## Wide Variety Of Products Are Made At Robb's Bakery

Opening in the Florida State Bank Building in 1942, Robb's Home Bakery moved to its present location across from the Post Office in 1944. It is owned and operated by Mr. and Mrs. Fred Robb who with four well trained, experienced employees serve the people of Sanford and surrounding towns with fresh bakery products daily. The store front has blonde maple Columbus show cases where the goods are displayed.

Equipped with one of the most modern ovens for the retail bakery trade, the Middleby Marshall stove has a revolving tray oven with a capacity of 12-18 inch by 24 inch pans. Fired by gas and electrically controlled, the trays revolve around the oven in order to obtain an even distribution of heat on all parts of the baked product.

The variety of products baked by Robb's includes whole wheat, rye, pumpernickel, French, Vienna, potato and several other wheat breads; pigon rolls, sweet rolls, Danish rolls and coffee cake as well as a large variety of cakes and cookies. A special feature during Lent is Hot Cross buns. Decorated cakes appropriate for the smallest family gathering to the largest wedding party, as simple or elaborate as one wishes are baked on order. Only the finest ingredients obtainable are used in all products. Mrs. Robb is always glad to assist with any entertainment or party problem.

the village of Tan Son Nhut, some three miles from Saigon and outside the security zone maintained by the French in their struggle with nationalist Viet-Namense forces. The bodies were discovered by a French military detachment.

Mrs. or Mrs. Skewes—accounts differed on whether she was married—was director of the U. S. Information Service in Saigon. Miss James was secretary at the consulate general.

Mrs. Skewes was director of the U. S. Information Service in Washington. The State Department said it had not received any official report of the slayings.

Department records list Miss James as a 30-year-old native of Hillsdale, Ind., where her parents, Mr. and Mrs. Otto James, now live. She served with WACs in the Southwest Pacific and in Washington before taking the consulate job.

The department said Mrs. Skewes' husband, Lawrence E. Skewes, lives in Seattle and her

mother, Mrs. E. H. Workman, in Phoenix, Ariz. Mrs. Skewes, a 32-year-old native of Paris, worked for the Office of War Information in San Francisco during the war.

CANTON, China, Mar. 8 (AP)—Seven American teachers and 74 American children passed through Canton today, fleeing Communist military advances north of Hankow.

The group was headed by Earl Dahlstrom of the Chikungshan American school near the Honan province border. The journey, via the Hankow-Canton rail line, took three days.

Gordon Lee Burke, American consul here, led the party's transfer to the Kowloon train, the teachers plan to establish an American school at Hong Kong.

order for 50 years. He was Worshipful Master of the Masonic Lodge during four years starting in 1901, was High Priest of Royal Arch Monroe Chapter for six years, was Past Eminent Commander of Olivette Commandery of Orlando, member of Morocco Temple and Scottish Rite and life member of all Masonic lodges.

He is survived by the widow, Mrs. J. E. Terwilleger; one daughter, Mrs. P. R. Stephenson; three sons, Eugene Terwilleger of Chester, Pa., John Thomas Terwilleger of Chattanooga, Tenn., and James Edward Terwilleger, Jr. of Sanford; one sister, Mrs. James Smith of Sewell, N. J.; two granddaughters, Helen Louise Terwilleger of Chester, Pa., and Gail Terwilleger of Chattanooga, Tenn.; and one grandson, James Brock Terwilleger of Sanford.

Funeral services for Mr. Terwilleger will be held Wednesday afternoon at 3:00 o'clock at the Erickson Funeral Home which the Rev. J. E. McKinley officiating. All Masons of Lodge No. 62 are requested to meet at the Lodge at 2:15 o'clock to attend the service in a body. Leo M. Stephenson of Orlando Lodge No. 69 will serve as acting master in charge of graveside services in Lake View Cemetery. Pallbearers will be members of the Masonic Lodge.

One of Sanford's newer businesses is the J. M. Garrett's Store at First Street and Sanford Avenue which is owned and operated by J. M. Garrett; his wife and one full time employee.

The store, which is 35 feet wide by 50 feet long, has three large plate glass windows which allow the public a clear view of the store at all times. Fluorescent lights create pleasant working conditions and the cream cases and pale green walls form a pleasing background for the various types of goods on sale.

Some of the nationally advertised lines carried by the J. M. Garrett Store include Cannon sheets, pillow cases, towels, blankets; Hanes underwear for boys and men; Hallmark shirts and pajamas; U. S. Rubber Co. raincoats, jackets, boots, overshoes and aprons; the entire line of the American Thread Co.; Ladies Stylcraft underwear, sizes 8 to 44; Venus form slips and Cloth of Gold fabrics.

Ladies' dresses, household goods, notions, work clothes, shoes, men's dress pants, hats, belts and piece goods are sold on a strictly cash or lay-away basis and all merchandise is purchased from Southern factories, stated Mr. Garrett.

## Florida State News In Brief

**SENATOR-MAYOR PANAMA CITY** Mar. 8 (AP)—City Manager John F. Daniel has been discharged and three city commissioners are at odds with Carl Gray, state Senator who was elected mayor last week.

After Gray was installed Friday, commissioners Sid Daffin Jr., C. L. Links and Lawrence Ward voted against Gray-sponsored motions to repeal the garbage tax, rescind the city books for the last two years, and dismiss the city manager and city attorney. Gray's motions were defeated 3-2.

**CORPUS-NO CASE PENSACOLA**, Mar. 8 (AP)—The sheriff's office is in a fix. It has a corpus -- but can't make a case.

H. Clay Mitchell, investigator for the sheriff's office, found the remains of an illegally slaughtered cow. Then he arrested two men who he said confessed.

Trouble now is that no cattle men here can identify the remains, leaving Mitchell with two prisoners who confessed a crime he can't pin on them.

**HOOTLEGGER CAUGHT JACKSONVILLE** Mar. 8 (AP)—State Road Patrolmen Captain

Heed Clifton and Sgt. C. W. Hancock early today arrested one man and captured 840 gallons of bootleg whiskey.

The seizure was made two miles east of Lake City on Route 10, they said. The man arrested was identified as Odie Holland of Jacksonville. The officers said the liquor was loaded on a truck which was seized, also.

**MACK QUALIFIES TALLAHASSEE**, Mar. 8 (AP)—State Railroad Commissioner Richard Mack today qualified as a candidate to succeed himself as a member of the regulatory board.

Mack was appointed to the commission for the unexpired term of the late W. H. (Babe) Douglas. He now is seeking election for a full term.

**RATE PROBE LAKELAND**, Mar. 8 (AP)—William C. Norvell, Lakeland attorney, said today 18 rural customers of the municipal electric plant had retained him to investigate the legality of a 10 per cent raise in rates for persons outside the city limits.

The city commission boosted rates to rural customers Feb. 1 at the same time it enacted a 10 per cent tax on electric service within the city.

## House Votes More Money To Hunt Reds

### Additional \$200,000 Given Un-American Group After Hearing On Dr. Condon

WASHINGTON, Mar. 9 (AP)—The House today voted its Un-American Activities Committee an additional \$200,000 to spend during the rest of this year. The action is final and does not require Senate approval.

The House voted the additional money shortly after an Un-American Activities Subcommittee had held a closed-door hearing on the loyalty of Dr. Edward U. Condon.

A member of the Commerce Department's loyalty board, as well as the board secretary appeared before the group headed by Rep. Nixon (R-Calif.).

They were Oliver Short, department personnel director; John E. Towne, board secretary; and Adrian Fisher. Fisher has resigned from the board and now is with the Atomic Energy Commission.

Subcommittee members made no statement with regard to what took place at the locked-door hearing.

The money voted by the Un-American Activities Committee today will be available for use until the new Congress convenes next January. Each Congress sets up and

## Public School Children Take Over County In Youth Government

"Youth Government" was installed in the Court House this morning when youthful underlings of the County Commission, County Judge, Sheriff, Clerk, Tax Collector, Tax Assessor, County Superintendent and School Board visited various county officials, and were photographed with them. The program was sponsored by the Jaycees.

The boys and girls, elected as "County Officials" after the hottest political campaign in the history of Seminole County schools, attended meetings and were given first-hand information concerning the operation of various county departments.

Ann Dunn, the pretty little "Sheriff," got the surprise of her life when Sheriff P. A. Merolano pinned his badge on her, and loaned her his revolver and holster, which she strapped around her waist, then went upstairs to see that "law and order" was the rule at the meeting of the County Commission. She was assisted by deputy Sheriff Carolyn Hudson.

Each regular Commissioner was understood as follows: J. F. McClelland by "Happy" Abney of JHS; B. G. Overstreet by Donald Laughton of Lyman School at Longwood; W. G. Kilbee by Florence McGill of Geneva; B. C. Dold by Bobby Ward of Oviedo, and H. B. Pope by Keith Schumacher of SRS. County Clerk O. P. Herndon was understood by his son, George Herndon of SRS.

## House Group Hits Revenue Board System

### Committee Says Political Patronage Influences Action Of Federal Collectors

WASHINGTON, Mar. 9 (AP)—The Internal Revenue Bureau came under sharp fire of the House Appropriations Committee today. The committee said the political patronage system of picking federal tax collectors should be abolished.

The recommendation was made in a bill providing funds for the Treasury and Postoffice departments for the year starting July 1.

But the committee made only a 1.7 percent cut in the \$2,017,626,200 President Truman had asked for the two departments. It proposed a total of \$1,981,722,350 in cash appropriations.

Of this, the Treasury would receive \$2,453,100, or a 5.6 percent cut, and the Postoffice \$1,991,269,500, or a 1.1 percent reduction. The President had asked \$2,062,981,700 for the Treasury and \$1,710,644,500 for the Postoffice Department.

Left completely out of the bill was the customary appropriation for tax refunds. The committee decided to put off action on that until pending tax legislation is out of the way.

In addition to the new cash, the committee recommended \$1,113,684,400 in trust fund appropriations and \$5,877,808,083 in general and special appropriations. This boosted the gross total to \$11,175,174,803. The trust, general and special funds include such items as interest on the national debt.

## Mrs. Kendall Resigns As Committeewoman

NATCHEZ, Miss., Mar. 9 (AP)—Mrs. William Kendall, National Democratic Committeewoman and an official of the "Jefferson" Democrats said she would direct women's activities for that organization.

Mrs. Kendall did not mention President Truman's civil rights program in her resignation, but said she had served for 12 years and felt that was long enough.

W. W. Wright, chairman of the campaign committee of Democrats working against Mr. Truman's program, said the committee felt Mrs. Kendall was well qualified to carry on the party outlined by Governor Fielding Wright. Wright touched off the anti-Truman insurrection in January when he took issue with racial features of the civil rights proposals.

In Senatobia, State Democratic Party Chairman, Chairman Herbert Holmes said if Mrs. Kendall would take the job he would move to have her named head of the woman's section for the movement in the state.

## Cripps Warns Britain Ruined Without Help

### White Paper Reveals Growing Unemployment, Insufficient Food and Clothing

LONDON, Mar. 9 (AP)—Sir Stafford Cripps told Parliament today British economy will collapse unless substantial U. S. aid comes this year.

The Chancellor of the Exchequer said in a White Paper that only the Marshall Plan can prevent wholesale unemployment, distress and delocation of production. He said that without the Marshall Plan, there is "no prospect of a decent standard of living for years."

The severe cold of the winter of 1946-47 and the summer drought were blamed for impending reductions. The White Paper estimated net national income for the year at \$9,000,000,000 (\$36,000,000,000) and said Britain likely to be short of \$250,000,000,000 (\$1,000,000,000) from abroad.

Imports from the Western Hemisphere will be cut still further in the first half of 1948 to save gold and dollars. The White Paper said that sufficient to maintain the nation in health and working efficiency."

The government estimated that

## Court Decision On Religion In Public Schools Is Not Decisive

WASHINGTON, Mar. 9 (AP)—Eight Supreme Court justices agree that religious sects may not use America's public schools to teach their beliefs. But in voting their decision yesterday they disagreed among themselves as to exactly how much ground their ruling will cover.

Justice Black, author of the majority opinion, upheld an atheist mother's complaint that religious education classes held in Champaign, Ill., schools violate the constitutional requirements for separation of church and state. Only Justice Reed dissented.

"The first amendment to the Constitution," Black said "rests upon the premise that both religion and government can best work to achieve their ends if each is left free from the other."

The First Amendment has erected a wall between the church and the state which must be kept high and impregnable. Mrs. Vashti McCollum, who brought the original suit against the Champaign school board, said the decision has "substantiated our school system from sectarian domination."

A self-styled atheist, she had complained that her eldest son, James Terry, now 12, was "brainwashed" because he was the only one in his class who did not take religious instruction.

Under the Champaign plan a local council representing Protestant, Catholic and Jewish faiths presented religious education

## Truman And MacArthur To Yield If Asked

### Ex-Demo Governor Hails MacArthur As True American; Hague For Truman

MINNEAPOLIS, Mar. 9 (AP)—Harold Stassen, candidate for the Republican nomination for President, issued the following statement today in comment on the statement by General Douglas MacArthur that he would run for President if nominated: "I commend General MacArthur for his forthright statement of his position."

"I have a high regard for him and will request our Wisconsin committee to continue to carry on the campaign on a constructive and respectful basis, looking forward to a united effort for final Republican victory next November."

Both Stassen and MacArthur are entered in the Apr. 6 primary in Wisconsin.

By ASSOCIATED PRESS

One of the three former New England governors who recently proposed General Douglas MacArthur for President said today that if he were nominated the world would "soon know that the United States is united."

Atty. Joseph B. Ely, twice Democratic governor of Massachusetts, hailed MacArthur as "a true American, vigorous, forthright and persuasive."

General MacArthur said yesterday he would accept the presidency "if called by the American people," but would not actively seek it.

## 5 West European Powers Approve Anti-Red Articles

BRUSSELS, Belgium, Mar. 9 (AP)—Delegates from five western European powers today approved seven articles to be included in a proposed pact for a union against Communist expansion.

Approval of two of the articles, however, was subject to sanction of the French and British governments, informants said. Conference officials declined to say which articles were being referred back. One of them was reported to bind all signatory

## Tax Cut Is Seen As Insurance On Business Slump

WASHINGTON, Mar. 9 (AP)—Tax cutting is the best insurance at hand against a business slump, the United States Chamber of Commerce said today.

Ellsworth C. Alvord outlined the Chamber's views in a statement to the Senate Finance Committee. That group is nearing the close of public hearings on the \$6,500,000,000 tax cut bill passed by the House last month.

It is generally conceded that the Senate committee will recommend a smaller reduction to round up enough Democratic support to override an expected presidential veto.

Senator Edwin C. Johnson (D-Colo.) said a \$4,500,000,000 bill would be "veto proof."

Alvord mentioned no specific

## Order Is Reversed By Supreme Court In Sessions' Case

The State Supreme Court last Friday reversed an order by Circuit Court Judge M. B. Smith in the case of Nathan Mayo, as Commissioner of Agriculture, and E. R. Sessions of Orange county, Fla., the Market Fruit Company of Sanford, Inc. On the appeal of Mayo and Sessions the Supreme Court held that the Circuit Court of Seminole County had no venue over Mayo, but failed to decide whether it had venue over Sessions.

The decision of the Supreme Court set aside an order of Judge Smith on a Petition for Certiorari (Review) brought by the Market Fruit Company, located at Sanford State Farmer's Market. (Continued on Page Three)

## Route Of Highway No. 46 To Sanford Okeyed By Board

The County Commission this morning approved "in principle" the State Road Department's suggestions for an east-west route through Sanford which would include a connecting link of Highway No. 46 to follow the shore of the St. Johns River and Lake Monroe from the Geneva Bridge to Seminole Boulevard.

In accepting the plans, which were brought to the attention of the Commission by State Senator and board attorney L. F. Boyle, Representative M. B. Smith and County Engineer M. C. Hagan, H. B. Pope, chairman of the County Commission declared "As far as we can see, it is very practical to build this route. My idea is to approve it in principle. At the same time, there are many details to be remedied."

Immediately prior to Commission approval of the route, which will link Highway 46 in a route from Mims on the east coast with Mr. Dora and Leebing Island Higgins, representing the Seminole County Chamber of

## Caldwell Insists Colliers Caused Negro Distrust

TALLAHASSEE, Mar. 9 (AP)—Governor Millard Caldwell testified in his libel suit against Collier's magazine today that editorial in the publication had handicapped his efforts to establish regional education in the South.

He told a federal court jury "promptly after the editorial appeared I found it difficult to deal with the negroes of this state on regional education and educational matters."

He said distrust among negroes is a "hurdle I had to overcome, still have to overcome and will have to overcome" next Friday in a hearing before a congress

## 17 Year Old Girl Changes Her Story

WEST PLAINS, Mo., Mar. 9 (AP)—Betty Jane Kroeger, 17-year-old brunette charged with murder, yesterday repudiated a signed statement that she killed both her father and mother.

In a new oral statement the girl said her father, Fred Kroeger, 50, fatally shot his wife in her absence. Mo. home after being accused of going with other women, Sheriff Lester Davis reported.

Betty Jane was quoted as saying her father threatened her and the following day she shot him to death because "I was afraid he would kill me."

The parents' bodies were found Saturday night.

The girl said in her original statement that she accidentally shot her mother after an argument and then killed her father because she knew he would find out about the first slaying.

Her preliminary hearing will be Saturday. Authorities said her original statement would be used at the hearing.

## U. S. Is Accused Of Hedging On Issue

LAKE SUCCESS, Mar. 9 (AP)—A high Soviet source said today the United States appears to favor re-opening the United Nations plan to partition Palestine.

This Russian statement was made to reporters by a leader in the Soviet delegation to the United Nations. He made clear this is the Russian line on Palestine, but he declined to permit use of his name with the statement.

"Some persons seem to be hesitant about carrying out the assembly decision," the Soviet delegation source went on, referring to the Nov. 29 vote to split the Holy Land into separate Jewish and Arab countries.

"We consider that partition should be carried out."

## Missing B-29 Is Landed On Schedule

HONOLULU, Mar. 9 (AP)—Ten B-29s resume a training flight to Japan today—their radios carefully checked to prevent a repetition of yesterday's needless 11½-hour alert for one of them.

The false emergency excited base control points in Spokane, Wash., the departure point, California and here. But it passed without any of the 203 officers and men in the flight being aware of it.

Radio failure aboard one of the Superforts caused it to be reported missing. Hickam Field, Calif., dispatched search planes and the rescue squadron at Hickam Field here was alerted. The B-29s landed on schedule. Only then did its crew learn of the worry it had caused.

CIO MISTAKE

SAN FRANCISCO, Mar. 9 (AP)—Harry Bridges recognized today the CIO's right to remove him as northern California regional director, but challenged its reasons.

He issued a statement that he would the CIO leadership "will realize it is making a gross mistake and that its present political program will play into the hands of CIO's political opponents in this state and thereby harm the interests of CIO unions here and everywhere."

DOUBLE FUNERAL

WELETKA, Okla., Mar. 9 (AP)—When 76-year-old Rettle Evelyn Smith died last Friday, her 77-year-old husband, Ison, said he would not live more than three days.

An hour before her funeral Sunday he became ill. At 6 P. M. he died.

Double services were held for the couple yesterday.

## Federal Citrus Board Asks Rules Continued

LAKELAND, Mar. 9 (AP)—The Federal Citrus Marketing Agreement committees today recommended continuing present citrus shipping regulations next week.

The only change proposed was a slight relaxation in the amount of citrus to be allowed on oranges from the Indian River section.

The Indian River representatives did not press the request after several other committeemen said they believed such action would give the East Coast too much of an advantage over the rest of the state.

RETURN UNARMED

NUERNBERG, Germany, Mar. 9 (AP)—Two high officials of the American War Crimes prosecution staff returned to Nuernberg safely today after 27 hours in the custody of armed Russian soldiers within the Soviet-occupied zone of Germany.

The two are Howard H. Russell, of Baltimore, Md., chief of the administration division, and Virgil Van Street of Eatonville, Md., member of the I. G. Farben prosecution staff.

They visited the Leipzig fair together with their wives in the past week. They were overdue in Nuernberg by several days, and inquiries were made.

The group returned late this afternoon, weary and nervous but unharmed.

## Local Skeit Club To Shoot DeLand

A Sanford Skeit Club team will go to DeLand tomorrow to shoot against the DeLand team at the DeLand Municipal Airport range. The match will begin at 3:30 P. M. All members of the local club were urged today by Boyd J. Goode, secretary to attend the shoot.

The match scheduled for last Thursday between DeLand and Sanford was cancelled on account of rain.

## 32 Below Reported In North Minnesota

CHICAGO, Mar. 9 (AP)—Beijing, Minn., sometimes called the nation's ice box by weather forecasters, reported a deep freeze temperature early today — 32 below zero.

The cold belt covered parts of the Dakotas, Minnesota, Wisconsin and Iowa, with the zero line reaching as far south as southern Wisconsin, central Iowa and lower South Dakota.

The mercury was below seasonal levels in sections of Missouri, Nebraska and Kansas. Federal forecasters said the cold snap would continue in the Midwest at least another day or two.

Second coldest official temperature was 26 below at Grand Forks, N. D. Other low readings in North Dakota were -17 at Dickinson and -13 at Bismark.

In Minnesota, Duluth reported -10 and the Minneapolis minimum was -8. The mercury touched -2 at Sioux Falls, S. D., -5 at Missouri City, Ia., 5 above at Sioux City, Ia., and 8 above at St. Joseph, Mo.

Delegation Named For Red-Finn Talks

HELSINKI, Mar. 9 (AP)—Finland picked a left-tipped delegation today for the Moscow talks on a Russian-Finnish treaty of friendship and mutual assistance, a government member said.

Government spokesmen said they expected negotiations to begin on about Mar. 30. The seven-man Finnish delegation will be headed by Premier Mauno Pekkala. There was no indication whether special technical advisers on military matters will be attached to the group.

The majority of Finland's political parties have expressed opposition to a military alliance with Russia. Of the seven delegates, three represent parliamentary groups which have gone on record against an arms pact.

POLICEMAN DIES

PITTSBURGH, Mar. 9 (AP)—Joseph Chmelynski, 26, one of two policemen shot Friday night in a gunfight, died today in Mercy Hospital. George Kerber, 46, the other officer, was reported recovering in the same hospital.

County detectives are holding Edward Dipofi 23, and John Wilson, 26, of Pittsburgh on a charge of burglary in the case.

## 2 Russian P-39's Make 5 Passes At Commercial Plane

SHANGHAI, Mar. 9 (AP)—Two P-39 fighter planes marked with the red star of Russia made five passes at a commercial airliner yesterday, firing their machine guns but apparently not trying to hit it, airline officials said today.

If they had been trying to shoot down the slow transport they couldn't have missed, Pilot L. B. Hood reported.

The transport, one of the planes owned by Maj. General Claire L. Chennault's commercial airline, was carrying 32 refugees from Mukden, Manchuria. It was crossing the fair for a charter of a Russian-occupied Port Arthur and Dairen, the airline reported, but

Vet Group Leaders Invited To Council

Representatives of veterans organizations in Seminole County are invited to attend a meeting to be held Thursday evening, Mar. 25, at 8:00 o'clock at the Legion Hall in order to organize a Veterans Council of Seminole County. It was announced today by Sam A. Martina, Jr., past commander of the Disabled American Veterans, Chapter No. 30.

The purpose of the proposed council will be to sponsor cooperation of efforts, and foster the mutual benefit of all Posts and Chapters in the county. A uniform plan will be prepared, Mr. Martina stated, for the approval or disapproval of each contributing organization.

The following veterans organizations are expected to be represented at the Council: Post 3282 of the Veterans of Foreign Wars, F. D. Scott, commander; Campbell-Losing Post 53 of the American Legion; J. L. Singletary, commander; American Legion Post 243, Oviedo; Joe Leinhard, commander; American Legion Post 183, Longwood; W. J. Wells, Jr., commander; American Legion Post 278, Lake Mary; William Thurne, commander; and Chapter 30 of the Disabled American Veterans, Jim Young, commander.

## 250 Casualties In Chinese Explosion

SHANGHAI, Mar. 9 (AP)—A Chinese ammunition dump exploded at Taingtao today, leveling a city block and causing 250 casualties. An estimated 100 were killed.

U. S. Navy sources here said the explosion occurred just before noon within half a mile of docks where the USS Estes, flagship of the American Western Pacific Fleet, and the Navy hospital ship Repose are tied up.

Taingtiao is the Chinese base of the U. S. Navy's Far Eastern fleet.

## Two Are Killed In Crash Of Airplane

SAN JOSE, Calif., Mar. 9 (AP)—A two-engine cargo plane crashed into a fog-wrapped mountain near here last night, killing the pilot and co-pilot, the only persons aboard. The resulting fire led searchers to the wreckage.

Pilot George S. Griebel, 34, Los Angeles, and Co-Pilot William Grund, 28, North Hollywood, were killed.

They had flown a cargo from Los Angeles to Seattle for Eagle Air Freight Lines of Burbank, Calif., and were to pick up Dallas-bound freight at San Francisco. Their plane was a DC-3.

## THE WEATHER

LAKELAND, Mar. 9 (AP)—Warm and wet weather will continue tomorrow in northern Florida, the Federal-State Frost Warning Service predicted.

Partly cloudy and mild weather will prevail in other sections. No frost danger is seen through Friday.

These Women

By JANE EADS

WASHINGTON—School children in four foreign countries will soon get a glimpse of American life as children in the United States see it.

More than 2,500 paintings by school children are being sent to schools in Czechoslovakia, France, Sweden and Venezuela. This is being done through an international art student program worked out by the National Junior Red Cross and the Eastern Art Association.

Schools in the four foreign countries have agreed to exchange their art work with American schools. The project's planners hope the program can be broadened next year to include schools in many more countries.

Subject matter ranges from a small boy fishing off a bridge to a honey scene of a harassed husband wearing a dress while his wife turns up a hem.

The young artists portrayed 60 towns and cities, almost as different in their local color as the countries to which the paintings are going.

Texas oil wells, New Jersey wharves, Pittsburgh steel mills, western cattle ranches, airports, California lakes and beaches are depicted. There are industrial cities, towering skyscrapers, small-town main streets bustling with traffic, sleepy hamlets, quiet farmlands, shady woods.

School and related activities figure prominently in the collection. Football games and school dances, winter roasts, jittersbugs, and cheer leaders appear before a shifting background of 190 different school communities.

The point of view is frequently original and amusing. There is a Baltimore housewife scrubbing her doorstep . . . a stare-like view of home with front walls removed . . . the breath-taking view of an amusement park as seen from the topmost roll of the "flip the flip." There are numerous self-portraits and caricatures as well.

The titles of the paintings give you an idea: "Sideshow at a Circus," "A Rainy Night in Aurora, Illinois," "Soda Fountain After School

Hours," "The Football Game," "At the Meat Market," "Barn Dance," "Starting Gate at a Horse Race," "A Home in the South" and "Rural District Near the City."

In prewar days Junior Red Cross members exchanged albums with children in other lands, writing descriptions of their daily lives and cutting out representative pictures to paste in the albums.

The current project is the first step in the Red Cross plan to resume and broaden its international exchange program. The Red Cross believes such exchanges "promote better understanding, not only between children all over the world, but between older people as well."

Members of the committee which selected the paintings to be sent abroad include Miss Mary Adeline McKibbin, senior supervisor of art education for the Pittsburgh public schools; Dr. Edwin Ziegfeld, president of the National Art Education Association and head of the art section of Teachers College, Columbia University; Miss Sarah Joyner, vice president of the National Art Education Association and supervisor of art education for the state of Virginia.

Convention Hall Roof Is Damaged By Blaze

PHILADELPHIA, Mar. 9 (AP)—Fire damaged a large section of the roof of Convention Hall this afternoon. Police Inspector Herbert Kitchenman said the blaze apparently began when sparks struck a pot of tar.

Workers had been repairing the roof for the past two weeks. Kitchenman said supplies used in the work apparently were destroyed or heavily damaged as fire burned a hole several feet wide in the roof.

There was no immediate estimate of damages to the \$5,000,000 structure which will be the scene this summer of both the Republican and Democratic national conventions.

Mr. and Mrs. Robinson A. Rogers and their young daughter have moved into their new home at No. 3 Quail Pond Drive.

REDS BANNED JACKSON, Miss., Mar. 9 (AP)—A bill banning Communists as labor union agents and requiring all agents to register with the Mississippi legislature yesterday. The measure was passed by the House of Representatives 50-49.

Under its terms all labor agents must be qualified electors of Mississippi with the exception of railroad, telephone and telegraph union representatives.

Mr. and Mrs. Paul Bates had as their dinner guests last Monday evening, Mr. and Mrs. Tally Hattaway.

Mrs. Eunice Bates and Mrs. Rhodie Rogers were recent guests of Mr. and Mrs. Paul Bates at their home on Lake Ellen Drive.

Friends of Rev. and Mrs. Nath Thompson will be glad to hear that they have returned to their home in Casselberry. Rev. Thompson is the minister in Casselberry. We are certainly happy to see them back in town.

The class that graduated from the Dale Carnegie course on Jan. 28 held their first reunion Saturday evening at the Aralea Lodge. A Look At Some Of Many Shortcomings Of Faithful Reds

By HAL BOYLE

NEW YORK (AP)—Some leading comrades in Soviet Russia, which wants to make the world safe for Communism step by step, appear to be getting out of step themselves with Karl Marx, their apostle.

And capitalistic flyspecks keep showing up in the Red paradise of promised plenty.

Here are a few signs of the collisions between human nature and dialectical materialism which recently have annoyed the toiling proletarians of the Kremlin:

(1) Moscow's Bolshoi Opera Ballet theater went over its budget by 150,000 rubles.

(2) One motion picture studio gave Hollywood an example in efficiency by spending three years making a film that is still unfinished.

(3) Finance Minister Arseny G. Zverev complained some Soviet ministries were doing a lousy job of building new factories, were lagging behind their accomplishments and also hoarding materials.

(4) The minister of trade, A. V. Lyubimov, has been bounced from his job for falling down on it.

(5) The education ministry lawled out Soviet scientists for studying the birth rate of spiders instead of vital agricultural problems. They also were told to quit looking in their test tubes for extraneous facts and spend more time proving Karl Marx's theories of the class struggle.

(6) The American Military Government in Berlin charged that while Soviet bigwigs were sneering at "dollar diplomacy" they were active in the German black market trying to edge all the dollars they could in order to buy more needed goods from other countries.

(7) The Soviet Youth newspaper lawled out Soviet scientists for studying the birth rate of spiders instead of vital agricultural problems. They also were told to quit looking in their test tubes for extraneous facts and spend more time proving Karl Marx's theories of the class struggle.

per santly asserted that Russian young people are now dancing the Khasachek in a "decadent manner."

(8) Critics lambasted leading Soviet composers for sticking to a classical style and renewed their campaign to make American jazz music less popular with the Russian masses.

(9) The Soviet army newspaper griped that too many of its marching songs were "physically peaceful, passive and sometimes vulgarly philistine." It suggested that the composers get out and spend some time with the troops.

(10) Eugene Varga, top-ranking Soviet economist, was teased out of his post for daring to express the non-Marxist belief that the capitalistic countries weren't collapsing.

(11) In Soviet Estonia the Ruhva Haal newspaper regretfully noted that "pupils go to teachers who failed 'to combat superstition with appropriate enlightenment' in the Marxist-Leninist spirit."

An odd thing about most of these cases of Communist backsliding is that the guilty wretches come from the most favored classes in the "classless society"—the well-paid intellectuals and managers of the Soviet system.

These scholars, scientists, teachers, composers, writers and trade officials, certainly by virtue of education are best qualified to understand the party's program and ideals. Yet it is they who keep getting out of step.

Perhaps the Kremlin ought to buy ouija boards and get Karl Marx's ghost to explain his theories all over again. Some of the faithful are certainly mixed up now.

Truman, MacArthur

(Continued from Page One)
primaries was announced today.
Melvin T. Holt, attorney and
spokesman for a Cleveland Mac-

Arthur-for-President Club, said a
drive would be started throughout
the state to have Republican vot-

ers write in the General's name
on the primary ballots.

Since MacArthur has no slate
of delegates for the ballots, the
campaign mainly would serve as a

test of his strength in Ohio.
Warren Wright, Chicago bank-
er, announced plans for a meeting

in Milwaukee as a national coordi-
nator for the MacArthur for Amer-
ica Clubs. He said about 20 Mac-

Arthur campaign leaders from 10
states will attend.

Wright predicted a "rank and
file" movement to nominate Mac-
Arthur and said the Supreme Al-

lied Commander in Japan already
has about 50 delegates for the
Republican nomination on the first

ballot. He did not identify their
states.

Asked about MacArthur's poli-
tics, Wright said he had no idea
the Democratic convention would

consider him. But Wright said "he
will receive some Democratic sup-
port."

He indicated this would come
from the South where the Demo-
crats are up in arms over Mr.

Truman's civil rights program.
To support this belief, he read

excerpts from a letter from Seton
Ross, of Memphis, managing edi-
tor of the Cotton Trades Journal,

and messages pledging support
from Laredo, Tex., New York City,
Newark, Pittsburgh and Los An-
geles.

Mrs. William Conroy,
Bronx, N. Y., sent the first \$1 do-
nation to the newly opened head-

quarters here. She said she had
11 votes in her house for the Gen-
eral, adding:

"We need him to save us from
Communism."

As for whether MacArthur may
return soon from Tokyo, Wright
said:

"It might be well to bring him
back, since everyone else seems to
have lost their sense of direction."

General MacArthur has figured
in these recent political news
events, climaxed by an open bid

yesterday for the Republican presi-
dential nomination:

Feb. 29—Endorsed drive to or-
ganize Young Republican Clubs on
college campuses. He said the Re-
publican Party "has never devi-

ated from the proposition that all
political power resides in the peo-
ple."

Mar. 2—The Hearst newspapers
urged editorially that MacArthur
be drafted.

Mar. 3—MacArthur called the
House Foreign Affairs Committee
he could not leave Japan at this

time to testify on China aid be-
cause of "pressure of my opera-
tional duties." But he spoke out

for a free China and said Congress
should not underrate Chinese needs
or their importance.

Mar. 4—Three former New Eng-
land governors—Joseph B. Ely and
James M. Curley, Mass., Demo-
crats, and Francis P. Murphy, N.

H., Republican, who supported
Franklin D. Roosevelt—said they

Commerce together with W. A.
Morrison and a committee from
the Sanford Merchants Associa-

tion, appeared before the Board
and urged prompt action in ap-
proval of the Road Department's
route suggestions.

Mr. Higgins pointed out to the
Commission that the route had
been a project of the Chamber of

Commerce for a number of
years, but that nothing had been
done about it until recent years.

He told of the progress made in
having extended the paved road

from Sanford to Mims, and of
difficulties encountered.

The state Road Department, he
declared, had requested the City
and County authorities to pass

resolutions leaving the designation
of the route up to the Depart-
ment. Both City and County pass-

ed resolutions to this effect in
November, 1915, he said. Since
that time the road department

has surveyed routes and checked
local and through traffic.

The Chamber of Commerce, said
Mr. Higgins, is not advising any
particular route. He pointed out,

however, the need of County ap-
proval of the Road Department's
suggested route and "moving as

fast as possible on the matter"
in order that it be not delayed
too long. He pointed out the im-

portance of the route as an east-
west connecting link through San-
ford.

Mr. Morrison, president of the
Merchants Association, appeared
with a committee that included

Arthur Yow, J. W. C. Hill, and
Gene Roumillat. He stated that
the Association, at its recent

meeting of directors, had voted
to urge the County Commission
to expedite decision on the route

at the earliest possible date. He
also declared that if there is any
way in which the Merchants group

can help in furthering the pro-
ject, that they will be glad to do
so.

Rep. Smith, who attended the
meeting of the Road Department
in Tallahassee yesterday, declared

that the possibilities of the High-
way No. 46 connecting link
through Sanford had been dis-

cussed, also the building of a new
Geneva Avenue Bridge. He point-
ed out the curious fact that both

of the present bridges over the
St. Johns River on the route are
in Seminole County, but that the

fill between them is in Volusia
County.

The Commission authorized the
purchase of a power lawn mower,

headquarters for MacArthur cam-
paign. He said MacArthur clubs
would be formed in every state

and county.

Mar. 8—MacArthur said in To-
kyo he would accept the presi-
dency if elected.

Meanwhile a spokesman for the
New Jersey Democratic organiza-
tion headed by former Mayor

Frank Hague said the state's de-
legation to the Democratic Con-
vention will be "one hundred per cent

for President Truman."

"We will work for him all the
way," the spokesman said. "We
have no other candidate in mind."

President Truman announced
yesterday that he will run for a
full term in the White House if
the Democrats nominate him. He

Upshaw Crusades
Against Evil Of
Liquor Business

Former Congressman William
Upshaw of Georgia in a talk to
a large group at the First Meth-
odist Church Sunday afternoon

reverted to his habitual role as
a temperance crusader.

"Sanford is too beautiful with
her dimpling lakes and her gold-
en orange groves to allow war-

on her face and caners on her
body," he asserted. "Too fine in
her citizenship and too noble in
her ideals to protect a business

that prospers on the economic
robbery and moral delinquency of
its own patrons."

He scored legislators who are
in favor of licensing a business
"that ruins youth and destroys

happy homes," and added, "They
are not fit to represent you
either in Tallahassee or in Wash-

ington."

Mr. Upshaw quoted statistics
to the effect that during 1916
the liquor business took eight

million, seven hundred million dol-
lars out of the pockets of the
American people and declared that

his money might have gone in
these hectic times to decent mer-
chants for something to eat and

wear and use in making happy
homes.

"But that deals only with dol-

lars—it takes no account of wild
parties, drunken drivers, torn up
cars, mutilated bodies and high-

ways spattered with human
blood." He stated that prohibi-

tion, contrary to liquor advertis-
ing, was not a failure, and quoted
U. S. Census statistics to that

effect.

"Insanity caused by liquor de-
creased 60 percent," he asserted;

"crime decreased 34 percent; the
death rate decreased 20 percent;

general drunkenness decreased 50
percent; and savings banks de-

positors increased 100 percent."

He termed repeal a colossal
failure. "And what has repeal done

to improve conditions? he asked.
"Instead of stopping bootleggers,

as they glibly promised, the gov-
ernment discloses that there are

more bootleggers now than ever
hidden under the shadow of the
high license saloons and instead

of 177,790 saloons and 1,900 dis-

tilleries that were closed by the
18th Amendment, there are now

over half a million liquor shops
operating under 57 varieties of names."

Session's Case

(Continued from Page One)
order had been made by Judge
Smith vacating a previous order

by Commissioner Mayo requiring
the Market Fruit Company to pay
Sessions \$7,283.65 or have its

fruit dealer's license suspended.
Judge Smith quashed the order

of Mr. Mayo. The Supreme Court
did not go into the merits of the
case, but said that the Circuit

Court of Seminole County had no
venue over Mayo.

J. W. Hall, stockholder and
former manager of the Market
Fruit Company, stated this morn-

ing that the company had received
its license to operate this year
and that it is now operating un-

der said license.

Garland W. Spencer, counsel
for the Market Fruit Company,
said that since the opinion of the

Supreme Court in the case, which
he had on his desk, had cited no
authorities for the ruling made

by the Court that Mayo proceed-
ing without objection to venue
did not waive the right to object

to venue.

He stated that in his opinion
the decision was contrary to nu-
merous decisions heretofore hand-

led down by the Supreme Court
of Florida. He further stated that
he is now preparing a Petition

for Re-Hearing and also prepar-
ing a motion requesting the Court
to clarify the opinion so that the

bench and bar of Florida would
understand why numerous prior
decisions of the Supreme Court

had been overruled by this opin-
ion without citing case authority.

as requested by Howard Hughes,
superintendent of Big Tree Park,
who has planted an acre or more

of grass there. It was suggested
by Commissioners that the power
mower could be used also both

at the County Home and at the
Court House lawn.

Mr. Hughes was highly com-
mended by the Commission for
his work in putting the neglected

Big Tree Park in order, provid-
ing fencing and other improve-
ments since he took over its care

last July.

Governor Thomas E. Dewey of
New York and Harold E. Stassen,
former governor of Minnesota,

Hampshire's first-in-the-nation Re-
publican presidential primary.

HOLY CROSS SERVICE

A mid-week service will be held on Wednesday at 8:00 P. M. at Holy Cross Episcopal Church, Rev.

Tree Dedicated To Mrs. O. P. Herndon

A magnolia tree was planted in Fort Mellon Park on Friday morning at 9:30 o'clock by the Azalea Circle of the Sanford Garden Club and dedicated in a brief ceremony to Mrs. O. P. Herndon, past president of the Garden Club. Stanley Humley rendered a vocal solo as a prayer and Mrs. A. W. Epps, president, read "Miracle" by Lucien M. Lewis. Mrs. June Roumillat made the dedication talk. The service was closed with the reading of Joyce Kilmer's "Trees."

Following the planting of the tree and dedication Mrs. Herndon was honored with a garden tour and progressive luncheon which began with a visit to the gardens on Palmto Avenue, Mrs. H. H. McCaslin, Mrs. C. L. Redding and to the home of Mrs. E. C. Harper. The cocktail service was served. The salad course was enjoyed in the home of Mrs. L. E. Spencer with Mrs. W. R. Jennings as co-hostess. The home of Mrs. J. M. Moye was the scene of the main course of the delicious luncheon. Decorations followed an Easter motif. Tiny toy wagons drawn by Easter bunnies and chickens decorated the individual tables where the luncheon course was served. Other clever decorations were placed about the rooms.

Upon returning the tour the group visited the gardens and nurseries of Mrs. S. C. Dickerson on South Sanford Avenue where they were given a Sweetheart Supreme azalea after which the Charles E. Ginn gardens on Sanford Avenue were inspected. On the schedule also was the garden of Mrs. Henry Wright, the organizer of the Sanford Garden Club and its first president, which was cancelled because of rain. The dessert course was served at the home of Mrs. B. E. Elsherry where the Easter theme was also carried out in decorations. Hostesses with Mrs. Elsherry were Mrs. J. P. Cullen and Mrs. Henry McLaughlin. Continued to abandon its visit to the G. B. Kirtley gardens on Golden Lake.

Guests of the Azalea Circle for the event were Mrs. Epps, Mrs. Ginn, Mrs. Dickerson, Mrs. Heeren and members present included Mrs. Herndon, Mrs. Harper, Mrs. William B. Wray, Mrs. Roumillat, Mrs. Moye, Mrs. Spencer, Mrs. Jennings, Mrs. Elsherry, Mrs. Cullen, Mrs. W. P. Fields, Mrs. McLaughlin, Mrs. Hayes, Mrs. Roy Tillis, Mrs. J. A. Young, Mrs. P. P. Campbell, Mrs. A. Hunt, Mrs. J. L. Clark, Mrs. Henry Russell and Mrs. E. A. Monforton.

Davis Home Scene Of Circle Meeting

Mrs. S. J. Davis and Mrs. W. L. Vance served as co-hostesses for the regular meeting of Circle No. 1 of the W. M. U. of the First Baptist Church held yesterday afternoon at the Davis home on Myrtle Avenue. The meeting rooms were attractively decorated with lovely arrangements of red roses and larkspur.

Mrs. R. F. Cooper, who presided over the short business meeting, urged members to attend the Monday meeting of the W. M. U. the program of which will be under the direction of Circle No. 1. The lesson in stewardship was taught by Mrs. A. L. Myers and sewing for the local hospital was distributed. Definite plans for the sending an Easter gift and flowers to the shut-ins were made.

At the close of the business meeting delicious refreshments were served by Mrs. Davis and Mrs. Vance, assisted by Mrs. Raymond Kader, to the following: Mrs. John Malloy, Mrs. M. C. Hagan, Mrs. Myron Smith, Mrs. J. L. Jackson, Mrs. Herman Morris, Mrs. Myron Smith, Mrs. A. P. Bourne, Mrs. W. P. Westmoreland, Mrs. J. F. Lewis, Mrs. R. D. Dekle, Mrs. Cooper and guests, Mrs. Frank Mills, Mrs. Edward R. Jones and Mrs. J. L. Johnson.

Mark T. Carpenter announced this morning. The Rev. John S. Armfield, rector of St. Paul's Church, New Smyrna Beach, will be the guest speaker.

Maxwell Will Sing At Methodist Church

Richard Maxwell, nationally known radio singer, will appear in person at the First Methodist Church next Sunday at 3 P. M. in a special concert under the auspices of this church and Veterans Hospital Programs.

Well known as "John" of the Soth Parker program, Mr. Maxwell has been heard from coast to coast in his own CBS programs, "Songs of Cheer and Comfort" and "A Friend in Need." Mr. Maxwell has also appeared on the Mutual Network in "Hymns You Love." During the war years, he devoted his talent to Army and Navy camp entertainment throughout the United States.

Mr. Maxwell's appearance here will be in the interest of Veterans Hospital Programs, a non-profit organization which takes inspirational entertainment to veterans' hospitals and presents bedside radios to the wounded men. Today when many entertainers have stopped giving shows for service men, Mr. Maxwell feels that "now is the time for church people to rally behind this cause and show our veterans that the Church has not forgotten them."

The program will feature the singing of Margaret Fuller, CBS singer and 1947 winner of Arthur Godfrey's "Talent Scout" contest, as well as the talents of Mildred Young, graduate of the Julliard School of Music in New York. Miss Young has appeared with the NBC Symphony Orchestra under Toscanini, and on the Celanese program. Mr. Maxwell will also tell dramatic stories of his experiences in the Army camps, Naval bases, and hospitals during the past five years.

The public is cordially invited to attend this rally in the interest of our disabled veterans.

TEEN TALK

Dear Judy, A new craze in the sub-club set here is television. Heaps who have television machines are inviting the gang in to see them.

The boys are keen on sports events which are going on a lot of the time. Football, baseball, basketball, hockey and boxing—in season—keep the set humming. The girls have fun watching the fashion shows, ice shows and getting beauty make-up advice.

You can get ski lessons on television, and the funniest sight you could ever experience is to walk into a living room full of kids on skis, all practicing their ski positions. The kids line up and follow the instructor through a ski lesson just as if they were out on a ski slope. This is a lot of fun, except they want to try something like a kick-turn. Then somebody must be delegated to watch the lamps before they go crashing to the floor.

It's strange to see exhubly soters sitting around the floor, quiet as little church mice, watching the screen. Sometimes the party winds up without even a peep out of the record player—Bing and Frankie are on the shelf!

A good way to keep the snail try occupied during these sessions is to promise them time to see a puppet show or a story telling hour, which are usually telecast on Saturday afternoon.

Beth Fulton of Roanoke, Va. wants to know how you wear your hair in luck when you wear wigs. She doesn't know whether to leave hers long or cut it short.

To Beth, then, and all the other kids who are making wigs, let's say "please don't cut your hair to wear these wool tails—or for any other reason." A simple long bob is the prettiest hairdo for a teenager. To wear the wig tails with long hair, just part your hair down the center—from forehead to nape of the neck. Then put the hair up on each side in a sort of a bun.

If the hair is very long, braid it in pigtails and wear it pinned to your wig tails or wind it Danish pastry fashion over your ears.

Lots of the kids wear their hair the usual way, than in just sort of cover their heads with the wig tails, hat fashion.

Although there are actually about 100 varieties of fish sold throughout the country, the average family in the United States uses only about six of them on the dinner table. This lent why not try a fish you've never served before? This is the time, too, to try different ways of preparing familiar varieties. Besides its appropriateness for Lenten tables, fish is an economical, high-quality protein food that can help stretch budgets.

The most common fault in preparing fish of all kinds is overcooking. A good test for telling whether fish fillets are done is if they flake easily with a fork; when fish with bones is being cooked you should be careful to see that it flakes easily from the bone and to use a uniform color throughout. Cooking fish only until it is done insures its being moist and tender and brings out its delicate flavor.

One of the most readily-accepted ways of serving fish is creamed—especially when it's combined with another well-liked food. Served in pastry shells or over hot baking powder biscuits, with potatoes or slices of hard-cooked egg added, it usually makes a hit. If you are using a home-cooked sauce, it's well to remember that one pound of fillets will make about two cups of flaked cooked fish.

Almost more than any other food, fish that is fried, sautéed or broiled needs garnishing. I know people who go into freezes if fish cooked in this way and served without a sauce is unaccompanied by a wedge of lemon. Since there are so many garnishes that "go with" fish it's usually not hard to find something in the refrigerator to accompany it. Here are some of the garnishes that make fish most attractive and are most popular; fortunately there are always a few of them in season, no matter what the time of year.

When it comes to something green, parsley and watercress head the list. But do you know the little professional trick of using these garnishes? Hide the stems. Tuck them in under the fish and let only the curly green of the parsley and the bright smooth green of the watercress leaves show on the platter.

Green pepper and cucumber are, of course, the other two green vegetables that do worlds for fish. Both of them not only add color but give good texture contrast with their crunchiness. They are most attractive for garnishing when cut in thin rings.

When garnishing with other primary color, red, tomato sauce and radishes are favorites. If you are a window-put garnisher you may have some chives or basil to chop finely and sprinkle over the tomato slices, or drizzled with a little olive oil and basil vinegar, seasoned with salt and freshly-ground pepper, these tomato slices make any plain fish dish taste wonderful. Serve radishes whole or slice them thinly to circle a fish platter along with a leafy green.

In the east many people like tartar sauce—mayonnaise mixed with chopped pickle and sometimes other seasonings—with fish fillets; others reserve it for seafood such as scallops or shrimp. An interesting use of tartar sauce with broiled fish is given in the following recipe. The broiled-on sauce gives the fillet-one of the most beautiful golden-brown topplings I have ever seen. Small boiled new potatoes sprinkled with chopped parsley complete the dish.

Broiled Fish Fillets with Puffy Sauce

8 very thin skinned fish fillets (about 1 pound)
1 egg white
1/4 cup commercially-prepared mayonnaise
2 tablespoons pickle relish
Remove pan from broiling rack; aluminum foil may be placed on pan to hold fillets for ease in removing. Fish and washing pan. Wipe fillets with a damp cloth and place on pan. Preheat broiling compartment for 10 minutes or follow directions given by range manufacturer. Beat egg white until it is stiff enough to

Patricia Benton Is Honored On Birthday

Those enjoying the afternoon with Patricia were Pat Smith, Patsy Cornett, Patricia and Jimmie Brantley, Paul Keith, Dottie Benton, Bonnie Marie Alford, Marjorie Benton, Lucille Hall, Brenda K. Benton and Denny and Elizabeth Hayes. Also Mrs. E. O. Kottl, Mrs. R. C. Brantley, Mrs. S. R. Cornett, Mrs. O. R. Smith, Mrs. G. W. Benton, Mrs. G. H. Alford, Mrs. Charles Hayes and Mrs. Jack Benton.

Easter Bonnets To Be Enchanting, Young

By FLORENCE MILLS
AP New-features
PARIS—Easter bonnets this spring are going to be enchanting contraptions of straw and frilly tulle especially created by Paris hat designers to dispel the rather gloomy effect of the "new look" disease.

They can be worn with ease by older women and at the same time they will make the young look youthful to an extreme degree. Foreign buyers, well equipped with extra spending money gleaned from the recent franc devaluation, are going out on a purchasing spree and you can expect the hats to sell off the assembly lines in good time for the Easter parade.

Many of the models are of expensive silks, satins and cypriote-type scarves set on hand-shaped wired buckram mounts. But the majority are of Milan, Florentine or to accompany it. Here are some of the models that make fish most attractive and are most popular; fortunately there are always a few of them in season, no matter what the time of year.

FASHION NOTES BY DOROTHY ROE

Silk is back with a bang in the spring style parade, at prices within reach of the average budget. There are still plenty of \$200 price tags on the pure silk dresses and suits turned out by top designers, but you also may find some "good looking ones" at \$25 or \$30, by shopping around a little.

Now that the government has resumed raw silk importations from Japan, things are looking up for silk fanciers. Despite the excellence of synthetics developed during the war, there's something about pure silk that gives most women a feeling of luxury.

Present production of raw silk for U. S. use is about 10,000 bales a month, as compared to 60,000 bales a month before the war. Much of the prewar volume, however, was used for silk stockings—and stockings are among the few items of which the public preference now seems to be for the synthetic rather than the natural fiber.

It is predicted that the supply of raw silk to this country will soon be back to normal, and will keep pace with the demand. There are some manufacturing difficulties, however, as many mills converted from silk to rayon production during the war, and there are far fewer silk looms and trained silk weavers than

BIRTH ANNOUNCEMENT

Mr. and Mrs. Ernest Southward announced today the birth of a daughter, Donna Ann, on Mar. 4 at the Fernold Laughton Memorial Hospital. Mrs. Southward will be remembered as the former Rose Hankey.

Handsome new silks are seen in all spring fashion collections, however, and designers have welcomed the return of rustling silk taffetas, silk macramutes, velvets, tulle and crepe. Pure silk shantung also are prominent in the spring and summer picture, and silk lingerie once more is available at prices below the top luxury brackets.

In ancient times, Babylon, Egypt and the Hindus strove for nearly 1,000 years for supremacy in the Near East. Then all were conquered successively by the Assyrians, Persians, Greeks and Romans.

### Salary, Player Limits Are Tossed To President Herlong By Trautman

SILVER SPRINGS, Mar. 9 (Special)—President George Trautman, of the National Association of Professional Baseball Leagues, told Florida State League officials here yesterday that the responsibility for maintaining player limits and salary limitations in the circuit "are in the hands of your league president, A. S. Herlong."

He told the directors that the Florida State League should not be a refuge for old ball players who are on the way out but should be a place where ambitious youngsters get training and opportunities to advance in baseball.

He termed the matter of the number of "rookie" players as a subject to be handled by each league, but declared that as many first year players as possible should be used.

Trautman told the group that the minors have expanded from ten in 1914 to 58 for the coming season and that "We could have had 60 or 70 this year, but I think that it is better to stop and stabilize our gains. When the rains come, I fear there'll be too many running for cover."

He asserted that umpires are of the highest importance and that Class D leagues should not expect Major League work.

John Krieger and Joel Field represented Sanford at the meeting.

### Double Feature Race Program Is Offered Tonight

A double feature greyhound program will be offered tonight at the Sanford-Orlando Kennel Club for the first time during the 1948 meeting. The eighth contest will be a feature sprint race while the feature ninth race will be run from the five-sixteenths of a mile track.

In the feature ninth race, one of the top greyhounds at the track this season, Nellie Gray, will try to outdistance the field in a sprint race. Nellie has shown her best form in the longer distance events so tonight's contest is sure to test her sprinting skill.

In the feature ninth a lot of popular canine will toe the mark including Brave Life, Hand Out, and a newcomer to "hot box" competition, Bob Colson, who has looked exceptionally good in his last two starts.

Schooling races will be held tonight beginning at 7 P. M., one hour before the regular program begins. The public has been invited to these preliminary schooling trials.

### College Cagers To Open Whirl-Wind Tournament Fling

NEW YORK, Mar. 9 (AP)—College basketball takes its second whirlwind today and steps off on its final big fling—a series of whirlwind tournaments—points this year to the London Olympics.

Two of the eliminations begin this week. The 32-team NAIB stamina test gets underway today in Kansas City. The National Invitation Tournament, involving eight hand-picked quintets, will open Thursday at Madison Square Garden.

These events will be followed by the NCAA regional playoffs—the Eastern at the Garden March 18, the Western in Kansas City March 19.

Winners of these four tournaments will qualify to meet the National AAU's three top teams and the National YMCA champion in the Olympic tryouts here March 27, 29, 31.

Marshall College of Huntington, W. Va., will defend its title in the NAIB against a fast field which NAIB Executive Secretary Emil B. Liston predicts will top any cage show ever held in this country.

### COMMENTS from the SIDELINES

By ARTHUR BRCKWITZ, JR.

**BASEBALL**  
Manager Hal Gruber of the Sanford Giants reports satisfactory progress on the Municipal Baseball Park.

"Bill Orchard has reported that he will have his crew of city workmen in the park very soon to repair the stands and the bleachers, so that they will be ready for the spring training exhibition baseball games," Gruber stated yesterday afternoon.

Gruber stated that the painting of the stands is still in the making, but definite word on the work will be forthcoming shortly.

**SANFORD CLUB**  
Manager Gruber has again contacted the six players carried over on the 1947 roster of the Sanford entry in the Florida State League and has told them that he desires that each of them report to the Sanford camp at the Municipal Airport on March 15, when the Sanford Giants open their spring training slate.

However, Gruber has not received any signed contracts from the men he reported yesterday.

The Giants are in the process of drawing up a proof of a season pass to be inspected by Carl Hubbell, director of the Giants farm system. Upon the approval of the former Giants outpaw mound star, the tickets will go to press and the people of Sanford who desire the tickets for the full year can purchase them.

One set will include all games for the regular season, good for any seat in the unreserved section of the grandstand or bleachers.

The other set will include a reserved seat in the stands.

The general admission ticket will sell for \$35 and the reserved seat ticket will go for \$50. Manager Gruber stated that an announcement as to where and when the tickets can be purchased will be made soon.

The Sanford skipper has ordered three additional uniforms for the 1948 edition of the Sanford club. They will be identical to those used last year.

New navy blue caps have been purchased. The set will be navy blue with two red stripes and the "S" will be navy blue with a red "H."

**TRAINING CAMP NOTES**  
ORLANDO, Mar. 9 (AP)—The Washington Senators have a rookie second baseman candidate who is a manager last year.

He is Calvin Coolidge Ermer, who was named boss of the Class B Charlotte club—a Washington farm team—in the middle of the 1947 season. Ermer, who was 21 at the time he took over, coached eight triples and seven home runs and led the Tri-State League in doubles with 27.

CLEARWATER, Mar. 9 (AP)—Emil (Dutch) Leonard, the Philadelphia Phillies' veteran knuckleball expert, will pitch his opening game of the National League season against the Boston Braves at Philadelphia Apr. 20, Manager Ben Chapman announced today.

Leonard won 17 and lost 12 last year and had an earned run average of 2.68.

WEST PALM BEACH, Mar. 9 (AP)—Philadelphia Athletic Manager Connie Mack is eyeing Rookie Shortstop William Demars for a berth with the A's when they leave here Apr. 2.

ST. PETERSBURG, Mar. 9 (AP)—With First Sacker George McQuinn in the fold, only Pitcher Charley Wenzel remains on the New York Yankees' holdout list. McQuinn came to terms yesterday. Wenzel is believed to be at his California home, but apparently the Yanks aren't worrying about him.

CIUDAD TRUJILLO, D. R., Mar. 9 (AP)—Various minor ailments are disrupting the activities of the Brooklyn Dodgers. Pitcher Ralph Branca has a pulled muscle in his left thigh and won't work for a few days. Hurter Rex Barney has a touch of grippe. Outfielder Duke Snider has an intestinal disturbance, and Pityphaser Al Glorifido is recovering from being beamed.

ST. PETERSBURG, Mar. 9 (AP)—Clarence Beers and Al Pappal, two St. Louis Cardinal pitching recruits who had impressive records with Houston of the Texas League last year, will work for the Cards' "B" team against the Philadelphia Phillies today.

BRAIDENTON, Mar. 9 (AP)—Eddie Stanky, newly purchased Boston Braves' second baseman who has been confined to a hospital in the Dominican Republic, will be discharged today and join his new club Saturday.

Brooklyn officials have informed the Braves that the fiery second sacker suffered a viral infection, but that penicillin returned his temperature to normal overnight.

### Gambling Charge Fixes Suspension Of Hockey Stars

LANSING, Mich., Mar. 9 (AP)—National Hockey League President Clarence S. Campbell today expelled Billy Taylor, New York Ranger hockey player, and suspended Don Gallinger of the Boston Bruins on charges of being associated with gamblers.

Campbell reported the punitive action to Michigan's governor, Jim Sigler.

Campbell had returned to Michigan to announce his decision because Detroit Police on Sigler's instructions last week had given the League President information pointing to a link between gamblers and professional hockey players.

The Hockey League President expelled Taylor for conduct "prejudicial to and against the welfare of hockey."

He charged that he had sufficient evidence to show that Taylor had "knowingly associated with and communicated with James Tamer, a criminal and known gambler."

### Sports Roundup

TAMPA, Mar. 9 (AP)—Impressions after a week in the baseball training camps:

Most optimistic manager—Billy Southworth of the Braves. About the only thing talkative Billy won't say is that he's sure to win the pennant.

Most uncommunicative manager—Joe McCarthy of the Red Sox. Joe never did say much and this year he says even less.

Most enthusiastic squad—the Phillies. It's hard to tell whether the "regulars" or the "farmhands" squad has more spirit. Manager Ben Chapman seems to lean toward the farmhands.

League enthusiasm—the Athletics. But maybe we hit them on a bad day.

Most determined—the Tigers, especially the players who took pay cuts after last season.

Best check grabber—Gale Paul, the Reds' assistant to the president. He can act as if he really liked to do it.

Guy who is having the most fun—Bob Carpenter, Phillies president. And he'd be happier if a sore arm didn't keep him from working out with the team.

Hard-luck guy—Tom Swope, Cincinnati baseball writer, who took a day off to go fishing, got caught in the rain, took refuge on a porch and tried to get a strange dog. That was when Tom got the dog.

Shorts and shells

Harold Daugherty, who's getting a trial in the Detroit infield, was a freshman halfback on the 1945 Ohio State football team. He didn't play baseball in college, but took it up in the Army. The Red Sox Tex Hughson won 22 games in 1942, '48 in 1944 and 20 in 1946. One reason why he's hopeful now is that another "even" year is coming up. . . . Jewel Ens, Syracuse manager, worked three years developing Hank Sauer into the guy whose hitting has the Red Sox camp excited. "One year he hit only .214, but I never gave up on him," Ens explains. "I knew a big, strong fellow like him should be better. He's developed into a good fielder, too."

Quote, Unquote.

Billy Southworth: "I fear the Cardinals more than the Dodgers. The reason is that they're strong in every position and probably have the best-seasoned pitching staff in the league."

**Try-Out Camp To Be Held By Philadelphia**  
PHILADELPHIA, Mar. 9 (AP)—A group of 42 youthful school and amateur baseball stars were enrolled today to compete in the Philadelphia Athletics' try-out camp for prospective Major League talent.

The boys, ranging from 17 to 19 years old, left here yesterday for the southern camp where they will train for two weeks under Ira Thomas, A's scout and his staff of Ducky Detweiler, George Staller and Tom Oliver.

Those who make the grade will get a shot at organized baseball via the A's farm clubs.

ORLANDO, Mar. 9 (Special)—Billy Kinard, Sanford pugilist, was awarded a contested decision over Angel Chavez here last night after one of the hardest fought battles seen in the Legion arena in quite some time.

Kinard's manager, T. E. Wilkes, stated that he did not approve of the decision and that he felt that the bout was handed to Billy.

Hal Patterson of Lake Mary patented Dick Hagenbottom of Jacksonville in the third round of their scrap.

Florida in a two-game series at Gainesville, March 22-23, in the first of 16 conference contests. Series also scheduled with L.S.U., Mississippi and Mississippi State.

High frequency sound can be fatal to animals.

It has been estimated that during World War II between eight and nine million U.S. men 18 to 38 years old were unfit for military service and that at least half the disqualifying defects could have been prevented or corrected.

### Miami International Four Ball Golf Tourney Hits Finish Line

#### Infielders Are Big Headache For Tigers

MIAMI, Mar. 9 (AP)—The \$10,000 Miami International four ball golf tournament hits the finish line today.

Jim Ferrier of San Francisco, the PGA champion, and Cary Middlecoff of Memphis, Tenn., face Ellsworth Vines of Los Angeles and Ed Furgol of Pontiac, Mich., in the 36-hole finals.

Both teams were surprise finalists. All four seeded teams which included the Hogans, Demarets, Sneeds, Lockes and others in a picked field of 32 players from the United States, South Africa and Argentina were knocked off in early rounds.

It was Middlecoff's first four-ball tournament. He thinks it is a big "grind"—36 holes a day—but he has the steady influence of Ferrier. Jim made the country mile straight down the middle.

Ferrier and Middlecoff were doublelocked with Herring Keiser of Akron, Ohio, and Johnny Palmer of Boring, N. C., on the 31st hole of their semi-finals match yesterday when Jim made the greatest shot of the tournament.

On the 460-yard par five hole, his drive split the fairways for 250 yards. He took a two iron, and the ball split the pin all the way. It came in rest four feet from the cup. He sunk it for an eagle. His team went one up. They picked up another hole on the 35th by merely shooting par, to win 2 and 1. But the eagle "broke the camel's back."

Keiser contributed two putts which will go down in the four ball record books. He sank a 35-footer on the 33rd to earn a birdie half. And on the 125-yard 34th with Middlecoff's drive only two feet from the pin and a certain birdie two, Keiser dropped his putt from 30 feet to earn another half.

"They were great," he said later. "The best I've ever made, but they came too late."

Vines and Furgol matched perfectly in heat Dick Metz of Arkansas City, Kans., and Skip Alexander of Southern Pines, N. C.

The match ended on the 33rd green. Vines chipped in from 45 feet for a birdie two on the 240 yard 32nd. Furgol reached the green of the 540-yard 33rd hole in two and added a birdie to end it.

March 22nd, 23rd and 24th, and football Coach Ray Wolf has his intrasquad football game set for the 29th.

SALT LAKE CITY (AP)—During the past century the surface of Great Salt Lake has undergone changes in elevation of more than 30 feet.

#### Bobby Forbes, Gator Star, Divides Time Half Grid, Diamond

GAINESVILLE, Mar. 9 (Special)—There's never a dull moment this spring for Bobby Forbes, 172 pound star University of Florida athlete, who is actually dividing his practice time between football and baseball.

Forbes, who finished the 1947 football season 13th among the nation's gainers from scrimmage, puts in an hour with the Gator spring football drills and then moves over to another field for fiddling and hitting practice with Coach Dave Fuller's baseball team. A southern first baseman who also swings from the portside at the plate, Forbes is expected to be among Florida diamond standouts.

Still busier days will come for him late in March. The Gator nine has games scheduled on

## Rural Common Sense

By Spud Johnson

Rural life in Florida, as elsewhere throughout the country, has changed materially during recent years. Sometimes the shifts come slowly and are almost imperceptible until we stop and take stock. Again, they come with very noticeable speed which brings a metamorphosis in a short time.

The trend from local to non-local contacts is quite noticeable. No longer is the farm family isolated in the backwoods. Modern transportation and communication facilities have extended horizons for farm families just as they have other families.

The nation's population continues to shift from rural to urban. Time was when 49 farm families fed only themselves and one urban family. Now the same number of farm families feeds and clothes 75 or 80 families. Many farm families have moved to town but continue to operate their farms.

## Mother Of 8 Settles At Police Station

PAWTUCKET, R. I., Mar. 9 (AP)—Mrs. Joseph Grimes, 34, mother of eight, walked into police headquarters with four of her children Sunday night and announced she had come to stay until someone provides a home for her family.

She told Police Lieut. Patrick Welsh she was tired of living "from pill to pill" since she was evicted from her apartment last December, tired of "living on the charity of friends and relatives," and fed up with landlords who "shut the door in my face when I told them I have eight children."

Mrs. Grimes, who expects her ninth child in September, said her husband is a brewery helper. Her four other children are with relatives and friends.

The pretty mother and her four youngest, aged one and a half to eight, slept in two beds set up at headquarters.

Police said it was a problem for Chief Edward F. Parker to handle.

MARACAIBO, Venezuela (AP)—On the Gulf of Maracaibo, an oil company controls drilling rights on shore, another controls those in shallow water and a third in deep water.

EXPERT Coming Here Again

R. K. SHALLENBERGER

well-known expert of Tampa, will personally demonstrate his method without charge at the Sanford Hospital, 11th St. from 11 A. M. to 1 P. M.

Mr. Shallenberger says the Shallenberger method consists of the operation of a remarkably small instrument on the rupture regardless of the size or location of the rupture and can be worn while bathing. Each shirt is carefully folded and fitted to the parts under heat, which when removed, contracts, thus pulling the rupture together, relieving the patient of all pain.

Do not overlook this opportunity if you want a reliable result. Mailing address 7117 Beachline Avenue, Tampa.

## Aid To China Again Urged By Chennault

### Military Assistance Seen As Imperative If Third World War Is To Be Avoided

WASHINGTON, Mar. 10 (AP)—Today he will vote to trim the European Recovery Program cost to \$4,000,000,000, but will oppose efforts to cut it below that total, Congress has set Apr. 10 as a target date for final passage of the program, known as the Marshall Plan. This deadline, if met, would throw the weight of the ERP into the scales against Communism just eight days ahead of the crucial Italian elections.

WASHINGTON, Mar. 10 (AP)—The Senate today voted down a proposal to administer foreign relief through the United Nations. The proposal was offered by Senator Taylor (D-Ill.) as a substitute for the bill authorizing a \$5,300,000,000 European recovery program. Taylor has announced that he hopes to be elected vice president on a Third Party ticket headed by Henry Wallace. His proposal reflected the expressed views of both men on the foreign aid problem.

WASHINGTON, Mar. 10 (AP)—Maj. General Claire Chennault told the House Foreign Affairs Committee today that military aid to China would help stop "Russian aggression" in Europe. The former commander of the "Flying Tigers" said failure to provide aid to China "will inevitably set the stage for World War III."

## State Reorganizes Draft Board Units On Voluntary Basis

ST. AUGUSTINE, Mar. 10 (AP)—Florida has started reorganizing its voluntary War II draft boards on a voluntary basis, Brig. General Mark Lance, state Adjutant General, revealed today.

"I asked all the board members in each of the state's 87 counties if they were willing to serve again and so far about 80 percent of them have said they would," Lance disclosed.

He emphasized this action was not prompted by any apparent emergency, but because "We want to be ready to function should anything happen."

The new setup, Lance said, will function as a selective draft reserve and vacancies in old draft boards which will constitute the new reserve board are being filled by him.

Lance as well as General Vivian Collins, who was state Adjutant, (Continued on Page Eight)

## Voters May Register As They Please

TALLAHASSEE, Mar. 10 (AP)—Secretary of State R. A. Gray said today Floridians may put their names on voting registration books as members of any political groups they please.

He made the statement in reply to a query as to whether registrations might be accepted for the People's Progressive Party, a group which is supporting Henry Wallace's candidacy for President of the United States.

"Any group that meets that test becomes a political party and as soon as it becomes a recognized political party, it then can nominate candidates under the primary laws."

## Mrs. M. B. Smith Captures Grand Prize At Pilots' "Bosses Night"

Mrs. M. B. Smith walked away with the "grand prize" following the quiz program directed by Charles S. Morrison at the meeting of the Pilot Club held in the Tourist Center last night. The occasion was "Bosses Night," with 58 members and their bosses and guests present.

The first two contestants were Postmaster Joel S. Field and County Clerk O. P. Herndon. Prizes were presented to each, but Mr. Herndon captured the box of "bubble bath." Mrs. Mary Rawlins, the next contestant, won a flashlight, and the first three questions were answered by Mrs. R. C. Maxwell walked away with the garbage can.

Other contestants included Miss Gussie Blanton, who correctly an-

## Governor Dewey Shows Political Punch In New Hampshire Voting

WASHINGTON, Mar. 10 (AP)—New York's Governor Thomas E. Dewey showed today he still packs a potent political punch by capturing six of eight presidential delegate votes in New Hampshire. But by taking the remaining two in yesterday's first 1948 primary, former Governor Harold E. Stassen of Minnesota kept himself in the thick of the race for the Republican nomination.

Politicians thus regarded the New England result as pretty much of a standoff. They turned their eyes westward for the next battle—Wisconsin's Apr. 6 primary. There Dewey and Stassen take on General Douglas MacArthur, who will be testing for the first time his appeal as a positive candidate.

The New Hampshire race long had been billed by Dewey supporters as an indicator of the New Yorker's strength in New

## Stock Exchange Higgins Outlines Head Asks For Cut Future Plans Of In Business Taxes Seminole County

WASHINGTON, Mar. 10 (AP)—President Emil Schram of the New York Stock Exchange asked Congress today for prompt tax relief for business. Reporting an "alarming shortage" of funds for investment, Schram said Stock Exchange trading is down 22 percent for last year.

His statement was prepared for the Senate Finance Committee, now winding up its hearings on the House passed bill to cut income taxes \$6,500,000,000. Without mentioning a specific figure, the Exchange president endorsed "substantial" tax cuts. He said: "A government surplus that gives promise of teaching in excess of \$9,000,000,000 this fiscal year, and a possible figure of some \$18,000,000,000 for this and the coming fiscal year, is ample justification for substantial tax reduction."

But whatever the amount of the surplus, Schram said, these benefits to business should be written into the bill.

First, a cut in the capital gains tax—a levy on profits made from (Continued on Page Eight)

## Sanford Tourist Club Visits Orange City

Forty members of the Sanford Tourist Club were guests yesterday afternoon of the Tourist Club of Orange City, where the Orange City shuffboard group got even for its former defeat at Sanford by winning 11 out of 18 games played during the afternoon, said E. M. Armitage, local director of tourist activities.

During the evening there were 32 Sanford guests at a supper given by the Orange City Shuffboard Club, and a play concerning Stephen Foster was enjoyed at the town hall. This was put on by the Orange City Tourist Club, and the hall was jammed to capacity, said Mr. Armitage. A small orchestra accompanied the singers and played incidental music.

## Civil Rights Views To Be Aired On Radio

WASHINGTON, Mar. 10 (AP)—Two congressmen with widely divergent views on the civil rights question will tangle in a radio debate next week.

Rep. Rankin (D-Miss) and Marcantonio (AI-NY) will argue the proposal for a Fair Employment Practice Commission on Mar. 17. The program will be carried by the Mutual Broadcasting System (8 to 8:30 P. M., E. S. T.).

Rankin is an outspoken critic of the Fair Employment Commission legislation and all other parts of the President's civil rights program.

Marcantonio is a champion of such legislation.

## Scorched California Goes Daylight Saving

SACRAMENTO, Mar. 10 (AP)—Californians, who stubbornly cling to sun time except in great emergencies, go on daylight saving time Sunday.

They were driven to it, a scorching drought caused a critical power shortage. The added hour of daylight in the evenings will save a great deal of power.

## Revenue Bureau Is Defended By Snyder

WASHINGTON, Mar. 10 (AP)—Secretary of the Treasury Snyder today defended the Internal Revenue Bureau from congressional charges of "glaring inefficiencies" and "loafing on the job."

Snyder replied at a news conference to these charges by the Republican-dominated House Appropriations Committee.

He said the 50,000-worker Revenue Bureau is "well run and compares more favorably with any business organization of comparable size."

With irritation in his voice, he added: "When 50,000 men can collect \$40,000,000,000 in taxes in a year, somebody is doing some work."

## U. S. Births Reach 3,908,000 In 1947

WASHINGTON, Mar. 10 (AP)—The United States population reached a new high of 145,340,000 at the start of this year after 1947 proved the biggest single year of growth in history.

The Census Bureau said today a record number of babies, 3,908,000 were born in 1947.

Continuance of a low death rate and a net immigration of about 215,000 persons also helped the net boost last year.

The 1947 net gain was 2,667,000 persons. That exceeded the previous record increase, attained in 1946, by about 400,000.

The bureau said the U. S. population increased by 10.4 per cent or 13,700,000 persons between Apr. 1, 1946, when the last census was held, and Jan. 1, 1948.

## Calwell Case Goes To Jury In Libel Action

TALLAHASSEE, Mar. 10 (AP)—A Collier's magazine editorial for which Governor Millard Caldwell is suing for libel was pictured as a "sensational scandal-mongering statement" and defended as a valid criticism under the rights of a free press today.

The opposing statements were made as attorneys began their closing arguments to the jury trying the \$500,000 suit. The jury will start its deliberations on a verdict early this afternoon.

John T. Wigginton, attorney and former law partner of the Governor, said Caldwell's ability to perform his duties was hurt by the disputed editorial. He argued that it would have been "an open invitation to lawlessness" if it had been true.

He maintained the statement attributed to the Governor was false. He said the mere publication and complete absence of retraction showed malice on the part of the magazine.

Wigginton told the jury of nine white and three negro men the editorial had hampered Caldwell's efforts to meet racial problems. He said a reader of Collier's statement could "get but one impression—that the Governor was a lynch inciter."

Pat Whitaker, Tampa lawyer for the defense, said if the Governor's reputation had suffered it was because of what he said himself, not because of Collier's (Continued on Page Six)

## New Trial Ordered In \$50,000 Lawsuit Against J. J. Cates

TALLAHASSEE, Mar. 10 (AP)—The Florida Supreme Court yesterday directed a new trial in a \$50,000 lawsuit instituted in Circuit Court in Orlando by James I. Howland against J. J. Cates of Sanford.

In ordering the new trial the higher court ruled that Circuit Court Judge Frank A. Smith was "not justified in directing a verdict."

At time of trial Judge Smith directed a verdict in favor of the defendant, J. J. Cates, and Atty. Sam Murrell, representing Howland, appealed.

The action stemmed from an accident at Killarney Corners in which two sisters, winter visitors to the state, were killed when they were struck by an auto operated by Cates as they attempted (Continued on Page Six)

## South's Demos Win Round In Poll Tax Row

WASHINGTON, Mar. 10 (AP)—Southern governors and senators, fighting anti-poll tax legislation, today won a Senate committee's agreement to hold hearings on the legislation. Chairman Brooks (R-Ill.) announced that the Senate Rules Committee agreed to conduct public hearings for four days, probably starting a week from next Monday.

Previously, a three-man subcommittee had approved the measure without hearings. It took a stand that the facts were so well known that there was no reason to hear arguments for or against the bill.

But Senator Stennis (D-Miss) entered a vigorous protest at such action today at a closed-door session of the rules committee. He had asked that hearings be held in the seven Southern states which have poll taxes.

Southern governors also asked a hearing in Richmond, Va., action by the Virginia senate on Governor William M. Tucker's amended anti-Truman bill was delayed today. The bill has been approved by the House of Delegates, 74 to 25.

The Senate delays came when its committee on privileges and elections deferred action on the measure until 10 A. M. tomorrow after receiving several suggested amendments. Committee members predicted the bill would be reported virtually unchanged to the Senate today.

Administration forces today forecast passage of the bill in the Senate by a comfortable margin.

## Jan Masaryk Is Described As Colorful Political Leader

EDITOR'S NOTE: The following profile of the late Jan G. Masaryk was written by Alvin J. Steinkopf of the London Associated Press Bureau. Steinkopf served as an AP correspondent in Czechoslovakia both before and after the war. He knew Masaryk well.

By ALVIN J. STEINKOPF  
LONDON, Mar. 10 (AP)—Jan Masaryk, of Czechoslovakia, in recent years was a man with a heavy heart and a fond of jokes. One of the most colorful of European political leaders, he was dominated and ruled out his life by the personality of his father.

The founder of modern Czechoslovakia, Thomas Garrigue Masaryk, Jan Masaryk, sometimes called a playboy and frequently accused of being frivolous in high office, nevertheless possessed a shrewdness which left its mark on Czechoslovak foreign policy.

"My only merit," he said once in a conversation at Green Palace in Prague, "is that I had the good sense to pick out a distinguished and wise father."

He approached every problem in the spirit of his father, asked himself constantly, "what would father have done?"

## Jan Masaryk Reported To Have Been Under Pressure To Join Communists

TAKE SUCCESS, Mar. 10 (AP)—The Czechoslovak chief delegate here demanded today that the United Nations Security Council investigate the Communist coup in Czechoslovakia. He charged Premier Stalin of Russia with "personal incivility." The delegate, Dr. Jan Papanek, handed Toygo Kier, U. N. secretary-general, his demand in a long letter. He immediately called a conference of U. N. officials and will consult Security Council delegates tomorrow if formally to the council.

PRAGUE, Czechoslovakia, Mar. 10 (AP)—Foreign Minister Jan G. Masaryk leaped to his death this morning from a third floor window of the foreign office, officials in his ministry said today.

These officials confirmed that the son of this nation's first president ended his life just 15 days after a Communist coup in which he was returned to his post as one of the non-Communists in the cabinet.

In London, General Lev Pichala, leader of a Czech movement resisting the Communist regime in Prague, said Masaryk was "under terrific pressure to hang him into line" with the (Continued on Page Four)

## City Gives Funds For Playgrounds For Negro Youths

The City Commission approved the use of \$2,000 of Public Projects Funds for provision of playground facilities for colored children in Goldsboro at a meeting in the City Hall Monday night.

J. W. Knowles, representing the Colored Welfare League, requested the money for improvements on property already purchased by the League. Among the improvements listed were facilities for roller skating.

The Commission denied a contribution to the Red Cross as requested by Edson Shindler on the ground that funds for such a purpose were not in the budget this year, and pointed out that the City will continue to allow the Red Cross free headquarters in the former hospital building, said City Clerk Gordon Bradley.

James Field, representing the PIA of Lake Mary, requested a donation toward the public swimming facilities on Crystal Lake (Continued on Page Three)

## Forrestal Calls War Chiefs Meeting

WASHINGTON, Mar. 10 (AP)—The military high command will meet this weekend in an effort to agree on the individual part of the Army, Navy and Air Force should play in event of a war, Defense Secretary Forrestal told a news conference today about plans for the meeting.

He implied that disagreements exist among the joint chiefs of staff over what role each service should have in strategic planning.

Forrestal said he would ask the commanders of the services to list "those things on which they are in disagreement."

## 'McCurry Club' To Be Formed Tomorrow

A "McCurry for Governor Club" will be organized in Sanford tomorrow night, J. C. Hutchison announced today.

All friends of Dan McCurry, Fort Pierce candidate for governor, and all others interested in his candidacy, are invited to attend the meeting, which will be held at the City Hall at 8:00 o'clock.

## 5 European Nations Agree On Open Union

BRUSSELS, Belgium, Mar. 10 (AP)—Five Western European nations negotiating a military alliance agreed in principle today that their union will be open to other countries of the continent.

France and Britain have pushed for a five-power pact open to other nations, and British officials said the Benelux countries—Belgium, the Netherlands and Luxembourg—had accepted this as a basis for discussion.

The Benelux nations, however, cautioned that there still are differences to be bridged in discussions of the French-British proposal, submitted late yesterday.

Fernand van Langenhove, chief Belgian delegate, said the proposal affects the fundamental structure of the proposed treaty.

ATOMIC LABOR POLICY  
WASHINGTON, Mar. 10 (AP)—An AFL official said today the government should set up a general labor policy for all atomic energy plants and lift restrictions on union organizing in the plants.

James A. Brownlow, secretary-treasurer of the AFL's metal trades department, told the Atomic Energy Committee the AFL recognizes fully the need for uninterrupted atomic production.

But, he said, "one of our difficulties is that different companies which contract with the government to run atomic plants have different policies on such things as insurance, retirement, and safety."

## Revenue Bureau Is Defended By Snyder

WASHINGTON, Mar. 10 (AP)—Secretary of the Treasury Snyder today defended the Internal Revenue Bureau from congressional charges of "glaring inefficiencies" and "loafing on the job."

Snyder replied at a news conference to these charges by the Republican-dominated House Appropriations Committee.

He said the 50,000-worker Revenue Bureau is "well run and compares more favorably with any business organization of comparable size."

With irritation in his voice, he added: "When 50,000 men can collect \$40,000,000,000 in taxes in a year, somebody is doing some work."

## U. S. Births Reach 3,908,000 In 1947

WASHINGTON, Mar. 10 (AP)—The United States population reached a new high of 145,340,000 at the start of this year after 1947 proved the biggest single year of growth in history.

The Census Bureau said today a record number of babies, 3,908,000 were born in 1947.

Continuance of a low death rate and a net immigration of about 215,000 persons also helped the net boost last year.

The 1947 net gain was 2,667,000 persons. That exceeded the previous record increase, attained in 1946, by about 400,000.

The bureau said the U. S. population increased by 10.4 per cent or 13,700,000 persons between Apr. 1, 1946, when the last census was held, and Jan. 1, 1948.

## Sanford Tourist Club Visits Orange City

Forty members of the Sanford Tourist Club were guests yesterday afternoon of the Tourist Club of Orange City, where the Orange City shuffboard group got even for its former defeat at Sanford by winning 11 out of 18 games played during the afternoon, said E. M. Armitage, local director of tourist activities.

During the evening there were 32 Sanford guests at a supper given by the Orange City Shuffboard Club, and a play concerning Stephen Foster was enjoyed at the town hall. This was put on by the Orange City Tourist Club, and the hall was jammed to capacity, said Mr. Armitage. A small orchestra accompanied the singers and played incidental music.

## Civil Rights Views To Be Aired On Radio

WASHINGTON, Mar. 10 (AP)—Two congressmen with widely divergent views on the civil rights question will tangle in a radio debate next week.

Rep. Rankin (D-Miss) and Marcantonio (AI-NY) will argue the proposal for a Fair Employment Practice Commission on Mar. 17. The program will be carried by the Mutual Broadcasting System (8 to 8:30 P. M., E. S. T.).

Rankin is an outspoken critic of the Fair Employment Commission legislation and all other parts of the President's civil rights program.

Marcantonio is a champion of such legislation.

## Scorched California Goes Daylight Saving

SACRAMENTO, Mar. 10 (AP)—Californians, who stubbornly cling to sun time except in great emergencies, go on daylight saving time Sunday.

They were driven to it, a scorching drought caused a critical power shortage. The added hour of daylight in the evenings will save a great deal of power.

Much of the state already has browned out. Power usage generally has been cut 20 per cent, causing one-day shutdowns in many industrial plants and putting many thousands of laborers on a four-day week.

Only once before did Californians set back their clocks. That was in World War II, when the entire nation did. There have been many attempts to put the state on daylight time, but the legislature defeated every one—until yesterday.
