Celery Feds May Be Crippled For Mullet Contest

As Coach Leonard L. Mulcahy prepared to send his Celery Feds through their first workout this week in preparation for the "Big" Augustine Mullett Friday night chances were that the Feds would be crippled by the loss of two standout players.

Jimmy Renaud who was hurt in the Orlando game over week ago has not fully recovered and may not be in shape to play Friday night. Jim Reel, also a Celery Fed whose play sparked the Feds to some of their finest play this season in the Orlando game, is down with a touch of the "flu" and indications are that even if he is able to be in uniform that he will see very little action against the mullets.

Mulcahy plans to send the Feds through a couple of tough workouts prior to Friday but plans no rough scrimmages in order to lessen chances of losing any more players.

The Feds will be seeking their second victory of the year, the only game won so far being against DeLand.

Bob Neyland Is Called Greatest Coach Since Days Of Knute Rockne

By DON WHITHEAD
KNOXVILLE, Tenn., Nov. 14.—Down in Dixie they're calling Major Bob Neyland the greatest football coach since Knute Rockne sent the Irish of Notre Dame blasting across the gridiron heavens.

When anyone asks what makes the Tennessee Volunteers so violent—the answer must always be Bob Neyland, one-time army engineer and one of the finest athletes ever turned out at West Point.

Any time he has almost realized the coach's dream of a "perfect" football team—the experts say he finally has accomplished it with his 1929 powerhouse that is trudging along toward a national championship.

An amazingly poised, versatile outfit—per all Neyland teams are. The backfield is fast and powerful, the line well-nigh impregnable. It was dented twice five days ago by the bulldogs of Alabama, Chattanooga, North Carolina and Georgia, and the reserves are as polished and capable as their first-string mates.

"What makes Tennessee click?" Neyland is asked to reply to a question.

"I really don't know. We don't sound more blue than other teams on the field, and I suppose our marching methods are not the same."

But that's modesty of the rank and sort—for Tennessee clicks because Neyland is never satisfied with anything less than the power and smoothness of a 16-cylinder limousine.

The proof is in the record. Neyland-coached teams have won 103 games, tied eight and lost only 13 since 1926.

For seven consecutive years, 1926 to 1932, Tennessee teams made perfect seasons by the score.

Japanese Forces Launch New South China Offensive

Quick Developments Promised In East As Armies In Europe Are Inactive

German U-Boats Return To Base

Czech Students Demonstrate Against Nazi Protectorate

Japanese landing forces started a new South China offensive drive today that promised major military developments sooner than Europe's stalemate Western Front, where highly equipped armies of great powers face one another in relative inactivity.

Combined navy and army forces landed near Peho on the Kwangtung coast, only 75 miles east of French Indo-China, about 300 miles west of British Hongkong. Japan will adhere strictly to the policy hitherto pursued toward third powers.

The Japanese war moved along principally with economic betterment and a "war of nerves."

France said there was "reduced activity during the night" on the Western Front and Germany reported "as special events except minor local artillery fire."

German submarines, credited by the High Command with sinking 26,000 tons of enemy shipping, returned to their base escorting an unidentified prize vessel.

New trouble flared in Czechoslovakia. Two thousand students demonstrated against a German protectorate following the death of a young student but were dispersed before clashing police.

Citrus Coloring Process Flayed By C Of C Directors

The solar-acted process used by the Florida citrus industry and the shipment of immense fruit drew criticism from the citrus growing members of the board of directors of the Seminole County Chamber of Commerce at the monthly meeting in the Chamber Building last night and resulted in the appointment of a committee by President P. F. Campbell to confer with the merchants on a general re-education of these evils.

This committee will consist of George H. Bridges, Jr. of Longwood, Benjamin F. Haines of Altamonte Springs, and Miss Nona Wyrly of Lake Wales.

The unfavorable markets for Florida citrus was blamed principally on the shipment of the green fruit while it was ripe, resulting in a certain dissatisfaction, resulting in an inferior product being placed on the market.

The board of directors went on record as commanding the Chamber's Armistice Day Committee for its outstanding work in connection with the Armistice Day observance Saturday.

The director said that this celebration cost the Chamber of Commerce approximately \$500, most of which was raised by contributions from the City, County and local merchants.

It was pointed out that the family of which an estimated 1,000 persons were fed, 2,000 pounds of fish and 1,000 pounds of meat, 200 pounds of butter, 200 pounds of eggs, 200 pounds of coffee and 100 pounds of salt were used.

Following the business meeting a "Hobey" line was shown by G. H. Ray of Orlando, through the courtesy of the Coca-Cola Bottling Company.

Government Mobilizes Resources To Carry Aid To Survivors Of Tragedy

CARACAS, Venezuela, Nov. 15 (AP) — Volunteer workers searched Lake Maracaibo today for bodies of 500,000 persons estimated to have died in the fire which swept the oil town of Laguna, a village of wooden shacks perched on stilts on the water's edge.

While searchers paddled through the floating debris and charred piling—all that remained of the oil town that housed 2,500 natives employed in the great oil fields nearby—the government mobilized resources to aid survivors. Airplanes brought scores of doctors and nurses, and a fleet of
