Burglars Active Over Weekend

Three area break-ins highlighted weekend police activity. Television sets and tape players with an estimated value of over \$1,000 were stolen early today by thieves who entered Sanford's Good-year Store at 555 West First Street.

Police reported the entry was made by smashing a side plate glass window.

Police almost captured the intruders as they were seen just before they completed their intrusion by an adjacent businessman, who phoned police.

Seminole County authorities are investigating the theft of \$182 in a cash box and a typewriter removed in a break-in at Pinecrest Village Shop.

Seminole Deputy Roy Rice reported another entry was made at the Snappin Turtle lawn mower repair shop on Highway 17-62. Investigators are checking the lawn mower shop for losses.

MONDAY Headlines Inside THE HERALD

World News
American B52s bomb North Vietnamese supply depots in Laos after trucks are sighted moving through the A shau Valley. (Page 1B)

Around The Nation
The chairman of the American Bar Association's federal judiciary committee says "there's a lot of basis" for speculation that the committee informally has approved of the nomination of G. Harrold Carswell to the U.S. Supreme Court. (Page 1B)

Some generals believe a 25 per cent cut in the size of Army divisions would improve their fighting effectiveness and reduce their cost. (Page 2A)

A government panel says safety no longer requires federal inspectors to reject chickens containing cancer viruses. (Page 5A)

Sports World Thrillers
Thunder! Seminole Junior College after winning 15 straight games will meet Saturday night. (Page 2A)

Southern Wrestling title goes on the line tonight at the Orlando Sports Stadium. (Page 3B)

Statewide Developments
Florida's public schools stand at a judicial crossroads today with federal courts holding the key to their moves — and their speed toward desegregation in the classrooms. (Page 8A)

Financier Louis Watson leaves prison today "perhaps wiser," but he says, not bitter, after serving nine months at the minimum security prison at Eglin Air Force Base. (Page 8A)

WEATHER — Yesterday's high 73 low 52. Temperatures for the period Tuesday through Saturday will average 5 to 6 degrees above normal.

Warming trend to begin around mid-week with little day-to-day change.

Normal highs in the upper 70s with the lows in the 60s.

The nation was in the midst of a mid-winter thaw late Sunday and early today as freezing temperatures retreated to the north.

Light snow and freezing rain spread from Pennsylvania and New Jersey across New York state and to New England.

GARNETT WHITE

Estridge Promoted By S&L

By FRED VAN PELT

I. E. Estridge III has been elected executive vice president in charge of operations of First Federal Savings and Loan Association. He succeeds George Touhy, retired.

Estridge joined the thrift institution as a loan officer in 1960 and later became assistant executive vice president, prior to moving up to the new position created last week with Touhy's retirement. Estridge has been a director of First Federal since January 1969.

Gene Estridge, now serving as president of the United Fund, had to arrange its unity with

GENE ESTRIDGE

in Seminole, Orange and Osceola Counties' early last year. In 1968 he was a campaign chairman for the Seminole drive of the United Fund.

He is a director of Florida Information Services, Inc., the computer and accounting service organization for a number of Florida savings and loan associations united for such service through the Florida Savings and Loan League, headquartered in Orlando.

The new chief officer attended the graduate school for savings and loans at Indiana University for three years and received a degree from the American Savings and Loan Institutional Executive Development School at the University of Georgia in 1961 and 1962.

Serving under Estridge at the S&L are Gilbert T. Edmonds, assistant vice president; Mrs. Maxine Ekern, secretary-treasurer; and Miss Barbara Flynn, assistant secretary-treasurer. All staff members will continue in their present positions, Estridge said.

For those of you who were planning on seeing Frank Sinatra at the MC at the Democratic fund-raising party in Miami Beach, Feb. 5 . . . you'll have a change offered to you in the form of Sammy Davis, Jr.

Seems like Frankie-boy has conflicting engagements . . . (like maybe appearing before the Senate Investigating Committee up in New Jersey, Frank?)

today's FUNNY

Lew Alcindor never drinks his doughnuts

It's ALL New

By GEORGE TOUHY

Rivalries of yesteryears will be renewed tomorrow at the Civic Center when Garnett White and John Mercer, co-chairmen, with their vigorous team-mates get together for the kickoff breakfast of the Greater Sanford Chamber of Commerce membership drive. The hostilities around the "gran board" of delectable food start at 8 a.m.

The two co-chairmen have headed the campaign for memberships in the trade group in past years, and even though there is a warab of friendliness, the competition for leadership is nonetheless keen.

Prizes have stimulated interest of the campaigners who make up the teams under the captaincy of several veteran workers, five teams in each division.

For the first worker on each team who brings in memberships for all the cards assigned to him, there will be a \$25 bond.

To whet the energetic solicitors' interest in getting the newcomers—and those who for unexplained reasons have not yet joined the ranks of the C of C—there will be a \$25 bond for each worker who brings in five new memberships in the three days of the drive.

In the past years the victory "cookout" with eye-popping goodness in the juicy steaks that grace the festive board has been an event well worth the effort to gain a place on the guest list. This "blast" is given for all prior winners and their wives.

John Krider, C of C manager, has arranged for ample tasty food for the breakfast and has urged all the team members to join the co-chairmen in being on time. The idea, he said, was to "get it while it's hot"—and of course, "to get that early start that produces maximum results."

The drive is designed so that all contacts may be made within three days. To help the canvassers, White and Mercer urge merchants to "have their checks ready" for the callers.

Lyman's Career Day Scheduled Tuesday

By JANE CASSELBERRY

Allen, biologist and oceanographer from Florida Technological University, who will speak on oceanography (a popular career among the youth of today); and Sgt. Thomas Deppen of the Sanford Police Department, law enforcement.

Artist William Orr will be speaking on careers in the fine arts. X. Blaschke, retired commander from the Naval Training Center, will speak on foreign service careers. Gary Row of the South Seminole Bank, on banking.

Eastern Airlines, Delta and National will be cooperating to furnish information on careers as pilot, aviation mechanic and stewardess.

Among women who will be speaking are Mrs. Vera Alcott, electronics, and Nancy Wells, modeling.

The students were polled as to their vocational interests and tops on their lists were electronics, airline stewardess and civil service.

Oddly enough a career, which was not on the original list, but that has been included at the request of the students, is mortician.

Among the other careers which will be represented are journalism, engineering, telephone operator, military, electrician, computer technology, accountant, beautician, veterinarian.

MAKING final plans and preparations for the Career Day at Lyman High School Tuesday when 64 speakers will present their professions and occupations to the students are Jack Toole, president of the Rotary Club of Seminole County South; Don Fisher, student; and Rev. Delmas Copeland of Rotary Club, who will represent his profession.

JOHN MERCER

Witness Given Exam

A 12-year-old girl complaining witness in a morals case involving two incident Central Florida figures was given a psychiatric examination in accordance with an order handed down by Circuit Court Judge E. Thom Rumberger.

This was confirmed by Sheriff John E. Polk, who said the court-ordered examination was performed Friday on the girl by Dr. Michael Gutman and Dr. Thomas Phillips at Florida Sanitarium and Hospital in accordance with the court's request made last Wednesday.

Judge Rumberger ordered the mental tests after Edward Hanlon Jr., attorney for respondent, sought a psychiatric examination of the child under 14.

Kirkland has been looked on as an additional charge of a crime against nature in connection with the same alleged incident.

Both men are free on bond and Blackburn appeared Wednesday to plead innocent to the charge before Judge Rumberger.

Kirkland is expected to be arraigned Tuesday at noon before Rumberger and is also expected to enter an innocent plea.

Both men were arrested after an alleged incident at a South Seminole apartment complex in which three females ages 18, 14 and 12 were involved.

Cruising On St. Johns?

An old idea is being tried out on the West Coast of Florida; it's a good idea that could be put to work on the St. Johns River. A 42-passenger mini-cruiser leaves St. Petersburg on Monday, after the inland waterway to Fort Myers, the Caloosahatchee River to Lake Okechobee and return, a five-day trip.

River steamers used to be the only mode of travel to Sanford and Central Florida.

Now, why not pleasure mini-cruisers from Sanford to Jacksonville and return.

Read Fred Van Pelt's feature story on the mini-cruiser, "Mount Hope," in The Herald's Friday entertainment guide section, which also includes all television programming and other entertainment features and news.

The Future Looks Good

Not all of the younger generation is on "pot", main lining heroism, despising their parents and, in general, fighting the establishment. The majority is far too busy and well motivated for the much publicized bad action of the few. They are busy learning the trades, skills and knowledge that will prepare them for the future and better adult lives. Being aware of the fact that too often many of the good efforts of our young people go on "Herald-ed" or are lost among the headlines of the infamous minority, Herald correspondent Ann Riley, of Longwood, made an unscheduled visit to Lyman High School taking these pictures to illustrate her point. Touring the various classrooms and taking pictures at random, Ann reports Lyman students are being well trained for the future when they will take their place as tomorrow's citizens. An informal written poll was taken in the Family Relations Class, after being presented with the question, "Should marijuana be legalized?" Students polled responded: Five yes; 20, no; and one, no comment ("There isn't enough known about the situation to form any opinion.")

BAKING bread is not a lost art. Future husbands take notice as this art is being taught in Mrs. Eleanor Puston's Home Economics class at Lyman High School. Engrossed in the procedure are Annette Wilson, Janet Kreener, Frances Coleman, and Sarah Miller. (Ann Riley Photo)

EVEN learning the classics can be intriguing to the Juniors in the English Class taught by Mrs. Marjorie Tingley, shown with intern teacher, Mrs. Claudia Echebuer, at Lyman. Engrossed in the lesson are Wanda Tullock and Ellen Flourney. (Ann Riley Photo)

Seminole Calendar

State Bank lounge; primarily for collectors but all are invited. Colery Camp 285, of Woodman of the World 6:37, covered dish supper, 6:30 p.m. WOW hall, 116 South Park Avenue. The next Orlando High School PTO meeting will be held in the school library at 8 p.m. Speakers will be C. W. Holder, principal, R. W. Hughes, assistant principal and John Evans, school board chairman. The subject will be ways of meeting the economic problems of the schools in Seminole County. Greater Orlando Jaycees annual DSA Awards Night Banquet at 7:30 p.m. at Town House Restaurant, Oviedo. Dr. William Proctor, dean of men at PTTU, will speak. Jan. 26 The 35-year-old Dent, former top aide to Sen. Strom Thurmond, R-S.C., was interviewed in his spacious, birch-paneled office in the East Wing of the White House—a short, carpeted walk from the Oval Office occupied by the President. His title is special counsel to the President. But although he's a lawyer, he said the "special means special for politics." Speaking of this November's congressional races, Dent said he will be the prime leader in support of Republican candidates across the country this year.

Spiro Agnew Slated To Become 'Big Gun'

WASHINGTON (AP) — President Nixon's top political adviser says Vice President Spiro T. Agnew will be the administration's big gun in this year's congressional elections. Harry S. Dent of South Carolina foresees gains in the House—and a good chance of picking up the seven seats necessary for the Republicans to capture control of the Senate. And he says Nixon is not following any southern strategy but is instead "writing the South back into the Union again by using an even hand and a fair approach rather than writing the South off like the Democrats are doing." The 35-year-old Dent, former top aide to Sen. Strom Thurmond, R-S.C., was interviewed in his spacious, birch-paneled office in the East Wing of the White House—a short, carpeted walk from the Oval Office occupied by the President. His title is special counsel to the President. But although he's a lawyer, he said the "special means special for politics." Speaking of this November's congressional races, Dent said he will be the prime leader in support of Republican candidates across the country this year.

DeBary Groups Hear Outlines County Charter Study Urged

Dr. P. T. Fleuchaus, chairman of the Volusia County Charter and Study Commission, and Wallace Payne, executive director of the commission, speaking at a meeting jointly sponsored by the DeBary Chamber of Commerce and DeBary Civic Association, presented the organizational approach of the commission to develop a charter to modernize the county's government structure and functions. This was followed by explanations of the preliminary recommendations of the five basic Commission committees. A variety of pertinent questions raised by local citizens were discussed. Payne said that a study of Volusia's government structure set up in 1885 when county population was 4,000 called for change to "more efficient, more economical and more responsive county government." He described the studies being made by the five basic committees on goals and government alternatives, government services and a coordinating committee. He called attention to the higher costs and inefficiencies of having five separate road departments, to the complications and high administrative costs resulting from 50 separate taxing districts in the county with separate authority to levy and spend taxes. The studies also revealed difficulties arising from a County Commission exercising both legislative and administrative functions. Dr. Fleuchaus stated that in the Study Commission's efforts to "bring order out of chaos in county government" and to bring the tax applier's and the tax collector's offices on a budget rather than a fee system. Dr. Fleuchaus explained how substantial savings and increased efficiencies can be achieved through these consolidations and streamlining. The audience raised questions on possibilities for reducing county operating costs, on the functioning of a budgeting office, holding hearings within reach of county taxpayers, the need for countywide purchasing and better accounting of expenditures. Responding to a question on the operation of the Daytona Beach Airport, Dr. Fleuchaus explained that the operation of the airport by one county commissioner with an advisory group of citizens was "not proving as adequate as needed." He voiced the opinion that a better authority would do a better job.

Army Fighting Units Trim Urged By Brass

WASHINGTON (AP) — Some generals believe a 15 per cent cut in the size of Army divisions would improve their fighting effectiveness and reduce their cost. Army planners argue that better ammunition, artillery and tanks, plus more efficient communications and other advances make it possible to trim present divisional strength from nearly 16,000 men to about 12,000 or 13,000. "We're almost forced to go this way because of the cost," one source said. "But we should be doing it anyway." There was no estimate of how much money might be saved by such a slimming down. Secretary of Defense Melvin R. Laird estimated recently that deactivation of a full infantry division yields a saving of about \$500 million a year. Armored, mechanized and airborne divisions cost more because they incorporate larger numbers of such vehicles as tanks, armored personnel carriers and helicopters. Some experimentation has been done with a new concept combining the best fighting features of armor and helicopter-borne forces in a single division. Searching for the right formula, the Army has gone through a series of divisional reorganizations back to World War I.

Central Florida's Road Problems Now Visual

"Facts are stubborn things" argued Patriot John Adams in 1770. They still are in 1970. Especially are they stubborn when they take the form of traffic congestion, bumper-to-bumper tie-ups and cry out that the inexcusable delays on road construction have produced a crisis.

But the fact that the state must not go unheeded. Past history, however, does little to encourage any action by either the state legislature or the Kirk administration which will be hampered or completely blocked by politics.

This road squabble in Florida has been in the realm of words, arguments and counter-arguments so long that there is almost an acceptance by political hopefuls that nothing can be done until the general elections in November are held.

This is defeatism. This is flying in the face of facts. This is an acknowledgment by the elected leaders in Florida that they have not only missed the boat but will not even attempt to catch it.

Astronautically

Space exploration may be "out of this world," but man is still an ordinary mortal and wherever he travels he must carry his earthly environment with him. The essential functions of breathing, sleeping and eating must continue.

A news release from a major food processing concern tells a little about space foods and the requirements that must meet them. They must be light, compact, simple, palatable and have the highest possible caloric content per unit volume.

Weighty Words

A Ford Motor Company spokesman says poor quality and over-commercialization of television "could dampen our enthusiasm for radio and television" advertising. A million rank and file viewers could complain about the same shortcomings of TV and their words still wouldn't carry as much weight as the words of a spokesman for a company that spends \$50 million a year on radio and TV advertising.

Fashions 'Step Into Spring' At Gala Show

LOOKING GRACIOUS and poised serving refreshments at the recent fashion show of the Caselberry Woman's Club are Mrs. Edward Laatu, Mrs. Jack McFee and club president, Mrs. Walter Johnson.

MISS VICTORIA LYNN MONTGOMERY
Montgomery-Bryant

Engagement Told

Mr. and Mrs. Russell N. Montgomery, 94 Griggs Ave., Caselberry, are announcing the engagement and approaching marriage of their daughter, Victoria Lynn, to George William Bryant, son of Mr. and Mrs. O. G. Bryant, 1807 Peloma Dr., Sanford.

Mr. Bryant, born in Wabash, Ind., was graduated from Seminole High School in 1968. He is currently attending Seminole College and employed as day manager of Burger Chef. Final wedding plans will be announced at a later date.

Miss Bohne To Marry S. O. Chase III

Mr. and Mrs. Otto Bohne of Sanford, Germany, are announcing the engagement and approaching marriage of their daughter, Christa, to Sydney Octavian Chase III, son of Mr. and Mrs. Sydney Octavian Chase Jr. of Belair Grove, Sanford.

Mr. Chase was born in Sanford and is a graduate of Woodbury Forest School in Orange, Va. He was graduated from the College of Education and also received her Masters in Education. Miss Bohne is a member of the teaching staff in Cologne, Germany.

Miss Bohne To Marry S. O. Chase III

MRS. JESSIE SELBY, right, admires the striking white wool hooked rug which was awarded the blue ribbon award in the Crafts division of the Deltona Women's Club Fine Arts Festival. Mrs. Nora Ruthrauf, left, created the lovely entry.

Duplicate Club Lists Winners

The Deltona Duplicate Bridge Club met Tuesday at the Pines Recreation Hall with 28 tables in play directed by Miss Ethel Johnson. North-south winners were first, Mrs. W. O. Bennett and Mrs. Gloria Acardi; second, Frank Austin and Mrs. Donald Johnson; third, Mrs. Gladys Wolff and Mrs. George Farr; fourth, Mrs. Edwin Washburn and Dr. E. B. Roseboro; fifth, Mrs. O. N. Lacey and Mrs. William Woodlock.

East-west winners included first, Mr. and Mrs. George Parrall; second, Charles Daglia and W. G. Lutz; third, Mrs. Marie Acardi and Charles Horton; fourth, Mr. and Mrs. Frank Matheson; and fifth, Mrs. Lolla Thompson and F. R. Froehlich.

Beauty after Forty

By Edyth Thornton McLeod

"I am now retired and like to collect antiques. I have a car and can drive to many off-beat places where there are still some antique lots. Do you think I could make a business out of this? I am prepared to advertise. My town has quite a few antique shops and we have many tourists." Mrs. R. L.

Your idea is good. Visit all the shops and see what they have to say. And, I suggest that you read a most unusual book, "The Poor Man's Guide to Antique Collecting" by John Melrose. The illustrations are wonderful and it is pure nostalgia if you have, in your youth, lived with cut-glass powder boxes with silver tops, shoe buttoners and all the small things on the side-board and bureau. This book gives some very interesting information and should be useful in your new career. Good Luck!

"I am a woman of forty five too old to start an entirely new life and business career? I have worked all of my adult

Dear Abby: By Abigail Van Buren

DEAR ABBY: I just read the letter signed "MORRIS WIFE." She complained because after her husband had been elected president of his lodge, someone said, "I heard Morris accepted the presidency of his lodge. That was real nice of him. I heard nobody else would take it."

My heart goes out to Mrs. Morris. Here in Aschaffenburg, Germany, there are not many men named Morris who are seven years old. One is an average boy but the other one (I'll call him Mark) is not right. In the first place, he never learned to talk right. His speech has improved ever, and our son was happy with his friends. Our parental needs are only emotional, but after a year in the Orient, his emotional needs for his friends are far greater.

DEAR ABBY: I am 13, and right now I am being punished because I told my mother that if she can't see what everybody else can see, she must be blind.

I have twin brothers who are seven years old. One is an average boy but the other one (I'll call him Mark) is not right. In the first place, he never learned to talk right. His speech has improved ever, and our son was happy with his friends. Our parental needs are only emotional, but after a year in the Orient, his emotional needs for his friends are far greater.

Jacoby On Bridge

Orwald: "It is remarkable that so few bridge players really know the correct technical play with ordinary card combinations. South truffed the third heart, cashing his ace of spades, led a spade toward dummy's king and finally paused to do something when West was unkind enough to fail to produce a second trump."

Jim: "I can see that this late thought couldn't help him."

Orwald: "I did help him a trifle. He decided to play the rest of the hand as if he had a fourth heart. East did hold a fourth heart, so South was down one. Other lines of play would have led him down two."

Jim: "I suppose he complained about his bad luck."

Polly's Pointers

DEAR POLLY—Do tell Mrs. E. L. that I had great success repairing suede and leather jackets with adhesive-backed felt, the type used for the bottoms of lamp bases and that can be bought at the 10-cent store. Be sure the edges of the rip are perfectly matched on top side. First, cut out the piece with masking tape or easy-to-remove transparent plastic tape. Apply felt to underside of rip and press with the fingers. Remove the tape and the rip is gone.

DEAR POLLY—Recently I had a large wedding gift to wrap and gift-wrapping paper simply was not wide enough without piecing it. A friend suggested that I buy and use a paper called "tablecloth." I did and even had enough left to wrap another small gift. This made a pretty gift wrap which was even cheaper than buying wrapping paper.

Horoscope Forecast

TUESDAY, JAN. 27, 1970
GENERAL TENDENCIES: You have an unusually beautiful day and evening to get together with those you like personally, whether you are connected with them in a business, a marital or a romantic way. Make sure you show your affection for those to whom you are drawn. Make allies of those who have secretly admired, but have not yet met.

TAURUS (Apr. 20 to May 20) Find just the right items to make your home, office, etc., look more charming and operate more efficiently. Co-workers are in a quiet mood, so much can be done. Try to get along better with everyone.

MOON CHILDREN (June 22 to July 21) Kim seem to think that you could be more successful. Therefore, put more effort in your work. Work in earnest today. Then relax tonight at home.

LEO (July 22 to Aug. 21) You can come to the right decisions with associates today since you are acting in a friendly way. Then all works out fine. Get work done early and then out for some fun.

SCORPIO (Oct. 23 to Nov. 21) The romantic should be upmost in your mind today but without a great deal of fanfare. Go after that data you need so quietly and you get results.

SAGITTARIUS (Nov. 22 to Dec. 21) Accepting invitations extended by your friends and your most personal aims. You also have an enjoyable time. Be with that person later who cooperates in a business way.

CAPRICORN (Dec. 22 to Jan. 20) If you delve into some public affair, you find you can improve your image and surroundings greatly. Supporting influential persons assures help for yourself when needed. Be loyal.

PISCES (Feb. 20 to Mar. 20) You have many tasks ahead of you but find that confining where to begin. But if you first keep important promises you made, all goes fine. Take those health treatments tonight.

We The Women: By Betty Canary

Here we are, folks, one month into the Soaring Seventies. Authorities tell us that drugs are still very much on the youth scene but, thankfully, young people are giving up directed searching for a never-over land and are ready to direct their energies toward realistic and worthwhile goals. Air and water pollution are the targets.

Meanwhile, back at the kitchen range, a woman contemplates her role in the new decade. Not being an ironical cynic, she is unwilling to do anything that would do anything to her.

Highlights

7:30-8:30 p.m. ABC. It Takes A Thief. "Touch of Magic." (Color) The grand dame of cinema historians, Bette Davis, makes a rare TV appearance as Beanie Grindle, a oedipal heister great down on her luck. Mulder, to help her morale, takes her to Malibu on a made-up, safe-cracking job. Unbeknownst to him, the CIA is operating on the island, and he winds up helping Beanie steal from his own, straight-laced employer. Miss Davis has a superb time as the old girl, and Maurice Marsac gets to join her as Beanie's old beau who once turned her in.

William S. Sherertz was installed as president of the Sportsmen's Club of Deltona at its annual dinner-meeting, attended by 145 persons. Other officers installed by Charles Cottrell, who also was principal speaker, were: Jerome Amundsen, vice president; Charles V. Dugan, secretary; Willis R. Williams, treasurer; and Herbert Packman, Howard James and Ever-

Wolfson Free; Not Bitter

PORT WALTON BEACH, Fla. (AP) — Financier Louis Wolfson is leaving prison "perhaps wiser" but, he says, "not bitter."
Wolfson, who will be 66 Wednesday, was to be released today from the minimum security federal prison, at nearby Eglin Air Force Base after serving nine months on a conviction of selling unregistered stock.
Prison officials refused to say how or when he would be freed.
On the eve of his release, the Miami millionaire issued a statement calling for major changes in America's penal system.
"I am convinced our penal system must be revamped because our crime rate is increasing at such a pace that every American family could have a member killed or maimed within 10 years," he said in the statement released by his son, Stephen Wolfson of Jacksonville.
Wolfson, who has consistently denied that he did anything criminal, was accused of selling \$2.5 million in unregistered stock. He entered prison April 25, 1969.
His association with former Supreme Court Justice Abe Fortas led to the latter's resignation last year.
"I have every conceivable reason to be scared with bitterness," Wolfson said in Sunday's statement.
"But I am not bitter. If I were, I would be unable to accomplish goals that I have long envisioned."
Calling for a full scale effort to "improve the treatment of criminality," Wolfson scheduled a news conference in Jacksonville March 2 to offer "full documentation along with my recommendations."
He said "the American people are entitled to know of the inequities existing in our disgraceful penal system and inconsistencies apparent in parole board operations."
Wolfson added, "I envision an opportunity to make it part of the battle for justice and to fight as I have always fought for the rights of every human being."

Prison Charges

LIMA, Peru (AP) — Relatives of inmates in one of Lima's major prisons complained to movement that they were being charged a "commission" for delivery of messages to the inmates.
A newsmen decided to verify the complaint. He went to the prison, asked at the main gate to see the prison director, and was told he would have to pay five soles (about 15 cents).

Schools Await Courts

By THE ASSOCIATED PRESS
Florida's public schools stood at a judicial crossroads today with federal courts holding the key to their moves—and their speed—toward desegregation in the classrooms.
Four counties—Lee, Leon, Manatee and Sarasota—faced court hearings today on plans to integrate their public schools.
And in Miami, Dade County's big school system was awaiting a decision from U.S. Dist. Judge C. Clyde Atkins on whether a Feb. 1 deadline for desegregation would apply only to faculties or to teachers and pupils alike.
Atkins' ruling could indicate a course of action for other counties. The state and Gov. Claude Kirk were defendants in the suit which asked total desegregation by Feb. 1.
Kirk appeared to the court last Friday and a September deadline on pupil shifts.
Orange County schools were closed today as the county board implemented a modified freedom of choice plan approved Thursday by U.S. Dist. Judge George C. Young.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss and grow more hair.
For years they said it couldn't be done. But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss... but is really growing hair!
They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!
Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.
The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.
But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.
Many conditions can cause hair loss. No matter which one is causing your hair loss, if you walk until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any weak hair on top of your head, and would like to stop your hair loss and grow more hair... now is the time to do something about it before it's too late.
Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

NO OBLIGATION COUPON
To: Loesch Laboratory Consultants, Inc. Box 6601, 3311 West Main St. Houston, Texas 77006
I am submitting the following information with the understanding that it will be kept strictly confidential and that I am under no obligation whatsoever, I now have or have had the following conditions:
Do you have dandruff? — If it dry? — or oily?
Does your forehead become oily or greasy?
Does your scalp itch? — When?
How long has your hair been thinning?
Do you still have any weak hair on top of your head?
How long is it? — Is it dry? — Is it oily?
Attach any other information you feel may be helpful.

Policeman Testifies To Finding Slain Man

Continued From Page 1
The state attorney said the defendant refused a friend's request to report her husband's disappearance to the sheriff. He said a witness will testify hearing Mrs. Thompson say she wanted Bobby dead and seeing him display a pistol.
Herring said the state would show the defendant gave Watson her husband's gold watch. Eugene Augustus, pawn shop dealer, will testify he (Augustus) bought a .22 caliber revolver from the defendant, Herring.

County Benefits By Hiked Fines

District Six constable Robert Jane gave a comparison of his office's improvement over past years, based on information filed with the county clerk.
In 1969, Jane's office coupled with justice of the peace Thomas Lovett collected some \$44,843.20 in fines and forfeitures. During the same period, the constable's expense amounted to \$34,899 or a breakdown of \$15,485.14 for Lovett's office and \$19,408.85 for Jane's office, returning some \$10,048.21 to the county.
Jane pointed out that the taxpayers did not have to spend one dollar on the operation of the two offices, while the two South Seminole officials boosted Seminoles County's income by some \$10,000.
Jane said in 1969 his office made 1579 arrests compared to Hall's total of 216 in 1968. The constable then pointed to the number of summons served by his office, which amounted to 748, compared to 205 for Hall in 1968.
The District Six constable's office handled 125 prisoners during 1969 compared to Hall's total of 43 in 1968.
The South Seminole constable concluded his review by saying, "Let the public judge for themselves."

JOHN D. CRIM and his daughter Jean were sent to the hospital when their car, driven by Marion Johnson Crim was struck by this pickup truck driven by Darwin Fedder. Crim was charged with failure to yield right away.

ABA Pictured Favoring Carswell

NEW YORK (AP) — The committee has approved informally the nomination of G. Harold Carswell to the U.S. Supreme Court.
After the committee deliberated here Sunday night, Lawrence E. Walsh, the chairman, said of reports that Carswell's nomination had been approved: "If you're going to speculate that there's a lot of basis for it, I wouldn't speculate the other way."
He said the committee would announce Tuesday morning whether Carswell, in his view, is "qualified" or "not qualified" to be an associate justice of the supreme court. Since the committee began rating Supreme Court nominees in 1956 it has found every one of them qualified.
Meanwhile, in Washington, former Vice President Hubert H. Humphrey said Carswell should be judged on his record and not for a speech he made while seeking public office in 1948 that endorsed white supremacy.
"I don't think you should hold a man accountable for a speech that he made 20 or 25 years ago under entirely different circumstances," Humphrey said.

Casselberry Ponders Police Radio Purchase

After hearing from City Attorney Kenneth McIntosh that it would be impossible to remove a city radio from Mayor Curtis Blow without a specific ordinance change, the Casselberry City Council is expected to purchase a new radio for the police department at tonight's meeting.
After ordering the mayor, two weeks ago, to turn his radio over to Police Chief Donald Brumley, the council learned last week that this would be violating the mayor's constitutional rights.
Tonight's agenda, one of the shortest in recent years, will deal with annexation and street light proposals along with other minor business.
Under street light proposals, the council will consider approval of lighting for the new Summerfield III subdivision and any other parents would feel in the same situation and naturally plan to do everything we can to help John."
Despite the governor's request for no preferential treatment, the handling of his arrangement was unusual, said newsmen accustomed to online procedure in Philadelphia.

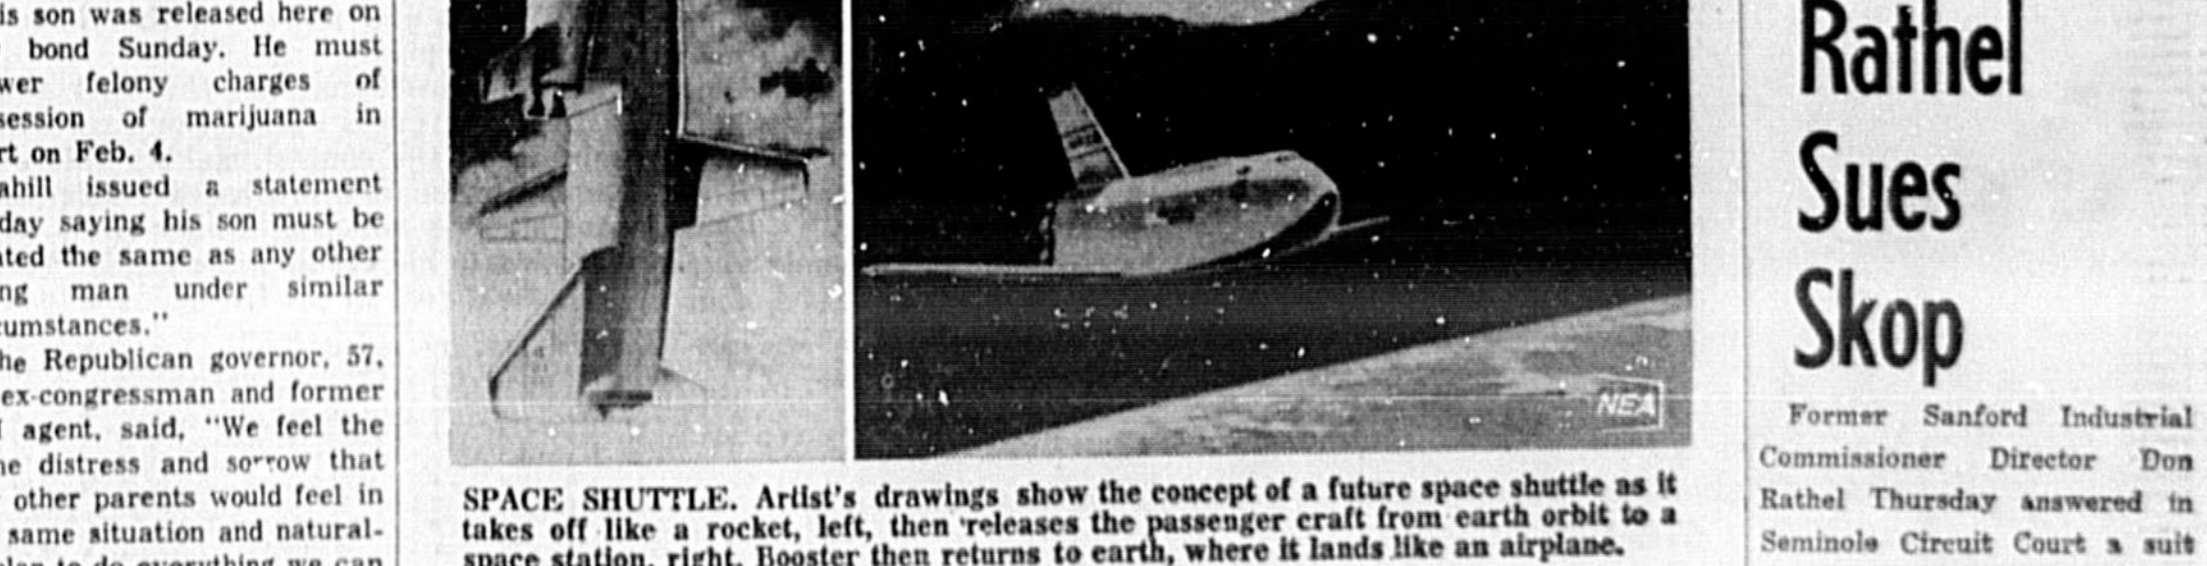

MADEL Frances Thompson, on trial for her life in the slaying of her husband, Bobby Thompson, listens (at left) during final interrogation of prospective jurors as seen Friday afternoon in Circuit Court by Herald artist Eddie Arnold, who also is a Seminole Junior College student.

By GI Dive Bombers, Chopper Gunships Guerrilla Trucks-Supplies Hit

By WALTER WHITEHEAD
SAIGON (UPI)—U.S. Air Force dive bombers and Army helicopter gunships attacked guerrilla trucks and supply stores in the A Shau Valley, the Chu Minh Trail's main entry point into South Vietnam, military spokesmen said today.
The aerial attacks with rockets, bombs, machine guns and napalm Sunday left North Vietnamese soldiers dead but there was no immediate assessment of damage to the trucks and supply warehouse that had been spotted in the valley along the Laotian border.
Military spokesmen said a spotter pilot had sighted "an unknown number of enemy trucks" and a storage structure on a routine flight over the area and had called in the gunships and warplanes.
The sighting three miles from Laos suggested North Vietnamese building on the valley, where U.S. paratroopers fought the battle of Hamburger Hill in May. The valley carries the Ho Chi Minh Trail into south Vietnam and feeds supplies eastward toward the northern coast and Hanoi.
Seven flights of B-52 bombers went after other North Vietnamese points into the South during the night, dropping nearly 700 tons of bombs along the Cambodian border describing the attack as "pretty amateurish," said there were no U.S. casualties.
Other Communist soldiers killed five American paratroopers and wounded four in a brief clash 305 miles northeast of Saigon Sunday. Guerrilla losses in that battle were put at killed and five wounded and light "south Vietnamese casualties."
One of the flights saw an attempted Viet Cong ambush against a U.S. convoy backfire in the Central Highlands, costing the ambushers 14 men dead. An American spokesman, describing the attack as "pretty amateurish," said there were no U.S. casualties.
Other Communist soldiers killed five American paratroopers and wounded four in a brief clash 305 miles northeast of Saigon Sunday. Guerrilla losses in that battle were put at killed and five wounded and light "south Vietnamese casualties."

Governor Abhors Drugs; Son Held

PHILADELPHIA (UPI) — Her, William T. Cahill of New Jersey, a close friend of the Cahill family, was posted by Secretary of State Paul Sherwin, of New Jersey, where the family is living in their home until the state's executive mansion can be renovated. He had been scheduled for a Selective Service pre-induction physical examination today, but it was postponed indefinitely after his arrest, a spokesman for the governor's office said.
Thomas Flynn, the spokesman, said the postponement was requested because John Cahill was emotionally upset, N.J., where the family is living in their home until the state's executive mansion can be renovated. He had been scheduled for a Selective Service pre-induction physical examination today, but it was postponed indefinitely after his arrest, a spokesman for the governor's office said.

SPACE SHUTTLE. Artists' drawings show the concept of a future space shuttle as it takes off like a rocket, left, then releases the passenger craft from earth orbit to a space station, right. Booster then returns to earth, where it lands like an airplane.

New Pregnant Teen Policies Eyed

By PEGGY STARRON
Associated Press Writer
WASHINGTON (AP) — School officials are developing more enlightened policies dealing with the growing number of pregnant teenagers, including keeping them in school and assuring the medical care, according to a report to a conference on adolescent parents.

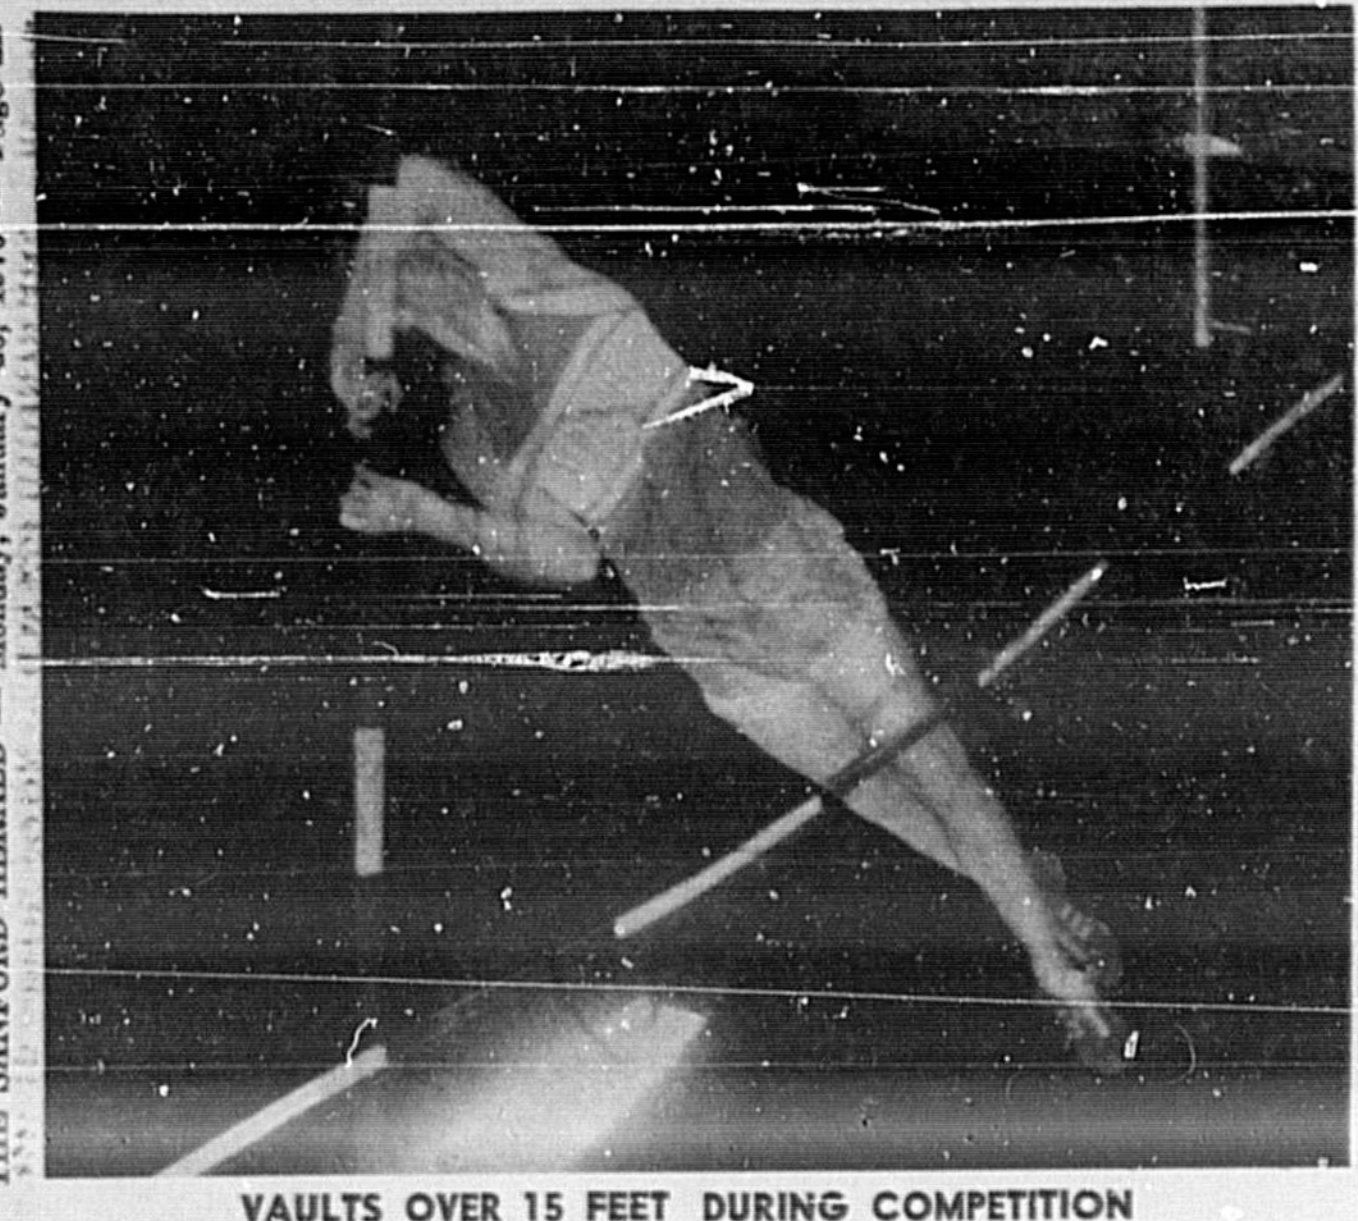

Rathel Sues Skop

Former Sanford Industrial Commissioner Director Don Rathel Thursday answered in Seminole Circuit Court a suit filed by Herry Skop, defeated Sanford mayor candidate, and filed a counter suit asking \$1,000 total judgment.
Rathel filed the suit on behalf of Skop. The counter claim stated, "Skop, while in an intoxicated condition, made an assault upon the defendant (Rathel) the counter plaintiff, and wrongfully and in a wanton and malicious manner cursed, assaulted, beat, bruised, and ill-treated the defendant and counter-plaintiff."
In answering Skop's suit, filed by Attorney Fred Leone earlier this month, Rathel, the defendant, denied all allegations contained in Skop's complaint that he (Rathel) attacked Skop first.
Rathel's answer further states, "On or about Nov. 19, 1969, at the Trophy Lounge in Sanford, the plaintiff, Skop, first violently and viciously made an assault upon the body and person of the defendant (Rathel)."
The complaint of Africa contains 20 per cent of the world's total land area, but only about 10 per cent of the world's population.

\$2,380 More Given To Samaritan Home

The Good Samaritan Home is ahead another \$2,380, much of it uncollected, since last Tuesday's formal launching of a drive to raise \$200,000 to rebuild the home for the elderly.
The individual contributors include: Walter Bostie, F. T. Sheely, Leon Cummings, Mrs. Ouida Lee, Mr. and Mrs. M. R. Strickland, Mr. and Mrs. V. R. Ball Jr., Mrs. Charles Wilke, Mrs. Frank Holmes, Mrs. Mary Doucette, Mrs. Vera Mathers, Mrs. Henry Simpson, and Mrs. J. C. Mitchell, Cape Men's Store, Cdr. and Mrs. Russell Peterson and John Evans.
"Individual donations have come in from as far off as Anjoula, Geneva, Orinda," said Robert Dash, coordinator for the drive. They came, too, from Winter Park, and Casselberry, as well as from Sanford. "Many of these were uncollected," he said.
The weekend conference also was told the change in policies, including an end to punitive expulsion, results in a lower dropout rate for girls, much better health for mother and baby and fewer repeat pregnancies.
The weekend conference also was told the change in policies, including an end to punitive expulsion, results in a lower dropout rate for girls, much better health for mother and baby and fewer repeat pregnancies.

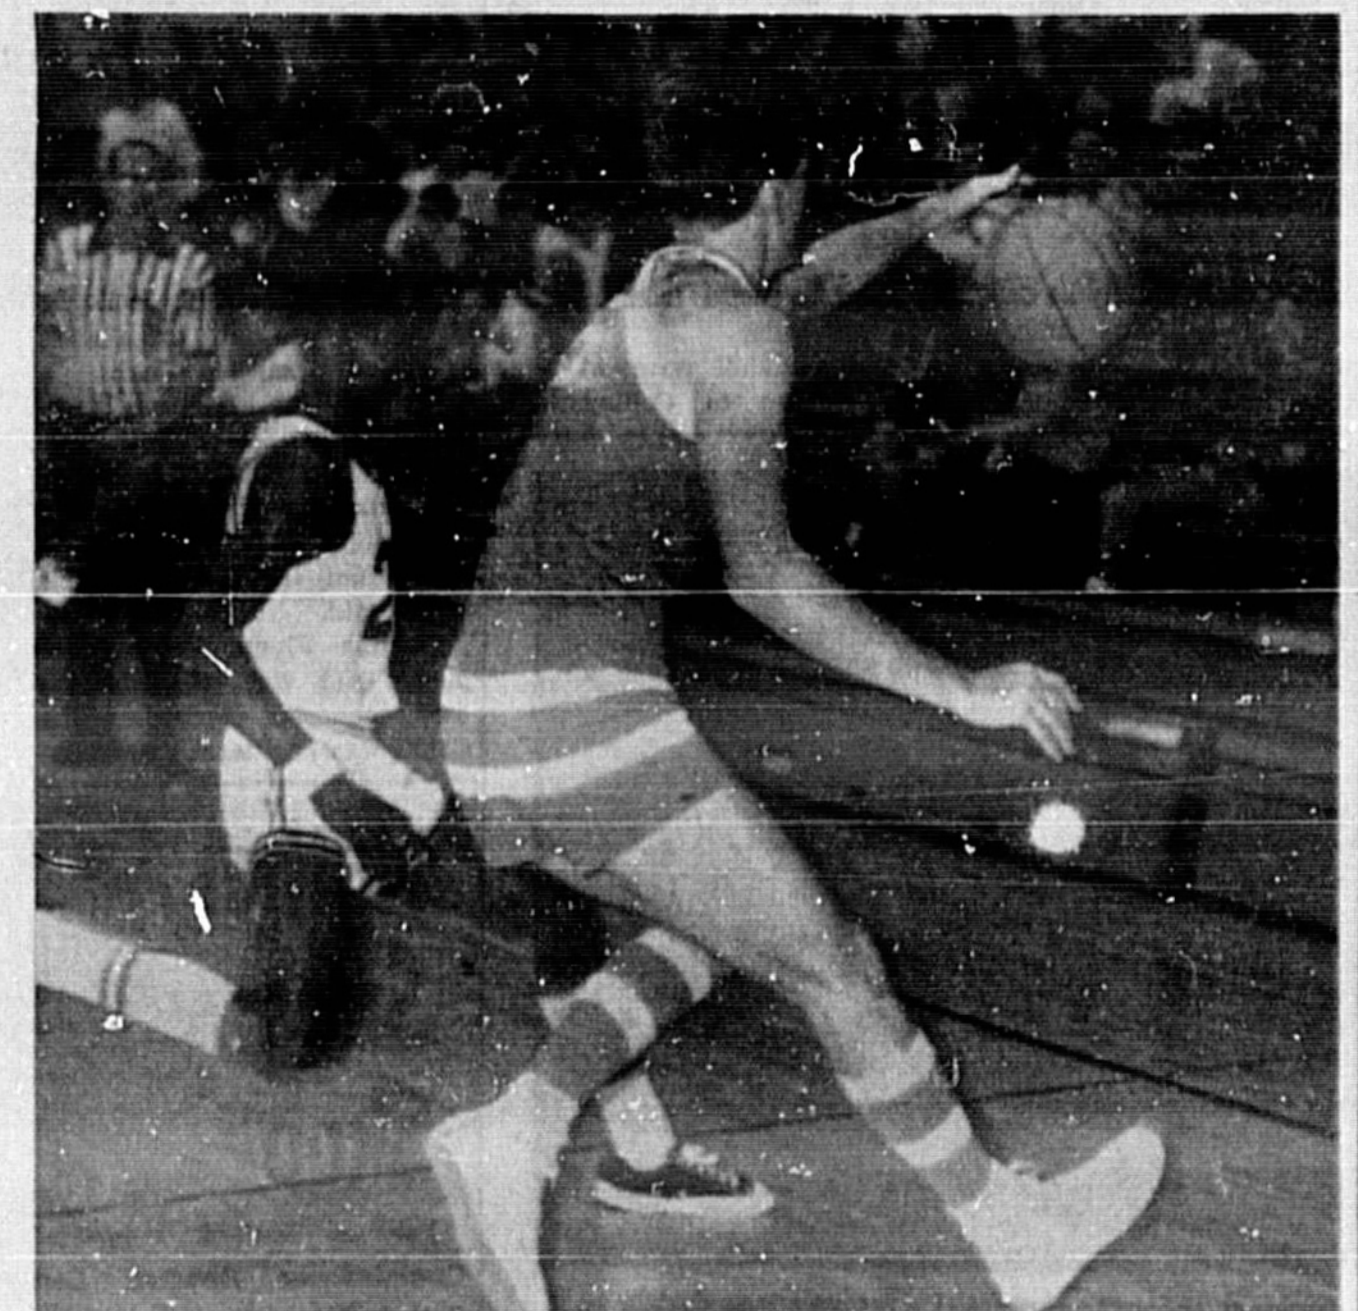

VAULTS OVER 15 FEET DURING COMPETITION

ALLEN McMULLEN missed this attempt as he tips the bar off the uprights, but he didn't miss many as he cleared 15-foot, taking second place in that event. Mike Cotton of the University of Florida won the event.

SJC Thinclads High

The Seminole Junior College thinclads took first place in five of 15 events Friday night at the Orlando Sports Stadium. The spike ripped a hole three inches wide in Bryant's leather track shoe, but despite the tremendous pain, Bryant kept running. What's more, he led the pack, and after running 1 1/4 laps with the injured foot, he handed off the baton, still in first place. The Raiders easily won the relay in 2:23.3 but Bryant had to be rushed to the hospital for stitches. This was a big loss to the Raiders as Bryant was also in their other relays. This hurt them in the shuttle relay as they fell to fourth place in an event that coach Roger Thomas felt they had a good chance to win. They did take first place in the 12-lap relay, but only when Miami-Dade South was disqualified for a violation. Allen McMullen pole vaulted 15-foot-4 1/2 as he took second place. He had to batte it out for four members of the team was to run two laps. Only a quarter of the way through the first lap, Bryant was spiked by a Florida Junior College runner. The spike ripped a hole three inches wide in Bryant's leather track shoe, but despite the tremendous pain, Bryant kept running. What's more, he led the pack, and after running 1 1/4 laps with the injured foot, he handed off the baton, still in first place. The Raiders easily won the relay in 2:23.3 but Bryant had to be rushed to the hospital for stitches. This was a big loss to the Raiders as Bryant was also in their other relays. This hurt them in the shuttle relay as they fell to fourth place in an event that coach Roger Thomas felt they had a good chance to win. They did take first place in the 12-lap relay, but only when Miami-Dade South was disqualified for a violation. Allen McMullen pole vaulted 15-foot-4 1/2 as he took second place. He had to batte it out for four members of the team was to run two

STOP THAT BALL

TOMMY WHIGHAM hauls in a loose ball for the Seminoles as they were on their way to a 66-46 win over Merritt Island. Whigham had 13 points and nine rebounds for the Seminoles, now 9-4.

T. Barks Sparks Seminole Rally

Tommy Barks scored all of his nine points in a big third quarter Saturday night as the Fighting Seminoles outscored Merritt Island, 25-12, in that quarter and helped themselves to a 66-46 win over the Mustangs. The Mustangs scored the first point of the contest, but then the Seminoles reeled off nine consecutive points to take the lead, 8-0. But the Mustangs came back and when the buzzer sounded the end of the quarter, the Seminoles had a slim 11-6 lead. With just under five minutes left to play in the second quarter, the Mustangs tied the score at 12-12. With 2:12 left before the half, Merritt Island took the lead for the first time, 22-21. Just a minute later, the Seminoles regained the lead, 22-21, and they never let it up again. The score stood 22-21 as the two teams went into the dressing room at half. When the Seminoles hit the court at the start of the second half, they immediately scored eight consecutive points and held a comfortable 31-21 lead. Behind Barks' nine point effort the Seminoles added onto the lead and the score was 42-26 going into the final period of the game. During the fourth quarter the Seminoles substituted freely from the bench, giving everyone a chance to play. The Seminoles still managed to outscore them 21-20 with the substitutes as many of the Mustangs were in serious foul trouble. Larry Kearse and Brad Leon scored seven points, while Barks played a major role in the game as the Mustangs committed 29 personal fouls, as compared to 23 by the Seminoles. One starter, David Calvert, fouled out for the Mustangs, while three players had four fouls at the end of the game. Three others had three fouls.

BREAKING OUT OF THE STARTING BLOCKS

MIKE WOODS gives a big smile after capturing first place finishes in both the high and the low hurdles. Woods was selected as the "Outstanding Individual Runner" of the indoor meet at the Orlando Sports Stadium.

Thud!! Seminole Falls

By TOM ALEXANDER

Seminole Junior College supporters were stunned and disillusioned Saturday night, following a brilliant upset by Florida Junior College of previously undefeated Seminole JC of Sanford in the hostile environment of the San Diego Gym in Jacksonville, 80-68.

The win by Florida JC stopped the state's longest undefeated streak at 16 games and sent the Raiders spiraling to their first loss ever at the hands of the Jacksonville based team. Seminole was cold everywhere during the game, with the perfect example being high jumping James Gilchrist who was held to a meager four points. Only two of SJC's talented five starters reached the double figures column, those being Simon Harper who tossed in a game high of 38 and former Crooms strongboy Greg Robinson, who had 13 put-ups.

Harper scored 24 of SJC first 30 points in the final half of the game, but his sensational effort was undercut by SJC's complete lack of rebounding and offensive touch in the early opening moments of the Division II outing. Florida was led by All-Stater Charles Bryson who flipped in 20 points and astounded the Raiders with his fine all around play. Adding to SJC's problems was the fact that they had only two field goals during the first nine and one half minutes of the contest, making this the coldest night ever for the Sanford based Raiders.

Typically hot outside shooting Harry Lee, had only four free throws to his credit while Larry Ward picked up only on field goal in his five point effort.

Florida was led by All-Stater Charles Bryson who flipped in 20 points and astounded the Raiders with his fine all around play.

Another County Thriller Crooms Sails By Oviedo 5

By DOUG ARIE
Herald Sports Staff
The Oviedo Lions were dropped by the Crooms Panthers last Friday night by a score that read 65-60. When the Lions played the Panthers in the Crooms court, the Panthers won, but by a larger margin, as the score for that contest read 79-70. In Saturday night's contest the Lions were put down again, as the Lyman High Greyhounds topped them 68-30. After two double defeat weekend the Lions now stand with a 2-12 record.

In the contest that was played Friday night, Larry Whipper made over half of the Lions total points. Whipper did most of the scoring as he made nine points that quarter. However, the Panthers managed to make four more points than the Lions and were ahead at the half by two points as the score read 22-20.

After the half-time rest both teams came back looking for the victory. In this quarter the Panthers went wild and scored 16 points over the Lions. The Lions actually lost the game in the third quarter as they only scored 12 points during that quarter. In the fourth quarter the Lions were fighting like they never have before, trying to get ahead of the Panthers. The Panthers managed to hold their own and only were outscored two points.

From The Bench
By: Tom Alexander

It finally happened, from a team that many people didn't expect it to happen from. Florida Junior College of Jacksonville, in case you're not aware of what I am talking about, Seminole Junior College lost its first game Saturday night after 16 spotless outings, 80-68. The game was a stunner, leaving SJC fans gasping after seeing the team they thought, couldn't lose, fall behind in the early going of the contest and never retain the lead. Seminole now stands 2-1 in Division II, which places them in a tie with Lake City, and has an overall 18-1 mark.

That's the way it goes and now the Raiders will have to work even harder. Brevard remains the only undefeated team in Florida as of this writing. Seminole High has fielded one of its best cage teams in a decade, but the fighting Seminoles have been having their problems, losing by one and two point margins. Joe Mills has a talented squad, paced by Larry Kearse, a player being eyed by SJC mentor Joe Sterling. Kearse has a form which Sterling likes and he would probably like nothing better than to sign the big 6' 4" Tribe center.

JOE MILLS LARRY KEARSE

It seems that more and more people are flocking to Milo Stanborn's Monday night wrestling at the Orlando Sports Stadium. Milo has been promoting wrestling in this area for years and is it ever paying off now. Assisted by son Dickey, and public relations man Jim Kelly, Milo's features some of the nation's best matches and top wrestlers. Wrestling has come of age in Central Florida and Milo is maturing with Pete Ashlock's sports stadium.

Congratulations go out to the Sanford Naval Academy on the completion of their spanking new gymnasium located at First Street and Bay Avenue right across from the present Senior School. The Middles now have a home of their own to be proud of. We wish them the best also.

Since we are wishing everyone the best, maybe we should wish a few people some luck, like SJC and Oviedo, who still don't have a win of their own. Wouldn't it be something if Sanford stole Orlando's punch and built a new stadium, how about a domed one? Keep on dreaming Alexander. It was a nice thought anyway. Maybe the 'White Elephant' will be improved someday. Just maybe.

Ben Hill Griffin, Inc. and Lake Wales Golf and Country Club have teamed up again and the result will be the second annual Ben Hill Griffin Citrus Invitational Golf Tournament February 23, 28 and March 1.

Ben Hill Griffin Jr., president of the sponsoring company, and Stapleton Gooch, president of the club, in a joint announcement today, also named T. A. (Teddy) Phillips tournament director. Phillips, who directed the first edition of this tournament last year, also directs other tournaments in Central Florida, including the USS Invit.

"I have always thought this was a great place for a tournament," Griffin said, "and last year proved it. The course was in wonderful shape and everyone worked hard to make our tournament a tremendous success. We're looking for a repeat performance this year. We have a fine line-up of outstanding amateur golfers from throughout Florida and some other states."

Gooch reported, "We started working the day after last year's tournament, on the course and our other facilities, to insure another success this year. A full schedule of social and entertainment events are also planned with the tournament. The 54-hole medal play tourney will start with practice rounds Thursday, February 26. Regular play will begin with a shotgun start at 8:15 a.m. Friday, February 27. Prizes will be awarded in each flight."

A one-day tournament for members of the press and tournament officials will precede the Invitational on February 24 to familiarize them with the course. A full schedule of social and entertainment events are also planned with the tournament. "I'm proud that our firm can sponsor a tournament of this caliber and I'm happy we can have it at Lake Wales Golf and Country Club," Griffin said.

Griffin learned to play golf at the Lake Wales course and maintains his membership there. He was also a caddy there at one time. His firm, Ben Hill Griffin, Inc. grows, processes and ships citrus fruits in all its various forms. Company headquarters are located in Frostproof, with plants in Bartow, Avon Park and Frostproof.

Daytona's Big 'Killer'

DAYTONA BEACH, Fla. — Among the powerful, pompous legions of Ferraris and Porsches assembled for this weekend's 24 Hours of Daytona there lurks a giant killer. The tiny, unobtrusive Chevy B16 prototype has earned its reputation in just a few short months of international competition.

Powered by a 1.8-liter Cosworth-Ford engine, this English-made mini-racer began life with a bang last September by routing an international field of fellow under-2-liter prototypes in a 500 km race at Germany's Nurburgring. Among its victims were the respected names of Abarth, Alfa Romeo and Porsche.

Next, the stubby fiberglass coupe found itself matching muscle with both 3- and 5-liter machines in the rugged Kyalami 100-mile race in South Africa. Driven by Digby Martland of England, the Chevy gained the distinction of becoming the first under-2-liter car to qualify faster than 100 miles per hour over the Kyalami circuit, and finished a respectable 6th in the nine-hour ordeal. A dead battery in the final stages cut

Southern Championship Miller Challenges 'Mauler'

dollar Art Thomas is back. The sailor, recently voted as the "most popular" professional wrestler," will be back at the Orlando Sports Stadium tonight when he teams with Sam Steamboat to fight the team of Mephisto and Dante. Action gets underway at 8:30 p.m. Quite a match it is, but that's not all. There will also be a Southern Heavyweight Championship, pitting Danny Miller against the "Miserable Mauler." The last time that Miller was in the Orlando ring was three years ago, and at that time he held the Southern title. He'll come back tonight to try and take it away from the "Miserable Mauler." The match will be for two out of three falls with a one hour time limit. But things are just getting started. Hiro Matsumoto will wrestle Jack Brisco in a real grade bout. It will be a real slug-chop battle. Brisco was just recently chosen as "Wrestler of the Year" by area wrestling fans.

Three down—two to go. Les Welch will be in the ring tonight against Sir Roger Mitchell. Mitchell is the white-blowing manager of Mephisto and Dante. It is not known who will be in Mitchell's corner blowing whistles for him. This match grew out of a six-man tag team in which the two fought against each other last week. Welch boasted that he could pin Mitchell two times in 20 minutes. He'll get his chance tonight, and if he doesn't lose. For an opener, now about Bob Hoop against Duke Keomuka. Hoop, at all a show match. Hoop, the former Olympic star will try his skills against the tricky Japanese wrestler. Promoter Milo Stanborn expects a capacity crowd to be on hand tonight for five of the best matches to ever be held on the Orlando mat in one night.

Sanford Boots Milwee

Porter a close second with seven points. For Sanford, now sporting a 9-1 record, Steve Lawson was the big man with 16 points. Nine Baby Braves got into the scoring column in the varsity tilt. Ronnie Russell, the leading scorer for Milwee had 15 points. Doug Dane was also a big gun for the Spartans.

Jr. Tourney Winners

TEAM WINNERS in this past weekend's action at Jet Lakes for the Jr. League were (left to right) Ron Williams, Joe Cuneo, Larry Brown and Helen Crowe. The league's sponsor is the Sanford Loyal Order of the Moose.

DOUBLES WINNERS, demonstrating their "one-two punch" were Jim Dunn (left) and Kevin Spolaki with series of 477 and 585, respectively. Added to this was their handicap of 48 pins which totaled 1296 for the winning series. Dunn also won the Singles Event with his 639 series, including handicap.

Pete Maravich Approaching Robertson's Scoring Record

By ED SHEARER
Associated Press Sports Writer
Oscar Robertson may be enjoying his final week as college basketball's all-time scoring champion. The 33-year-old Kentucky native, who led the Wildcats to a national title in 1957, is averaging 27.7 points a game in his final season. Robertson, who drilled in 2,072 points in a brilliant career at Cincinnati, stands only 48 points ahead of Louisiana State's Pete Maravich and the Pistol will have to be below par not to equal that mark in his two games this week.

Georgia, which has never finished better than fourth in the SEC, got 23 points and 22 rebounds from 6-foot-11 Bob Linn, Jerry Epling led Bowling Green with 17 and Lanny Taylor added 23.
Kentucky's balanced scoring: Dan Issel 33, Terry Mills 22, Mike Frat 19 and Larry Rouse 17. In the title chase with a 62 record, Steve Turner led Vandy with 17 points.
Jimmy England and Bobbly Croft scored 19 each and Don Johnson 18 in Tennessee's crushing Alabama, which lost its 21st straight conference game. The Tide's David Williams scored 23 points.
Jack Boudin, who scored 22 points, hit a 16-foot jumper with two seconds left as Mississippi State whipped Florida in an afternoon television game. Andy Owens, the league's No. 3 scorer, led the Gators with 22 points in the Southeastern schedule for the week.
Monday-Alabama at Kentucky, Georgia at Mississippi State, Florida at Mississippi, Tennessee at LSU, Georgia Tech at Ohio State.

Pete Maravich
The Pistol face, his chief nemesis, Tennessee, tonight met the Gators against Mississippi Saturday night. Both games are on an home floor at Baton Rouge.
In other Southeastern Conference action tonight, second-ranked Kentucky entertained Alabama, Georgia at Mississippi State and Florida at at Mississippi. Alabama, Georgia Tech at Atlanta, and the Southeastern Independent, Georgia Tech challenges Ohio State at Columbus, Tennessee, tonight met Mississippi Saturday night. Both games are on an home floor at Baton Rouge.

DOG RACING

Peter Corbelli's Hayride Electric, who moved up from Maiden to grade A in just five starts, will be going for the first grade A victory of his young career Monday night in the featured 11th race at Sanford-Orlando Kennel Club.
The Irish-bred speedster drew the No. 1 post position for the feature event and will be going up against some of the finest greyhounds at the track. Early favorite in the race is Mulberry Kennedy, L.H. Born Noble. Also in the field will be Kane Brazil, Ken Troubles, Handi Hammer, Gene's Wheel, Classy Jewel, and H.D.'s Banquet.
A distance race over the long, long Sanford course is also on tap for Monday night. Jean's choice will be the morning line choice with Montague Spark and Don Fresh racing the top billing.
Selections for Monday night 1. Triplets, Loner of Broadway, Sharps
2. Kibbery, Honey Rock, Donna McLane
3. Glow Sand, Indian Angel, Fabulous Peg
4. Marty Eric, Sharning Barbara, Alma
5. Skipperton, Instant Trophies, Carpenter Tug
6. My Velvet Sues, Joie Bar, Dollie Did

Best Quinola: 8th race, 1-4-3

Philly Track Classic

By TOM SALADINO
Associated Press Sports Writer
Kipchoke Kenia, Kenya's flying policeman, kept looking in sign-during or after their much heralded mile encounter. Kenia, the smooth striding 1968 Olympic 1500 meters champion, who said, "I kept looking over my shoulder for Marty," was never threatened as he romped to the mile run title in 4 minutes, 5.6 seconds at the Philadelphia Track Classic Saturday night by a 60-yard margin.
Marty is Villanova's Marty Liquori, the U.S. top miler, who was never a threat, finishing a badly beaten third, 30 yards behind runner John Baker of Maryland. Liquori was caught in a 400 to Baker's 485.7.
And while Kenia, a 36-year-old police inspector in his homeland, was discussing Liquori, "I know he would lick a fast last quarter and I was prepared for him," Liquori said quickly after the race without comment.
The near capacity crowd of 7,100 which cheered the popular Kenian's victory, although somewhat disappointed over hometown favorite Liquori's standing, got their money's worth as Kenia's clocking was one of 10 best records.
In another indoor meet Saturday, the Altonaerue Jaycees Invitational, Australia's Ralph Doubell and Kathy Hammond came away with world records. Doubell, the 86 meter high jumper, broke the world record with his five-fentis success. Miss Hammond of Sacramento, Calif., lowered the women's 80-meter run record to 1:27.7, breaking the standard of 1:29.28 set by Lois Drinkwater of Phoenix, Ariz., last year.
Bettine Loebe's meet mark at Philadelphia, which also was the second fastest mile ever run on a 1/2-mile track, other meet marks falling were:
John Carlin, America's top sprinter and Olympic medalist, improving his 110m consecutive record to the year, taking the 36 yard dash in 5.2.
Former William & Mary ace Jurs Luzzin running the fastest 80 yards in 10.1 seconds and Marty McCready's 1:11.7 clocking in the 600.
Others were Erv Hall in the 30-yard high hurdles; Czechoslovakia's Josef Placy, taking the 1000 in 2:09.1; Cheryl Tussam's upset victory over Olympic gold medalist Medicine planning in the women's 800; and Manie Ballis world record tying 6.0 in the 30-yard high hurdles.

Revolver Identified As Death Weapon

Fatal Gun, Defendant Linked

By BILL SCOTT

Eugene Augusto, Lake Mary gunsmith, was first on the witness stand today as the murder trial of Mabel Frances Thompson entered its seventh day.

Monday afternoon Leslie Smith, a Tallahassee ballistics expert, testified bullet markings from the weapon matched markings on two other bullets sent to him by Sanford Detective Ralph Russell.

Augusto said his markings indicated this was the gun sold by Mabel Frances Thompson in his escape to John Hines for \$10.

Smith, a Florida Bureau of Law Enforcement employee, said the two bullet's ballistics markings matched those markings from bullets he first fired from the weapon.

Smith testified the gun obtained from Hines by Polk was the same gun brought to his shop by the accused.

POLICE OFFICER WAS FIRST WITNESS slaying of her husband, Bobby Thompson, as pictured by Herald artist Eddie Arnold, also a Seminole Junior College student.

City Hall On Water Pictured

A city hall for the space age!

This was the opinion of several persons attending last night's Sanford City Commission meeting when John A. Burton IV, architect, showed plans and a model of a proposed city hall which could, if approved, grace the lakefront.

Unveiled publicly yesterday for the first time, the model showed the bee-hive appearing 78,000 square foot structure hovering over water, constructed on a central core principle with five floors, a parking area for 215 cars and a restaurant perched atop.

Burton estimated construction costs between \$4 million and \$6 million, and said some of the areas could be leased with money derived to pay maintenance costs.

"This building will serve the city growth to 100,000 population," Burton informed.

A plaza level also would accommodate a commission meeting room, historical museum and exhibit space, the architect informed.

Mayor Lee P. Moore thanked Burton for his presentation but no plan to approve the structure was forthcoming, as the architect was retained by the commission to make a study of the city's need for a new municipal building.

City Manager W. E. Knowles expressed his pleasure over the reaction of Burton's professional attitude in researching the needs of a city hall.

Commissioner Gordon Meyer brought out a chuckle by reminding of the problem caused by the annual visit to the lakefront of the blind mosquitoes nuisance and what calamities could result.

PROPOSED SANFORD CITY HALL COMPLEX OVER LAKE MONROE

Police Radio Hassle Settled

By TOM ALEXANDER

Following a two-week debate on "who's going to get the radio," the Casselberry City Council last night authorized the purchase of a new radio for the Casselberry police department.

The decision came after the council learned that it would require a city ordinance to force Mayor Curtis Blow to return his city radio. The new radio will be identical to the two-way system that Blow presently has.

BULLETIN

Edward Kirkland, Orlando attorney charged with morals violations in two informations filed by the state attorney, pleaded not guilty before Circuit Judge E. Thom Rumberger at noon today. His attorney was given 25 days to file motions in the matter. No trial date was set.

The question of whether the city was getting a bargain on the trade of the city's old drag line for a new low boy trailer to transport the city's new drag line machine was debated and tabled until a work session when more insight on the trade could be gained.

In other action the city okayed a lengthy street cutting ordinance while accepting Florida Power's Summer III subdivision lighting proposal which would mean the company would install 17 street lights. The council also okayed one more new vapor street light for Suntown Road.

Commendation letters were ordered by the council to be sent to city police officer Roy Kelsey and Garrett Coyle. Kelsey was selected as the "Police Officer of the Year" by the South Seminole Jaycees, while Coyle was commended for his work as a recreation board member.

Oriente Drainage Pursued

By MARION BETHEA

Emergency situation on drainage of landlocked Lake Oriente in Alachua County was pursued by the Seminole County Board of Commissioners at a meeting this morning.

County Solicitor Val Robbins was authorized to provide data needed for application to the Florida Water and Air Pollution Board for a drainage well to be situated in the middle of the lake. The authorization carried the stipulation that adjacent property owners designate a well drilling contractor whose signature would be needed on the application and that the owners absorb the expense of drilling.

County Attorney Harold Johnson advised the board that the county had no authority to drain water to alleviate the problem unless county roads used by the Seminole County Board of Commissioners at a meeting this morning.

County Solicitor Val Robbins was authorized to provide data needed for application to the Florida Water and Air Pollution Board for a drainage well to be situated in the middle of the lake. The authorization carried the stipulation that adjacent property owners designate a well drilling contractor whose signature would be needed on the application and that the owners absorb the expense of drilling.

Commissioner Dan Felham interjected that his "aye" vote did not constitute approval of pumping surface water into an underground supply but that he was only in favor of collection of the needed data by the county solicitor.

Bush was also authorized to draw up guidelines delineating flood plain areas to designate a flood plain zoning district.
