

Comment From The Sidelines

Swindell, Sanford's ace outfielder, would not be traded for the sake of DeLand's team.

Under a recent ruling handed down by Judge Branham, the minor league's Kennesaw Mountain League, a ball player cannot be traded unless that trade is recommended by the directors and the manager of the club.

Swindell topped the hitters in the Florida State League early in the season, but Joe Blistruf and Earl Bates have gone ahead of him on the latest tabulation prepared by Earl Blue, loop statistician, for games up to and including those of a week ago today.

Swindell, Blistruf and Bates are the only men on the team who have played in all games, though Doc Harden, pitcher, has been here all season but not playing in every game.

Three home runs have been batted out by Dave Swindell so far this season, together with six three-base hits. Morton and Anderson of Daytona, Buck and Dennis of Gainesville and Dennis of Palatka have each hit four circuit drives.

Sanford is at the bottom of the list in Blue's tabulation of club batting, and is fifth in club fielding. Daytona leads in batting and DeLand leads in fielding.

Judge Branham's decision in the Buddy Lake case seems to be somewhat contradictory. The Sanford Baseball Association did not want to pay for the pitcher because his arm was not in shape.

These statistics are reported from Miami, who had no better chance to get in his time, but figured out that the home runs are the only ones in the National League.

Judge Branham Says Sanford Must Pay For Lake; Jimmy Wright Declares Confidence In Lookouts

Secretary's Dope Is That Team Is As Good As Others

Says Directors Have Confidence In Both Team And Manager

"Directors of the Sanford Baseball Association have complete confidence in the Lookouts and Manager Stuffy McCrone."

"Every team gets into a slump at times, look at the big leagues, but we'll pull out. I have no fear of that, none whatsoever. Stuffy and all the boys are working together in fine shape, we have on the club some of the best men in the league, and take it all in all I am of the opinion that the Sanford club is as good as any in the circuit."

Wright said that the loss of three games last week because of the weather hurts the club financially and intimated that unless there is a good gate during the next few weeks there is a possibility that local fans will be deprived of the great American sport before the season is over.

Gets Five Homers, Scores Six Runs, All In One Game

ALEXANDRIA, La., June 2.—(AP)—"Dynamite Dan" Dunn has the range on the ball park fences in the Evangeline league.

The Alexandria first baseman has clouted the "ol' rock" out of parks all over the loop. In a recent game with St. Charles, in that city, he hit five home runs, four of which sailed over the fence 250 feet from home plate.

That was one of Dunn's busy days. He was up seven times, secured six hits and crossed home plate six times. He drove in 12 runs and played "jam up" ball all day.

Dunn is the property of the Detroit Americans and was slated to play this season with Beaumont in the Texas league. A flaw in his contract, however, prevented this.

Lookouts Playing On Home Field Today

The Sanford Lookouts are playing at home this afternoon, against the DeLand Reds, and play in DeLand tomorrow.

MEYER'S GRIN OF VICTORY

Weary but happy, Lee Meyer beams as friends congratulate him for winning the Indianapolis automobile race in the record-breaking time of four hours, 55 minutes. He covered the 500 miles at an average speed of 102.62 miles per hour.

Few Will Leave University Baseball Team This Season

GAINESVILLE, June 2.—University of Florida graduates only a few men from its 1935 baseball team and track squads and the outlook a year hence in these two sports is quite encouraging.

Among the letter-men in baseball only four finish this June, and only five of the track squad have completed their varsity careers. The graduating baseball men are: Captain Johnny Seay, center catcher, and three outfielders, Don Briggs, Wildwood, Buddy Mizell, Ferdinand, and Walter Carroll. Winter Haven. Of this quartet, Carroll, hitting .363, and Mizell, batting .305, ranked second and fourth respectively for the past season.

Alton Brown, Palatka, and Huston McClane, Gainesville, are the chief losses from the track and field squad. Both have set new university records in the shot and javelin throw, respectively. This year, and McClane is undefeated in two successive years of dual meet competition.

With the entire infield returning, and a coaching staff that should be both a blessing and a curse to the best team in Dixie, the "Gators" look out upon the most promising baseball prospects to several seasons.

Both Teams Tied In World Series Of Lions League

Seminole Beat The Pirates 9-8; Next Game Is Tomorrow

The "little world series" in the Lions League is again in a tie as a result of yesterday's victory by the Seminoles over the Pirates. The series score is now 2 and 2. The final and deciding game will be played on the Grammar School grounds tomorrow afternoon at 5 o'clock.

Yesterday's game was about the best of the series so far, as is shown by the final score of 9 to 8. The victorious Seminoles had seven earned runs, and the Pirates had three earned runs. Branham pitched for the Seminoles, and Cochran for the Pirates.

W. A. Ludwig umpired at the plate, Glen Lingle at first and John Meich at third base. In the last inning the Pirates had a man on first and another on third and with only one man gone it looked as though they were going to win the game and end the series then and there. But the next two men up, Farrell and Odham, were struck out by Billy Branham, Seminole pitcher.

Under a physician's care today, the result of being hit in the stomach during the game. Despite his injury, however, he pitched two more innings for his team after he was hit.

Who's Who Among The LOOKOUTS

Herbert Moses, "Sanford's own," was signed with the Lookouts at the beginning of the season, then under some misunderstanding he was let go, but he again been signed up as a member of the pitching staff.

Herb was born in New York nearly 19 years ago, but has lived in Sanford most of the time since he was a child. He attended the Sanford grammar schools and after finishing Junior High went to Georgia Military Academy when in grammar school, and has kept it up ever since, mostly as a pitcher.

He played basketball on Sanford Junior High and at Georgia Military Academy. He also made the rifle team at Georgia Military.

It's No Handicap For Georgia Star To Resemble Ty

Lee Gamble looks like Ty Cobb. Everybody tells him so as he chases flies around the Sally league for the Macon Peach.

Ball players are known to cherish a comparison with a baseball "great." They believe it is unlucky. But apparently Gamble's play isn't affected. His first year in pro ball—with Jeannette in the Penn State league—he hit .500 for the first 18 games and never dropped below .350.

Athletic Honors Won By New Smyrna Girl

WINTER PARK, June 2.—James Mobley, Sylvan, Ga., and Barbara N. Conner, New Smyrna, won prizes at Rollins College as the outstanding athletes of the year.

Miss Conner won election to six honorary co-ed sport teams during her career at Rollins. She placed on the basketball and hockey teams four years, volleyball and swimming teams two years, and riding team one year.

Czar's Findings Are Telegraphed Rejected Pitcher

But Dictator Rules Buddy Cannot Collect For Back Pay

Buddy Lake is still a member of the Sanford Lookouts, Judge H. W. Branham, czar of the minor leagues, has telegraphed him that that Sanford Baseball Club must pay the Albany, N. Y., Czar of the International League, the price agreed upon when Lake was signed by the Lookouts last Apr. 25.

Secretary Jimmy Wright of the association said that the association has not as yet been officially notified by Judge Branham of his ruling, though Pitcher Lake gave the secretary the telegram he had received from the baseball dictator.

While ruling that the Baseball Association must pay Albany for Lake, Judge Branham also holds that because the pitcher's arm was not in condition he cannot collect for back salary from the time he was released. He was released back to the Albany club, but the Branham ruling cancels that release and Lake remains a member of the Lookouts. He was not given an outright release, Secretary Wright said.

Army Defeated By New York Yankees

WEST POINT, N. Y., June 2.—(AP)—With Lefty Gomez and Tom Klineham competing to pitch four-hit ball, the New York Yankees defeated the Cadets yesterday, 6 to 2. The game was called at the end of the eighth by agreement.

Score by innings: Yankees—340 020 00—4 9 0 Army—200 000 00—2 4 1

Ida Lupino is planning a trail or trip into Mexico.

### Accident Campaign

The opening of the vacation and heavy summer motoring season has precipitated a crisis in the nation's five-year campaign to reduce automobile traffic deaths and casualties, says W. H. Cameron, managing director of the National Safety Council. Congested highways, strange roads and the ever-present high speeds and recklessness, he says, largely explain why the summer months are a critical period in any drive to control traffic accidents.

"Each year," said Cameron, "the nation has seemed helpless to arrest or reduce the monthly increase in highway accident tragedies that begins in April and reaches a peak in October. In 1935 the month of April saw 2,590 persons go to their deaths in traffic accidents on American streets and highways. In October, after a steady increase through the summer months, the total was 3,850."

Cameron used what he called "the splendid records of many cities in cutting down traffic accidents" to support his statement that the summer of 1936 will witness remarkable reductions in accidents and thousands of lives saved if automobile drivers, whether vacationing or driving to business, will religiously adopt "safe, sane, sensible" driving methods and courtesies.

The Safety Council director said the press and radio of the country are being urged to lead a mid-year "campaign within a campaign" for safe driving and walking during the summer and are responding with willing acceptance from coast to coast. Editors of newspapers in large cities and small cities, he continued, have consented to place still more emphasis on the careless causes of motoring accidents and the sad sequence of sorrow, suffering and expense that inevitably follows.

Cameron pleaded for the serious co-operation of both drivers and pedestrians through safe driving and walking to the end that "for the first time Americans not only will reverse the seasonal increase in traffic accidents which the law of average tells us already has begun, but make for themselves and others enormous savings in property losses and human waste."

Lending his bit to warning about summer driving dangers, R. L. Fornay, chief council statistician, said Saturday and Sunday will be the most hazardous days of the week for motorists and pedestrians. Each of those days, he added, recorded 18 per cent of the total accidents for the average week in 1935 that resulted in fatal injuries for one or more persons. Friday, he said, was only a little less dangerous and that average figures on 1935 traffic accident experience unmistakably point "an accusing finger of guilt at the week-end with its increased volume of traffic as the most dangerous part of the week."

### The Queen Mary

Here are some pertinent facts about Great Britain's new monarch of the seas, the Queen Mary, which has just completed successfully its premiere crossing of the Atlantic:

**OWNER**—Cunard White Star Line.  
**WEIGHT**—80,773 gross tons.  
**DIMENSIONS**—1,004 feet along waterline — the longest ship in the world along the waterline; 1,018 feet overall; 118 feet wide; 135 feet tall from keel to top of superstructure.  
**LAUNCHED**—By Queen Mary September 28, 1934.  
**MAIDEN SAILING**—May 27, 1935, from Southampton to New York.  
**SPEED**—Approximately 30 knots an hour.  
**SCHEDULED CROSSING TIME**—Four days from England to America.  
**MAIDEN VOYAGE SCHEDULED CROSSING TIME**—Approximately five days.  
**CAPACITY**—3,200 persons, including crew.  
**CLASSES OF ACCOMMODATION**—Cabin, tourist and third class.  
**DECK SPACE**—Twelve decks; main deck 750 feet long.

**ENGINES**—Single reduction geared turbines generating approximately 200,000 horsepower, supplied with steam from 27 oil-fed boilers.

**PROPULSION**—Four manganese bronze quadruple-bladed propellers, each weighing 85 tons, largest ever constructed.

**ELECTRICITY**—328 electric motors capable of developing 18,500 horsepower, supplying current through 325 miles of cable to all parts of ship.

**LIGHTING**—Thirty-thousand electric lamps including decorative and individual reading lamps.

**VENTILATION**—Electric thermostat regulation of temperature controlled according to the wishes of occupants in staterooms of all classes.

**SPORTS**—Sports deck 600 feet long with three deck tennis courts and ample space for other outdoor games. Two swimming pools, gymnasium, Turkish baths and every other accommodation for athletic activities and health requirements.

**RECREATION**—Three-deck main lounge room, theaters, movies, libraries, dancing grill rooms, ballrooms, bars, card rooms, smoking rooms.

**PUBLIC ROOMS**—Twenty-five public rooms for a variety of purposes, including main dining room, 15,700 square feet, or half an acre, is area, accommodating 314 passengers. This is the largest room afloat.

**COMMUNICATION SERVICES**—Private ship to shore telephone service offered to every part of the world. Also wireless telegraphy service and intership telephone communication with telephones in nearly all staterooms.

**WIRELESS APPARATUS**—Four complete radio transmitters each capable of acting independently of the other.

**SAFETY HULL**—"Double skin" throughout under-water portion of hull giving ship two hulls with intervening space of six feet containing a layer of 57 long watertight bulkheads and hundreds of smaller cellular watertight compartments.

**OTHER SAFETY FEATURES**—Each of four sets of engines and propellers independent of each other; double navigation instruments; double mainmast; double funnel; double funnels; double funnels; double funnels.

### FLORIDA HIGHLIGHTS

**DEMENS**, born in St. Petersburg, Russia, was forced to leave his country because of political intrigue, and eventually became engaged in business at Longwood, Florida. In 1885 he purchased the charter of the Orange Belt Railway, and with three associates immediately began construction, making the eastern terminus at Lake Munroe. After many discouragements and colossal financial difficulties the road was eventually completed to the Williams tract, what is now St. Petersburg, where in June, 1888, the first train arrived. Demens, however, was forced to sell out, and left Florida never to return and never to see the phenomenal growth of St. Petersburg of today.

**THE WHITE PRICKLY POPPY** is related to the Red Poppies of Europe and the Golden Poppies of the West, but unlike them has developed delicate spines that prick the hand attempting to pluck them. A strikingly handsome plant it is abundant in the neglected fields of Florida, and begins to bloom in early spring. It has large white flowers and gray-green leaves.

**THE FLORIDA JAY** which is closely related to the Blue Jay, is restricted entirely to Florida. The nests are loosely constructed with dry twigs lined with grass, usually built in scrub oak bushes. Occasionally a second brood is reared the same season.

### Rich Slav Starts A Mustache Hobby

**SRBORRAN**, Yugoslav, June 3.—(P)—Just as some persons collect coins, postage stamps or antiques, George Terlich gathers mustaches, new and old. He returned to his home town three years ago from the United States, where he prospered. He has no relatives here, and not much use for his money, so he

hit upon the hobby of mustache buying. When Terlich's mustache was with a pair of handbeavers to his liking, he starts negotiations

with the grower about shaving them off. Sometimes he shaves the bargain for as little as 100 dinars (\$2), but he paid 2,000 dinars (\$40) to Totac Gavranaki.

Hand, the Misses Clarice Hand, Vera Terhun, Helen and Alice Randall, Isabel Strong, Gussie Frank, and George Randall, George Armstrong, Fraser Armstrong, Beecher Kent, Harry Walker, and the Misses Packard. Mr. and Mrs. P. Bandy announce the birth of a little daughter, Friday, May 28, 1916. Mrs. J. D. Davison will have as her guest for several days this week, Miss Bernice Clarke of Palatka.

Ann Rutherford, 17-year-old go-tress, bought used bricks and cleaned them herself to build a path fireplace at her Gucino home.

**BEST Fountain DRINKS**

### Stratosphere Balloon Talks To Operators

**HELSINGFORS, Finland, June 2.**—(P)—A new type stratosphere balloon, little more than a yard in diameter, promises to make possible observations higher above the earth, even in unpopulated regions like the polar north.

The balloon, carrying an apparatus which automatically telegraphs air pressure and temperature at regular intervals, reached a height of almost 12 miles in a test flight here.

Hailed as an innovation in stratospheric exploration, the new apparatus weighs less than 10 pounds, including the sending equipment.

The equipment, invented by Dr. Vilho Vaisala, comprises two balloons, one inside the other. The outer one contains a thermometer, an aneroid barometer and a small radio transmitter. The inner balloon is filled with a small storage battery. Recovery of the balloons is not necessary in the success of the experiment as the findings are telegraphed as they are sent.

The Finnish Geographical Association intends to send a study expedition of Finland this year to make comparative observations in the stratosphere with Dr. Vaisala's balloons.

### Smoke Screen Ore Is Bringing Prosperity To The Malay States

**SINGAPORE, June 2.**—(P)—World-wide demand for tin ore, the mineral from which is refined into tin, has brought a new prosperity to the Malay States. In 1935, nearly 1,200 tons were sent out to the States of the Malay Peninsula.

Minerals is the main constituent of tin ore, a by-product of the tin mines. Large quantities also are found in India, where it is reported, production has declined in the past year.

### INDISPENSABLE SERVICE

Every industrial and commercial activity, every public or private financial transaction occurring in this community creates impulses that pass in one form or another through a bank.

They give rise to deposits of money, making of checks, bills of exchange to finance trade, distribution of pay rolls, payment of bills, maintenance of funds, accumulation of savings, borrowing of money. These are indispensable activities by which people carry forward their financial affairs.

In a sense, that is true of no other form of enterprise, each bank belongs to—and is, an essential part of the whole business life of the community.

The Sanford Atlantic National Bank pledges its continued efforts along these lines toward the progress of the community which it serves.

### The Sanford Atlantic National Bank

Sound Protection and Friendly Co-operation in all Financial Matters

### BULLETINS FOR BRIDES

Unless this year is very different from other years, grocers' sales of rice will pick up during the next few weeks. Church organists will suffer from fatigue. Tin cans will make people nervous. Bills. And a great many more things will happen. Starry-eyed from the smoke of the stove, the bride-to-be should find it well to read these bulletins.

They have so many things to do, so many things to think about, so many things to worry about, so many things to do, so many things to think about, so many things to worry about, so many things to do, so many things to think about, so many things to worry about.

Fortunately, for the bride-to-be, there are many things to do, so many things to think about, so many things to worry about, so many things to do, so many things to think about, so many things to worry about.

# Rain Doubles Up Double-Headers On Doubtful Lookouts

## Pluvius Gains Sol And Fifth Game Is Washout

### Game Fight Through Enough Innings 10 Have Rain Checks

Another rain, another washout and another double-header for the Lookouts to play off this time before the season begins.

Yesterday's game on Sanford against the DeLand Reds, finally got through four and a half innings, just enough to get the contest through the rain and a decision, but the game was made in the first and a half that were played. The fifth inning decision might have been a tie.

Warden pitched for the locals and allowed three hits before the game was called, but the Lookouts had been unable to score. Bunch, Red hurler.

The Lookouts will have to play two double-headers during the season—two with the G-Men of Gainesville, two with the Azaleas of Palatka and one with the Reds of DeLand, all rained out.

There have been rained out games in other towns on the Florida State League circuit, but as many as those in which the Lookouts were scheduled to play. All of these will have to be played off to double headers.

Today's game is to be between the Lookouts and the Reds in DeLand and tomorrow the Lookouts go to Daytona Beach for a game with the Islanders.

## BUDGE WINS IN DAVIS CUP PLAY—ALLISON BEATEN

Donald Budge, America's only hope in Davis cup tennis play, is shown in the background of picture at the right during his singles match with Jack Crawford, the Australian, on the opening day of the American zone series at Philadelphia. Budge came through with a stirring five-set triumph to give the United States an even break against Australia. Adrian Quiet (left in picture at the left), the Australian, and Wilmer Allison of the United States team are shown before beginning their match which Quiet won. (Associated Press Photos)

## Dean Pitching Puts Cards Out In Front

ST. LOUIS, June 2. (AP)—The St. Louis Cardinals pulled three full games out in front of the National League pack yesterday by trouncing the Brooklyn Dodgers, 5 to 4, behind Paul Dean's tight pitching, while the second-place New York Giants were idle.

A wild ninth inning, in which the Dodgers rallied and clubbed Dean from the mound after he had held them helpless for the first eight frames, ended with the Brooklyn scoring three runs and just falling to tie the count.

## HE'S A CLICKER

LOUISVILLE, June 2. (AP)—Dr. Theodore W. Singer, Civil and Spanish-American war veteran, is clicking along as a race-track "clicker" in his 101st year. A "clicker," he explains, is one who makes case studies of long shot pari-mutuel tickets at Churchill Downs.

## SALES TAX PRODUCES COLUMBUS, O. JUNE 3. (AP)

Ohio's 5 percent retail sales tax produced \$13,879,273.73 in the first three months of 1936. Schools and local governments receive the bulk of the income.

## Saints Defeated By Azaleas In A 12-Inning Game

### Sparkman Fans Eight And Palatka Goes Into Second Place

ST. AUGUSTINE, June 2.—Joe Sparkman limited the Saints to five hits here yesterday as the Azaleas rallied in the twelfth to cop a thrilling 4 to 2 overtime Florida State League contest from St. Augustine here.

Held to six scattered hits by young Carl Weigel, the St. Augustine ace righthander, the Azaleas went into sole possession of second place by bunching four hits in the twelfth to break a 2-2 all deadlock with a two-run spree.

Sparkman fanned eight Saints while Weigel walked eight men to keep himself in trouble.

The Saints broke a 1-1 tie in the eighth when three hits tallied a run but the Palatka nine came back on Guerra's double to again knot the score in the ninth. Skinny McGowan collected a double and a single for St. Augustine while Guerra and Emerson lead the Azaleas attack with two hits each.

Palatka 010 000 001 002—4  
St. Augustine 000 100 010 000—2

## Who's Who Among The LOOKOUTS

Frank Boris, new outfielder who sometimes plays first base, says he is a Pole, but his height is only 5 feet, 10 inches. He weighs 160, four pounds less than when he came to Sanford, and is 19 years of age. His home is Hartford, Conn., where he was graduated from high school and then attended a trade school.

Frank's baseball career was begun on a Legion Junior League team, the Hartford team, in which he played for into the semi-finals that year, but was defeated by Springfield, Mass. He played on Legion and high school teams for four years, and then got into professional ball last year with the Greensburg, Pa., team of the Penn State League. Picked up by a scout for the St. Louis Cardinals, he was sent to the training camp at Daytona Beach this year, then went to Palatka for a couple of weeks, and then to Sanford on May 19 in trade for McNally who was returned when the Buddy Lake deal blew up. He played right field for the Lookouts in the 17-inning game a week ago.

While playing high school ball in 1933 Frank was chosen on the scholastic team, and led the Legion hitters with a percentage of .670. He batted around .350 while with Daytona.

## New Pitcher Here And May Hurl For Tomorrow's Game

### Lookouts Also Sign New Outfielder; 2 Players On Bench

John Krider, new pitcher signed by the Lookouts several days ago, arrived yesterday from Wilkesbarre, Pa., and took part in the rained-out game with DeLand here in the afternoon. Manager Stuffy McCrory said he would probably send Krider to the mound in tomorrow's game against the Islanders in Daytona.

The Lookouts have also signed a new outfielder, John Tinker of Savannah. He played center field in yesterday's contest.

Two of the strong men on the Sanford team are on the bench temporarily (at least it is hoped they will be laid aside only temporarily). They are Dave Swindell, laid up with a charley-horse, and Gardner Barnes who has a sore shoulder.

## G-Men Downed By Junior Golfers Beach Islanders Of State Meet By 5 To 2 Score

GAINESVILLE, June 2.—Scoring four runs in the fifth inning, the league leading Daytona Beach Islanders defeated the Gainesville G-Men, 5-2, here yesterday.

The Islanders started the scoring in the first inning when they tallied once on an error in the outfield good for two bases and a single by Manager Anderson. Their four-run spree in the fifth inning came on four hits, two of them doubles, and a base on balls.

Gornicki, the starting hurler for the Daytona Beach team, pitched two-hit ball until the sixth inning when the G-Men got to him for one run on a double and a single. He was driven from the mound in the seventh after two doubles, had been blasted to right field, Fudgett and Adair poling out the blows, one run scoring.

Moose Fralick, who succeeded Gornicki on the hillock, held the Gainesville nine to one hit during his stay on the mound. He struck out five and issued two free passes. Three of the strikeouts gained by Fralick came in the eighth frame when he fanned Pfeiffer and Plesh Hitters Henderson and Smith.

Padgett, the Gainesville pitcher, hurled the entire game growing stronger as the end approached. He fanned five of the league leading Islanders. Daytona Beach 100 040 000—5  
Gainesville 000 001 100—2

## Lewis, 44, Wants One More Crack At Wrestling Title

CHATTANOOGA, Tenn., June 3. (AP)—Ed (Strangler) Lewis wants one more crack at the heavy weight wrestling title.

The 44-year-old matman disclosed that is his ambition after finishing off young Karl Davis in a match here.

He has worn the crown five times in his 24-year wrestling career, but that makes no difference to him.

"I want it again," he said. "I am old for the game. I'm not kidding myself about that, but I have experience and have kept in shape." Lewis still effectively uses his famous strangling hold in his matches around the "ham-and-eggs" circuit.

## IT'S HER LUCKY NUMBER CHILICOTHE, June 2. (AP)

Shel Temple has 12 letters in her name. She was born Apr. 11 to Mr. and Mrs. Marshall Temple. She weighed 11 pounds. Her first child was born Dec. 11; Hazel was their 11th.

## Ten Nominated In Tuesday's Primary By Majority Votes

Eight contests for county offices to be decided in run-off vote June 23. Close races in some contests. One candidate gets in second primary by only one vote.

Ten candidates for legislative and county offices were nominated by majority votes in Tuesday's primary, but it will take the second primary on June 23 to decide the nominees of the party for other offices. In many races the contests were close, and in one case the second high man gets into the run-off by the narrow margin of one vote, on the face of unofficial returns.

## Pettway And Sharon High In Seminole Vote

High Man For Governor Gets 778, 6th In Congress Race Polls 1772 Votes

Raleigh W. Pettway of Tampa, leading through the state a field of 14 candidates for governor, was also high man in the Seminole County vote for that office, and Judge Jas. C. Sharon of Sanford, sixth in the race for Congress, received the high complimentary vote in his home county of 1,722. The Pettway vote in Seminole was 778.

## National Guard Officers To Meet Here June 13-14

100 Are Expected To Form Organization Of New State Group

The first, or organization, meeting of the Florida National Guard Association has definitely been awarded to Sanford, and will be held here on June 13 and 14. Sessions will be conducted at the Mayfair Hotel.

## Chinese May Join To Fight Against Jap 'Aggression'

SHANGHAI, June 4.—(AP)—Emigrants of the Chinese Canton government sped northward today, official sources declared, to discuss with Nanking officials proposals for a united Chinese front against "Japanese aggression."

## Bank Bandits' Auto Is Found In Florida

FOLEY, Ala., June 4.—(AP)—The abandoned automobile of three bandits who Tuesday led up and robbed the Farmers and Merchants Bank here of \$7,500, was found here yesterday by officers near Cantonment, Fla., according to a report received here from Sheriff H. E. Gandy of Escambia county, Florida.
