

DR. HENRY EDWARD RUSSELL

### Presbyterians Will Hear Dr. Russell Tuesday Evening

On Tuesday, at 6:45 P.M., a covered dish supper will be enjoyed by the membership of the First Presbyterian Church. Dr. Russell will speak on "The Church's Program of World Missions." Dr. Russell has served as minister of Trinity Presbyterian Church, Montgomery, Alabama. Dr. Russell came to Alabama after serving pastorates in Georgia in McDonough, Atlanta and LaGrange. Dr. Russell has spoken often at Youth Conferences and student gatherings and has served as Chairman of the Student Work Committee of the Synod of Alabama. He has served as Moderator of the Synod of Alabama. He also serves on the Board of World Missions of the Presbyterian Church of the United States and on the Board of Managers of Church World Services of the National Council of Churches of Christ in America.

Dr. Russell is the son of the late Chief Justice and the late Mrs. Richard B. Russell, of Georgia. He is the thirteenth of their fifteen children. He is a brother of Senator Richard B. Russell and the late Judge Robert L. Russell of the U.S. Circuit Court of Appeals. He has other brothers and sisters who are prominent in their respective fields of service. Dr. Russell married Ala. Jo Anna Brewster of Vidalia, Georgia, and they have five children. Dr. Russell has traveled extensively and has reported his travels for newspapers and other periodical publications. These travels included a prolonged trip through South America which was reported in the Atlanta Constitution. Later a similar visit was made to Mexico. In 1952 Dr. Russell traveled on a tour to the Holy Land and Europe. In the summer of 1954 a tour was made to Europe which included Italy, Austria, Germany and the Scandinavian countries and featured a trip beyond the Arctic Circle into the Land of the Midnight Sun. This trip, as well as the one in 1952, was reported in the Montgomery Advertiser. Dr. Russell has used the experiences of these trips for numerous speaking engagements and has written for other publications. He is a co-author of "Studies in Georgia History and Government" and has been a contributor to various church papers.

In 1954 Dr. Russell went on a preaching mission to the personnel of the Northeast Air Command of the United States Air Force in Newfoundland and Greenland and reported this journey in the Article in a series of ten articles in the Alabama Journal.

"Every family is urged to come, bring a covered dish and enjoy the evening together," the church official said.

### Life's Common Adventures Series Continues Sunday

The Rev. H. Wyatt, pastor of First Methodist Church, will continue his series of sermons on Life's common adventures at the 11:00 a.m. service Sunday, Feb. 10.

His topic this week is "Birth." The following weeks he will talk on "Work" and "Death."

Troop 34 of the Boy Scouts of America will sit in a body in recognition of Universal Scout Week.

Now directed by W. W. Tyne and the Cub Scouts by Ted Williams who is assisted by Woodrow Cash. The Church is proud of the fine work being done

### Southern Bell Paid \$315,000 In Suit

The Communications Workers of America Union has paid Southern Bell Telephone Company \$315,000 for physical damage inflicted on the Company's facilities.

Payment by the Union was the outgrowth of a damage suit filed in 1955 by the Company. An agreement to this effect was reached by Company and CWA attorneys, Southern Bell Group Manager Gordon Rothermel announced here.

However, Rothermel pointed out "none of the damage to the company's property was done in the Sanford area."

In the suit filed May 31, 1955, in the Davidson County, Tenn., (Nashville) Circuit Court, Southern Bell charged the Union with "a pattern of violence" designed to destroy telephone facilities and interfere with Communication service to the public in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, and Tennessee.

The suit, seeking \$5,000,000 for punitive as well as actual damages, alleged that the Union, its members and others joined an "unlawful combination and conspiracy" to damage property. The suit said the Union "embarked on a program of wanton, willful and malicious misconduct and property damage," including the use of dynamite, fire arms and cable cuttings.

In a separate action growing out of strike violence, the CWA recently agreed to accept without further hearings an order by the National Labor Relations Board against the International Union and 27 of its locals for unfair labor practices during the 1955 strike. Subsequently the NLRB issued such an order (on January 28, 1957). The matter was consummated this morning when an order dismissing the case was entered in Davidson County Circuit Court following agreement between the parties.

### Triple Trio Will Sing At Methodist Church Sunday

The Triple Trio of the Seminole High School Girls' Glee Club will offer two sacred numbers at the Sunday evening worship service at the First Methodist Church: "I'll Walk With God" by Brodsky and "The Great Awakening" by Harold Barlow.

The popular group well-known for the excellence of its singing, its first soprano—Pat Harrington, Penny Marian and Kay Jenkins. Second sopranos are Carol Nutt, Sylvia Price and Lois Barneau while the three altos are Ann Davit, Marcia Loecheit and Juanita Wynne. Nancy Cash is the accompanist with Miss Reese Whittle, director of both the boys and girls glee clubs, in charge.

The service which is broadcast over WTRR, begins at 7:30 p.m. A program of organ music by Mrs. Albert Hickson precedes the service, starting at 7:15 o'clock.

### Jan. 31 Deadline For Farm Owners To File Report

Have you paid as much as \$100 to a farm hand during 1956?

Farm operators who have paid as much as \$100 in cash wages to any farm employee in 1956 should file an employer's tax information return for agricultural employees, J. H. Donaldson, group supervisor of the Internal Revenue Service, announced today. This tax return must be filed with the District Director of Internal Revenue at Jacksonville, accompanied by payment of the social security tax.

Deadline for filing this annual report of wages paid for agricultural labor was Jan. 31, 1957. The return must show the name, social security number, and wages paid every employee whose cash wages amounted to \$100 or more.

Tax return forms are mailed out about Jan. 1 to those who have previously registered with the District Director as agricultural employers. Farmers who must make these tax returns and have not yet written for the proper forms, should write immediately to the District Director of Internal Revenue at Jacksonville in order to be sure of getting the report filed before the deadline.

by the boy scouts and their leaders, it was said.

### 154th Battalion Finishes Operation Crossroads Sunday

By SFC. JOHN G. KRIDER JR.

Despite the fact they are currently being called "Draft Dodgers," Co. "B", 154th Armored Infantry Battalion completed "Operation Crossroads" during their field day near Lake Mary Sunday, Feb. 8.

Target for the day was "Frank Evans" crossroad, the old railroad grade. Immediately upon arrival, men of the company went to their assigned posts. Due to the fact the 81 mm. Mortars are high-angle, support weapons they were displaced to the rear of the area, while the main body of the company moved into their attack positions. To make the problem a little more realistic an aggressor force was used. The maneuvers lasted two hours. The company is equipped with portable radios, and were used extensively during this maneuver.

Public Information Sergeant John Krider Jr. says the 21 ton armored infantry vehicle created a great deal of interest in route to and from the area.

Capt. Bryant, the commanding officer, wishes to convey his thanks to Frank Evans for the use of his land for this training.

### Methodists Will Hear Gideon Speaker Sunday

Ralph Maloon, president of Correct Craft Boat Co. of Orlando will be guest speaker Sunday, Feb. 10, at the 7:30 p.m. service at First Methodist Church.

Serving as a non-sectarian extension of the arm of the Church, The Gideons International, composed of Christian businessmen, is carrying out a broad ministry which no single denomination could undertake.

In the past year they have distributed 1800 Testaments and 30 Bibles in the Sanford area. They have placed 80 Testaments in hospitals and 15 Bibles in motels.

The fact that they are non-denominational gives them access to almost all institutions. They give freely of their time and money and enjoy the good will of the public, it was said. Their cause is liberally supported by the Church.

### Legion Sponsors Weekly Dances

ALTA MONTE SPRINGS—American Legion Old Glory Post NO. 182 is sponsoring weekly Friday night dances at the Post home on the shores of Prairie Lake, with dancing from 8 to 12. Music is furnished by the Rayburn Brothers and the Crazy Mountaineers for both round and square dancing.

The public is invited to participate in this Legion benefit.

SCREEN ACTRESS Elizabeth Taylor and producer Mike Todd share a stubba by a pool in Acapulco, Mexico, at their honeymoon home. The estate, owned by former Mexican president Miguel Aleman, is surrounded by a screen of armed troops to assure privacy for the couple. Todd, 34, and his bride, 24, both on their third marital venture, vowed that this was "the last."

The Blair Groves were brought by Mr. and Mrs. Randall Chase. Boquets of flowers from various organizations, including the Seminole County Historical Society and a huge bouquet of roses from the Catholic Women's Club surrounded the room made ready for her visit.

Mrs. F. E. Roumillat, who brought Mrs. Dow to the Mayfair Inn, presented Mrs. Dow with a valentine box of chocolates. Mrs. Dow said "This is the first valentine I've had in a long, long time."

"I'd never dreamed of anything like this," exclaimed General Henry Shelton Sanford's daughter as she looked again and again at the gifts, flowers and fruit assembled for her.

"Everything is so lovely," said Mrs. Dow, "it makes me feel youthful again."

Rosa Mills, Mrs. Dow's personal maid, was quick to say that "I've stayed with Mrs. Dow for 18 years and I've been maid, nurse doctor and everything during those years."

Mrs. Dow showed every sign of appreciation for all that had been arranged for her on this, her first visit to Sanford since 1941. She is 87 years old and gets around sprightly except that she must use the wheelchair when standing for any length of time.

Dedication of the General Sanford Memorial Library will be held at 4 o'clock this afternoon in Fort Mellon Park when the building will be thrown open for the first time to the public.

Three Negroes were taken to Seminole Memorial Hospital. James Williams, James Davenport, and Walter Brown. Extent of their injuries are not known.

Florida Highway Patrolman L. F. Coffman, who investigated both accidents, has charged Brown with improper drivers license and not having his car under control. FHP Trooper T. Mark Mack assisted in the investigation of the SR 46 accident.

### TUNE STIRS THEFT

SAN PEDRO, Calif. (AP)—A man yelled, "I can't stand that guy," Thursday, fired two shots into a juke box playing an Elvis Presley record and then robbed the coins from the box.

It is expected that a huge crowd will be on hand to witness and hear the dedication.

Grounds surrounding the new library building have been beautified by the Sanford Garden Club using pink camellias as a setting. It was at the request of Mrs. Dow that these flowers were used.

penes of gas, oil, small fire fighting equipment and minor repairs.

The pump which is being used at this time, is one purchased from the city of Winter Park 15 years ago, and needs replacing. Three years ago the pump was mounted on a new chassis, but is badly worn and should be replaced for better fire protection.

In order to raise some of the needed money for the 1957 budget, Bates has announced that a chicken barbecue dinner is being planned for Saturday, Feb. 9, from 5 to 7 p. m. These dinners have proven a big success with the residents of the town, and have been the means of paying for all the upkeep of the fire fighting equipment, along with the donations from the civic minded townspeople.

At the last meeting of the Town Council, an ordinance was read and unanimously accepted for a second reading, to place a five per cent tax on the utilities. Some portion of this tax, if accepted, will be used to help maintain the fire department.

POLICE GIVE UP COLUMBUS, Ohio (AP)—The Police Department yielded Thursday under pressure of a spelling lesson by Austin Besancon, principal of Columbus' East High School. Embarrassed officials rushed to remove signs from in front of the school when Besancon told them they had the word "yield" in signs reading "yield to pedestrians" spelled "yeldi."

omic life is at stake." "It's more than just building roads," he said, "and I don't believe that Seminole County can stand the loss."

He emphasized, "I don't want to be looked on as a minority or an oppositionist for an economist can tell you to the dollar what will be taken out of our county with the federal bypass."

Others at the meeting agreed with Wright and expressed their belief that such a highway will take vital traffic away from the City of Sanford and from the county.

However, Chamber of Commerce Manager John Krider said that "good highways throughout the county which will join county seats and other communities, are important right now."

"A causeway across the St. Johns and Lake Monroe, joining 17-92 which should also be four-laned will do us more good than anything else," he said.

Mayor David Gatchel said, "Our efforts should be directed toward the four-laning and building of 17-92."

J. Bralley Odham, chairman of the Long Range Highway Planning Committee said "Federal Highway 104 will not eliminate the four-laning of 17-92."

contact for the four-laning of the highway will be let before May —on a matter of fact, we're looking for an April letting."

Relative to State Road 18, County Attorney Mack N. Cleveland Jr. advised the Long Range Highway planning Committee that "there is a little bit more rights of way to be obtained."

Chairman Bralley Odham asked "Have we asked for a municipal section from Bearshak, Ave. on in?"

County Engineer Hagan commented "We'll be out of luck if we attempt to do that now for the plans would have to be revised."

The committee requested that the Board of Seminole County Commissioners determine from the State Road Department minimum right of way needs for a modern municipal section on State Road 46 from Mellonville to French Aves.

A route to be followed by State Road 46 from French Ave. west was discussed at length.

Mayor David Gatchel proposed that the route continue out 25th St. to join 20th St. and then continue through Loch Arbor and then join the present route near Wilson Corner.

Odham suggested that "We plan our program to be submitted at the coming budget hearing."

## Hammar skjold Seeks New Advice In Dealing With Mid-East Conflict

UNITED NATIONS, N.Y. (UP)—Secretary-General Dag Hammar skjold today asked the United Nations General Assembly for new instructions in dealing with the Israeli-Egyptian deadlock in the Middle East.

He informed the assembly in a new report published this morning that Egypt has reaffirmed "its intent to observe fully" the provisions of the 1949 armistice agreement which outlaws "hostile or warlike acts" by either Egyptian or Israeli forces.

He pointed out that the assembly could recommend "collective measures"—the sanctions demanded by the Arab countries—but that such a recommendation would not be compulsory upon U.N. members.

The action came as the United States made a strong new appeal to Israel to remove her troops from Egyptian territory without delay.

Hammar skjold warned that in taking sanctions against Israel, "while supporting efforts to achieve peaceful solutions, may perhaps, on the other hand, be introducing new elements of conflict."

The assembly was expected to meet Wednesday to consider Hammar skjold's report and resume its Middle East debate. There was an outside possibility it might be summoned Tuesday.

## Forest Fire Early Sunday Morning Closes Highway

There have been 302 acres of woodlands burned in Seminole County since the first of the year (23 wild fires, according to Wilbur Tyner, ranger for the Longwood-Sanford area.

"Most of these fires have been caused by careless burning of trash around homes," Tyner said. "In addition, six of the fires were intentionally set along roads, three were caused by railroads, and three of them were set for unknown reasons," he said.

A forest fire near State Road 40 west of Sanford last night caused the highway to be closed early Sunday morning. Smoke and fire caused visibility to be about three feet according to the Florida Highway Patrol. FHP officers were called in to move traffic by foot out of the dense smog that halted traffic for a number of hours.

According to one FHP officer there were four accidents during the period of from midnight to 8 a. m. Sunday morning.

It was reported by one motorist in the area who was forced to pull over from the highway that a person standing could not see his feet on the highway, the smog was so thick and dense.

Another forest fire in the O. Green area Sunday afternoon caused a pall of smoke to hang over the area in Volusia county. Billows of smoke could be seen from Lake Mary coming up from the Otter fire.

The Florida Forest Service yesterday warned the public to be extremely careful in the burning.

## Jaycees Launch Drive To Rid Area Of Blind Corners

The Seminole County Jaycees have announced the formation of a Safety committee which will launch an all-out campaign to rid the Sanford area of blind corners—corners or intersections where the vision of motorists is obstructed by shrubbery or other objects.

In making this announcement it was stated that the Jaycees hope to have the cooperation of all property owners where such hazardous conditions exist.

The Jaycees are requesting that all persons knowing of any blind corners, contact the Tourist Information Booth by phoning 1372 and the location will be marked on a map especially designated for this project. After these locations have been pinpointed, letters will be sent out to the property owners asking their cooperation in removing or trimming the obstruction.

The Jaycees, in launching this drive, hope to make the streets of Sanford safer for all.

### County TB, Health Assn. Seeks Seal Drive Contributions

In a plea for contributions to the Christmas Seal campaign, Don Fletcher, Seal Sale Chairman said "Money derived from the annual sale of Christmas Seals is the only source of income supporting the entire program of the Seminole County Tuberculosis and Health Association."

He said, "If, in the rush of the holiday season, you failed to send your contribution, won't you please do it now."

We need your contribution so that we can begin to plan our program for next year, said Fletcher, and pointed out that already this year "2150 free chest x-rays were given in Seminole County to help safeguard you and your family from tuberculosis."

Fletcher commented, in his plea for more contributions "your contribution may prevent someone, maybe you, from catching tuberculosis."

As a result of the 1956 Christmas Seal campaign, 8,652 letters were mailed out on Nov. 15. Of these, 2,760 letters were received with money with a total income of \$6,536.32.

The Seal Sale Chairman said "Christmas Seal dollars work year 'round" to detect you. They promote chest x-rays, tuberculosis education, patient service and rehabilitation."

Five churches were broken into and ransacked early this morning by two youths, one 15 the other 16.

The two boys, both from Lawton, Okla., broke their way into the U.S.O. First Methodist Church, First Baptist Church, Holy Cross Episcopal Church and All Souls Catholic Church. They were breaking into the First Presbyterian Church when the older of the two severely cut his right arm on glass.

Both boys admitted the breaking and entering of the churches.

## State Secretary Speaks At Lions Club Meeting

By MRS. RAYMOND MORRIS CASSEBERRY — Tom Kirkham, State Secretary of the Florida Lions, was guest speaker at the Casselberry Lions Club meeting Thursday night. Kirkham, widely known for his gift as an entertainer, amused the club members with humorous jokes and anecdotes.

After the business of the evening, Lion Bud Fisher gave a report to the club on the improving condition of Lion Raymond Morris. Morris suffered a severe heart attack Jan. 10th and has been confined to the Florida Sanitarium since that time, but is on the convalescence list now.

Lion Paul McClure, stated that the next meeting, Feb. 24 will be a business meeting.

## Follies Is 'Complete Success'

By J. MARION HARMAN Sr. — A million laughs, thousands of rounds of applause, an observing and grateful audience, plus a big job well done would be one way to summarize Friday and Saturday night performances of "High Fever Follies."

No doubt that honors for the top performances of the show go to Mrs. Elizabeth Mathews for her solo work. Mrs. Camilla Bruce for her part in Follow the Fold, and to the Rockettes for their precision work in the chorus line.

In addition, however, it must be added that every part in the more than two-hour show was done superbly. Credit should go to every member of the cast of more than 100 and to those who added the helping hand shifting the scenery and props, the make-up, the costuming, and the on set calls.

From the very start "High Fever Follies" proved to be the entertainment highlight of many a year as local civic leaders, Navy personnel, and all hands gathered together night after night for rehearsals in order to turn out a "top performance" during the two night stand.

In two acts with 12 scenes each, appearances of each performer and of each group were immediate to keep the show rolling through its entire length. No lag, no "dumps" and no long waits between scenes kept the audience laughing from one set to the other and applauding just as long.

The Frankie and Johnnie scene in the second act of High Fever Follies was magnificently carried out with Spook Hook taking top honors for the performance.

Each one of the more than 100 members of the cast deserves high praise for the part he or she played in making High Fever Follies a complete success.

Mrs. A. W. Epps Sr. president of the Women's Auxiliary of Seminole Memorial Hospital said this morning "High Fever Follies, benefitting Seminole Memorial Hospital, was a complete success. "The Auxiliary netted \$3,745 after all expenses had been paid, which is well over our goal. This (Continued on Page 3)

## General's Relatives Present

"I can't express my joy in being with you today," Mrs. Carola Dow, daughter of General Henry Shelton Sanford, founder of Sanford, said Friday at the dedication of the General Henry Shelton Sanford Memorial Library.

With Mrs. Dow for the dedication were the grandchildren and a nephew, Stephen Sanford and his wife, Gifford Cochran and his wife, and Mrs. Mario Panza were seated just behind Mrs. Dow throughout the dedication.

Mrs. Dow, just prior to presenting Mayor David Gatchel with the key to the library, said "It seemed impossible to stay away. I sometimes think my mother and father helped me to be here."

As the key was presented Mrs. Dow said "I hope this library will be a joy to all of you, not only to you but to your children, and children's children."

"I think the pictures of the family will bring their own inspiration," said Mrs. Dow.

Then she explained "I want to thank you from the bottom of my heart—when I came to my room it was a bower of flowers—everything was wonderful."

Gen. J. C. Hutchison, chairman of the General Henry Shelton Sanford Memorial Library and Museum Committee introduced speakers and guests.

Gen Hutchison said particularly, as he spoke of Mrs. Dow, "We know she looks forward to the completion of this little library with wings on either side to house other treasures she has prouided."

Dr. A. J. Hanna, vice president of Rollins College spoke of the history of Seminole County as "in the 1870's the forerunners of Florida as the new frontier of our country."

Others introduced at Friday's dedication were Mrs. A. B. Key, President of the Sally Harrison Chapter, D.A.R., Mrs. Edward Everett Adams, State Regent of the D.A.R., Mrs. Jackson E. Stewart, vice regent, and Mrs. F. E. Roumillat.

## City Commission Faces 12-Item Agenda Tonight

A 12-item agenda faces the Board of Sanford City Commissioners at their meeting which is headed by a public hearing in regards to Eduardo DePalma of the Orange Improvement Co. Inc. and relative to the renewing of a license for the company to operate in Sanford.

Second item on the agenda will bring a resolution before the Board of Commissioners relative to the Sanford National Guard Unit for approval.

A request has been made to relocate George's Tavern and discussion of approval for the request will be held.

Also to be considered is a request of the Seminole County Parent Teacher Association.

Another request to come before the Board will come from the Atlantic Coast Line Railroad to vacate West 10th St. east of Poplar Ave. to the railroad tracks.

Sanford Manufacturing Company, whose new building is being constructed on West First St. has asked for the privilege of exercising its option on property north of its present site.

A request has also been made by Stafford Boat Works on Seminole Blvd. relative to property south of its present site.

Francisco discussions surrounding the Sanford Gas Company will come before the Board of Sanford City Commissioners.

Three other items appearing on the agenda are discussions of a hospital bill, and ordinance adopting the Revised Fire Code, and a report on two traffic lights requested for street intersections.

It is expected that tonight's meeting will be a lengthy one in comparison with other meetings of the board.

Miscellaneous business from the floor and from members of the commission will also be heard.

## Local Red Cross Workers Called For Disaster Work

Local headquarters, American Red Cross, have been notified that two representatives from this area have been called out to the field for disaster work.

Allen G. Scarborough, field director, N.A.S. Sanford, has been called to the European Theatre—Austria—for emergency service in connection with Hungarian relief.

Donald Doyle, field representative this area, has been assigned to the flood disaster area of Kentucky, Virginia and West Virginia.

## County TB, Health Assn. Seeks Seal Drive Contributions

In a plea for contributions to the Christmas Seal campaign, Don Fletcher, Seal Sale Chairman said "Money derived from the annual sale of Christmas Seals is the only source of income supporting the entire program of the Seminole County Tuberculosis and Health Association."

He said, "If, in the rush of the holiday season, you failed to send your contribution, won't you please do it now."

We need your contribution so that we can begin to plan our program for next year, said Fletcher, and pointed out that already this year "2150 free chest x-rays were given in Seminole County to help safeguard you and your family from tuberculosis."

Fletcher commented, in his plea for more contributions "your contribution may prevent someone, maybe you, from catching tuberculosis."

As a result of the 1956 Christmas Seal campaign, 8,652 letters were mailed out on Nov. 15. Of these, 2,760 letters were received with money with a total income of \$6,536.32.

The Seal Sale Chairman said "Christmas Seal dollars work year 'round" to detect you. They promote chest x-rays, tuberculosis education, patient service and rehabilitation."

## 'Shine Confiscated In Midway Home

Nearly a gallon and a half of moonshine whiskey was confiscated last night in Midway when Deputy Sheriff Morgan McClelland and Constable J. Q. "Slim" Galloway searched a home on Center St.

Rosa Lee Faulkner, 46, has been charged with possession of moonshine whiskey, according to records in Sheriff J. L. Hubby's office.

The search was conducted last night shortly before 8 o'clock.

## Auto Demolished In Wreck Saturday

A 1951 Plymouth automobile was completely demolished Saturday night shortly before 10 o'clock, said Constable J. Q. "Slim" Galloway, "when it failed to negotiate a turn and smashed head on into a tree."

Joe Forte, 65, of Sorrento was driving west on the old Lake Mary Road, he said and went off a dead end at 25th St.

Forte has been charged with reckless driving, according to Constable Galloway.

There were no injuries.

Mr. Mathieux does a service to the community. He holds classes for those adults who wish to learn their hand in arts and crafts.

## Advice To The Lovelorn

**Dear Miss Cry-shoulder,**  
What can I do if my boyfriend continually brings up the past, like the boys I used to date. He's always asking me if I want to date them again. What should I do to make him stop this?

Please help me—  
Confused

**Dear Confused:**  
When your boyfriend brings up the past assure him you're perfectly happy with him (if you are) and gradually change the subject or just explain how you feel about him bringing the past up over and over. After all there is no future in that.

Miss Cry-shoulder

**Dear Miss Cry-shoulder,**  
I go steady with a very sweet boy. I am perfectly satisfied with this way, but some of my friends say I should go out with other boys and have a better time. Should I go out with the other boys or should I stay where I'm satisfied and happy???

"Satisfied"

**Dear Satisfied:**

## Report Cards Same

**By WANDA GILBERT**  
Now that report cards have had time to return to school and all the punishments have been dealt we may talk about them.

The students are now on the last half of the lap. Many are waiting patiently. Especially, the Freshmen. The Seniors, on the other hand, are just waiting. So, their report cards, will be a thing of the past.

There have been many changes in the past years. In our parents' time there were only one or two teachers teaching many age classes. Raps across the hands of disobedient pupils were the usual punishment. The hickory stick is a thing of the past. Now it's being expelled.

When the teacher's back was turned spit balls went flying behind him now it's erasers across the room; and slats from the geometry desks.

Isn't that right Mr. Dabbs? The text book were bought by the individual. They could always tell where they had put them. Now, that we don't pay for them directly we can never find them. They are always in someone's car or at someone's house.

The kids did not have phys. ed. then. Now if you can get up from your seat during a class you may see girls forming all kinds of shapes on the tumbling mats. The mats are a very important part of tumbling. Everyone enjoys this and jumping on the trampoline.

We now have driver's training. Poor Mr. Fleming and poor Mr. Cowley, one morning during the drill on the field, Mr. Cowley was giving instructions to the band from atop a table, and almost got hit.

Report cards haven't changed though: maybe in form, but a had one suggests just about the same punishments. Oh, my aching seat!!!

**Dear Miss Cry-shoulder,**  
satisfied going steady then just ignore your friend's suggestions. However, if there is any doubt in your mind about going steady, it's better to sit down and really examine your feelings now!!!

Miss Cry-shoulder

**Dear Miss Cry-shoulder,**  
It will soon be summer, and all of us girls will be needing new bathing suits and shorts and etc. I'd like to work in the afternoons or week-ends so I can buy my own clothes. One reason for that is that my mother is sort of "old-fashioned" and doesn't like the "new style clothes." My trouble is: the boy I go with doesn't want me to work. I think I should because he works in the afternoons, also, so it wouldn't keep him from seeing me. What should I do? "

"Working Girl"

**Dear Working-Girl:**  
Tell your boyfriend exactly what you told me and I think he will agree with me. You do need something to keep you busy in the afternoons if you are making good grades in school. Since your boyfriend will be working I think it's a swell idea to make a little money of your own to do with as you see fit. Some boys, don't like the idea of their girls working because it's likely they will come in contact with other boys, but I think if a boy really likes you and is certain you like him; there should be no doubt, whatsoever about trusting you to get a part-time job.

Dr. Evelyn Mills Duvall expressed this view in an article in National Parent-Teacher, official publication of the National Congress of Parents and Teachers.

But such clashes need not be destructive, she said.

While the adolescent needs the restraint of a more experienced, mature parent, she said the parent needs to remember that life has changed since his youth.

## My Ideal

**By KATHY CARLOS**  
My ideal dream guy doesn't have to be tall, dark, and handsome or the best football player around. As a matter of fact he can be fairly short and I won't complain. I (like most girls) prefer someone who is a lot of fun, has a well personality, and a sensational method of getting along with everyone.

What was that you ask? Does he drive a new Lincoln? No, in fact, it looks like a 1919 Stanley Steamer, sounds wicked, rattles like crazy, and runs like all get out. The whole fun of it is waiting for the motor to drop out while you're gaily on your way to the movie.

Does he dress neatly? Well—let's say it comes in moods. When he does decide to dress up, you're so proud of him you could burst out singing. When he wears blue jeans and a charcoal shirt, you just don't seem to notice it.

To you he is strictly the most and you want everyone to know that you're his gal.

Well, that's my opinion of an ideal boy. Some girls may not agree with me but I like a boy who is far from perfect and far from being bad, just a little crazy and a whole lot of fun.

## Newcomer's Impression Of SHS

**Mike Tammy—** It's all right—Marcel Efrid— It looked like a nice school, but the first day was confusing until I got my schedule straightened out. Now I find it very nice and I enjoy going here.

**Albert Stallings—** It's O.K. Karen Miller— It was a big, strange place with strange people.

**Charles Bogan—** It's better than other schools I've been to! Priscilla Smith— It gave me the creeps at first.

**Pat Donahoe—** It is real nice and friendly and I like all the kids.

**Skip Palmer—** It's the best school I've ever been too.

February may have been standing in the wrong line when the days were passed out to the months (it only got 23 and a 25 one thrown in every now and then), but it certainly rated one of the best holidays! St. Valentine's Day! All you Lovers, get ready! Here follows the favorite Valentines of some of our favorite students and teachers at Seminole High. (I just got thinking—there is such a thing as a favorite teacher???) Anyway—keep this in mind when selecting that "special" Valentine to send to that "special" one. . . .

## 'Rock And Roll'

**By KATHY CARLOS**  
So many times I've been asked, especially by boys, "Why do you think dancing is so much fun?" It's just natural to ask that; when you go to a dance and just sit you can never understand or realize how much fun dancing can be until you go to a dance and try to dance to every song that's played.

Of all the dances I know I think Rock and Roll is the most fun. Everyone seems to enjoy watching a couple jitterbug, but you could see how much fun it can really be if you would get up and try it yourself.

Almost everyone seemed to enjoy the Moon Glow Ball because they took part. Any activity is like that, either its fun and successful for you or it's dull and a flop. You don't have to be the best dancer in the world to have a good time. All you have to do is relax and let yourself go. There should be another dance in the near future—so come on cats, get hep!!!

## Tuesday's Assembly Program Is Debate

The subject for Tuesday's assembly program was "Should the Criminally Insane be Tried by a Court or Physician." The debate was put on by the speech class and under the sponsorship of Mrs. Coleman.

The emcee of the discussion was Fred Ball. The panelists on the side for physicians judging was Dr. Le Bollinger and Joyce Brown. The court judging was Robert Carver and Sylvia Price.

Each side gave a three minute discussion explaining their belief. Then one person gave a rebuttal from each side.

The judges were Dorothy Cain, Leslie Smith, and Vertis Spivey. Robert Carver and Sylvia Price won their rebuttal. The Criminally Insane should be tried by the court.

## To Be Sport Or Not

What constitutes sportsmanship? Is it such a driving desire to be the victor that the rules are put aside, and that nothing counts except the final score? Too often that is the way the game is played.

All of us have desire to fight and win. Unfortunately, all of us haven't learned that unless one fights fairly; he hasn't won a thing! That's an empty victory for the poor sport. Playing the game by the rules, and playing it fairly are two essential requisites of a good sport.

In team play, coordination among all the team members is necessary. The captain who assumes too much authority or responsibility is as poor a sport as the team member who shirks his share. The player who will not try is not only a detriment to his team, but also lessens his own enjoyment of the game. By the same token, the player who monopolizes the game and doesn't give his teammates a chance is not practicing good sportsmanship either.

Spirit goes hand in hand with sportsmanship. The spectators are as important a part of the games as the players. The team with the best coordination and fair play can be beaten by a weak opposing team who is strong in spirit. When the score is behind, the biggest spur a team needs to carry them to victory is a cheer from their supporters. Booing fans do not even deserve mention, as they display neither sportsmanship nor spirit and certainly not intelligence.

Seminole High has the fair play, the knowledge of the rules and the fighting team. Only we, the spectators, can give them the spirit and make them a winning team by going to the games and boosting our team.

It's the duty of every student to promote school spirit! Basketball deserves just as much glory as football received, and we certainly gave it to that sport. Why not basketball? Let's advertise the place and date of the games; so, everyone will be able to use that as an excuse for their not coming to the games. There are several home games left in the season. It's not too late to start going to the games and cheering for our team. They haven't given up; so, let's show them that we haven't either, by supporting them at the next game!!!

## Students Invited To Engineers' Fair

**GAINESVILLE—** The 1957 Engineers' Fair at the University of Florida has been scheduled for March 8, 9, and 10, the Benton Engineering Council announced this week.

High School students from throughout Florida have been invited to the event which is produced each year primarily for high school seniors with an interest in science and engineering. Last year's fair attracted some 17,000 visitors.

According to Alan Basch, fair publicity chairman, the 1957 Fair will feature the sub-critical atomic reactor; Otto Mattis, the famed robot mascot of engineering students at the University; color television; hi-fidelity sound from stereophonic tape; printed electrical circuits; a remote controlled tractor; electronic cigarette lighter; analog computer; and the Gator Amateur Radio Club sending messages to all parts of the country.

In addition to a large number of industrial exhibits, spread through three buildings, a solar operated steam turbine, a solar oven, and many other un-operated gadgets will be displayed.

Purpose of the annual affair, being presented this year for the twelfth time, is the creation of interest among high school students in scientific and engineering subjects.

## Lutherans Embark Follies On Family Life Training Program

A growing awareness of the church's responsibility in the field of family life education has led the Lutheran Church — Missouri Synod to embark on an intensive, long-range family life training program, according to Rev. Phillip Schlessmann, pastor of The Lutheran Church of The Redeemer here.

Pastor Schlessmann, who attended a regional family life workshop in Mobile, Ala. on Feb. 5 and 7, said that his church body, like many others, considers the strengthening of the Christian family to be a major part of the church's work in adult education. "Alarming upward trends in juvenile delinquency and the divorce rate," he stated, "emphasize the role which the Christian family must play in order to exert a positive Christian influence in our society. We believe that the home can provide a happy and successful family relationship and be a proper training ground for children only if built upon Christian faith and love. The purpose of the Lutheran Church's family life program is to provide through the congregations the help and guidance which families need to build upon solid foundations."

The regional workshop in Mobile was one of 10 such meetings held throughout the United States. It brought together some 20 Lutheran Circuit leaders from five southern states — Louisiana, Mississippi, Alabama, Florida and Georgia — for intensive training in the operation of the family life education program. It will be their job to carry the instruction to the local congregations by means of training institutes in their own areas.

Directing the Mobile workshop was Dr. Oscar E. Fouch of At. Louis, Mo. Dr. Fouch is the Executive Secretary of the Board for Adult Education of the Lutheran Church — Missouri Synod. He emphasized that the Lutheran's family life program has a three-fold objective:

- 1: To give guidance to each church in evaluating and improving its service to its families.
- 2: To acquaint the churches with the content, materials, and methods of Christian family life education.
- 3: To help train church officers, educational leaders, youth leaders and adult leaders of every parish for this work.

Many comments were made about the "Shed A Tear" chorus. Ladies taking part in this portion of High Fever Follies played a big part in completing the entertainment of both nights' presentation.

Overall, from the spectators standpoint, High Fever Follies was in every way an enjoyable show, an entertaining one, and a complete success.

## Florida Airline Service Is Said Grossly Inadequate

WASHINGTON—February 8.—Senator George Smathers (D-Fla.) today charged the Civil Aeronautics Board with failing to provide sufficient air transportation to and from Florida and other seasonal resort areas. Smathers said that the response to a survey of Florida cities, while not unanimous, showed that airline service in most instances during the winter season was "grossly inadequate."

In a letter to CAB Chairman James Durfee, Smathers proposed a new flexible method of airline certification to accommodate changing travel demands in various parts of the country. Smathers asked the CAB to shun their "standstillism of thought" and establish "far-reaching programs and policies" to answer the travel and safety needs of the rapidly increasing air-minded public.

"There is today in existence among the total certificated domestic airlines sufficient aircraft, pilots and personnel to meet the so-called seasonal air travel demands which now exist if it were possible to concentrate them in the area where the peak demand occurs during the year," Smathers said. He went on to say that "it would appear that a flexible system of certification which would permit the placing of the maximum aircraft at the point where and when most needed would substantially meet the demands of the traveling public."

Smathers commended Eastern and National Airlines for "interesting vast numbers of people in coming to Florida" and credited them with a large amount of the state's present air traffic. "But," he added, "the demand for air travel to all parts of Florida is growing faster than the presently certificated airlines can handle. The lack of service particularly to the West Coast and Central part of the state is holding back the development and growth of those areas," Smathers stated.

The Florida Senator said his flexible certification proposal would permit "affected airlines to operate with a greater maximum use of their aircraft, pilots, and personnel throughout the entire year, thereby making a more practical and economic operation and, at the same time, more effectively meeting the demands of the traveling public."

Smathers said he had asked Chairman Mike Monroney of the Senate Aviation Subcommittee, of which Smathers is a member, to set aside dates in March or April for hearings with the CAB to discuss improvements in air travel.

**Sanford Resident's Father Succumbs**  
Harmon O. Childster, 90, of Tucson, Ariz., a retired newspaper editor, died Tuesday, February 5, in a local rest home.

A resident of Tucson since 1942, he was associate editor of the Windsor (N. Y.) Standard from 1924 until 1929 and editor until 1933 when he retired and moved to Philadelphia. He lived there until coming to Tucson.

Prior to his newspaper work, he held executive jobs in Ohio and for a while worked in an executive capacity for the Erie Railroad Co.

A native of Vestal, N. Y., he lived in Tucson with his son, Otis H., director of Graphic Arts at Tucson High School. Other survivors include a daughter, Mrs. William H. LaPetta, of Sanford; a sister Mrs. Charles Fuller, of Oswego, N. Y.; and a brother Ross of Susquehanna, Pa.

The family requested that instead of flowers, contributions be made to the Rangers Lodge Fund, Catalina Council, Boy Scouts of America, Camp Lawton.

The total investment in Boy Scout camps throughout the nation exceeds \$55,000,000.

## Organist Will Give Concert Tuesday

The American Guild of Organists, Central Florida Chapter, will present Paul Jenkins, Professor of Organ at Stetson University, DeLand, in an Organ Concert at Holy Cross Episcopal Church, Sanford, Tuesday, Feb. 12, at 8:30 p. m. Mr. Jenkins' program will include works of Bach, Telemann, and other contemporary French organists-composers, Jean Langlais.

Mr. Jenkins studied organ with concert artist Robert Noehren at Davidson College in North Carolina, and later at the University of Michigan. He was for some time organist-choirmaster of the well-known Myers Park Baptist Church in Charlotte, N. C., and the past two years at Southern Baptist Seminary, in Louisville, Ky. From Louisville, Paul Jenkins came to Stetson last fall to take his position on the faculty at Stetson University.

The public is cordially invited to attend this concert.

## Florida Airline Service Is Said Grossly Inadequate

WASHINGTON—February 8.—Senator George Smathers (D-Fla.) today charged the Civil Aeronautics Board with failing to provide sufficient air transportation to and from Florida and other seasonal resort areas. Smathers said that the response to a survey of Florida cities, while not unanimous, showed that airline service in most instances during the winter season was "grossly inadequate."

Last night I saw a vision of  
The Prettiest Valentine  
With clouds of lace to mold and curve...  
romance in every line.

A sheer cascade of flowers with  
a Merry Widow name,

A picture-pretty pull-on brought me  
beauty, glamour, fame.

There I was — a vision in  
Parisian backless dress,

And a sliver in a sheath of lace  
(I knew that would impress!)

Then, joy of joys, I woke this morn  
to Ro-Jay I did fly.  
I am the prettiest Valentine  
for WARNER'S I did buy!

# Help Local Youth; Support Girl Scouts Citrus Council Fund Drive

Today marks the beginning of the Girl Scouts, Citrus Council, fund drive.

The first year, as a member of the Citrus Council, for Seminole County Girl Scouts has nearly come to an end. In that time membership has more than doubled. Troop strength has increased tremendously. All because of the added incentive through trained leadership.

In this era of need for character building and moral stamina, the Girl Scouts of America organization is providing a very necessary and worthwhile program for the strengthening of character and healthful activities as well as the strengthening of religious beliefs and channels for guiding of the girls of our community.

Through volunteer troop leadership training through council activities, Girl Scouting is accomplishing much here in Seminole County.

Citizens of Seminole County now have an opportunity to join with these volunteer leaders and those interested in building the Girl Scout organization into a larger and more effective group in the raising of funds to carry on its work.

Funds, raised during this week's campaign, will be used within the community since the national organization of the Girl Scouts of America is supported from membership fees paid by the children.

Many advantages are enjoyed by Girl Scouts. Camping facilities are used, group and individual contests for the teaching of skill, the talents of adult leaders who are endowed with the ability to lead girls successfully, and the overall Girl Scout Program, are just a few of the advantages.

A program that fosters in our young girls — the women of tomorrow — high ideals, excellence of character, duty to God and Country, the aims and purposes of Girl Scouting, deserves the support of every Seminole County citizen.

Whatever you give, you may be sure that it will directly benefit our youth—it will be a very real and worthwhile investment in the welfare of this community through its future leaders.

Brother was sworn to kill brother. Reason had been abandoned and a people's sins were about to be bathed away in blood. The experiment that had been called "the last best hope of mankind" seemed destined to fail. It was in these troubled times that a gaunt prairie lawyer came to the White House.

His face was already lined with care. Failure, disappointment and sorrow were no strangers to him, and they were not likely to become strangers. He knew this as surely as he knew that the Union must be preserved.

The fingers, gnarled from the years of grasping an axe, held a pen. Every time he signed his name, armies moved and men died. He wrote words that gave voice to the spirit of his times—words so carefully chosen, so perfectly sculptured to the message he wanted to communicate that they would be quoted as long as men could read.

Men around him lost faith. The people sometimes seemed ready to concede defeat; the price for victory seemed so high. The tired man in the White House grew lonelier, older. Yet he never wavered; the Union was worth whatever price was asked.

And as the end of the struggle approached and it became apparent that his people would remain as one people, he turned his thoughts to rebuilding—to building up the wounds, to healing the terrible scars. His critics became more bitter; those who had wavered now were louder in their demands for a vengeful triumph.

Only when he was dead did the love the people felt for him become so apparent, even to the people. They had called him "Old Abe" from the time he was 30. And now "Old Abe" was dead, and the people bid him farewell as they would a patriarch. He had come from the "dirt poor", and his life had been a reminder that clay was made noble when it was infused with the Divine breath.

## FP&L Official Presents Fuel Oil Crisis Problem

Statement by McGregor Smith, Chairman of the Board, Florida Power & Light Company, Before The Anti-Trust & Monopoly Committee, United States Senate, February 7, 1957:

I am here at the direct request of this Committee — I assume as a result of my protest to the President against the sudden and enormous increase in fuel oil prices at the refineries, which will add some \$6 million to the electric bills for approximately 800,000 customers that it is my privilege to serve. I am thankful for an opportunity to present the problem of our fuel oil crisis to the petroleum industry, the executive branch, and Congress.

I would like to think that I am appearing here more in my official capacity as a United States Government taxpayer and a real representative of the customers I serve.

I believe it is the duty of the head of any business in America to save his customers any unnecessary burdens or extra cost that he can reasonably and properly do. I consider it an obligation to buy turbines, boilers and all supplies at the lowest economical price. Very seldom though have we had any opportunity to purchase fuel oil on what we thought was a real competitive basis, yet our fuel bill is larger than our payroll. We are never able to make a contract for any given length of time for the purchase of fuel oil at a specified price it always must be based on future daily quotations either at Gulf Coast refineries, terminals in Florida, or New York Harbor of combination.

It is strange that an industry as large and as responsible as the petroleum industry, that can keep the price of crude steady (which accounts for 75% of the cost of refined products at the refinery) cannot contract for a year or even a month at a definite price for the residue remaining after removing the more valuable refined products. A few times in the past we have been able to secure maximum ceilings.

The Lord blessed Florida with lots of sunshine, but I guess in these days he didn't think we would have any use for coal, gas or water power because in his wisdom he chose to locate them in states that did not have an abundance of sunshine.

Because of the cost of coal delivered to Florida, it has been more economical throughout the years to obtain fuel oils from the Gulf Coast refineries delivered by heavy tankers. Most all of Florida's electric plants and industries have been constructed to burn fuel oil only. Because fuel is such a large part of the cost of mak-

ing electricity, many of the electric rates have fuel clauses which increase or decrease electric bills with the increase or decrease in fuel oil costs.

Certain municipalities that operate their own electric plants and which did not have fuel adjustment clauses, have recently adopted resolutions to increase their rates as much as 6%.

Since Florida's industry is so dependent on fuel oil — the whole economy and future development of the State is at stake. I was privileged to be the first Chairman of the Florida Industrial Development Commission, and have served in the industrial development program in one capacity or another under the last four Governors, including our present Governor, LeRoy Collins, who has done so much to attract industry to our State. Although I am primarily interested in what can be done to get the price of oil down for the benefit of our customers, I am just as interested in preventing the future of Florida being jeopardized by what to me appears to be, an unnecessary increase in the commodity upon which our entire State is so dependent.

I am not so sure, though, that this problem is Florida's alone. Certainly an increase of 30% to 40% in the cost of such a basic commodity as fuel will have unlimited inflationary effects nationwide. The country has, since the last great depression, been trying to find ways and means of avoiding deep depressions. We have all kinds of gadgets for priming the economic machinery when it needs it—but right now the Federal Reserve is trying to slow down the terrific boom in order to curb inflation.

The Federal Reserve, however, is absolutely helpless in trying to combat the psychological effect of such an increase as has been put in by the oil industry. If the oil industry (which according to Forbes Magazine of January 1957, is "without question the most profitable industry in the entire economy") can make this increase stick, then there is no need of trying to close the barn door, and I doubt if it would be worthwhile to try to find the horses.

The real magnitude of this increase of 75c per barrel of fuel oil can best be shown by relating such increased cost to a similar increase in coal. Freight rates on coal, or labor.

(1) The annual increase in fuel costs to our company is \$6 million dollars. Now, gentlemen, that is equal to an increase of 40% in our operating payroll.

(2) It takes 4 barrels of oil to produce as many heat units (we call them BTU's) as a ton of

# En-Lai Bitter About U.S. 'Hostility'

Foreign News Commentary By CHARLES M. McCANN, United Press Staff Correspondent  
Chinese Communist Premier Chou En-lai apparently has given up hope that he might make some sort of diplomatic deal with the United States.

Chou has indicated several times in recent weeks that he believed the Eisenhower administration might be induced to open negotiations that would lead to a recognition of his Peiping Red regime.

But at a press conference in Colombo, Ceylon, Tuesday Chou spoke with some bitterness of continued American "hostility."

Commenting on statements by President Eisenhower that the imprisonment of 10 American civilians in China was an obstacle to better relations Chou said: "Why should we always listen to the words of the President of the United States?"

**A Decided Change**  
This was a decided change from several statements Chou has made during his long tour of East Asia, which is just now coming to an end.

He has said that the time had come to establish better Chinese-American relations and has offered to meet Secretary of State John Foster Dulles. He has said that the Red Chinese might release the American civilians they held without imposing any conditions.

But Chou now has returned to the demand that, as a price for the Americans, the United States must send back to Red China 23 Chinese who, he alleges, are "illegally" held.

Actually, it is a fact that some of these Chinese want to go to Communist China. There are 23 of them, not 23. All are serving prison terms for common crimes. All were offered repatriation to China. Twenty-one said they would rather stay in jail. Two said they would like to go to Formosa, seat of the Chinese Nationalist government. They are to be sent there.

**A New Condition**  
Chou now has injected a new condition into the American prison situation. Dulles said in Washington Tuesday that the Red Chinese had offered to free the Amer-

icans if Dulles would permit American newsmen to visit Communist China. Dulles said he had refused to make such a deal. Chou's outburst in Ceylon may have been due to a feeling that his big tour of East Asia has not amounted to much. He started out on it in November and returned after a visit to Russia, Poland and Hungary to help the Soviet government to establish a new line of policy toward the Communist satellite countries. He picked little except to make propaganda speeches.

coal. A price increase of 75c a barrel on oil is equal to a \$3 increase per ton in the price of coal. Frankly, gentlemen, coal has not gone up a total of \$3 per ton at the mines in the past 20 years.

(3) If the \$3 per ton was added to the freight rates on coal, such an increase would almost triple the entire increase in freight rates on coal during the 1935-53 period.

(4) If the TVA, which is supposed to be producing electricity from water power, had to pay \$3 a ton more for the coal it buys to produce electricity, its fuel cost during the last fiscal year would have increased \$2.8 million dollars, or about what its net earnings were reported to have been last year.

(5) If all electric utilities' fuel costs were increased the equivalent of \$3 per ton of coal at the mines, the increased cost to them for fuel would be the staggering sum of \$625 million.

I could go on and on citing such comparisons, but I'm sure that you will agree with me that something more unusual has happened in Florida than the usual

unusual. There is no one who believes in our free competitive enterprise system more than I do. I am certainly not here to advocate government regulation or ownership of the petroleum industry. Any industry which, with its natural gas, supplies 87 1/2% of all the energy used in the United States, certainly owes a special obligation to the public not to take advantage of its unique position by imposing unnecessary increases in the cost of so basic a commodity it controls.

It is my hope that after you members of Congress and the President have become acquainted with the devastating effects the spiraling fuel costs are having on the State of Florida, and the nation as a whole, you will be able to persuade the oil industry to roll back their prices and to wholeheartedly cooperate with President Eisenhower, as he has asked all industry and labor to do in holding down inflation.

The consumers of Florida need help — immediate help — so I appeal to you gentlemen to do what you can to resolve this so pressing problem which cannot wait for the results of such a monumental task as an investigation of the petroleum industry.

MISS MARY NELL BLACKMAN

## Mrs. W. Beckham Gives Inspiring Talk At Program

By GRACE THURSTON  
The Founders' Day Program of Seminole County Council of P-TA was called to order by Mrs. Marion St. John.

Chaplain Charles Arnold, of the Sanford Navy Base, addressed the group, after which Mrs. Velma Mitchell, program chairman, introduced the guest speaker, Mrs. Walter Beckham, of Miami.

Highlights of Mrs. Beckham's most inspiring talk were her strong beliefs in the home, love of one's children and the P-TA. She told how the P-TA was founded Feb. 17, 1891, in Washington, D. C. by Alice McClellan, and stated that one of the greatest assets America has are "our children."

She maintained that teamwork must always be carried out in the home, in the church and in the school, and this, she said, will build better schools and churches. But Mrs. Beckham brought out this way children will become better citizens and stonger people. She stressed how important it is to the children to see love, happiness and faith in their own homes.

During Mrs. Beckham's speech, Miss Ollie Reese played "I Believe" softly in the background, and this beautiful song was sung by Dick Aiken at the close of the talk.

Another special guest at the meeting was Mrs. Wagner, State P-TA Treasurer.

Delicious refreshments of homemade cookies and coffee were served in the school lunchroom, which had been tastefully decorated as a flower garden for the occasion.

## Betrothal Told Of M. Blackmon, To R. D. McNab

Mr. and Mrs. R. W. Blackmon of Jay, Fla., announce the engagement and approaching marriage of their daughter, Mary Nell, to Robert David McNab, son of Mr. and Mrs. D. K. McNab of Sanford.

Miss Blackman attended the School for the Deaf, St. Augustine, and also graduated from Beauty School. She is now employed as a beautician in Pensacola.

Mr. McNab also attended the School for the Deaf, St. Augustine, and is now employed as a line-type operator for the Sanford Herald.

The wedding will take place Feb. 23, at 7 p. m. at the East Hill Baptist Church, of Pensacola. Miss Lauretta Garrett, of Pensacola, will serve as maid of honor and George Lee of Starke, will act as best man. A reception will be held at the home of Mrs. Harry Pyle, 1012 E. Barra St., Pensacola.

No invitations are being sent but relatives and close friends of the couple are invited to attend.

## Mrs. Willie Pippin Reports On Visit To Deland Meeting

The Gleaners Class of the First Baptist Church held its regular monthly meeting in the Church Annex Tuesday night, with Mrs. A. L. Barineau and Mrs. R. E. Peurifoy, hostesses.

Mrs. H. W. Rucker presided over the meeting and Mrs. Willie Pippin gave the devotional. She reported on going to the chain of missions in Deland and told of one of the speakers experiences working in slum areas in the United States. She also read several passages from the Bible.

Dr. Robbins of Bartow told of his experience in Pakistan and how he saw thousands of refugees standing along the roads with no place to go. After the report, Mrs. W. P. Brooks closed the devotional with a prayer.

A report was then given on the sick members of the class, after which the minutes were read by Mrs. Berta Cottrell. Mrs. Rucker closed the meeting with prayer.

Lovely refreshments were served and games were played by those present who were Mrs. D.

MEMBERS OF THE OVIEDO WOMAN'S CLUB heard Mrs. Clara Wendell, of Orlando, give a very interesting talk on Library Service at their meeting Friday. Shown here, left to right, are Mrs. Lena I. ## VFW Auxiliary Cancels Party Set For Feb. 14

The V.F.W. Auxiliary to Post 3292, held its regular meeting Tuesday night February 5th, with the president Mrs. Ruth Smith presiding over the meeting.

The Valentine Party, scheduled for Feb. 14, was called off due to the chairman, Mrs. Evelyn Dishrow, being called to California, because of illness of her daughter.

Mrs. Evelyn DeMatteo and Mrs. Eva Wynn were brought in with the colors and initiated in the V.F.W. Auxiliary. All the members welcomed the new members.

The Auxiliary will have a joint meeting with the Men of the Post, Monday night out at the New Home on 17-92 South of Sanford. The Ladies Auxiliary is bringing fifty new chairs for the home.

There being no further business the meeting closed with prayer by the chaplain, Mrs. Margaret Dillard.

Refreshments of coffee and tea cookies were served after the meeting by Mrs. Mary Roettger and Mrs. Evelyn Dishrow.

Next meeting will be Feb. 19.

## On The BOOKSHELF

By SARA M. KING

Frances Parkinson Keyes' new "Blue Camellia" is a must on your reading list. In this novel Mrs. Keyes returns again to the scene of her greatest success, Mrs. Evelyn Winlow, who lived in two worlds — the busy world of a pioneer rice plantation in Louisiana — and the secret world of romance and passion, about which no one knew except Lavinia and one other. If you started the serial in Woman's Home Companion which was supposed to be a three part serial, you were left hanging in mid-air after reading the first installment, as the magazine suspended publication in January. But now you can read the whole story.

An exciting, wartime smuggling adventure is in store for you when you read "Hangman's Cliff" by Robert Neill. The year is 1780 when France and England were at war. Young Margaret Appleton and her father, Captain William, decide to live in a cottage owned by Uncle Roger on the coast, near Dover. Suspense mounts as they discover they are in the middle of a band of desperate men.

For a story combining humor and complications of some likeable people who are conscious of having wandered beyond their depth, read "Bon Voyage" by Marijane and Joseph Hayes.

"Calendar Epic" by James Kuebeck is a novel of the first and final voyage of a ship, the Calendar Epic, and the men of the Merchant Marine who manned her during the war in the Pacific. Men who are something less than heroes, the story brings them to heroes' deaths, and the private lives that have shaped them are shown in a graphic portrait of wartime merchantmen.

Another must on your reading list is "Mary Of Scotland" by E. W. Kenyon. The young Mary, Queen of Scots, is an appealing and credible heroine in this novel of a time of ruthless, political, social and religious turbulence. Back from France after the death of her husband, Mary found her country on the brink of civil war. Protestant Scotland was ready to fight against a Catholic queen; her people, resentful of her French mannerisms, were only

The Station Wives held their monthly luncheon at the B. O. Q. Thursday. Muriel Hawkins and Sara Bost were the hostesses. Sherry was served on the porch, and then the guests adjourned to the dining room to find the table decorated with white carnations and red hearts carrying out the theme of Valentine's Day, and at each place a valentine on a silver base, under each base a beautiful camellia. The camellias were given to the hostesses by Mrs. Kirtley and Mrs. Dean. Dot Leary won the door prize, and bridge was played after lunch.

Attending were Katie Jackson, Ann Tammy, Ruth Arnold, Arlene Bakker, Sue Beall, Sara Bost, Genna Burkey, Dot Leary, Eleanor Letton, Mary Muntz, Jane Potts, Bru Northridge, Peggy Twiggell, Lee Cunnia, Dorothy Dohne, Jackie Filby, Corinne George, Mary Gobel, Delores Gubrey, Bea Hamrick, Jerry Hauspurg, Muriel Hawkins, and Joe Webber.

Another luncheon took place at the Mayfair Thursday, VAI-7 wives gathered in the ballroom, as hostesses Dot Mann and Ruth Hodges revealed the lovely table enhanced by a Valentine train puffing down the center, and surrounded by red poinsettias. Guests were Mrs. Garret, who is visiting her daughter, Ruth Hodges, Marge Pleva, and Audrey Brownlee. Door prizes of Valentine candy were won by Mrs.

willing to believe the scandalous gossip about her court; her half brother, James, led her into controversy with the wily, independent Scottish lord; and the gay and gallant girl found herself irrevocably involved in a game of power politics with the shrewd unrelenting Elizabeth.

"Stopover, Tokyo," by John P. Marquand is a story of spies and counterespies in an undercover battle for high stakes — and on Mr. Moto's home ground, Jack Rhyce and Ruth Bogard, a team of U. S. agents on a mission to Tokyo, do their cause no good by falling in love, nearly wreck their mission on a stopover in Honolulu, and arrive in Tokyo too late to save the local agent, Mr. Moto and his agents take a hand, and eventually good wins over evil.

"Tiger Among Us" by Leigh Brackett is a suspenseful mystery on juvenile delinquency. During a casual nighttime walk, Walter Sherrie is mobbed by a sadistic, thrill-seeking game of boys and badly beaten. When the police are unable to find his attackers, Sherrie begins a vengeful, one-man war on five particular juvenile delinquents.

New book of "Frize Stories Of 1937" (winners of the O. H. Henry awards) contains familiar authors such as Irwin Shaw, William Faulkner, Jean Stafford. The twenty stories offer an extraordinary variety of good reading as well as an interesting appraisal of current literary development.

"Land They Possessed", by Mary Brennan takes place in the early 1800's. Thousands of immigrants leave the Ukraine to settle in Dakota. The original settlers, prejudiced against foreigners do not take kindly to them. Mitchell Ward and Karl Gross, each from a different stock, fall in love despite their family's wishes. The story of their love is told against a background of blizzards, droughts and prairie fires.

"Rival Shores" by Beverly Giddings is another historical novel which takes place in Oct. 1774; the place the beautiful Tidewater Section of Maryland. Two men — one a gallant Englishman, the other staunch Separatist, Major Charles Lester — fall in love with Parson Wymant's daughter. The story is based on actual incident, recorded in the history of pre-revolutionary Maryland.

## Mebourne Basketball Team Whitewashes Seminolees 74-39

### Hawkins Seeking 'Ball Scholarship'

Jimmy Hawkins last year's Sanford Seminole three-star star, will try to realize his dream of a basketball scholarship this year with the Mebourne team because he has been unable to obtain one from the Seminole school.

The fundamental truth that the Sanford team did not have the experience of a winning basketball team because of the Mebourne team's superior play was the reason for the Sanford team's defeat.

The improvement in fundamental basketball maneuvering was also apparent. The Seminole team has undoubtedly progressed long way since the beginning of the season. But the Seminole team does not have basketball sense. They are not thinking the game will be won by the Sanford team.

The vital signpost of experience showed its crying lack as the Sanford team had a foot ball scholarship on its present basis.

Yardins said in an interview with the Herald that a football scholarship on its present basis is not a scholarship on its present basis.

## Tennis Clinic Set At Stetson Feb. 23

The Stetson University Tennis Club is pleased to announce a clinic of physical education for women, and featuring an amateur tennis tournament. The clinic will be held at 8 p. m. Saturday, February 23 on the Campus Tennis Courts on the Stetson campus.

The public is invited. There is no fee for the clinic but a charge of fifty cents will be levied for the University for the use of equipment. Because of the anticipated interest in this event, persons desiring to participate are requested to write to Mrs. Fortiger, in advance to enroll in the clinic. The clinic is sponsored by the Women's Physical Education Department.

The services of Miss Hardwick, internationally ranked as an amateur and professional for more than 20 years, are being made available by Wilson Sporting Goods Company. She will demonstrate the proper technique of tennis shots and those enrolled will actively participate and have their ability appraised by the visiting expert.

Born in the shadow of tradition, Stetson University tennis was inspired to a career in tennis after seeing the great Helen Wills. She represented Stetson for many years and was a member of the Wimbledon Cup team and in 1927 won her first national title. She was a member of the U.S. National Tennis Team and in 1930 she won the Wimbledon Cup.

## Roberts Leads Jr. High Five To Win Over College Park

High flying Mike Roberts, Jr., leading a team of five, won a 5-0 victory over College Park in a basketball game at Stetson University.

Roberts sparked the Sanford Juniors with 17 personal points and a fine defensive game at the College Park game. He was the high scorer with 15 points.

Don Wilson was largely responsible for the College Park success in improvement, as he threw his high scoring around with 15 points and accounted for 10 points for the losers.

The Sanford Juniors return to the local scene Tuesday afternoon at 2:40 when they will play improved Enterprise in the College Park gymnasium.

### Holiday Barrier

By JACK CUDDY  
United Press Service Writer  
NEW YORK (AP)—Holiday barrier is being broken in the East over the winter holiday barrier.

Piercing, youthful, and abnormally young, however, pointed out the barrier to the winter holiday barrier.

That's the earliest opening in the history for a major Eastern holiday, Pierce admitted today.

But Pierce said, "That's mostly, I don't think it will ever happen. We'll never have major holidays in the East through the winter holiday barrier."
