## English Section Of Lakow Is Besieged Infuriated Mobs

### Mobs Are That Are Out Of Control Of Military Troopers

### Citizen Killed English Colony Agitations

SANFORD, Jan. 3.—(AP)—  
Dispatches from Han-  
kow, where the British col-  
ony is being besieged by thou-  
sands of infuriated coolies as  
a result of anti-foreign agi-  
tation, show the situation is  
becoming increasingly serious.  
It is indicated that the natives  
are out of control of the Chin-  
ese military forces.

Practically all barricades to the  
British have been destroyed,  
and a consular dispatch says the  
British are the principal threat-  
ens to foreigners along the  
river there, is "unsafe for  
navigation."

General citizen was stabbed  
and wounded Monday by  
a mob within the British con-  
sulate.

British armed forces, feeling  
that they have been impossible  
to maintain without firing,  
are being ordered to withdraw  
from the city.

British marines landed  
at the mouth of the Yangtze  
river from Shanghai, has been  
presumably by northern  
troops. The American destroyer  
USS Ford has been ordered to  
leave the area.

## The Greatest Flood Picture Ever Taken—Nashville Under Water

Here is the plight of Nashville, Tenn., at the peak of a inundation as seen from the air—in one of the most remarkable flood pictures ever printed. Great residences, commercial and industrial areas of the state's capital city were submerged as if by a tidal wave when days and days of torrential rains sent the Cumberland river on an unparalleled rampage. Thousands were driven from their homes and days and days of the city's business life was paralyzed. Districts of the city between which lowlands intervened were accessible only by boat. The huge bridge over the Cumberland, at the upper right of the picture, stood out above the flood, but the ends of its approaches were under water. In the lower right-hand corner is the Tennessee capitol.

## SCION OF FAMOUS FAMILY FAILS IN EFFORTS TO WED

### Michael Cudahy, 19, Jailed In Los Angeles On Order Of Mother Who Tells Cops Son Is Too Young To Wed

LOS ANGELES, Jan. 3.—(AP)—  
Michael Cudahy, 19 year old son  
of the famous Chicago family, is  
in jail after having been followed  
by his mother in three attempts to  
marry a motion picture actress.

A stern jailer, in the person of  
Sheriff James Cox, of Santa Bar-  
bara, took the love-besieged youth  
into custody last night at the re-  
quest of his mother, Mrs. John P.  
Cudahy, a he visited town after  
town with his bride-to-be, Miss  
Marie Astaire, 19, in quest of some  
official who would issue him a mar-  
riage license.

Each time the strategy of the  
mother was effective. Again and  
again she notified county authori-  
ties by telegraph and telephone  
that her son was under age and  
that she refused to consent to the  
marriage. She declared Michael  
had been drinking recently.

The quest for the marriage pa-  
pers, which began early in the day  
at Santa Ana, and led to Los An-  
geles and then Ventura, ended  
when the couple was located at  
Santa Barbara. At each place  
where the couple applied for a li-  
cense their plans were spied by  
either the ringing of the telephone  
or the arrival of a telegram.

Miss Astaire returned here with  
Robert O'Brien, who had made the  
rounds of the marriage bureau  
with the elders and was to have  
been the best man at the wedding.  
The actress was dry eyed and ap-  
peared to take the defeat philo-  
sophically.

"We almost had a license at  
Ventura," she said. "The clerk  
was about to hand the papers to  
Mr. Cudahy when a telegram ar-  
rived. I think it was a mean  
trick."

Miss Astaire would not say  
whether she and Cudahy would sub-  
mit to defeat, referring interview-  
ers to her fiancé.

Mrs. Cudahy, who enlisted the  
services of the sheriff's office here  
in locating the couple in Santa Bar-  
bara, last night, planned to go  
to the northern city to have a talk  
with her son.

"He's only a child, just 19," she  
explained to the officers, "and be-  
cause he's attractive and has  
money he becomes the target of all  
sorts of persons."

Smith Urges Solons  
Restore Harmless  
Drinks To Citizens

ALBANY, N. Y., Jan. 3.—(AP)—  
Governor Smith, in his appeal  
message to the Legislature today,  
urged that Congress be memorial-  
ized to take immediate action to  
end that "harmless beverage  
which our people have enjoyed for  
more than a century" may be re-  
stored to them.

While advocating modification of  
the Volstead act, the Governor said  
that until such modification is ef-  
fective, the federal liquor laws are  
as much laws of this state as any  
state statute, and must be en-  
forced.

"I again wish sheriffs and peace  
officers generally," he said, "to  
be it their sworn duty to enforce  
these laws. Failure to perform  
this duty will be considered as an  
offense as a failure to enforce  
the state statutes, and when laid  
before me, supported by proper  
and competent testimony, I will  
exercise without fear or favor the  
power of removal wherever it is  
vested in me."

Aside from the liquor question  
the Governor, who announced in  
his inaugural address last Satur-  
day that he was "receptive" con-  
cerning the presidential nomina-  
tion of the Democratic party, pre-  
dicted tax reduction and renewed  
former recommendations for leg-  
islation which a Republican Leg-  
islature had hitherto denied.

### Americans Freed On Payment Of Ransom

MEXICO CITY, Jan. 3.—(AP)—  
Zansom of \$250 effected the re-  
lease of the two Americans, J. W.  
Wiley and E. H. Conroy, em-  
ployees of a British mining com-  
pany at San Francisco del Des-  
cubacion state, who were kid-  
naped by a band of bandits last Tues-  
day.

## WARDEN REMAINS ON JOB DESPITE OFFICIAL'S ORDER

### Thomas Tynan, Head Of Peni- tentiary In Colorado, Says Commission Hired Him And No One Else Can Fire Him

DENVER, Colo., Jan. 3.—(AP)—  
Warden Thomas J. Tynan today  
continued in control of the state  
penitentiary at Canon City in de-  
fiance of an executive order from  
Governor Clarence J. Morley sus-  
pending him for 10 days without  
pay.

Charged by the Governor with  
inefficiency, drunkenness, insub-  
ordination and inhuman treatment  
of convicts, Warden Tynan declared  
the courts have ruled that a Gov-  
ernor has no authority to suspend  
a warden and that "nobody is go-  
ing to take possession of this peni-  
tentiary except by legal means."

Replying to the Governor's state-  
ment that the gates to the peni-  
tentiary were padlocked; that extra  
guards were patrolling the walls  
and that machine guns were trained  
on the main entrance, Tynan said  
the prison equipment included a  
large arsenal, but refused to say  
whether he planned to use the  
guns to keep out the Governor's  
representatives.

The Governor declared he ex-  
pected his relief warden would have  
difficulty in entering the prison as  
was the case when Tynan recently  
refused to admit two physicians  
whom Morley sent to the peni-  
tentiary to examine prisoners follow-  
ing reports of dysentery and ill  
treatment.

### George Sebring, 68, Dies Suddenly Of Acute Indigestion

SEBRING, Fla., Jan. 3.—(AP)—  
George E. Sebring, 68, pottery  
manufacturer and founder of two  
teams which bear his name, with  
he buried here where during a  
hunting trip many years ago he  
conceived the idea of establishing  
the local community.

Mr. Sebring died last night from  
acute indigestion. Fifteen years  
ago, he staked off in the wilder-  
ness the streets of this town.  
Previously he had founded Se-  
bring, Ohio, where he had found-  
ed factories.

Returning yesterday from a  
meeting of the Associated Boards  
of the South Highlands, Mr. Se-  
bring was taken ill. His condi-  
tion was not regarded as serious  
but a physician was called. The  
illness growing acute, Mr. Se-  
bring died a few minutes later.

The widow, three sons, H. Orvil,  
Payne, and George Edgar, all of  
this place and two daughters sur-  
vive. One daughter, Miss Dorothy,  
left yesterday for school in  
New York state while the other,  
Mrs. Samuel Rose lives in Balti-  
more.

## Man Alleged To Have Been Killed In Fire Reported Arrested In Los Angeles

FITZGERALD, Ga., Jan. 3.—(AP)—  
Mrs. H. K. Sligh, supposedly a  
widow since last Sept. 27, whose  
fire destroyed her home, will be  
asked to identify as her husband a  
man under arrest in Los Angeles,  
Cal., on charges of defrauding an  
insurance company.

Mrs. Sligh is confident her hus-  
band died when their home was de-  
stroyed, but today Sheriff W. H.  
Tyler of Irwin county was on his  
way to Los Angeles to identify the  
man held under the name of Harry  
K. Sligh. He was arrested yesterday  
on telegraphic advice from  
police authorities here.

A coroner's jury that declared  
that Sligh died in the fire was in-  
formed that the torso of a body  
was found in the ruins the next  
day. It was testified that Sligh  
drove his automobile into the yard  
of a neighbor on about Dec. 27,  
called on the night of the fire,  
got out and wished not to be dis-  
turbed and disappeared into the  
house. Mrs. Sligh and their two  
children were not at home.

Mrs. Sligh did not view the re-  
mains, an the advice of friends,  
but the torso was interred as that  
of her husband.

An insurance company, one of  
three in which Sligh carried double  
indemnity policies, declined to set-  
tle with the widow until an investi-  
gation should have been made.  
It was the contention of investi-  
gators that the torso was that of a  
sheep.

## TAX COLLECTIONS OVER 200 BID ON FOR TWO MONTHS ROAD PROJECTS TOTAL \$108,218 OF STATE BOARD

### John D. Jinkins Makes Public Figures Which Show Heavy Payments Made During Last Two Months Of Tax Period

Collection of county and state  
taxes for November and December,  
comprising the first part of the tax  
collection year, totaled \$108,218.56,  
according to figures submitted to-  
day by John D. Jinkins, county tax  
collector. The collections compare  
favorably with those of last year,  
it was announced.

The heavy payments during the  
first two months were due to dis-  
counts offered the taxpayers. Mr.  
Jinkins said. Those paying their  
taxes in November, the first month,  
had the benefit of a two per cent  
discount, while those making pay-  
ments in December received a re-  
bate of one per cent.

The total amount on the assess-  
ment roll for collection this year is  
\$748,315.52, according to Mr. Jin-  
kins. Taxpayers will have until  
April 1 to make payments. Collec-  
tions are also expected to be heavy  
during the next two months, it was  
stated.

Occupation licenses issued during  
the fiscal period ending Dec. 31 to-  
totalled 733 as compared to 690 issued  
in the preceding year. The in-  
crease is 53.

## Seaboard To Take Over Naples Road

WASHINGTON, Jan. 3.—(AP)—  
The Seaboard Air Line obtained  
permission from the Interstate  
Commerce Commission today to  
take over the Naples, Seaboard &  
Gulf railroad, which now has un-  
der construction in southern Flor-  
ida as a new line of railroad.

The Naples company construc-  
tion was undertaken under terms  
of a contract with the Seaboard  
system by which its line when  
completed would become a portion  
of the larger railroad.

## MELLON AND DRY AIDE BLAMED FOR N. Y. RUM DEATHS

### Lituardia Declares Chester Mills Diverted Poison Al- cohol To New York During Christmas Holiday Season

WASHINGTON, Jan. 3.—(AP)—  
Responsibility for deaths in New  
York from poisoned alcohol was  
placed upon Secretary Mellon and  
Chester P. Mills, prohibition en-  
forcement director in New York, in  
a speech in the House today by  
Representative La Guardia, Repub-  
lican of that state.

Mills, La Guardia declared is  
"responsible for the diversion of  
the poison alcohol and the resulting  
deaths and I charge that the secre-  
tary of the Treasury is responsible  
for not checking up on his director  
in New York and his loose methods  
in failing to properly supervise in-  
dustrial alcohol."

Denouncing enforcement condi-  
tions as a whole and especially the  
under cover system and espionage  
and wire tapping, Mr. La Guardia  
asserted the country need not look  
to Congress for relief in the poison  
liquor situation. He said legisla-  
tion had nothing to do with denou-  
tating formulas because they "are  
adopted by the Treasury with the  
approval of the secretary."

Referring to his pending resolu-  
tion to interrogate Secretary Mel-  
lon concerning any governmental  
connection with the Bridge White  
club in New York, La Guardia said  
the government not only "through  
its corrupt or incompetent officials  
in New York permitted or tolerated  
the diversion of poison alcohol, but  
went into the bootleg business it-  
self," at the club. He renewed his  
charges that Ralph W. Richie, iden-  
tified as operator of the club at  
which he said liquor was sold, was  
a prohibition under cover agent.

La Guardia charged that an "es-  
pionage and wire tapping" system  
is being employed in New York by  
A. Bruce Rickard, another under  
cover agent, by which "intimate  
and family matters are ascertained  
and a system of blackmail has de-  
veloped."

He declared Rickard "prevailed  
upon the federal district attorney  
to write a letter to the commis-  
sioner of police of New York City  
asking his cooperation to certify  
to the New York Telephone com-  
pany the necessity of tapping wires  
in order to obtain information."

So great was the gathering of  
bidders that an adjournment to the  
county court house was taken from  
the road department building.

Dr. F. A. Hathaway, chairman  
of the Road Department, an-  
nounced at the conclusion of the  
meeting that considerable time  
would be taken up in tabulating  
the bids, and that an announce-  
ment of the low bidder would not  
be made until late in the day. As  
usual, Dr. Hathaway said, the bids  
will be carefully analyzed and sub-  
mitted to the other members of  
the department before any con-  
tract is awarded.

## Pompano Track Will Not Close Thursday

FORT LAUDERDALE, Fla.,  
Jan. 3.—(AP)—F. H. Garrison,  
secretary of the Pompano track  
club, declared today that there  
was no truth in rumors that the  
official closing of the inaugural  
meet of the track had been set for  
Thursday, Jan. 6.

In the absence of Paul M. Bea-  
con, Mr. Garrison refused to make  
any further statement on the legal  
steps contemplated in regard to a  
dispute in the establishing of the  
track against the club of the  
club, which was the track by  
Judge C. E. Callender last  
Monday.

## Rivers and Harbors Solons Entertained By Sanford Citizens

### JOHN MEISCH SR. IS RE-ELECTED AS BOARD CHAIRMAN

#### Prominent Celery Grower Is Honored By Commissioners At First Meeting Tuesday; Been Chairman Two Years

John Meisch, Sr., prominent cel-  
ery grower of Sanford, was re-  
elected to the office of chairman  
of the board of county commis-  
sioners at a meeting held Tuesday  
in the courthouse. It was the first  
session of the board in 1927.

Mr. Meisch, who was re-elected  
to the board by the voters of his  
district in November, is now  
entering his fifth year in service  
of the county. He has served as  
chairman of the board for the  
past two years and was first  
elected as a commissioner in 1922.

Other commissioners who were  
elected in November were official-  
ly seated for the beginning of their  
new terms. They are: Frank E.  
Cox, of Lake Mary, who until Jan-  
1 was occupying the seat made vac-  
ant by the resignation of W. R.  
Estabrook; R. F. Wheeler of  
Oviedo; Boston Steele of Sanford  
and E. H. Kilbee of Geneva.

F. W. Cox, contractor for the  
drainage fill on the west side of  
Sanford, appeared before the board  
at yesterday's meeting and re-  
quested that the board delay re-  
newal of his contract until Jan-  
10 in order to give him time to ar-  
range a plan whereby he hopes to  
continue the contract. In case the  
plans are not ready by that date,  
the commissioners made it known  
that the contract would termi-  
nate.

Action toward the employment  
of a county agricultural agent was  
delayed until word concerning an  
efficient man, whom the board has  
attempted to employ, can be as-  
certained from the state extension de-  
partment.

Routine matters, the most im-  
portant of which was the adoption  
of a blanket insurance policy to  
cover the various county buildings,  
occupied most of the session Tues-  
day.

A total of over \$208,000 in insur-  
ance is said to be necessary to  
cover the county buildings, \$100-  
000 of which is for the courthouse  
alone.

### Big Dry Raid Made Tuesday Night By Seminole Officers

A 100-gallon still, together with  
45 barrels, each filled with 60 gal-  
lons of "huck" beer, were confis-  
cated at the edge of a swamp be-  
tween Geneva and Oviedo early  
Tuesday evening by Deputy Sheriff  
Joe Henkle and Constable  
Captain M. D. Wolston. The still  
was brought to Sanford last night  
and the "huck" was destroyed.

The capture did not include the  
owner of the still or any of its op-  
erators, who are believed to have  
had a lookout posted to warn them  
of the approach of officers. The  
owner is said to be known to the  
authorities.

Deputy sheriffs have been work-  
ing on the case for several weeks,  
according to Sheriff C. M. Hand,  
who stated today that the raid was  
made at a time when he believed  
the operators would be caught.

One of the largest stills brought  
in for several months, it had an es-  
timated capacity of 80 gallons per  
day. Approximately 120 gallons  
of small moon were found ready to  
pour into 15 empty barrels.

Grease and washers, together  
with kitchens utensils, found about  
the still, indicated that the oper-  
ators lived at the place, authorities  
said.

### Dinner At The Forrest Lake Hotel Follows Auto Tour Through Local Celery Area

### Visitors Leave On The S. S. Osceola

### Solons Are Finishing Florida Tour Last- ing About 10 Days

Thirteen members of the  
House of Representatives, to-  
gether with members of their  
families, who are concluding  
a 10-day tour of Florida, left  
Sanford this afternoon on the  
Clyde Line Steamer Osceola  
for Jacksonville, following a  
motor tour of the celery delta  
and a luncheon at the Hotel  
Furthest Lake, which was at-  
tended by many representatives  
of this and other cities of the central  
part of the state.

The motor tour took place immedi-  
ately upon the arrival of the  
party from Tampa at 11:25 o'clock  
this morning. Going east on Celery  
Avenue, south on Boardwalk Av-  
enue and coming back to the city  
by Cameron and Celery Avenues,  
the visitors were escorted to the  
west side of the city, where they  
saw celery in all stages of its  
growth.

At the luncheon the guests were  
welcomed by Mayor Forrest Lake,  
who told them of the opportunities  
existing here for the development  
of industry which needed only, he  
said, "better and cheaper transpor-  
tation."

Mayor Lake's speech was brief  
and he was followed by Joe Sears,  
congressman from this district,  
who, on behalf of his colleagues,  
praised the hospitality of the city  
and proceeded to tell the members  
of his party more concerning the  
state and its resources.

Representative Freeman of Con-  
necticut, ranking member of the  
rivers and harbors committee, an-  
nounced that he had been advised  
of an error supposed to have been  
made in the report on the dam-  
aging of the St. Johns River channel  
by the district engineer, Col. Mark  
Brooks.

Mr. Freeman stated that, un-  
fortunately, it was necessary for four  
years to elapse before another re-  
port could be made, but that in case  
of error a preliminary hearing  
would be ordered immediately.

The party visiting here num-  
bered 31 in all. Among the con-  
gressmen present were: Eugene  
New Jersey; Freeman, Connec-  
ticut; Lyon, North Carolina; Carter  
and Linsberger, California; Egan,  
Illinois; Summers, Washington;  
O'Connor, Louisiana, and Howard,  
Oreaska.

### Dixie Cotton Men Gather In Memphis To Discuss Problem

MEMPHIS, Tenn., Jan. 3.—(AP)—  
Cotton men from several states  
were gathered here today in a con-  
ference called by the Knights of  
Cotton for the purpose of devising  
means to cope with future oppor-  
tunities brought about by the decline in  
the price of the staple.

Two plans were ready for pre-  
sentation to the body when it met  
at 10 o'clock at the Peabody Hotel.  
One was a proposal to organize a  
\$500,000,000 corporation to have  
for its purpose the buying of all  
cotton when it reached an unprofit-  
able price on the market.

The other plan was the organi-  
zation of a great insurance com-  
pany to insure the producers  
against possible loss on their prod-  
uct.

Representatives of the 12 cotton-grow-  
ing states, together with a repre-  
sentative from each branch of the  
state legislatures, were invited.  
Thousands of circular letters have  
been mailed out, but the response  
was meagre. J. E. Mayo, chair-  
man of the Knights of Cotton, "met  
altogether what was expected."

## MANY BASEBALL PLAYERS AGREE TO VISIT LANDIS

### Thirty-Eight Men Invited To Be Present Tomorrow In Chicago For Quiz; Some Of Men Travel Long Distances

CHICAGO, Jan. 4.—(AP)—Many acceptances have been received by Commissioner K. M. Landis for the hearing at 122 South Michigan Avenue tomorrow when Charles A. (Sweede) Risberg will be before his former White Sox teammates and members of the Detroit Tigers the baseball skeletons of 10 years ago.

Poking up the dead embers of the late weeks of the 1917 American League season is expected to cost organized baseball at least \$20,000. Thirty-eight men have been asked to be present when Risberg materializes before them the ghost of the diamond scandal. Some of the players and former players will travel 2,000 miles to reach the commissioner's office, with their expenses guaranteed.

Commissioner Landis' invitation to the ballplayers to appear at his office said that both the 1917 and 1919 scandal charges would be accounted. The commissioner will conduct a hearing, his telegram to the players says, "respecting charges of irregularity in connection with the Detroit-Chicago series, September, 1917, and 1919."

Ty Cobb, whose departure from baseball at the end of last season was shadowed by charges of participating in a "fixed game," is one of those who will face Risberg, although he was given a clean bill by "Sweede." Tri Speaker, who for a week past has been conferring with Cobb and attorneys planning to fight charges involving the integrity of both Cobb and himself, is not connected with the new scandal charges.

The list of men summoned before Landis includes five who have been or are now members of American League clubs. They are Eddie Collins, former manager of the White Sox; Ray Schalk, recently named as Collins' successor; Ty Cobb, who retired from the management of the Detroit Tigers last fall; Clarence Rowland, the American League umpire, who was in charge of the White Sox in 1917; and Donie Bush, now manager of the Pittsburgh Pirates and formerly manager of the Washington Senators.

George Hurns, chosen as the "most valuable American League player of 1926," has also arranged to come here.

Among those who were members of the White Sox or Tiger teams in 1917 and who up to today had not accepted the commissioner's invitation to appear when Risberg repeats his story of the alleged "longshot" series, are: Joe Jackson, Eddie Cicotte, Buck Weaver, Bill James, Oscar Stange and Chick Gandil.

Gandil and Weaver have indicated their endorsement of Risberg's statements; Gandil with the comment that "Risberg didn't tell the half of it," and Weaver by nodding assent while Risberg was telling his story to the commissioner Saturday.

## 1st Passenger Ship Enters Palm Beach Port On Monday

WEST PALM BEACH, Fla., Jan. 4.—(AP)—Realization of a dream of years came to the Palm Beaches Monday morning when the first passenger vessel ever to enter the port moved slowly through the channel and up to the dock amid a colorful celebration.

A fleet of yachts, a motorcade of automobiles, flowers enough for a royal funeral, and about 5,000 persons greeted the "Mary Weems," Baltimore-Caroline steamer, bringing in 75 passengers by the port of Palm Beach. Mayors of five cities in this vicinity, officials of the inlet commission and chamber of commerce were on hand for the welcome. The passengers were taken on a tour of the city and lunched at the Palm Beach Yacht Club.

## New York Ready For Indoor Athletic Season Which Gets Stars This Week

NEW YORK, Jan. 4.—(AP)—The indoor athletic season of the metropolis will leap into high gear this week with a world championship billiard match, the year's first major track meet, and a fistic conflict featuring the junior lightweight champion.

First of the big events to claim the interest of fandom will be the veteran Willie Hoppe's attempt to regain the 18.2 ball line diamond tilted from his brow two years ago by Jake Schaefer, of Chicago. Eric Hagenlacher, who succeeded Schaefer on the throne last March, will risk the title against the 39 year old master in a 1,500 point match at the Hotel Pennsylvania, starting Wednesday night. The match will be played in three 500 point blocks.

As Hoppe and Hagenlacher conclude their tie duel Friday night, the Oregon of Seattle, junior lightweight fistic king, will make a sortie in the light weight realm.

## Breadon Has To Settle With Frisch

NEW YORK, Jan. 4.—(AP)—Sam Breadon has a little financial water to arrange with Rogers Hornsby's successor, Frankie Frisch, who became the property of the Cardinals in the New York-St. Louis deal, which brought Hornsby here, says that he will demand a two-year contract from President Breadon at \$20,000 a year. He is asking \$3,000 more than he received as a Giant.

Breadon traded Hornsby to New York when the latter insisted on a three-year contract at a salary of \$50,000 annually.

## Illinois Takes Lead In Basketball Loop Of Western Schools

CHICAGO, Jan. 4.—(AP)—Illinois has taken the lead in the Western Conference basketball race with a 27-13 victory over Minnesota at Minneapolis in the curtain raiser of the Big Ten cage season.

Four other conference teams played their last practice contest last night in preparation for the main getaway next Saturday night. Two of them—Chicago and Northwestern—fell before Midwestern opponents, while Wisconsin and Ohio State were victors over Eastern squads in two inter-sectional contests.

Iowa State took Chicago's measure, 28 to 18 here, and Notre Dame trimmed Northwestern 27 to 21 on the Purple's home floor. Syracuse fell before Wisconsin 21 to 24 in a game played at Cleveland, and Ohio State triumphed over Pittsburgh 48 to 23 at Columbus.

Indiana, one of the four teams which tied for the conference title last season, and a strong prospect for the new campaign, engages in its last preliminary against Carleton College at Bloomington tonight.

## AN OLD RECIPE TO DARKEN HAIR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when a d e d, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Whereas our God, the All Wise and Merciful Creator, in His infinite wisdom has called from our midst our beloved friend and co-worker, Ida Mae Gray, and whereas, it is with difficulty but yet with faith that we resign ourselves to His will and His inscrutable and hidden mercy.

Therefore Be It Resolved: That we remember with love the beautiful life and character of her who has gone from us, that we be assured that the present parting is for but a little while, and that we will look forward to a reunion of friends in the greater life beyond.

That we, the Daughters of Wesley of the Methodist Sunday School, do extend to her greatly bereaved family our sincere sympathy; assuring them of our affection for her and our desire to be of comfort to them in their sad affliction.

**TRIBUTE IS PAID TO FRED T. MYERS AT TALLAHASSEE**

Member Of Florida Bar Over Fifty Years Held In High Esteem By Fellow Workers Who Pay Honor To Him

TALLAHASSEE, Fla., Jan. 5.—(AP)—The wheels of local legal machinery paused today out of respect to Frederick Taylor Myers, a member of the Florida bar for over 50 years and outstanding public figure, who died last night at the age of 72, after a brief illness.

The state supreme court adjourned for the day and legal affairs in other sections of the capitol were also at a virtual standstill.

Funeral arrangements for Mr. Myers were deferred today, pending advice regarding the arrival from Des Moines, Iowa, of a son, Capt. Selim W. Myers, of the United States army, who is stationed at Fort Des Moines, relatives announced. It is probable, however, that burial will take place about Thursday or Friday.

Besides being one of three attorneys of the state affiliated with the Florida bar for over the half-century mark, Mr. Myers has served as clerk of the supreme court and president of the state senate. At the time of his death he was both city and county attorney and a commissioner from Florida on the commission for uniform laws. He was attorney for several corporations here, and was associated in much litigation, including tests of the constitutionality of the state shellfish laws, school laws and a road bond issue of state-wide effect, and had numbered among his victories in court that sustaining the validity of the so-called Buckman bill, creating the Florida State College for Women and the University of Florida.

Mr. Myers was a native of Tallahassee and a graduate of the University of Georgia.

**Automobile Used On Skis In New York**

The novel combination of a covered wagon and a Chevrolet mounted in front on skis and in the rear on snowmobile caterpillar tractor, is the strange-appearing vehicle used by the Black River Telephone company of Lowville, N. Y., for winter "trouble-shooting" on its lines in the heavy snow belt of New York State.

The difficult winter territory for the company's linemen extends from Lake Ontario to Rackett Lake in the Adirondack Mountains and involves the maintenance of service throughout a chain of 20 exchanges.

This type of vehicle, which will travel over the most formidable snow drifts, was assembled by H. O. Peebles, a mechanic in the employ of the telephone company.

**State Demands All Matters Of Record**

The Vital Statistics Department of the State Board of Health, has sent out a call for all certificates of births and deaths for the year 1926 which have not already been forwarded, according to S. L. Smart, registrar for Seminole County.

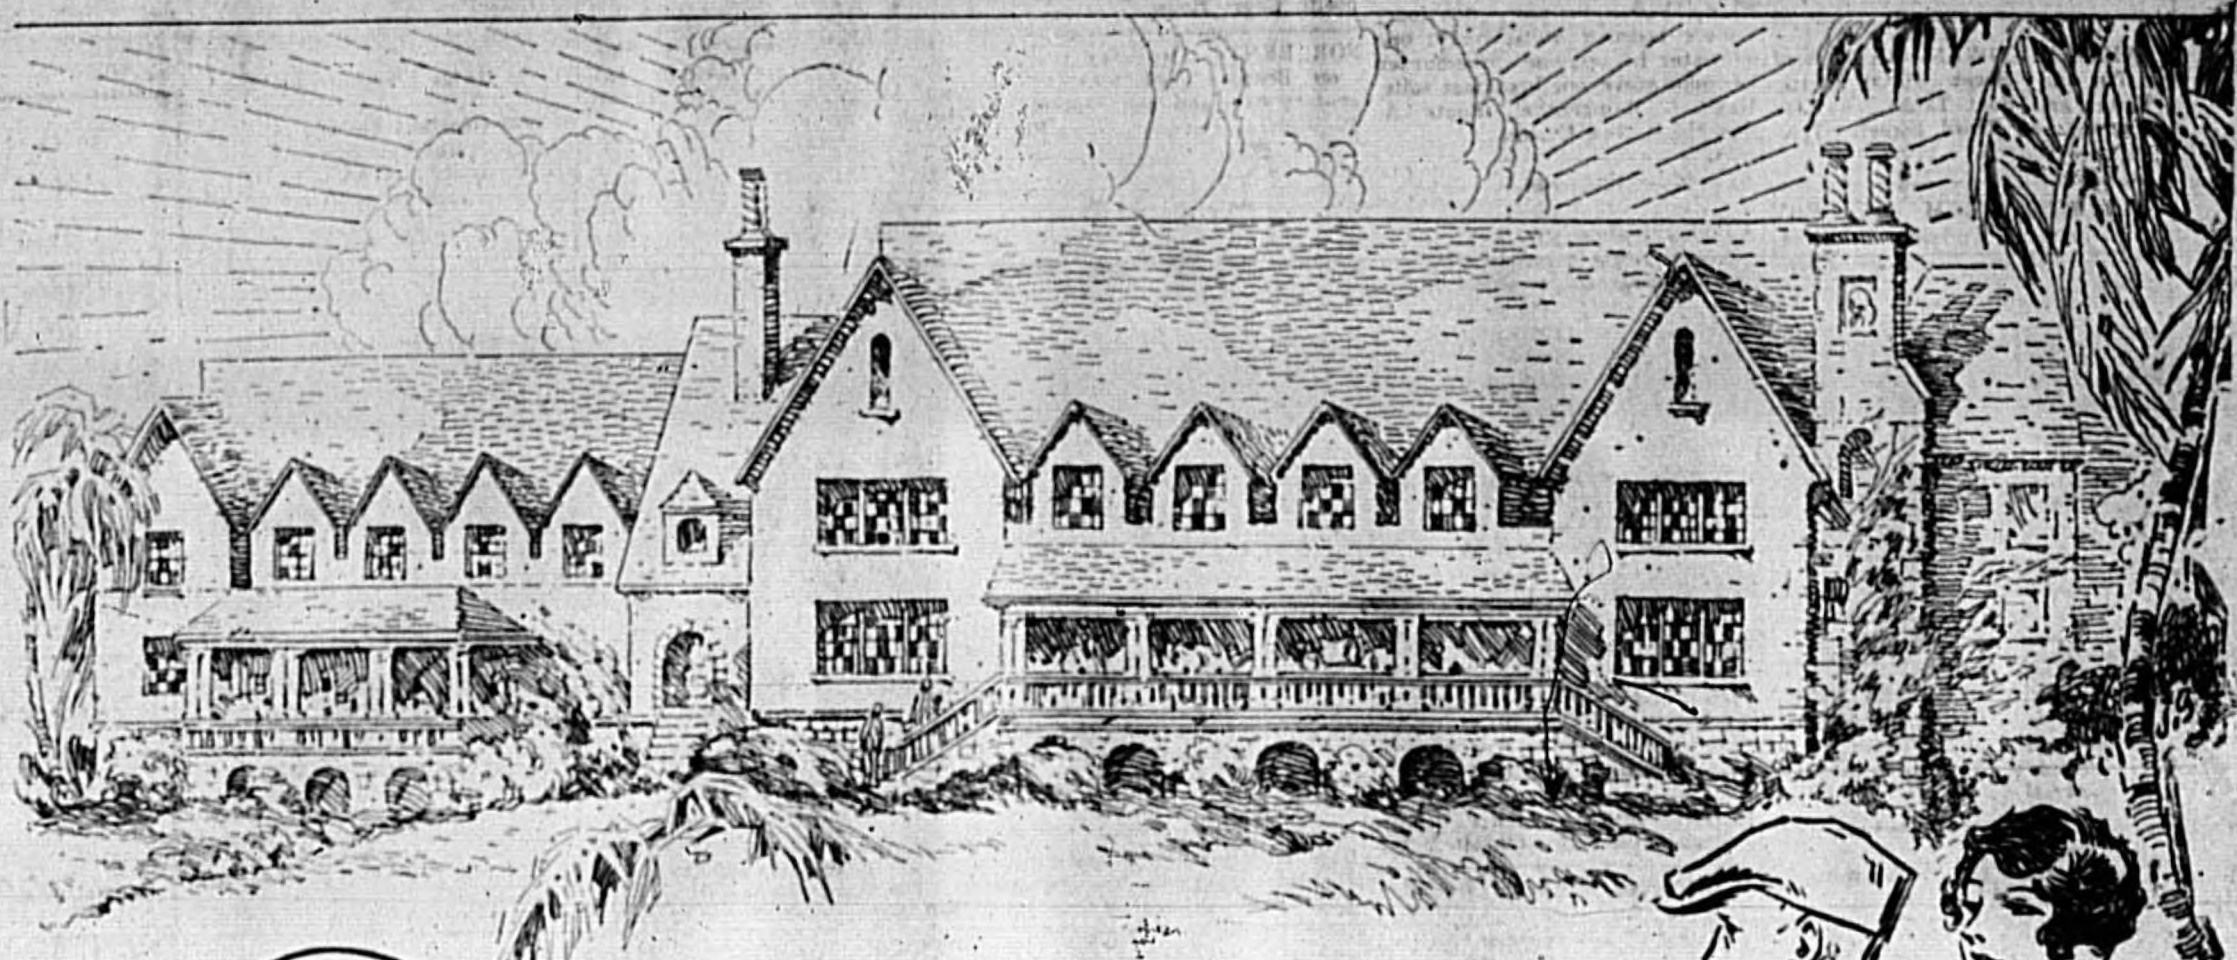

Many certificates in this county have yet been handed in by physicians and various authorities whose duty it is to do so and the law demands that an immediate return be made of all deaths and births, Mr. Smart stated today.

The Power Of Suggestion

Sanford is without question in infinitely better shape financially, industrially and commercially than any other city in the whole state of Florida—

Are you appreciating this all important fact—if so then hop-over on the other side of the fence and hurrah!

Croaking about tight money—poor business—long credits and unsettled conditions will make for just that—Let's hurrah! the best town—the soundest banks—things going along top notch—prosperity on every hand—hurrah!

That is the way to make Sanford stand out—as a "City Substantial" among the Cities of Florida.
