent over the same month last year and the best July sales mark since 1967.

American Motors Corporation reported Rambler sales during the month totaled 39,946, the best July in history. The figure marked a 12 per cent gain over the 34,596 units sold during the same period last year when the old mark was set. It also marked a 28 per cent gain over the 30,540 units sold last month.

Ford division of Ford Motor Co. earlier reported combined car truck sales of 155,849 for the month, compared to 141,471 units during the same month last year.

Could This Be 'The End All' For Liz, Burton?

CHICAGO (UPI)—Actor Richard Burton says he would like to cast Elizabeth Taylor as Lady Macbeth in the film version of "Macbeth" he is considering doing.

In an interview in the September issue of Playboy magazine, Burton, one of the world's most famous Shakespearean actors, said he felt Miss Taylor would be "right" for the part.

"For one thing she speaks poetry rather well," Burton said. "And for another, she's very receptive to big, imperious ideas."

Playboy asked Burton if he felt any guilt about his relationship with Miss Taylor, with whom he starred in "Cleopatra." They have adjoining hotel suites in London.

"No. Absolutely not," Burton said. "I'm not unfaithful to my wife. I never have been, not for a moment."

"What I have done is to move outside the accepted idea of monogamy without physically investing the other person with anything that makes me feel guilty," Burton said. "So that I remain inviolate, untouched."

"And does Miss Taylor?" Playboy asked.

"Yes," Burton said. "I'm a terrible Puritan, you see, despite my attempts to be anything else."

Burton said it was "absolute nonsense" that Miss Taylor is the most beautiful woman in the world.

"She's a pretty girl of course," Burton said, "and she has wonderful eyes; but she has a double chin and an overdeveloped chest and she's rather short in the leg."

Enlistment Time Cut For Some

WASHINGTON (UPI)—The Defense Department has cut the enlistment time from eight to six years for youths 17 to 18½ who sign up directly in the military reserves.

It also issued a draft call for 17,000 Army recruits in October.

The draft, larger than in previous months, is needed to fill the gaps left by the above-normal number of draftees who entered the Army during the Berlin crisis of 1961, and now are being discharged, the Defense Department said.

Under the change in the reserve program, enlistees will spend less actual time in the reserve but will spend more time on active duty.

Nicaragua Head, Exiles Confer

MANAGUA, Nicaragua (UPI)—President Rene Schick conferred with anti-Castro Cuban exile leaders Carlos Prio Socarras, Antonio De Varona and Miguel Leon Monday.

Ex-president Luis Somoza and his brother, armed forces commander Luis Somoza, sat in on the presidential conference. A presidential spokesman said Prio, former president of Cuba, was paying Schick a courtesy visit before returning to Miami last night.

The presence of top Cuban exile leaders in Managua in recent days has aroused speculation that Nicaragua is supporting Cuban exile plans to launch new military action against Cuba.

Meetings Set

An important meeting of the Commission on Education of the Episcopal Methodist Church will be held at the church at 8:15 p. m. today following the 7:30 p. m. Prayer Time and Bible Study.

All teachers are particularly urged to attend.

The official board meeting of the church will be held at 7:30 p. m. on Thursday.

Escapes Get 30 More Years

GREEN COVE SPRINGS, (UPI)—Two convicts who broke from county jail here after slugging and robbing the jailer last week have been given 30 additional years in the state prison.

Clay County Circuit Court Judge Frank Elmore imposed sentences Monday on Joseph Tindall, 24, of Ocala, and Roy Junior Yates, 20, of Crestview. The pair pleaded guilty to two charges of escape and one charge of robbery each.

Autopsy On Tot

JACKSONVILLE (UPI)—An autopsy was set today on the body of a three-year-old, Debra Lynn Andrews, who was found dead in a toy chest at her home Monday.

Legal Notice

STATE ROAD DEPARTMENT OF FLORIDA SPECIAL TRAFFIC REGULATIONS NOTICE IS HEREBY GIVEN: That the State Road Board at its meeting of July 11, 1963 gave consideration to the request relating to special traffic regulations and in each case made a review of the traffic investigation report along with the recommendations of the engineer at the location or locations described below:

COUNTY: Seminole; ROAD: 8-425; LOCATION: Section 7719 - In Sanford and vicinity from SLD MP 12.742 to SLD MP 12.810, distance 68.85 mi. RECOMMENDED REGULATION: No Parking Restriction.

On motion duly made and seconded, the above traffic and speed regulations were determined to be reasonable and necessary upon the basis of the engineering and traffic investigations, and authority was therefore given for the establishment of same and the placing of the proper marking and signs as indicated; also, for the elimination of existing controls where this is indicated.

JOHN R. PHILLIPS Chairman

NATURALLY TENDER

Aging is the secret!

What natural aging does for fine cheeses and fine wines, it also does for the fine beef you get at Winn-Dixie. It mellows and enhances the flavor of W-D beef, and increases its tenderness, without destroying the fine beef texture, or making it soft and spongy, as artificial tenderizers sometimes do.

You save more when you buy W-D Brand Beef

Though un-aged beef shrinks a great deal during cooking, W-D Aged Beef shrinks very little. Almost all the shrinking takes place during the aging process. You get more servings per pound you pay for. Also, before individual cuts are weighed and priced, each one is closely trimmed. Considering the proportion of edible meat per pound and the outstanding flavor and tenderness of Winn-Dixie's W-D Beef, it's your best beef buy.

Osteen Program Includes Trip To Attraction

By Mrs. Clarence Snyder
The last week of the Osteen Summer Recreation Program a special treat was planned for the children — a trip to Six Gun Territory. A school bus and four private cars carried the 101 from Osteen who made the trip, leaving at 8:30 a.m. and returning at 5:30 p.m. Jerry Wosenske and Earl Hunt, coaches for the summer recreation program, made all necessary arrangements. The children took picnic lunches and the Osteen Parent - Teachers Assn. furnished the cold drinks. The PTA worked in conjunction with the Volusia County School Board in putting on the summer program.

A delightful time was had by all including the adults that accompanied the children. Chaperones were Mr. and Mrs. John Tatum Jr., Mrs. George Snyder, Mrs. Lowell Pettis, Mrs. Elmer Shivers, Mrs. Jerry Colley, Mrs. Jerry Wosenske, Mrs. Herman Koffel and Mrs. Albert Pell.

Bandits Behead 42 In Colombia

BOGOTA, Colombia (UPI) — Machete-wielding bandits beheaded 42 persons Monday in assaults on four vehicles on a highway about 60 miles northwest of Bogota, according to an army announcement. The announcement said the bandits stopped a bus and three government dump trucks at a point on the highway between the towns of La Dorada and Victoria in eastern Caldas State. The occupants of the vehicles were forced into a small house near the highway, robbed and beheaded one at a time, the army said. The victims, reportedly, were public works department laborers and peasants on their way to market. The incident occurred in an area where bandits have massacred thousands of persons in recent years despite army efforts to maintain order.

Bodies Of Two Climbers Found

SION, Switzerland (UPI) — The body of American mountain climber David Sowles of Christ Church, Va., was sighted Monday on the slopes of 14,810-foot Mt. Weisshorn in the Valais Alps. Police said Sowles and Englishman Dr. John Emery apparently fell to their deaths during a climb that started from Zermatt. A Swiss helicopter pilot sighted the two bodies, still roped together, at the 12,480-foot level of Mt. Weisshorn.

Job Increase Bucks July Trend

WASHINGTON (UPI) — A Labor Department expert says the increase in U. S. employment during July to a record of nearly 71 million jobs shows the economy has been "rising rather stoutly over the past six months." Gertrude Bancroft, Labor Department manpower expert, said the employment report issued Thursday was regarded as particularly significant because an increase of 532,000 jobs was recorded during a period when there normally is no change in the job total. The department also said the biggest part of the job increase was in teen-agers and young adults under 21, an area which has been of prime concern to the Kennedy administration. The Labor Department statistics showed, however, that the unemployment rate dropped only one-tenth of a percent, from 5.7 to 5.6 per cent, meaning that 56 out of every 1,000 persons looking for a job could not find one.

Bifocal glasses were invented by Benjamin Franklin.

Shirley Y. Kendrick To Wed Stuart Baker

By ROBERT E. THOMAS JR. (FA 2-8786)

Mr. and Mrs. Moses M. Brown of Jacksonville, announce the engagement of their daughter, Shirley Yvonne Kendrick, to Stewart Baker Jr., son of Mrs. Isabella Baker and the late Stewart Baker Sr., Sanford.

The bride-elect was graduated from Tuskegee Institute, Tuskegee, Ala., and is presently doing further study at Stetson University, DeLand. She is a teacher of English at Crooms High School.

Her fiancé was graduated from Florida A. and M. University, Tallahassee, and presently is a teacher of agriculture at Crooms High School.

They will be married at 3 p.m., Sunday at St. Paul Baptist Church.

No invitations are being sent. Friends of the couple are invited.

Mrs. Alfreda Brown, of Sanford, announces the engagement of her daughter, Altamasa Patricia Moore, to Phillip David McPherson, son of the late Mr. and Mrs. John McPherson, of Tallahassee.

The wedding will be an event of Sunday at 6 p.m. at the Church of God.

Miss Moore is a graduate of Grooms High School and Tennessee A and I State University, Nashville, and is employed at Memorial Elementary School, Palmetto.

Mr. McPherson is a graduate of Lincoln High School, Tallahassee, and Florida A & M University, Tallahassee. He is employed at Lincoln Memorial High School, Palmetto.

Mrs. Ola Brock honored Miss Shirley Kendrick with a miscellaneous shower Friday night at her home.

A pink and white color scheme was used in party decorations. The dining room table, covered with a beautiful white table cloth, was centered with an artistic pink and white floral arrangement.

The bride-elect received many lovely and useful gifts.

Goldstone Recreation Center culminated its program Friday. Arts and Crafts made by the children were displayed during the morning open house. Highlights of the day were a sack lunch and punch feast.

The children of the GRC wish to take this method of thanking Mrs. Carolyn Johnson, of Academy Manor, for her kindness in providing punch for all of the children in attendance. Thank you very, very much, Mrs. Johnson.

Mrs. Ola Burke has returned home after spending her vacation in New York State. She visited her daughters, Mrs. Altamasa Gonzales and Miss Catherine Burke and her grandchildren.

Montez Harris Dies Tuesday

Mrs. Montez E. Harris, widow of Frank Harris, died at 8:30 a.m. Tuesday at her home, 417 East Second Street.

Coming to Sanford from South Carolina after graduation from college, Mrs. Harris for many years was a classroom teacher and principal. She served as executive secretary of the Florida State Teachers Association, resigning to become executive secretary of her sorority, Household of Ruth. She had been retired for some time.

Surviving are two daughters, Mrs. Bernice Beverly Orlando, and Mrs. Thelma Livingston, Jacksonville.

Funeral services will be conducted at 10:30 a.m. Friday at her home. Wilson-Eichelberger Mortuary is in charge.

James A. Garfield was only man in U. S. history simultaneously president-elect, senator-elect and congressman from Ohio.

in Brooklyn. Mrs. Burke also visited her son, Alton Burke Jr., his wife and their children in Rochester. Many Sanfordites now living in the suburbs of Rochester were visited by Mrs. Burke.

Greg Robinson recently spent a few days in Philadelphia visiting relatives and friends.

Mrs. Hortense Givings was in New York City for several days. She is a member of the faculty of Jackson Heights Elementary School, Oviado.

Linda and Jerome Brown are here visiting relatives and friends. They reside in Rochester, N. Y., with their parents, Mr. and Mrs. Otis T. Brown.

Willie Wright attended the funeral of his father, Rev. Norris Wright. He lived in Sanford for a number of years and was known as "Cag". Wright is a resident of Syracuse, N.Y.

Recent visitors to our city were: Rev. and Mrs. Jake Plump, of Oak Hill; Mr. and Mrs. Jimmy Martin, of Detroit; Mr. and Mrs. Willie Wright of Syracuse, N.Y.; Mr. and Mrs. James Wilson, of Orlando; Norris Wright, of Fort Worth, Texas, and Gladys Ford, of Oak Harbor, Mich.

AM-1 and Mrs. William Johnson motored to Waycross, Ga., to visit their respective families. They were accompanied by their nieces, Annette and Sylvia Johnson, who spent a two-week vacation in our city.

The following women are away on a Caribbean cruise: Mrs. A. B. Douglas, Mrs. A. J. Hurston, Mrs. Marie Gladden, Mrs. Josie Allen and Mrs. Jeanette Daniels. Here's wishing them a very enjoyable cruise.

Miss Elizabeth Douglas has returned from Paine College where she attended the summer session. Elizabeth, a senior this fall term, will be crowned "Miss Paine" 1963-64 in October. She is the daughter of Mr. and Mrs. H. L. Douglas.

Mrs. S. H. Blackbeard, Mr. and Mrs. Lou Harrington, Mr. and Mrs. Frank Bellamy and Jacquelyn Harrington motored to Detroit to attend the funeral of Mr. Harrington's brother, Jack Harrington.

Legal Notice

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR SEMINOLE COUNTY, CHANCERY NO. 1206

NOTICE OF SUIT ROBERT W. JOHNSON and EDNA H. WIGGINS, his wife, Plaintiffs, vs. ALLEN D. JOHNSON, Defendant.

TO: ALLEN D. JOHNSON, WHOM: RESIDENCE AND ADDRESS IS UNKNOWN; YOU ARE HEREBY NOTIFIED that a Complaint to foreclose a certain Agreement for the purchase of real property, to-wit:

Lot 24, Block 11 of Sportsman Park, Casselberry, Seminole County, Florida, according to record and as recorded in Plat Book 1, Page 15 and 12 of Public Records of Seminole County, Florida.

has been filed against you in the above-styled suit, the short title of which is Robert W. Wiggins and Edna H. Wiggins, his wife, Plaintiffs, versus Allen D. BPW Members Meet At Ganas Home

The Sanford Business and Professional Women's Club met at the home of Mrs. Fred Ganas on Banana Lake for a covered dish supper and meeting.

Twelve members and three guests were present for a delightful evening.

Mrs. Harriett Slaughter, Mrs. Evelyn True and Mrs. Myrtle Grudick, who were delegates to the state convention in Jacksonville, gave a vivid account of the activities of the various clubs in the state. They also told of the many worthwhile projects that are underway.

Fully half of all women 45 to 64 years of age are engaged in gainful employment — the highest proportion for any age group of women, according to the U. S. Department of Labor.

Miss Southward Honored At Shower

Mrs. Ted Williams and Mrs. J. H. Lee Jr. were co-hostesses for a miscellaneous shower honoring bride-elect Miss Jeanne Southward Monday night at the Williams home 400 Pines Drive. The hostesses were assisted by their daughters Miss Linda Sue Williams and Miss Sherry Lee. This was the first shower for the popular bride-elect who has just returned from New York where she was interning as a physical therapist.

A BRIDAL SHOWER honoring Miss Jeanne Southward was given Monday night at the home of Mrs. Ted Williams. Left to right are (seated) Mrs. O. Lewis Dinkins, mother of the groom-elect, Miss Southward and her mother, Mrs. Ira E. Southward. Standing are hostesses Miss Sherry Lee, Mrs. J. H. Lee Jr., Mrs. Williams and Miss Linda Sue Williams.

Miss Strickland Honored At Bridal Luncheon

Mrs. Roy Williams was hostess for a recent luncheon honoring bride-elect Miss Frances Strickland.

A color scheme of blue and white was used in decorations including a beautiful floral arrangement on the serving table. White wedding bells hung from the chandelier and place cards carried out the bridal theme.

The honoree's place was marked with white ribbon streamers attached to the centerpiece and held by a miniature bride and groom.

The hostess presented Miss Strickland with two salad plates in her chosen pattern of china and a hand painted china plate.

Enjoying the party with the honoree were her mother Mrs. M. R. Strickland, Mrs. Roy Williams, Miss Sally Williams, Miss Marilyn McDaniel, Mrs. John Ivey, Mrs. Howard Wheelchel, Mrs. T. F. McDaniel and Mrs. Dick Aiken.

Also the Misses Sally, Betty and Linda A. Williams, Sherlene Shepard, Diana Haynes, Niki Ashby, Deanna Nichols, Sunny Skinner, Suzanne Jones, Vida Sue Smith, Bonnie Stoffer, Merritt Phillips, Ann Schumacher, Bonnie Gilew, Barbara Bradley, Judy Burchall and Judy Heron.

To order send 50 cents in coins for each pattern to:
Creative Woman
Sanford Herald
Box 438, Midtown Station
New York 18, N. Y.

Print name, address with style number and size.

Personals

Mrs. John J. Duren left Friday night to be the guest of Mr. and Mrs. M. E. Higgins in Palatka.

Friends of Mrs. H. E. (Libbey) Long will be glad to know that she has returned to her home at 2100 Lake Dr. from Seminole Memorial Hospital. She is recuperating from minor surgery and expects to be out again next week.

The best care for plywood walls is to dust them often and wash them occasionally with thick soap or detergent suds on a damp sponge. Then rinse and wipe dry. If desired, finish up by applying furniture polish to protect the clean plywood.

Dinner Party Given By Doris Faber

By Helen Snodgrass
Miss Doris Faber of Enterprise, entertained with a dinner party last Sunday at her home on Lake Shore Drive.

Guests were weekend houseguests, Mrs. Ruth Price Tyre and daughter, Julie of Palatka; Mrs. Lena and Bob Shope, of Orlando; Miss Karen Brooks, Maitland; Miss Euretta and Mr. and Mrs. G. G. McAlexander and daughter, Zona of DeLand.

Also Mr. and Mrs. Mullus Peterson and children, Andrea and Bryan, of Winter Haven; Mr. and Mrs. Dick Smith, Danny, Cathy, Steve, Netia and Tommy, of DeBary; Foster and Carol Wilcox, Mrs. Mae Wigmore, Mr. and Mrs. Leonard Hartwell and children, Tamara, Willie, Benny Joe, Johnny and Jeffrey Wayne.

Tamara celebrated her fifth birthday in Doris' Sunday School Class at the Barnett Memorial Methodist Church, that morning.

'How To Yell And Be A Lady'

By DOROTHY AUSTIN

Do you realize that only a little over three weeks remain until the opening of school, and just about six weeks until the first varsity football game, which will be with Titusville, here?

It's true. Consequently, Seminole High School cheerleaders, who are the front-running spirit of school activity, already are busy making posters and banners calculated to give that school spirit a healthy stirring.

Next week, they begin practice sessions in "How to Yell and Scream and Jump Up and Down and Still Be a Lady".

In fact, cheerleaders are probably the only girls who can get away with that kind of action. They not only get away with it, but they get everyone else to do it too. These lively girls, who are chosen by a faculty committee for their spirit, stamina, looks, brains and ability, have a busy and active schedule mapped out for themselves all year long, beginning while others are still enjoying summer vacations, and adding long hours of practice sessions after school every day.

Gathering recently at the home of Carol Samuel, "A" squad captain this year, were assistant head cheerleader Carol Oxford and Carol Torres (the three Carol's), Ceni Wheatland, Bonnie Cio, Linda Spencer, Barbara Bolger and Susan Piercy.

In addition to making posters and banners, the girls made plans for a car wash to be held at the Phillips 66 Station at the corner of Park Ave. and Third St. on August 17.

In this they will be assisted by the "B" squad cheerleaders, who are Darlene Fedder, Marilyn Epps, Carol Bessner, Barbara Thomas, Betty Wiggins and Mary Nell Griffith. The B squad has not as yet chosen its captain for the year.

Two changes will take place this year for the cheerleaders. Mrs. Mary Joyce Bateman will take over as faculty sponsor and the girls will trade their traditional white pleated skirts for black ones (in the interest of washing, ironing and cleaning bills.)

But there will be no change in the orange and black middie and white blouses, nor will there be any change in the vivacious spirit and eye-catching prettiness that is traditional with Seminole High School's cheerleading squads.

New Astronauts Train In Hot Nevada Desert

RENO, Nev. (UPI) — Nine new astronauts practiced desert survival techniques in a remote sagebrush and sand area of Nevada today as part of an intensive five-day course to prepare them for the Gemini spacecraft programs.

The spacemen worked with mockups of the two-man space capsule.

Temperatures at sand level recently have reached 130 degrees.

The astronaut trainees are civilians Neil A. Armstrong and Elliott M. See Jr.; Air Force Maj. Frank Borman; Air Force Capt. Edward H. White II, Air Force Capt. James A. McDivitt; Air Force Capt. Thomas E. Stafford; Navy Lt. Cdr. John Young; Navy Lt. Cdr. James A. Lovell Jr. and Navy Lt. Charles Conrad Jr.

MP Blames U. S. For Castro Rule

LONDON (UPI) — Sydney Silverman, a labor member of parliament, returned from a visit to Cuba last night and blamed the United States for forcing Premier Fidel Castro into the Communist camp.

Silverman said his party of labor M.P.'s returned from their trip to Cuba "convinced that for better or worse the Castro Regime is firmly established and has the complete confidence, not of all the people, but of most of them."

THE FLOOR is the only sensible place to make posters, as proved by these Seminole High cheerleaders who spread their art work out in the living room at Captain Carol Samuel's home. Three members of the squad (top photo), Ceni Wheatland, Carol Oxford, co-captain, and Carol Samuel, are assisted by Robbie Blake, a former SHS cheerleader and vacation houseguest of Miss Wheatland. Not ready yet for any public appearance (lower photo) are these A squad cheerleaders—poster designers Carol Torres, Bonnie Cio and Linda Spencer. (Herald Photos)

Servicemen Seen As 'Tool' By Lawmaker

WASHINGTON (UPI) — Rep. F. Edward Hebert (D-La.) today accused the administration of using servicemen as a "tool" in its desegregation campaign.

In a speech on the House floor, Hebert attacked a Defense Department order authorizing military commanders to make communities discriminating against Negroes "off limits" to servicemen.

Hebert termed the order "economic blackmail." He said it would also mean that servicemen would no longer have the right to determine how they will spend their off duty hours.

Hebert said that until "now" servicemen felt that they belonged to an organization that existed to provide security for the nation. Instead, Hebert said, the military now has become a political tool "of the attorney general, the President and the secretary of defense."

Other congressional news: Debt: House leaders called up for debate today a bill to extend the record high legal ceiling for the national debt. The debt ceiling now stands at \$309 billion. Under terms of the proposed bill it would be extended for three additional months until Nov. 30.

Taxes: The House Ways and Means Committee today began work on the final items of the administration's tax program that it must act on before getting down to work on the proposed tax cut.

The committee went into its sixth day of work on the program with only a handful left of the structural changes in the tax law recommended by President Kennedy.

Committee members hope to finish their work in two or three days and then will turn to the tax cut plan.

Sandra J. Cox Funeral Held

Sandra Jane Cox, one-day-old daughter of Mr. and Mrs. Ernest Cox Jr., 3515 Orlando Drive, died early Tuesday at Seminole Memorial Hospital.

Besides the parents, there are three sisters, Susan, Diane and Janet.

Gravestone services were held at 8:30 a.m. Tuesday in All Souls Catholic Cemetery with Father Richard Lyons officiating.

Grankow Funeral Home was in charge of arrangements.

DUNKED SKUNK — Ten-year-old Terry Moore watches proudly as her unusual pet, Putois, an eight-week-old skunk, paddles along behind her in Lake Winfield at Terryville, Conn. Putois was found abandoned as a baby and was desecrated to make him socially acceptable. The spunky skunk loves to swim.

Marilyn Monroe Found Dead One Year Ago

An unwanted child who became one of the world's most wanted women was found dead one year ago in her exclusive Brentwood home. And today the death of Marilyn Monroe remains an enigma.

Born out of wedlock, she gained fame and fortune as the sex symbol of America. But she never found the peace of mind she so avidly sought. And at the age of 36, America's sex goddess was dead of an overdose of barbiturates.

Her body was found by her psychiatrist who had to smash a window to get into her locked bedroom. He found her nude body sprawled across her bed—her hand grasping a telephone. An empty medicine bottle that had contained as many as 50 Meprobital capsules three days earlier was found on a bedside table.

The coroner's report said Miss Monroe had attempted suicide in the past, but had called for help. The report continued: "It is our opinion that the same pattern was repeated except for the rescue."

More than 300 persons lined the walls of the small cemetery the day her body was entombed in a mausoleum.

Admirers and other close friends still stop to place flowers on her crypt. And Joe DiMaggio, former New York Yankee slugger who was her husband for nine months in 1954, still has a small spray of roses placed on the crypt three times a week.

But cemetery officials said they expected no problems—and very few visitors—at the tomb today.

Down With U. S.

Half a dozen states have approved the so-called liberty amendments to the U. S. Constitution, which would abolish the federal personal income tax and other levies while prohibiting the government from competing with private business.

These proposals also have been introduced in Congress in hope the amending process might get started there.

When the states initiate a constitutional change, two-thirds of them must approve before Congress goes into action. Wherever a measure begins, it ultimately requires endorsement by three-fourths of the states.

The amendment that would eliminate the U. S. personal income tax plus levies on estates and gifts is framed so that it would not take effect unless and until the companion plan was already approved—the removal of the federal government from private competition. A three-year gap between effective dates is provided.

The notion here is that savings and the predicted rise in business resulting from this latter action, earnings with parallel gains in business tax revenues, would be an important offset to the revenue losses incident to ending the personal levies.

Yet there is no contention that the offset would be more than partial. Drastic budget cuts would be required to bring the budget into balance and produce a surplus.

The proponents of the liberty amendments make no secret of it. They would chop \$23 billion out of defense. They would wipe out all foreign aid and other "international" outlays to the tune of more than \$2.5 billion. And they would slash \$2.1 billion from "natural resources," which include atomic energy outlays.

From agriculture expenditures they would peel off \$5 billion, from welfare costs some \$4.3 billion, from "commerce and housing" another \$2.5 billion.

The question Americans must ask is: just how realistic are the prospects that such cuts could be made? Leave out of account the proposed slash of some \$12 billion from various federal activities in the domestic field. These of course would affect materially the lot of the U. S. farmer, the growth of our cities, the handling of our underprivileged.

The really stunning blow is to defense and atomic energy. Today outlays in these areas run between \$50 billion and \$60 billion. It is being suggested that they be reduced by half.

What kind of military establishment would this leave us? What would this do to our effort in the nuclear arms competition? The effect could hardly be less than catastrophic.

Yet many of the same people who favor the liberty amendments not only want the United States strong militarily, but demand that it undertake the conquest of Cuba and other foreign adventures where Communists are pressing hard.

The three-year Korean war, not exactly a massive conflict, added \$11 billion to the federal debt above and beyond outlays which could be offset by tax revenues. Costs are higher today.

Set against the harsh facts of life in 1963, the liberty amendment must surely strike most Americans as the sheepest fancy.

Lyle C. Wilson Says:

Zip Code Seen As Flop

Guest conductor and also subject of today's essay will be Ernest F. Lyons, who should be the envy of every press association and newspaper working staff who manuevers this piece toward print or into the waste basket.

Lyons probably has the best job in journalism. He is editor of the *Stuart (Fla.) News* which means that he works and goes fishing in the Stuart-Jensen Beach area of east coast Florida.

The *News* is a weekly, fat with local news, advertising and pictures each Thursday. It easily would rate among the 10 best weeklies in the United States. The combination of an exceptionally good newspaper in the exceptionally delightful Stuart-Jensen Beach area is what makes Lyons' job, maybe, the best in journalism.

Lyons is a friendly man slow to anger. The Post Office Department's new zip code, however, is too much for editor Lyons. He says it will be a flop and he fears

it will be the most expensive burden on business and industry since taxes. In the *News*, Lyons wrote:

"The U. S. printing industry should chip in for a solid gold monument to Postmaster General F. Edward Day. This new zip-code numbers, coming as they do ahead of dog days, will be a shooting-arm to the printers in an otherwise dull period and will cost American business untold millions of dollars.

"Indeed, if we were in the printing business (the *News* has no job shop), we would call in our salesmen and give them a pep talk. 'Get out there boys and sell! Every letterhead and envelope in the U.S.A. is out of date. They got no zip!'

"And there would be a sense of urgency in our attempt to get this business, the sweetest printing plum since the phone companies changed over to the dial system.

"For common sense would tell us that zip is going to be

OUT OUR WAY

WHY'D YOU MAKE ME GROW UP AT THE HOOPLE HOUSE WITH AN OLD DICTIONARY ALL WRAPPED UP IN JAKE? ANYTIME WHEN I WANDERED YOUR HEAD TO MAKE THAT PHONY ACCIDENT STORY SOUND GOOD I WRAPPED IT TOO TIGHT AN' SHORT-CIRCUITED YOUR THINK BOX!

NAN, I WAS JUST TRYIN' TO KEEP THEM CREEPY BOARDERS AWAY FROM MY BUNSCHEL BY ACTIN' BROKE AN' CRUMBEAK! THEY WOULD'VE BEEN AFTER ME LIKE A TIGER ON A LAME GOAT! HAN-HAN!

I TOOK THE BRIDGE OFF—AFTER TH' FIRST DRY SO'S NOT TO OVERDO IT, AN' WHEN AMOS BUTTERED IN I TOOK HIM FER A FEW BUCKS JUST FER LAUGH!

END OF A PERFECT DAY!

Dr. Crane's Worry Clinic

Nora's case is a terrible tragedy. It could have been avoided, too, if Nora had not confused "stage fright love" with the real McCoy. Most divorces could easily have been avoided. So learn the facts about love. And try to resurrect some of your courtship emotions at least once per week via a special date with your mate!

CASE Q-415: Nora G., aged 28, has been married twice. Before her first wedding, she had two ardent suitors, named Harry and Paul. Harry won out, so they were happily married.

Nora was thrilled during the honeymoon and for the first year or two afterwards. Then she noticed that her pulse no longer zoomed when Harry kissed her goodbye en route to his office each morning.

Nor did her blood pressure rise when he would telephone her that he would be late for dinner.

Vaguely, Nora began to wonder at this stodgy nature of their relationship.

Then, quite by chance, she bumped into Paul on the street. He invited her to have lunch with him. And afterwards, he took her for a drive along the lake shore

region north of Evanston. It was Spring and when they parked at one of their old trysting spots overlooking Lake Michigan, Paul sneaked his arm around Nora.

When he kissed her, she got butterflies in her stomach and felt tingly all over.

So she later told her husband that she felt they were not physically adjusted but that Paul and she inflamed each other.

So Harry gallantly decided to step aside and give her a divorce, which he did. Then she married Paul.

Throughout the honeymoon and first year she felt exhilarated by Paul's kisses and love making.

But eventually they leveled off and reached the same stodgy emotional relationship she had felt when she had been married to Harry.

For when Paul now kissed her goodbye in the morning, her pulse didn't zoom.

When he telephoned from the office, her blood pressure failed to skyrocket.

They were simply at the usual emotional level of the average couple who are much like brother and sister most of the week.

But one day she met Harry, her ex-husband, on Davis Street in Evanston.

He invited her to lunch at a restaurant they had formerly frequented when they were sweethearts.

Then he invited her to drive over to the Northwestern University campus. They parked and Harry turned on his car radio.

Some music issued forth, including one of their favorite tunes.

So Harry put his arm around her and gave her a kiss.

Her pulse zoomed. Her blood pressure skyrocketed. Butterflies fluttered in her stomach.

"Dr. Crane," she exclaimed, "don't you think I should divorce Paul and go back to Harry?"

"For I am now much more responsive to Harry than to Paul!"

Alas, this wife was simply confusing "stage fright love" with the real McCoy.

For the strange kiss always has novelty value so it seems more thrilling at the moment. Take care!

Political Notebook

WASHINGTON (NEA) — A year before the Republican National Convention nominates its 1964 presidential candidate in San Francisco, the job seems up for grabs.

Sixteen possibilities are already being mentioned. More may be expected. The fact that so many nominees are being put in the running indicates nobody has the nomination sewed up.

The current theory of some observers that New York Gov. Nelson Rockefeller and Arizona Sen. Barry Goldwater have knocked each other out on the civil rights and far-right issues is probably premature. There is still plenty of steam behind both drives, though neither man has formally announced.

The factor which brings out all the other presidential possibilities seems to be a fear that Rockefeller and Goldwater will have about equal tie-hard strength at San Francisco, with neither being able to get a majority for the nomination.

Since both Rockefeller and Goldwater have their enemies as well as their friends, the hunt is on for a compromise candidate nobody is mad at and who would satisfy a majority in the badly split GOP.

This is what brings out the favorite son suggestions. They would control state delegations for the opening ballots to establish bargaining positions. There are eight so far.

In preferred positions are Gov. George Romney of Michigan, who is not far behind the two leaders, and Gov. William W. Scranton of Pennsylvania. There are two other governors, James A. Rhodes of Ohio and Mark Hatfield of Oregon.

In Congress there are three favorite son senators — Gordon Allott of Colorado, Clifford Case of New Jersey and Thurston B. Morton of Kentucky, though the last two disclaim any interest. Finally, Rep. James W. Byrnes of Wisconsin.

Then you come to the really dark horses of whom there are six so far. Sen. Thomas H. Kuchel and ex-Sen. William F. Knowland of California are being proposed to head their state delegations as favorite son candidates for bargaining purposes. There is an element here of keeping the ultraconservatives from capturing the delegation and going for Goldwater.

While former Vice President Richard M. Nixon — now a New Yorker — has announced he will not be a candidate in 1964, he does expect to have a loud voice in naming the candidate. If offered the nomination as a compromise, he'd probably take it.

Gen. Lucius D. Clay is being boomed for the nomination by a committee headed by former Rep. Hamilton Fish of New York. Gen. Clay says he is not a candidate. Mr. Fish says the general would be responsive to a draft.

Sen. John J. Williams of Delaware is being suggested by another group headed by Nicholas L. Krusman, a New York envelope manufacturer. Sen. Williams has made a great record as an exposé of government waste and inefficiency. He has considerable support from businessmen. But in his home state he is regarded more as a vice presidential possibility.

All the presidential possibilities who don't get top place on the GOP ticket may also be put in this class.

The most intriguing dark horse who has just come out of the shadows is Dr. Milton S. Eisenhower, Ike's brother, who is now president of Johns Hopkins University. All Republicans agree that the Eisenhower name is still magic with voters.

Dr. Eisenhower recently took over chairmanship of a Critical Issues Council for the Republican Citizens Committee. This is the group organized at the Eisenhower farm a year ago to muster support from independent and Democratic voters.

The Citizens Committee has insisted all along that it is not an initiator of the Democratic Advisory Committee which operated under the late National Committee Chairman Paul Butler during the Eisenhower administration. But many responsible Republican leaders now admit that the policy papers prepared by DAC are responsible for John F. Kennedy being in the White House today.

If Dr. Milton Eisenhower could perform a similar miracle for the Republicans within the next year, it is conceded he might be the dark horse of destiny they are looking for.

It's One House Member To Each 67,594 Persons In Metro Areas

TALLAHASSEE (UPI) — A research director at Florida State University said today that even with the newly appointed Florida Legislature, the House which met this year had only one representative for every 67,594 persons in the largest metropolitan areas compared with one for every 25,137 in the remainder of the state.

In the Senate, the average representation was one senator for every 330,859 persons in the urban centers compared with one for every 57,314 in all other counties.

In Levy, Dixie and Gilchrist counties, the average was one senator for every 18,000 persons.

Dr. Albert T. Sturm, director of FSU's Institute of Government, discussed reapportionment in a talk to a seminar on contemporary ideas and ideals.

He said Florida's urban population increased 102 per cent between 1950 and 1960, larger than any of the other states. California's gain was only 59 per cent in urban population, he said.

He said the gains resulted in the designation of seven Florida areas as "standard metropolitan statistical areas" by the census bureau. These areas are major cities together with limited surrounding areas of heavy population.

Using 1962 population estimates of the State Development Commission, Sturm gave these figures for the number of persons for each

of the House representatives of the metropolitan areas in the present legislature:

Broward 75,000, Dade 73,150, Duval 63,913, Hillsborough-Pinellas 67,858, Palm Beach 63,225, Orange-Seminole 58,333, Escambia-Santa Rosa 53,950.

The average of one representative for every 67,594 persons contrasted with one for 2,600 in Glades County, Sturm said.

His breakdown for senatorial representation of metropolitan areas was: Broward 377,000, Dade 312,031, Duval 382,600, Hillsborough - Pinellas 407,150, Palm Beach 252,900, Orange - Seminole 174,100, and Escambia - Santa Rosa 110,400.
