Officers fire fatal shot at suspect

By Bill Kerns Staff Writer

LONGWOOD - A man suspected in a couple of recent robberies in the Casselberry area was fatally shot after pointing what appeared to be a weapon at police on Thursday.

Jay Scott Duff, 33, became agitated

after being pulled over shortly before 11 p.m. in the parking lot behind Brauser Enterprises, 1275 Bennett Drive, within the Florida Central Commerce Park off State Road 434.

He made threatening moves and pointed what appeared to be a firearm at officers, said Steve Olson, a spokesman for the Seminole County Sheriff's Office.

"He got out of his vehicle and was carrying a firearm," Olson said. "He was pacing around the parking lot and refused to surrender. When he made a move toward our deputies with the firearm, they fired."

More than one officer fired several shots at Duff, and he died immediately. The names of the officers who fired the

shots are not being released. They have been placed on administrative duty pending an investigation by the Florida Department of Law Enforcement

Deputy Tim Smith was slightly injured when a bullet ricocheted and grazed his left leg. He was treated at a local hospital and returned to duty, Olson said. See Shot, Page 6A

Lake Mary OKs expansion of **Timacuan Reserve**

By Michelle Jerla Managing Editor

LAKE MARY — A new development in Lake Mary is one step closer to becoming a reality.

The City Commission approved a rezoning request Thursday for approximately 40 acres of property in the Timacuan Reserve. The area is located on the northwest side of Crystal Lake and reportedly contains about 21 acres of jurisdictional wetlands.

The issue of rezoning the lake Commission in September after Realvest Partners Inc. submitted

a request to rezone the area from A-1, agricultural, to R-1A residential. However, commissioners denied it because of concerns over the density in proximity to the lake.

According to the city's Code of Ordinance, the Commission could not consider another rezoning for a the same property for at least six months unless it voted to waive the time limit, which it did during its Dec. 2 meeting.

Police have lead in mail theft case

By Bill Kerns Staff Writer

SANFORD — Investigators on Thursday said they have identified at least one suspect whom they believe has been involved in the recent outbreak of stolen mail.

The suspect's name has not been released because no arrest has been made, and the investigation is ongoing.

The thefts were first reported Dec. 8 in Seminole and Orange Counties. The Bear Lake, Chuluota and Longwood areas have been hard hit thieves who take outgoing mail from resi-

The thieves have taken outgoing mail from residents' mailboxes, looking for cash and anything of value. Cards and letters, in which there was nothing of value to the thieves, have been discarded in the road, investigators said.

The U.S. Postal Service is the lead agency in the investigation, working with local law enforcement agencies.

The latest reported incident occurred last weekend in the Picket Downs area, near Chuluota. Two residents reported finding mail removed from See Mall, Page 6A

School board considers changes drug policy

By Bill Kerns

Staff Writer

SANFORD — Middle and high school principals want the Seminole County School District's expulsion procedures to be changed, allowing them flexibility in recommending sanctions in cases where small amounts of drugs are found on campus.

Seminole County middle and high school students caught with drugs this year face more rapid expulsions because of changes in policy passed by the School Board.

Students may receive automatic expulsions of at least one semester for possessing even a small amount of marijuana, cocaine, or other controlled substance. The School Board approved the change in the "Zero Tolerance" policy relating to drugs in schools in June.

Ron Pinnell, director of secondary education for the school district, said that school principals want the authority to work with district administration to recommend more flexible consequences for possession of small amounts of drugs, tailoring the punishment to fit the student's circumstances.

"The implementation of this policy has resulted in the full exclusion of some students who were found to have been in possession of a minuscule amount of marijuana or to have been in momentary possession of a very small amount of the drug with-See Policy, Page 6A

Mysterious blaze

A Sanford firefighter attempts to keep fire from spreading at the abandonded Ridgewood Villas.

Fire destroys condemned apartments

By Bill Kerns

Staff Writer

SANFORD — A building at the condemned Ridgewood Villas apartment complex burned to the ground Thursday.

A fire started on the secand floor of Building 2 in the Northwest section of Ridgewood Villas shortly before 1 p.m., and quickly spread into two-thirds of the complex, according to the Sanford Fire Department. The fire was contained, and only Building two was lost. No one was injured in the blaze.

"As far as we know it was vacant," said Mike Hoening, acting deputy chief of the Sanford Fire Department. "No one is supposed to be living there, and we didn't see anyone

around."

The cause of the fire is under investigation. "There are no natural causes that could have caused it that I know of," Hoening said. The complex contains both apartments and

condominiums. Police have noticed transients within the condemned buildings, but no one is known to be living

The complex has been fenced off since November, preventing children or vagrants from entering the

condemned buildings. "(The fire) is not something we're looking to aggressively

go after," said Sanford Fire Chief Tom Hickson. "It's scheduled to be demolished anyway."

In recommending demolition in November, City Manager Tony VanDerworp said the com-See Fire, Page 6A

Christmas trees as symbols of love

Someone once said that Christmas trees inside the home impart a feeling that everything is not rotten and dis-

honest, and that people are good. How true.

Anyone who takes the time to lovingly dress a Christmas tree has to be a kind and gentle person. Meanspirited types don't have trees - nor many friends.

Home Christmas trees - no matter how White they're decorated all look nice. My wife liked the one she put up this year so much that she decided to put up a second.

To be sure, the Christmas tree is a symbol of love. There's a kind of splendor to each tree when it is lit that exceeds anything that money can buy,

The trees you see in just about every home reflect the personalities of the people in each home. The ornaments in

our home have been collected over a long time. The heavenly angel on top of one of our trees

is 60 years old. A new **************** angel tops Tree #2.

> A good many people not only have their Christmas stockings hanging with care but have their tree up, too. Others wait until Christmas Eve to put up their tree and place presents around it. They wait until Christmas morning to light the tree.

We prefer to have our trees lit several weeks before Christmas.

When we lived in upstate New York, we'd go cut our own Christmas tree. Christmas time was a dream - a wonderland of snow. Some of the small towns didn't look too much different than they did more than a half century ago. We miss that.

From the looks of things, Florida families do all they can to make it look wintry and

Christmas-like. There are some marvelous sights. There seems to be a Griswald family in every neighborhood - lights and more lights. We have Griswalds three doors away.

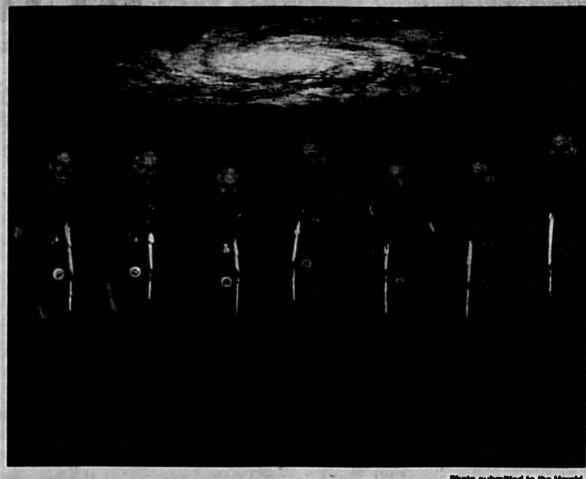

I like to admire the neighbors' outdoor lights than put on a show at our home. We have a modest display, enough to make the carolers feel good when they visit. That's always a great time. One year, the Griswalds came by to sing carols. How thought-

America's Finest Outdoor Christmas Tree is the White House Christmas Tree. Of all the things President Bill Clinton is going to miss about the White House, I imagine that one day he'll probably wish he could light the Nation's Christmas Tree. Poor guy has but one White House Christmas Tree turn-on to go.

Just behave, Mr. President.

Astronauta C. Michael Foale, Claude Nicollier, Scott J. Kelly (pilot), Curtis L. Brown Jr. (commander), Jean-Francois Clervoy, John M Grunsfeld and Steven L. Smith are ready for the next Space Shuttle Discovery mission. The next launch opportunity is at 8:47 p.m. tonight. Shuttle engineers have requested the additional time to confirm the quality control processes for Arrowhead Products of Los Alamitos, California. Arrowhead is a vendor that provides welded propellant lines to the Shuttle Program, including main propulsion system (MPS) lines in the orbiter's aft engine compartment. On Tuesday, the vendor's quality control personnel notified NASA of a welding flaw on a pressure line being fabricated for use on a future external tank. While Shuttle engineers have already exonerated Shuttle Discovery's external tank of any welding flaws, the on going evaluation will confirm the quality of the procedures used to manufacture Shuttle MPS lines. Though managers are confident in the structural integrity of Discovery's MPS lines, this evaluation is being conducted as a precaution. Launch managers at KSC are not working any significant issues and stand ready to support tonight's launch opportunity. The countdown clock will hold at the T-11 hour mark and a decision to begin tanking operations was expected to be made at about noon today. Weather officials indicate a 50 percent chance that weather will prohibit tomorrow's launch. The primary concern is thick cloud layers and the possibility of coastal showers.

Larry Kinser participates in activities with young friends during Sanfords All Souls Parish's Isn't It Grand event held last Sunday.

Youth, elders come together for holidays

The Christmas spirit is alive, well and being shared across the generations at All Souls Parish in Sanford. The church sponsored its first "Isn't It Grand?" event on Sunday, Dec. 12, bringing together church youth and elders for an afternoon of storytelling, holiday crafts, music, treats and camaraderie. Almost two dozen church members participated in the two-hour program. Children ranged in age from 3-12 years.

The "Isn't It Grand?" concept was conceived by All Souls Director of Finance, Donna Kinser, and her assistant, Betsy Lieble. Kinser

believes that many elders and youth alike are missing the close, special relationship of having a grandparent or grandchild living nearby.

"With so many families living far apart these days, we wanted to do something that would help bring together children and adults of grandparent age," said Kinser. "It's such a simple and beautiful relationship. Our hope is that understanding and friendships will result from just spending time together, the way grandparents and grandchildren do."

Winkie LeFils of Osteen, an All Souls member for 37 years, led the storytelling sessions, captivating her audience with her lovely Southern accent and relaxed, entertaining style. "Grandchildren" and "grandparents" decorated ornaments provided by the Plaster House in Lake Mary. There were holiday treats and root beer floats for everyone while festive Christmas

ground. Future "Isn't It Grand?" activities are planned. All Souls members - youth and elders alike - are invited to participate. Please call Donna Kinser or Betsy Lieble for more information at 407-322-

Linda's Christmas wish is full of love and light!

Linda Pearson, a fifth-grader at Pine Crest Elementary School, wrote such a sweet Christmas wish story that her teacher Cindy Miller brought it to the newspaper.

"If I could have only one thing for Christmas it would be my mom," Linda wrote. "That's the only thing I want for Christmas. There's nothing else I want for Christmas. All the toys and gifts are nothing but moms are. The most valuable present you can get is a special mom."

"They hug you when you need one or when you are sad, or even mad. They would not let you get hurt, fight or say bad words. They would be there for you whenever your are in trouble. My mom is the only thing I want for Christmas."

Linda Pearson's mother (her name is Linda, also) treasures what her little girl has expressed in her Christmas story. What parent wouldn't? No matter how

beautiful the printed messages in Christmas cards, the words we treasure most are the ones written by our friends and loved ones.

During the brief but precious periods my family had at Christmas time in upstate New York, we met a remarkable poet named Sister Eileen Lomasney. In 1981, Sister Eileen had published a

book of Christmas poems. It was called "Nearing Bethlehem." The night comes on, my

The silence settles deep.

And heaven only knows if

Shall find a place to sleep." That's how Sister Eileen's Bethlehem dialogue began, with Joseph talking to Mary. As they find out the inns are filled Joseph tells Mary that perhaps a farmer could take them in. That he could make a fire and Mary could get some sleep.

"But I have news, my Joseph That's too good to keep. So make the little fire, And keep the lantern bright, And you shall hold the Son of God

In your strong arms tonight!" Sister Eileen's personal note to me was that she prayed that her Christmas poems would "inform my work with love and light!"

I've placed Linda Pearson's Christmas story inside Sister Eileen's small volume of poems because it is so filled with love and light!

Thank you, Cindy Miller, for sharing it with us.

Central Florida to dedicate prayer labyrinth

Central Florida will dedicate one of the largest permanent prayer labyrinths in the world on New Year's Eve.

The dedication of the labyrinth will be part of a New Year's Eve gathering at labyrinths around the world. Events include a candlelight dinner buffet at 7 p.m., a choice of one or two of 19 workshops or lectures at 8 and 9 p.m. and a watch night service at 10:30 p.m. Shortly after 11:30 p.m., participants will walk through a candlelit path to the labyrinth, carrying their own candles. They will surround the labyrinth and ring bells at midnight. Overnight reservations are available.

Labyrinths, or structures of interconnecting passages, date back to ancient cultures and were first used by Christian churches for prayer and meditation as early as 350. The design being used in Florida first appeared in the Middle Ages and can be found in the inlaid floor of Chartres Cathedral in France.

The 11-circuit labyrinth-constituting a walk of more than two miles-can be found at the Life Enrichment Retreat and Conference Center in Leesburg, Fla., which serves as a retreat

center for the United Methodist Florida Annual (regional) Conference. Leesburg is located 40 minutes outside of Orlando in Central Florida.

This permanent installation, as well as traveling canvas labyrinth available to churches and groups, is one of the methods being used by the conference's office of spiritual formation to help people pray.

"The journey (on the labyrinth path) is the event," said the Rev. Patricia Brown, director of spiritual formation. "For me, it's just a time to clear my mind and let the spirit work."

A single path lies in 11 concentric circles with 34 turns, leading into the 12th circle or the center. But the labyrinth is not a maze. "A maze you get lost in, there are tricks and turns," Brown explained. With the labyrinth, "you can see the entire design before you begin. All you have to do is stay on the path in order to walk it."

The first part of the walk is a

time of cleansing and asking for forgiveness from God, she said. In the center, participants can offer prayers and petitions. Walking back out on the same path, "it's a time of going on into the world to claim your mission for God." Participants will encounter others along the path. "It's a very personal experience, but it's never a private experience because there are other people on the journey with you," Brown added.

The Florida Conference has designed its labyrinth to be Christ-centered. Before walking the path, participants hear a talk about the Christian meaning of the labyrinth as a prayer

tool. A basin of water sits at the path's entrance, symbolizing baptism, and a cross is found in the center. Holy communion also can be found at the head of the labyrinth, along with anointing oil for prayer, heal-

ing and the forgiveness of sins. What a wonderful way for families with children, singles, friends and couples to begin a Millennium," Brown said. The New Year's Eve event is open to the general public. An earlier fire broke out in two units in the apartment complex in August. Emergency officials were able to contain the fire, and no one was injured.

The fire in August erupted at about 9:30 p.m. in the second story of building four, which had been vacated by the City of Sanford because of unpaid water bills.

The Sanford Fire Department said the cause of the August fire was suspicious in nature. The fire started in unit 219 and spread into unit 220 of building four. It took 20 to 30 minutes to put out the flames.

Central Florida HANDS, a non-profit builder of affordable housing, is interested in purchasing. The organization has been negotiating with multiple owners of Ridgewood Villas apartments to purchase the complex.

Charles Rowe, director of Community Development, said

Last week, there were reports of mail thefts in the Bear Lake, Longwood and Lake Mary areas of Seminole County.

There were also reports of mail

theft in Orange County.

Residents in the Lake Mary,
Longwood and Bear Lake areas
reported at least 10 incidents of
mail being stolen out of their
mailboxes last week.

Investigators have described the suspects as two Hispanic males driving a black, older model Ford, perhaps an E.X.P.

It also appears the thieves struck the Thompson Road area in Orange County near

describe the same type of vehicle, with the possible exception
that it might be a Toyota, inves-

tigators said.
Some victims reported that checks were stolen and others recovered all of the items, investigators said.

Longwood officers pulled over the white full-sized cargo van belonging to Duff. When he got out and made threatening gestures, Longwood police called for assistance.

Officers from Altamonte Springs, Casselberry and Winter Springs responded to the call for help involving a man waiving a weapon.

The van was pulled over because a similar van had been spotted in the area of a couple of strong-arm robberies of women that had recently taken place in the Casselberry area, Olson said.

When asked whether the gun being waived at officers was real, Olson said that he could not comment and that an investigation is underway.

Duff is a registered felon for a July, 1996 strong-arm robbery in Tennessee. He moved to the Lake Mary area in 1998, Olson

Boat motor thefts

Seminole County Sheriff's Office Auto Theft investigators are looking into the grand theft of nearly \$50,000 worth of property from a Sanford area boat dealership.

The crime was reported Tuesday morning, Dec. 14, at 4115 E. SR-46. Six outboard motors, valued from \$7,000 to \$11,000 were reported stolen from Aqua Marine Boat lot. A 1987 GMC truck was also taken. Sheriff's spokesman Steve Olson said the thieves apparently cut through a chain link fence to gain entry. The thieves then left through a side gate after they cut off the lock.

The victim reporting the crime recalls four suspicious men, who were perhaps casing the business, visiting a week earlier.

According to Steve Neveleff, vice president of Realvest Partners, his company plans on developing only about six of the 40 acres on the site. Between 25 and 28 acres will be used as a conservation belt.

None of the land will be considered lakefront property as a result of the buffer between the lake and the developed property, Neveleff said. All of the six acres will be above the wetland and

100-year floodplain boundaries.

Numerous residents voiced concerns about the rezoning, including the possible impact on the lake's water quality and the development's low elevation. However, Neveleff assured the commissioners the development would not affect the wetlands.

Commissioners Al Crump and George Duryea and Mayor David Mealor voted in favor of the rezoning, while

Commissioner/Deputy Mayor Thom Greene voted against it.

Commissioner Gary Brender was not present for the meeting.

In other business, Commission:

• Approved an ordinance amending the city's fire prevention code, which limits burning within the city.

 Approved the adoption of a safety incentive program.

Repealed an ordinance requiring the Commission's review of final plats and site plans without request for variances for properties within the Crystal Lake Rasin

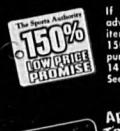

Also during the meeting, Santa Claus made a visit, distributing gifts to the mayor, commissioners and honoree mayor Teresa Lineberger, who gained her temporary seat during a fund-raising auction earlier this year. The commissioners and mayor also wished everyone a happy holiday

The City Commission will meet again 7 p.m. Jan. 6. Mayor Mealor asked the Commission to hold a work session before the meeting.

The numbers are incontovertible

In 1878, there was a famous lawsuit in London, when James Whistler sued John Ruskin for the latter's vitriolic criticisms of the former's

contributions to the 1877 **Grosvenor Gallery** Exhibition. Among his comments, Ruskin accused Whistler of *. flinging a pot of paint in the public's face." During the trial, Whistler said, Two and two continue to make four, in soite of the whine of the amateur for three, or the cry of the critic for five." Whistler won the case. What was the award?

The first major holiday alone after the death or divorce of a spouse can be painful and depressing. What can you do to survive the holiday? Be with

grief. Just because holidays are supposed to be happy doesnit mean you have to be, and just because you have experienced a

loss doesnit mean you have to be unduly sad! Grief includes loneliness, memories and reflection, new personal growth, new experiences and extreme highs and lows. You may need to shed tears, release anger, be

alone, or be euphoric during this first time alone.

Remember, there are also organizations who could use your help! Some of the things you could do would be serve food at a local shelter, volunteer for Better Living for Seniors and deliver holiday food for their Meals on Wheels Program, take a single person a plant with a bow around it. Last Christmas was my first Christmas as a divorced person. I found it very helpful to volunteer and extend: my time to those who needed more help than I did. Whatever you do, do what you need to ? do. I can tell you from personal experience that it only gets bet-: ter! Happy Holidays.
