Sub-Zero Cold Grips Midwest

By United Press International
A sub-zero cold wave today lashed the grip on the weather-battered Midwest, still digging out from a destructive storm that killed more than 30 persons on its parading trip from California to the Great Lakes.

For the second consecutive day, the temperature dropped to below zero in parts of Minnesota and North Dakota. Readings near zero were common throughout the Midwest in the wake of winter's deadliest storm.

A United Press International report 34 deaths since the storm pored out of the Pacific last weekend and lashed California with torrential rains and 40-foot ocean waves. There were 18 dead in Wisconsin, the hardest hit state. Road crews were busy clearing snow and plowing roads from the long battle against a snowfall that reached 26 inches in some communities.

Milwaukee, lashed by the second worst storm in its history, called for volunteers to dig out fire hydrants buried by 15-foot drifts. City officials were fearful the hydrants couldn't be found in time if a fire broke out.

Lawmen in southeast Wisconsin searched dozens of pleas for help in getting sick and injured persons to hospitals.

Small foreign cars all but disappeared under the mountainous drifts. One snow plow dug into what appeared to be a mound of snow and badly damaged a small sports car.

Most main highways in the storm's track were reopened Thursday, but hundreds of rural roads remained snow-clogged.

The storm, which caused damage estimated in the millions of dollars, blew itself out over Canada. Only a few snow flurries were expected today in Michigan and parts of New England and New York state.

Ike May Arbitrate Watch Dispute

WASHINGTON (UPI) — President Eisenhower has been asked to arbitrate a dispute between the Peninsular and the Panama Canal zone over sale of 3,000 watches, Arabian carpets and Oriental wood carvings in military post exchanges in the Panama Canal Zone.

The two agencies have debated the problem for months. This week they sent separate policy recommendations to the White House.

Panamaian businessmen have complained that sale of luxury items, duty and tax free, in the PXs has harmed their business in Panama City.

White Youth To Attend A & M In Protest Move

TALLAHASSEE (UPI) — A white, 21-year-old student at Florida State University said today his decision to enroll in a Negro college was not a hasty one.

Al Brewer, a senior physics major, Thursday disclosed plans to enroll in Florida A & M University for Negroes here next summer. The youth who will graduate from FSU in June, has vigorously protested segregated education.

It will be the first case in Florida where a white student has tried to enter Negro university. Negroes have gained admittance to the University of Florida at Gainesville, but no Negro has been enrolled at FSU.

Brewer said his decision to enroll at all-Negro schools was a "gradual process" which started last November. He said he talked to a lot of people about it "and I got a lot of advice."

Deacon Sentenced For Murder Try

ATLANTA (UPI) — A Baptist deacon pleaded guilty today to rigging a bomb in his preacher's car and was sentenced to three to five years in prison for attempted murder.

Bryant Names Sanford Mayor Campaign Aide

Earl Higginbotham, local oil distributor and mayor of Sanford, was appointed gubernatorial candidate Farris Bryant's campaign manager in Seminole County, Bryant announced today at his state headquarters in Ocala.

Bryant's Seminole County headquarters will be at 106 N. Palmistia Ave.

Bryant also announced that Stanley Brumley will be Seminole campaign treasurer. The Sanford Atlantic National Bank has been named as depository for funds obtained in the campaign in the county.

"Farris Bryant's experiences and leadership in state government over the past 18 years will qualify him for the high position he seeks, and I honestly believe that he will do more for the people of Florida than any other candidate for governor," Higginbotham said.

He added that the first big project of Bryant supporters in Seminole will be to organize a cavalcade to attend the statewide kick-off rally for Bryant in Ocala at the Cherry Plaza Hotel at 8 p. m. Feb. 20.

Higginbotham said at least 100 supporters from Seminole are expected to attend the rally.

Bryant will be in Sanford and Seminole County in the near future to meet and greet supporters, his headquarters reported.

Negroes Seek To Integrate DeLand Lunch Counter

DELAND (UPI) — About 40 Negroes, mostly teenagers, tried unsuccessfully Thursday to be served at a white lunch counter.

They marched into the F. W. Woolworth store about 4 p. m. and sat at the counter reading school books and talking some 20 minutes. They left without service or further incident soon after a store manager announced the counter was closed.

It was the third day in a row Negroes attempted to obtain service at the lunch counter. Similar protests occurred Tuesday and Wednesday afternoon with similar results.

Similar lunch room attempts have been made in the past at various other cities around the state and a concerted drive for lunch counter integration has been underway in North Carolina.

City Offices Get Face Lifting

City offices started getting a face lifting this week.

Early in the week, the police station and jail was given a fresh coat of paint and city work crews are now painting various offices in City Hall.

The city manager's office was painted this morning and by the end of next week, most of the offices in City Hall will have a new coat of paint, City Manager Warren Knowles said.

Dominican Action To Be Probed

WASHINGTON (UPI) — A committee of the Organization of American States has voted to refer to the Inter-American Peace Commission Venezuelan charges that the Dominican Republic has violated human rights.

A resolution stating that the commission was the proper agency to look into the charges was approved Thursday night by 10 of the 11 nations forming the committee.

Fair Prize Awards Total \$741

Commemorative ribbons and \$741 in prizes will be awarded at the Seminole County Fair.

In the boys' 4-H club exhibits there will be 42 cash prizes, ranging from \$6 for most first prizes to \$1 for all but one of the fifth prizes. Each creditable 4-H club community exhibit will get a \$10 premium.

Fifty-one cash prizes will be given for the largest fruits or vegetables of 17 types. The largest examples will be awarded \$1 prizes, and the third largest in each class \$5 cents.

Blue ribbon winners in the poultry exhibition will get \$1.15. Red ribbon winners will get \$1.25 and white ribbon winners 75 cents. Blue, red and white ribbon winners in the rabbit show will get from \$2 to 75 cents.

Seventy-five prizes from \$1 for first prize to 75 cents for third prize will be given for the best cakes, cookies and candy entered by 4-H club girls. Thirty-three awards in the same fund range will be given in the needle work and crafts section.

The best and second-best table linens, textile paintings, bedroom furnishings, quilts and bedspreads, knitting, rugs and crafts exhibited in the women's department will receive 136 awards ranging from \$2 to 25 cents. Blue and red ribbons also will be given in the division.

Pictorial art and ceramic educational division exhibits prizes range from \$1.50 to 50 cents.

Individual Cub Scout projects will receive 45 prizes, from 75 cents for first prizes to 25 cents for third place exhibits in 15 classes. In the Boy Scout troop exhibits, each creditable troop exhibit will receive \$5.

Exhibits may be placed at the Campbell-Losing Post, 53 fairgrounds on Hwy. 17-92 Saturday 9 a. m. until noon and from 2-5 p. m. Sunday. The Legion post is sponsoring the fair.

Zoning Change Given District 1

A delegation of 12 residents from District 1 asked the zoning board at its comprehensive zoning hearing last night to leave a parcel of land between Lake Blvd. and the county home commercial.

The delegation appeared at the second in a series of four hearings on the new zoning program. County Zoning Director Robert Brown told the delegation the board will consider keeping the area commercial and not change it to R-3, multiple dwelling.

Residents of the Lake Blvd. section complained that if the area were changed to R-3 zoning the land would decrease in value.

The next zoning hearing will be held Wednesday at 7:30 p. m. for District 3 at the courthouse.

After the hearings are completed, the zoning program will go before the county commissioners for adoption.

Board Stands By Refund Ruling

TALLAHASSEE (UPI) — The State Utilities Commission today stood by an earlier ruling ordering the Houston Gas Corp. to refund several thousand dollars in overcharges made at Daytona Beach for sale of manufactured gas.

The commission refused to reconsider the earlier order which directed the company to repay to its customers the difference between a 50 cents minimum charge levied since last July.

Houston contended the charges were increased with authority of the commission.

\$24,657 Street Project Completed

The city recently completed a street resurfacing program which cost \$24,657. City Mr. Warren Knowles reported today.

Knowles said work was completed on Mellonville Ave. from 20th to 25th St.; Second St. from Mellonville to Sanford Ave.; Ninth St. from Sanford to Park Ave.; E. Third St. from French to Persimmon Aves. and Persimmon Ave. from First to Third St.

The program started in early 1960 and was completed last month.

City Studies Ring Of Roads To Handle Increased Traffic

The City Zoning and Planning Commission was presented with a large scale plan last night to prevent traffic congestion in the city. The plan was presented by planners George Simons and Gerald Duke.

It would create a giant perimeter around the city whereby a combination of roads would be built.

The zoning board agreed to study the matter. The State Road Department already has seen the plan and has been "extremely pleased," City Manager Warren Knowles said today.

Duke said the plan would decrease the volume of traffic on French Ave. by by-passing that area. Combination roads in the plan would include Seminole Blvd., the Old Orlando Highway, and Cameron Ave.

Duke explained that the plan could be put into operation in two years with funds from joint city and state participation.

Knowles said this morning that he is enthusiastic about the plan as it would eliminate the increasing traffic flow through the city.

One portion of the overall plan has already been undertaken by the S.R.D., linking SR 415 to SR 48.

The zoning board agreed to discuss the plan with county and school officials at a special meeting next Thursday night.

The board decided to invite the other officials because it would be a big help to school and county officials at a special meeting.

Other business at the meeting included a request by Joseph Galloway to rezone five lots on the northwest corner of Mellonville and Celery Aves. for a shopping area.

The board agreed to recommend the change to the City Commission at its next meeting.

The board also discussed several changes to the present zoning ordinance but no action was taken. One of the problems was designation of an area for duplexes only.

\$100,000 Dream

The dream of a County Health Center will move closer to reality Tuesday when the Board of County Commissioners meets at 8 a. m. in special session to award bids on the project.

Architect John Hurton said construction on the \$100,000 building will begin within two weeks after the bids are let.

The new health center will be located between Eighth and Ninth Sts. on Hwy. 17-92.

The county's new health director, Dr. Clyde Brothers, will be present for the opening of bids Tuesday.

The Florida Development Commission and the Public Health Department already have approved construction of the building.

Longwood Votes To Draw Interest On Bond Money

Longwood will invest \$35,000 of its recent \$70,000 bond issue in 90 day U. S. government notes.

The Town Council last night decided that the money won't be needed for 90 days and agreed to get the interest on it.

The investment will bring the town about \$350,000. Councilman H. C. Carlson said the bond issue ordinance permits investment of the \$70,000 in U. S. government notes for a period up to 18 months.

The securities are negotiable and can be sold immediately if money is needed.

Carlson said the town won't need the money to pay off contractors of the street and water improvements for 90 days.

The \$200 feet of street paving will be on Grant Ave. from Wildmere to Georgia Ave., Palmistia Ave. from Grant west to the railroad, and Wilma Ave. from Main Ave. to Church St. The water improvements will be on Church St. from Grant Ave. to Lakeview Ave. and on Grant from Church to Orange Ave.

Bids will be opened at the March 3 council meeting. They will be on single, double and asphaltic concrete surfaces. Stanton said the council will negotiate with contractors to get the best bid.

The council was asked about getting water to a Negro subdivision being planned for the Haynes property on the edge of Longwood.

The developers said they are buying the property to put in 150 homes in the \$8,000 price range.

The homes will be 750-800 square feet and will have three bedrooms. The property site is 40 acres.

Kalmanson and Aaronson, developers, said they got FIA approval for the homes Wednesday. They are thinking of donating part of the land for a school site.

Mayor A. R. Lockman said 750-square feet is a rather small house in which to put three bedrooms. The council said it would consider the inquiry.

Assn. To Expand Art Activities

The Sanford Art Association will encourage including all crafts in its activities.

Art association officials decided to enlarge their activities Monday, after Paul Bissel urged them not to limit association membership to painters and painters. The crafts activities may include a separate workshop meeting and an annual show. The association will hold a painting workshop in the crafts hut Feb. 23.

Blank To Run

TALLAHASSEE (UPI) — State Rep. Ralph J. Blank of West Palm Beach today notified Secretary of State B. A. Gray he will be a candidate for the senatorial seat of Fred O. Dickinson, who is running for governor.

Argentines Move To 'Destroy' Mysterious Sub

BUENOS AIRES (UPI) — Twelve warships and 30 air force planes swept the Nuevo Gulf today, under orders to seek, strike and destroy the mysterious submarine believed to be lurking in its depths.

A platoon of modern depth charges was on the way from the United States to impress the striking power of the Argentine task force. It was not certain how soon it would arrive.

President Arturo Frondizi ordered the Navy Thursday to destroy "any warship found in territorial waters." He also instructed the Foreign Minister to break relations at once with the country owning the submarine.

A high government source said UPI Thursday night that the submarine believed to be trapped in the Nuevo Gulf definitely does not belong to any nation in the Western Hemisphere.

He said that it might come from any of four Communist nations — Russia, Poland, East Germany or Red China.

Reports reaching here said a second submarine spotted outside the gulf, apparently hoping to assist the one trapped inside, had been driven out of Argentine territorial waters.

Observers wondered whether the sub's crew would follow the example set by German U-boats in two wars and scuttle their ship rather than surrender.

The submarine has been picked up by Argentine naval research gear off and on for two weeks. It is believed to have been attacked several times, but there was nothing to indicate it has been damaged.

'Queen Of Hearts' Contest Sunday

Girls from Sanford, Longwood, Slavia, Ovelo, Fern Park, Altamonte Springs, Orlando and Daytona Beach will compete for the "Queen of Hearts" title at Skate City Sunday.

Proceeds of the 7:30 p. m. party will go to the Seminole-DuBay High Council. A 9 p. m. roller skating exhibition will precede the crowning of the "queen." Skaters from Jacksonville and Daytona Beach will perform.

The "queen" will be chosen by the number of votes that the contestant has in her "bank" in the ring and by advance tickets sold in her campaign. State Senator Douglas Steinstrom will crown the "queen" at 10 p. m.

Voice Handicap Group To Meet

A group of people who have learned to talk without vocal chords will meet here Feb. 21.

The executive committee of the Florida Laryngectomy Assn. will meet at the Sanford home of Dr. and Mrs. Henry McLaughlin.

Association members learn vocal phrasing, speaking by using muscles in the lips, throat and of their vocal chords. The Florida association has 230 members.

Magnolia Much Too Heady For Zoning Chief

Magnolia, according to Webster, is a tree or shrub. But to County Zoning Director Robert Brown it's just one big headache.

After spending two years working out a comprehensive zoning plan, Brown and his crew are now engaged in an equally difficult task—a complete index of all streets in the county. And Magnolia crops up 26 times.

The purpose of the index is to pinpoint all the streets in the county and to have their names

and location listed and of Brown's fingertips.

Long-range plans will call for changes in many of the street names to avoid needless duplication and old postal officials insist "Magnolia" is one of the big headaches the index discloses," Brown said.

There are Magnolia Drives, Avenues, Lanes, and Squares. Magnolia streets can be found from Altamonte Springs to Chulueta, from Longwood to Sanford.

Other street names that are common in the county is Sanford Ave., or St., which appears 25 times in the index; Seminole Blvd., which is in the index 15 times; Lake Ave., Drive or Blvd., which appears 20 times; Oak Palm and Palmistia Aves., which appear more than 20 times.

"What we plan to do when we finish compiling all the data is eventually change many of the names, substituting names that

are not so common as these," Brown said.

The zoning director added that no changes will be made without first discussing the problems with residents of the areas and with the board of county commissioners which has the final word.

Another problem Brown faces is that there are many streets and areas that have been known throughout the county by "popular" names and not by their proper names.

Brown said he will work close with county postmasters in recommending name changes and also with postmasters from Orange County who are concerned with postal routes in Seminole.

"This has been a serious problem for the postal service for a long time and we hope to correct this in the not too distant future," Brown emphasized.

Work on the index is almost complete and more than 100 pages of street names have been listed.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in our life for the building of character and good citizenship. It is a nucleus of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are few sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	9	9-11
Monday	Job	3	10-11
Tuesday	Isaiah	4	14-15
Wednesday	1 Corinthians	13	1-11
Thursday	1 Thessalonians	5	1-3
Friday	Hebrews	12	28-27
Saturday	Matthew	28	28-46

You can almost hear their voices, and see their eyes sparkle. They have confidence because they have studied their lessons. Questions do not worry them—they know!

Will they be as confident when it comes to the more serious questions of adult life? Those who grow up in the Church and give God His rightful place are building on a firm foundation. In His House they "increase in wisdom and stature and in favor with God and man." There is no substitute for the Christian precepts and ideals taught by your church.

But what about those who lack this training? Will life seem difficult to them because they lack the confidence which comes from a knowledge of God and His teachings?

Do your children have the advantage of this confidence?

Valentine Formal Enjoyed By Oviedo Junior High

Members of the student body of the Oviedo Junior High School enjoyed their Valentine formal Saturday evening at the school gymnasium.

The West end of the gymnasium was decorated with white crepe paper and various sizes of red hearts. Moss interwoven with azaleas marked off the ballroom dimensions. Individual tables, covered with red and white cloths, were centered with red and white candles.

Dancing was enjoyed by the large group attending, after which refreshments were served. Assisting with arrangements and chaperoning the group were Mrs. John Evans and Mrs. Wesley Swenson, Mrs. W. A. Ward Jr., Mrs. Theodore Aulin Jr., Mrs. John Courier Jr., and Mrs. Joe I. Beasley. Students assisting with the arrangements and decorating included Nancy Swenson, Marilyn Partin, Jane Lundy, Gay Ulrey, Jan Beasley, Jimmy Courier, Ted Aulin, Alvie Edge and Arthur Evans.

Enlisted Wives Sponsor Coffee

The C. P. O. club room at the Naval Air Station was the scene of a "Get-acquainted" coffee sponsored by the VAH-11 Enlisted Wives Club.

All wives of VAH-11 enlisted men were invited to attend the regular monthly meeting this week at the C. P. O. Club. Hostesses will be Verna Bolton, Lillie Spain and Julia Girtler.

New members welcomed at the coffee were Eva Allstock, Shirley Burkholder, Helen Dubois, Marion Feback, Helen Fowler, Kay A. Thompson and Rita Holmes.

Other members attending included Daphne Beauchamp, president of the group; Verna Bolton, Sylvia Bratton, Kay McLeod, Faye Ford, Janice Lewis, Jackie Pittner and Polly Shields. Hostesses were Mrs. Mmes. Beauchamp, Ford, McLeod, Lewis and Ann Siczekowski.

VAH-7 Wives Club Hold Luncheon

Officers wives of VAH-7 met at Gene's Restaurant in Orange City for their regular monthly luncheon with Mrs. M. W. Otto and Mrs. F. W. Burton serving as hostesses.

The tables were beautifully decorated with Valentine cupid and dishes of Valentine candy.

Mrs. R. M. Donaldson was presented a silver tray by Mrs. K. F. Rowell as a going away gift from all the wives.

Others attending were Mrs. W. A. Elling, Mrs. J. H. Galloway, Mrs. H. H. Harrison, Mrs. M. D. McPherson, Mrs. F. D. Milner, Mrs. W. Robinson, Mrs. T. P. Stewart, Mrs. J. R. Swope, Mrs. R. H. Rossa, Mrs. H. P. Lang, Mrs. W. Collier and Mrs. T. W. Ownby.

Lake Mary

Personals

F. D. Anderson is back in the hospital, the Seminole Memorial this time, with flu complications. Mary Donaldson is home from the hospital and recovering from her recent operation. She will enjoy having company.

Bill Holly is very sick. He was taken by ambulance to a Tampa hospital Tuesday. Arrangements are being made for him to go to a veterans hospital.

Mrs. Rowland Goble and family had a surprise visit from her mother, Mrs. Eva Smith, of Raleigh, N. C. last week, when she stopped in Lake Mary to see them on her way from a trip to Hollywood, Fla.

Mrs. Emma Wing, a former resident of Lake Mary, has moved back to her home here after being away for two years. Welcome to new-comers, Mr. and Mrs. Jack Ridley, who have just rented the Zimmerman house.

Women on the Go

THE HEAD-TURNING EVENT of the season was at the Mayfair Inn yesterday when members and guests of the Officer's Wives' Club

MRS. KOEHN

met for a Valentine Luncheon—and entered into a crazy hat parade that added much merriment to the party.

Taking top prize for the craziest hat was Melissa Nelson who won by creating a nautical scene complete with lighthouse (that actually had a beacon light), fishing pole and dead fish (probably the only Smelt to undergo a de-orderizing process for a luncheon).

Instead of attending the Howey-in-the-Hills golf tournament with her fellow golfers, Barbara Rowell put her clubs and golf balls atop her head to come in for second place. Most original hat, a black and gold model depicting HatWing One, was fashioned by Betty Fitzwater and Edie Koen took honors for creating the prettiest hat, which was a profusion of red hearts nestled in a wide expanse of white tulle.

MRS. ROWELL

ALSO ATTRACTING much attention was Mary McCumber, who wore a pilot's helmet that held, on a stick, a big valentine that read

Hospital Board

To Meet Tuesday

The executive board of the Seminole Memorial Hospital will meet Tuesday (Feb. 16) at 9:30 a. m. in the hospital dining room.

"Calling My Tiger"—Mex Urquhart proclaimed her interest in oil painting by arranging a palette with brushes on her hat and Frances Robertson expressed her yen for a second trip to Europe by wearing a globe—Cleverly done

was the valentine tree that perched on the blonde head of Joni Higginsbotham. Muriel Osborne's three yellow chicks in a basket chirped merrily all during lunch!

One could go on and on about the ingenious styles—but something has to be said about the pretty decorations and food so well planned by the party committee of Betty Fitzwater, Doris Faulkner, Ty Ramage, Melissa Nelson and Lillian Hearne. Large white hearts adorned the walls and red and white valentines and fluffs of pale pink in frilly white doilies made lovely table decorations. The three-course ham dinner was full of calories—but so delicious!

Door prizes were won by Edie Koen, Muriel Osborn, Jeanne

MRS. FITZWATER

Warne, Ann Tammy and Betty Fitzwater. They were donated by the Mayfair Inn, Eve Proctor's, Mary-Esther's, Lelani House of Beauty and the Sanford Florist. The prizes for the two craziest

hats, a silver service set and portrait were donated by Kader's and Rahija's studio.

A BRIDGE CLUB that meets every other week had an enjoyable session of cards Wednesday afternoon at the home of Mrs. A. R. Key—Scoring high was Mrs. R. A. Newman Sr., with Mrs. Howard Brewer (taking second prize and Mrs. Floyd A. Palmer winning the screen award.

MR. AND MRS. H. W. NORDIN of Pittsburg, Pa., have been touring Florida and are now settled in Sanford for a ten-day visit with their daughter, Mrs. Robert Shedd, and her family.

WIVES OF VAH-9 will meet for a pot-luck supper tomorrow night at the home of Lucy (Mrs. R. P.) Yates with Lois (Mrs. Floyd) Blizard as co-hostess. The conversation, no doubt, will revolve around the squadron's home coming on the 22nd of this month.

Lake Mary Girls Appoint Committee For County Fair

Wanda Nixon reported on the county council meeting at the 4-H Girls Club meeting this week at the home of the leader, Mrs. Ted Brooklyn in Lake Mary.

Pat Willis called the meeting to order, followed by a roll call of members. Sandra Humphrey led the 4-H pledge and the group sang "Tammy."

A list of projects to be entered in the Seminole County Fair was discussed. A committee was appointed to give the demonstration at the fair. They are Pat Willis, Sandra Humphrey and Stephanie Lankford.

4-H Girls' Club Elects Officers

The 4-H Girls' Club of North Orlando held an election of officers at their monthly meeting. Miss Maurine McVay was elected president; Martha Dean, vice president; Cathy Dean, song leader; Mary Connelly, secretary-treasurer; Gladys Clark, county council delegate and Barbara Durum, reporter.

Plans for the fair were discussed and the clothing project studied with a demonstration on "cloth straightening." Material on other projects was distributed including health, gardening, entomology and home improvements.

Market Declined For Good Reasons

By GORDON J. TOLL
Manager, Security Associates, Inc.

There is much being said about the recent strong decline in the market. The last investment advisory letter written by Herman Gade, president of Security Associates, Inc., states some important reasons for this decline. These reasons are worth repeating. The title of the letter is "The Crack in the Bull Market and Investment Policy Today."

The long 10 1/2-year upward movement has a crack in it, a real crack which finds the Dow Jones Industrial stock averages down some 70 points in one short month. Sizeable paper losses have resulted. The sharpness of this steep decline has caught many people by surprise, especially as various advisory services at the turn of the year continued to paint a bright bullish picture.

"And, with booming business, the sky fell in! Why? First of all, there is no exact science of stock market prognostication. If so, we'd all be millionaires. But whom would you buy from, and whom would we sell to, if we all were going to be right and we all wanted to do the same thing at the same time!

"Actually, there are several reasons:

"1. When Uncle Sam came out with a series of bonds, all short term, one to five years, paying close to 5 per cent for the first time in 25 years, there was a safe haven for funds assuring high income!

"Many large institutional and other investors, desiring high income, have moved from stocks into bonds.

"2. Many glamour and blue chip stocks had reached ridiculous prices, to sell at 30 to 50 times estimated earnings to return one to two per cent. With new corporate and government bonds now available to offer three times the yield of various glamour and blue chip stocks, and greater stability of principal, many investors with fine long-term profits have sold down these profits and gone into high grade bonds, whence they sit on the sidelines, with five per cent on their money till more attractive buying opportunities appear.

"3. A big disappointment to investors and advocates of the free enterprise system was the final settlement of the steel strike, largely on labor's terms. It spells higher costs, more inflation, and a further opening of the door to foreign competition.

"4. Lastly, January car sales are far below previous estimates, and the 7,500,000 year may well turn out to be a 5,500,000 year!"

Business is good. Make no bones about it. Quality stocks or stocks in growth fields with good long term outlooks, bought at lower, realistic levels, should be held.

In this letter it was suggested that a conservative investor keep a minimum of 50 per cent in short term (five years or less) government bonds paying 4 1/2 to five per cent, or tax free municipal bonds paying four per cent, or federal savings and loan associations presently paying four per cent; the balance, 50 per cent, in a diversified list of growth stocks with emphasis on banks, electric, utility, chemical, electronic, insurance and natural gas stocks. Stocks in these categories that were suggested are Bank of America or Chase Manhattan, Allied Chemical, Litton Industries, Ar T. & T., Westinghouse Electric, National Old Line Insurance, El Paso Natural Gas, and Florida Power & Light.

Walter L. Hays, president of American Fire and Casualty Company, announced that the board of directors Feb. 10 declared an annual cash dividend of one dollar per share, payable quarterly, on the outstanding common stock. The first quarterly payment of 25 cents per share is payable March 15 to stockholders of record at the close of business on Feb. 29. The "American" has paid cash dividends for 25 years.

Hays said that 750 American representatives, in 1959 wrote net premiums of over 13 1/4 million to make it the biggest year in the company's history. This was an increase of over \$3 million, or 18 per cent, over 1958.

WASHINGTON CALLING by Ed Koterba

BETHESDA, Md.—Take the ingredients — one school day morning, one small boy, three big adults — and mix them up together.

I can remember his vows all through last year. "When I'm eight years old, I'll really be grown up." Well, he turned eight, and it's just as bad as ever.

His grandma, who was visiting overnight, wouldn't have believed it if she hadn't seen it. And before she knew it she was in on the rat race, too.

It's 8:10 a. m. He's in his pajamas at the breakfast table. "I want another sweet roll."

"You've got to get dressed first. And stop in the bathroom on the way up."

"Grandma, you'll let me have another roll, won't you?"

"Voice of the parent: "Get going, or you'll miss the bus."

From upstairs: "Which clothes should I wear?"

"Get clean ones out of the drawer!"

"What if I don't match 'em right?" (And he doesn't.)

"Where are my shoes?"

"Grandma's got them in the basement cleaning off the mud."

"Now can I have that roll?"

"Oh, for heaven's sake, no... Where's your belt?"

Grandma: "Look at your face. It has dried paste on it left over from last night."

"But, I haven't got time to wash my face. Can I have a roll?"

"No, Mamma, I can't find my pocketbook. Where's the two cents for my milk?" And from the bathroom: "Hurry, get my lunch ready. I think I hear the bus."

Downstairs, please find my homework or Mrs. Cohen will give me a 'E'."

I'm looking under sofas, in clothes closets, through book cases, in the oven — and find it behind the drapes.

There's grandma running after him, trying to stuff in his shirt tail. Now I'm under the bed looking for his belt. Doty has raced back to pack the chocolate-covered cupcakes with little pink things on top for his dessert.

Now he's grabbing for his coat. His mother is speeding to the closet for his cap. "Do you have your library book? Remember, today you're going to behave in school."

"Do you have your purse? ... Don't pull that hat down over your eyes. Zip up your coat!"

Grandma: "I think I hear the bus."

The child: "I forgot to go to the bathroom."

Well, he made it — all around. I peeked out the window and saw his ship at the corner as though the morning was gliding on a cloud of calm.

Inside the house there was exhaustion. Doty fell into a chair and muttered: "One small boy!"

WORRY CLINIC by Dr. G. W. Crane

Molly voices a widespread objection of smart wives. Hundreds of letters come to me outlining this same viewpoint, though not always as neatly as Molly has stated her case. Strikes encourage mob violence. They also kill the incentive of wives to save money. So labor disputes should be arbitrated with no work stoppages.

CASE D — 473: Molly O., aged 37, is an efficient Gary housewife who used to be a school teacher. Listen to her challenging ideas:

"Dr. Crane," she began irritably, "I wish the wives of strikers were all given a chance to vote.

"For we are the ones who are hurt most whenever a strike is called. During our early marriage, I saved 900 out of my husband's pay checks to protect us against a rainy day and help send our first son to college later on.

"Then a strike was called by the labor leaders, though my husband and most of his co-workers grumbled against having to quit work.

"He was being paid a good wage. Besides, if the leaders win, they just jump the union dues and prices also go up, so we are no better off than before.

"But my real pet peeve is the fact I lost that 900 savings. It was a bitter pill to swallow, for we had to use all our savings to pay our bills. And then we also borrowed \$400 more from my dad to tide us along.

"Well, when the strike was settled, I slowly paid back my dad and finally had another \$723 in my savings when this last strike was abruptly called. Seen that was spent for groceries, and we are broke again.

"These strikes just rob us frugal wives of all further incentive to save money. Labor problems should always be submitted to arbitration.

"Then a SECRET ballot should be taken, and the wives of strikers deserve to have a vote, too, for they are partners with their husbands in the financial future of every family.

"Labor leaders draw huge salaries, so I suppose they must call a strike every few years just to make the union members feel the leaders are justifying their high union dues.

"But most of the people in our neighborhood had no wish to strike. And the work hours were short enough. Our husbands don't know what to do with all their idle time even when they gain shorter hours.

"We wives feel about the shorter hours much as we do about longer vacations for our children — it

WASHINGTON CALLING by Marquis Childs

WASHINGTON — For all the thousands of words spoken before Congressional committees and the hot debate in print, the cool judgment of those who will direct the Republican campaign in the fall is that defense and national security will not be a significant issue.

The reason is not hard to find. In the White House is a military man with a towering reputation who led the Allied forces to victory in World War II. The words of his critics, even when they are documented by top men out of his own administration, do not get through this barrier.

"Among both the president's critics and his hero-worshippers there is professed puzzlement over why his popularity should be so high in the polls. Isn't it extraordinary, incredible, they say, that his rating should be 72 percent, at least 12 to 15 points above his low of the 1957-58 recession?"

There is nothing in the least mysterious about it. The president is saying just what most of his fellow-citizens want to hear. This is that we are spending enough to give the nation security in all the areas that really matter; that our freedoms and our spiritual values give us an edge that is bound to keep us ahead of atheistic, materialistic communism. We are prosperous and if only the Congress follows the Eisenhower budgetary formula we should have a surplus this year with a possible tax cut next year.

From the sounding board of the White House, far and away the most powerful amplifier in the country, that is the philosophy constantly reiterated. It is expressed by a friendly, warm-hearted man whose homely and often awkward and imprecise use of the English language, far from of-

FBI Working On Coors Kidnap Case

GOLDEN, Colo. (UPI) — The Federal Bureau of Investigation and local authorities worked today on the theory that millionaire brewer Adolph Coors III, missing since Tuesday, was kidnaped.

The Coors family, one of the wealthiest in the west, was convinced "Ad" had been kidnaped or waylaid. Adolph Coors Jr., who flew home Wednesday night from a Hawaiian vacation, said "money is secondary. The main thing is to get my son back alive."

The FBI entered the case on the assumption that the missing millionaire had been kidnaped.

But if any ransom demand or other communication from kidnapers had been received by the family, neither the authorities nor the FBI would have indicated it.

Adolph Coors III, 44, is board chairman of Adolph Coors Co., owned by Adolph Coors Jr. and his three sons. The brothers operate one of the nation's largest independent breweries and a porcelain plant at Golden.

Coors left home Tuesday at 8 a. m. for the brewery, driving a carryall truck.

His brothers, William and Joseph, expected him at 9 a. m. conference, but were not immediately concerned when he did not appear.

A few minutes after 8 o'clock a passing veterinarian noticed Coors' truck parked at the approach to a bridge over Turkey Creek, not far from his ranch and a mile and a half south of the town of Morrison. The veterinarian said he saw no one around the truck.

Three hours later a milkman reported to Sheriff Art Wermuth's office at Golden that the truck, its motor running, was still parked at the bridge.

There were traces of blood on the front seat of the truck, and bloodstains on the ground near by. A section of bridge railing was bloodstained.

Headaches Often Are Danger Signals

Although a headache is a painful experience, often times the one who suffers from it should be thankful for it is an indication that something is wrong with the body. It is like a red light on the railroad track that warns one to stop, look and listen.

Headaches may mean that something is wrong with the liver, the stomach, the ears, the eyes or other organs. It is the beginning of preventable illness, and it comes as a warning in time to repair any initial mischief and ward off the ultimate consequences. Taking an aspirin or other drug to relieve the headache is like the ostrich putting his head in a hole in the ground to avoid danger. The drug may temporarily relieve the pain, but will not remove the cause!

Chiropractic adjustments remove the cause of many types of headache and may avert future trouble.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin, whose office is located at 201 S. French Ave. and his telephone number is FAirfax 2-7442.

Covington Covers Sports

By JERRY COVINGTON

Tonight the Seminoles take on neighboring Lyman in a non-conference tilt at the local gym. Monday they will travel to Oviedo for their last action before the Orange Belt Conference tournament gets underway Friday in Apopka.

Tonight's game against the Greyhounds could be their 13th victory of the season against two defeats. They opened their season against the Greyhounds with an impressive victory and since then the only losses they have suffered were against Winter Park in OBC action.

Besides the games in the OBC and district tournaments, the Seminoles still have home games against DeLand Feb. 28 and against vastly improved New Smyrna Feb. 26. Tuesday night's win over Lakeview closed out the OBC regular season action and they finished with an 8-2 record.

This year's OBC tournament promises to be one of the finest in recent years and it is the first time the local eagles have gone into the action as a strong favorite. Of course, Winter Park is the team to beat for the championship, but the Seminoles have improved steadily since the first two meetings and they could take home all the honors. In the last contest, the Wildcats squeaked by in a thriller, 75-72, and the game could have gone either way.

The district tournament, which is the route to the state tournament later in Gainesville, also promises to be the finest in the entire state. Powerful Seabreeze, which has been a permanent fixture in the state playoffs, really has its work cut out for it, with Cocoa and Sanford there to give plenty of trouble.

The folks who plan to travel to Ft. Pierce for the tourney will get a look at some of the game's finest individual stars around the state. Duncan Dowling of Seabreeze, Danny Sharp of Cocoa and Jim Gracey and Ray Lundquist of Sanford will provide plenty of thrills in the point making department. When these youngsters score less than 20 points in a game you can consider them as having a bad night.

For as long as this writer can remember we have been looking forward to the tournament in hopes for a trip to state—but it has usually been just a long trip for nothing at all.

Baseballers 'Fascinated' Playing Golf

MIAMI (UPI) — Sammy Byrd, the former Yankee outfielder, was the only baseball player who ever turned successfully into a touring golf pro but to hear the ball players tell it during their current national fairway frolic they all are embryo Sam Sneads.

A lot of them are real good. Fellows like Paul Richards, Al Dark, Little Albie Pearson, John Gray, Lou Krellow, Carl Hubbell, Al Lopez, Mayo Smith and a dozen others.

And they can point to the fact that Gerry Priddy, formerly with the Yankees, Tigers, Senators and Browns is making a run at the pro tour right now.

Dixie Dean, as might well be expected, is particularly loquacious about the excellent tee shot talent in baseball ranks.

"Give me Richards, Al Vincent, Wes and Rick Ferrell, Heinie Manush — and, of course, Old Dix," says Old Dix, "and we'll take on any six golfers in the world. And you can bring along Ben Hogan and Cary Middlecoff if you want to."

WILT CHAMBERLAIN of the Philadelphia Warriors lets fly with the shot that broke the NBA individual scoring mark of 2,105 points in a game early this week. The next night Chamberlain was injured. Doctors reported today that Chamberlain will be out of action until next week.

Golf has worked its magic on ball players even since the days of Babe Ruth, who was one of the diamond game's leading fairway fiends. It is a game which actually caused Jimmy Dykes to be fired as manager of the Athletics.

"Now when the baseball season starts," Dykes grimaces, "I ship those golf clubs back home."

Art Wall, the Masters champion, insists that the golf pro Ralph Terry could be a golf pro. And it is interesting to note that Mickey Mantle, the tape measure home run specialist, "explodes" a golf ball the same way.

Richards, a real bug who plays 94 holes a day whenever possible, is noted in baseball ranks as a cool, imperturbable man.

In one golf match he was all square going to the 18th hole when he pulled off an "impossible" shot and holed it out for a winning eagle.

Richards appeared as calm as ever as he walked off the green and started toward the clubhouse. Not a trace of emotion showed. It was as if he did this sort of thing every day in the week.

At that moment one of those in the foursome behind ran up and asked: "Would you mind giving us the flag back?"

Although he was knocked out of action for more than a month last season with a fractured hand, Sanford wound up with a 15-12 won and lost record, 132 strikeouts and a 3.16 earned run average.

The Los Angeles Dodgers announced the signing of outfielder Don Demeter, who got off to a flying start during the 1959 season but then tailed off, winding up with 18 homers, 70 runs-batted-in and a .256 batting average.

The New York Yankees corralled rookie pitchers Johnny James and Jim Bronstad, both of whom toiled for Richmond of the International League last year.

Dick Groat, one of the National League's slickest fielders, came to terms with the Pittsburgh Pirates. Groat led all N. L. shortstops last year with 301 putouts, 803 total chances and figured in 97 double plays. He batted .275.

The Baltimore Orioles received signed contracts from a pair of 18-year-old rookie pitchers—Arne Thorland and Dean Chance—and second baseman Marv Breeding.

'Free-For-All' Breaks Up Cage Game

NEW YORK (UPI) — Tom Sanders of New York University's NCAA tournament-bound basketball team today blamed Manhattan Coach Ken Norton for touching off one of the biggest free-for-alls in Madison Square Garden history.

"Norton is to blame for the whole thing," said Sanders after the near-riot that marred NYU's 75-54 victory over Manhattan Thursday night. "I heard him egging his players on all during the game."

The game-long tension reached a climax with 2:27 to go when players and fans from both schools poured onto the floor and broke up into about 10 different fights. The battle, which started when Charlie Koenig of Manhattan traded punches with Sanders, lasted about three minutes before the Garden's special police restored order.

Norton and Koenig claimed that Sanders, a 6-foot, 6-inch, 210-pound pivotman, created the trouble by elbowing Manhattan players under both baskets throughout the game but NYU Coach Lou Rossini backed up his team captain.

"Sure I used my elbows under the basket—just as any other pivot-man does," said Sanders. "But all during the game I heard Norton telling his players, 'If he does that again, hit 'em back.'"

An estimated 80 fans and players from both teams took part in the fighting but only Sanders and Koenig were ejected from the game.

W. Dewitt was elected president of the Seminole County Businessmen's Bowling League at an organizational meeting earlier in the week.

Other officers elected at the meeting held at the Jet Lanes Bowling Alley were, Jessa Carathers, vice president and Mrs. Marge Woods, secretary-treasurer.

The league will be made up of five man teams and bowl on Tuesdays at 9 p.m. League play will start Mar. 15 and continue through July 26.

Anyone interested in entering a team in the league is requested to attend another meeting of the group at 9 p.m., Mar. 1.

Neck And Neck Battle Going On In City Biddy Cage League

Roumillat's and Robson Sporting Goods are still fighting it out for first place in the Biddy Basketball League.

Both teams took their games in action last weekend. Roumillat's knocked off Jigginbotham's, 22-20 while Robson's defeated Seminole Sporting Goods, 27-24.

An all star team will be selected Saturday by the coaches to represent Sanford in the State Biddy Basketball tournament scheduled in Tallahassee later in the month. Sanford will meet Panama City in opening round play.

Close Match Sparks Play

It was a close match between the two top teams in The Sandspur Bowling League, Tuesday night, as the league leading Foodmart gave up two wins to the second place Irving Pryor's Insurance team.

This puts the underwriters just one half game behind the groceries, as Foodmart ended with a total of 40 wins to Pryor's 39½.

Robson Sporting Goods still holds the third slot, with 34 wins. Wilson-Maler Furniture moved into the fourth spot with 33 wins, and The Pig 'N' Whistle took over the fifth place with 32½, leaving Roumillat & Anderson Drugs in the basement with 28.

In the other two matches, this week, Wilson-Maler won two from The Pig, and Roumillat's won two from Robson's.

Vice Chairman

NEW YORK (UPI) — Vice Seixas has been appointed vice-chairman of the country's 1960 Davis Cup Committee. He is the former United States and Wimbledon tennis champion and a former Davis Cup star.

NEW YORK (UPI) — Young Emile Griffith of New York will match his punch and class tonight against the experience and ruggedness of Gaspar Ortega, Mexican welterweight contender, at Madison Square Garden.

Although 22-year-old Griffith is attempting his first main event, the betting is at "even money" because of his power and skill.

Their 10-rounder will be televised and broadcast nationally by NBC at 10 p. m.

Favorites Lag In Women's Open

ST. PETERSBURG, Fla. (UPI) — The favorites went into the second round of the \$7,500 St. Petersburg Women's Open today trailing a pair of sub-par 60s headed by two youngsters.

Muriel Mackenzie of St. Petersburg and Jo Ann Prerutte of Birmingham, Ala., turned in the two under-par cards Thursday to tie for top spot after the first 18-holes of the four-round tourney.

Veterans Paity Berg of St. Andrews, Ill., and Kathy Cornelius of Lakeland, Fla., were dethroned in second place with 70s.

Winter Olympic Stars Getting Their 'Licks' In

SQUAW VALLEY, Calif. (UPI) — The men's Olympic downhill will be opened to practice today for the first time, and the lightning-fast condition of the run promised impressive times—and probably impressive spills.

Officials and workmen have been packing the course since the snow storm ended last Tuesday, and Thursday they allowed the downhill men to ski down Squaw Peak alongside the course. After studying the terrain, they were impressed—and worried. Clearly it is a true championship test.

"The course is very difficult on the upper half, and surprisingly flat on the lower half, which makes waxing extremely important," said Anderl Molterer, Austrian star.

For today's opening practice, officials warned the course will be "very fast"—so fast that only expert skiers among the hundreds of newsmen and photographers will be allowed above Tower 20, busy way up the course.

Part of the plan for all other sports—figure-skating, speedskating, slalom skiing, ski-jumping, cross-country and hockey.

Carol Heiss, America's world champion figure-skater, was the personal star of Thursday's practice. In the afternoon she worked on her free skating routine at an open-air rink, drawing dozens of the Olympic athletes to watch her. She brought cheers from this knowledgeable crowd several times, even though it was only practice.

The jumpers, probably the most spectacular of the athletes, scheduled another busy day off both the 60-meter and 80-meter hills. The combined jumper (those who compete in both cross-country and jumping) go off the 60-meter hill, the special jumpers off the 80-meter.

The Finns again were most impressive. Their Enso Hyytia had an 88-meter jump (more than 270 feet). Veli Saarinen, chief of the Finn jumping team, said the 80-meter jump was in good shape, much better than the 60-meter hill.

However, such deviations were normal at this stage of the pre-Olympic work, and all agreed that by actual competition time the Olympic jump hill would be one of the world's finest from all levels.

Hurler Wasting No Time Getting Jump On Mates

Jack Sanford, the San Francisco Giants' hard-throwing right-hander, can hardly wait for the start of spring training.

The 30-year-old New Englander returned his signed contract Thursday and advised the Giants he plans to leave shortly for Arizona in order to get a jump on some of his teammates.

Although he was knocked out of action for more than a month last season with a fractured hand, Sanford wound up with a 15-12 won and lost record, 132 strikeouts and a 3.16 earned run average.

The Los Angeles Dodgers announced the signing of outfielder Don Demeter, who got off to a flying start during the 1959 season but then tailed off, winding up with 18 homers, 70 runs-batted-in and a .256 batting average.

Mixed Foursome Semi-Finals Set

DELRAY BEACH, Fla. (UPI) — Defending champions Jack Penrose of Miami and Marlene Sirett of Toronto met Bill Hyndman of Philadelphia and Ann Quast of Seattle today in the semi-finals of the National Mixed Foursome golf tournament.

Bob Gardner and Pat Tiernan defeated the medalist team of Bob Cochran and Barbara McInroe in Thursday's play and will be pitted against Burton Peznick, New Haven, Conn., and Barbara Fitton, Hamilton, Ohio, in today's other semi-final match.

Inter-Sectional Rivalry Sparks Kennel Club Racing Action Tonight

A hot inter-sectional rivalry between Central Florida and the East Coast will be continued tonight when a contest of champions moves to the hometown for a match-race at Sanford - Orlando Kennel Club.

The unusual event will be the 10th contest tonight on an 11 event card starting at 8:10.

The first half of Florida's world-wide series of greyhound racing was held Friday in Jacksonville.

Led by Mr. Tim Man, who is owned by H. E. Heaton, the East Coasters nabbed quinine honors.

Action this week, however, indicates the home site may provide a reversal of winners. SOKC's A. B. Ewbanks, one of the nation's top pups, sped around the five-sixteenths-mile distance in 31.17 seconds Tuesday night while beating teammate Happy Joe Lueky by three and one-half lengths in a practice run at the local club Wednesday night. Mr. Tim Man posted a 31.39-second clocking.

Also on Jacksonville's three-star lineup are Chiploc, owned by the Star Club Kennel, and Moskin's Boy, a Davis and Shaw runner.

Rounding out the local team is the fast-breaking Saddle Mark.

Mr. Tim Man is rated the favorite by morning line odds at 8-to-5, while A. B. Ewbanks is considered the second-best choice at 5-to-1 odds.

'Model' Mother Gets Full Pardon

GARDENA, Calif. (UPI)— Today for the first time in 18 years Irene Robbins woke up without fear.

She stepped into a brighter new world with a clear conscience, a happy-loving family and with but one life to live. "It is wonderful," she said. "Bright and fresh and clean." She is no longer a fugitive from justice. She needn't worry any more about being torn from her children and sent to prison. She no longer lives with a secret. Mrs. Robbins, 41, received a full pardon Thursday from Gov. William Stratton of Illinois for a larceny conviction and for leaving the state illegally with her new husband Franklin 18 years ago. She thinks it is symbolic that her emancipation from fear and guilt should have its first full day on Lincoln's birthday.

Around The Clock

Gary Donaldson Lake Mary, is a mighty disappointed lad today. Gary, a member of the Lake Mary 4-H Club, had planned to enter his prize rabbit in the county fair next week but the hare got into a fight with another rabbit. Gary says the rabbit lost too much fur in the fracas so his pet will spend next week in his cage instead of vying for fair honors.

The 1960 auto license deadline is fast approaching. County residents have only eight more days to get their tags from the tax collector's office. The deadline is Feb. 20.

Eighteen Seminole County Scout troops participated in the St. John's River District Scout Circus in DeLand last Saturday.

Flu Epidemic Believed Taking Heavy Death Toll

WASHINGTON (UPI) — The Asian flu epidemic, now striking victims in almost half the states, is causing an increasing number of deaths from influenza and pneumonia.

During the first five weeks of this year, 4,000 persons were reported to have died of flu and pneumonia in 100 large cities, and an increase of 44 per cent over the same period last year.

The 1960 death total was 20 per cent higher than in the first five weeks of 1959 when the original Asian flu epidemic still was in progress.

Surgeon General Leroy Burney said the figures, released Thursday by the Public Health Service, seem to bear out clinical impressions of some physicians that they are encountering a more than normal amount of pneumonia this year.

He said that in contrast to the 1957-58 Asian flu outbreak, respiratory infections this year are attacking adults more than children. Some reports indicate most pneumonia and flu fatalities are over 65 years old.

The health service said the flu epidemic had begun to subside in southern California, Texas, Alabama, Massachusetts and some parts of West Virginia.

But northern Texas maintained a high level of flu infections and Mississippi showed an increase.

Cities reporting an upsurge in flu cases included Denver, Cleveland, Atlanta, Washington, Dallas, Houston and El Paso.

The health service said its reports indicated this year's epidemic was following a pattern of localized outbreaks rather than the nationwide sweep of 1957-58.

'Hard Times' Party Slated

The Sanford Moose Lodge will have a "hard times party" Saturday and will assist members showing up in good clothes 50 cents. Those appearing in old clothing or tatty costumes will be admitted free for the dance in the vacant Superex building across from the Lodge at 8330 Park Dr., formerly Orlando Dr. The party will begin at 8 p. m.

Finch Ends Testimony; Trial Off Until Monday

LOS ANGELES (UPI) — Carol Tregoff, the other woman and co-defendant in the Finch murder trial, will be hard pressed to match her lover's dramatic performance when she takes the stage next week.

Dr. E. Bernard Finch wound up his testimony before the holiday weekend recess Thursday with assurances he still loves Carol, wants to marry her, and is confident he will have the chance to do so if truth wins out.

Carol, 28, figured strongly in the 42-year-old doctor's seventh and final day on the stand. He said he was perhaps as concerned with her fate as his own. A high point came when he fixed his sincere blue eyes on the state's chief prosecutor and said:

"Mr. Wibel, the only armament I have is to tell the whole truth. God willing, I will be free if I do tell the truth."

Deputy Dist. Atty. Fred M. Wibel had just cast aside the gentle manner which characterized his cross-examination, and confronted the surgeon with a secret tape recording he claimed showed Finch had invented a tearful death scene with his wife.

The City Recreation Department is sponsoring a charm school starting next Tuesday at the Civic Center. The adult class will begin at 10 a. m. A junior class will be conducted on Saturdays at 9 and 10 a. m.

Former Conover model Leslie Smith will be the instructor and the course will feature modeling, posture, styling and makeup.

The annual Valentine dance sponsored by the Anna Miller Circle will be held at the Elk's Club Saturday from 9 p. m. to 1 a. m. Circle members will present a 10-cent floor show and a Valentine queen will be crowned during the evening.

Edward Hoist and his orchestra will furnish music for dancing, and all Elks and their ladies are invited to attend.

The Seminole County Tuberculosis and Health Assn. has collected \$800 more from 1959-60 Christmas seal sales than it collected in the 1958-59 seal sale.

The association has \$6,000 for its work and should get \$10,000 from the county to do an adequate job, Mrs. Lorraine Graham, secretary, said.

SFC Morris H. Metts, Sanford, is the "best drilled soldier" in the Second Armored Rifle Battalion, 184th Infantry, Army National Guard.

The Sanford Guard unit member won the honor recently in competition with outstanding guardsmen of other Central Florida units.

Marine Sgt. Richard K. Schmidt will be recruiting at the Sanford postoffice each Friday from 9:30 a. m. until 2 p. m., starting March 4.

Schmidt said the Marines are so flooded with enlistment applications the corps has started a 130-day delay enrollment program. This is designed so youths who want to enlist can finish high school before joining up.

Pete Bukur, the music man whose Populars play at the Mayfair Inn, is recuperating from bruises and stitches he sustained when his car and another vehicle collided as he was driving home from a dance.

Atlas Again Comes Through

CAPE CANAVERAL, Fla. (UPI) — An Atlas missile which came close to disaster the night before President Eisenhower's visit here soared 6,300 miles on its second try Thursday night.

The "heavy missile" difficulty which caused a malfunction in the missile Tuesday night was corrected, and the Atlas roared off shortly before midnight for its 18th consecutive successful flight.

This is the outstanding record among America's big missiles. To date, Russia has not indicated whether her rockets, despite their massive power, can match the Atlas in long-range consistency.

The Air Force added balance to its test program with the ninth straight success for its advanced-model Mace, a 44-foot-long guided missile.

The Mace was put through a grueling performance test in inertial guidance system. The missile blasted off in one direction, then curved around to head toward the desired target in the Atlantic.

Firemen's Course To Start Monday

Burning of a building and other demonstrations and lectures on fire fighting will be included in the Lake Mary Fire Department observance of Fire Prevention Week which begins Monday.

Instructors for the week's course in fighting and preventing fires will be from the State Fire College at Ocala. Sessions are scheduled from 7:30 to 10:30 p. m. each night.

The Lake Mary volunteers will climax Fire Prevention Week with a barbecue Feb. 20 at 5:30 p. m. Money raised will go into the fire house fund.

Nikita, Nehru Set To Discuss Border Problems

NEW DELHI (UPI) — Indian Prime Minister Jawaharlal Nehru met with visiting Soviet Premier Nikita S. Khrushchev today for what informed sources said was a wide-range review of the international situation.

The sources said the talks would include India's recent border troubles with Communist China—a dispute which has put a heavy strain on relations between New Delhi and Peking.

Khrushchev arrived at Nehru's residence accompanied by his top advisers, including Foreign Minister Andrei Gromyko.

The Soviet Premier had a relatively light schedule today. Following the talks he is scheduled to include India's recent border troubles with Communist China—a dispute which has put a heavy strain on relations between New Delhi and Peking.

Khrushchev talked with Nehru for 40 minutes Thursday before addressing Parliament. In his address, he emphasized Soviet-Indian cooperation in the cause of peace and disarmament.

But he also boasted of the Soviet Union's military prowess. He warned that any nation that started a war in this nuclear age would be badly hurt himself. Thus, he said, man must learn to keep the atom securely under control.

Adventists To Hear Missionary Speak

Pastor G. Ray James of Orlando, Missionary Volunteer Leader of the Florida Conference will be the guest speaker at the Seventh-Day Adventist Church tonight.

Addressing the 7:30 p. m. service, Mr. James will have a message especially for the young people of the church.

The speaker directs the Young People's work of the denomination throughout Florida. He has recently come from California where he held a similar position.

Mr. James is from a family of ministers. His father, both grandfathers and a great grandfather were all ministers. His sisters have both married ministers. As a son of missionary parents, he lived as a boy in New Hebrides and in New Guinea. He received his education in Australia.

The evening service will be open to the public.

V. S. P. HAMMOND of Jacksonville will speak at the 11 a. m. Sunday service of the First Presbyterian Church of Sanford.

Mr. Hammond is Sunday school superintendent of the Riverside Presbyterian Church in Jacksonville. Mr. Hammond will speak on the subject "The Light That Never Fails."

Negro Segregation Protests Begin To Spread To Virginia

RALEIGH, N. C. (UPI) — A Negro protest against lunch counter segregation in dime and variety stores swept into Virginia today as the movement began to wane in North Carolina.

Demonstrators in two North Carolina cities called a short truce, and some lunch counters reopened late Thursday to serve

white customers only, without interference from Negroes.

But at Hampton, Va., Negro students from Hampton Institute planned to work in shifts to dramatize their protest at the white-only lunch counter of an F. W. Woolworth store. Manager G. A. Marks closed the counter Thursday when about 20 Negroes took seats and began reading books and magazines.

There were indications the protest movement would spread to other southern states. The Congress on Racial Equality also announced plans to begin picketing Woolworth stores in New York City Saturday.

The demonstrators, largely students from various Negro colleges, converged on lunch counters in dime stores, variety stores and some drug stores in Greensboro, Fayetteville, Durham, Raleigh, Winston-Salem, High Point, Charlotte and Elizabeth City, N. C.

X-15 Rocket Soars To New High

EDWARDS AFB, Calif. (UPI) — The X-15 experimental rocketship soared to 80,000 feet—about 16 miles—above the desert Thursday in its fifth powered test flight.

It was the first time the sleek, 50-foot craft had flown so high. Its speed, was not revealed but was more than 1,400 miles an hour.

Only two 8,000-pound thrust rocket engines propelled the X-15 in the powered flight which lasted four minutes. When the stub-winged rocketship makes its planned ascent up to 100 miles high at speeds of 4,000 miles an hour it will be powered by one giant 80,000 to 90,000-pound rocket engine.

Fellowship Party Scheduled Sunday

The Good Shepherd Lutheran Churchwomen will sponsor a fellowship birthday party at 6:30 p. m. Sunday at the Shrine Club. Entertainment, including folk and hymn singing, will be featured during the evening.

Flu At Epidemic Stage Here—Stay In If You're Ill

Asian flu has reached "epidemic proportions" in Sanford, Dr. Robert Smith, acting health officer, said today.

Smith said that during the past few weeks at least one-tenth of the city's population has been hit with the flu bug. He said that this was a conservative figure as this type of virus lasts only 36 hours and most cases are treated at home and many are not reported.

Smith warned all residents who think they have contacted the flu to "stay out of crowded places and remain in bed."

Smith is acting as county health officer until Dr. Clyde Brothers, who was named health officer by the County Commission last month, arrives here.

Smith said persons who continue to

run a fever should contact their physicians. However, he emphasized that the best cure is to remain at home, take aspirin and drink plenty of liquids.

Symptoms of Asian flu are fever, coughing and vomiting, Dr. Smith said. He also urged all parents to keep their children at home if they are running a fever or have any other flu signs. Attendance in city schools is report-

ed "below normal" by school officials, who blame the excessive absenteeism on the flu bug.

Flu also has taken a heavy toll in business places and industries in the area and governmental offices reported numerous staff members ill.

A large number of flu cases also were reported in other areas of Seminole County.

Cold, Misery Plague Parts Of Deep South

By United Press International

The winter's worst snowstorm in the South closed schools in Virginia, Georgia and Tennessee, North Carolina and West Virginia today and spread misery and death from Texas to New England.

A warm sun began melting the snow in the Deep South states of Mississippi, Alabama and Georgia but the process of clearing blocked

roads was a bigger job to the north.

Virginia state police blamed seven deaths on the weather. Ice Virginia highways prompted 40 town and country school systems to declare a holiday. Authorities reported primary roads clear today but said chains were a must on many secondary roads.

More than half the schools in

Virginia were closed today. Hundreds of rural homes still were isolated this morning by more than a foot of snow.

North Carolina had a partial thaw Sunday but a hard overnight freeze coated the snow with a crust of ice.

The weatherman promised a gradual warmup but said it would take some of the hardest hit portions of Dixie several days to get rid of the unfamiliar snow.

Hundreds were stranded, public transportation paralyzed and electrical and telephone service disrupted as the storm had stalled through the heart of Dixie Saturday and moved on North.

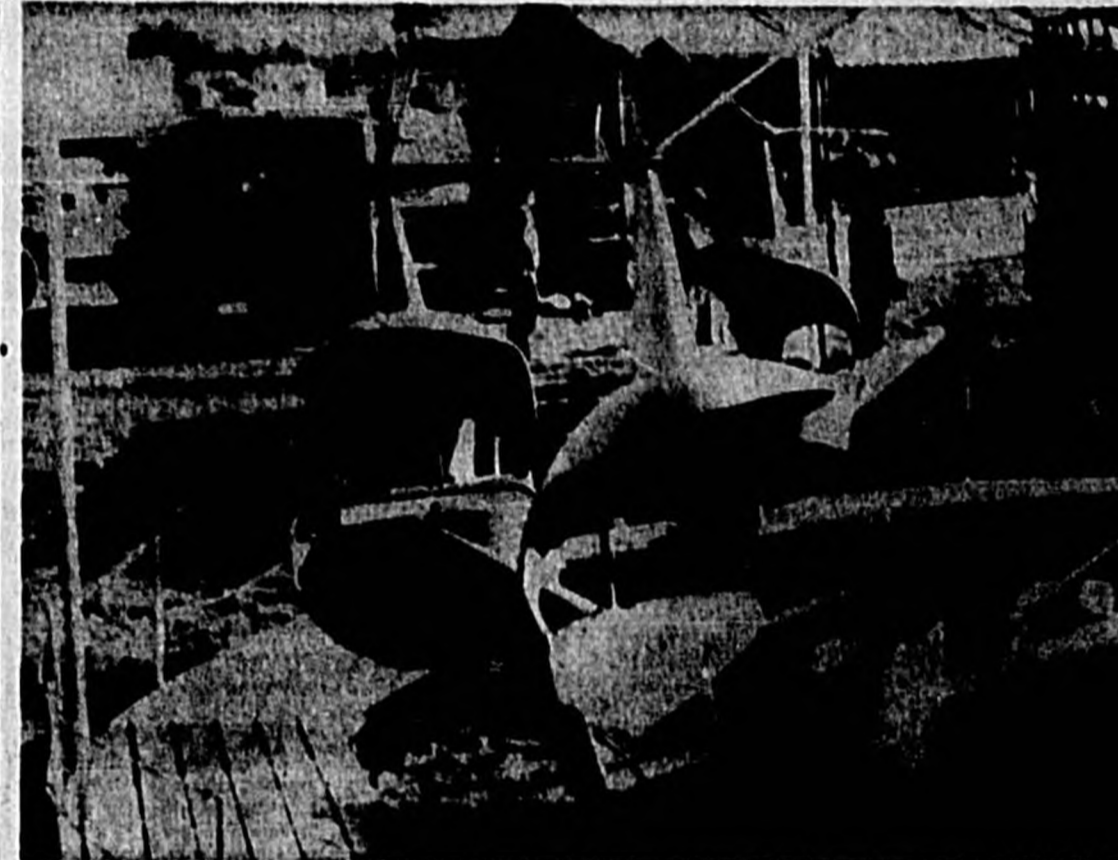

A warming sun turned the blanket of snow into slush in many parts of Dixie. The Weather Bureau warned of minor flooding in the Carolinas as the melting snow swells rivers and streams.

The storm pounded the south in near record force. Eastern Tennessee was paralyzed with 18.8 inches of snow, the heaviest in 20 years. Temperatures in Seminole County dipped to 43 degrees this morning with no frost reported.

Much Hostility Greeted French Nuclear Blast

PARIS (UPI)—France's exultation over its first atomic explosion gave way to some misgivings as reports poured in from around the world of the chilly and even hostile impact the test made on other nations.

France was openly committed to an intense program of building nuclear weapons for its armed forces "to make our national independence respected in all circumstances," but already there were demands France concentrate on "peaceful uses."

President Charles de Gaulle echoed French reaction to the blast when he telegraphed "Hurrah for France" greetings to the Sahara test site minutes after the blast.

Today, newspapers began informing French readers the test explosion met a chilly reception in many foreign countries and sharp anger in some, especially the Arab countries of North Africa.

French dailies noted the test was greeted with "reserve" in Washington and London, which said the explosion confronted the African peoples with "immense hazards of terrible food poisoning with its terrible consequences."

It was noteworthy that the first Moscow denunciation was broadcast in English to the nations of Africa. Most of those countries already had reacted sharply. The United Arab Republic was taking the lead in protests and there were demonstrations in the streets of Damascus.

De Gaulle said France would now be better able to "make its action felt" for nuclear disarmament—a bid to French diplomats at not being admitted to the U. S., British and Russian talks on banning further nuclear tests.

Payoff Probed

MIAMI (UPI)—A third man, identified as a Miami attorney, was arrested today in the fight between Miami's mayor and police chief over charges of gambler protection payoffs to police. Gerstein questioned Mayor Robert King High and City Manager Meyer E. Socoler. They reviewed allegations that numbers racketeers pay police an estimated \$10,000 a week for protection.

Unexciting Reception

CALCUTTA, India (UPI)—Soviet Premier Nikita Khrushchev arrived in this Indian stronghold of communism today to a generally unexciting reception. The Soviet news agency Tass said Khrushchev and his party were welcomed at the airport by the governor and the chief minister of the states of West Bengal on this leg of his four-nation Asian goodwill tour.

Faubus A Candidate?

LOS ANGELES (UPI)—A "Faubus for president" campaign was in progress here today, heralding the Arkansas governor as "Christian patriot and devotee of racial respect in the tradition of Abraham Lincoln." Backers of the so-called "Faubus for president" campaign, unanimously adopted a resolution asking Faubus to enter the California primary against favorite son candidate Gov. Edmund G. Brown.

Errant Mouse Fouls Texas Show Of Cats

HOUSTON, Tex. (UPI)—It was the least logical thing that a mouse could possibly have done. But just as the judge was about to name the "best cat" Sunday night at the 10th annual triple championship charity cat show of the Houston Cat Club, a mouse scampered across the room, filled with 300 cats.

Pandemonium in the only word to describe the next few minutes. The 300 cats screeched and snarled in disorder until they were caged.

The little gray mouse had disappeared before anyone could say "meow."

Ervin Says He'll Seek Re-Election

TALLAHASSEE (UPI)—Atty. Gen. Richard W. Ervin will seek election to a fourth term this year on a pledge of continued effort to suppress organized crime and to maintain state rights.

Ervin, current president of the National Association of Attorneys General, was elected to his first four-year term in 1948. He previously had served in several state positions.

Guidance Tests To Determine Student's Interest

The tests sponsored by the University of Pittsburgh would be too expensive to give locally. They cost \$3.54 per student, guidance Edward Christensen said.

Seminole High is one of 16 Florida high schools selected for the tests. The exams given to grades 9-12 are to determine the guidance procedures best suited to help a student choose his career.

The two-day tests will be given March 7, 10, 11, and March 14-15 for students absent during the first two sessions. About 1,000 U. S. schools will join in the tests.

No special preparation is necessary for the project which seeks to find what young people are doing in their job and education a year after graduation from high school.

Results expected from the tests are an inventory of human resources, a set of standards for educational and a psychological measurement, a counseling guide on what talent patterns predict success, and a better understanding of how young people choose their life work.

Seminole High Pupil DCT Chief

Seminole High School student Larry A. Davis was named district representative for DCT students at a meeting of the organization Saturday in Winter Park.

The organization also saw a direct dialing exhibition which included a long distance telephone talk with disc jockey Dick Clark in New York.

Argentines Launch Sink-Subs Campaign

PUERTO MADRYN, Argentina (UPI)—The navy canceled officers' leaves in southern Argentina today in apparent preparation for an all-out attack on two foreign submarines believed trapped in the Nuevo Gulf.

Two Argentine warships were reported to have fired on—but not hit—one of the two subs when it surfaced 10 miles west of here Sunday night. The U-boat is believed to have been damaged in a previous attack.

Unofficial reports published in Buenos Aires Sunday said the navy has recovered the body of a frogman, apparently killed by a depth charge, from the waters of the gulf. Observers speculated he might have been trying to repair damage to the submarine when he was killed.

Coffee Club Session Thursday

An after-Valentine-Day meeting of the Coffee Club sponsored by the Seminole County Chamber of Commerce will be held at 10 a. m. Thursday at the USO Chamber of Commerce Bldg.

Guests will be all secretaries, receptionists and office assistants with as many of their bosses as they can round up.

The meeting, which will take place of the regularly scheduled coffee klack on the last Thursday of each month, will feature the awarding of valuable prizes, according to Charlie Morrison, public relations director of the Chamber and master of ceremonies for the affairs which have drawn large attendances.

Due to the large crowd expected, the "coffee" is being moved from the usual meeting place at Mrs. Appleby's Restaurant in the "Valley" Hotel to the USO Chamber of Commerce Bldg.

There are no individual invitations. A blanket bid to all office assistants, secretaries and receptionists is tendered for the half-hour coffee break program.

Charm School

The Sanford Recreation Department's Charm School will start at 10 a. m. Tuesday at the Civic Center and all women interested in taking the course are urged to attend.

Seminole Band Planning Barbecue

The Seminole High School Band Assn. will hold a chicken barbecue Friday at the Elks Club grounds. Receipts from the 3:30 p. m. barbecue will go to the band fund. A half chicken, cole slaw, baked beans, bread, butter, celery and tea or coffee are on the menu. Tickets will be sold by parents of band players for \$1.50 each. "Take-out" boxes will be featured.

This is the sixth year parents of band members have held a barbecue to raise money for the young musicians.

Presbyterian 'Ladies Night'

Men of Sanford's First Presbyterian Church will give their wives a "ladies' night" treat Tuesday night.

The men are invited to bring their ladies to the 7 p. m. dinner in the church educational building. Robert A. Spear, Sanford Church of the Nazarene pastor, will be the speaker.

County Fair Opens Tonight

A ribbon cutting will open the Seminole County Fair at 5 p. m. today.

County, City and American Legion officials will open at 5 p. m. at Sanford's Campbell - Loring Post 53 headquarters on Hwy. 17-92.

The combination of entertainment and home and farm produce exhibition will open at 5 p. m. each afternoon through Friday. The exhibit building will be closed at 10 p. m. each night.

Award ribbons and \$741 in prize money will be given to best entries in 411 largest fruit or vegetable, livestock, home economics, Girl and Boy Scout, educational and miscellaneous divisions. Top individual prize money ranges from \$5 for first place home made lamp to 25 cents for third prize in the largest fruit and vegetable division.

Prize, beef, poultry, rabbits, layer cake, candy, cake, table cloths, tea towels, bedspreads, rugs, clay and wood models, magazine racks, bird houses, dolls, and "things that go" are only a few of the items that the Legion has given permission to show in the fair.

Boys and girls under 15 will have their big day Tuesday when they will be admitted to the fair free. Special hours for the youngsters on children's day will be from 4 to 7 p. m. Regular admission price is 25 cents for adults and 15 cents for children.

Out of town judges will pick winners in the exhibitions.

A stream of county handwork came into the exhibition building Saturday and Sunday, the two days when exhibits could be placed. The exhibits may be removed next Saturday after 10 p. m., Sunday from 2 to 5 p. m., and Monday from 9 a. m. until noon. The Fair Association "will not be responsible for articles placed on exhibit, but will take every precaution to save them from theft or damage." The association also will not assume liability for anyone injured at the fair. Constable J. Q. Galloway will head a squad of Legion members who will police the fair grounds.

Million-Dollar Race For Governor Forecast

TALLAHASSEE (UPI)—At least five, perhaps six men will be in the office of the Florida secretary of state at noon Tuesday, seeking permission to spend more than a million dollars as candidates for governor qualifying to run. This far, state law has tightly limited their expenditures.

But after they pay \$1,125 to qualify Tuesday the lid is off. The nine Democrats and one Republican in the race are expected to spend a total of more than \$2,500,000.

Those planning to qualify as soon as the books open at noon are Sens. Fred Dickinson, West Palm Beach, Doyle Carlton Jr., Wauchula; former Circuit Judge John McCarris, Ft. Pierce; Mayor Haydon Burns, Jacksonville; and former House Speaker C. Farris Bryant, Ocala, and Ted David, Hollywood.

All except David say they will personally qualify. David said he would either come or mail in his fee.

The only Republican in the race, Bernard Shokin, Miami Beach, has not indicated when he will qualify. Nor have Democrats Harvie Belser, Bonifay; George Downs, Winter Park; and Bill Hendrix, Ku Klux Klan leader from Oldsmar.

The qualifying period closes March 1. Besides voting for governor, Floridians will ballot in the first primary May 3 for six cabinet offices, three Florida Supreme Court seats, and a post on the Railroad and Public Utilities Commission.

Also to be elected are eight congressmen, three district appellate judges, 19 state senators and 35 state representatives, and many court and county officials.

Nine men are in a crowded race for the secretary of state post being vacated by R. A. Gray. Four want the commissioner of agriculture job Nathan Mayo is leaving. Of the cabinet officials seeking re-election, only Treasurer and Insurance Commissioner J. Edwin LaFren is expected to have opposition. Dade County Commissioner Arthur Patton Jr., former Duval County Sheriff Al Cahill, and Ernest C. Collins, Tallahassee, are his potential opponents.

Civil Rights Feud Begins

WASHINGTON (UPI)—The Senate officially began the election year civil rights feud today. No civil rights is on the Senate calendar for today but, under an agreement reached last year, Democratic Leader Lyndon B. Johnson (Tex.) might call up a minor House-approved measure as a vehicle to which civil rights legislation could be attached.

First, however, the chamber was scheduled to consider a tobacco bill and a House-Senate compromise measure to boost federal spending to prevent water pollution.

Battlelines for the civil rights skirmish were formed during the weekend. Southerners served notice they could fight the proposals at every turn and northerners stepped up their drive for new legislation.

The Senate was expected to pass the water pollution bill but it appeared certain to be vetoed by President Eisenhower. The measure would provide for a \$100-million increase to \$900 million in federal contributions for a long-range aid to localities for building disposal plants.

Eisenhower's budget called for only \$20 million in fiscal 1961 and none the following year. He has been trying, without success, for the past several years to scrap the program.

Enrollment Day For Youngsters Set

Principal of the Osteen School, Mrs. Harold Harris announced today that registration day for enrolling youngsters in kindergarten for the next school year is Feb. 24.

Osteen parents who wish to register their children in kindergarten classes for next year are urged to be at the school between the hours of 10 a. m. and noon.

All children born on or before Jan. 1, 1956, are eligible to attend the classes. The classes will be held at the Enterprise School.

Sanford Motorist Injured Slightly

Anderson W. Williams, 31, Sanford, was injured Saturday afternoon when his car turned over on Hwy. 17-92, one mile south of Sanford.

Williams was treated for cuts and bruises at Seminole Memorial Hospital and released shortly after the accident.

Florida Highway Patrolman J. L. Eason Highway Patrolman W. L. Eason charged Williams with reckless driving and driving with a revoked license.

Baby Watchers Awaiting Birth Of Queen's Child

LONDON (UPI)—Crowds of curious "baby watchers" increased in size today today "Buckingham Palace where Queen Elizabeth II awaited the birth of her third child.

Both British and tourist alike ignored prospects of further dismal weather and cautious warnings that the birth might not come till Tuesday or the next day or perhaps even the next.

The baby will be the first born to a reigning monarch in 103 years—since Queen Victoria.

Anticipation was fanned by the arrival at the palace Sunday of Sister Helen Rowe, the Cockney-accented royal midwife, who attended the Queen at the births of Prince Charles, now 11, and Princess Anne, 8. The 52-year-old nurse had been standing by in an apartment in nearby Kensington for more than a week for the royal summit.

7 Fire Stations Answer Call

Seven fire departments fought a house fire in south Seminole County Sunday.

Eugene Jane's home on Lake Howell Lane, Maitland, was gutted and the roof burned off. Two Goldenrod firemen were injured when the ladder they were on broke. Firemen from Goldenrod, the Florida Forest Service, Casselberry, Longwood, the Sanford NAB, Lake Mary and Union Park fought the blaze.
