# The Sanford Herald

WEATHER: Clear and slightly warmer tonight and tomorrow. High today, 70-75. Low tonight, 50-55.

VOL. XLIX United Press Leased Wire Established 1908 MONDAY, NOVEMBER 9, 1959 SANFORD, FLORIDA NO. 569

DOUGLAS AIRCRAFT personnel at the Naval Air Station and their wives held their annual buffet dinner at the home of Mr. and Mrs. Sam Day of Lake Mary, Day, fourth from left, cuts into a choice roast while Mrs. Day watches. Ready customers are Larry Reaser, John Latherow and Bob Roza. Some 200 guests attended the event. Among the guests were Capt. and Mrs. J. D. Ramage and Cdr. Lewis D. Tamny, CO and executive officer of the Sanford NAS. (Staff Photo)

## Raging Tanker Blasts Kill 8; Threatens Port

HOUSTON, Texas (UPI) — A towering gasoline fire aboard the 20,000-ton tanker Amoco Virginia appeared today to be under control after claiming the lives of at least seven crewmen and a fireman.

The fire had threatened disaster in the area for 18 hours.

"We have managed to keep it contained through the night," Fire Chief C. M. Bullock said. "But we still have an impending danger."

At least 44 persons were injured in the series of eight blasts, including 19 of the 43-man crew and 25 firemen and rescue workers.

Three other crewmen still were unaccounted for. They had checked off the ship Saturday for shore leave and hadn't been heard from.

There was another brief flare-up about midnight, but firemen sprayed more foam and water over the area and the billowing clouds of black smoke were snuffed out again. The blackened ship continued to smolder today.

Firemen were able to get aboard late Sunday and found the bodies of seven crewmen. While other firemen were spraying water over the deck to keep it cool down early today, one of them, H. D. Chandler, slipped and fell into a hold partially filled with oil.

He drowned in the black pool of oil before fellow firemen could get him out.

The body of Capt. R. R. Combe, the senior captain of the Amoco fleet, was found at the foot of a catwalk aft of the No. 7 cargo hatch. The Amoco Virginia was the fleet flagship.

The blowout, which endangered a waterfront area in which 50,000 to 60,000 persons live, began at 12:30 a. m. Sunday while a barge was feeding gasoline to the tanker, about to start in voyage to New York.

Eyewitnesses said a fire danced across the water from the barge to the ship.

The first explosion on the Amoco Virginia shook houses five or six miles away.

Jim Edmonds, 46, is a cargo inspector. Sometimes he is absent-minded. Edmonds started to go aboard the Amoco Virginia minutes before it happened. Then he

remembered he had not brought his inspection papers with him. He went back to his automobile to get the forms. The first blast sent him diving for cover.

Then there were two more blasts. Then three more.

"The good Lord was watching over me," Edmonds said. "If I hadn't forgotten the forms I would probably be dead now."

The Amoco Virginia was believed to have had a crew of 43 aboard when it burst into flames. Her decks became so hot that one of the crewmen who hopped across them, Howard Seary of Houston, said the soles of their shoes sizzled like steaks on a griddle.

## It'll Be Warmer

A gradual warmup was forecast for Seminole County today after the coldest weekend of the fall.

Temperatures dipped as low as 45 degrees Saturday and Sunday but are expected to go over the 60 mark today.

County Agent Cecil Tucker reported this morning that there was no danger of citrus fruit freezing and no frost danger in prospect.

Temperatures tonight are expected to be in the high 50's, according to the Central Florida Experimental Station.

## Two County Residents Killed in Auto Crash

Two Seminole County men were killed instantly when their car crashed into a cement bridge on State Highway 419 late Saturday afternoon, the Florida Highway Patrol reported.

The two were identified as Russell Sidney Evans, 27, of Geneva and William Patrick Freeman, 37, of Lake Mary.

Highway Patrol investigators said the car, driven by Freeman, ran off the road three miles west of Oviedo on 419 and hit the cement bridge.

Both men died of severe head injuries, according to Patrolman Olin Garrett.

Funeral services for Evans were held this afternoon at 2 p. m. at the Geneva Baptist church by the Rev. Jack Stewart officiating. Burial was in the Geneva Cemetery with Gramkow Funeral Home in charge.

Pallbearers were Sheriff J. L. Hubby, James Singletary, Carl Smith, Frank Jones, Buddy LeFils, and Louis Alliman.

He is survived by his parents, Mr. and Mrs. Andy E. Evans, Geneva; three brothers, Claude of Daytona Beach, Andy and Thomas, both of Geneva; one sister, Mrs. Emma Lou Collins of Welaka; maternal grandfather, Claude H. Head of Russellville, Ky.; and four aunts and uncles.

Gramkow Funeral Home will send Freeman's body to C. Kamp and Sons Funeral Home in Chicago Tuesday for services and burial there.

Freeman came here from Chicago in 1955 and was a member of the Lake Mary Presbyterian Church. He also was a member of the Moose Lodge and belonged to a VFW unit in Chicago.

He leaves his wife, Helen; son, William James, and daughter, Helen of Lake Mary; his mother, Mrs. Catherine Freeman and sister, Mrs. Catherine Brodtkorb of Chicago; two brothers, Michael H., also of Chicago and James of Milwaukee, Wis.

Funeral services for Evans were held this afternoon at 2 p. m. at the Geneva Baptist church by the Rev. Jack Stewart officiating. Burial was in the Geneva Cemetery with Gramkow Funeral Home in charge.

Pallbearers were Sheriff J. L. Hubby, James Singletary, Carl Smith, Frank Jones, Buddy LeFils, and Louis Alliman.

He is survived by his parents, Mr. and Mrs. Andy E. Evans, Geneva; three brothers, Claude of Daytona Beach, Andy and Thomas, both of Geneva; one sister, Mrs. Emma Lou Collins of Welaka; maternal grandfather, Claude H. Head of Russellville, Ky.; and four aunts and uncles.

Gramkow Funeral Home will send Freeman's body to C. Kamp and Sons Funeral Home in Chicago Tuesday for services and burial there.

## No Clerk

There was no word today on an appointment to fill the vacancy left by the resignation of Circuit Court Clerk O. P. Herndon.

The office of Gov. LeRoy Collins also has declined to indicate when Herndon's resignation may be accepted, reporting only that it had been received. Apparently the appointment of a new circuit clerk will be announced at the same time the resignation is officially accepted by the governor.

There were no reports of applicants for, or recommendations for, the clerk's job other than Arthur Beckwith Jr. and David Gatchel.

## News Briefs

**Climbers Saved**  
KATMANDU, Nepal (UPI)—The Nepal government announced today that 32 members of a Japanese mountain-climbing team feared killed in an avalanche actually "are safe and are returning to Katmandu shortly."

**Man Shot After Chase**  
OCALA (UPI)—A city policeman shot and killed a 24-year-old Negro man after a chase and exchange of gunfire Sunday. Authorities said Policeman D. R. Price was making a routine check of a grocery in the Negro section when he found Aaron Haynes struggling with a Negro woman.

**No Money Spent**  
TALLAHASSEE (UPI)—Florida's two announced candidates for governor reported today they neither received nor spent any campaign contributions last week. The candidates, Sen. Harvie J. Belser of Bonifay, and George A. Downs of Winter Park, are the only office seekers who have officially announced their intentions to run for the gubernatorial office.

**County May Act**  
WASHINGTON (UPI)—The Supreme Court may act today in the long-standing dispute between Teamsters President James R. Hoffa and a court-appointed board of monitors. The high tribunal meets in regular session for opinions, orders and arguments after disposing of the steel case in a decision handed down on Saturday.

**Education Week Set**  
TALLAHASSEE (UPI)—State School Supt. Thomas D. Bailey today urged parents to visit their children's teachers during American Education Week. In a filmed statement for television use, Bailey said parents should never let their children be taught by a stranger and urged parents to visit the schools this week, American Education Week is Nov. 8-14.

**Stalemate**  
BOSTON (UPI)—The apparent absence of any effort to reopen negotiations in the four-day-old Boston newspaper strike prompted fears today that it might last longer than the 21-day walkout in 1957. Publishers of the newspapers and the striking union printers made no effort to contact each other over the weekend. Neither had any statements on the status of the dispute.

**Ike, Rockefeller Dispute Denied**  
WASHINGTON (UPI)—The White House denied today that President Eisenhower had rebuked Gov. Nelson A. Rockefeller of New York for advocating a tougher line toward the Soviet Union.

Presidential News Secretary James C. Hagerly was asked about a report published Sunday by the Washington Post and Times-Herald that the President had rebuked or admonished Rockefeller for disagreeing with the administration's new approach to Russia.

"I would like to make a last-minute appeal to all citizens of Seminole County who have not made their 1959 contribution to the United Fund—please do so now," Peterson said. "The amount is entirely up to you. We now have approximately 82 per cent of our county goal. Our goal is \$41,221. This figure represents only 80 cents per person for the county. So far, 2,000 gifts have accounted for the 82 per cent mentioned. Latest reports estimate county population at 52,100 people. Don't let someone else carry your share. Make your contribution either large or small. Let's have 100 per cent participation regardless of the goal."

"Where does your money go? We now have eight agencies represented in the United Fund. These agencies submit budgets to

## Government Determined To Halt New Strike Effort

CANCER SURVEY material is being studied by Mrs. R. E. Stutman, left, chairman of the county survey sponsored by the Woman's Club; Mrs. Paul Colman, coordinator of the survey, and Mrs. Thomas Largen, education chairman of the Cancer Society. The Woman's Club group is seeking 300 families to volunteer for the study to get statistics for cancer research. (Staff Photo)

## Traffic, Drainage On Board's Agenda

Two of the county's most crucial problems will be discussed at the county commission meeting tomorrow.

H. T. Stanley, assistant state conservationist will discuss drainage with the board and point out methods whereby the state and federal government can aid in drainage control.

The board of commissioners will also hear from Henry Boggs, traffic planner for the State Road Department who will give his report on the status of the county.

The commission authorized Boggs to make a complete survey of traffic conditions a few months ago.

## Cancer Victim Given Up For Dead Recovers

BREMERTON, Wash. (UPI) — Joseph W. Mayerle, given up to the seven months ago, today was looking for work and doctors were hoping that he may be a living cure for cancer.

Seven months ago the 31-year-old ex-bartender walked out of the Seattle veterans' hospital after doctors had told him they couldn't do anything to save his life. An exploratory operation showed his lungs were shot through with cancer.

He weighed 128 pounds. He had only a few weeks to live, doctors told him.

As he cheerfully chopped wood Sunday, Mayerle said, "I can break a leather belt around my chest right now." He weighs 158 pounds.

Three months after being told he would die, Mayerle walked into his doctor's office, rosy-cheeked and bubbling health.

"When my physician saw me enter his office, he turned white as a ghost," Mayerle recalled. "I had just been home a few days after they told me I'd die, when John Foster Dulles died. I read that some doctor said people never died with cancer, but died of starvation because they couldn't eat."

"I decided I wouldn't die of starvation, so I forced myself, and the wife and kids kept at me, to eat, keep my stomach full."

Mayerle said he followed no diet, just ate what he wanted to.

"We paid a little more for groceries than we would have ordinarily," he said, "but then, I guess we figured it was worth it."

Mayerle, who said he smokes cigarettes regularly now, and has smoked a pack and a half daily since he was 27, now is hoping to find work to support his wife and three children. His third youngster was born just four weeks ago.

Doctors hope Mayerle may be a walking cure for cancer. They were unable to explain his recovery, but said his lungs are completely free of malignancy.

A pint of Mayerle's blood will be used with another cancer victim soon to discern whether a cure is possible.

Doctors hope Mayerle may be a walking cure for cancer. They were unable to explain his recovery, but said his lungs are completely free of malignancy.

A pint of Mayerle's blood will be used with another cancer victim soon to discern whether a cure is possible.

## Youth Is Injured As Car Hits Field

Seminole High School student John Alfred was reported in good condition at Seminole Memorial Hospital this morning after his car skidded 200 feet into a field on Lake Mary Rd. about 8 p. m. yesterday.

Alfred, a basketball and track team member, apparently rounded a turn at Lake Mary Rd. and 25th St. at excessive speed, Deputy Robert Grant said. The car went 182 feet off one side of the road, then crossed the street and carried a barbed wire fence 200 feet before stopping. Barbara Bradley, a passenger in Alfred's car, ran to a nearby house to get help, according to the sheriff's office. She was reported to have suffered forehead lacerations.

## Workers Return To Mills

WASHINGTON (UPI) — The administration appeared determined today to prevent a resumption of the steel strike at the end of the 80-day back-to-work order.

Labor Secretary James P. Mitchell said Sunday President Eisenhower would send Congress recommendations for ending the walkout if the dispute is not settled by the time the Taft-Hartley injunction expires.

He said it would be up to Congress to settle the strike in that event. In an election year, Mitchell added, this could lead to legislation that would not be in the interests of either union or management.

Under the Taft-Hartley order upheld by the Supreme Court Saturday, the strike could be resumed after the 80-day period which ends Jan. 28. Congress reconvenes Jan. 6.

At Pittsburgh, production workers returned to the nation's steel mills in increasing numbers today and the first trickle of steel poured from reheated furnaces.

Workers, grumbling about the Taft-Hartley injunction which ended their 116-day, walkout, tapped a few furnaces while maintenance crews toiled to repair damage to other facilities caused by long idleness.

Although smoke belched from furnaces from coast to coast, less than half of the 260,000 workers were called back to work and full production appeared as much as six weeks away, half of the 80-day duration of the Supreme Court directed injunction period.

In addition to millhands, recall orders went to rail workers, Great Lakes ore ship crews, and coal and iron miners.

But as steel men returned gradually to their jobs, the steel-short automobile industry prepared to lay off even more workers as supplies dwindled and no appreciable supply quantity from reopened mills was in sight soon.

Some 250,000 auto workers, mostly General Motors employes, are idle and management warned it would be some time before they could be ordered back.

## Trial Of Woman In Murder Starts

A six-man Circuit Court jury today heard testimony from two law enforcement officers in the second degree murder trial of Betty Jean Baker, a Sanford Negro charged with stabbing Ira Goolbsy Feb. 14.

Sanford Policeman Richard Cogrove testified that Goolbsy, before he died from stab wounds on that date, cried out that "Betty Jean Baker did it."

The jury also heard from Constable J. Q. Galloway, who told of getting the report of the stabbing at Sanford and Cypress Aves.

Both men testified that Goolbsy died of wounds in his chest while in the emergency room of Seminole Memorial Hospital.

Jurors appointed in the trial are S. M. Tully, J. W. Decker, C. E. Minter, Paul Dixon, Monroe Caldwell and M. E. Conway.

## Two Firms Report Weekend Break-Ins

Weekend break-ins and robberies were reported to city police by two Sanford establishments this morning.

H. C. Whitmore said that \$120 was taken from Lee Bros. Plumbing at 319 Elm St. sometime during the weekend. Pietro Mig. Co., 202 1/2 E. Commercial Ave., reported a breaking and entering case, theft of \$10 and a coffee pot.

## 2 Youths Named To Glee Club

Angel Campain, son of Mr. and Mrs. Dario Campain and Larry J. Bates, son of Mr. and Mrs. J. P. Bates have been selected as members of the Men's Glee Club at the University of Florida in Gainesville.

## Hope Appears Lost For Missing Judge

CHICAGO (UPI)—Police, FBI agents and a team of 106 skin-divers admitted today their search for missing Judge W. Lynn Parkinson had come to a dead end on a cold, gray Lake Michigan Beach.

The skin-divers combed the 36-degree waters off the Oak Street beach for hours Saturday, but failed to turn up a clue to the disappearance of the 57-year-old federal appeals court judge.

"There is no body in this area of the lake," Dan Wagner, a skin-diving expert said flatly. "The divers didn't see a single inch."

Police said they had no other definite clues to the baffling mystery, since earlier reports the judge was seen in Chicago and northern Indiana have been discounted.

Officers continued to check the report of an all-night cake cook who said he saw Parkinson in the restaurant last Saturday morning.

## Prisoner Escapes From Work Truck

A city prisoner escaped from a Sanford work truck this morning according to Sanford police.

John Tucker, five feet, eight inches, weighing 130 pounds, jumped off the work truck at First St. and French Ave.

Prison guard Donnie Stone, who was driving the truck, said he didn't know Tucker was gone until a prisoner in the rear of the truck told him. Tucker was wearing a light blue jail uniform and a brown hat. Henry Grady Moore, a 35-year-old city prisoner who escaped from a city work truck last Tuesday also was still at large this morning, said Police Chief Roy Williams.

## Volunteers To Meet

The Lake Mary Volunteer Fire Department will meet at 8 p. m. tomorrow at the fire house. Plans for a course in fire fighting and a demonstration of powder extinguishers will be the main items of business.

# Rain-Soaked Florida Faced Near Drought Few Months Ago

TALLAHASSEE (UPI) — Many farmers in Florida are glad to see a few months ago the state was in a "drought drought drought" and that the state was facing a near drought. In at least one instance, water was being piped up the valley to a central Florida lake to help overcome the dry spell.

# Hope Appears Dim For Pulp Plant Early Settlement

PALATKA (UPI) — Management officials said hopes are dim for an early settlement of the pulp plant. The plant is owned by the Florida Pulp and Paper Corp. and is located near Palatka.

# Miami Police Puzzled Over Race 'Hate' Signs

MIAMI (UPI) — Police were puzzled today over hate signs posted in several places in Miami. The signs were found in various parts of the city and were believed to be the work of a group of individuals.

# India-Red China Talks Asked On Border Crisis

NEW DELHI (UPI) — Chinese Communist Premier Chou En-lai today asked India to help in the border crisis. He said that the Chinese government was willing to talk with the Indian government to resolve the situation.

# Hunt Continues For Cuban Leader

MIAMI (UPI) — The hunt for the Cuban leader, Fidel Castro, continues. The U.S. government is still looking for him and his whereabouts are unknown.

# Mr. Treadway Dies in Hospital

Mr. Treadway, a prominent citizen, died in a hospital today. He was 75 years old and had been ill for some time. His death was a great loss to the community.

## County Loses Two Fine Officials

Two very fine county officials have given up their posts after long periods of public service.

The endless work never got them down, but recent illnesses have brought on the retirement of Circuit Court Clerk O. P. Herndon and Deputy Clerk E. L. Burdick.

Friday was their last day in the courthouse and they cleaned their desks of work as in any other day. Mr. Herndon has been on the job as clerk since 1935 and had served in other public capacities. Mr. Burdick worked in the clerk's office since 1926.

Not many people stay on the same jobs that long and very few render the unflinchingly faithful service that these two men did.

Mr. Herndon said he "will just take it easy and perhaps do a little work around the house." Mr. Burdick reckoned as how he will visit his children and "maybe do a little fishing."

They will be missed in the public service, but certainly deserve their rest.

## It's Progress That Really Counts

Merle Warner lost the city commission race, but he said something the night before the balloting which is important.

"Well, it doesn't really matter a whole lot which individuals sit on the commission as long as the progress we've started keeps going," he said.

"The city has a strong administrative setup and if it continues the future cannot help but take care of itself. I may lose the election, but I'm proud of having been on the commission while a lot of progress has been made."

That should be the goal of all public servants and politicians.

## Secure For Sure?

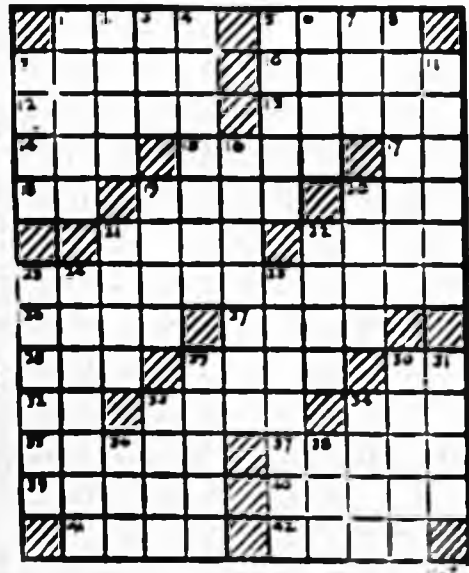

By GORDON J. TOLL.

When many people think of securities—the first thing that pops into their minds is usually American Telephone & Telegraph. We hear comments about it on street corners, bridge circles, barber shops, brokerage houses and in magazines. In a recent issue of Forbes magazine J. Donald Goodwin comments on it.

"If ever there was a growth company, it is A. T. & T. Indeed, recently an important financial service called attention to the fact that, during the last 10 years, the percentage gain in Telephone's profits was substantially ahead of that shown by many leading companies. Earnings this year are expected to be around \$5 per share vs. \$4.67 in 1958. Earnings should increase further during the years ahead and, I believe, another increase in the dividend will be forthcoming." There will be many happy people if and when Mr. Goodwin's prediction becomes a reality.

By ED KOTERBA  
(Editor's note: Ed Koterba is in the first party of newsmen heading into the Antarctic to report the start of the new polar scientific year.)  
The decision was made. And from the ice continent, the voice on the radio commanded: "Turn back."  
Slowly, the plane made a wide circle and headed north.  
We were 2 1/2 hours from the Antarctic Circle and six hours from the ice-cake landing field in Antarctica. But now we are returning to New Zealand, beaten once again by the vicious weather of the Antarctic.  
At that we are lucky. In another three hours the Navy Super Constellation would have reached the point of "no return." We would have to keep going, for there would not have been sufficient fuel to turn back.  
What had happened was the weather closed in on McMurdo Sound—and fast. A blizzard blew up with little warning. It swept across the Ross Sea and across the small clearing off the Naval base at McMurdo, 640 miles from the pole.  
Winds of 45 knots swept up loose snow and shoveled it horizontally across the base—the temperature dipped to 20 below—and visibility dropped to nearly zero. I went forward and asked Marine M-Sgt. Billy Baker, navigator, whose home town is Lexington, Tenn., what would have happened had we already crossed that "point." He looked at me as if to say, "What do you think?"

## Memoirs Claim Ike Played Golf During Big Battle

WASHINGTON (UPI) — The White House says President Eisenhower did not play golf in France during the 1944 Battle of the Bulge.  
News reports about the recently-published memoirs of Viscount Alanbrooke, chief of the British general staff in 1944, had given such an impression.  
One passage in the book said that Eisenhower was "on the golf links at Rheims, entirely detached and taking practically no part in running the war."  
White House Press Secretary James C. Hagerty said Thursday, however, that "somebody is exaggerating this."  
"From the time Allied troops landed in Europe until the war was over in Europe, the President didn't even have a golf club in his hand or play at a golf course," Hagerty said.  
Other White House aides pointed out Eisenhower had headquarters at a golf club outside Rheims for a time. The course was not playable, however, because of the mud and the fact that much of the course was covered by a military camp.  
Hagerty said that before the Normandy invasion, Eisenhower was quartered outside London, again on a converted golf course. Hagerty said a "few holes were left 'in a decrepit' ... raged condition" and the President played on them occasionally for exercise.

## Dog Replica

LONDON (UPI) — Lady Munnings had a blanket pass from bus collectors today for her dog which she carried everywhere for years. She had been ordered off buses and challenged by collectors because of her pekingese Black Knight. Most by now have come to recognize the dog Lady Munnings carries in a rubber replica of her famous pet—no charge, no trouble.

## Yoga Break Recommended For Nerves

BY FRANK KLEAZER  
WASHINGTON (UPI) — I've made it a lifetime practice not to stretch out on the floor in public alongside a girl whose name I don't know.  
But there has to be a first time I suppose, and the soft-spoken gray-haired lady in charge seemed pretty sure this was the time.  
Every hard-blooded American explained Indra Devi, smiling her blue silk sari gently around her, must learn to lie down on the job. We're all tense, she said. We are nervous. We have colds. Back aches. Ugly tempers. Heart attacks. What we need every day is a five-minute yoga break. Only please, Miss Indra implored, don't call it that.  
"Say relaxation break," she suggested. "Otherwise some people will laugh."  
"This is the lotus position," said Miss Indra, a 60-year-old Russian-born American whose name means sun goddess and is one she assumed years ago in India. "It is the classic posture for meditation."  
Meditation, I was relieved to learn, is attained only at the more advanced stages of yoga. All Miss Indra was hoping to sell us, at the start, was relaxation, a more basic manifestation of this ancient art. "So now let us lie down," she suggested.  
Four reporters, three male and one female, dutifully laid aside pencils and pads.  
"Pretend you are a drooping, long-stemmed water lily," is the way Miss Indra put it. "and slowly sink to the floor."  
I sank—collapsed is a better word—onto the green patterned rug in the Statler-Hilton's South American room, and pulled off my shoes as directed.  
"Close your eyes," soothed Miss Indra, as I lunged gracefully for a small container of equalized had fallen out of my pocket.  
"Relax. Breathe deeply. Think of your toes. Withdraw all activity from them."  
Now your feet. Then your legs. Relax your shoulders, your arms. Now your fingertips. Drop your chin. Relax your face.  
"Envision a cloud, a white, soft cloud. Drifting across the blue sky. Imagine that you are the cloud. You feel so at peace. Floating. Gliding along in the sky. There's a green valley below. A forest. A lake. In which you see your reflection. How pleasant is a cloud in the sky."  
"Now dismiss all thought from your mind. You are sinking into nothingness. You are relaxed."  
I didn't know how relaxed. But till she said get up, five minutes later.  
I neglected even to get the name of that nice young lady from the Washington Post who was doing her bit for yoga beside me.  
Miss Indra — some people call her Miss Devi but she said this like saying Miss Miss — lives in Hollywood with her doctor husband. She is here for free lectures on yoga. She also has a book sell on the subject. I must have been relaxing when she mentioned its title.

## Modern Peter Pan

GOLDEN, Colo. (UPI) — Barbara Ann Malpass of Albany, N. Y., who impersonated a 15-year-old boy for six months and fooled police, in three states, relaxed in a shirt and slacks today, but fretted about her crew cut.  
The 20-year-old fast talker said her imposture began six months ago when she left New York to "see the west."  
"I was scared to death," Barbara Ann said, every time she was confronted by police. But they never caught on.  
She soaked sponge baths during her 17-day stint in the Jefferson County Jail at Golden. Once she picked a fight to keep from having to share a cell with a boy.  
"It just got rolling along and I couldn't stop it," Barbara Ann said. "I took my shirt over her knees. The 5-foot, 8-inch lass had her close-cropped hair hidden beneath a scarf, but her stockings revealed very feminine legs."  
She trimmed her brown wavy hair into a duck tail when she set out from Albany on a hitchhike adventure through 25 states. She admitted she stole money in Golden in July, and soon after was arrested at Anderson, Ind., for hitchhiking rides.  
She slept in three different jails, but each time convinced police she was Charles Richard Williams, 16, a Shoshone, Wyo. orphaned runaway.  
Though she weighs 129 pounds, her loosely-clothed figure fooled even Sheriff Art Wermuth of Golden, the U. S. Marine's "one man army" on Batavia and a Medal of Honor Winner.  
She had to talk her head off to keep well - washed on Wermuth's staff from sending her to Boys Town, Neb.  
"I'm glad it's over with," Barbara Ann said. "I'm happy to be myself again."  
So good was her impersonation of a boy, Deputy Sheriff Sam Teague made her get a crew cut.  
"He said he didn't want me looking like a young hoodlum with a duck tail hair cut," Barbara Ann said. Only a wisp of bang showed beneath her scarf.  
After 17 days in the Jefferson County Jail, Barbara Ann was permitted to move in with Deputy Teague and his wife in September.  
The Teagues doubted her maid-

## Bee Post Office Means Just That

MAYHEM, Miss. (UPI) — The post office here is appropriately and officially called the "Bee Post Office."  
Postmistress Maude Morris got permission to switch the name to Bee because about 99 per cent of the post office's business is the 75,000 pounds of honey bees mailed to customers each year by Mayhem's chief industry, Silver Apiculture.

# Nuptial Plans Told

Mr. and Mrs. J. V. Holloway of Apopka, and formerly of Sanford, announce the engagement and approaching marriage of their daughter, Patricia Sue, to Robert Edwin Chandler, son of Mrs. Ruth Chandler and Mr. Curtis Chandler of Plymouth, Fla.

The marriage will take place at the First Baptist Church in Apopka, Nov. 26.

The bride-elect attended Seminole High School one year before moving to Apopka. She is a graduate of Apopka Memorial High School where she was president of the G. A. A., Celery Bowl queen, assistant editor of the school paper and home coming attendant.

The groom-elect is a graduate of Apopka Memorial High School. He was vice president of the Varsity Club and secretary of the Future Farmer's of America.

## Oviedo

### Personals

Mr. and Mrs. Tommy Staley and family, of Apopka, were visiting relatives here Sunday.

Mrs. J. H. Lee, Sr. had the pleasure of having her children from Sanford over Sunday, also, the J. H. Lee, Jr. family.

Mr. and Mrs. Johnny Roddenberry and family, of Orlando, visited with Mrs. Roddenberry's parents, Mr. and Mrs. W. G. Weitmon, Sunday.

Mr. and Mrs. Marvin Estes were recent visitors in Oviedo.

Mr. and Mrs. C. S. Lee had as their visitor Sunday their daughter, Mrs. Johnny Jones, of Jacksonville.

Charlie Niblack went to Tampa by train and drove home with Mrs. Niblack.

Donnie Malcolm is stationed at Ft. Hood, Texas; Keith Malcolm at Ft. Jackson, S. C. and Tommy Bryant at Great Lakes, Ill. All the recent enlistments and the sons of Mr. and Mrs. Irving Malcolm, Mr. and Mrs. J. O. Malcolm and the sons of Mr. and Mrs. J. T. Bryant, respectively.

Mr. and Mrs. C. B. Jones, Mr. and Mrs. Marvin Jones and family and Mrs. Guthridge, mother of Mrs. C. B. Jones, of Tampa, recently visited relatives and friends in Oviedo.

Little George Martin, son of Mr. and Mrs. H. Martin, is reported to be improving following surgery a few days ago.

Mr. and Mrs. Robert Adams have moved into their newly purchased home on Lake Jessup Avenue.

## WMU Meets For Turkey Supper Makes Plans For Prayer Service

Members of the WMU of the First Baptist Church of Oviedo, enjoyed a turkey supper at their November meeting, Mrs. Anthony Daniel and Mrs. Ray Beasley, co-chairmen, assisted by Mrs. Arthur Metcalf, Mrs. Bill Usery, Mrs. S. R. Riggs, Mrs. B. F. Ward Jr., Mrs. Gordon Pennington, Mrs. R. L. Ward, Mrs. A. H. Ray Jr. and Mrs. W. R. Meek Jr., were in charge of the supper.

Tables were placed in a semi-circle with placards for individual circle seating arrangements. Colored leaves and artistic arrangements were used for decorations on the tables. Oranges, wrapped in napkins with replicas of the world globe, were used as favors.

Following the supper, Mrs. W. H. Anderson presided at the business session. Thanks were expressed to Mrs. B. F. Wheeler Jr. and Mrs. Anthony Daniel, for the by-laws.

Mrs. J. B. Jones Jr. announced that each circle had been given the proceeds from a recent luncheon at the Church. Mrs.

### Methodist Circles Schedule Meetings

Circles of the W.S.C.S. of First Methodist Church meet, 9:45 a. m. Tuesday as follows:

Circle 1, Mrs. R. D. Graham, chairman, with Mrs. Ted Williams, 600 Plumosa Dr.

## WorkShop Scheduled Tomorrow

A Christmas school of design and arrangements, will be given tomorrow night from 7 to 10 p. m. at the Home Demonstration Center on 25th St. It is sponsored by the Lake Monroe demonstration club, under the direction of Bill Grow of DeLand.

Organ music will be played during the evening, through the courtesy of the Streep Music Co., of Orlando.

Arrangements made by Mr. Grow will be given as door prizes. Coffee and soft drinks will be available during the workshop.

## Fashion Show, Party Thursday

The Officers Wives Club will sponsor a card party and fashion show, Thursday at 12:30 p. m. at the Sanford Woman's Club, 313 Oak Ave.

Coffee and dessert will be served, followed by the fashion showing. Styles for the holiday season will be presented by the Hollywood shop and hair styles, by Neil's Beauty Salon.

Prizes will be awarded for high score at each table and guests are requested to bring their own cards.

Hostesses will be Mrs. R. M. Donaldson and Mrs. M. D. McPherson, officer's wives from VAH 7.

The public is invited. Admission is \$1.25 for Officer's Wives Club members and \$1 for civilians. (This includes the coffee and dessert.) Reservations must be in no later than tomorrow. Call your squadron representative or Mrs. McPherson at FA 2-7383.

## Gala Christmas Party Planned By Home Demonstration Clubs

Plans were made for the Christmas party to be held Friday evening Dec. 4 at 8 p. m. at a meeting of the County Home Demonstration Council at the county agent's office in the courthouse.

Miss Myrtle Wilson, county agent, discussed plans with the group and the following clubs were designated to take part. Program, Longwood; refreshments, Seminole Evening group; decorations, Sanford Clubs; clean up, Elder Springs; gifts, Lake Mary; names, Geneva; installation, Lake Monroe and registration, Oviedo.

Mrs. Henry A. Simpson, Geneva, will show picture slides of her recent trip around the world and display the interesting souvenirs she brought back. Special music, gifts and refreshments will round out an outstanding Christmas event.

The Evening home demonstration group, held a rummage sale

last Saturday. Miss Wilson requests members to please return the annual blanks they received early in October. They are to be sent to her office as soon as possible.

DISCUSSING FUTURE PLANS for the Home Demonstration program at a County Council meeting are, Miss Myrtle Wilson, left, county agent and Mrs. George Otto Sr., president of the county council. (Staff Photo)

## School Plans Nine Workshops

Mrs. William S. Haganbotham, president of the County Council of Parents and Teachers, announces that a County council workshop will be held at Southside School, Thursday night, beginning at 7:30 p. m.

Topics for discussion will be, "Juvenile Protection," "How to Conduct a Meeting," "The Exceptional Child," "Budget and Finances," "Health and Safety," "Spiritual Education," "Liberty Service," "Civil Defense," and "Parent and Family Life."

This will be an open meeting and all interested persons are invited to come and participate in one of these groups.

## Zeta Xi Continues Two Holiday Projects

The Zeta Xi chapter of Beta Sigma Phi held the fifth meeting of the year at the home of Miss Sonja Monforton on Sanford Ave. Mrs. Lloyd Swain, president, called the meeting to order and presided at the business session.

A report was given by the ways and means chairman, Mrs. Leon Swain Jr., concerning the bake sale at the Foodfair. Plans were also discussed with the social chairman for a Christmas party.

The project chairman presented a list for the Thanksgiving basket, an annual project of the group. Each member will bring a gift for the basket, to be delivered before Thanksgiving.

A letter from the mental institution organization was presented to the group. Each year the Beta Sigma Phi in the state accept this means as a way of assisting the mentally ill at Christmas time. Members obtain a gift for a man and a woman, wrap them as a gift, and send them to a designated hospital. This year the hospital at Chattahoochee was designated for the Zeta Xi chapter.

Following the business session, a program on poetry was presented by Mrs. Sam Skelton and Miss Betsy Ann Carter. Refreshments of pumpkin pie, topped with whipped cream, and coffee were served.

Mrs. Lloyd Swain, Mrs. Leon Swain Jr., Mrs. Sam T. Skelton, Miss Betsy Ann Carter, Mrs. W. L. Springfield, Mrs. James Lyons, Miss Sonja Monforton, Misses Joan and Mary Ann Wright, Mrs. Harvey Wilkinson, Mrs. Robert Reeves, Mrs. Wallace Tyre, Mrs. Roland Wesson and a visitor, Miss Nicki Hall.

# Seminoles Sting Leesburg, 13-0

By JERRY COVINGTON  
The Sanford Seminoles moved within a game of 300 ball Friday night with an impressive 13-0 victory over OBC foes, Leesburg. It was their second conference victory in a row giving them a 2-1 record for the OBC and a 3-4 overall.

The Seminoles defense showed "fire" for the first time this season and although Leesburg has an outstanding backfield they were stopped cold by the great Sanford effort. The Seminoles offense put on a passing "circus" with Mike Roberts completing 15 for 21 attempts. Jim Gracey, Terry Christensen, and Ray Lundquist were on the receiving end of the passes and rolled up 183 yards.

While Gracey, Christensen, and Lundquist accounted for about half of the Seminoles yardage through the airways, John Lovelace was busy piling up yardage on the ground. The senior half-back picked up 109 yards rushing and piled over for the second TD. His 44 yard run on the second play of the game also set up the first score where Lundquist rolled 16 yards for the TD.

In the opening period, Sanford received and it took them only two and a half minutes to cross the stripe. On the second play from scrimmage, Lovelace broke loose and romped 44 yards where he was stopped on the 20. A short pass over the middle to Gracey moved the Seminoles to the 14 yard line of Leesburg. On the next play Lundquist took a direct snap from the single wing and rolled over for the score. Christensen booted the extra point through the uprights to put the Seminoles out from 7-0.

From the fast start it looked as though the Seminoles would walk away, but a stubborn and fired up Yellow Jacket squad made things a little rough. Both squads exchanged blows throughout the remainder of the first period and most of the second before there was a serious threat.

With about three minutes remaining in the half, Johnny Wheelchel blocked a punt on the Leesburg thirty and as the half ended, the Seminoles had moved inside the 20.

The Yellow Jackets returned to the field fired up. Randy Brown took a long kick of Christensen's and romped to the Sanford 45 before he was brought down finally by a host of Seminoles tacklers. They moved to the Sanford 30 and it looked as though they were going all the way but Brown fumbled and Lundquist recovered to give the Seminoles possession.

Then the Seminoles began to move. A drive sparked by a 17 yard run by Lundquist and the passing of Roberts to Gracey and Christensen moved the ball inside the Jacket 10. Roberts hit Gracey over the middle where he was dropped at the four. Then Lovelace took the handoff and hit over guard for the TD. This time the snap from center was short and

Christensen was unable to get his kick away so that was the end of the scoring.

As the final period began the Jackets were not to be denied. On the running and passing of Brown and Lynn Bates they moved as deep as the Seminoles 13. It looked as though the Jackets surely would score on this drive but the big Seminoles defense hit Bates hard as he tried to turn the corner and Wheelchel recovered his fumble.

Roberts again took to the air. He hit Gracey and Lundquist for nice gains and with less than a minute on the clock he threw to Christensen who made a beautiful catch and romped to the four yard line where he was stopped. On the final play of the game Roberts took the ball over but an offside penalty nullified the score.

## Weekend Sports

United Press International  
Saturday  
PALM DESERT, Calif. (UPI)—The United States golf team defeated the British team, 8 1/2 to 3 1/2, to regain the Ryder Cup.

NEW YORK (UPI)—Mrs. Frances E. Gentry's My Dear Girl won the \$10,525 Frittelle Stakes for two-year-old fillies at Aqueduct Track.

CAMDEN, N. J. (UPI)—Greek Star, a 19-1 shot, won the \$85,750 Trenton Handicap at Garden State Park.

LOS ANGELES (UPI)—Fred Haney, former Milwaukee Braves manager, was named to succeed Leo Durocher as sportscaster on NBC's weekly baseball broadcasts.

LAUREL, Md. (UPI)—Tudor Era, a United States entry, was the last of an expected field of 32 thoroughbreds to arrive for the Wednesday's Washington, D. C. International at Laurel.

MEXICO CITY (UPI)—Angel Miguel of Spain won the Mexican Open Golf tournament, finishing one stroke ahead of Tommy Jacobs of Whittier, Calif.

## Upsets Spark Mixed League

The Furniture Center upset South Pinecrest in this week's play in the Thursday Night Mixed League, as they took all three games, helping themselves to part of the third spot in the league standings.

B. Edwards holds the lead with 22 1/2-10 1/2. Steinmeyer has second with 17 1/2-13 1/2, and the Furniture Center and Pinecrest hold third with 16-17 each. Sunland Estates is in fourth with 14-19 and Florida State Bank has fifth spot with 13-20.

The furniture team won two close ones from the subdivision people, as they ended the first game with 736 to Pinecrest's 725. After taking the next one by a wide margin, they won the third game by just three pins. Ed Callan turned in a 198-308 for Pinecrest, and Jim Mackey was high bowler for the furniture team.

Sunland Estates surprised Florida State Bank by winning two from them, as the whole team pitched in with good series behind Ann Conklin's 67. Bob Hosford turned in a 496 and Gordon Senart piled up a 499 to lead the bankers.

B. Edwards lost their first game to Steinmeyer, breaking the roofers' jinx of always losing the first

# Covington Covers Sports

Another season has slipped in on us. From every gym that one passes these days you hear the old "round ball" going thump, thump, thump.

It's hard to realize that the grid season is fast coming to a close. Soon the maple floors will be covered with tall, knob-kneed athletes making every effort to fill the glorified barrel rim with round bits of cowhide called basketballs.

The NBA is already in full swing and most of the teams have five games under their belts. I noticed where ageless Bob Cousy led the Boston Celtics to a thrilling 103-98 victory over the Hawks. In my book, he's the greatest ball handler and play maker in the history of basketball and it will be a pleasure to see this 11-year veteran back on the TV channels soon. With the play-making of Cousy and the rebounding of big Bill Russell, the Celts have taken their first five without a setback. They are sure bets to repeat as world champs again this season. By the way, Bob Pettit had a fair night for the losers with 34 points. As Dizzy Dean says, "you only got two chances of stopping him from scoring, slim and none."

Speaking of Diz, things surely won't seem the same next summer without his old sidekick, Buddy Blattner, along the TV wave. Buddy seemed like a great guy along with being a very outstanding announcer. During their years together on the game of the week they probably were better known as a team than anybody in history. The combination of Diz's comedy and Buddy's pleasant manner were, to me, a perfect combination.

It is rumored that Fee Wee Reese has been offered \$33,000 to go on with Diz next season. He is now making around \$17,000 but a person like Reese will give the switch from active baseball to announcing a lot of thought because he is almost a sure bet to land a managing job before long. He has always been known as a leader and his kind of guy is what major league front offices look for.

Whatever combination they finally come up with it will be hard to get used to hearing Diz saying, "come on in, Partner" to anybody else but Buddy. Besides, Diz is going to have to teach "The Wash Cannonball" to somebody new.

## National College Grid Title Race Looms As 'Free-For-All'

United Press International  
Louisiana State's defeat created a free-for-all for the national college football championship today but at least three conference titles and two major bowl berths may be decided this week.

The upsets which claimed six of the nation's top 20 teams Saturday made Syracuse, Texas and Southern California the new "big three" of the college gridiron and tightened up both the Big 10 and Southeastern Conference races. Northwestern, Penn State, Purdue, and the Air Force Academy were among power struck by "upset lightning" in addition to top-ranked LSU.

The football may take some more funny bounces before the season ends but the Jan. 12 bowl

palings probably will look something like this: Wisconsin vs. Washington in the Rose, Louisiana State vs. Arkansas in the Sugar, Colorado vs. Mississippi or Clemson in the Orange, Syracuse vs. Texas in the Cotton, and Mississippi or Clemson vs. Penn State or Tennessee in the Gator.

The most attractive — and the most likely — of these pairings should bring Syracuse and Texas together in the Cotton Bowl in a "game of the year." Syracuse's 20-18 victory over Penn State put the Orangemen on the high road to a perfect season and the Eastern championship while Texas, 13-12 victory over Baylor Saturday, could clinch the host's berth next Saturday. A Texas win over Texas Christian and an Arkansas loss to Southern Methodist would turn the trick.

Wisconsin and Washington also could clinch Rose Bowl berths next Saturday although it's more likely the fight will go down to the final weekend. Wisconsin tied Northwestern for the big 10 lead by beating the Wildcats, 24-9, Saturday while Washington (5-1) still holds the inside track over Oregon (4-1) after both had close calls over the week end. Unbeaten and untied Southern Cal is ineligible for bowl competition.

Both Wisconsin and Northwestern play Illinois but the Badgers' other opponent is Minnesota while Michigan State, Washington is in much the same position as Wisconsin. Washington and Oregon have a common opponent, left — Washington State — but Washington's other rival (California next Saturday) is a real passy.

## Rides First Winner

AGUA CALIENTE, Mexico (UPI)—Jockey Fred Sassi picked the feature race at the Caliente track Sunday to gain the first victory of his riding career.

Seanky Gal, the winner, enabled 19 persons to collect \$8,662.80 each for picking five out of a possible six winners in the 5-10 handicapping contest.

## Georgia Faces Major Hurdle To SEC Crown

The tenacious Georgia Bulldogs are faced with a giant hurdle to a highly sought goal this week as they face the Auburn Tigers in the game that may decide the Southeastern Conference championship.

The Bulldogs swept past the Florida Gators 21-10 Saturday to maintain their SEC lead with a 5-0 league record. If Georgia can beat Auburn — an extremely difficult task — the race will be over: since no team will be able to catch the Bulldogs.

Georgia has a fine 7-1 record, but Auburn is tougher than any of the Bulldogs' first eight foes. The Tigers, with sophomore quarterback Bobby Hunt rolling up 214 yards rushing, walloped Mississippi State 31-0 Saturday for their 20th victory in their last 31 games.

The Bulldogs, upset by South Carolina early in the season, have a five game winning streak. Quarterback Charlie Hitt was the star against Florida as he ran back a pass interception 100 yards for one touchdown and passed 34 yards for another.

The Tennessee Vols, still in contention themselves, helped Georgia Saturday by upsetting top-ranked Louisiana State 14-13. It was the second surprise win of the season for the unpredictable Vols. Earlier they ended Auburn's streak of 24 games without a loss. Saturday's loss was the first for LSU in 20 games.

The Vols have a similar opportunity this Saturday when they meet the Mississippi Rebels at Memphis. The Rebels tuned up

for this game by trouncing Chattanooga 38-0. The situation for Mississippi is the same as in 1955 when they had lost only to LSU before the Tennessee game. The Vols staged an 18-14 upset last year.

LSU, which still has faint hopes of repeating as SEC champ, will be host to Mississippi State this weekend. Other games find Georgia Tech at Alabama, Vanderbilt at Tulane, and Kentucky host to Xavier of Ohio. Florida will be 50-0.

Twice beaten Georgia Tech, with defensive quarterback Martin Tibbetts taking over offensive duties and scoring two touchdowns, played another of its patented squeakers Saturday — edging Notre Dame 14-10; Alabama, unbeaten since an opener loss to Georgia, whipped Tulane 17-7; and Vanderbilt, with Tom Moore setting the pace, beat Kentucky 11-6.

Blocking back Jim Cartwright of Tennessee returned a pass interception 39 yards for the first touchdown scored against LSU in 19 games. Ken Sadler, Cartwright's replacement, grabbed an LSU fumble minutes later to set up the second tally. LSU's Billy Cannon was great in defeat as he gained 123 yards through the tough Tennessee line.

Other offensive stars included Hunt who had touchdown runs of 42 and 31 yards in his 214 yard total. Moore who scored on a 61 yard run and totaled 117 yards and Alabama sophomore Pat Trammell who gained 143 yards against Tulane.

## Harry's Liquors Paces City Loop

By DICK RICHARDS

In the Match of the Week, of the Sanford City Bowling League last Wednesday night, Harry's Liquors turned back the challenge of the Mather of Sanford team and remained in first place by taking two games from the Furnituremen.

Jesse Cook led a fine team effort with a 312 series, while Garry Fox couldn't stem the tide with his 331 total.

In other matches, New York Life Insurance and Gene's Seminoles Cleaners and Laundry both defeated the Mather of Sanford team. New York Life was led in its two to one victory over the Burnett Painters by the 312 series of E. C. Stamper, while Dick Richards was high for the Painters with a 311 total. Paul "Kingfish" Perold led Gene's with a 303 total for their two wins, while the City Printing team just couldn't seem to find the range for a high series.

At the present time, Harry's Liquors lead the league with a two game margin over Mather of Sanford. While Burnett Painters are another two games behind. Tied for fourth place, two games out of third, comes Gene's Seminoles Cleaners and Laundry and New York Life Insurance, while Celery City Printing Company, having trouble getting their games in succession, brings up the rear. High three game team series is held by Mather of Sanford with a 2615 total. High single game for team is held by Harry's Liquors. Individual high three game series is 372, rolled by Bob Steele, with the high single game being the 225 rolled by George Kena.

## Clutch Runs, Field Goals Pace Pro Football Action

United Press International

Couple Abe Woodson's 105-yard run with clutch field goals by Sam Baker and Pat Summerall and you may wind up with the San Francisco Forty-Niners entertaining the New York Giants in the National Football League championship game.

Each of the 12 clubs has five more games and the staggering Baltimore Colts—defending league champions—will certify that anything can happen. But the Forty-Niners and Giants (both 6-1) top the division races and boost powerful defenses to smooth their stretch drives.

Baker's 46-yard field goal with only 11 seconds to play enabled the underdog Washington Redskins (3-4) to hand the Colts (4-3) their second straight defeat Sunday, 27-24. The Forty-Niners, with Woodson's 105-yard kickoff return

where they have won only one game. In the East, the Giants have the easiest schedule, plus three home games. After defeating San Francisco Nov. 22, the Browns visit the Giants.

Eastern Division

W	L	T	Pct.
New York	6	1	.857
Cleveland	5	2	.714
Philadelphia	4	3	.571
Washington	3	4	.429
Pittsburgh	2	4	.333
Chicago Cards	2	5	.286

Western Division

W	L	T	Pct.
San Francisco	6	1	.857
Baltimore	4	3	.571
Chicago Bears	3	4	.429
Green Bay	3	4	.429
Los Angeles	2	5	.286
Detroit	1	5	.143

## Miami Schools Pace Grid Poll

MIAMI (UPI)—Miami High, Edison and Jackson remained in the top three positions today among Florida high school football teams in a weekly poll of coaches and sports writers.

The top 10 teams: Miami High (6-0-1), Miami Edison 5-0-1, Miami Jackson (4-0-2), Jacksonville Englewood (3-0), Pensacola (6-0), Tampa Chamberlain (6-1), Jacksonville Lee (5-2-1), Pompano (7-0-1), Orlando Boone (6-1), St. Petersburg (7-1)

## Woodruff Gets Confidence Vote

JACKSONVILLE (UPI)—Florida Coach Bob Woodruff got a weekend vote of confidence from sports editors and 48 members of the Gator football team.

A poll of sports editors attending the Florida-Gators game showed the Florida-Gators game showed the 12 of 17 felt Woodruff should be retained in 1960. The poll was conducted by the Daytona Beach News-Journal after reports Woodruff would be fired if Florida lost to Georgia. The Bulldogs beat the Gators 21-10.

Bobby Layne's 20-yard scoring pass to Tam Tracy in the final minutes enabled the Steelers (2-4-1) to tie the Detroit Lions (13-1) at Pittsburgh, 10-10. The Bears (2-4) held twice on their one yard line in the second half at Chicago and downed the Green Bay Packers (3-4) in the other game, 23-7.

San Francisco's victory, only its second at Los Angeles in 19 tries, gave the team a fast start on its tough, four-game road swing. The Forty-Niners visit the Bears, Colts and Browns before finishing at home against the Colts and Packers. However, the Colts face a hard job catching San Francisco. After a game with the Packers at Milwaukee, the Colts entertain the California clubs before playing them on the West Coast.

## Arabs Want Bigger Oil Profit, Sources Say

United Press International (UPI) — Informed sources here believe the Arab states are preparing to demand 50 per cent of all profits to be made anywhere in the world from mid-eastern oil — from the well head to the gasoline tank of the ultimate consumer.

Present contracts provide for sharing equally the value of oil at the well heads. These current estimates one billion dollars annually, according to R. G. Fells, chairman of the board of standard of California.

A new philosophy, however, is evidence in reports from a meeting of Arab League oil experts in Saudi Arabia now under examination here. These indicate a new policy of "creeping nationalism" in regard to the Middle East's vast oil reserves.

These resources are estimated to contain 70 per cent of the East's vast oil reserves.

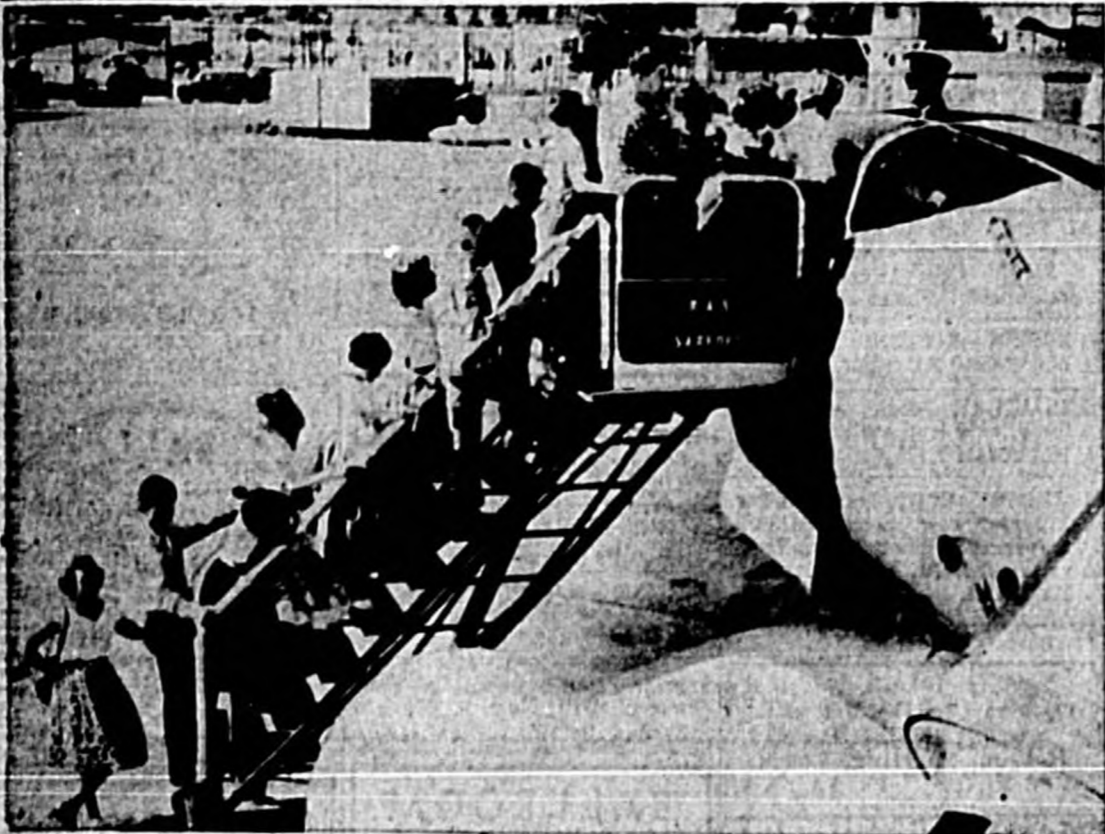

Sheik Abdullah Tariki of Saudi Arabia has emerged as the leader of a youngish, so-called group of "oil technocrats" the Arab governments.

Tariki was quoted at the conference as envisaging the day when Arabs will control all aspects of oil production and transportation, and have at least a 50 per cent share in markets to which Arab oil goes.

The "technocrats" are only too well aware of the results of Iranian Premier Mohammed Mossadegh's precipitate action in 1951 in nationalizing Persian oil wells. They therefore do not advocate Mossadegh's brand of nationalization "by the stroke of a pen."

But they state the belief that a complete takeover can be achieved on a gradual basis.

Oil companies assert that their contract rights are being encroached upon at every turn in the Middle East with the possible exception of Kuwait.

**EIGHTH GRADERS** of the junior high school were guests of the Sanford Naval Air Station for a tour of the base facilities which included this inspection of an A3D Skywarrior, with the students each getting a chance to look over the aircraft.

## Atom Warheads May Be In Korea

By PHIL NEWSOM  
UPI Foreign Editor  
**ATOMIC CAPABILITIES**

There is growing speculation that atomic warheads actually are present in both North and South Korea. South Korean Defense Minister Kim Chung Yul declared the North Koreans have atomic guns deployed along the truce line areas and indicated South Korea would "severely punish" the Communists if the Reds launched an atomic attack. He also indicated the punishment

would be by the same means used by the Reds. Gen. I. D. White, U. S. Army commander in the Pacific, said in Seoul on Thursday that the North Korean Communists may have "atomic capabilities."

**PARTY FIGHT**  
Right and left wing of Britain's Labor Party still are bitterly at odds. Some right-wing members of the party are saying it was labor's promise to renationalize steel that played a major part in losing the Oct. 8 general election. The left wing wants more nationalization. Labor Party Leaders Hugh Gaitskell recently, was asked pointblank: "Are you in favor of dropping nationalization or against it?" Gaitskell said he was not ready to answer either yes or no.

### Army Bus, Tractor Collide In Jersey

HIGHSTOWN, N. J. (UPI) — An Army personnel bus carrying about 50 passengers collided with a tractor trailer early today on the New Jersey Turnpike five miles south of Highstown.

Officials at St. Francis Hospital in Trenton said 28 passengers were injured in the crash.

According to state trooper Fred Ecker, the bus was returning to Ft. Dix from the Port Authority Building in New York City.

He said 50 Army personnel were aboard the bus, which rammed into the rear of the truck.

Turnpike officials identified the driver of the tractor trailer as Leslie M. Hunter, 36, of Briar Hill, N. Y. Both vehicles were heading south.

**NAZI TRIALS**  
No more trials of Nazi war criminals will be permitted in the West German Republic after the end of 1960. As result, the number of these trials is expected to be stepped up in the next few months.

**"LE SALUT"**  
President Charles DeGaulle of France will hold one of his rare press conferences this week and is expected to reiterate the "absolute necessity" for French membership in the "atomic club."

He also is expected to reaffirm the finality of the terms of his Sept. 16 "self-determination" offer to Algeria.

**ARMS TO INDONESIA**  
Well-informed sources in Jakarta, capital of Indonesia, expect the United States soon to sell more small arms to the Indonesian army. The U. S. earlier this year supplied sufficient small arms and communications equipment for 20 battalions.

**WASHINGTON** — Labor Secretary James P. Mitchell opposing a plan to establish federal powers to resolve labor-management dead locks:

"I'm not sure I was guilty. I was just following a line of cars I wasn't watching my speedometer."

**HOUSTON, Tex.** — Joseph Daley, who risked his life and abandoned his life's savings to spread the alarm to other crewmen before the tanker Amoco Virginia blew up:

"Pieces of steel rained down all around me. I was lucky to get away as well as I did."

**Service Bowl Champs**  
COLORADO SPRINGS, Colo. (UPI) — Hamilton Air Force Base, Calif., spotted Fort Carson, Colo., a first period touchdown and then rallied to gain a 16-7 victory Sunday in the 16th annual Pikes Peak Service Bowl game.

# Phone In Donations To United Fund - They'll Come Get 'Em

The United Fund volunteers offered today to travel the county to pick up last-minute contributions to the fund campaign in an effort to reach the quota.

Chairman A. B. Peterson Jr. urged all residents, groups or commercial firms who have not turned in a donation to telephone the United Fund office, FA 2-4917,

and said workers will drive out and pick up contributions from homes or offices.

Peterson said the fund drive will close tomorrow as announced and asked last-minute donations in an effort to get "100 per cent participation, regardless of the amount we raise."

The UF office will remain open for awhile to receive tardy contributions, but no further solicitation will be made, he stressed.

"We feel that there are a lot of people who have not been able to get their contributions in for some reason, and will be glad to have the workers drive out and

pick up all those which can be made by tomorrow," Peterson said.

He pointed out that donation of only 80 cents per person by the county's population would surpass the goal of \$41,621.

"Please call the United Fund office and help put the fund drive over by the deadline," he asked the public.

## Federal Funds Possible In County Drainage Emergency, Board Told

The possibility of federal matching funds to give "permanent relief" to the county's drainage problems was offered today by a state soil-conservation expert.

H. T. Stanley, assistant state conservationist, told the board of commissioners that a law passed by Congress in 1958 can make it possible for Seminole County to

apply for funds to eliminate drainage problems if the county can get the authority to establish a county wide millage levy or ask the state legislature for additional funds.

Under the law, which is called the Small Watershed Program, the government matches funds with the local government to construct

drainage facilities.

However, under the law, it is up to the local body to maintain the facilities, Stanley told the group.

Board Chairman John Krider told Stanley that a special committee will be appointed to study the overall drainage problem and come up with a solution.

Krider pointed out that the county is spending too much money on drainage instead of building up county roads.

Earlier he had called for a county-wide drainage program and establishment of a millage levy to carry out the program.

Stanley pointed out that it would take about two years before the actual program could be carried out.

## City Awards Contract For Lake Monroe Pollution Study To Tampa Chemist Firm

A contract to make a pollution survey of Lake Monroe was awarded to Thornton Laboratories, Inc. last night by the Sanford City Commission.

The Tampa firm of analytical and consulting chemists is expected to start the 912 tests on Lake Monroe waters within three weeks. Cost of the survey will be within 10 percent of \$3,000.

During the eight weeks of the survey by two chemists, tests will be made for bacteria, dissolved oxygen, alkalinity, chlorides, temperature and for the amount of oxygen needed by organisms in the water.

The commission rejected the \$5,000 bid of Law Engineering Co. to make the survey and decided against Sunland Estates developer Stanley Odham's offer to pay 50 per cent of the survey cost if the test was not to exceed \$3,000.

He said that there are indications that elements other than sewage are producing pollution in Lake Monroe, since there is a heavily polluted area upstream from the city where pollution might be caused by cattle and swamps.

## City Grants Club Deal For Season

Sanford Greyhounds President John McRobert's received permission from the city commission last night for the ball club to get 10 cents on every ticket sold for a Greyhound game during the coming season and 30 per cent of the profit, if any.

McRobert, who announced that the Greyhounds were \$252 in the red after this year's season, said that the team has the chance of becoming a Class D team for the Kansas City Athletics.

Commissioner Earl Higginbotham said that baseball is just as much a part of the city recreation system as shuffleboard and tennis and therefore agreed to McRobert's request. Cost to the city to run the Municipal Stadium for Greyhound games during the past season was \$1,600 under the same conditions as were granted last night.

The city now wants to know what the current pollution situation is in the lake and how it has changed from 1951, City Manager Warren Knowles said today.

Sanford undertook a \$1 1/2 million water and sewer improvement program in 1951-55 and now wants to make a comparison with eight years ago, Knowles said.

LOUIS CATES of DeBary proudly displays this five pound sweet potato that was grown in his yard. Cates said on the morning of his 70th birthday last Wednesday he went out into the yard and noted the sweet potato. "It was a pleasant surprise," he said.

## Bob Crosby's End Marriage After Violent Scrap

HOLLYWOOD (UPI) — Bob Crosby, whose fame has been dimmed by the shadow of his brother Bing, moved in the unwanted spotlight of domestic trouble today.

Both Crosby and his wife, June, say the bedroom battle in which he was stabbed twice and she received a broken rib has ended their marriage.

Crosby, 46, and his wife fought violently last Saturday night, Mrs. Crosby, a slender red-haired singer, said.

## 18 Attending Insurance Course

Enrollment in the Life Underwriter's Training Course given at the Seminole County Vocational School has reached 18. E. S. Douglass, Director of Vocational Education said yesterday.

Mrs. Margaret Knight of Sanford's Independent Life Accident Insurance Co. of Sanford is teaching the course to life insurance agents. The classes which began Oct. 30 are sponsored by the St. John's Life Underwriters' Association. They are taught every Friday afternoon from 2:30 p. m. and will last for six months.

## Courthouse To Close

The County Courthouse will be closed tomorrow in celebration of Veterans' Day. The clerk's office announced this morning.

## Herndon, Burdick Get Board Tribute

County Commission today paid tribute to Clerk O. P. Herndon and Deputy Clerk E. L. Burdick, citing the "many long years of service these two officials have given the county and state."

Both retired effective Nov. 6 because of ill health.

After a resolution was read expressing the board's gratitude to the two men, Herndon, his voice weak, said: "I just tried to do my duty and there shouldn't be any praise for that. I thank you from my heart."

## Jaycees To Meet Wednesday Night

The Jaycees will have a dinner meeting Wednesday instead of their weekly luncheon this week and will invite wives and dates of members to attend.

A special program appropriate for Veterans' Day will include a Navy film on the training of air crews. The meeting will begin at 7 p. m. in the Civic Center.

## Warm Water Revives 'Frozen' Heart

PHILADELPHIA (UPI) — Doctors saved the life of a man with a "frozen" heart by pouring 20 gallons of warm water from an ordinary faucet into his chest cavity.

The 43-year-old laborer's heart had not functioned for more than three hours when the doctor's look was believed to be an unprecedented move to return his heart to normal operation.

Thoracic surgeons at Hahnemann Hospital's famed heart clinic said they knew of no other case where tap water was used inside the chest cavity.

The patient, William Flanagan, was found semi-conscious from exposure to the cold last Saturday in a North Philadelphia gutter. His case was made known Monday night.

The hot water treatment was used after other efforts failed.

It worked so well, the patient started to regain consciousness and tried to climb off the operating table.

Today, only three days after his ordeal, William Flanagan chatted with visitors and follow patients in his ward. He was kept on the serious list as a precautionary measure.

Flanagan was taken to the hospital by police but his heart stopped beating while an intern, Dr. Edward Brunner, was examining his body temperature rose from the low 80's to 98 degrees.

## News Briefs

**State Baptists Meet**  
TALLAHASSEE (UPI) — Some 1,300 delegates met here today to open the three-day 1959 annual convention of Florida Baptists. The convention is made up of 1,250 churches with a membership of about 450,000.

**Triton Joins Fleet**  
GROTON, Conn. (UPI) — The twin-reactor USS Triton, the Navy's mobile "private eye" to guard against a sneak attack, joins the U. S. Atlantic submarine fleet today. The 447-foot, 3,900-ton nuclear radar-picket submarine, costing \$10 million, will have its commissioning ceremony as it is turned over to the Navy at a dockside ceremony at the yards of the Electric Boat Division of General Dynamics Corp. which built it.

**Castro Reply Awaited**  
HAVANA (UPI) — The future of Cuban-American relations will depend largely on Premier Fidel Castro's reply to new U. S. protests against "militant" attacks on the United States, informed sources said today. Cuban officials withheld immediate comment and it was believed Castro might reply soon in another of his marathon nationwide television and radio appearances. He still had not answered a first U. S. protest against earlier attacks on the United States.

**Labor Board Asked**  
CLEARWATER (UPI) — Congressman William C. Cramer urged Monday that Gov. LeRoy Collins name a state labor relations commission that would make recommendations to the next session of Congress. Cramer, speaking to the State Farm Bureau Federation, said the commission also could examine such questions as a state labor department of cabinet rank, establishment of a Florida labor relations board, and possible tightening of local laws against labor violence and disputes.

# Tax Equalization Meeting Nov. 30

The County Commission will meet at 10 a. m. Nov. 30 as a board of equalization to set the value of property on which to levy taxes.

The board adopted a resolution today to advertise for the equalization meeting and report that all assessment records will be open to property owners Nov. 16 in the tax assessor's office.

The equalization session will be to hear complaints and receive testimony as to the value of any property, real estate or personal as fixed by the tax assessor.

Indications are that the tax bills may be prepared and sent out by Dec. 15.

At the board's meeting last week, taxpayers got an indication of what the millage rate will be this year when the commission adopted a tentative rate of 11 mills for operating budget.

This figure is subject to change, but calls for 3.33 mills for the general budget, five for schools and .33 for payment of hospital bonds.

Tax Assessor Richard McCanna has told the commission that he estimates the assessment roll will list \$162 million in property valuations as a basis for the tax rate.

THE QUEEN IS CROWNED as Sandy Hervish is proclaimed queen of the Peanut Bowl and Jim Buckler places the crown on her head. Miss Hervish was chosen by the student body of the Junior High from a field of 10 contestants on the basis of talent, beauty and personality. (Staff Photo)

## New Snow Storm Coming To North; 42 Low For State

United Press International

Temperatures were on the rise through the nation's midlands today, but the Weather Bureau warned of another snow storm building up in Montana.

Weathermen issued cold wave warnings for Montana for this afternoon and night and said there would be drifting snow running before high winds later in the day.

The midlands, from border to border, were caught in a giant snow storm-cold wave last week. Some areas were lashed by 15-inch snows and sub-zero temperatures.

But the Weather Bureau said temperatures rose from 10 to 30 degrees Monday from the Canadian border into Oklahoma and northern Texas.

Lowest temperatures for Florida Wednesday morning will range from 42 to 48 in the extreme north, to the 50's in the central and to the 60's in the southern districts.

Future temperature outlook is for slightly warmer weather Wednesday night and no frost danger through Friday.

## City Agrees To Drainage Ditch Request By County

Sanford's City Commission last night ordered a resolution drawn which would give the state permission to run drainage for three years through an open ditch south of 25th St. place to connect with the city drainage system near 24th Pl.

The resolution proposed by County Commission Chairman John Krider would give the state permission to run drainage from 25th St. through the ditch after the 25th St. widening project is begun by the state. If the state doesn't put a pipe in the ditch within three years the county commission will, Krider said.

Allowing the ditch reversed a previous city commission decision to allow only piped drainage to pass through the swampy area and connect to the city system near Lily Ct. and 24th Pl. The county has previously sought the ditch connection to take care of drainage from Sanford Ave. which is to be widened. A drainage pipe connection will cost about \$20,000.

Krider said he thinks the contract for widening Sanford Ave. will be let Nov. 19. The widening cost will be paid by the county. The money for the state subsidized 25th St. widening from Mellonville to French Ave. is in the county budget for this fiscal year, Krider explained. A ditch in the Lily Ct. area to take 25th St. drainage could also take Sanford Ave. runoff.

All property owners adjacent to the proposed ditch or pipe drainage area have accepted the appraisal price to buy the necessary right-of-way, the county commission chairman said.

The resolution must be approved by the city commission and agreed upon by the county commissioners.

## Food Fair Agrees To Close Entry

Food Fair Stores director of real estate, Ronald Fin, agreed yesterday to close the southernmost Oak Ave. driveway entrance to Sanford's Food Fair and to open an entrance from 25th St.

Oak Ave. residents Clyde I. M. Rowell, Jerry Daniels and Earle Moxley have complained that lights from the two Oak St. Food Fair driveways were shining in their windows, and that truck traffic on Oak Ave. was disturbing and dangerous.

A fence will be erected immediately on the boundary of the Sanford Food Fair store group and floodlights will be shielded that shine onto that street. The city commission also passed an ordinance last night prohibiting truck traffic other than necessary for residences on Oak Ave. from 24th to 25th St.

## AF Cancels Search For Three Airmen

TAMPA (UPI) The Air Force has called off a search for three airmen missing after a B-47 crash into the Gulf of Mexico.

Five days of searching failed to turn up any trace of the three.

## Audubon Society Tour Thursday

C. Russell Mason of Altamonte Springs and Mrs. Donald Norton of Geneva will lead 30 members of the Florida Audubon Society from West Palm Beach to Grand Bahama Island Thursday. The four-day Caribbean tour will include study of the bird and plant life of this most northwesterly Bahama Island. Mason is executive director of the society and Mrs. Norton is the group's field trip organizer.

## DeGaulle Gives Red Leader Credit

PARIS (UPI) — President Charles DeGaulle announced today that Soviet Premier Nikhita Khrushchev will visit France on March 15, 1960, and for the first time gave Russia credit for trying to ease tension in such troubled spots as India, Laos and Central America.
