British Wood Shaft Rule Will Be Great Handicap To Smith In Open Tourney

By Davis J. Walah emational News Service Sports Editor W YORK, Apr. 8.—Horton

h may be the man of the competitive golf but it is another possible that he will have another Smith in the city

STATISTICS AND AND

be has another Smith in the city directory after they bring in the final returns from the British op-en championship, if you care for a dispassionate diagnosis furn-ished by fellow-members of the Ryder cup team today. He has the abota, they concede. But it

seems that he may not have the clubs, Smith, they say, is something loss than extraordinary when he uses the hickory shafts commanded by the British conven-tion-and maybe I mean prej-

His implied lack of efficiency with hickory, I suspect, is largely a matter of orientation. Give golfer like Smith plenty of time and no doubt be will pay you a very nice shot with an umbrella handle. In just happens that he has less time right now than a man enroute down an elevator shaft without the elevator. The team sails for England or

fifteenth place at Belleair and thereupon decided that the nex's time he played with hickory would when he had to. During an otherwise miraculous

winter session, this was the only tournament in which Smith looked like any other Smith. He is a confirmed addict to steel shafts and

"sense" the head of the club so well when an all-hickory is in use. Johnny Farrell, the national open champion, had an indifferent winter season and he is said to attribute his showing to the far that he was using all-hi-kory in preparation for the British event and couldn't seem to get the feel

of his clubs. If he took Farrell all winter to would appear to be impossible for mately at the same place in the

few weeks at his disposal.

GRAHAM FIGHT IN GOTHAM FRIDAY

New Coliseum Will-Be **Opened In Competi**tion With Garden's

NEW YORK, Apr. 8 .- Preceded by no great fanfare of publicity trumpets or threats of shaking Madison Square Garden to ita very foundations with opposition blasts, the Bronx dedicates a new boxing centre Friday night when the New York Collseum will be

pened to the public with appropriate ceremonies by Kid Chocolate and Bushey Graham. Jess McMahon, veteran matchmaker, is the guiding spirit in the new venture. The New York Collseum building was the exposition hall of the sesqui-centennial exhibition in Philadelphia and was transferred here in sec-Wednesday and they tell me that tions. It has a seating capacity Smith has played only once with of 18,000. McMahon plans to all-hickory clubs. That once, it compete with the garden in the sprears was away too often. He popular price field. Scaling from finished in a desperate fight for \$1 to \$5 for his first show, he can do a capacity of \$50,000,00 Originally planned as a 15-round bout to establish a new line of bantam champions, the Chocolate-Graham affray has become a featherweight feature with no particular bearing on any title. First the boxing commisson turn-ed thumbs down on the cham-pionship angle, and now Graham has abandoned the idea of ma-tion of the state of the idea of the state of the state of the idea of the ide

with his timing. The difference between the feel of hickory and bamboo, of which American wood shafus are made can best be illus-trated by saying that one count cannot hope for general recogni-n unless he also eliminates. Fidel Labarba, former flyweight hampion, who is now campaign ing brillianty as a bantam.

President OfLabor Transit Commission Is Upheld By Court **Union Promises To** WASHINGTON, Apr. 8-(INS) **Punish Kidnapers**

ELIZABETHTON, Tenn., Apr. 8.-(INS)-Labor leaders and origanizers today had the promise of William Green, president

ise of William Green, president of the American Federation of Labor, that that organization would aid in the prostcution of the alleged kidnapers of two la-bor officials here last week. In an address before 3,500 per-sons here yesterday afternoon, Grien dalared the American Fed-eration of Labor and its alleged organization, would exert every influence to have the kidnapers prosecuted "to the fullest extent in the criminal and civil courts." Following the speech, Green con-ferred with Edward McGrady and Alfred Hoffman, the two labor organizers who were kidnaped, and heard their version of the kidnaping. Five prominent business men are under arreat here in connec-tion with the affair while others are being sought. The kidnap-ing incident followed a rayon milt strike here.

Figures are monotonous but these few have been given to show tal lond carried out of Boston was tion in Boston. An interesting sidetal load carried out of Boston was 185 pounds. In January, 1929, it was 4478 pounds-For a few years after the open-ing of the Boston Airpoyt, develop-ting of the Boston Airpoyt, develop-

ment of flying was somewhat im-peded by the size of the landing area, although the clear approach-es helped somewhat. Even so, by 1928 there were about thirty com-mercial and private planes regu-larly operating at the airport, ... sodition to the regu'ar Army, Na-lonal Guard and Organized 1th serve Units. Takes Over Airport Last September the City of Bos-ton took over the airport for de-telopment as a municipal field. Since then \$125,000 has been spent on the landing area itself. An velopment points to the need of a the reached by rapid transit in less than 15 minutes and by acto in less than half an hour. With construc-tion of the new vehicular tunnel under the harbor, autos can make the trip from the business district to the airport in about ten minutes The field is on the edge of the har-bor, which makes possible closest coordination of air, rail and ocean

Conditation of air, rail and ocean transportation. Other Airports Three other airports are already endary rignort idea. Manufacturers of aircraft parts and accessories are becoming in-

terested in the opportunities in-Boston and a number of Boston and New England firms already manufacturing equipment applicable to aircraft use are actively developing this market.

Finally, there is the closest cooperation between the various bod-ies interested, with the active back-ing of the press. The bill which created the sirport was introduced by the Boston Chamber of Commerce. This organization now has an active Committee on Aviation. The local chapter of the Nations Aeronautic Association, the Municipal Air Board, the Reserve Of-

Hoover, a member of the Simian family, who crashed in on this old world on Election Day, got a trifle confused at his first Christians party. He mistook this stocking for a sleeping bag. He is a popular resident of the Monkey House of the Philadelphia Zoo.

Eddie Farrell, head track coach at Harvard, is shown admiring a few of the many medals and cups which were won by a famous Harvard runner, Everett Jansen Wendell, class of '82. Wendell was the first college runner to click the 160 at 10 seconds. He won more trophies, perhaps, than any other college athlete before or since his time. This is only about half of them. Another case containing a collection of about the same size adorns the opposite wall from this in the locker building at Soldiers' Field, Cambridge, Mass.

WHAT would modern navigation do without the channel bucys-those floating markers that keep ships off the shoals? .. In a very real sense, the advertisements in this paper are channel buoys, placed for your protection-for the safeguarding of the family expenditures.

THESE advertisements are the signed statements of reputable firms who seek your patronage on the single basis of giving value for every dollar spent. They are honest statements, the only kind an advertiser can use and remain an advertiser.

PEOPLE who get the most for their dollar in the market-places are those who keep an eye on the channel bucys. Day by day, they follow the advertisements, in the interest of shrewder buying.

> The advertisers in this paper have charted the channels of buying for you Keep to the course

APRON AND SLIP APRON AND SLIP The apron at the left takes no time to make, and is a practical and con-venient thing to have about the house for last minute jobs in the kitchen, and for the morning housework. If a daintier apron is desired, the pattern provides for ruffles down the front from the shoulders and around the neck at the back. It is practical in rightam, cotion, or rubberised tretonne. Buttons at the sides hold the front and back together. The desirable straight lines. Sateen is desirable straight lines. Sateen is a unitable fabric for practical pur-poses, while for daintier froks, radium silk is advisable. Tirst Model: Pictorial Printed Pictorial Printed Model: Pictorial Printed
