

Europe's Recovery Efforts Reach Top Spending Heights

WASHINGTON, (Special)—European money has gone to work on a vast scale to make the Marshall Plan a success. The \$5,000,000,000 of Marshall Plan funds provided so far is only a sixth of seventh of what Europe itself is spending to get back on its feet.

Before the plan got started, the bulk of the European money supply was becoming drained up, idle, hoarded. Without the comparatively small infusion of dollars needed to buy certain essential western hemisphere products, native money resources could not go to work to rebuild the European economy.

In most of Europe the money was willing to work, but it needed help from the dollars. In some countries the native money had lost its nerve.

David Bruce, chief of the Economic Cooperation Administration's (ECA) special mission to France, says that economic stagnation seized France in the 1930's.

The value of the franc kept falling until the last few months. Not wanting to keep their money in France, the investors bought hundreds of goods—such as cars, jewelry, and paintings. Some rich people shipped goods abroad on commission. The shippers kept title while the commodities were held for them in foreign warehouses. The title was to eventually follow the goods out of the country.

The big change in France came early this year. The government announced it would seek new money in a \$500,000,000 franc bond issue. Friends of France held their breath. If the people failed to subscribe to the loan, it would show they had no faith in their own government's financial stability. The value of the franc might have dropped out of sight, and the recovery effort would have been dead a serious blow.

But the bond issue was a huge success. The value of the franc immediately began to rise. Another good sign. The price of gold on the French black market has been falling ever since the bond issue. The price had been boosted by farmers who had chosen to buy gold rather than risk holding on to francs. Now it seemed they were unloading gold and choosing francs.

Up to now most of the recovery plan investments in France have been made by the American government because private capital was unwilling to take the chance. Now the experts expect to see private investors get into the field.

In Italy the investment situation has been much the same as in France. No marked improvement has been noted yet, although the lira have held its price for about a year now.

In Western Germany there has been a steady flow of investment capital, but in ECA countries the money supply seems to be increasing as the balance of exports over imports continues to rise.

Given alone of the countries being helped has shown an improvement in the investment code, according to ECA officials. The continuing war has three strains the resources of the nation.

But for the Marshall Plan countries as a whole there is a great outpouring of native investment capital. They will spend about \$20,000,000,000 this fiscal year to modernize factories and farms, build new plants, homes and transportation facilities.

This means they will be taking about 20 percent of their national incomes and plowing it back into business. In mortgage periods of prosperity such investments as usually around 15 percent of income. To raise it to 20 percent, the countries will have to maintain reduced living standards for some years yet, denying themselves a lot of consumer goods.

The business outlook has to be good, and the people's faith in their countries' future must be strong.

SEVERELY WOUNDED during the battle with Communist shore batteries along the English coast, a British soldier from the second mixed division is aided by others as he arrives at St. Raphael. Before, damage wrought on the British coast by Red guns graphically depicts the deadly effectiveness of the Communist' interlocking against the English warships. CATCHES 'FISH AND CHIPS' SAUNDERS, Australia, (AP)—An attempt to invest on such a scale. Even in the United States in some years of the depression the depreciation of plant values was larger than the total of new investment.

monium fishing. An creek Wiley went fishing at Murrumbidgee, New South Wales, Australia, and caught a meal of fish and chips. Wiley threw his net into Colgate Creek and immediately caught a large flathead which weighed 16 pounds. The fish was carried by a large potato five inches long.

Auto Production

(Continued from Page 1, Sec. 2) them. They require replacement parts and constant service. Both parts and service become more costly as the vehicles grow older. The importance of these overage units as a potential market for the car makers cannot be over-estimated. In numbers they represent more than one-third of all the vehicles now in use. Most of them eventually must be replaced.

Aside from the replacement market there also are millions of persons who deem it economical to buy a new car every two or three years.

The smart thing the car makers know is that they have not built enough cars since the war to meet the demand accumulating since the end of 1941. (25) passengers cars were made for civilian use during the war years.

In total figure, the industry has built only about 10,000,000 passenger cars for the domestic market since the war.

BERRY INFLUENCE

LOS ANGELES, May 5 (AP)—Wallace Berry, held for in bond by Mrs. Elvira Schmitt, 74, charged in a suit seeking \$100,000 from his estate to support a claim she filed.

The petition, filed yesterday, asserts that the late actor promised to make the film but played when he became pregnant and before he was married to Elvira Schmitt. Mrs. Schmitt, the claim Berry exercised undue influence on her since the war.

State's Hiring Special Legal Aides Slowed

29 House Members Put In Bill To Legalize Bookmaking Offices In Florida

TALLAHASSEE, May 6—(AP)—In a fight generally along pro and anti-Administration lines, the Florida House voted today to put the brakes on hiring special attorneys for State agencies.

The vote was 51-29.

Rep. McClure of Pinellas, who hasn't been timid about his stand against the Administration, led the fight to pass the measure.

Chief opposition to the proposal came from his Pinellas county colleague, Rep. Schuh, who said the bill was a move to "change the form of government."

The bill as passed, however, was considerably weaker than the original proposal.

As approved today it authorized special attorneys for the Road Department, Beverage Department, Railroad and Public Utilities Commission, Citrus Commission, Improvement Commission, Board of Administration and Industrial Commission.

The bill also gives the cabinet authority to permit State agencies to hire lawyers when they need them.

Passage of this bill came after 29 members put in a bill to legalize bookmaking in Florida, place a tax on books and bring in an estimated \$35,000,000 yearly.

The State would levy a license tax of \$15,000 per year on each off-track betting establishment. These tracks would be permitted to operate both on Florida and out-of-state race tracks.

The betting stations would pay an 8 percent tax on races run in Florida, but there would be no levy on races run outside of Florida.

The House also passed, 71-0, a bill calling for the establishment of a hospital for alcoholics. It would be financed by a two and one-half cent per gallon tax on liquor.

Representatives gave in to a demand from Rep. Foster of Jackson to keep the Hills Education Committee from considering two of his bills affecting the 1947 school law.

Foster succeeded in having sent to the committee on local government, where a "legislative courtesy" usually holds, to exempt the college education requirement for the school superintendent of Jackson county and permitting the county to have as many school districts as it wants. Education Committee argued such.

Rep. Woltky, chairman of a move would wreck the 1947 school law.

Rep. Luckie of Duval, sponsor of the original civil service bill, protested to Speaker Murray that he had "loaded" the House's side of the conference committee to consider the amended civil bill with "rabid support."

New \$100,000 Piggly-Wiggly Store To Hold Open House On Sunday

Sanford's new Piggly-Wiggly self service super market at 300 East Third Street, completed at a cost of more than \$100,000, will hold open house Sunday afternoon from 2:00 to 6:00 o'clock, and will open for business Monday morning. J. H. Lyles, district manager for Winn-Dixie Company of Jacksonville, announced today.

5,000 Pickets Parade Quietly At Ford Plant

DETROIT, May 6—(AP)—Ford Motor Company's huge River Rouge Plant was locked today in its first major strike since 1941 as an estimated 5,000 pickets paraded peacefully before main gates.

It was the second day of illness to approximately 65,000 CIO United Auto Workers, who walked out at noon yesterday in union protest against what the UAW called a "speed-up" of assembly lines.

Nearly 60,000 struck at the Rouge Plant, one of America's industrial giants, and approximately 5,000 more walked out at Ford's Lincoln-Mercury plant nearby.

Just how long the strike might last was anybody's guess. No immediate renewal of company-union negotiations for settlement of the dispute was scheduled. But it was felt that both Ford and the UAW would be agreeable to early peace talks in view of the critical aspects of a prolonged strike.

Meanwhile the CIO United Steelworkers have taken the lead in demanding a fourth round pay boost. Some other big CIO unions are going to follow the leader.

The steel, coal, automobile and electrical industries are confronted with worker demands for more money and more benefits.

In Washington, John L. Lewis and Joseph E. Mooney of the Southern Coal Producers Association called a conference today to arrange their contract negotiations. Mine operators are wondering whether Lewis intends to end the United Mine Workers' contract.

'Cracker Day' Will Be Held Sunday By Dusty Boots Club

Horse racing and novelty riding events will mark the celebration of "Cracker Day" Sunday afternoon at 2:00 at the Dusty Boots Riding Association track near the Municipal Airport, and in addition to local entries, a number of horses from neighboring cities are slated for entry.

Only one 660 yard race, will draw a cash prize. 325 All comers have been challenged by Elgin Earnest, local blacksmith, to beat his "Daylight Gift" in this event.

Members of the association met last night to plan events. It was decided to eliminate the scheduled calf-roping due to difficulty in securing calves for the event.

Prizes which will be awarded for racing events are now on display at Robson's Sporting Goods Store. First, second and third prizes will be awarded for cow pony elimination races; first prize will be \$50 and two for all races. First and second prizes will be awarded to winners under 15 of the children races.

A new novelty event will be the water bottle filling race for which two prizes will be given.

Prizes on display at Robson's include a saddle, handkerchiefs, shirts and robes, bridles and riding crops.

FARM BUREAU County Agent C. R. Dawson

County Agent C. R. Dawson today advised citrus growers in the Seminole County Farm Bureau tonight at 7:30 o'clock at the Future Farmers building in order to hear Dr. A. F. Camp, citrus expert from Lake Alfred, outline the new citrus program in Orange and granddaddy in Seminole.

Chennault Heard On China Aid

LEADER OF THE FAMOUS "Flying Tigers," Maj. Gen. Claire Chennault (right), former Air Force Commander in China, confers in Washington with Sen. Harry Byrd (D-Va.), left, and chairman Millard Tydings (D-Md.), of the Senate Armed Services Committee. Testifying before a closed hearing, Chennault declared that \$350,000,000 in U. S. aid at once would save the interior of China from Communist domination. (International)

Spain Is Being Armed By U. S. Soviets Charge

BRITAIN ASSISTS IN PLAN TO KILL U. N. ATTEMPTS TO STOP FRANCO, RED SAYS

LAKE SUCCESS, May 6—(AP)—Russia's Andrei A. Gromyko charged today that United States and Britain are strengthening Franco Spain by supplying arms and giving it economic and political assistance. The Soviet deputy foreign minister spoke before the 58-nation political committee of the United Nations Assembly.

He accused the two big Western Powers of thwarting U. N. attempts to bring about the downfall of Generalissimo Francisco Franco.

"They have done everything possible," Gromyko said, "to prevent the implementation of assembly resolutions."

Gromyko addressed the committee as it neared a showdown vote on the question of the top-level diplomatic boycott on the Franco regime.

The Russian said Britain and the U. S. "from the very beginning have put their faith in the continuation of Spain as a Fascist bulwark."

"This," Gromyko went on, "is a continuation of the policies of (premiers) Chamberlain and Daladier whereby British and French non-intervention helped crush the Spanish republic. Now the United States and the United Kingdom are bringing the same old-time non-intervention."

Gromyko cited figures which he said showed an increase in trade between the U. S. and Spain and an increase in American credits to expand economic projects in Spain. He then turned to the political aspects of U. S. Spanish relations.

Many political figures in the United States, he said, have stressed the "strategic use" of the Iberian peninsula "in the preparation for a new war." He mentioned the visits of former Democratic Senator James A. Eastland to Spain.

Gromyko declared that a mistrial was declared in the case of Daisy Spivey.

Air Force Opens Drive To Expand Reserve Training

WASHINGTON, May 6—(AP)—The Air Force announced today an expanded training program for Air Force reserve officers and men.

It will provide training for more than 135,000 reservists and offer inactive and active duty training pay to over 75,000 of them. At present only about 42,000 reservists are receiving training, with only 25,000 drawing pay.

"The strength of the nation will be increased as a result of the new training programs," said an announcement from General Hoyt S. Vandenberg, Air Force chief of staff. "The regular Air Force, including major commands and individual units, will have greater M-day (mobilization day) capacities in trained reserves when (Continued On Page Three)

Daisy Spivey Case Declared Mistrial In Circuit Court

A mistrial was declared in the case of Daisy Spivey, charged with the murder of her husband, Tuesday afternoon when the jury could not agree on a verdict in the case in which she was charged with selling lottery tickets. The case was continued to the next term, according to Judge H. B. Smith in the Northern District of Florida.

L. D. Richardson, who was recently brought back from Houston, Texas, by Deputy Charles Beck, pleaded guilty to a charge of grand larceny and was sentenced to one year in the state penitentiary.

Walter Jackson, negro, charged with assault with intent to commit manslaughter, pleaded guilty to the offense of aggravated assault and was fined \$100 on 30 days in jail after the plea was accepted. He was represented by W. W. Ware.

The case of R. F. Chasler, charged with grand larceny, continued to the next term.

The Court recessed Thursday before noon and will reconvene Monday at 10:00 a. m. at the court Monday morning at 10:00 o'clock for trial of civil cases.

T. N. Hamp Services Sunday At 2:00 P. M.

Funeral services for Thomas N. Hamp, 34, who died Wednesday as the result of a truck accident in Waterboro, S. C. will be held Sunday at 2:00 P. M. at the Erickson Funeral Home with Rev. James Gresham officiating. Burial will be made in Evergreen Cemetery.

Born June 20, 1914 in Lelock, Mich. Mr. Hamp had lived in Sanford for a number of years. His residence was at 408 Palmetto Avenue. He was a World War II veteran and a member of the Church of God.

Survivors include the widow, Mrs. Beatrice Hamp and one daughter, Betty; his step father and mother, Mr. and Mrs. R. A. Kallouf of Holly Hill; three brothers, Leslie, Harry and Milwaukee, Wis.; Francis Hamp of California and Betty, Home of Holly Hill; three sisters, Mrs. Grace Van Pelt, Holly Hill; Mrs. Dolly Pritch, Melbourne, and Mrs. Gladys Clausen, Petoakey, Mich.

4th-Round Labor-Management Fight Being Joined Earlier Than Expected

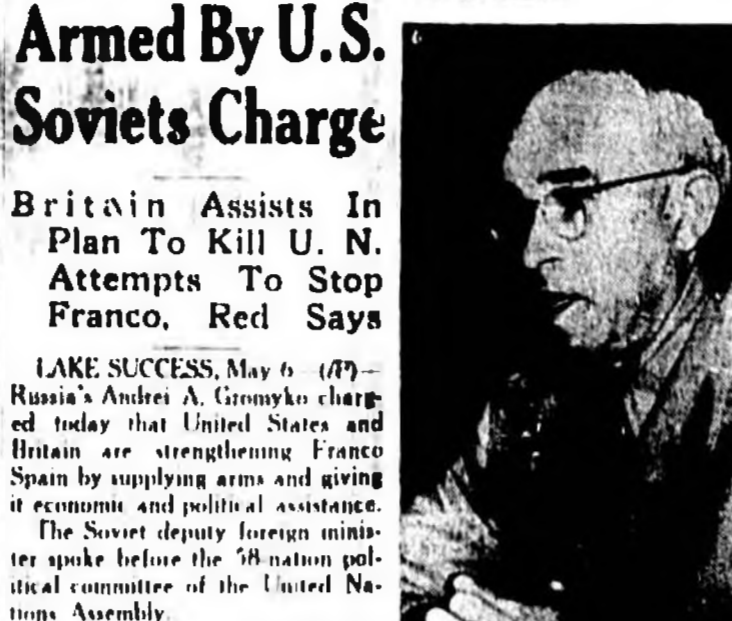

NEW YORK, May 6—(AP)—The fourth-round labor-management battle is being joined even earlier than expected. And this year it may be the real thing.

Management feels it's in a good tactical position to fight. Labor feels it must push new demands, mainly for Social Security, to stave off loss of ground in the recession.

In Ford's acceptance of the wage of battle, many see signs that this time management plans to stand firm. Four big industries are set for labor disputes between now and mid-July—auto, coal, steel and electric appliances. In all four, labor's demands have been tentatively outlined. In all four, management has said the demands are unacceptable.

Of course, the same executives said the same thing just a year ago, before the third-round of wage hikes. However, when General Motors signed up with labor at the higher level, the other industries fell in line. At that time management had more to lose from strikes than from granting pay increases. This year it hasn't. Last year they were still rid-

U. S. Proposes Relaxation Of Japan Controls

GENERAL Omar N. Bradley, U. S. Army Chief of Staff, testifies before the Senate Foreign Relations Committee in Washington, pleading for ratification of the North Atlantic Defense Treaty. Pointing out that the defense frontier of the U. S. lies "on the heart of Europe," Gen. Bradley declared the western countries could stop Russia if given sufficient time for economic recovery and for the building of defenses. (International Soundphoto)

Gerard Sees War In Year If Pact Is Not Ratified

WASHINGTON, May 6—(AP)—James W. Gerard, former ambassador to Germany, told the Senate Foreign Relations Committee today it is his opinion that if the Senate does not ratify the North Atlantic Alliance, now that it has been signed, "we will be in war within a year."

Gerard said he has polled ex-ambassadors and that 22 advised him they favor the treaty.

Gerard and one other ex-ambassador, Ogden H. Hammond of New York, wrote him "Am not in favor but think it necessary." Hammond was ambassador to Spain in the late 1920s.

Gerard, who was ambassador to Berlin at the outbreak of World War one, gave this as his own view:

"The failure to ratify the Atlantic Pact, and to arm the nations of Western Europe will mean war, the end of democracy everywhere and the domination of the world by Russian Communism."

Gerard gave the excerpt from the reply of Sumner Welles, former Under Secretary of State and ex-ambassador to Paris.

"I am strongly in favor of the North Atlantic Pact. I regard it as a positive step toward collective security under the United Nations. I hope, however, that the government will take every opportunity during the months to come to strengthen the authority of the United Nations and as a means of encouraging the federation of Western Europe."

Charles P. Taft, another witness, added to his endorsement of the pact an admission that there must be no "domestic politics at the White House" in dealing with any problem that "even vaguely affects our relation to Russia not even French and the Arabs."

Taft, a member of Republican Senator East of Ohio, also told the Senators to be on guard against "chomps" by military men.

Meanwhile President Truman's request for power to reorganize the government faced a nip and tuck race in the Senate.

If he does not win a full to sign by June 1, then there will be no shakedown of federal agencies this year unless Congress is called back into a special session.

The stumbling block is the Senate bill which has had a reorganization bill languishing on it, and (Continued On Page Three)

Hollywood Park Is Destroyed By \$5,000,000 Fire

INGLEWOOD, Calif., May 6—(AP)—Hollywood Park, one of America's most lavish race tracks, was razed by a \$5,000,000 fire early today but some 600 thoroughbred horses were spared.

The fire started in the swank clubhouse of the multi-million dollar plant and leaped, within minutes, through the grandstand and Turf Club. Shortly after the roof and upper walls of the clubhouse and turf club burned away, the walls began to crumble. Huge chunks of masonry fell, and sent firemen running for their lives.

A Hollywood Turf Club spokesman said the loss was covered by insurance.

One fireman was seriously injured as all available firewater equipment plus some from Los Angeles vainly fought the wind-swept blaze.

Some three hours after the blaze was first reported at 11:00 P. M. PST, it was under control. At one time embers and sparks from the roof story high grandstand shot upward of 1,000 feet and swirled in a gentle wind. The spectacular flames attracted thousands of onlookers and snarled traffic in the densely populated area.

The stands were a total loss but the valuable horses on hand for the coming meeting were saved because of the stable's location a half mile from the main grandstand.

Also spared was the track's colorful flock of black and white swans and geese. The flock had fled to the little lake in (Continued On Page Three)

Blistering Heat Covers East As West Gets Snow

By ASSOCIATED PRESS

A heat wave blistered most of the eastern half of the country today as areas in Wyoming and Colorado "divorced" in a wintery weather.

Snow fell over parts of southern Wyoming and eastern Colorado. Temperature dropped to below freezing. Snow drifted along U. S. Highway 30 to an mile east of Rock Springs, Wyo., to Wamsutter, stalling nearly 30 cars and trucks last night. Crews brought out snow plows to clear the drifted roads.

Colorado Springs reported a wet snow and the mercury at 34 at Cheyenne, Wyo., rain mixed with snow fell in near freezing weather.

Some parts of the Midwest had felt some relief today from the 30-degree temperatures which have hit the area for the past four days. A mass of cool air from the western states moved into the central part of the country today, reaching Wisconsin, central Iowa, southern Kansas and northwestern Oklahoma. General showers and thunderstorms were reported near the cold air front.

The cooling breezes were expected to spread over the North Central states tonight and move eastward. The U. S. Weather Bureau said there was a possibility the heat wave would end over the Eastern states by Sunday.

Today's hot weather extended from the Mississippi valley to the Atlantic coast and from the Gulf to the southern Great Lakes region.

The mercury shot to record marks for the night and fell to many cities yesterday (Chicago and Louisville had top (Continued On Page Six)

Yesley Memorial Ground Breaking Is Slated Sunday

Honoring the late Rev. W. P. Yesley, members of the First Christian Church will hold ground breaking exercises Sunday afternoon to celebrate erection of the Yesley Memorial Parsonage which will be located north of the church.

Mrs. Yesley, widow of the late pastor, will be accorded the honor of turning the first spadeful of dirt, and officers of the church will follow.

Speakers at the ceremony will be Dr. Paul Carpenter, pastor of the First Christian Church of Orlando, and the Rev. J. E. McKinley, pastor of the First Methodist Church of Sanford.

Both Mothers Day and church homecoming will be observed in the 11:00 o'clock morning service conducted by the Rev. J. E. Farley. Both the dedication of the church and the burning of its mortgage took place on previous Mothers Days.

Officers Are Elected At Meeting Of Sanford Bath And Tennis Club

Members of the Sanford Bath and Tennis Club met at the Tourist Center last night, adopted by-laws, elected officers, and completed the organization of the club for the coming year.

The board of directors who were unanimously elected by the club membership were as follows: E. G. Kilpatrick, John Ivey, S. O. Chase, Hamilton Blaboe, and Joe Morrisson.

Officers elected by the board immediately following the membership meeting were: Roland Dean, president; W. V. Bittling, vice president; Lee Samuels, secretary; and Jack Ratigan, treasurer.

Committee appointed by the president and approved by the board were: Membership—Jack Ratigan, E. G. Kilpatrick, Lee Samuels, S. O. Chase, and Mrs. W. E. Kirchhoff.

Entertainment—Mrs. George A. Speer, Mrs. Harry Woodruff, and Mrs. Frank Shames.

Swimming Pool—Sam Martins, Mrs. F. M. Gingles, and Mrs. A. B. McManey.

Tennis Court—T. E. Tucker Gordon, Dean and Mrs. Char-

Federal Employees Show Gain in March

WASHINGTON, May 6—(AP)—There were 2,102,043 civilians working for the government at the end of March, an increase of 6,867 over the previous month, the Civil Service Commission said today.

In its monthly report of government employment it said:

"Sizeable increases reported by the Department of the Air Force, Postoffice Department, the Department of Agriculture were partially offset by a sizable decrease in the Department of the Navy."

The commission collects statistics on employment in executive agencies. It totals do not include personnel in the federal judiciary or Congress.

Father Nachtrab Tells Lions Club Of Mothers Day

An outline of the history and significance of Mother's Day in the United States by Father Nachtrab of All Saints Catholic Church, and talks on the recently organized Aldergate University by the Rev. Alton Bradley, president, J. D. Shields, dean, and R. L. Park, public relations counsel, made up the program of the Lions Club today at the Tourist Center.

Two lists of nominees for election of officers and directors of the Lions Club were offered, one by Father Nachtrab, the other by Ted Williams, Secretary Jack Morrison was instructed by King Leon J. Hamilton Blaboe to prepare the lists for balloting next week.

Father Nachtrab traced the observance of Mother's Day from its origin by Anna Jarvis of Philadelphia in 1908 to its proclamation by President Woodrow Wilson in 1914 as a national holiday to take place each year on the second Sunday in May following instructions of Congress. Approval for observance of the holiday in this country by Catholics was given by Pope Pius XI, he pointed out. He quoted Abraham Lincoln's tribute to his mother and stated that every day is Mother's Day in the Catholic Church in memory of the statement of Christ to St. John, "Behold Thy Mother."

Rev. Bradley told of the charter granted on Mar. 3 to the new (Continued On Page Four)

Antioch Church To Have Ceremonies
The Antioch Missionary Baptist Church in Oviedo will have cornerstone laying ceremonies on Sunday afternoon at 2:45 P. M. All members and friends of the church and citizens of Oviedo and surrounding communities are cordially invited to the service.
The program will be as follows: ten minute inspiration Service by Kennedy; music; St. John M. C. Church choir of Altamonte Springs, Rev. H. L. Bradley, pastor; invocation; music; scripture reading in concert, Psalm 122, followed with the Lord's Prayer.
Also a musical selection by the spiritual Singers of the Church of God, Sanford; mission offering; music "Take My Hand Precious Lord"; cornerstone sermon, Rev. Bradley; music, choir; offering, conducted by appointee; music, choir; Doxology; Benediction; cornerstone laying, by the Prince Hall Masons, Charles S. Jones Grandmaster; dinner.
Guests usually enjoyed buffet suppers more if individual tables, or card tables, are provided so that they can sit comfortably after they have served themselves. If the main buffet table is not a large one the silver for the dessert need not be placed until the dessert itself is brought in.

Business Mirror

(Continued from page one)
costly. But the prospect of loss of output for awhile might not frighten them this year as it did last.

Also, management is known to have taken heart in recent weeks as labor's chances of getting the Taft-Hartley Labor Act repealed in whole or major part have steadily dimmed in Congress.

This is the atmosphere in which labor and management open contract negotiations between now and mid-July in the four big industries—steel, autos, coal and electrical manufacturing. The unions represent about 3,000,000 workers. They want higher wages, shorter work weeks and welfare programs financed by the employers.

Labor says the employers can foot the bill and still make profit. They say that the increased purchasing power which wage hikes and other benefits would give the 3,000,000 workers would help the companies sell their products. They say that the companies can bring down costs in other direc-

June Allyson and Peter Lawford enjoy tea in this scene from MGM's "LITTLE WOMEN" in color by Technicolor, playing at the Ritz Theatre on Sunday and Monday.

Air Force Plan

(Continued From Page One)
The plan is in full operation."

The plan was set up by Lieut. General Elwood R. (Pete) Quisenberry, who was called from his command of the Tactical Air Command to organize the reserve project.

The reservists will be trained at more than 70 regular air force bases and at 23 localities to be designated as reserve training centers. Two of them will be newly activated locations. Eighteen other reserve training centers will be discontinued under the new plan.

The program was worked out under instructions from President Truman to make full use of civilian reserve components.

Here is how it is set up: 1. Mobilization assignment training—the reservist is trained in the spot he would have if war should come, assigned for 30 days to a specific unit of the regular Air Force. He gets 18 training periods a year with 15 days of active duty and is paid for his reserve service.

2. Air Force training center—reservist this reservist is a member of a reserve training wing. He will train one week each month with equipment of a regular tactical squadron, is eligible to be paid for 18 training periods and one 15 day active period, may have maximum of 90 hours flying training annually.

3. Corollary unit reservist—he is a member of a unit formed in the vicinity of regular Air Force bases for 18 training periods and one 15 day active period, may have maximum of 90 hours flying training annually.

4. Volunteer training unit reservist—he takes part in scheduled assemblies or meetings of groups with military occupational specialties similar to his own. He doesn't get paid, but will get credits for promotion and retirement purposes.

5. Extension course—reservist enrolls with the Air University, takes correspondence lessons, earns credits for promotion and retirement, but doesn't get paid.

The training center reservist project will be under charge of the Continental Air Command, with headquarters at Mitchell Field, N. Y., and commanded by Lieut. General Ennis C. Whitehead. In it will be 25 wings, made up of five light bomb wings (B-26s); three troop carrier wings (C-47s); three

tions than payroll cuts. Management says no. They contend that the added labor costs would halt further price cuts on products. They say that the recent easing in the cost of living can be viewed as actually the equivalent of a pay hike for labor, and everyone.

What management may not be saying publicly but probably in discussing in its own ranks: there is about a two months' supply of coal already above ground; orders on steel company books at present don't go far into the summer; electrical appliance makers have sizable inventories of finished products; auto workers aren't sure that when the early summer car-buying rush is over, they'll have as many customers as they once hoped.

Except for the Ford "speed-up" strike, the battle is still in the feeling-out stage. Negotiations can slay off trouble. But today it looks as if management is going to be more stubborn than at any time since the war.

BIBLE VERSE TODAY

You cannot be on good terms
with the father and on bad terms
with his loved children. If we love
one another, God abideth in us,
and his love is perfected in us.
1 John 4:12.

Henry Wallace, who has never
shown any great sympathy for the
poor down trodden taxpayer any
time before in his long life of help-
ing to gouge the public, says that
the North Atlantic Alliance will cost
this country 30 billion dollars before
we are through with it. Even at that
it would be cheap compared with
the follies of Henry's fertile brain.

The City of Orlando has created
a new Industrial Development Board
for the purposes of bringing new
industries and payrolls to Orlando.
Some Sanford citizens may well
wonder, "Now, why doesn't Sanford
do something like this?" Too many
Sanford citizens do not want new
industries and new payrolls to come
here. They tend to create labor
shortages, increase wages and sal-
aries, raise taxes. They also cause
traffic jams, parking problems, and
congestion in downtown stores. But
people who think like this seem to
forget that a town either goes for-
ward or it goes backward, and a
backward town means unemploy-
ment, vacant stores, hunger, and
welfare problems.

Before we shout too many cheers
over the lifting of the Berlin block-
ade and the ending of the cold war
in Europe, may we had better
look to the east and see what is
happening there while our backs
are turned. The Russian Commun-
ists have all but gained control of
400,000,000 people, the key to the
whole of the Eastern Pacific, and
are consolidating a position which
would make our occupation of Jap-
an absolutely untenable while they
pretend to be holding out the olive
branch in Germany. They had noth-
ing to gain from a continuation of
the blockade. It was costing them
more than it was us. And by calling
it quits now, they lead many shall-
ow minds to believe that the North
Atlantic Pact is unnecessary, that
the war in China is purely an inter-
nal affair.

Sunday is Mother's Day, but not
all mothers are the kind we like to
think about when we celebrate
Mother's Day. "We find many
homes in which there is marital
strife," says the report of the Na-
tional Council of Juvenile Court
Judges. "We find neurotic or psy-
chopathic parents, those who are
mentally deficient; we find parents
who are inattentive or indifferent
and those whose conception of child
training and home keeping is prac-
tically nil. We find the over indul-
gent parent and the spoiled child,
the punishing type of parent and the
resentful child, the drunkard father
and mother, we find these condi-
tions in the homes of the rich and
the poor, the high and the low." So
in celebrating Mother's Day let us
hope that more mothers will try
to be the right kind of mothers. And
that goes for fathers too.

While we are planning our brave
new world which is going to pro-
tect everyone from the economic
hazards of life from the cradle to
the grave, let us give some thought
to the need for perfectionists.
Sloppy workmanship, which is more
or less the order of the day, will
not get us better homes to live in,
better food to eat, or better enter-
tainment in the recreation field.
Too many of us seem to feel that
under our Bill of Civil Rights, the
law does not have to be plowed
straight and even, the weeds do
not have to be pulled, or the chutes
washed clean. Too many of us seem
to believe not only in the 30 hour
week but also in the job party
plan. Eventually we will learn that
the better way of life, whether
economic or otherwise, can only be
achieved by the highest quality work-
manship.

The Vanishing Report

Why is so little heard in the halls of Congress about
the report of the Hoover Commission on the Re-organization
of Government? The report is the fruit of a long and work-
manlike study of the government structure by a nonpartisan
group of competent and honest persons, who were not in-
terested in grinding political axes but in improving the gov-
ernment.

The Commission laid before Congress detailed informa-
tion and recommendations to show how almost every unit
of the vast and complex executive branch of the government
could be operated more effectively, so as to give better ser-
vice to the people, and at lower cost, so as to save money
for the taxpayers. The report showed that a saving big
enough to be easily seen by the taxpayer could be made
simply by installing a good bookkeeping system. Congress
seems to have accepted this notable document with about
the same interest as might be shown in a piece of light
fiction recommended in passing by a casual acquaintance.

Most of the representatives and senators will be telling
their constituents, the next time they come up for re-elec-
tion that they are keenly interested in better government,
lower budgets and lower taxes. They could demonstrate that
interest by bringing the Hoover report out of its pigeon-
hole and making appropriate use of it.

Nursing As A Career

Girl graduates this year who would like to enter a field
free from male competition, and one which calls forth the
best attributes of the feminine character, should investigate
the opportunities in the nursing profession.

The present acute shortage of nurses makes it hard to
run hospitals efficiently and to give proper care and consid-
eration to patients. In many places schools of nursing are
paying special attention to current high school graduates,
holding open house and conducting observation tours
through hospitals and nurses' homes.

This training, besides fitting the student for regular
hospital and home nursing, forms the basis for specialized
work with children or in the psychiatric field. Many
graduates become dietitians or institutional nurses, and many
large factories employ nurses for their personnel depart-
ments. The work of visiting nurse is made to order for the
girl with an inclination toward social service.

There is always a demand for the services of a graduate
nurse. The fear of unemployment never dogs her footsteps.
In addition to this security, the girl who takes up nursing
has the added satisfaction of knowing that her daily work
makes smaller the sum of human suffering.

Indian Envoy

The new ambassador from India to the United States
is Mrs. Vijayalakshmi Pandit, the sister of the Indian prime
minister. Her latest assignment was as ambassador to the
Soviet Union for two years. She also has represented India
at the United Nations Charter meeting in San Francisco at
the Lake Success sessions of the organization. Her lecture
tour of the United States has made her acquainted with
American ways.

Mrs. Pandit believes that her mission as a representative
of her country is to make India and its ideals better un-
derstood here, and to interpret American philosophy to the
people of her country. She holds firmly to the idea that her
country's salvation lies in return to India's own individual
culture instead of in continuing to superimpose the culture
patterns of another nation.

India, like other Oriental countries, has been somewhat
of a mystery to Western minds. Her ambassador to the
United States seems to have been well chosen as an inter-
preter.

Try and Stop Me
By BENNETT CERF

HOWARD LINDSAY and Russel Crouse, the authors of
"Life with Mother," and "State of the Union," are not
only successful collaborators, but inseparable friends. When
they are not actually to-
gether, they talk to one
another on the phone—upon
arising, after a meal, just
before retiring for the
night.

When the Lindsays moved
recently into a new home on
Ninety-fourth Street, Mrs.
Lindsay told friends, "I knew
Howard would take it the mo-
ment I noticed a telephone in
the elevator. Now he can phone
Crouse while he's riding down
from the top floor to the base-
ment. You have no idea what
a comfort to him that is!"

Frank B. Gilbreth, the hero of "Cheaper by the Dozen," believed
in leaving nothing to chance. He wrote to authorities at Harvard that
when he died, his brain was willed to the University medical school.
In a postscript he continued, "My hat is size seven and three-eighths.
In case you want to get a jar ready."

THE WORLD TODAY

By DEWITT MACKENZIE

The heroic airlift which finally
has forced the raising of the Rus-
sian blockade of Berlin has been
a labor of Hercules and costly in
many respects, but on balance it
represents blessings in disguise for
the Western Allies.

U. S. Secretary of Defense John-
son yesterday characterized the
carrying out of this task as "one
of the greatest transportation feats
in history." British Prime Minister
Attlee, after seeing the airlift in
operation recently, described it as
"one of the wonders of the world."

There's no exaggeration in those
statements. The airlift has been
an unprecedented demonstration of
power, of technical skill, of vast
resources of courage, of determina-
tion—and of Allied unity.

Because the Allied airlift rep-
resents all these things there is
no doubt, as I see it, that it must
have a huge influence in welding
together the nations of Western
Europe into the Atlantic Pact. That
airlift has been a mighty bulwark
of morale among the democracies.

But that isn't the whole story.
This grueling and dangerous task,
which even has cost lives, has pro-
vided America and her Allies with
technical knowledge which could
have been acquired in no other way
and which might be invaluable in
event of another war. An Elton C.
Fay, A. P. air expert in Washing-
ton, puts it:

"The Berlin lift has provided the
Air Force with a laboratory to de-
termine just how many planes, how
much concerted effort of all the
military forces, would be required
to supply a large forward position
cut off from normal sea or land
supply lines. The Air Force has
learned, among other things, a x a
how to fly hundreds of planes in a
parade of closely following air-
craft in a light corridor where the
weather often was too thick for
birds to navigate."

What a difference between this
and the days of the Franco-Prus-
sian war of 1870-71, when Paris
starved the world by breaking
through the German siege with bal-
loons! These balloons, which were
blown when the wind was light,
sometimes carried homing pigeons
which were liberated to take back
news to Paris. The besieged Paris-
ians also sent out 65 balloons
carrying a large quantity of mail
and 164 people.

The biggest airlift operation
prior to the Berlin show was that
operated over the "hump" in the
Himalayas between southeast Asia
and China. The journey over the
hump amidst the lofty, cloud en-
shrouded peaks, was a fearsome
one. Not only was there the ever-
present danger of a crash but the
Jap warplanes used to lurk in the
clouds, waiting to shoot down the
Yankee transports. I crossed the
hump twice during the war, once
in a terrible storm. I didn't like it.

By the way, a large number of
airmen who participated in the
hump operations also have been
engaged in the Berlin airlift.
The hump airlift did a great job
with scanty equipment but natu-
rally it wasn't on the scale of the
Berlin lift. Now, thanks to the
Russian blockade, the Allies have
had an unparalleled experience
which might have taken years to
acquire otherwise.

However, we have gained all the
knowledge we need for the time
being, thanks. We don't want any
further experience.

FRIDAY
The American Legion Auxiliary will meet at the Legion Hut at 7:30 P. M.

MONDAY
St. Ann's Chapter, Woman's Auxiliary, Holy Cross Episcopal Church will meet at the home of Mrs. H. H. Coleman at 12:30 P. M. for a covered dish luncheon and final business meeting of the year.

TUESDAY
The Woman's Bible Class of the First Baptist Church will have a monthly business and social meeting at 7:45 P. M. at the home of Mrs. H. H. Coleman, 2520 Laurel Avenue, with Group No. 2 in charge of the refreshments.

WEDNESDAY
The board of the Sanford Garden Club will meet at 8:30 A. M. at the Garden Club Building on East First Street.

THURSDAY
Central Circle of the Sanford Garden Club will meet at 8:30 P. M. at the home of Mrs. H. M. Papworth to form a motored to Daytona Beach where a covered dish luncheon will be held with Mrs. E. B. Clements as hostess.

MINISTERIAL GROUP MEETS AT SCHOOL
Members of the Sanford Ministerial Association met on Thursday afternoon at 12:30 P. M. at the Seminole High School with Rev. J. R. Farris, president, presiding.

ROUILLATS HONOR VISITORS WITH PARTY
Mr. and Mrs. Frank Wright of New York City who are visiting in Orlando were honored on Wednesday afternoon with a best party given by Mr. and Mrs. P. E. Roumillat.

PEO ENTERTAINS WITH TEA FOR GRADUATES
Members of Chapter Y, PEO, entertained with a tea on Wednesday afternoon honoring members of the Seminole High School graduating class in the lovely gardens at the home of Dr. and Mrs. H. H. McCaslin on Mellenville Avenue.

MISS HARDY HONORED BY MRS. O. R. SMITH
Mrs. O. R. Smith entertained recently with a shower honoring her niece Miss Louise Hardy who will be married on May 12 to Lloyd Lowe, Jr. of Orlando.

MARY BURKE LOWRY GIVES BOOK REVIEW
Mary Burke Lowry of Winter Park reviewed the well known book "The Big Fisherman" by Lloyd Douglas at the monthly general business meeting and luncheon of the Sanford Woman's Club Wednesday at the club home at 12:30 o'clock.

THREE HOSTESSES ENTERTAIN CIRCLE
Mrs. A. D. Shoemaker, Mrs. M. J. Morris and Mrs. J. C. Ward were hostesses on Monday afternoon for the monthly meeting of Circle No. 1 of the Woman's Society of Christian Service of the First Methodist Church.

CLUBS AND SOCIETIES
The Sanford Garden Club will meet at 8:30 A. M. at the Garden Club Building on East First Street. The Social Department of the Sanford Woman's Club will entertain with its annual May Day bridge-breakfast at 10:00 A. M. at the club home.

WHO IS THE MOST PROMISING CITIZEN?

1920 Locust Avenue, and below right, Danny Hoan, one year old son of Mr. and Mrs. W. A. Hoan of 315 Palmetto Avenue. The public is invited to vote for its choice among these five contestants for "The Most Promising Citizen of Tomorrow." A ballot is provided for this purpose in another column on this page. Mark it and send to The Herald office.

Dancing School Has Its Spring Recital

With a Springtime theme the Duxbury School of Dancing presented last night its first annual recital under the sponsorship of the Azuleia Circle of the Sanford Garden Club before an audience of about 150 persons.

Forming a garden setting was a background of trellis entwined with ferns. Large floor jackets of brightly gladioluses were placed at each side of the stage. All in all, the scene was a garden with its elements, including the birds, frogs, butterflies, flowers, the elements and the rainbow.

HERALD CONTEST

EVERYBODY VOTE!
The Herald office is pleased to announce the results of the contest for the most promising citizen of tomorrow. The contest was held from May 1st to May 5th.

Lefty Larry Barry Pitches Giants To 9 To 3 Win Over Leesburg Dodgers

By ARTHUR BECKWITH, JR., Herald Sports Editor

Manager Hal Gruber's Sanford Giants extended their current victory string to three games last night by defeating the Leesburg Dodgers 9 to 3 behind the nine-hit pitching performance of Lefty Larry Barry.

Tonight the Giants move to Daytona Beach for a contest with the league leading Islanders, and return to the local park tomorrow evening for another engagement with Manager Sam Demma's aggregation. The Grubermen meet the Gainesville G-Men in a Sunday afternoon contest at the Municipal Park.

Manager Gruber indicated last night that he would send Right-hander George Janell to the hill tonight to face the Islanders, and Joe Schultz may get the hill call tomorrow evening at the local park. Charlie Rose will be given the mound chore on Sunday afternoon with the G-Men.

The Leesburg aggregation scored first in last night's contest. The invaders grouped four of their nine hits to produce two runs in the second frame. A double by Manager Julian Acosta and an error by Fred Weber netted the Dodgers their only tally in the sixth inning.

Sanford tied up the game in the third inning on one hit and three Leesburg errors. The locals added two in the fifth, one in the seventh and four in the eighth.

Meanwhile, Gainesville defeated the St. Augustine Saints by a 6 to 2 margin and Orlando nipped the Deland Red Hots by a 6 to 4 count. The Daytona Beach Islanders clubbed the Palatka Azules 12 to 2.

Olympia Faces Large Field In Kentucky Derby

Woman Trainer-Owner Adds Senecas Coin To Entries

By ASSOCIATED PRESS

LOUISVILLE, Ky., May 6.—(AP)—This fine old capital of the distillery belt is sweltering in a heat wave as the diamond jubilee Kentucky Derby draws nigh, and more and more horse owners are deciding to take a shot at Olympia in tomorrow's \$100,000 classic. Post time will be 5:30 Eastern Standard Time.

There is not necessarily any relation between the two incidents, though some of the experts contend it is abnormal for 13 owners to think they might beat Fred Hooper's far-striding favorite.

Only four horses ran against last year's great Citation-Coaltown coalition, so it is obvious Olympia's rivals do not consider him quite in the same class with the Calumet colt named Senecas Coin. She announced plainly and positively today that her pet will run unless he breaks a leg before post time or unless there is heavy mud.

“He's got four legs,” said Mrs. Roth, a trim figure in jodhpurs, “and a miracle could happen. Maybe it will take a miracle for my horse to beat Olympia. But I'm going to put up my \$1000 starting fee and see what happens.

Senecas Coin has run just twice in his sheltered life, and he hasn't been in the money yet. He finished 11th and seventh, respectively, in two 12-horse races. He is what is known in racing circles as a “maiden.”

It is estimated that he will go off at better than 100-to-1 against the cream of the country's 3-year-olds. As for Mrs. Roth, she won with the distinction of having been the second woman owner-trainer to run a horse in the Derby.

Mary Hirsch, daughter of Max Hirsch, trained her entry No. 18, for the 37 race. He finished 13th.

Billy Herman, Jr., Sets Diamond Record

By ASSOCIATED PRESS

CLARKSVILLE, Tenn., May 6.—(AP)—Billy Herman, Jr., set what is believed to be a world's record for organized baseball here tonight when he started his second triple play in two consecutive games.

Baseball Commissioner A. H. (Happy) Chandler, who was among the crowd of 1420 here for the local opening of the Kitty League, said it was the only such performance he could remember.

Herman, second baseman for Clarksville and son of the former Chicago Cub infielder, took a line drive from Ribber Werner's bat in the seventh inning with runners on first and second base. He whipped the ball to shortstop Dick Matschat at second and Matschat threw to Don Stevens at first for the third out.

Herman had started a triple play the previous night at Hopkinsville.

1947, won Firenze handicap and \$10,000 as Jamaica meeting ended before 23,348.

Valdosta Boosts G-F Loop Lead By Beating Americus

By ASSOCIATED PRESS

Loop-leading Valdosta whipped Americus, 13-9, last night for their 15th victory in the Georgia-Florida League. The Dodgers scored six runs in the 10th inning to gain the nod.

The Albany Cardinals also staged a 10th inning rally for four runs and a 14-10 victory over the Tallahassee Pirates.

The Thomasville Tigers nipped the Cordele Indians, 10-9. The Waycross Bears blasted the Moultrie Athletics, 17-6.

Despite their loss, the Pirates remain in second position in the standings. Tallahassee has won 14 and lost eight.

Thomasville is third with a 12-9 record, while Albany is fourth with a 12-10 record. Cordele, Waycross and Americus trail in that order. Moultrie is ninth in the cellar with five wins and 17 losses.

League play last night was marked by a parade of pitching talent—five or more hurlers taking part in each game. Both the Phillies and the Dodgers used four twirlers in their 10th inning struggle.

Tallahassee used five men on the mound, while Albany presented a pair in their extra inning contest. Cordele used four, while Thomasville ran in two pitchers. Moultrie also used four hurlers, while Waycross was the only team that used only one.

Seven hits were the smallest number allowed in any of the free-swinging games—Cordele got them off of two Tiger twirlers. The greatest number of hits was 19—by Waycross off a quartet of Moultrie moundmen.

Columbia Breaks Loss Jinx With Win Over Macon

By ASSOCIATED PRESS

The Columbia Reds, longtime occupants of the South Atlantic League cellar, have ended their great victory famine.

The Reds last night edged the Macon Peaches, 7-5. It was their first triumph in ten consecutive games. But the Reds are still in the cellar with three triumphs against 12 defeats.

The Savannah Indians remained in first place by virtue of a 4-1 victory over the Greenville Spinners. The Columbus Cardinals trampled the Augusta Tigers, 17-4. The Jacksonville Tars came from behind to nose out the Charleston Rebels, 4-3.

The Spinners are still in second place with 10 victories and five losses. Columbus is third with an 8-7 record, and Macon, fourth, with nine victories and eight defeats. Augusta and Jacksonville are tied for fifth. They have each scored eight triumphs and have lost nine. The Rebels are seventh with their 7-11 record.

Tom West, Red starter in the Macon fray, was credited with the victory. He was later relieved by southpaw Dick Libby. Jim Burns of Macon was charged with the loss. Burns replaced Bert Flammini in the sixth. Earl York banged out three safeties for the Peaches. Bob Murphy, Roy McMillar and Bill Van Heut got three hits for the Reds.

Relief moundman Kelly Jack Swift lived up to his name in the contest with Greenville. Swift was called on in the ninth with the bases full and no outs. He struck out the first two batsmen and the third popped an easy out to right field. The Indians got four hits off Joe Bellemere, but they made them count. George Wright hit a two run homer in the first to get the Tribe off to a good start.

The Cards made 17 hits count for 17 runs in crushing the Tigers. In one big inning—the seventh—they scored seven runs, one a four bagger by Frank Gravano.

Ted Owen tripled in the seventh to bring in Bobby Brown with the tying run for Jacksonville and Bill Lutes followed with a single to drive in the winning marker. The declivity gave Jacksonville an even break in the four-game series with Charleston.

KITRELL OPTIONED

GAINESVILLE, May 6.—(AP)—The G-Men of the Florida State League today announced that first baseman Kit Kittrell had been sent to Kingdon, N. C., of the Grand Tobacco State League of that state on option.

At the same time G-Man Manager Spec Dozier said that Rookie John Webb had been returned to Pensacola and subsequently sent to Brewton, Ala., of the Alabama State League.

Kittrell was the regular first baseman of the Gainesville club last season.

MIDDLECOFF LEADS

WHITE SULPHUR SPRINGS, W. Va., May 6.—(AP)—Dr. Cary Middlecoff led a professional field of 80 into the second round of the \$10,000 Greenbrier Open Golf Tournament today.

The Memphis, Tenn., dentist, carded a four-under-par 60 yesterday to take the early lead. Tied for second were Ed Furgol of Royal Oak, Mich., and Bobby Locke of Johannesburg, South Africa, with 68.

Columbia Breaks Loss Jinx With Win Over Macon

By ASSOCIATED PRESS

The Columbia Reds, longtime occupants of the South Atlantic League cellar, have ended their great victory famine.

The Reds last night edged the Macon Peaches, 7-5. It was their first triumph in ten consecutive games. But the Reds are still in the cellar with three triumphs against 12 defeats.

The Savannah Indians remained in first place by virtue of a 4-1 victory over the Greenville Spinners. The Columbus Cardinals trampled the Augusta Tigers, 17-4. The Jacksonville Tars came from behind to nose out the Charleston Rebels, 4-3.

The Spinners are still in second place with 10 victories and five losses. Columbus is third with an 8-7 record, and Macon, fourth, with nine victories and eight defeats. Augusta and Jacksonville are tied for fifth. They have each scored eight triumphs and have lost nine. The Rebels are seventh with their 7-11 record.

Tom West, Red starter in the Macon fray, was credited with the victory. He was later relieved by southpaw Dick Libby. Jim Burns of Macon was charged with the loss. Burns replaced Bert Flammini in the sixth. Earl York banged out three safeties for the Peaches. Bob Murphy, Roy McMillar and Bill Van Heut got three hits for the Reds.

Relief moundman Kelly Jack Swift lived up to his name in the contest with Greenville. Swift was called on in the ninth with the bases full and no outs. He struck out the first two batsmen and the third popped an easy out to right field. The Indians got four hits off Joe Bellemere, but they made them count. George Wright hit a two run homer in the first to get the Tribe off to a good start.

The Cards made 17 hits count for 17 runs in crushing the Tigers. In one big inning—the seventh—they scored seven runs, one a four bagger by Frank Gravano.

Ted Owen tripled in the seventh to bring in Bobby Brown with the tying run for Jacksonville and Bill Lutes followed with a single to drive in the winning marker. The declivity gave Jacksonville an even break in the four-game series with Charleston.

Valdosta Boosts G-F Loop Lead By Beating Americus

By ASSOCIATED PRESS

Loop-leading Valdosta whipped Americus, 13-9, last night for their 15th victory in the Georgia-Florida League. The Dodgers scored six runs in the 10th inning to gain the nod.

The Albany Cardinals also staged a 10th inning rally for four runs and a 14-10 victory over the Tallahassee Pirates.

The Thomasville Tigers nipped the Cordele Indians, 10-9. The Waycross Bears blasted the Moultrie Athletics, 17-6.

Despite their loss, the Pirates remain in second position in the standings. Tallahassee has won 14 and lost eight.

Thomasville is third with a 12-9 record, while Albany is fourth with a 12-10 record. Cordele, Waycross and Americus trail in that order. Moultrie is ninth in the cellar with five wins and 17 losses.

League play last night was marked by a parade of pitching talent—five or more hurlers taking part in each game. Both the Phillies and the Dodgers used four twirlers in their 10th inning struggle.

Tallahassee used five men on the mound, while Albany presented a pair in their extra inning contest. Cordele used four, while Thomasville ran in two pitchers. Moultrie also used four hurlers, while Waycross was the only team that used only one.

Seven hits were the smallest number allowed in any of the free-swinging games—Cordele got them off of two Tiger twirlers. The greatest number of hits was 19—by Waycross off a quartet of Moultrie moundmen.

YESTERDAY'S STARS

By ASSOCIATED PRESS

Johnny Mize, Giants, broke up game with 10th inning home run off Murrey Dickson to down Pittsburgh, 3-2.

Bobby Feller, Indians, came back after two weeks absence with shoulder injury to stop Red Sox, 7-3, for first win of season.

Ebenezer WSCS Meet With Mrs. R. E. Lee

The W. S. C. S. of the Ebenezer Methodist Church held a regular meeting on Tuesday afternoon at the home of Mrs. R. E. Lee at 815 1/2 Laurel Avenue. The devotion was given by Mrs. H. A. Steinhilber and the spiritual life story book "Newness of Life" by Estelle C. Carver was studied under the direction of Mrs. Carl Bradbury. The business meeting was conducted by Mrs. J. H. Wynn.

Mrs. Shinholser Is Hostess To Class

Mrs. J. Brodie Williams presided over a meeting of the Daughters of Wesley Class of the First Methodist Church held Tuesday evening at the home of Mrs. S. O. Shinholser on Oak Avenue. Serving as hostesses with Mrs. Shinholser were Mrs. Helen Schultz, Mrs. Clark Leonardy, Miss Ellabee Kirchhoff and Mrs. Albert Hickson.

Hollywood

HOLLYWOOD, May 6.—(AP)—It will be soda but no Scotch for Cary Grant for the next three to five years. The star is back at work following his serious attack of jaundice while picture-acting in England. His doctor has ordered a diet without alcohol, eggs or fried food for a long time to come. "It's good for me, though," beamed Grant. "I just had an ice cream soda."

Ford Strike

South Bend, Ind., federal mediators sought to settle the 16 day old strike at the Bendix Aviation Corporation plant. The strike by 7,500 CIO United Auto Workers has forced several auto plants to shut down for lack of supplies. The union wants reinstatement of 47 discharged workers in a dispute over speedup and slowdown charges.

Piggly-Wiggly

(Continued From Page One) in cellophane and passed through small windows to attendants who keep the counters filled. In a corner of the air conditioned cutting room is a large cold storage locker, within which is a separate section for frozen meats.

Refrigerated units have been provided in the store for dairy products and for various frozen foods. A number of compressor units in a rear room provide the low temperatures required by the refrigerator units. Another cold storage room is that in which vegetables and produce are stored. Back of the produce counter and separated by a partition from the rest of the store is a produce preparation room that measures 7 by 100 feet. There produce is cleaned in a large sink, then is rolled in carts in a space under the partition, making it easily available to attendants at the fruit and vegetable counter. A room is also available for preparation of dairy products.

Six exit aisles have been provided for speedy service in making payment for provisions. Near these is an enclosure for the manager from where he can send messages to all parts of the store through inter-communication equipment. In the rear of the store is a large stock room. Large double doors enable truckers to unload goods easily. An overhead conveyor transports meat carcasses to the storage room. Two toilet rooms are available in the rear. Hot running water is supplied. Back of the stock room is a small unloading and stock room where truckers may leave produce at night. A large brick enclosed trash bin takes care of cartons and papers.

Congress Roundup

(Continued From Page One) at since Apr. 7. No one now is able to say when it will get around to acting on it. The House has passed its own bill. Mr. Truman told news conference yesterday he wants a bill passed. But he noted that unless the Senate acts at least 60 days before the July 31 adjournment he won't get any reauthorization accomplished this year.

3 Individuals, 2 Publications Win Journalism Award

COLUMBIA, Mo., May 6.—(AP)—Missouri honor medals for distinguished service in journalism were presented today to three individuals and two publications. The awards are made annually by the University of Missouri School of Journalism. Recipients were: Elmer Davis, Washington, D. C., news analyst for the American Broadcasting Company; John S. Knight, president and publisher of the John S. Knight Newspapers; Alfonso Johnson, executive secretary of Advertising Agencies; the Saturday Evening Post and the Memphis, Tenn., Commercial Appeal. Editor Ben Hibbs accepted the award for the Post, and Editor Frank R. Ahlgren accepted for the Commercial Appeal.

Journalism, called for "a sound, competent, reliable continuing study of the contemporary American press."

"Too much criticism of newspapers is as ineffectual as our criticism of the weather, and this is not right," Mott said. "Too much of our criticism is loose, ill-informed and impressionistic. Newspapers are not a business like any other business. They have so close a partnership with government and society in our democratic system that we must be anxiously concerned with their policies, their trends, their future."

U. N. Meet

(Continued From Page One)

ley and Senator Chan Gurney (R-S. D.) to Madrid as examples of political contacts with Franco. Gromyko, referring to visits of U. S. officers, said "some wonder if there already is a military agreement" bringing Spain into the Atlantic Pact. He said the United States is "attaching considerable interest to taking over uranium mines in Spain in a move to corner the world's raw materials connected with production of atomic energy. He charged that construction of large airfields in Spain began after a visit of an American general, and asked the U. N. to "halt this continuance."

Nation's Weather

Race Track Burns

(Continued From Page One) The disastrous fire dealt a death blow to the Hollywood Park meeting, scheduled to start May 17. Track General Manager Jack Mackenzie could not be reached for comment, but Santa Anita Park quickly offered its facilities for the season. The fireman, Inspector Clifton Freeman, 30, of Inglewood, suffered severe injuries when he tried to jump from the collapsing grand stand roof into a tree, and missed. His condition at Centinela Hospital was reported serious. First alarm of the fire was given by night watchman Joe Cohen, who said he found flames shooting up an elevator shaft in the club-house while making his rounds. The cliff breeze swept the fire from one end of the 1200-foot long stands to the other before Inglewood fire equipment was reinforced by several companies from both Los Angeles city and county. The 11-year-old track was built at a cost of about \$2,500,000 and since then an additional \$2,000,000 had been poured into improvements. Only charred stands, twisted steel struts and gaging roof sections remained of the lavish establishment this morning. One block of perimutual windows, apart from the general stands, was unscathed. The rest of the wagering booths, with much costly equipment, was lost. At its height the blaze was visible at Westchester a community five miles away. Pilots approaching Los Angeles municipal airport radioed the control tower that "it looks like half of Inglewood is on fire." Flying embers for awhile posed a threat to the stable area and to valuable residents, but it was not necessary to move out any horses. Leading thoroughbreds have been on the scene and training for the scheduled opening. The disaster brought an offer from Guyana Wilson, general manager of Santa Anita Park, to let Hollywood Park facilities to the Inglewood Turf Club for the opening of their meeting subject to the permission of the California Horse Racing Board, said Wilson.

Legislature

(Continued From Page One) of the cattlemen's version. Murray said he just put the men on the conference group which represent the House's views. The House seriously crippled the Lusk bill after the Senate had passed it with only a minor change. Senate Horse Racing Board, said Wilson.

House Groups Level Attacks At School Bill

No Decision Comes From Battle, And Status Of Measure Stays Unchanged

TALLAHASSEE, May 9.—(AP)—Senator Mathews of Jacksonville today introduced a proposed constitutional amendment to permit a state income tax. The proposal would levy a state tax of 10 percent of the federal government tax for income under \$300,000 and other part of the amount in excess of \$300,000. Two similar proposals have been submitted in the house.

TALLAHASSEE, May 9.—(AP)—Property of labor organizations would be exempt from taxation by a bill introduced in the Florida House today by Reps. Hollinger of Palm Beach and Carlin of Duval. It would include among the labor organizations "in the line of education, benevolent, fraternal, charitable and religious organizations whose property now is exempt from taxation."

TALLAHASSEE, May 9.—(AP)—House and Senate got together today on a bill that will abolish most of Florida's continuing appropriations and estimated needs. The measure, which now goes to the Governor, would put about 85 percent of the state's money in the general fund and let it be spent only on biennial appropriation by the Legislature.

TALLAHASSEE, May 9.—(AP)—A dispute over whether the Governor or Cabinet should have supervision of certain purchasing bills delayed final action on the bill until tomorrow. Senator Mathews, in a last minute parliamentary move offered an amendment putting control under the Governor. His proposal was voted down 32-12 with Mathews voting against it and he immediately moved for reconsideration.

TALLAHASSEE, May 9.—(AP)—The fight between two House committees over the \$100,000,000 Florida public school bill broke out today.

County Infirmary Deaths Are Probed By Fort Wayne

FORT WAYNE Ind., May 9.—(AP)—Further investigation was planned today into the high death toll at the Allen County infirmary where twenty-nine inmates died in the 34 days ending last Saturday.

The county commissioners, a representative of the state health board and Dr. Noah Zehr, medical director of the infirmary, were to inspect the infirmary today.

Dr. Zehr in a statement, has attributed the death rate to lack of food.

Rabbi Morrin Skop Resigns Orlando Post

ORLANDO, May 9.—(Special)—Rabbi Morrin A. Skop, leader of Congregation Ohav Shalom for the past 12 years, and a figure in both civic and religious affairs of the community, has resigned his post here to assume the position of Rabbi and Director of the Coral Gables Jewish Community Center and to serve with the disabled Jewish War Veterans of the Front Hospital under the U. S. Army-National Jewish Welfare Board Chaplaincy program.

Rabbi Skop has occupied a unique position here in that he served a Jewish community comprised of Reform, Orthodox and Conservative Jewish groups. He has served also as secretary of the Association of Florida Rabbis, Chairman of Jewish Education for the State Federation of B'nai B'rith Lodges, president of the Central Florida Jewish District, chairman of the International Relations Committee of the Mayor's Interracial Committee, Orange County Mental Hygiene Society, Home Service chairman of the Orange County Red Cross, and has held membership in various other religious and civic groups.

MAN DROWNS HOPEWELL, Fla., May 9.—(AP)—Moody Turner, 27 of Plant City drowned while swimming in an old phosphate pit here last yesterday.

Deputy Sheriff R. L. Holubury said Turner was fishing from the bank, saw an object about 75 feet out in the water and tried to swim to it. Before reaching it, he turned back and began calling for help.

An unlicensed companion Barney Matthews also of Plant City, grabbed him by the hair and tried to tow him to shore, but became exhausted and fell.

City Commission To Discuss Plans To Finance Dock Project Tonight

Whether or not to go ahead with plans for financing of the proposed \$350,000 waterfront terminal and dock project will be discussed by the City Commission tonight at 8:00 o'clock at its meeting at the City Hall, and Mayor Andrew Carraway today repeated his invitation to business men, civic leaders and all other citizens to attend in order to express views on the program.

"The public can hear the whole story of the project and help decide whether or not to go ahead with plans for the financing," said Mayor Carraway this morning.

Among civic groups, the Jaycees appeared to be the most interested in the program and appointed a committee of three: B. L. Perkins, Jr., R. A. Newman, Jr. and George Williams, Jr., together with John Senkarik, president-elect, to attend the meeting and report their findings to the Jaycees.

W. A. Murison, president of Kiwanis, stated today that while the club will not be officially represented at the meeting, a number of members are expected to attend.

Manager McKibbin pointed out that while the meeting will not be a public hearing, the Commission desires as many citizens as possible to attend in order to find out how a cross section of the community feels about continuing the project.

Reviewing briefly the history of the project, he pointed out that the City and Chamber of Commerce had secured plans for the terminal from the engineering firm of Smith and Gillespie, Jacksonville, and had contacted the RFC, government loan agency, and had suggested using revenue from the terminal for repayment of the loan.

The RFC when last contacted, he said, was dubious over the long period of years it would take by this means to repay interest and principle of the loan. They asked that City revenue, not otherwise pledged, be used to back up the loan.

Private financing came into the picture when fiscal agency proposals were made to the City Commission by four firms in order to aid the City in publicly selling bonds for the project, declared Mr. McKibbin.

"However, the Commission, so (Continued On Page Four)

Rotary Asked To Aid Appeals For Hospital Funds

George Touhy Gives Report On Convention In Sarasota

An appeal for support of the Fernald Loughton Memorial Hospital drive and a report on the Rotary convention at Sarasota were heard at the Rotary luncheon today. MacDonald Bryan, campaign director, said that some hospital costs have risen as much as 500 percent and that \$25,000 is needed to wipe out the deficit.

George Touhy, president-elect of the Rotary Club, said Rotary International has grown so large that there are only two or three cities in the entire world large enough to accommodate an International convention.

Bill Kirk of Bill Kirk Motors was welcomed into the club as a new member by H. H. Coleman who explained the purposes of Rotary and presented Mr. Kirk with the Rotary "Code of Ethics," a pamphlet called "Welcome to Rotary" and a lapel pin.

Mr. Bryan, who was introduced by Jack Itatigan, for the hospital committee, said that there is a partnership between the hospital and every man, woman and child in the community. In cases of child birth, auto accidents, or critical illness, the need for nearby hospital facilities immediately is paramount, he said.

When he learned that there is only one hospital in Seminole County, and it in financial straits which might force it to close, Mr. Bryan, who lives in St. Augustine, said he decided to come here and do what he could to help make the drive for funds a success. He cited personal experience in showing how the need for a hospital is felt sooner or later by everyone, and how the lack of its facilities may affect (Continued On Page Eight)

County School Board Appoints Principals, Teachers For '49-'50

Acting upon recommendations by the school trustees, R. F. Cooper, Mrs. A. D. Rountree and Ray Howell, the County School Board at its meeting last Thursday appointed principals and teachers for the 1949-50 term. Board members later made an inspection of schools in the west part of the county and noted where repairs are needed. Supt. T. W. Lawton reported that the school building at the Board, was unable to be present.

Seminole High School faculty members for the coming year include: W. E. Morris, principal; K. M. Eaddy, vocational agriculture; Carl F. Kettles, athletic director; Fred R. Geman, physical education; Fred R. Geman, physical education; Ollie A. Mowery, physical education and civics; Mrs. F. C. Wynn, physical education (girls); J. E. Root, English literature; Mrs. M. E. Smith, music; Mrs. M. D. Dyer, Mrs. Stewart Gatchel, English.

Other high school teachers are: Mrs. Elizabeth Lynch, mathematics; Miss Ethel Riser, algebra; Miss Laura Chittenden, mathematics; Mrs. W. E. Fort, chemistry and physics; Mrs. V. L. Smith, physics; Mrs. L. G. Gorman, Mrs. L. Harris, biology and history; Mrs. W. A. Wray and Joe McCanna, history; Mrs. Boyd Coleman, Latin; Mrs. J. E. Nelson, Spanish; Miss Rebecca Stevens, music; Miss Barbara Brown, home economics; Miss Ollie (Continued On Page Four)

Soviets Issue Order To Lift Berlin Block

Traffic Is Scheduled To Start Moving Into Eastern Zone Thursday Morning

LONDON, May 9.—(AP)—Moscow radio said tonight the Russian zone commander "has issued an order restoring transport, trade and communications services in Berlin."

The order, signed by General V. I. Churkov, lifts the blockade at 12:01 A. M. Thursday, the broadcast said.

The Soviet monitor said reception from Moscow was poor and it would take some time to decipher details of the order.

The Western Allies will start their traffic moving into the Eastern zone at that moment. British transportation experts announced in Berlin. Under a four-power agreement reached in New York the blockade is being lifted Thursday and a meeting of the Four-Power council of foreign ministers will be held in Paris May 23 to discuss the future of Germany as a whole.

The transportation men expect the Russian blockade of the western Berlin in accordance with the four-power agreement reached in New York. There will be no need for the Western Allies to be in direct touch with the Russians on the technical lifting of the Soviet blockade of the western zone of Germany, a spokesman said.

German rail men in both Western and Eastern occupation zones have made their plans.

Meanwhile in Washington former Secretary of War Robert P. Patterson said today the case for the Atlantic Treaty is simple: It would preserve peace because Russia would not dare go to war against the combined strength of the pact nations.

German rail men in both Western and Eastern occupation zones have made their plans.

Piggly-Wiggly Supermarket Is Host To 4,500 Persons

Officials and clerks of the new Piggly-Wiggly super-market at 300 East Third Street were hosts to more than 4,500 visitors yesterday afternoon as the Winn-Lovett Company, owners of the store, held open house in celebration of its completion. Gaily decorated with large baskets of ghoulishness and carnations, the spotless and gleaming store presented a very attractive appearance, and many compliments were received by Manager R. W. Casper.

In recognition of Mother Day the store gave away 3,000 carnations. Visitors also were treated to free cream, tea and coffee, dried cheese and crackers. Plastic spoons for stirring iced tea were given as favors.

Musical recordings were provided by the Pet Milk Co. The store has a supply of humbugs and "Elsie the Cow," mounted on the dairy counter. Much interest was shown in the counter where meat is displayed in wrappings of cellophane, and kept cool by refrigeration.

This morning the store was in regular operation. It supplies the Piggly Wiggly store on First Street, and the Table Supply and Lovett groceries at Fourth Street and Sanford Avenue.

State Markets Report \$7,295,244 In Tomato Sales During Past Season

JACKSONVILLE, May 9.—(Special)—"Revenue of \$7,295,244.88 was returned to growers selling tomatoes through seven major State Farmers' Markets during the past season, packages totaled 1,620,603. Fort Pierce Market led with 815,516 packages over Florida City's Florida City showed returns through April 30 of \$3,845,120.89 as against \$3,192,521.50 at Fort Pierce. Several of the markets have only a record of deals and this is called a portion of Florida's vast tomato crop since all of the tomatoes grown in the state are not marketed through the State Markets. This will include the record breaking year for tomato growers," said William L. Wilson, Director of State Markets, in his weekly market review.

"The tomato season is not yet over as the markets in the central part of the state are just beginning to harvest tomatoes and from the look of the fields there will be a larger than usual production in that section. Conditions at the various State Markets show a decline in volume in some and a steadily increasing volume at (Continued On Page Four)

Truman Seeks Speed On Bills For Revamping Government

Giants Pledge \$1,000 To Hospital Fund

Charles Martin, New York Giants team executive, second from right, presents the first payment check of \$500 to Brig General L. C. Hutchison, general chairman of the fund-raising committee on the Giants' pledge of \$1,000 to the Fernald Loughton Memorial Hospital fund drive for HUD. T. W. Lawton, president of the hospital association, left, and Randall Chase chairman of the executive board, right, smile after approval.

Effect Of Ford Strike Is Felt In Auto Industry

Company To Lay Off 8,000 Workers In 6 Cities Shortly

DETROIT, May 9.—(AP)—Arturo Detroit Mayor George Edwards made personal appeals to Henry Ford II and Walter Reuther today to try to settle the five-day strike of 65,000 Ford workers. Edwards, a former organizer for the CIO United Auto Workers, proposed three alternatives to the Ford-GM Co. President and Reuther, president of the UAW.

Reconciliation of direct negotiations broken off a few minutes after the walkout started last Thursday noon. Mediation by the "Speed-up" dispute by Detroit's labor-management citizens committee, mediation by Edwards himself.

500 Attend Horse Racing Events At Municipal Airport

Horse racing events were enjoyed yesterday afternoon by more than 500 people at the "Fruiter Day Celebration" of the Dusty Boots Riding Association at its track at the Municipal Airport. More than 50 horses were entered in races.

X-Ray Survey To Be Conducted In County On June 1

A mass x-ray survey will be conducted in Seminole County during June 1, for screening of possible tuberculosis cases, it was announced today by Dr. Frank Sullivan, director of the Seminole County Health Unit, and Mrs. Edward Kircher, executive secretary of the Seminole County Tuberculosis and Health Association.

Two stationary and three mobile x-ray units will be brought here for the survey by the State Board of Health.

Dr. V. G. Duff and Bert Higgins of the State Board of Tuberculosis control arrived here Tuesday and with Mrs. Kircher made a two-day survey of the County, conferring with growers, school principals and community leaders in order to (Continued On Page Five)

Truman Explains His Vim And Vigor

WASHINGTON, May 9.—(AP)—President Truman has his own explanation for feeling so healthy at age 65. "I've had to work so hard all my life I've never had time to get into any chief." The presidential quip was given yesterday to Dr. Edward Hughes Peden, pastor of the First Baptist Church. It was Mr. Truman's response to Dr. Peden's expressed hope that "I will be as full of vim and vigor as you are when I reach my 65th birthday." Yes, today was an especially big day for Mr. Truman. It was Mother's Day, his own birthday, and the fourth anniversary of his formal announcement of the end of the war in Europe. However, while Mr. Truman made no particular mention of the day, some of the flowers in the church were in memory of Mr. Truman's mother, who died in 1917.

Boysen Arrested On Theft Charge At Court Hearing

NEW YORK, May 9.—(AP)—Fred Boysen was arrested in a Manhattan courtroom on a handbag theft charge today shortly after he withdrew a summons accusing Manager Leo Durocher of the New York Giants of simple assault.

The complainant identified herself as Mary Ryan, organ registered nurse.

Boysen, a Brooklyn baseball fan who accused Durocher of knocking him down after a Dodgers game Apr. 29, was ordered to remain in the courtroom while a complaint was drawn up against him.

Later, Boysen was taken before Magistrate Denis Byrne. A warrant officer told the court that Miss Ryan believed Boysen was one of two men who assaulted her, then stole her purse on Mar. 27 at 124th Street near Morningside Avenue.

Boysen denied the charge. "I was never in that vicinity," he said. "I'm jaded, but I don't go around taking other people's purses."

The woman related that she saw Boysen's picture in the paper after he alleged clash with Durocher. She and the commissioner with Edgar Feeley, attorney for the Giants, and that Feeley advised (Continued On Page Eight)

Donnie Whitten Is Named Runner-Up In Herald Contest

Four year old Donnie Whitten son of Mr. and Mrs. H. D. Whitten, 1006 French Avenue, was voted the winner in the initial nomination poll, with 420 out of 650 votes cast in the Herald's "Most Promising Citizen of Tomorrow" contest.

Buddy Long four year old son of Mr. and Mrs. Harold E. Long 841 West Second Street, placed second in last week's vote by winning the nomination. Donnie Whitten whose full name is Harry Donald Whitten, earns the right to compete in the final vote with four other contestants for the prize of a silver porringer donated by W. E. Kadon, jeweler. Pictures of Donnie and Buddy and of other contestants appeared Friday in The Herald. Next Friday another five nominees will be pictured and from these may be chosen another weekly winner. When five weekly winners have been chosen, voting will take place to select "The Most Promising Citizen."

Parents of winners may get tickets to the Ritz Theater by calling at The Herald office. When Donnie's parents get their (Continued On Page Eight)

Nation's Industries Begin To Step Out In Parade For Recovery

NEW YORK, May 9.—(AP)—The recession timetable, industry by industry, is beginning to take shape. In each industry spokesmen are beginning to talk of the date, however tentative, when their business will be re-adjusted and ready to step out in the hoped-for recovery parade.

However, there are three big "ifs": the strike threats, the Russian embargo, and the completion of the rearmament and foreign aid programs.

With these possible boat-rockers in mind, here are the time schedules for various industries as their leaders have revealed them in the last few days:

There Are Too Many Byrds In Congress, President Is Quoted As Telling Veterans

WASHINGTON, May 9.—(AP)—President Truman today urged Congress to act speedily on a bill giving him power to reorganize the executive branches of the government.

In a special message sent to the House and Senate, Mr. Truman said the legislation should be enacted soon if any reorganization proposals are to be submitted in this session of Congress.

Mr. Truman called attention to the fact that the bill requires that any reorganization plan be submitted must be before Congress 60 days without being disapproved by the House or Senate to become effective. His message said:

"Because of this 60-day waiting period the bill should be enacted soon if any reorganization plan are to be submitted to the present session of Congress."

The House already has passed the measure giving the President power to undertake reorganization of the executive branch. It is now awaiting Senate action.

The Senate Executive Reorganization Committee has approved a bill differing on some important points from the measure passed by the House. It has been on the Senate calendar awaiting action since April 7.

The House bill exempts some important government agencies from reorganization plans. The Senate bill would exempt none.

Under the house bill both chambers must disapprove within 60 days any plans submitted by the President in order to veto the proposal. Under the Senate bill either chamber could act within that time to junk the plans by disapproving them.

Senate Majority Leader Lyndon B. (D-III) said after a White House conference with Mr. Truman that the senate might take up the reorganization bill shortly.

Meanwhile President Truman was reported to have told a group of veterans that there are so many Byrds in Congress that he would like to see a few of them get out of the picture.

Senator Harry E. Byrd, Virginia (Continued On Page Eight)

Business Women To Hear Dr. Harris

"Women's Rights" will be the subject of a talk to be given by Dr. Amelia Harris, visitor in Winter Park, to members of the Business and Professional Women's Club, Wednesday evening at 8:00 o'clock at the Sanford Tourist Center. Mrs. Sallie Mero Williams, club president, announced today.

Members of all women's organizations were today urged by Mrs. Williams to hear the talk, the subject of which will be discussed at length at the Business and Professional Women's Club convention in Jacksonville during the week end.
