

26 MINERS ARE KILLED IN ILLINOIS COAL STRIKE CAMP IS SURROUNDED

And Looks Like Non-Union Miners Will All Be Killed

DYNAMITE IS USED

AND OPEN FIGHT IS LIKE REAL BATTLE IN THE WORLD WAR.

(By The Associated Press)
HERRIN, June 22.—A check at noon made by the Associated Press showed twenty-six known dead with indication the total will be more than thirty in the mine war. The bodies are spread over an area fifteen miles square, some riddled with bullets, others beaten to death, three hanging from trees by ropes. The Associated Press correspondent after ten ineffectual attempts finally persuaded a taxicab driver to take him through the scene of the fight. The strip mine had been fired and freight train on siding also burning while miners looted several cars of food supplies. On the road near mine six men were tied together, all wounded. Hundreds of men and women laughed at their pleas for water.

Several thousand men and boys were present when sixteen were killed at nine o'clock this morning. Forty-four men were taken prisoner at the camp, herded in front of captors and when they reached a point in the woods half way to Herrin the killing began. Strikers declared the prisoners made break to escape and they were pursued and killed.

HERRIN, Ill., June 22.—Sounds of occasional shots were heard early today from the direction of a mining camp near here where striking union miners surrounded the camp in which approximately 100 non-union miners are quartered. Sounds of explosions, said to be dynamite blasts, were also audible here. Two union miners are known to have been killed, and six others are unaccounted for, and nearly a score of men were wounded as a result of an open fight which began late yesterday and continued until dark. Unverified reports state that more than twelve men were killed in the clashes.

SPRINGFIELD, Ill., June 22.—Hal W. Trovillion, member of the Illinois commerce commission and editor of the Herrin News, received word from his managing editor over the long distance telephone tonight that seven men had been killed in the labor trouble, six of them union strikers and one a mine guard.

HERRIN, Ill., June 22.—Several persons were reported killed and a number injured yesterday afternoon when shooting occurred six miles east of here between striking miners and men employed at the strip mine of the Southern Illinois Coal company, which began operations last week.

Earlier a crowd of half a hundred men invaded Herrin and visited hardware stores attempting to purchase arms. When refused they ransacked the Bray-North company, the Herrin Supply company and the Turner Hardware company, and carried away arms valued at \$1,000.

Reports say the shooting is continuing and that a number of strike sympathizers have gone to West Frankfort in automobiles to get additional arms and ammunition.

One report was to the effect that 14 or 15 bodies of nonunion men were laying in the pit on the surface mine where they had barricaded themselves and exchanged numerous shots with the attacking miners.

Jordan Henderson, 45, a striking union miner, was shot in the head and killed. His body was brought here by unidentified persons.

Reports stated both sides had shown the white flag and that negotiations were being exchanged for truce. It was also reported that officials of the Southern Illinois Coal company have agreed to close the mine as a result of the fighting and that the non-union men would depart.

All girls wishing to enter "bathing beauties" parade at Lake Mary, June 29th, register with Ruth Gillon not later than June 27th.

QUICK ACTION ON THE SHOALS URGED BY POU

ADVOCATES ACCEPTANCE OF FORD OFFER—CAMPBELL WANTS MORE TIME

(By The Associated Press)
WASHINGTON, June 22.—Indications were given in the house yesterday that unremitting pressure would be exerted to bring about action on disposition of the government's properties at Muscle Shoals, Ala.

Representative Pou, of North Carolina, advocating from the house floor speedy action on acceptance of the offer of Henry Ford for lease and purchase of the properties, disclosed that he had made a motion in the rules committee of which he is a member, for a special order for consideration of the Muscle Shoals question by the house but that the committee session was adjourned without action.

CALIBRE OF LEGISLATORS DISCUSSED AT CAPITAL—MAY NEW FACES

(By The Associated Press)
TLLAHASSEE, June 22.—With the entrance into the 1923 session of the state house of representatives of 42 members having their first legislative experience, speculation has been rife throughout the state as to the calibre of the next law-making session. Twenty-six members who served in the last session will be there to stabilize things, while seven former members of the house will again enter the service. Of the initiates two have seen service as attaches of the house, so they will be well versed in parliamentary procedure.

The senate will be short two of its usual 16 hold-overs. The naming of men to fill two extra vacancies at the recent primary was caused by the death of Frank M. Cooper of the 27th district and the resignation of E. T. Wilson of the 9th district. Mr. Wilson resigned to become state's attorney.

Of the 18 members nominated for the senate in the recent primary, nine served in the 1921 session, while of the nine newcomers, five formerly served in the upper body.

BANK OFFICIALS ORDERED BEFORE THE GRAND JURY

(By The Associated Press)
WASHINGTON, June 22.—Subpoenas have been sent out by the special war frauds federal grand jury, it became known yesterday, to officials of leading banking corporations in New York, Philadelphia, New Orleans and Jacksonville, requiring their appearance in connection with the investigation of the contract under which the government disposed of its surplus lumber after the war.

Heads of the banking firms and their cashiers were ordered to produce all records of transactions made by or involving J. L. Phillips, chairman of the Georgia state Republican committee, who is at liberty on \$25,000 bail under charges of conspiracy to defraud the government through the lumber contracts.

BE CAREFUL WITH FOODS.

This is the time of the year when foods must be handled carefully and everything we eat should be examined by competent authorities lest we get something that is unfit to eat and thereby bring on an epidemic. Tampa has an inspector who will make a most thorough examination of all foods in restaurants and stores and all milk will be examined and even the drinking water. This is as it should be in every city in the state. There is no reason in the world why people should be subjected to sickness and diseases of all kinds just because a few food dealers or milk dealers might have protection. Get busy!

ROD AND GUN CLUB WILL ADVERTISE SANFORD IN MANY MAGAZINES

Club Had Enthusiastic Meeting at Court House Last Night

At an enthusiastic meeting of the trap division of the Sanford Rod and Gun club held in the court house last night plans were perfected for bringing the club up to standard in every way to conform with the National Trapshooters association with which the club is affiliated, and to be ready for the state shoot, which will be held here next year.

While the real estate of the club was recently transferred to the Elks, the club is by no means inactive and the interest in the trap contests keeps up to the same standard as formerly. Officers and directors were elected last night as follows: Dr. S. Puleston, president; W. M. Haynes, secretary and treasurer; and these, together with R. B. Wight, W. C. Hill and O. P. Herndon, make up the board of directors.

An important action taken last night was the appropriation of all the money collected for dues toward advertising the advantages of Seminole county as an ideal place to spend the winter for those who enjoy fishing and hunting. Advertising will be run in such magazines as Field and Stream and other magazines, which are of interest to sportsmen.

CONFEDERATE REUNION ENDS WITH GRAND BALL TONIGHT, FEATURED BY BIG PARADE

General Carr Re-Elected Commander-in-Chief of Vets; New Orleans Convention City

(By The Associated Press)
RICHMOND, June 22.—Confederate reunion which officially closes with a grand ball tonight was featured today by annual parade in which thousands of veterans of the civil, Spanish, and world wars took part. Confederate veterans occupied automobiles in the parade. General Julian S. Carr, Durham, N. C., was re-elected commander-in-chief late yesterday. New Orleans was selected for next year's reunion.

Other officers named were: General J. A. Thomas, commander of the army of Tennessee; Lieut. Gen. C. D. Howry, Washington, D. C., commander of the army of Northern Virginia, and Lieut. Gen. E. W. Kirkpatrick, of Texas, commander of the Trans-Mississippi department.

Staff officers and other officials of the veteran organization will be appointed by the commanders at a later date, it was announced. At the closing session of the Sons of Confederate Veterans late yesterday, W. McDonald Lee, of Irvington, Va., was elected commander-in-chief. He was named without opposition.

At the veterans' sessions late yesterday a resolution was adopted calling upon the wealthy members of the United Confederate Veterans to lend \$30,000 without interest to the association which is erecting the status of Jefferson Davis, at Fairview, Ky.

The adoption of a resolution calling on congress to amend the law creating the Arlington "Hall of Fame" so that Confederate generals can be represented therein, and the unanimous endorsement of a report from the historical committee, recommending that a history written by Colonel Hugh W. Jackson, of Curryville, Ga., in which, according to the report, it is stated that Abraham Lincoln "deliberately and personally conceived" the war between the states, be used in the schools of the South, featured the veterans' session at the morning session. The report stated that Mississippi, Texas, the Carolinas and Louisiana are "now using histories fair to the South."

The report, which was submitted by the South will now be taught that the South will now be taught that the South was right, eternally and everlastingly right, in fighting for principles upon which our glorious country was founded.

France in Accord With Russian Treaty if Possible to Make

Chief French Treaty Maker Says They Want Peaceful Settlement

(By The Associated Press)
THE HAGUE, June 22.—"At Genon" said M. Alaphand, the chief French expert at The Hague conference last night, "we had a Russian political experiment which did not succeed. Now, at The Hague, we are going to have a technical experiment, which may or may not succeed."

The French leader who has made a special study of foreign property holdings in Russia, remarked that in the past it looked as though all countries were divided into two groups concerning Russia. One group wanted to come to an agreement with Russia at any cost, and the other at any cost did not want to reach an agreement with Russia.

"Now," he continued optimistically, "we non-Russian countries are all in accord, at least in the sense that we wish to agree with Russia in a reasonable manner, and in such a way that the elementary morality of the rights of man shall be respected."

FIELD MARSHAL WILSON KILLED THIS MORNING IN FRONT OF LONDON HOME

SUN YAT SEN IS PRISONER ABOARD SHIP

AND ALL VESSELS HAVE BEEN HANDED OVER TO PROVISIONAL GOVERNMENT

(By The Associated Press)
PEKING, June 22.—Sun Yat Sen, deposed president of the Canton government is a prisoner aboard the Cruiser Haichi. This with other vessels has been handed over to the provisional government established there by Sun's enemies which adhere to the Republican government at Peking.

SHANGHAI, June 22.—Between 10,000 and 15,000 northern forces sent against Sun Yat Sen's army in Kiangsi province mutined at Kianfu, burned portions of Kianfu and other nearby cities and killed thousands of the residents, according to unconfirmed but apparently authentic reports from various sources at Hankow and Nanchang. The troops were under command of General Tsai Chen Hsun, military commander of Peking.

The rebellious soldiers are reported marching northward and nearing Changshu Ki, a city about a hundred miles north of Kianfu and fifty miles north of Nanchang.

A dispatch from Hankow says the British gunboat Cekoheafior is speeding up the Kan river toward Nanchang to bring out the foreign residents. The American gunboat Monocacy is coaling at Kiukiang and will proceed to Nanchang as soon as possible. The American gunboats Isabel and Quiros and the British gunboats Bee and Foxglove are held in readiness at Kiukiang to rush to the disturbed area if necessary to protect nationals.

GOVERNMENT DEFEATED ON FINANCIAL AMENDMENT TO HEALTH INSURANCE BILL

(By The Associated Press)
LONDON, June 22.—The government was defeated on the financial amendment to the national health insurance bill in the grand committee of the house of commons today.

POLICY OF STETSON CRITICIZED BY CO. JUDGE J. L. HAZARD

(By The Associated Press)
TAMPA, Fla., June 22.—Criticism of the present administration policy of Stetson University and pleas for the development of a broader and more intense college spirit featured the organization meeting of the Tampa Stetson Club at the Hillsborough Hotel here last night. County Judge Julian L. Hazard, an alumnus of Stetson, sharply criticized the policy which he said has become dominant in the administration of the university, declaring that Stetson was becoming "too much of a one man affair." Judge Hazard, announcing the resignation of Professor R. A. Rascoe, dean of the law school of Stetson, to join the faculty of the University of Florida, expressed deep regret that Dean Rascoe's resignation had been forced by certain features of the administrative policy formulated by President Lincoln Hulley.

"I have felt that some protest should be made to Dr. Hulley causing him to realize that Stetson is suffering irreparable injury in Dean Rascoe's removal," Judge Hazard said. "Naturally the University of Florida is strengthened in its faculty and is fortunate in securing an instructor of Dean Rascoe's ability, but I believe Stetson law school has been seriously injured in the loss of its dean."

Members of the new club, composed of alumnae and students of Stetson, pledged their aid in every way possible to the university.

YAP TREATY WITH AMERICA WAS APPROVED TODAY

(By The Associated Press)
TOKIO, June 22.—The Yap treaty with the United States was approved by the privy council and Japanese prince regent today.

Sir Henry Hughes Wilson Chief of Imperial Staff Shot Dead DELIVERED SPEECH

THIS MORNING AT UNVEILING OF WAR MEMORIAL, JUST RETURNED WHEN KILLED

(By The Associated Press)
LONDON, June 22.—Field Marshal Sir Henry Hughes Wilson was shot and killed outside of his house on Eaton Square, London, this afternoon.

Wilson was chief in the imperial staff and one of the outstanding figures of the world war delivered a speech this morning in connection with the unveiling of the war memorial and apparently had just returned home when the tragedy occurred. A few months ago he accepted the post as military adviser to the Ulster government and made frequent visits to Ulster. Central News says that Wilson was stepping from his automobile when two men suddenly opened fire with pistols. He was struck by three bullets and died almost instantly. His death was announced in the House of Commons by Austen Chamberlain, government leader. An eye witness said Wilson was crossing the pavement when the first shot was fired. He staggered, and nearly fell. He was reeling when the second and third bullets struck him. Four policemen rushed up and the assassins turned the weapons on the officers, two of whom were seriously wounded. Another witness said one of the assassins attended suicide, shooting himself when capture seemed near, inflicting serious injury. Chamberlain told the House of Commons that the assassins had been arrested.

The names of the men arrested were given as Connolly and McBrien. Wilson had been under police protection for some time as authorities had reason to suspect an attempt would be made on his life. Policemen were actually at door of his residence when assailants approached and opened fire.

HERRIN, June 22.—Nineteen are known killed in the miners warfare. Incomplete check showed sixteen non-union and three union men dead. One non-union man was found hanging to a tree with his body riddled with bullets. The bodies of sixteen non-union men were found in the woods near a mine six miles east of here. One man had been beaten to death and the others shot.

HERRIN, June 22.—Renewal of the warfare in the strip mine of the Southern Illinois Coal company near here was reported today. Unverified report said five bodies were being brought to Herrin. Miners brought in from the Chicago district reported surrendering. Three bodies in undertaking establishments here and three wounded in the hospital. Report was brought here that fifteen or twenty men were seen in a ditch near the mine, whether dead, wounded or hiding it was not known.

LIGHTNING KILLS 4 COWS AT MIAMI

MIAMI, June 22.—A bolt of lightning during a brief storm yesterday morning struck a herd of fine Dutch belted cows at the White Belt dairy here, killing four of them. Dr. J. G. DuPuis, owner of the dairy, and Dr. J. G. Fish, federal tuberculosis inspector, witnessed the incident.

The bolt struck one cow, leaped over several others to the second victim, zig-zagged over two or three more to the third, and again leaped over the herd to the fourth. The remaining cattle scattered badly frightened. One of the cows killed had no mark to show where the lightning struck her; another had only the hoofs burned.

The cows were worth several hundred dollars.

CHIEF EDITORIAL WRITER ON NASHVILLE BANNER DIED WITH ENFLUENZA

NASHVILLE, Tenn., June 22.—R. H. Yancey, aged 69, chief editorial writer on the Nashville Banner, died today of heart trouble resulting from an attack of influenza.

COUNTY COMMISSIONERS MEET

The Board of County Commissioners of Seminole County met in regular session at 10 o'clock a. m. June 5. Present: Chairman L. A. Brumley, and Commissioners L. P. Hagan, C. W. Entzinger, O. P. Swops and E. Curlett, with W. C. Williamson, deputy sheriff and V. E. Douglass, deputy clerk, in attendance.

Minutes of the last regular meeting road and approved.

The Tax Assessor having presented his books showing the assessed valuation of property for examination by the Board in compliance with the requirements of Section 4 of Chapter 8584, General Acts of 1921, Laws of Florida, and the Board of County Commissioners having given notice for fifteen days by publication in the Sanford Herald that the board would meet on this day as a Board of Equalizers for the purpose of hearing complaints and receiving testimony as to the value of any property, real, personal or mixed, as fixed by the County Tax Assessor of Taxes for assessment for the taxes of the year A. D. 1922, the owners and agents of property, who appeared for that purpose were allowed to make full and complete statements as to the valuation of the property owned or represented by them and the Tax Assessor and the members of the board having fully discussed the statements and facts as presented decided to lower the valuation upon the following described property covering certain parcels of land as follows:

Kress & Frauz, frac. NW quarter of SE quarter and E half of SW quarter of Sec. 31, Twp. 19 S, Range 33 E, (less Ry), 124 acres, lowered from \$2,000 to \$1,500.

Mrs. Lucy Wakefield, bog. 13.67 chs S and 2.81 chs E of NW cor of SE quarter of SW quarter of Sec. 15, Twp. 20 S, Range 32 E, Run W 3.78 chs, etc. 2 acres, lowered from \$550 to \$500.

Alfred Foster presented a communication from the Realty Trust Co. in reference to the assessment of the Sanford Country Club property, which was referred to Tax Assessor A. Vaughan.

W. E. Oglesby, appeared before the board in reference to the assessment on his property at Lake Monroe, described as follows: SW quarter of Lot 46, of St. Joseph's, and asked that the same be lowered.

Edward Higgins and T. M. Fox appeared before the board in reference to the hauling of the rock for the Orlando road.

Penion claim of Mary K. Appleby, of Sanford, Fla., was approved by the board.

Notary Public Bonds of Cassandra Schultz was approved by the board.

E. Curlett, here presented the bill of S. F. Doudney for work in reference to Special Road and Bridge District No. 2, no action was taken by the board.

Mrs. Henry Wight, Mrs. E. Curlett and Miss Virginia Smith appeared before the board in reference to a public health nurse for Seminole county, and requested that this board provide for a public health nurse for Seminole county in the budget for the year, estimated salary and expenses for the nurse to be \$3,500. The board agreed to make provision in the budget for the employment of a public health nurse for Seminole county, such employment to begin October 15, 1922.

Fire arm bonds of M. A. Kilvert and M. H. Spencer, were approved and license ordered issued.

Motion of L. P. Hagan, seconded by E. Curlett, and carried, the chairman of this board is authorized to sign warrant for parts to be purchased for the Nash Quad truck.

Motion of O. P. Swops, seconded by L. P. Hagan and carried, the clerk of this board is hereby instructed to advertise for bids for purchase of 225 seats for the court room.

Motion of L. P. Hagan, seconded by O. P. Swops and carried, clerk of this board is hereby instructed to advertise for bids for the construction of the bridge across the St. Johns river at the Osteen ferry, and also for the resurfacing of certain roads and constructing hard surfaced shoulders on certain roads.

Clerk of this board is hereby instructed to notify the bond trustees, to purchase bonds with the cash which they now have in the sinking fund.

Eng. Fred T. Williams here presented plans and specifications for change in road at the Orange and Seminole county line. Motion of C. W. Entzinger, seconded by L. P. Hagan and carried, Eng. Fred T. Williams is instructed to notify the Orange county board of county commissioners that Seminole county is not in financial condition to make this change.

Comr. L. P. Hagan offered the following resolution and moved its adoption, same was duly seconded by

Comr. O. P. Swops, and adopted. Be it Resolved, that a uniform right-of-way of a width of sixty-six (66) feet, be and the same is hereby adopted as the width of all right of ways of public roads and highways in Seminole County, Florida.

Motion of O. P. Swops, seconded by L. P. Hagan and carried, that the clerk of the Circuit Court be and he is hereby requested to comply with the recommendations of the Florida Engineering Society in reference to the filing and recording of plats.

FLORIDA MAY GET U. S. AID IN FIGHTING PEST

WASHINGTON, June 14.—The department of agriculture yesterday was prepared to support an emergency appropriation of \$150,000 for the elimination of the citrus canker in Florida.

Two experts of the department were in Florida today investigating the ravages of the plague and the need for government help to aid in their eradication. On the basis of their report, the department was prepared to recommend to congress the need of an emergency appropriation.

W. A. Taylor, chief of the plant industry bureau at the department, was in telegraphic communication with Dr. Wilmon Newell, state plant commissioner of Florida in connection with the proposed appropriation. The government authority informed Newell that only \$4,000 was available from unexpended appropriations and the Florida official declared this sum would not be sufficient to halt the plague.

Taylor, it was said, then promised the Florida authority that government help would be recommended if the Florida reports were supported by the bureau's investigators. An emergency appropriation, it was said, could be added to one of the deficiency bills now pending in congress. Owing to the pressing need of relief, it was added, the appropriation would be made available immediately on passage of the bill in congress. This might occur before the end of June.

LOOKS LIKE LENINE MAY KICK BUCKET, TOO GOOD TO BE TRUE

(By The Associated Press) BERLIN, June 14.—Another German specialist was summoned to attend Premier Lenine. Professor Fleischig, leading brain authority was asked to leave immediately for Moscow.

USING WORD STOP PLAYED HAVOC WITH FLORIDIAN ORDER

FORT MYERS, June 15.—When distant florists mingle telegraphic punctuation with floral technicality there is apt to be confusion.

There is the case of a local florist who wanted some wreaths from a Tampa dealer. He sent a telegram setting forth his wants and used the word "stop" as a means of denoting the end of the sentence. It was misconstructed by the Tampa florist, however, who stopped literally, every time he came to the word and as there was a "stop" at the end of the telegram that ended the matter insofar as he was concerned.

The local dealer sent the following message:

"Substitute for wreath cross of rose number seventy-two for seventy five stop also two sprays number forty-three ten dollars each stop one wreath roses five dollars stop half dozen peonies stop spray of roses five dollars stop wire immediately if can ship this afternoon stop ship balance on sure."

He followed this with a later message ordering additional flowers and continuing the use of his pet punctuation. Neither telegram elicited any flowers and the local dealer justly felt himself aggrieved. So he investigated.

The Tampa man was with a clear conscience, however, for he wrote:

"Your of recent date received and I can assure you that I regret the mishap of the different floral pieces you wanted and your disappointment and my loss.

I enclose herewith the wires received from you and you will see that the trouble has been somewhere else. I could have easily furnished all the flowers if you had not contumaciously ordered your orders as you will see by the telegrams containing the word "atop" received from you which are enclosed herewith."

TIRE CO.—Wants state representative and sales manager to open branch office. \$300 necessary. Universal Tire Co., Chicago, Ill. 42-4tc

OVIEDO

Mr. Edris of Oskaloosa, Iowa, accompanied by his son and daughter spent several days in Oviedo last week looking for a suitable location.

R. W. Lawton left Saturday for a visit to his mother in Jacksonville.

A. D. Sauer has purchased the Nelson property formerly occupied by S. McBride and moved his family there this week.

Mrs. J. N. Thompson and son Alford left Saturday for a few days visit to Island Grove from which place they will go to Gainesville to attend the summer school at the U. of F.

Miss Wano Pope left last week for her home in St. Augustine. She was accompanied by Miss Nell Williams who will be with her for a week's visit.

Mrs. A. K. Crawford returned Friday from Leesburg where she spent several days with her sister, Mrs. Z. Spinks.

Mr. and Mrs. Claude Coffee are the proud parents of a fine boy born June 3rd.

Mrs. J. H. Haigh left last week for her home in New Jersey. She was accompanied as far as Jacksonville by Mr. Haigh.

Miss Olive Letzette is visiting her parents, Mr. and Mrs. N. F. Letzette in Oviedo, after having spent the winter at Massey's Business College in Jacksonville.

The Oviedo Band is giving weekly concerts down town every Saturday night from eight to ten. The concerts are well attended and greatly enjoyed and appreciated by the loyal citizens of this town.

Mrs. Theodore Aulin returned Sunday from New Smyrna where she has spent the past two weeks with her sister, Mrs. Rawlinson of Ft. Pierce.

Mr. and Mrs. B. G. Smith had as their guests last week, Mr. and Mrs. F. L. Stevenson of Memphis. Mr. and Mrs. Smith carried their guests on a several days motor trip visiting, Daytona, New Smyrna, Leesburg, Lake Wales, Orlando, Arcadia, Punta Gorda and many other places of interest.

Mrs. L. R. Mitchell left Saturday for St. Augustine, Fla., and Covington, Ga., where she will visit friends and relatives during the next six weeks.

T. L. Mead, Sidney Swops and Olin Wright are spending two weeks at the Y. M. C. A. camp at Frost proof.

Mr. and Mrs. W. E. Luther left last week for their summer home at Waynesville, N. C.

A study class of sixteen charter members was organized by the young people of the Christian Endeavor Society of Oviedo last Monday night. Much interest was manifested and much good is expected to result.

Miss Christine Clough of Lakeland is visiting her aunt, Mrs. H. B. McCall this week.

Mrs. T. L. Mead is spending two weeks at the Florida Sanitarium at Formosa.

Mr. Cuyger of Indiana is spending the summer with his daughter, Mrs. T. G. Simmons.

C. L. West was a business visitor to Sanford Tuesday.

LONGWOOD

Mr. and Mrs. Newell entertained Father Peck and twelve of the St. Andrew Brotherhood boys at their home on Greenwood lake Friday afternoon. They were treated to a watermelon feast, fried chicken supper and ice cream and cake.

Mrs. A. Y. Fuller and K. J. Fuller were visitors in Sanford Saturday.

Mrs. Mansfield and little daughter, Inez and the two younger sons of Tampa are visiting with Mrs. Jack Vaughn and she expects her brother on Saturday and hopes to have them with her this summer.

Mrs. Bergquist and daughter, Mildred, have been here from Tiger Bay for a few weeks at the home of her daughter, Mrs. Edwin Lundquist. Clarence frequently comes out to see them.

Miss Edna Critchly of Fort Pierce is also a welcome visitor in our neighborhood at the home of her cousin, Mrs. Kenneth Robbins whose mother, Mrs. Vihien and the three youngest children left with their nephew by car to visit her sister at Fort Pierce and at Miami. This is her first vacation off for a long time and we are all glad she can have the change. Both of the guests are helping house for her.

Mrs. August Swanson returned home Tuesday from Sanford where she has been nursing for a couple of weeks at the home of Mr. and Mrs. Peavyhouse.

The Cramer boys took dinner with Mr. and Mrs. V. C. Collier and daughter, Bright and their guests, Mrs. Bryant of Nocatee at their lake west of town.

Miss Margaret Ericson was ill with fever for a few days.

Mr. and Mrs. Martin Krithof, former friends in Orlando, were Sunday evening visitors at the home of G. Hirsch.

Mr. and Mrs. Fred Krell and their two little ones left in their truck early Wednesday to drive through to Arcadia where Fred has work after a nice visit with Mr. and Mrs. T. O. Taylor.

Surveyor Williams and family have moved out again from town to their fine place on Crystal lake.

Rudisale of Orlando who is working for contractor Pace at the Country Club is boarding with Mr. and Mrs. West.

Saturday was a special day with the Adventist people in Orlando but the members here who could not go held their Sabbath school at their home.

C. J. Stedt's home caught on fire in the roof last week, fortunately their nephew, Wilfred Pierson was there to put it out or much damage would have resulted; it will have to be re-shingled.

Our friends will be glad to hear the workers went "over the top" all right and our effort to raise the money for the piano for the church, on Monday. The next day the report, W. H. Harvey brought it out and we think all will be well pleased.

We are grateful for the help so willingly given. We would be glad to publish the names but some might object.

A good crowd was out to hear Rev. Wahlberg Sunday evening. He is coming again on the fourth Sunday. While here he was the guest of Mr. and Mrs. Stedt.

The steering gear did not work right and Mrs. Tyner ran into the Pierson boys car, damaging both cars but not seriously.

The people here, especially the shop boys were shocked when the news came of the terrible tragedy at the home of Mr. and Mrs. McDougall on Celery avenue of the daughter killing her own father. A great many attended both the funeral and the trial. All sympathetic with the family in their sorrow. Mr. McDougall was well and favorably known here.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hannan.

"I went into the hen house one morning and found my favorite setter dead. I got real mad. Went to the store, bought some RAT-SNAP and in a week I got six dead rats. Everybody who raises poultry should keep RAT-SNAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

SALESMEN—To sell guaranteed tires and tubes. \$100 a week guaranteed salary and commission. Universal Tire Co., Chicago, Ill. 42-4tc

FRADY WILL CONTEND SHOOTING OF WIFE WAS BY ACCIDENT

MIAMI, June 14.—Counsel for Edgar C. Frady of Chicago, facing trial today on the charge of wife murder, revealed for the first time last night their defense. They pin their hopes for Frady's freedom on one point—that the fatal shooting in his apartment in the fashionable Flamingo hotel last February was accidental and occurred while he was trying to wrest a revolver from his wife's hands.

Their defense will be in accordance with Frady's own request. No attempt will be made to show that his wife was not faithful to him. "Rather I should hang than to cast any reflection upon her character," he is said to have declared.

Twenty-seven witnesses have been subpoenaed, but last night only those residing in Miami were in the city, and it was hinted by Frady's lawyers that a delay might be sought.

Labor may ask LaFollette to be its candidate for president in 1924. It would be a good combination although a losing one.

FLORIDA MEDICAL ASSOCIATION WILL HOLD MEET IN CUBA.

Members of the Florida Medical Association will leave Tampa June 25 for Havana where they will hold their annual convention. They will sail on the Cuba, leaving Port Tampa Sunday afternoon, June 25, at 2:00 o'clock, returning on the same ship July 4.

A special excursion rate of \$38.50 has been arranged and this rate will be open to any person desiring to visit Cuba at this time. The rate includes meals and a berth. The Havana hotels have offered a low rate for the excursionists. Reservations can be made at the city ticket office of the Atlantic Coast Line—Tampa Tribune.

"How We Cleared Our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May, it was alive with rats. They'd gnawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware company.—Adv.

NOTICE TO BRIDGE CONTRACTORS.

Sealed bids will be received by the Board of County Commissioners of Seminole County, Florida, at Sanford, Florida, for the construction of a Draw Bridge across the St. Johns river on the road between Sanford and Osteen, at 10:00 a. m. July 18, 1922.

Each bid must be accompanied by a certified check in the sum of \$1,000.00, made payable to E. A. Douglass, Clerk of the Board of County Commissioners of Seminole County, Florida, as evidence of good faith.

The County Commissioners reserve the right to reject any and all bids, or to accept any bid they may deem to be for the best interest of the County.

Copies of plans and specifications, proposed contract and bond may be had on application to E. A. Douglass, Clerk of the Board of County Commissioners, Sanford, Florida, or from Fred T. Williams, Engineer, on deposit of \$5.00 which will be returned if bid is made.

By order of the Board of County Commissioners of Seminole County, Florida.

L. A. BRUMLEY, Chairman. E. A. DOUGLASS, Clerk.

44-5tc

Notice of Application for Tax Deed Under Section 825 of the General Statutes of the State of Florida.

Notice is hereby given that F. L. Woodruff purchaser of Tax Certificate No. 129, dated the 14th day of May, A. D. 1920, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lot 24, of Twp. 20 S, Range 30 E, 32.00 acres. The said land being assessed at the date of the issuance of such certificate in the name of Dexter Hunter.

By order of the Board of County Commissioners of Seminole County, Florida.

E. A. DOUGLASS, Clerk of Circuit Court, Seminole County, Fla. By: A. M. WEEKS, D. C.

44-6tc

NOTICE TO PAVING CONTRACTORS

Sealed proposals, subject to the sale of bonds, will be received by the County Commissioners of the County of Seminole, Florida, at the office of the Clerk of the Circuit Court, of the County of Seminole, at Sanford, Florida, at or before, 10 a. m. on the 18th day of July, A. D. 1922, for the resurfacing of approximately 181,000 sq. yards macadam roads, 45,450 sq. yds. brick roads and constructing approximately 12,700 sq. yds. truck or other hard surfaced shoulders.

Each proposal shall be accompanied by a certified check issued upon a State or National Bank and made payable to the order of the Clerk of the Circuit Court of the County of Seminole in the sum of five per cent of the amount of the bid.

The successful bidder will be required to give bond equal to fifty per cent of the amount of his bid, such bond to be executed by a Surety Company licensed to do business in the State of Florida, and the bidder shall produce a certificate from the Treasurer of the State of Florida, showing the amount of the deposit and the class of bonds and deposit covers.

Copies of the plans and specifications may be seen at the office of the Clerk of the Circuit Court in Sanford, or at the office of Fred T. Williams, Sanford, Florida.

The County Commissioners reserve the right to reject any and all bids or accept any bid they may deem to be for the best interest of the County.

L. A. BRUMLEY, Chairman. E. A. DOUGLASS, Clerk of the Circuit Court. FRED T. WILLIAMS, Engineer. Sanford, Florida. 44-5tc

PLAN NEW THEATRE

Frank Miller and E. F. Lane Bought Star Theatre Lot

THAT WILL TAKE CARE OF ALL ROAD SHOWS AS WELL AS MOVING PICTURES

Sanford will have a new theatre, the same to be finished by January first. This is the good news that is being spread today by those who have been wanting a fine new theatre in Sanford for many years. The deal was practically closed yesterday when Frank L. Miller and Edward Lane purchased the old Star Theatre lot at the corner of Magnolia avenue and Second street from the former owner, O. P. Herndon.

Messrs. Miller and Lane will immediately form a company of local people and make it a stock proposition since so many local people want an interest in a new theatre and in a few days they will announce the incorporators and immediately get busy on plans and specifications.

As far as can be learned the new building will be 57x117 feet and will contain two nice store rooms on Magnolia avenue on each side of the lobby. The building will seat at least one thousand people and will be modern in every respect costing about \$50,000 or more if the plans call for it.

For the past ten years Sanford has needed a new theatre building, one that could take care of the many big shows that come to Florida during the

winter season and one that could also play the moving pictures during the interim, one that would cater to the best and get only the best of attractions and one that would be a pride to the citizens of Sanford. There have been numerous attempts to build a new theatre but up to now none have gone straight to the mark as have Messrs. Miller and Lane and backed by their many friends and by the public in general on something tangible and something that is needed the new theatre promises success from the start.

The plans and the personnel of the incorporators of the new theatre will be given in a later issue of the Herald.

Three American Buildings in China Struck By Shells

(By The Associated Press) PEKING, June 20.—Three American buildings in Canton were struck by shells during Sunday's bombardment of the city by gunboats of Sun Yat Sen in an attempt to recapture his stronghold. American Minister Schurman asked Rear Admiral Strauss to rush protection to Canton and American gunboats are expected to proceed there. The extent of damage to American property was not stated. A protest was made to Sun against indiscriminate firing.

There's no excuse for getting half sick and run down when Tanlac will make you well, sturdy and strong.—Union Pharmacy.—Adv.

CERTAIN LABOR BECOMING SCARCE SAYS BABSON

THE STATISTICIAN SEES PROMISES OF GENERAL IMPROVEMENT IN INCREASE OF EMPLOYMENT

WELLESLEY HILLS, Mass., June 17.—With the news full of strikes, threatened strikes and labor unrest, Roger W. Babson, statistician today issued the following statement regarding general industrial situation:

"For some time," said Mr. Babson, "business in the East has been reviving. Were it not for the textile and other strikes in New Hampshire, Massachusetts and Rhode Island, business conditions in New England, New York State, and Pennsylvania would be very good today. During the past year, the Central West has been the weakest spot in the business situation. The abrupt drop in the price of grains, live stock, and other farm products left the agricultural sections of our country in a very bad condition. You will remember the Farmers' Conference at Washington and various forms of aid enacted by congress and different state legislatures.

"The rise in agricultural products, however, which occurred a few months ago, accompanied by the good weather conditions of the past few weeks, has made the farmers feel very much better. Reports which I am receiving from correspondents in the west are truly encouraging. This applies not only to the agricultural districts but also to the mining and lumber business. Even the automobile industry, which is such a factor throughout Ohio and Indiana, is feeling much more encouraged. Of course, the union coal fields are quiet, but the non-union fields are more active each week. The cut in freight rates should help the coal and lumber business. The demand for cotton continues strong and the South is gradually feeling better. This better feeling throughout the West and South is reflected by the improvement in the business of the mail order houses. The customers of the mail order houses are largely in the rural districts. This shows that the farmers have again begun to buy. This is very gratifying and is one of the reasons for the continued strong stock market.

"Owing to the change in the foreign trade situation and the sale of foreign bonds in this country, sterling exchange is much stronger. Altho it may be only a temporary movement the whole foreign situation looks better than it has looked for some time. Private advices tell me that a settlement is being approached between Germany, England and France, regarding the German reparations. If this is so, it should be distinct impetus to business, both by causing Europe to buy from this country and giving this country confidence to loan Europe. Altho no change has taken place in the Russian situation during the past week, yet signs even in Russia are favorable at the moment. For the first time in many years, things look encouraging in Europe.

"The strike situation in New England is gradually clearing up. The strike in Providence is about over, and production in all the mill cities is gradually increasing. It is believed that mills will have all the men they desire after the Fourth of July. Another factor helping the mill situation is the fact that many of the dissatisfied employees are getting positions elsewhere. There is considerable demand for common labor today. Many of the striking employees from the textile and other mills have been able to get a satisfactory wage in connection with the building and other trades. Thus there is very little suffering or hardship in these mill cities. The strikes may never be officially declared off. They may be ended by the mill owners securing other employees from the country districts, who have never before worked in the mills, and by the old mill workers getting positions in other lines of activity. The strike is developing largely into a swapping of jobs. So far as the general welfare of the country is concerned, this is as satisfactory as to have the strikers go back. The average business man is primarily interested in having people employed, and to business as a whole, it makes little difference for whom individuals work.

"I prophesy that the threatened railway strike will end by the men shifting jobs. These men engaged in the maintenance of way, are largely men who have not been able to secure positions in trades. Under present business conditions the cut is justified, as these men could not secure elsewhere a wage equivalent to what the railroads are now paying them. If, however, business begins to improve this summer, and the demand for labor increases, it is very probable that the best of these maintenance-of-way men will get positions in the building and other trades while the railroads will import a new lot of

men from the country.

"For the past year or two we have seen in the papers accounts merely of wage cuts. Reductions have run all the way from 10 to 50%, with an average cut of about 25%. I should not be surprised to see some advances from this time on. The Firestone Tire and Rubber Company, of Akron, Ohio, has already advanced wages 10%. Other concerns which are temporarily short of labor are offering more money. It is, however, interesting to note that the labor unions were not successful in holding up wages at the time of the decline and are not forcing increase at this time. History is simply repeating itself. The law of supply and demand determines wages as it determines prices. If business begins to pick up this summer, as I anticipate it will, the demand for labor will increase. Owing to the fact that immigration has been cut off, this will necessarily cause employers to bid against one another and wages will again go up, for a time at least. Considering a long period of years into the future, the trend of wages may continue downward, but a temporary upturn would not be surprising.

"The Babsonchart on business conditions is acting in a very peculiar way and is suggestive of a turn for the better within the next few weeks. The time is fast approaching when one-half of the preceding area of expansion will be offset. When this time comes, it can be truly said that we have turned the corner. This does not mean that we are about to enter a period of prosperity, but it does mean that we are on the home stretch and have seen the worst. The Babsonchart index today stands at 17% below normal. This is due to the increased building which is evident throughout the country. Moreover, this building boom is only beginning. We may expect," concluded Mr. Babson, "a real scarcity in certain classes of labor during the balance of the year."

THE CHINESE TROUBLES ARE ALMOST OVER—SECTIONS ARE UNITED

(By The Associated Press)

PEKING, June 19.—General Chen Chiung Ming, formerly civil governor of Kwintang provinces, whose troops seized Canton Friday, announced today that the South China of Canton government had been terminated and that henceforth Canton would unite with the north in recognizing the old republican parliament. Dispatches from Canton describe the collapse of the southern government as complete, Sun's military forces crushed and the former Canton president himself a fugitive.

Advices received here vary as to the details of what are called the last hours of the southern constitutional government, nor is it definitely known how much fighting preceded Sun Yat Sen's flight.

One dispatch from American sources in Canton declares that Sun's bodyguard continued to hold the presidential palace in the face of the assaults of Yechi's troops, after their leader had taken refuge aboard a gunboat and departed for Whampoa. Another report said that Chen Chiung Min's forces, commanded by Yechi, suddenly surrounded Canton, seized the fort, invaded the city, and marched upon the palace.

The fall of the southern leader is said to have been the result of an agreement between Wu Pei Fu, dominant military chieftain of northern China, President Li Yuan Hung and Chen Chiung Min, formerly Sun Yat Sen's supporter, but who later came out in favor of a reunited China.

Unless Sun is able to retrieve his lost authority it is believed that Chen Chiung Min's coup will result in many southern members of the old republican parliament proceeding to Peking and constituting the necessary government quorum to put that legislative body in legal motion again.

CONTRACT AWARDED FOR IMPROVEMENTS AT WINTER GARDEN

(By The Associated Press)

WINTER GARDEN, June 19.—At a meeting of the council on Thursday afternoon the contract for the waterworks improvement was awarded to the J. B. McCreary Engineering Co., of Atlanta, at their bid of \$20,005. Three bids were submitted, the other two being filed by Cahoon Brothers and the Green Engineering Co., both of Atlanta.

The improvements include six and eight inch mains, 23 Columbian fire hydrants, Orlando standard, two 500 gallon main Boulder pumps, which

will furnish direct pressure in case of a fire.

On Thursday, June 29, the council will consider bids for a motor fire truck. With the installation of these improvements Winter Garden will be as well equipped with fire protection as any town of its size in the state and insurance rates will be reduced.

At an early date bids will be submitted for the improvement of the Electric light plant. It is proposed to install a new unit, whereby a 24-hour service can be given.

As soon as possible bids for the paving of streets will be advertised, but this will not be done until the sanitary sewer system now being installed is completed.

NINE POST SEASON GAMES IN FLORIDA TO DECIDE WINNER

ORLANDO, June 20.—At a meeting of the Florida State League called here by President Walter W. Rose yesterday, it was agreed that nine games should be played in the post season series to decide the winner of the 1922 pennant of the Florida state league, the matter of how these games should be played to be left to the two clubs winning the first and second halves of the season respectively. In the matter of dividing the receipts of the post season series it was decided to split on a 60-40 basis. Sixty per cent will go to the winner and 40 to the loser after the 10 per cent of the gross receipts had been deducted for the league. The players will receive 50 per cent of the receipts which go to their club and the club owners the other 50.

Those attending the meeting were: Presidents F. O. King, Orlando; Robert Gurrol, St. Petersburg; E. H. Armstrong, Daytona; C. Henley, Lakeland; Marcus Conant, Jacksonville; Director S. B. Denton representing Tampa.

THREE ARE ARRESTED BY SHERIFF'S OFFICE FOR SUNDAY SELLING

After failing to secure warrants from County Judge Julian L. Hazzard on indictments from the grand jury on information filed against certain alleged violators of the so-called "Sunday blue laws," Sheriff W. C. Spencer made three arrests yesterday. The three cases will be made test cases, Sheriff Spencer stated, and in the event convictions are secured the Sunday laws may be enforced all over the county.

In failing to return indictments in the cases of those against whom informations were filed by Sheriff Spencer in connection with blue law enforcement, the grand jury recommended that the sheriff make arrests without warrants or indictments, as he has the authority to do, if he proposes to enforce these laws. This is what the sheriff has done.

Those arrested yesterday were: J. L. Jacobs, proprietor of Snow Park filling station at the corner of Grand Central and Magnolia avenues, charged with selling gasoline on Sunday; David S. Dunn, manager of Tibbets Bros. confectionery, corner of Franklin and Lafayette streets, charged

with selling cold drinks on Sunday; Edwin Kane, manager of Bonita Theatre on Franklin street, charged with operating a moving picture theatre on Sunday. Bond of \$100 was given in each case. The date of preliminary hearing in each case is set for today before County Judge Hazzard.—Tampa Tribune.

RELEASE BOY WHO SHOT AND KILLED JACKSONVILLE MAN

(By The Associated Press) JACKSONVILLE, June 20.—Herman Rawls, 16 year old boy of Columbus, Ga., slayer of George C. Smith, member of the city fire department, was ordered released from custody by Circuit Judge D. A. Simmons, who heard habeas corpus proceedings in behalf of the boy yesterday afternoon.

Judge Simmons, after hearing arguments and testimony, declared no jury would convict the youngster. Smith's body was found in the railroad yards here last Wednesday morning. Rawls, a visitor here from Columbus, where he is employed by the Central of Georgia railroad, surrendered Saturday and said he shot Smith with his own gun Tuesday night when the latter attempted to hold him up.

The alleged attempt at hold-up occurred when the boy became lost in trying to return from the down town section to his uncle's home. Smith accosted him and offered to show him the way.

The youngster's story that he overpowered Smith and took his gun came in for sharp questioning by officials investigating the case. Basing their disbelief on the fact that the boy is much smaller than Smith, a trained athlete of the fire department force, the officials called upon him to demonstrate his self-acquired art of self-defense. This the youngster did by handling burly policemen in apparently easy fashion.

CAPT. MURRELL LOST ALL HIS FURNITURE

(From Tuesday's Daily)

As we go to press we learn that Capt. K. R. Murrell lost all his furniture in the fire this morning when the Leffler house on Melonville avenue was burned. Capt. Murrell had all of his furniture stored in this house after he left the Montezuma Hotel and was living in a furnished house. Everything he possessed was in the house and he had no insurance on it. Mr. Leffler had only a small insurance on the house and the loss falls heavily on all of them. The house being out of the city limits could not be saved as there was no water available when the fire department reached the fire. The sympathy of the friends of the family is extended to them in their loss.

BLACKMAIL PLOT WILL NOT BE DISCLOSED AT THE WARD TRIAL

WHITE PLAINS, June 20.—The details of the blackmail plot which he said led to the killing of Peters will not be disclosed even at the trial of Ward for murder, his counsel announced today.

BIG REDUCTION IN PRICE

McWhorter No. 21 Hand Fertilizer Distributors now \$19.25 f. o. b. Jacksonville, Fla. Write for special cash discounts and delivered price. Hundreds of these in use by Sanford Growers.

"GET NEW MARCH, 1922, PRICE LISTS—BEFORE BUYING E. O. PAINTER FERTILIZER CO., Jacksonville, Fla.

Farms, Homes, Groves, Lots

I HAVE THEM SANFORD IS GROWING

"SPURLING'S SUBDIVISION" is attracting attention—lots are being sold right along and building in this section is such as to gladden the heart of those who have the good of Sanford at heart.

This is no idle talk—I have weighed the statement and to say just what is my candid convictions would put it most too strong for the careful, conservative person—that person whose eyes are turned backward—The fellow who has VISION will agree with me now—the other later.

Mr. and Mrs. Green, new arrivals in Sanford are now at home at the De Coursey home at 915 Park avenue.

LOVELY BIDGE PARTY

A pretty compliment to her house guests, Misses Anna Lou Huff and Wynette Manning of Atlanta, Ga., and Mrs. Hawkins Connelly a recent bride, was the hosts at the bridge party given yesterday afternoon by Mrs. Ben Caswell at her attractive new home on Magnolia avenue. There were four tables of players and the guests included the members of the Bon Ton Bridge Club.

Quantities of daisies, dahlias and roses were artistically arranged in the rooms and the sun parlor where the card tables were placed.

The prize for high score a cut glass dish, was won by Mrs. Ed Betts, while Mrs. Connelly was presented also a cut glass dish. Misses Huff and Manning were given dainty made handkerchiefs.

At the conclusion of the card game the hostess served a delicious salad course followed by an ice course.

Among those invited to meet these charming honorees were: Mrs. J. D. Woodruff, Mrs. Ed Betts, Mrs. Fred Wight, Miss Esther Miller, Mrs. C. R. Kirtley, Mrs. Dick Brown, Mrs. Braxton Baggett, Miss Glenna Lake, Miss Lettie Caldwell, Miss Sheppard of Lakeland, Miss Ethel Deen of Douglas, Ga., Miss Louisa De Cottes of Jacksonville and Mrs. Hugh Carter Poindard of Winston-Salem, N. C.

(From Monday's Daily)

Mr. and Mrs. Oscar May spent the day at Daytona Beach yesterday.

Mrs. W. J. Morrison and children leave tomorrow for Palatka, Orange Park and Jacksonville where they will spend several weeks.

James Higgins, of Haines City, spent the week end here with relatives.

Mrs. Karl Schultz left Thursday for Battle Creek, Mich., where she will spend the summer.

Mrs. J. K. Mettinger, of Jacksonville arrived here Friday and is the guest of her brother Harry Wilson and family.

Elizabeth Knight left Friday evening with Mr. and Mrs. Stevens for Newark, N. J., where she will spend the summer with relatives.

Dr. and Mrs. S. Puleston and Mr. and Mrs. C. E. Henry were among the Sanford people motoring to Daytona Beach yesterday.

Mr. and Mrs. Fred Walsma, Mr. and Mrs. B. W. Herndon and Mr. and Mrs. Archie Betts were a congenial party motoring to Daytona Beach yesterday afternoon.

Mr. and Mrs. R. A. Newman, Mrs. D. L. Thrasher and Col. and Mrs. Geo. W. Knight motored to Daytona Beach where they spent the day very pleasantly yesterday.

Mrs. Jerome Eastham and two little daughters, returned to their home in Daytona Sunday afternoon after a week end visit with Mr. and Mrs. R. K. Gore.

Dr. and Mrs. E. D. Mobley and Miss Georgia Mobley returned home Saturday from Tampa and St. Petersburg. Mrs. Mobley and Miss Georgia were the guests of the former's sister, Mrs. Sam Pottman in Tampa while Dr. Mobley attended the druggists convention at St. Petersburg.

The many friends of Capt. P. M. Elder, the genial postmaster, will be sorry to learn that he is ill at his home on Oak avenue with influenza.

Mr. and Mrs. Staten Fields have arrived in the city and will be the guests of Mr. Field's parents, Mr. and Mrs. W. T. Fields at their home south of the city. Mr. Fields will engage in farming and expects to make Sanford his home again after an absence of many years.

Lawrence Jernigan is here for a visit with his brother, Perry, of the B. & O. Garage Mr. Jernigan has been in service in the Panama Canal division, where he was last sergeant in the headquarters detachment. He was put to work as soon as he arrived, as Perry is opposed to anyone (except himself) being without constant and steady employment.

The many friends of W. J. Thigpen are glad to see him back home after several weeks spent in John Hopkins hospital at Baltimore. Mr. Thigpen had a number of operations while away but will have to return some time in the fall to finish. Meanwhile he is back at the old business of insurance and real estate and will be glad to see his friends at any time.

The Daily Herald Delivered to your door six days a week for 15 cents—

Dr. and Mrs. E. D. Mobley and daughter, Georgia, are back from a trip to Tampa, where they visited friends and relatives and Dr. Mobley attended the State Pharmaceutical society annual meet. Dr. Mobley was honored by being elected vice-president of the association, and the next meeting will be held in Eustis. Dr. Mobley says everybody is talking about Sanford and the marvelous growth of this city.

(From Tuesday's Daily)

J. H. Brown, the well known turpentine operator of Geneva, was in the city today on business.

Miss Miriam Williamson of Longwood has been the guest of Miss Mary Griggs for the past week.

Hon. M. M. Smith of Orlando, Winter Park and Sanford, was in the city today looking over his landed interests.

Hon. Forest Lake and daughter, Maude, arrived home from Jacksonville last night, where Maude visited relatives and Mr. Lake went to West Florida on business.

Edgar Ball and George Phillips, two prominent residents of the Lake Mary section are in the city today on business. They report everything lively in their balliwick.

C. J. Ryan, the city manager, took a few days off last week to catch a tarpon at Boca Grande and had very good luck. He is back on the job again this week and says he had a good time but few fish.

Charles O'Conner, field agent for the American Automobile Association and Sam Crosby, well known real estate man of Daytona, are in the city today in the interests of the Automobile Association.

Mr. and Mrs. C. D. Brumley of Chuluota were in the city today and report the Chuluota Inn as running through the summer and the brick factory already shipping brick to Sanford and other places.

Ed. Betts has returned to his first love and is again behind the counter at the soda fountain of R. C. Bowers. Ed is one of the best in the business and his many friends are glad to greet him at the old place again.

Secretary R. W. Penman, of the Chamber of Commerce, addressed the Orlando Chamber of Commerce on the question of the big gala day at Lake Mary today at their regular luncheon. Orlando will no doubt come to the celebration in numbers.

D. L. Thrasher has arrived home after visiting the Pacific Slope with the Rotarians and represented the Sanford Rotary Club. He saw all of California worth seeing and also stopped at other places of interest on route and coming home. He thinks California is a great state but has nothing on Florida—just more boosters.

A house on Melonville avenue belonging to W. A. Loffler burned down this morning and was a total loss together with all the contents. K. R. Murrell had a lot of furniture stored in the building and the loss of house and furniture falls heavily upon the owners. The fire department could do nothing after arriving on the scene as there was no water available, being outside of the city limits and the chemicals would have been useless since the house was almost consumed when the department arrived.

(From Tuesday's Daily)

JENNY SPAULDING CIRCLE.
The Jenny Spaulding Circle met last week at the home of Mrs. Godwin; this week the meeting will be with Mrs. Herbert Spear at her home opposite Rose Court, Wednesday afternoon at 3:00 p. m. All members are urged to be present.

ST. AGNES GUILD PICNIC
One of the most enjoyable picnics given this season was that of yesterday given by the members of the St. Agnes Guild at Lake Mary.

The members met at the home of C. M. Hand on Park avenue, and motored to the lake in cars and a large truck.

The afternoon was merrily spent with bathing, music and other things, and late in the afternoon a picnic supper consisting of every thing that goes to make up a perfect picnic supper, was served at a long table placed in the pavilion.

Among those enjoying this affair were Mrs. R. W. Pearman and children, Mrs. Kessler and baby of Jacksonville, Mrs. W. M. Beldigg and Betty Beldigg, Mrs. Howard Overlin, Mrs. Paul Biggers and son Paul, Mrs. Bloom of Palm Beach, Mrs. M. Minarik and children, Mrs. Chris Matthews, Mrs. Archie Betts and Charles Betts, Mrs. C. J. Marshall and son, Mrs. Clark Leonard, Mrs. Thomas F. East and daughter, Mrs. Gwynn Fox and children, Mrs. A. W. Lee,

Mrs. Fred S. Daiger and son, Frederick and Rev. A. S. Peck.

Miss Pattye Lyle had as her guest for the week end, Mrs. Marks, of Lakeland.

Mr. and Mrs. W. M. Bloom, of Palm Beach, arrived in their car yesterday and are the guests of their niece, Mrs. Paul Biggers.

Mr. and Mrs. H. T. Parker, of Tullehoma, Tenn., are the guests of Mr. and Mrs. L. Y. Bryan at their home on Palmetto avenue.

Mrs. G. A. DeCottes and Miss Louisa DeCottes returned to their home in Jacksonville Sunday after a very pleasant visit here as the guests of Mr. and Mrs. George DeCottes.

Mr. and Mrs. R. T. Thrasher and daughter Louise, left this morning in their car for Waynesville, N. C., where they will join Mr. and Mrs. F. S. Daiger, of Tampa, and spend the summer.

D. L. Thrasher returned home yesterday afternoon from Los Angeles, Calif., where he attended the International convention of the Rotary Club. He also visited places of interest in the West, and enroute home stopped over at the eastern markets to buy goods.

UNION MEN WILL STRIKE IS OPINION

RAILROAD MEN WILL BE ALMOST SOLID FOR WALKING OUT

CHICAGO, June 20.—Formal reply to communication of ten railway unions who informed the railroad labor board the railroad strike would be authorized if the present referendum favored suspension work, being prepared by the board, it was learned today. Reply to union chiefs not to be forwarded for several days. Meanwhile union headquarters is speeding up strike vote in an effort to have it completed and tabulated by next Saturday when the general committee representing rail unions meets here to canvass the returns. Fifty thousand ballots were cast by the shop crafts employes almost solidly for a strike according to Secretary Scott, of the Railway Employees Department of the Federation of Labor.

Inter-City Regatta Yalaha Yacht Club Want Sanford Sports

Will Have Big Time on Lake Harris on July 6

Has Sanford any skippers? The Yalaha Yacht Club of Lake County has invited Florida cities and Legion Posts to participate in an inter-city regatta, to be sailed on Lake Harris on July 6. This club has recently come into great prominence in the sporting world by being presented by Sir Thomas Lipton with one of his world famous "perpetual challenge cups." The Lipton races will be held annually beginning next winter.

The plans for the inter-city regatta are unique. The club has a fleet of some fifteen or twenty speedy little 16-foot racing yachts, cat-rigged and all identical in every measurement, and other neighboring cities are invited to send one or two skippers to Lake Harris on July 6 to compete for first and second prize cups, offered by the club. The entire fleet of the club will be at the disposal of the visiting contestants, who will draw lots for the boats they will sail. Each city will also be allotted not more than two of the yachts. Each visiting skipper may bring his own crew of one. No former sailor, who is a little out of practice, need hesitate to accept the invitation to try and put his city on the map nationally, for the local Y. C. skippers will be ready to go along as crews on such yachts as they may be desired.

The cups, which are said to be handsome bronze cups inlaid with sterling silver, will become the property of the skippers earning them, while the city or cities they represent will gain the glory of having the most accomplished yacht sailors in this portion of Florida.

The race will be twice around a three mile triangular course and will be sailed about 2:30 p. m. at Yalaha, on the south shore of Lake Harris.

Any Sanford man with a knowledge of sailing is eligible to compete and is requested to send in his name at once to the secretary of the Y. C., Yalaha, Fla., without delay. He will be furnished immediately with such additional information as he may need.

Throw off that tired, run-down feeling and build up your strength by eating nourishing food. Tanlac does it.—Union Pharmacy.—Adv.

Peculiar Story Told By Youth on Murder That Fooled Police

Jacksonville Man Was Killed by Boy of Seventeen in Self Defense

JACKSONVILLE, June 19.—Geo. C. Smith, member of the city fire department, whose body with a bullet wound above the heart was found in the railroad yards Wednesday morning, met his death when he attempted to take advantage of a youngster just arrived in the city, according to a story told by Homer Rauls, 16, of Columbus, Ga., who surrendered to the authorities Saturday.

The youngster was held pending an investigation, while authorities asserted they were strongly inclined to believe him.

Smith had apparently been dead several hours when his body was found near the union depot by a railroad switching crew early Wednesday morning.

Young Rauls, who was accompanied by his relatives and his attorney when he surrendered Saturday afternoon, said he was employed by the Central of Georgia railroad at Columbus. He came here Tuesday morning to visit his uncle, G. B. McElroy, foreman in the boiler department of the Seaboard Air Line shops. His mother followed him the next day.

Tuesday night the youngster said he decided to come up town. When he started to return he lost his way and found himself near the union station. In this predicament he was accosted by Smith who asked the location of a certain hotel. The youngster replied that he was a stranger and himself needed information. Smith offered to start him in the right direction of his uncle's home and to do so they set about to cross the railroad yards as a means of saving time. When deeply in the yards Smith confronted him with a pistol and ordered that the boy give up his money. The lad, much smaller in stature than Smith, grappled with him. Subsequently Smith was tripped and fell to the ground, the boy coming from the struggle with his assailant's pistol. He fired and ran home. For two days he says he kept his secret, brooding all the while at the turn the official investigation into Smith's death was taking. Two men and a woman had been arrested.

Thursday, the youngster confessed to his uncle and mother. At first not believing him, they were brought around to the full realization, and then other members of the family were summoned to determine the course of action. This course Saturday led to an attorney, who suggested that the boy immediately surrender.

Of the three arrests in connection with the case, vagrancy charges were placed against R. L. Hunt and F. A. Williams, while authorities indicated they would release Mrs. Estelle Gilder, a waitress. Hunt is said to have been a traveling salesman. Mrs. Gilder's arrest came about in the belief that she knew something of the man's death.

Smith was married and had two children.

Tanlac is a scientific triumph. Results prove it.—Union Pharmacy.—Adv.

The Morris Phosphate Mine at Bartow is the only one that has been running at full force in that section since its completion some two years ago. It is expected however, that all the others near there will soon have a full complement of men again, to furnish fertilizer so necessary for the growth of all kinds of plants.

NOTICE TO SIDEWALK CONTRACTORS!

Bids will be received by the City Manager up to July 1st, for the construction of approximately 10,000 sq. ft. of cement sidewalk, as per City Specifications. Details furnished at City Manager's office.

C. J. RYAN, City Manager.

TRY SULPHUR ON AN ECZEMA SKIN

COSTS LITTLE AND OVERCOMES TROUBLE ALMOST OVER NIGHT

Any breaking out of the skin, even fiery, itching eczema, can be quickly cured, declares shrdlu etoain un un overcome by applying Mentho-Sulphur declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

There is no excuse for gasoline prices and they should be investigated by the government and if the trouble is found the whole push from old man John down the line should be put in jail. The report shows that the nation's gasoline reserve is continuing its record-breaking climb, the total stocks on May 1 amounting to 892,287,766 gallons, an increase of 38,000,000 gallons over the previous high record mark of April 1.

The naval academy at Annapolis has another "flare up" this time over the actions of the 1922 class in keeping the name of one of the Jew members out of the year book. The editors were reprimanded by Acting Secretary Roosevelt but that is as far as it will go. Racial prejudice will come out in schools and colleges regardless of whether they are government institutions or not and the lines will be drawn more closely as time goes on.

THE SANFORD HERALD

H. J. HOLLY, President and Editor; N. J. LILLARD, Secretary-Treasurer; H. A. NEEL, General Manager

Published Every Friday by THE HERALD PRINTING COMPANY (Incorporated)

SUBSCRIPTION PRICE IN ADVANCE: One Year \$2.00; Six Months \$1.25; Three Months .75

Entered as Second Class Mail Matter, August 23, 1898, at the Post Office at Sanford, Florida, Under Act of March 3, 1879.

The Sanford Daily Herald is published every afternoon (except Sunday) and thoroughly covers this trading section. Advertising rates reasonable and made known on application. \$6.00 per year, or 15c per week.

Great weather even if warm.

Getting ready for that summer trip or staying at home?

A swimming pool could be arranged on Lake Monroe very easily with a flowing well and all the accessories.

Girl down in Palmetto aided her father in capturing moonshiners. We suppose she will be the candidate for sheriff next time.

That racket among the medeces at St. Cloud in which Dr. Winn and Dr. Chunn have different opinions sounds like a Chinese laundry ticket.

Headlines in papers ask, "Did McCormick Have Glands of Monkeys Grafted?" We should worry about McCormick. Those society folks will be monkeys whether they have glands or not.

Palatka News says a brewery near Palatka was seized by the sheriff. They should not seize any breweries near Palatka or any other seaport. We need those American breweries to supply the ships with beer.

With all this controversy about booze on ships there will either be a reaction for light wines and beers or the lid will be clamped on so tight that not even the bootleggers in Seminole county will be allowed to operate and that will be clamping it on tight.

Ward may spend the summer in jail awaiting trial while the lawyers rock backward and forward in their legal chairs and rake in a little more of the Ward millions. It will not hurt the young man to stay in jail awhile and he may learn several valuable lessons.

Folks down at Orlando are interested in a cold storage plant and meat packing plant. It would be a good thing for Orlando but a much better thing for Sanford—right in the heart of the cattle industry, where there are hogs and sheep, fruits and vegetables, better transportation, river rates, railroads, etc. Sanford is one of the finest locations in the state for a big packing plant and Sanford will get one soon.

Rumor has it that Sanford will have a new theatre soon and it will be one of which Sanford can well feel proud. Sanford has waited for these improvements many long years but it looks like we will have a shower of blessings all at once with all our new buildings and improvements and the many things this city has needed so badly. All things come to those who wait and it has certainly been a waiting game here. But now—what a difference and what a change and what progress all in a few months.

Beginning July first the railroads will slice off thirty million from their pay roll. This amount of money will come from the working class or the men who cannot afford to lose it when it is mostly in need. It will be of interest to watch developments and see how much the freight rates are reduced in order to help along with the reduction and it will be further of interest to note also that the railroads won't give any more than they can help along this line of freight reductions until they are forced to do so. But you will see them every time, just like Standard Oil, only Rockefeller makes a raise, regulating the freight rates according to the way the salaries of their employes are changed. In other words, the employes of the roads are the ones that pay the bills both for themselves, the railroads and the consumer generally. What else can you expect then but unrat strike rumblings and disorder all over the country when a general wage reduction is ordered and living expenses keep right on. It is something that will not work out and in a short time will force the issue that has been expected for some time.—Lakeland Star.

NO COST FOR CAPITAL REMOVAL.

The majority of the people want capital removal while only a few want state division. Capital removal is easy while state division would have to be fought for many years both in the state and in Washington and state division would be expensive

while capital removal could be done without costing the state a penny. The Daytona Gazette has the following about the Dodson plan: "W. B. Dodson, editor of the Titusville Advocate, suggested several months ago that a tract of land be bought in some central location of the state, easily accessible and with transportation facilities, and that this tract of land be platted for the building of a city.

The location of the state capital would be sure to cause the building of quite a little city, and the sale of city lots would finance the building of a new state capitol and the removal without one cent of cost to the taxpayers of the state.

There is no doubt that a large majority of the people of Florida would like to see the state capital more centrally located, but it is doubtful if they would be willing to pay a million or two dollars to see it. Under the Dodson plan there would be no question of the people paying anything.

But the desire of half a dozen cities to secure the location of the state capital will doubtless defeat all efforts at removal, for none of the cities that think they have a chance will endorse the Dodson plan."

THE NORTH END ROAD

While present indications are that the State Road Department at its quarterly meeting in July will at last let the contracts for the 19 mile stretch, known here as the North End Road of the St. John's Scenic Highway, it behooves every citizen and every organization in this county to bend every effort towards assuring the letting of the contracts. The bids submitted Wednesday are now being tabulated by the state engineers.

By the completion of the North End Road a through north and south highway will connect all of the larger cities in the central part of the state and will give motorists a route between Jacksonville and Tampa 34 miles shorter than any present existing route. This state road number three connects up with all the main arteries of travel in the central part of the state. There are four diverging roads connecting to the East Coast by means of Palatka to Hastings, DeLand to Daytona, DeLand to New Smyrna, Kissimmee to Melbourne. From state road number 3 good roads radiate into every section of Lake county to Gainesville, Ocala, Leesburg, into Seminole and Orange counties.

The section of this road in Putnam county is fast nearing completion. The rock base is being spread and rolled and many miles are finished. Bad stretches in Clay and Duval county are being repaired. If the contract for the North End Road is let in July, as it is expected it will be, then state road number three should be passable by December and it will then be the main entry for motorists into the state and in the years to come its importance will increase as the main artery between Tampa and Jacksonville and it will have the greatest amount of traffic of any road in the state.—DeLand News.

A STEP FORWARD

Last night in the city of Orlando there gathered together one of the finest aggregations of real red-blooded Americans ever assembled in one meeting in the fair state of Florida. They were real men, manly men, men who live next to nature, men who love to commune with the great outdoors, who tramp the woods or row the stream, getting closer to nature and all out of nature and all the manifold blessings that she affords.

No insipid lounge lizards grazed this gathering, no Willie Mamma's pets, only real men, men who can cast and shoot and if needs be can gather together to form an organization that would forever protect from wilful slaughter and destruction that which is to Florida her very life and that which brings to her each year in increasing numbers hosts of visitors, the game, fish and wild life of the state.

True it may be that the game is protected by laws of the state and the plumage birds by an act of congress, but no law is greater or better or stronger than the public sentiment of the people whom it affects. These men gathered to form the Florida Game and Fish Protective League were in the main men who had banded together in their respective counties in the propagation and protection of the game and fishes and when gathered here embodied in their constitution a proviso that they would also try to look after another of Florida's blessings that is rapidly passing away through wanton and wilful destruction, her forests. Wisely these men embodied in their constitution a plank calling for the reforestation of the state and the prevention and elimination of woods burning forest fires, so that natural habitat of the game may be preserved

and the young enabled to thrive and to multiply.

The game hog has been with us for years and years, wilfully and wantonly going forth and just shooting to kill with no regards for the future, with an insatiably greed bag the biggest bag even though after being killed he would throw the game away. Lakes and streams have been soiled and in recent press dispatches we find that they have even dynamited to fill the larder of the game hog. How long can this go on? A few more years and game would be as scarce as it is in Rhode Island or Connecticut and Florida would cease to be that paradise of the hunters and fishers that brings to her each winter thousands upon thousands of red blooded Americans.

But the foresight of these men who look to the future and who want you to enjoy that which we have enjoyed and who wish to preserve to posterity these pleasures and benefits, brought them together last night in a common cause which will be fruitful we hope of everlasting blessings to the state.

Dr. Geo. S. Stone, who was elected president of the League, was the founder of the first Wild Life League in Florida and the League could have selected a more sincere and loyal friend of the feathered and finny tribes of the state than Dr. Stone.

The Post extends congratulations to the League on its selection of Dr. Stone and wishes for it all the blessings that can and should follow its worthy endeavors, to all of which the Post will wholeheartedly lend its support and influence.—Florida Post.

SERVE FLORIDA PRODUCTS AT REASONABLE PRICES

For many years the Herald has advocated cheaper prices for Florida products not only in restaurants but in grocery stores and fruit stands. Right here in Sanford the people pay outlandish prices for the vegetables and fruits that are rotting in the fields a mile or more from the stores. The growers right now cannot sell any peppers in Sanford and yet when a certain lady wanted peppers yesterday none of the stores had any. We have long advocated a curb market—had one here once—we still advocate the curb market and every other kind of market that will enable the farmer to get something for his products and enable the housewife to get fresh vegetables and fruits cheap right here where they are grown. We understand that the Union News restaurant at the station in this city served Sanford lettuce and celery free on their tables last season. They deserve more than passing notice for this enterprising spirit and more of the restaurants and eating places could do likewise and they would do it if they could get these products at a reasonable figure direct from the growers. The Jacksonville people are having the same trouble right now with watermelons flooding the market and the restaurants charging the same high prices as usual and the Jacksonville Journal calls their hand in the following notice in big type at the head of the first page of yesterday's edition: "The Jacksonville market is flooded with watermelons. According to the state marketing bureau, in the neighborhood of seventy-five cars are on the sidetracks here. Wholesalers and retailers have reduced their prices. Almost literally, the prices are being determined by what the consumers are willing to pay. However, the restaurants of the city, or at least the majority of them, have not reduced their prices. While melons are retailing at ten and twenty cents, the restaurants continue to charge fifteen, twenty and twenty-five cents for slices. Why not a little co-operation on the part of the restaurants in helping to solve this marketing problem? First, restaurant prices should be reduced because the price of watermelons has been reduced. Next, and not unimportant, if these watermelons are not disposed of shortly Florida producers will suffer. An advertised reduction in the price of watermelons by the restaurants would see a greater consumption. Come on, Restaurant Keepers, fall in line! If it's for the good of Florida, let's all be for it!"

JUST A LITTLE MORE PUSH.

Just a little more push, brothers, just a little more push. We have the greatest city in the South; it is growing faster than any city in the South. Sanford is being talked about wherever you go and we have the right spirit at last—that of thinking we can do these things and then going ahead and doing them. Sanford has the right idea along every line and there is nothing the matter with Sanford—never has been and never will be—the trouble has been with the people. If you think you can do something big it is already done. If you think you cannot do it you are already whipped. Keep pushing, brothers, we are making great progress.

WHAT THE AMERICAN AUTOMOBILE ASSOCIATION WILL MEAN TO SEMINOLE

In order that there may be no misunderstandings as to the motives of the American Automobile Association in coming into this county the Field Secretary Chas. O'Connor, who is now at Sanford has issued the following statement: "After being requested by leading citizens and civic organizations of both Putnam and Volusia counties, who have been members of their local A. A. A. motor clubs organized since January first and who from experience have had material benefits from their clubs and further believing that a direct A. A. A. branch in Seminole county would enable them to be better able to carry out the big projects they have undertaken we decided to come here and explain just what benefits an A. A. A. branch will give any progressive county.

"Accompanied by a delegation of Volusia county citizens we appeared before and addressed the Rotarians of Sanford and the plans seemed to meet with their approval, individual members and a special committee appointed stating openly that an A. A. A. direct branch here would be a great asset.

"Our plans must have the general approval of all the leading civic bodies of Sanford or we cannot establish a branch here for in over 20 years the A. A. A. has never had a failure in one of its direct branches and that is because our purposes are fundamentally sound and right and are based on practical and intelligent experience and not on theory.

"We believe that the success of any business, city or county depends upon its transportation system of roads and by that we mean not only roads but the service on these roads.

"In order to qualify for an A. A. A. branch 50 citizens of Seminole county must first become charter members.

"When this is done then an election will be called and twelve directors must be selected from these qualified charter members, a president, a vice-president, a secretary and a treasurer who shall be directors for one year and eight other directors elected for two years, each of whom will then act as chairmen of a standardized department of which there are eight as follows:

"1.—Roads, streets and bridges. This department deals with roads, streets and bridge problems taking in their proper construction and maintenance and financing.

"2.—Legislative. This department deals with state and national legislation pertaining to roads and motor vehicles.

"3.—Legal Aid. This department is to deal with local, city and county traffic regulations and give, first aid legal advice to all A. A. A. members regarding the uses of motor vehicles defence at court for unknowingly violating traffic regulations, etc.

"4.—Mechanical Service. This department is to render first aid mechanical service to all A. A. A. members when in transit on city streets or county highways.

"5.—Accident Prevention and street and highway beautification. This department is to conduct accident prevention campaigns once each year, look to the erection of danger, distance and direction signs and also look to the proper beautification of the streets and highways and elimination of impractical signs.

"6.—Publicity. This department is to see to it that a 1,000 word story on the county with suitable photographs is furnished the A. A. A. field secretary once each month for national magazine publication.

"7.—Finance and Membership. This department is to see to it that each department is run strictly in accordance with a prescribed budget system, that from each membership sold that a fixed sum is placed to the credit of each department, is to audit the books regularly and recommend such increases or decreases in expenditures as are necessary and further see to it that no debts are contracted and bills paid promptly on cash basis.

"8.—Touring and contest. This department is to see to it that the club has a proper supply at all times of standardized maps and road logs and last monthly reports are made on all roads in their county.

"The annual dues for members are \$10 but all members after the first fifty charter members will have an initiation fee of two dollars to pay.

"Out of the dues the Washington Department of the A. A. A. is to receive twenty-five cents, the Southern States Engineering Department with headquarters at Montgomery, Ala., receives 25c and for state overhead expense of the A. A. A. Field Secretary's Department, one dollar is credited in a local bank so that out

of the \$10.00 the local club has \$8.50 and out of the \$12.00 paid by members after the 50 charter members the club has left \$10.50 per member to pay its solicitor manager and function its eight standardized departments.

"Since January first standardized A. A. A. direct branches have been established as follows: "Hamilton County Motor Club. "Columbia County Motor Club. "Alachua County Motor Club. "Marion County Motor Club. "Polk County Motor Club. "Tampa Motor Club. "St. Petersburg Motor Club. "Clearwater Motor Club. "Tarpon Springs Motor Club. "Lee County Motor Club. "Miami Motor Club. "Palm Beach County Motor Club. "Daytona Motor Club. "St. Johns County Motor Club. "Putnam County Motor Club. "Jacksonville Automobile Club.

"It may be interesting to know that although but six months has elapsed the A. A. A. in point of numerical strength is the largest civic organization in the state. Every club is functioning actively and all rendering valuable services in speeding up road and street construction and in standardizing service on the highways.

"If Seminole county wants to follow suit and will go into this in a whole-hearted manner the A. A. A. which is the oldest and strongest good roads and transportation organization in the United States will work every day in the year with Seminole county.

"Our plans are being carried out in the eight Southeastern states to the end that by November first there will be a good belt line highway into and through Florida with standardized service free to A. A. A. members in every county on that belt line and in fact our plans call for this same standardization in practically every county from Chicago and New York to South Florida.

This is no plaything but rather is the greatest drive to increase motor transportation to the south ever undertaken; doubling Thomasos may communicate with the Detroit Automobile Club which is the largest civic body in Michigan or the Chicago Motor Club, the largest civic body in Illinois, for verification, and that is why the A. A. A. asks that the matter be most carefully considered by the leading civic bodies in Sanford and then if it is their judgment that Seminole county citizens will all be benefited then we must go ahead actively and whole-heartedly or not go ahead at all.

"If it is worth while to have the transportation doubled into the county this year then these plans are all for the best interests of the people.

"We look upon the state as a whole and not as just a city or county and so are doing an equal amount of work on both sides of Florida, also in Georgia, Tennessee, Alabama, Mississippi, Kentucky, North and South Carolina so that this year the motorist may come and go from Florida at a minimum of expense and maximum of comfort."

"How We Cleared Our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May, it was alive with rats. They'd gnawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Company.—Adv.

Indigestion Forced Mr. Sol K. Simon to a Strict Diet

Never Headaches and Dizziness Also Troubled Leading Albany Citizen. Within Two Days After Taking Ferraline Could Eat Anything.

Mr. Sol K. Simon, Albany, Georgia, the largest Mail Order Pecan Man in the world, has made the following startling statement:

"I suffered with what the doctor called 'auto-intoxication,' or indigestion of the lower bowels. If I ate anything other than that prescribed in a strict diet, I suffered with severe headaches and dizziness. Instead of taking an expensive trip to a health resort, my brother persuaded me to visit him, and after each meal he gave me a dose of Ferraline. In two days I was out of anything without feeling the slightest discomfort. I ordered one dozen bottles sent to my home. I feel one hundred per cent better and have saved health resort—\$500, by not taking a trip to a physician—thanks to my brother and Ferraline."

This letter is but one selected at random from the hundreds of testimonials in our files. Each letter tells the same story—the wonderful tale of returned health.—Adv.

FOR SALE—Buick 6, in good shape, 7 passenger, new top, newly painted. \$800.—N. H. GARNER. 45-12c

We wish the employees and employers who have the afternoon off would get out of town and not sit around on the benches where we can see them.

"I Got Real Mad When I Lost My Setting Hen," Mrs. Hannan.

"I went into the hen house one morning and found my favorite setting dead. I got real mad. Went to the store, bought some RAT-SNAP and in a week I got six dead rats. Everybody who raises poultry should keep RAT-SNAP." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

Georgia has classed bus lines "common carriers." We classed some of them years ago as common carriers and so did the general public.

Another fast day today—with the stores all closed this afternoon.

Cases of oak or ivy poisoning should be treated with Haller's Snow Liniment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Union Pharmacy.—Adv.

Workmen at Newbern, North Carolina, in excavating dug up six bottles of old time beer and the news was equal to a gold strike. In a few hours hundreds of people with picks and shovels were digging up part of Newbern looking for bottles of beer.

WANTED—Customer for Buick 6, nearly new, \$1,200.—N. H. Garner. 45-12c

How a Noted Vet. Gets Rid of Rats—Farmers Heed.

Dr. H. H. Butler says, "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats." Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

A bad taste in the mouth comes from a disordered stomach and sluggish state of the bowels. Ferraline corrects the trouble immediately. It purifies the bowels, helps digestion, and sweetens the breath. Price 60c. Sold by Union Pharmacy.—Adv.

Rub-My-Tam for Rheumatism. 38-20c

WANTED—Mule and wagon. See Field, Field Auto Top Co. 47-11p

SALESMEN—To sell guaranteed tires and tubes. \$100 a week guaranteed salary and commission. Universal Tire Co., Chicago, Ill. 42-42c

TIRE CO.—Wants state representative and sales manager to open branch office. \$300 necessary. Universal Tire Co., Chicago, Ill. 42-42c

GENEVA

Mr. and Mrs. P. N. Wakefield spent last Thursday in Palatka on business.

Mr. and Mrs. Tim Techimath spent Thursday at Daytona Beach.

Mrs. T. W. Prevatt is spending this week at St. Augustine visiting her sister, Mrs. Barney F. Griggs.

Mrs. Dooley and son Charles, were in Sanford Monday having some dental work done.

Mrs. P. N. Wakefield and Mr. and Mrs. Tim Techimath, spent last Sunday at Lake Gem visiting Mr. and Mrs. Sherman.

Morse Dooley has been very ill.

Miss Lucille Sweet and Helen Moran and Culver Stridger left Tuesday for Gainesville to attend summer school.

D. S. Sutton was in Sanford Tuesday on business.

Mr. and Mrs. Franklin left Tuesday for Shreveport, La., and will go to Houston, Tex., before they return. They will be gone a month.

Mrs. Wm. Kilbe and Mrs. E. H. Kilbe were shopping in Sanford Saturday.

O. C. Nicholson, of Daytona Beach, is here for a short time.

Rev. Thompson, of Oviedo, was calling on friends Friday.

Mr. and Mrs. Leo Reblinder of Fort Meade were here on business for a few days.

Mr. and Mrs. Clifford Proctor motored to Kissimmee Thursday on business.

Mrs. Fraxor has been very ill.

Muriel Douglass was badly hurt Saturday evening by being thrown from a truck into a barb wire fence. His right leg was badly lacerated and he was taken at once to Dr. Simmons at Oviedo, who gave him medical attention. He will be confined to his bed some time, and his many friends hope for his speedy recovery.

Mrs. Fred McFarlane spent Saturday with friends in Osceola.

The Community Club of Geneva, gave a delightful silver tea last Wednesday at the home of Mrs. Gilla Sykes. About forty ladies were present including Mrs. Dr. Martin, president of the Osceola Women's Club and several of the members of the Osceola Club. Mrs. John Leonard, of Sanford, one of the state officers of Florida Federated Women's Clubs attended with Mrs. Maxwell also of Sanford. The following program was delightfully rendered after which refreshments of iced tea, cake and salad and sandwiches were served:

Mrs. Clifford Proctor—Piano Solo—Shubert's Serenade.

Mrs. Gilla Sykes—Recitation—At the Railroad Crossing.

Mrs. M. E. Dooley—An interesting talk on children.

Misses Ruth McFarlane and Bernice Geiger—Solo—You Musn't Pick Plums Off of My Plum Tree.

Mrs. Leonard—Talk on Child Welfare Work and Club Work in General.

Miss Christine McTellan—Recitation.

Mrs. McFarlane—Song—Old Pal, Old Gal.

Mrs. Logan—Reading—Dream in a Garden.

Mrs. W. B. Young, Mr. and Mrs. Frank Norris, Misses Catherine Young, Maxine Young, A. D. Mitchell, Louise Edge, Messrs. R. M. W. Sturdivant and Milton Haight and little Miss Wilda Young.

In the future the Oviedo band will give concerts every two weeks instead of every week.

Mrs. L. E. Wright, Miss Virginia Wright, Elizabeth and Amelia Wright and Edward McCall went by auto to Lakeland Tuesday. At Haines City they were joined by Rev. L. E. Wright and Olin Wright. Mrs. Wright and the two girls will remain in Lakeland for a week's visit to Mr. and Mrs. L. E. Wright, jr. the rest of the party returned to Oviedo Wednesday.

LAKE MONROE

Warm weather has driven many of our people to the beaches, mountains and northern states. More are going through July and August, it being expected that only about half the population of our town will remain here through the summer.

Mrs. Cronshaw, who underwent a serious operation at the Fernald-Laughton hospital under Dr. McEwan, of Orlando, is improving nicely and will soon be able to return home. Her many friends are delighted at the success of the operation and her rapid recovery.

Mrs. Marion Shelby is visiting relatives in Knoxville, Tenn.

Lawrence Stone, Henry Witte and son Buster, of the West Side, will leave in a few days for New York.

Mrs. Henry Lappin, of the West Side, will leave soon for her old home in New York, where she will transact some business.

Mr. and Mrs. Ben Lake and family, Mr. and Mrs. Carl Rabun and son, Carl, Jr., and Mr. and Mrs. S. H. Buchanan and father, A. J. Wilson are among those that will spend the month of July at Daytona Beach.

Mr. and Mrs. J. B. Johnson and Mr. and Mrs. Martin Narr and daughter have returned to Tennessee for the summer.

Mr. and Mrs. Barnett have removed to their old home in Georgia.

Mrs. W. J. Jewell and family are visiting relatives upon the West Coast.

Mrs. Charles Bell and son, Ernest, are visiting relatives at Tampa.

Mr. and Mrs. John Bolly, of the West Side, visited Mr. and Mrs. Studorff at Daytona Beach, Sunday.

Mr. and Mrs. Vaughn have moved to Fort Meade. G. W. Spencer, of Sanford will conduct the Roseland Dairy here.

Mrs. W. C. Meuse has returned from a pleasant visit to Orlando.

Many large rattle snakes have been killed in this section the past month. One measuring four feet was killed by a tourist as it crossed the road in front of the Baptist church. Another large one was shot by Phillip Miles on the road that leads to the school, and John Ray, colored, killed one with eight rattles on it, while planting sweet potatoes on the place of S. H. Buchanan.

EAST SANFORD

Paul Jones wires interesting letters about sight-seeing in California, snow-capped mountains, gusher oil wells, visits to San Francisco, etc.

Graham Hunter left here Monday in his new Dodge car for Charlotte, N. C., to join Mrs. Hunter and little son and visit home folks. Mrs. Hunter writes they are having a good deal of rain up there.

Mr. and Mrs. John Shankee and children, who have resided on Beardall avenue the past year, left here on Tuesday for their former home at Sharon, Pa.

Mr. and Mrs. W. E. Prevatt and son Duster, were in New Smyrna last week visiting Mrs. Prevatt's parents.

Helen and Carl Chorpensing came home from their Jacksonville visit on the boat Sunday.

Miss Haskins Jones was in Jacksonville several days this week at the Porter-Judy-Dutton Co.'s office.

Mr. and Mrs. C. G. Beck and son, Maurice, are leaving next week in their Haines car for their summer home in Portland, Ind.

Mr. and Mrs. Zernovean and daughter, Marinica and the two Peters families made a pleasant party going to the beach on Sunday.

Mrs. Styles and party from town came out last Thursday and gave Mrs. Zernovean a happy surprise party. The ladies brought ice cream, etc.

Tom Adams has bought a half interest in the John Russell farm, tools, stock, etc., located on Beardall and Geneva avenue. Mr. Adams has sold his farm in Goldsboro.

Charlie Whitner has bought 5 acres of uncleared land of Joe Cameron adjoining his farm on South Cameron road.

UPSALA AND GRAPEVILLE

Mrs. W. C. Meador and little daughter Myrtle, and the baby, W. C., are visiting relatives at Waycross, Ga., leaving Sunday.

Mr. and Mrs. Edwin Peterson and two daughters, Idaline and Edwina, motored over Sunday from Holly Hill to visit their relatives in Grapeville.

Quite a severe wind storm went through Grapeville last Thursday, breaking branches off trees and laying the corn flat in places. At Mr. West's a tree was struck by lightning close to the house.

A rattlesnake with eleven rattles was killed on the J. E. Lundquist place and a short time ago Bernard Hirschi and a Vihlen boy killed a large one.

Mrs. Nell Swanson spent Thursday with Mrs. August Swanson.

Mr. and Mrs. Bert Smith and children of Monroe, were Sunday callers at the home of Mr. and Mrs. Henderson.

Mr. and Mrs. Edwin Lundquist and son, Raymond, are spending this week in South Florida, motoring down with their mother, Mrs. Bergquist and Mildred to their home at Tiger Bay.

Mrs. Mansfield took a trip to Tampa and back on the cars this week but her husband has not been able to go yet. We understand their son, Paul, who has just graduated is thinking of going into some business here.

There was a good number out to hear a splendid sermon by Rev. J. S. Clark on Sunday on the "Christian Life and What It Is." He is planning to be with us at 4:00 o'clock on July 2 when we expect to have our children's Day program.

Miss Myrtle West has kindly offered to help us out with the music.

Rev. Wahlberg will preach again next Sunday at the Lutheran church in Swedish in the morning and in English in the evening.

WARD EXPECTED TO GO TO TRIAL FOR MURDER ON JULY 17TH

WHITE PLAINS, N. Y., June 21.—Walter S. Ward, wealthy baker's son, probably will go to trial for the murder of Clarence Peters, ex-sailor, on July 17, it was learned from a reliable source late yesterday.

This information coming close on the heels of conferences held by Isaac N. Mills, former appellate division justice, and the newest accession to Ward's legal talent, gave rise to reports that an agreement had been reached whereby District Attorney Weeks would ask an early trial providing George S. Ward, the slayer's father, would return from his tour of the middle west and give deputy sheriffs a chance to serve on him a grand jury subpoena they have been carrying around for nearly two weeks. This report lacked confirmation, but it was pointed out that Mr. Weeks recently said he could not complete his case against Ward until he had heard Ward senior's testimony on the black-mail plot which Walter Ward claimed lay back of the shooting.

Justice Morschauer, who recently denied a motion for an early trial of the case, asserting he had no intention of holding over after June 30, when his term at White Plains ends, has consented, it was learned, to start the trial on July 17 provided District Attorney Weeks is ready to proceed. Unless Ward can get trial at a continuation of the present term, he will have to spend the summer in jail. There is no further term of court until the fall and the first degree offense with which he is charged is non-bailable.

FLORIDA ROADS TO GET \$591,217 OF U. S. MONEY

WASHINGTON, June 22.—Construction of 25,000 miles of new roads in all parts of the country is possible under the additional appropriation bill for road work just signed by President Harding, the department of agriculture estimated today. A total of \$190,000,000 is available.

The apportionment made to the various states for the fiscal year ending in 1923 follows, in part:

Alabama, \$1,035,614.

Arkansas, \$830,095.

Florida, \$591,217.

Georgia, \$1,333,972.

Louisiana, \$664,060.

South Carolina, \$707,492.

Virginia, \$971,210.

These funds must be matched by the states and will be administered subject to the general provisions already in force.

PHILIPPINE INDEPENDENCE LONG WAY IN DISTANCE PRESIDENT AGAINST IT

WASHINGTON, June 22.—President Harding told members of the Philippine parliamentary commission today he could not urge upon congress the desirability of Philippine independence.

PUBLIC FORUM

ARE IN THE CITY LIMITS.

Sanford, Fla., June 22, 1922.

Mr. R. J. Holly, Editor Herald, Sanford, Fla.

My Dear Mr. Holly:

My attention was called to several accounts in your paper of loss by fire of Mr. Loeffler's residence on Mellenville ave. These accounts state that owing to this building being out of the city limits, etc. Well, friend Holly, I presume you were only using god logic in so stating that we folks in this section are beyond the pale of the city of Sanford, out in the sticks as it were. However, if there is any doubt of our being in the city limits let some one pay the taxes for a few years. This is our annual reminder and about the only one to keep us aware of where we are and to whom we belong.

We are much as a football when it comes to getting anything in the way of improvements the city folks say we are too far out and the county authorities tell us we are too far in and when tax time comes we are convinced the county authorities know, but for the remainder of the year we are sure our city folks are right. Please get us located where we belong and we will all be glad.

Your friend,
J. E. SPURLING.

LONGWOOD

Wm. Woodcock left Friday for Maine where he will spend the summer.

F. J. Neimyer was transacting business in Orlando Friday.

L. R. Payne returned Wednesday from Frost Proof where he was visiting his brother and sister.

A. R. Sanjin has sold his grove in West Longwood to Mr. Reed of Orlando. Mr. Reed expects to build in the near future.

The poles are being put up for electric lights out to West Longwood.

H. F. Phipps returned to Tampa Friday after spending several weeks with his brother, J. E. Phipps.

Rev. Warren Entzlinger, of Tampa, was visiting relatives in town the first of the week.

Mr. Hunter, of Tampa, was transacting business in town Friday.

Friday evening a congenial group of Longwood people motored out to Palm Springs and enjoyed a most delightful weenie roast. Among those enjoying this occasion were: Mr. and Mrs. B. J. Overstreet, Mr. and Mrs. Roy Sour, Mr. and Mrs. C. B. Seney, Mr. and Mrs. E. L. Dinkel, LeVon Baker, Mr. and Mrs. J. S. Dinkel and Miss Olive Dinkel.

George Lewis, of Sanford, was an out-of-town visitor Thursday.

There was service at Christ church Sunday afternoon. Father Peck of Sanford officiating. This will be the last service until fall.

Mrs. J. H. Allen left the first of the week for Georgia where she will spend several weeks.

Mr. and Mrs. E. L. Dinkel were the guests of Mrs. C. L. Morton and Miss Gertrude of Orlando Sunday.

H. Miller, of Jacksonville, was the guest of J. E. Phipps Tuesday.

Rev. Warren Entzlinger preached at the Baptist church both morning and evening Sunday.

Little B. J. Overstreet had the misfortune to have his bicycle stolen from him Monday night. He had earned his bicycle by securing subscriptions for the Tampa Tribune last fall, so it is quite a loss to the little fellow.

Notice of Application for Tax Deed Under Section 575 of the General Statutes of the State of Florida.

Notice is hereby given that S. F. Doudney, purchaser of Tax Certificate No. 222, dated the 3rd day of June, A. D. 1922, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: 6 1/2 acres of W. 1/2 of NW 1/4 Sec. 3, Twp. 30 S. Range 31 E. 5 acres. LEESBURG WANTS RIVER FOR INLAND WATERWAY, BOOSTS ST. JOHNS PROJECT

Gilbert Leach, editor of the Leesburg Commercial, can see as far ahead in the future development of Florida as any man in the state and while living on what will eventually be one of the main arteries to the St. Johns river sees at this time the great possibilities of the St. Johns river and the big idea of all the counties of Central Florida getting together on the one project and then assisting other sections for laterals to the main artery of trade and travel. In Tuesday's edition of the Leesburg Commercial, Editor Leach has the following lucid and convincing article about the meeting here last week and the work that has been done and is to be done toward getting the recognition of the U. S. government of the superior claims of the St. Johns river over any other project in the south:

"Thursday afternoon at Sanford was held a meeting which it is of vital interest to the whole of Central Florida. It was a short session of the Central Florida Water Traffic League an organization to promote water routes through Central Florida, using the St. Johns river and the chain of lakes as the basis.

"It will be remembered in this connection that the Commercial carried a story in the issue of May 19, regarding the plea of this body before the United States commissioners for this route, and that the authorities considered the proposition with favor.

"At the meeting in Sanford Thursday a new map was drawn up which shows the proposed water routes and which will be shown to the United States Engineer at the meeting in Sanford June 27. The map pictures each proposed route, the railroads and all the canals which have already been completed. It also shows all the hard surfaced roads in Central Florida. Possibly the most interesting thing depicted by the map is the great extent of land that would be drained by the proposed canal system.

"Another valuable point brought out by the meeting was that a number of fruit growers have agreed to send a certain amount of their product by water if these canals are constructed. Reports from all over this section indicate much interest and enthusiasm over the new waterway as proposed. The main thing that the association needs now is members and they are urging all spirited minded citizens to join the body and help with the project.

"All Central Florida boosts for the St. Johns waterway. Those who know contend it is the logical route for the water thoroughfare between Jacksonville and points south. This section of the state with its enormous volume of business, with its industries, truck farms and growing activities, demand this water highway.

"The St. Johns river has its source in Brevard county and its current flows northward through Orange, Seminole, Lake, Volusia, Putnam, Clay, St. Johns and Duval counties to the sea. The area drained by this river is the lake region of Florida and a deeper waterway would give access to some of the richest lands in the state not to mention the picturesque country that has been called the Switzerland of the United States.

"Possibly the fact that will carry more weight in the hearing than any other is the tonnage figures showing the great shipments from Central Florida and the vast improvements being made in this section."

SENATE TO SLICE \$50 DUTY OFF OF POTASH FOR FARM

WASHINGTON, June 20.—There was practical assurance here yesterday that the efforts of Senator Dial of South Carolina and Senator Harris of Georgia to have potash placed on the free list instead of going through the tariff bill with a duty of \$50 a ton, as the Smoot bill placed it, have been successful and that hundreds of thousands of dollars will be saved the farmers this way.

When the present tariff bill was made public and it was ascertained that the Republicans would place this enormous duty of \$50 a ton on potash there was a storm of protest from many parts of the country. It was a crushing and most exorbitant duty and one that would practically make it prohibitive for many farmers to use potash at all. Both the senators named immediately became active and offered amendments to do away with this duty and either make the "protection" of a small, graduated nature, until a period of five years had passed at which time it would be "free." They fought along that line, and yesterday the announcement was made that they had succeeded probably better than they thought inasmuch as it is now most likely that there will be no duty at all, but that this product will go on the free list.

Senator Dial said he considered this one of the most important steps which could possibly be made for the agricultural interests of this country. Farming must be encouraged, he said, and the people taught to produce more of the things we consume at home, else we can never get back to a normal condition. With the \$50 a ton duty as the Republicans had it, he said, farmers would not only be badly handicapped but a very unfair advantage taken of those who buy the farmers' products, the ultimate consumer, who must bear the burden.

Senator Harris is equally as well pleased at the outlook of having potash on the free list. His state, Georgia, is one of the big agricultural producers and it was no time, he claimed, to place this staggering and wholly unnecessary burden on a people staggering under most oppressive economic conditions.

While these two southern senators took the initiative in this matter, and while their efforts help their respective sections, they also help all the agricultural people of this country.

No better work could possibly be done for the people generally than the taking of this step and the results which will follow with this burdensome duty removed.

WOMEN'S CLUBS OF ALL THE STATES ARE AT CHAUTAUQUA

(By The Associated Press) CHAUTAUQUA, N. Y., June 20.—Several thousand women, representing every state in the Union, have gathered here for the biennial convention of the General Federation of Women's Clubs, which opens today and will continue for ten days.

Many prominent persons have accepted invitations to speak during the sessions. These will include Thomas A. Edison, Will H. Hays, Count Ilya Tolstoy, Hanford McNider, commander of the American Legion; Hugh S. Cummings, surgeon-general of the United States; Simon Flexner, of the Rockefeller Institute for Medical Research and Judge Martin J. Wade of the United States district court.

The convention convened this morning and will be formally opened tomorrow evening with Mrs. Thos. G. Winter, of Minneapolis, president of the General Federation of Women's Clubs, delivering the welcoming address. Mrs. Percy V. Pennybacker, president of the Chautauqua Women's Club and hostess to the convention, also will speak.

The program embraces a wide variety of subjects for discussion. These include international relations, public revenues and expenditures, American citizenship, the problem of the ex-service man, child welfare, motion pictures, the elimination of illiteracy, public health, education, art, literature, music and science.

Plans for the purchasing and furnishing of a \$200,000 home in Washington, D. C., to be used as a national headquarters of the federation, are expected to be completed during the meeting.

The biennial election of officers also will be held. Mrs. Thos. G. Winter is a candidate for re-election to the office of president without opposition. Others are Mrs. W. S. Jennings, of Florida, vice-president of the general federation, who is a candidate to succeed herself; Mrs. George Plummer of Chicago, for second vice-president; Mrs. James E. Hays, Georgia, candidate for recording secretary, and Miss Florence Floore, of Texas, for treasurer.

MISS McCLATCHIE IS LAID TO REST

(By The Associated Press) ST. PETERSBURG, June 20.—Miss Dorothy McClatchie, who lost her life Saturday as a result of being attacked by a monster fish while swimming in the bay here, was buried today. Hundreds of persons attended the funeral, one of the largest ever held here. Flowers were dropped on the grave from the air by Albert Whitted, local aviator and personal friend of the ill-fated girl.

Miss Mary Muhner, who at the risk of her life, kept the body of Miss McClatchie afloat until aid arrived, was unable to attend the funeral. She is still suffering from nervous shock and physical strain.

Veterin fishing guides today declared that they believed that Miss McClatchie had been attacked by a porpoise instead of a barracuda, as at first reported.

We noticed a picture in one of the daily papers yesterday of Otto Kahn, wealthy philanthropist and financier, and Mary Garden on the Olympic going to Europe. His name is Kahn now but it may be changed before he returns.

SENATE PASSES ANNUAL NAVAL APPROPRIATION

WASHINGTON, June 20.—The annual naval appropriation bill, carrying approximately \$295,450,000 and providing for an enlisted personnel of 86,000 men, was passed late yesterday by the Senate and sent to conference with the House.

Action on the enlisted personnel, now about 115,000, is final as the Senate accepted the house decision and the question will not come before the conferees, who will deal principally with Senate increases of about \$44,000,000 over the House bill. There was no record vote on final passage and no effort was made to reduce the enlisted personnel.

Unsuccessful efforts to end American occupation of Haiti, the Dominican Republic, Nicaragua, and to launch a congressional investigation of navy administration marked the final day's debate. An amendment by Senator King, Democrat, Utah, providing for withdrawal of American marines from the two republics and Nicaragua December 31 next, was rejected, 42 to 9, after a nearly all day debate in which the American policy of intervention was both attacked and defended.

Investigation of naval administration was proposed by Senator McCormick, Republican, Illinois, but his resolution drew objection from Senator Dial, Democrat, South Carolina, and was referred to the naval committee. It contemplated a survey to abolish useless navy yards and stations, Senator McCormick declaring that there was a navy "pork barrel" and one-third of its establishments were unnecessary.

Controversy on the Haitian and Dominican intervention policy divided both parties. Five Republicans, Senators Borah of Idaho, Johnson of California, Ladd of North Dakota, LaFollette of Wisconsin and Norris of Nebraska, supported Senator King's withdrawal amendment, and four Democrats, Senators King, Overman of North Carolina, Walsh of Massachusetts and Walsh of Montana, voted in its behalf. Another amendment by Senator King to cut the marine corps from 19,500 men to 17,500 men was rejected without a record vote.

WHO PAID FOR THE AUTO?

A traveling salesman of our acquaintance bought an automobile last year to enable him to make better connections. It cost him approximately \$1,000. In six months it helped him increase business so that his extra commissions amounted to over \$1,200. He saw more customers, saw his old ones oftener, and had more time to devote to aiding his dealers with selling helps.

Good business? You'll admit as much.

Now answer this: Who paid for the auto?

The salesman? He made the initial outlay, but took it back with a considerable addition, inside of half a year. And still has the machine.

His customers? Hardly! They got better service at the same old prices.

Obviously the auto paid for itself by its work.

Apply this rule to advertising that aids business.

Who pays for the advertising?

Not the buying public, for it gets better service (in the way of practical information) at the same price.

Not the advertiser, for although he makes the temporary outlay it all comes back, with much more.

Figure it just as you did with the auto.

Advertising is a time-saving device that pays for itself by the work it does.

WORST FLOOD IN HISTORY OF THE RIO GRANDE EXPECTED

(By The Associated Press) SAN ANTONIO, Tex., June 20.—Possibility of the worst flood in the history of the lower Rio Grande valley is seen in an unconfirmed report that the San Juan river in Mexico is on a third rampage and that its flood waters may enter the Rio Grande at the same time that the flood waters which passed Eagle City Sunday night reach Rio Grande City.

If the report is true and the waters of the San Juan joins that of the crest of the Rio Grande flood federal weather observers here believe it will produce a flood unparalleled in the history of the valley.

The flood in the Rio Grande which carried away the wagon and the railroad bridges at Eagle Pass Sunday night has passed that town and high water is beginning to be recorded at Laredo.

As far as can be learned there has been no loss of life in the Rio Grande flood unless it is on the Mexican side.

VOLUSIA RAPIST TO HANG; EFFORT FOR PARDON FRUITLESS

TALLAHASSEE, June 20.—The state pardoning board yesterday afternoon heard and denied an application presented by Attorney B. F. Brass to commute to life imprisonment a death sentence recently imposed on Aubrey Nichols. Nichols was tried and convicted in Volusia county of the crime of rape and was sentenced by Judge Perkins to be hanged. The pardoning board declined to disturb this sentence.

Assured

VITRIFIED paving brick are continually examined and re-examined at every stage of manufacture to maintain quality. Every possible barrier is erected to prevent the shipment of any but durable brick for paving purposes. Four times, during the process of manufacture, each brick is inspected individually, and any that are imperfect are cast aside. Finally, after manufacture, the entire surviving output again is rigidly graded according to quality for paving.

Brick PAVEMENTS

are laid with brick which amount to only eighty per cent of the entire kiln output. The other twenty per cent are considered inferior for pavements and are never offered for sale for pavement construction. The taxpayer relies upon the Standard Rattler Test of the American Society for Testing Materials, to protect his interests by insuring, at all times, durable paving brick. Paving brick are tested officially in this "rattler," a revolving steel barrel in which iron balls inflict a punishment on the brick far more severe than they will receive in streets of the heaviest traffic. You should know—and recognize the importance to you of this fact—that brick is the only paving material which is tested in the precise form, substance and condition in which it is laid in the roadway.

FERTILIZER FOR CITRUS TREES

Now is the time for Summer application of fertilizer to citrus trees to serve the double purpose of creating new growth, which is the foundation for next year's crop, and of developing the crop now on the trees. Summer Fertilizer pays for itself by increasing the size of the fruit. Be liberal with your trees. We recommend the following brands:

<p>W. & T'S SEMINOLE FRUIT MANURE (3% Am., 8% A. P. A., 5% Pot.)</p> <p>ALKIDEAL FRUIT MANURE (3% Am., 11% T. P. A., 10% Pot.)</p> <p>IDEAL FRUIT AND VINE MANURE (3% Am., 6% A. P. A., 10% Pot.)</p>	<p>SEMINOLE FRUIT AND VINE (3% Am., 6% A. P. A., 8% Pot.)</p> <p>W. & T'S SPECIAL FRUITER (4% Am., 8% A. P. A., 8% Pot.)</p>
--	--

Send for our booklet, "Fertilizers for the Summer Application" by Bayard F. Floyd. It treats not only of fertilization, but gives summer schedule for spraying.
