Teachers To Seek New Pay Raise

By BILL SCOTT
 Seminole County school teachers will be seeking another increase in pay today at this afternoon's meeting of the county school board. William (Bud) Laver is expected to represent the Seminole Education Association when that group seeks to have a portion of the \$1.2 million additional state money given to the county for education be applied toward increasing the index from three per cent to four per cent, so salaries can be raised another \$900 to teachers with highest tenure.

A. F. Keith, board member, said the teachers group wanted the sum applied to the index rather than to the base salary which was raised already this year to \$6,500 from \$6,000 for a starting teacher with no tenure.

Teachers with longer terms of service and higher positions are receiving even more pay commensurate with their amount of education and positions held in the 27 various county schools.

Keith said maintenance employees were not included in this request for additional increases.

Seminole County is expected to receive \$1.2 million more than what was received a year ago and it is expected that \$500,000 of the amount will be placed in the schools contingency fund to replace a like amount, which the board withdrew to give teachers a raise earlier in the year.

Contingency is down to a dangerously low \$55,000 which is way under what it should be for a system as large as Seminole County.

Teachers received aid from the Orange-Seminole legislative delegation earlier this year when more truck funds usually allotted the county's road and bridge fund were given to them.

John Alexander, county commission chairman, said this action would cost county taxpayers an extra mill and a half to make up the lost bridge funds.

By JOHN A. SPOLSKI
 Let's see if we can't do a little better on The Fourth of July... about flying 'Old Glory', I mean. She didn't have any reason in the world (like we don't have a flag) what with all of the local merchants having a good supply, and of course, right here at The Herald... we still have a few left.

Be A Proud American!

And while we're on the subject, many of the area JCs are taking an active part in appropriate celebrations on that date... with lots of fireworks, entertainment... everything you've been looking for.

Take the entire family out... especially the young ones, and let them be exposed to the red, white and blue.

Just know that 'hurb' about police chiefs in civvies would produce a sensible reply.

"The reason for them not being in uniform is that they're always meeting the public... and we all know that psychologically no one wants to meet 'em with a gun on their hip nor a badge on their chest."

Makes sense, makes sense.

Another Proposal Coming County To Consider Requests

By MARION BETHEA
 Seminole County Mental Health Association, Inc. will re-submit a proposal for county funding at a meeting of the County Commission tomorrow. The commission had tentatively agreed to fund the agency in the amount of \$100,000 for the remainder of the fiscal year. The association had initially requested \$150,000 funding by the county.

At last week's meeting the commission felt that the Mental Health Association had not delineated specifics fully in their expenditure of the funds, that only general terminology was used. The commission requested that the association outline just where the money will be utilized.

Seminole Blues Inc. will appear to request a permit from the county to conduct a series of concerts at San Lando Springs.

County Attorney Harold Johnson will report to the commission as to procedure necessary for requiring utility companies to fence polishing ponds. This has been an item of contention, particularly in the Academy Manor subdivision, where residents have complained that children are in danger and snakes are emanating from these ponds.

Mrs. Margaret Cammack will also be on hand relative to a prospective buyer for the Osceola Airfield site which the county has proposed to use for a central sanitary landfill. Mrs. Cammack told the board at a recent meeting that she had four prospective offers for the property; two who wished to buy, and two who wished to exchange property. She also has an alternate site for the landfill which she said was considerably closer to the county. The commission told Mrs. Cammack that she must present a firm commitment and appear with

check in hand before June 30, in order to have the matter considered by the board.

Bids will be opened tomorrow for equipment to be used at the central sanitary landfill such as Dempster units which will be mounted on a tandem chassis, packer containers and Dempster packers.

Public hearings will include objection to the lot regulation sizes as being excessive. The regulations stipulate 5,000 square feet, and La Roba feels that 3,500 square feet is adequate. He also was opposed to the regulation governing the road width as 50 feet, which he said was not applicable to mo-

tile homes and recommended a 24 foot paved road with a three to four foot right-of-way.

Hippie 'Joint' Cracked

For the second time in a month, Seminole County Sheriff's officers raided a Fern Park "hippie pad" Friday night and arrested seven persons, including two females, in a county crack-down on an apartment located at 2032 N. Orlando Avenue.

An eight-year-old girl found in the house in the company of her baby-sitter, was returned to the parents.

Heather Erica Munroe, Route one, Longwood, was charged with contributing to the delinquency of a minor in the ferry on the house, which had at least 30 occupants.

Robert Chapman, 36-year-old apartment house owner, was charged in the incident with keeping a place of nuisance. He was freed Saturday after posting \$1,000 bond.

Other arrests included Suzanne Yentch, Jacksonville, an 18-year-old charged with possession of alcohol by a minor; John Tegethoff, 17, Winter Park, booked on charges of resisting arrest with violence and contributing to the delinquency of a minor with a \$1,500 total bond; Robert Hash, 18, 2100 Howell Park Road, Maitland, charged with possession of alcohol by a minor with a \$150 bond; Kenneth Cox, 22, Winter Park, booked on charges of delinquency charges at a \$500 bond. A 16-year-old juvenile was charged with alcohol possession.

Several apartments of the commune were searched by authorities and some unidentified seeds and pills were seized to be analyzed.

The same apartment was raided less than a month ago and 11 persons were jailed, some on drug charges, in that incident.

RIGHT THRU THE WINDSHIELD
 THREE PERSONS were injured in a two-car traffic mishap on SR 434 near Woodlands late Sunday afternoon. A man's head went through the glass windshield (note hat still encased) in the accident that occurred when a car being towed, came loose and was struck by a following vehicle. Names of the persons involved were not available through the Florida Highway Patrol. (Staff Photo)

Census Report Is Due

Deputy Clerk Ashby Jones will give a report to the County Commission tomorrow relative to the new census figures in Orange and Seminole Counties which the county hopes will establish their pro rata share of services for the legal county of the Orange-Seminole delegation.

A bill has been received by the commission from Carter Bradford, delegation attorney, in the amount of \$825 for the county's joint share for his legal expenses, which is reportedly one-fourth.

A legislative act has specified that Seminole County would pay one-fourth and Orange County three-fourths based upon old census figures.

On April 7 the commission agreed to pay one-sixth of the \$2,500 legal cost of the delegation attorney plus \$600 for reporting services. Later the board said that they were not interested in the reporting services since they had received none to date.

Carter implied that the board did not advise him of the decision regarding the \$600, but Commission Chairman John Alexander said that he notified the delegation secretary, E. Pope Bassett.

Commissioner Greg Drummond said that he was of the opinion that Orange County would not want Seminole to pay other than its share of the legal fee, and suggested that the county only pay a portion based upon the new population figures. He continued that to do otherwise was "punitive" and would encumber Seminole with a portion of Orange County's costs for the legal services.

County Attorney Harold Johnson was asked to obtain letters from Bradford or Bassett a report on laws which have been enacted by the legislature which would name to Seminole County.

'Happy Birthday, U.S.A.' Maitland's July 4 Theme

By JANE CASSELBERRY
 Theme for the annual Fourth of July Maitland Day celebration sponsored by the Maitland-South Seminole Chamber of Commerce is "Happy Birthday, U.S.A." Submitting the winning suggestion was nine year old David Curry, who was awarded a Savings Bond.

The annual celebration was kicked-off June 19 at the civic center featuring Miss Maitland of 1969, Winnie Hollis and Mayor Homer Hough of Maitland, who presided at the lighting of Miss Liberty on Lake Lily. The lake is the site of the annual hole-in-one contest, now underway. Between the opening event and July 4, each of the original 13 states and Florida will be suitably recognized with a special day allocated for its celebration.

On Friday night, July 3, a "Happy Birthday, U.S.A." Dance will be held in the civic center with music by Jack Drummond and his band — an adults only event.

Fourth of July festivities will begin at 9 a.m. when children's parade entries will be judged at Maitland Professional Center on Maitland Avenue. Youngsters will then watch the big parade go by and join in at the end. Prizes will be awarded for the best in the following categories: girl's costume, boy's costume, funniest, vehicle, bliv, and animal.

The main parade will start down Maitland Avenue from St. Mary Magdalen Catholic Church, Altamonte Springs, to Maitland Civic Center at 9:30 a.m.

Food and game booths will open at 10 a.m. and the flag raising and presentation of prizes will take place at 11 a.m. One of the highlights of the day will be the judging of the Junior Miss Beauty Pageant, sponsored by Maitland Jaycees for seniors, 16-19. The winner will be sent to the state contest.

There will be the usual games for children and adults starting at 2 p.m. with an added feature, the Maitland Rope Pull. Trophies will be awarded.

The gallery of the world famous Maitland Art Research Center will be open to the public 4-7:30 p.m. Dinner will be served in the civic center 5-7:30 p.m.

At 7:45 p.m. a program on Lake Sybilis will feature a water ski show, presentation of beauty pageant winners, awarding of raffle prizes, climaxed with a fireworks spectacular.

From 8 p.m. to 12 midnight, there will be a teen dance in the air-conditioned Teen Wing of the civic center, with music by "In the Beginning."

Walking Sen.' Chiles Makes Stop In Sanford

By CHARNER LEONE
 One painful step, and then another. The boots were heavy, two sizes too big to protect the blisters. But as he set out in a small Florida town near the Alabama border on his walk through Florida, Lawton Chiles had a goal in mind—the Democratic nomination to the U.S. Senate.

The boots are back to size now, or is it that his feet have spread, jokes Chiles. Chiles, a lawyer from Lakeland, was a member of the House of Representatives from 1966 to 1969 and a Florida State Senator since then.

"I had to run to get to Tallahassee on time for the legis-

New Hours Announced

The Motor Vehicle Bureau announced today a change in examination times at the Sanford Armory. The tests will be given Monday through Friday, 8 a.m. till 12 noon, and 1 p.m. until 5 p.m.

It is suggested that you arrive at the armory by 11 a.m. in the morning and by 4 p.m. in the afternoon, in order to allow enough time for the test. At the same time, the bureau announced that they will open a testing office in the Zayre Shopping Center on State Road 456. The office hours at the new office will be the same as the new hours in Sanford.

Editorial Comment

Stand Up And Speak Out On 'What's Right'

We strongly endorse the sentiments expressed by President Nixon when he told an enthusiastic Jaycee gathering in St. Louis that "it is time to stand up and speak on what is right in America."

Take a look at Sanford, the county seat, where old traditions and old construction demand stronger and more difficult leadership to catch up with and get in step with the Soaring Seventies.

Florida. While nudging our southern border is the Florida Technological University with its promise that only the lack of proper access roads hinders its function for the good of all the county.

President Nixon did add a further note to his call for a positive attitude: "Because you see what is right about America enables us to correct those things that are wrong about America."

Up-And-At-Em'

It may be sort of surprising but it is a fact that education, which has for so long seemed to be the sole responsibility of educators, parents and students, deserves and must have a broader base of concern.

Two situations which have little to do with learning itself make this conclusion valid. First is the zoning demands being made on the tax structure to pay for educational facilities which are seen as essential by those who operate them and the consequent appearance of an educational bureaucracy where salary expenses are eye-opening.

Second is the glaring need for a better understanding between the mature members of our society and those whose years would label them as immature.

This we heard with considerable satisfaction that the League of Women Voters of Seminole County is promoting a community meeting at the Lyman High School tomorrow night at eight o'clock.

It is important! It is useful! It is practical! It should receive wide and universal support!

Hal Boyle Says:

Ordeal of "Thank You" Notes

NEW YORK (AP) — One of life's little ordeals is writing "thank you" letters to your boss and business after a more or less successful weekend at their cottage in the country.

"You certainly named your cottage aptly when you called it Linger Linger. I had such an enjoyable time that I wished I could do just that—linger longer. Hope you'll have one back next summer."

The Lighter Side

Lost Presidential Telethon

WASHINGTON (UPI) — In early spring, when the White House was considering ways to improve communications with the youth of America, a Republican governor suggested that President Nixon engage in a telethon with college students.

Thoughts

"I have given head and necked, but they have not spoken a word; so man repeats of his wisdoms, saying, 'what have I done?'" — Jeremiah 2:2.

Domestic Comment:

Japan's Rebellious Teachers

By RAY CROMLEY NEA Washington Correspondent WASHINGTON (NEA) — Years ago in prewar Japan this reporter watched the growth of political influence of a group of young university professors whose opinions never appeared in the press.

These men had influence and therefore power. But they were not responsible to anyone. And power without responsibility is dangerous—as the Japanese learned.

Wedding Announcements

Booth-Davis

Miss Sharon Kaye Booth, daughter of Mr. and Mrs. Noah Charles Booth, and Charles Wayne Davis, son of Mrs. Rosa Braswell Davis, Baton Rouge, La., and the late Charles Henry Davis, were united in Holy Matrimony June 11, 1970, at 2:30 P. M. at the First Baptist Church, Sanford.

Rev. Fred B. Chance officiated at the double ring ceremony. The church was decorated with baskets of white gladioli and white daisies, accented with baby's breath. A brass arch candelabra was flanked by matching candelabra and accented by a profusion of potted palms.

A table draped in white held an open Bible, a gift to the groom by his mother, while another such table held two tapes and a wedding candle in brass candelsticks.

Mrs. Dale Duncan, organist, presented a program of spiritual selections and accompanied Mrs. G. B. Drake, who sang "We'll Walk With God," "Wither Thou Goest," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a pearl crepe fashioned along the lines of that of the maid of honor and carried similar hanging bouquets. Miss Tara Lynn Rowland, niece of the groom from Baton Rouge, La., was flower girl. Her dress and headpiece were identical to those of the white attendants. She carried a white basket of rose petals.

Lloyd Thomas Rowland, of Baton Rouge, La., served his brother-in-law as best man and groomsmen were Dick White, (nee Linda Green), of Columbus, Ga., and Dick Schrum (see Pat Taylor), Melbourne.

The maid of honor wore a street length gown of lime green shantung-crepe. It featured an aproned plait accented by Dior low at the back and short cap sleeves. Her headpiece was a Dior bow of the same fabric attached to a tiara veil of silk. She carried a hanging bouquet of assorted daisies and greenery.

The bridesmaid and matrons wore gowns of yellow shantung-crepe and carried a yellow rose corsage on her purse. Following the ceremony, a reception was held in the Fellowship Hall of the church. The bride's table and punch table were overlaid with white embroidered linen tablecloths. A four-tiered wedding cake, topped with miniature bride and groom and decorated with yellow sweet peas and green leaves, centered the bride's table. It was flanked by a silver candelabra with white taper candles and decorated with yellow flowers on the table.

A large, crystal punch bowl, filled with yellow fruit punch and a ring of yellow daisies, centered the punch table. Silver appointments were used to serve soft and yellow and white minis. Miss Mary Reynolds kept the bride's book, which was centered on a round table overlaid with white tulle and net, enhanced by flower clusters and streamers. A single yellow rose in a crystal bud vase was placed to one side of the table.

Olmstead-George

Miss Molly Olmstead, daughter of Mr. and Mrs. David W. Olmstead, 115 East Jenkins Circle, Sanford, became the

bride of Donald Joseph George, son of Mrs. Lena George, 127 Cannon St., Syracuse, N.Y. Rev. John Costello was the officiating minister at the ceremony, June 18, 1970 at 1 p.m. in St. Michael's Catholic Church, Central Square, New York, N.Y.

The bride was radiant in a formal length gown of white silk organza and Alencon lace, featuring an Empire bodice, Mandarin collar and Juliet sleeves. The A-line skirt was accented with a detachable court train and her cathedral length veil of silk illusion was attached to a matching Alencon Camelot. She carried a cascade bouquet of white roses and yucca stems centered with a removable white orchid corsage.

Miss Linda Brayton, Penacola, was maid of honor and bridesmaids and matrons were Mrs. Patty Ann Ashe, Syracuse, N.Y.; Lee Gosker, Quantico, Va.; Mrs. Joann Powell, Dayton, Ohio and Marion Schmidt, Quantico.

The maid of honor wore a formal length gown of apricot linen with three quarter length sleeves accented by Venetian lace and bow. Her train was accented by Venetian lace and she wore a matching veil and carried a basket of daisies and carnations. Other attendants wore identical gowns except in yellow and carried baskets of daisies and carnations.

Terry McInale, Syracuse, was best man and usher-groomsmen were Neal Olmstead, Sanford, brother of the bride, Joe Kobayashi and John Potjes, Syracuse and Don Powell, Dayton.

Chris Olmstead was ring bearer and Miss Kelly Ash served as flower girl. She was escorted by Venetian lace and white embroidered shawl featuring a Queen Anne neckline. Her headpiece was a garden of daisies and she carried a basket of daisies.

John Fontaine of Amador City, Texas, gathers historical bottles—a hobby he began 10 years ago. Two years later, Fontaine left his landscape gardening business and opened bottles sell between \$20 and \$25. "It really took our lives over," he said.

Although most of Fontaine's bottles sell between \$20 and \$25, he has sold some for as high as \$4,000. Fontaine, who estimated that there are over 75,000 bottle collectors in the United States, has written three books on the subject and publishes the "Bottle Gazette," a bi-monthly newsletter that claims 4,000 subscribers in every state.

About Hobbies

In New York, Mrs. Hugh Ross, whose husband conducts and Schola Cantorum of New York, makes flowers from sea shells. Her interest in shells started when she lived on Boga Grande, a shell island in Florida.

Mrs. Ross uses glue and water with the shells and says she can easily make six flowers in half an hour. Each flower requires about 40 shells and she uses a minimum of 24 flowers in a bouquet. "I use natural colors," she said. "You would be surprised at the intense colors shells have — beautiful oranges, yellows and deep violets." Mrs. Ross sells some of her creations for about \$40 but she has sold some for as much as \$500.

Mrs. Louise MacLeod, 85, of San Francisco, has a timely hobby. She collects clocks and has more than 60. She has clocks sent to her by friends from all over the world and buys some herself. Mrs. MacLeod said 35 of her clocks need winding every day and she had quite a job when daylight savings time began.

Dear Abby: By Abigail Van Buren

DEAR ABBY: "ON THE FENCE" asked you if re-marrying a former spouse ever worked. You invited your readers to share their ex-perience to write in and offer their advice. Here's mine: Yes, it CAN work. But only if the couple KNOW why their marriage failed in the first place, and they don't make the same mistakes again.

Jacoby On Bridge

Orwald: "When I was your age, I used to shudder when I cut certain old timers as my partner in a rubber bridge game. Somehow or other, they never seemed to bid their hands with any accuracy. On looking back, part of our troubles may stem from the fact that I had a reputation as a very fancy bidder."

Worry Clinic By Dr. Crane

BY GEORGE W. CRANE
CASE 10: Martha G., aged 22, is a busy housewife. "Dr. Crane," she began, "we have 3 children and must live on a very tight budget."

Polly's Pointers By Polly Cramer

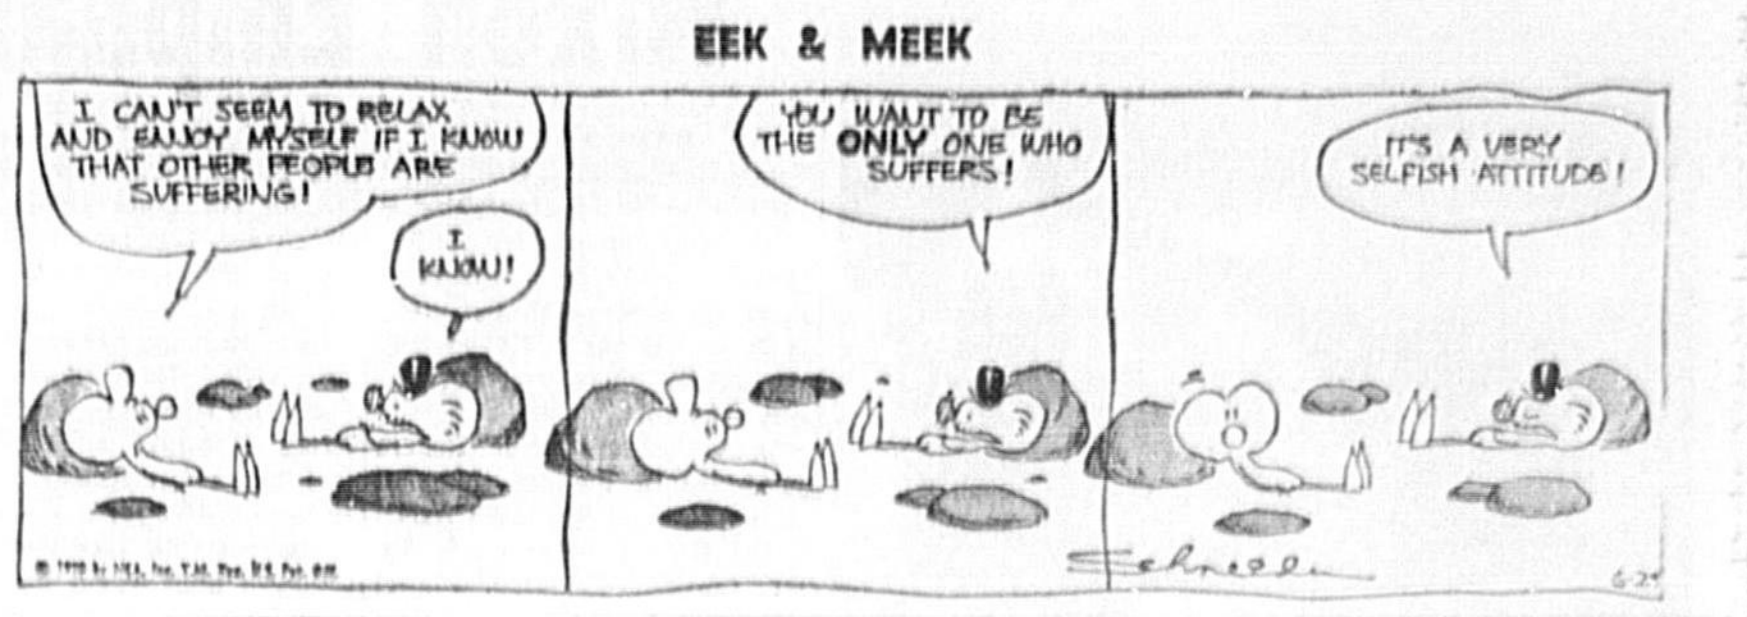

Polly's Problem
DEAR POLLY—My small son loves to ride in a wagon but is constantly falling out. I have seen wagons with wooden railings on the sides but can't find one. Does anyone know if they are still being made? If not, perhaps some resourceful reader could tell me how to fix a regular wagon this way. Also, how does one make a swing from an old tire and attach it to a tree limb—MARRY

Highlights TV Time Previews

MONDAY, JUNE 29, 1970
7:30-8:30 ABC It Takes A Thief (Re-run) This series has been notable for the number of romantic conquests by Al Bundy. Tonight, he has more problems than propositions, including a very funny show, Jack Benny guests and his long-exploded combination of woe and miserliness is the focal point. Lucy wants him to switch to Uncle Harry's bank but he thinks he has the most fool-proof vault in the world. You probably know the hysterical nature of his home-grown banking system, but wait till you see how Lucy counters it.

We Jibe Women: By Betty Canary

It happens. Every so often we suffer from what was called in old novels, "Malaise of the Spirit." Translated, this means there is absolutely nothing wrong with you, except something is wrong with you. You aren't exactly tired and you aren't really trapped, but you stand there staring and growing a little dully while the ironing piles up.

More And More People Believe In The 'Occult'

By F. T. MacFARLAND
Associated Press Writer
OCALA, Fla. (AP)—Do you believe in the occult? More and more people do, says Paul V. Trovillo of Ocala. He is making a study of the "peculiarities" in Florida.

There is one story he gathered in his first four months of serious research: A retired Coast Guard officer who was studying to develop extra-sensory perception kept dreaming of an Indian maiden. At a seance he attended, the personification of his dream suddenly stepped from a cabinet in the room.

She talked to him and invited him to touch her. She felt just as much flesh and blood as anyone, he said, but before his eye she gradually disappeared like a melting candle through the floor. Then she reappeared and he touched her again.

Not many stories Trovillo has found are that sensational. Nor are the opportunities people see always welcome.

There was a young woman in Gainesville who it turned her husband, about a year later, the man was killed in an auto accident and he began appearing nightly before his ex-wife.

"She said she felt a sense of guilt, but she had to make several visits to a psychologist before she got rid of that apparition," Trovillo said.

While the public is less sure there are fewer people now who are "sensitive" than several years ago, Trovillo said.

A "sensitive" is described as a person who "tunes in" on vibrations of a person, sometimes through a spirit and sometimes through objects. They are known as mediums by spiritualists, but not all persons with the psychic ability are spiritualists.

"There was one who could feel pain in her body to locate it for another person," Trovillo said. "She rubbed a piece of balneolite in my presence and said I appeared to have a stomach ailment."

"That was a year ago, and just recently a medical doctor examined me for a pain and said I had a stomach ailment."

"Both the medium and the doctor advised me not to eat carbohydrates," he said.

Trovillo has been interested in the field of extrasensory perception more than three decades. He holds a master's degree in psychology and was director of continuing education at St. Petersburg Junior College 13 years.

After he retired last year, he found time to pursue his interest full time and now is research director for Spiritual Research Society Inc. of Orlando.

The security he said, was set up by Anne Getrovan, who comes from the town of Cassadaga, near Deland. She is president of the society.

"The whole town of Cassadaga is a spiritual center," Trovillo said.

In four months of intensive research, he has collected psychic experiences from 30 people.

"They range from seeing objects move when no one touches them, or lights apparently turning themselves off and on,

through the walls to full scale apparitions like the Indian maiden.

"I don't profess any degree of psychic ability myself," Trovillo said. "Most of the things I have been told I didn't see happen."

In a couple of cases, however, he found corroborating evidence.

"One was a dowling rod—a device said to find oil, water or other items by the woman who owned it."

"My wife and I experimented with her dowling rod," Trovillo said. "Both of us were able to locate a place in her apartment where a ring was hidden."

He came back recently to report he found corroborating evidence.

"One was a dowling rod—a device said to find oil, water or other items by the woman who owned it."

Trovillo's other first-hand knowledge came from an interview with a girl on the island of Bimini, who carried fishy objects and placed them on her body—yet showed no pain or scars.

"She called it voodoo and does it to make her 'bring,'" he said. "In fact, voodoo and witchcraft are considered an interesting part of psychic experience."

Geneva Broker Fails To Appear

By MARION BETHEA

Mrs. Margaret Cammack, Geneva real estate broker, who was to appear before County Commissioners this morning with a firm commitment and a check from a prospective buyer for the Osceola Air Field property, which the county intends to utilize for a central sanitary landfill, did not appear.

Mrs. Cammack was also to present an alternate site. Commission Chairman John Alexander told the board that Mrs. Cammack had advised by phone that she did not have a package for discussion of sale or exchange of the Osceola property.

She said that the two weeks time, which the board had allotted for the sale of the property, was not sufficient to obtain a prospective buyer. Therefore Alexander said, "I assume that Mrs. Cammack is the subject realtor."

He said that the two weeks time, which the board had allotted for the sale of the property, was not sufficient to obtain a prospective buyer. Therefore Alexander said, "I assume that Mrs. Cammack is the subject realtor."

School Aide Teague Surprised Facility Named For Him

By BILL SCOTT

Seminole County Associate Superintendent Walter Teague yesterday received a pleasant surprise at the special meeting of the county school board when that body named a soon-to-be-built middle school in honor of the long-time county educator.

Teague, obviously touched by the board action, could only say "I am grateful" after the action, which came when John Evans, board chairman, read a letter from Eoghan Kelley, architect for two new facilities to be built on same campus on Sand Lake Road near Forest City.

Kelley suggested the middle school be named for Teague and the elementary facility adjoining be left as Sand Lake Elementary School. There is a parking lot between the two sites.

Kelley, in a request to the board, sought to have both schools combined in the same project for bid-taking purposes. The architect said this was necessary in order to have opportunity to make plan changes after bidding in the latter part of August.

Because of the tight funding for the projects, it may be necessary to make some changes after bidding to keep the price within the budget, Kelley added.

SCHOOLS COMPLEX to house new Sand Lake Elementary, left, and W. F. Teague Middle School, right, is demonstrated by this model shown to Seminole School Board Monday by Eoghan Kelley, architect. Parking facilities for the new schools are placed between the schools.

Utilities Price Sought

By TOM ALEXANDER

CASSELBERRY — During a work session last night, the Casselberry City Council agreed to seek a disinterested third party to study and arrive at a fair price for the city's interest in purchase of the Casselberry utilities system.

The financial study was requested by utility board secretary and also councilman Louis Kirby, Duff and Phelps engineers, contracted by South Utilities Company, have already made a complete study of the system and have arrived at a "fair market value" determined for the presently privately owned system.

It is expected that the council will select an engineering company at their next regular meeting to again evaluate the system's present worth. The study is expected to cost the city in the neighborhood of \$15,000.

Teacher Pay Raise OK'd

Seminole County School Board at yesterday's meeting approved a request from the Seminole Education Association's Salary Committee and voted to increase the teacher index from three per cent to four per cent.

The action came on a motion by Ray Slaton, member, after William (Bud) Laver, Milwee Middle School principal, speaking for the teacher group requested \$500,000 of new educational money derived from the state to be applied toward an increase in the index to insure

Fireworks Climax Day

July 4 Fun Fair Set

Fort Mellon Park will again be the site of the annual Fourth of July Fun Fair co-sponsored by the Sanford Lions Club and the Sanford-Seminole Jaycees Saturday starting at 2 p.m. A display of fireworks on the lakefront will climax the day's events at dusk.

Co-chairmen of the event will be Art Mackey of the Lions Club and Wade Hancock of the Jaycees. The Jaycees will be in charge of the games and the Lions will have the food concessions.

Scheduled for the afternoon at 3:30 will be a Father and Son Baseball Game with the Monks serving as umpires. At 4 p.m., a baseball game will be played between teams of the Sanford Little Major American and National League.

A barbecued chicken dinner will be served 4:30-6:30 p.m. at the Civic Center. Among the attractions to be featured are a dunking machine, hay rides, lingo, kiddie rides, and train rides.

At 8 p.m. there will be a drawing to determine the winner of the Model T dune buggy being given away by the Lions to benefit their Sight Conservation Fund.

A Teen Dance will be held 9 p.m. until 12 midnight with music by "The Chaparrals."

Appointees Announced

Two new appointees to the Seminole Junior College Board of Trustees will attend their first meeting since receiving their commission from Gov. Claude Kirk the night of July 7.

Dr. Michael Gutman of Sanford and Lawrence A. Ireen of Altamonte Springs were notified Saturday of their naming to the educational board and they will replace S. Joseph Davis of Sanford and H. Howard Altamonte Springs, whose terms expired today.

Davis was appointed to the college trustees in 1965 and has served continuously, just completing two consecutive terms as chairman.

Gov. Kirk, in making his appointments, passed over the names of Davis and Bert Hollingsworth which were submitted by county school board with recommendations.
