

Morse's Entrance Into Presidential Primaries Viewed As Possible Holding Action For Adlai

WASHINGTON (UPI) — Sen. Wayne Morse's decision to enter presidential primaries was viewed today as a possible holding action to build up support for Adlai E. Stevenson.

Morse announced Monday he would enter the District of Columbia primary on May 3 and run as "a favorite son" in the Oregon primary on May 20.

A United Press International survey showed Monday that a campaign to draft Stevenson has reached the official organization stage in at least five states—Wisconsin, Missouri, Ohio, California and Texas.

Morse said he had tried unsuccessfully to keep his name off the Oregon ballot, but that his supporters have more than the 1,000 signatures necessary to enter him without his consent.

Art World Awaits Showing Of Latest Dali Masterpiece

NEW YORK (UPI)—In a closely guarded gallery on upper Madison Avenue, the art world's main street, a 100-square foot painting that is destined to be one of the best-known pictures in America awaits unveiling before a select few.

No one but the directors of the French & Co. gallery and the workmen who hung the 12 by 14-foot canvas, an allegory entitled "Christopher Columbus Discovers America," has seen it. Once it is viewed by a few hundred carefully selected museum directors, millionaire collectors, and high church officials this evening, it will disappear until 1962.

Hedda Hopper's TV View Of Hollywood Life Dull

By FRED DANZIG NEW YORK (UPI) — "Hedda Hopper's Hollywood," a much-publicized NBC-TV special, offered pools of dewy-eyed and severely non-committal sentimentality about the film capital's past, present and future.

Miss Hopper and the show's writer, Sumner Locke Elliott, apparently sought to avoid a travelogue-look for their special. But I found spark and an interesting approach only in those too-brief portions that let the cameras tour a studio backlot, some Hollywood homes and a restaurant.

2 Jacksonville Navy Jets 'Din' Together

JACKSONVILLE (UPI) — Two Navy jets which were believed to be the same fighter squadron rammed each other together at 80,000 feet Tuesday, killing one and injuring the other.

The Navy identified the dead pilot as Lt. Thomas R. McKinnon of Wilcox, Ga. He apparently went down with his plane.

Lt. (JG.) Jessie J. Smith of Los Alamos, N. M., the other pilot, ejected from his F8U Crusader jet and escaped with only minor injuries.

The collision occurred high over a wooded area in adjacent Clay County. McKinnon's body was found one mile south of the crash scene.

Both pilots were assigned to Fighter Squadron 175 at Cecil Field Naval Air Station, near Jacksonville. They took off Tuesday morning on a routine training mission, and crashed 25 minutes later.

An investigation into the cause of the crash was underway.

Humane Society Slates Election Meet Thursday

The Sanford Humane Society will meet at 8 p. m. Thursday at the American Legion Hall on Hwy. 17-92 to vote on a slate of officers.

A tentative slate of officers has been named by a nominating committee, but the voting will be open at the meeting. The tentative nominations include: for president, Mrs. Harriet Cowley; for first vice president, Gene Rankin; second vice president, Ethel Williams; third vice president, Diana Cusbec; treasurer, Robert Johnson; recording secretary, Elaine Miller, and corresponding secretary, Mrs. Gene Rankin.

Also to be voted on will be a list of nominees for the society's board of directors. This slate includes Sheriff J. L. Hobby, T. E. Tucker, John Krider, Ralph Austin Smith, R. J. Bauman, Dr. R. L. Bass, Robert Crumley and David Gatchel.

An advisory board has been appointed and on it are Mrs. George Wells, Ken McIntosh, Jack Trim, Marion Harman, Judge Wilson Alexander, J. Q. Galloway, and George and Mary Garrison.

Pinay Resigns Minister Post

PARIS (UPI) — Finance Minister Antoine Pinay announced today after seeing President Charles De Gaulle that he will quit the government and retire at least temporarily from political life.

His announcement climaxed a crisis brought on by Pinay's open disagreement with Premier Michel Debré over economic policies for France and his criticism of De Gaulle's attitude toward NATO.

"I am quitting the government and I am retiring from all political life, at least momentarily," Pinay announced.

County Board Hires Brothers As Health Officer

The County Commission yesterday hired Dr. Clyde L. Brothers as county health officer after the board was informed that Dr. L. H. Smith, who had accepted the job earlier, would be unable to move here.

Brothers, presently health officer for Madison and Taylor Counties, agreed to assume his new duties Feb. 15.

The board told Brothers they would like him on the job when the commission receives bids Feb. 16 for a new health center.

Seminole County has been without a full time health officer for several months.

Last October the board agreed to hire Dr. Smith, but he informed the board by mail in December that his wife and child were in an auto accident and were in serious condition.

He was appointed to assume his duties Dec. 15.

Early this month, the board was notified that Smith would be unable to come until his family was completely recovered.

Brothers, a native of Richmond, Va., Roger previously had submitted a preliminary report of jail facility needs last June.

The naming of Rogers came after a discussion between board members on choosing a Winter Park firm over a local firm.

Commissioner Vernon Dunn said he would like to see Hal Harris named as architect for the new jail "as he has 30 years experience in his field and is a local man."

John Burton also asked by letter to be considered for the project, expected to cost about \$700,000.

Chairman John Krider told Dunn that it was his personal opinion that the board should pick the "best qualified man" for the job and he felt that Rogers was the one.

Dunn then argued that he felt that the job should be given to a local man, but ruled out Burton because he felt "he was doing plenty of work right now."

Appraisers Get Additional Time

Judge Volie Williams Jr. today gave court appraisers Lawrence R. Condit and T. W. Mero until Jan. 25 to report on the value of 88 land parcels bordering Sanford.

The appraisers appointed by Judge Williams Dec. 28 were scheduled to make their report Monday on the value of the land needed for the Sanford Ave. widening project.

Judge Williams said "it would be in the best interests of the property owners involved that the appraisers be granted additional time in order to complete their appraisal." The State Road Dept. has appraised the land owned by 137 persons to be worth \$2,103.

Ike Says Reds Have Right To Test Missile In Pacific U.S. Doing Same Thing

WASHINGTON (UPI) — President Eisenhower today conceded the right of the Soviet Union to use an area of the central Pacific as a missile target range.

Eisenhower, at his first press conference since Dec. 2, said it would be most unusual for the United States to protest against the Russian plan when this government had been doing precisely the same thing—firing missiles into pre-announced oceanic target areas.

Russia announced last week that it will test a powerful new space rocket in the Pacific west of Hawaii. It cautioned ships and planes to stay clear of the area from Jan. 15 to Feb. 15.

Assistant Senate Democratic Leader Mike Mansfield (D-Mont.) has led demands that the United States lodge a protest over the tests.

Eisenhower, at his news conference, also:

Stoutly defended his defense program, saying that anyone who approached the defense plans of his administration on a parli basis was doing a disservice to the United States.

Predicted that the new steel contract would not lead to price increases if the labor-management cooperation evidenced in settlement of the strike is pursued vigorously.

Expressed a willingness to take Democrats, particularly members of the Senate, to summit conferences or similar international meetings if these meetings concern themselves with specific treaties which must be ratified by the Senate.

Disclosed that he was as much astonished as anyone else by New York Gov. Nelson A. Rockefeller's announcement that he would not seek the GOP presidential nomination. He declined to make a formal declaration of support for Vice President Richard M. Nixon, but he said there is an atmosphere of no competition.

Said he wanted to see Congress act decisively on the civil rights bill as approved by the House Judiciary Committee and new blocked in the House Rules Committee.

Disclosed that his estimate of a 1961 budget surplus of 4.2 billion dollars was based on an estimated gross national product of \$10 billion. He said his gross national product estimate was regarded in some quarters as too conservative.

Defended American military commanders in West Germany for resisting press requests for alleged lists of former Nazis now occupying official posts in the West German government. The President said certainly no military commander was going to become involved in local politics.

Winter Park Architect Named To Submit Plans On New Jail

Winter Park Architect James Gamble Rogers was selected to submit proposals in contract form for the new county jail and remodeling the courthouse.

The County Commission Tuesday night by a 3-2 vote, named Rogers as architect for the new jail and remodeling of the courthouse by Commissioner Homer Little.

The only dissenting vote was by Dunn, who asked that the minutes show that he favored Harris.

The board also took under consideration the hiring of D. Kirk Gundy of DeLand as financial advisor on the project.

Under Rogers' plan the jail, which would be adjacent to the present courthouse, would be a two story structure with 18,300 square feet of space.

Millionaire A. V. Davis Holds No Death Stock

MIAMI (UPI) — Arthur Vining Davis, 92, one of the world's richest men, holds no death stock in death.

"I don't plan to die," he said recently.

With that attitude the crusty, old multi-millionaire was understandably irritated Tuesday at all the commotion raised when he fainted in a barber's chair and was rushed to a doctor's office.

"You go to hell," he snapped to reporters and photographers who waited for three hours outside the doctor's office to see him wheeled out.

His physician, Dr. William C. Phillips, said Davis was "feeling fine" although under the care of a special nurse after his fainting spell.

Davis, born in Sharon, Mass., in 1867, made a fortune in building the Aluminum Company of America — Alcoa — from a tiny outfit making kitchen utensils into a world giant. He resigned as chairman of the board of that company several years ago but at last count still owned 1,336,824 shares of Alcoa stock, Alcoa closed on the New York stock exchange Monday at \$103 a share.

Davis' other major holdings are in Florida real estate. His total wealth is estimated at 350 million dollars.

Board Sets Up Law Library

The County Commission yesterday agreed to set up a county law library in the courthouse for the use of attorneys and law enforcement officers.

They appointed Mack M. Cleveland Jr., Ken Laffer and A. E. Shiholiser as trustees for the law library with Circuit Judge Vassar Carlton and Volie Williams Jr. as honorary members.

Cleveland was named to a two-year term and the others to one-year terms.

The trustees were recommended by the Seminole County Bar Association.

Groetgut, Road Board Clash

TALLAHASSEE (UPI) — Road Chairman Joe Groetgut has taken issue with the Legislature's interim roads committee on the cost of Florida's interstate highway system.

The committee Tuesday ordered the board to attend a special meeting next month to explain reports that the system will cost more than federal reimbursement. This, the reports say, would require large sums of state money if it is to be completed in 1972 as scheduled.

Johnson Wins Confidence Vote

WASHINGTON (UPI) — Senate Democratic Leader Lyndon B. Johnson, unopposed, presidential hopeful, emerged today from the annual "revolt of the liberals" with his policy-making powers intact and his prestige enhanced.

By votes of 81-11, Senate Democrats Tuesday rejected reforms proposed by their liberal colleagues which would have undercut Johnson's authority to set party policy.

The Seminole High student will try for one of the savings bonds and jackets to be awarded in the district Jaycee Road-E-O in Orlando Saturday. The winner on the state level will get a \$500 scholarship to the school of his choice.

Donors To Get Free Steak Dinner

Persons who wish to give blood to the Seminole County blood bank tomorrow will be treated to a steak dinner at the Elks Club tomorrow night.

The blood bank drive will open at 1:30 p. m. tomorrow and close at 6:30. All donors will then be treated to a steak dinner.

The dinner will be jointly sponsored by the Elks and the American Legion.

Crooms Break-In

Crooms Academy was broken into and \$1.4 million worth of bank machine early Tuesday morning.

The robbery was reported today. A window in the building was also broken, but the money was apparently not stolen.

Nothing was taken from the bank. Grant is working on the case.

County Gets State Money

TALLAHASSEE (UPI) — Re-calculation funds totaling \$1,267,200 were released by the Cabinet Tuesday to 27 counties including Seminole where school attendance has increased more than 5 per cent in the past year.

The total recalculation amount was \$3,021,152, but additional funds will not be released until later. Each county must absorb the first 5 per cent of any school increase and the state finances any higher percentage.

Counties sharing in the funds and their increased attendance percentage over 5 per cent included: Brevard, 15.15, \$422,000; Dade, 14.7, \$315,383; Escambia, 34, \$45,200; Lake, 9.7, \$15,978; Polk, 1.34, \$75,838; Sarasota, 4.55, \$75,787; Seminole, 16.26, \$318,315; Volusia, 2.96, \$91,328.

The Cabinet also released to six junior colleges \$91,232 of the total \$200,661 in recalculation money due.

Palm Beach had the largest increase, 23 per cent, and is due \$61,428. St. Petersburg was next with 25 1/2 per cent and will receive \$108,154.

In other action, the Cabinet sold a \$540,000 Brevard County school construction bond issue at an average interest cost of 3.9995 percent. It also agreed to release \$653,096 to Brevard when needed for school construction.

Quotable Quotes

United Press International
CHICAGO — La. Daly, perennial unsuccessful candidate for mayor of Chicago and state and national offices, disclosing that he wants to run in 17 presidential primaries:

"I wrote letters to all the 16 states and to the District of Columbia, where presidential primaries are held. I didn't get answers from some of them."

MADISON, Wis. — American history as reported in the new Soviet encyclopedia, excerpts from which are to be published by the Wisconsin Historical Society:

"Wilson's 14 points represented a capitalistic plot, the New Deal was a sop thrown to the masses to keep them from revolting, the Marshall Plan was dollar imperialism in disguise . . ."

CHICAGO — Joseph Mateel, 48, sentenced to five years in prison for counterfeiting 50-cent pieces, explaining why he produced phony coins instead of bills:

"My needs are modest and I don't need a lot of money."

Chessman Makes Another Attempt For Death Stay

SAN FRANCISCO (UPI)—Karyl Chessman scheduled to die in the San Quentin gas chamber Feb. 19, made another bid for a stay of execution Tuesday—just 24 hours after the U. S. Supreme Court denied an appeal by the convict-author for the 14th time.

Attorney George T. David filed the latest petition with U. S. District Judge Louis E. Goodham. Arguments will be heard Feb. 1 on the petition, which asked Goodham to declare that a five-year-old order halting the kidnapping-rapist's execution was still in effect.

Grand Jury Slates Lynch Indictment Vote

BILOXI, Miss. (UPI)—A federal grand jury abruptly canceled further testimony in the lynch-murder of a young Negro and prepared to vote today on whether to bring charges against suspected members of the lynch mob.

The grand jury's investigation of the death of Mack Charles Parker, 32, was to have run through Friday. But after hearing 35 witnesses, the 21 white men and one Negro on the jury apparently decided they had sufficient testimony.

A decision was expected today on whether to return indictments against any or all of the 23 white men listed by the FBI as "known and suspected participants" in the lynching. Announcement of the decision may be delayed.

Parker, a part-time truck driver, was dragged from the Pearl River County jail at Poplarville, Miss., last April 26, two days before he was to stand trial for the rape of a pregnant white woman. His bullet-riddled body was found in the Pearl River 20 miles away. Inmates of the jail said Parker was taken out by a group of masked white men.

Building Projects Okayed By Cabinet

TALLAHASSEE (UPI) — Two state building projects and a teaching auditorium at the new University of South Florida have been approved by the Cabinet.

Sitting as the Board of Commissioners of State Institutions, the Cabinet okayed a lease-purchase arrangement to finance a \$3,800,000 office in the Capitol Center for the Development Commission.

The board also accepted a \$100,000 land tract in Lakeland on which a new Central Florida appellate court building will be constructed.

A bid of \$508,877 by the W. H. Cooper Construction Co., Jacksonville, for the teaching auditorium was approved by the Cabinet.

Wild Fist Fight Causes Accident

OIL CITY La. (UPI)—A station wagon with a wild fist fight going on inside careened wildly down a highway Tuesday and crashed into an oncoming car, killing seven persons and injuring four.

Deputy Sheriff Paul Baker said some of the men in the station wagon were painters returning from a job. The impact of the crash killed five of the six persons in the wagon and splattered brightly colored paints over the wreckage.

The crash also killed two of the five persons in the car. The survivors were hospitalized.

Baker said another automobile following the station wagon reported a wild fist fight was occurring in it and it was weaving all over the road.

Baker said the wagon had forced several other cars off the road before it careened into the auto driven by Sam Evans, a Negro from Jefferson, Tenn. The crash killed Evans and his wife.

The sole survivor of the station wagon, Morris Hale of Vivian, La., was unconscious and could not be questioned.

NEW YORK (UPI)—Philadelphia and Memphis, Tenn., turned down their volume so much last year that the National Noise Abatement Council Monday awarded them its bronze plaque for combating excessive noise.

Famed Religious Negro Leader Dies

LOS ANGELES (UPI)—Bishop Charles Manuel Grace known as Sweet Daddy to his followers, used to sit smiling on his "money chair" holding the reins to a "money horse" while the faithful crowded their pews and pinned money to the chair and the horse.

The chanting stopped for Sweet Daddy late Monday night when the Negro spiritual leader succumbed to a heart ailment. Various of the three million Negro followers he claimed as converts gave his age as 78 and 80.

Of humble and obscure beginnings, Sweet Daddy used a simple approach to people and a flamboyant way of life to build up a multi-million dollar religious organization with "houses of prayer" in about 60 cities.

Sweet Daddy once explained his way with people thusly:

"My people call me Sweet Daddy because I treat them like a father. They are my children."

His style of living spoke for itself, mainly in the colors of red, white and blue.

Mighty Baby

LONDON (UPI) — The future heavyweight champion of the world wolfed down his raw beef juice and an egg flip and looked around for a way to test his muscles.

There was a baby carriage nearby and he began to tug at it. Mrs. Betty Sugras, who weighs 126 pounds, climbed into the perambulator and her husband, Butty, clamped on the brakes.

Ritchie Sugras started the carriage rolling with a tug.

Considering that Ritchie is only 10 1/2 months old and crawls rather than walks, this was a pretty impressive feat.

"Strongest baby in the world," roared Butty with paternal pride.

"I'm challenging any baby in the world on his behalf," said Butty, one of a long line of Irish professional strongmen. "This baby's twice as strong as I was at his age and look at me now. I can bend iron bars like they were nothing but spaghetti."

Cyclist Escapes Injury In Mishap

DAVID RICHARDS, 197 N. Melbourne Ave., escaped injury Monday when his bicycle collided with a car on Park Ave. The son of Lake Mary Elementary School Principal Floyd Richards ran into the rear fender of a car driven by Mrs. Catherine Van Klee as Mrs. Van Klee turned east from Park Ave. onto Ninth St., police said. David was cycling north on Park. Only the bicycle was damaged.

Oil Co., Lumber Plant Broken Into

The Pure Oil Bulk Plant and the Gregory Lumber Co. plant were broken into and Sgt. W. R. Nothing was taken from the lumber company.

Sanford Man Gets Promotion

Richard K. McNab of Sanford has been promoted to captain in the Air Force.

His parents, Mr. and Mrs. D. K. McNab, received word from Maj. Albert H. Middleton, 82nd Bombardment commander at Lockbourne Air Force Base, Ohio, that their son had received the promotion effective Jan. 1. Captain McNab is aircraft commander of a B-47 Strategic Air Command jet bomber at Lockbourne.

Capt. McNab is married to the former Barbara Ann Robbins of Cambridge, Md. The couple have two children, two year old Mike and one month old Kelly Ann.

Commission Buys 20 Acre Tract

The County commission yesterday agreed to purchase a 20 acre tract adjoining the clay pit in Sandaloe Springs for use as a possible county barn site.

The commission agreed to purchase the land from the Overstreet Land Co. for \$22,000 which is the assessed value of the property.

The board was informed by County Engineer Robert Davis that there is enough clay in the ground there to supply the county with clay for the next six or seven years.

Davis then told the board that after all the clay is out, the land could be used for a county barn site.

Final agreement on the purchase will come after several small details are worked out between the commission and the purchaser.

Jaycees Recognize Public Service

The Jaycees have asked the public to help select a deserving young man to receive the distinguished service award to be presented at the climax of Jaycee Week next week.

They also are planning awards of recognition to other young people in the county, including the outstanding young teacher, young farmer and young sailor. The idea is to focus attention on what people between the ages of 21 and 35 are doing in the way of community service and other endeavor.

This philosophy of public service is expressed in the Jaycee creed:

"We believe:

"That faith in God gives meaning and purpose to human life;

"That the brotherhood of man transcends the sovereignty of nations;

"That economic justice can best be won by free men through free enterprise;

"That government should be of laws rather than of men;

"That earth's great treasure lies in human personality;

"And that service to humanity is the best work of life."

Red China Left Out Of Disarmament Talks

By PHIL NEWBOM
UPI Foreign Editor

An unreality of the forthcoming disarmament talks in Geneva is the fact that a nation with one of the largest armies in the world will not be represented.

That nation is Red China.

The United Nations appointed subcommittee on disarmament meets March 15 to consider numerous disarmament proposals, prominent among which will be Soviet Premier Nikita Khrushchev's demand for total world disarmament in four years.

Communist nations on the committee are Russia, Poland, Czechoslovakia, Bulgaria and Romania. Non-Communist are the United States, Canada, Britain, France and Italy.

There is no indication that any of the Red Chinese, but any disar-

May Pick Woman To Carry Torch

ROME (UPI) — The Italian Olympic Organization Committee may set a precedent for the international games in 1956 by having a woman athlete bear the Olympic torch on the final stage of its relay from Athens, Greece.

In past Olympics, a male athlete always has carried the torch into the main Olympic stadium to fire the Olympic flame and signal the start of the games.

The Organization Committee began today with the idea being a pretty Italian girl, Giuliana Minuzzo, was the first female ever to take the Olympic torch to all the competing athletes. That was at the 1950 Winter Olympics at Cortina d'Ampezzo, Italy.

Some of the Red Chinese saboteurs have been attributed to snailishly over U.S. refusal to grant them diplomatic recognition, some to a theory that they still are flexing their relatively new military muscles.

In any event, they have served notice before that no summit meeting can be truly a summit without Red Chinese participation.

The possibility of a Red China-U.S. summit seems entirely unlikely so long as Red China Science and Astronautics Committee, said he figured the Soviets had a legal right to go lobbing rockets almost anywhere in the Pacific.

And until there is a change, both will continue to maintain large military forces in the formosa Strait area.

EYES ON THE WHITE HOUSE—The big seven on the list of Democratic presidential nominees possibilities are these three senators, three governors and one former nominee. Adlai Stevenson and Senator Kennedy are considered the strongest at this early date.

Assignment Washington

By ED KOTERBA

WASHINGTON—It became suddenly imperative that we get an eye in the sky over the Pacific.

This surveillance in space will be necessary, it turns out, to help us catch any Soviet rockets in the act of violating international law.

The first announcement from Moscow that the Reds would use the Pacific Ocean for missile target practice—and for us to clear the way for them—came as a jar to official Washington.

Then everybody started to get indignant, going off into all sorts of directions—political, diplomatic, legal and technical.

Sen. Mike Mansfield (D., Mont.) called the Red plan arrogant. Harry Truman said it was brazen. But Sen. Francis Case (R., S. D.) said let 'em have the ocean.

The State Department pontificated about "open seas."

Congressman Overton Brooks (D., La.), chairman of the House Science and Astronautics Committee, said he figured the Soviets had a legal right to go lobbing rockets almost anywhere in the Pacific.

"The Soviets," said the expert, "are pursuing a dangerous program." Their rockets, he said, could violate international law.

As long as the rockets stay in space, said Mr. Haley, there's no code governing them, but once they whip into the atmosphere, earth laws apply. Should a rocket come over U. S. territory within the band of air, it has violated our air space.

For our rocket tests over the Atlantic, Mr. Haley pointed out, the U. S. had obtained written consent from countries that lie under the paths of our trajectories. The Russians have no such written approvals in the Pacific.

In the vast Pacific, in which our South seas and other possessions lie, the Reds will be flouting the law. Yet, we have no adequate way of policing their coming rockets. The only answer is a fleet of radar space cops.

It's a shivery realization to find our government saying to its people that we cannot legally stop the Russians from moving ever closer to us with their rockets.

The question comes up: How far will they go? I'd feel a little safer if we had some cops out there to spy in the sky. And, when and if necessary, to intercept.

Just Who Are The "Status Seekers"?

By DICK WEST

WASHINGTON (UPI) — By now you likely have read, or at least read about, a book called "The Status Seekers." It is all about people who aren't content with the status quo.

The book tells us how to recognize status seekers by their status symbols. It is a best-seller just about everywhere, except in Washington.

I suspect it lost sales status here because it made people self-conscious. Few places are more status-minded, or have more status symbols, than the U.S. Capitol.

I have done some research on federal status seeking which I offer in the interests of science, as a footnote to the book.

For laboratory purposes, let us divide the seekers into four classes — civil servants, bureaucrats, very important persons (VIP) and eggheads. Then let us examine their status symbols in the following fields:

Transportation: To Work: Civil servant — rides bus. Bureaucrat — has permit to park own car in government lot. VIP — has government limousine and chauffeur. Egghead — walks.

Office Space: Civil servant — has small desk in large outer office. Bureaucrat — has large desk in small inner office. VIP — has large desk in large inner office. Egghead — has briefcase.

Lunch: Civil servant — eats in government cafeteria. Bureaucrat — has two-hour, two-martini lunch in downtown restaurant. VIP — has two-hour, two-martini lunch in private dining room. Egghead — brings own lunch in briefcase.

Cocktail Hour: Civil servant — has two beers at home. Bureaucrat — attends big cocktail party given by lobbyist. VIP — attends small cocktail party given by lobbyist. Egghead — has two glasses of wine at home.

Dinner: Civil servant — eats at home. Bureaucrat — has two-hour, two-martini dinner in downtown restaurant. VIP — attends two-hour, two-martini dinner party given by lobbyist. Egghead — has two glasses of wine at home.

Nuns Perform On School TV

DETROIT (UPI) — Television has invaded the cloistered world of the Catholic convent.

And the nuns have invaded the world of television with the splendor of seasoned performers.

Nuns perform on a weekly, hour-long show, "Science for Teachers," originating from the University of Detroit studio of Detroit's educational television station, WTVS, Channel 56.

When the Rt. Rev. McGr. Vincent J. Horan, superintendent of parochial schools in the archdiocese, decided to start the show, he approached the nuns about being the "stars."

"With characteristic dignity, the nuns who participated in the first shows resented the word, 'show,'" said Fr. Raymond R. Schlinkert, producer of the program.

"After a few hours before the camera, however, they soon realized that this is exactly what they are doing — putting on a show."

Washington Calling

By MARQUIS CHILDS

WASHINGTON — Something new has been added to the complex tangle of ambition in the Democratic Congress beginning its second and last session. That is the serious candidacy for the presidential nomination of the majority leader, Sen. Lyndon Johnson of Texas.

The redoubtable Johnson began making noises like a candidate in the late summer and early fall. But those who judged him a realist in the great game of politics assumed that he was merely engaged in a tactical maneuver. Now, however, neither his rivals nor his adherents doubt his objectivity.

With all his drive, his energy, his yeasty ambition, he is out to put together a bloc of Johnson delegates. In the turmoil of a deadlocked convention next July the Senator from Texas may use that bloc to decide the nomination.

But in the months ahead his personal ambition will overshadow the work of the Senate. With three presidential candidates on the Democratic side of the aisle, the new complicating element of Johnson's candidacy is obvious enough.

And why shouldn't he aspire to the presidency, his friends demand indignantly. Hasn't he more experience and hasn't he demonstrated more ability than any of the other candidates? It is the taboo of the South as it works against Johnson that arouses the greatest indignation of his followers. They argue that it is just as important to have a break-through on geography as it is on religion, with Sen. John F. Kennedy determined to be the first Roman Catholic president of the United States.

On the score of his convictions Johnson increasingly merits the label conservative. The Johnson letter of last August that recently came to light showing him on the side of strong regulatory legislation for the trade unions, further establishes this identity. Here, too, his passionate adherents rush into print to denounce the "knee jerk" liberals who fail to appreciate the outstanding qualities of their man.

They argue that this is a time of moderation and Johnson fits the times to a tee. What they overlook, of course, is that the Republicans have a patent on the labels moderate and conservative. The Democrats when they have won have almost invariably been challengers of things as they are; pioneering figures such as Woodrow Wilson and Franklin Roosevelt. Only when they found themselves confused and divided have they fallen back upon respectable candidates such as John W. Davis who could lose with dignity as Davis did in 1924.

How the Johnson candidacy will affect the record of the Congress, his rivals, and the Democratic party is an open question. The complaint against Johnson through most of the last session was that he simply rocked along with the Eisenhower administration. He boasted at the end of the session that he had cut government spending well below the budgetary level set by the administration.

The Democratic Congress reduced, for example, the amount of money that the White House had requested for space exploration and development. This "no-nothing," as Democratic critics such

Clerk-Typist Jobs Now Open At Orlando Base

Clerk-Typist and Clerk-Stenographer examinations are open now at the Orlando Air Force Base. Salaries for these positions are from \$3,235 to \$3,753 a year. This examination closes January 22.

Sanford residents aged 18 or older who are interested in a Civil Service typist or stenographer position should apply to take this examination. Registers established as a result of this examination will be used to fill positions at the Orlando Air Force Base, McCoy Air Force Base, Sanford Naval Air Station, and other federal installations within a 35 mile radius of Orlando. Persons who attained eligibility under Announcement No. 8-26-7 (59) should apply for this new examination if they are still interested in receiving consideration for these positions.

Applicants will be required to pass the general abilities and the typing test. In addition, stenographers will be required to pass the stenography test consisting of dictation at a rate of 80 words a minute. Applicants must furnish a typewriter for use in the examination room.

Interested applicants should apply on Card Form 300-AB and be sure to include the examination title and announcement number. Apply at any post office for application form or information. Applications or further information may also be obtained from the Board of U. S. Civil Service Examiners, Orlando Air Force Base; the Regional Director, 2175 U. S. Civil Service Region, Fifth Peachtree Street NE, Atlanta 3, Georgia; or the Industrial Relations Department, Naval Air Station, Sanford.

Eileen Willard, C. M. Webster Wed In Lake Mary Ceremony

The Lake Mary Community Presbyterian Church was the scene of an impressive wedding ceremony Sunday, Jan. 10 at 7 p. m. when Eileen Keogh Willard, daughter of Mrs. Ida Erickson Keogh and the late Robert M. Keogh of Lake Mary and Charles Milo Webster, son of Mrs. Isabelle Webster and the late Romeyn Webster of Rochester, N. Y. were united in marriage.

The Rev. John W. Pilley officiated at the candlelight ceremony. Mrs. William T. Blakemore, organist, presented a program of wedding music.

The bride was escorted to the altar by her brother, Miles R. Keogh and was given in marriage by her mother, Mrs. Ida Keogh.

Mrs. Richard W. Keogh, a sister-in-law of the bride, was matron of honor and Miss Kathleen Willard, the bride's six year old daughter was junior bridesmaid. Robert Rugenstein, a cousin of the groom, was best man and serving as usher were Miles and Richard Keogh. The church was decorated with lavender, Fuji chrysanthemums, magnolia leaves in silver containers and silver candelabra.

The bride wore a wall length

dress of lavender Franciscan lace over orchid taffeta, featuring a sabbina neckline and a cummerbund ending in a tie in the back. She wore a single strand of pearls, a gift of the groom, and carried a

Bible topped with an orchid and lavender satin ribbon streamers. Her short veil fell from a small lavender satin crown.

The matron of honor wore a turquoise blue lace dress over taffeta

and carried a cascade bouquet of lavender mums with satin ribbon streamers. The junior bridesmaid wore a floor length dress identical to the matron of honor's and carried a small bouquet of lavender mums and wore a nosegay in her hair.

The bride's mother chose a navy blue dress with white accessories and a white camellia corsage. The groom's mother wore a light blue linen suit with black accessories and pink camellia corsage.

Following the ceremony a reception was held at the home of Mr. and Mrs. Robert Rugenstein, on Crystal Lake, in Lake Mary. The house was decorated throughout with arrangements of white magnolia leaves and pink and white camellias.

The refreshment table was overlaid with a linen cut-work cloth. On one end was the punch bowl and the other held a five-tiered wedding cake, topped with an arrangement of wedding bells. The center heart-shaped arrangement of white camellias was in a silver container.

Mrs. Bernard Bevins, West Palm Beach, sister of the groom and Mrs. Homer Gleason served the cake; Mrs. William Thorne and Mrs. William Harmon presided at the punch bowl and Mrs. Miles Keogh kept the bride's book.

Mrs. Webster chose a gray suit and the orchid from her bridal bouquet for her going away outfit. The couple left for a wedding trip to Nassau.

Out of town guests included Mrs. Bernard Bevins, West Palm Beach; Mr. and Mrs. Miles Keogh, Orlando; and Mrs. Irving King of West Palm Beach.

The bride was born in Chicago, N. Y., and is a graduate of Victor High School, Victor, N. Y.

The groom was born in Pittsford, N. Y., and is a graduate of Victor High School, Victor, N. Y.

Happiness Through Health (By DR. F. LEO KERWIN)

Sinusitis

Sinuses are cavities in the bones of the face, filled with air, opening into the nasal passages but not part of the nose. When there is sinus trouble, the membrane lining the sinuses becomes thickened and there is an excessive secretion. A cute case are usually accompanied by pain. There may or may not be pus formation. Normally you have eight sinuses (four pairs). Trouble may be present in any one or any combination of these. Once the sinus trouble is permitted to become chronic,

symptoms are constant and annoying. Chiropractic adjustments reach the sinus through the nervous system, thereby removing congestion of blood and increasing circulation. Adjustments have usually been successful in correcting many cases of sinus. If you have sinus trouble, don't neglect the condition, try Chiropractic.

One of a series of articles published in the public interest and to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 E. French Ave. and his telephone number is FA8484-B-2142.

MRS. WILLIAM R. BERNOSKY JR.

Mrs. Cooper Speaks To Oviedo Women

BY MARIAN R. JONES

Mrs. F. W. McCall Jr. greeted guests as they arrived for the January luncheon meeting of the Oviedo Women's Club Friday.

The spacious room was artistically decorated with balloon bouquets of pastel shades of blue, pink, and yellow, tied with colorful bows. Small particles of confetti completed the center serving table arrangements. Pink hibiscus

were used lengthwise, the tables, also forming a center arrangement for the officer's table. Yellow hibiscus and roses were displayed at other points in the room.

Mrs. Sparks Lee Clonka and her committee, Mrs. F. W. McCall, Jr., Mrs. Bob Parker, Mrs. C. E. Minier, Mrs. Frank Gaydick, Mrs. Theodore Aulin, Jr. and Mrs. F. W. Talbot served a fried chicken luncheon, with lemon ice box pie.

Following the luncheon Mrs. W. H. Martin introduced the guest speaker, Mrs. R. F. Cooper, of Sanford, a former resident of Oviedo. Mrs. Cooper in turn introduced Mr. Dame, of the Seminole County Health Unit, before speaking.

She dealt mainly with the duties of Mrs. Ives, president of the Seminole County Mental Health Unit. Following her speech Mr. Dame entertained the guests and visitors with a moving picture, "A Family Affair," which was relative to the subject.

Mrs. Charles T. Niblack announced that in February a cooked food sale will be held at the time of the meeting with members of the November, December and March luncheon committees participating. A white elephant and rummage sale is also scheduled for March. Proceeds will be used for the building fund.

Mrs. Estes announced that the combined drive, sponsored by the club, would be conducted the first week in February. Mrs. John Lundy consented to act as chairman of this committee. Volunteers were asked to help. They included Mrs. James H. Brookshire, Mrs. Joe Battle, Mrs. W. T. Walker, Mrs. Charles T. Niblack, Mrs. Doris Patterson, Mrs. Jack Dodd, and Miss Ruth Davidson.

Mrs. B. F. Wheeler, membership chairman, announced that Mrs. J. H. Lee and Mrs. C. L. West, Sr. had been reinstated by the board members of the club. About sixty members and guests were present for the meeting.

A valentine theme was carried out in decorations and the guests were given novelty hats and horns upon arrival. Each couple received hats of a different color so each one could easily identify his partner.

Refreshments of assorted sandwiches, potato chips, pickle chips and soft drinks were served to the merry-makers.

Guests included Bonnie Carol, Doyle Carlton, Peggy Creamer, "Rabbit" Richards, Susie Brewington, Sonny Messer, Becky Rieker, Miss Smith, John Jernigan, the honoree and her three little cousins, Frances, Denise and Carla Jarrell.

Ellen Vihlen Weds William R. Bernosky

The wedding of Miss Ellen Enroth Vihlen, daughter of Mr. and Mrs. Eric Leonard Vihlen and William Richard Bernosky Jr., son of Mr. and Mrs. William Bernosky, all of Sanford, was solemnized Dec. 30 at 11 a. m. at All Souls Catholic Church.

The Rev. Richard Lyons officiated at the double-ring nuptial mass.

The church was decorated with palms, baskets of white gladioli and chrysanthemums and the altar with poinsettias and evergreen.

Mrs. F. E. Roumillat, organist, played the nuptial music and sang "Ave Maria." The bride was given in marriage by her father.

Mrs. John Jones, a cousin of the bride, was matron of honor, and the groom's brother, Thomas Bernosky, was best man. Daniel Bernosky, another brother of the groom, served as ring bearer.

The bride wore a ballerina length gown of white silk organza with a lace bodice and front panel. Her shoulder length veil of white illusion fell from a tiara of seed pearls. She carried a cascade bouquet of white chrysanthemums, centered with a white orchid and wore a single strand of pearls, a

gift of the groom. The matron of honor wore a brown silk print dress with white accessories and carried a cascade bouquet of yellow chrysanthemums.

The bride's mother chose a brown silk print dress with white accessories and a white carnation corsage. The groom's mother wore a green silk print dress with black accessories and a pink carnation corsage.

Following the ceremony a reception was held at the home of the bride's parents. The house was decorated with wedding bells and the flower arrangements from the church.

Mrs. Dorothy Bernosky served the wedding cake and presiding at the punch bowl were the mothers of the bridal couple.

Mrs. Bernosky chose for her going away outfit a green velvet suit with white accessories and the orchid from her wedding bouquet. Following a wedding trip the couple will be at home at 265 West 9th St. Sanford.

Out of town guests included George Vihlen, of Windom, Austin Vihlen of Sarasota and Randall Robbins of St. Cloud.

Washington, D.C., July 10.—The Democratic Party today took a step toward the nomination of a presidential candidate by electing a committee to study the party's position on the issue of civil rights.

The committee, headed by Sen. Joseph Clark of Pennsylvania, will meet in regular meetings to take up issues and report to the party's national convention in August.

The committee's formation is the first step in the process of selecting a presidential candidate. The party's national convention will be held in August in New York City.

The committee will also study the party's position on the issue of civil rights. The party has long been known for its support of civil rights, but it has not yet nominated a candidate who has made this issue a central part of his campaign.

The committee's formation is seen as a sign that the party is serious about addressing the issue of civil rights. It is also seen as a sign that the party is preparing for the presidential election.

Eileen Willard, C. M. Webster Wed In Lake Mary Ceremony

The Lake Mary Community Presbyterian Church was the scene of an impressive wedding ceremony Sunday, Jan. 10 at 7 p. m. when Eileen Willard, daughter of Mrs. Ida Erickson, Knapp and the late Robert M. Knapp of Lake Mary and Charles Milo Webster, son of Mrs. Isabelle Webster and the late Bessie Webster of Rochester, N. Y. were united in marriage.

The Rev. John W. Foley officiated at the candlelight ceremony. Mrs. William T. Blakesome, organist, presented a program of wedding music.

The bride was escorted to the altar by her brother, Miles R. Knapp and was given in marriage by her mother, Mrs. Ida Erickson. Mrs. Richard W. Knapp, a sister-in-law of the bride, was matron of honor and Miss Kathleen Willard, the bride's six year old daughter was junior bridesmaid. Robert Blakesome, a cousin of the groom, was best man and serving waiters were Miles and Richard Knapp.

The church was decorated with lavender Fuji chrysanthemums, magnolia leaves in silver containers and silver candelabra.

The bride wore a white tulle gown of lavender Franciscan lace over orchid tulle, featuring a sash and a summer band ending in a tulle in the back. She wore a single strand of pearls, a gift of the groom, and carried a bunch of lavender.

The groom wore a tuxedo with an orchid and lavender satin ribbon streamers. His short veil fell from a small lavender satin crown.

The matron of honor wore a tulle gown with lace drapes over tulle and carried a cascade bouquet of lavender mums with satin ribbon streamers. The junior bridesmaid wore a floor length dress identical to the matron of honor's and carried a small bouquet of lavender mums and wore a bonnet in her hair.

The bride's mother chose a navy blue dress with white accessories and a white camellia corsage. The groom's mother wore a light blue linen suit with black accessories and pink camellia corsage.

Following the ceremony a reception was held at the home of Mr. and Mrs. Robert Blakesome, on Crystal Lake, in Lake Mary. The house was decorated throughout with arrangements of white magnolia leaves and pink and white camellias.

The refreshment table was overlaid with a lace cut-work cloth. On one end was the punch bowl and the other held a five-tiered wedding cake, topped with an arrangement of wedding bells. The center heart-shaped arrangement of white camellias was in a silver container.

Mrs. Bernard Devins, West Palm Beach, sister of the groom and Mrs. Homer Gleason served the cake; Mrs. William Thorne and Mrs. William Harmon presided at the punch bowl and Mrs. Miles Knapp kept the bride's book.

Mrs. Webster chose a gray suit and the orchid from her bridal bouquet for her going away outfit. The couple left for a wedding trip to Nassau.

Out of town guests included Mrs. Bernard Devins, West Palm Beach; Mr. and Mrs. Miles Knapp, Orlando, and Mrs. Irving King of West Palm Beach.

The bride was born in Chicago, Ill. and graduated from West View High School in West View, Pa. She has resided in Lake Mary for the past 15 years.

The groom was born in Pittsford, N. Y. and is a graduate of Victor High School, Victor, N. Y.

Yellow hibiscus and roses were displayed at other points in the room.

Mrs. Sparks Lee Clontz and her committee, Mrs. F. W. McCall Jr., Mrs. Bob Parker, Mrs. C. E. Minter, Mrs. Frank Gaydick, Mrs. Theodore Aulis, Jr. and Mrs. F. W. Talbot served a brief chicken luncheon, with lemon tea for beverage.

Following the luncheon Mrs. W. H. Martin introduced the guest speaker, Mrs. R. F. Cooper, of Sanford, a former resident of Oviedo. Mrs. Cooper in turn introduced Mrs. Dams, of the Seminole County Health Unit, before speaking.

She dealt mainly with the duties of Mrs. Lee, president of the Seminole County Mental Health Unit. Following her speech Mr. Dams entertained the guests and visitors with a moving picture, "A Family Affair," which was relative to the subject.

Mrs. Charles T. Niblack announced that in February a combined food sale will be held at the time of the meeting with members of the November, December and March luncheon committees participating. A white elephant and rummage sale in the school room for March. Proceeds will be used for the building fund.

Mrs. Egan announced that the combined drive, sponsored by the club, would be conducted the first week in February. Mrs. John Loring consented to act as chairman of this committee. Volunteers were asked to help. They included Mrs. James H. Brooker, Mrs. Joe Battle, Mrs. W. T. Walter, Mrs. Charles T. Niblack, Mrs. Doris Peterson, Mrs. Jack Deak and Miss Ruth Davidson.

Mrs. E. F. Wheeler, membership chairman, announced that Mrs. J. E. Lee and Mrs. C. L. West, Sr. had been reinstated by the board members of the club. About sixty members and guests were present for the meeting.

Miss Freddie Berryhill Birthday party Honors Freddie

Mr. and Mrs. H. E. Berryhill entertained with a birthday party this week and honoring their daughter, Freddie, on her 12th birthday. The guests assembled at the Berryhill home, 2100 Magnolia Ave., for an evening of dancing and party games.

A valentine game was carried out in decorations and the guests were given novelty hats and horns upon arrival. Each couple received hats of a different color, so each one could easily identify his partner.

Refreshments of assorted sandwiches, potato chips, pickle chips and soft drinks were served to the merry-makers.

Guests included Bonnie Cook, Doris Carlan, Peggy Cravner, "Bobby" Rickard, Hattie Brewington, Susan Hester, Betty Hester, Mike Smith, John Jordanian, the honoree and her three little cousins, Frances, Deane and Caris Jarrell.

Murder Trial Ordeal Doesn't Hamper Love

LOS ANGELES (UPI)—Carole Traggoff is still in love with Dr. Bernard Finch despite the ordeal of their trial for murder.

Don Bringsold, attorney for the weekend mistress, said Tuesday it was "obvious" the 33-year-old divorcee still loved the surgeon accused of killing his wife to break up one-third of a triangle.

Miss Traggoff was to be brought into the case "directly for the first time today."

Willing to testify were the proprietors of two apartments in near-by Monterey Park where Finch set up Miss Traggoff as a mistress and another in Las Vegas, Nev., which the doctor rented for his sweetheart and where he was found the day after his wife's killing.

Defense attorney Grant Cooper tried to give the murder trial the aspect of a "quadrangle" Tuesday with evidence that Mrs. Barbara Jean Finch, 33, spent an evening at the Los Angeles West Side Tennis Club with another man the evening of her death last July 18.

The man was identified as Herbert Adair, an investigator in the office of divorce lawyer Joseph Burns who was representing Mrs. Finch in the suit against her husband. Cooper said Tuesday he intended to call Adair as a witness.

Bringsold, one of the attorneys from one lawyer Jerry Giesler's office, is the man assigned to stay with Miss Traggoff constantly through the trial.

He was asked about reports that he and Traggoff were in a "romantic" relationship during their lunches together and whether they are still in love.

"I think it is obvious," he said. "Obvious, yes or no?" he was asked.

"Yes," he said.

Official Queried In LSU Slaying

BATON ROUGE, La. (UPI)—Deputies indicated today they will resume questioning a high-ranking Louisiana State University official about the clubbing-death of an attractive biology professor on a rural river road.

Dr. Bryan Clemmons left the scene to his deputies to undergo minor surgery early today after eight hours of questioning by the officials. Deputies said they had questioned "several" faculty members but were concentrating on one.

The body of Dr. Margaret Rosewood McMillan, 30, a music-loving biologist who was working on a seasonal project, was found in a pool of blood Sunday beside her house on a lonely road outside the Mississippi River outside Baton Rouge.

Dr. McMillan, who was not married, had apparently "taken a walk" on the road Saturday night, Clemmons said. He indicated he thought that blood oozed in the back of her head with a blunt instrument, possibly a tire iron.

The deputy who found the body said she had an " unusual personality," evidenced by the brutality of the blow. She had not been molested and the only sign of a struggle was a broken bottle of perfume lying nearby.

The deputy said she found the blood on a pack of cigarettes in one hand and matches in the other.

Dr. Clemmons, a native of Evansport, La., was working on a seasonal project, and was on the road at the time for a seasonal project.

She was a member of the Louisiana State faculty and in New Orleans.

Networks Should Warn Viewers About Re-Runs

By FRED DANZIG
NEW YORK (UPI) — Now that CBS is letting us in on the technical tricks of the TV trade with some now-famous "moments of truth," I think room should be made for one more truthful moment.
Along with announcements that say "audience reaction technically produced" (meaning canned laughter or applause), why not add a few appropriate words when a show is re-run? They could say, "The preceding program was a rebroadcast." Or, better still, "The next program is a re-run."
This thought occurred Monday night after watching a repeat of a Father Knows Best episode on CBS-TV. At the show's conclusion, the announcer made the comment about the use of a canned exclamation but he said nothing about our having seen a repeat. If a mention of canned laughter is essential, shouldn't the audience also be told about re-runs? In fact, the latter could be more essential, relatively. Such an announcement would get quite a workout during this "new" season, for CBS-TV already has given us repeats in episodes of Rawhide, Lineup, Perry Mason, the Death Hour, Jack Benny's show and Father Knows Best.
It's June in January.
The Danny Thomas show started off in fine, fast and funny style as Thomas denounced Jack Benny. Then, as Benny walked into his CBS-TV show, Thomas greeted his fellow comedian with a big hello. It was good fun. Unfortunately the remainder of the storyline, based on the Faust legend, was not as funny or as fast.
Dialing and Filing: Steve Allen didn't give us a new reading assignment during his NBC-TV hour Monday night. Guess the libraries will be empty today. George Maharis, portraying a Frank Sinatra-type performer in "Action Off Screen," the Alcoa Theater drama on NBC-TV, did his own career a lot of good with the job he turned in. The final chapter in ABC-TV's two-part "Gold, Glory and Coeur," on Cheyenne, included last week's battle scenes and a change in approach to the format. The dialogue in this contrived tour de force remained inflated. The setting honors went to Larry Dobkin, who portrayed Gen. Phil Sheridan. Clint Walker, an amiable-looking fellow, remains a curiously detached performer. Leroy Green overplayed his role as an army prosecutor, which is odd because in his weekly assignment in the NBC-TV westerns, Rosencoe, he underplays.

The Channel Swim: A one-hour version of "The Mikado" with Groucho Marx as the Lord High Executioner, will be NBC-TV's biophonic special for April. Mickey Rooney headlines a one-hour CBS-TV special on Thursday, Jan. 20 that also features French singer Patrice and comedian Dick Shawn. Rooney presents his own hour-long show for a cosmetic sponsor (Revlon) "Beauty Day," March 21. Jackie Gleason is producing. That is, he has cut the number of specials he plans to do on CBS-TV from eight to four. "Ethan Frome," the DuPont Show of the Month for Thursday, Feb. 18 on CBS-TV, will star Julie Harris, Kim Stanley and Berlin Hayden. Miss Stanley replaces Geraldine Page, who withdrew because of a contractual obligation to a Broadway play. Tom Paton's daytime show on NBC-TV, Split Personality, soon will make way for a filmed re-run series, "Crime, Inc.," a report on organized crime's movement into new facets of American life, is set on NBC-TV's Saturday production for Tuesday, Jan. 18, with Lloyd Nolan as narrator.

Army Bird Dog Is Retired
PT. RUCKER, Ala. (UPI) — The Army Aviation Center Museum here has a famous "Bird Dog." Its name is "1827."
The Bird Dog is a light single engine observation aircraft.
The Army's first Bird Dog, an L-19, had a notable history, during its some 1,000 hours in the air. It was the first model of the L-19 used by the Army and the first to see action during the Korean War.
The "1827" was also the first L-19 to be assigned to the Republic of Korea, in June, 1950, for training and combat flights. It was transferred to the Air Section of the U. S. 8th Corps of the 1st Cavalry Division in June, 1964, and was later transferred to the maintenance depot for overhauling and return to the U. S.

On Inactive List
DETROIT (UPI) — An inactive veteran guard of the Detroit Police of the National Guard, James A. was taken off the active list Monday and placed on the inactive list. However, he has not been with a patrol for weeks.

Concern Noted In State Political Costs

TALLAHASSEE (UPI) — The growing cost of winning high state political office is causing considerable concern in this big election year, and is likely to stir up some fuss in the next Legislature.

Three would-be candidates have already dropped by the wayside, saying they could not raise that much money.

One, House Speaker Thomas D. Beasley, said he intends to do something about it. He said he will ask the 1961 Legislature to enact laws to prevent the wealthy from buying the top offices for their candidates.

His general idea of election law reform drew immediate backing from Gov. LeRoy Collins and Secretary of State R. A. Gray, neither of whom will be in office when the Legislature meets.

This is not a new problem. It's just that the total figures get bigger each election.

C. Farris Bryant of Ocala backed out of the governor's race shortly before the first primary in 1956, saying he had run out of money. Two days later, he re-entered the race with the word friends had come through with the necessary funds.

He spent a total of \$63,000 and ran third.

Bryant plans to try again this year and apparently is better healed.

That 1956 race cost Collins, winner in an unprecedented first primary show-in, about \$300,000. But candidates this year figure it will take \$500,000 to reach the first primary and another \$200,000 for a run-off.

If this trend continues, expenditures will go way out of sight within 10 years, becoming, in the words of Sen. Fred O. Dickinson of West Palm Beach, one of this year's candidates, a "bottomless pit."

Antibiotics were first made available for clinical use in the United States in 1940 when penicillin was produced commercially.

Child Group Invites Parents

The Seminole Association for Retarded Children has invited all members and interested parents to attend a meeting next Monday in the Little Red Schoolhouse and inspect the new quarters for pre-school age children.

William O. Cox, district counselor for the State Dept. of Vocational Rehabilitation, spoke to the group at its meeting this week and urged parents of retarded children to be reassured that these children can be taught useful tasks and recommended entering them in community training projects.

Cox also said that retarded young adults interested in the rehabilitation service are invited to contact his office.

FOUR-YEAR-OLD Becky June Appleton of Clearwater got her first look at snow recently as her family motored through Nashville, Tenn.

New Folk Singer To Appear Here

Producer Armand Deutsch and his associate, Judd Bernard, believe they have uncovered an interesting new folk-singer personality in Clark Allen, 31-year-old Los Angeles artist, who will appear in support of Bette Davis and Barry Sullivan, starring in "The World of Carl Sandburg," a brand-new theatrical presentation coming to the Civic Center Jan. 30.

Allen, who will interpolate several of Carl Sandburg's most celebrated songs in the Deutsch-Bernard production, is a gifted instrumentalist and artist as well as a promising folk-singer personality. Although he has concentrated widely throughout California and has also played in a score of Left Bank bistros in Paris, Allen was discovered by the producers starring in a Sunset Boulevard night club with the picturesque name of the Purple Onion.

Heart Banks Planned For Future

When medical science learns how to transplant organs—even human hearts—it will be vitally important that it also is possible to store these organs in "banks," just as bones, eyes and arteries are successfully stored today.

This goal has not been reached, but progress is being made toward it in a Heart Fund study.

For the first time in medical history a heart has been cooled to a temperature of minus eight degrees centigrade outside the body, implanted in a laboratory animal's circulatory system—and has gone to work.

Preservation of human organs is a major medical challenge, because organs don't take gracefully to this kind of treatment.

Although human cells have been frozen to minimum 450 degrees Fahrenheit—almost absolute zero—and have been restored to normal function, it isn't possible to freeze a heart or a kidney. They are in-

definitely more complex and when an entire organ is frozen, it sustains damage and never works again.

To achieve the results already accomplished, the researchers investigated the animal kingdom, where insects resist cold over long periods through a process of dehydration.

Applying this to animal hearts, it was discovered that the freezing point could be lowered by removing some of its water content and allowing it to absorb some glycerol.

Dr. Collins, director of cryogenic engineering at MIT, developed a special vacuum chamber which let the researchers remove varying percentages of water from an organ while keeping a precise check to see that it didn't freeze.

This technique permits a heart's temperature to be held at minus eight degrees centigrade for as long as one hour. Subsequently the scientists were able to restore water to the heart, farm it and implant it in a laboratory animal's neck.

It began beating in its own rhythm—separate from that of the animal's own heart.

Dr. Jacob points out that this does not represent a solution to the problem of organ preservation. It is, however, a fascinating step along the way.

Newcomer To Fight

NEW YORK (UPI) — Light heavyweight Billy Ryan of Boston, a protégé of Rocky Marciano, will meet Rory Calhoun of White Plains, N. Y., in a 10-round bout Feb. 5 at Madison Square Garden. Marciano, former heavyweight champion, may work in Ryan's corner.

Cerv Inks Pact

KANSAS CITY (UPI) — Bob Cerv, who drove in 87 runs in 125 games last season, signed his 1960 contract with the Kansas City Athletics Monday. He was the first member of the Athletics to come to terms.

Worry Clinic

The Atom bomb, an event feared to be the Bethlehem explosion over 50 centuries ago. It shattered mankind's universal view of God as a loving father. And it fueled the imaginations who expected the Messiah to be a war hero and pompous world monarch, instead of a baby of your parents, who preached Peace and Goodwill.

By DR. GEORGE W. CRANE
CASE D-54: Tad B. aged 24, is a seminary student.

Dr. Crane, he began, "as a psychiatrist and active teacher of a Bible Class, how would you say that Christianity differs from all other religions?"

First, he leader, Christ, had been predicted for nearly 800 years prior to his birth. This was not true of any other sect. That's why the Three Wise Men were acquainted with the ex-iled Messiah of the Hebrews. For the captured Jews were scattered all over the civilized world. And their teaching about a future Son of God was thus known to educated men of various nations.

Moreover, Christ was the culmination of the lofty Judaism that had been the highest ethical years previously.

Ancient Abraham believed in only one God (Jehovah), yet at the very time of Christ's birth the Jewish divided Greeks and Romans still were at the primitive ethical stage of worshipping many deities.

Bethlehem's Surprise
But the Hebrew leaders looked for a Messiah who would combine the military prowess of their King David, and Hasmoneal and Alexander, with the pomp and regal trappings of Caesar.

Like all other ancient religions, they expected their Messiah to fight out as a baby grown adult. The Greeks also recognized this idea in saying that their goddess Athena sprang fully grown from the forehead of Zeus.

That's why the Bethlehem story suited the Jewish priests and other rank mystics.

For, I imagine a Messiah as an infant.

Second, they couldn't visualize their Son of God to be poor and born in a stable of ordinary hard working parents.

Third, his emphasis on Peace didn't strike their fancy, for they wanted a war lord to far outshine all the world's foremost military leaders.

Christ washed the feet of his Apostles to show them humility. This was an intolerable idea for the leaders who had expected a dazzling monarch with the stern cruelty of Thor or Woden, plus the pomp of Solomon's court and Caesar's purple robes.

God's sacrifice
Until the Bethlehem scene, all races of mankind had visualized their gods as cruel, vindictive judges.

They regarded deity as a Herod or Pharaoh, who had no compunction about killing all the boy babies in the kingdom.

So it had been the universal custom to try to appease the cold hearted deities by offerings of doves, sheep and bullocks or wine, rice and even human sacrifices.

God crossed up the universal thinking of all peoples and all previous religions by sacrificing to man!

In one dramatic stroke, he tried to shatter the mistaken worldwide view that deity is austere, cruel and unfeeling.

He sacrificed to man to open mankind's eyes to an entirely new concept of divinity. He wanted to show us that God is our Father, of a kindly, forgiving nature.

The old Mosaic rule of "An eye for an eye" was now superseded by the Golden Rule, plus Christ's reply that we should forgive our brother 70 times 7.

So read the Four Gospels with this new idea and you will see why Bethlehem gave us the most dynamic concept of Deity ever portrayed on this planet.

Runaway Heiress, Boyfriend Find Protection In Paris

PARIS (UPI)—Runaway New York debutante Gumbel Benedict and her married boyfriend found safe haven today in a Romanian lawyer's apartment in the swankiest neighborhood in Paris.

Attorney J. Cascautu confirmed Tuesday night he followed Benedict to Paris. Benedict, 24, and the 18-year-old Remington typewriter heiress were "guests of myself and my wife" in the Cascautu apartment in the fashionable Faubourg quarter.

The heiress said she would stand between the runaways and "anybody . . . they don't want to see."

But Cascautu allowed a London Daily Mirror writer to talk with Benedict, described in New York as a chauffeur and handyman, and Miss Benedict, who disappeared from her grandmother's mansion off 24 Avenue after attending a debutante ball Dec. 27.

Gumbel's grandmother, Mrs. Henry Harper Benedict, was reported ill with pneumonia in New York and to have a lawyer, Robert Hoffman, to Paris, to persuade Gumbel not to go through with plans to marry Parombescu once he gets a divorce.

"It's my birthday Friday," Gumbel was quoted by the London Daily Mirror. "My grandmother is wonderfully kind and generous. She would give me cars, furs, anything I asked for. But she can't understand that the only birthday present I want is Andre."

"I wouldn't care how about my grandmother's money," Gumbel said she called Andre "dreadful" — Romanian for "king" — and he couldn't be referred to his young lady love as "My types, my Sammi, because they're not her, they are better names than Gumbel."

"I will marry him," Miss Benedict vowed. "Not in time for my birthday, but I will have him. We are awaiting a divorce from his wife. Then we marry right away."

"If necessary I will be a typist to help us live. I can type but if I do I can tell you it won't be on a Remington."

The heiress to the Remington

Earthquake Racks Peruvian City; 38 Dead, 200 Hurt

AREQUIPA, Peru (UPI) — A shattering earthquake—the worst disaster in the history of Peru—killed at least 38 persons Wednesday and injured more than 200, it was reported today.

Aftershocks continued through the night, and thousands of persons slept in the open for fear that another major quake might shake down their homes.

President Manuel Prado, U. S. Ambassador Theodore Achilles and other American and Peruvian officials were flying here today to assess the extent of damage.

An emergency airlift brought doctors, nurses, food and essential medicines for quake victims. Help also was on the way from Bolivia.

Local authorities proclaimed a state of emergency in Arequipa and surrounding areas shortly after the first shock rocked the city at 10:40 a. m., destroying or damaging an estimated 50 per cent of its homes.

The trembler wrecked the Roman Catholic church at Santa Dominga, the Goyeneche Hospital, the Gibson bank and the public works building. "Any other public buildings were destroyed or damaged," it was reported.

The city was without electric light or power Wednesday night and drinking water was rationed.

Although Arequipa, with a population of 130,000, was the largest city hit by the quake, it was felt in scores of other communities in Peru, Chile and Bolivia. Telephone lines were down in many areas, delaying reports of death or damage.

The shock here was worse than that which hit the city on Jan. 15, 1950, killing 23 persons and injuring 90.

N. V. FARMER was installed as president of the Seminole County Board of Realtors at noon today in a ceremony presided over by J. H. Atkinson of Pensacola, president of the Florida Assn. of Realtors. Shown at the meeting are, from left, Atkinson, Mrs. Gladys Dawson, new secretary-treasurer; Charles F. Fields, member of the board of directors; C. B. Waller, vice president; and Farmer, Genevieve Blair, corresponding secretary, is not in the picture.

Reds So Far Ahead, They'll Slash Army

MOSCOW (UPI)—Premier Nikita Khrushchev said today Russia had built up the greatest nuclear-rocket striking force in the world and that a "fantastic" and more formidable weapon was in the works.

Khrushchev said Russia now was so far ahead of the United States and the Western powers it will slash its armed forces by one-third—1,000,000 men—within the next year or two.

He did not describe the new weapon but said he could announce that "the weapon we have today in the hatching stage is even more perfect, more formidable" than anything developed before.

"The weapons which we say is in the portfolio of our scientists and designers, is a fantastic weapon," he said. He said its power was so great as to be incredible.

In Washington, the speech was viewed as an effort to stampede the West into accepting disarmament and a nuclear test ban on Russia's terms.

Some observers also felt that the overall tone of Khrushchev's utterances look some of the jester of what Soviet propaganda has called "the Camp David spirit."

Western diplomatic sources said in London that Khrushchev appears merely to be planning what the West has been doing for the past three years—converting from massive armies with conventional weapons to reliance on nuclear power.

Military observers were curious about the claim of the fantastic weapons, but they could not shed any light on it immediately. They said that both the United States and Russia have scientists with designs of weapons with "incredible" power in their portfolios at all times.

Khrushchev, speaking before the Supreme Soviet, already had boasted: "The Soviet army wields such means of warfare and such firepower as no other army has ever had."

Khrushchev said cutting conventional troop strength would leave a 2,000,000-man force equipped with nuclear weapons and rockets so powerful they can obliterate any enemy.

He said Russia was "several years" ahead of the United States in rockets and would strive to maintain the lead. He added Russia already has sufficient atomic and hydrogen bombs but will continue to make them until there is a world-wide ban.

Khrushchev also outlined a new concept of warfare for the Soviet Union with the air force eventually abolished in favor of rockets, the navy built around a powerful submarine force and the army made up of smaller units armed with nuclear weapons.

Murderer Lived In Forest City

An escaped convicted murderer from North Carolina, with a flair for publicity, told county deputies today that he had lived in the county for more than a year and was wanted by authorities for the slaying of his wife in 1948.

The man, identified as Marion Isaac Moore, 47, of Greensboro, N. C., was arrested by Deputy W. R. Seeburger on a vagrancy charge but, while he was fingerprinted in the Sheriff's office, told deputies "get a reporter and I'll tell you a real good story."

Moore said he killed his wife in Greensboro in March of 1948 and was sentenced to 25-30 years in jail after pleading guilty to second degree murder.

While serving in a road gang in July of 1954, Moore said he escaped and fled into Florida and "after bumping around" for a few years came to Forest City in late 1959.

Seeburger, who said he had a "tip" that Moore had been "bragging" around the area of his exploits began checking into the case yesterday afternoon.

Moore, who was living in Forest City under the name of Green, denied any story that he was wanted anywhere and was "just a peaceful citizen."

However, Seeburger became suspicious, arrested him for vagrancy and brought him into the jail at 6:30 a. m. today.

Moore gave the officer no trouble. While he was being fingerprinted, Moore told Deputy Bob Grant, who was called into the case, "what's the use, go get a reporter and I'll give you a good story."

After Moore's story of the slaying, deputies notified North Carolina authorities of the arrest.

Seeburger said that Moore would be extradited "as soon as possible."

News Briefs

Ike Insulted
HAVANA (UPI) — A radio station here attacked U. S. leaders Wednesday and urged the people of the United States to rise in revolt against their government. In a broadcast repeated at four-hour intervals all day, Radio Miami insulted President Eisenhower, Secretary of State Christian A. Herter and his predecessor, the late John Foster Dulles.

More Hats In Ring
TALLAHASSEE (UPI) — Former House speakers C. Harris Bryant of Ocala and Ted David of Hollywood have indicated they will formally announce Saturday as gubernatorial candidates. Bryant's disclosure is expected to come at a news conference here. David will probably announce at Hollywood.

Big Welcome Planned
MIAMI BEACH (UPI) — Florida Republicans are planning a mammoth welcome here Saturday when Vice President Richard M. Nixon arrives for a reception and party rally. Florida Republican Chairman G. Harold Alexander said delegations from 45 of the state's 67 counties plan to attend "Dick Nixon Day."

Influenza Hits L. A.
LOS ANGELES (UPI) — A half-million Los Angeles residents have been stricken in an epidemic of what authorities believe is Asian influenza. The disease which broke out on a large scale early this week was declared of epidemic proportions Wednesday by acting city health officer Ralph Sachs. He said it would hit its peak in about a week.

Civil Rights Pressure
WASHINGTON (UPI) — Spokesmen for religious, labor and racial groups turned the pressure on Republicans today to help bring an administration-backed civil rights bill to the House floor. A delegation from the Leadership Conference on Civil Rights planned a personal appeal to House GOP Leader Charles A. Halleck, at a meeting in Halleck's office.

Villagers Flee
VOLCANO ERUPTION
KAPOHO, Hawaii (UPI) — Kilauea volcano erupted with a fiery blast of lava Wednesday night just hours after 300 persons were removed from this nearby village. Lava spouted 350 feet into the air.

Jury Turns Down Lynch Indictment

BILOXI, Miss. (UPI)—A federal grand jury today refused to indict anyone in the lynching of Negro Mack Charles Parker.

The grand jury reported at 10:00 a. m. to Judge Sidney Mize that it had "considered all evidence and was unable to arrive at any true bill."

The decision apparently means the slayers of the young Negro will escape punishment and remain anonymous. State action in the case was virtually ruled out two months ago when a Pearl River County grand jury did not return any indictments in the case.

The FBI had listed 23 men as "known and suspected participants" in the abduction of the 22-year-old Negro truck driver last April from the Poplarville jail, where he was held for trial on charges of raping a Mississippi white woman.

Marriage Vows Heard 1,030 Miles Away

A Sanford couple, whose only daughter was married last night 1,030 miles away heard the marriage vows... thanks to the Telephone Company.

Mrs. Clyde Hull of 910 Park Ave. told this story this morning.

Her daughter, Rosemary, and Robert Brown of Columbus, Ohio, decided to get married when he finished his overseas tour of duty.

Brown was discharged from service early this week and came to Sanford to fetch his bride-to-be.

However, Brown told the Hulls that he would like the marriage to be in Columbus because he had not seen his parents for two years.

The Hulls, who understood the young man's problem, gave their consent and the couple took off for the Midwest Monday.

The wedding was scheduled for Wednesday night. "We were home alone last night, and just couldn't sit still knowing our daughter was getting married and we so far away," Mrs. Hull said today.

"Suddenly the phone rang and we both jumped to our feet and raced for it," she recalled.

It was the long distance operator. She asked Mrs. Hull to hold on a minute and after a pause of some 10 seconds Mrs. Hull heard "Do you take this man to be your husband?"

"When I heard Rosemary's voice, I was the happiest person in the whole world," Mrs. Hull said.

Although the rest of the ceremony was hard to hear, because of circuit trouble, Mrs. Hull said she heard the pastor say "I pronounce you man and wife."

And so the Hulls attended their daughter's wedding after all.

Shopping

Downtown Sanford merchants are planning a Friday night shopping promotion which will be announced when details are completed.

The plan does not include a general opening of the stores THIS FRIDAY night, although some merchants have scheduled special sales events which will continue into the night hours. Those who have planned these sales are advertising them.

A program to have the merchants remain open Friday night did not get underway last Friday due to a misunderstanding of the date.

A representative group of the members of the retail merchants division of the Chamber of Commerce met this week and decided to try to work out "an outstanding promotion of special sales and a program of Friday night shopping hours that will be convenient to and attract the interest of every shopper in the county."

When the program is completed, it will be announced officially through the retail merchants division.

In the meantime, some stores will be open tomorrow night on the individual basis.

6 Road Paving Jobs Completed In Casselberry

Casselberry Mayor W. M. Benson said today that six more town roads have been paved and turned over to the town council for approval and maintenance.

Hoffler Corp. has finished paving Wilshire Dr., Brighton Way, Winter Park Dr. and Cannon Way. Benson said. Joyce Construction Co. has finished and turned over Hibiscus and Northshore Drives.

The mayor appointed Casselberry lighting, zoning and road committees at Monday's town council meeting. He also named Harry Wood to be Chamber of Commerce leader and Dr. S. R. Rapoport as town health officer.

Road committee members are Joseph Laird, V. E. Grubb, Lynn Swope, Earl Zibell and Bud Schuckert.

The town council annexed nine plots in the Casselberry Heights and Plaza Oval area Monday and placed the town police on social security. The council also passed a zoning ordinance prohibiting ill-functioning sewerage systems, including septic tanks, and stipulating that persons owning these faulty systems must repair them.

Humane Society Seeks Members

The first public meeting of the Sanford Humane Society is scheduled at 8 p. m. today for enrolling members and electing officers and directors.

The meeting will be held in the American Legion Hall on Hwy. 17-92 and all persons interested in the work of the Humane Society are urged to attend and to join the organization.

"We urge that everyone interested please attend and help carry on the work of the society, which is vitally important to the community," Mrs. Harriet Cowley, nominee for president of the group, said.

Anyone unable to attend the meeting, but desiring information is asked to telephone Mrs. Diane Cudebec at FA 2-7430.

Mrs. George H. Garrison, who has been active in Humane Society work for several years, will give a brief talk and introduce Marvin Holtzman of Cocoa, who will discuss the organization and work of the group and preside at a question and answer session. He has been a director in humane societies for 24 years.

Snow, Ice, Floods Hit U.S. After New Storm

By United Press International

The nation's third major storm of the season today produced two-foot snows in the Southwest, one of the North-east's worst ice storms in 50 years and damaging Midwest floods.

The third major storm of the year swept out of New Mexico, Colorado and Utah to drop 22 inches of snow at Williams, Ariz. McNary, Ariz., reported 21 inches and nearby Grand Canyon had 20.

Wednesday was the "warmest Jan. 13 on record" all across the South. The 78 degree high at Savannah, Ga., 71 at Greensboro, N. C., and 75 at Nashville, Tenn., all were records. It was mostly in the 80s in Florida.

Convertibles with the tops down were reported at every college campus. At the University of Tennessee, where 700 students engaged in a snowball fight just a week ago, students sat on the brown grass in the sunlight to do their studying.

At Winston-Salem, N. C., an innocent garter snake created confusion at the airport when he decided it was summer and came out to sun himself. A 17-year-old Boy Scout quelled the fears of airport personnel by killing the snake.

Heavy snow warnings were issued for parts of Colorado, Kansas and Nebraska today. Six to 12 inches of snow was expected from southeast Colorado through north-west Kansas and central Nebraska.

A band of freezing rain and sleet was forecast for parts of Kansas, Nebraska and Iowa, bringing hazardous driving conditions. Wind gusts up to 50 miles an hour were expected through the northern plains area.

City Tax Needs To Be Studied

TALLAHASSEE (UPI) — A legislative committee studying Florida's tax structure indicated today it will give special attention to the needs of municipalities for additional revenue sources.

The Legislature's Interim Committee on Finance and Taxation also will look into the general money situation in the counties.

Phone Station Thefts Reported

Five Telephone Pay stations in the county have been broken into over the last two days with an undetermined amount of cash stolen.

The pay stations were located near Pinercrest Inn on U. S. 17-92, White Laundry on French Ave., Monroe River Bridge, Little Giant Food Store on French Ave. and Ream's Service Station on U. S. 17-92.

Southern Bell District Manager Bob Shadden reported this morning that he and other company officials had no idea just how much was taken from the stations.

He pointed out that anyone caught can be liable to 15 years in jail and fines of \$15,000.

Sheriff To Speak

Longwood Chamber of Commerce members will hear Sheriff J. L. Robby speak on law enforcement at 8 p. m. today in the Church St. Civic League building.

Longwood Home Numbering Urged

Longwood Chamber of Commerce President E. G. Heath today urged all town residents to get numbers for their homes.

Heath said the chamber has numbered most of the buildings in town and hopes to have all the houses numbered by June. Persons who don't have numbers should apply to Linton Cox or himself, Heath said.

Longwood is growing so fast that it needs numbered houses to have some sort of organization in designating buildings, the C of C president explained.

Fire Control

Slavia 4-H club members will see films on fire control and hear forest ranger Charles Schellman speak on forest fire prevention at their Arbor Day program Friday. Mrs. Gertrude Lukas will speak to the rangers in the 2 p. m. program.

Service

to the community is one of the yardsticks the Jaycees use in making their annual distinguished service award as a highlight of Jaycee Week next week. The public is invited to nominate young men between 21 and 35 years old for the honor. Nomination blanks may be obtained at the Jaycee Building on French Ave. Entries close at midnight Monday.

Lapp Says Reds May Be Working On Orbital Bomb

WASHINGTON (UPI)—Nuclear scientist Ralph E. Lapp said today the Russians may be working on an "orbital H-bomb" which could be stationed in space and launched or recalled at will.

"A recallable bomb in orbit around the earth would have tremendous impact upon the world as a psychological terror weapon," Lapp said.

Lapp, who worked in the U. S. atomic bomb project during World War II, also suggested that the Russians may have developed a long-range missile of super power and super accuracy capable of delivering a 100-megaton warhead on targets continents away.

A 100-megaton warhead would have the explosive violence of 100 million tons of TNT. The A-bomb which destroyed Hiroshima was a 20,000-ton weapon.

Lapp, now a writer on nuclear affairs, made these suggestions in commenting on a statement by Soviet Premier Nikita S. Khrushchev that Russia is working on a "fantastic weapon" of "incredible power."

Some scientists have discounted the likelihood of developing satellites bombarded on grounds that it would be extremely difficult to pull them out of orbit and aim them effectively at a target on earth.

But a technical report published by the House Space Committee last year said such a bombing system is feasible. It made the point that a satellite bomb could be placed in orbit in times of peace and then hurled at an enemy by command signals from the ground whenever its masters wished.

Rangers Report 200 Acres Burned By Wild Fires

Three wild fires burned nearly 200 acres in Seminole County Sunday, Monday and Tuesday, County Forest Ranger Robert L. Gray said today.

The first wild fire of the year, just south of Oviedo, was put out by a tractor crew Sunday afternoon.

A Wehiva Springs blaze burned 122 acres Sunday before two tractor and two power wagon crews put it out. A fire south of Monte Corson burned 50 acres the same day.

A power wagon and a tractor crew put out the flames.

Another blaze flared up Monday afternoon just south of Oviedo but was put out by a tractor crew. The fourth fire burned 25 acres near Goldenrod Tuesday afternoon before Ranger John P. Simolev extinguished it with a water tanker.

Gray urged county residents to be careful with all types of burning. "Carelessness is the cause of most fires," he said.
