

Citrus Receipts Are Increased By 740% Since 1924

ORLANDO (AP)—Although total Florida citrus receipts have soared 740 per cent, other fruits, nuts and field crops 216 per cent, and livestock 510 per cent since 1924—farmers are not making money hand over fist, a University of Florida economist says.

Each acre of the university's Agricultural Experiment Station, with inflation, higher labor, materials and equipment costs have sent the farmers' share of receipts and that large expenditures of money, time and labor were responsible for increased receipts.

Savage said citrus has been "squeezed out of the market" for the past 27 years, resulting in a third more of Florida's total crop receipts for 25 years and exceeded receipts only by livestock in 1947 and 1948 and by vegetable crops in 1949.

Savage said annual average Florida citrus receipts for the 1925-30 period were \$72,347,000; vegetables were second with \$49,124,000; livestock and stock products third with \$40,265,000; field crops, nuts and other fruits fourth with \$33,420,000.

LAKELAND (AP)—Most Florida citrus varieties which sold in heavy volume at auction last week look slight price tumblers.

Oranges from Interior Florida averaged \$3.28 a box, 10 cents less than the week before.

Temple oranges were down 2 cents a half box to \$2.00.

Interior white seedless grapefruit was off 22 cents a box for a \$3.51 average. Indian River white seedless slipped six cents to \$3.94.

Indian River oranges, however, picked up despite heavy movement. This premium variety brought \$3.76 a box, an eight cent gain.

Tangerines, nearing the end of their season, advanced 64 cents a half box to \$3.16.

Indian River pink seeded grapefruit zoomed up to \$5.22 a box, a gain of \$1.72. Interior pink seedling climbed \$1.54 a box for a \$4.51 average.

Fat Profits

(Continued From Page One)
United crime in New York City, VDYV denied the charge, saying that a few minor and isolated incidents had "by inference" been blown into exaggerated proportions and given "ministerial imputations."

Vaughan's name came up during the "5 per cent" investigation which produced testimony that "influence peddlers" gave away deep freezes and milk coats in various parts of the city.

As a result of that Senate hearing, John Maragon was sent to jail for perjury. Maragon was portrayed by the government as a man who turned up in various departments saying he recognized Vaughan or came from the White House.

He was on the payroll of a company which gave Vaughan seven deep freezes for himself and friends.

Morris was asked if he would have kept Vaughan on as a "Presidential Aide" in the light of the deep freezes and the Maragon affair.

Morris: "I don't think I'd have had General Vaughan there to start with."

Supreme Court

(Continued From Page One)
Teachers for its school system "may very properly inquire into the company they keep," Milton wrote, "and we know no rule constitutional or otherwise that prevents the state, when determining the fitness and loyalty of such persons from considering the organizations and persons with whom they associate."

A person found unfit under the New York law "is not thereby denied the right of free speech and assembly," Milton went on.

The right of choice between membership in the (listed) organization and employment in the school system might be limited, but not his freedom of speech or assembly, except in the remote cases that limitation is inherent in every choice. Certainly such limitation is not one the state may not make in the exercise of its police power to protect the schools from subversion and thereby to defend its own existence.

WASHINGTON (AP)—The Supreme Court today dismissed an attack on a New Jersey law which requires daily Bible reading in public schools.

The effect of the dismissal is to let the New Jersey law stand unchanged. In 34 other states the issue is read in public schools, some by option or requirement.

WASHINGTON (AP)—The Supreme Court today denied the Secretary of Agriculture's power to order milk producers to milk cows during certain seasons of the year.

The secretary's orders were issued to stabilize returns to milk farmers in the four states. Funds for the program are limited to \$10 million of which \$5 million are to be set aside for the program.

Governors' Race

(Continued From Page One)
spent or collected. Sen. Holland's report was not in.

McCarthy's campaign contributions included a \$500 donation from John B. Phillips, Lakeland. He received \$250 from Charles S. Roberts, Coral Gables and \$200 each from M. R. McFigue of Fort Lauderdale, Jack Davis, Miami, and Louis J. Buchman, Tampa.

Austin U. Conrad, Deland, Richard H. Simpson and T. B. Manuel, Fort Lauderdale each contributed \$150. Raginal McAttee, Tampa, gave \$75.

Contributions of \$100 each to McCarthy were given by Arthur J. Young and W. M. Moreley, both of Fort Pierce; W. A. Pipkin Lakeland; C. T. SPOCKTON, F. G. Murphy, E. B. Mills, all of Miami; J. Tompkins, Miami Beach; Charles I. Denny, Gainesville; Herbert H. Hood and William C. Catlett, both of Jacksonville; Henry Suddeth, Karl Wissigal, Joseph I. Mathis, Dr. J. Powell Adams, all of Panama City; Dennis B. Rawls, Dr. M. R. Avery, Hugh McArthur, Sam F. Davis, all of Tampa; Laurence Epstein, W. T. Martin, James A. Ryder, V. J. de Meo, all of Miami; C. W. Smith, Pensacola.

He collected \$250 each from Thomas Jean Ellis, Miami Beach, and Douglas B. Sale and Ira A. Hutchinson, both of Panama City. R. T. Brinkley, Tallahassee, gave \$150 and Fred Pierson Jr., Tallahassee gave \$150.

Gifts of \$100 each were donated to the Adams' Campaign by Dr. Neal B. Williams, Graceville, Elton Bowen, Bonifay, M. O. Warren, DeFuniak Springs, Joe B. Henderson, St. Petersburg, Mr. and Mrs. Carl E. Bjorklund and Joe E. Hutchinson of Panama City.

Julius Parker and John T. Wigginton, both of Tallahassee, and George J. Shams of Miami.

Adams' contributions included donations of \$100 each from Ernest Hinkertopf, Miami, C. B. Kirtley and Robert A. Williams, both of Sanford.

BASKETBALL FIX

NEW YORK (AP)—Two brothers today pleaded guilty to conspiracy to give bribes to "fix" a college basketball game.

The pair, Benjamin and Irving Schwartzberg, made the plea after a previous charge of both conspiracy and bribery was reduced to a charge of conspiracy, a misdemeanor.

They admitted they tried to bribe Julius Kellogg, Manhattan College center, in a game with De Paul University of Chicago, at Madison Square Garden on January 16, 1951.

Kellogg reported the attempted "fix" to authorities.

Bronx County Judge James M. Barrett, set March 27 for sentencing.

SHOT TO DEATH

MIAMI (AP)—Florida Athans Brouseau, 44, Detroit, Mich., was found dead in an automobile on the Tamiami Trail a mile west of the city limits Sunday and Coroner Edwin Lee Mason said he committed suicide.

The body was found by Florida Highway Patrolman W. H. McKnight and Mason said Brouseau apparently shot himself with a high-powered rifle and had been dead 12 to 16 hours.

He had more than \$300 in his pockets and carried papers showing he had recently been treated for stomach disorders and respiratory ailments, Mason said.

PUBLIC ENEMY

WASHINGTON (AP)—An ex-convict described as extremely dangerous and long sought for the killing of a woman in Michigan was added today to the FBI's list of "10 most wanted men."

He is Jake Aloy Beaucauld, 48, native of Canada, and known by the nickname "Franchy."

Monroe County, Mich., authorities have charged him with murder for the roadside slaying of a woman identified through newspaper reports as Rose Trabon, 47, Dandolans, Conn., and Worcester, Mass.

RESCUE BLANK

SINGAPORE (AP)—Communist terrorists dynamited a train in Central Malaya today, killing seven persons and wounding 15 others. All the dead were local employees of the Malayan railways.

In Malaya, shops and business places are closed between 1 and 4 o'clock in the afternoon.

Conference Given New Hope For Cure Of Cancer Patients

BY ALTON L. BLAKEHIRE
Associated Press Science Reporter.
CINCINNATI (AP)—An X-ray merry-go-round has knocked out cancers in dozens of apparently hopeless cancer patients, the second National Cancer Conference was told today.

Some have no signs of cancer two years later. But it's too soon to call any of them cured.

The merry-go-round is a revolving chair. The patient sits in it while a powerful two million volt X-ray beam is aimed at his hidden cancer. As the patient spins slowly, the beam concentrates on the cancer. The spinning means less damaging X-rays on his skin and healthy tissues, and thus a bigger dose hitting the cancer.

The merry-go-round method was developed by Dr. John G. Trump and associates of Massachusetts Institute of Technology, Cambridge, Mass., in research supported by the American Cancer Society. Patients are chosen and treatment guided by Dr. Hugh F. Hare, radiologist of the Lahey Clinic in Boston.

The results of the first 27 months with the merry-go-round beam were disclosed at the opening of the National Cancer Conference, bringing together more than 1,000 cancer specialists and physicians to report latest advances in the campaign against cancer.

So far, 286 patients have been treated. The great majority had advanced cancer that could not be cut out or treated with usual X-ray methods.

Today, 157 have no signs of cancer, and some have been clear for one to two years. But cancer isn't considered cured until at least five years have passed with no recurrence.

Forty-seven have died, some of other diseases; 19 have cancers that spread, 12 have persistent cancers and in five the cancers returned. Another 46 are under treatment still or finished it too recently to be called free of the disease.

38 Persons Killed In Destruction Of Air France Plane

NICE, France (AP)—An Air France airliner crashed in an olive grove near this Riviera sun spot today, killing 38 persons, including an American ballet dancer and two French actors.

A woman taken alive from the wreckage was reported in critical condition.

The dead American was Joan Kitzman, 21, New York City, who danced under the name of Harriet Toby with the Marquis de Cuevas Company. Sunday night at Cannes she had danced in the ballet "La Harpiste" by Maurice Strakosky.

Employees at the Nice Airport said pieces of sea gull's wings and feathers had been found in the air intakes of the plane's engines and that this might have caused the crash, only a few minutes after the airliner took off for Paris.

In Paris, however, Air France officials said they could not confirm this.

The plane—a French-built Languedoc with 34 passengers and a crew of four aboard—plummeted into an olive grove at 9:05 a.m. (3:02 a.m. EST). One woman, 37, was pulled out of the wreckage alive but died en route to the hospital.

Air France released an official casualty list which gave no nationalities of the victims. All were listed from French, Italian or British home addresses.

The dead included the wife of the pilot, Theon Farrugia, 29, a veteran of 4,500 hours flying time.

French Cabinet

(Continued From Page One)
cialsist forced Reynaud after two days of negotiations to tell Auriol he could not bring the parties together.

WASHINGTON (AP)—Sen. Connally (D-Tex.) said today that if France does not today consent to defend herself, she cannot justify a large military and economic aid from the United States.

Connally made the statement to newsmen after Secretary of State Acheson had conferred for nearly two hours at a closed meeting with the Senate Foreign Relations Committee. Connally is chairman of the group.

In reply to a question, Connally said his remarks were directly related to the current French government crisis.

Former France's government fell last week when the cabinet's 50 per cent tax increase to the French share of the defense plans made by the North Atlantic Treaty Organization (NATO).

Connally refused to discuss what Acheson told the committee, but Sen. Sparkman (D-Ala.) said the cabinet officer is "certain" he has no misgivings at all—that France will find a way to finance the program.

POPE'S BIRTHDAY

VATICAN CITY (AP)—Pope Pius XII marks his 70th birthday and the 12th anniversary of his election to the papal throne at a ceremony here today. The double anniversary actually was Sunday, but the pontiff scheduled a special observance then.

In Madrid, shops and business places are closed between 1 and 4 o'clock in the afternoon.

RESCUE BLANK

SINGAPORE (AP)—Communist terrorists dynamited a train in Central Malaya today, killing seven persons and wounding 15 others. All the dead were local employees of the Malayan railways.

In Malaya, shops and business places are closed between 1 and 4 o'clock in the afternoon.

State Democratic Committee Voting On Truman Choice

WEST PALM BEACH (AP)—The Florida Democratic Executive Committee is voting on a platform which contains a plank saying—in effect—that President Truman shouldn't run for re-election.

The balloting is a left-over piece of business from the committee's meeting at St. Petersburg Jan. 5 when the platform was submitted. Unable to reach a decision on whether to adopt it, the committee decided on the mail ballot.

Chairman E. B. Donnell, West Palm Beach, said today an official mail ballot has gone out to the committee's 134 members and that they will be tabulated at the Florida Hotel, Tampa, at noon Saturday.

The reference to Truman is contained in this section:

"In the firm belief that our system is greater than any personalty, we agree with the precedent established by George Washington that the term of the office of the President of the United States should be limited by constitutional amendment to two terms, and that this precedent should be observed in spirit as well as the letter and no man should permit himself to become a candidate, whether elected or appointed, for a third term, when he has served substantially two terms."

Tate Powell, publisher of the Baker County Press at Macclenny and chairman of the committee's platform committee, said the section about a president serving only two terms was "intended to apply" to Truman.

Other proposals in the platform:

Asking the State Legislature to provide laws permitting recall of state and local officials who do not carry out the duties of their office, and a statement that "we denounce and condemn the FEPC and all legislation providing for national health insurance and socialized medicine."

IRB Plan

(Continued From Page One)
by the President but the Senate must approve them. In ordinary practice, under a Democratic administration, Democratic Senators make recommendations for the appointments in their states. Where states have Republican Senators, the recommendations are made by the State Democratic organization.

SHOT BY SON

DEFUNIAC SPRINGS (AP)—Jack Byrd, 43, father of eight children, was shot to death with a blast from a sawed off shotgun shortly before Sunday midnight.

Sheriff Curtis Miller said Byrd's 15-year-old son, oldest of the chil-

FLEET COMMANDER

YOKOSUKA, Japan (AP)—Vice Adm. Robert P. Briscoe today took command of the U. S. Seventh Fleet, based at Sasebo, Japan.

The fleet has the double duty of bombarding Communist supply routes in North Korea and guarding against the Nationalist Formosa to prevent Communist attack.

SOVIET MYTH

ROME (AP)—God is a myth, according to the "Great Soviet Encyclopedia for 1950-51," now being translated by the Polish State Publishing House of Warsaw.

Veritas, bulletin of news from behind the Iron Curtain published here by the Christian Academy of France, today gave two excerpts from the Soviet work.

Its definition for God: "A mythically invented personality. Progressive materialistic and scientific opinion cannot be reconciled with such a God. One of the highest duties of Soviet man's progressive education is the destruction of all survivals of religion and faith in God."

RESCUE BLANK

SINGAPORE (AP)—Communist terrorists dynamited a train in Central Malaya today, killing seven persons and wounding 15 others. All the dead were local employees of the Malayan railways.

In Malaya, shops and business places are closed between 1 and 4 o'clock in the afternoon.

Red Cross

(Continued From Page One)
and best way to get results is through the Red Cross. That organization, he said, can bring him home when nothing else can.

The death rate among wounded men who reach the hands of the Army Medical Corps has been cut by 60 per cent since World War II, Col. Runge said and results largely from the wider use of penicillin and other "wonder" drugs, and from the generous use of blood transfusions.

The American Red Cross, he continued is the only agency for the collection and processing of blood for the United States Army. More than 200,000 pints of blood a month were being used in Korea alone last fall, he stated, adding that at one time the blood supply got so low that it had become necessary to call on Japanese civilians for help.

Declaring that we should all try to spread the gospel of truth about the Red Cross, Col. Runge said that in his opinion a lot more American boys are going to Korea before this thing is over, and a lot of them are not coming back unless those at home do their part to help supply the medical with all the blood which may be needed to save the lives of those who are wounded.

Visitors included Ralph Ralston of Kalamazoo, Mich., Fred Saywell of Hudson, Ohio, F. H. Gillingham of Champaign, Ill., Brown Welloff of Adams, N. Y., Paul Cheney of Orleans, Mass., H. H. Guild of Geneseo, Ill., Stan Ockerik of Newark, N. Y., and Bill Stiles of Woodstock, Canada.

Korean War

(Continued From Page One)
lying when they said Sunday the Communists had repudiated an agreement to exchange information on all war prisoners and another agreement to nominate neutral nations acceptable to both sides.

Sunday the Allies warned the Reds that the value of continuing the truce talks was "seriously doubted" because they had repudiated agreements.

By DON NUTH
SEOUL, Korea (AP)—Outnumbered American Sabre jets show down two Communist MIG-15 jets today and damaged five others as an estimated 250 Red fighters swept south of the Yalu.

The Sabres tangled with the swift MIGs in four separate battles. The two Red jets the Air Force said were shot down, boosted to 200 the number of MIGs destroyed by Fifth Air Force planes in a Korea, a spokesman said.

Some of the Communist jets streaked far south of their usual haunts, almost to the battle line. Two MIGs attacked a pair of propeller driven F-31 Mustangs south of the North Korean capital Pyongyang, but both of the Mustangs hedge-hopped safely back to base, the Fifth Air Force said.

Both kills came in afternoon battles — one a 10-minute dogfight between 23 Sabres and 100 MIGs and the other a five-minute clash between 27 Sabres and more than 60 MIGs.

The five damage claims were scored in two morning battles involving 55 Sabres and more than 90 MIGs.

It was the first time in two days the Red combat planes ventured across the winding Yalu River boundary from their sanctuary in Manchuria.

Along the scarred battlefield, Allied forces restricted action to patrol scouting. Sunday an Allied tank force munched a two-pronged squeeze on Chinese hill positions northeast and northwest of Chorwon, in Western Korea.

The tankers reported 25 Communist bunkers wiped out and eight damaged. No tanks were reported lost.

In the East, the Reds tossed in another 45 artillery and mortar shells carrying propaganda leaflets.

Egyptian Premier Plans New Talks Over Suez Canal

By EDWARD POLLAK
CAIRO, Egypt (AP)—Egypt's new Prime Minister Ahmed Naguib Hilaly Pasha announced suspension of Parliament for 30 days and today headed into a reform regime dedicated to purging corruption from the government.

He also began preparing for new talks with Britain on control of the Suez Canal one and the Sudan.

Announcement of the parliamentary suspension, which his predecessor Aly Maher Pasha had refused to approve, was a first major action of the 60-year-old jurist and independent Sunday night following swearing in of his cabinet.

The new government also suspended indefinitely operation of Egypt's biggest school, Foad University in Cairo, after students began a sit-down strike protesting continued martial law and any agreements with the West. Late Sunday afternoon police cleared out the students and closed the university grounds.

Maher Pasha resigned unexpectedly Saturday. Some political leaders had wanted him to dissolve Parliament and call new elections. This was sought as a move against the strongly Nationalist Wafdist Party, which now dominates the legislative group.

Suspension of Parliament was first announced Saturday morning but Maher Pasha, after a hurried cabinet meeting, announced his government did not approve the action. Shortly after he resigned.

(The Cairo dispatches, which are strictly censored, did not say who issued the first suspension decree, but presumably it came from King Farouk's palace.)

Hilaly said he was starting at once to study Egypt's position in relation to Britain but that he would need time before he could begin new talks aimed at settling the Anglo-Egyptian dispute.

MOTHERS SUBSIDIZED

MOSCOW (AP)—Soviet state subsidies to mothers in 1951 totaled six billion rubles — 1.5 billion dollars at the official rate of exchange.

NOW I FEEL SORRY FOR WOMEN WHO DON'T HAVE MY CHRYSLER POWER STEERING!

COME DISCOVER POWER STEERING TODAY... AND THESE GREAT CHRYSLER FEATURES, TOO!

180 V-8 Horsepower, even on non-premium fuel... The Security of Power Brakes... Driver-Controlled Automatic Fluid Transfer... The Rough-Road Stability of Cray-Ride... The Protection of Fully Waterproof Ignition.

You'll never know what she means till you try Chrysler's Full-Time Power Steering yourself! Even other cars with so-called power steering don't offer as much new safety and ease as she offers!

On every turn, hydraulic power does 4/5 of her work, her hand does only 1/5! On every turn, she turns her wheel 1/2 the distance than other cars! At every instant, turning or not, her hands have 4 times her former power to hold and control her car's front wheels!

She zooms into parking places you wouldn't even try. She slips through traffic with the precision of a watch. She breezes over bad roads with never a feel of wheel flip, far under control as never before!

She can start in the morning and drive into the night with never a hint of abouder strain... with the same wonderful "wheel feel" and safety in every mile!

Come try this amazing new steering yourself. We promise you never felt anything like it!

(NOTE: Power Steering Standard on Over 90% Imported models, also on 60% New Chrysler.)

TUESDAY, MAR. 4, 1952

TODAY'S BIBLE VERSE

Life need not be a sorry pil-
grimage. Make it a glorious
triumph. Lift up your head O
yours. . . and the King of
Glory shall come in.—Ps. 24:9.

What was the favorite movie
of 1951? A recent nationwide poll
conducted by the Associated Press
shows it to be "A Streetcar Named
Desire" by Tennessee Williams.
After that came "A Place in the
Sun," and "Detective Story."

In Wayne, W. Va., Mr. and
Mrs. Alderson Watts recently ob-
served their 70th wedding anni-
versary at the age of 88 years.
To those who have children these
days marrying at a rather tender
age, it may be encouraging to
know that here is one couple
which made no mistake of it
anyway.

March, which sometimes comes
in like a lion and goes out like
a lamb, has come in anyway, for
better or for worse, and down
here in Florida it means that the
tourist season has passed its peak,
the training season for the ball
clubs has arrived, the shipping
season for celery is at its peak,
and summer is just around the
corner. This year it also means
that for the next two months, the
political fur will fly.

A nationwide poll being con-
ducted by newspapers, some Dem-
ocratic and some Republican,
shows Republican candidates to be
leading Democratic candidates
with Taft and Eisenhower the
most popular on one side, with
Truman and Kefauver leading on
the other. Polls do not necessarily
mean anything and often lead to
over-confidence which can pro-
duce disaster as it did in Dewey's
race in 1948, but as of the mo-
ment who can doubt the low ebb
of the Democratic tide?

The next presidential election
may be decided in the House
of Representatives, says Senator
Ellender of Louisiana. How could
this come about? Well, the Con-
stitution says that the winning
candidate must have a majority
in the Electoral College. If Sen-
ator Russell runs and captures all
or most of the Southern votes,
and the Republican and Dem-
ocratic nominees divide fairly
evenly the electors from the rest
of the country, neither of the
leaders might have the necessary
majority. What then? Well, it
goes to the House of Representa-
tives with the delegation of each
state having only one vote.

An interesting report on federal
aid is made to Congress by Sen-
ator Byrd, who is sometimes called
the "Watchdog of the Treasury."
During the past 18 years, the
federal government has spent
more than 56 billion dollars on
approximately 150 different kinds
of federal aid ranging all the
way from the Works Progress
Administration for giving jobs to
unemployed to highway construction.
The average annual ex-
penditure over the 18 years period
has been 3 1/2 billions, but last
year the sum totaled more than
5 billions, tending to show that
it is not the extent of the aid,
but rather the longer the policy
continues, which determines the
size of federal aid.

Everyone in Sanford could
hear the talk by Col. Wil-
son F. Quigg on the work of
the American Red Cross in the
war, it wouldn't be nec-
essary to get on a drive here to
hear him. Everyone would send
the money in without any
hesitation and all you would need
is a check to make out.

Franco - German Spats

Sick persons on the road to recovery often proclaim
the fact by a growing irritability. This fact may explain an
increasing tension between France and Germany. A year or
more ago, when the Continent seemed defenseless against
the Russians, both the French and German governments
were amenable to Gen. Eisenhower's plans for their
co-operation in the formation of a European army. Now
that the strength of West Europe is increasing and there
are indications that Russia is turning her attention to Asia
rather than to Europe, the patients display their progress
by snapping at each other.

The Germans are beginning to get back their old self-
confidence. They are now making conditions for their con-
tribution to the West European army. They want their country
to be admitted as a full partner to the North Atlantic pact,
and they want it definitely understood that the Saar coal
basin, now administered by France, is going back to Ger-
many. The French are alarmed at these symptoms of vital-
ity, and the opposition parties are making capital out of
them.

All of this adds to the difficulties. At the same time,
when present conditions are compared with those of a year
ago, great progress has been made.

Desalting The Sea

In some parts of the world industrial, agricultural and
social progress is retarded by the lack of an ample supply of
pure water. In the United States expansion of some cities
has been hindered by it. At a recent meeting of the Ameri-
can Research and Development Corporation a new process
for desalting sea water was demonstrated which may prove
useful in this connection. The process utilizes electricity to
separate certain minerals and salts from sea water. In ad-
dition to providing fresh water this method results in a solu-
tion of salts and minerals which become easier to reclaim
and put to commercial use.

The possibilities of the discovery are immense. It could
mean that many arid areas of the world may be irrigated
and used to grow food to relieve the misery of starving mil-
lions. These benefits may be far in the future but some
scientists see immediate useful effects.

Man moves steadily forward on most fronts. His pur-
suit of knowledge may some day enable him to bring flow-
ering life to the deserts. One of the principal blocks to pro-
gress is that while some are searching for new ways to meet
old problems and advance civilization, other men are deter-
mined to enslave the world and reduce fertile areas of dense
population to regions of waste, with the scourge of war. Yet
"the world do move". Progress continues.

Lincoln's Strategy

T. Harry Williams, in his book "Lincoln And His Gen-
erals" makes a strong case for Lincoln as a military strate-
gist whose talent exceeded that of his most able generals.
The book described the early defeats of the Union Army and
Lincoln's search for a general who could bring victory. He
was willing to subordinate personal feeling, as he did in the
case of General George McClellan, if he thought a com-
mander could win battles.

When Ulysses S. Grant came out of obscurity to com-
mand, Lincoln's problem was solved. But he still kept a con-
stant check on Grant's actions and there was no doubt that
the President was in fact as well as in title, commander in
chief.

Before he became President, Lincoln's experiences with
military affairs was extremely limited. But in the crisis of
the War Between the States he revealed many unexpected
powers. Truly great men are usually able to rise to what-
ever need presents itself. It is fortunate for America and
the world when such men are found in positions of power.

Truce Talks

(Continued From Page One)
back unless they want to go, and
the U. N. reclassification of 44,
000 prisoners as civilian internees.
"You tried to give us the im-
pression," the Red general said,
"that among the prisoners of war
there are persons who did not want
to come back to our side. If there
exists any such fact, it is a fact
which is fabricated under your
bayonets and intimidation."

Three times Lee said the Com-
munist would not accept the Allied
principle of voluntary repatriation
—key stumbling block on prisoner
exchange.

SEOUL, Korea (U) — United Nations
fighter pilots bombed and
machine-gunned front line positions
today while the opposing ground
armies sent out only light patrols.
Marine Corsairs killed 20 Com-
munist north of Kumhwa on the
central front. Other U. N. fighter-
bombers killed about 25 Reds in
the Yoncheon area on the western
front. Both ruined towns are in
sectors where ground fighting
picked up briefly last week-end.

Twenty-eight U. S. Sabre jets
damaged one MIG-15 in a 5-minute
brush with 50 of the Russian-built
jets near the Yalu River boundary
between Korea and Manchuria.

Fifth Air Force planes cut Red
rail lines in 46 places Tuesday in
their daily attack on Communist
supply lines.

There was no report of any ma-
jor action along the ground front.
The Reds wheeled up big guns
and loudspeakers and bombarded
today while the opposing ground
U. N. lines with lead and broad-
cas. The Reds, aimed at Re-
public of Korea soldiers on the
eastern front, boasted that cap-
tured MIG fighters were now fighting
on their side.

Communist casualties fell off at
least 20 per cent in February, an
Eighth Army officer said. The toll
for February was 5,000, a drop of
1,000 from January.

During the week of Feb. 28-30
Allied planes inflicted 2,000 cas-

Gray Refuses To Disqualify Mayo For Contribution

TALLAHASSEE (U) — John M. Kennedy apparently will have to go to court with his attempt to disqualify veteran Commissioner of Agriculture Nathan Mayo as a candidate for re-election.

Kennedy, who is Mayo's opponent for the Democratic nomination, Monday asked Secretary of State R. A. Gray to disqualify Mayo. He contended Mayo violated both the Florida Election Code and the Federal Hatch Act by accepting a \$1,000 campaign contribution from the Inspectors' Benevolent Association, a group of Agriculture Department employees.

But the secretary of state, supervisor of Florida election machinery, said today "I have no authority to disqualify anyone, and I have no intention of trying." He said the secretary of state is to decide, and he has no judicial powers.

Kennedy, an Orlando farm machinery dealer and former county agent, didn't say in his letter to Gray the provisions of the laws Mayo might have violated.

Mayo commented "I don't know a thing in the world about those funds" from which the \$1,000 contribution was made. He said the donation on his campaign finance statement a month ago.

His campaign treasurer, Lee Thompson, denied it violated either the laws or the spirit of state or federal law.

Thompson, who is also assistant cashier and auditor for the Department of Agriculture, said the association was established more than 20 years ago by state-paid department employees to give financial assistance to members in emergencies.

He said no State Department of Agriculture workers who get paid with federal funds have been allowed to participate in the fund, and no contributions have been accepted at all in the past four years.

"It was solely an employees' enterprise. The commissioner had no control or influence over the group and knew nothing of its operation," he said.

Thompson added that none of Mayo's employees have been asked for contributions to his re-election campaign fund, and contributions sent in voluntarily have been refunded.

ACCIDENTAL DEATH
NEW YORK (U) — A bullet from a rifle his brother fired accidentally travelled through two rooms Monday and killed Robert Kios, 13.

The .22 caliber pellet sped from a bedroom doorway, through the living room and into the kitchen of the Kios home in Queens. It hit Robert in the back of the head as he headed his mother and sister set the table for supper.

Authorities said no charges would be brought against the brother, 17-year-old Clifford Kios III.

NEW CONSTITUTION
SAN JUAN, Puerto Rico (U) — Puerto Rican voters overwhelmingly adopted a new constitution Monday to give their 100-mile-long island self government as a "free commonwealth" associated with the United States.

Final returns in the ratification election gave 373,418 votes for the constitution, 22,473 against it.

The island has been a U. S. colony since the Spanish-American War. Congress gave it the power to elect its own President in 1947. It already elected its Legislature.

REVOLT CRUSHED
QUITO, Ecuador (U) — The Ecuadorian government announced Monday night it had crushed a revolt led by seven naval officers and 10 civilians in Guayaquil.

All 17 were arrested by troops in the Guayaquil army garrison, the Defense Ministry said. Guayaquil was reported back to normal, after the revolt flurried early in the morning.

RACE RIOT
CAIRO, Ill. (U) — Charges were dismissed by Magistrate Max Reilly Monday against 14 persons in connection with disturbances stemming from the recent transfer of about a dozen Negroes to Cairo schools previously attended only by white pupils.

Motions for dismissal were recommended by State Attorney Michael O'Shea. He said the county grand jury returned no true bills against the 14 named in state warrants signed by individual citizens.

FRANCIS EXEMPT
WASHINGTON (U) — President Truman has signed an executive order exempting Francis Perkins, a member of the Civil Service Commission, from compulsory retirement next April 30 when she will be 70 years old.

Mr. Truman's order said "the public interest" required her exemption from the general law providing for retirement at age 70.

Miss Perkins was secretary of labor in the late President Franklin D. Roosevelt's Cabinet.

Florida's Newest Major Attraction

Odhams Opposes Milk Commission

TAMPA (U) — Gubernatorial Candidate Brally Odham said in a campaign speech here Monday that "I will do everything within my power to see that the Milk Commission and its powers are abolished."

Odhams said Florida milk consumers are paying two to six cents more per quart because of the commission's idea of fixed profits for producers and that the public does not have the proper representation on the commission.

He said of the seven commission members only one is a consumer representative and that the milk industry "needs more free enterprise and less price fixing powers."

Negroes Vote

(Continued From Page One)
he were registered to vote in the 1950 election.

It said the "false and untrue accusation by Collier's magazine is disruptive of the cordial and friendly relations that prevail between white and Negro citizens of Florida."

He said "I can't be sued for libel for defaming a state."

He said if the magazine can make such an assault upon Florida "it could as easily publish a statement that Florida is literally infested with lepers," thereby hurting the tourist trade, "and we would have no redress."

He said it seemed to him the magazine has a "fixed, vicious and malicious purpose to defame this state and its public officials."

Attorney General Ervin said "I don't think we need to get emotional about it and say the magazine is against us as a matter of policy."

"I think it makes mistakes, as we all do, but it's hard for me to believe there is any concerted animus against the state. They've made mistakes and they've paid for it. There's a forum for that."

He mentioned the Caldwell suit and Warren's own pending litigation but the governor called attention to the fact that he had left his suit against Collier's out of his statement.

The vitamin-packed liver is one of the most important parts of the shark.

BEVERAGE OFFICE
TAMPA (U) — Gov. Warren said Monday the State Beverage Department is "in a sense a sort of extension" of his office, and he defended the department's Miami branch for mailing literature praising the governor and his administration.

The governor said the beverage director "unlike other members of the Little Cabinet who hold 4-7-2-2 commissions, serves at the pleasure of the governor" and that "therefore if it is right and proper for employees of this office to mail out information to the public, it would seem right and proper for the employees of the Beverage Department to do so."

MEAT INSPECTION
LAKE CITY (U) — Meat inspection fees ranging from \$5 for half a day to \$100 a week were adopted by the State Livestock Sanitary Board Monday, and the board said it hoped to be operating Florida's controversial inspection law on a state-wide basis by March 17.

The fee system goes from \$5 for half a day to \$10 a day, then ranges up to \$100 depending on the number of days and number of cattle involved.

San Antonio Missions Begin Spring Training Tomorrow

McLaughlin, Hurler, Trainer And 3rd Sacker Are Here Already To Start

The San Antonio Missions' pitchers and catchers were due in today for the opening of spring drills on the old ball diamond tomorrow. Jim McLaughlin, "Missions" vice president, arrived here from St. Louis at noon yesterday after a brief visit at the Browns' Thomasville, Ga., training camp. McLaughlin joined Bill "Doc" Cole, trainer who came in Thursday and set up his equipment. Bill Ebert, Mission pitcher, arrived this morning by car from Wyoming. He is hunting for a home for his family. Mr. McLaughlin and Hurler are due to arrive later today, according to Mr. McLaughlin. Most of the batsmen are slated to arrive either today or at the latest by tomorrow.

Infielders and outfielders are not scheduled to report until next Monday. One infielder, Frank Hancock, who played last year with Toronto of the AAA International League, has been living with his family in Oviedo for nearly four weeks. Mr. McLaughlin reports no exhibition games have been scheduled here as yet. He has set up his residence and headquarters in a home on Celery Avenue near the ball park. The Missions will train at the baseball diamond and play in the new Memorial Stadium. The Seminole Blues are slated to start training on the old field on Mar. 15 when the Missions shift over to the new stadium. Starting time for tomorrow's initial drills have not yet been announced pending the arrival of Manager White. Mr. McLaughlin said. Players and coaches will be housed in the Montezuma and Valdes hotels for their four weeks' stay. The Missions will leave about Apr. 1 for Texas. The Missions will play their longest regularly scheduled season this year. The old 154-game slate has been increased to 168 games.

Oviedo Defeats Lyman 40-31 In Benefit Contest

The Oviedo Lions annexed its 15th win in 19 contests in defeating Lyman High School 40-31, in a cage benefit game for the new Oviedo club last night in Oviedo. The Lyman girls evened things by downing the Lions' girls cage team 38-22 in the initial fray.

Record Oviedo Cage Crowd Sees Lyman Girls Win 38-22

A huge crowd of 400 spectators, who witnessed the contest, set an all-time Oviedo basketball record. Jim Wheaton, playing with an injured ankle, scored 12 points for the winners.

Marla Carter and Joy Hines each tallied 14 markers for the winning Lyman girls. Edith Ellis made 11 for the Oviedoans.

The Lions boys' eagles ended the season with a 12-7 record. They were twice defeated by Groveland for the Central Florida Conference title and the Weirsdale group class C state tourney. In the latter game Oviedo forward Johnnie Jones was ejected by the officials after some confusion between his count of the fouls and two other scorers' tally. The decision caused quite a furor among the Oviedoans and the crowd.

Player	Pts	Reb	Ass	Stk
Wheaton	12	1	1	1
Carter	14	1	1	1
Hines	14	1	1	1
Ellis	11	1	1	1

Most likely candidates at this stage would appear to be outfielder Frank Thomas and second baseman Jack Meyer. These two names will likely be appearing daily in Pittsburgh box-scores during the regular season.

Thomas is a long-ball hitter whom keen minor league eyes have been watching for some time. He's a 22-year old right-

Steady Progress Under Rickey May Make Pirates A Contender

PITTSBURGH (Special)—No one as yet has predicted that Branch Rickey's 1952 edition of Pittsburgh Pirates will set the National League afire. Still you can take the word of the observers who are nearest the Pittsburgh scene that the Pirate picture is brightening by such leaps and bounds the day is just around the corner when the Blues will return to the role of contender in the senior loop.

Principal cause for the rose-colored outlook in the manner in which bright young prospects are being organized for future use arrives in typical Rickey fashion.

The club's San Bernardino training camp housed 30 such youngsters during recent weeks, all of whom were signed during the past couple of years and most of whom hail from the Pirates' home area. Some are so highly-regarded that camp veterans Rickey, St. Rickey, Jr., skipper Billy Meyer, George Sisler and others, have gone so far as to say a few of them might stick with the Buc veritably this year.

None of the youngsters will be found on the 1952 Pirate spring training roster which carries 30 names. (In that list, however, are several newcomers who are good bets to win a '52 big-league berth.)

Most promising of a good-sized batch of mound candidates are right-handers Tom Carlin, Bill Koski, Fred Strobel and Wes Curtis and southpaws "Hooks" Lott, Royce Lint, Joe Muir, Paul Ottel and Len Yochim.

Training Camp Notes BY ASSOCIATED PRESS

PHOENIX, Ariz. (AP)—Manager Leo Durocher of the New York Giants hinted today that Catcher Ray Noble may be traded. Noble checked into camp Monday and Durocher remarked that the hefty Cuban receiver would make a good catcher for several clubs, especially Pittsburgh and Boston.

VERO BEACH, Fla.—Injuries are hampering the Brooklyn Dodgers' conditioning program. Catcher Roy Campanella, the National League's most valuable player in 1951, is sidelined indefinitely with a sore thigh which hampered his play last year. Second baseman Jackie Robinson has a sore shoulder and Pitcher Ralph Brasher is suffering with asthma.

ST. PETERSBURG, Fla.—Rookies Andy Carey and Jim Bridgewater, both of whom were expected to be backup candidates, are being held for a spot on the Buc roster on the strength of a .301 mark at Indianapolis last year.

ST. PETERSBURG, Fla.—Red Schoendienst made his debut at first base during the St. Louis Cardinals' practice Monday and observers thought he looked good. But Manager Eddie Stanky couldn't be pinned down to say it was permanent.

SARASOTA, Fla.—Boston Red Sox Coach Earl Combs hopes to help Third Baseman Fred Hatfield boost his batting average this season by showing him how to punch the ball over the infield. Hatfield came up from Birmingham in the 1950 season with a .300

Public Invited To See New Memorial Baseball Stadium At 1st Lite Test

By KENT CHELSEA
Another in the mounting series of promotional stunts conceived by the Seminole County Baseball Association will be staged in the form of "Operation Bright Light" tomorrow night at the new Memorial Stadium when the club will be invited to witness the testing of the lights. The club will be sparked by a 30 minute broadcast over WTRR from the park.

The bright light operation will mark the first time that tests have been publicly invited to view the steeling new \$100,000 Memorial Stadium since its completion. The lights will be tested beginning at 7 p. m. Several hours will be needed to adjust each individual light for its proper beam position on the field.

Seminole Blues' director, Ned Harman suggests that local fans who might be attending practice meetings during the event, try to get out to the event at their church sessions since the program will last several hours. Season tickets will be on sale at the Stadium during the test, but the lighting demonstration for the convenience of baseball fans.

Though plans are not completely finished at this writing, Mr. Harman is trying to have the San Antonio Missions manager, Joe White and his roster of batters and catchers on hand for the first light workout tomorrow on the old diamond.

Elaborate plans for crowning a queen at the light test were not completed when engineers informed the club of their intentions to test the lights yesterday. The Seminole Blues with only one player and a player-manager now under contract will have their spring training on the old field Mar. 15. The Blues open in Oviedo on the night of Mar. 14. The following night the nine will play their first game in the new Stadium against the Land Red Hats.

Rotary Boys Ball League To Stage Tryouts Mar. 17

Tryouts for the senior boys Rotary baseball league, ages 15-18, will be staged at 8:00 on Mar. 17 on the Ninth Street baseball diamond, Bob Newman, chairman of the Rotary's youth welfare committee, announced today.

The Rotary's 24-game schedule season begins on Mar. 24 and will last through the early part of May. All games will be played on the Ninth Street baseball field. At the conclusion of the regular season an all-star team will be picked to play the winning club at the lakefront diamond.

Eight managers have been selected from the Rotary to pilot the four clubs. Names of the teams have not yet been designated. Bill Kirk and Roy Holler will manage one team with Sonny Powell and Bill Bush leading another. John Pope and Bob Newman will combine together on one club with George Stine and Lowell Oster joining forces to manage a squad.

Mr. Newman urged every boy within the age range of 15-18 years to come out on Mar. 16. "Every boy will get a chance to play," he concluded.

Mr. Newman urged every boy within the age range of 15-18 years to come out on Mar. 16. "Every boy will get a chance to play," he concluded.

WEDNESDAY, MAR. 5, 1952
Don't forget the Garden Club's
annual flower show on Thursday
and Friday of this week.

Phosphate is another one of
Florida's major but little known
industries. Last year more than
\$45,000,000 worth of phosphate was
sold in this state.

Congratulations to General J.
C. Hutchison upon his elevation to
the rank of lieutenant general and
upon his retirement from the
National Guard after 35 years of
service to his country. It is a rare
privilege for any man to reach
the rank of three star general,
and it is a great honor for San-
ford to have so distinguished a
citizen.

General Eisenhower gives two
reasons why Universal Military
Training should be enacted into
law: 1) Every young man should
be trained and ready to defend
his country. 2) The nation should
provide that no one shall be sent
into combat without previously
being adequately trained. Better
to over-train than to run
the risk of not being trained at
all.

A rather remarkable statement
comes from Mobilization Chief
Charles E. Wilson who wants
price and wage controls extended
for another two years. "We
cannot hold back inflation unless
we hold down prices," he insists.
Which is to say, we cannot hold
down prices, unless we hold down
prices. Or everything that goes
up, goes up and up and up.

Are you a perfectionist? That
is to say, must you have every-
thing just so, down to a gnat's
eyelash? If so, you are in danger
of the asperin habit, says a noted
Cornell psychiatrist. Dr. Harold
Wolf says tests made on World
War II soldiers showed that those
who suffered most from headaches
were perfectionists with the im-
mediate cause of pain being the
swelling of the blood vessels in
the head. About the only cure,
he adds, is the realization that
perfection is unattainable.

We see where the bookies are
operating as usual down at Miami
Beach this winter. Well, maybe
not as usual, but they are oper-
ating at least, according to the
Miami Herald which should know.
Some people wonder why it is
wise to gamble on horse races
through book makers than the
pari mutuel machines. And the
answer, and the only answer we
know, is that the former is illegal,
the latter legal. If you believe in
law enforcement, if you are a
law-abiding citizen, you must also
believe that the bookies should be
abolished.

The federal government closed
its books on the first eight months
of this year \$7,520,000,000 in the
red. Get that figure? That's 7 1/2
billion dollars, or to put it
another way 7,520 million dollars.
In other words you could divide
that deficit among 7,500 persons
and each one of them would be
a millionaire. And that isn't what
the government spent; that is what
it spent over and above
what it took in through taxation.
That represents borrowings on the
future, something you will have
to pay off in addition to current
operations next year and the year
after for many years to come.

John Temple Graves is tired of
seeing the Democratic ticket be-
cause he does not have the
courage to face the issue and vote
his honest convictions. "The
Democratic candidacy," said the
other day, "makes clearer the course
than of us plan if Trumanism
prevails at the convention. We
will vote for election, Demo-
cratic, Republican or Independ-
ent, who will give their support
to the Democratic nominee, to be
McCarthy or MacArthur."
The editor of the Miami Herald

Sending Blood To War

Guns, tanks, planes, ships—all the arms and armament
of war can be bought with money. But blood plasma, an in-
dispensable agent on the modern battlefield, cannot be
bought. It can only be given by individual people. And the
American Red Cross has charge of its collection and process-
ing.

Though the Korean War may now be in a twilight
phase, the guns still have not ceased their deadly chatter.
Men are still being shot, still being wounded, still dying.
Blood is needed to help them.

The Korean War is now the center of a political dispute.
The President's right to commit troops to the defense of
South Korea without the consent of Congress has been
challenged. But the men fighting in Korea should not have
to suffer because of a domestic quarrel. Whatever the views
of the individual as to war in general or the war in Korea
in particular, blood must still be given to help those gallant
men fighting for the defense of the democratic world.

Giving blood today is virtually painless. The tiny prick
felt is insignificant compared with the suffering of a soldier
sweating out misery in the front lines. People are not being
asked to give legs to the legless, arms to the armless, eyes
to the sightless. They are merely being asked to give blood.

March has been designated as Red Cross month. It of-
fers an opportunity to help the Red Cross both in blood and
money. Certainly no one able to give will have the heart to
refuse. Have you made your contribution?

Change In Japan

A pact between the United States and Japan will per-
mit American troops to remain in Japan for an indefinite
period following the signing of the peace treaty by the two
nations. No limit on the number of troops has been set
and they will enjoy most of the privileges of the occupation
forces. They will remain until Japan is strong enough to de-
fend herself.

The plan seems advantageous to both countries. With-
out assistance Japan might be easy prey for its Communist
neighbors. The bases there are invaluable to the United
States in its effort to halt the spread of Communism. But
it might be well if both powers realize that the status of the
American forces will undergo a subtle change once the occu-
pation formally ends and the peace treaty is signed.

The occupation forces in Japan have the duty of main-
taining order. As a defeated belligerent, Japan has had little
right to criticize disposal and use of American troops. After
the peace treaty is signed the troops will be in Japan by
mutual agreement between the two nations. The orders of
American commanders will no longer be edicts which the
Japanese government must obey. There may be a tendency
for both parties to the agreements to be impatient with one
another.

No country wishes to have a foreign army on its soil.
But present conditions make such a situation essential to
the safety of Japan, and to some degree to the safety of the
United States. This mutual need may help Japanese and
American leaders to continue the complete co-operation
which has made the occupation the most successful of its
kind in history.

Impersonating Dickens

Emlyn Williams, playwright and actor, has caused a
revival of interest in the work of Charles Dickens, with his
stage portrayal of the famous novelist. Williams appears
as Dickens, in a program made up of impersonations of the
writer impersonating the characters he wrote about. The
actor's performance has been highly praised by critics and
audience.

Dickens himself toured America impersonating his
characters. He received enthusiastic welcomes everywhere
despite the fact that he had antagonized many Americans by
remarks he made on his first visit to this country.

In thus presenting Dickens today Williams displays
imagination and originality. He gives moderns a chance to
observe the writer of popular novels as he may have been
when he himself lectured. Critics have pointed out flaws in
Dickens, calling him careless, sentimental, mawkish. That his
work is still considered fit fare for a Broadway audience is
a comment on how skillful he really was.

World Federalists

(Continued From Page One)
that the U. N. should be strength-
ened.
"Sentiment for world law will
rise among the people and, there-
fore, in the state legislatures and
Congress, as it becomes self evi-
dent that Stalin exercises Ameri-
can sovereignty at present. He can
plunge us into war at any moment
and, meanwhile, he causes our tax-
es to rise and our dollars to fall."
"We will be able to prevent ad-
ventures like the Kaiser, then Hil-
ler, then Stalin, from threatening
our liberties and forcing us into
war after war only when such men

are restrained by world law."
UWF claims more than 30,000
members, has 28 branches and
about 500 chapters. It was founded
at Asheville, N. C., in 1947, through
an amalgamation of Americans
United for World Government,
the Massachusetts Committee for
World Federation, Student Feder-
alists, World Federalists, U. S. A.,

and the Georgia World Citizens
Committee.
UWF's 1952 national convention
will be held in Philadelphia in
June.

Orlando Negress Killed In Accident West Of Sanford

Crushed by an overturned auto-
mobile which had crashed into a
power line pole, Betty Jane Gillis,
Orlando Negress of about 22
years of age, was killed at about
6:15 p.m. yesterday on Highway
44 near Wilson's Corner.

The driver of the 1951 Chev-
rolet convertible in which the girl
was a passenger, Saul C. John-
son, Orlando Negro, was only
slightly injured in spite of the
fact that he was thrown through
the windshield when the car,
traveling at high speed, left the
road and smashed into the pole,
snapping it off at the base, ac-
cording to R. D. Harrison, state
highway patrolman.

He added that Johnson is being
held for investigation by the
state attorney for investigation
of manslaughter. He is also
charged with driving while drunk,
and he submitted to a drunko-
meter test that indicated by a
2.22 reading that he was de-
finitely intoxicated.

W. E. Watson, justice of the
peace and Sheriff P. A. Maro,
both visited the scene of the
accident. An inquest by a coroner
jury is scheduled to take place
Friday afternoon at 2:00 o'clock.
Don Carraway of Zeligwood told
the officers at the scene of the
accident that at 1:00 o'clock in
the afternoon he had been forced
in his car off Highway 44 and
driven to five points by a car
believed to have been driven by
Johnson.

shire.

Acheson Report

(Continued From Page One)
reversed the board. Lattimore said
he did not know this. Later, Sen.
McCarthy (R-Wis.) said Acheson
had reversed the board, so Clubb
could retire on a pension.

McCarthy said Clubb's pension
was \$4,800 a year. State Depart-
ment sources figured it at \$5,500.
After the Ferguson-McCarthy
remarks, the department declined
to say whether Acheson had re-
versed the board, although it said
the secretary had the power to
overturn a board finding.

Today, Acheson went into the
case voluntarily at his news con-
ference.
He said he made his decision on
the recommendation of one of the
most experienced and trusted for-
eign service officers, who reviewed
the findings made by the depart-
ment's loyalty-security board.

The secretary also said Clubb
made his decision to retire after
being informed of Acheson's final
decision in his case. Acheson
termed utterly and absolutely un-
true suggestions there was an ar-
rangement in advance for the fa-
vorable finding so that Clubb could
retire on a pension.

Acheson declined to identify the
foreign service officer who acted
as deputy in reviewing the
Clubb case. He declined also to
say whether he would identify the
officer if asked by a Senate com-
mittee.

He said he had not yet received
a request from Sen. Ferguson to
supply the number of State De-
partment officials who have retired
on pension after investigations.

and the Georgia World Citizens
Committee.
UWF's 1952 national convention
will be held in Philadelphia in
June.

Senate Action

(Continued From Page One)
ators voting will be against it but
that they are not so sure of getting
as adverse vote. The law govern-
ing reorganization plans requires
a majority of the full member-
ship of either branch of Congress
to kill one.

The key provision of the plan
would abolish the jobs of the soli-
dally appointed collectors of in-
ternal revenue. Regional officials
would be appointed by the presi-
dent.

Seven collectors have been ousted
in the wake of recent investiga-
tions of tax irregularities.
The bitterly debated universal
military training (UMT) appeared
today to be dead issue, for the
next few months at least.

The House Tuesday shelved an
administration bill to start UMT.
It voted, 236-162, to send the meas-
ure back to committee, eliminating
a dramatic session.

Rep. Vinson (D-Ga.), chairman
of the Armed Services Committee,
then killed off any immediate
chance for reconsideration. He told
newsmen his committee would not
bring up any more UMT legisla-
tion during this session.

Sen. McFarland of Arizona,
Democratic leader in the Senate,
said that in view of the House
action the Senate probably would
not consider UMT before the end
of the 82nd Congress.

But proponents insisted that
UMT was not permanently dead.
"We will start all over again in
the 83rd Congress, after the elec-
tion," Vinson said.

Kiwanis Club

(Continued From Page One)

ville, Ohio; Cecil R. Osler, Cham-
paigne, Ill.; and Charles Jensen,
Washington, N. J.

REGISTRATION

Voting registration books will
be open an additional three hours
on Saturday nights until the
deadline on Mar. 31, Mrs. Cam-
illa Bruce, supervisor of registra-
tion, announced today.

Registration has been conducted
on a six-day a week basis between
the hours of 9:00-12:00 a.m. and
1:00-6:00 p.m. The added hours on
Saturday night will be from 6:00-
9:00 p.m.

All voters, who are required to
register are urgently requested by
Mrs. Bruce to do so now.

WEDNESDAY

The Home Mission season of prayer program of the W.M.U. will be held at 7:30 p. m. with the Elsie Knight Circle in charge.

The Prayer Meeting Service at the First Baptist Church will be at 7:30 p. m.

W.S.C.S. of Ebenezer Methodist Church will meet at the home of Mrs. S. E. Norwood at 7:30 p. m.

THURSDAY
The Home Mission season of prayer program of the W.M.U. will be held at 7:30 p. m. with Circle No. 3 in charge of the program.

The Royal Ambassadors will meet at the First Baptist Church at 8:00 p. m.

The Youth Choir will hold rehearsal at the First Baptist Church at 6:45 p. m.

The regular meeting of West Side grammar school will be held at 8:00 p. m. in the school auditorium preceded by a board meeting at 1:15 p. m. All members are urged to attend.

Seminole Chapter No. 2, O.E.S., will meet at 8:00 p. m. at the Marine Hall.

The West Side Primary School P.T.A. meeting will be held at 8:00 o'clock. The board will meet at 1:15 o'clock.

The Southside P.T.A. meeting has been postponed until Mar. 13 at 8:00 o'clock.

The last session of the scouters training course will be held at McKinley Hall at 7:30. All scouts are urged to attend.

MONDAY
The circles of the W.M.U. of the First Baptist Church will meet at 11:00 a. m. at the church as follows: Circle No. 1, Mrs. John L. Miller, chairman; Circle No. 2, Mrs. Volle Williams, chairman; T.E.L. class room; Circle No. 3, Mrs. J. A. Strang, chairman; Young Men's Bible class room; Circle No. 4, Mrs. R. L. Dann, chairman; Men's Bible class room; Circle No. 5, Mrs. Juder Cameron, chairman; Woman's Bible class room; Circle No. 6, Mrs. H. C. Moore, chairman; Philanthropy class room; Circle No. 7, Mrs. George Dixon, chairman; Golden Circle class room. A covered dish luncheon will be held in the church dining room at noon. At 1:00 o'clock a program meeting will be held in the church auditorium.

Mrs. Myron Smith of Circle 8 will lead the program on "Gala for Christ". The Elsie Knight Circle will meet at 8:00 p. m. at the educational building with Mrs. O. R. Mathews as hostess.

Garden Gate
By MRS. CLYDE DICKERSON Sanford Garden Club

Our garden gates have been just ajar for the last four months. We would prefer to see each week, and venture in with trowel and hoe to lovingly attend our garden friends, then the weather would threaten to close the gates and we would drop the trowel and rush to the heated house.

Now Mar. 6 tells us that winter is over and the gates are wide open not to close until next November. Let us go in with trowel and food ready to really work.

First level down the banks around the Hibiscus that were put there for their winter protection. Second, trim into a good shape and third, give each one a big handful of a balanced fertilizer and scratch lightly.

Continue the trimming, shaping and feeding all through the garden, especially the Crepe Myrtle. If these were not trimmed in December do a very severe job before the new leaves show. The plumes on the new growth will be much larger than on the old wood.

Although we have fed our roses all winter, don't forget to continue every three or four weeks.

It is also time to feed the azaleas and camellias. These temperamental creatures are light feeders and do not like the same food other plants enjoy. Be sure to give them food containing sulphate of iron. Continue these servings every thirty days until Sept. 1.

Now also is the time to plant Zinnias and Marigolds which will bloom luxuriantly all summer.

Of course each of us will have our share of insects and diseases but the Keeper of the Garden Gates will be standing there as we pass back and forth ready to help us. Ask who you?

BIRTHDAY PARTY
Mary Jane Lambeth was honored yesterday afternoon by her mother, Mrs. John Lambeth, with a birthday party celebrating her eighth birthday.

After the movie the party continued at the Lambeth home where the honoree opened her gifts and refreshments were served.

Those enjoying the party were the honoree, Ruthie Carleton, Jeanie Robson, Gwynne Williams, Carole Cleveland, Sandra Estridge, Susan Lambeth and Sally King.

SCOUTERS COURSE
The last session of the Scouters Training Course will be held Thursday evening at 7:30 p. m. at McKinley Hall.

All scouts are urged to attend this final meeting.

BIRTH ANNOUNCEMENT
L. A. and Mrs. Jack Moye announce the birth of a son on Mar. 5, at Columbus, Ga. Mrs. Moye is the former Miss Delores McClain.

Joanne Williams of Sanford has been selected one of the eight most beautiful girls on the campus of Huntington College at Montgomery, Ala. Their pictures will be featured in the 1952 edition of "Hills and Homepages", the Huntington annual. Miss Williams, a junior, is making her second appearance in the Huntington Beauty Section. In an election earlier this year she was also named Huntington's "most versatile girl". She is the daughter of Mr. and Mrs. E. C. Williams, 208 Holly Avenue.

Mrs. Corley Hostess To Philathen Class

The Philathen Class of the First Presbyterian Church met Monday evening at the home of Mrs. Joe Corley. The devotional and program were led by Mrs. George Stine who spoke on "The Heart Impaired". It was announced that the memory verse for March will be John 3:16.

The class went on record as establishing the Blanche McKinnon Memorial Fund with funds on hand to be deposited immediately. The purpose of the memorial fund is to assist young people of the church to go to conference. It was stated, Mrs. R. A. Cobb, treasurer, will accept any contribution to this fund.

The nominating committee made its report and the following officers were elected for the new year: Mrs. Watson Wallace, president; Mrs. George Stine, vice-president; Mrs. W. S. Willis, secretary; Mrs. M. W. Jennings, treasurer; Mrs. E. E. Herndon, corresponding secretary; Mrs. W. E. Varn, publicity chairman; Mrs. J. H. Dugan, pianist; and Mrs. H. B. Dugan, Mrs. Victor Greene and Mrs. J. S. Gillon, teachers.

Refreshments were served at the close of the meeting by the hostesses. Others present were Mrs. Wallace, Mrs. Jennings, Mrs. H. I. Stucky, Mrs. O. H. Stallard, Mrs. Stine, Mrs. P. R. Stephenson, Mrs. Cobb, Mrs. C. L. Redding, Mrs. Gillon, Mrs. W. S. Brumley, Mrs. Francis Moriwether, Mrs. Fred Holtz, Mrs. L. G. Hunter, Mrs. Dugan, Mrs. Floyd G. Cass, Mrs. Marguerite Graham, Mrs. J. W. Wilson and Mrs. Varn.

Radio Briefs

By MARION HARMAN
Joe E. Brown will be introduced by Dr. J. Hillis Miller, president of the University of Florida, on a program tomorrow night beginning at 8:00 o'clock. The 45 minute radio program was transcribed at the annual University of Florida football banquet for broadcast over WTRR.

Phil Harris and Alice Faye take the spotlight tonight at 7:45 in a 15-minute radio program. Both of the stars speak out on one of their favorite subjects.

Tomorrow night at 7:45 there will be a special broadcast of "The Best of the Hour". The program is in behalf of the American Red Cross.

"Operations Bright Light" will be broadcast direct from the new battery of lights are tested. Many of the Sanford baseball personalities are expected to give their opinion of the fine new ballpark that will be put into use Apr. 15 at the opening of the 1952 season. The broadcast will be heard at 8:30.

Another in the educational series heard over WTRR at 11:15 on Thursdays will be broadcast tomorrow. "Better American Speech" is being heard in schools of the Seminole County school rooms.

PTA MEET
The Southside P.T.A. meeting previously scheduled for tomorrow has been postponed until next week according to Mrs. M. B. Strickland. The meeting has been postponed because the children will be dismissed early for the circus.

The meeting will be held on Mar. 13 at 8:00 p. m. in the school auditorium.

CARD OF THANKS
The family of R. C. Steele and Mrs. J. Nix wish to express their gratitude for the many kind and floral tributes extended during the illness and death of the late Mrs. Steele.

Personals

Mr. and Mrs. Rick Farrell are moving from 1200 Park Avenue to their new home at 120 Virginia Avenue.

Friends of Mrs. Helen Zittrower will be glad to learn that she continues to improve after a recent operation at the Florida Sanitarium.

Jack Deal arrived yesterday from Lanaster, Pa. to join his wife and daughter, Linda, at the home of her parents, Mr. and Mrs. Charles Wilke.

Mr. and Mrs. R. F. Moulton had as their recent guests Mr. and Mrs. Allan G. Bestinger of Cornwall, Ontario, who were en route to their home after honeymooning in Florida.

Mr. and Mrs. Pat O'Neill and Mr. and Mrs. Pat O'Dearry have returned to their homes in Detroit, Mich. after a month's visit with their mother, Mrs. Anna Taubty, Orlando Highway.

Friends of Miss Donna Lou Hauper will be interested to learn that she has completed her education in the Kappa Alpha Theta sorority at Florida State University.

Among those attending the Dance Masters of America, Florida Chapter No. 2, were Mr. and Mrs. A. B. Duxbury, Mr. and Mrs. William Royal and Miss Eunice Rimoldi of Winter Park.

Mr. and Mrs. F. L. Hamblin had as their guests their son and daughter-in-law, Mr. and Mrs. A. B. Hamblin, former Sanford residents. They have returned to Rochester before moving to Chattanooga where they plan to make their home.

Mr. and Mrs. Earnest Kingsley of Cliffside Park, N. J. who have been visiting relatives for the past week are planning to leave today on a tour of Florida before returning to their home. Mrs. Kingsley is the niece of W. B. Williams.

Miss Irene B. Greene, daughter of Victor B. Greene, of Sanford, is majoring in psychology at the King's College, near New Canaan, Del., where she recently entered second-semester studies of her first academic year. King's College is founder and president, is a national center for Christian education in liberal arts, sciences and the professions.

Flower Show To Be Held Here Tomorrow

The Silver Lake Nursery has charge of landscaping the large patio at the Flower show of the Garden Club to be held tomorrow and Friday at McKinley Hall, said Mrs. Michael Gibson, general chairman, today.

The public is invited to attend the show which is one of the outstanding events of the Garden Club.

The system of judging is as follows: 1. Scale of points for judging horticulture: Perfection of bloom, 50 points; size, 20 points; foliage, 20 points and stem, 10 points. 2. Scale of points for judging arrangements: tall except miniature) Proportion, 25 points; color combination, 20 points; relation to container, 15 points; distinction and originality, 25 points; condition, 10 points and grown at home, 5 points.

Miniature arrangements: Originality of design, 40 points; correctness of scale and proportion, 20 points; color harmony, 10 points; quality and type of material, 20 points and perfection of detail, 10 points.

The program was as follows: Evening dinner by Mrs. Duxbury and the hostesses. The dancing, Toy, an acrobatic number by Michael Pope, Fast Tap by Ann Whitaker, Dance McLean, acrobatics by Jane Jennings, Take Me Out to the Ball Game by Saunders, On Moonlight Bay by Deanna Nichols, Indian Baton by Janette Rathoff, Ballin' the Jack by a tap group, and others including Betty Williams, Mary Jane Flynn, Carol Nutt, Mary Casson, Jane Kinlaw, Shirley Wall and Sally Chase.

Junior High School P.T.A. Card Party

The Junior High School P.T.A. card party was held last night at the Woman's Club with Mrs. Ruth Zeller and Mrs. W. E. Varn as prize winners.

Analysis and space were effectively used for decorations. Bridge and canasta were played and plants were awarded as individual prizes to the winner at each table. A dessert course was served and entertainment was provided by the Duxbury School of Dancing.

SEMINOLE III By BEVERLY GRAY

Baseball season will begin before too long up at S.H.S. The baseball field, across from the school, was burned Tuesday in preparation. Here's hoping we have a good team this year.

Mrs. Whitte and the Glee Club will really start practicing this coming week for the Operetta, "Purple Towers". This is a grand musical comedy about a group of girls and their clasper and what all they encounter at Purple Towers. The cast includes: Jerry Covington as Hank Huckberry, Betty Morris as Mike Murphy, Chester Harper as Earl Parker, Kenneth Gano as Red Nichols, Jean Wright as Tilly; Mary Ann Wilke as Ursula Applegate, Gretchen Kirchhoff as Helen Tomahoff, Norma Kaye Harvey as Mary Marble, George Harden as Phil Bradley, and Ronald Taylor as Snowball. The Operetta will be held some time in April.

Another new engaged couple at S.H.S. is Beatrice Brown and Al Patton. Good luck to you both.

We sure were proud of David Hester and James Hanson, two alumni, when they sang Monday evening with the Emory-Valdost Glee Club.

We were awfully glad to have the Mrs. Williams, Mary Jane Flynn, Carol Nutt, Mary Casson, Jane Kinlaw, Shirley Wall and Sally Chase.

Incidentally, the Sally staff with Mrs. Stevens is really working hard to make this year's one of the very best. Ellen Huggers is the editor, and she and her staff are "getting on the ball" to have a great new Sally at the end of this year.

Here's hoping everybody enjoys a successful Hawkins Day at Friday. Thanks to all those who worked on the committees and made matters, too! Lil' Abner and Daisy Mae were crowned this evening and they were Hank McLaughlin and Lucie Goff. Congratulations to both.

Well, that's all for now. Be seen 'til!

Education Group To Meet On Friday

Mrs. J. P. Mitchell, principal of Southside Primary School, and chairman of the elementary principals department of the Florida Education Association, is planning to attend meetings Friday and Saturday at the University of Florida.

A joint conference of classroom teachers and members of the elementary principals will be held with Mrs. Mitchell presiding over the Friday meeting. Mrs. Nancy Brock and Mrs. Margaret Reynolds, Southside teachers, are also planning to attend the conference.

Mrs. Duxbury Named Head Of Dance Group

Mrs. A. B. Duxbury was elected head of the Dance Masters of America, Florida Chapter No. 2, at a meeting Sunday held in Tampa.

Other officers elected were Frank Rey, Tampa, first vice president; Mrs. Maudie Walton, Gainesville, secretary and Raymond Capella, St. Augustine, treasurer.

Cook Book Planned By Home Council

Miss Lila Woodard, county home demonstration agent, announced today that the Seminole County Council of Home Demonstration Clubs is planning to have a cook book printed.

Those persons who would like to have their favorite recipes included in the book are asked to send them to the home demonstration office in the Court House before Mar. 15.

The following is a list of contributors desired:

1. Appetizers and relishes.
2. Beverages.
3. Bread and rolls.
4. Cakes, cookies and pastries.
5. Desserts.
6. Jams, jellies and preserves.
7. Meats.
8. Miscellaneous.
9. Vegetable soups and salads.

Contributions should be sent to Mrs. McIntyre and Mrs. Callahan.

Mrs. Wallace Philips Hostess At Bridge

Mrs. Wallace Philips entertained her bridge club yesterday afternoon at her home on Valencia Drive.

Her home was decorated with special arrangements of decorations and azaleas, prizes were won by Mrs. Jack Rutigan, Mrs. G. D. Bishop, Jr. and Mrs. Frank Woodruff, Jr.

Others present were Mrs. George Eick, Mrs. William Bush, Mrs. H. H. Odham, Jr. and Mrs. Orville Banks.

SEMINOLE III By BEVERLY GRAY

Baseball season will begin before too long up at S.H.S. The baseball field, across from the school, was burned Tuesday in preparation. Here's hoping we have a good team this year.

Mrs. Whitte and the Glee Club will really start practicing this coming week for the Operetta, "Purple Towers". This is a grand musical comedy about a group of girls and their clasper and what all they encounter at Purple Towers. The cast includes: Jerry Covington as Hank Huckberry, Betty Morris as Mike Murphy, Chester Harper as Earl Parker, Kenneth Gano as Red Nichols, Jean Wright as Tilly; Mary Ann Wilke as Ursula Applegate, Gretchen Kirchhoff as Helen Tomahoff, Norma Kaye Harvey as Mary Marble, George Harden as Phil Bradley, and Ronald Taylor as Snowball. The Operetta will be held some time in April.

Another new engaged couple at S.H.S. is Beatrice Brown and Al Patton. Good luck to you both.

We sure were proud of David Hester and James Hanson, two alumni, when they sang Monday evening with the Emory-Valdost Glee Club.

We were awfully glad to have the Mrs. Williams, Mary Jane Flynn, Carol Nutt, Mary Casson, Jane Kinlaw, Shirley Wall and Sally Chase.

Incidentally, the Sally staff with Mrs. Stevens is really working hard to make this year's one of the very best. Ellen Huggers is the editor, and she and her staff are "getting on the ball" to have a great new Sally at the end of this year.

Education Group To Meet On Friday

Mrs. J. P. Mitchell, principal of Southside Primary School, and chairman of the elementary principals department of the Florida Education Association, is planning to attend meetings Friday and Saturday at the University of Florida.

A joint conference of classroom teachers and members of the elementary principals will be held with Mrs. Mitchell presiding over the Friday meeting. Mrs. Nancy Brock and Mrs. Margaret Reynolds, Southside teachers, are also planning to attend the conference.

Mrs. Duxbury Named Head Of Dance Group

Mrs. A. B. Duxbury was elected head of the Dance Masters of America, Florida Chapter No. 2, at a meeting Sunday held in Tampa.

Other officers elected were Frank Rey, Tampa, first vice president; Mrs. Maudie Walton, Gainesville, secretary and Raymond Capella, St. Augustine, treasurer.

Operation Bright Lights To Be Held At Memorial Park

Missions' Manager Jo Jo White Will Head Delegation At Tonight's Event

By KENT CHETLAIN
Tonight has been designated as "Operation Bright Lights" at the new Memorial Stadium by the Seminole Blues' management. The first public testing of the lights will get underway at 7:30 p.m. The occasion also marks the first time since the completion of the stadium that the public has been formally invited to view the new park.

Manager Jo Jo White of the San Antonio Missions, who held their first spring training workout this morning, promised President Joel Field he would accompany a group of his players to the bright light operation.

At 8:30 WTRH will broadcast a half hour program from the stadium. Season tickets to the Blues' home games will be on sale at the event.

Meantime local club officials, in attempting to iron out all details before the opening of the Florida State League season on April 14, sent a representative body before the City Commission Monday night to request aid in procuring folding chairs for the box seat area in the stadium. They also asked the City to hold the concession counters.

The City Commissioners have been weighing a previous request by the Seminole County Baseball Association for furnishing the power for the lights at the games and maintenance of the playing field.

In return for the City's aid the local club promised to pay the City back at the end of the year if the club has a successful season.

General manager John Krider reported no further signing of ball players, though he did state that four or five contracts have been mailed out.

Mr. Krider stated he would hold a conference with Jim McLaughlin, vice-president of the Missions, to find out the possibilities of obtaining player help from the Browne farm system.

Meantime in Cocon the Indians report 12 players have been traded to the Blues.

The Blues have only playing manager Chuck Aleno and southpaw hurler Lloyd Swain under contract at present.

Mr. Aleno will be at the stadium tonight for the light testing festivities. Marion Harman, chairman of the program announced today.

The stadium outfield fence is complete as the cement concrete under the stands. The protective wire screen in front of the grandstand will be completed today. The infield has been replanted and the base paths raked and built up.

SOUTH FLORIDA GOLF
PALM BEACH (AP)—J. Walcott Brown, Mansquan, N. J., takes on Harry McCredy, Virginia Beach, Va., today in the second round of the South Florida Golf Championship for Amateurs.

He beat defending Champion John H. Lyons, Fort Washington, L. I., Tuesday 8 and 7, over the 6,008-yard Palm Beach Golf Club course where par is 35-35-10.

W. B. Merry, West Palm Beach, winner of the tournament in 1943, plays Robert E. Jones, Baltimore, Md. Merry earned the second round by defeating Fred Hamon, Richmond, Va., the 1942 tournament victor. 1 and 0 in the 30th hole.

Jones upset David A. Ferguson, Omond Beach, 2 and 1.

Fine Crop Of Phillie Rookies Brightens 1952 Pennant Fight

PHILADELPHIA (Special)—Pennant talk is buzzing all through the ranks of the Philadelphia Phillies these days and it's the one word on the lips of veteran and rookie alike.

The victory taste lingers on with the holdovers from the 1951 National League championship club and their enthusiasm and confidence permeates the atmosphere at the club's Clearwater training base.

Only 16 members of the 39-man squad (which faces a rugged spring road judging from the strict regulations laid down by skipper Eddie Sawyer) were full-season performers with the 1951 Phil club. Five are National League vets acquired from other clubs during the past off-season, six have spent enough time with the club at various intervals to be removed from the "rookie" classification and an even dozen are in the recruit category.

Of the latter group, two showed enough to crack the Phil line-up during the closing stages of the '51 campaign and are figured as serious contenders for a National League job this year.

Outfielder Mel Clark, a 25-year-old right-handed hitter appeared in 10 games with the Phillies at the close of the campaign and belted National League pitching for a .323 average. Before being recalled from Schenectady he had compiled a .294 mark in 131 Eastern League games, driven in 87 runs, hit 10 homers and led loop outfielders on the defense with a fielding percentage of .988.

A 31 team mate of Clark's second-baseman Dick Young, also moved up to the parent Phillies and showed enough during the final days of the '51 season to convince boss Sawyer he's ready for a thorough trial. This 24-year-old southpaw swinger hit .301 at Schenectady and led the Eastern League in base-hits with 186.

Another youngster who figures to join in the fight for an infield job is 22-year-old Jimmy Condem, a potent-hitting third sacker or up from Terra Haute. The rangy and powerful young lefty led the league in hitting with a .328 and also topped his loop in hits (160) and doubles (20).

Other outfield candidates include repeat-contenders Stan Holmby (.303 at Atlanta) and Jack Mayo (.271 at Baltimore) along with Danny Schell, another Schenectady grad who has a penchant for the long ball. A 21-year-old right-hander, Schell has "shelled" 35 homers in three pro years and driven in a total of 205 runs.

As usual, the air about the Philly camp will be smoking from the effects of a corps of fire-balling young pitching hopefuls, powerful lads who blow by that hard fast one have become a trademark in Clearwater during recent springs and the current session is no exception.

Headed this group in right-hander Paul Huffel, a 24-year-old whose blazing fast ball has made strike-out history every where he has worked. It was old stuff for him when he led the Eastern League in strike-outs last year with 183. He has rung up more than 1000 whiffs during a five-year career, tops being a staggering 288 with Terece last in 1949. He won 15 and lost 10 at Schenectady last year on a 3.31 earned-run-average.

Other mound aspirants are John Sanford (15-7 at Schenectady), Lou Ptasch (10-8 at Baltimore), Steve Riddick (5-11 at Baltimore), Jack Brittin (7-10 at Baltimore)

and veteran Karl Drews. The latter won 17 and lost 13 at Baltimore, hurled 21 complete games and posted an ERA of 2.85.

Con Dempsey, who had a highly-publicized trial with the Pirates last year and Leo Cristante, veteran of ten weeks service with the Phils last season, are back for another crack at the big time.

Training Camp Notes

PHOENIX, Ariz. (AP)—Max Lanier, 30-year-old southpaw acquired by the New York Giants from the St. Louis Cardinals in the Eddie Stanky deal last December, was back home in St. Petersburg, Fla., today. Lanier flew out of the Giant camp after midnight, a few hours after he was notified that his partner, Johnny Broccoli, had died suddenly. Broccoli managed Lanier's restaurant in St. Petersburg.

VERO BEACH (AP)—The Brooklyn Dodgers "cut" four players from their squad today. Pitchers Phil Haugstad, Jack Banta, Catcher Dick Teed and veteran Outfielder Jim Mussel will remain here when a 40-man team leaves Friday for Miami to begin the exhibition season.

Haugstad is staying behind to work some stiffness out of his arm and Teed to obtain more practice in switch-hitting. Russell and Banta apparently are on their way to the minors.

ST. PETERSBURG (AP)—Veteran members of the New York Yankees are impressed over the showing of Pitcher Frank Shea.

Shea, a bust since his great rookie season of 1947, is throwing his natural slider again, the vets say.

"This is my last chance and I know it," Shea remarked.

BRADENTON (AP)—Roy Hartshorn thinks he found a doctor who'll help him clinch the second base job for the Braves this year.

He said the doctor's advice that he stick to a diet of green foods and milk to cure the upset stomach that troubles him most of last year seems to be working.

The Braves used four players, alternately, on second base last season.

CLEARWATER (AP)—President Bob Carpenter of the Philadelphia Phillies says there is no basis to a rumor the Phillies tried to engineer a trade to send Pitcher Russ Meyer and First Baseman Eddie Waitkus to the St. Louis Cardinals for Red Schoendienst and possibly Enos Slaughter.

Manager Eddie Sawyer echoed Carpenter's denial. Tuesday, then added, "I am not saying I wouldn't like to have Slaughter, but there has been no talk of a trade."

SAN BERNARDINO, Calif. (AP)—Bill Meyer, Pittsburgh Pirate manager, got out the welcome mat today for Outfielder George Metkovich.

Metkovich received permission to report late so he could finish some movie work—an off-season sideline.

MESA, Ariz. (AP)—Bill Serena is in a spot trying to win the Chicago

Lloyd Swain, seated, of Sanford is the first player to sign his contract last Saturday afternoon. Smiling over his shoulder is the new Seminole Blues' playing-manager Chuck Aleno, who signed his pact a few minutes before.

Prep Cagers Begin State Championship

GAINESVILLE (AP)—High school basketball takes over the University of Florida Gymnasium today for a 4-day spurge of 28 games that will result Saturday in naming four state champions.

Two games will be played simultaneously through opening round play today and Thursday and semi-finals Friday. The four championship games are scheduled Saturday.

Medalist

ST. AUGUSTINE (AP)—Marjorie East Coast Women's Golf Tournament for the second time in three years, meets Barbara Kigore, Atlanta, in her first-round match today.

Miss Lindsay shot 73, one over men's par for the 6,267-yard Ponce de Leon Course. Tuesday. Two years ago the Curtis Cup golfer from Decatur, Ill., set the course record for women with 70.

But this year her round was almost as sensational because she had to contend with rain and a stiff wind.

Her 73 was five strokes better than any others in the field of 40. Ellen Gary, Barrington, R. I.; Kathy McKinnon, Lake Worth, and Bonnie Randolph, Columbus, O., had 78 each.

Near Perfect

ST. PETERSBURG (AP)—G. T. Humphreysville, Spartanburg, S. C., scored a near-perfect 400 by 23 X to win the Sunshine Trophy Match in the 16th annual National Mid-winter Small Bore Rifle Tournament here Tuesday. It was only seven points away from a perfect score in the event, shot from 50 and 100 yards.

Cuba's third base job but he thinks he can do it.

Ahead of him in the running for the position is Randy Jackson and pushing from behind is Leon Brinkopf, 25-year-old rookie from Los Angeles where he hit 25 homers and drove in 93 runs last season.

Serena missed almost all of last season with a broken left wrist.

JAKE LAMOTTA
DETROIT (AP)—Former Middleweight Champion Jake LaMotta says he is going to put up his best effort for good if he is beaten badly in his bout with Eugene (Silent) Hariston here tonight.

It should be a good fight with LaMotta rated a slight underdog. Hariston has ambitions of being the first man to knock LaMotta off his feet.

The contract requires that LaMotta weigh in at 160 pounds or less. Hariston is expected to come in at 162. The 10-round bout will be broadcast and televised nationally (CBS) at 10 p.m. (EST).

GATOR PAYOFF
JACKSONVILLE (AP)—The Gator Bowl payoff for Clemson and Miami was \$57,105 each.

The Executive Committee made the financial report Tuesday showing that amount paid the teams plus \$5,700 commission to the Ray McCarthy organization for executive and publicity activities on the game and \$7,000 to cover a past deficit.

Missions Conduct Opening Training Drills For Five

Bill Spivey Says He Was Convicted Without Hearing

LEXINGTON, Ky. (AP)—Big Bill Spivey's protest that he was "tried and convicted without benefit of a hearing" was shrugged off today by the University of Kentucky Athletic Board.

The lowering star of Kentucky's 1951 NCAA basketball championship team said he was denied the privilege of answering "undisclosed accusations" making him with the basketball officials.

In response, a board spokesman said Tuesday night only that the board would stand on its decision. The decision stripped the 7-foot All-America center of his athletic eligibility on a permanent basis and he was suspended from school.

Spivey's attorney, Elmer Drake, joined him in a statement criticizing the nature of the action.

"It is our feeling," said Drake, "that we (Drake and Spivey) should have been informed of the nature of the accusations and the facts upon which the accusations were based—and given an opportunity to answer them at the board meeting; that young Spivey should not have been suspended without the opportunity to be heard upon these undisclosed accusations."

Mid Wind, Fran's Dream, White Bear, Northern Deb, Sudan Fashion, South Pacific.

Jim McLaughlin Says Tardy Batterymen Should Arrive By Tomorrow Nite

By KENT CHETLAIN
Manager Jo Jo White led a small band of four San Antonio Mission hurlers and a rookie catcher through a 1 1/2-hour running and pepper drill at the old Municipal Stadium in the initial day of workouts today.

On hand for the scheduled drill were White Sox home baby, Jim Brewer, Joe Tuma, Lougoe, pitcher "Doc" Gibson, Ed Albert and Sam Washburn.

White expressed his disappointment that the other 15 batterymen were not on hand for the opening drill. "The late comers will find it harder to get in shape," he said.

Meanwhile Mission vice-president Jim McLaughlin reported that the exhibition schedule is not complete. However, he said St. Louis Browns' rock, Will Ham, O. DeWitt, who has been touring Central Florida training camps, will send him a list of exhibition games he has slated for the Missions during their stay here. This list is expected within the next few days, McLaughlin said.

Zack Taylor, newly appointed manager of the Scranton Browns farm club, assisted manager White this morning and will continue for a few days until his team is ready to train.

After a preliminary survey of the local training setup, the former Detroit Tiger, Philadelphia Athletic and Cincinnati Red outfielder expressed his pleasure with the Sanford base.

"You sure have a beautiful park here," he commented. From his previous trips to Florida, White stated he would hold the Missions workouts in the mornings when there is not as much wind to interfere with the hammering up process of his charges.

The San Antonio training schedule called for 30 pitchers to be on hand for the first drills today, however, only five made the deadline. McLaughlin said most of the batterymen would probably be in Sanford either today or tomorrow.

The infielders and outfielders are not slated to begin training until next Monday.

Facts truck owners should know about hauling bigger payloads

WANT to know why you can carry more payload with Dodge "Job-Boys" trucks?

First, they've got better weight distribution. This means that bigger payload capacity is engineered into a Dodge "Job-Boys" truck. Bigger trucks carry more weight, but it's the way they carry it that counts. In a Dodge truck, the right proportion of the load is carried on each axle.

Besides this better weight distribution, a shorter wheelbase provides easier turning, easier parking. Come in and try one of these payload-packing, state-of-the-art trucks for yourself. Get all the facts about hauling bigger payloads.

Carry more in Dodge "Job-Boys" trucks. The center is placed forward and the rear axle back. — the better distribution of the load. You can carry bigger payloads—without overloading.

Short wheel Dodge "Job-Boys" trucks are powered by high-compression engines to give you top performance with fuel, both economy and power gives you pull and speed that save time.

So, longer life! There's a Dodge truck that's "Job-Boys" to fit your need and budget. — with low-maintenance and outstanding safety features—designed to stand up on toughest streets.

"With our new Dodge, the payload is high, the cost per mile low!"

SALESLADY with experience for selling. Must have good references. Full time work.

Apply - The Outlet, 320 Sanford Avenue

FLASH GORDON and his adventures in space

GOSH... THE REFRIGERATION SYSTEM OF THIS SUIT CAN'T COMPETE WITH THE HEAT OF THAT STOCKPILE... I'M ROASTING!

LUCKY... THESE TWO MATCHES... WORK IN TANDEM... BOTH OPEN ON THIS ONE LUG... WHEN ONE MORE... TURN...

HEY! WE'RE GAINING! THE SHIP HAS PICKED UP SPEED!

YEAH! PILE TEMPERATURE IS DROPPING! ENGINE IS COOLING OFF! HE DID IT!

IN THE CONTROL ROOM...

THE LONE RANGER

YOU GOT ME WRONG, SHERIFF. I DON'T ROB THE BANK.

WE HAVE YOU HANDS DOWN THIS TIME, LASSO. WE EVEN TOLD THE STOLEN MONEY IN YOUR SADDLEBAGS!

I DIDN'T STEAL IT! I WAS RIDIN' ALONG WHEN THAT HISSING MAN BLOGGED ME! IF THESE STOLEN MONEY'S SADDLEBAGS, THEY PUT IT THERE TO FRAME ME!

TELL THAT TO THE JUDGE!

I'LL TELL IT TO MY LAWYER!

MICKY MOUSE

IT'S ABOUT TIME YOU LEARNED THE STOCK MARKET HAS NOTHING TO DO WITH ANIMALS...

YUH SURE IT'S GOT NOTHIN' TO DO WITH ANIMALS? COME ON! I'LL SHOW YOU!

NOTHING! INVESTMENT BANKERS!

LOOK OUT FOR THE BEARS TODAY!

I'M AFRAID THAT STOCK IS MOVEMENT!

HERE COME A LOT OF PIGEONS!

BEETLE BAILEY

DISGUSTING! THE WAY THESE SOLDIERS THROW THE GIRLS AROUND!

BUT ANOTHER THING I HATE THE WAY EVERYONE DANCES!

NEVERTHELESS, I DON'T WANT TO LAUGH AT THEM DOING IT!

YOU WOULD HOLD SOMEONE LIKE THAT? I'VE SEEN YOU DO IT!

ETTA KETT

OHAY GUYS, DIDN'T YOU GETS SEND A MESSAGE TO THE BOYS THAT WE'RE HERE?

OKAY I'LL PUT UP THE DOLPHIN... I'VE LOANED MY POLARIS... BUT WE NEED ALLOWANCE!

MONEY ORDERS FROM THE BANK! DOLLARS!

YES, TO THE BANK!

HERE'S TO THE SIX BEARS! MAYBE TO THE SEVEN! MAYBE TO THE EIGHT! MAYBE TO THE NINE! MAYBE TO THE TEN!

Mrs. Forhand Dies After Long Illness
Bula Mae Forhand, 60, died at

8:45 p.m. Tuesday at her home on South Sanford Avenue after an illness of approximately two years. She was born Oct. 12, 1891, in Goodlettsville, Tenn., and moved to Sanford 2 1/2 years ago. She was a member of the Baptist Church in Nashville, Tenn.

She is survived by her husband, W. A. Forhand, Sanford, one daughter, Mrs. M. O. Roggins, Jr., Nashville, Tenn., two grandchildren, Sarah Gale and Tommy Roggins of Nashville, and one sister, Mrs. Alma Arra, New York City.

Funeral services will be held at 10:30 a.m. Thursday at Bula Mae's home. Burial will be in the Evergreen Cemetery.

Korean War
The request for names of 80,000 ROKs, whom the Reds say "do not exist," was based on Communist radio boasts of the number of prisoners they had captured. The Allies insist the Reds impressed most of them into the North Korean army.

Lee repeated today: "We released at the front the majority of prisoners of war whom we captured."
The Reds have said this many times in support of their claim that any ROKs in the North Korean army joined voluntarily and were not impressed prisoners.

Blues In The News
By BOB ANTHONY

Last night's English Literature class aboard the station was a very unusual one. Mrs. Dean brought some recordings of famous Shakespeare passages and sonnets and the entire class period was devoted to listening to these works of art. Even more unusual, however, was the fact that Mrs. Dean had a slight touch of laryngitis. This problem was cleverly dealt with as soon as we discovered that the phonograph, which Aviation Training's Chief Harlan Day had generously lent us for the night, contained a small public address system. The microphone was immediately connected and Mrs. Dean conveyed her messages to the class by speaking into the mike in-between recordings.

Ken Jones took top honors in the examinations for advancement to the rank of either Seaman or Airman which were held yesterday aboard the station. Ken took the Seaman exam and made the highest grade of any of the 22 men taking the three different tests. Of the 15 men that passed their examinations, effective dates for the rates will be Mar. 16 for most and Apr. 1 for the remainder. All of these men are eligible to compete in the service-wide competitive examinations for petty officer third class which will be held sometime in July.

George Lawless returned aboard the station recently after a leave which was spent as a honeymoon. George was married on Feb. 22 in Kingston, N. J. to Miss Sally Rhoads. Sally accompanied her husband to Florida and Mr. and Mrs. Lawless are now residing at 332 North San Souel Street in Deland. Welcome to the Land of Sunshine, Sally, and congratulations to you both on your recent marriage.

Little D. Player received the orders today that he has long awaited. In January Little received notice that he had been accepted in the Naval Cadet program and that he would be put on the waiting list. Yesterday his orders arrived that will send him to Pensacola, Mar. 27. Little is presently an Airman working in the Maintenance Division of the Operations Department but when he successfully completes his pre-flight and flight training under the Naval Cadet program he will become a naval aviator and an ensign in the naval service. Good luck Little, may your flying days be smooth ones.

Gene Arnold returned to duty with FASRON 821 recently after a stay at the naval hospital in Jacksonville. We're happy to have you back with us "Arnie" and it's nice to see the twinkle in Rosemary's eyes once again.

The group of men aboard the station known as the "Vagabonds" have a number of plans for another dance to be held Mar. 21. The enthusiasm with which their dance last month was met has encouraged the "Vagabonds" to make the coming affair bigger and better than ever. The Sanford Yacht Club has been chosen for the occasion and dancing will be from 8:30 p.m. 'til 1:30 a.m. A gala floor show is being planned and fun will be the keynote so draw a circle around the 21st on your calendar and be on hand two weeks from this Friday for an evening of dancing at the Sanford Yacht Club.

RED CROSS MEET
Gordon Frederick, fund campaign chairman for the Red Cross, announced today a progress meeting of fund campaign workers to be held Thursday at 10:30 a.m. at the City Hall in the city commissioners room.

Emil Lewis, assistant regional director of the southeastern area of the American Red Cross will be there to speak.

MCCARTY'S MOTHER ILL
FORT PIERCE — Mrs. Frances M. Tylander, 70, mother of Dan McCarty, a Democratic candidate for governor, was still in very serious condition today at Fort Pierce Memorial Hospital.

She entered the hospital last week following a heart attack.

Blues In The News
The psychological warfare program of your army is very inconsistent with the stand Gen. Lee has taken in these meetings," Libby said. "As an illustration of this inconsistency I quote from a broadcast made by your psychological warfare forces opposite ROK army forces in the Kumgong area during the late afternoon of 2 March 1953: 'I am an ex-ROK soldier who has been captured by the KPA (Korean People's Army) and furnished training as a member of the KPA. I am living an easy life with the KPA...'

Libby said the broadcaster then appealed to HOKs to follow his example and join the Reds. Lee called the report a fabrication.

SEUL, Korea (AP) — American warplanes surprised a flight of Communist MIG15 jets today and shot down at least five near the Yalu River.

Another MIG was listed as probably destroyed. The wild 30-minute morning battle was touched off when 28 F-86 Sabre jets pounced on a flight of 70 MIGs as the Reds came out of their Manchurian sanctuary. "We caught them by surprise and bounced the whole formation," an Air Force officer said. It was the biggest bag of Red jets since Jan. 23, when Sabre pilots destroyed 10.

Call out the Reserves with a touch of your toe!

Most cars lead a double life. A good part of the time, they're running errands, taking children to school, taking women to stores, taking men to work, taking family and friends to clubs and social functions. It doesn't call for a very great output of horsepower for duties like these.

But there are times when you want a car that can do vastly more, and these are the times when you'll want what this year's ROADMASTER has to offer.

Beneath its proud hood, there's a Fireball 8 Engine—a valve-in-head that can let loose 170 lively horsepower when needed.

And—alongside this engine—there's also an Airpower carburetor which thrifflily feeds fuel and air through two smaller-than-usual barrels for normal driving—which means that you now use less gas at 40 than you'd formerly use at 30.

But there are two barrels in reserve—waiting for you to call them into action—and they let loose a soaring rush of power that slings your shoulders back into the seat cushion, sweeps you past a truck—out of a tight spot—up a hill—sets your speedometer needle registering

added miles more than twice as fast as your watch can tick off the seconds.

This is an experience you certainly should know firsthand.

You should also know how Buick's Power Steering* provides a helping hand in slow-motion maneuvers—lets you keep the "feel" of the car in straightaway driving.

And just for good measure, this '53 ROADMASTER also has the biggest trunk space of any postwar Buick—the greatest trunk space since spare tires moved off the front fenders—a warning light that glows when the parking brake is set—and to top it all, the superior interior fabrics that Buick has ever offered.

When are you coming in to look this distinguished performer over? We urge you to make it soon.

**Optional. Accessories, tires, and fluids are subject to change without notice. *Optional on some cars or for replacement only.*

Soviet Agent Steals Diary Of Gen. Grow

Excerpts From Diary Used By Russians To Prove U.S. Warmonger, Grow A Spy

By ELTON C. FAY
WASHINGTON (AP)—The Army said today "an individual believed to be a Soviet agent" snatched into an American general's room in Berlin last summer and took pictures of his diary. The diary expressed the general's views that war with Russia is imminent.
The Army officer was identified as Maj. Gen. Robert W. Grow, 56, former military attaché at Moscow. He has since been reassigned to the Pentagon.
The Army announcement said excerpts from the diary were printed in an anti-American book which attempted "to prove" Gen. Grow and the U. S. Army "tools of Wall Street" and "warmongers," and that Gen. Grow was a spy.
In the book, part of whose contents were made available here today, Grow was quoted as having said:
"Our attack should be directed at enemy weakness. Although the military services are primarily concerned with military weapons and methods, we must understand that this war is total war and is fought with all weapons."
"We must learn that in this war it is fair to hit below the belt."
Another quoted passage said:
"War! As soon as possible!"

An Army spokesman said that apparently a Soviet agent gained access to Grow's quarters in Berlin during the general's absence, photographed the diary and then turned the pictures over to the author of the book.
The Army said the book was published in the Communist zone of Germany last month and was entitled, "On the Trail of War, Notes by an English Officer." The author's name was given as Richard Squires. The book was written in German.
The copy of Chapter 6 of the book which was made available here today, says Squires "has practically completed my book, and was about to send it to the publisher, when unexpected events prompted me to take my pen in hand again."

"I want to say he had met an old friend 'the Berlin correspondent of one of our London (Continued on Page Two)"

Building Controls On Housing Eased By Government

WASHINGTON (AP)—The government today eased building controls on housing, commercial, highway and school projects.
The National Production Authority, dropping an earlier plan to restrict new homes to 1 1/2 bathrooms each, issued:

1. A new, one-package housing order increasing by 500 pounds the steel which a home-builder may use without applying to NPA.
2. An order eliminating all other construction controls into a single document. It increases the tonnage of steel automatically allowed for commercial, school, and other smaller non-residential projects, as well as roads and highways.
3. As originally proposed, the orders were intended to curb construction. But they were revised frequently during two months of discussion with the construction industry. Meantime, shortages of steel and aluminum eased noticeably. NPA's announcement today said:

"Most of the changes in the construction regulations liberalize controls rather than tighten any of them or impose any further restrictions."
The major changes in the housing regulations, effective at once, include:
An increase to 3,500 pounds of steel in dwelling units in the amount which may be "self-authorized"—that is, increased automatically for 1-family, 2-family and 3-family buildings.
A decrease of 25 pounds of copper to a total of 125 pounds for dwelling unit, for housing equipped with copper water piping systems. However, copper pipe is increased where local building codes require that metal in underground connections.
For alterations or enlargement of existing dwellings, builders may use up to half the materials which would be required for new construction.
The non-residential building regulations are similar pattern.

The Red Cross this year... (text partially obscured)

Pioneer Night Entertainers

Among the entertainers who scored hits at the 27th Pioneer Night program which more than 350 persons over the age of 60 attended Tuesday night at the Lake Mary Chamber of Commerce Building, was the SHS High School Glee Club Triple Trio, directed by Miss Ollie Reese Whittle and introduced by Frank Evans. Left to right are Norma Faye Harvey, Gretchen Kirschhoff, Caroline McInnis, Barbara Riggs, Donna Witte, Sylvia Hayes, Linda Leonard, Sandra Dunn and Joyce Jones. Lower left, Billy Wells and Mary Carmichael of the Lyman School, Lake Mary, singing and dancing the "Gay 90's." At right, Mark N. Cleveland, Jr., who was introduced by his father, Fire Chief Cleveland, reminds the pioneers that it was their spirit that made America great.

Lattimore Denies Trying To Justify Russian Invasion

1939 Attack On Finland Described As Outrageous Thing

WASHINGTON (AP)— Owen Lattimore denied under a barrage of questions today that he sought to justify Russia's invasion of Finland in 1939.
Lattimore told the Senate Internal Security subcommittee his personal feeling at the time was that the invasion was "an outrageous thing on the part of the Russians, but I also believed politics in Europe had reached a pretty low level."

Sen. Ferguson (R-Mich.) kept hammering away on the theme that Edward R. Carter, then secretary general of the Institute of Pacific Relations (IPR), asked Lattimore about the most convincing statement as to Russia's justification and that Lattimore replied with his views on the matter.
Correspondence between Carter and Lattimore on the Russian invasion went into the record of the subcommittee as Lattimore, Johns Hopkins professor and Far Eastern specialist, testified for the ninth day.

The subcommittee is searching for subversive influences on U. S. policies, particularly in the Far East.
The correspondence started off with a letter from Carter to Lattimore, dated April 26, 1950. It said: "Where in English or French or Russian has there appeared the most convincing (I mean convincing to the bourgeois readers) statement as to the U. S. S. R.'s justification of the Finnish campaign? The Soviets clearly regard the action as a necessary defense measure. Three-fourths of the rest of the world still regards it as unprovoked aggression."
"Have you written or are you (Continued on Page Six)"

CONTRACT AWARDED

The contract to furnish a counter to hold record books to be kept in the new vault room by the County Clerk, O. B. Herndon, was awarded Tuesday afternoon by the County Commission to the Celery City Printing Co., which submitted a low bid of \$1,536.
Bids by the Art Metal Co., the County Clerk's printer, and the County Clerk's printer, were rejected. The contract will be installed by the printing company. Other bidders were: Royal Office Supply Co., and the Celery City Printing Co., and H. and W. E. Printing Co.

Tax Collector

John L. Galloway, county tax collector, today announced his candidacy for re-election to that office subject to the Democratic primary on May 6.

John L. Galloway Seeks Re-election As Tax Collector

John L. Galloway today qualified and announced his candidacy for the office of County tax collector subject to the Democratic primary on May 6.
Mr. Galloway has occupied this position since his appointment by Governor Caldwell following the death of John D. Jenkins on Jan. 21, 1947.
"During this time," said Mr. Galloway, "I have endeavored to operate the office economically and to render continuous and efficient service to all. On this record I stand quietly and announce as a candidate to succeed myself as Tax Collector for Seminole County."

Mr. Galloway is a member of the Masonic order of the American Legion, and the 48 of the Veterans of Foreign Wars, the Seminole County Chamber of Commerce, the Kiwanis Club and Holy Cross Episcopal Church.
He was serving as chief clerk of the Atlantic Coast Line Railroad at Sanford when appointed to his present post. He was born in Suburb, Brunswick county, North Carolina, graduated from Cape Fear Academy, Wilmington, N. C. and later attended Lewis Polytechnic Institute at Chicago. A member of the National (Continued on page five)

Newbold Morris Has No Intention Of Leaving Job

Investigator Confers With President On Socks He's Getting

WASHINGTON (AP)—Testimony that vessels of a New York shipping firm hauled cargoes to Red China after the start of the Korean War brought from Sen. Mundt (R-S.D.) today a sharp denunciation of such "blood-soaked profits." In stinging language, Mundt told New York Attorney Huston H. Wason that "you violated no law" but that he questioned the "faint-hearted ethics" underlying the shipping firm's actions.

During the past 30 years he has been a member of the Hanford Post 53, the American Legion, and is a charter member of the Veterans of Foreign Wars Post. He belongs to the First Presbyterian Church.
"Mr. Miller has been instrumental in the invention and improvement of certain farm machinery such as spray carts, and cultivators and has shown an active interest in the development of farm-to-market roads and improvement of the rural areas of Seminole County."

Building Permits In February Twice Those Of Last Year

Permits issued during February by City Building Inspector J. J. Cape totaled \$11,807 in estimated value or double the \$5,278 total for February, 1951. A total of 46 permits were issued.
Home construction, continuing at a busy pace, accounted for \$11,000 of the total.
Five houses costing \$8,000 each and under construction by Oiler-Weller Inc. in the Bel Air section, accounted for \$40,000 in permits.
Other permits for homes included that of Dr. Harry Woodruff, 110 West Elliott Avenue, \$18,000; W. D. Strickland, 1515 Douglas Avenue, \$7,500; James W. Florida, 2015 Jefferson Avenue, \$7,000; John Daniels, Trafford's survey subdivision, \$7,000; Velle A. Williams, Sr., 419 Scott Avenue, \$10,000.
Permits were also issued to M. L. Nichols, 2415 Oak Avenue, \$5,000; Leo W. Selvoff, Willow Street, \$7,000; J. C. Cook, Avenida Terrace, \$6,500.
The Dawson Construction Co. received a \$3,237 permit for the section of the new Tourist Recreation Building near parking completion in Ft. Mellon Park.

President Truman Appeals To Congress For Every Cent Of \$7.9 Billions In Foreign Aid

State Democratic Man Would Ditch Truman, Not Party

Peoples Opposed To State Committee Writing Platform

PUNTA GORDA (AP)—A proposed platform submitted to the State Democratic Executive Committee drew opposition today from Vasco Peoples, Charlotte County Democratic committeeman, who declared he was for ditching President Truman but not the Democratic Party.
Peoples objected to several sections of the proposed platform and said his group is "not the body to write a national platform and any that we approve will have very little if any influence."
"If the committee wants to adopt a similar resolution asking that our delegates to the National Convention oppose the re-nomination of President Truman, I will support it," Peoples said.
"But I cannot see the advisability of adopting a platform that will carry no weight and could embarrass some of our own Florida Democratic leaders."

He pointed out that each candidate for the Democratic gubernatorial nomination in Florida has a platform and the successful candidate's platform will be "the accepted platform of the party in Florida regardless of anything that our committee may approve."
One section of the proposed platform, he said, "would oppose deficit spending in times of serious depression, and even Sen. Taft is too progressive for that one."

Another resolution, he said, advocates ditching the party of those who advocate socialism without saying who is to be the judge and under what conditions.
"I remember being called a socialist in 1929 for advocating inured bank deposits and old age assistance," Peoples said, "both of which are now as Democratic as Vermont."
Peoples said another section "commends the press and radio (Continued on Page Six)"

W. B. Brown Miller Offers Candidacy For County Board

W. B. (Brown) Miller, east side farmer, today announced his candidacy for the County Commission in District No. 1.
He moved here from Charlotte, N. C. in 1907 and since has been a "small farmer" on Celery Avenue.

During World War I he served overseas in the air corps of the AEF, and while abroad married Jenn Watts of Montreal, Scotland. He also joined the Masons "over there."

During the past 30 years he has been a member of the Hanford Post 53, the American Legion, and is a charter member of the Veterans of Foreign Wars Post. He belongs to the First Presbyterian Church.
"Mr. Miller has been instrumental in the invention and improvement of certain farm machinery such as spray carts, and cultivators and has shown an active interest in the development of farm-to-market roads and improvement of the rural areas of Seminole County."

Cpl. Joseph Warmack Is Back From Korea

Cpl. Joseph C. Warmack, who recently returned from active army service in Korea, has been assigned to Port Jackson, S. C., pending receipt of assignment orders from the Department of the Army.
On 30 day leave, he is visiting his parents, Mr. and Mrs. Guy C. Warmack, 910 Park Avenue.

Forward To Run For County Commission

Former Marine Corps captain and battle veteran of Guadalcanal, W. A. Forward of Forest City today announced his candidacy for District II County Commission post comprising the area of Lake Mary, Longwood, Altamonte Springs, Forest City and Bona Lake.
The 33-year-old citrus grove serviceman served six and one-half years in the Marines during World War II. He is married and has two children.
Mr. Forward is a past commander of American Legion Post No. 185 of Altamonte Springs. He was born in Hamilton, Ontario, Canada, coming to Forest City at the age of one and one-half years. Mr. Forward has resided there since 1929.

Top Tourist

J. R. Hall of Soles, N. Y., is president of the 120 member Sanford Tourist and Shuttleboard Club, and derives much healthful enjoyment during short-holiday days on the courts in Fort Mellon Park. Mr. and Mrs. Hall, after coming here during two winter seasons recently purchased the former H. J. Lehman home at 619 Palmetto Avenue from Mrs. Lehman. Mr. Hall said that Sanford is the right place for a tourist to enjoy fun in the sunshine.

Korean Deadlock Reported Bogged Down Even More

Truce Talks Reach Point Where Top Level Aid Needed

By ROBERT F. TUCKMAN
PHILADELPHIA (AP)—The deadlock between North and South Korea negotiators bogged down even further today as Communist negotiators insisted that neutral teams including Russians be permitted to inspect secret equipment during an armistice.
Staff officers working on truce supervision wrangled fruitlessly for more than an hour, but the prisoner exchange and armistice talks collapsed a day after only 12 minutes.
Negotiators agreed there was no point in rebuilding old arguments.

The deadlock has become so serious, observers here said they believe any action at the top level could end the stalemate.
U. N. negotiators declined to speculate on how the deadlock might be broken. Some sources said the situation presumably is being studied carefully in Washington, and possibly in Moscow and Beijing.

Vice Adm. C. Turner by chief U. N. negotiator, was in Tokyo Wednesday, apparently for conferences with Gen. Matthew B. Ridgway.

There was no hint that a shift in the Allied position was in the offing.
Gen. O. Darrow told news men the Communist demand for inspection of secret equipment might be "just another needless device." But he added:
"If they could get Russian teams down to look at our equipment, that would be highly desirable from their point of view."

The Allied proposal provides that neutral teams should make inspection to "properly insure" that neither side is introducing new equipment during a truce. How (Continued on Page Six)

Snowy Hills Of New Hampshire Political Target

Taft Vs. Eisenhower Truman, Kefauver Will Fight It Out

By The Associated Press
Political oratory echoed across New Hampshire's snow-covered hills today in hand-shaking, meet-the-people answer to the questions of voters.
The Republican and Democratic races each appeared to be a contest between a man working hard for the presidency and one who hasn't said he wants the job.
The Republican choice seemed narrowed to Sen. Robert A. Taft who arrived in New Hampshire today as a guest of the nomination and Gen. Dwight D. Eisenhower, who says he won't seek it but will accept if nominated.
On the Democratic side Sen. E. A. Tamm, who was fighting what he calls an uphill battle against supporters of President Truman. The President has not announced whether he wants another term.
The results of the New Hampshire primary election next Tuesday are not binding on convention delegates. But since it is the first presidential primary of the year, it is a psychological value is attached to its outcome.
The latest happenings in the national campaign.
Rep. Bryson (D-S.) visited Mr. Truman Wednesday and said the President told him he would not run for a second term. "If he were sure Taft would not get the Republican nomination and would not get elected, he would not run," Bryson said. "If he is not sure, he would not run." Bryson called this statement "an obvious attempt" by the President to influence the New Hampshire primary.
"I say it's time to call his bluff," Bryson added. "Let him run again. Let him go out and defend the record as a candidate."
Bryson in reporting on his talk with Mr. Truman said the President was "completely complimentary" about Sen. Russell of Georgia, an announced candidate for the Democratic presidential nomination.
Bryson added the President said he was leery about the growth of the area from which Russell comes, and that he wished Russell could run from Kentucky instead of Georgia.
Bryson quoted Mr. Truman as also saying, however, that he considered Russell "a fine fellow, thoroughly trained and qualified" (Continued on Page Six)

Conditions Said Unfavorable For Truck Gardening

Jaycees Sponsored Circus Performs In Sanford Today

The Seminole County Jaycees Chapter of Commerce, sponsored a circus which will perform tonight at 8:00 p.m. on the City fairgrounds, according to the Municipal Auditorium. The schools closed today for the matinee performance this afternoon.
The circus featured a series of Seminole High School band demonstrations and parades during the past two weeks. Yesterday the band marched through the City streets stopping at the corner of First Street and Magnolia Avenue for concert.
The Jaycees will turn over 50 percent of their 50 percent net proceeds from the circus to the County's school funds. The remaining 50 percent will go to the circus. The Jaycees sustained the initial expense for the grounds and license out of their 25 percent profits from the circus.
Fred Clay, chairman of the circus committee, has been working on the circus project for the last month. Merv Oster was in charge of the advance sale of tickets.
The Hagan and Wallace Circus has proved very popular during its winter tour of Florida in such cities as DeLand and Titusville. Jaycees members will man booths and collect tickets tonight as they did this afternoon.

Movie Time Table

RITZ
"Fixed Bayonets" 5:22 - 5:23 - 7:22 - 9:22

CIGARETTE TAX

TALLAHASSEE (AP)—Florida's January cigarette tax collections totaled \$1,072,538, the State Revenue Department reported today.
The figure compares with a \$1,463,414 total for January, 1951. Of the receipts, \$1,266,023 was distributed among the cities on a basis of cigarette sales within their boundaries.

WORK SHEETS

Seminole County farmers were notified today that Mar. 15 will be the last day for signing intentions to participate in the 1952 Soil Conservation Program. It was pointed out by Homer Ballard, County Administrative Officer. Farmers are asked to come to the office of the County Committee at the Court House to sign their worksheets and to state the practices they intend to carry out.
