## State Closed Shop Laws To Be Hit By Proposed Labor Bill

### NLRB Executive Says Legislation Would Cancel State Bans On Union Security

WASHINGTON, Feb. 2—(AP)—The chairman of the National Labor Relations Board said today that the Truman administration's labor bill would override state laws against the closed shop.

NLRB Chairman Paul M. Herzog testified before the Senate Labor Committee, which is considering the bill under a new "hurry up" order calling for night shifts. Secretary Tobin was to follow Herzog to the stand.

Herzog took the stand after an angry wrangle among committee members over the decision to hold night sessions. The quarrel ended with a 5-4 party-line vote to meet tonight.

The row began when Republican Senator Donnell (Mo) and Taft (Ohio) protested that the first they knew of the decision to meet at night was when they read it in the papers this morning. Donnell moved to reconsider.

Senator Moran (R-Ore) asked if it were in order to debate the Donnell motion.

Chairman Elbert Thomas (D-Utah) reddened, hesitated, and then said:

"You're in order, but I doubt very much whether it's in good taste."

Moran said coldly: "I will at all times be the judge of whether what I do is in good taste. And I'm not interested in the opinion of the Senator from Utah as to what is in good taste."

The Democrats are trying to speed action. Senator Douglas (D-Ill.) looking on Moran's move for Feb. 2 as a delaying measure, accused the Republicans of conducting an "informal filibuster."

Donnell indignantly denied this. The speech was a vote on Donnell's motion to reconsider yesterday's decision on night sessions.

**Cigarette Taxes Up \$243,393 For Year**

TALLAHASSEE, Feb. 2.—(AP)—Beverage and cigarette tax receipts taken by the state during the first seven months of this financial year are almost equal to the intake for the same period last year.

The taxes have brought in a total of \$20,324,606 so far this year—a drop of \$16,630 from last year's receipts. The fiscal year ends June 30.

Beverage taxes were down \$259,937 over the seven month period while cigarette taxes were up \$243,393.

The Beverage Department took in \$2,141,357 from beer, wine, liquor and cigarettes during January. The total was an increase of \$165,404 over income for January, 1948. State Beverage Director Lewis Schott said.

**City Shuffleboard Club Trims Tourists**

The Sanford Shuffleboard Club, which is located at Palmetto Avenue and Second Street, played and defeated the Sanford Tourist Club team last night at the latter club's 16. Mellon Courts by a score of 17 to 10.

All nine courts were used with 18 players on each side. The Sanford Shuffleboard Club of which Carl Eisenhower is president, has 33 members of whom 28 are from out of state. The Sanford Tourist Club has 146 members of whom more than 100 are from out of the state. The latter club members are guests today in Winter Park of the shuffleboard club there.

## Demos Drive For Approval Of Trade Law

### House Committee Approves Bill To Restore Old Powers Until June, 1951

WASHINGTON, Feb. 2 (AP)—Democrats drove through the House Ways and Means Committee on a 17 to 8 vote today a bill restoring until June 12, 1951 the full powers of the old reciprocal trade law.

President Truman requested the legislation, telling Congress it needed to remove obstacles put in trade negotiations by the GOP trade law passed in 1948.

He said full operation of the trade act would build world commerce and promote peace.

Two Republicans Rep. Keen (N.J.) and Holmes (Wash.) joined 15 Democrats in support of the measure.

Opposing were eight Republicans.

The legislation will go to the House for debate next week, with a vote expected Wednesday.

It gives the President power, without any reference to Congress, to cut American duties up to 50 per cent below Jan. 1, 1941 tariffs, in trade pacts with nations that agree to reduce their trade barriers.

The 1948 GOP revision of the trade law provided for detailed studies by the federal tariff commission.

It required the President to make an explanation to Congress if he cut any duty against the commission's advice that this might harm an American port.

**Budgets Show Cost Of Government For States Increases**

CHICAGO, Feb. 2.—(AP)—Annual and biennial budget requests submitted to several state legislatures by the governors indicated that the cost of state government is climbing above the record highs of the last few years.

Governor Earl Warren of California has called for the biggest financial outlay, an expenditure of \$1,081,187,339 for the state's next fiscal year. The proposed budget is \$110,214,632 over the authorized amount for the current year.

In New York Governor Thomas E. Dewey has asked the general assembly to OK a proposed budget of \$306,200,000 for one year starting April 1. That request is \$12,300,000 over the 1948-49 budget.

Other states which do business on a biennial basis also have requests for record high appropriations to meet mounting costs.

**Cabinet Asks Cut In Tick Control Funds**

TALLAHASSEE, Feb. 2.—(AP)—The Cabinet Budget Commission today recommended the Legislature cut in half an emergency \$1,000,000 appropriation for cattle tick eradication.

The cut made a total of \$3,313,632 the cabinet so far has trimmed off \$170,042,829 in general fund budget requests.

Governor Warren suggested the reduction after he was told by J. V. Knapp, state veterinarian, that fencing of cattle would "greatly aid" the eradication program and reduce expenses.

Warren has announced he will ask the Legislature to require fencing of cattle.

**Li May Contact Reds To Set China Peace**

NANKING, Feb. 2.—(AP)—Acting President Li Tsung-Jen may try to Communist territory to try for peace.

Source close to Li said today he had the flight under consideration but that it would be made only if all other peace efforts collapsed.

Li is high on the Communist list of war criminals. Many doubt that he could make more than a local peace involving Nanking, Shanghai and Hankow and the rest of the lower Yangtze valley.

## Congress Asked To Provide Broad Old Age Benefit Plan For Vets

WASHINGTON, Feb. 2 (AP)—A World War II veterans organization asked Congress today for \$100 monthly pensions for 65-year-old veterans until Social Security is broadened to carry the load.

Harold A. Keats, commander of World War II, said members of his organization prefer broadened Social Security to include all classes of Americans.

"But the war veteran must be protected until Social Security can be developed to the extent necessary to provide old age and disability benefits," Keats told the House Veterans committee.

General Jonathan M. Wainwright, national commander of the Disabled American Veterans, told the committee the DAV has no recommendations to make on pension proposals.

"Our organization has never taken a position on the subject of general pensions," he said.

The committee has before it a bill by Chairman Rankin (D-Miss) to provide a combined age and disability pension of \$60 at age 60 and \$90 at age 65, plus a gradually reduced scale of disability payments ranging from \$20 to \$120.

Although the gray-haired Wainwright defended by Japanese agents during the siege of Corregidor took no stand on pension proposals, he presented this DAV program.

An across-the-board 25 per cent cost-of-living increase in disability payments.

Granting of dependency allowances to all disabled veterans regardless of the degree of disability.

A national increase in income limitations for compensation eligibility.

**Six German War Criminals Hanged In Munich Prison**

MUNICH, Germany, Feb. 2.—(AP)—Six convicted war criminals including two concentration camp inmates who turned on their fellow prisoners, were hanged today at Landsberg prison.

Three of the six were accused of killing surrendered American aviators who parachuted from damaged planes over Germany.

The executions increased to 103 the number of war criminals hanged at Landsberg since Oct. 15.

One man scheduled to be hanged was given a last minute reprieve. He was Gustav Hugel, 55, an SS sergeant who allegedly "prepared hundreds of inmates for execution."

He was reprieved because of a report from the department of Army that new information had been received that Hugel was a victim of his own men's attack on a group of officials who were war crimes sentences.

The executed former inmates were trustees at Mauthausen concentration camp. They were Karl Schwegler, 43, and Johannes Gatzler, 40.

Gatzler "participated in the killing of hundreds of inmates in the camp and holding their heads over water." A U. S. Army statement reported. Gonzalez was 40.

**Petrillo Predicts Defeat For Taft**

HOBOKEN, N. J., Feb. 2.—(AP)—James C. Petrillo, president of the American Federation of Musicians, is being sent by the Associated Press to defeat Senator Robert A. Taft (R-Ohio) when he competes for reelection in 1950.

Speaking at a testimonial dinner for Harry Stepper, recently elected international treasurer of the AFM, Petrillo said:

"During the next election, the AFM is going to vote Ohio and knock Taft's silly head right out of the Senate."

**REDS GET SHIP**  
AUGUSTA, S. C., Feb. 2.—(AP)—The 20,000-ton Italian battleship Giulio Cesare sailed for Valona, Albania, to be delivered to Russia under the terms of the Italian Peace Treaty.

The big ship—built in 1911 and modernized in 1935-36—put out to sea with some 200 Italian sailors and 20 Russian technicians aboard.

## U.S. Is Asked To Settle Row Over Rail Pay

### 16 Non-Operating Unions, Carriers Request Aid From Fact-Finding Board

CHICAGO, Feb. 2 (AP)—The principal in the lengthy railroad wage dispute today asked the presidential fact-finding board to enter the dispute and try to work out a settlement between us.

The request was made jointly by George Leachly, representing the 16 non-operating unions, totaling some 1,000,000 members, and Daniel Loomis of the carriers.

They said today they agreed to ask the return of the board.

It was declassification with this same board's recommendation last year that provided the lengthy current talk.

The negotiators met today without giving any hint of how close they were to settling the ten month old dispute.

Commerce representatives both in fact-finding committee went into separate private sessions. Spokesmen declined to discuss what was happening in the conference rooms.

The board announced a proposal at a public hearing. Its terms were not disclosed but it was said to be a proposal to pay 10 per cent of the principal points of the dispute.

George Barr, National League umpire and operator of the Barr Umpire School here, was presented by the Kiwanis Club with a silver calling card plate with his name inscribed upon it at the luncheon at the tourist center today.

Edward E. Lane, who made the presentation, declared: "We are proud to have you and your young men here and we are presenting the gift as a token of appreciation for the wonderful publicity given Sanford by you and your school for umpires. We wish you many successful years here and hope that your future will be as bright as our Florida sunshine."

Mr. Barr appeared to be delighted with his gift which he last displayed to his two assistants, Ernest "Frosty" Peters and Bill Brock, who were seated on either side of him.

It was the first time in attendance at a Kiwanis meeting that a Kiwanis member presented a gift of any kind, and it was a surprise.

He praised Dick McLaughlin, Kiwanis member in charge of the Florida Kiwanis, for his part in the gift.

**Abrift In Gulf Boat Is Taken Into Port**

TARPOON SPRINGS, Feb. 2.—(AP)—The Motor Kay III of Green Bay, Wis., arrived in town today after a number search for the pleasure boat abrift in the Gulf.

L. J. Kelly, Sr., his son, and loyal clubbers, all of Green Bay, offered to help search for the boat after their own motor boat was out about 10 P. M. yesterday.

Kelly was unaware that a large search had been organized by the town and that his SOS signal had been heard from New York to the Panama Canal.

The boat was enroute from Green Bay to Miami.

They were crew-fall about being towed in, but the older Kelly stuck up after dabbling, waved his hands and cried: "Green Bay players, you see."

**MIND DISTURBED**  
LONDON, Feb. 2.—(AP)—A man's jury noted today that a woman embassy clerk, who plunged from the third story window of a hospital last Friday, committed suicide "when the balance of her mind was disturbed." The clerk, Anatoly Kapilkin, 39, was recovering from an appendicitis operation.

**STETSON LAW SCHOOL TRUST FUND PLANNED**

DELAND, Feb. 2.—(AP)—Establishment of a Stetson Law School trust fund to expand, strengthen and secure the educational program of the school was proposed last night by 14 graduating seniors.

An initial fund will be started by \$250 insurance policies taken out by the seniors and payable to Stetson Law School trustees, a group whose identities will not be disclosed until the fund is approved officially by the university.

The money would be used to establish student scholarships; purchase books and equipment; to erect, improve or repair a law school building and for other purposes deemed worthwhile.

**WRIGHT NAMED**  
TALLAHASSEE, Feb. 2.—(AP)—Howard P. Wright of Jacksonville, a veteran of 24 years in federal law enforcement work, today was named special investigator for the State Beverage Department.

Beverage Director Lewis M. Schott said Wright left a position as investigator for the federal alcohol tax unit in Jacksonville to accept the state position. The salary was not announced.

## President Stands On Washington-Only Terms For Meet

### Wintry Weather Delivers Costly Blows To Nation

WASHINGTON, Feb. 2.—(AP)—An unofficial gesture by Premier Stalin for a get-together with President Truman behind the iron curtain found the White House standing pat today on its Washington-only terms.

Other was not made to Mr. Truman directly. It was contained in a second exchange of messages with an American newsmen.

Stalin's published reply suggested Russia, Poland or Czechoslovakia as the locale for a meeting. It said the premier's health would not permit a long trip by sea or air.

This was the same reason Stalin had given previously to both Presidents Roosevelt and Truman in rejecting invitations to come to the United States.

As for today's gesture by Stalin, White House Press Secretary Charles G. Ross said the only news Mr. Truman had on it was from newspaper reports and radio broadcasts.

Standard White House response to such letters has been that the President is too busy to talk over any time but that the place to do it is Washington. Implicit also has been the suggestion that acts by Russia, other than talk, would be the best proof of Soviet intentions.

Ross told a news conference that Mr. Truman has not received any word from Stalin himself on the subject.

Ross said that what he told newspapermen Monday "stalled" Stalin.

At that time, Ross said that Mr. Truman had given his latest word on the subject at a recent news conference. The President gathered that he would be glad to receive Stalin in Washington, but that his position against leaving the country for such a conference was unchanged.

Ross' conference with reporters today began with a question about a report by the International News Service that the offer that Stalin's conference was unchanged.

Randy Kirchof, former manager of the Holler Motor Sales Co. of Sanford, and on Monday assumed his new duties at the company's plant and office at Palmetto Avenue and Second Street.

He declared that he will sell both the sales and service facilities of the organization here and announced that the building room will be enlarged on the Palmetto Avenue side in order to allow increase space for storage of parts. A life long resident of the town, he is commuting daily from his home there.

Mr. Kirchof has been with the Holler Motor organization since opening its branch in Deland in September, 1947. He is an active member of the Lions Club and Mrs. Kirchof has about three children, a daughter, Mrs. A. Fitzpatrick, a high school teacher in Deland and an older son, Lloyd is stationed as a chief petty officer in the Navy at Corpus Christi, Texas.

**Bill Klem Advised To 'Take It Easy'**

MIAMI BEACH, Feb. 2.—(AP)—Bill Klem, umpire in chief of the National League, would make no statement today concerning his treatment but admitted his doctor had advised him to "take it easy."

Klem, who spent 10 days in a hospital last fall, said he is now convalescing and gaining back the weight he lost.

"I'll be 75 this month and the doctors have advised me against traveling much," the veteran said later.

"Right now I'm just taking it easy and following the doctor's orders."

**RACE TRACK CUT**  
TALLAHASSEE, Feb. 2.—(AP)—Florida's 67 counties each will be sent \$15,000 Saturday as their second installment of 1948-49 race track revenue.

The payments will bring to \$25,000 the total received by each county since Jan. 1. Last year's share of race track tax revenue amounted to \$25,007 per county.

**REP. BENNETT HURT**  
WASHINGTON, Feb. 2.—(AP)—Rep. Bennett (D-Fla.) is in Walter Reed Hospital with either a severe sprain or a broken right ankle suffered while he was on his way from the Capitol to his hotel last night.

Aides said they didn't know exactly how Bennett was injured but believed he slipped on the ice and fell.

## Hollywood

**HOLLYWOOD, Feb. 2—(AP)—**Another Hollywood legend shot to pieces.

Paulette Goddard, a girl who has worked for Florent Ziegfeld, Charlie Chaplin and Cecil B. DeMille, is generally conceded to be something of a female wizard. Her Hollywood reputation rates her as a little miss moneybags who has managed her career with unusual aplomb.

Concerning this, Paulette merely giggles and comments: "Ridiculous!"

She goes further: "It's all press agents' dreams. I own nothing but piece of beach property, and I haven't even had time to improve it. I limit myself to signing one paper a year."

What about her paintings? She admitted she had quite a few in her apartment. And her gems? "I value the jewelry I have been estimated at \$200,000 and upwards." She admitted she didn't have to sign for that.

"I just say 'thanks,'" she grinned.

As for her career, "It all just happened. I never have sought after a role."

Supporting her on that point was producer John Wildberg, who long sought her for the film version of "Anna Lucasta," which she finally doing.

"I first saw her in San Bernardino when we were making phone calls during a train stop. She said, 'don't let anyone tell you I don't want to do "Anna Lucasta." For two years it was touch and go. I met her in trains, airplanes and in Paris cafes. I could hear her say, "I think she would do the picture."'

Finally, a few weeks before the picture started, Paulette said: "I knew all along that 'Anna' is one of the greatest roles ever written, she admits. "But I just don't like to be tied down. I like to think about one thing at a time."

Paulette's deal for "Anna" is reported at \$17,500 a week plus a percentage of the profits. Which are pretty pleasant working conditions for a girl who just "stumbled on success."

Today's feature: 20 years ago in Hollywood.

John Gilbert was earning \$15,000 a week. Rumors flew that Douglas Fairbanks would retire. Meanwhile, he and Mary Pickford had lunch with President Coolidge at the White House. William Powell was playing Philo Vance.

Davey Lee, Al Johnson's Sonny Boy in "The Singing Fool," was the latest child sensation. Paul Whitehead repoked signed for "King of Jazz" at \$500,000. A kid named Bing Crosby was to play a singing bit.

"Hell's Angels" was nearing completion after running through \$3,000,000 of Howard Hughes' money in two years of filming. William Haines was starring in "Alias Jimmy Valentine." Former serial queen Pearl White was reported to be running a casino at Biarritz.

Pola Negri had faded from American films. Frank Keenan, grandfather of Keenan Wynn, married his third wife at 70. Producer Carl Laemmle was quoted as telling his directors: "Sure, I want sex in my pictures—but clean sex."

Pinely grated onion pops up potato salad or cole slaw. Add it, too, to a salad of lettuce, watercress, and escarole or romaine.

Catching Department In Majors To Get Big Lift For Coming Season

NEW YORK, Feb. 2—(AP)—It looks as if the catching department in the Major Leagues is going to get a big lift this season. Big league club owners, concerned over the scarcity of ranking catchers last year, have made a concerted effort to bring up outstanding minor league backstops during the winter. Thirty-three new faces will be seen crutching behind the plate at the training camps this spring.

Dr. Harold Hume Brought Azaleas To Florida In 1908

GAINESVILLE, Feb. 2 (Special)—The story of how the Azalea came to Florida 40 years ago is a story of a man who likes to do things that can't be done.

At one time the colorful and profuse azaleas were rarely found in Florida, and only in 1908, when Dr. H. H. Hume, provost for agriculture and Dean of the College of Agriculture at the University of Florida, brought them into the state.

As it has turned out, they liked the sandy, acid soil and the temperature of north and central Florida and decided to stay.

On considering the possibility of introducing azaleas into the state, Dr. Hume was told that it couldn't be done. That decided Dr. Hume, who likes a challenge, started to work.

Shortly after the Easter season of 1908, he visited a florist in Jacksonville and found some azalea cuttings and ends left from the florist's trade.

Starting the task of propagating and finding species, Dr. Hume was led to the Tea Gardens in Sumnerville, S. C.

From approximately 20 oriental evergreen species and 20 types native to the United States, which lose their leaves in the winter, literally hundreds of variations have been developed by breeding and seedling.

In his two books, "Azaleas in the South" and "Azaleas, Kinds and Cultures," Dr. Hume offers first hand growing advice to azalea lovers.

Requirements for successful cultivation are simple, Dr. Hume says. Essentials are good drainage, acid soil containing organic matter, plenty of water, and protection against insects.

When questioned about the possibility of azalea growth in the south portion of the state, Dr. Hume explained that it is doubtful if they would thrive because of the warmer climate and the amount of lime in the soil there.

The livestock loss still is undetermined and probably will not be known until spring, the pilot survey which was conducted on the Western coastlands by Dr. H. H. Hume, provost for agriculture and Dean of the College of Agriculture at the University of Florida, brought them into the state.

Most stockmen believed the average livestock loss will not be determined until the spring months, but all agreed the toll is heavy. In Wyoming, out of an estimated 75,000 cattle and 1,000,000 sheep the estimated losses run from 10,000 to 20,000 cattle and 100,000 to 1,000,000 sheep.

In Nevada, livestock losses were estimated at 10,000 cattle and 1,000,000 sheep. In Utah, losses were estimated at 10,000 cattle and 1,000,000 sheep.

## State Budget Tops Income By \$19,689,189

### Still To Be Considered Are Requests For Money By Universities, Schools

TALLAHASSEE, Feb. 2. (AP) — A budget of \$14,500 a year for the state board of education's new office of coordinator of higher education was approved. It calls for a salary of \$8,000 a year for coordinator Colby English, \$3,000 for a secretary and \$3,500 expenses.

TALLAHASSEE, Feb. 3. (AP) — The cabinet, studying state budgetary requirements for the next two years, already has recommended tapping the general fund for \$19,689,189 more than will be available from present revenue sources.

However, all indications are that the cabinet will go back over departmental requests and do some more cutting before sending the budget to the Legislature.

After weeks of hearings the board has approved budgets totaling \$173,689,109, after trimming requests by \$4,503,632, and the job is far from complete.

Still to be considered are requests for increased millions to operate the University of Florida, Florida State University and Florida A. and M. college for negroes.

Budget Director Homer Graham has estimated present tax sources and unexpended balances will provide only about \$154,000,000 to meet general state expenses during the next two years.

In addition to budgets for agencies that get their money from general revenue, the cabinet is studying those of several self-sustaining departments and boards.

The beverage department yesterday was allowed \$2,080,710 to operate its collection and enforcement machinery, and the Motor Vehicle Department was allowed \$2,000,000.

Both totals are in excess of funds spent in the current biennium, but expenditures are limited by law to a percentage of collections and all surplus is turned into the general fund.

## Probable Sites For City Swimming Pool Are Discussed

Probable sites for a municipal swimming pool were discussed at a meeting held last night at the city hall by a committee headed by John Ivey and appointed by the City Commission to aid in the selection of a site. About 20 citizens were present.

The two sites under consideration are in Fort Mellon Park in the undeveloped section immediately west of the Mayfair Inn, or in the tract east of Seminole High School at French Avenue and Eighteenth Street, said Mr. Ivey this morning.

H. E. Morris, principal of the High School, pointed out to the committee the advantages of locating the pool near the high school where life saving courses could be taught as part of the educational program, and expressed his opinion that the pool would be much more use to citizens if located there.

No opinion as to the most acceptable site has yet been offered by the committee, said Mr. Ivey this morning. Before meeting (Continued on Page Eight)

## Orlando Soldier Is Convicted By Court

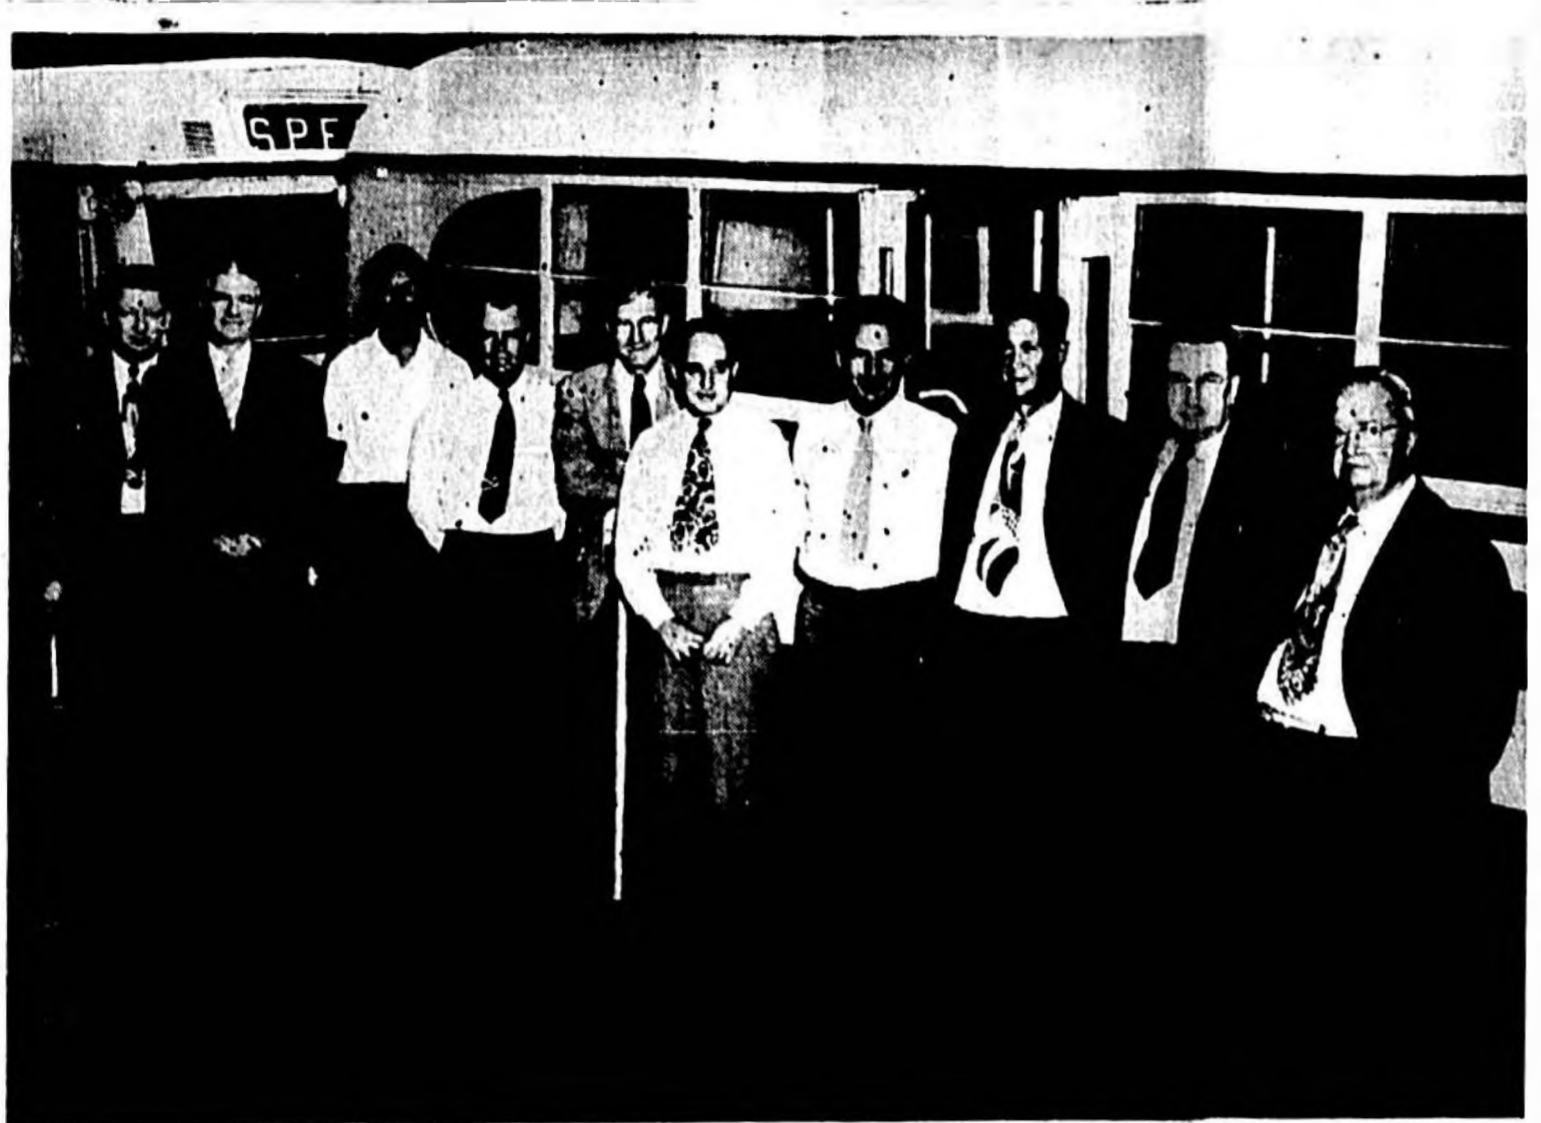

HEIDELBERG, Germany, Feb. 3. (AP) — Two American soldiers were convicted of manslaughter today in the First U. S. Army court martial to use enlisted soldiers as court members.

Convicted were Pfc. Andrew H. Byrd, 31, of Orlando, Fla., and Pfc. Oscar Cannon, 34, of Hanging Rock, Ohio.

Both were sentenced to seven years confinement at hard labor and to dishonorable discharge from the Army.

"They were convicted of killing a German man in a New Year's Eve fight outside the home of a German woman."

### New Blizzard Threatens To Halt Haylift For Nevada Stock

By ASSOCIATED PRESS

Temperatures continued below normal over virtually all of the country today but they were moderating in the Gulf and Great Plains States.

There was more below zero weather in the Dakotas, Montana, Minnesota, and Wisconsin today, but readings were not as low as yesterday. The mercury touched around minus 20 in some parts of the cold belt and dropped to 23 at Grand Fork, N. D., for one of the lowest marks. It also was near and below zero in some parts of Northern New England.

Some warning was reported in Southern States but there were many sections reporting sub-freezing temperatures. Southern Florida continued having mild weather with a high of 77 at Miami yesterday.

There were a few wet spots. Rain fell in Texas and Oklahoma. Eastern Kansas had a freezing drizzle and light snow fell in Eastern Minnesota and Northern Wisconsin.

## Lake Mary Plans To Elect C Of E Officers

Plans for election of officers of the Lake Mary Chamber of Commerce were discussed last night at a meeting attended by about 30 citizens in the Lake Mary Community Center. C. F. Brasington, Homer Gleason and Raymond Burt were appointed as a nominating committee. H. H. Grier presided.

A letter from the State Fish and Game Department was read stating that lake in the community will be restocked with fingerling bass during the early part of next summer.

The State Road Department, at the request of the Chamber group, has placed signs at main highway intersections leading to the community, pointed out the way to Lake Mary, Mr. Ball reported. He also reported that O. E. Fouraker, county commissioner, has started plans for improvement of Lake Mary roads and drainage projects.

Following the meeting, a group of Lake Mary musicians rendered several selections. Cakes and soft drinks were sold by 4-H girls to provide funds for their projects and \$18 was received.

The Dusty Boots Riding Association will hold a business meeting at the Club house tomorrow night and all members are urged to be present, said Miss Jean Reiter, publicity chairman, today.

## Valencia Ban To Be Signed, Official Says

LAKELAND, Feb. 3. (AP) — There is no indication from Washington that an order holding up Valencia orange shipments won't be signed by Federal Citrus Marketing Committee spokesman said today. Nelson Underhill, assistant secretary of the committee said: "We may get the telegram advising us the order has been signed during the day."

Underhill said he had received reports from growers that they had received protests over the recommendation on Valencia, he explained, "but there's no sign the order would go into effect."

The committee recommended to the secretary of agriculture earlier this week that Valencia oranges be withheld from interstate commerce at least through next week.

## Motorists Warned Of Passing Halted Busses By Sheriff

The importance of the State law requiring all motorists to stop before passing school busses was emphasized today by Sheriff Percy Mero, who revealed that he arrested three persons yesterday and these persons last week for disobeying this law.

So far, the Sheriff said, he and his deputies have been concentrating their efforts on the Orlando highway where complaints against reckless driving have been excessive and where 22 arrests for passing school busses have been made in the past two months, but they expect to extend their safety drive to other areas in the near future.

Most of the arrests which have been made so far are among local people who should know better, he said. We have stopped a number of visitors from other states, he declared, but in most cases we have let them go with a severe warning. They have similar laws in their own states and should know better than to pass a school bus loading or unloading passengers in this state.

"All motor vehicles are required by law to come to a full stop," he said "not only before passing a school bus, which is engaged in transporting school children, and going in the same direction, but also before passing when going in the opposite direction."

## LONGER LIFE SAVINGS

HUNTINGTON, W. Va., Feb. 3. (AP) — Mrs. Otto Wilson lost her life's savings, estimated between \$10,000 and \$12,000 in cash and \$8,000 in bonds, at a movie last night.

The woman told police she had carried the money in her purse "for a long time" and that she just couldn't believe "there were people in the world who would steal a person's life savings."

Mrs. Wilson said she missed the purse when she got up to leave the theater.

## Navy To Lay Up 72 Ships And Cut 30,000 Men To Meet New Budget

WASHINGTON, Feb. 3. (AP) — The Navy said today it will have to lay up 72 ships, including 15 top-class fighting vessels, and cut its strength by 30,000 men to meet President Truman's 1950 budget.

Secretary of the Navy Sullivan said that three out of four classes of ships are scheduled to be laid up. "We may get the telegram advising us the order has been signed during the day."

In addition to the cuts in ships and men, Sullivan said the Navy must reduce its air strength by a small percentage—some 400 planes out of more than 8,000—and shut down a dozen small air stations.

And he said "general reduction in the scale of activity at Naval shore establishments supporting the fleet, including employment levels at Naval shipyards," will be necessary.

The secretary said the cost of making the cutback must be met out of this year's money. He referred to such expenses as those of preparing ships for layup and the administrative changes of the personnel cut.

Paying such costs out of 1949's secretary's cash budget to carry full 1950 strength throughout the year.

Under the President's \$16,000,000,000 military budget for the next fiscal year, the Navy was given \$4,600,000,000. This year it had nearly \$5,100,000,000.

Sullivan said the following cutback would be made in manpower: Navy enlisted strength, 21,700; Marine Corps, enlisted, 6,600; Navy and Marine officers, 1,195.

He listed the following ships for the mothball fleet: The carriers Princeton, Antietam, and Tarawa; The light cruisers (Continued on Page Eight)

## Manila Liberation Anniversary Held

MANILA, Feb. 3. (AP) — Manila observed today the anniversary of its thunderous and flaming liberation from the Japanese four years ago.

It was on this day a piked column of tanks clanked into the city. They broke through the gates of Santo Thomas University to rout 3,700 haggard American and Allied soldiers.

Later the Japanese wantonly burned residential sections. Manila was second only to Stalingrad and Warsaw in destruction.

"The new buildings and reconstructed roads in the city only emphasize the magnitude of the destruction," commented the Manila Chronicle today.

ATLANTA, Feb. 3. (AP) — The Georgia Senate approved a budget totaling \$108,549,088 today. The bill now returns to the house for concurrence.

## China Given Little Chance To Get Peace

### ECA Closes Offices In Peiping, Tientsin As Reds Take Supplies And Food

NANKING, Feb. 3. (AP) — The chances of active President Li Tsung Jen's ghost government for national peace and continued American economic aid were none tonight today.

It was given almost no chance of arranging a truce peace with the Communists. At best he might succeed in surrounding Nanking, Shanghai, Hankow and the lower Yangtze river valley. If he does this, American aid is likely to be withdrawn. Offices in Red-aided Peiping and Tientsin are closed now.

The government is untried and ineffective. He is almost alone here. His cabinet, headed by Li Tsung Jen, who they are supposed to respect for business on Saturday. But Li plans to hang on very much, even having every-thing on a tight economic string.

Even the state of the Canton government is shaky. Kiang Tung Governor Hsiao Kuei-tai can only be said to be a puppet. He is said to have shuffed the government would be shattered.

Heads and tails in the work, the four big southern provinces of Kwangtung, Kiang, Hunan and Kwangsi would have no regard for what Li did in the north.

The Communist control, based on San Francisco, is not only such an attitude was blocking National peace.

Closing of the Peiping and Tientsin ECA offices was revealed by an official source here today. The American in the two cities are being kept out of the door. No negotiations can be arranged for their return.

Communist seizure of ECA food stocks was blamed for the closure of the offices. Communist control of Nanking, Shanghai, Hankow and the Yangtze valley likely would result in the same thing in the future.

A dispatch from Taipei, Taiwan, where retired President Chiang Kai Shek reportedly plans to make his headquarters, said that the Yangtze valley likely would result in the same thing in the future.

## Mindszenty Says He Is Partly Guilty Of Charges

### Catholic Admits Trying To Make Peace With Communists

BUDAPEST, Feb. 3. (AP) — Cardinal Mindszenty told a Hungarian people's court today he was partly guilty, having committed the majority of those deeds I am charged with.

The Cardinal's former secretary, Rev. Ondas Zakar, also pleaded partly guilty but said he only followed orders of his superiors.

Mindszenty and six others are being tried on charges of treason, spying and black market dealings. Mindszenty is the first Roman Catholic Cardinal ever to be tried for a civil crime.

As the trial opened, Mindszenty acknowledged that he wrote a letter offering to work for peace between the Communist-dominated government and the Roman Catholic Church, if his trial was put off.

The letter said the cardinal, of 215 days of continuous "detention," wanted to share in a reconciliation between the church and the state. He offered to withdraw "for a while" from his Cardinal's office and promised not to oppose the cause of peace between Hungary and the Vatican. He has been in jail since Dec. 27.

The cardinal and six other defendants are charged with plotting against the present government, plotting to restore the Hapsburg monarchy, espionage and dealing in black market currencies.

When the court rejected the plea for a separate trial for the Cardinal, the proceeding began with Justice Baranyay, 47, professor of canon law at the Budapest University and a royalist leader, in the dock.

This is regular Hungarian procedure for a trial of this kind. The hearings of the defendants are separate, but it is all one case. The indications were that the Cardinal's case soon would be called.

The cardinal did not wear the cap symbolic of his office, nor did he wear his crucifix.

He gazed steadily at Judge Olthas and scarcely glanced at the (Continued on Page Eight)

### Board Agrees To Probe Railroad Labor Dispute

CHICAGO, Feb. 3. (AP) — A railroad spokesman said today members of a presidential fact-finding panel have agreed to make a second effort to settle a wage and hour dispute between the railroad and 1,000,000 non-operating workers.

Daniel I. Loomis, chairman of the carriers negotiating committee, said the presidential board, headed by Dr. William N. Ferguson, will meet with representatives of the railroad and the 10 unions in Chicago Monday.

Loomis and George I. Leighty of St. Louis, chairman of the unions negotiating committee, announced yesterday they had reached a stalemate. They said both sides had agreed to ask further help of the three-man fact-finding panel.

The board made recommendations last December but settlement of the dispute but they were rejected by the unions.

Loomis said members of the presidential panel agreed to return to Chicago for the purpose of interpreting and clarifying the recommendations made to President Truman Dec. 17, 1948.

In addition to Loomis, panel members are David L. Cole of Paterson, N. J., and George A. Cook of St. Louis, Mo.

The board recommended a seven-cent hourly pay increase and a reduction of weekly working hours from 48 to 40 without loss of pay. The pay increase was to be made retroactive to Oct. 1, 1948, and the shorter work week would become effective Sept. 1, 1949.

But the unions said they could not accept a basis for resuming negotiations which ended yesterday.

Members of the emergency board provided for by the National Railway Labor Act, but the national mediation board said they would be available for the move.

The unions became eligible to file a suit in court after they had completed procedures required under the act. They indicated, however, they would not invoke the strike weapon while there are hopes of a peaceful settlement through negotiations.

## Elks Ask County Children To Enter National Contest

Elks of Seminole, Duval and Leon High Schools are eligible to enter a nationwide essay contest conducted by the Benevolent and Protective Order of Elks in the subject, "Why Democracy Works." It was announced today by Elks Lodge, exalted ruler of the Sanford Lodge, and Joel Field, chairman of the local contest committee.

Other members of the committee are Ben Butler and Luther T. Potts. Entries must be filed with the committee before midnight of Feb. 28.

Eight national awards will be made totaling \$2,000 in U. S. Government bonds at maturity value. The State prize will be a \$25 bond and Seminole County prize a gold medal. Each of the three high schools will offer a \$10 first prize and \$5.00 second prize.

Essays must be not less than 300 nor more than 750 words in length, and must be the original work of the contestant. Any manuscript prepared in whole or in part by any person other than the contestant will be ineligible for an award.

Manuscripts must be written in ink in the contestant's own handwriting, on white paper, 8 1/2 by 11 inches in size, using one side only. The signature of the author and his or her address must appear at the end of the manuscript.

Accompanying the manuscript must be brief, biographical sketch stating the date and place of the author's birth; names of parents or guardians and their address; grade and school in which the author is enrolled, and school and civic activities participated in by the author. Both manuscript and biographical sketch must be bound at the left in a suitable binder or cover, 8 1/2 by 11 1/2 inches in size.

## Civic Drama Guild To Present Play

"But Not Goodbye," a comedy, will be presented at the Seminole High School tomorrow night at 8:00 by the Civic Drama Guild, sponsored by the Seminole County Junior Chamber of Commerce. The program will start at 8:00 o'clock.

The play, written by George Seaton, was a hit at the 14th Street Theater in New York in 1946 with the late Harry Carey, Elizabeth Patterson, Wendell Corey and Sylvia Field in the leading roles. The run of the play was interrupted by the illness and death of its star, Mr. Carey.

Director John Golden sold the rights for production in the Civic Drama Guild. Starring in the comedy are Herbert Volland, Jerril Gunn and Theodore Field. Mr. Volland has appeared on Broadway in "See My Lawyer and Thornton Wilder's 'Skin Of Our Teeth'."
